

ROUMANIANS NEAR SOFIA

Bulgarian Minister Sent to Stop Their Advance

GREEK KING TELLS OF TERRIBLE ATROCITIES CARRIED OUT BY BULGARS.

Sofia, Bulgaria, July 18.—(Special)—A coalition cabinet was formed today by M. Radostavoff, Liberal leader in the Bulgarian Parliament, to take the place of the cabinet of Premier Danef, which recently resigned.

The new cabinet consists of Liberals and Stambouloff Nationalists. M. Gufadief has been appointed Foreign Minister.

KING TELLS OF ATROCITIES.

New York, July 18.—(Special)—A despatch to the New York Times from King Constantine, of Greece, tells of terrible atrocities that have been committed by the Bulgarian troops. His Majesty says in part:

BURNED WOMEN ALIVE.

"At the first invasion of Demir-Hisar, last October, the Bulgarians massacred all the men of the village of Potrovo, and after having outraged women and young girls, locked them in the mosque and set fire to it. They played on the bag pipes while the victims were dying.

"At Petrich they made the wives and daughters of the victims dance before the bodies of the Mussulmans. At Doiran 30,000 Mussulmans were slaughtered, and all their goods were plundered. At Nevrokop it was the same. At Melnik, Drama, Seres, Deagatch and Strumitza—everywhere the Bulgarians have passed—one sees only blood, dishonor and ruin.

"Americans and other foreigners were shot at and their property destroyed."

BULGARIA WILL MEET IN CONFERENCE.

London, July 18.—A Sofia despatch to the Times says that a despatch from the Bulgarian Government, which is now at Vichy, France, is proceeding to London on a special mission.

"Should Serbia and Greece," continues this despatch, "declare their readiness to accept territorial modifications, Bulgaria would be willing to meet them in conference, and it is thought here that the Balkan League might be renewed, notwithstanding the events of the past few weeks."

MAY ENTER SOFIA TO-DAY.

London, July 18.—The St. Petersburg correspondent of the Times says it is thought here that the Roumanian troops may enter Sofia to-day.

BULGARIANS LOST HEAVILY.

Belgrade, July 18.—A semi-official report describes a battle near Bosilgan on Thursday, in which the Serbians were victorious. The Bulgarians lost heavily.

FRANCE INVESTIGATES.

Paris, July 18.—At the request of Greece the French Government, which has assumed protection of Greek interests in the war region, has instructed the secretary of the French Legation at Athens and an officer of the French military mission to proceed immediately to the seat of war to investigate the alleged Bulgarian atrocities.

SEEK PEACE WITH ROUMANIA.

London, July 18.—The Bulgarian ex-Premier, M. Guechoff, has started for Bucharest, according to the Vienna correspondent of the Daily Mail, to make terms to prevent the further advances of the Roumanian army.

CANADIAN PAPER FOR NEW ZEALAND.

Boston, July 18.—Three hundred tons of paper, manufactured in Canada and destined for New Zealand will be in the cargo of the Wilson & Furness-Leyland line steamer Anglian, which will sail from Boston for London to-day. The paper is consigned to newspaper publishers.

IMPERIAL EMBROIDERY PATTERN OUTFIT; DISTRIBUTION BEGINS NEXT TUESDAY

The consignment of one thousand sets of the Imperial Pattern Outfit for women readers of the Record has arrived.

Distribution will begin at the Record Office on Tuesday next.

Three coupons from the Record will be required with each order to identify the applicant as a reader of the Record as this offer is only for readers of the Record.

Beginning next Tuesday, three coupons and 68 cents will secure the IMPERIAL EMBROIDERY PATTERN OUTFIT at the Record Office. In the case of mail orders 10c must be added to cover the expenses of mailing.

Readers are advised not to delay as the supply is limited.

See coupon elsewhere in this issue.

MAN SHOT AT MASSAWIPPI

Son of Judge Parker, New York, Victim of an Accident

CONTENTS OF GUN CARRIED BY A COMPANION ENTERED CHEST AND BODY.

North Hatley, July 18.—(Special)—A shooting accident which may have a fatal termination occurred near Massawippi station between 11 and 12 o'clock this forenoon.

The victim is a son of Judge Parker and Mrs. Parker, New York, who are among the visitors at North Hatley.

The full particulars are not yet to hand, but from what is known, the young man and a companion were near Massawippi, and the latter was carrying a gun which was discharged accidentally. The contents entered young Parker's chest and body, and he fell unconscious.

Dr. Brown, of Ayer's Cliff, and Dr. Edgar, North Hatley, were rushed to the scene.

At half-past one o'clock this afternoon young Parker was still alive. It is expected that he will be taken to the hospital at Sherbrooke later this afternoon.

FLEECHING OF IMMIGRANTS

Story Denied That Montreal Labour Bureaus Swindle New Comers

NEW DOMINION LEGISLATION CAUSES OF CLOSING DOWN OF AGENCIES.

Montreal, July 18.—The fleecing of immigrants goes on in extremely few—if any—of the local employment bureaus and that, as a direct result of the recent federal legislation, limiting to one dollar the fee chargeable on immigrants seeking jobs—many of these bureaus are well nigh forced out of existence, such was the general trend of information secured in the course of interviews yesterday with persons, who by their very position, are presumed to be more fully acquainted than any one else with the local situation regarding employment bureaus. As is not unusual, the enquiry made developed the fact that there are two sides to every story—including that of the wholesale accusations made against many engaged in the employment procuring business.

BUY PULPWOOD LIMITS IN QUEBEC

MR. D. H. PENNINGTON SELLS PROPERTY TO THE NEW YORK WORLD.

Quebec, July 18.—The Degrasse Paper Company, in conjunction with the New York World, has purchased from Mr. D. H. Pennington, of Quebec, his pulpwood limits at Murray Bay, comprising 52,000 acres. The price paid was \$400,000. Mr. Pennington has taken out about 50,000 cords of wood of the limits annually for the purchasers. These limits formerly belonged to the Bonners, of New York, an old Quebec family.

SAFE BLOWERS GET \$20,000.

New York, July 18.—Cracksmen secured jewelry valued at between \$20,000 and \$30,000 early yesterday by blowing a safe in the establishment of Rosenberg & Daniel, a jewelry supply house. The place robbed is only a few blocks from police headquarters. Cracksmen have been running riot in New York of late. Rosenberg & Daniel have a store in Maiden Lane and a branch in Grand street used as a factory.

CITY AUDIT REPORT READY

Now in Hands of Members of The Council

HAS BEEN INFORMALLY CONSIDERED BY ALDERMEN IN PRIVATE SESSION.

The city audit report is now in the hands of members of the Council. It was informally considered at a private meeting of the Aldermen the other evening, and is now in the hands of the Finance Committee. It has been impossible thus far to obtain detailed information as to its contents.

When seen this morning, Ald. Jencks would give nothing out as to the nature of the report, but stated that the whole thing would be placed on the table at the next meeting of the Council, which will take place on Monday evening.

The chartered accountants from Montreal spent upwards of three months on the work and at an expense to the city of several thousand dollars.

It is understood that in all departments they found large amounts of outstanding accounts.

Details of the report will be awaited with interest.

THE SITUATION IN MEXICO

United States All at Sea as to What is Going on

GENERAL DIAZ WILL GO TO JAPAN TO RETURN THANKS TO MIKADO.

Washington, July 18.—A policy of frankness adopted by the Administration yesterday with respect to the Mexican situation has served to clear away in some respects the uncertainty that has existed as to the meaning of recent developments in that perturbed country, and to throw light on the policy now pursued by the Government of the United States and that which may be followed in the future.

From the very best source of official authority, your correspondent learned that the so-called representations made to the United States by European Powers concerning the condition of affairs in Mexico were in reality the views of the diplomatic offices of those powers in Mexico City, prepared in concert and transmitted to their governments.

It was frankly confessed by administration officials yesterday that they were all at sea as to exactly what was going on south of the Rio Grande. They have reason to believe, although there is qualification of this in a parenthetical remark that with regard to Mexico nothing seems to be certain, that the reported demonstrations in Mexico City against the United States and Americans were fomented by a small group of Mexicans who are trying to force the United States Government to recognize the government of President Huerta.

FELIX DIAZ GOES TO JAPAN.

Mexico City, July 18.—General Felix Diaz has been named as special ambassador to Japan to express the thanks of Mexico to Japan for the latter's participation in Mexico's centennial in 1910.

By appointing General Diaz to this mission, President Huerta appears to have eliminated him, temporarily at least, from the politics of Mexico. He is expected to leave on Saturday, and the President, when formally conferring the honor on him yesterday, said that he hoped he would return to Mexico in time to be a candidate in the presidential election which is called for October 26.

RUTLAND MARBLE PLANT BURNS

Rutland, Vt., July 18.—The entire plant of Temple Bros., marble dealers, was destroyed by fire yesterday. The loss is \$35,000. The fire is said by the police to have been set by tramps.

TERRIFYING EXPERIENCE

Sewish Submarine Sank Like Stone in Deep Water

LEAD KEEL WAS DETACHED AND THE VESSEL ROSE TO SURFACE.

Stockholm, Sweden, July 18.—(Special)—A terrifying accident to a Swedish submarine, when she was sunk with her crew like stone in 200 feet of water on July 10, has just been made known.

The submarine was practicing outside the harbor, when by mistake all of her tanks were filled simultaneously and she sank to the bottom.

The pressure was enormous and the water began to dent the hull. A desperate measure was necessary and Lieut. Beckman, in charge of the boat, ordered the lead keel detached. When this was removed the boat rose to the surface and the shaken crew drew in great draughts of air.

It is stated here that never before has a submarine risen to the surface after sinking to such a depth.

CHURCHILL ON NAVAL POLICY

Says That Britain Had Been Depending on Canada

ALTHOUGH NAVAL BILL WAS DEFEATED QUESTION WAS NOT DEAD IN CANADA.

London, July 18.—Right Hon. Winston Churchill, First Lord of the Admiralty, in making his statement in the House of Commons yesterday on the shipbuilding estimates, dealt at the outset with the question of the use of oil as fuel in the navy.

Turning to the shipbuilding programme, Mr. Churchill said that earlier in the session he had dealt fully with Anglo-German relations, and had no reasons to modify in any respect what he had then said.

HAD DEPENDENT ON CANADA.

Mr. Churchill continued: "There is a second important question in connection with the general defence of the Empire. Since I addressed the House last, a serious event had occurred regarding the Canadian ships. The rejection of the Canadian Naval Aid Bill has, for the time at least, deprived us of aid upon which we had been depending, and unless that gap is filled by sacrifices of the British taxpayers, the general defence of the Empire, apart altogether from the defence of the United Kingdom, would be three ships short of the admiralty requirements from the end of 1915 onward. As soon, therefore, as news was received of the rejection of the bill, the Government determined that immediate action was necessary. There were two courses open to us; we could have laid down three extra ships in place of the three Canadian ships, and we could do so still, but it is not at present clear that this step, which would mean the addition of eight and a half million pounds sterling to the national estimates, is necessary, and certainly it ought not to be done unless it is necessary. Although the Naval Aid Bill was rejected the question of Canada participating in her own defence and in that of the Empire is by no means dead. Whether we read the speeches of members of the Government or of the Opposition, we see that altogether there are differences of principle and method, and altogether the matter is one of party dispute, there is an overwhelming consensus of opinion that action should be taken and that soon."

While the contents of the report of the commission in the arsenal have not been made public, it is understood that 1,200,000 rounds of ammunition, worth \$400,000, will have to be destroyed. The main defects are cartridge cases badly made and the prevalence of the danger of backfiring. Col. E. W. B. Morrison, director of artillery, was the chairman of the commission appointed to investigate matters.

Major Lafferty is a distinguished officer, having had two years' training in the ordnance works in England, specially fitting him for his new position.

Major Lafferty is a distinguished officer, having had two years' training in the ordnance works in England, specially fitting him for his new position.

SCOTTISH PEOPLE TRUE TO RELIGION

Professor Scrimger Says That Old Faith is Not Being Deserted

RETURNS FROM ATTENDING THE GENERAL ASSEMBLIES IN SCOTLAND AND IRELAND.

Montreal, July 18.—"There is absolutely no movement among the Scottish people towards the Roman Catholic Church," declared Rev. Principal Scrimger last night when reference was made to some figures given in a recent cable despatch which tended to the conclusion that the Presbyterian and Methodist Churches were losing ground before the ultra-montane power. "If the Roman Catholics are increasing in numbers," he said, "it is purely by immigration from Ireland." As Principal Scrimger has been breathing the Presbyterian atmosphere in its stronghold, he is well qualified to speak for the present position, and his statements last night were most optimistic in regard to his church in the homeland. He arrived home on the "Hesperian" yesterday, having spent two months in Scotland.

Principal Scrimger went to the old country as the representative of Canadian Presbyterianism in the Scottish General Assemblies. In the parlance of that Church he bore commissions from the General Assembly of the Canadian Presbyterian Church to the home assemblies. Two of them were holding sessions in Edinburgh and the Irish gathering was in Belfast.

Paterson, N. J., July 18.—(Special)—Miss Emma Mahaney, 67 years old, of Wooster, Ohio, asks heart balm of \$25,000 from John Wolf, 77 years old, a veteran of the Civil War, and retired merchant, in papers which have been served upon him here.

Miss Mahaney asserts that she has not seen Mr. Wolf since their separation in '63, when he went to the front after, it is alleged, he had proposed to her. She says she has waited 50 years in the hope that her sweetheart of youthful days would some day wed her, and that she was recently encouraged by a second proposal of marriage by mail, but later received word that the marriage would never take place.

She has forwarded scores of alleged love letters, many of them containing poems.

RESCUED ENTOMBED MEN

Stood Neck Deep in Water in Mine For 31 Hours

WILD SCENES OF EXCITEMENT WITNESSED WHEN MEN WERE BROUGHT TO SURFACE.

Eveleth, Minn., July 18.—(Special)—Amid scenes of wild excitement five men who were entombed at Spruce Mine here Wednesday were brought to the surface last night, after having stood neck-deep in water for thirty-one hours. Through interpreters the men, all foreigners, told their story.

They heard guards warn the men when water started rushing down the shaft, but they drew back at the sight of the swirling torrents. As the water crawled up they were submerged, first to their waists and then to their armpits, and realizing their plight they attempted, with picks and shovels, to dam the drift.

For a time they were unsuccessful, but at last they were able to stem the tide. By this time the water was up to their necks. Standing thus they waited for rescuers, whom they heard working desperately.

When the rescue crew had blasted to within forty feet of them they made signals, which were heard by the rescuers.

The relatives of the entombed men broke down and cried with joy when the men appeared at the surface.

All of the fifteen men imprisoned on Wednesday now have been rescued.

NEW HEAD FOR QUEBEC ARSENAL

Col. Gaudet Will be Granted Leave of Absence

REPORT IS THAT MAJOR LAFERTY, QUEBEC, WILL SUCCEED HIM.

Ottawa, Ont., July 18.—Following upon an investigation recently made into the conditions attending the manufacture of ammunition at the Government arsenal at Quebec, it is understood that Colonel Gaudet, superintendent of the arsenal, will be granted leave of absence until the report of the commission appointed to investigate into the Dominion arsenal has been considered, when he will be superannuated. Meantime it is understood that Major Lafferty, of Quebec city, will be appointed as Colonel Gaudet's successor in the management of the factory.

Major Lafferty is a distinguished officer, having had two years' training in the ordnance works in England, specially fitting him for his new position.

While the contents of the report of the commission in the arsenal have not been made public, it is understood that 1,200,000 rounds of ammunition, worth \$400,000, will have to be destroyed. The main defects are cartridge cases badly made and the prevalence of the danger of backfiring. Col. E. W. B. Morrison, director of artillery, was the chairman of the commission appointed to investigate matters.

PROGRESSIVE BREEDER PURCHASES VALUABLE BULL CALF.

Cowansville, July 18.—(Special)—A Jersey bull calf that should make his mark on the dairying history of the Townships recently arrived at Cowansville station en route for his new home with Chas. Ruiter & Sons at the Pinchot Jersey Stock Farm. He was purchased from J. K. Dering, Cedar Crest Farm, Lake Villa, Ill. He comes of the richest Island blood. His two imported grandfathers, one Noble of Oaklands, sold for \$15,000, the other, Raleigh's Fairy Boy, brought \$8,200. One granddam sold for \$7,000 when 12 years old, and the other made 700 lbs. of butter in a year, during which time she was on the show circuit for 68 days.

D. D. G. M. PAYS OFFICIAL VISIT

Cowansville, July 18.—(Special)—D. D. G. M., Geo. W. Johnston paid an official visit to Stanbridge Lodge, No. 10 A. F. and A. M. Stanbridge East on Wednesday evening. The Rt. Wor. Bro. Johnston was accompanied by the following Brethren: W. J. Bell, D. M. Lockhart, Geo. S. Walsh, Rev. W. P. Lewis, Rev. M. Brunage (Grand Chaplain), M. Guthrie, E. A. Fitchett and M. B. Judson. The party motored across in the early evening. There was a large attendance of members of the lodge as well as visiting Brethren among whom were noticed a number from sister Lodges across the Border. The third degree was exemplified in an efficient manner by Stanbridge Lodge, after which the lodge passed from labor to refreshment and enjoyed the elegant banquet prepared by mine host Dion. Speeches were made by D. D. G. M. Johnston, who complimented the members of Stanbridge Lodge on their splendid work; by the American Brethren and others.

RETIRE FROM NEW HAVEN ROAD

CHARLES S. MELLENDEN TENDERS HIS RESIGNATION AS PRESIDENT.

New York, July 18.—Charles S. Mellen yesterday tendered his resignation as president of the New York, New Haven & Hartford Railroad Company, and all its allied or subsidiary lines, including the various railways, trolley roads and water lines which had become part of the New Haven system under his management.

Announcement of Mr. Mellen's resignation, which is to take effect at the pleasure of the New Haven board, but "in no event later than October 1st next," followed a long and earnest meeting of the directors, most of whom, including William Rockefeller and J. P. Morgan, were present.

REBELLION IN CHINA GROWS

HEAVY FIGHTING HAS BEEN IN PROGRESS DURING PAST FEW DAYS.

Kiu-Kiang, China, July 18.—The northern troops have taken possession of Kiu-Kiang and the forts. The southern rebellious forces have been defeated and are fleeing to Kiu-Ling, about fifteen miles to the south.

Heavy fighting has been in progress for several days all around Kiu-Kiang as the result of the despatch of northern troops to drive out the Kiang-Si troops, numbering 9,000. Reinforcements are now on the way to aid in putting down the revolt, which has spread all along the Yangtse-Kiang.

POTATOES ARE SCARCE.

Stanbridge East, July 18.—(Special)—There is a scarcity of old potatoes in this section, many farmers having to buy for their own use.

LOST VALUABLE SPAN OF HORSES.

Cooticook, July 18.—(Special)—Mr. Felix Walker, who lives on the Barnston Road had the misfortune to lose a pair of valuable young horses from lock-law. This is quite a loss especially at this season.

SHOT LARGE HEN HAWK.

Sutton, July 18.—(Special)—Mr. William F. Sweet shot a monster hen hawk on his farm near Abercorn that measured 4 ft. 3 in. from tip to tip of wings. The shot was made at 200 yards, the bullet entering the big bird's head.

COWANSVILLE WANTS A BOARD OF TRADE.

Cowansville, July 18.—(Special)—There is a strong feeling among the business men and others who take an interest in the place that a Board of Trade should be organized. It is expected that a move in this direction will be made shortly.

NEW RURAL MAIL ROUTE FROM KNOWLTON.

East Hill, July 18.—(Special)—The people have been notified to send for their mail boxes for the new Rural Mail Route, which starts from Knowlton, in Bissonette's Corner and along up the old mountain stage road to Bolton Pass. The route will be a great convenience for the people, some of them have to go a distance of three miles to East Hill Post Office to get their mail.

CATHOLIC SCHOOL BOARD AT STANBRIDGE EAST.

Stanbridge East, July 18.—(Special)—At a meeting of the Catholic School Board held, Mr. Victor Montagne was elected chairman for this year. The annual report was given by the secretary-treasurer, Mr. Noel Minard. The attendance for the year was 23 girls and 19 boys, a total of 42 scholars. The teacher for the past year was Miss Annie Desroches, of Sweetsburg. The amount of money received during the year was \$418.10; balance on hand, \$76.01.

The school building will be repaired and painted this year, a hardwood floor will also be laid in the school.

I.O.O.F. INSTALLATION.

Ayer's Cliff, July 18.—(Special)—The officers of Alexandria Lodge, No. 59, I.O.O.F., were installed by D.D.G. M., Ball of Waterville, at the regular meeting: N.G., H. F. Pope; V. G., E. E. Temple; Rec. Sec., R.R. Whitcomb; Fin. Sec., W. E. Hurd; Treas., L. L. Clough; Warden, W. H. Norrie; Con., Geo. C. Poole; R.S.N.G., E.E. Harvey; L.S.N.G., H. O. Webster; R.S.V.G., H. G. Buck; L.S.V.G., J. Woodman; Chaplain, Rev. G. Moore; R.S.S., J. A. Robinson; L.S.S., Albert Bowen; I.G., P. H. Maloney; O. G., G. Libby.

The visiting brethren were Past Grand Goodwin from Ontario; Chas. Wilson, of Westboro, Mass., and several brothers of the Tomfofia Lodge.

WILSON'S
FLY PAD.
POISON

Will kill every fly in your house or store. All you have to do is to get the flies to the Pads.

Directions in each packet show how to do this.

UNIVERSITY SCHOOL LEAVING CERTIFICATES

There Were 302 Candidates Who Sat For the Examinations

LIST OF SUCCESSFUL PUPILS FROM THE EASTERN TOWNSHIP SCHOOLS.

The University School Leaving Examination for the Protestant High Schools and Academies of the Province of Quebec was taken this year by 302 candidates, a slight increase over last year's number. Of these, 213 succeeded in satisfying the requirements for the certificate and out of this number 129 have qualified for entrance to one or more of the faculties of the university. Those whose names are preceded by one asterisk are qualified for entrance to the Faculty of Arts; those with two asterisks before their names are qualified for admission to Applied Science and those with three to the Faculty of Medicine. The names of the successful candidates from the Eastern Townships are as follows:

*Wells, Thomas (Stanstead College School), 323.
*McCoy, Alice Agnes (Coaticook High School), 767.
*Mills, James William (Ormatown Academy), 760.
*Smith, Letha Ann (Bedford Academy), 759.
*Jones, Gladys May (Huntingdon Academy), 747.
*Magog, Gerald Atkinson (Bishop's College School), 739.
*Caswell, Howard Dana (Cookshire Academy), 738.
*Savage, Gladys H., (Granby High School), 731.
*MacDougall, Mary Elizabeth, (Ormatown Academy), 716.
*Kier, Robert William (Ormatown Academy); *Kirby, Guy Hurston, (Cookshire Academy), equal, 714.
*Booth, Merle Letha (Waterloo Academy), 709.
*Mackinnon, Lily F. (Inverness Academy), 683.
*Spurling, Madeline (Granby High School), 680.
*Van Vliet, Lyman (Stanstead College School), 669.
*MacLennan, Malcolm (Inverness Academy), 658.
*Pehleman, Alexander Carl (Cookshire Academy), 655.
*Lang, Eleanor Letitia (Ormatown Academy), 648.
*Buddell, Bessie Florence (Waterloo Academy), 639.
*Buckland, William (Stanstead College School), 635.
*Fraser, Maude Alicia (Cookshire Academy), 630.
*Raymond, Mildred Joyce (Waterloo Academy), 628.
*Bowers, Pearl (Stanstead College School), and *Mackenzie, Mildred M. (Inverness Academy), equal, 617.
*Dryburgh, Gilbert Edward (Knowlton Academy), 609.
*Hyndman, Douglas (Stanstead College School), 601.
*Robinson, Hazel Elizabeth (Waterloo Academy), 600.
*Dyer, Harry (Stanstead College School), 598.
*Flint, Dorothy (Stanstead College School), 597.
*Ward, Rose L. (Inverness Academy), 594.
*Capsey, Mabel Irene (Bedford Academy), 583.
*Purdy, Grace E., (Granby High School), 582.
*Mizener, Byron Roland (Waterloo Academy), 581.
*Lipsey, Clarence (Stanstead College School), 551.
*Le Huray, Winnie May Blossom (Sherbrooke High School); and *Stevenson, Beulah Ella (Cookshire Academy), equal, 538.
*Hillman, Bella Maude (Cookshire Academy), 537.
*Standish, Myrtle C., (Granby High School) and *Ruth, Constance (Bedford Academy), equal, 534.
*McConney, Albert Joseph John, (Coaticook High School), 533.
*McLeod, Edna Annie (Cookshire Academy), 512.
*Moynan, Ida May (Waterloo Academy), 506.
*Moynan, Freda Melissa, (Waterloo Academy), 505.
*Smith, Jennie Ellison (Sherbrooke High School), 498.
*Dorman, Wesley (Stanstead College School), 487.
*Lipsey, Myrtle (Cookshire Academy), 473.
*Shedrick, Helen Gertrude (Magog High School), 463.
*Bright, Robert M., (Stanstead College School), 427.
*Terrell, Max (Stanstead College School), 405.
*Andrews, Augusta Madge (Coaticook High School), 397.
*McGovern, Sarah Alice (Bedford Academy), 389.
*Miller, Alice Lyle (Knowlton Academy), 382.

MEGANTIC COUNTY NOTES.

(Special Correspondence to Record)

THE STRAWBERRY PATCH

While strawberries are not extensively grown in Megantic County, there are enough grown every year to show that local conditions are suitable for growing remunerative crops. There are some garden beds, which have yielded this season at the rate of upwards of \$1,000 per acre, and there are but few patches, that received fair treatment, that have not given good returns.

What is being done in the garden can be done still more profitably in the field, and without fear of overstocking the market. While Ontario and Southern Quebec may be able to get their strawberries on to the market before ours are ready, they cannot do so before they have competition with strawberries from still further south; but when ours are ready all Southern Competition has been removed, and there is a ready demand, even in those places that are heavily stocked earlier in the season.

Apart from that advantage there is a local demand for a great many more than will be grown for some time, or should that fail, it is reported in one of Montreal's leading papers that the demand for strawberries for preserving was so great this year that there was a shortage for the city's demand for fresh strawberries. If the demand for preserving is great enough to enter into competition with city consumers, there is no reason why the demand should not be created wherever a cheap canning plant can be established; hence there is an opening in Megantic for an industry, which was worth upwards of \$70,000 to the Island of Orleans last year. There is room at home for all the laborers that we have, without the necessity of their going elsewhere for employment, if we but follow the lead of other enterprising farming communities.

SETTLE DOWN BOYS.

We have a number of unsettled young men, who are to be found roaming from one place to another in search of better pay, and who are prepared to work at anything that affords remunerative employment and so on they move earning and spending and unsettled to the end of the Chapter. There are those who have been going West on harvest excursions for years and who are prepared to go anywhere on short notice for something that is reported to be

a little better than they have at home; but after all wanderings there are but few who will not admit that those who have quietly settled down at home, on farm or in business have done as well as those who have sought more favorable locations. Or again there are those of another class who after having settled down, have become unsettled, and have severed all old friendship ties and have moved away among strangers to make money, and they too, like other roamers, have in most cases had reason to look back upon their old home days as those which have afforded them the greatest amount of prosperity, happiness, comfort and contentment. There is plenty of room at home for all; there are available farms, on which good homes can be made; business openings for those who have eyes to see them; and home advantages as good as those offered elsewhere. There is loss in wasting time in moving from place to place, instead of settling down to make a home with its blessings of peace and plenty.

PAINT BRUSH INCREASING. In spite of all the warnings that have been sent out by the Government against allowing paint brush to get hold of the farms, it is increasing with great rapidity, and from the number of places in which it may be found by the wayside it would appear as if nothing is being done in most cases to prevent it from spreading. It is a bad weed especially in land that cannot be cultivated and farmers should fight it effectively before it gets beyond their control.

VILLAGE ROAD WORK

Plessisville, Laurierville and St. Ferdinand are among the Megantic Villages that are having their roads macadamized this summer. The money that is being expended on the roads is being earned mostly by the people of these enterprising villages themselves, and the general verdict is, that the earnings and improvements made will far more than repay the ratepayers for their part of the necessary expenditure.

HAY PROSPECTS.

The favorable weather of the past few days has made a great improvement in the crop prospects generally, and the hay crop will not be as light as was expected a few days ago. In fields where it has not been injured by winter-killing there will be an average yield.

MEGANTIC CO. HAPPENINGS.

Budget of News From Various Sections of Country.

ADDERLEY.

The funeral of the late Mrs. Neil McKenzie, who passed away on Saturday afternoon, July 12th, at her home here, was held on Monday afternoon from her late residence and was attended by a large concourse of sympathizing friends and neighbors who came to pay a last tribute of respect to one who was loved and respected by all. The service was conducted by Rev. Mr. Miller of Inverness. The late Mrs. McKenzie, whose maiden name was Catherine Cook, was in failing health for over two years, and confined to bed since November last. At times she suffered severely but bore it all with a quiet patience and Christian resignation. All that medical skill and loving care could do, was done, but without avail. She heard the call "come up higher," and is now safe with her Saviour whom she loved and served so faithfully on earth. Of a quiet disposition, she was a good and kind neighbor and loving mother. She was 77 years and one month. The pall bearers were: Messrs. Wm. Murchie, Alexander McKinnon, Malcolm McMillan and John Kerr. She is survived by one son, one daughter, two brothers, one sister and a large circle of friends. She was laid to rest in the Congregational Cemetery beside her husband who predeceased her over eight years ago.

The funeral of the late Peter Hamilton, who passed away on the 12th as already reported, was held on Monday noon from his late residence to the Presbyterian Church, the service being conducted by Rev. Mr. Miller of Inverness and was largely attended. Mr. Hamilton was born in Arran, Scotland, and came to Canada in 1831. He was married in this country to Ann McCurdy, who passed away about eight years ago. Mr.

Hamilton was in full possession of his faculties and was hale and hearty until about two weeks before his death when he sustained a fall from which he never rallied. He was a highly respected resident of this place for many years and was well and favorably known. He leaves four sons and several grand children. He attained the ripe age of 103 and two months.

THIS DATE IN HISTORY, JULY 18TH.

1683—Combined armies under John Sobieski defeated the Turks under the walls of Vienna.
1841—Coronation of Emperor Don Pedro II. of Brazil.
1853—The Atlantic and St. Lawrence railroad, from Portland to Montreal, opened to traffic.
1864—President Lincoln issued a call for 500,000 more volunteers.
1872—Benito Juarez, famous Mexican soldier and patriot, died. Born March 21st., 1806.

Deaths Reported

MISS BELLA CHOYER, RICHMOND. Richmond, July 18.—(Special)—The death occurred in the St. Vincent de Paul Hospital, Sherbrooke, on Thursday afternoon of Miss Bella Choyer, in her 18th year, eldest daughter of Mr. and Mrs. O. Choyer. Miss Choyer was taken suddenly ill and removed to the hospital on Thursday morning and only lived a few hours. The remains were brought home to-day.

Mr. R. J. Latimer, of Montreal, who was in town yesterday to attend the annual meeting of the District R.T. of E. is an old Sherbrooke citizen and naturally sees many changes. A number of these are in the nature of improvements, but he could not see the betterment in the state of the streets of the city which he had expected from its general advance in other ways.

PENNSYLVANIA WILL TAX COAL. The Pennsylvania Legislature has recently passed a bill levying a tax of 2 1/2 p. c. of the value of all coal mined in the State for export beyond the state boundaries.

It is not difficult to figure who will eventually pay this tax. The consumer may expect an advance to the retail trade of 15c per ton.

BOATS ON RIVER SHOULD CARRY LIGHTS AT NIGHT. At this season of the year when there is so much boating on the Magog River at night time, it would be in the interests of safety to indulge in this pastime to carry lights after dark. During the last two weeks there have been several narrow escapes of collisions between motor boats and canoes owing to a general disregard of these precautionary measures. It is unwise to wait until fatalities occur before taking steps to prevent them.

PARENTS ATTEND SWIMMING EXHIBITION AT Y.M.C.A. This morning the Y.M.C.A. swimming classes for boys and girls came to an end for this year. The final practices were of special interest, on account of the invitation which had been extended to parents and friends to attend and see the progress achieved by the children, and a large number availed themselves of this privilege. The youthful swimmers acquitted themselves in a very satisfactory manner and were evidently having a good time, and the visitors no doubt acted as a spur to them.

Out of a total of 95 girls enrolled, 55 have become proficient, several having left the city, etc., and out of 107 boys enrolled 50 have stuck to it and 44 have qualified. Some of the boys and girls are really good swimmers and divers.

Mr. Barnes has had charge of the classes, and owing to the large number of pupils he has been using water wings, thereby being enabled to handle two dozen at one time, and he has taught them in their own way by whichever strokes came natural to them at first. However, Mr. Barnes recommends the dog paddle stroke, as it quickly develops into a good, strong trudgeon stroke.

In teaching the girls valuable assistance has been rendered by Miss Norma Fales and Miss Jean McLeod, and by a few of the senior High School girls who are proficient swimmers.

At the close Mr. Barnes and the Association were warmly thanked on behalf of the teachers of the schools and the parents, for the interest they have taken, both in the swimming and gymnasium work. All the scholars present expressed a wish for the classes to be continued next year.

MR. H. B. FULLER IS PROGRESSING FAVORABLY. Mr. Tom Fuller has received word

from Watertown, South Dakota, that his son, Harold B., who had both legs broken in an automobile accident on the 15th instant, is progressing as favorably as can be expected. As soon as the swelling has gone down sufficiently the broken limbs will be encased in plaster of paris, and as speedy a recovery as is possible under the circumstances is looked for.

LAKE MEMPHREMAGOG. The Steamer Anthem is now making the usual summer trips through the Lake. Leaves Magog Mondays and Saturdays 8.35 a.m., arriving at Newport 11.30 a.m. Returning leave Newport 12.30 p.m., and Saturdays connecting with the Canadian Pacific Ry. special from Montreal to Sherbrooke at Magog, 4 p.m.

Wednesdays and Fridays leave Magog 11.30 a.m., arrive Newport 2.20. Leave Newport 4.20, arrive Magog 7.15.

For further particulars and timetables apply to Canadian Pacific Ry. Agents.—Memphremagog Navigation

FOUND PLACE FOR SELF AND CHILDREN THROUGH RECORD ADVERTISEMENT.

Scarcity of help on the farms and elsewhere in the Townships continues. A few days ago an English woman, a widow with two children, recently advertised in the Record for a position.

She writes now as follows: "I have a good many answers and I am expecting to be suited now, so would you please not keep in any more advs."

DEATH OF MRS. C. F. OLIVIER. Yesterday evening at 7.45 o'clock, Janette Benedict, beloved wife of ex-Mayor C. F. Olivier, died at her home, No. 9 Ball street, after a painful illness of seven months.

Possessed of a charming personality, endowed with many qualities of heart and mind; a kind and indulgent mother, and a loving and devoted helpmeet, Mrs. Olivier will be missed, not only by her family and relatives, but also by a very large circle of friends.

Deceased was a singer and a musician of more than ordinary ability and her services were greatly in demand and always cheerfully given in charity's sweet name. Besides her husband she leaves to mourn her loss three sons, Valere, Eugene and Hector, and four daughters, Mrs. W. J. McManamy and the Misses Hortensia, Elizabeth and Cecile; and five grandchildren.

The funeral will take place on Sunday afternoon at 3.15.

INSTRUCTING CLASS ON AIR BRAKE WORK. A car whereby the engineers and trainmen of this division of the C. P. R. get instruction in the use of the air brake, and how to work the same in cases of need with the object of saving life and property is at present in C. P. R. yards here. The car is fitted up in such a way that those who attend the classes are instructed in just the same way as if they were on a moving train of thirty freight cars. The equipment of the car is wonderful to the lay mind. The instructors are, Mr. R. A. McAdam and Mr. R. J. J. Muir, they touch at all the divisional points between St. John, N. B., and Fort William. The classes here have been very well attended, and the "pupils" have shown a marked aptitude in picking up the latest devices that have come and are now in operation in connection with the air brake. The men have to pass an examination and the instructors state that all from this division would be given certificates of efficiency.

CHURCH NOTICES

BAPTIST CHURCH. Rev. R. J. Garrett will preach again next Sunday. Services at 11 a.m. and 7 p.m. Morning subject, "The Glorious Victory." Evening subject, "The Fundamentals of Christianity." Everybody welcome.

FINANCIAL AND MARKET NEWS

DAIRY PRODUCE

LIMITED DEMAND FOR BUTTER.
Montreal, July 18.—Receipts of butter were 540 packages, as compared with 640 for the corresponding week last year. There were no new developments in the market. A fair amount of business continues to be done for local account, but the demand from outside sources is still somewhat limited.

We quote prices as follows:
Finest creamery, 25c to 25½c; fine creamery, 24½c to 24½c; second grade, 23½c to 24c; Dairy butter, 22c to 23c.

STEADY CHEESE BUSINESS.

Montreal, July 18.—Receipts of cheese were 15,592 boxes, as against 2,366 for the same date a year ago. A steady business continues to be done over the cable, but the demand is not for such large lots as it has been of late, which would indicate that buyers were not disposed to operate so freely at present prices.

We quote prices as follows:
Finest western colored, 13½c to 13½c; Finest western white, 13½c to 13½c; Finest eastern colored, 13½c to 13½c; Finest eastern white, 13c to 13½c; Seconds, 12½c to 12½c.

COUNTRY BOARDS.

Woodstock, Ont., July 18.—The offering of cheese at the cheese board was large. Eleven factories boarded in all 1,804 boxes, of which 355 boxes were white and the balance colored. On the first call, 12c was offered. On the second call the price went up to 12½c. None sold, all holding for a higher price.

Madoc, Ont., July 18.—There were 595 boxes of cheese boarded; 233 sold at 13c and 130 at 12½c. Balance refused at latter price.

COUNTRY PRODUCE

MAPLE PRODUCTS UNCHANGED.
Montreal, July 18.—The demand for maple product is somewhat limited at present and the market is rather quiet, but the feeling is steady and prices are unchanged with sales of maple syrup in tins at 9c to 10c, and in wood at 7c to 8c per lb. The offerings of maple sugar are small at 11c to 12c per lb.

HONEY MARKET QUIET.

Montreal, July 18.—The condition of the market for honey is unchanged.

CANADIAN CONSOLIDATED RUBBER CO., LIMITED, MONTREAL.

Canada,
Province of Quebec,
District of St. Francis,
No. 1692.

In the Superior Court

The sixteenth day of July, 1913.

Present: HUB LORSHIP MR. JUDGE
TIP HUTCHINSON.

A. B. HUNT, Petitioner.

THE MEGANTIC MANUFACTURING
CO., Ltd., Respondent.

The court, having seen and examined
the following petition, to wit:

"Whereas a meeting of the creditors,
shareholders and contributories has been
held in this matter, and

"Whereas a liquidator and inspectors
were duly appointed by this court;

"Whereas it is expedient that a certain
day may be fixed within which the
creditors of the said company respondent
may send their claims;

"Whereas it is also expedient that the
court should determine the manner in
which the notice of the day or days so
fixed shall be given by the liquidator to
the creditors;

"That an order issued from this honor-
able court, fixing a certain day or cer-
tain days on or within which the credi-
tors of the said company respondent
may send in their claims, and determine
the manner in which notice of the day
or days so fixed shall be given by the
liquidator to the creditors, the whole
with costs;

"Doth order that the creditors of the
Mégantic Manufacturing Company, Lim-
ited, do send in their claims against the
said company, by filing their claims with
the liquidator, Joseph A. Courville, of Lake Mégantic,
Quebec, on or before the sixteenth day
of August next (1913), and that
notice of the present order be given by
three insertions, three different days
in the newspapers "La Tribune" and
"The Daily Record," published in this
district, the whole with costs.

(Signed) M. HUTCHINSON, J.S.C.

W. TRUE COPY, GENEST & BRODERICK, P.S.C.

D. NICOL, Attorney for Plaintiff.

University of Bishop's College

LENNOXVILLE, P.Q.

The only College in Canada with a three years' Arts Course. Residential
College for men; women students admitted to Lectures and Degrees.
year's course in Arts; two year's course in Divinity. In special cases the com-
bined course may be taken in four years.

The College is situated in one of the most beautiful spots in Eastern Canada.
Bishop's College appeals to the keen student, not having the counter attrac-
tions of a large city to distract the attention.

All forms of recreation may be had, including Golf, Boating, Cricket, Hockey,
etc. etc. Splendid Gymnasium. Four railway lines converge in Lennoxville.
Michelineas Term opens September 20th. Matriculation and Supplemental Ex-
aminations the 23rd. Lectures begin the 25th. For information and calendars
apply to the Rev. Principal Parrook, D.C.L., Little Metis, or to the Registrar,
W. C. Stewart, Lennoxville.

ed, business being still quiet, but as
supplies are not large on spot, prices
rule steady.
We quote prices as follows:
Clover, white honey, 15c to 17c;
dark grades, 14c to 15½c; white ex-
tracted, 11½c to 12c; buckwheat hon-
ey, 8c to 9c.

EGG MARKET STEADY.

Montreal, July 18.—Receipts of
eggs were 614 cases, as compared
with 1,141 for the corresponding date
last year. There was no change in
the condition of the market to note.
Supplies coming forward are fair for
the season of the year for which the
demand is good and an active trade
is doing. The tone of the market is
firm with sales of selected stock at
25c to 26c, and No. 1 candied at
23c to 24c per dozen.

FAIR DEMAND FOR BEANS.

Montreal, July 18.—There is no
change in beans for which the de-
mand is fair and supplies ample to
fill all requirements. Sales of car
lots of three-pound pickers were made
at \$1.65 to \$1.70 per bushel ex-track,
and low grades are offering at \$1.40
but meeting with a slow sale.

POTATO TRADE SLOW.

Montreal, July 18.—The trade in
potatoes is slow and the market is
dull with an easy undertone on ac-
count of the liberal offerings for the
season of the year. We quote: Green
Mountains, in car lots, at 70c to
75c, and Quebec varieties at 55c to
60c per bag, ex-track, while the former
in a jobbing way are selling ex-
store at 85c to 90c and the latter at
65c to 75c per bag.

PROVISION MARKET

LIVE AND DRESSED HOGS FIRM.

Montreal, July 18.—There was no
actual change in prices for live hogs,
but the undertone to the market was
strengthened in sympathy with the ad-
vance in prices in the Toronto market
of 10c to 25c per 100 lbs. and it is
expected that higher prices will
rule here next week if the above is
maintained. There was a good de-
mand from packers for supplies and
an active trade was done with sales
of selected lots at \$10.20 to \$10.40
per 100 lbs. weighed off cars. The
feeling in the market for dressed
hogs is firmer and sales of abattoir
fresh-killed were made at \$14.25 per
100 lbs.

DAILY STOCK LETTER.

New York Noon Letter.
Steel has been the main spring of the
market. The general market opened
higher. Steel notably so and has been
traded in actively, prominent houses
being large buyers both to-day and yester-
day. There is no special news to in-
fluence the market's advance or induce
covering, however, the market looks as
if it were going higher. It has made
further advances on comparatively light
transactions and the entire list has
been strong with the exception of Cal-
ifornia Petroleum stock. The market has
got into a position where it does not
answer to bad news and bear raids turned
out to be a boomers for the bears
because they induced no further liquid-
ation.

Sales to noon, 200,000 shares.
Money, 2½ per cent.
Grain fractionally higher.
Cotton dull and firm.

VICE PRESIDENT OF B. AND M. RETIRE.

Boston, Mass., July 18.—The resig-
nation of Mr. Henry J. Horn, as vice-
president of the Boston and
Maine Railroad, was announced from
the office yesterday. Mr. Horn who
has been in charge of construction,
operation and maintenance, will be
relieved on August 1st.
No explanation of the retirement
was made.

HACKNEY STALLION

Earlth Enterprise (#448) 413 will
make the season at the Lennoxville
House, Lennoxville, \$10 to warrant.

REASONS WHY

Trenton Park Lots

are more valuable:

Because of the decision to erect a vast
apartment in their vicinity employing
5,000 workmen.

Because the lots will eventually be
within the new city limits.

Because of their accessibility when the
St. Lawrence tunnel is completed.

Prices advance materially shortly.
Buy now. Apply to

F. O. JORDAN, Agent.

INTERESTING LETTER FROM GERMANY

Mr. A. C. Skinner Writes
of Impressions of
Country

EVERYTHING HIGHLY ORGANIZ-
ED—WELL BUILT CITIES—
ATTRACTIVE FARMS.

Interesting letters are being received
in Sherbrooke from Messrs. A. C.
Skinner and H. V. Haight who are
travelling in Germany.

The following extracts from a letter
from Mr. Skinner will be read with
interest.

Mr. Skinner writes in part as fol-
lows:
"Everything here seems to be done
by rule, with the object of getting
the best results and one continually
sees signs where this or that is 'for-
bidden' (forbidden.)

"Nearly all of the country is high-
ly cultivated, mostly to grain, ditches
taking the place of fences. The
land is laid out in long rectangular
fields and I understand that an ordi-
nary farm consists of 30 to 40
acres. There are no stones or weeds
to be seen. The country roads are
fine and smooth and well rounded,
frequently paved in the centre with
flat stones and nearly always well
shaded with small trees (cherry, ap-
ple, pear, locust or poplar) openly
spaced about 30 feet apart. The
country houses are in clusters of 50
to 200 so that the people have some
social intercourse. The cottages are
usually close together and are very
pretty with their green gables of red
tiled roofs and always shaded by
trees. We saw very few cattle, but
what we saw were of very good quality.
The work horses are very heavy
powerfully built, weighing about 13
to 1500.

"More seems to be done here, than
at home, for the working man. Laws
have been passed by the Government
and in many cases still further en-
larged upon by the larger firms which
not only give their men good homes
at moderate rentals, give him ac-
cident, sickness and old age insurance,
but also do many other things for
him.

"For instance, one firm has schools
which educate the children in the us-
ual way and which also teach the
girls nursing, dress-making, cooking,
etc. Children from 2 years old and
up are taken care of during the day
so that the mothers can have their
time to take care of the home. Should
a woman have more than one child
under two years of age a girl (over
14½) sent from the school to help
her and at the same time gain some
experience. This firm also gives holi-
days, with pay, to men who have
worked for some time, for instance a
man who has been with the firm for
7 years gets 3 days free and one ad-
ditional day for each year after that.
They also allow any of their
men to consult a lawyer at any time
at their expense.

"Taxes are very heavy here, but
are graduated so that the greatest
burden comes on the more wealthy.

"I understand that the military
tax alone amounts to from 5 p. c.
to 15 p. c. on all incomes from \$300
per year upwards. The man with the
largest income paying the highest rate."

CITIES MADE ATTRACTIVE.

"In the cities a great deal of space
is devoted to parks, etc.

"The sidewalks are very wide, fre-
quently each walk being as wide as
the road way. Again in very wide
streets the car lines will run in the
center of the street in a well kept
grass plot with frequent places to
cross over. Many business streets are
arranged in this way and also have
shade trees set in to the edge of the
sidewalk.

"All corners to sidewalks and drive-
ways, streets, etc., are well rounded.
Practically all streets, even in small
places are paved asphalt, wood block
and stone block in the order named
being used. The streets are well light-
ed, but I do not think that they are
as good a system as we have at home
as they usually use the arch system
of large lights far apart.

"In streets of narrow or medium
width, trolley wires are always fas-
tened to the buildings and on wide
streets and poles are of ornamental
iron.

IN VALLEY OF THE RHINE.

We are now in the Valley of the
Rhine and I must stop awhile to see
some of the old castles, etc.

6.30 P. M. FRANKFORT-ON-MAIN.

"Just arrived here after about 4
hours rail and 5 of boat on the most
beautiful section of a beautiful river,
the Rhine.

"They have good schools here to
teach delicate children, during pleas-
ant weather out doors, give them
something to eat, etc. Children enter
school for definite periods, 3, 6 or
9 years, etc., according to their
standing in life.

MILITARY TRAINING.

"Boys taking up the higher schools,
professions, etc., have their time of
compulsory military service reduced
from 3 or 2 years to 1 year. This com-
pulsory military training takes a boy
at 20 and certainly helps to make a
man of him physically. It teaches him
to be obedient and quick to act. The
boys are drafted to the branch of ser-
vice to which their build most adapts
them or which is most in need of men.

"While taking an auto ride one day
our guide pointed out a group of
peasant women by the roadside and
said 'there is the back bone of the
German army, at least if they are
in active service.'

"We frequently see young men with
scars on their left cheek, received
while dueling.

GREAT INDUSTRIAL PLANTS.

"We have visited many of the great
industrial plants and are much im-
pressed by the immense size of these
plants and the efficient way things are
handled.

"Mr. Haight, of course, under-
stands this much better than I and
has written many pages of informa-
tion to friends similarly interested.

SPORTING NEWS

MACKINNON CUP GOES TO AUSTRALIA

Team Representing Dom-
inion Came Fourth in
Big Match

SCOTLAND WAS SECOND AND
ENGLAND THIRD—SIX TEAMS
COMPETED.

Bisley Camp, July 18.—The Mac-
kinnon Challenge Cup was won by the
Australian team yesterday afternoon,
Canada coming fourth. The scores
were Australia, 1,533; Scotland, 1,504;
England, 1,496; Canada, 1,459;
India, 1,409, and Ireland, 1,375. The
cup is shot for at nine hundred and
one thousand yards.

The Canadian team shot for a
sweepstakes at five hundred in the
morning, S. Sergt. Freeborn making
a possible and winning £2. He won
one pound in the sweepstakes at 600
with a score of 34. Sergt. H. B. Par-
ker, of Halifax, and Lieut. F. A.
Steele, each won one pound, with the
score of 34 at two hundred.

BOSTON REDS TO-MORROW

PREPARATIONS BEING MADE FOR
RECORD-BREAKING CROWD.

Everything is in readiness for to-
morrow's big ball game. Sherbrooke
has been playing ball for a number
of years, but never before have the
fans had an opportunity of seeing a
fast team like the Boston Reds.

The locals will present their strong-
est line-up, and with Joe Butler on
the mound hope to take the first fall
out of the Americans.

The game will start at 3.30 sharp.

BOSTON REDS WON.

Mansfield, July 18.—(Special)—
A number attended the ball game at
North Troy on Wednesday. The Bos-
ton Reds played the North Troy
team, the score was 2 to 8 in favor
of the Reds.

E. T. LEAGUE GAMES.

Two games will be played in the E.
T. League to-morrow. The Cubs will
close their league season with a game
at Coaticook against Pen Angles and
Capleton will play at Waterville.
Both games promise to be exciting.
Cubs have a strong line-up for their
game at Coaticook.

The Cubs will practice on the Par-
ade Grounds this evening.

SOCCER

Y.M.C.A. VS. WATERVILLE.

The above teams meet on the
Parade Ground to-morrow in the re-
turn league fixture, kick-off at 3.45
p.m. The Y.M.C.A. team will be pick-
ed from the following: Aveling, Bur-
rows, Smith, Bennett, Hurn, Stret-
ton, Myers, Ryder, Aston, G. Petts,
L. Petts, Pratt and Nicholls. All

RANGES.

RICHMOND RIFLE ASSOCIATION.

Richmond, July 08.—(Special)—A
special meeting of the Richmond Rifle
Association will be held in the Maple
Leaf Club rooms at 8 o'clock Satur-
day evening, when all members are
requested to be present, as business
of importance will be transacted.

SUTTON RIFLE CLUB.

Sutton, July 18.—(Special)—At a
meeting of the Sutton Rifle Club
early in the week Messrs. A.G.
Brown and Geo. E. Clark were chosen
to look after the preparations for
the new range which will be on the
grounds of Dr. Macdonald. Shooting
matches will soon be arranged for.

The street traffic in many of the cit-
ies is very dense and at rush hours,
the pedestrians fill the street from
wall to wall and it is very difficult
for carriages to go through.

"There is excellent street car ser-
vice everywhere, the usual fare being
about 21 cents.

"I judge that there must be some
law as to height of buildings, as with
the exceptions of Churches and other
public buildings, I do not recall seeing
any of more than 5 stories. We have
not seen a single sign of a
burnt building or burnt forest any-
where. We walked for more than one
hour through a forest one day and
every tree as far as we could see had
been banded with tar or some such
substance to prevent caterpillars
hurling them.

"Only trees of suitable size are
cut, sawn close down and then young
trees are at once planted to take
their place. We have seen quantities
of trees of different sizes in groves
set straight as a string and quite
close together, so they would grow
straight and tall.

"We have been travelling on a special
corridor train of 10 cars and
have been feasted and entertained un-
til I am tired of it. Our official trin
ends in Munich on July 28th, after
which Mr. Haight and I expect to go
to Strasbourg, Paris, Antwerp, Am-
sterdam, Ghent, London and home by
Teutonic, August 9th."

THE GRAND OLD MAN OF CRICKET

DR. WILLIAM G. GRACE CON-
CURRED TO BE THE GREATEST
CRICKETER WHO EVER
PLAYED.

London, July 18.—(Special)—Dr.
William G. Grace, known throughout
the English-speaking world at the
"Grand Old Man of Cricket," received
the congratulations of a host of
admirers today on the occasion of
his sixty-fifth birthday anniversary.

"W. G." as he is familiarly called
by devotees of the game, is univers-
ally conceded to be the greatest crick-
eter who ever played. In first-class
matches he has played no fewer than
126 three-figure innings, 125 in Eng-
land and one in Australia, and in
all kinds of cricket he has hit as
many as 217 hundreds, a feat which
no other cricketer has approached.
He has also on seven occasions ac-
complished the double feat of scoring
1,000 runs and taking 100 wickets in
one season. At the age of 65 Dr.
Grace is still as keenly interested in
cricket as he was in the days when
he was learning the game in his
father's orchard with three dogs to
assist in fielding.

LAKE MEGANTIC NEWS

FIRE! FIRE! SALE!

The RED SIGN, Opposite Queen's Hotel, Megantic, Que.

Don't believe in your good friends; the best friend is Save Your Dollar. A few years ago I heard that Megantic was a very fine town for business. Last year I came here and I thought that we could make a living in making less profits than were then made. The first time I distributed advertisements, hundred of people used to say: "Advertisements! Advertisements! I suppose they do as others do? To-day you see that prices are different. If a business person has been a long time in town, being well served where he bought at first, he knows where to go a second time.

Now, come and examine our FIRE! FIRE! SALE! and see how prices can be cut. The Red Sign opposite the Queen's Hotel.

THIS FIRE SALE will last all month. Now mark and observe these prices: A big stock of Furs, Ladies' and Men's Coon Coats, Muskrat Coats, Ladies' Fur Lined Coats with Russian Mink collars, also, all kinds of Ladies' Fur Sets.

Men's Overcoats, automobile collar, latest style, reg. price \$12, reduced to \$7.50
Nice Heavy Suits, Scotch Tweed, price \$14, reduced to \$7.50
Heavy Pants for winter, all colors, price \$3.25, reduced to \$1.95
Waterproof Coats, automobile collar, English broad lining, price \$10, reduced to \$4.85
Black Vicuna Fall Coats, silk lined, guaranteed all wool, price \$11, reduced to \$5.50

Men's Underwear, guaranteed Pen Angle, fleece lined, each .39c.
Workmen's Shirts, price 75c, each, reduced to .38c.
Wool Underwear, 75c, each, reduced to .48c.
Men's Leather Gloves, lined, price 75c, reduced to .47c.
Caps, heavy tweed, muskrat lined, 75c, reduced to .35c.
Men's Rubbers and Boots, very low prices.

Now, don't forget to come and examine our stock. The prices of all the rest of Ladies' and Men's goods it is impossible to reproduce here, so it is better for you to come and examine the Big Fire! Fire! Sale!

P.S.—I know that hundreds of circulars and other advertisements are following after mine. I want you to examine and see that my prices and my goods cannot be beaten by any of them.

THE RED SIGN, Opposite Queen's Hotel, Megantic, Que.

C. GREENSPAN,

Agent for Style Craft, the most fashionable clothing.

RAILWAY SHOPS AT MEGANTIC

Not at All Likely That They Will be Moved

RAILWAY MAN POINTS OUT OBSTACLES STANDING IN WAY.

Discussing the possibility of the C. P.R. moving their shops to the Boundary, as has been frequently rumored of late, a well-known railway man stated to the Record, on a recent occasion, that he did not believe the change would ever be made.

In the first place, he pointed out that it would be impossible for an engine to pull a train through from Sherbrooke to the Boundary, with any kind of a load, and not stop at Megantic to have the firebox dumped. The grade from Megantic to the Maine border is very steep, and it has always been found necessary to keep a helper at Megantic.

Another point that would tend to throw cold water on the proposition of moving is that the C.P.R. now owns the Quebec Central, and as it is necessary to maintain shops for this line at Megantic it is likely that both shops will be merged into one at Lake Megantic, and possibly the site of the present C.P.R. station and yards changed.

Citizens of Megantic are not worrying much about the removal of the shops, and firmly believe that not only will the present shops remain, but that they will be enlarged.

Dress Better!

To dress better does not necessarily mean to spend more money. It simply means let us make your clothing.

SATISFACTION GUARANTEED.

C. A. Choquette & Co.

Opposite Joe Dion's.

TOWN NEWS

Mr. A. Morissette has recently received a new automobile.

Mrs. Moore, from St. Johnsbury, Vt., is here on a visit to her mother, Mrs. D. Morrison.

Miss Mary Veary, from Montreal, to join the family, who are in camp on the 4th range of Ditchfield. Mr. Veary has returned to Montreal.

News is to hand of the death of Rachel, sister of Mr. John M. McIver of Echo Vale, daughter of the late Murdo McIver.

Amongst other visitors recently arrived at Lake Megantic are Mrs. Alex since Mr. McQueen, who is a son of the late Rev. Mr. McQueen, formerly pastor of the Presbyterian Church at Hampden, was in Megantic.

Mr. W. R. Bamford, the C. P. R. agent at St. John, N.B., and his wife and daughter are visiting Mrs. Ireland and family for a couple of weeks at their camp at Gypsy Point, Lake Megantic.

The picnic of the R.T. of T. Celtic Lodge, of Marsboro, which was held at Victoria Bay last week, was a very enjoyable affair. Quite a large number took advantage of the outing. An entertainment in their hall was also held in the evening.

Mr. Wm. Morrison and family have moved into their new house on Lake avenue, which he purchased from Mr. N. G. Smith, and which he had thoroughly renovated. This is one of the houses that was badly scorched during the fire at the furniture factory last March.

Mr. and Mrs. Murdo McQueen, from Sault Ste. Marie, and family, arrived in town on Wednesday on a visit to Mrs. McQueen's parents, Mr. and Mrs. Murdo McLeod. It is several years since Megantic, visiting her parents, Mr. and Mrs. McRae, Drumavack; Mrs. Angus Smith, from Farnham, at her parents, Mr. and Mrs. J. F. McLeod; Miss Flora McLeod, from Springfield, Mass.; Mr. and Mrs. Colin McLeod, from Skinner, Me.; Mr. Ernest Smith and sister, Miss Bertha Smith, visiting Mr. and Mrs. C. H. Bramhall at their home in Ditchfield; Miss Helen, Vera and Fidelis for their holidays with Mr. and Mrs. D. Booth, Ditchfield; Mr. C. F. Forster, Toronto, inspector of Bank of Commerce; Miss Cowling, of Angus, with Mr. and Mrs. John Boyle at Lake Maccannamag.

HAD TOE AMPUTATED.
John Stewart, the son of Mr. John Stewart, who cut his foot badly (Continued on page 7)

ROAD WORK BEING PUSHED ALONG

Roller at Work From Early Morning Till Nine At Night

COUNCIL HAS PURCHASED CORRUGATED IRON PIPES FOR CULVERTS.

Work on the streets is progressing most favorably, and is being pushed along as rapidly as possible. The steam roller is at work from early morning until about 9 o'clock at night. At the present time the work stretches from the C.P.R. crossing to the Canadian Bank of Commerce.

The Council has recently purchased from the Canada Ingot Iron Culvert Co. several of their corrugated iron culvert pipes, which are to be put in as culverts on the main roads on Ness Hill and otherwise, which will replace the old wooden plank culverts which are not strong enough to withstand the pressure of the new steam road roller passing over them.

Dr. V. Lincourt has moved his office into the Gosselin building on Main street.

INTEREST IN NEW CHAIR FACTORY

Citizens Pleased With Scotstown's New Industry

MANY FARMERS INVESTED MONEY IN THE ENTERPRISE.

The principal traders and business men of the Town are taking great interest in the new chair factory which is being erected, and have manifested their interest by investing some of their money. Not only business men, but farmers in the surrounding county are not slow to notice that what ever increases the population of a town will also increase the demand of the goods which they have to offer, and that the prices also follow the demand.

One farmer recently remarked to the writer that it was about time Scotstown was doing something to increase its industries and population, and this same person by putting his hand in his pocket said "By the act I will help in the good work."

C. P. R. IMPROVING PROPERTY.
The C. P. Railway Company has a large gang of men improving the surroundings of the depot here.

The hayfield in front of the depot is being mowed down as is also the hay on all the different sidings. Part of the high bank near Depot Street is being cut down and the earth and stones are being carted down to the back of the depot to fill up and raise the grading in the back yard.

EXPLORATION SHIP WRECKED.
St. John's, Nfld., July 18. — The Newfoundland sealing steamer Diana, having on board the Donald McMillan expedition to Crockerland, in the Arctic region, stranded Wednesday night on Barge Point, forty miles west of Battle Harbor, in the Straits of Belle Isle.

The Newfoundland revenue cruiser Stella Maria was yesterday ordered to the assistance of the Diana, the extent of whose damage, if any, is not known here.

TOWN NEWS

According to all reports deer are very plentiful this season.

Ricard's Hotel, Lapatrie, comes to meet all trains now and carry the passengers by automobile.

Everybody on the street is talking about the baseball game which will be played next Saturday on the Fair Grounds.

Mr. Halle, the Secretary of the town of Hampden, was in town last Thursday and in conversation with the Record representative said that the road work in that town was progressing satisfactorily.

The announcements are out for the marriage of Mr. Donald Boy, of Ballallen to Miss Pigeon, recently from France. The ceremony will take place at the home of her parents in Ballallen on Wednesday, July 23rd.

STRAWBERRY CROP LIGHT.
The wild strawberry crop this season is very light. It is supposed to be the result of the early frost which came this season.

MR. BEAUCHEMIN, CHAIRMAN
At a recent meeting of the Roman Catholic School Commissioners Mr. G. Beauchemin was re-elected School Commissioner.

CRUSHING PLANT AGAIN IN OPERATION.
The stone crushing plant is again in operation and work will soon be finished on Victoria Street, after which Ditton Street will be started. The only difficulty is the slowness of the department at Quebec sending the money to pay for the work that is now done.

INTEREST IN COMING ELECTION.
Interest in the coming election of Councillors, which will take place next Wednesday, is increasing.

The many friends of Mr. Angus McKenzie are very enthusiastic over the matter and the supporters of Mr. Gregoire are determined to put up a big fight.

CUTTING LARGE TIMBER.
The Scotstown Saw Mill Company is getting out the largest timbers

HAY CROP GOOD IN THIS SECTION

Rain During Past Two Weeks Greatly Improved Conditions

FEW FARMERS HAVE YET MADE MUCH PROGRESS WITH HAYING.

This section of the County is going to have a good hay crop if all reports which have been received lately are correct.

It was thought some two weeks ago that the crop would perhaps not come up to the average but the recent rains have so helped matters that every farmer interviewed claims that it is surprising how fast the hay has picked up within the last two weeks.

None of the farmers in this section have begun to cut any amount yet, feeling that much would be lost in starting early as there is so much growth going in towards the bottom of the hay and it is filling up fine.

In calculating the farmers are expecting a good crop. At Bown's and the surrounding district, the farmers there expect a better crop than last year.

In the Township of Ditton none of the farmers have thought of beginning yet, but they say that the crop is much better now than it was expected it would be some time ago, and that it will beat last year.

The reports from Chesham are not as good. They claim that the recent rains have helped out matters some.

and planks for the new bank building. Most of this material had to be brought from the woods and hauled by teams on wheels. There is hardly enough frame timber left in town to build a hen pen.

FORMER SCOTSTOWN RESIDENT TELLS OF FOREST FIRES.

In a recent letter written to a friend in this town Mr. Harry Clark tells of terrible forest fires which occurred where he is working on the Grand Trunk Pacific. He had been situated at Bell River and in his letter he says: "We were all finished there and ready to move at noon the 1st of July (Dominion Day) and were going to load, but a forest fire struck us just after dinner and cleaned out everything, not leaving a house standing, and we only saved three trunks out of our whole outfit. It came on us so quick that we could not get a thing ready so we cleared on a hand car and came up

CHILDREN PLAYED WITH MATCHES

Started Fire in a Barn
 Belonging to Mr. Dizan,
 Coaticook

PROMPT ACTION OF EMPLOYEES
 OF GILMOUR CHAIR FACTORY
 KEPT FLAMES FROM
 SPREADING.

Coaticook, July 13.—(Special)—On Thursday afternoon about 5.30 the Fire Brigade was called out to stop a fire in the barn of Mr. Dizan in the part of the town known as Majorville.

Before the town brigade arrived the employees from the Gilmour Chair Factory succeeded in stringing a line of hose and thus kept the flames from spreading.

On the arrival of the Fire Company the flames were soon under control. The fire is believed to have been started by children playing with matches in the barn.

LETTERS TO THE EDITOR

WARNING TO DOG OWNERS.
 Editor Record.

Sir:—If you will allow me a little space I will put in a few words of warning to parties owning dogs on the Spring Road. Two dogs have been seen running deer and have been at the game for over a year now. There are parties who can tell the color of both dogs, and know the men that own them, and would advise the owners to take better care of them in the future or a report will have to be sent to a game warden. Thanking you in advance.

SUPPORTER OF GAME PROTECTION.
 Spring Road, July 17, 1913.

TREE TREATING.
 Editor of Record:

Sir:—Those having valuable shade trees that need treating in any way should send in their names to Mr. W. E. Lewis, Sherbrooke, as soon as possible, as there is a rare chance of having the work scientifically done, and many valuable trees that otherwise would die may yet be saved for many years of usefulness. A demonstration of the work can be seen at 56 Melbourne street, to-day.

W. A. HALE,
 Sherbrooke, July 18, 1913.

ULVERTON.
 The results of the June examinations of the elementary department, Ulverton Model School, are as follows:
 B. Class—Names in order of merit—Clifford Cunningham, Doris Wadleigh, Walter Cummings, Elmer Cummings, H. H. Grade—Calvin Smith, Oscar Cummings, Carl Wadleigh, Passed, but unranked, Erson Miller.
 III. Grade—Kathleen Cummings, Russell Walker, and others friends here for a few weeks.

LAKE MEGANTIC TOWN NEWS

(Continued from page 6.)
 about two weeks ago with an axe, has had one of his toes amputated, and it is feared that he may yet lose his foot. He is at home under treatment from Megantic.

RE-ELECTED CHAIRMAN.
 Mr. W. J. Kelly has been re-elected chairman of the school board. The staff of teachers for the Model School for the coming year has been secured and will be composed of Miss Gertrude Cooke, of New Carlisle, principal; Miss Clara Tyrrell, of Thetford Mines, intermediate; Mr. Donald Matheson, of Agnes, primary. School will open Sept. 1st.

GOVERNMENT SURVEYORS AT WORK.

A party of Government surveyors are at present in the Township of Louise on a survey of the township for the allocation of lots for settlement. They passed through Megantic last Friday. Mr. B. Guerin, of Quebec, is the chief, with Mr. E. Letourneau, of Quebec, and Mr. Tudor Dion, of Lauzon, as assistants, with L. Tremblay, of Chertville, as cook.

which were awarded to the following: Clifford Cunningham, for obtaining the highest per cent in the township; Doris Wadleigh, second highest; Kathleen Cummings, third, and Russell Walker the fourth highest. Other prizes were received by Calvin Smith, Clifford Cunningham, Kathleen Cummings and Walter Cummings.

EAST FARNHAM.
 Arrivals and departures: Mrs. Hoskins, of Manchester, N.H., visiting her sister, Mrs. J. McLaughlin, and Mr. Albert Jewell, of Manchester, N.H., guests of his mother, Mrs. Bullard; Mr. Harlow Hutchins, Mr. Chas. Bull, and Mr. W. T. Wilkinson, week-end guests here; Mrs. W. T. Wilkinson and Mrs. Cyrus Buck at Waterloo with her sister, Mrs. Hubert; Mr. Edmund Sproule, born of Barre, Vt., at Mr. W. J. McCullough's; Mr. and Mrs. M. E. Hall at Sherbrooke last Sunday; Mrs. Sproule, of Brigham, is taking care of Mrs. Laid in the absence of Nurse Lawrence; Mr. and Mrs. Guillette and family, of Marquette, recent guests of her parents, Mr. and Mrs. C. Fuller.
 There will be Communion in the Union Church Sunday afternoon, July 20th. Rev. Mr. Trill will officiate. The ice cream social in the hall last Saturday evening was a great success. Over \$10 was realized.

WEST SUTTON.
 What might have been a very serious accident occurred when Mr. H. J. O'Brien, while turning a corner with the moving machine near an embankment, the colts commenced to back, throwing both horses and machine down the hill. Mr. O'Brien jumped to save himself. Luck seemed to be on his side, as the neckyoke straps broke and let the horses partly free. The horses were not hurt. Mr. O'Brien thinks it was a narrow escape.

Nearly all the farmers have started having new and repaired the crop on an average with last year.
 Mrs. J. Knuckey, of Prospect Hill, guest of her nephews, Mr. N. H. and A. J. O'Brien, on Wednesday and Thursday; Miss Gladys Rhoads, of Pigeon Hill, guest of her cousin, Miss Annie Shuffell, and other friends here for a few weeks.

CLEARED LINES OF FAMILY WASHING

Roxton Pond People Victims of Sneak Thief

HIGH CONSTABLE MAKES AN ARREST, AND HAS ARTICLES IDENTIFIED.

Roxton Falls, July 18.—(Special)—During the past six months complaints have been made in connection with the theft of clothes that had been hung out on the lines to dry. In some instances whole washings have been carried away. Among those who suffered were: Mrs. Jos. Dupuis, Mrs. Mercier and Mr. L. Lacroix, hotel keeper, the latter having had a quantity of table linen stolen from a shed.

High Constable Boisvert was communicated with and he started in to make an investigation. The result was that he placed Oscar Willard under arrest. On search of his house being made a quantity of linen was found, which was afterwards identified by the parties mentioned as being part of their property.

The accused was brought before Mr. C. Brail, J. P., and committed to Sweetburg to stand his trial. He will appear before Judge Mulvena on July 24th.

It is said that other arrests will follow.

REWARD FOR PEARL NECKLACE

\$50,000 OFFERED FOR ANY CLEW WHICH MAY LEAD TO RECOVERY OF JEWELS.

London, July 18.—A reward of \$50,000 has been offered for a clew leading to the recovery of the pearl necklace stolen Wednesday between Paris and this city. It is insured for \$675,000. The necklace is described as containing sixty-one graduated pearls weighing 1263 grains. The centre pearl weighs 47 1-16 grains and the two terminal pearls 11 1-16 and 10 1-16 grains, respectively. The necklace fastening consists of a diamond snap clasp. The case contained also two drop pearls of 941 grains and a round pearl of 27 grains. A diamond dealer who has been thirty years in the business says it is the finest necklace he ever saw and is worth much more than the sum for which it was insured.

A NEIGHBORLY CALL.
"Have you called on the new neighbor next door yet, Mrs. Gubbins?"
"Yes, I have. Their boy threw something and hit my Willie, and I called on them for an explanation."

HOUSE BURNED AT RICHMOND

Double Tenement Building Totally Destroyed Yesterday

OCCUPANTS LOST PRACTICALLY ALL THEIR HOUSEHOLD EFFECTS AND CLOTHING.

Richmond, July 18.—(Special)—The Richmond fire brigade responded to a fire call at 5 o'clock on Thursday afternoon, when fire was located in a double tenement house in Janesville, owned by Mr. J. Auger and occupied by Mr. J. Lalonde and Mr. R. Hamel.

The house was totally destroyed, and the tenants saved practically nothing of their household or personal effects, including an expensive player piano.

The origin of the fire is unknown.

DISTRIBUTION OF AGRICULTURAL GRANT

Minister of Agriculture Specifies Objects Which Will be Assisted

\$60,000 WILL BE DEVOTED FOR SCHOOLS OF INSTRUCTION IN PROVINCE.

Quebec, July 18.—As a sequence to the verbal agreement reached between the Hon. J. E. Caron, Provincial Minister of Agriculture, and Hon. G. H. Perley, Acting Dominion Minister of Agriculture, by which the federal subsidy to the Province of Quebec will be substantially increased, as announced in yesterday's Record, a letter was received by Mr. Caron from Mr. Perley, confirming the arrangement arrived at in Ottawa.

The total sum of the grant from Ottawa will be \$159,482.40 given to the Province of Quebec under the Agricultural Instruction Act, and following is a list of the objects for which the grant is to be used:—
Fruit Culture..... \$13,000.00

Dairy Industry..... 7,000.00
Demonstration of under-drainage..... 12,000.00
Domestic Science..... 7,000.00
Maple Sugar Industry..... 1,000.00
Lectures and Special Agricultural Training..... 2,482.40
Total..... \$159,482.40

A PLAGUE OF GRASSHOPPERS

RAVAGES OF THE PESTS BECOMING SERIOUS IN MERRIMACK VALLEY, N. H.

Manchester, N. H., July 18.—Swarms of grasshoppers have badly damaged crops in the Merrimack Valley. A Harvard University professor who has viewed the work of the pests said yesterday that their ravages were assuming alarming proportions. Farmers have been asked to plough their fields thoroughly, as this is believed to be the only way that the insects can be exterminated. Fires, it is said, have no effect on grasshopper eggs, which are laid a few inches below the surface of the ground.

ROYAL TEMPLARS OF TEMPERANCE

Annual District Meeting Was Held in Sherbrooke

REPORTS PRESENTED SHOWED ONWARD MOVEMENT OF THE CAUSE—MANY DELEGATES PRESENT.

The Annual District meeting of the Royal Templars of Temperance was held in this city yesterday in the S.O.E.B.S. Hall, and the gathering of temperance advocates was an enthusiastic and notable one. The morning session was brief, as many of the delegates only arrived in time to be cordially greeted by the members of Sherbrooke Council No. 121, but the afternoon session was well attended, and especially interesting from the presence of the Grand Councilor, Mr. Isaac Collins, of Montreal, and Mr. R. J. Latimer, Past Grand. The Councils of the district were represented by delegates from Lake Megantic, Scottstown, Milan, Windsor Mills, Marsboro, McLeod's Crossing, Sherbrooke, etc. The meeting was called to order by Mr. McLeod, District Councilor from Milan, who was Chairman, and the annual report, also the financial statement was given by the District Secretary, Treasurer, Mr. M. M. Beaton, of McLeod's Crossing. Both were most satisfactory, showing that good organization work had been done throughout the year, and interest in the R.T. of T. had been well sustained. Twenty-one members had been added to the roll in the past three months and the total number of members in the District was 378. In March last a new Council had been instituted in Megantic, with a membership of 41, and a Council had been organized recently at Boynton. Everywhere the prospects were encouraging. The committee on temperance submitted the following report: '1st, we recommend that the members avail themselves of the offer made by the Grand Councilors, of \$7 premium to each member bringing in new insured members.

"2nd.—That we expect the second recommendation of last year, re arranging debates and contests in the Councils and special programmes on such dates as March 17th, May 24th, July 1st, St. Andrew's Day and St. George's Day.

"3rd.—That a letter be sent to Col. Sam Hughes, Minister of Militia, thanking him for his continued good stand in abolishing the liquor camps in military camps and his vigilance in keeping out intoxicating liquors.

"4th.—We recommend that the Royal Templars use their influence to prevent the use of fermented wine at the Sacrament of the Lord's Supper in all churches.

"5th.—That in view of the fact that the liquor bill in Canada for 1912 amounted to well on to \$100,000,000 greater vigilance be exercised by the members of our Councils in promoting total abstinence and prohibition.

"6th.—That our members recognize their personal responsibility in enforcing the law against buying and smoking cigarettes by juniors, and that they be urged to procure copies of the by-law, and post them up in prominent places.

"Finally, we recommend that all members of the R.T. of T. discountenance Sunday games and invoke the law whenever possible to prevent or curtail the evil. P. D. Muir, Mary Bowman, Isaac Collins, Catherine L. McLeod."

The report of the committee on "opening and resuscitating" was as follows:

"We can report nothing new that is no special plan or patent for opening new Councils and have only to recommend individual and collective work on the part of members of Councils.

"No greater proof of this can be shown than in the D.C. report of the work of the year, particularly in Megantic, and this committee would urge the continuation of such work, both in opening and resuscitating Councils.

"2nd.—That the Grand Secretary be asked to notify the Grand Councilor of any delinquency in the reporting of Select Councils, so that the Executive may take immediate action towards helping any such Council, and

"3rd.—That the District Councilor or officers of District Council, visit any such slow or delinquent Councils in the District.

"4th.—That the local Secretaries report the condition of their respective Councils, whether favorable or otherwise, to the District Secretary, at least once a quarter, and, if possible, monthly.

"5th.—That we are confidentially looking forward to help through the Grand Council, in providing a general organizer in the autumn months to work in the district with the enthusiastic help of the Council workers, would greatly assist weak or delinquent Councils.

The whole respectfully submitted in H. L. and T. R. J. Latimer, Chairman; N. A. Knapp, W. W. Bowman."

The various clauses of the reports were taken up and other routine business was transacted.

Before the close of the session the sum of \$10 was voted to the Sheltering home for delinquent girls in Montreal for social purity purposes.

EVENING SESSION.

At six o'clock the Grand Officers, delegates and officers and members of the local Council were entertained at a sumptuous and appetizing supper, prepared by the members of Sherbrooke Council No. 121. The tables were tastefully decorated with flowers and the social occasion was thoroughly enjoyed by all present.

In the evening at eight o'clock, a public meeting was held, Mr. Henry Bartlett, Select Councilor, taking the chair. After the Chairman's remarks, which were brief but in a very happy vein, inspiring addresses were given by the Grand Councilor, Mr. Isaac Collins, Past Grand Councilor Mr. R. J. Latimer, Montreal, Rev. P. D. Muir, Windsor Mills; Mr. W. N. McKenzie, Mr. Boddington, a new

EXPORTS OF BUTTER NIL FROM CANADA

Is Now Classed Among the Butter Importing Countries

THIS FACT DOES NOT INDICATE A DECLINE IN THE DAIRY-ING INDUSTRY.

Ottawa, July 18.—According to statistics just prepared for the first time in over sixty years, Canada shipped no butter to the United Kingdom last year. Canada is now, on the other hand, classed among the butter importing countries. During the past fiscal year there was an enormous increase, and the butter imports reached a total of some 7,000,000 pounds, mostly from New Zealand. The total exports of butter, the smallest on record, amounted approximately to half a million pounds, and consisted chiefly of tinned butter to the West Indies and dairy butter to the United States. There was also a decrease during the year in exports of cream to the United States on account of the high price of butter in Canada.

The dairy branch of the Agricultural Department here claims that the decline in Canada's export butter trade and the increase in the imports of butter do not indicate any decline in the dairying industry. The growth of the home market is given as the principal cause for the change in the situation. According to the officials here, the production of milk in Canada is larger at the present time than it ever was in the history of the country. It is also claimed that in addition to the increase in consumption due to greater population, there is a large percentage increase in the use of milk and ice-cream.

member, recently arrived from England, and others. All emphasized the fact that the progress of temperance sentiment was slow but steady in the community. The contrast between a period of twenty-five years ago and the present day could easily be noted and there was great encouragement in the outlook. Quiet work is being accomplished by all the Societies, not only along temperance lines, but in the interests of public morality and social purity. This work is bound, in the long run to tell, for no effort is wasted and a proof of this may be found in the emphy displayed by the liquor interests to temperance workers.

In short, the day is advancing, the sun of temperance is rising; "God is in His heaven, and all's well with the earth."

The speeches, which were heard with great enthusiasm and applause were interspersed with songs from the musical members and excellent gramophone selections, the instrument being kindly loaned by Mr. Bartlett.

A vote of thanks was unanimously passed to the Grand officers and the meeting adjourned.

PRINCE ARTHUR TO MARRY IN OCTOBER

London, July 18.—It is stated that the marriage of Prince Arthur of Connaught to the Duchess of Fife will be celebrated in October, before the Prince's father returns to Canada to take up his duties of Governor-General of the Dominion.

Only a Few Days More

To take advantage of our summer sale. It's not the biggest reduction that means the biggest values by a long shot.

Our clothes are exceptional values at regular prices—every stitch of them guaranteed. You can now take unrestricted choice of any garment in our store, black and blue excepted, at a reduction of one-fifth off.

This is certainly a far better and safer investment than to invest your money in "bargain plunder" and "job lots" that are bought for a song, marked away up, and then sold at one-half off.

Come in and investigate. Goods marked in plain figures. All sales for cash.

The Store that Sets the Pace.

ATTEMPT ON LIFE OF PRINCE OLAF.
Christiania, July 18.—Mysterious stories of attempts to kill the ten-year-old Crown Prince Olaf have caused great commotion. An armed man was found hiding a week ago in the gardens, where the little Olaf plays. He was arrested, but the fact was hushed up.
It is reported that when Queen Maude heard of it, she was prostrated with anxiety and sobbed for hours repeatedly saying that the royal family must leave the country, and the bill now before the Storting is actually puts a premium on Olaf's head.
That bill provides that if the King and Queen die without male heirs, Norway shall become a republic. The anti-monarchy agitation making great headway here, and outlook for the Royal family is anything but hopeful.
