CAPT. BERNIER RETURNS IN BEST OF SPIRITS

Expects to Reach Quebec on Tuesday at Noon
After Fully Accomplishing His
Mission.

MUST FIRST REPORT TO MINISTER

(Special to the Chronicle.)
Father Point, Que., Oct. 3.—The
C.G.S. Arctic passed Father Point,
toward bound, at 7.30 p.m. to-day.
Her pilot from here to Quebec is Mr.
Isidore Noel.

Captain Bernier is in the best of
spirits, the picture of health, and says
he is as well as ever and that he has
toughened considerably. He sends
his best greetings to the gentlemen of
the press, and says that he would
be most pleased to give them all the
news they want, but that his duty
enforces silence until he has made his
report to the Hon. Mr. Brodeur, the

Minister who commissioned him with
the voyage.

He has succeeded in carrying out the
mission confided to him, has covered
24,000 miles since he left Quebec with-
out the slightest accident, and the
Arctic looks as spry and span as
when she passed out on her mission
last year.

Professors Weeks, Jackson, Dr. Bol-
duc and all are also in the best of
health. The Captain says he killed
several thousand pounds of musk
oxen, which provided them with more
fresh meat than they required. He
expects to reach Quebec Tuesday
about noon.

SHOCKING TRAGEDY OF FAR NORTH

Cannibalism of a Starving Eskimo—
Wreck of a Dundee
Whaler.

St. John's, Nfld., Oct. 3.—Tragedy in
the icy wastes of the Far North
formed the burden of the news brought
to this port to-day by the Hudson
Bay Company's steamer Adventure,
which arrived with the crew of the
lost Dundee whaler Paradox, and the
story of an Eskimo, who, driven to
cannibalism by starvation, ate his
child, and shooting several neighbors
who attempted summary punishment,
fled into the trackless wilderness of
ice.

The Paradox, one of the fleet of
Dundee whalers, met the fate of her
companions, Snow Dron, when she
was crushed in the merciless jaws of
the ice flows off Baffin Land, early
in August, a year ago. The crew, with
scanty provisions, made their perilous
way over the broken ice towards the
mainland and were picked up by the
Hudson Bay Company's steamer Pel-
ican, which took them to Fort
Churchill, where they remained until
the arrival of the Adventure on her re-
gular fall trip.

The Hudson Bay mounted police re-
port, through dispatches brought by
the Adventure, the cannibalism of the
starving Eskimo. The man's fishing
season had been a failure and driven
mad by hunger he cut the throat of
one of his children and then ate the
little victim. When the man's neigh-
bors learned of the horrible crime they
attacked him according to the primi-
tive law of their race. The outcast
fled the shelter of his igloo and beat
off all assaults, shooting down several
of the attacking party and escaping
into the wilderness. Whether he finally
succeeded in reaching some remote
settlement where the news of his crime
had not reached or whether he suc-
cumbed to starvation is not known.

STIRRING SPEECHES WERE DELIVERED

Great Meeting at St. Jean Port Joli
Addressed by Messrs. Tellier,
Bourassa and Other Speakers

One of the greatest political demon-
strations ever held in the district was
that organized by the Opposition in
the present Legislature yesterday at
St. Jean Port Joli, County of L'Islet.
Not for many years has such enthu-
siasm been aroused at any political
meeting, and those in charge of the
arrangements must be highly con-
gratulated at the great success of the
entire proceedings.

Two engines with twelve first class
coaches left Levis promptly at 12.30
with over 300 excursionists from this
city and Levis and by the time the
special arrived at St. Jean Port Joli
the entire train was occupied to its
fullest capacity. Another special ran
from River du Loup with 350 ex-
cursionists desirous of attending the meet-
ing arrived shortly before the Levis
train.

These numbers augmented by the
large attendance from the surrounding
parishes, easily brought up the en-
thusiastic numbers present to over
4,500 people.

It was an ideal autumn day, cool
and pleasant, and suitable in every
way to the success of the great meet-
ing.

The trains arrived at St. Jean about
3 o'clock. A band escorted the prin-
cipal speakers to the platform spec-
ially built for the occasion.

It was a most gratifying and also a
most noticeable fact that continuous
and popular enthusiasm invariably
erected any mention of the names of
Tellier and Bourassa.

The meeting was admirably carried
out as regards the arrangements, sched-
ule of speakers and other details. Dr.
Paquet's opening address to the
electors was an exceptionally able and
forcible one, taking advantage of
the large number of voters present
from all over the country to thank
them for their continued support in
electing him as their representative at
Ottawa.

Mr. Armand Lavergne, who followed
Dr. Paquet, gave one of the best
speeches that has ever been heard on
a hustings. His clever references to
the members of the Government were
most amusing and kept his hearers in
continuous good humor throughout his
entire address. His charges against
the Government were very severe, and
particularly his specific charges against
Hon. Mr. Turgeon. This latter mat-
ter was thoroughly explained to his
immense audience, and he welcomed
any attempt on the part of the Gov-
ernment to take proceedings against
him under this specific charge.

In connection with the success of
this great meeting, and no one cast
any reflection on this fact, we must
most heartily congratulate Mr. D. O.
Taschereau, the energetic organizer of
the party in this district. Certainly
no little detail was omitted in making
this event so great a success, and the
effects of the gathering will be most
noticeable felt.

Upon the suggestion of Dr. Paquet,
M.P. for the county, Dr. Michel
Moreau, of L'Islet, was called upon to
reside and introduced the speakers.
It was 2.30 when Dr. Paquet opened
the meeting and after a few remarks
from the latter, who thanked Messrs.
Tellier, Bourassa, Prevost and La-
vergne for coming to L'Islet on a
political mission, the local representa-
tive for Montmagny was called upon
and began by referring to the occa-
sion, four years ago, when he came to
the county to fight Dr. Paquet, but
to-day he had to confess that he was
wrong in objecting to Dr. Paquet, who
has since proved himself to be one of
the most valiant fighters at Ottawa
for the rights of the electors of this
Province. To-day he was pleased to
be on a hustings with Dr. Paquet to
fight the battle of those who are fight-
ing for their rights and for justice.

Referring to the work of the Opposi-
tion last local session, Mr. Lavergne
stated that when Mr. Bourassa and
himself had abandoned the Federal
arena, it was to come to Quebec to
continue the fight they had begun in
Ottawa, for the rights of their coun-
trymen. Those who read Le Soleil
will have, like the Liberal organs, to
admit that something was doing last
session in the Provincial Legislature.
During over three months a handful
of Conservatives, Liberals and Na-
tionalists, imbued with patriotic ideas
for their Province, had sat opposite
Sir Lomer Gouin and his cabinet and
throughout the lengthy session of the
Legislature had opposed the bad mea-
sures introduced by the Government
and Le Soleil and La Vie, without
intending in any way to defend their
political friends, claimed that the Op-
position were only obstructionists.

The Colonization Department had
spent considerable money intended for
colonization purposes in Montmagny
and County of Quebec, and when the
Opposition protested against Hon. Mr.
Taschereau and Mr. Cyr. F. Delage
using Government money to help their
election, they were informed that they
were only in the House to obstruct
the sessional work. During an all
night sitting of the House one even-
ing last session Hon. Mr. Devlin had
spent the night trying to reply to the
arguments of the Opposition and it
was only at six o'clock next morning
when he gave in and informed the Op-
position that he would never again
give colonization money to Messrs.
Taschereau and Delage. The Liberal
organs, principally Le Soleil and La
Vie, protested against the Opposi-
tion tactics, but they had been paid
to carry on this mission against the
new party and the names of both par-
ties were frequently found in the pub-
lic accounts. The proprietor of La
Vie, Mr. Ulric Barthe, had printed a
book called "La Ruée des Avelles" for
the Government, which realized him a
clear profit of 33 per cent and be-
cause Mr. Bourassa had protested
against the action of the Government,
he was called an obstructionist. Be-

Since this Mr. Barthe had published a
book which was part of Parkman's
"Singe of Quebec" and sent in his
claim, which amounted to \$5,000. Now
Mr. Girard is an official in the Depart-
ment of Crown Lands and Coloniza-
tion and receives a salary of \$1,500 as
editor of Le Journal d'Agriculture,
but occasionally writes articles for
which he received \$50 an article. Now
Mr. Girard was not to be outdone by
Mr. Barthe and also made up his mind
to take a hand in writing books and
in the present year under the heading
"Province de Quebec" a volume of
253 pages, he Mr. Girard, had brought
forth a book which had in most parts
been stolen from other well known
Canadian writers. He had been paid
at the rate of \$5.75 a page, and this
did not include the printing nor bind-
ing, which was a separate account.
For the preparation of that volume
Mr. Girard had stolen 150 pages from
a book of Arthur Bois, 40 pages from
Mr. Eug. Remillard and 20 pages from
a work written by Mr. Magnan.

Mr. Girard, remarked the speaker,
not only stole these works from other
authors, but falsified some of the re-
ports in Bois's work. Mr. Girard had
also been sent to France to sell his
book and all his expenses were paid
by the Government. When the ques-
tion was brought up last session the
representatives of the people insisted
upon their right to have the matter
investigated, but Premier Gouin pro-
mised to have the matter attended to
immediately. Besides Mr. Girard, there
was a M. Fernand Dussault, who
received \$150 from the Government for
a new system of ventilation, but when
questioned on the floor of the House
regarding this expense incurred for
ventilators, Mr. Taschereau could only
find one in the Opposition room and
even then that was not a new venti-
lator, but only three holes bored in
the window sash.

Mr. Lavergne then took up a most
interesting case against Hon. Mr. Tur-
geon.

The facts of the case as related by
Mr. Lavergne are as follows: During
the month of January, 1907, Mr.
Cyrille Tessier, notary of this city, on
behalf of Mr. Etienne Dussault, wrote
to Hon. Mr. Turgeon, then Minister of
Crown Lands, offering to purchase
lots 552a and 553b, of the parish of
St. Roch Nord (Beauport beach) which
were given to the Quebec Har-
bor Commissioners in 1858 by the
Government of that period. This
grant to the Harbor Commissioners was
enforced by the present Govern-
ment in 1899, the Harbor Commis-
sioners to act in trust for the Crown.
Hon. Mr. Turgeon, through his de-
puty, informed Mr. Tessier that he
could not dispose of the property with-

STIRRING SPEECHES WERE DELIVERED

out the consent of the Harbor Commissioners. Mr. Tessier later on wrote another letter offering to purchase the property but only met with a similar refusal, and in the meantime Messrs. Turgeon and Dussault had several verbal communications, and on the 28th February, 1908, Mr. Tessier again renewed his offers which were finally accepted by Hon. Mr. Turgeon.

Now this land consists of 67 square acres consisting of 2,100,000 square feet of land which belonged to the Quebec Harbor Commissioners and not to the Government, but it did not prevent the Provincial Government issuing letters patent for the property to Mr. Dussault on the 13th day of January, 1909 and disposing of it for \$2,750. Two days after Mr. Turgeon resigned from the Provincial Cabinet, but on the 27th February, 1909, he bought from Mr. Dussault, 1/2 of lot 153 which had previously been sold to Dussault and also 1/2 of the two lots sold by the Government. The deed of sale was registered on 1st March, 1909 and Mr. Dussault died on 7th March.

In connection with this matter, Mr. Lavergne had accused Hon. Mr. Turgeon of malversation of office in Le Nationaliste and defied him to take action against him. He had even defied Premier Gouin to have him arrested, but like Messrs. Turgeon and Allard, the Premier had remained dumb.

In concluding his remarks, Mr. Lavergne remarked that the Opposition consisted of a few hard fighters, who were in the House to find out the truth and none of them were afraid of the jail even if they said that a certain minister of the Crown had sold property which did not belong to the Provincial Government so as to later on share in the spoils, if any. The member for Montserrat said a few words on colonization matters and remarked that although his utility bill had been adopted last session by the Legislative Assembly and killed by a trick of the Government before it reached the Upper House, still he was not discouraged and would again bring it up next session and every subsequent session until it was adopted.

Mr. Tessier, M.P.P., leader of the Opposition, followed and delivered a most eloquent address, reviewing the work done during last session by the Parliamentarians. He began by remarking that he was highly pleased to have the opportunity of visiting, for the first time, the electors of the County of L'Etete and adjoining counties, and spoke in eulogistic terms of the Federal members of the County, Dr. Paquet.

He was proud to see such an immense crowd before him as it proved that the electors of this province still took a keen interest in provincial matters. They had at that meeting representatives of all the political parties, Liberals, Conservatives and Nationalists who had clasped hands together to try and bring about an honest government who would work for the interest of this province.

There was no contrast between the different elements, composing the Opposition, but they were working together for one cause which was to place an honest administration at the head of the affairs of this province. Mr. Prevost had joined the Opposition to protest against the abuses of the present government which does not deserve public confidence. They called themselves a Liberal government but they were a despotic and retrograde administration. They had boasted that they were doing considerable work to help the settlers but in stating so they only deceived the public. The duties of the Opposition were not to embarrass the Government and those tasks were a more elevated and nobler ones. In fact, when the Government did a good action the Opposition always supported them but opposed them when they thought the Government was not acting as it should. This was the duty of a serious opposition.

The Opposition was fighting for the triumph of good principles and would fight corruption in all its forms. If the electors are free their representative in Parliament should also be allowed a free hand in the House and not be obliged to do this or that because his party requires him to do so. The Government had violated the rights of Parliament in placing in the hands of the Lieutenant Governor-in-Council the right of imposing certain taxes, which right belonged to Parliament alone. Moreover they had taken away from the Parliament the right of enquiring into matters relating to provincial revenue and last session when the Opposition protested against such a state of things, they were crushed by the solid ministerial backing.

Speaking of the pulpwood question, Mr. Tessier remarked that for years they had been asking the Government not to allow the export of pulpwood from Government lands, and it was only at the banquet given to Sir Lomer Gouin last spring that the Premier at last accepted the Opposition's programme and he (Mr. Tessier) congratulated the Premier on having done so.

The Government had also promised to take up the question of the abolishing of tollgates, and had during last session appointed three commissioners to study the advisability of abolishing these gates on bridges and country roads, but at the same time was granting privileges to certain companies to erect these barriers. In conclusion Mr. Tessier said: We sow the seed, hoping that it will grow and that the harvest will be rich and abundant for the Province of Quebec, which we love. (Long and prolonged cheering.)

Hon. Mr. Prevost was then introduced and made a very witty speech which was highly appreciated by the very large audience which paid particular attention to his remarks on colonization. Hon. Mr. Prevost knows a thing or two on this important question and yesterday devoted most of his time to the colonization relief of the present administration. He began his remarks by alluding to the present Opposition, which was com-

posed of independent men who would not be driven along at the master's command and added that no pact had ever been made between Messrs. Tessier, Bourassa and himself.

Mr. Prevost paid special attention to the colonization law passed last session by Hon. Mr. Caron, member for L'Etete, and claimed that it was a measure which would result in colonization for good. As regards colonization very few ministers or members of Parliament knew anything about it, their knowledge of that question was what they learnt on the floor of the House. Hon. Mr. Caron came in for some severe criticism from Mr. Prevost for having brought down the colonization bill and his remarks were frequently applauded. Mr. Prevost closed his remarks by stating that he was happy to march with an army composed of men such as Messrs. Bourassa and Lavergne and under such a chief as Mr. Tessier.

When Mr. Bourassa appeared on the platform darkness had set in and it was 5.45 when he began to address the meeting, which was even then as large as ever.

He began by remarking that what was wanted was an honest administration which will render an account to them of the money they spend. The duty of the people's representatives in Quebec was to develop the national domain, give lands to our children and give work to the workmen so as to prevent him seeking work in the United States or being forced to secure lands in other Provinces. He also criticized the pulpwood policy of the Government and referred to the fact that Sir Lomer Gouin, at the banquet tendered to him last spring at the Windsor Hotel, Montreal, had accepted the policy laid down years before by the Opposition. This is not the only thing he will accept, but he will have to accept the Nationalist policy on the pulpwood question, which six months ago he refused as not practicable.

Mr. Bourassa also criticized the colonization policy of the present administration, taking occasion to refer to the supposed independence of Hon. Mr. Caron, member for the county, who fathered the bill which deprived settlers of their rights. The Opposition did not administer the affairs of this Province as they should and when they fraudulently appropriated funds they should be treated like bank managers and others who are severely punished. When Parliament voted \$50,000 for agricultural societies that money should be spent for that object only and not take \$7,000 out of that amount to hand over to Le Canada of Montreal. This was a misappropriation of funds. When \$4,500 was voted by Parliament for the Montreal Veterinary School, that amount should have been spent there but instead only \$2,000 was handed to the school and the sum of \$1,300 again taken out of the amount and handed to Le Canada and because the Opposition objected, Le Soleil said that the members of the Opposition were fools and traitors. In conclusion Mr. Bourassa said: We come here to lay before you our ideas and it is for you to say whether or not you will accept them. The party spirit should not blind you in such a way as to forget your duties to your province. If you elect a churchwarden or a school commissioner and he does not do his duty, you will have him immediately removed and you should do the same with the administrators of the province. You should welcome with pleasure men of different parties who join hands together in trying to give to this province an honest administration.

Mr. Bourassa was given quite an ovation when he concluded his remarks, which had to be cut short owing to the lateness of the hour. The meeting broke up with cheers for the speakers, Dr. Paquet and the chairman of the meeting.

Bremen, Oct. 2.—The financial report of the North German Lloyd Steamship Company for the first six months of 1909 shows net earnings, less general expenses and interest charges, of \$1,250,000 as against losses for the corresponding period of 1908, amounting to \$1,750,000. The improvement of \$3,000,000 is due chiefly to the emigration of \$3,000,000 to the United States. The second half of 1909, up to the present time, shows equally good business.

SHOCKING DEATH
OF YOUNG MAN

Fell into Hold of Barge and was Covered with Pulpwood.

News comes from Escoumains, Co. of Saguenay, of a fatal and shocking accident whereby a young man named Almonzor Brassard, 19 years of age, met his death. It appears that a number of men were loading the barge Nadine, for the Saguenay Lumber Company, about 6.30 o'clock on Friday evening. On returning to work on Saturday morning, the workmen were shocked to find one of their companions, young Almonzor Brassard, buried under some pulpwood in the hold of the barge, terribly mangled and dead. How the accident happened is a mystery, as the man was not missed. He must have fallen into the hold without any one seeing him, and being stunned by the fall the pulpwood was thrown over him. An inquest will be held by Coroner Cote.

CONDUCTOR HAD NARROW ESCAPE.

The conductor on an up-town belt line car had a narrow escape from serious injury on St. Anne street last evening. While collecting fares he came in contact with one of the poles supporting the trolley wire and was thrown from the car. As he fell two men who were passing ran to his assistance and saved him from being dragged under the car. Although somewhat badly shaken up, he did not appear to be seriously hurt and was able to continue on with his car.

CONCERT THIS EVENING.

A grand concert in aid of St. Bridget's Asylum bazaar, will be given under the direction of the ladies of the Sacred Heart table in St. Patrick's Hall this (Monday) evening at eight o'clock. A first-class programme has been arranged for the occasion, and one suited to all musical tastes. Miss M. Fiet, one of Quebec's leading sopranos, will render the Cavatina from Verdi's grand opera of "Violetta." With such a musical treat in store, the St. Patrick's Hall should be crowded to the doors this evening. Go early to secure your seat, otherwise you may be disappointed.

EVA MYLOTT AT THE AUDITORIUM.

The long heralded Eva Mylott concert takes place this week. The announcement of the appearance in this city of this great singer has aroused so much interest in musical circles that a colossal success is expected. Miss Mylott's London, Paris and New York appearances have been most successful. Miss Mylott is now on an extended tour of America, and, through the energy of our local concert managers, she was induced to pay Quebec a visit, which favor will be much appreciated. Fortunately the management has been able to secure the permission to arrange a popular scale of prices to enable every lover of good music to benefit by the opportunity to hear the distinguished Australian contralto, and her assisting artists, Dr. Frederic Nicolai, Belgian cellist, and Miss Genevieve Maroney, the California pianist. Seats are now selling at the Auditorium box office, and a crowded house being assured for Wednesday evening, those who want good seats should secure them to-day.

IMPRESSIVE SCENES
AT ST. ANNE'S

Papal Delegate and Bishops of Plenary Council Were Present Yesterday.

There were imposing and impressive scenes at the shrine of Ste. Anne de Beaupre, yesterday, when His Excellency Mgr. Sharrett, the Papal Delegate, and the Fathers of the Plenary Council were present. The distinguished party left by special train at 8 a.m., being preceded by hundreds of people from Quebec.

The theologians and other members of the Council, who had gone to St. Anne's on Saturday evening, in order to prepare for the celebration of the mass yesterday, met the Bishops at the station and escorted them to the monastery of the Redemptorist Fathers, where the Bishops vested themselves, after which they proceeded in procession to the Basilica, amid the ringing of bells and chanting of psalms. An immense crowd of people had assembled, and the Basilica was filled to its utmost capacity.

Pontifical high mass was celebrated by His Grace Mgr. Emard, the ceremony being a grand one. Mgr. Labrecque, Bishop of Chicoutimi, preached in French and Rev. Father L. Lindsay in English.

At two o'clock there was veneration and procession of the relics on the grounds of the Basilica, after which the Fathers of the Council were acclaimed at the door of the church, after which there was Solemn Benediction.

The Papal Delegate and the Bishops returned to town in the evening, and last night there was another imposing service at the Basilica in Quebec.

THE PATH OF LOVE.

Miss Eva Mylott, the Australian Prima Donna, has aroused great enthusiasm in New York by her singing of the new song, "The Path of Love," which she will sing at the Auditorium on October 6th. The words of the song were written by a late resident of Quebec, Mr. George B. Marriott.

ST. PATRICK'S CHURCH.

On Thursday afternoon, 7th instant, at three o'clock, all the children of St. Patrick's parish will assemble in St. Patrick's church when they will be addressed by one of the Fathers of the Plenary Council. His Excellency Mgr. Sharrett will also be present.

At three o'clock on Sunday next the Papal Delegate and all the Fathers of the Plenary Council will visit the same church, one of whom will preach a sermon to the female portion of the parish. It is expected that the procession organized for Friday night last and which was postponed on account of the inclement weather, will then take place. A meeting of the men of the parish will be held in St. Patrick's School to-morrow (Tuesday) evening, at 8 o'clock, to make arrangements for same.

QUEBEC IS THE
TOURIST CENTRE

No Effort Should be Spared in Advertising Abroad its Many and Varied Attractions.

Quebec, Sept. 27, 1909.

To the Editor of the Chronicle:

Dear Sir--You are aware that the Joint Industrial Committee, which was organized two years ago, has issued a book about Quebec and its natural resources and advantages for the establishment of industries, which has been distributed throughout the United States, Great Britain and the Boards of Trade in all the cities of France and Germany. I have just received a letter from an American manufacturer, who was the recipient of one of these books, and you will do me a favor if you will kindly give it publication in your paper.

In my opinion this letter reflects the thoughts of a great many of our visitors, who love Quebec for its old associations, its historical romance of the founding of our country and its old landmarks which appeal so much to their cultivated mind and we should direct part of our energies toward preserving, to the old Quebec, its particular cachet of antiquity which is unique on this continent and which is one of the great attractions to the stranger.

The tourist question is paramount to Quebec, its historical past, its magnificent site, its upregalated panoramas seen from the Terrace and cliff tops and its beautiful surrounding country with all its sporting allurements are all so interesting to the tourist and is such a valuable asset to the city that no effort should be spared to cultivate and improve its natural advantages.

Two years ago there was a Business Men's League organized at the City Hall here, for the purpose of studying the better means of improving and advertising the city of Quebec. I regret very much that through indifference it did not meet with the necessary support to make it a success, notwithstanding the fact that the railway companies, the larger hotels, many of our prominent business houses and the Finance Committee had promised to subscribe important sums of money.

Can we not find in our city two hundred business men willing to invest \$5.00 a year to help improving their own business and make Quebec the bright spot of the tourists on this continent?

O. W. BEDARD.

Josiah Anstie & Co., Manufacturers of Hardware Specialties.

Rochester, N.Y., Sept. 15, 1909.

Alderman O. W. Bedard.

Quebec, Canada.

Dear Sir--I am obliged for the little book about Quebec and its natural advantages for industries, which gives interesting reading.

Quebec has always been a favorite place of mine. I have been there a great many times and I am like a great many people, I care for Quebec for its old associations, for its historical importance, more, I am afraid, than I do about its industrial importance, and there are many thousands that go to Quebec every year that are drawn there by the same motive that I have for going.

So while I would love to see Quebec grow up in commercial importance, I with the rest of these others, do hate to see from time to time, the old landmarks going. Don't you think it would be well to preserve every single one of those old places? I don't think you could make a better investment for the city in the future, than to keep up as nearly as possible in their original shape all the old historical houses and landmarks, the presence of which bring a great many people and a great many dollars to Quebec every summer.

Pardon my speaking about this, but so many of us have talked this over together when we have met that this chance is almost too good to be missed.

Yours truly,

JOSIAH ANSTIE.

LOYAL GIRL'S WEDDING

London, Oct. 1.--A touching little story of love's fidelity attached to the wedding of a gallant young soldier at St. Clement's, Barnsbury, on Wednesday.

The groom was Corpl. R. Death, A.S.C., and the bride Miss Nora German. The latter is the daughter of a well-to-do farmer in Bermuda.

The soldier was quartered there, and they fell in love with each other. When he was ordered home three years ago Miss German determined to come to England, too, and earn her living until her lover could get a permit to marry.

It was no light undertaking for a young woman who had never left her native island before, but she came here and got work. A bright, intelligent young woman, she soon secured a post as lady help, in which she supported herself until the long-desired War Office permit came, and they were able to marry.

The corporal is a Barnsbury boy who was left an orphan, and educated originally in the Dorsets, and there was a large gathering of old friends to wish him and his bride from the West the best of good luck.

WAKE UP, GENTLEMEN!

DEVIL'S PARADISE BAD AS CONGO

London, Oct. 1.--Details of atrocities alleged to have been systematically committed for some years past on the estates of the Porvian Amazon Co., are given in Truth. This rubber trading firm registered in London, the directors of which include three Englishmen and three of four Spaniards, has estates situated in a territory some hundreds of square miles in extent of virtually primeval forest on the Upper Amazon.

Truth states that an English gentleman was sent out a few months ago to make inquiries on behalf of the company, but that as it is a British concern, with British directors and shareholders, a serious responsibility lies upon this country in the matter. The district, which is in effective possession of Peru, although it is claimed also by Colombia and Ecuador, was originally rich in wild rubber. Its inhabitants consist entirely of Indian tribes, generally called the Hututos, and the employees of the company. It is alleged not only that a system of forced labor similar to that in the Congo exists, but that it is aggravated by cruelties which have earned the district locally the title of "The Devil's Paradise." The charges formulated by newspapers in Peru and Brazil, and to a large extent confirmed by a young American engineer, Mr. W. E. Hardenburg, as well as by sworn statements, are that the agents of the company force the Indian to work day and night without pay and with insufficient food; that they rob them of their property and their women, whom they keep in harems and flog, mutilate and torture them in circumstances of inconceivable agony.

Some details of these infamous are given by Mr. Hardenburg, and more are promised in a future article.

HOLMER BROKE ALL MARATHON RECORDS

Ran St. Yves Off His Feet Yesterday and Won Long Race in the Fast Time of 2.32.40.

(Special to the Chronicle.)

Montreal, Oct. 3.—Hans Holmer, the Quebec long distance runner, again demonstrated beyond the shadow of a doubt that he is at the top of the heap, when he defeated St. Yves, the famous French runner, in a Marathon race at the National grounds this afternoon. St. Yves has been hitherto regarded as somewhat of a marvel, but Holmer defeated him decisively. As a matter of fact he fairly ran him off his feet, for St. Yves had to stop in the 22nd mile and leave the track. He came back, however, while Holmer was running his 24th mile and made a desperate effort to continue, but finally collapsed completely and had to be assisted from the track.

In defeating St. Yves, Holmer broke all records, going the distance in the remarkable time of 2 hours, 32 mins. and 40 seconds. He cut out a hot pace from the start and maintained his well known steady gait throughout. There were about 2,500 people present to see the race, and they gave the Quebec runner a tremendous ovation on completing his magnificent

race. The time by miles was as follows:—

OTTAWA WON OPENING GAME

First Inter-Provincial Rugby Game Ended in Favor of the Capital Players.

Ottawa, October 2.—Ottawa and Montreal lined up in the first Inter-Provincial rugby football game to-day, under cool skies.

Ottawa filed out looking much heavier than the visitors.

The teams and officials were as follows:—

Ottawa.	Full Back.	Montreal.
Christie	Right Back.	Stinson
McCaun	Centre Half.	Hamilton
Williams	Left Half.	Duckett
Gerard	Quarter.	Craig
Snelling	Left Scrimmage.	Baillie
Ferguson	Centre Scrimmage.	McNamee
Kennedy	Right Scrimmage.	Allen
McCaun	Inside Wings.	Coll
Church Phillips	Middle Wings.	Egan Douglas
Disney Vaughan	Outside Wings.	Ward Baillie
Gausford Kilt		Cameron Armstrong

Referee—Dr. Hendry, Toronto.

Umpire—H. C. Griffith, Toronto.

Ottawa quickly took the lead, and continued to press its advantage having accumulated 15 points before Montreal got its first rouse. Ottawa had the score 25 to 5 in the last quarter, but aided by the wind and good play Montreal managed to cut the final score down to 25 to 14.

PILGRIMS WON OPENING GAME

New York, Oct. 2.—The Pilgrims' association, or soccer, football team of England, in its opening match in the United States defeated an All-New York eleven 4 to 0, at the Staten Island cricket club grounds to-day.

HANDSOME CLUB HOUSE BURNED

New York, Oct. 3.—The magnificent carriage house and the stable on the country estate of Frederick G. Bourne, former Commodore of the New York Yacht Club, was destroyed by fire last night, causing a loss estimated at \$100,000. The structure was about one of the finest of its kind in the country. The cause of the fire has not been ascertained. Valuable horses and dogs were gotten out in safety. The Bourne estate is known as Indian Neck Hall and is two and a half miles west of Sayville, L.I.

GREAT MEET OF ATHLETES

Indoor Championship Games of U.S. Amateur Union will Bring Leaders Together.

New York, Oct. 7.—Boston, Montreal, Pittsburgh, Philadelphia, Chicago, New York and other cities will contribute their best amateur athletes to make the indoor championship games of the Amateur Athletic Union, which begins at Madison Square Garden to-morrow night, one of the most noteworthy track meets ever held under the auspices of the A. A. U.

Especially keen will be the rivalry between the New York Athletic Club, the recent victors of the Irish-Americans in the Metropolitan senior championship games at Travers Island, and the Chicago team.

But the laurels will not all go to local men for such as the Boston A. C., the Montreal A. C., the Pittsburgh A. C. and the Quaker A. C. have entered. The Boston club is sending a strong delegation headed by Sherman, Nelson, Rand, Ballard, Prout, Lawrence, Ellery, Clark and W. W. Coe. H. Halpeny, the famous pole vaulter, will be on hand to represent the Canadian club. He cleared the bar at 11 feet, 9 inches at the A. A. U. championship games of 1908. Among the other Canadian athletes are Luke-man, Desmarreux, Mackay and Royal. Other dangerous aspirants expected to compete are A. B. Shaw, the champion hurdler, W. W. May and W. Hamilton, all of the Chicago Club.

Among the local athletes, the field comprises the holders of practically every record in the world of track athletics in the past five years. The 600 and 1,000 yards races are counted upon to bring together Sheppard, Lungchi, Paul Kiviat, Hillman and Gissing. These six men are undoubtedly the fastest in the world for their distances. Almost as representative a field will meet in the two mile race, in which Geo. Bonhag, the record holder, will toe the mark with Wilson, the English champion, Sullivan, Daly, Collins, Billairs, Wm. Bailey and other well known distance men. Other star performers entered for the championship events include S. C. Lawrence, Platt Adams, Ray Ewry, Martin Sheridan, John Billar, Jack Frank, the crack shot putter of Brown University.

Judge of Play—J. Cattarinich.

WON BALLOON RACE

Zurich, Switzerland, Oct. 2.—The international goal race, in which 28 balloons started yesterday from this place, has been won by the Swiss balloon Mars, piloted by Dr. Farner. The Mars landed within 600 yards of the goal selected. The first prize amounts to \$500.

QUEBEC PLAYER LOOKS GOOD.

Speaking of the McGill Rugby team, the Montreal Standard says:—"Lee, who starred last season on the Quebec seniors, is another candidate for the half line, and is practicing all right. He appears to be a good all round footballer, and has an added advantage for a half-back in being a good tackler and having lots of sand."

RACE POSTPONED.

The sailing yacht race, which was to have taken place last Saturday afternoon, was postponed owing to lack of wind at the hour set down for starting.

SHAMROCKS ARE NOW IN LEAD

For the Championship of the N. L. U.—Won from Montreal on Saturday by 7 to 5.

Montreal, Oct. 2.—The championship of the National Lacrosse Union is still very much in doubt. The Shamrocks finished up with a lead of two goals in the match on their own grounds in Mile End this afternoon, and will now go over to the Westmount grounds of the M.A.A.A. next Saturday to decide the matter. Whether the Irishmen will be able to keep this lead is a question open to dispute, but those who saw the game to-day seem to be of the opinion that they can do so, and perhaps go a little better.

The game to-day was played in an almost endless downpour of rain. Notwithstanding this depressing condition of affairs over four thousand people assembled to see the match, and the feeling was keen on both sides.

No love apparently was lost on either side, and the game finally resulted in a miniature riot. Just how it started will, perhaps, never be known, but just as the final whistle was sounded a Montreal man, said to be Scott, hit a Shamrock man over near the grand stand. There was a fight, and the crowd from the bleachers rushed on to the field. The crowd rushed the teams by force to the clubhouse, the players fighting more or less all the way. It appears that just when the fight started, in which Munday and Hogan were the principals, time was up, and, as soon as the referees realized this, they made tracks for safer quarters. The fight continued in the clubhouse, but the belligerents were finally separated. The matter may go to the Union for final settlement, and it may have a serious bearing upon the game next Saturday.

Montreal started off like whirlwinds, and Dade and Henry Scott registered two tallies for Montreal in quick order. Shamrocks then got going, and six games were put in a row before Montreal had another chance. From this on it was almost even up, Shamrocks scoring one and Montreal three.

The checking, however, was so close that neither team owing to penalties was ever at its full strength, and among the permanently disabled were Kavanagh, of the Shamrocks, and Laviolette, of Montreal, neither of whom finished the game.

The game was one of the most exciting seen in Montreal for many a day, and there were enough incidents to fill a book. The referees, Dr. Cousineau and Joe Cattarinich, had their hands full, and will have every reason to remember the grueling contest which they endeavored so hard to keep in order.

The final score was Shamrocks, 7, Montreal, 5, and the teams lined up as follows:—

Shamrock.	Goal.	Muir
Brennan	Point.	Dillon
G. Finlayson	Cover-Point.	Kavanagh
Neville	Defence Field.	Howard
R. Finlayson		McKerrrow
McKerrrow		McLewine
R. Scott	Centre.	Munday
Kane	Home Field.	Roberts
Dade		Hyland
Laviolette		O'Reilly
H. Scott	Outside Home.	J. Hogan
F. Hogan	Inside Home.	J. Brennan

Father Morrissey's "No. 10" (Lung Tonic) Saved His Life

Mr. Jno. Aylward, of Campbellton, N.B., writes on Feb. 5th, 1907, telling of his narrow escape from death:

"During the winter of 1907, while travelling on the Gaspé Coast, I contracted a severe cold which settled upon my lungs. After I returned home I wrote to Father Morrissey explaining my case. I received a letter from him with a prescription for his medicine, which could not be filled at the time here. After one week's delay I received it just in the nick of time to save my life. After one month's use I felt like a new man."

Father Morrissey's remedies are now on sale throughout Eastern Canada so that you can get "No. 10" when you need it. But it is even better to keep a bottle in the house, ready for instant use the minute you or your children show signs of a cold of any kind.

Taken at once, "No. 10" breaks up the cold quickly, and saves many a severe illness.

Trial size 25c. per bottle. Regular size 50c.

ALL-STAR'S WON.

Nine to two was the score by which the All-Stars defeated the Quebec team in a match on the Q.A.A. grounds yesterday afternoon. Quebec was disappointed in not having out several of the men it expected, and the team was in the nature of a scratch one. The All-Stars, on the other hand, had a well-balanced aggregation, and though Quebec fought hard it could not resist the better team play of its adversaries. F. Demers acted as referee.

NEW MOTOR CYCLE RECORD.

Springfield, Mass., October 2.—At the motor cycle Stadium this afternoon, Charles F. Spencer and Charles Gustafson, both of this city, established a new 24 hour world's record, Spencer riding 1,089 miles, 199 yards in the 24 hours and bettering the only known record of 775 miles, 1,340 yards established by H. A. Collier, of England, on the Cannington track May 5th and 6th, 1909, by approximately 315 miles. Gustafson rode 1,043 miles, two laps and 199 yards in the 24 hours, being 43 1-3 miles behind Spencer and approximately 268 miles ahead of Collier's mark.

PRIEST ATTACKS STRIKE BREAKERS

Action of Pastor of Glace Bay Catholic Church May Be Brought to Attention of Superiors.

Sydney, N.S., Oct. 1.—The mining population around Dominion No. 2 colliery at Glace Bay are at present excited over two sermons preached last Sunday by Rev. Father John Fraser, the parish priest of New Aberdeen. The two sermons were in the nature of attacks on the men who are working in the mines of the Dominion Coal Company and who refused to join the United Mine Workers in the present struggle. Father Fraser's attitude is bitterly resented by many of his congregation.

The Sydney Daily Post, in its correspondence from Glace Bay, quotes some of the reverend speaker's remarks, as follows: "On Sunday last Rev. Father Fraser dealt with strike matters in a hand to hand fashion. He pointed out to the men who refused to come out on strike and remained at work with the company were occupying a most unenviable position. He considered they were conspiring with their masters to prolong and establish the slavery of labor, and were assisting to bring upon themselves and their fellow workmen the burdens and privations that the great majority of the miners were sacrificing their bread and butter to remove."

"He said that they might be receiving large remuneration for such services, but the money would never be near them. It was like the thirty pieces of silver given to the craven Judas for the betrayal of his Lord."

The Sydney Post did not quote the whole of the sermon, but it is known that the preacher characterized the men who were working as scabs and bloodsuckers, men who were working for bribery and not wages, and whose ill-gotten wealth would take to itself wings and shortly fly away.

He quoted as a parallel case the downfall of the great Napoleon, predicting a similar destruction to the present management of the company. The preacher intimated that the men on strike were martyrs, in just cause and must suffer persecution before they gained their just rights. He urged them to stick together and not to faint, for no man could get to Heaven "on the hand-wagon."

The most disturbing feature of the sermon, however, was a prediction by the preacher that unless the men who are now working at number 2 colliery ceased to work and came out on strike, some dreadful calamity would overtake them for their ill deeds.

The Rev. Father said dramatically: "If the men don't cease to work and come out on strike, the whole thing will end in a dreadful explosion. As sure as God is in Heaven," said the preacher, "this thing will end in a fearful explosion and destruction of property, and that will end the whole business."

Such a prediction has not unnaturally caused much superstitious fear and trepidation among the miners at No. 2 colliery. This colliery is the largest and most valuable property the Dominion Coal Company possess, and they have taken extra precaution to defend it because of the threats which have been made against it by the strikers. A very large number of men are daily employed in this mine, and a large number of them are parishioners of Father Fraser.

GRAND TRUNK PACIFIC RAILWAY.

During the past month a party of editors representing some of the most important agricultural papers in the United States have been touring Western Canada, and on reaching Winnipeg on their return trip from Edmonton over the line of the Grand Trunk Pacific Railway, wired Mr. Chas. M. Hays, President of the Grand Trunk Pacific, at Vancouver, who is also in the West on a tour of inspection of the new line in company with Sir Charles Rivers Wilson, President of the Grand Trunk Railway System and party as follows:

"We believe that every foot of the land traversed by the road is eminently adapted to grain growing, mixed farming or the keeping of live stock, and that it must soon develop into a region of prosperous homes. We also unite in expressing our admiration of the high character and the completeness in construction of the road and road-bed, which must soon give the road high rank among transcontinental railway systems."

The party consisted of the following:

Prof. Thomas Shaw, of the "Orange Judd Farmer" and "Dakota Farmer," St. Paul, Minn.
Herbert Quick, editor of "Farm and Fireside," Springfield, Ohio.
John Arthur Dixon, managing editor of "Home Life," Chicago, Ill.
Philip Eastman, editor of Capper publications, including "Nebraska Farm Journal," Omaha, Neb.; "Missouri Valley Farmer," Topeka, Kan.
E. E. Faville, editor "Successful Farming," Des Moines, Iowa.
E. S. Bayard, editor "National Stockman and Farmer," Pittsburg, Pa.
C. P. Reynolds, editor of "Prairie Farmer," Chicago, Ill.

The party was also accompanied by Mr. Herbert Vandenhoff, editor of "Canada West Monthly," Winnipeg, Man., and Mr. R. C. W. Lett, Traveling Passenger and Colonization Agent, Grand Trunk Pacific Railway, Winnipeg.

FELL FROM EXHAUSTION.

Cincinnati, Oct. 1.—While 500 men of the Second Infantry (U.S.A.) were returning to Fort Thomas, Ky., at an early hour to-day on a forced march of 43 miles from Fort Perry, O., many dropped in the ranks from sheer exhaustion. Lieut. W. Dave, surgeon of the regiment, fainted and fell from his horse while passing New Richmond, O., and was hurried in an ambulance to a Cincinnati hospital. He is said to be suffering from appendicitis. One army ambulance, overcrowded with disabled men, broke down at the city limits. The regiment made the forced march under orders from the War Department.

GIRL AS A SPANISH SOLDIER

Disguised She Follows Her Lover in the Ranks to the Front.

London, Oct. 1.—The story of how a pretty Spanish girl rejoined her soldier lover at the front has been brought to light by a correspondent of the Mirror.

At the beginning of the war a regiment quartered in one of the northern towns of Spain was sent to the front. One of the soldiers belonging to this regiment was at the time engaged to an extremely pretty girl, who was serving as table-maid in the same town.

On the eve of the departure the soldier called on his "movia" to say goodbye, and was rather surprised to find that instead of being dissolved in tears, as he had expected and almost hoped, the girl was tranquil, and to all appearance satisfied with the situation.

He reproached the girl for her apparent coldness, but she only answered: "Never mind, Jose, I know what I do and why I am doing it. This separation will be much shorter than you suppose."

The next day the regiment left for Melilla, and a few hours afterwards Soledad, the girl, also left the house where she was serving and went to Madrid.

Nothing more had been heard of her, when last week one of the officers who was going down with his regiment to Melilla, was called aside by the sergeant at one of the stations on the way to Malaga, where the troops were to embark.

Among the men, said the sergeant, was a soldier so young and pretty-faced and timid that he thought it must be a woman in disguise.

Brought up before the officer, Soledad—for it was no other—quickly confessed her identity, and begged to be allowed to continue her journey.

Determined not to be separated from Jose, she had managed, by some means or other, to obtain a uniform, and, following the first regiment starting for the front, she had squeezed into the station and into a railway carriage unperceived.

Her timidity, however, and feminine appearance had roused the curiosity of the sergeant, and so her adventure was brought to a sudden end.

The officer reproved her mildly for her thoughtless escapade, but, unable to resist her entreaties, promised that she should be sent to Melilla.

True to his word, he arranged that she should be employed in one of the hospitals, and he paid the expenses of a feminine outfit and of the journey out of his own private pocket. So Soledad is in Melilla and near Jose, after all.

NEW ELECTRIC RAILWAY IN CHICOUTIMI COUNTY

Chicoutimi, Sept. 29.—Mr. J. E. A. Dubuc, managing director of the Chicoutimi Pulp Co., has recently given out contracts for the construction of an electric railway from the mills of his company into the limits in the River du Moulin district. These limits are only of use with such a railway as the rivers flowing through them are not large enough to "drive" any considerable number of logs and it is in order to get the wood from them that this line will be constructed.

It is hoped that at some future date this electric line may be continued into the River a Mars limits, thus joining the village of St. Aloise with Chicoutimi and the Quebec & Lake St. John Railway.

THE WAR OF THE CABLE COMPANIES

London, Oct. 1.—Mr. Fred. Ward, the manager of the Commercial Cable Company in England, in a letter to the Electric Review published to-day states that nearly twice as much English and Canadian money is invested in the securities of the Commercial Cable Co. and the Mackay Companies at present market values as is invested in the securities of the Anglo-American Telegraph Co. at present market values even if it be assumed that all the securities of the Anglo-American Telegraph Co. are held by English and Canadian investors and hence that he fails to see how the contract between the Newfoundland Government and the Commercial Cable Co. is prejudicial to British capital.

DEATH OF LAY SISTER

Ottawa, Ont., Oct. 1.—Sister Mary Emmanuel, aged 35, a lay sister at the Precious Blood Monastery, was killed by a fall from a ladder to-day. She was washing the ceiling in the sanctuary when the ladder slipped. In falling her head hit the floor and death was instantaneous. She had been in the order 15 years and was Miss Catherine Boulet, of Hull.

Christie's Biscuits—How their quality is guarded—

The Butter Tester Says:

"I'M A CRANK about butter. I've got to be."

"I realize thoroughly that Quality has built up this big business, and made 'Christie' a household word from ocean to ocean—"

"I've been testing butter for thirty years, and I've never heard of any other firm exercising the same care as Christie, Brown & Co. do."

"All our butter is purchased by a well-known butter authority. He buys for export from the best creameries in Canada, and sends the pick to us."

"You would be surprised if you knew what butter—good butter, according to all ordinary"

standards—we reject. Most of it ninety-nine people out of a hundred would taste and accept as excellent table quality."

"It's not a matter of price with us. We pay a little better than the best market price, and the butter must be in accordance."

"We have a high standard for butter, the same as for all other raw materials. Anything that doesn't measure right up to that standard is rejected."

"The basis of the delicious goodness which you enjoy in Christie's Biscuits is the unvarying goodness of the raw materials that go into them."

"When I see how our orders for butter have to be steadily increased, to keep pace with the demand for Christie's Biscuits, I have the best kind of evidence that our jealous guarding of Christie Quality brings results."

You can taste Quality in every morsel of Christie's Biscuits. Sold in bulk, by the pound, or in moisture and dust-proof packages,

Christie, Brown & Co., Limited

RACING KEEN AT HAMILTON

Autumn Handicap a Great Contest
and was Won by Wool-
winder.

Hamilton Race Track, Ont., Oct. 2.—Bright cheerful weather attracted a much larger local attendance than usual for the 5th day of the Hamilton Jockey Club's fall meeting. A large contingent, in two special trains came from Toronto. The track was fast and the racing keen. King Avondale from the Penny stable won the opening event. Ida D. had a long lead into the stretch, but faltered when King Avondale challenged, and was outmanned in the drive to the wire. Patriot stumbled in the start and unseated his jockey, Rice, who was unhurt, however. The jumping race was easy for the favorite, John Dillon, who led all the way. Lizzie fell at the 13th jump. The autumn handicap produced a great contest and resulted in the victory of Canadian stable's Woolwinder capturing the race after a sharp struggle in time which equalled the track record. Pinkola and Cave Adsum were second and third. As a result of a fracas, which took place last night in the Royal Hotel, between H. G. Bedwell, the well known owner of Prince Ahmed, Right Easy, Jeanette M. The Wrestler and other horses, and starter Dade, in which after a sharp altercation Bedwell struck Dade in the face, Bedwell was scratched his only entry. The Wrestler, and shipped to Louisville. QUEBEC WON RUGBY GAME.
The Quebec Rugby team made a very auspicious debut for the season on Saturday when it won from the Lennoxville College team on the Q.A.A. grounds by the close score of 5 to 3. The game, though played in a downpour of rain, was an exceedingly interesting one, and both sides fought valiantly for the victory. McKenzie was a tower of strength for the Quebec team, while Ramsay and Porteous also played good games. The names of the Quebec team have already been published. Their play showed that the locals have the making of a strong aggregation this season, and one that with practice should land well up. The College team lined up as follows:—

Full-back, Stevens; centre half, Hayden (capt.); right half, Brown; left half, Savage; quarter-back, Patterson; scrum-half, Alward, Reeves, Walker; inside wings, Ward, Shires; middle wings, Cameron, Ireland; outside wings, Murray, Hanterh.

BAD SPILL IN BICYCLE RACE.
Toronto, October 2.—The Canadian Wheelman's Association championships were held at Scarborough Beach this afternoon before a crowd of 700 enthusiasts. The track was in superb shape and many events furnished hair raising finishes. A bad accident marred the two mile handicap. Twenty-three riders started and on the bell lap, where eighteen riders were bunched on the western turn, some one in front went down and in a second the air was full of flying wheels and riders. W. Bradley, of the Royals, was shot clean over the fence into the bleachers. He was carried off badly hurt, but luckily without any broken bones. Barnes was carried off badly hurt and several others sustained severe cuts and bruises. The final one mile championship was expected to be the best event of the day, as Walt Andrews, of the Royals, and Will Anderson, of Toronto, were to meet. The usual spilt, however, spoiled the race and gave the championship to Andrews. On the bell lap Anderson limped to the front, but on the western turn he was panicked between Vennel and Andrews went down. Andrews beat Vennel home by a wheel length. Both Vennel and Andrews denied touching Anderson's wheel and after a consultation the judges awarded the championship to Andrews.

Many a man has noble aims—but it is the hits that count.

CANADIAN VESSEL BLAMED.

Buffalo, N.Y., Oct. 2.—Captain James Stone, United States supervising inspector of steamboats, rendered decision yesterday afternoon in the collision between the steamer City of Erie and the Canadian schooner Vanstrubenzie last Monday night. Capt. Stone finds that the schooner's starboard or green light was not burning at the time of the accident, and therefore his decision is that the pilot of the steamer City of Erie, Edward S. Pickell, is blameless.

Do You Need Shaking?

Like a Stove Choked with Ashes.

You have probably noticed how much more briskly the fire burns when freshly built or shaken. You doubtless remember too, how much more briskly you used to get around when you were in your teens or twenties. The cases are parallel. You are like the fire that is choked with ashes. The cells which compose the body are constantly dying and being renewed. Then there is the indigestible part of the food to be removed. This cleansing of the body is the duty of the bowels, kidneys and skin. When any of these organs fail to do their work properly, the system becomes clogged and the fire of life burns low. There is an increasing tendency towards constipation, kidney trouble and poisoned blood as one grows older. In most cases, the need is felt of something to regulate these vital organs.

"Fruit-a-tives," the famous fruit medicine, does this perfectly. It acts directly on the liver, increasing the flow of bile and causes the bowels to move regularly and naturally. "Fruit-a-tives" is the greatest of kidney regulators, overcoming the tendency to congestion of the kidneys and strength using these organs. "Fruit-a-tives" also stimulates the skin to renewed action.

By their combined action on bowels, kidneys and skin, "Fruit-a-tives" keeps the system free of all poisons and removes the vigor of youth. "Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for \$2.50, or trial box, 25c—or may be obtained from Fruit-a-tives Limited, Ottawa.
