## BUSINESS ASSOCIATION NOMINATES SLATE OF OFFICERS FOR NEW TERM

General Meeting Held Last Night in Victoria Hall — Eric Ohman Suggested as President — Many Matters Discussed — Decide to Place Series of Advertisements in Westmount Examiner

A new slate of officers for the ensuing term was submitted by the nominating committee of the Business Association of Westmount at a meeting of the organization held in Victoria Hall last night including names received from the floor, the suggested officers follow: president, Eric Ohman; first vice-president, Charles Watson; second vice-president, Lorne A. Parker; third vice-president, Mr. Labrosse; treasurer, R. B. W. Ward. Committees: attendance, Charles Hill, N. S. Mitchell; business improvement, T. G. McParland; civic improvement, Lewis Sherwin; finance, W. K. Newcombe; entertainment, Don Ross; ladies, Miss Lafrance, Miss Hebert; membership, A. Smithers, F. Griffiths, Warren Demers; publicity, W. Boyd Robson; educational, M. Sacoranski; open, Mr. Labrosse, Miss Manseau and A. Goodman.

A meeting for the election of the officers was tentatively set to take place on the evening of Thursday, April 18, in Victoria Hall.

The association decided to send a delegation to the City Council to seek changes in local bylaws governing advertising signs; to enforce trade workers, such as plumbers, to act only in the capacity governed by their licence; to improve street lighting in certain business sections; and to allow gasoline stations to remain open on Sundays.

Other matters that will be brought before the Council include the right to sell beer within the confines of Westmount and permission to transform certain large houses into duplexes.

J. M. Kennedy, newly-appointed executive-secretary, reported that the association had a favorable balance at the end of last year of \$92.30 and that at the present time funds on hand stood at \$205.

Mr. Kennedy reported that eighty per cent of former members he had visited had signified their intention of carrying on with the association this year. He suggested that those who had complaints to make against the local business body air them at meetings of the association, rather than conduct a "whispering" campaign among nearby merchants. The majority of business men who criticized the association were those who failed to attend its meetings, he contended.

C. A. James, formerly publicity chairman of the association who resigned about two months ago, should be approached and asked to reconsider his decision, it was suggested by Eric Ohman. While Mr. James is no longer a member his name will be placed on the nomination slate if he should decide to again join the body.

As a result of a vote taken during the meeting it was decided to again place a series of advertisements sponsored by members of the association in the Westmount Examiner.

Questioned by President W. Gordon Kenwood, by far the majority of those present replied in the affirmative when asked whether they had benefited by ads bearing the signature of the association in the past, and if they felt it wise to sponsor another such series this year.

Following the vote it was agreed that such a series of advertisements be commenced immediately. A suggestion from Mr. Labrosse that the ads should be a tie-up with a limerick contest met with almost unanimous approval. Prizes will be donated by the merchants, and not the association itself, it was decided.

Arrangements for the next citizens' night meeting were discussed at length but were finally referred to the executive committee for further study. Reports on the findings of the board will be submitted to the general membership at the meeting to be held for the election of officers.

Eric Ohman agreed wholeheartedly to present a suggestion to the Westmount Municipal Association, of which he is a member of the executive, that a Westmount business man be among those whom it endorses to form the next City Council.

The gathering was addressed by Glen Carl, general manager of the Better Business Bureau.

The president, W. Gordon Kenwood, occupied the chair.

## SMOKE IN THE MAPLES IS SURE SIGN OF SPRING

Smoke rising blue through the branches over hundreds of sugar camps in Quebec is a sure sign of spring on its way. Glow in the trees created by cordwood fires under the evaporating pans means maple sugar is in the making, as sap, gathered during the warming days, is transformed into syrup.

## D. C. Abbott, K.C. Expresses Thanks

D. C. Abbott, K.C., publicly thanked his electors in the following prepared statement issued yesterday:

The result of the election in St. Antoine-Westmount is naturally very gratifying to me.

I realize that it is an expression on the part of the electors of their desire to see the present Government's policies continued, and I shall do my best to further those policies, especially in regard to the prosecution of the war.

I wish to express my gratitude to all those who so generously supported me, and to my opponent Mr. R. S. White for the fair manner in which his campaign was conducted. The absence of personalities throughout the campaign was only to be expected from one with the record and reputation of Mr. White.

## Jury Exonerates Driver In Death of Miss Power

A coroner's jury rendered a verdict of accidental death Tuesday morning in the case of Miss Ruth Power, 32, 432 Stratheona avenue, fatally injured when struck by an automobile on the sidewalk directly opposite the City Hall at 2 p.m. on Monday.

At the time of the accident the victim, daughter of Mr. and Mrs. N. W. Power, was walking in an easterly direction on the sidewalk on the north side of the street when she was struck by an automobile, also going east, driven by Harold W. Dyke, 431 Victoria avenue.

The jury, which deliberated but a few minutes, stated that it found no evidence of criminal negligence to return a verdict other than that exonerating Dyke.

### CONSTABLE TESTIFIES

Constable William Smith, one of the principal witnesses called at the hearing, stated that when he arrived at the scene of the accident the automobile was on the north sidewalk after having skidded across the street. The victim was lying about 25 feet away. After having struck the woman the car sideswiped a tramway pole and was damaged. The left rear door, he believed, struck the victim.

His investigation indicated that the car had skidded 85 feet and had come to a stop about 20 feet after striking Miss Power. Except for a few patches of ice here and there, Sherbrooke street was in good condition, he stated.

### CAR SWERVED

Another witness, Leo Reynolds, 466 Roslyn avenue, stated that he saw Dyke's car swerve out to pass two other vehicles proceeding in the same direction when it zigzagged and finally skidded across the street, overrunning the sidewalk. He estimated its speed as being 35 miles per hour.

### J. M. Lebeau, 7571 Chateaubriand street, gave the speed of the car prior to the accident as about 30 miles per hour. Dyke claimed that he was going between 20 and 30 miles per hour and stated that the car skidded when it crossed the car tracks. He had done all in his power to avoid the accident, he testified.

The first meeting will be addressed by John S. Astbury, principal of Baron Byng High School, who will speak on "Parents and their Children."

## GRIT CANDIDATE POLLS 14,597 VOTES; WHITE, TORY, RECEIVES 8,737

Liberal Standard-Bearer Takes 80 Out of 87 Polls in Both Sections of Riding — Keen Speculation Marked Day of Heavy Voting Here — Abbott Was Making First Entry in Politics

With a majority of 5,860 votes, Douglas Charles Abbott, K.C., Liberal candidate in St. Antoine-Westmount, was elected to represent this division at Ottawa in Tuesday's Federal election. Mr. Abbott polled a total of 14,597 votes while R. S. White, Conservative, only other candidate in the riding, received 8,737. The Liberal standard-bearer took 80 of the 87 polls in both sections of the division.

The election, which brought out an unusually large number of voters, marked the first time that a Liberal has been elected to represent the Westmount section of the riding at Ottawa.

Up until the count of the ballots there was keen speculation here as to which party would receive the support of this Tory stronghold. Those favoring White to win contended that a loss for the veteran Parliamentarian here was "impossible." On the other hand there were many who felt that a change was inevitable and were willing to wager on the Grit candidate at better than even odds.

NEW IN POLITICS  
Mr. Abbott, who is a prominent young Montreal lawyer, was making his first entry into the political arena and was confident of success from the outset. Mr. White, on the other hand, felt the long years of Parliamentary experience that is his would prove a strong factor in sending him back to Ottawa. He was nominated by all Conservative associations in the two sections of the division.

CAMPAIGN CLEAN  
The campaigns of the two candidates were run in a manner considered among the cleanest on the Island. Neither resorted to "personalities," but restricted their platform utterances to either criticizing the policies of their opponent or praising the virtues of their own platform.

The large turnout of over seven hundred persons at a campaign meeting held in Victoria Hall for Mr. White contrasted sharply with a gathering at the same place for Mr. Abbott, when but 400 attended; and this gave rise to the opinion that the Dean of the House would receive the greater support at the polls. Those holding this view, however, failed to take into account the fact that Dr. Manion was also on the platform at the meeting held by Mr. White.

EARLY RETURNS  
The results came in with exceptional rapidity following the closing of the polls and even as early as 6:30 it seemed fairly certain that the Liberal candidate would receive an easy victory.

He visited his three committee rooms for brief stays immediately he was assured of the outcome of the election and was warmly greeted by large gatherings of his constituents.

CLASSES HELD FOR NEWCOMERS  
Classes for newcomers are held at Temple Emanuel every Monday and Thursday evenings. The teaching staff consists of the following—Miss Bertha Meyer, M. A., Harold Neumann, LL.B.; Mrs. J. D. Feldman, B.A., J. D. Feldman and Jul Helm, register.

DR. KILPATRICK TO ADDRESS MEN'S CLUB  
The regular monthly meeting of the Stanley Presbyterian Church Men's Club, will be addressed by the Rev. Dr. G. G. D. Kilpatrick, Principal of the United Church Theological College of Canada. Supper will be served at 6:30 p.m. in the Church Hall.

E. Anderson Addresses Horticultural Society  
The interest which is being displayed in Horticulture this year was demonstrated at a meeting of the West End Horticultural Society held last week, when E. J. Anderson, Superintendent of Parks Dept., Westmount, gave an interesting lecture on "Rock Gardens." The lecture was illustrated with a fine set of colored slides, showing the various plants which could be utilized for this purpose, and included many native wild flowers. The attendance struck a high peak, many late comers who were unable to find seats in the hall, had to be content with accommodation in the doorway of an adjoining room. Arrangements have been made for a larger hall in the same building for the next meeting which will be held on April 16, when another large attendance is anticipated.

Membership  
Distribution of begonia bulbs was made to those members who had selected them as their free gift and at the next meeting there will be a distribution of rose trees and gladiolus bulbs to those members who make their choice before that date.

Membership is increasing rapidly, being triple that of the same period last year. Over 49 new members have been added this season. The Annual Show Programme is now available for distribution, copies may be obtained from the Secretary-Treasurer, W. J. Looker.

Public Speakers Annual Debate And Dinner  
The West End Public Speaking Club will bring the season's activities to a close on Friday evening when the annual dinner and the final debate of the year will be held.

Members of the congregation of Calvary, friends and relatives, paid final tribute to George W. Cornish, of 4477 Western avenue, at the chapel of Jos. C. Wray, and Bro., Tuesday, Mr. Cornish, a noted musician and choirmaster at Calvary, died at his home on Saturday in his 75th year.

Noted Musician Was Choirmaster at Calvary Church — Funeral Held Tuesday

## Consider Heredity Before Marriage, Dean's Advice

"The problem of heredity should be taken into account before marriage," Henry F. Hall, Dean of Sir George Williams College, said in an address on "The Eugenic Aspects of Marriage" at the Westmount Y. M. C. A. last night.

"Hereditary characteristics" he said "may be present in one family, but being a 'recessive', they are hidden by the presence of normal characteristics. When, however, a defective characteristic is present in the families of both parties, the chances of its appearing in the next generation are greatly increased" the speaker continued, saying that the

common characteristics are defective eyes, a tendency to insanity, hand defects and the like. Dean Hall discussed briefly the theory of pre-natal influence and also the inheritance of acquired characteristics, claiming that both theories were merely superstitions, and not logical. In speaking of identical twins, he said that this is the same heredity. "This is also true in certain triplets, quadruplets and in the only case of quintuplets that has been sufficiently studied to establish the fact that identical twins, etc. are very good material for the study of relative influence of heredity and environment."

## THE ELECTION RESULT

The smoke of the campaign has cleared, and Mr. King has been given the emphatic mandate he desired. There was never any doubt of the result, but estimates ran all the way from a small working majority to 190 or more seats for the Liberal party. The considerations that prompted the electors to support the government may briefly be summarized as follows: unwillingness to turn out of office a party that had achieved virtual unanimity in the House of Commons on the war issue; disinclination to change administration of the country's affairs during a critical war period; the political courage shown by the French-Canadian members of the government in going all out for the Empire in last Autumn's critical election in Quebec; the great personal prestige enjoyed by the Prime Minister and his chief lieutenant, Rt. Hon. Ernest Lapointe; the determination of the Quebec Provincial government to grant women the franchise; and the type of campaign waged by Mr. King's opponents — the throwing around of groundless charges after the fashion of the lower type of aldermanic candidate. Then there were the concrete achievements of the administration, not the least of which was the Canadian-British-American trade agreement which has drawn Anglo-Saxon peoples into closer political union than at any other time since the colonies broke away. In the midst of national jealousies, race hatreds, military and trade war, these agreements stand out as one of the few rays of hope for a world that seems bent on destroying itself. Canada is united as never before; the great democracies are united as never before; and to these unions Mr. Mackenzie King has contributed a very great deal indeed.

## VOCATIONAL GUIDANCE

Good advice indeed has been given to a group of young men who, with their fathers, attended a dinner in Leamington, Ontario.

Mr. Alex M. Miller of the Chrysler Corporation of Canada advised his young hearers to decide early what career they wished to follow, and to educate themselves for it.

These are trying days for young men and boys. Times are such that extraordinary difficulty faces them in finding a place in industrial or commercial life. This fact, however, is not one which should discourage a boy from training himself for a job in life. It should, on the contrary, be an incentive.

The hard times through which Canada, in common with the rest of the world, has passed, have demonstrated more clearly than ever the value of practical training for a trade or profession. They have ground most severely on the untrained man, the one who had nothing to offer beyond strength and a willingness to work. These, of course, are valuable attributes, but it is the man who can do one thing well, and who has formed a love for his chosen calling, who is most likely to succeed.

Talks like the one given by Mr. Miller are of definite value to the youth of the Dominion. Successful men in the various lines of human endeavor can do a worth while piece of public service by advice and guidance to young men and boys who, without such help, are in danger of wandering into the "blind alley" jobs which lead nowhere except to a life of struggle or even actual want.

## CHANGING MAPS

Pity Dr. Samuel Whitmore Boggs. His job is to keep world maps up-to-date for the State Department in Washington. During the past few years, this task has been one which would have caused the average man to throw up his hands in disgust and wait until the world "jelled" again.

The fact that Dr. Boggs has not done so, but patiently starts in all over again whenever another boundary changes in Europe, is the reason that he is looked on as a leading authority on map-making.

## "FORTY-PLUS" PLEASE NOTE

In various cities in Canada, "Forty-Plus" organizations have been formed. These have as their objective the securing of employment for men over forty, on whom commerce and industry have quite generally turned thumbs down as "too old."

In Kelsale-cum-Carlton in England lives Charlie Savage. Just 80, he is holding down no less than 42 active jobs in his little home town. If the "Forty-Plus" groups are looking for a patron saint, here is one ready-made.

# STOP ME..

IF YOU'VE HEARD THIS ONE

Then, Beware!  
Cato once had a friend who was always professing to read portents of grave events in the simplest and most prosaic happenings of the day.

One day he went to Cato in great alarm and exclaimed, "I fear some terrible misfortune may befall me. This morning when I awoke I found a mouse gnawing at my shoe."  
"Trouble yourself no longer," replied Cato. "That was only a natural occurrence. Now, if the shoe had been gnawing the mouse, then would you have had cause to fear."

Not Mere Luck  
"Isn't it wonderful how many great successes have come of accident?" a friend exclaimed to Rufus Choate.

"Nonsense!" replied the great lawyer. "You might as well drop the Greek alphabet, and expect to, pick up the 'Iliad.'"

"Did you hear about the fellow who invented a device for looking through walls?"

"No, I didn't. What does he call it?"

"A window."

EXPERIENCE  
Jean Cagney, who is 20 years old and one year out of college, has played in two stage shows and three films in her brief career as actress. In those five engagements, Jean, who is not married, engaged, and not even expecting to be, has played a married woman three times, had a baby twice, was expecting a baby in a third role, and was engaged to be married twice. In her most recent picture, Paramount's "Queen of the Mob," Jean was married to Bill Henry, and her baby was Tommy Conley.

Broderick Crawford, who plays a music-minded gangster in "Can't Give You Anything But Love, Baby," is scheduled to star in a New York play next fall.

# The Examiner's Hidden Titles Contest

The Westmount Examiner's Hidden Titles Contest is run with the kind co-operation of Mr. Godel, manager of the Westmount Theatre. Each week twelve passes are given to the six lucky winners who comply with the following requirements:

Simply find the two "ads." in the current issue of The Westmount Examiner in which the names of the two feature pictures being shown at the Westmount Theatre during the first half of the coming week are hidden.

Submit all answers to The Contest Editor, The Westmount Examiner, 2191 Hampton Avenue, using the special coupon provided in each issue for the purpose.

Contestants must be over 16 years of age. Residents of Westmount, only, are eligible. All answers must be in the office not later than Wednesday, and the names of the winners will be published in Thursday's issue.

A convenient coupon will be found elsewhere in the paper. The winners are drawn from among those who submit the correct answers as, unfortunately, it would be impossible to give passes to every one submitting the right answers.

Mr. D. Down, 2060 Claremont Ave., Apt. 11; Emily White, 27 Church Hill; Ken J. Willock, 221 Clarke Ave., Apt. 19; Mrs. H. E. Pettigill, 70 Somerville Ave.; Miss Daphne F. Smith, 701 Grosvenor Ave.; Mrs. H. Daniels, 80 Somerville Ave.

THE FORUM  
Conducted by HOWARD S. ROSS, K.C., D.C.L.

In Which Subjects of General Interest Are Discussed

The opinions expressed in this Forum are not necessarily those of this newspaper and it does not accept responsibility for them.

The Congress believes that the fundamental cause of the evils which prevail throughout the world today is economic insecurity. Popular unrest, the rise of dictatorships, the three great wars now being waged, the resurgence of economic nationalism, the erection of trade barriers, the hopelessness and despair which grip all nations, all find their roots in the persistence of poverty in a world where plenty might be made available to all. While thought and energy, men and material must be devoted to the immediate objective of defeating the enemy, it is essential that, even in the midst of war, there should be a widespread realization that the solution of the economic problem would solve almost every other problem which confronts mankind.

No single nation can solve the problem fully, but much can be done, especially in a nation as richly endowed as Canada, to provide far greater measure of economic security for every citizen than there is at the present time. The Basic Problem of Civilization—from The Canadian Railway Employees' Monthly, February, 1940.

The "Pick-up and Delivery system" adopted by the railways for the expeditious handling of freight is being paralleled by a train-automobile service announced by the Western and Transcontinental Passenger Association, representing eleven United States Railways. The new service to be operated independently of the railways by Railway Extension, Inc., but under agreement with them, will provide 2,000 five-passenger cars in 150 cities.

WESTMOUNT BAPTIST CHURCH  
On Sunday Rev. J. A. Johnston of Westmount Baptist Church will have as his sermon theme: "The Goal of Prophecy and the Climax of History." Most of us recognize that the Bible is not a Time Table but it proves to be rather a unique Road Map. Thoughtful people are asking this question: "Has the Word of God any philosophy of history? Are the stars in their course governed by Law and the movements of world events at the mercy of chance or caprice?"

At the evening service the title of the sermon will be: "The Social Lights of Sodom or the Intriguing story of One Man's Family." Visitors are cordially welcomed to both of these services.

On Monday evening the Young People of the congregation assemble at 8 o'clock. The programme will be in charge of the Minister and at its close, Mr. and Mrs. Johnston will entertain in an hour of Friendship and Fellowship. Refreshments will be served. All young men and women of the congregation are invited to attend.

CHRISTIAN SCIENCE SERVICES  
"REALITY" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist throughout the world on Sunday March 31.

The Golden Text is from James 1:17. "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variable-ness, neither shadow of turning."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Blessed are the pure in heart: for they shall see God. . . . Be ye therefore perfect, even as your Father which is in heaven is perfect." (Matt. 5:8, 48).

The Lesson-Sermon also includes the following passages from the Christian Scientist text-book "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The divine demand, 'Be ye therefore perfect,' is scientific, and the human footsteps leading to perfection are indispensable. . . . Christian Science demonstrates that none but the pure in heart can see God, as the gospel teaches. In proportion to his purity is man perfect; and perfection is the order of celestial being which demonstrates Life in Christ, Life's spiritual ideal." (Pages 253, 337).

Pals around Universal are remarking at the "close resemblance between Broderick Crawford and Sidney Blackmer.

Rethinking Christianity In India  
By G. V. Job, B.A.; P. Chenchiah, B.A., M.L.; V. Chakkari, B.A., B.L.; D. M., Devasahayam, B.A., B.D.; S. Jesudasan, F.R.C.S.; Eddy Asirvatham, B.A., B.D., Ph.D.; A. N. Sudarisanam, B.A. Printed by the Hogarth Press, Mount Road, Madras. Price \$1.00.

The contributions in this volume aim at an independent inquiry into the problems confronting Christianity in India. Mr. G. V. Job, Principal of St. Columba's High School, Chingleput, gives a "General Review of the Christian Movement in India" and suggests the main outlines of reorientation required in the future.

Mr. P. Chenchiah, Chief Justice Pudukottah and Mr. V. Chakkari, Advocate and Alderman, Madras, with a personal knowledge and experience of the Hindu faith, discuss "The Relation of Christianity and No. Christian Faiths," with particular reference to Hinduism. Both re-examine conceptions of the Church as seen in the light of Our Lord's life and teachings and enquire how Hinduism has its vitality. The same writers discuss the underlying ideas of the "South Indian Church Union Movement" and Mr. D. M. Devasahayam of Nagercoil, Secretary of the Bangalore Conference Continuation, expounds forcefully "The Implications of the Proposed Scheme of Union" and propounds "The Fundamental Principles to be Safeguarded in Indian Christianity."

FEMININE FACTS AND FANCIES

by MARGARET BARDEN

Other biographies of prominent women of the Community will appear in these columns from time to time.

MRS. HAROLD MILLS

Born at Rutherglen, Glasgow, Scotland, 50 years ago, Mrs. Harold Mills, known throughout the city for her fine appreciation of music, first received recognition at the early age of 8, when she won a Gold Medal for singing Burns' Songs. Two years later she won a silver medal, and decided on a musical vocation.

Formerly Evelyn Wares Mitchell, she graduated with high honours at the age of 17 from Trinity College of Music, London, England. Following her graduation from Trinity, Mrs. Mills was one of four soloists chosen to sing at Glasgow Cathedral that year, after ten years experience in church choir work.

Before coming to Canada when she was 21 years old, Mrs. Mills was employed for some years in one of the leading law offices in Glasgow. Canadian music enthusiasts soon recognized Mrs. Mills' fine talent, for she was the first singer to broadcast from Moncton, N. B. to the British Isles, a short time later she sang on a Trans-Atlantic broadcast at the invitation of the late Sir Henry Thornton.

Soloist at St. Andrew's Church, Westmount for 17 years, Mrs. Mills was associated with the late F. Blair at the church of St. Andrew and St. Paul for the past seven years. She was also the soloist at Temple Emmanuel for four years with Mr. George Brewer.

In 1916, when Princess Patricia and the Duke of Connaught visited Canada, Mrs. Mills was chosen to sing for them. As a token of their appreciation of her splendid voice and fine renditions, she was the recipient of a set of three books on "The Life of Queen Victoria", which was presented to her by Princess Patricia. On more than one occasion Evelyn Mills has entertained the royalty with her singing. In addition to her voice, Mrs. Mills has a lovely personality, which has endeared to her the hearts of many people both in Montreal and abroad.

Last week Mrs. Mills was again pressed into service for she was named chairman of the Westmount Division for the Salvation Army drive. With faith in their leader, the members of the Westmount Women's Club rallied around Mrs. Mills and worked untiringly to gain their objective.

Evelyn Wares Mitchell married Harold Mills, a realtor from Merrickville, Ont. in 1914. Mr. Mills came to Montreal and founded the Westmount Realty Co., of which he is now vice-president.

Marriage and home duties kept Mrs. Mills very busy, for she is the mother of two sons, the oldest James Mills, B.A., graduated from McGill and was married to Miss Bodel last summer. Mrs. Mills continued with her voice culture, and in 1926 she graduated from the Perfect Voice Institute, of Chicago, with high honours.

choice of a leader for such an undertaking could not have been made. Mrs. Mills' untiring efforts were an inspiration to all the workers, for it was she who helped the ladies and many of the gentlemen on, in what seemed to many workers a thankless job and a task doomed to defeat.

SUNRISE SALUTE Hollywood, March 27—Fleeing westward from realms of snow to semi-tropical climes, Easter was greeted locally in typical movie-land style, Solemn Sunrise services at Hollywood Bowl and Forest Lawn were shared with the world by radio, press and film—and history was made as impressive rites at the Bowl were successfully telecast to thousands of Southern California homes equipped with television receivers.

Hollywood, as usual, had blended solemnity with showmanship, piety with progress.

Easter hit town at least 12 hours ahead of schedule, and sleep was scarce Saturday night as thousands planned to follow an evening of gaiety with prayer at sunrise. Midtown bars were thronged until the wee small hours, while district theatres held special midnight screenings. Toward two-thirty Sunday morning the populace was well-soaked in liquor and much in need of religion—and the trek to the hills got under way.

From the summit of Hollywood, lands one could see first hundreds, then thousands of headlamps tracing their routes against the blackness of a dozen avenues and finally converging toward one of two main points — Hollywood Bowl or beautiful Forest Lawn. By four o'clock all arteries to the Bowl were choked, and frustrated drivers left their cars in vacant lots or dark alleys as more than 40,000 took to foot forming a huge pilgrimage as they neared the Bowl.

Girls in sacks, munching hot dogs and trading tales in the night. Sleepy infants snoring contentedly in their fathers' arms. Silk hats, soft hats—or no hats at all. Full dress and business clothes, top coats, windbreakers, ermine, mink, dyed cat. Chorus girls and movie stars, millionaires and help. Black skins, white skins—yellow, red and brown. Magistrates and convicts. Dethroned kings and maids.

And noise! "Park here! Park here! Just a buck here, mister." "Get your cushions, folks. Keep comfy 'through the service." "How about a paper, guy? All the baseball scores!" "Shelaceas, mister? I gotta wife an' kid..." "Gardenias for your lady friend. Half a buck, and worth it!"

By five o'clock the Bowl is crammed with 30,000 souls, and 20,000 more blanket surrounding hills. Suddenly the darkness is pierced by a bullet of light—revealing five white-robed trumpeters poised on a nearby slope to herald the approach of day. Out of the silence comes the roar of an organ, the huge shell lights up and a choir of 300 breaks into song before a curtain of fern and orchids.

Tyrone Power, immaculate in grey, reads "Salutation to The Dawn." Kenny Baker sings "Ave Maria." The assembly joins in "Behold the Sun" with Carrie Jacobs Bond at the piano, the same Carrie who wrote "End of a Perfect Day." On a platform to three television viewers, their sensitive mechanical eyes trained on the screen...

Warner Brothers rounded out the week tonight by screening "Virginia City." Rip-roaring and beautifully photographed, this one will keep you on the edge of your seat for 90 minutes. Errol Flynn, Miriam Hopkins and Randolph Scott take major honors.

Mrs. Scroggie, mother of the bride wore a dress of blue lace over crape, with navy blue straw hat, trimmed with small blue cornflowers. Her corsage bouquet was of pink roses. Mrs. Gall, mother of the bridegroom, was gowned in navy blue lace with a black straw hat and a corsage bouquet of white carnations.

A small reception was held in the Oak Room of Victoria Hall, where spring flowers were arranged. Later Mr. and Mrs. Gall left for the Laurentians, the bride travelling in a frock of heavenly blue crepe with a hat to match, a Hudson seal coat, grey accessories and a corsage bouquet of pink sweet peas.

They will reside in Westmount upon their return.

This staff of fitters is highly expert in making the right choice for the customer and in carrying out the adjustments which adapt the garment to the figure as surely as though it had been tailored to measure. Of no less importance than the style and quality of the foundation garment are the tact and patience of Madame Joel's corset fitters, suited by temperament and her training to work which requires an eye to the smallest details. They are thus able to give dependable service in families including both grandmothers and juniors going into their first foundation clothes. Light, airy and comfortable fitting rooms and the unhurried atmosphere created by a painstaking, conscientious staff of workers give Madame Joel's shop a distinctive rating. Well-stocked with foundation garments of every type from sturdy to the luxuriously beautiful Le Gant models, this store also carries the famous Camp support which so improves the posture of the wearer at once that many women chose it not merely as a special, necessary support but for constant wear as a good corset.

Hilda Galt Pupils Will Appear In Benefit

Hilda Galt will present the most pretentious dance recital her school has ever attempted when her pupils appear in their annual revue at Victoria Hall Westmount on Thursday March 11 at 8.15 p.m.

tation the children are given a colourful atmosphere in which to dance. For example the opening scene is a garden and the dancers will represent the various flowers...

140 pupils will take part in this performance ranging from tiny tots of three to the more advanced pupils of adult age. The revue is called "One Night of Rhythm" and will feature tap toe and acrobatic dancing, the ballet and musical comedy...

As is her custom Miss Hilda Galt donates the entire proceeds of her revue to some worthy cause. This year it is the Lions Boys Club in lower N. D. G. who are to benefit.

Miss Hilda Galt who will be in complete charge of the performance is a graduate of the Ned Weyburn School of Dancing in New York.

One such dance which Miss Galt has introduced this year in the "Dance of the Ladder". This is an acrobatic number to be presented by Miss Moira Cumming one of Miss Galt's more advanced pupils.

It is filled with thrills. The spills were taken in rehearsal. It holds the spectators enthralled while the grace of the execution should bring much applause. It is an act that has never before been attempted in Montreal.

A Leap Year Dance will be held under the auspices of the Ladies Division of the Park Toboggan and Ski Club at the Club House on Mount Royal on Friday. Music will be provided by Pete Morin and his Orchestra and many novelties and surprises are promised during the evening.

It might be said that the "One Night of Rhythm" is a "Revue" rather than a review of the abilities and accomplishments of Hilda Galt's pupils. In this present-

"Gulliver" Is Fine Treat For Patrons

The first full-length feature cartoon to reach the screen since Walt Disney's "Snow White," and the first ever to issue from the Paramount atelier, more than measures up to the great expectations that awaited it. "Gulliver's Travels," which is at the Westmount until Saturday, and at the York until Friday night, playing a morning show for children at the Westmount Friday and Saturday, and at the York Friday morning at ten, is a delectable confection of fantasy, romance and robust humor...

Max Fleischer, who won his preliminary bouts with "Popeye" and "Betty Boop," steps out as a movie-maker of front rank talent with this, his most ambitious and, it goes without saying, most spectacular work. It more than does justice to the classic of classic upon which it is based: it is an eloquent argument for those who see the screen as a medium capable of producing a work of art.

Based of course on Jonathan Swift's immortal story of the English Seaman whom a storm carried to a remote island where the tallest inhabitant was no taller than his boot, Fleischer's "Gulliver's Travels" deviates from the original only in the slightest degree. Most of the lovable, unforgettable characters Dean Swift created now walk across the screen, made more engaging than ever by the bright dialogue and hilarious situations

manufactured for them by the movie-makers.

The film "Gulliver's Travels" deals with the adventures of "Gulliver" from the moment he is washed up on the beach of "Lilliput" by a terrific ocean storm. In this land of miniature people, tiny buildings and even minuscule vegetation, the seaman wakes up to find himself a prisoner, having been bound up by the "lilliputians" while asleep.

"Gulliver," however, soon convinces "King Little" of "Lilliput" that he is not an enemy but a poor castaway, and, due to his enormous size and strength, becomes an important power in the kingdom. War is threatening the kingdom, and the "Lilliputians", like so many people in our own world, are willing to enlist the aid of some one they don't quite trust, in order to beat a more menacing enemy.
