ATLANTIC MAIL SERVICE DISCUSSED IN COMMONS

Hon. L. P. Pelletier Explains the Arrangements and Difficulties Regarding It--The Halifax and St. John Squabble

(Special to The Chronicle.)

Ottawa, June 8.—The House spent most of today discussing the mail service between Canada and Great Britain. Incidentally the Nova Scotia and New Brunswick members indulged in the provincial dispute as to whether St. John or Halifax is the better port.

MONTREAL COUNCIL VOTES \$10,000 FOR THE SUFFERERS

AND BOARD OF TRADE IS LIKELY TO START A SUBSCRIPTION FUND

Montreal, June 8.—The City Council of Montreal this afternoon voted \$10,000 for the relief of the sufferers by the sinking of the Empress of Ireland. As no steps have been taken by the city or any organization to open a private subscription fund for the Empress survivors, President R. J. Dale, of the Montreal Board of Trade, has taken the matter in hand and called a meeting for tomorrow in the Board of Trade Council Chamber.

While the C. P. R. Company is still considering the question of the Empress, A. J. Lee, of Montreal, closely identified with North American Wrecking Company, also the Arbuckle Wrecking Company in the United States, has written to the C. P. R. Company suggesting the raising of the sunken ship by means of compressed air.

The Postmaster-General denied that St. John had got the double-cross in regard to mail matters. An arrangement had been made, he said, whereby letter mails would be sent from both Halifax and St. John by special trains.

WILL MONTREAL DRINK LACHINE CANAL WATER?

Montreal, June 8.—The Montreal Medico-Chirurgical Society has passed a resolution protesting against "the outrage of the people being compelled to use water from the Lachine canal." The society threatens to publish "the true state of affairs" in the British, European and American medical press of the mayor and councillors again turn to the Lachine canal water for the citizens' use, as they have intimated they may do next month.

The Weather

Toronto, June 8.—Pressure is low over the Western portion of the continent, while an important high area with cool weather covers the Quebec and Maritime provinces.

Table with columns: Location, Min., Max. Includes Vancouver, Victoria, Kamloops, Calgary, Battleford, Prince Albert, Medicine Hat, Moose Jaw, Regina, Winnipeg, Port Arthur, Parry Sound, London, Toronto, Kingston, Ottawa, Montreal, Quebec, St. John, Halifax.

Lower Lakes and Georgian Bay: Moderate south westerly winds, mostly fair and extremely warm, but a few local thunderstorms.

Ottawa and Upper St. Lawrence: Mostly fair and warmer; a few local thunderstorms.

Lower St. Lawrence and the Gulf: Moderate easterly to southerly winds, fair and a little warmer.

Maritime: Moderate to fresh north-easterly to easterly winds, fair and a little warmer.

Lake Superior: Moderate to fresh southerly winds, partly fair but some local showers or thunderstorms.

Manitoba: Partly fair, but some local showers or thunderstorms.

U.S. GOVERNMENT PRESENTS A PLAN FOR PACIFICATION

IT CONTEMPLATES ESTABLISHMENT OF PROVISIONAL REGIME IN MEXICO CITY

Niagara Falls, Ont., June 8.—The United States government through Justice Lamar and Frederick W. Lehman today presented to the three South American mediators a complete plan for the pacification of Mexico.

It is the same in principle as that presented by the mediators and already agreed to by the Huerta government. It contemplates establishment at the earliest date practicable of a new provisional government in Mexico City which would conduct general elections for a permanent government.

The plan written by the American delegates, after consultation with the Washington government is brief and includes several counter propositions of which the Huerta delegates will be advised tomorrow.

Although the question of whether the Antilla would be permitted to land her ammunition at the Constitutional port of Tampico was not finally disposed of today, the Mexican delegates let it be known that while they hoped the cargo in some way would be returned to New York, they were not disposed to interrupt mediation even if the ammunition finally got ashore.

The Mexican delegation tonight made public extracts from their note to the mediators, which brought about the request to the American government for a declaration of its interpretation of the armistice and its relation to the Antilla shipment of arms to the Constitutionalists.

According to news published in the press, an hour after the Antilla had been cleared without difficulty by the fiscal authorities of New York, said authorities received the general order issued by the Washington government forbidding the shipment of arms to Mexican ports.

GLIMPSES OF OLD QUEBEC

From the Files of The CHRONICLE, May, 1894 and 1914.

A HUNDRED YEARS AGO TODAY

Imperial Court of Paris
The Imperial Court has adopted the following decree: The Court feeling all the value of the efforts which have been made and which have at length delivered France from a tyrannic yoke. Penetrated with respect and admiration for the august Sovereigns, who are the models of disinterested magnanimity. Expressing also their love for the noble race of kings, who, for eight centuries, have constituted the happiness of France, and who, alone, can bring back peace, order and justice, in a country to which the secret wishes of all have never ceased to invoke the lawful sovereigns. Decree, that they adhere unanimously to the decree of dethronement of Bonaparte and his family, pronounced, and that, faithful to the fundamental laws of the kingdom, they desire with all their hearts the return of the head of the House of Bourbons to the hereditary throne of St. Louis.

Emblems Shall Be Effaced
The Provisional Government of France Decrees: 1st. That all emblems, cyphers and arms which have characterized the government of Bonaparte, shall be suppressed and effaced, wherever they exist; 2nd. That this suppression shall be executed by the authority of the police, without the zeal of individuals assisting in it or preventing it. That no public journal or private writing contain injurious expressions against the government overthrow.

SIR W. WHYTE'S ESTATE
Winnipeg, June 8.—That Sir Wm. Whyte was worth more than half a million dollars was disclosed by his will which was filed for probate this morning. The chief beneficiary is Lady Whyte, who, with the exception of certain bequests, receives the estate of the late Sir William. To the Winnipeg General Hospital is left the sum of \$1,000; to the Manitoba College, \$1,000; \$2,000 will go to Rev. Dr. Duval, whom the deceased describes as "his pastor." The total value of the estate is placed at \$567,199. The will was made July 2, 1912.

THIRTY YEARS AGO TODAY

The Eno Case
There was great interest manifested at this time 30 years ago at the opening of the Court when this case was called. The following were present in Court as Counsel: For the Crown, Mr. Pelletier, Private Prosecution—Gen. Hubbard, Messrs. Davidson and Fitzpatrick; Defence, Messrs. Dunbar, Irvine and Tessier. The prisoner appeared in charge of High Constable Gale. The proceedings of the Court had to be postponed owing to the absence of a Mr. Fahey, who is an important witness in the case. Bail for the prisoner was refused.

The Short Line
At this time 30 years ago. The Chronicle championed the cause of the short line and now we are pleased to let our readers know that the action of the House of Assembly in adopting unanimously the series of resolutions proposed by Messrs. Garneau and Shehyn, confirms the stand taken by the representative bodies of this city on the subject, and places the whole Province of Quebec as a unit in favor of the line passing through this city on its way to the seaboard. Public opinion is quickly forming itself on this question, and when the surveys are completed further action will be in order.

DOMINION COLLEGE OF MUSIC
The examinations of the Dominion College of Music have, as usual, chosen for this year a magnificent Heintzman & Co. piano in preference to all others at the store of Messrs. Lavigneur and Hutchinson, who are the only representatives for the District of Quebec. This instrument will be utilized at the examinations of the Dominion College which will be held during the next few days at Leval University. We have just received a large choice of these superb pianos and we invite the public to come and visit them. Reasonable prices, easy terms of payment.
LAVIGNEUR & HUTCHINSON,

June 9x3

BEN BEY IS IN TOWN WITH HIS CHARGER

HE COMES FROM NORTHERN INDIA, WHERE HE IS A RULER AMONG THE DESERT TRIBES

Ben Bey, a Hindu chief, Jewan Singh by name, representing the Ben Bey Cigar manufacturers of Montreal arrived in the city with his Arabian charger by boat yesterday morning, accompanied by Mr. F. W. MacDonald.

Jewan Singh is the living image of an advertising trademark on Ben Bey cigar boxes and his ride through St. John street on his dabbie grey charger yesterday afternoon attracted the attention of a large number.

The Hindu chief is a philosopher and deeply versed in the creeds and the wisdom of the East. Speaking of him at the Victoria Hotel last evening Mr. MacDonald related a rather amusing incident connected with their plans for yesterday. "Ben Bey," said Mr. MacDonald, "is so religious that he considers it an offence to disturb anyone sleeping." The result was that he left the hotel yesterday without his guardian who was resting after the trip from Montreal.

Ben Bey will be here until tomorrow before continuing his advertising tour over the principal cities of Canada. He will be seen on his mount on St. John street this evening. The Hindu chief is paying the leading cigar stores where Ben Bey cigars are sold a visit. The firm of E. Youngheart & Co., Ltd., the manufacturers are distributing neat post cards with the figure of Ben Bey on them. All who desire may secure the photo card at any of the local cigar dealers, the souvenir being free.

Singh is an aristocrat among his people, who live on the desert plains of Northern India. He came to Canada about six months ago to see if this country really holds such wonderful opportunities for his people as was reported by travellers who came to their tents. Like most high-caste Hindus who come over here, he brought money for investment, and became interested in several moving-picture shows in Vancouver.

PIANOS AT GREAT REDUCTION
Come and examine our immense assortment of magnificent pianos which we are offering at a large reduction and at easy terms of payment. Store open every evening.

STORM OFF NEW BRUNSWICK CRIPPLES FISHING FLEET

First Reports Said at Least Forty Small Fishing Vessels Had Gone Down---Several Victims Are Buried

St. John, N. B., June 8.—During a severe storm on Friday night the fleet of fishing vessels on the north shore of the province was badly crippled and reports vary concerning the number which have been lost, though it is definitely known that nine men have been drowned; eight from Caraquet, N. B., and one from St. Simone.

The reports which reached the city only this morning said that at least forty small fishing vessels had gone down in the storm which raged along the coast. Some of the crews of one or the other of the smacks were rescued by the more sturdy of the little fleet, but it was impossible, owing to their being so widely scattered, to save all. No less than five bodies were buried this morning at Caraquet and many families have been bereaved by the disaster, which is one of the worst in the shipping history of the north shore.

The latest word with regard to the loss in the storm on Friday on the north shore was to the effect that two vessels had gone down and a third was missing. Nine men were drowned and the crew of the missing schooner have not been heard from. Eight of the men were from Caraquet and one from St. Simone, while each of the vessels was from the former place.

On board each of the schooners a father and two sons went to a watery grave. Joseph Cariault was the master of one of the little vessels and his two sons, John and Arthur sailed with him. All three were drowned and a neighbor named Dugas also. The master of the other brother schooner was R. S. Albert and his two sons, Laron and John, were members of his crew, as were his father and another man, Oliver Paulin.

FOUR PERSONS KILLED IN RIOTS AT ROME

Authorities Have Difficulty in Quelling the Agitation.

Ancona, Italy, June 8.—Four persons have been killed as a result of the rioting here which broke out yesterday in an attempt by anarchists to prevent the celebration of a national fête. During the Sunday rioting the Carabinieri fired several volleys, and the mob replied with stones and bullets.

The disturbances continued today and the authorities are having difficulty in quelling the agitation. A body of workmen on their way to lower the flag on the City Hall to half-mast came upon a lieutenant of the infantry and soundly beat him, breaking his sword and almost stripping his uniform from him.

The government commissary has issued a manifesto expressing regret at the killing and stating that a rigid inquiry will be held for the purpose of ascertaining who was responsible for the fatal shots.

A mob visited two gunsmiths' stores, and although these were protected by soldiers they succeeded in taking a number of revolvers, but no ammunition.

A small body of police, which arrived here to reinforce the regular men, were caught by strikers as they were leaving the railroad station, and were badly mauled. They were obliged to use their firearms in self-defense.

AMENDMENT TO NEW POSTAL BILL
Ottawa, June 8.—An amendment to the new Postal Bill was presented to the Senate tonight by Hon. Mr. Loughheed of the government leader. He stated that it had been prepared at a meeting to which the Premier, the Postmaster-General and representatives of the press were present. While it did not go as far as had been at first asked by the press, it represented considerable concessions by the government. The amendment fixes a maximum of a cent and a half a pound on the rates which may be charged for the postage of newspapers and periodicals and specifies that the rates may be graded according to distance and zones of transportation. It provides that the Postmaster-General can fix newspaper and periodical rates only with the approval of the Treasury Board and after such hearing of any person interested as the Treasury Board may direct.

BRITISH MAY LET MILITANTS STARVE IF THEY WANT TO

"LET THEM DIE" BECOMES POPULAR SLOGAN AGAINST THE HUNGER-STRIKERS

London, June 8.—"Let them die," is becoming a rather popular slogan in connection with the "hunger-striking" suffragettes since the public has become so profoundly resentful of the actions of the militant women.

It was reported today that the government had decided to take a step in this direction by introducing legislation to indemnify the prison authorities against the consequences of allowing suffragettes to starve themselves to death while in prison.

The Evening Standard today interviewed a number of prominent people, including clergymen, on the subject, and all of the latter who are quoted by the newspaper express themselves in favor of the proposal.

This announcement was made last night to the Chronicle by Mr. Arnold Kruckman, U. S. Commissioner for Aeronautics, who is in charge of the work preparatory to launching the large meet in which fifty aeronauts representing all the nations in the world will compete.

Mr. Kruckman is here looking after details in connection with the race, and made arrangements with the local government relative to assisting the airmen when they fly over this province in their race around the world.

First Aeronaut Editor. Seen at the Chateau last night Mr. Kruckman, who by the way is a well-known American journalist and the first to specialize as a writer in aeronautics as editor of that page in the New York World, informed the Chronicle that he was well pleased with his interview with the Government and will leave for Gaspe this morning to look over that section of the course and judge the most suitable places to establish supply-stations for the aeronauts where they may be able to secure fuel, gas, and other supplies. On his return from Gaspe Mr. Kruckman will go to Washington, and will later sail for Europe to look after the organization work for the big race over there.

\$300,000 Prize. Speaking about the big race he said that it would start at San Francisco on May 15, 1915, and was due to finish there on September 15th, four months later, but the competitors, if none have finished in the allotted time, will be given until December 2nd to finish. A sum of \$300,000 is offered by the Panama-Pacific Exposition, which will be divided into three prizes, and the competition will be open to the entire world and to all manner of motor-driven air craft.

Route of Race. The route which has been mapped out for the race and which is practically definite, is given as follows:—San Francisco to Chicago, Quebec, Straits of Belle Isle, Greenland, Iceland, over the Scotch Hebrides and down over Scotland, Ireland and England to France, Germany, Russia, and to Japan, Kamchatka, Aleusian Islands, Alaska, British Columbia to

The militants do not appear to be concerned at the threat to prosecute subscribers to their funds. One of the leading organizers said: "For the government to take such action would be like putting their heads into a hornet's nest; they would have to prosecute women nearer home than they think. Our subscribers are connected with members of the government, and the wealthy women who help our war chest have influential relatives, who, although neutral now, would not remain so in the face of prosecution."

Students of Trinity College, Dublin yesterday raided the headquarters of the Irish Women's Franchise League and threw all portable property into the street.

Mary Richardson, who mutilated the Rokeby Venus and was sentenced to a term of imprisonment, was re-arrested last night under the "Cat and Mouse Act." She was a frequent visitor at the hotel where Miss Mary Blomfield stayed prior to creating a scene at the court at Buckingham Palace.

HUERTA'S GUNBOATS. Tampico, Mex., June 8.—The Mexican gunboats Zaragoza and Bravo arrived here at 10 o'clock this morning. Following close in the wake of the Mexican gunboats came the United States cruisers Tacoma and Sacramento, which had been ordered to follow the gunboats when President Huerta issued his decree of blockade against Tampico.

ANOTHER MURDER STORY FROM SYDNEY. Sydney, N.S., June 8.—Tonight Crown Prosecutor Hearn was called by telephone and informed that a Frenchman named Felix Bennet was dead and an Italian comrade, Louis Brachetti, was arrested, charged with murder, at New Waterford.

The story as given by Magistrate McKinnon, of New Waterford, is as follows: "This morning three prisoners, charged with fighting and drunkenness, were fined, the three of them being again placed in jail. Bennet complained of his head, accusing Brachetti of hitting him with some weapon. He died about five o'clock. "The Crown Prosecutor ordered an autopsy on the body of the deceased, and a charge of murder was preferred against Brachetti."

QUEBEC IN ROUTE OF 22,000-MILE AVIATION RACE

World's Biggest Airship Competition to Start at San Francisco Next May.

EXPOSITION IS READY. Canada's Building at Panama Pacific Show Is Much Admired.

Quebec is in the route of the twenty-two thousand mile round-the-world aviation race which will be staged in connection with the Panama-Pacific International Exposition, and will be the most gigantic air craft competition ever attempted.

This announcement was made last night to the Chronicle by Mr. Arnold Kruckman, U. S. Commissioner for Aeronautics, who is in charge of the work preparatory to launching the large meet in which fifty aeronauts representing all the nations in the world will compete.

Mr. Kruckman is here looking after details in connection with the race, and made arrangements with the local government relative to assisting the airmen when they fly over this province in their race around the world.

First Aeronaut Editor. Seen at the Chateau last night Mr. Kruckman, who by the way is a well-known American journalist and the first to specialize as a writer in aeronautics as editor of that page in the New York World, informed the Chronicle that he was well pleased with his interview with the Government and will leave for Gaspe this morning to look over that section of the course and judge the most suitable places to establish supply-stations for the aeronauts where they may be able to secure fuel, gas, and other supplies. On his return from Gaspe Mr. Kruckman will go to Washington, and will later sail for Europe to look after the organization work for the big race over there.

\$300,000 Prize. Speaking about the big race he said that it would start at San Francisco on May 15, 1915, and was due to finish there on September 15th, four months later, but the competitors, if none have finished in the allotted time, will be given until December 2nd to finish. A sum of \$300,000 is offered by the Panama-Pacific Exposition, which will be divided into three prizes, and the competition will be open to the entire world and to all manner of motor-driven air craft.

Route of Race. The route which has been mapped out for the race and which is practically definite, is given as follows:—San Francisco to Chicago, Quebec, Straits of Belle Isle, Greenland, Iceland, over the Scotch Hebrides and down over Scotland, Ireland and England to France, Germany, Russia, and to Japan, Kamchatka, Aleusian Islands, Alaska, British Columbia to

The militants do not appear to be concerned at the threat to prosecute subscribers to their funds. One of the leading organizers said: "For the government to take such action would be like putting their heads into a hornet's nest; they would have to prosecute women nearer home than they think. Our subscribers are connected with members of the government, and the wealthy women who help our war chest have influential relatives, who, although neutral now, would not remain so in the face of prosecution."

Students of Trinity College, Dublin yesterday raided the headquarters of the Irish Women's Franchise League and threw all portable property into the street.

Mary Richardson, who mutilated the Rokeby Venus and was sentenced to a term of imprisonment, was re-arrested last night under the "Cat and Mouse Act." She was a frequent visitor at the hotel where Miss Mary Blomfield stayed prior to creating a scene at the court at Buckingham Palace.

HUERTA'S GUNBOATS. Tampico, Mex., June 8.—The Mexican gunboats Zaragoza and Bravo arrived here at 10 o'clock this morning. Following close in the wake of the Mexican gunboats came the United States cruisers Tacoma and Sacramento, which had been ordered to follow the gunboats when President Huerta issued his decree of blockade against Tampico.

ANOTHER MURDER STORY FROM SYDNEY. Sydney, N.S., June 8.—Tonight Crown Prosecutor Hearn was called by telephone and informed that a Frenchman named Felix Bennet was dead and an Italian comrade, Louis Brachetti, was arrested, charged with murder, at New Waterford.

The story as given by Magistrate McKinnon, of New Waterford, is as follows: "This morning three prisoners, charged with fighting and drunkenness, were fined, the three of them being again placed in jail. Bennet complained of his head, accusing Brachetti of hitting him with some weapon. He died about five o'clock. "The Crown Prosecutor ordered an autopsy on the body of the deceased, and a charge of murder was preferred against Brachetti."

QUEBEC TERMINAL QUESTION AISED IN OTTAWA HOUSE

HON. MR. PELLETIER MAKES SPIRITED DEFENCE OF THE GOVERNMENT

(Special to The Chronicle) Ottawa, June 8.—Late tonight Hon. William Pugsley, introduced an amendment on going into supply condemning the government for "degrading" the N. T. R. and for delaying the construction of terminals at the Maritime Province ports and Quebec.

Sir Wilfrid Laurier claimed that the late government had made plans for the Quebec terminals and shops, but these had been changed and nothing accomplished. It was proposed to place the shops nine miles from the main line. The people of Quebec had been fed up with promises and had shown much forbearance at the dilatory proceedings of the government, he said.

Hon. L. P. Pelletier made a vigorous reply. He said that there might be a difference of opinion as to whether the N. T. R. should have been built with momentum grades or not, but he thought that even Mr. Graham would admit that it was cheaper to put in momentum grades during construction and change them during operation.

After asserting that the momentum grades would be corrected and that at a less expense than if the grades were constructed on the four tenths and six tenths basis at first, Mr. Pelletier went on to discuss the situation at Quebec. He challenged Sir Wilfrid Laurier to ask the advice of Mayor Drouin, and said that if Sir Wilfrid could get a petition from one-third of his electors in favor of the old plans, he would accept that as decisive.

The United States and San Francisco to the starting point. Practically all the governments of the world will supply patrols along the route to assist the airmen in their flight and succor them in case of mishap.

Talking about the Panama-Pacific Exhibition in general, Mr. Kruckman said that most people in this country seemed surprised to learn that the big international show was practically ready to be opened now, a year before the specified time, which was rather unusual, for, as a general rule, such gigantic shows are wont to be more than a year late.

The Exposition is scheduled to open on February 20th, 1915, and close on December 2nd of the same year. A week ago, when he left the Exposition, all the buildings were ready for occupancy except two and the exhibits were already being installed in some of the buildings.

Canada There First. Mr. Kruckman said that the American people were very much gratified to see the prompt and hearty response which had been received from Canada when invited to participate. The Canadian Commissioner, he said, was the very first outsider on the scene and Canada's building which was in every way a credit to this country was already a source of much admiration.

Notable Features. Dwelling on some of the chief characteristics which will not fail to interest all who will see the Exposition, Mr. Kruckman mentioned the colored roofing scheme and also the Tower of Jewels.

The former, he said, was a work of art, and had been devised and carried out by some of the most famous artists in the world, and the blending of the various colors bringing in the sky effect, the waters of the Bay and the rich hues of the hills of the Golden Gate was a thing of beauty which would command rapt admiration.

Still more wonderful and more strikingly dazzling was the Tower of Jewels. This attractive construction was a cupola covered in eight million jewels specially cut in Switzerland, which were of varied colors. Each jewel was arranged on a hinge so that they moved to and fro with the wind, and the effect under the rays of the sun was dazzling, while at night the same effect was produced by a powerful battery of searchlights from the Bay and from inland which would be constantly trained with blinding brilliancy on the sparkling cupola.

Despite the fact that the Government of England had not yet decided to take part in the Exposition, Mr. Kruckman said that there was much sympathetic co-operation with the Exposition by the English people and besides large commercial firms making exhibits there were private groups of English people erecting buildings.

He said that the American people felt very proud of the progress which had been made and he again referred to the part which Canada was taking, saying that Canada's representative would be the senior commissioner as he had been the first on the scene.

DROWNED IN POND. Milton, Ont., June 8.—William Prove, an employee of the Toronto Pressed Brick and Tile Company, was drowned yesterday while boating on a small pond in the rear of the brick works. His companion swam ashore.

ROYAL Baking Powder Absolutely Pure. Royal Baking Powder is indispensable to finest cookery and to the comfort and convenience of modern housekeeping. Royal Baking Powder makes hot breads, cakes and pastry wholesome. Perfectly leavens without fermentation. Full instructions in the "Royal Baker and Pastry Cook" book for making all kinds of bread, biscuit and cake with Royal Baking Powder. Gratis to any address. ROYAL BAKING POWDER CO., NEW YORK

FIRST POLO MATCH NEXT SATURDAY. THE AMERICANS PROVE GOOD SPORTSMEN—CHEAPE MAY BE ABLE TO PLAY. HEMPSTEAD, N.Y., June 8.—The initiative in the postponement of the international polo match was taken by the polo committee after that body had received a report regarding the injury to Captain Cheape, the star of the English challenging four. The polo committee prepared the following statement, which was issued by Chairman H. L. Herbert: "Owing to the fact that Captain Cheape of the English team injured his eye very badly yesterday it has been decided to postpone the game scheduled for tomorrow until Saturday, June 13, when the first game of the series will be played at 4 o'clock. The English team will practice on the J. S. Phipps field at Westbury tomorrow afternoon. Dr. Louis N. Lanehart, Captain Cheape's attending physician, thinks the English player's cut eye will permit him playing in Saturday's opening international match.

RIBOT TO FORM FRENCH MINISTRY. BUT CAILLAUX RADICALS WILL PROPOSE A MOTION OF HOSTILITY. Paris, June 8.—Senator Alexandre Felix Ribot tonight accepted President Poincare's invitation to form a ministry. He has already obtained promises of adhesion from Leon Bourgeois for the Foreign Office, Theophile Delcasse, for the Department of Marine, and Jean Dupuy for Public Works, and hopes to be able to present a complete list of the new cabinet before tomorrow night. M. Ribot is in his 73rd year and has held various positions in previous cabinets, as well as the Premiership. Doubts, however, persist in political circles of his ultimate success, and these are strengthened by the undisguised opposition of the Caillaux Radicals, who have called a meeting for tomorrow at which it is stated a motion affirming in the plainest terms the party's hostility to a ministry led by M. Ribot, will be proposed. Since the resignation of the ministry headed by Gaston Doumergue, on June 2, President Poincare has requested a large number of statesmen to form a cabinet, but many difficulties have arisen, due largely, it is declared in many quarters, to the skilful manoeuvres of the Radical followers of the former Finance Minister, Joseph Caillaux, against the President. One of the burning questions of the day is that relating to the three year military service and if the new cabinet adheres to this measure it will have to face a strong Socialist opposition in the Chamber of Deputies.

INJURED BY FALL FROM STREET CAR. MR. P. A. BONENFANT WAS VICTIM OF SERIOUS ACCIDENT YESTERDAY ON CROWN STREET. Mr. P. A. Bonenfant, of No. 200 Richelieu street was the victim of a serious accident on Crown street yesterday when he suffered a bad fall from a street car while attempting to jump to catch his hat, which had been blown off his head by a strong gust of wind. Mr. Bonenfant was injured about the head and shoulders and when picked up was in an unconscious condition. He was taken to the Hotel Dieu Hospital and later was removed to his home, where he will be confined for some time.

BARBERS ARE AGAINST ANTI-TIPPING BILL. Montreal, June 8.—Local barbers disapprove of Senator Davis' anti-tipping bill, but the union will not make a pronouncement thereon just yet. The barbers intend at the end of the year to demand fifty per cent of all receipts over \$25 per week; holidays on Labor Day, Christmas and New Year's; hours of work 7 a.m. to 8 p.m.; wages of \$13 per week for all employes in barber shops whose receipts per week are from \$22 to \$25 and \$15 per week where the earnings are above this amount.

The Sign in the Pocket of a Semi-ready Suit.

The proof of Quality. The mark of Smartness. The label of Value. The guarantee of Fit and Wear.

These four qualifications are in every garment of genuine Semi-ready Tailoring.

A multitude of models here at from \$15 to \$25, with all the certitude of pre-advanced fashion.

Should we not be able to satisfy you in pattern, we can finish to your measure a Special Order in four days at the shop.

GEO. MORISSETTE. 168 St. John St., Cor. D'Youville. JULES GAUVIN, 183-5 St. Joseph St.

Heal your skin with Resinol. No matter how long you have been tortured and disfigured by itching, burning, raw or scaly skin humors, just put a little of that soothing, antiseptic Resinol Ointment on the sores and the suffering stops right there! Healing begins that very minute, and in almost every case your skin gets well so quickly you positively feel ashamed of the money you threw away on tedious, useless treatments. Resinol Ointment and Resinol Soap, clear away pimples, blackheads, and dandruff. Sold by ALL druggists. For trial size of each free, write to Resinol, Dept. A-8, Baltimore, Md. T-7 Resinol Shaving Stick. At all dealers or trial size on request.

QUEBEC, JUNE 9, 1914.

REDISTRIBUTION.

It will be a source of widespread regret if the Redistribution bill should not be introduced in the House of Commons at this session through the inability of the representatives of the two political parties to agree respecting all its details.

The committee that was appointed to deal with the matter certainly could not have been fairer in its complexion. The Hon. Robert Rogers was its chairman, and to his equitable spirit even the Liberal members bear cheerful testimony.

The white races have seized continents and hold them for exclusive white ownership and uses. The east is awakening; why not wrest these continents from the present holders? The latter treat all the east as inferiors, as undesirable and treat them as such, not only in conflict with all solemn treaties, but out of harmony with their national dignity.

If the Conservatives have erred at all, from the party standpoint, it has been on the side of generosity. A well-informed Ottawa correspondent says: "In Ontario every possible concession was made to the Liberals, as seven Conservative seats were wiped out and only one Liberal. Opportunities were possible in Lambton, Kent and Middlesex, by a slight rearrangement of the boundaries, to defeat Messrs. Fred, Pardee, D. A. Gordon and Duncan Ross; but, although equalization of population would have justified the necessary changes, the Conservatives refrained from doing so."

It is possible that the Liberals will have the wisdom to accept the bill as it stands, rather than throw the whole matter over till next year. On the eve of the general election of next year, the Conservatives might feel tempted to be less generous than they have been this year, and the Liberals, while gaining nothing, might lose much by the delay.

HINDUS AND CANADA.

A complicated situation has arisen in the attempt to land British subjects from one portion of the Empire, in another part of the overseas possessions under the British crown. A ship load of Hindus is off the coast of British Columbia, anxious to land in Canada, and to here enjoy the privileges and rights of British subjects.

"We intend that this shall be a 'white' country. We do not mean that British Columbia and the West shall be overrun by Asiatics. In admitting the yellow races we have been too complaisant rather than too severe. It is simple and natural enough to say that a British subject in India should have equal rights and privileges with all other British subjects in this country. This question, however, has to be settled by facts and not by sentiment. The unity and even the existence of the Empire de-

pend upon control of immigration by the Dominions in their interests and as their own national ideals may suggest. No Imperial pressure upon the Dominions could be wisely attempted. No such pressure could prevail.

"Asia is a sleeping giant," said Napoleon. "Let her sleep," he added, "for when she awakens she will shake the world." In the century since Napoleon's time Asia is awakening, and only a few days ago this was brought home to many by the report to President Wilson of Rev. S. L. Gubick, an American missionary of note, who has spent twenty-seven years among the Japanese.

The white races have seized continents and hold them for exclusive white ownership and uses. The east is awakening; why not wrest these continents from the present holders? The latter treat all the east as inferiors, as undesirable and treat them as such, not only in conflict with all solemn treaties, but out of harmony with their national dignity.

Professor Pearson, the noted associate of Alfred Russell Wallace and Charles Darwin, more than thirteen years ago wrote that "a day will come, and perhaps it is not far distant, when the European observer will look around to see the globe girdled with a continuous zone of black and yellow races, no longer too weak for aggression, and under tutelage, but independent in government, monopolizing the trade of their own region and circumscribing the industry of Europeans."

The Hindu immigrant ship now off the Pacific coast of Canada, is immensely more than a question whether a few hundred British Indians are to be allowed to come into this country, and temporarily disturb settled conditions. The Asiatic races are watching the outcome, and the effect on the East will be far more significant than is embodied in the mere declaration that this is, and must always be, a white man's country.

OPTIMISM VS. PESSIMISM.

In the midst of all the doleful blue-ruin chatter of the Liberals in the House of Commons, whose sole object, apparently, is the calumniation of their own country in revenge for the loss of office, with all which that meant during the Liberal regime, it is refreshing to have a note of good, healthy optimism interjected. That the country is not going to the dogs everyone knows. That the temporary setback is but a halt preceding an advance greater than has yet been made is also generally believed. The Liberals know this, but they have adopted the blue-rain cry for the deliberate purpose of injuring the present Government. Such ignoble tactics never yet succeeded.

The speech of the Finance Minister, Hon. W. T. White, on the C. N. R. relief proposals, in the House of Commons the other day, was of the right sort, and in striking contrast to the wailing of the Opposition. Mr. White's declaration was moderate in tone, fair and unbiased, and at the same time imbued with a sensible and virile optimism.

The following excerpt from his speech is worthy of great publicity:—"I firmly believe that the railway situation of Canada will work out. This country has resources illimitable, wealth beyond the dreams of avarice for those who will succeed in it. The various geological sections of Canada are empires in extent, and variety of natural production capable of sustaining people many times as numerous as those we have inhabiting our Dominion today. Is the population of Canada to remain fixed, crystallized and stereotyped, and is the transportation policy of Canada to have regard to the present only? Is imagination to play no part in our policy? Must the railway follow the plow rather than the plow follow the railway? Would

the Canadian Pacific Railway ever have been constructed had the vision of the builders seen only the population of the eighties? Would the Northwest be the Northwest of today, or the boundless and barren prairie of years ago, had it not been for the vision of statesmen and of railway builders, who, with enterprise unparalleled, have carried their lines of railway to the uttermost parts, bringing civilization and civilization in their wake. Situated as we are geographically, what has the opening of the West meant to the East? It has meant advantage incalculable. We have manifold return for the money spent in railway development, even though millions may have been needlessly and mistakenly expended. We are only on the threshold of our great adventure in the extension of civilization to the vast plains of the Canadian West.

"Shall we stop now? Shall we lose courage upon the very verge of success? Shall we lose sight of the millions of population still to come? As for me, I have an abiding faith in the destiny of this country. No other creed can permanently be in keeping with the spirit, the determination and the aspirations of the Canadian people."

PRESS COMMENT.

No one present at a dinner given to Villi and his staff by the war correspondents a few days before the start for Saltillo could have come away with the impression that the man is insincere. He sat at the end of the table, lined with perspiring men in shirtsleeves, with cartridge belts and the butts of six-shooters just showing above the board, sharpening his knife on his fork, obviously tickled to death with the festa.

Between Brazil and Guinea the Atlantic Ocean is only about 1,800 miles wide. From Newfoundland to Ireland, the narrowest breadth north of the equator, is nearly twice as far. From New York to the nearest point of France is nearly three times as far. Hitherto most schemes of aerial flight across the Atlantic have contemplated some northern route. That suggested by the authorities of the San Francisco Exposition is by way of Labrador, Greenland and Iceland. It has remained for the Dutch aviator, Van der Born, to make the first preparation to cross the ocean from continent to continent without a stop, and he proposes to take the southern route, where the Atlantic is narrowest. Van der Born is now supervising the construction of a new type of hydro-aeroplane. When it is complete he will go to the port of Konekay, in French Guinea, whence he promises to fly to Pernambuco, Brazil. The scheme is more plausible than any of the other trans-oceanic flights. It is natural and sensible that the first crossing should be attempted at the narrowest place, even though the flight must be longer than any one of the stages of the Greenland route. There is, of course, the danger of tropical air currents, but these are not much more to be feared than the storms of sub-Arctic regions which are suggested for the northern route.

None who has observed the progress of aviation doubts that before long the Atlantic will be crossed by some venturesome flyer. There is no reason to maintain an attitude of scepticism toward the aviators of our own day, who have done so much in so brief a time, and who may do as much more within the next few years.—Cleveland Plain Dealer.

S. P. C. A.

Members and friends of this society who are contributing articles to either fancy work or refreshment tables for the Garden Fete and Sale, are requested to send in their donations of work, not later than Thursday afternoon, June 11th, and of refreshments not later than 11 o'clock Friday morning. Donations may be sent to either Mrs. G. O. Tesson, 60 St. Ursule street, or to Miss Gela, 7 De Salaberry street.

TOWN OF LEVIS

PUBLIC NOTICE is hereby given that the Council of the Town of Levis at a regular meeting held at Levis at the 2nd of June, one thousand, nine hundred and fourteen, passed the following by-laws in second reading:

"By-law No. 162, amending the by-law concerning finances and the levying of taxes and the by-law concerning the markets of the Town of Levis. This by-law has for its object to reduce from \$50 to \$25 the annual license of a butcher's stall and the license fee for the sale of smoked meats.

"By-law No. 163, changing the name of Eden street to that of Begin Ave. This by-law has for its object to designate under the name of Begin Avenue, that portion of Eden street from Guenette street as far as Cote du Passage.

Communication of the present by-laws may be taken at the office of the undersigned, at the Town Hall, at Levis.

ALP. BERNIER,
Mayor of Levis;
L. LEMIEUX,
Clerk.

QUEBEC BAPTIST CHURCH.
The above church has extended a hearty and unanimous call to the pastorate to the Rev. Mr. Hughes, lately from Wales, and who is expected to take up pastoral work at once.

The Rev. Messrs. Hughes and Stobo have been appointed delegates to the Eastern Association of Baptist Churches, which meets with Abbott's Corners, P.Q., on the 10th and 11th inst., its 117th anniversary.

CAPT. DEMERS RESIGNS.
Montreal, June 8.—The Montreal Harbor Commissioners at their meeting today, accepted the resignation of Captain Louis A. Demers as harbor master. The resignation is occasioned by the appointment of Captain Demers to the wreck commissioner for the Dominion.

The successor of Captain Demers was announced as T. Bourassa, a former Deputy Harbor Master.

Renewed Vigor in Old Age

This Letter Brings a Message of Cheer to the Aged—Results of Using Dr. Chase's Nerve Food.

New, rich blood is what is most needed in the declining years to keep up energy and vitality. That Dr. Chase's Nerve Food is a wonderful help in maintaining good health and prolonged life is attested by the writer of this letter:

Mr. Stephen J. Leard, North Tryon, P.E.I., writes: "At seventy-five years of age my heart gave out and became very irregular and weak in action and would palpitate. My nerves also became weak, and I could do nothing but lie in bed in a languishing condition, losing strength and weight. In that condition I began using Dr. Chase's Nerve Food, and am cured. Had I not obtained this treatment I would now be in a box with the roof over my nose. At eighty-one I have an energy which means go, and I am writing this letter so that old people like myself may prolong their health and strength by using this great medicine." 50c a box, 6 for \$2.50. For sale by all dealers.

IN AND ABOUT TOWN

ANNUAL MEETING OF CANADIAN CLUB

OFFICERS ARE ELECTED—MR. A. B. WHITEHEAD IS PRESIDENT—SATISFACTORY REPORTS

The annual meeting of the Canadian Club of Quebec was held at the Chateau Frontenac last evening, and the following officers were elected for the ensuing year:

Patron: Sir F. Langelier, Lieutenant Governor.
Hon. President: Sir Lomer Gouin.
Hon. Vice-president: Nop. Drouin, Esq., Mayor.
President: A. B. Whitehead.
1st Vice-president: P. Paradis.
2nd Vice-president: W. G. Hinds.
Secretary: J. C. Sutherland.
Treasurer: H. Collette.

Committee: Sir G. Garneau, Hon. Judge McCorkill, Lt.-Col. R. E. W. Turner, A. Laurie, Lt.-Col. Burstall, Frank Carroll, Joseph Picard, Lt.-Col. Landry, F. Roy, Hon. Judge Langelier, P. Hamel, A. C. Dobell.

Satisfactory reports for last year were presented, and the retiring officers were thanked for their services.

CRUTCNES LEFT AT ST. ANNE'S SHRINE WITH PILGRIMAGES ONLY JUST BEGUN, CURES ARE ALREADY REPORTED

Young as is the season of pilgrimages to the shrine of Ste Anne de Beaupre, one of the Redemptorist Fathers declares that two miracles have been effected already. A man from Chateau Richer has left his crutches and gone home completely cured, they say, and another man, named J. Marticotte, of Rumford Falls, who has been suffering for two years from an injury of the leg which the doctors declared incurable, is also said to have left his crutches in the sanctuary of the healing saint and returned feeling no more pain.

MONTMORENCY FALLS PARK
Grand opening of the Rustic Theatre will take place on Sunday, when a French comedy, with ten people, will be presented. There will also be other attractions, including a band concert.

DEATH OF MR. THOMAS LEON LEMIEUX
His friends will regret to learn of the death of Mr. Thomas L. Lemieux, husband of Mrs. Lemieux, florist, which occurred last evening after an illness of considerable duration. Deceased, who was a well known citizen, was a son of the late Mr. Leon Lemieux, a former chief of the Quebec Fire Brigade. He leaves a widow and large family to mourn their loss.

TWO MORE BODIES ARE IDENTIFIED
MISS RUTH MORTON IS CLAIMED BY BROTHER AND MRS. LEE BY HUSBAND

Two of the unidentified bodies lying in Mr. Germaine Lepine's temporary morgue on St. Valier street, were claimed yesterday. They were those of Miss Ruth Morton, who was identified by her brother, Mr. R. L. Sprustor, of Fernie, B.C., and Mrs. Ethel Lee who was claimed by her husband, Mr. Ernest Lee, of Khedive, Saskatchewan.

CONCERT OF 61ST REGIMENT
A magnificent Heintzman & Co. piano. Baby Grand was chosen and will be utilized at the concert of the 61st Regiment.

This concert will take place on Wednesday, the 10th inst. at the Auditorium. The only representatives of the artistic Heintzman & Co. pianos, LAVIGUEUR & HUTCHINSON, 81-83 and 85 St. John street June9x2

LOSS BY FIRE
All descriptions of property insured against loss by fire. Mr. J. F. Billeau, general insurance agent, 114 St. Peter street.

PRELIMINARY ENQUIRY INTO DUBOIS MURDER
Four Witnesses Were Heard in Court of Sessions Yesterday

In the Court of Sessions yesterday, four witnesses were heard in the preliminary enquiry into the murder of Marie Blanche Dubois, who was found in the rear of the Dubois shore store, St. Sauveur, nearly a month ago, cruelly murdered.

The witnesses in the case who have been examined were: Mrs. Eugene Dubois, Wilfred Dubois, mother and brother of the murdered girl; Louis Savard, N.P., and Constable Cardinal, of the Provincial Police.

Wilfrid Dubois testified to the effect that he and his sister were in the habit of changing footwear previously purchased by customers, not only on Sunday mornings, but also in the afternoon and at night. At the Dubois store on a Saturday, shoes, etc., to the amount of between \$400 and \$500 were sold, he said, and when the store would be closed the members of the family gathered together and counted the receipts. The change would be placed in a drawer and his mother would take care of the notes. Witness further stated that his mother kept the notes in her bed during the night and he did not know what she did with them on the morrow.

On the Thursday preceding the murder the accused, Dion, went to Mr. Dubois and asked if witness would intervene in his behalf as he feared that he was to be discharged by his employers. Dubois and his sister promised to help him.

Among other questions asked by the Crown Prosecutor of the witness was: Why accused was no longer in the employ of the Dubois family? An objection raised by Mr. J. A. Lane, counsel for Dion, which was upheld by Judge Langelier, resulted in the question not being answered. Further testimony from Dubois was to the effect that Dion had been on good terms with the Dubois family.

Mrs. Dubois, one of the other witnesses examined during the day, stated that Marie Blanche had descended to the store on the day of the tragedy about ten minutes before eleven.

The enquiry will be continued behind closed doors this morning at 10 o'clock.

DIXIE GOLF CLUB LADIES ARE HERE
Among the members of the Ladies' Dixie Golf Club, of Montreal, arriving in the city last evening for today's match with the Quebec Ladies' Golf Club, were: Miss F. M. Greene, Mrs. Whitehead, Mrs. H. B. Robinson, Miss B. Molson, Mrs. J. C. Laing, Mrs. A. E. Mussen, Mrs. F. F. Archibald, and Mrs. R. H. Killaly.

The Montreal lady golfers are staying at the Chateau and during the day will meet the local ladies in their annual inter-club matches.

SKIN TROUBLE ON THE SCALP
Skin Dried and Cracked and Hair Fell Out—Cured by Dr. Chase's Ointment.

Eczema is annoying and distressing at any time, but doubly so when it gets into the scalp and causes the hair to fall out. Here is a grateful letter from a lady who was cured by using Dr. Chase's Ointment.

Mrs. Hector Currie, Tobermory, Ont., writes: "I was cured of a disagreeable skin disease of the scalp by using Dr. Chase's Ointment. The trouble started with itching and pain in the scalp, the skin would get dry and crack, and at times would bleed, and the hair would fall out. I tried three doctors without benefit, and suffered for three years. Reading in the almanac about Dr. Chase's Ointment, I began its use, and am now completely cured. The hair has grown again, and I am as well as I ever was. You are at liberty to use this letter, for I am glad to recommend so excellent a treatment."

Dr. Chase's Ointment has no rival as a cure for itching skin disease.

A NOVEL ATTRACTION AT EXHIBITION GROUNDS.
A special attraction will be offered this afternoon and tomorrow afternoon at the Exhibition Grounds, when some remarkable feats will be performed by an Ostrich attached to sulky—also one saddled. The speed of these birds is well known and, no doubt, a large crowd will witness this novel exhibition. The program also consists of trotting feats by a well-trained Moose.

ROSY AND PLUMP.
Good Health from Right Food.

"It's not a new food to me," remarked a man in speaking of Grape-Nuts.

"About twelve months ago my wife was in very bad health, could not keep anything on her stomach. The doctor recommended milk, half water, but it was not sufficiently nourishing. A friend of mine told me one day to try Grape-Nuts and cream. The result was really marvellous. My wife soon regained her usual strength and today is as rosy and plump as when a girl of sixteen.

"These are plain facts and nothing I could say in praise of Grape-Nuts would be exaggerated in the least the value of this great food."

Name given by Canadian Postum Co., Windsor, Ont. Read "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

8TH R.R. SQUAD TO MARCH OUT
WILL BEGIN PRACTISING MONDAY EVENING FOR FORCED COMPETITION.

It will be learned with much interest that there will be a marked revival of the forced marching exercises by the Eighth Royal Rifles Regiment this season.

At a meeting of the Eighth Marching Squad, which was held at the Drill Hall last night it was decided to train two squads of fifty men this season in preparation for the forced marching competition in Montreal next fall, as well as for competitions which may be held in this city during the coming summer.

Captain Hay is in charge of the squads and the first parade is called for Monday evening next at 8 o'clock.

In view of the keen interest manifested last year and the good showing which was made by the Quebec boys in Montreal there should be a large turnout for the first march next Monday night.

COMING.

You have but two days to reserve your seats for tomorrow's concert, which is given at the Auditorium under the distinguished patronage of H. R. H. the Duke of Connaught, who will be present.

As we had occasion to say before, the officers of the 61st Regiment, who organized their concert, will spare nothing to make it a success—to make it the biggest social and theatrical event of the season in Quebec. They are sure to get the most select gathering that the theatre has seen yet, and the program they have prepared gives us a good idea of the artistic success they will obtain.

Professor Dubois is certainly one of the biggest attractions in the musical line that the whole country can offer and they were successful in having him sign for this special entertainment because the Governor-General is to be present. Miss D. nahue is also a drawing card everywhere she sings, and Mr. Dionne is very well known as a soloist of the Chorale St. Louis de France, of Montreal.

GOING AWAY?

If you are going to camp, bring some English soft Collars with you. J. H. Mullen's large variety comes in Oxford, Mercerized, French Pique, and Taffeta Cloths. See advts.

ROGGE OF TORONTO BEATEN BY HOFF

ROCHESTER TWIRLER WINS PITCHERS' BATTLE - WAS INVINCIBLE IN PINCHES.

ROYALS AT LAST REGISTER A WIN

CAME THROUGH WITH 7 TO 4 VICTORY OVER BUFFALO - PINCH HITTER DID TRICK, WITH BASES FULL.

International League Toronto, June 8—Hoff beat Rogge in a pitchers' battle today. Rochester taking the opening game of the series. The Hustlers hit Rogge when hits were necessary. On the other hand after the first inning Hoff was invincible in pinches. The visitors scored their winning run in the 7th on a base on balls, a sacrifice and McMillan's single.

Toronto, June 8—Whiteman, a pinch hitter, won today's game for the Royals against the Bisons, when he cracked out a single in the 8th with the bases full, the final score being 7 to 4. The feature of the game were five double plays—three by the Royals and two by the Bisons. The Montreal line-up was completely changed today and they played like a regular team.

BY THAT TIME DEFIANCE WILL BE READY TO RACE RESOLUTE AND VANITIE OVER COURSE OFF SANDY HOOK.

New York, June 8.—With Defiance under her reduced rig, all three of the yachts built for the defense of the America's Cup will go to the starting line off Sandy Hook on Wednesday. It will be the first time Defiance has met Resolute or Vanitie, and her appearance will increase interest in the trials. How she will compare with the others no one can foretell. Racing yachts are mathematically constructed, but not infrequently they present a problem that is never solved.

It is a rare game, this handling of big, powerful wind-driven thoroughbreds, especially in a breeze, while even in soft weather the very best judgment is required. Sometimes the greatest skill is needed in the lightest airs. Each skipper as he stands at the wheel must know just where his own boat is, how fast she is going, where the other yachts are and how fast they are sailing. He must know when he has the right of way, when his opponent must give way, and in a tight place must not give an inch or the race is lost. And he must work out his moves in advance as in a game of chess, but he cannot ponder them. Often he must change his whole plans on a second's notice. He must be ready for anything at any time.

The three boats racing for the honor of being chosen to defend the America's Cup are each 75 feet long on the water line, yet two of them, Vanitie and Defiance, would tower above the Brooklyn Bridge. Resolute could get under it by a few inches. All three will have to house their topmasts when they are towed down East River for the races off Sandy Hook.

Each has over 8,500 square feet of sail. That includes only the sails carried by the ordinary yacht. Besides this they each have a club topsail that towers far above the tip of the topmast, a huge spinnaker for wing and wing work to spread out on the opposite side from the mainsail in running directly before the wind, and a balloon forward that reaches from the tip of the bowsprit to the end of the topmast. How all this canvas can be carried is a puzzle to most persons.

The races so far between Vanitie and Resolute have proved really but one thing; that is, they are both seaworthy craft. Their showing in the blow on Thursday was impressive. Wallowing in the sea and thirty-five mile wind, and driven to the limit against both they stood the test perfectly. Not a rope yarn parted on either boat.

It will be several weeks before final judgment can be rendered as to the superiority of one over the others. Just because one wins a race by a good margin is no criterion that she is the fastest under all conditions. She might be a wonder under certain conditions of wind and water, but sluggish under others. Therefore she would not be a boat to depend upon.

Then changes in the rig undoubtedly will be made. Experimenting must be resorted to in order to get the best out of a craft. There will be few changes made in Resolute. She had weeks of tuning up before the first race and has shown up well under all conditions. She has a splendid suit of sails. Vanitie, on the other hand, went into the first contest a green boat. She will improve. Her headstays have not been right for one thing. She should point higher later on.

The sending of three big racing yachts instead of two over the America's Cup course off Sandy Hook on Wednesday will be a spectacle well worth seeing. The start will be at 11 a.m. off Ambrose Channel lightship. There will be races there on Thursday and Friday too. From Tuesday afternoon until Saturday the three racers will make their harbor in the Horseshoe.

LIPTON IS CONFIDENT. Southampton, England, June 8.—"I never felt more confident of winning the cup," said Sir Thomas Lipton tonight when asked his opinion regarding his new challenger for the America's Cup.

"What I have seen of Shamrock IV, under sail," he continued, "has convinced me that she is a certain cup lifter. When she sails her race for the cup off Sandy Hook I am absolutely sure she will prove able to do what she was built to do."

WHOLE THREE CUP YACHTS TO MEET NEXT WEDNESDAY

BY THAT TIME DEFIANCE WILL BE READY TO RACE RESOLUTE AND VANITIE OVER COURSE OFF SANDY HOOK.

New York, June 8.—With Defiance under her reduced rig, all three of the yachts built for the defense of the America's Cup will go to the starting line off Sandy Hook on Wednesday.

It will be the first time Defiance has met Resolute or Vanitie, and her appearance will increase interest in the trials. How she will compare with the others no one can foretell.

Racing yachts are mathematically constructed, but not infrequently they present a problem that is never solved.

It is a rare game, this handling of big, powerful wind-driven thoroughbreds, especially in a breeze, while even in soft weather the very best judgment is required.

Sometimes the greatest skill is needed in the lightest airs. Each skipper as he stands at the wheel must know just where his own boat is, how fast she is going, where the other yachts are and how fast they are sailing.

He must know when he has the right of way, when his opponent must give way, and in a tight place must not give an inch or the race is lost.

And he must work out his moves in advance as in a game of chess, but he cannot ponder them. Often he must change his whole plans on a second's notice.

He must be ready for anything at any time.

The three boats racing for the honor of being chosen to defend the America's Cup are each 75 feet long on the water line, yet two of them, Vanitie and Defiance, would tower above the Brooklyn Bridge.

Resolute could get under it by a few inches. All three will have to house their topmasts when they are towed down East River for the races off Sandy Hook.

Each has over 8,500 square feet of sail. That includes only the sails carried by the ordinary yacht.

Besides this they each have a club topsail that towers far above the tip of the topmast, a huge spinnaker for wing and wing work to spread out on the opposite side from the mainsail in running directly before the wind,

and a balloon forward that reaches from the tip of the bowsprit to the end of the topmast. How all this canvas can be carried is a puzzle to most persons.

The races so far between Vanitie and Resolute have proved really but one thing; that is, they are both seaworthy craft. Their showing in the blow on Thursday was impressive.

Wallowing in the sea and thirty-five mile wind, and driven to the limit against both they stood the test perfectly. Not a rope yarn parted on either boat.

It will be several weeks before final judgment can be rendered as to the superiority of one over the others.

Just because one wins a race by a good margin is no criterion that she is the fastest under all conditions. She might be a wonder under certain conditions of wind and water, but sluggish under others.

Therefore she would not be a boat to depend upon.

Then changes in the rig undoubtedly will be made. Experimenting must be resorted to in order to get the best out of a craft.

There will be few changes made in Resolute. She had weeks of tuning up before the first race and has shown up well under all conditions.

She has a splendid suit of sails. Vanitie, on the other hand, went into the first contest a green boat. She will improve.

Her headstays have not been right for one thing. She should point higher later on.

The sending of three big racing yachts instead of two over the America's Cup course off Sandy Hook on Wednesday will be a spectacle well worth seeing.

The start will be at 11 a.m. off Ambrose Channel lightship. There will be races there on Thursday and Friday too.

From Tuesday afternoon until Saturday the three racers will make their harbor in the Horseshoe.

LIPTON IS CONFIDENT. Southampton, England, June 8.—"I never felt more confident of winning the cup," said Sir Thomas Lipton tonight when asked his opinion regarding his new challenger for the America's Cup.

108, COTE, Wholesale Distributor, 186-188 Rue St. Paul, Quebec.

NOTICE

Owing to fraud, lies and deception practiced upon the public by certain bottlers, hotels, saloons, and stores, we have adopted a new plan to protect the public and ourselves against the following mean, low, and contemptible antics.

YOU, the consumer, ask for TIMMONS' Ginger Ale, Soda Water, Ginger Beer, Cream Soda, etc., and they serve you with cheap trash (but you pay the same price as if you got ours), often served without a label on the bottle.

You remark, "Where is TIMMONS' label on the bottle?" They will tell you it fell off in the ice box, which is false and untrue, as the bottle never had a label on it.

We have adopted the following plan to protect you and ourselves against such fraud. We have at extra cost had all our crown corks embossed with the name TIMMONS, so that it cannot be erased or tampered with, and in future all beverages leaving our factory will be embossed with our name, and any drinks without it are not ours.

Kindly see that you are not duped in future by such individuals, as ours will not cost you more than the inferior kind.

NOTICE

IS HEREBY given that the Pier at the mouth of the Cap Rouge River is submerged, as well as the other deep water Pier that was there up to last winter, at the end of the long wharf. The position of the Pier at the mouth of the Cap Rouge River is as heretofore, shown by a flat Buoy by day, and a White Light by night, and the position of the deep water Pier recently taken at the end of the long wharf is in a straight line with the said flat Buoy and about 600 feet to the west.

SCREAMED WITH PAIN OF SCALDED LEG

And Foot, In Bad State, Inflamed and Festered. Could Not Sleep, Completely Cured by Cuticura Ointment in Short Time.

Middle La Harve, N. S.—"My sister scalded her leg and foot very badly with a pan of boiling water. She suffered very much and her leg was in a bad state. The skin was red and inflamed and it festered. She suffered dreadful pain. She scalded it in the evening and could not sleep that night and could not bear to have anything near it. We tried and then some but everything seemed to make it worse and she just screamed for pain. I told my mother about Cuticura Ointment and we got a box immediately and handed up her foot and leg. Two applications made quite a difference and we kept on using it and in a short time her leg and foot were completely cured." (Signed) Miss L. Parks, May 17, 1913.

"We tried and then some but everything seemed to make it worse and she just screamed for pain. I told my mother about Cuticura Ointment and we got a box immediately and handed up her foot and leg. Two applications made quite a difference and we kept on using it and in a short time her leg and foot were completely cured." (Signed) Miss L. Parks, May 17, 1913.

TO REMOVE DANDRUFF Prevent dry, thin and falling hair, allay itching and irritation, and promote the growth and beauty of the hair. frequent shampoos with Cuticura Soap, assisted by occasional dressings with Cuticura Ointment, are usually effective when other methods fail. Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. A single set is often sufficient. For a liberal free sample of each, with 25-c. book, send post-card to Potter Drug & Chem. Corp., Dept. D, Boston, U.S.A.

NOTICE All owners of dogs, or in possession of dogs, traders, milkmen, bakers, grocers, livery stable keepers, proprietors of laundries of their agents, cabmen, carters, and all others, who according to the law, are obliged to take out a license, are required to do so without delay, otherwise they will be reported, and proceedings taken against them by the Recorder's Court.

By order, EMILE TRUDEL, Chief of Police.

SANTAL-MIDY

PERSONAL

Mr. P. S. G. Mackenzie, of Montreal, is a guest at the Chateau. Mr. C. de W. Reid is among the Montrealers at the Chateau. Mr. G. W. Beatty and Mr. A. R. Halden, of Montreal, are at the Chateau.

Capt. Watson, R.N., arrived in the city last evening and will sail today for home. Miss Adeyne Morissette is spending the week-end in Montreal, as the guest of her mother, at the Ritz-Carlton.

Mrs. F. Low, Miss M. Duff and Mr. R. Duff, of New York, arrived in the city last night, and are guests at the Chateau. Mrs. Chas. A. Duclos, Mrs. A. F. Gault, Mrs. W. C. Hodgson and Miss G. Hodgson, of Montreal, are guests at the Chateau.

Mr. G. A. Gauvin, the impresario, who was in Quebec yesterday, returned to Montreal in the evening. He will not be at his Quebec office for a fortnight. Miss Gertrude Webb, of Montreal, is the guest of Mrs. E. Woodley, Lee street, and is here to attend the Thomas-Sissons wedding on Thursday morning.

In the Chapel of Our Lady of the Wayside this morning the marriage Wayside, yesterday, the marriage of Miss Dulcinea Magnan to Mr. F. X. Delisle, was solemnized. The newly married couple left on a honeymoon trip by the C. P. R. yesterday afternoon, to Boston, Albany and New York.

The following passengers are bound for Quebec on the Allan line Calgarian: Mr. and Mrs. G. M. Bosworth, Mrs. Rivers Bulky, Mrs. R. R. Dobell, Mr. Gracie, M.V.O., Col. L. Edge, Mr. C. Hamilton Wickes, M. P. A. Hillhouse, Mr. H. Kennedy and party. Mrs. Kendall, Sir James Outram, Bart., Prebendary Rudolf, Mr. and Mrs. W. Sinks, Mr. F. C. L. Smith, Mr. W. A. Temperley, Mr. and Mrs. A. P. Tonge, Col. Vidito, Mrs. and Miss Vidito, Dr. H. B. and Mrs. Yates, Col. Stanton and Mrs. Stanton, Col. P. E. Thacker.

News has reached here from Washington, D.C., of the death there after a brief illness of Mrs. Henry C. Yarrow, wife of Dr. Yarrow, one of the best known physicians in Washington. Mrs. Yarrow's death is greatly deplored by a large circle of friends in Washington, and will be learned with deep regret in this city as the deceased and her husband had a large circle of friends in the Ancient Capital, having for several years past made their summer home at the Chateau Frontenac. Dr. and Mrs. Yarrow had engaged rooms at the Chateau for the coming summer, but the unexpected demise of his consort will alter the plans.

Arrivals at Neptune Inn:—J. W. Foster, Chicoutimi; F. D. Latour, Mlle Latour, Roberval; J. D. Moody, London, E.C.; A. Claveau, L. Gagnon, Jonquiere; A. E. Lo, London; E. Cote, Theftford Mines; H. Hardy, Ste Pierre; Mrs. H. Trudel, Mr. H. Trudel, Montreal; Miss E. Boivin, Three Rivers; G. Guet, St. Pierre; A. Lofthus, F. Murphy, Minneapolis; J. G. Vermette, Theftford Mines; L. Beaudry, Leon Boutin, Montmagny; W. H. Frost and wife, W. Stewart, Montreal; W. G. Silman, Brandon, Sask.; B. L. Spreston, Fernis, B.C.; Chas. Young, Fernis, B.C.; Ollif Nelson, Porkside, Sask.; M. and Mrs. Gordon, London; Jeffrey Gervais, La Tuque; Ulric Lavoie, F. Chenard, Riv du Loup; J. H. Bell, Sherbrooke; V. M. Theriault, St. Jovite.

WHAT DYSPEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE. "Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore, stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisurated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisurated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisurated magnesia from your druggist, eat what you want at your next meal, take some of the bisurated magnesia as directed above, and see if I'm not right."

By order, R. C. DESROCHERS, Secretary. Dept. of Public Works, Ottawa, June 2, 1914. Newspapers will not be paid for this advertisement if they insert it without authority from the Department. —62371. Jn.6x3

GENERAL ASSEMBLY OF PRESBYTERIANS

DR. GRANT IS DISGUSTED WITH CRITICISM OF HOME MISSION BOARD'S FINANCES

Woodstock, Ont., June 8.—Dr. McLeod, of Barrie, at the General Assembly of the Presbyterians today, believed, that the spirit of unity in the work of Christ with which all were in sympathy, could be carried on best by preserving the Presbyterian Church. One did not hear of the Roman Catholic or the Anglican Church saying they were unable to cope with their problems alone, and why could not the Presbyterian Church go on co-operating with the other churches as had been the church in the past, leaving the Presbyterian Church, however, intact. The Presbyterians were contending for what they believed was in the interests of Christianity in Canada. The speaker strenuously repudiated articles in certain papers to the effect that the work of Christianity could not go on without union.

Dr. A. S. Grant lodged a heated protest against what he regarded as criticism of the policy of the Home Mission Board by Rev. Dr. Somerville, treasurer, which had been made by the latter in the course of his explanatory incidental to the presentation of the auditors report. Dr. Somerville had said that the Home Mission Board, of which Dr. Grant has been chairman, had been making continually increasing demands upon the budget and declared that there had been a deficit at the end of each year for several years. Dr. Somerville had advised caution and suggested that payment of the salaries of missionaries out of the church funds instead of being guaranteed, should be made conditional upon the state of the budget.

Dr. Grant declared that Dr. Somerville had no right to comment upon the financial policy of the Home Mission Board and that the treasurer's criticism had filled him with disgust. Were there a necessity of a policy of retrenchment, Dr. Grant would have the salaries of the officials made conditional.

Demands To Be Increased The increasing demands upon the budget were going to increase. If there was to be any criticism the committee room was the place for it. If there must be retrenchment, Dr. Grant would have it upon the extent of the work, not upon the salaries of the men doing the work. The report was adopted.

The report of the finance committee, eastern section, was highly satisfactory, showing total receipts for the year of \$151,204.32, an increase of over \$10,000. The report was presented by Judge Forbes, of St. John, N. B.

The report of the Board of Sabbath Schools and Young People's Societies, which was adopted, recommended, among other things, that ministers and all religious workers be earnestly charged to make a special study of the needs of boy life, attention being drawn to the fact that a large proportion of the boys were being lost to the church. The committee would have boys' conferences, community work and other like movements introduced for the boys. The committee recommended that Rev. J. C. Robertson, Sunday school secretary, be appointed representative on the new international Sunday school lesson committee.

Family Worship Deline Rev. W. J. Knox, of London, presented the final report of the commission on religious education, deploring the fact that only fifty per cent. of children in their teens attended Sunday school. Great difficulty, said Mr. Knox, was being found in securing efficient Sunday school teachers and superintendents. Family worship, the commission had found, was being conducted in but 20 per cent. of the homes, which had considerable to do with so few young men entering the ministry. The speaker deplored the fact that so much more money was being spent upon church buildings than upon Sunday schools. He would also have the Sunday schools co-operate more with the day schools in the matter of teaching religion.

A \$2,000,000 Budget Dr. A. S. Grant told the assembly tonight that he was looking forward to a two million dollar budget by 1920, and declared his conviction that the amount in question could be raised without difficulty. Dr. Grant said he would have the wealthy members within the church contribute a certain definite sum each year and made a plea for increased giving all round to maintain and extend the missionary work both at home and in the foreign field.

Dr. Grant saw no reason for policy of retrenchment in connection with the missionary expenditures of the church, and declared that the budget system had meant a new era for Presbyterianism in Canada.

J. Campbell White, of New York City, general secretary of the International Laymen's Missionary Movement, was with Dr. Grant in his appeal for a two million dollar budget and declared that the realization of the amount in question should by no means be an impossibility.

SHOULD BEAT WIFE ONCE A MONTH. Joseph Wyseluk appeared in the Hamilton police court recently charged with assaulting his wife. Doctors told of the woman's injuries. Through an interpreter the man said, "I don't beat my wife every day, I have not time to because I work sometimes. I think she ought to have a trouncing once a month to keep her quiet."

STATE CONTROL OF U. S. RAILROADS

Long Step Is Taken in This Direction By the Supreme Court Washington, June 8.—A long step toward placing railroads under "one master instead of many" was taken today by the Supreme Court in upholding the power of the Inter-State Commerce Commission to "strike down state rates that discriminate against inter-state commerce. The court said in substance, that the Minnesota and other recent state rate cases, in which the railroads lost, might have been decided otherwise, had the roads gone to the commission for relief instead of the courts.

The case arose out of complaint by Shreveport, (Louisiana,) merchants that the Texas Railroad Commission had shut them out of all Texas business by compelling the railroads to reduce Texas state rates far below what the Inter-State Commerce Commission allowed the railroads running from Shreveport to Texas cities to charge.

The court first decided that Congress had power to control inter-state charges over an inter-state carrier to the extent necessary to prevent injurious discriminations against inter-state traffic, and then held that Congress had conferred this power upon the Inter-State Commerce Commission. "It is of the essence of the power to regulate inter-state commerce that where it exists, it dominates," said Justice Hughes, who announced the decision. "The fact that carriers are instruments of intra-state commerce as well as of inter-state commerce, does not derogate from the complete and paramount authority of Congress over the latter or preclude the federal power from being exercised to prevent the intra-state operations of such carriers from being made a means of injury to that which has been confided to federal care. Wherever the inter-state and intra-state transactions of carriers are so related that the government of the one involves the control of the other, it is Congress and not the state, that is entitled to prescribe the final and dominant rule, for otherwise Congress would be denied the exercise of its constitutional authority and the state, and not the nation, would be supreme within the national field."

MEDERIC MARTIN WOULD SHUT OUT REPORTERS

Montreal, June 8.—The Montreal press is not persona grata with the City Council just at present. This is owing to an intimation in a Star editorial today that the Aldermen have been scheming to increase their indemnity to \$3,000 a year. A storm broke at the meeting of the council this evening, when Mayor Mederic Martin declared "We will close the doors of our meetings on the newspapers, unless they tell the truth." His Worship remarked: "I have some respect for reporters, but none at all for the newspaper proprietors."

"TIZ" FOR ACHING, SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelling feet, tired feet. Good-bye corns, callouses, bunions, and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" draws out all the poisonous exudations which puff up the feet. Use TIZ and forget your foot misery. NEW YORK CLOSING LETTER

Received over the private wire of McDougall & Cowan, Stock Brokers, 81 St. Peter St., Quebec. Tel. 246. New York, June 8.—The opening was quiet and prices were generally a fraction under Saturday's close, being influenced by lower quotations from London, which was affected by the failure of the Canadian Agency. There was no liquidation here of importance, however, although London sold a few stocks and before long the market showed a tendency to harden. In the second hour it became quite strong, and easily regained all its previous losses. In the early afternoon a fresh burst of strength carried the general list up to new high levels, but there was enough stock encountered on this advance to check the movement and in the late dealings stocks again sagged off to about Saturday's closing level. The net results of day's dealings was to leave prices but little changed from the final quotations of Saturday. Sales, 167,221 shares; bonds, \$2,185,000.

Montreal Letter.

Montreal, June 8.—During the morning session trading was very light but it became more active in the afternoon. Montreal Power was the strong feature; it moved up very quickly to 225 1/2 and closed 225 bid with several buyers at that price. There was considerable liquidation in Scotia from the opening at 34; it sold down to 49. It only gained a fraction at the close from the low. Canners advanced a point to 30. Brazilian was steady at 7 1/2. The balance of market showed little change from the previous close. In the unlisted department Cedars sold at 6 1/2 and the bonds at 84 1/2. Tramway Power was traded in at 40 1/2, and Wayagmack at 32.

NEW YORK MARKET LETTER

By private wire to M. L. Dohan, Broker, Dominion building, St. Peter Street, Phone 4748. Bianch, Quebec Ry. Bldg., St. Joseph Street, Phone 582. New York, June 8.—There was plenty of news to influence dealings in today's stock market but it is probable that the day's budget had really very little influence on the course of prices. During the day the monthly government crop report was published; also the report of the copper producers association and the supreme court handed down its decision in the long discussed Shreveport rate case. Time was when the sweeping findings of the highest court in the land upholding the rate making power of the interstate commerce commission would have demoralized financial sentiment. During the past few years, however, Wall street seems to have grown accustomed to expect the worst in the way of interpretation of the laws of the country as applied to corporate interests. Moreover, it has begun to look forward with complacency to restrictive legislation such as that embodied in the anti-trust bills. Today's decision, therefore, was received with only academic interest for the habit of mind already referred to has prepared financial interests for government supervision practically of everything. There was a small selling movement in the last hour with the Shreveport rate decision as a pretext, but this pressure made little impression upon values and the market finished about where it did Saturday with underlying conditions practically unchanged. Total sales, 160,000.

CLOSING MARKET LETTERS

Received by Breen & Gourdeau, Stock Brokers, 63 St. Peter St., and 6 Sault au Matelot. Boston, June 8.—The Copper Producers' report was about as expected. The coppers were unchanged, with the exception of Granby, which was up 3/4 of a point.

New York, June 8.—Stock values, after opening a shade under the close level of Saturday, turned strong, and although the advances were confined to fractions, generally speaking, a firm tone continued throughout the better part of the day. A slightly easing off of prices occurred shortly before the close, however, but no significance was attached to the movement. The improvement in sentiment to which the market's mid-day strength was responsible, was caused by a favorable turn in the Mexican affair—the suspending of the blockade of the Port of Tampico by the Huerta Government—and the continued hopeful outlook on the rate decision. The Copper Producers' statement, as well as the Government crop report were about as expected and exerted no influence, marketwise, either way. We continue to think well of the long side on set-backs, but prefer the standard issues. Sales to 3 p. m., stocks, 160,221; bonds, \$2,185,000.

Chicago, June 8.—The week-end weather at first sight this morning appeared to be generally favorable and as a consequence, opening prices were about 5 to 8 points. Wheat started firm, principally on the corn strength and possibly on the help of steady cables, but reports from the harvest fields were very favorable and Liverpool lost its initial firmness and wheat sagged off a little again, but no aggressive selling took place on account of the advance in corn and the bullishness generally manifest there. The report is bearish and we expect a sagging market for September wheat.

Corn—Very strong market for corn most of the day. Comparatively few of the local bulls had corn for sale, while new investment call and covering by shorts was large early. Further rains in Argentina where prices opened 1 1/2¢ per bushel higher, along with cancellation of offers of Argentina corn to America helped to advance prices. July corn is two-sided market, while September seems safe on bulges. Oats have ranged higher with other grains, affected by more dry weather east of the Mississippi River and the popular estimate that the initial report on acreage and condition will indicate a crop not much larger than last year.

LONDON MARKETS. London, June 8.—Raw sugar, centrifugal, 10s 4 1/2d; muscovado, 8s 6d. Beet sugar, June, 9s 6 1/2d. Calcutta linseed, June-July, 50s 9d. Linseed oil, 25s 9d. Sperry oil, £30. Petroleum, American refined, 7 1/4d; spirits, 8 1/4d. Turpentine, spirits, 33s 4 1/2d. Rosin, American strained, 9s 4 1/2d; fine, 14s 9d.

FINANCIAL. (From Barry & McManamy) Banks lost to Sub Treasury Saturday, \$763,000, and since Friday lost \$1,362,000. Goldman Sachs shipped \$2,000,000 gold to Paris. Copper Producers report increase in stock 14,606,000 pounds. Washington—Spring wheat condition as of June 1st, 95.52. All wheat condition, 93.7; a year ago, 87.2; two years ago, 88.3; ten year average, 85.5. Oats, 89.5. Earnings. Louisville & Nashville, fourth week May, \$1,426,325; decrease, \$198,635; month of May, \$4,519,470, decrease, \$551,910. From July 1st, \$55,172,416; increase, \$374,741.

LOCAL INVESTMENT YIELDS. Investment yields, Montreal stocks, compiled by Oswald Brothers, 70 St. Peter street, Quebec.

Table with columns: Return, Close, Div., P.C. for various stocks like Bell Telephone, Brazilian T L & P., etc.

N. Y. INVESTMENT YIELDS. Investment yields, New York stocks, compiled by Oswald Brothers, 70 St. Peter Street, Quebec.

Table with columns: Return, Close, Div., P.C. for various stocks like Amalg Copper, Am Smelters, etc.

COTTON. New York, June 8.—Cotton futures closed steadily. Closing bids: June, 13.20; Dec, 12.59; July, 13.22; Jan, 12.75; Aug., 13.13; Feb, 12.62; Sept., 12.86; March, 12.67; Oct., 12.74; April, 12.82; May, 12.84.

Liverpool, June 8.—Cotton, spot, dull. Prices steady. Am. mid., fair, 8.75; Low mid., 7.25; Good mid., 8.35; Good ordy., 6.29; Middling, 7.73; Ordinary, 5.79. The sales of the day were 4,000 bales, of which 300 were for speculation and export, and included 3,800 American. Receipts were 7,000 bales, including 2,700 American. Futures opened and closed quiet and steady.

THE TORONTO PRODUCE MARKET. Toronto, June 8.—Quotations are as follows: Wheat—Ontario No. 2 winter, \$1.03 to \$1.04 outside, according to location. Manitoba wheat No. 1 northern, \$1.00 1/4; No. 2 northern, 99 1/4¢; No. 3 northern, 98¢.

Oats—Canada western, No. 3, 43¢; No. 3 Canada western, 42 1/2¢ at lake ports for immediate shipment. Ontario No. 2 white, 39¢ to 40¢ outside; No. 3 white, on track Toronto, 41 1/2¢ to 42 1/2¢.

Peas—No. 2, \$1.00 to \$1.10. Barley—55 to 56¢ outside for malting and 51¢ for feed. Buckwheat—83 to 85¢, shipping points. Flour—Manitoba, listed quotations at Toronto are: First patents, \$5.60; second patents, \$5.10; strong bakers, \$4.90. Ontario flour, winter flour, 90 per cent patents, \$3.80 to \$3.85.

Millfeed—Manitoba bran, 25¢ per ton; shorts, 26¢ per ton on track, Toronto. Eggs—Selected, 22¢.

Telephone SAVOY CAFE Telephone 1841 (And Quick Lunch.) 527. 68 St. John St. 197 St. Joseph St. Special Dinner five for \$1.00. Meal Tickets, five for \$1.00. New St. Roch Confectionery. Sealed Tenders, addressed to the undersigned and endorsed "Tender for Quay Wall and Excavation at Victoria Harbor, B.C." will be received at this office until 4 p.m., on Monday, July 27th, 1914, for the construction of a Quay Wall and Excavation at Victoria Harbor, B.C. Plans, specifications and form of contract can be seen and forms of tender obtained at this Department and at the offices of the District Engineers at Victoria, B.C.; New Westminster, B.C.; Confederation Life Building, Toronto, Ont., and Shaughnessy Building, Montreal, P.Q.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given. Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Honourable the Minister of Public Works equal to ten per cent. (10 per cent.) of the amount of the tender which will be forfeited if the person tendering declines to enter into a contract when called upon to do so or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender. NOTE—Blue prints can be obtained at the Department of Public Works by depositing an accepted bank cheque for the sum of \$25, made payable to the order of the Honourable the Minister of Public Works which will be returned if the intending bidder submit a regular bid. By order. R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, June 4, 1914. Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—58389. J8x3

An Easy Way to Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; or following on useless "flesh creams" or rubbing some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.
Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its re-generative, re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Your druggist has it and will refund your money if you are not satisfied, as per the guarantee found in every package.
Caution—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.

IMPORTANT CONVENTION

Nashville, Tenn., June 8—Delegates from Canada and many sections of the United States were present at the twenty-ninth annual convention of the International Association of Factory Inspectors and the thirtieth annual meeting of the International Association of Labor Commissioners, which began joint sessions here today. Governor B. W. Hooper welcomed the delegates.
The sessions will continue through Friday. Subjects for discussion will be improvement of factory conditions, arbitration of labor disputes, fire prevention and safety organizations, prevention of industrial diseases, child labor legislation, and the relationship of state and labor departments.

COMMENT ON EMPRESS DISASTER BY AN EXPERT.

The following comment on the Empress of Ireland disaster is taken from the editorial columns of the current issue of Shipping Illustrated: "It is time to demand that pilot rules be revised so that it will no longer be possible for ships carrying thousands of human beings to run the risk of being sunk by cargo vessels. It may be that the inquiry will show that neither side was at fault, and then things drift back to their present chaotic state, with the ever present possibility of the recurrence of such a disaster. Just what lesson there is for the naval architect in this calamity will be made plain when the plans of this ship are gone into by the Court of Inquiry. However, it is obvious no ships are likely to be built to withstand being run into by moving bodies of some 15,000 tons in weight. The lesson to be drawn, if any, seems to lie wholly on the side of devising better methods of navigation so that ships going over the same course in contrary directions will not be exposed to the danger of collision."

GENERAL NOTES.

Mr. J. H. Hill's steam yacht Wacouta, from New York, passed up to Montreal yesterday.
Steamer Gladstone, Capt. Jonassen, having discharged cargo, left for Sydney yesterday afternoon.
Steamers Rockpool and Carlton from Shields; Stigstad from Sydney for Montreal; Georgetown from Dalhousie for the Upper Lakes, passed here yesterday.
Steamer Wacouta, Captain Abrahamson, having discharged her cargo of coal left for Sydney yesterday afternoon.
CHARTERED FOR TEN YEARS.
The Dominion Coal Company are chartering the two new colliers which Messrs. S. C. Chambers and Co., of Liverpool, have ordered from Messrs. Short Brothers, and Messrs. William Doxford and Sons, Sunderland. The vessels will be constructed on the Isherwood system and will be the largest single deck steamers under the British flag. They will be 450 feet long, 58 feet broad, and 33 feet 6 inches deep, provided with wing ballast tanks and carry 11,000 tons on 25 feet draught. The charter is for ten years and the colliers will run between Sydney, Quebec and Montreal.

EMPRESS DISASTER BY AN EXPERT.

The following comment on the Empress of Ireland disaster is taken from the editorial columns of the current issue of Shipping Illustrated: "It is time to demand that pilot rules be revised so that it will no longer be possible for ships carrying thousands of human beings to run the risk of being sunk by cargo vessels. It may be that the inquiry will show that neither side was at fault, and then things drift back to their present chaotic state, with the ever present possibility of the recurrence of such a disaster. Just what lesson there is for the naval architect in this calamity will be made plain when the plans of this ship are gone into by the Court of Inquiry. SHIPPING NEWS

THE AQUITANIA IS NOW IN NEW YORK

BRIEF DESCRIPTION OF GREAT BRITAIN'S LARGEST AND MOST MAGNIFICENT SHIP.

The Aquitania, the new Cunarder, which is in port at New York, after having completed her maiden voyage across the Atlantic, is Great Britain's largest liner, and another triumph of the modern shipbuilders art, embodying all those qualities conducive to structural strength, comfortable habitation, regularity and economy of propulsion at high speed and perfect stability. She is 901 feet long over all, having a beam of 97 feet and depth 64 feet, displacing when fully equipped for service practically 55,000 tons, and has been designed to accommodate a total population of 4,210, 876 first class, 594 second class, over 1,700 steerage, and a crew of almost 1,000. Her normal sea speed is 23 knots, which will enable her to leave New York on the Wednesday morning and arrive on the other side on the following Tuesday morning.

An improvement feature on the Aquitania is that for quite one-half of the length she is a ship within a ship, in other words, there are two hulls for nearly 500 feet of her length. In addition to this there are 16 bulkheads which have been specially stiffened, and over forty separate watertight compartments. Two 40 foot and two 20 foot motor life boats, twenty-five large row boats, and a small fleet of collapsible boats are part of her equipment, the motor boats being fitted with wireless and able to tow, if necessary.

The ship is fitted up throughout in the most luxurious modern manner, amongst other conveniences being a swimming bath and gymnasium, garden lounge fitted up to give the effect of an old garden, and long gallery situated between the first class lounge and smoke room, the idea being to form an arcade between these two rooms where passengers can promenade and show cases are arranged where well-known firms can exhibit lace work, jewellery, prints and other objects of art.

ALLAN LINE.
Steamer Scandinavian, Capt. Reich, which arrived here on Sunday from Glasgow, had 357 cabin and 302 steerage passengers.

R. M. S. Victorian, Captain Cook, leaves port this afternoon for Liverpool, with 58 cabin and a good list of second and third-class passengers, the mails and general cargo.

C. P. R. LINE.
Steamer Montreal, Capt. McNeill, from London and Antwerp, with passengers and general cargo, arrived here last night, mooring at the Breakwater. She will land her passengers this morning.

Steamer Montezuma arrived at Yokohama between 6 and 8 a.m. yesterday.

CUNARD LINE.
Steamer Ansonia, Lieut. Brown, R.N.R., from Southampton, arrived here at 3:45 a.m. yesterday, mooring at the Breakwater. She left for Montreal at 8:30 a.m., after landing passengers and Quebec cargo.

DONALDSON LINE.
Steamer Letitia, Captain McNeill, having landed passengers and Quebec cargo, left for Montreal at 8:30 a.m. yesterday.

Steamer Cassandra, Captain Williams, left Glasgow on the 6th inst. for Quebec, with passengers and general cargo.

DOMINION LINE.
Steamer Englishman, Captain Morehouse, from Bristol, with a general cargo, arrived here last night, mooring at the Breakwater.

QUEBEC STEAMSHIP COMPANY
Steamer Bermuda arrived at New York from Bermuda at 8 a.m. yesterday.

THOMSON LINE.
Steamer Iona, Captain Ritchie, from Middlesborough, with a general cargo, arrived here yesterday morning and proceeded to Montreal.

WHITE STAR-DOMINION LINE.
Steamer Canada, Captain Ingham, arrived up from Quarantine yesterday morning, but owing to the strong easterly wind and falling tide, anchored in the stream until 5 p.m., when she went alongside the Breakwater. After landing passengers and Quebec cargo, she left for Montreal.

NEW LLOYDS SURVEYOR.
The position of Lloyds Surveyor at port, which has been vacant since the

SYNOPSIS OF REGULATIONS.
G.O.V. Lands under Dominion Lands in Manitoba, Saskatchewan, Alberta, the Northwest Territories, the Railway Belt in the Province of British Columbia, and the tract of Ture and a Half Millions Acres, located by the Government of the Dominion in the Peace River District in the Province of British Columbia.
LICENSSES.
A license to cut timber on a tract not exceeding twenty-five square miles in extent may be acquired only at public auction. The rental of \$5.00 per square mile, per annum, is charged on all timber berths excepting those situated west of Yale in the Province of British Columbia on which the rental is at the rate of 5 cents per acre. In addition to rental, dues are charged on the timber cut at the rates set out in section 36 of the regulations.

TIMBER - ERMITS AND DUES.
Permits may be granted in the Provinces of Manitoba, Saskatchewan and Alberta, to issue of portable saw mills, to cut over a definitely described tract of land not exceeding one square mile in extent on payment of money at the rate of \$10. per thousand feet, B.M. and \$1 fee at the rate of \$100.00 per square mile for each month.

HOMESTEADERS.
Any occupant of a homestead quarter-section having no timber of his own suitable for the purpose may, provided he has not previously been granted a free allowance of timber, obtain a free permit to cut the quantity of building and fencing timber set out in Section 50 of the Regulations.

W. W. CORY,
Deputy Minister of the Interior.

CLOSING MARKET LETTER
Received over the private wire of Neuville Belleau & Co., Brokers, 93 St. Peter St., Quebec.
New York, June 8.—The market has been strong today, but when one considers that two very important matters have been announced, it has really given a very poor response to these favorable items. On the other hand, this only indicates the recognition of how vitally important is the pending decision on the petition of the Eastern roads for a five per cent advance in freight rates. As it stands now, had news has no effect at all and favorable announcements, such as those of today, arouse but slight interest. The decision in the Shreveport case is most important, as it is one that the railroads have been hop-

COMMERCIAL NEWS
The action of the list in the afternoon gave a striking illustration of the unusual degree of stagnation which now prevails. The Supreme Court's decision in the Shreveport rate case, which has long been awaited as a matter of first importance, and under other conditions might have brought about an excited advance, failed to produce even a ripple in the market. The court's ruling that Congress has power to regulate intra-state railroad rates, where such intra-state is necessary to preserve interstate rate relations, and that it is essential for the roads to have one master instead of as many masters as there are states, was all that had been hoped for in the financial district.
The crop report also was favorable. The deterioration of winter wheat from the unusually high May percentage was only about 3 points, while the spring wheat average of 95.5 per cent was only 2 points above the 10 year average. Neither the crop report nor the Shreveport rate decision stirred the market. In fact, prices slipped off a trifle in the last half hour, and in some cases the small gains previously established were cancelled.
The copper producers report, showing an increase of 14,000,000 pounds in supplies, about met expectations, and was without influence. Engagement of \$5,000,000 more gold for export also had no effect, owing to the large supply of idle funds on hand here and the strong bank statement on Saturday.
Bonds were steady. Total sales, par value, \$2,036,000.
United States bonds were unchanged on call.

NEW YORK STOCK MARKET
McDonald & Lesperance, stock brokers, private wire to New York and Montreal, Hochelaga Bank Building, Telephone 1227.
(Canadian Press Service.)
New York, June 8.—Favoring news from several sources today elicited only a small response from the stock market. After the first half hour the tone was good, but operators were indifferent to outside influences and the market plodded along at a slow rate. In a few cases there were movements of some proportions, but the average change was trivial.
The greatest activity came in the first hour. Indications of a possible rupture of mediation proceedings with Mexico caused traders to put out stocks at the opening. This selling, combined with the lower quotations in London for some of the international issues, gave the market a heavy tone. With the news that the Mexican government had abandoned the proposed blockade of Tampico, however, there came a recovery, and prices were lifted fractionally over Saturday's close.
The action of the list in the afternoon gave a striking illustration of the unusual degree of stagnation which now prevails. The Supreme Court's decision in the Shreveport rate case, which has long been awaited as a matter of first importance, and under other conditions might have brought about an excited advance, failed to produce even a ripple in the market. The court's ruling that Congress has power to regulate intra-state railroad rates, where such intra-state is necessary to preserve interstate rate relations, and that it is essential for the roads to have one master instead of as many masters as there are states, was all that had been hoped for in the financial district.
The crop report also was favorable. The deterioration of winter wheat from the unusually high May percentage was only about 3 points, while the spring wheat average of 95.5 per cent was only 2 points above the 10 year average. HEADACHES ALMOST DROVE HER WILD

Until A Friend Advised Her To Use "Fruit-a-lives"

Newbury, Ont., May 29th, 1913.
"About four years ago, I was in a dreadful run-down condition, weak and hardly able to walk up stairs. Weakness peculiar to women was the chief trouble. I had Headaches that almost drove me wild, and most distressing constipation. I took many dollars' worth of medicine from the doctors without any good results.
A neighbor advised me to take "Fruit-a-lives" and they proved to be the best medicine I ever got and the only medicine to do me any good. Today, I feel as a young girl, and am able to go about my household duties as usual. My health is splendid and "Fruit-a-lives" is the cause of it.
MRS. WM CRIM.
50c a box, 6 for \$2.50, trial size 25c. At all dealers or from Fruit-a-lives Limited, Ottawa.

MAINE MAN WAS KILLED FOR DEER

WAS ACCIDENTALLY SHOT BY BROTHER-IN-LAW IN AN ILLEGAL HUNT.

Dover-Foxcroft, Me., June 8.—After occupying a cell in the county jail here over night, Chester A. Emmons of Wellington was taken to Guilford Thursday morning by Sheriff Calvin W. Brown, where he was arraigned before Judge Hiram Gerrish of the Piscataquis municipal court to answer the charge that he accidentally shot and killed a human being while in pursuit of wild game, the charge being brought under the special Maine statute covering an accidental shooting case.
Charles Frederick Gowen, a half-brother of Emmons, was the victim, and his body lies in a farmhouse at Wellington, mourned by a wife, a daughter and two sons. Emmons was a widower and a well-known Wellington farmer.

Mr. Goldstein, the well-known and eloquent Boston lecturer has been engaged by the Knights of Columbus for a lecture tour covering all the important centres of Canada and the United States. The Quebec public are invited in another column to attend a lecture on "Christianity vs. Socialism" which Mr. Goldstein will deliver in Columbus Hall on Friday evening, June 12th, under the auspices of the local council of the Knights. Quebecers will, no doubt, show their appreciation of the Educational and Social spirit of the local Knights and attend in large numbers.

MAYOR'S OFFICIAL VISIT TO HIS ROYAL HIGHNESS

His Worship, Mayor Drouin, accompanied by Chief of Police Trudel, paid His Royal Highness, the Governor-General a visit at the Citadel Monday morning. This visit was in the nature of an official visit to receive and welcome the Duke of Connaught to the city.

The tragedy, which shocked this county, occurred during the evening while the two half brothers were illegally hunting deer. It came to the attention of Sheriff Brown and an investigation was made which resulted in the arrest of Emmons, who was brought here and locked up in the jail.
The two men, intent upon getting fresh meat, started out to hunt some deer which they knew were frequenting the field not a great distance away. Reaching the field in the late evening, they shot one of the animals and wounded another. Then they started in pursuit of the wounded deer which had gone into the woods. Entering the woods they parted and after tramping about a short time, Emmons saw what he said he thought to be the deer's "tag," and fired.
A cry from the bushes brought to him the fact that he had shot a man and without stopping to see his victim, the young man started on the run for assistance. A short distance from the scene he met the young son of Gowen with a team coming after the body of the slain deer. Informing him that he feared he had shot his father, the two entered the woods and by shout located the wounded man, who was still conscious.
Reaching his side Gowen's first words were addressed to his son, whom he commanded to take the rifle and shoot the wounded deer which was in the nearby thicket.
"Here, Stub, for—sake, take this gun and kill that deer before I die," is, according to Emmons, the statement of the dying man. The Gowen boy shot the second deer and Gowen was then placed in the wagon and taken to his home. The rifle bullet entered his chest and penetrated the lungs.

GIRL GETS A SHARK WITH A LIGHT LINE

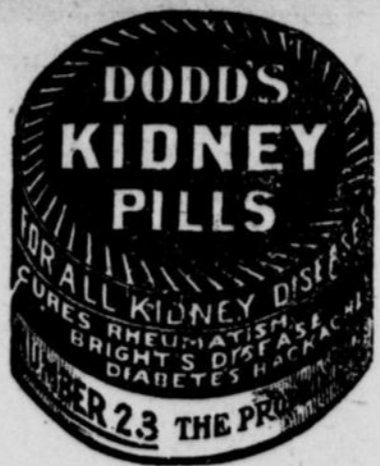

Single-Handed She Plays 18-Foot Monster and Lands Him Alongside Ship

Seattle, June 8.—Miss Edith Jackson, the sixteen-year-old daughter of Mrs. L. H. Jackson, society woman of Vancouver, B.C. landed a huge shark after a two hours' battle, according to the officers of the Norwegian steamer Cuzco, arriving from Newcastle-on-Tyne, via South American ports.
Miss Jackson was a passenger on board the Cuzco. While the Cuzco was lying in the harbor of Puntas Arenas, Costa Rica, Miss Jackson noticed several large sharks swimming near the ship. Seizing a light line and hook, she baited it with a piece of salt pork and threw it overboard. It was instantly seized by one of the largest of the sharks.
The shark darted away from the side of the ship and Miss Jackson wrapped the line around the stanchion of the guard rail. When the shark came to the end of the line he tore the stanchion from its socket but the line and rail still held.
Capt. J. E. Miller and several of the crew rushed to her aid but she waved them away, saying she would fight the battle alone. When the struggling fish would slack away for a moment she would reel in on it until he started away on another effort to get free. In this manner she played the big fish for fully two hours until she was nearly exhausted, and her hands were cut and bleeding from the line. She finally brought the shark alongside the ship, where it was despatched by Capt. Miller with a rifle.

As the shark was being hauled aboard by means of the boat tackle one last convulsive fling of his big tail stove in the side of a boat which was hauled on deck.
The shark measured eighteen and a half feet from nose to tip of tail and weighed 1,200 pounds. In his stomach was found the thighbone and half-masticated shoes of a man.

PUBLIC NOTICE is hereby given that, under the Quebec Companies' Act, letters patent have been issued by the Lieutenant-Governor of the Province of Quebec, bearing date the fifteenth day of May, 1914, incorporating Thomas Louis Coulombe, trader; Joseph H. Potvin, merchant; Dame Antonia Simard, wife contractually separated as to property of the said J. H. Potvin, and duly authorized by him for the purpose hereof; Alfred Tremblay, barber; Stephane J. Beaubien, teacher; Joseph Richard, notary, of Saint-Jerome, county of Lake St. John, for the following purposes:
To carry on generally and in all its branches the business of wholesale and retail, general dealers in groceries, fruits, grain, farm produce in general, fancy goods, hardware and any other business incidental to the business of general merchants;
To acquire by purchase as a going concern and to carry on the business of merchant now carried on by Dame Joseph H. Potvin, with its equipment furnishings, stock in trade, goodwill, and other moveable assets in general and to pay for the same in cash or in bonds or in paid-up shares of the company;
To acquire by purchase, exchange, lease or otherwise, from any person, firm or company as a going concern, or otherwise, and to carry on the business of general merchants with or without the buildings used in or destined to its exploitation with their equipment furnishings and other assets in general and to pay for the same in cash or in bonds or in paid-up shares of the company;
To purchase or otherwise acquire and to hold by lease or any other title any immovable property which may be deemed necessary to the objects for which this company is incorporated and to pay for such acquisition or holding in cash or in bonds or in paid-up shares of the company;
To sell, exchange, lease, dispose of or otherwise deal with its moveable or immovable property and to borrow money upon the security thereof;
To construct, maintain and exploit upon the lands acquired or held by the company, stores and any other buildings which may be deemed necessary for the carrying on of the above undertakings;
To purchase, acquire, hold and sell, assign and transfer shares, debentures and other securities of any other companies or corporations engaged in any business which this company is authorized to carry on or doing any business capable to be conducted for the benefit of this company;
To make and execute all such other acts and things which may be incidental or seem conducive to the carrying into effect of any of the above objects, under the name of "La Compagnie Commerciale de Saint-Jerome, Limitee," with a capital stock of ten thousand dollars (\$10,000.00), divided into one thousand (1,000) shares of ten dollars (\$10.00) each.
The principal place of business of the corporation, will be at Saint-Jerome, county of Lake St. John.
Dated from the office of the Provincial Secretary, this fifteenth day of May, 1914.
C. J. SIMARD,
Deputy Provincial Secy.
JOS. RICHARD, N.P.
