AMERICAN VESSEL  
IS SUNK BY MINE  
IN THE NORTH SEAIS FIRST AMERICAN VESSEL TO MEET WITH  
DISASTER AS RESULT OF SEA WARFARE OF  
EUROPEAN NATIONS.

Bremen, via London, Feb. 21, 7:40 p.m.—The American steamer Evelyn, which sailed from New York on Jan. 29 with a cargo of cotton for Bremen, struck a mine yesterday off Borkum Island, in the North Sea. The vessel sank. Her captain and 27 of her crew were saved.

The nationality of the mine which destroyed the Evelyn has not been established.

## Formerly British Ship.

New York, Feb. 21.—The steamer Evelyn, sunk in the North Sea yesterday by striking a mine, was owned by the firm of Harriss, Irby and Voce of this city, and was carrying a cargo of cotton to the firm's agents in Bremen, Wm. L. Harriss of the firm, stated tonight. Mr. Harriss estimated that there were about 5,500 bales of cotton on board the Evelyn, valued at approximately \$350,000. The cargo was insured by the owners, with the government, he said.

Mr. Harriss was disinclined to make any lengthy statement on the loss of the steamer. "The information that our vessel was sunk by a mine was conveyed to me today," he said. "This is a risk—a war risk—that we take."

When asked by newspapermen if he would make a further statement regarding the incident, Mr. Harriss replied:

"A statement of that nature will come from Washington, I think." He said he had not yet been in touch with the Washington authorities on the subject but would probably communicate with officials at the Capital tomorrow.

W. H. R. Killeen, of the firm of A. H. Bull and Company, former owners of the Evelyn, explained tonight that the Evelyn formerly was a British ship, the Badsworth, launched more than a quarter of a century ago and given over for several years to international shipping. Sixteen years ago, he said, the vessel was towed into this port virtually a wreck and after extensive repairs was put under American registry and renamed the Evelyn, flying the American flag in the coastwise trade between here and the West Indies. The Evelyn changed hands several times and only recently was taken over by Harriss, Irby and Voce.

## WASHINGTON ADVISED.

Bryan Gets Telegram From U. S. Consul at Bremen.

Washington, Feb. 21.—Secretary Bryan announced the receipt of a telegram tonight from the American Consul at Bremen reporting the "loss" of the American steamer Evelyn. The case was not stated. The crew was saved.

American Consul Fee's telegram as given out by the State Department was as follows:

"Steamer Evelyn, Captain Smith, agents Bull and Company, New York, blown up early Friday at Borkum. Crew saved. Ship and cargo lost."

Secretary Bryan repeated the American Consul's telegram immediately to Ambassador Page at London and Ambassador Gerard at Ber-

lin with instructions to learn all possible facts concerning the occurrence and give every care to the crew if landed in their respective jurisdiction.

The Evelyn is the first American vessel to meet with disaster as a result of the sea warfare of the European nations. She did not sink within the war zone included in the German Admiralty's decree of Feb. 4th, which went into effect on Thursday. Borkum Island lies directly off the German coast, at the mouth of the Ems River, and is German territory.

Maritime records give the complement of the Evelyn at 25 men, so that is probable that all on board the vessel were rescued.

The Evelyn was a single-screw steel steamship and was commanded by Captain Smith. She belonged to A. H. Bull and Company of New York and was chartered by the Harriss-Irby Cotton Company to take a cargo of cotton to Bremen. She was 252 feet long and 185 tons net. She was built in Southampton, Eng., in 1883. Her home port was Philadelphia.

The Evelyn was last reported as arriving at Rotterdam on Feb. 17.

## NOT MUCH DOING

Probably no Ground for Diplomatic Action, says Washington

Washington, Feb. 21.—Although the extent of sea zones of war proclaimed by Germany was never defined exactly, the Borkum Islands are considered far distant from the danger area of submarines, although the waters of that vicinity are filled with mines for defensive purposes through which Germany always has piloted incoming ships. At the German Embassy tonight, it was pointed out that the accident must have been caused by a mine as Germany, sorely in need of cotton, would have no object in torpedoing a vessel laden with such a cargo for German consumption.

Early press despatches from Berlin announcing the loss of the vessel by a mine caused somewhat of a sensation in the Capital, where the tension has been more or less pronounced over the situation in the war zone since the despatch of warning notes by the United States to both Great Britain and Germany. It was practically conceded that if the cause of the accident proved to be a mine, there would be no ground for diplomatic action by the United States, as the laying of mines is not prohibited by any international convention now in force.

It was generally taken for granted before Consul Fee's message arrived that the vessel was blown up by a mine, but the omission of any mention of cause introduced an element of speculation, significant of the solicitude which is felt on every side since the diplomatic correspondence arose with the belligerents over the misuse of neutral flags and submarine warfare.

It had been practically decided earlier today by the Washington government to make no reply to either the British or the German notes

Kaiser's Forces Meet Barrier At Fortress Of Ossowetz—Muscovites Resume The Offensive In Galicia, The Carpathians And Bukowina—German Submarines Find More Victims But Have Only Succeeded Against Slow Boats—Western Front Is Comparatively Quiet Again

London, Feb. 21.—A German submarine, described by some as the U-12 and by others as the U-21, which is operating in the Irish Sea, yesterday found another victim in the little Irish coasting steamer Downshire. The Downshire was sunk not far from the spot where the British steamer Cambank was torpedoed a few hours earlier. In the case of the Downshire, however, the crew were given time to escape in their boats, and, instead of wasting a torpedo, the Germans used a bomb which destroyed the vessel in a few minutes.

On the other side of the British Isles, in the North Sea, near the Island of Borkum, the American steamer Evelyn, cotton-laden, was struck by a mine. She sank, but her crew were saved.

This makes up the total of steamers destroyed by submarines and mines during the past 24 hours, as far as is known. The submarines up to the present have demonstrated their ability only to attack slow steamers or those lying at anchor, as a number of liners have passed to and fro in the Irish Sea, where the German craft have been at work, without being approached. In fact, with respect to Liverpool and other west coast ports the arrivals and departures have been above the Saturday and Sunday average, according to Lloyd's list.

None of the official reports of the fighting on land contains any important information, although there are big battles in progress near the East Prussian frontier, where the Russians claim to have stemmed the German advance; in Western Galicia, where the Russians have become more active; in the Carpathians, where the troops have been fighting for nearly two months, and in Bukowina, where again the Russians have been reinforced and are resisting the Austro-German advance.

Petrograd despatches say that the Germans have met an impenetrable barrier in the vicinity of Ossowetz and that their difficulties have been increased by the overflowing of the Niemen River. They are in great force, however, and the battle which is only just beginning promises to be a severe one.

There seems to be little change in the relative position in West Galicia, although both sides have been making an effort to move forward, while in the Carpathians, although the fighting is undiminished in violence, the battle lines remain about as they were. A big battle is being fought north of the Nadworna-Kolomea line in Southeastern Galicia, and, according to German correspondents, the Russians have brought up large reinforcements from Stanislaw.

The Russian and Turkish forces have again come into touch in the Caucasus, in the Trans Tchoruk region, but the result of the encounters is not given.

There has again been a slackening in the activity in the west, although at a number of points one side or the other has made an attack, with the usual result of a gain or a loss of a few yards of trenches.

IRISH COASTING  
STEAMER IS SUNK

concerning the use of neutral ensigns or possible attacks by submarines on neutral vessels in the new sea zones of war.

Added significance was attached generally to this policy, because of the implication that the strong warning sent to both Great Britain and Germany might now be followed by a crisis in the relations of this government with the belligerents if through their practices American vessels or lives were lost.

When the North Sea was first mined, some of the neutral countries protested to both Germany and Great Britain, but the United States took the position that it was impossible to determine which country had been the aggressor and therefore made no protest, though it does not consider its rights in any way compromised by this silence.

Diplomatically, the United States, and neutrals generally, are helpless as far as obtaining redress for the loss of their ships by contact with mines is concerned, unless absolute proof, a rare occurrence, could be adduced, to show the nationality of the mines, that no pilot was available, or that the mines, drifting from their anchorage, were far distant from belligerent areas.

The reference in the message from American Consul Fee to the destruction of the Evelyn "at Borkum" was interpreted in some quarters as meaning that the vessel was within the territorial waters of Germany when she struck the mine, consequently some officials believed a claim for damages against Germany might be made by the American owners.

## PLOT TO TAKE

ESSAD PASHA'S LIFE

Paris, Feb. 21.—The Cetinje, Montenegro, correspondent of the Balkan Agency says that information which he has received from Durazzo, Albania, indicates that the situation concerning Essad Pasha, Provisional President of Albania, is becoming critical. It is stated that the report that a plot had been made to take Essad Pasha's life has been confirmed.

## OFFICIAL

## FRENCH STATEMENT.

Paris, Feb. 21.—via London, Feb. 22—12:04 a. m.—The following official communication was issued by the War Office tonight:

"There has been intermittent cannonading from the sea to the Aisne, with a very effective fire by our artillery.

"In the Champagne region a counter-attack by the enemy, which was brilliantly repulsed, was followed by a vigorous pursuit, which made us masters of the whole of the German position to the north and east of the wood captured by us yesterday.

"On the rest of the front two other counter-attacks were repulsed, and we made fresh progress, particularly to the north of Les Menils. We captured two machine guns and 100 prisoners.

"The enemy delivered his seventh counter-attack at Les Eparges, with a view to recovering the positions gained by us during the last two days. It failed as completely as its predecessors."

Paris, via London, Feb. 21.—

3:40 p. m.—The War Office announced in a statement given out this afternoon that part of the trenches near Ypres which the Germans captured recently had been re-taken and that German attack elsewhere had been repulsed.

The statement follows:

"In Belgium there were some infantry actions. In the sector of Ypres we took a portion of some trenches which the enemy had occupied temporarily. It is confirmed that the Germans left several hundred men on the field. Our losses were slight.

"In Champagne our gains were maintained. Two counter-attacks by the enemy towards night yesterday failed.

"In the Vosges we repulsed three attacks, one on the northern bank of La Ficht and two on the southern bank. The fighting continues."

The following official communication was issued by the War Office last night:

"In Belgium and along the whole front as far as and including Rheims there have been cannonades and fusillades.

"Our action continues in the Champagne district under good conditions. We have repulsed several counter-attacks and made fresh progress north of Perthes by occupying the wood which the enemy had strongly organized.

"In the Argonne there have been a few engagements of little importance. At Les Eparges south-east of Verdun, after having repulsed the sixth counter-attack by the enemy, we delivered a fresh attack, enlarging and completing the progress realized yesterday. We took three machine guns, two trench mortars and 200 prisoners, including several officers.

"In the positions which we carried at Xon we found the bodies of soldiers belonging to five different regiments."

## RUSSIAN STATEMENT.

Petrograd, Feb. 21.—The following official communication from the headquarters of the Commander-in-Chief was issued last night:

"Actions on Feb. 19 on the right banks of the Bohr and Narew Rivers (Poland) were fought in the region of Osowee and on the roads to Lomza, Ostrolenka, Przasnysz and Pionsk, taking on

## WAR SUMMARY

Chief interest in the war centres in the operations of German submarines in the waters around the British Isles. The British steamer Downshire has been blown up in the Irish Sea, while the American steamer Evelyn, with a cargo of cotton, from New York for Bremen, has been sunk by a mine near Borkum Island in the North Sea. From Berlin comes the report of the sinking of a British transport with troops and an "accompanying steamer," but the scene of this incident is not given.

Regarding the destruction of the Evelyn, the first American vessel to be sunk since the outbreak of the war, the authorities at Washington have ordered a full inquiry.

The report of the sinking of the British transport was sent on the authority of a German news agency, but neither Berlin or London has made any official announcement concerning the report.

The latest official announcement from Paris regarding the operations in the west describes considerable progress made by the Allies in the Champagne district and the repulse of the Germans at various points along the southern end of the line.

In the eastern war zone Russia claims to have put a check on the German advance by the aid of strong reinforcements. There is little change to record in Galicia, the Carpathians or Bukowina.

The Turkish Grand Vizier, Prince Said Halim, in the course of an interview, declares that to have joined with Great Britain, France and Russia would have been harmful to the interests of the country; that the powers of the Triple Entente had been actuated by hypocrisy in dealing with Turkey and that the Turkish people, desiring an opportunity to work out their destiny, became participants in the war. He denounced the assertion that Turkey is bound to pass under the sway of Germany as absurd.

A hostile aeroplane is reported to have dropped bombs near Braintree, Colchester, Marks Tey and Coggeshall, English towns virtually within fifty miles of London.

Fishing boats flying the Italian flag have been fired upon by Austrian torpedo boats off Antivari, Montenegro, according to one of the boats which has arrived at Bari, Italy. Austrian aeroplanes, the fishermen added, attempted to drop bombs on them and one of the Italian vessels was badly damaged.

A free fight broke up a meeting in Rome called by the parties favorable to Italian intervention in the war and those against it at which speeches were to have been made setting forth the respective views. Many persons were wounded.

The Mayor and Chamber of Commerce of Vienna, it is reported, have insisted to the Austrian Prime Minister that Vienna be given sufficient grain and flour to meet the needs of the population. Some indignation is said to prevail over Hungary's alleged reluctance to share with Austria her surplus of grain.

Treasury bills to the value of \$250,000,000 to provide for war expenditures have been ordered issued by Russia.

"Well, now that your vacans Store is rented, I suppose I am again in demand to fill this space," remarked The Oracle, as he graced a chair in our office this morning. "There's a problem for you that's thrown up to me to solve every a.m., in the year: How much hot air does it take to fill a space two columns wide by three inches in depth? If you'd ask the editorial writer, he'd first want to know the quality and expansive possibilities of the hot air to be used. If you put it up to the Brighter Side man, he'd refer you to the humorous column of the Ladies' Home Journal. If you went to the advt. compositor he'd be in favor of brevity with large type. If you—but say, you've the answer now—it is filled. Au revoir!" and the Oracle faded gracefully from view.

the character of counter-attacks.

"On the left bank of the Vistula we have repulsed weak attacks by the enemy, on the lower Bzura near Wilkowice, south of Rawa, near Mszonow, and on the upper Vistula, and the Nida near Bohinec. At Dounaetz, near Jabno, we have repulsed an offensive operation by an Austro-German detachment.

"In the Carpathians we repulsed obstinate attacks near Yasionki and Mezolaborez. Attacks of the Germans between Tuchla and Wyskow were marked by especial tenacity.

"The heights northwest of Senezuw, which had been captured by the enemy, were occupied following a fortunate counter-attack with bayonets. In the region of Klausswe we made advances.

"At Przemyśl we repulsed easily two sorties of the garrison from the fortress, inflicting grave losses upon them."

## STEAMER HOLGER IS INTERNED NOW

GERMAN CRUISER KRONPRINZ  
WILHELM IS REPORTED IN  
RIVER PLATE.

Buenos Ayres, Feb. 21.—The stipulated period which the German steamer Holger, which arrived here Thursday, might remain in this port having expired, the Argentine authorities declared the vessel interned.

Newspapers here publish a report that the German auxiliary cruiser Kronprinz Wilhelm is actually in the waters of the River Plate, having on board sailors from vessels which she has sunk.

## AUSTRIA AFTER HUNGARY NOW

DISCORD IN DUAL MONARCHY  
BECAUSE AUSTRIANS WANT  
FOOD SUPPLIES.

London, Feb. 21.—A despatch to Reuters' Telegram Company from Venice says the Burgomaster of Vienna and the President of the Vienna Chamber of Commerce today visited the Austrian Prime Minister and said that measures be taken to provide sufficient grain and flour to meet the city's needs.

"They said they thought," the correspondent adds, "that Hungary should be compelled to supplement Austria's inadequate supply of grain and that all supplies from both countries should be treated as a common stock. The Prime Minister assured them that the Cabinet was perfecting a plan to relieve the situation.

"The people seem indignant over what they style Hungary's manifest reluctance to share with Austria her surplus grain."

## REPORT BRITISH TRANSPORT SUNK

Berlin, Feb. 21.—By wireless to Sayville.—The report of the sinking of a British transport with troops, and the accompanying steamer, reached Berlin too late for comment by the morning papers.

All the papers, however, feature the report in first page head lines, together with reports of the sinking of other vessels by submarines or mines.

If, as indicated by the foregoing, a British transport has been sunk, the news probably has been withheld in London.

Although accounts of the sinking of various other steamers by German submarines or by mines have been passed promptly by British censors, there was no intimation in the London despatches of the destruction of a transport.

## AUSTRIANS MUST SOW THEIR LANDS.

Failure to Comply is Punishable  
With Fines.

Venice, via London, Feb. 21.—The appeal issued to farmers last Thursday by the Austrian Minister of Agriculture, in which he urged them not to leave a single plot of ground anywhere uncultivated, was followed today by a peremptory decree by the Austrian government ordering land owners to sow immediately every available part of their ground with spring wheat. Where necessary local authorities are empowered by the decree to provide labor for this work and to recover from the sale of crops the expenditure incurred. Failure to comply with the edit is punished by heavy fines or imprisonment.

The Minister of Agriculture was quoted as saying in his appeal Thursday:

"Peace depends more than ever upon the work in the fields this spring. The power of the army and the security of the state are conditionally upon the productivity of agriculture."

The question of food supplies in Austria-Hungary is daily becoming more acute, according to recent news despatches, and the government has confiscated all stores of grain. The shortage of fodder for cattle is greatly increasing the gravity of the situation.

# HON. T. CHASE CASGRAIN BANQUETED BY FRIENDS

OCCASION OF HIS RECENT MARRIAGE IS COMMEMORATED—MINISTER IS PRESENTED WITH HANDSOME CLOCK.

The banquet tendered to Hon. Thos. Chase Casgrain, Postmaster-General, and Minister for the District of Quebec, by his friends in order to commemorate his recent marriage, took place at the Chateau Frontenac on Saturday afternoon and furnished a striking proof of the warm regard in which Quebec's representative in the Borden Cabinet is held locally. During the course of the banquet the guest of honor was presented with a handsome grandfather's clock, the gift of his admirers.

The banquet was a success in every respect and about a hundred and fifty guests sat down to partake of an excellent menu in the dining room, which was decorated in exquisite taste. While the dinner was going on the Chateau orchestra rendered a splendid selection in which patriotic airs were very noticeable.

Speeches were made by Hon. Thos. Chapais, who presided; by Hon. T. C. Casgrain, Sir Rodolphe Forget, Mr. A. Seigny, M.P. for Dorchester; and Deputy Speaker Mr. D. O. L'Esperance, M.P., and Sir William Price.

At the table of honor on the right of Hon. Mr. Chapais sat the guest of honor, and the following: Mr. Albert Seigny, Sir William Price, Messrs. Joseph Girard, M.P.; Pierre D'Auteuil, M.P.P.; Eusebe Belleau, Alphonse Bernier, M.P.P.; and Mayor of Lewis; J. G. Scott, G. G. Stuart, W. W. Dobell, B. Leonard, J. B. E. Letellier.

On the left of Mr. Chapais were the following: Sir Rodolphe Forget, M.P.; Mr. D. O. L'Esperance, M.P.; Messrs. E. L. Pateau, M.P.P.; Dr. N. A. Dussault, V. Chateaufort, A. J. Turcotte, W. Bancroft, J. T. Ross, A. Gravel, W. G. Hinds, Mr. Frechette.

Among the members of the organization committee were Dr. N. A. Dussault, Arth. Larue, E. J. Lapointe, R. Langis, J. P. Ouellette, Aime Dion, C. J. Lockwell, and P. Furois. The committee deserves special praise for the success which attended its efforts. Certainly nothing has been left undone to ensure that success.

Just before the toasts began the orchestra played Mendelssohn's Wedding March.

Hon. Thos. Chapais.

After the toasts the King had been honored, Hon. Thos. Chapais arose and said that he had only one letter to read and that was from Mr. Mathieu, who had performed the marriage ceremony for his old friend, Mr. Casgrain in New York. Mr. Mathieu repeated very much that he could not be present but he had been compelled to return to Regina. He quoted the words of the French poet: "L'absence est l'amour ce qu'est un feu levé. Il éteint le petit, il allume le grand."

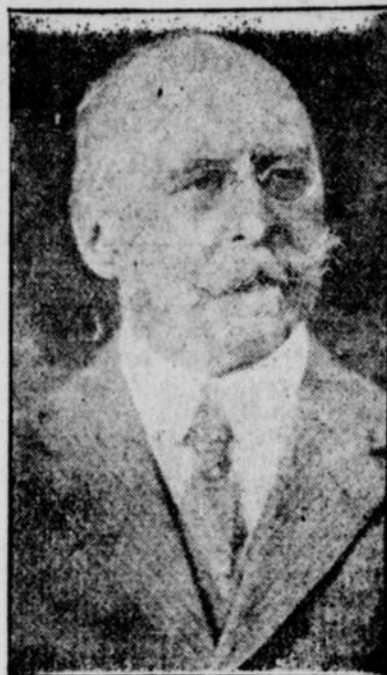

Proposing the health of Hon. Mr. Casgrain, Mr. Chapais paid the guest a warm tribute having especial emphasis on his long connection with this city and district and saying that he was at heart a Quebecker. "Quebecois de la ville roche," and had late given many proofs of his attachment to this city of which he was a worthy and most popular representative.

After a definite reference to the fact that the Minister was now on his honeymoon, Mr. Chapais pointed to the clock which was presented to the Minister hoping that it would tell of many pleasant hours of happiness and prosperity to Mr. Casgrain and his bride.

A Great Oration.

Mr. Casgrain was then greeted with the singing of "For He's a Jolly Good Fellow" and "Hail to the Chief." He received a tremendous ovation of applause.

Mr. Casgrain said that he was sur-

prised at the magnitude of this demonstration and was pleased at the various flattering references which had been made to his regard in the columns of the local press. He could pride himself that he had many friends in Quebec, judging from what he had seen and heard recently. Nor did he think that these were all political allies. He could say this, as the political skies at the present moment seemed to be as blue and smiling as those of Italy.

After warmly praising Hon. T. C. Chapais, Mr. Casgrain spoke of the recent change in the Lieutenant-Governorship of the Province, speaking with considerable regret of the death of Sir Francois Langlois.

He had always been most partial to Quebec, said Mr. Casgrain. Here he had been educated, and he had always remained a Quebecker. He knew that he had a most energetic predecessor in the person of Mr. Pelletier, and he would endeavor to carry on the good work which the former Minister had begun. He would see that there would be no cessation of activity in the execution of public works at Quebec.

After praising Sir Rodolphe Forget for the part which he played in the victory of 1911, and for his work for the district, the Postmaster-General took up the question of Hon. Mr. White's budget and the obligations and sacrifices which it would mean for us on account of the war. It was, he said, our duty to be patriotic and we must all be ready to do our share to meet these taxes.

Quebec, said Mr. Casgrain, furnished a splendid example of the Entente Cordiale and it was a pleasure to see how the different races were working together while their Mother Countries were fighting side by side in France and Flanders. The Province was doing and would continue to do its duty.

All must make special sacrifices, but he was happy to announce that in spite of the war, public works would be carried on during the summer in this district and prosecuted with energy. All works that were essential would be continued to completion, especially those connected with the N.T.R., such as the Union Station, the Dry Dock would be hastened and there would be no abatement of activity in the program of the Harbor Commission, which already had accomplished so much, thanks to its able president, Sir William Price.

In conclusion, Hon. Mr. Casgrain

## PROROGATION IS EXPECTED SOON

WILL SESSION END THIS WEEK?—BILL FOR TEN MILLION LOAN.

It is generally felt about the Legislature that the session will come to a close during the present week. Whether or not the work can be finished in time remains to be decided. Beginning on Tuesday there will be three distinct sittings of the Legislative Assembly daily, which will contribute towards passing the remaining legislation without delay.

The present week will be an exceptionally busy one for the Upper House, where both the Montreal and Quebec bills are slated for study before the Private Bills Committee.

The Quebec Bill will come up on Tuesday morning and present indications are that there will likely be a strong fight on the question of prohibiting canoeing on the St. Charles River above the intake pipe of the City's Waterworks.

Ten Million Loan.

Power for the Lieutenant-Governor-in-Council to authorize the Provincial Treasurer to contract a loan, or loans, not to exceed in the aggregate more than ten million dollars is asked for in a bill introduced in the Legislative Assembly by Hon. Mr. Mitchell, to be effected by means of treasury bills, bonds, debentures or inscribed stock, issued for a term of not more than ten years, at a rate of interest not more than five per cent.

The proceeds of the loan are to be used for the purpose of paying off a temporary loan of \$4,000,000 borrowed from the Bank of Montreal on December 1st last, and to recoup the consolidated revenue fund for any advance already made, or which may be made by the treasurer, for the carrying out of certain works. These works were the Montreal jail, Court House at Mont Laurier, the cost of damming the St. Maurice River and for good roads, all of which works were done out of revenue.

The regular provincial interest is 4½ per cent, but the main reason given for five per cent interest is that owing to the war and the industrial and financial conditions, incident thereto, the money markets are so affected that it is impossible to negotiate at a reasonable rate any securities bearing interest at a rate of four and one half per cent, or less.

Payments from the new loan will include \$623,897 for the four million pounds of cheese placed at the disposal of the Imperial Government as a present from the Province; \$35,000 given to the National Relief Committee of France; \$25,000 for the relief of the Belgians and \$5,000 towards the French-Canadian hospital in Paris.

Legislative Council.

The Perodeau bill amending the Civil Code relative to successions was again discussed in the Legislative Council at the sitting held on Saturday. The question was the consideration of the amendment which had been made by the Legislative Assembly to the bill which is commonly known as the "Married Women's Bill."

The chief amendment is the one which was proposed by Mr. J. L. Perron which reads as follows:—

"The surviving consort is also excluded from the estate when the husband has been interdicted before the coming into force of this act and dies without having been relieved of this interdiction."

Hon. Mr. Perodeau acknowledged that the Lower House was justified in thinking of persons under interdiction for whom his bill would have a retroactive effect. He was not satisfied with the Perron amendment, however, and would prefer to substitute the following:—

"When, previous to the coming into force of this act a spouse has been placed under an interdiction which does not permit him to make a legal testament, and this spouse dies before the raising of the interdiction, which would have permitted him to make a legal testament, the surviving spouse is excluded from the succession."

As Mr. Perodeau did not want to risk having the bill killed by sending it back to the Legislative Assembly, he did not insist on his amendment and simply submitted it as a notice of motion to have it inscribed in the proceedings of the House. It is understood that Mr. Perodeau will not insist on his amendment when the Upper House is called upon to concur in the amendments made to his bill by the Legislative Assembly.

Five public bills were read a third time without amendments. They are as follows: Concerning Cooperative Agricultural Societies; relative to the tenure of land in the County of Magdalen Islands; relative to the storage of waters on the St. Francois River; concerning certain registrations in the Township of Denoue, Gaspé County; special bill relative to municipal elections in the Town of St. Lambert.

The public bills read a second time are: Amending the Cities' and Towns' Act, Mr. Perron; concerning the College of Surgeon-Dentists, Mr. Lemieux; concerning the Code of Civil Procedure, Mr. Perron; relieving architects from serving as jurymen, Mr. Letourneau.

The Decarie bill amending the Public Instruction Act was read a

## GERMANS TORPEDO BRITISH STEAMER WITHOUT WARNING

"CAMBANK" WAS SUNK IN IRISH SEA ON SATURDAY MORNING.

Liverpool, via London, Feb. 21.—Without warning a German submarine torpedoed the British steamer Cambank, a few miles east of Lins Point, in the Irish Sea about 11 o'clock Saturday morning. The explosion killed the third engineer and two firemen. Another member of the crew was drowned in an attempt to jump into a boat. The rest of the crew and the pilot, 20 in all, were saved.

One of the men, in describing the experience of the Cambank, said: "We were bound from Huelva, Spain, for Liverpool with a cargo of copper. When outside of Amlwch, on the north coast of Wales, we took aboard a pilot, we had gathered speed when a periscope was observed about two hundred yards away. The engines were reversed, but while the vessel was turning, the submarine discharged a torpedo, which struck us amidships. "We launched the lifeboats and managed to pull clear before the Cambank sank. We had no time to save anything and most of us were scantily clad and much exhausted when a boat took us in charge and towed us into Amlwch harbor."

A steamer, which has arrived here, reports that she had been warned by the Cambank that there was a submarine in the vicinity. She at once put on full steam and being a speedy vessel reached port safely.

STORIES OF CREW.

One Engineer and two Firemen Were Killed by the Explosion.

Liverpool, via London, Feb. 21.—First to sight a German submarine and then to see the track of a torpedo making its way toward their ship was the experience of the crew of the British steamer Cambank, which was sunk Saturday morning in the Irish Sea off Lins Point. The survivors of the disaster arrived in their home port here today. The third engineer and two firemen were killed in the explosion and another member of the crew was drowned when he tried to jump into a boat. In all twenty persons were saved from the wreck.

The submarine came into view, according to the stories told by the men of the Cambank, while the crew of the steamer were preparing the boats for an emergency. Then the torpedo was observed. The ship was standing still at the time and the torpedo struck it squarely amidships, close to the stokehold. In less than fifteen minutes the bow of the vessel seemed to fall away and then the ship broke in two and sank. Those of the crew who were able to make the boats drifted for three hours before they were picked up.

After discharging the torpedo which sank the Cambank the submarine quickly submerged herself. The crew of the Cambank say the submarine unsuccessfully chased other boats in the vicinity where the Cambank was destroyed.

first time, while third reading was given to the bill relative to the Geo. Tetreau estate which was read a third time with certain amendments.

The following private bills were read a second time and referred to the Private Bills Committee of the Upper House: Re Protestant School Commissioners of Montreal; amending the charter of the town of Mount Royal; incorporating the Town of Trois Pistoles; School Municipality of St. Francois Solano; rectifying the by-laws of the municipality of St. Benoit Labre d'Amqui; amending the charter of the Town of Chateaugay; incorporating the Town of Roche fort; amending the charter of the Huntingford and Hemmingford Railway; amending the charter of the Alma and Jonquieres Railway, relating to the School Municipality of Cote des Neiges.

The following private bills were read a first and second time and also referred to the Private Bills Committee: Concerning the administrators of Laval University Montreal; School Commissioners of St. Henri, Montreal; incorporation of the Town of Montreal-North; amending the charter of the City of Three Rivers; Outremont School Commissioners; Eugene Chepeau estate; Beaudry estate.

The bills amending the charters of the city of Hull and the North Shore Power Company were read a first time.

DUTCH GOVERNMENT HAS INSURANCE PLAN.

London, Feb. 20.—The Dutch government is considering an insurance plan for ships under which shipping companies would take about twenty per cent. of the risk, the rest being borne by the government and insurance companies, according to the Rotterdam correspondent of Reuter's Telegram Company.

## NORW. Y FURIOUS OVER SINKING OF STEAMER BELRIDGE

PAPERS ASK GOVERNMENT TO DEMAND SATISFACTION FROM GERMANY.

Christiania, via London, Feb. 21.—Indignation at the sinking of the Norwegian tank steamship Belridge by a German submarine near Folkestone is expressed by the morning papers which discuss possible means of demanding satisfaction.

"We presume the Norwegian government will ask Germany to make a declaration whether the sinking of the Belridge was a mistake or a deliberate action," says the Morgen Bladet. "Presumably neutral powers in their notes to Germany made all reservation regarding compensation for life and property which may be lost by the carrying out of the German threat to torpedo ships without previous examination. If legitimate claims of neutrals to indemnity are refused the respective countries naturally will consider the question of placing an embargo on German ships lying in their various ports until a satisfactory arrangement is made of this economic question."

MILLION ITALIANS

UNDER COLORS NOW.

Rome, via Paris, Feb. 21.—

The proceedings in the Italian Chamber of Deputies Saturday, owing probably to the general belief among the deputies that the government has done everything in its power to prepare for eventualities.

The first line soldiers now under colors total about 1,000,000, and thus mobilization has virtually accomplished. Should it be necessary, Italy can speedily call to arms the territorial troops for the local garrisons.

WILD RUMOR, SAYS MACK.

Philadelphia, Feb. 21.—Connie Mack, the manager of the Athletics, tonight characterized as "another wild rumor" the report published today in St. Louis, that J. Franklyn Baker, the Athletics hard-hitting third baseman, would become a member of the St. Louis Americans.

"I have every reason to believe that Baker intends permanently to retire from baseball, as I announced a few days ago," said Mack.

## ALLIES SILENCE FORTS ON THE DARDANELLES

ACCORDING TO BRITISH ACCOUNTS THE BOMBARDMENT WAS ATTENDED WITH MUCH SUCCESS—TURKS SAY 3 SHIPS DAMAGED.

London, Feb. 21.—The first serious attack by the British and French Mediterranean fleets, assisted by aeroplanes and seaplanes, on the Dardanelles forts, which commenced Friday and continued yesterday, has met with considerable success, according to the British official account and unofficial reports received at Athens from the island of Tenedos, at the entrance to the Straits.

The Turkish official report, however, stated that no damage had been done to the forts and that the casualties of the defenders consisted of one killed and one wounded, but that three of the warships were damaged by shots from the forts.

The British report said that the forts on the European side of the Straits were silenced Friday, and that only one of the forts on the Asiatic side was still firing Friday evening, while none of the warships had been damaged.

The Greek accounts said that the Asiatic forts were silenced, but no official report of this bombardment has been issued by the Admiralty as yet.

The bombardment must have been one of the most serious ever undertaken, in the opinion of the naval experts, for no less than eight battleships and armored cruisers took part, these warships having a total of thirty 12-inch and six 10-inch guns, which outranged the guns of the forts. Early on Friday morning this fleet, including the British battle cruiser Inflexible, which had just returned from the Falkland Islands, where, with other ships, she took part in the battle in which Admiral Count von Spee's German squadron was destroyed, opened a long range bombardment on the forts at Cape Helles and at Kum Kalesi at the entrance to the Straits.

When these forts had been damaged the battleship force closed in and engaged the forts with their six, seven and nine-inch guns, which it is believed, must have poured an enormous rain of shells on the Turkish positions.

Besides desiring to bring Turkey to her knees, the Allies in their attempt to force the Dardanelles Strait, aim at a very early release of the large stock of which Turkish is locked up in Russian warehouses and which the Allies wish to get out, both to relieve the markets and to provide Russia with necessary credit to pay for war material bought abroad.

Copenhagen, Feb. 21.—via London.—The Danish War Insurance Committee has decided not to increase premiums on vessels until further notice.

## OTTAWA'S REQUEST FOR EXTRADITION

HEARING WILL TAKE PLACE IN BOSTON ON WEDNESDAY MORNING.

Vanceboro, Me., Feb. 21.—The request of the Canadian Government for the extradition of Werner Horn, who tried to blow up the international bridge over the Ste. Croix river, on February 2nd, asserting that he did it as an act of war, will be heard before a Federal commissioner in Boston next Wednesday morning at 10 o'clock, it was learned today. Fourteen witnesses from this town have been summoned in connection with the case.

Two Moves Made.

Boston, Feb. 21.—Two official moves apparently distinct, were announced today in the case of Werner Horn, who attempted to blow up the international bridge over the Ste. Croix River near Vanceboro, Me., on Feb. 2nd, claiming that he was an officer of the German army, and that his act was a war measure.

The Federal District Court in this city will begin an investigation this week to determine, it is understood, whether the law against transportation of dynamite was violated by Horn in his alleged preparations for blowing up the bridge. Fourteen witnesses have been summoned from Vanceboro to give evidence here next Wednesday. District Attorney Anderson declined tonight to talk about the proceeding, saying merely that he was acting on orders from the Attorney-General in Washington.

The announcement was made in Portland, Me., that action had been begun by a representative of the Canadian Government for the extradition of Horn. An application was filed in the Federal Court in that city by Jas. Parkinson, of Ottawa, Inspector of the Dominion Police, asking that a warrant be issued Horn before Judge Clarence Hale of that Court, at the expiration of the sentence of thirty days in the county jail at Machias.

## The Supreme Test of a Healing Agent

Psoriasis or Chronic Eczema Defied All Treatment Until Dr. Chase's Ointment Was Used.

After suffering with the terrible itching of Psoriasis for five years, and being told by physicians that she could not be cured, Mrs. Massey turned to Dr. Chase's Ointment and was entirely cured. "You will find this letter interesting, and will not wonder that the writer is enthusiastic in praising this ointment."

Mrs. Nettie Massey, Concession, Ont., writes: "For five years I suf-

fered with what three doctors called psoriasis. They could not help me, and one of them told me if anyone offered to guarantee a cure for \$50.00 to keep my money, as I could not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough."

Can you imagine a more severe test for Dr. Chase's Ointment? This should convince you that as a cure for eczema and all forms of itching skin disease Dr. Chase's Ointment stands supreme. Put it to the test. 50c a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

MRS. MASSEY.

CANNOT JUSTIFY IT.

It worries the German admiralty to be told that their British coast blockade announcement is a bluff. The Teuton war lords tell us to just wait and see. And meanwhile they have their hands full trying to explain to various neutral nations by what process of fair reasoning they propose to define this act of unfriendliness to people with whom they are not at war.

Thus far they have made a poor job of it and if the statement of Von Reventlow, the German critic, is to be taken as their last word, the best that can be said for them is that they are ready to disregard any and every recognized international rule of warfare and take chances on what may happen as a result.

Von Reventlow, referring to the protest of neutral nations, declares that it is as unreasonable to expect a German submarine to stop to inquire the nationality of a vessel in the danger zone as it would be to expect a submarine mine to discriminate between vessels of the enemy and of neutral nations. Which is not argument at all.

When Great Britain mined certain portions of the North Sea announcement was made to the nations and all masters of neutral vessels were guaranteed safe conduct through the mine area by following certain courses laid down by the British admiralty. British submarine mines were not expected to discriminate. It would be honest if the German admiralty would come out flat-footed with the announcement that its purpose in the blockade is to prevent the landing of all steamers carrying supplies of any sort at British ports. That is the purpose and the only reason it has not been stated is because the Germans have not reached that point where they are willing to force the hand of the United States against them.

BELGIUM'S CAPITAL IS NOW IN FRANCE.

There are three invasions of France at the present moment. There is the German invasion; there is the British invasion, and there is the Belgian invasion, but only the first invasion is regarded by France as hostile. France has placed one city, that of Havre and its port at the service of the British who virtually control that port and in one of the suburbs of Havre, known as Nice-Havrais, the French government has ceded to Belgium a little spot of land which though many miles away from Belgium is now a part of Belgium. On this little piece of land the legitimate government of Belgium which the world recognizes at the present is situated. For all international purposes that piece of territory in France forms a part of Belgium. After the war is over and the Belgium government returns to its own country, the little spot will cease to be Belgium and again become France. The object of this is obvious. It is to give the government of Belgium which the Allies recognize a territorial standing. The government of Belgium in the same way, in all probability, had the German raid upon the north of France succeeded, would have been moved to England, and been given there a piece of territory for a similar purpose. This prevents Germany from claiming to be de jure the ruler of Belgium.

Mr. Wm. Shepherd of the United States brings out the preceding interesting fact as follows:—

Havre, France, Feb. 12.—Squeezed into a little suburb, known as Nice-Havrais, is the Belgian government. In the house once occupied by a rich German shipper, the Belgian war department carries on its busy affairs. In another mansion, deserted by a German, the Foreign Office holds sway and on the second floor of a long line of store buildings most of the other departments have their temporary offices.

France has turned over this little spot to Belgium. Nice-Havrais is not now French soil, but Belgian, and it will remain so by the promise of France until the King of Belgium sides again to Brussels.

The general post office for Belgium is also located on this ceded piece of territory in France. A great business is done in postage stamps. People from all countries who arrive in Havre rush to this little piece of new Belgian soil and buy Belgian postage stamps or postal cards and mail them there to their friends abroad. These stamps are expected in a generation or so to be exceedingly valuable, because of their unique historical associations. There are enthusiastic stamp collectors who actually go to the little post office where a Belgian girl is in charge and

purchase the whole series. The Belgian postal clerks now understand what is required and great pains are taken to place on each postal card a clear cancellation stamp, because the cancellation stamp is the mark of the genuineness of the stamp. It is anticipated that these stamps a quarter of a century from now will be valuable to stamp collectors. The Belgian stamps which for a time were used by the Germans after their invasion of Belgium when cancelled by the Belgian post mark are also valuable. As those have ceased to appear the German invaders now use German stamps.

There is an old and familiar sound in the announcement that the Victoria Cross had been conferred on Corporal Michael Leary, of the Irish Guards. Leary's exploits revive the historic tradition that the Irish are unexcelled for courage and devotion. The Corporal, a modest man, who took his honors with quaint meekness, rushed ahead of a party of his regiment at the Cunechy fight in France; stormed the first barricade alone, killing five of the enemy, and then dashed forward sixty yards to the second fortification, which he also captured, despatching three more men at this point.

And yet, there are some who maintain that the exploits of Charley O'Malley, as set forth in Lever's famous novel, are not based on fact.

Louis Bleriot, the French inventor of the monoplane, points out that Zeppelins are useless in warfare, and Count Zeppelin, the German inventor of the Zeppelin, shows that monoplanes are useless in warfare. When great unprejudiced minds like these disagree, the public can only concede that both may be right.

PRESS COMMENT.

Those who have been disappointed at the long deadlock in France and Belgium and have felt that the allies' failure to advance was only in a measure better than reverse are overlooking the fact that this period of deadlock, during which Germany failed to accomplish anything, has served to bring together the fighting forces which will settle the war. Great Britain sent about 165,000 men to the continent at the opening of the war. That was her available expeditionary force. Today the London Times' military critic asserts that England has trained and in training as many men as Germany has in the western field of war. The army estimates, submitted to Parliament, bear this out, for they indicate a force of three million men. The prediction of the German military critic, Major Morant, that Britain's limit was a half to three quarters of a million men has been sadly refuted by actual developments. Even today English enlistments are said to be 40,000 a week. In that same period France has been raising hundreds of thousands of fresh troops and training and equipping them for the spring campaign. Quite as important is the activity that has been shown by the French and English gun plants. The boasted superiority of the German artillery has been more than matched by the guns of British and French in these last few months. In efficiency of handling and in marksmanship the allies' artillery have not at any time been outclassed. The preparations Britain and France have made for the coming conflict are on a scale such as history has never known. Nothing has been left to chance. Recent dispatches from France have told of the enormous quantities of supplies of every kind which are to be seen distributed all along the road from the coast to the fighting line. Thousands of motor cars and traction engines, vast parks of artillery, thousands of tons of every kind of provisions, these are the evidences of the determination of the allies to bring the war to an end and with the victory theirs. These are the terrible facts that face the German military leaders. At a time when Russia's vast forces in the east are just beginning their real campaign, at a time when severe internal distress is resulting from the British sea power, at a time when the Land-sturm and the second-rate troops are being forced into service to fill the loss of the first-line troops, this is the period when Germany finds herself about to suffer the onset of the greatest force Western Europe has ever known.—London Free Press.

London, Ont., Feb. 19.—"We have been having it pretty hot, but that famous charge of ours reported in the newspapers has yet to come," writes Hamilton Bingle, a London man with the Princess Pat's, in a letter to his uncle, Captain A. A. Booker of this city.

SICK CHILDREN LOVE CASCARETS FOR THE BOWELS

GIVE "CANDY CATHARTIC" FOR A BAD COLD, SOUR STOMACH, CONSTIPATION.

Get a 19-cent box now. Most of the ills of childhood are caused by a sour, disordered stomach, sluggish liver and constipated bowels. They catch cold easily, become cross, listless, irritable, feverish, restless, tongue coated, don't eat or sleep well and need a gentle cleansing of the bowels—but don't try to force a nauseating dose of oil into the little one's already sick stomach—it is cruel, needless and old-fashioned.

Any child will gladly take Cascarets Candy Cathartic which act gently—never gripe or produce the slightest uneasiness—though cleanse the little one's system, sweeten the stomach and put the liver and bowels in a pure, healthy condition. Full directions for children and grownups in each package. Mothers can rest easy after giving this gentle, thorough laxative which costs only 10 cents a box at any drug store.

paper of some kind is taken, and owing to the improved means of communication between city and country and the installation of rural mail delivery, the daily paper is coming into more general circulation even in purely agricultural districts. It is quite evident that a newspaper coming into a home every day, reporting all kinds of happenings, discussing all kinds of themes, throwing light steadily from its own point of view upon the great and varied world, must effect profoundly the thinking, and even the character of those who read it. In other words, the newspaper is an important factor in modern education. For our purpose it will be convenient to regard the newspaper from three different points of view, the first being that which is most specifically indicated by the name—newspaper. Regarding the press then for the moment, as a purveyor of news, what is the relation, in this respect, to religion and morals. It is evident, first of all, that it serves a most useful purpose by its promotion of a better acquaintance among different sections of our own country and among the nations of the world. Human sympathy and goodwill are of the very essence of morals and religion, and it is by mutual acquaintance that these things are cultivated. Race prejudice and antipathy die hard because it is so difficult for those of different language and customs really to understand one another. One reason why people are beginning to feel that war is an outgrown barbarism is because the nations, thanks in large measure to the public press, are getting to know one another better, and as they do so, the idea of injuring and destroying one another becomes more and more abhorrent. Again, the publicity of the newspaper acts as a restraint upon many forms of evil. There are those who have no fear of God before their eyes, who yet dread the judgment of their fellow-men. While neither conscience or apprehension of God's displeasure would prevent them from injuring their brethren, they are afraid lest their evil conduct should come to light through the press and so put them within the reach of the law or under the lash of public opinion. Publicity is rightly regarded as one of the best representatives of political corruption and commercial crookedness. This leads us to another question. Is the space devoted by the newspapers to morals and religion, to the activities of the Church, for example,—proportioned to the intrinsic importance of these subjects? Is it proportioned to the space assigned to other subjects? My survey leads me to the conclusion that it is not; but it should be added that for this fact the newspapers are not entirely to blame. Generally speaking, they are willing to publish such material as is available.—Robert Haddow, D.D., in the "Presbyterian".

PSALMS NOT BARRED. The other evening Miss Y., a maiden lady of uncertain years, suspecting the cook was entertaining her beau downstairs, called Martha and inquired whether she did not hear some one talking with her. "Oh, no, ma'am!" cried the quick-witted Martha. "It was only me singing a psalm."

"Very good," returned Miss Y. significantly. "You may amuse yourself with psalms, but let's have no hims."

SICK CHILDREN LOVE CASCARETS FOR THE BOWELS

GIVE "CANDY CATHARTIC" FOR A BAD COLD, SOUR STOMACH, CONSTIPATION.

Get a 19-cent box now. Most of the ills of childhood are caused by a sour, disordered stomach, sluggish liver and constipated bowels. They catch cold easily, become cross, listless, irritable, feverish, restless, tongue coated, don't eat or sleep well and need a gentle cleansing of the bowels—but don't try to force a nauseating dose of oil into the little one's already sick stomach—it is cruel, needless and old-fashioned.

Any child will gladly take Cascarets Candy Cathartic which act gently—never gripe or produce the slightest uneasiness—though cleanse the little one's system, sweeten the stomach and put the liver and bowels in a pure, healthy condition. Full directions for children and grownups in each package. Mothers can rest easy after giving this gentle, thorough laxative which costs only 10 cents a box at any drug store.

### PROTEST AGAINST PAYING TOLL TAX

OWNERS OF AUTOMOBILES  
HELD MEETING AT CHA-  
TEAU LAST NIGHT.

A meeting of the special committee  
of motor-car owners which has been  
selected to deal with the government  
measure to compel motorists to pay  
tolls was held at the Chateau last  
night and as the result, a delegation  
will wait upon Hon. L. A. Tascher-  
eau this morning.

The motorists protest against tolls  
for the following reasons: Should  
the bill go through the toll gates will  
demand more money. The bill would  
tend to prevent the abolition of toll  
gates. As there is already a govern-  
ment act for such abolition why  
should the toll companies get more  
privileges?

The motorists contend further that  
the proposed bill will prove detri-  
mental to property owners in the  
neighboring parishes.

Dr. Martin presided at the meeting.

COL. BIRKETT HERE.

Will Go To Front With McGill Gen-  
eral Hospital.

Lieut. Col. H. S. Birkett, of Mont-  
real, who is in charge of the McGill  
General Hospital, which will be sent  
overseas by the Canadian Govern-  
ment, paid a flying visit to the city  
yesterday morning returning by the  
afternoon C. P. R. train.

In company with Lieut. Col. W. H.  
Delaney, chief medical officer at the  
Military Hospital, Lieut. Col. Birkett  
inspected the Military Hospital,  
where about twenty nurses from the  
Montreal General Hospital and  
Royal Victoria are taking a course  
before their departure for Europe.

He was very well pleased with what  
he saw at the local hospital.

The McGill General Hospital will  
have a staff of more than three hun-  
dred, including physicians, nurses  
and men.

### ACCUSED OF STEALING ELECTRIC WIRE.

Four Men Arrested in Victoria Park  
Saturday.

Accused of having stolen a quan-  
tity of electric light wire from the  
Dorchester Electric Co. poles in Vi-  
toria Park four individuals were ar-  
rested on Saturday afternoon and  
placed in the lockup at the Central  
Station.

It is alleged that they were caught  
in the act of cutting the wires in the  
Park Saturday afternoon by city de-  
tectives who have been working on  
the case. Over fifty pounds of the  
wire, which is valued at about thirty  
cents a pound, were confiscated and  
this, it is understood, will be brought  
to the Police Court as evidence  
against the four accused this morn-  
ing. The lights in Victoria Park are  
not used during the winter season  
and this is evidently the reason why  
the attempt was made to steal the  
wire in this particular section.

### CAMP FOR GIRLS.

On Saturday afternoon in the Y.  
W. C. A. Hall, the Chippewa and  
the Stadacona Camp Fire groups had  
the privilege of hearing Mrs. Mary  
Foster Bryner of the International  
Sunday School Association. The sub-  
ject of her informal talk was the  
work done at the Older Girls' Camp  
Conference at Lake Geneva, Wiscon-  
sin. Here is an ideal camp for girls  
in their teens, supervised by capable  
camp directors who seek to develop  
the girls in a four-fold manner. Physi-  
cally, Mentally, Socially, and  
Spiritually. The instruction is de-  
signed to give information and in-  
spiration for the better living of  
everyday life. In short: Mrs. Bryner  
so clearly pointed out the desirability  
as well as the necessity of such all  
around development, that those pres-  
ent at the meeting were enthused  
over the prospects of a similar camp  
for Quebec girls in the near future.

### COURT OF SESSIONS.

Frederick Fontaine, who pleaded  
guilty on Friday of stealing from  
railway cars, was sentenced on Sat-  
urday in the Court of Sessions, to five  
months' imprisonment in the com-  
mon jail.

Celestin Simard, convicted of steal-  
ing harness belonging to a milkman,  
was sent to jail for a month.

### POUND DAY RESULTS MOST GRATIFYING

DAUGHTERS OF THE EMPIRE  
WISH TO THANK ALL WHO  
AIDED.

In spite of the fact that there are  
many calls on the Quebec public this  
year, the results of the "Pound Day"  
held on Friday by the Daughters of  
the Empire were most gratifying and  
the ladies wish to express their gra-  
titude to the public who contributed,  
to Morris College for the use of the  
room, to the shops for displaying  
their advertising cards, to the news-  
papers for their advertisements and  
notices and especially to the Eve-  
ning Printing Company for printing  
the cards.

The donations received are as fol-  
lows:—

Cereals, 372 pounds; flour, 312  
pounds; tea, 88 pounds; biscuits, 71  
pounds; rice, 171 pounds; tomatoes,  
peas, pork and beans, etc., about 124  
tins; sardines, salmon, etc., 26 tins;  
cornstarch, 26 packages; cocoa, 16  
tins; coffee, 17 tins; Postum, 17 tins;  
fruit pudding, 10 packages; meat, 24  
pounds; sausage, 5 pounds; butter,  
10½ pounds; Bovril, 1 large bottle;  
various groceries, 92 pounds; cash,  
\$3.00.

The articles donated were all pack-  
ed up on Saturday and sent about to  
the City Mission, the Salvation  
Army, St. Vincent's Corps and the  
Tuberculosis Dispensary.

### THE WEEK OPENS WITH "LA SACRIFIEE"

THE FRENCH COMPANY AP-  
PEARS THIS WEEK AT THE  
AUDITORIUM WITH EN-  
TIRELY NEW PLAYS.

The French Company opens today  
its second week of its second engage-  
ment at the Auditorium and judging  
by the success of the first week this  
one should also be very encouraging  
for these artists. They present plays  
that have been very successful in  
larger theatres, where the audiences  
are supposed to be the best critics  
and it is needless now to say that  
they can give them a first class pre-  
sentation for they have made a name  
for themselves with our theatre lovers.

"La Sacrifiée" is probably the most  
pathetic play presented here yet. It  
is full of action, full of life, and the  
moral lesson to be drawn from it is  
certainly to be accounted for in the  
great success of the work. New  
sceneries, new accessories, will also  
be seen on the stage at this presenta-  
tion.

The tickets are on sale for this  
piece as well as for "L'Abbe Constan-  
tin" which will be presented during  
the latter end of the week. The seats  
are sold at 35, 50 and 75 cents for the  
evening performances and 25 and 35  
cents for the matinees.

"Tickets reserved by telephone will  
be sold by the management at 2  
o'clock for the matinees and 8 o'clock  
for the evening performances.

### RECORDER'S COURT.

His Honor the Recorder had only  
two prisoners before him on Sat-  
urday. They were both charged with  
drunkenness. One was fined \$5 and  
costs or fifteen days' jail, and the  
other a similar fine or one month.

### RUSSIANS DENY AUSTRIAN REPORTS

Petrograd, via London, Feb. 20—  
3.20 a.m.—The Russian Headquarters  
Staff, in a despatch referring to a re-  
cent Russian official statement, de-  
clares that the Austrians' assertions  
that they captured 20,000 Russian pri-  
soners are not true. As an example  
the Headquarters Staff cites the Aus-  
trian claim that they captured 12,000  
Russians during the retreat in Buko-  
wina. This number, it is stated, ex-  
ceeds the total number of Russians  
engaged on this front, and the actual  
Russian losses were seven officers  
and one thousand soldiers killed,  
wounded or missing.

### England's Lady Town-Crier.

Chertsey, Surrey, would seem to  
be the first place in England to be  
able to boast of a lady town-crier—  
Mrs. Blaker, the wife of Sergeant  
Blaker, of the 6th Surrey Regiment,  
who has undertaken the duties while  
her husband and son are fighting at  
the front.

The functions of a town-crier of  
Chertsey have, for several genera-  
tions, been performed by the mem-  
bers of the Blaker family, and it is  
on this account that the local authori-  
ties have permitted Mrs. Blaker to act  
as crier during her husband's ab-  
sence. Mrs. Blaker is believed to be  
the only woman town-crier in the  
country, and she presents a pictur-  
esque figure in the Georgian uniform  
which, when made, originally cost  
\$150. The three-cornered hat, braid-  
ed coat, yellow stockings, and heav-  
ily-plated shoes are a capital fit, al-  
though Mrs. Blaker has substituted a  
dark skirt for the nether garments of  
her husband.

LT. COL. D. WATSON.

Commanding Officer of the 2nd  
Battalion, C.E.F.

London "Canada" Gives Sketch of  
His Life.

The following article about Lt.  
Col. David Watson of this City, who  
is now at the front, appeared in the  
London "Canada" of date February  
6th last:

Lieut. Colonel David Watson, of  
the 8th Royal Rifles, Quebec, Com-  
manding Officer of the 2nd Infantry  
Battalion C.E.F. on Salisbury Plain,  
is a native of Quebec, and has long  
taken an active interest in military  
matters. He holds the long-service  
and also the Coronation medals, hav-  
ing been one of the officers in com-  
mand of the Contingent which rep-  
resented Canada at Westminster  
Abbey when the King and Queen  
were crowned. Last year he was one  
of the officers who accompanied  
Major-General the Hon. Sam Hughes  
M.P., to the British and French  
manoeuvres. Colonel Watson be-  
came connected with the Daily  
Chronicle in Quebec in 1891, and  
since 1906 has been Managing Di-  
rector of the Chronicle Company,  
Ltd. He was a delegate to the Im-  
perial Press Conference in 1909. In  
1896 he married a daughter of Mr.  
Wesley Browning, of Quebec, and  
they have three daughters. Colonel  
Watson is a Past Deputy Grand  
Master A.F. and A.M. for Quebec.

### DINNER TO MAYOR OF ST. GREGOIRE

LARGE GATHERING AT KENT  
HOUSE SATURDAY—POST-  
MASTER GENERAL THERE.

A complimentary dinner was given  
to Mr. Adelard Lortie, Mayor of St.  
Gregoire, Montmorency Falls, at  
Kent House on Saturday night on  
the occasion of his sixth election by  
acclamation to the mayoralty of the  
municipality.

There were some 125 guests pres-  
ent including about fifty friends from  
Quebec and Hon. T. Chase Casgrain,  
Postmaster General, and member of  
Quebec County in the House of  
Commons.

The dinner was presided over by  
Mr. J. R. Doré of St. Gregoire, and  
the health of the King was loyally  
honored after which the chairman  
proposed the guest of the evening  
which was responded to by Mr. Lor-  
tie, while Hon. Mr. Casgrain replied  
to the toast of Canada. "The Pro-  
vince of Quebec," brought speeches  
from Messrs. Aimé Dion, W. Anyot,  
of Regina, and Mr. Grenier, Notary.  
"Our Friends from Courville," was  
responded to by Mr. Rainville, of  
St. Louis de Courville, while the  
"Ladies" were represented by Mr.  
Alleyen Taschereau and "The Press,"  
by Mr. Damase Potvin, of L'Eve-  
ment.

Mr. F. Fraser, manager of Kent  
House, looked after his guests well.

### FRENCH COLONY WILL HAVE REQUIEM SERVICE.

For Repose of the Soul of Late Mr.  
Antoine Verry, Principal of the  
Quebec Technical School.

The French colony in Quebec will  
have a solemn requiem service chant-  
ed at St. Roch's Church, on Tuesday,  
the 23rd of February at 9 a.m., for  
the repose of the soul of Mr. Antoine  
Verry, Principal of the Quebec  
Technical School, Sergeant of the  
219th Infantry Regiment, killed on  
the field of honor at Mametz  
(Somme), on the 17th of December,  
1914.

The Committee invites the mem-  
bers of the Administration Council  
of the School, the professors, the  
pupils and former pupils following the  
day or night courses, as well as the  
friends and personal acquaintances of  
Mr. Antoine Verry to join the French  
colony.

The Belgian colony, the Allies and  
the friends of France are invited to  
join in this religious ceremony where  
prayers will also be recited for the  
intention of the brave Allies killed on  
the field of honor.

### THE COMMITTEE.

Feb. 20x2.

### CORRECTION.

In the item referring to the action  
taken by Mrs. John McTeer against  
the Q. & L. St. John Ry. Co. for the  
death of her husband, an error occur-  
red. Instead of the train falling  
through a burning bridge, it should  
have read fell through a burned  
bridge.

RUB ON NERVILINE.

Neuralgia quickly cured is twice,  
nay, ten times cured. Little neuralgia  
pains grow into big ones, but "Ner-  
viline" in ten minutes relieves even  
the worst ones. Even a single appli-  
cation will remove the nerve conges-  
tion that causes the pain.

Nerviline penetrates deeply into  
the sore tissue, reaches the source of  
inflammation, drives its out root and  
branch. Every drop of Nerviline is  
potent in pain-subduing power, and

its strongest charm lies in the fact  
that it rubs right in, even to the  
very last drop. Nerviline is not  
greasy, and its pain-removing power  
is at least five times greater in  
strength than ordinary remedies.

We guarantee Nerviline will cure  
neuralgia—not only relieve it, but ac-  
tually and permanently cure it. Just  
in the same way will it cure lumbago  
sciatica, stiffness and rheumatism.  
To conquer all muscular and nerve  
pain, use Nerviline. A large bottle in

### LAURENTIDES WON AFTER OVER-TIME

EMMETTS LOST WHEN GAME WAS ALMOST IN THEIR HANDS.

Laurentides deserved to win Saturday night's City League game against the Emmetts, but Emmetts deserved to win also.

The Irishmen were beaten in overtime by 4 goals to 3 after holding a lead of one goal until almost the final minute of play.

Laurentides seemed hopelessly beaten, though they were making herculean efforts to even the score. With the score 3 to 2 in their favor, in the third period, Emmetts appeared to be holding their opponents safe when suddenly Walter Derouin and Jimmy Walsh broke away together. There was nothing unusual about the rush, it seeming just one of the many which Laurentides attempted, but which proved futile. The Emmett forwards grew careless, they let Derouin go through without making serious efforts to stop him. He kept on nursing the puck cleverly. Redmond loomed in his way. Derouin pretended to dodge the Emmett man, but passed skillfully to Walsh, the latter shooting the rubber into the upper left hand corner of the net amidst the wildest kind of an uproar from the Laurentide backers and the score was tied.

This seemed to put great life in the Laurentides and they played very fast after that. The going rang a minute later and the teams decided to play two extra periods of five minutes each.

Roy scored for Laurentides a couple of minutes after the first extra period and despite desperate efforts of the Emmetts to equalize again the score remained that way.

The game was witnessed by the largest crowd which has been present at a City League game for a long time and both teams had considerable following. Laurentides started out fast and led in the first period by 2 to 0. The Emmetts completely outplayed them in the second period, which was productive of the best hockey of the match, and it was in this period that the Irishmen should have placed the game on ice. They led by 3 to 2 when it was over but deserved a much larger margin on the play.

To Jimmy Walsh most of the credit for Laurentides' win must be given, as he played one of the best games which he has ever put up. When Laurentides seemed beaten, it was Walsh who led most of the attacks and it was he whose perfect shot tied the score. Derouin, who was tried out on the defence, also claims recognition for his fine work. Simard played a strong game in the first period but was not much in evidence during the rest of the game.

Mike Power and Martin Dempsey shared honors for the Emmetts and though both are light men, they bored in on the nets fearlessly and had the edge on their checks.

Sullivan also played a grand game in the nets but was inclined to run out too much and on one occasion was benched for mixing it up. Walter Quart went out in his place and though without the big pads made some good stops.

George McCarron and Sam Murphy who handled the game, had a difficult task, but were absolutely impartial.

Many who believed Emmetts would be outclassed on the Arena ice were forced to change their minds as apart from the first period the Irishmen found the going just as easy as their adversaries and as each team has won a game from the other, it is difficult to say which is the better team.

### QUEBEC PLAYED WELL BUT LOST

MANAGER QUINN SAYS SHAMROCKS PLAYED A GREAT GAME.

The Quebec team arrived in town yesterday afternoon and the players, naturally, are much downcast over their defeat, especially in view of the fact that Wanderers beat Ottawa.

Manager Quinn stated last night that they had no excuses to offer for their defeat. The Shamrocks played a magnificent game and thoroughly deserved their victory.

All the Quebec players, realizing what a loss meant plugged away with a will and they cannot be blamed as they tried their very best but Shamrocks went them one better.

Wanderers play Quebec here Wednesday night and as the locals have already defeated them twice they ought to repeat.

Quebec needs every game and being thoroughly exasperated over their defeat by Shamrocks are determined to finish up by winning all three remaining games commencing with Wanderers here Wednesday night and winding up by beating Ottawa in the Capital.

### CLIF FLETCHER WON ANNUAL SKI RACE

PERCY TURCOT WAS SECOND AND A. LAMOTHE THIRD.

Last Saturday afternoon the Quebec Ski Club held their 2nd Annual cross-country race, which was witnessed by large crowds of people who had congregated at points along the route, to cheer their favorites over their icy road.

The race started at 3.25 p.m., a short distance from the Sillery terminus, down Sillery Hill, along the lower road, up Gilmours Hill, through the woods at Merici, over the Plains of Abraham, and Cove Fields, in front of the Quebec Skating Rink, until the finish at the St. Louis Barracks, a distance of about 4 1/2 miles.

There were in all 18 entries on the official list, but owing to an epidemic of "Cold Feet" at the last minute, (although the weather was anything but cold) only 10 survived to face the starting line, however the boys who raced showed their keen interest in the Club's welfare, and the only regret is that all could not receive a prize, below is the official list of prize winners and their time.

1—C. J. Fletcher, 48 minutes. Silver Cup.  
2—P. Turcot, 49 minutes. Silver Cup.  
3—A. Lamothe, 51 minutes. Silver Cup.  
4—J. Vallierand, 51.40 Routhier Silver medal.  
5—Al. Marois, 55 minutes. Silver medal.  
6—G. Baillargeon, 55.10.  
7—A. Tweedell, 56.  
8—T. Doucet, 60.40.  
9—J. Taschereau, 1hr.-1-15.  
10—C. W. Carrier.

Mr. C. J. Fletcher carried off the Seifert Trophy, and the first prize, he was closely followed by Mr. P. Turcot, who was only a minute behind, the rest followed in the order given above.

The prizes were presented by Mrs. T. W. Russell, who in a few well chosen words congratulated each one, on the showing he had made in the race.

Mr. Allan Bisset acted as starter, while Mr. A. W. Hay, and H. Staveley were the judges.  
The club wishes to thank Major O'Meara for his kindness in providing a dressing room at the Barracks for the use of the competitors.

BAKER MAY JOIN ST. LOUIS CLUB.

St. Louis, Mo., Feb. 21.—J. Franklin Baker, third baseman for the Philadelphia Americans, who a few days ago announced he had decided to quit playing baseball, will be a member of the St. Louis Americans during the 1915 season, according to a story published here and said to be based on good authority.  
The motive ascribed for the reported transfer is "a war on the Federal League with St. Louis as the chief point of attack."

### WANDERERS ARE MUCH TOO GOOD FOR THE OTTAWAS

RED-BANDS TOYED WITH THE "SQUEALERS" AFTER THE FIRST PERIOD.

Ottawa, Feb. 21.—The Montreal Wanderers sprang one of the greatest surprises of the season in the N. H. A. at the Arena last night when they defeated the Ottawas by 5 to 1. With the Stanley Cup and the N. H. A. Championship within their reach, the Ottawas gave a ragged display. Wanderers toyed with them after the first period and were never in danger. They scored two on Benedict from near center in the first session and led at the interval by 2 to 1. In the second they added two more, Hyland tallying on a pass from Oddie Cleghorn, and Sprague Cleghorn putting one past Benedict from fifty feet out. Wanderers had it four to one when the second session ended. The only goal of the third fell to Roberts on a pass from Sprague Cleghorn. After that the Wanderers played such a strong defensive game that all the Ottawa attacks were futile. They sometimes held five men on their own side of center. McCarthy had little or nothing to do in the nets.

The line-up:

A Busy Week of Curling.

Quebec and Victoria curlers will have a busy week at the "roarin' game" this week.

This evening the 9th match for the Boswell shield on Victoria ice between W. C. J. Hall, the defender of the shield and H. S. Thomson's rink challengers.

Wednesday two rinks of the Heathers of Westmount meet the Victoria in the Quebec end of the District Medal Matches. Heathers have a lead of 16 shots which the Victorians hope to reduce and win out.

On the same day the Thistles of Montreal meet the Quebec, also in the District Medal Matches. Thistles

### QUEBEC LOST A GREAT CHANCE WHEN SHAMROCK'S WON

HAD LOCALS WON THE GAME THEY WERE IN THE RUNNING.

Toronto, Feb. 21.—Good goaltending by LeSueur and fast work by the Ontario forward line resulted in the defeat of the Quebec team at the Arena on Saturday night. The final score was 10 to 6. None of the rough play which has marked some of the previous professional games was noticeable. The players, apparently, paid attention to the warnings given them by the police.

After obtaining a lead in the opening period, the locals maintained it through the remainder of the game. For Quebec Crawford, Hall and Ritchie were the stars. The Shamrocks never played a better game and though Quebec made a brilliant stand they were unfortunate and the winners deserve credit for their victory.

Thursday all day will be played the 1st and 2nd rounds and semi-finals of the Senior Cup Competition to be played on both Quebec and Victoria ices.

Friday on the same ices the 1st and 2nd rounds and semi-finals of the Chateau Frontenac Trophy Matches.

Saturday the finals of both matches will be played at the Victoria Curling Club. Nine rinks from Montreal, two from Three Rivers and four from Quebec and Victoria will compete in each of these competitions.

MCVEY GETS DECISION.

Havana, Feb. 21.—Sam McVey of California, was awarded the decision over "Battling Jim" Johnson of Galveston, Texas, at the end of their twenty round fight here Saturday night. The men are negro heavyweights.

ANTHEM TITLES.

A certain Edinburgh organist, who "posts up" his Sunday service lists at the church door, had recently a very practical illustration of the risks that may attend the shortening of anthem titles. The late Dr. E. J. Hopkins of the City Temple wrote an anthem, "I Will Wash My Hands In Innocency."

The organist in his haste no doubt set this down as "I Will Wash"—Hopkins, and was surprised when next day some wag sent him a cake of soap "to help wash Hopkins"—London Globe.

MEMORY KEPT GREEN.

It is not often in these days that we find any real humor in the interludes of political meetings. There are exceptions, however. "A man is soon forgotten after he's dead," said a stealer one evening. "Not if you marry his widow, guv'nor," cried a voice from the crowd.

NEW RUSSIAN FRONT ON RIVER PRUTH.

London, Feb. 20-3.10 a.m.—The Daily Mail's correspondent at Mar-moritz, on the Rumanian frontier, telegraphing under today's date, says: "Russian and Austrian troops are facing each other on the banks of the Pruth, where the opening of a battle can be observed from here. There are evidences that the line of the River Pruth constitutes a new Russian front."

"The troops are knee-deep in the snow."

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderuff at any drug store pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.

### TORONTO WERE EASY FOR CANADIENS IN MONTREAL ARENA

VISITORS PLAYED A LISTLESS GAME AND SPOILED GOOD MATCH.

Montreal, Feb. 21.—Checking their opponents to a standstill in the first periods and for a better part of the third, Canadiens scored a comparatively easy victory over the Toronto, by a score of 7 to 2.

The visitors were responsible, in a great measure, for the listless play that characterized the game and showed only traces of the form they displayed as world's champions. The forwards lacked aggressiveness, and when they did make occasional spurts they were mostly individual and were ineffective against the clever defensive work of the Flying Frenchmen.

The line-up:

|           |              |           |
|-----------|--------------|-----------|
| Canadiens | Goal.        | Toronto.  |
| Vezina    | Point.       | Holmes    |
| Dubeau    | Cover Point. | Cameron   |
| Corbeau   | Center.      | Carpenter |
| Pitre     | Left Wing.   | Foyston   |
| Lavolette | Right Wing.  | Walker    |
| Fournier  | Substitutes: | Wilson    |

Referee: Reg. Percival  
Judge of play: Vic. Russell.

The Summary.

First period:

1—Canadiens, Bawlf ..... 17.19

2—Canadiens, Scott ..... 1.10

Second period:

3—Canadiens, Pitre ..... 7.30

4—Canadiens, Berlanquette ..... 12.30

6—Canadiens, Pitre ..... 2.20

7—Torontos, Wilson ..... 7.50

8—Torontos, Wilson ..... 4.0

9—Canadiens, Bawlf ..... 1.20

Penalties.

Canadiens: Corbeau, Berlanquette, Scott, Bawlf and Dubeau, 1 minor and three minutes each; Lavolette, 1 major, 5 minutes.

Torontos: Carpenter 1 minor, 1 major, 8 minutes; McGiffen - major, 5 minutes.

Walter Derouin played the best game which he has ever played since he returned from the Maritime Province league.

Feuille d'Erables and Cercle St. Pierre will meet tonight in the Arena League, in a game which will have an important bearing on the championship. Levis also plays Montagnais.

Matty Redmond performed wonders on the Emmet defence and played through the whole game without a rest. Sullivan also showed class as a goaler, but has a great tendency to play on the forward line. Jos. Paul and Doyle worked very hard, but Doyle only showed up in flashes and had a wicked shot.

Quebec will be out to beat Wanderers next Wednesday, as the locals need the game to keep on to third place.

There must have been a joyful scene at the Ottawa rink Saturday night, when the Senators managed to get a goal against the Red Bands. The Canadiens may put another crimp in their aspirations on their next meeting.

The Standard sporting expert picked Quebec as the best team in the league just now. He based his judgment particularly on the victory of the locals over Wanderers in Montreal. But, Quebec upset the dope and lost to Shamrocks.

Our sympathies to the ones who had number 32 in some pool, and felt sure they had it, owing to a mistake on the Arena scoreboard, which made the Quebec-Shamrock game read 10-7 for Shamrock, instead of 10-6.

The City League would do well to eliminate some of the delays during their games, which are obviously unnecessary.

If a man is hurt, why is not a substitute rushed on immediately instead of keeping the crowd waiting until he feels alright again.

## GLIMPSES OF OLD QUEBEC

From the Files of THE CHRONICLE, February, 1885 and 1815.

**A HUNDRED YEARS AGO TODAY**

The Prince Regent on the War.

The Prince Regent having been summoned to the bar of the House of Commons, made the following speech on the war with the United States of America:—"It would have given me great satisfaction to communicate to you the termination of the war between this country and the United States. Although the war originated in the most unprovoked aggression on the part of the government of the United States, and was calculated to promote the designs of the common enemy of Europe against the rights and independence of all other nations. I have never ceased to entertain a sincere desire to bring it to a conclusion on just and honorable terms. I am still engaged in negotiations for this purpose; the success of them must, however, depend on the disposition being met with corresponding sentiments on the part of the enemy. The operations of our forces by sea and land in the Chesapeake in the course of the present year 1814, have been attended with the most brilliant and successful results.

The flotilla of the enemy in the Patuxent has been destroyed. The signal defeat of their land forces enabled a detachment of our army to take possession of the city of Washington. The expedition directed from Halifax to the northern coast of the United States, has terminated in a manner not less satisfactory. The successful course of this operation has been followed by the submission of the extensive and important district east of the Penobscot River to His Majesty's arms.

**THIRTY YEARS AGO TODAY**

Entitled to Promotion.

At this time 30 years ago there was great enthusiasm displayed by our military men in offering a regiment of Canadians to fight the Arabs in the Sudan, if such should be accepted by the Mother Country. This will throw an increased responsibility and extra work on Col. McPherson, the director and superintendent of stores. By the Militia Act of 1883, power was given to appoint a Quarter-master General, and Col. McPherson will undoubtedly be the nominee for that important position, then a regular promotion of all the officers on the stores branch would ensue. In this connection the Chronicle would direct the attention of the Minister of Militia to the claims of our townsman Lt. Col. Forrest, superintendent of stores for the 7th military district, to fill the vacancy which would be caused by the promotion of Col. McPherson. Col. Forrest is well qualified in the technicalities of ordnance stores and holds a first class certificate from the Royal School of Gunnery. He was the first to give an impetus to the volunteer movement on the Levis side at a time when volunteering was very unpopular and raised the first troop of cavalry. Levis, and was gazetted its captain 19th December, 1861. He was appointed to the permanent staff, as paymaster of the 7th military district in 1866, and a superintendent of stores in 1879. He holds both positions now. This being the receiving and distributing district, Col. Forrest has had a great deal of experience and the Chronicle advocates in every way his promotion.

## COMMERCIAL NEWS

### NEW YORK MARKET.

(Canadian Press.)

New York, Feb. 20.—Renewed selling of stocks at the outset of today's session was in such volume as to bring the average of prices down to the lowest level for the present movement. Speculative favorites and various specialties declined from 1 to 3 points before buying appeared and the downward movement was arrested. On the recovery trading became dull with an irregular close. On the whole, the ease with which prices were restored suggested considerable underlying strength.

Wall Street's attention was again directed across the water, latest developments offering little immediate hope of any diminution of the recent strain. London's markets were dull and Americans were in light request. Local conditions were further complicated by recurrent weakness in foreign exchange and extreme nervousness in the cereal markets. There were intimations our bankers were continuing their negotiations for the placing of large foreign credits here, but definite or conclusive details were lacking.

Loose-Wiles first preferred was the only stock to register a new minimum price today, declining 6 points to 86. Southern Railway preferred fell almost 3 points to within a fraction of its established price of 45 and Harvester Corporation dropped fifteen points to its minimum of 55. After the close of the market the Stock Exchange announced these new minimum prices, effective Feb. 23: American Car and Foundry, 40; American Loco. pfd., 80; American Steel Eddy, 24; Baltimore and Ohio, 65; New Haven, 45; Federal Mining, pfd., 24; Loose-Wiles, 2nd pfd., 74; National Railways of Mexico, 1st pfd., 17; Pressed Steel Car, pfd., 94; Seaboard Air Line, pfd., 34.

The bond market was heavy, a contributing cause being the further selling of investment issues for European account. Total sales, par value, aggregated \$1,170,000.

U. S. registered 2's advanced 1/8 of 1 per cent. on call during the week.

### TORONTO MARKET.

Toronto, Feb. 20.—The business today on the local stock exchange was a trifle more active, while the changes in prices were unimportant. Mackay was weaker with a trade in over 200 shares at 77 1/2 to 77 3/4. Twin City, on the other hand, was 1/2 better, with sales at 97 1/2. Maple Leaf fell 1/4 from the opening and closed at 39. Petroleum unchanged at 750. Canada

## MEMORIAL SERVICE AT CHALMER'S

IN HONOR THE LATE LIEUT.

F. S. BROWN—LARGE CON-  
GREGATION PRESENT.

Chalmer's Church was crowded at 2.15 p. m. yesterday, when the memorial service in honor of the late Lieut. F. S. Brown, of the Princess Patricia's Canadian Light Infantry, and formerly Scout Master of the Boy Scouts of Quebec district, who gallantly gave up his life for the empire on the battlefields in France.

The congregation was a most representative one in the truest sense of the word. Amongst those present were Lieut. Colonel Wood, of the Quebec Provincial Boy Scouts, Mr. Shattin, District Scout Master, of Quebec, and members of the different corps of Boy Scouts of this city, with their masters and officers, and a large number of citizens in every walk of life.

The service which was conducted by Rev. S. T. Martin, pastor of the church, while it was under the auspices of the scouts, yet it took on something of a national color, as the late Lieut. Brown was one of the first of those leaving this city who had given his life in the cause of the empire.

The musical portion of the service was most impressive, the hymns sung by the choir and congregation were most appropriate, while Mr. Claxton sang splendidly Tennyson's "Crossing the Bar."

Rev. Mr. Martin delivered the sermon. After referring to the fact that the deceased young officer was one of the first to join the first Canadian contingent, as well as one of the first from this city to lay down his life for the empire, said, speaking more particularly to the scouts, we should never disassociate the war from those principles which made it a necessity and while your late Scout Master gave his life up in the service of the empire we also believe it was in the service of the kingdom of God. While we today honor his memory for the sacrifice he made on the field of battle we should not forget the victorious warfare he waged in his own life. In these latter days his ideals were the highest; his readings were of the best and his influence telling powerfully for the highest manhood. While we may not be called upon to give our lives on the field of battle, we are called upon to fight an enemy greater and more powerful than that which confronts the empire today, but we have an ally who will fight besides us, in the person of Our Lord, greater and more powerful than those associated with the empire, in the world troubles of the nations. May the influence of this service and the memory of this life

that has been snatched in early manhood, ever keep you close to Him alone who can prove your help in the time of need.

The discourse of which the above is a mere synopsis, was listened to with rapt attention and evidently left a deep impression on the large congregation who had the privilege of hearing it.

Colonel Wood read a telegram of sympathy from the officers of the Provincial Association of Scouts, and a letter of condolence to the parents of the late Lieut. Brown, in Almonte, Ont., which was drafted and signed by the officers of the Quebec District Association of the Scouts, the minister and choir of Chalmer's Church in which the late Lieut. Brown worshipped, and also by numerous citizens who attended the service yesterday afternoon.

Many expressions of sympathy with the bereaved parents in their sad loss were expressed by those at the service as they were leaving the sacred edifice.

### LEGAL INTELLIGENCE.

Some Important Judgments Rendered

By Hon. Justice Cannon.

Gingras vs. Martin.—Plaintiff claimed \$500 damages for an assault upon him by defendant, the 28th day of July, 1914, causing him very serious wounds. Defendant pleaded threats and provocation by plaintiff on the occasion in question. The Court considered that defendant had illegally acted and condemned him to pay to the plaintiff \$400.00 with interest and costs of a first-class Circuit Court action.

Gingras vs. Rousseau.—Action for \$500 damages for the same cause related above. Judgment against defendant, for \$100.00, with interest and costs.

Julien et al. vs. Campeau.—Saisie revendication by plaintiff of an automobile, according to a contract between the parties. A note having been signed by the defendant and the condition was that if the note was not paid as its maturity, said automobile was to be the property of the plaintiff. The Court maintains the plaintiff's action with costs against defendant.

By Hon. Justice Dorion:

Angelo vs. Connolly.—Plaintiff claimed from defendant \$3,500.00, balance on the price of a contract, and the possession of certain books of account which he pretended belong to him. Defendant pleaded that plaintiff was paid by him for more than was due to him and that he is his debtor for more than \$18,000.00; that the books claimed by plaintiff are the defendant's property. The Court declared the plaintiff proprietor of the books, and ordered defendant to hand them over to plaintiff, defendant being condemned moreover to pay the cost taxed as in an action of \$1,000.

Writs Issued.

Writs of summonses issued from the Prothonotary's Office: Ernest Rochette vs. Steel and Radiation, Limited, Montreal; \$162.00; ex contractu.

Octave Borgie vs. Pierre-Hamel, of St. Raymond; \$166.62; promissory note.

CHATEAU FRONTENAC  
IN THE TRENCHES

A letter from a private in Princess Pats written to a friend in Montreal says that his shelter at the Chateau Frontenac, while alongside is the Chateau Laurier, both warmed by electric heaters and the very height of luxury under the circumstances, which are chiefly mud. "Jack Johnsons" cannot reach them, and the eye of the enemy aviator cannot see them. Discussion rages as to whether the "Chateaus" may be said to be run on European or American plans. The inmates of those hotels have bound themselves by a solemn league and covenant that unless there is something seriously wrong with the menu, no one shall write a letter of complaint either to Sir Thomas Shaughnessy or to Mr. E. J. Chamberlain.

The C. P. R. and G. T. R. must not doubt feel duly honored at this recognition of their excellent hotels at Quebec and Ottawa by the heroes at the front, indeed delight in such humorous compliment. But the indiscriminate use of the letters "C. P. R." and "G. T. R." in Canada itself, attached to dollar-a-day hotels, cheap laundries, restaurants and the like, is a form of flattery which is becoming distinctly embarrassing and is bringing upon the unfortunate railways many complaints from unsophisticated travellers who have been misled by the names into thinking that these were operated by the railways themselves.

Canada owes a debt to its railway companies for the high standard of architecture, equipment and service established and maintained in connection with their hotels—a standard which has attracted travellers from Europe, the United States, the Far East and Australasia, who would otherwise have left the country unvisited. These hotels have brought hundreds of millions of dollars to Canada and have earned for themselves the right to have their good name protected. No one should be allowed to call his inn a "C. P. R. Hotel" or "G. T. R. Hotel" any more than anyone has the right to infringe a trademark.

The C. P. R., which is itself an extensive landowner has several times taken successful action in the courts to forbid the use of the words "Canadian Pacific" or "C. P. R." in the title of private land companies, both in this country and in England, and during the oil boom in Calgary the public was protected by the prompt injunction of the use of the railway's name in connection with one speculative promotion.

Now the railways are being urged to take similar action against restaurants, laundries and hotels using names which suggest that they are run by C. P. R., G. T. R. or C. N. R., and so misled the public.

### SUNDAY SCHOOL UNION

Divisional Rallies Held—Election of Officers.

A novel feature of the annual Convention of the Quebec Branch of the Sunday School Union, which opened on the 19th instant, and closed yesterday afternoon, was the supper given in the Methodist Church school-room on Friday evening.

After the session held in the Y. M. C. A. Hall at which interesting the helpful addresses along Sunday School lines were given by Mrs. Mary Foster Bryner, Elementary Superintendent of the International Sunday School Association, and the Rev. J. G. Fulcher, General Secretary of the S. S. Union of this province, the members of the Branch and other invited guests, to the number of nearly a hundred, proceeded to the Methodist school-room where they sat down to a bountiful repast provided by the ladies of the different churches.

Before rising from the tables at seven o'clock, the President the Rev. T. P. Perry, called upon the Rev. Mr. Bates, who gave a message of congratulations and encouragement to the workers of the Union.

Resolutions of appreciation and thanks to the speakers, to the ladies who had contributed so much to the success of the Convention, to the Press, and to the Y. M. C. A. and Morrin College for the use of their halls: for the hospitality and kindness extended to the delegates: announcing the proposed executive and list of superintendents and committee for the coming year: and recommending that the Branch be hereafter known as The Quebec City and District Sunday School Association, were then read by the Rev. Messrs. Boudreau, Fulcher, Martin and Mr. W. G. L. Paxman, and duly adopted.

A Workers' Institute followed, the groups being led by Mr. W. S. Lamb, Mrs. Bryner and the Montreal Secretary.

Yesterday, divisional rallies were held in the Chalmers' and Methodist church school-rooms, the Morrin College, and Kirk Hall, led by the Rev. Messrs. Love, Hughes, Fulcher, Mrs. Bryner, Miss Mabel Fraser, and Messrs. G. H. Simpson, A. L. Patterson and H. K. Tennant.

The Association's new officers are: The Rev. T. P. Perry, President. W. Q. Stobo, Vice-President. W. G. L. Paxman, Sec.-Treasurer. Superintendents: elementary dep. Miss Ida Ruthman. Home: Miss Cream. Secondary: D. Allan. Adult: H. K. Tennant. Teachers' Training: Miss E. Gale. Missionary: J. McD. Wilson. Temperance: Percy Sampson. Evangelism: Rev. A. E. White. Committee:—The Pastors identified with the work.
