

SEVEN SEPARATE AND DISTINCT BATTLES WERE FOUGHT IN PAST WEEK

Will Rank Among the Most Bloody in the History of Western Europe, Says Correspondent. Although Outnumbered and in Danger of Being Outflanked the British Again and Again Hurlled Back German Attacks at Ypres. Fury of Assault Indescribable. Men Shot Until They Could no Longer Hold Their Rifles.

London, May 18.—(Special).—Seven separate and distinct battles were fought in the week just closed, and there can be little doubt that the days from Saturday, the 8th, until Friday, the 14th, will rank among the most bloody in the history of Western Europe, says the Pas de Calais correspondent of the Times.

"Saturday night saw no lessening in the ferocity of the struggle on the Ypres front. Although outnumbered and in danger of being outflanked, our men again and again hurled back German attacks.

"During the darkness the Germans, as though aware that the every passing hour their opportunity was slipping away, continued to hurl themselves against our lines.

"Men who lived through this night shot until they could no longer hold their rifles. The fury of the assault was indescribable. Dawn of Sunday showed in the fields in front of Ypres the dead piled like corn stalks at harvest time, British and German lying side by side."

BATTLES CONTINUE TO DEVELOPE FAVOURABLY FOR THE RUSSIANS

Petrograd, May 18.—(Special).—The following official communication has been issued by the Russian War Office:—

"Since the morning of the 16th, in the Shevli region the battles have continued to develop favorably for us. Our troops crossed the Dubissa and attacked the Germans, gaining possession of their trenches and capturing several hundred prisoners.

"Between the Pilica and Upper Vistula enemy columns pursued our troops, which moved to a new point.

"Near Chliffel and Russkibrod our sudden counter-attacks inflicted severe losses on the enemy's advance guard.

"In the district between Wierzbuk and Oostow, as well as south of the latter, impetuous attacks by us on the 8th drove back the leading columns more than ten versts (six miles).

"On the San there has been violent artillery fire from south of Wislok to Przemyśl.

"In the direction of the Stry and Dolina the enemy delivered fruitless attacks against the front which we recently occupied, losing several hundred prisoners.

"On the Pruth on the 15th the enemy delivered repeated attacks in close formation, starting from Dolatin and Kolomea. We repelled him successfully, capturing four more heavy guns and throwing our advance guards beyond the river."

HUNGARY OFFERED TERRITORIAL CONCESSIONS TO ITALY.

Budapest, May 18, via Amsterdam and London.—(Special).—Admission that he had offered territorial compensation to Italy as the price of continued peaceful relations was made by Count Stephan Tisza, the Hungarian Premier, in a carefully worded Diet speech yesterday. He declined definitely, however, to state the nature of the concessions proposed.

ENEMY "PURSUED" RUSSIAN TROOPS.

Petrograd, May 18.—(Special).—An official statement issued by the General Staff admits that Austro-German columns "pursued" Russian troops, which moved to a new position between the Pilica and the Upper Vistula. It is contended, however, that attacks against the recently occupied front in the direction of the Stry and the Dolina were fruitless, as were assaults along the Pruth.

GERMANS LEFT ABOUT 2000 DEAD ON TERRAIN TO THE WEST OF YPRES CANAL

Paris, May 18.—(Special).—The War Office this afternoon gave out the following statement on the progress of hostilities:—

"On the Terrain to the west of the Yser Canal conquered by us yesterday and the day before yesterday the Germans left about 2,000 dead and a great number of rifles.

"During the course of the engagements yesterday we made some further prisoners.

"To the east of the canal we have consolidated the positions recently taken by us.

"During the night the Germans undertook a particularly violent counter-attack, preceding this action by a bombardment with artillery and bomb throwers. They were repulsed.

"In the region to the north of Notre Dame de Lorette, on the road from Aix Noullette to Sanchez, we checked completely by our fire two other German counter attacks.

"As for ourselves we captured as a result of a night advance a group of houses near the cemetery of Albain. Along all the front to the north of Arras the artillery fighting is continuing by day and night. The Germans have bombarded Arras with particular ferocity.

"In the region of Ville-Au-Bois near Berry-Au-Bac, the enemy yesterday undertook a fresh attack, but he was easily repulsed."

BRITISH ADVANCE MEANS RETREAT OF LARGE SECTION OF INVADERS' FORCES

London, May 18.—Field Marshal Sir John French has broken his silence in regard to the movements of the British army northwest of La Basse with the announcement of an advance of nearly a mile into the German line. This, together with the continuance of the French thrusts both north of Ypres and southwest of La Basse constitutes the outstanding feature of the military situation yesterday.

GERMAN LINE BROKEN.

Military commentators here regard the British advance as a genuine break of the German line which, if maintained, must mean a retreat for a considerable section of the invaders' forces. Recapture of the bridge over the Yser canal at Steenstraete by the French deprives the Germans

of their last connection with the west side of the waterway.

German assaults on the British position at Ypres seem to have spent themselves, at least for the moment, as Field Marshal French reports all was quiet there for the last 48 hours.

RUSSIAN DEFEAT A HEAVY ONE.

Official reports from Petrograd do little to minimize the severity of the defeat which the Russians have experienced over practically the whole line from Central Poland to the Carpathians. The victorious Germanic

armies have relieved the Russians of most of the gains of the hard winter and early spring campaigns, with the exception of Permisl, which is closely threatened on two sides by hostile forces. In the latest Petrograd communication there is a suggestion that the Russians are crouched

over the Yser canal at Steenstraete by the French deprives the Germans

DELAYS ACTION BY ITALY

Parliament Will Be Asked To Vote on Bill Giving Plenary Powers to Government

FINAL MOVE WILL NOT BE MADE UNTIL THIS HAS BEEN TAKEN ON THURSDAY.

Rome, May 18.—(Special).—The Italian Parliament will be asked on Thursday to vote only on a bill containing a single clause conferring plenary powers on the Government.

According to the Giornale d'Italia, final action regarding war is not expected until after that time, unless Austria makes the first move, which is considered unlikely in view of the Pacific speeches made in the Hungarian Diet.

GERMAN AND AUSTRIAN AMBASSADORS PREPARE TO LEAVE ROME

Rome, May 17, via Paris, May 18.—Prince Von Buelow, the German Ambassador, and Baron Von Macchio, the Austrian Ambassador, are preparing to leave Rome, according to the newspapers. A special train is in readiness to take Prince Von Buelow to Chiasso, Switzerland, and Baron Von Macchio to Ala, in the Austrian Tyrol.

King Victor Emmanuel, without an escort, visited yesterday the barracks and the military hospital. He was cheered enthusiastically by the people.

LORD FISHER MAY RESIGN

No New Developments Between Churchill and First Sea Lord

London, May 18.—(Special).—There have been no new developments so far today in the threatened break between Winston Spencer Churchill, First Lord of the Admiralty, and Lord Fisher, Admiral of the Fleet and First Sea Lord.

It is understood, however, that the matter will be the subject of a statement in the House of Commons today.

The Daily Telegraph this morning says the resignation of Lord Fisher is thought to be probable.

TRIAL OF ALLEGED GERMAN SPY

PUBLIC WILL BE ADMITTED TO THE HEARING IN THE OLD BAILEY.

London, May 18.—The Morning Post says that yesterday it was decided that the trial of Kueperle, one of the three men arrested on the charge of communicating or attempting to communicate naval and military secrets to the enemy, will open at old Bailey to-day, should be in open court and not in private, as previously announced.

The Lord Chief Justice and two other judges from the high court will hear the case. The public will be admitted, but should it be considered necessary at any point, the court will be cleared.

PRINCE WON'T FIGHT BRITISH

SERVING WITH GERMAN ARMY, ASKS TO BE TRANSFERRED TO BASE DUTY.

London, May 18.—The second son of Prince and Princess Christian, who is serving in the German army, has at his own request been assigned to duties which are not likely to bring him into contact with the British forces, in which before the war broke out he had many friends.

The Prince, who is related to King George, feels his position acutely and is very unhappy, because he knows he can never return to England. The position of his father and mother is almost more unpleasant.

AEROPLANE LONG TIME ON JOURNEY

London, May 18.—(Special).—"A German aeroplane, which left Germany bound for Turkey, early in May, landed in Philippopolis, Bulgaria, May 9," says Reuters Athens correspondent. "The machine was damaged in descending, and an old woman spectator was killed. The aviator was taken in charge by the military authorities."

TWO ZEPPELINS WERE DESTROYED

Airships Which Took Part in Raid on the British Coast Sunday Night

ONE OF THE RAIDERS DAMAGED AFTER ATTACKING CALAIS, AND CREW OF FORTY WHEN CAPTURED

London, Tuesday, May 18.—Both Zeppelins which took part in the raid on the British coast Sunday night have been destroyed, according to two despatches published in different London papers this morning.

According to these advices, one of the German raiders was seriously damaged after attacking Calais and fell within the Allied lines near Dunkirk, forty men on board her being captured.

The other Zeppelin is reported to have been hit by shells of a French destroyer near Cape Gris Nez and fell into the sea, all on board losing their lives.

How the second Zeppelin came to grief is told in this despatch to the Daily News, also dated "North of France":—

"Just after dawn this morning a Zeppelin flying from the direction of the English coast was sighted in the channel by the crew of a French torpedo patrol boat. The airship was flying slowly at no great height, thus offering a good mark for the gunners on board the destroyer. They fired several shots at her, and one at least took effect, for immediately afterward the huge craft was observed to have a very decided list on her.

"This increased momentarily until presently the whole ship appeared to crumple up, made one or two frantic dives and fell into the sea a few miles from Gravelines and within sight of the Gris Nez light.

"The Zeppelin and her crew disappeared in the sea, and bodies were afterward seen floating about in the vicinity."

BROUGHT BACK BODY OF SON

Mr. and Mrs. W. L. Ball Arrive in Montreal With Remains of Lieut. Ransome Ball

WAS WOUNDED AT NEUVE CHAPPELLE AND LATER DIED IN HOSPITAL AT BOULOGNE.

Montreal, May 18.—A sad story is connected with the return of Mr. and Mrs. W. L. Ball, of Winnipeg, by the Missanabie, which arrived here yesterday. When their son, Lieut. Ransome Ball, went to England, their desire to see him at Salisbury Plains before he crossed to France led them to take the trip eastward. In England they stayed for two months, waiting until he could get leave of absence to come and see them. He went to France, however, without getting that chance. Later they were informed that he had been wounded in the fight at Neuve Chapelle, and was lying in a Boulogne hospital.

They arrived just in time to see him before he died. They brought his body back with them to Canada for interment, which will take place at Stanstead, Que., this afternoon.

CASUALTY LIST

HAS 200 NAMES AS MISSING BELONGED TO THE SEVENTH, A B.C. BATTALION—COLONEL AMONG THE KILLED.

Ottawa, May 18.—The casualty list issued last night from the Militia Department gives the names of more than two hundred men as missing from the Seventh, a British Columbia battalion, whose commanding officer, Lieut. Col. McHarg, the champion rifle shot, was killed in action in the first day's fighting by the Canadian division near Langemark.

The list also gives the names of seven non-coms and men of the 13th Battalion (Fifth Royal Montreal Highlanders), who were killed in action, and two wounded from the 14th Battalion (Royal Montreals).

SECOND FIELD ARTILLERY BRIGADE

Bomb. T. Girdleston, Lennoxville, is reported among the wounded.

ANTI-GERMAN

FEELING BITTER IN TORONTO

Toronto, May 18.—The anti-German sentiment in this city is becoming more acute. Yesterday the City Council revoked the permit for a large electric sign advertising beers with German names, although they are brewed in Canada by Canadian citizens. Instructions were also sent to heads of departments to discharge employees of German and Austrian birth.

Mr. William Kraussman, a native-born Canadian, announced that owing to criticism he would sell his filly Hampton Dame, which is entered for the King's Plate.

BUSINESS AT CITY COUNCIL

Canadian Box Company Will Establish Factory in Sherbrooke

QUESTION WILL BE VOTED ON BY RATEPAYERS ON JUNE 8TH—CIVIC HOSPITAL UNSATISFACTORY.

Mayor Mackinnon presided at the bi-monthly Council meeting last night. The aldermen present were: Forest, Genest, Fortier, Gauvin, Denault and Edwards.

BY-LAW FOR NEW INDUSTRY.

The Finance Committee recommended that the application of the Canadian Box Mills for exemption from taxation for a term of ten years be granted, subject to the usual conditions, and that a by-law be presented to the ratepayers accordingly.

Ald. Denault subsequently introduced a by-law which was read first, second and third times and passed. Under its provisions the company will be exempt from taxation for the period stated, from July 1st next, subject to the following conditions:

The company shall within six months erect and equip buildings and install plant at a cost of \$10,000 to \$15,000, shall continuously employ thirty hands, and shall pay annually in wages the sum of \$12,000 exclusive of the salaries of the manager, office staff and travellers.

The by-law will be voted upon by the ratepayers on June 8th.

NO SMOKING DURING OFFICE HOURS.

Several matters relative to the city office staff were included in the Finance Committee's report, moved by Ald. Forest in the absence of Ald. Jencks. Among them are the following: That all city office employees be granted a vacation of two weeks, that smoking by employees be forbidden in the city office during business hours, and that all city employees be prohibited from frequenting saloons throughout the day.

The recommendations were carried. Ald. Forest stating that he did not approve of the smoking and bar visiting restrictions.

TO ILLUMINE PARK ON SQUARE.

Ald. Edwards drew attention to the handsome park on Strathcona Square and to the fact that the nice electric lights at the front of the Court House were never lighted. He suggested that arrangements might be made with the Court House authorities, whereby they would provide the lamps so as to improve the appearance of the park at night. Referred to Gas and Electric Committee.

CHIEF'S UNIFORM.

Ald. Genest submitted a request from Chief Couture to be supplied with a proper uniform. The application was granted.

OPENING OF DRUG STORES AT NIGHT.

Ald. Forest gave notice of a motion to amend By-law 152 which compels merchants to close their stores three nights per week, so that druggists would be exempt from this rule. He stated that many strangers came in to the city who found the rule very inconvenient and many complaints had also come from doctors.

THE CIVIC HOSPITAL.

Ald. Gauvin submitted the following report of the Board of Health relative to the Civic Hospital:

"Drs. Hume and Gadois voicing the sentiments of the medical men of the city represent to the committee that the Civic hospital accommodation is lacking in some respects of the necessary requisites for cases such as those which have been recently treated when several members of the 5th Mounted Rifles were taken to the hospital suffering from scarlet fever, because there is no hot water installation for baths and lavatories; no means of ingress to top story by exterior stairway to enable medical men to visit patients suffering from different infectious diseases, in distinct and separate rooms, from the outside; because the hospital is not provided with physician jackets and lockers to put them away where they can be found when required.

"Witness, the condition of things represented by medical men is one that should be remedied at once, on account of the patients occupying the hospital at the present time, in the interest of the city.

"Our committee recommend that a hot water heater with a 60 gallon galvanized iron tank be immediately installed at the Civic hospital, with necessary connection for hot water to baths and lavatories, that a couple of lavatory basins be installed in the most appropriate rooms, the whole at an estimated cost of \$100.

"Our committee strongly recommend to the Council that the Civic hospital be connected with the sewer system of the city.

"That electric lights be placed in rooms where it will be found necessary to do so.

"That lockers be provided wherein to place the physicians' jackets which the committee recommend to purchase, say six;

"That the committee be authorized (Continued on Page 6)

GUESSING AT GERMANY'S REPLY

Suggestion That Kaiser Will Make a Point at Britain's Expense

BY MEETING DEMANDS OF AMERICA LEVER WOULD BE USED AS TO NEUTRAL FOODSTUFFS.

Washington, D.C., May 18.—Washington is busy speculating as to what Germany's answer to the President's note will be. There is a suggestion that Germany will gain a point in her controversy with England if Berlin submits to the American demands. If Germany ceases her submarine warfare the argument is that the United States will be furnished with a lever to pry a concession out of the British Government as to the shipment of foodstuffs in American vessels to the civilian population in Germany.

GERMANY'S REPLY ON THURSDAY.

Paris, May 18.—(Special).—Germany's reply to the American note on the sinking of the Lusitania will be sent Thursday, according to the Matin's Amsterdam correspondent, who says he is informed it will justify the attack on the steamer on the ground that the submarine commander has affirmed in his report that only one torpedo was fired, which convinces him that the second explosion was due to the fact that the ship carried munitions of war. The report is said to state that the torpedo was fired in such a way that the Lusitania would not have sunk if she had not had explosives on board.

Berlin despatches intimate that the answer to the president's note will contain a flat refusal of the United States' demand for discontinuance of submarine warfare on merchantmen, because Germany cannot forego any form of attack tending to diminish terrors of German starvation. British starvation of German women and children has been a favorite theme of all her publicists, professors and propagandists everywhere. The horror of such a fate has been pictured in tones of anguish. All of these statements are lies, according to General von Falkenhayn and Herr Althoff Ballin, according to the German newspapers which are reiterating them and according to the very propagandists who now cling to the story of starvation as a reason why Germany must refuse to accede to the President's demand. When American newspapers some months ago suggested Germany would be starved by the British blockade, it was denied angrily by all these authorities that to starve Germany was impossible, her chemists could make new foods, her growers and farmers produce more food, her people would be careful of its consumption, starvation could not come for years, the bare suggestion was a lie and an insult so German might!

Discussion of a Coalition Ministry in Great Britain Has Been Revived

LARGE NUMBER OF MEMBERS OF THE HOUSE FAVOR CABINET REPRESENTING THE WHOLE HOUSE

London, May 18.—The discussion of the possibility of a coalition ministry has been started anew by the statement of Sir H. Booth in the House of Commons that "a large number of the members of the House favor a new united ministry representing the whole House." Mr. Booth added: "In my opinion a united Government is coming before long."

The Daily Express leads its front page this morning with an article headed: "Government of all parties—Cabinet on the verge of reconstruction." It says that certain ministers will, in any case, remain, adding: "We give a list of those likely to come in and go out: Outgoing—Viscount Haldane, Walter Runciman, Reginald McKenna, Sir John A. Simon, Lewis Harcourt, Earl Beauchamp, Augustine Birrell and Baron Lucas; Incoming—Andrew Bonar Law, the Marquis of Lansdowne, the Earl of Derby, Earl Curzon, Arthur J. Balfour, Austen Chamberlain, Walter Hume Long and Arthur Henderson, and possibly Sir Edward Carson and John E. Redmond. Winston Spencer Churchill, First Lord of the Admiralty, will probably be shifted to another office."

SCOTSTOWN AND DISTRICT

Meeting of the Deanery of Cookshire Will Be Held Wednesday

WET, COLD WEATHER RETARDS VEGETATION AND MAY MEAN SET BACK TO THE HAY CROP

Scotstown, May 18.—(Special)—A meeting of the Deanery of Cookshire will be held at Scotstown on Thursday of this week. A public missionary service will be held in connection therewith on Wednesday evening at 7.30 in St. Alban's Church. Addresses will be given by Rev. Rural Dean Lewis, Rector of Bury, and by the Rev. E. R. Roy, Rector of Cookshire. Other visiting clergy will also take part in the service. As the service will be addressed by such well known men it is expected that there will be a large attendance not only of the members of St. Alban's church but also of the public generally. On Thursday there will be a celebration of the Holy Communion at 7.30 a.m. The Deanery of Cookshire is composed of the following places: Megantic, Scotstown, Bury, Cookshire, Johnville, Sawyerville, Marleton and East Angus.

NOTES.
Dr. C. M. Smith has purchased a runabout.

Messrs. Geo. Beard, E. P. May and Andrew Reid were in town over the week-end from Sherbrooke, where they are enlisted with the 5th C.M.R.

HUNTINGVILLE.
Rev. George F. Porter, Superintendent of Universalist Church, Rutland, Vt., will preach in the Universalist Church here on Sunday at 11 a.m.

NOTES.

Mr. E. A. Roday is converting one of his buildings into a tenement, which is to be occupied by Allen Moore when completed.

Mrs. A. C. McPhee has returned from a visit to her parents in Cowansville.

Moving seems to be the order of the day just at present. Mr. Menard, of Barford, has moved into Mr. Chouin-

attention and it will be some weeks before he will be able to make much use of it. The accident occurred on Ascension Day.

THE AXE SLIPPED
Mr. Willie Buchanan who works for Taylor's Mill had a painful accident yesterday when he cut his foot quite deeply with an axe which slipped while he was using it. It was thought at first that he was seriously hurt as the wound bled profusely, but upon being examined by Dr. Smith it was found that though painful it was not serious.

WET SETS BACK VEGETATION
The continued wet and cold weather has set back vegetation to quite an extent in this district. It was hoped that after the good start the trees and grass got a short time ago that we would have an early spring, and thus get in a good crop that would mature early so that it could be marketed when it is most needed in good season, but Old Probs took a hand in the game and caused a set back. Winter seems to wish to linger a little longer in the lap of spring as the past few days have made the people go down and investigate the wood pile for the furnace, a thing that pater familias had thought was a thing of the past for 1914-15. The moon does not show that we may expect much of a change for a few days at least. If there is not a change soon it will mean quite a set back to the hay crop as well as to the seeds that have already been planted. There was snow here a few days ago and quite a heavy frost during Friday night, which, it is feared, has done damage to the plum trees in the neighborhood.

Notwithstanding the threatening
weather on Saturday evening, the
Town Hall was very well filled with
an appreciative audience to listen to
the talented reader, Miss Elinor Bar-
nard Danforth, of Portland, Me.,
and Miss Ethel Caswell, vocalist,
from Montreal. The stage was well
backed with potted plants, and for a
bright background the grand old Union
Jack was gracefully draped across
the west end of the building. The
programme called for eight numbers
and was thoroughly enjoyed. The
last number was very pretty, when
Miss Danforth in the dainty costume
of the ladies in bygone days, danced
the stately minuet. Proceeds of the
evening amounted to \$18.75, for the
Red Cross fund.

The programme was as follows:
Mother Macree, vocal solo, Miss
Caswell; Her First Call on the But-
cher, a monologue, Miss Danforth;

WHAT IS DOING
IN GRANBY TOWN

Report That U. S. Rubber Co.
Has Purchased Property of
Defunct Walpole Co.

TWO GRANBY MEN WRITE THAT
THEY WERE LEAVING SHORN-
CLIFFE FOR THE FIRING
LINE.

Granby, May 18.—(Special)—Mr.
Reider of Montreal, Manager of the
Consolidated Rubber Companies, was
in town during the week-end, and in
company with Mr. J. H. McKechnie,
President, paid a visit to the old
Granby Rubber works. They also
visited the local factory of the Wal-
pole Rubber Company. It is stated
on good authority that the United
States Rubber Co. has bought the
property of the defunct Walpole Rub-
ber Co. The last word that the lo-
cal shareholders of the Walpole re-
ceived was that although the credi-
tors of the Company had bid in the
property for \$780,000, the amount of
their claims, they were willing the
stockholders should take the property
upon payment of this amount. If
the United States Rubber Co. has
paid off the creditors and taken over
the assets of the company, it is
doubtful if the local stockholders get
anything out of the wreck.

W. C. T. U. MEETING.

At the Annual Meeting of the W. C.
T. U. held at the home of Mrs. D. H.
Kittridge, the following officers were
elected for the ensuing year—Presi-

animously requested by the Quarter-

other year, where his work is much
appreciated.

The Trade License Bye-Law comes
into force June 1st. If the price is
not forthcoming on or before that date
a fine of double the amount of the
license fee will be exacted, or in de-
fault, fifteen days in jail. So it is
enacted.

GRANBY MEN ON FIRING LINE.

Letters received from Willie Char-
tier and Cecil Meyer, which were
dated April 30, saying they were
leaving Shorncliffe that day for
France and would be on the firing
line by the time that their letters
reached their destination.

WILL FURNISH HOSPITAL BED.

The proceeds of the I.M.N.W. whist
and dance was \$78.55; expenses
\$14.10, giving a net balance for the
Guild of \$64.45. The various com-
mittees expressed their appreciation
to those who assisted in this good
work. Particulars of the project of
buying and furnishing a bed in one
of the Canadian hospitals in Eng-
land will be given later.

SHARP FROST FOR TWO NIGHTS.

There was frost on Friday and Sat-
urday nights. In some localities in
the village ice formed on the water.
Doubtless this will injure the blo-
soms of small fruits, although it is
generally thought that the apple
crop will not be affected by the cold
weather.

NOTES.

Miss Helen Lawrence of West Fells
was in town the guest of friends.
Mr. E. E. Gleason is confined to
the house through illness.

be advantageous to Canada.

Instead of bringing over laborers in great numbers from the British Isles who are not familiar with the country, or its conditions, an endeavor is made to reach the unemployed of the Dominion. An advertisement is inserted in the Montreal papers, which attracts men out of work, many of whom are industrious and respectable, but have fallen upon hard times, and have drifted to the city. After an interview, with searching questions, there is little difficulty in placing them often accompanied by their families, who also prove helpful on a farm.

If able they pay their own fare to their destination; if not, the sum is advanced to be repaid later. It really seems as if this method was at least a partial solution of the great question of the unemployed and what is to be done with them, and it certainly commends itself to all thoughtful people.

EXPLOSION ON WELLINGTON STREET.

The fire brigade was called to the 15 Cent Store on Wellington street, yesterday afternoon, occupied by F. W. Woolworth & Co. An explosion occurred in the basement and the top of the furnace was blown up. No damage was done to the stock or building, except very slight damage by smoke.

WHAT FOLLOWS EUROPE'S WAR

WAR NOW RAGING IS GREATER THAN ANY WAR, BUT IS NOT ARMAGEDDON.

Evangelist M. O. Dingman of the Seventh Day Adventist Church, in an address on Sunday evening, spoke on the subject "What Follows Europe's War," and said in part:

"The war now raging in Europe is greater than any war of the past, but it is not Armageddon. This is a general European war, but Armageddon will be a 'whole world' war, centering around Syria and Palestine, the near East, where Armageddon is located."

"As a prelude to Armageddon, the Turks, holding the Mohammedan religion, may be expected to establish their temporary seat of Government at Jerusalem. Then, no longer supported by European nations, that empire will come to its end, with none to help it.—Dan. 11:44, 45. The overthrow of the Ottoman Empire, the power ruling by the Euphrates, (Rev. 16:12) is to prepare the way of the 'kings of the East' to come up to Armageddon, the final clash of nations. But the picture of the prophecy suggests the mixing of religious and political elements in the controversies that lead on to Armageddon. The Papacy may be expected to regain great power over the kings of the earth, and sit a queen in the religious-political world. Rev. 17:13. This Romeward tendency is already manifesting itself. Protestantism also has a tendency to adopt the principles of church and state union, making use of civil measures to promote religious observances. Thus the united cry of these will be 'Christ enthroned as king of the world. His law to go forth from Zion and His word from Jerusalem.'"

"As by military alliances, the nations prepared for the great European conflict, so, by religious confederacies, against which the Bible bears warning, the forces of religion will act their part in the closing drama pictured in the prophecy as centering round Jerusalem and the near East. "The European war demonstrates the rapidity with which Armageddon, which embraces all nations (Joel 3:2, Rev. 16:14), will break over the whole world. In the midst of the Armageddon conflict, Christ will come from Heaven, and deliver His people, and destroy those engaged in the Armageddon battle. Joel 3:11-17; Dan. 12:1."

"This Armageddon warfare, which professes to enthroned Christ as temporal king, will be anti-Christian. 2 Thes. 2:12. Christ and His army in Heaven will be arrayed against it. Rev. 19:11-21. He will destroy by the brightness of His second advent, all engaged in the conflict, who have not already slaughtered one another. 2 Thes. 1:7-10; Zech. 14:1-3; Jer. 25: 31-33. Not a living man of those marshalled in the roll-call of war will escape. Jer. 4:19-25. And every city in the world will be broken and desolated. Jer. 4:26; Rev. 16:19."

"Not a child of God will be slain during the Armageddon conflict. As the conflict begins under the sixth plague (Rev. 16:12), which is after the close of the probation, the martyrdom of saints would no longer result in a harvest of sinners saved; hence no Christian will suffer death at that time, but every one will be delivered. Dan. 12:1."

"The saints who are delivered at that time of the battle of Armageddon are taken to the heavenly Jerusalem, which Christ went to prepare for them nineteen hundred years ago. John 14:1-3; 1 Thes. 4:15-17. Then begins the millennial reign of Christ over His delivered people in the new Jerusalem. Rev. 20:1-4. At the close of the thousand years' reign of peace in heaven, the heavenly Jerusalem comes down, and is located on this earth. Rev. 21:1-4. All the wicked dead will then be resurrected and come up around the new Jerusalem, where after and final destruction is visited upon them. Rev. 20:7-15. "All sin and sorrow will be forever swept away, and unalloyed peace and fearless joy will be the heritage of the children of God throughout eternity. From that day forth, Christ, the Prince of Peace, will reign as King over all the earth. Then 'He maketh wars to cease unto the end of the earth.' (Ps. 46:9), and there will be no more war. 14:11."

MARRIAGES

SPANSWICK — GRAHAM.
A pretty wedding was solemnized at St. George's Church, Lennoxville, last evening, when Miss Elsie Graham, formerly of Ste. Anne de Bellevue, was married to Mr. Walter Spanswick, of Sherbrooke.

The ceremony was performed by the Rev. F. G. Vial, M.A., B.D., of Bishop's College, Lennoxville, and was witnessed by quite a number of interested spectators. The bride, who was given away by Mr. Albert Crossley, wore a gown of white voile, with long tulle veil, and wreath of orange blossoms. She carried a pretty bouquet of white roses. She was attended by her sister, Miss Hannah Graham, of Sawyerville, whose dress was of white net over silk with pink sash and black hat, trimmed with daisies. Her bouquet was of pink carnations.

The best man was Mr. Sydney Spanswick, brother of the groom. The bridal music from Lohengrin, was played by the organist as the party entered the church the 'Wedding March' (Mendelssohn) rendered after the ceremony.

The evening was spent at the home of Mr. and Mrs. Sydney Spanswick, Queen street, Sherbrooke, where the hours passed pleasantly in music, singing and dancing, and the wedding supper was served, the table being decorated with roses and carnations. Among the friends present were Mr. and Mrs. Albert Crossley, Miss E. Kelshaw, Mr. Albert Walker, and Mr. Hardy.

The young couple left to spend their honeymoon at Ste. Anne de Bellevue, where the bride's parents live, and will also visit other friends before returning to Sherbrooke where they intend to reside.

Ford Motor Oil

Much of the engine trouble is caused by an inferior quality of Oil and in the long run a cheap Oil is the most expensive, not only from the damage it entails, but by the amount of extra labor and annoyance.

Careful preparation of Ford Motor Oil has succeeded in eliminating all carbonizing factors. This oil will preserve cylinders and pistons, leaving them clean and bright after long, fast runs, day in and day out. It will not soot the Spark Plugs or Valves. It films the cylinders and obviates all possibility of abrasive contact with piston and cylinder walls. This kind of lubrication means minimum wear.

It keeps cylinders cool with the most economical adjustment of flow.

This Oil has been refined specially for users who appreciate the economy of using only a strictly high grade Oil.

The Shape of the Can Fits Under the Seat of Ford Touring Cars.

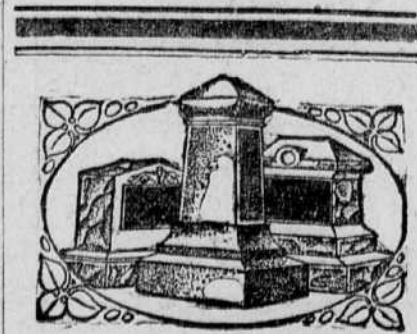

One Gallon Cans (Imperial measure) each 75c.

We also supply Ford Motor Oil in five gallon cans, barrels and half-barrels.

How a Little Oil does help

Not only on machinery, but in lubricating one's associations with our fellow men! Just a little complement or a few pleasant words serve as lubricating oil that often makes some one's machinery run more smoothly all day long. We know some people who go through the world without ever using any oil. This recalls a story—a gentleman was being shown through a club. He was shown the picture of the president of the club. The host remarked "That picture is painted in oil." "How appropriate," answered the guest.

MONTREAL LIVE

STOCK MARKET

CATTLE PRICES EASIER, BUT

HOGS WERE FIRM.

Montreal, May 18.—Yesterday's live

stock market showed an increase in the

offerings of butcher cattle, and while

there were no particular changes in

prices, there was an easy undertone to

the market owing to the heavy receipts

on the Toronto market. Packers' buyers

were buying on the latter market after

the decline made there, and advices re-

ceived here by some of the Montreal

houses caused them to hold off in buy-

ing on the local market until late in the

day unless prices were cut 25 cents cwt.

The quality of cattle on the local mar-

ket was comparatively good, but it was

hard getting top prices for them.

Quite a few early lambs are now com-

ing forward and meeting with a ready

sale from all buyers. The market is

steady.

Hog prices are very firm, with a few

lots bringing 25 cents cwt. over last

week's prices.

CITY NEWS

Miss Gladys Hudson, of Richmond,

visited her cousin, Miss Jean Gau-

thier for the week end.

Mrs. F. H. Bradley spent the week-end in Montreal, where she was soloist at the Stanley Presbyterian Church, singing "Rejoice Greatly," from "The Messiah" at the evening service. The music for the day was of a special nature, as it was the last Sunday upon which Mr. E. F. Waterhouse was to act as choir director, and the choir sang remarkably well, giving evidence of thorough training.

Mr. Waterhouse, long a resident of Sherbrooke, has a large circle of friends here, who know how capable he is in this direction, in fact is a musician, though he has not made it a profession.

GROCERS' CO-OPERATIVE DELIVERY SYSTEM

At the adjourned meeting of grocers at the Magog House last evening it was unanimously decided to adopt the co-operative delivery system in Sherbrooke provided all the grocers could be induced to join. To accomplish this task a committee composed of Messrs. D. W. Stenson, E. May, W. B. Murray, A. Olivier, and A. Lacouture was appointed to interview the different grocers personally during the course of the week. Upon the report of this committee if favorable, it was decided to send a representative of the merchants, with Mr. E. E. McCone, the organizer, to St. Thomas, Ont., to investigate the system more thoroughly and upon their return the final meeting will be held.

SHERBROOKE COUNTY SHEEP BREEDERS' ASSN.

The directors of the Sherbrooke County Sheep Breeders' Association have decided to have the wool graded on Thursday and Friday, May 20 and 21. The wool will be graded at Lennoxville in the old Preparatory School gymnasium which has been recently purchased by Mr. Walter Reed.

All those wishing to sell their wool through the association will have to bring it to Lennoxville on one of the above-mentioned dates.

Anyone who has not yet received a wool sack may have it by applying to the Secretary.

An expert wool grader has been supplied by McDonald College. The hearty co-operation of every farmer is requested.

Any further information may be obtained from Mr. W. G. MacDougall, Secy.-Treas., Lennoxville.

F. C. SUTHERLAND, M. A., FORMERLY OF RICHMOND

Mr. Francis Sutherland, son of Mr. and Mrs. J. C. Sutherland, 166 Maple Avenue, Quebec, received the degree of M.A., at McGill convocation on Wednesday afternoon, and his testimonials in theology at the Diocesan Theological College convocation on Wednesday evening. At the latter, he received the Renouf Prize for Pastoral Theology, and one-half the Robert Renouf prize for rendering the Church service (shared with G. J. McCormack, B.A.). Mr. F. C. Sutherland took his B. A. degree in 1910, and after two years as an Academy principal entered the Montreal Diocesan College, completing his course this month. In July he leaves for the diocese of Athabasca in Northern Alberta, where he will be ordained by Bishop Robins, and where he takes up missionary work. He was born at Richmond and received his earlier education at St. Francis College High School.

Windsor Mills, May 18.—(Special)—Windsor Mills opened the season

LETTERS FROM E. T. SOLDIERS WITH OVERSEAS CONTINGENT

WOUNDED AT NEUVE CHAPELLE.
Farnam's Corner, May 18—(Special)—The following censored letter, bearing date of April 15, was received by Mrs. D. H. Ingalls on the 18th, from Clifford E. Perry.
Dear Mrs. Ingalls and Friends:—
I received your parcels containing the lovely and dear presents, which I appreciate very much. I'm sure it was very kind of you. I have been slightly wounded and am now at the base but expect to rejoin my regiment in a few days.
I'm very sorry there are not more of our boys out here, doing their duty for the old country. Where is Delbert? The last I heard from him he was in Boston.
I was in the last heavy British engagement at Neuve Chapelle which you no doubt heard of, and that's what got me here.
I hope it won't be many weeks before I may join my dear friends, I remain, sincerely, etc.

GUNS ROARING LIKE A THUNDERSTORM—SHELLS WHISTLE LIKE AN EXPRESS TRAIN

Read's Crossing, May 18—(Special)—Mrs. Eugene Bean has received another letter from her son, Delbert, written on April 21st from "somewhere in Belgium" in which he says: "You don't know how pleased I was to get so many letters from you all at once. I got seven letters last night after I had gone to bed, but I got up and read them by the candle-light. Tell the children to write to me, for letters are precious out here. I have seen Ben and Kay. They are looking fine. I am having a great time riding a wheel around the country. We travel thirty or forty miles a day, so I have a good chance to see them. This morning a German aeroplane flew over our billet and dropped two bombs, however they did no damage. One struck a road about one hundred yards from our barn, and the other was still farther off. We can hear the guns roaring all the time. It sounds like a big thunderstorm back home. Last night the Germans were shelling a little village about a quarter of a mile to the left of us; when the shells burst you can hear them coming and they whistle like an express train. Say, I wish you would send me some paper envelopes and pencil. I am all out and don't know where I can get any. I have not got the sugar you sent but expect to get it soon. I have been on guard for twenty-four hours. Now don't worry, for I am O. K. I will close with lots of love to all, from Delbert."
The Rav mentioned is Rav Hodges, who died a day or two after this letter was written, from the effects of poisonous gas.

CAVALRY FIGHTING IN TRENCHES LIKE INFANTRY
The following is in part a letter

received from W. E. Long by relatives in this city. Mr. Long went in an ambulance corps with the first contingent and has been on the firing line since March 1st.

France, April 15, 1915
"We are enjoying ourselves as much as it is possible under the conditions. We move from village to village quite often and see all the country. We have had the first fine weather this week that we have had since we left Quebec. I have just gotten my new uniform and I was certainly in need of it, for my old one was in very bad condition.
"The people here wear funny wooden shoes called sabots just like the pictures of Dutch you see sometimes. The peasants or farmers are also funny to see as they work their farms altogether different and they drive their horses with only one rein and no shafts on the harness.
"We sleep in all kinds of places, it would seem rather funny to sleep in a bed now. Just now we are in a garret of a school or nursery of some kind. The Germans were here for five days at one time.
"The Indian troops are a fine looking body of men. We see some of them sometimes. The Bishop of London addressed the Canadian troops last Friday, also Canon Scott, of Quebec. We have no use here for mounted men as nearly all the British cavalry are fighting in the trenches like infantry. So far we have had few losses in the first, and trust to luck to have few in the future, although we have had an active time of it here for the last week. One bomb dropped 50 yards away from us while we were eating breakfast, but it was only an early morning call. We enjoy watching the aeroplanes over us having a fight and the guns firing on them.
"I received the cake you sent me for Christmas within sound of the big guns in France after a long chase. It came in fine as we had just landed at our billets the night before, and had not very much to eat after being 48 hours in a box car. So it tasted kind of good, although it didn't last long as everyone who gets a parcel here, the boys have to know what is in it, and they all wish you could send another as we don't see many out here.
"I understand that most of the Sherbrooke fellows are still in barracks at Tidworth, as the only one I have seen was Fred Avery who is with the engineers.
"I should like some papers if you would care to send them, we are always glad to get mail although we have not time to write very often. It makes you feel you are not so far away. We are not allowed to send post cards of France, but if I come back I will bring plenty.
"Well, it is time to get my bread and cheese, sometimes we get hard tack, so good luck and hoping to see you all sometime if I come through."

MEMORIAL FOR HATLEY SOLDIER

Large Attendance at Service in Memory of Late Pte. R. S. Hodges

TWO BEDS WILL BE INSTALLED IN CANADIAN HOSPITAL IN REMEMBRANCE OF YOUNG HERO WHO FELL AT FRONT.

Hatley, May 18.—(Special)—A crowd estimated at nearly 450 filled every corner of the Methodist Church, Hatley, and overflowed on to the lawn, at the memorial service held in memory of the late Pte. R. S. Hodges. It was probably the greatest crowd ever seen there, and as a tribute of honor and respect to the soldier-hero and the parents could not be excelled. The Anglican Church joined in the service, the Rev. I. N. Kerr, assisting. Music was provided by a mixed quartette. Col. Hanson and Major Akhurst, with a section of the Standard Dragoons, attended in uniform. The young men of the community were grouped in a body. The Rev. I. N. Kerr briefly addressed the audience, laying stress on the fact that achievement, and not length of years, was the test of a successful life. The late Pte. Hodges, in giving his life, had sealed with the supreme sacrifice his devotion to his country. A unique feature of the service, and one that might well be copied, was the taking of a collection for the establishment of a memorial bed in the Canadian Hospital at Cliveden, London, to be called the Hatley Bed, in memory of Ray Bowen Hodges. Over \$75 was placed on the plates, and more was promised, sufficient to provide two beds in honor of our soldier-hero. "He, being dead, yet speaketh."

The Rev. F. Williams preached the sermon, and the great audience filled out to the playing of the Dead March in Saul, concluding a service that for impressiveness has not been surpassed in our village, and that will linger long in the memories of those who took part in it. "Greater love hath no man than this, that a man lay down his life for his friend."

ADVOCATES NEW SITE FOR HOSPITAL.
Ald. Denault hoped that before long another site would be found for the Civic hospital.

USE PRESENT SITE FOR PARK.
Ald. Denault further complained of the refuse from the hospital running through the city's sewers. The present site would be good for a park, and he expressed the hope that Mr. Sangster would be persuaded to give a little of his land as well to enlarge the site for a park.

The next meeting takes place on May 25th.

CRIMINAL COURT AT WATERLOO

BOY DESERTED BY FATHER AND NEGLECTED BY MOTHER, SENT TO HOME FARM AT SHAWBRIDGE.

Waterloo, May 18.—(Special)—Judge Mulvren held term of the Criminal Court here yesterday.

The only case was that concerning a boy named Arthur Williams, aged 10 years, whom the Court committed to the Home Farm at Shawbridge for three years on the grounds that he was without wholesome control and was leading an idle and vagrant life.

Several witnesses were examined. The evidence established that the boy's father had deserted him and proof was adduced to show that he had been neglected by his mother, and that it would be in his interests to have him placed in a comfortable home.

Rev. W. C. Sunbury stated he did not consider the mother fit to bring up the child as she had sent him out begging, and he thought he should be removed from her control.

Under a recent amendment to the provincial statutes, children who are orphaned or who have been neglected, or whose condition would be materially benefited by being sent to juvenile homes, can now be sent to these institutions.

KINGSEY FALLS

Mr. W. Sells called to Richmond to see Mr. James Hastings who is very ill; Mrs. Wm. Kennedy home from Danville, after the week with her daughter, Mrs. Ed. Morrill; Mr. W.W. Ross, wheelwright, to St. Camille, where he has accepted a position; Mrs. F. B. Chassey and daughter, Rita, of Danville, calling on friends.

FIGHTING IN THE DARDANELLES CONTINUES VIGOROUSLY WITH HEAVY LOSSES

Athens, May 18.—Fighting in the Dardanelles continues vigorously, and the losses on both sides are probably very heavy. The Allied forces are concentrating their efforts on the capture of two heights that overlook the approaches to the Narrows. The Turks are offering desperate resistance, but the steady advance of the Allies under terrible fire from their ships are said to be weakening the morale of the Ottoman troops and their confidence in their German preceptors.
According to authentic news from Constantinople, numerous arrests are being effected in influential Old Turk circles for complicity in the recently discovered Armenian plot. The Turkish press asserts that this plot was hatched abroad by Cherif Pasha, Ismail Bey and other enemies of the Young Turk party. According to this source, it was intended to assassinate Enver Pasha and Talaat Bey as soon as the Allies succeeded in forcing the Dardanelles and to conclude an immediate peace with the Entente Powers. Arms, bombs and incriminating documents are said to have been discovered by the police in many Turkish and Armenian houses. The ministers, fearing assassination, do not venture out except in motor cars strongly guarded by cavalry.

SIGNS THAT GERMANS HAVE REACHED LIMIT OF THEIR REINFORCEMENTS

London, Tuesday, May 18.—A dispatch to the London Morning Post from the North of France says:—
"There are signs that the Germans have reached the limits of their available reinforcements. The extraordinarily heavy losses which they recently suffered (they are said to have a casualty list of 150,000) in connection with the last battle of Ypres (alone), have upset all their plans for a renewed onslaught.
"Meanwhile there is a tremendous artillery action in progress, and there is no longer any doubt that the Allies are obtaining the master over the German gunners. As regards the French advance on Lens, there is reason to believe that General Joffre, in his most conservative in-

his official statements of the advance claimed.
The readjustment of the British line north of Ypres has proved of great advantage to the British and their allies. It has given the British a much sounder base and has rendered any offensive movement by the Germans so costly to them that they have practically ceased to attempt since.
"Notwithstanding the difficulties that the Yser presents because the German right bank is considerably higher than the Franco-Belgian left bank, the river has been crossed at various points, and the enemy's positions have been carried at the point of the bayonet. All along the front, in a word, the continuous blows dealt by the Allies are visibly producing an effect now."

MISSANABIE CHASED BY SUBMARINE

PASSENGERS HAD THRILLING EXPERIENCE WHEN PASSING THROUGH ST. GEORGE'S CHANNEL.

Quebec, May 18.—The C.P.R. liner Missanabie, which arrived here Sunday and is now in Montreal, had a thrilling experience on her way out last trip. According to passengers, a German submarine was sighted just as the vessel was passing through St. George's Channel, a few miles from the scene of the Lusitania disaster.
The periscope of the attacker was plainly visible, and people thronged the decks to watch it. The vessel continued her way at full speed, zig-zagging as she went, and so escaped the danger.
When passing the scene of the sinking of the Lusitania, a few hours after the occurrence, floating wreckage and here and there a body were clearly visible, but according to Admiralty instructions the Missanabie kept right ahead.

KAISER PRAISES MAILED FIST

IT IS THE MEANS TO ASSURE FUTURE OF THE FATHERLAND, HE SAYS.

Berlin, May 17, via Amsterdam to London, May 18.—In reply to a message of loyalty from the City of Aachen (Aix-la-Chapelle) the German Emperor has sent the following telegram:—
"With envy and jealousy our enemies strive to destroy Germany, the German people and the triumphant progress of German civilization. It is now not our business to look backwards and think gratefully of the past, but to meet the blows of the enemy with a resolute will and assure the future of the Fatherland with the mailed fist.
"The heroism and self-sacrifice of our people, which have already gained such wonderful success in a war forced on us by guarantees, next to God's grace, for the overcoming of the heaviest affliction that ever befallen Germany."

ADDITIONS TO SENATE OF CANADA

AMENDMENT TO BRITISH NORTH AMERICA ACT PASSED THE BRITISH HOUSE OF COMMONS.

London, May 18.—The British North America Act, which is designed to amend the original Constitution of Canada by the addition of nine members to the Senate, representing the western provinces of Manitoba, Alberta, Saskatchewan and British Columbia, was passed through all its stages in the House of Commons last night and sent up to the Lords.

In moving the second reading, Hon. Mr. Harcourt stated that the bill came to the Imperial Parliament with the unanimous approval of all parties in Canada, and he expressed the hope it might receive the royal assent before the Whitsuntide recess. The present strengthening of the senatorial representation was due to the great developments of industry and population in the western provinces since the act of 1867.

Expert constructor at Navy Department is quoted as estimating that at least 50 submarines of the K and L type now being used in navy could be turned out of American yards within eight months, and that thereafter American plants could launch them at rate of 100 every six months.

PATRIOTIC WORK IN SHERBROOKE

Sherbrooke Branch Has Furnished More Hospital Beds Than Any Other Branch in Province

CONSIDERABLE BUSINESS TRANSACTED AT WEEKLY MEETING OF THE PATRIOTIC ASSOCIATION.

The following extract from a Toronto paper may well be taken to heart just now:—
"In the meantime it is the privilege and the duty of every truly loyal Canadian the social privilege and the Christian duty, so to share the burdens which press upon their neighbors of German parentage that through this fellowship of suffering

there may come the deeper unity of true Canadian citizenship. Canadians who boast their Anglo-Saxon heritage should remember that they, too, have sprung from the Teutonic stock that grew in the forests of Germany. Canadians of more ancient Celtic strain will deny the blood of their fathers if in this present distress they are ungenerous to their German neighbours."

Service And Honour Are The Things Worth While.

Dr. Ross.

At the weekly meeting of the Patriotic Association Mrs. Bowen was in the chair, and called for the various reports of the branches.

The treasurer, Mrs. Craig, moved, seconded by Mrs. Parmelee, that \$10.00 be handed to the I. O. D. E. for the Tobacco Fund. This motion was unanimously carried.

The subject of the Patriotic meeting was discussed and all preliminary arrangements completed. Mrs. T. E. Reid, Mrs. Parmelee and Mrs. Bissell were appointed a committee to attend to the decoration of the theatre, on motion of Mrs. Fraser, seconded by Mrs. Walsh.

A letter was read by the Secretary from Mr. Alex. B. Howell, Secretary of the Patriotic Speakers' League, in regard to the speakers for the meeting, which proved very satisfactory.

Mrs. Morkill reported that rehearsals for the play to be given early in June were progressing well, and there was every prospect of success.

Mrs. Walsh, Convenor of the Belgian Relief, stated that the sum of \$50.00 had been sent to the Headquarters of the Relief Fund in Montreal.

The Red Cross Branch report was to the effect that a large shipment of hospital supplies had been sent to their destination last week and a quantity of gauze, sponges, dressings, etc., had since been sent in from the Red Cross Circles for the next shipment.

The President emphasized the necessity of handing to the Patriotic Editor all reports as early as possible, in order to facilitate her work. The meeting then adjourned.

BISHOP WILLIAMS AT WINDSOR MILLS

HELD CONFIRMATION SERVICES
AND PAID HIGH TRIBUTE TO
THE VALOR OF CANADIAN SOLDIERS

Windsor Mills, May 18—(Special)—On Sunday morning the Right Rev. Lord Bishop Lennox Williams of Quebec presided at the morning service at Christ Church, Brompton, and after the sermon celebrated Holy Communion. There was a very large congregation present the Rev. P.G. Eys, the Vicar, read the prayers and assisted at the Communion service. The Bishop read the lessons. After giving out his text, Luke 24, verse 50, the Bishop said he wished to say how pleased he was to meet the congregation and felt it was an honor to be in their church, which his father, the late Bishop, consecrated so many years ago. He said he was anxious to make the acquaintance of the members of every church in the Diocese, but that was almost impossible.

In the evening the Bishop preached and held a Confirmation service in St. George's Church, Windsor. The Church was crowded and many were unable to get inside. The Vicar, Rev. P. G. Eys, read the prayers and Mr. Bowen read the lessons. The Bishop afterwards giving out his text, Joshua 1st Chapter and part of the last verse said that before going on with the sermon he was anxious to say a few words to fully explain the object of the offertory of the day, which was for the Canadian Church Home Missions, and briefly showed the great need there was for continued activity on the part of the church especially in the Northwest. He said the Church in Windsor in the past had always done their share and he felt sure now that there was a greater need than ever for their help they would nobly respond to the call. The sermon was more particularly addressed to the candidates for Confirmation, and the Bishop clearly defined the difference between physical courage and moral courage, and paid a very high tribute to the Canadian soldiers, who had fought so bravely, giving up their lives for their country, and said also that they had moral courage to help them, knowing that they were fighting not only for the preservation of the Empire but also for truth, justice and righteousness.
