Boer Demands Rejected.

Leaders Will Issue an Appeal For Aid.

London, Sept. 8.—Brussels telegrams state that the demands of the Boer Generals have been rejected by Mr. Chamberlain, and that on Saturday Gen. Botha received merely polite assurances of the Colonial Secretary's good will. It is reported that the Generals will issue a proclamation asking for financial aid from Europe and America.

German Action Arouses Interest.

London, September 9.—Intense interest has been evoked here by the sinking of the revolutionary gunboat Crete-a-Pierrot at Gonaives, Hayti, by the German cruiser Panther, and the morning papers devote lengthy editorial articles to the incident. A majority of the papers agree that there is no likelihood of serious developments following the occurrence, but they expatiate upon the ominous possibilities which the affair has provoked.

The Daily Telegraph says: "There is no doubt that Germany was perfectly within her legal rights in sinking the Crete-a-Pierrot, and she has secured a permanent and serious respect for her mercantile flag throughout South American waters. No international complications will follow, but it is impossible to overlook the danger that some similar incident in the future may drop the spark into the magazine of the Monroe doctrine."

Seddon Spoke on Colonies.

New Zealand Premier Advocates a Natural Council.

London, September 8.—The Prime Minister of New Zealand, Mr. Seddon, delivered a characteristic far-away address at Plymouth today, upon his departure for home.

Mr. Seddon declared that he believed the people were prepared to go further than were their representatives in the recent colonial conference, or the Imperial council for colonial affairs, and advised Colonial Secretary Chamberlain that the leaders of the Opposition were visiting all of the colonies.

Mr. Seddon said the cheering of the Boer Generals did not consist with British dignity, and that it would not commend itself in the colonies.

AMASSED \$30,000 IN DAWSON.

Nap. Gagne, of Beauce Returns Home.

Was Accompanied By a Detective to Interview Mr. Beaudoin, of Beauce.

Napoleon Gagne, a well known resident of St. Evariste de Porcy, who left his home some years ago to seek his fortune in Dawson, returned home on Monday. While waiting to take the Quebec Central Railway train for his native parish he was informed by a reporter that he was accompanied by a detective from Dawson City, whose mission it was to interview Mr. Beaudoin, who is a resident of Beauce, and bring him to the Yukon, in order to have him identify the clothing of his unfortunate son, who it will be remembered was robbed and murdered at Dawson together with two companions who were killed. The young man, it is said, had since been interred, but the clothing which he wore, as well as that which he had in his trunk, have been preserved, and the aged man will by these be able to settle beyond doubt, that the deceased youth was none other than his son. Gagne added that he considered himself a rich man today as he had amassed a sum exceeding thirty thousand dollars through his workings in Dawson. He had exposed in his two immense nuggets, set with diamonds, which were of great value. The names of the two men who were assassinated while with Beaudoin are Bouchillet, of St. Francois, Beauce, and Constantine, of Montreal.

Mr. Falshaw Morkill Tells Of a South African Mine.

Mr. Falshaw Morkill, writing from Germiston, South Africa, to his father, Mr. James Morkill, collector of Provincial Inland Revenue, says in the course of his letter:—Down here I find a very quiet, uneventful life. I usually read for an hour or two and go to bed at eight o'clock. The mine is a city in itself. For instance we have our church, school for children, fine hospital, large recreation hall, in which are reading, card and billiard rooms, dancing hall, with a stage at one end for theatricals, post office and large open air swimming baths. All the married men are provided with pretty little cottages, and the single men have rooms. These rooms are all on the ground floor, opening into a kind of covered veranda, provided with electric light, and dorkies to look after them. There are two good boarding houses where we get our meals, and they really do put up a tip top meal, far better than I got in St. Johns. Your summer is nearly over, while it is our winter that is about over.

The lady superintendent of the Protestant Hospital acknowledges with thanks the following donations:—Mrs. W. A. Hale, cream and milk; John Edwards, Cookshire, vegetables; Pingsley, Dingman & Co., Montreal, 1 box of Comfort Soap. Surprise Spring Bed Co., Montreal, 1 set of bed springs.

METHODIST GENERAL CONFERENCE.

Heard Claims of St. James Methodist Church.

Winnipeg, September 8.—Enthusiasm such as prevailed at the Methodist Conference this afternoon is seldom met with in any sort of gathering, and some of the patriarchs of the Church, who have attended conferences for years, state that it is entirely unprecedented in the annals of Methodism in Canada. The occasion was the consideration of the report of the missionary committee, recommending appointments of four new superintendents for mission work in Manitoba, the Territories, British Columbia and New Ontario, and a general extension of work in the West.

The first part of the session had been devoted to hearing the claims of the St. James church, Montreal, and the delegates were worked up to high enthusiasm by the eloquent appeal of Rev. J. Wellington Graham, so that the occasion was ripe for the introduction of any measures involving the strengthening and widening of the Church. The two first clauses of the report were passed unanimously with applause and without comment. Then, in response to an enquiry as to the cause for the innovations, Mr. Rowell, K. C., of Toronto, delivered an address demonstrating the growth of the west, and the necessity for broadening the work. Messrs. Rowell and Graham, who made the addresses of the day, are both young and brilliant speakers and carried the conference to an unanimous acceptance of their propositions.

The Miner's Strike.

Indication That Trouble is Brewing.

Shenandoah, Pa., September 8.—Captain Schermehorn, of the second city troop, and Colonel Clement, of the 12th, and Hoff man, of the 8th Regiment, were ordered tonight to hold their commands in readiness to move at a moment's notice, via special train in westward at the Lehigh Valley Station to transport the troops to Wikesbarre.

KILLED THEIR FRIENDS.

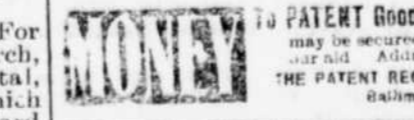

Wilkesbarre, Pa., September 8.—Two Italian striking miners, named Frank Portay and Sisto Vancostello, left their homes in Swoyersville, near here, this morning to go on a hunting trip. As they approached the Harry E. Colliery they were held up by the pickets who mistook them for armed nonunion men going to work. The pickets at once attacked the Italians. Vancostello was shot in the leg and his brains beaten out with stones, and club. His companion Portay, was knocked down, his gun taken from him and so severely beaten that his life is despaired of. The friends of the dead Italian have sworn vengeance and threaten to kill the men who committed this assault.

MITCHELL'S DENIAL.

Wilkesbarre, Pa., September 8.—President Mitchell stated today that the report sent out from Scranton to the effect that he held a friend that the strike would be over on September 15, and that the strikers would have to go back to work to save the miners' union, was a "pure fabrication." He says he never made such a remark to any person.

GOOD FOR LANCASHIRE.

London, September 8.—The Lancashire coal trade is rapidly improving in consequence of purchases for the United States. It is said that orders aggregating hundreds of thousands of tons have been placed in the South Lancashire collieries for shipment to various parts of the United States.

E. A. Green's store, dwelling house and barn, the church and bridge were in flames. In less than half an hour all were a mass of ruins.

It was only through the heroic work of the men on the west side in tearing down a part of the church horse shed that the part of the village was saved, and by the persistent efforts of those on the west side that the fire was checked at the river.

Mr. Duffey continues to run his other store and we hope Messrs. Green and Sherman will decide to rebuild as we would be very sorry to lose them.

Slowly Dying.

Thousands are slowly dying from catarrh, but don't know their danger.

A CASE IN POINT.

Mr. Ulric Berault, a young gentleman who has lived for years in Sweetsburg, Quebec, inherited Catarrh from his mother.

"As a child," said Mr. Berault, "I was prone to an ulceration of the mucous lining of the throat and nasal passages.

"I grew pale and emaciated, lost all desire for food, and got in such a dreadful condition that my friends said that Catarrh was fairly eating me up.

"Every organ of my body seemed affected and the doctor said it was the first stage of consumption. He advised Catarrhose, and I inhaled it ten minutes at a time every few hours, and was rewarded in a few days by a wonderful improvement.

"Catarrhose pleased me and the doctor so well that I used it continually, and took Ferronze Tablets after each meal to build up my strength. In about three weeks I was quite recovered, and the doctor says no remedy but Catarrhose could work such a miracle.

"Every one in town knows I was just about dead with Catarrh, and my cure is an evidence of what Catarrhose can do. It is a pleasure to recommend Catarrhose.

(Signed) Ulric Berault. Catarrhose beyond question is the proper remedy for catarrhal and bronchial troubles. The medicated air goes all through the air passages of the head, throat and lungs. It kills the germs, heals the sore spots, allays irritation and keeps the breath pure.

Headache, tired feeling across the eyes, nausea, all these well-known disagreeable symptoms are overcome by the medicated air of Catarrhose.

Ferronze Tablets which are used in conjunction with Catarrhose Inhaler drive all the poisonous secretion of catarrh from the blood. One taken after each meal creates new appetite and digestion, strengthens the stomach, revitalizes and invigorates the entire system.

Catarrhose is quite unsurpassed as a cure for Catarrh in any part of the system. It is highly recommended for Bronchitis and Asthma, and for coughs and colds has no equal. Complete outfit, sufficient for two months' treatment, price \$1.00; trial size 25c. Druggists, or N. C. Polson & Co., Kingston, Ont.

NO WOMAN WEARS CORSETS

FOR FUN, certainly not. Yet one might suppose so from the way some merchants try to sell corsets. A good corset means a good form and proper support, and incidentally a good figure on the street. We sell D & A Corsets because we believe them the best. If you examine one, you too will be struck by its general excellence and believe with us that it is the best.

In washing woollens and flannels, the soft soap made from Lever's Dry Soap (a powder), will be found very satisfactory.

Pay Your Electric Light Bill Before the 15th Inst., and SAVE Your Discount.

Mr. Wm. Johnson, London street, received word today of the death of Mrs. Fred Waite, a former resident of Sherbrooke. The body will be brought here for interment from Wollaston.

Six hundred tickets were sold here Wednesday for the Sherbrooke fair. This means that \$1,800 went out of Coaticook that day. It represents a lot of fun for a lot of people that seldom get out of Coaticook.—Coaticook Observer.

The Rev. Harold Hamilton, son of the Lord Bishop of Ottawa, a former student of Divinity School, at B-shop's College, and a graduate of Oxford, England, will fill the position recently occupied by Mr. C. W. Mitchell, as lecturer at Lennoxville College, this year.

The organ and vocal recital previously announced will be held in the Methodist Church on Thursday evening, September 18th.

The recital is to be given in aid of the general funds of the Sherbrooke Protestant Hospital and the following musicians will assist as soloists at the concert. Mrs. Alice Killin-Kough, of New York, Miss Alberta LeBaron, of the New England Conservatory of music, Boston, Mr. H. Fletcher, organist, St. Peter's Church, Mr. Brooks, organist, Plymouth Chapel, Miss Nunn, organist of Coaticook Methodist Church, Mr. James Potter Kough and Mr. Arthur F. Fraser, Mr. E. O. Grundy of the Sherbrooke Methodist Church, will be the accompanist.

Besides these there will be a chosen choir of thirty-five voices comprising prominent members of the city choir. They will sing two popular selections from the Creation and the Messiah.

Collections at the City Hall.

The collections in the City Treasurer's office for the month ending the 31st of August amounted to over \$21,000, and for the eight days of September over \$8,000. If tax payers want to keep the City Treasurer in good humour and save interest they should pay him a visit at an early date.

William Hall, a labourer aged twenty-nine years of age, was seriously injured at the new buildings in course of erection for the Canada Paper Co., at Windsor Mills this morning. He was engaged putting in braces, when about two feet of the brick work of a twenty-five foot wall gave way. Hall was struck by the falling brick and received serious injuries to his head and body. He was also struck by a heavy plank. His injuries were so serious that it was deemed advisable to take him to the Protestant Hospital, and he was conveyed to Sherbrooke on the noon express.

A Night of Terror.

A fearful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from pneumonia before morning, writes Mrs. S. H. Lincoln, who attended her that few night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking she slept all night. Further use entirely cured her. This marvellous medicine is guaranteed to cure all Throat, Chest and Lung Diseases, Only 50c a bottle. Trial bottles, at all druggists.

Reception to Rev. Dr. Shreve.

In spite of rather unfavourable weather last night the reception given to Dr. Shreve and his family by the parishioners was most successful. Many taking advantage of the opportunity thus afforded to greet the new Rector and to wish him every blessing in his new work.

The hall was prettily decorated with flowers for the occasion, and the ladies on the reception committee met the guests of the evening at the door. The meeting of Rector and people was made as informal as possible and the kind geniality of Dr. Shreve and the various members of his family helped greatly to the end so that the gathering became one of very pleasant social intercourse. During the evening music was played and light refreshments served. Outside the well wishes from among the parish, were Canon and Mrs. South, Mrs. Whitney, Dr. and Mrs. Perry, Mr. and Mrs. Nelson and Mr. Smith, etc.

If this pleasant gathering be an augury for the future, as we feel sure it is then the future has much prosperity in store for the parish and much happiness for the people under the ministrations of the new Rector.

Asked for Removal of Rev. Mr. Whitlaw.

Petition from Disaffected Parties at Leeds—Was Rejected by the Casting Vote of Chairman—The Meeting was a Lengthy One.

The regular quarterly meeting of the Presbytery of Quebec was held yesterday afternoon in the lecture room of St. Andrew's Church. The Moderator, Rev. E. MacQueen, Goulet, presided, and there were present: Revs. J. R. MacLeod, Three Rivers (clerk); W. Shearer, Sherbrooke; Dr. K. Lock, Richmond; J. M. McLennan, Stormont; M. MacLeod, Manchester; M. McLennan, Hampton; H. C. Sutherland, Inverness; James Sutherland, Kingsbury; J. M. Whitlaw, Kinross; D. Tait and A. T. Love, Quebec; J. M. Walker, Valcartier; C. A. Tanner, Windsor Mills; J. M. Callan, Lewis; J. H. Brunton, Hillhurst, and others. Elders, Messrs. Logie, MacAmmond, W. Morrison and Stewart.

Before proceeding with the reading of the minutes the following elders commended were handed in: M. G. Crombie, Kinross; H. P. Blair, Three Rivers; J. B. Logie, Quebec; W. Morrison, Leeds; Congoray; Angus MacLean, Marsborough; M. Smith, Hampton; J. MacDonald, Winslow.

The Clerk read the minutes of the last meeting, but the Moderator took exception to some of the parts therein and the Clerk said that he had prepared two sets of minutes, and the one which he had read first contained the whole of the business but in a mild way, whereas the other which he would read would show that there was a good deal of contention and division. He then read the second copy of the minutes, but the Moderator still objected because he contended that the Clerk had not mentioned in the minutes his reasons for the ruling which he gave in regard to the Presbytery granting certificates to the Kinross family and to the late Mr. Martin. After a lengthy discussion the first minutes were adopted on motion of Rev. Mr. Sutherland, with the amendment that Mr. MacQueen's ruling and support in regard to the granting of the certificates mentioned above be inserted.

The Moderator, who was chairman of a committee appointed to go over the minutes of the meeting of the Presbytery held at Quebec last March, and about which there was a good deal of difference of opinion at the last meeting, handed in the recommendations, which he reported to be the finding of the Committee. Rev. Mr. Sutherland, as a member of that committee, stated that the findings prepared by the Moderator were not what the committee agreed upon.

In the discussion which followed in regard to this minute the Moderator stated that the Clerk was partial to himself in reference to this minute.

The Clerk—I complain against Mr. MacQueen's statement as being offensive.

Mr. MacLeod (Hampton) moved that Mr. MacQueen be asked to withdraw his statement.

Rev. Mr. Sutherland, Inverness, seconded.

The Clerk—These are words which should not be used by one gentleman towards another.

Mr. MacQueen stated that the Clerk showed partiality to himself by leaving out his name after first supporting the third resolution in connection with the action of the Presbytery at Quebec in regard to Mr. Whitlaw.

The Clerk held that he voted on that resolution inadvertently, and immediately he found out his mistake he withdrew his name.

After some further discussion the Moderator was asked to leave the chair, and Rev. A. T. Love was called upon to preside for the time being.

Rev. Mr. Love endeavoured to pour oil on the troubled waters, and said that he did not think that Mr. MacQueen had any intention of injuring the feelings of any member of the Presbytery. He thought Mr. MacQueen should withdraw.

The Clerk—I claim that the statement is offensive.

Mr. MacQueen—It is my conviction of withdrawal, withdraw.

come to an end, and that the continuation in office of the said Rev. J. M. Whitlaw, is seriously affecting, and will in the future seriously affect the spiritual growth and welfare of the said congregation of Leeds, humbly petition the Rev. Presbytery of Quebec to dissolve the pastoral tie uniting the said Rev. J. M. Whitlaw and said congregation of Leeds.

Dr. Kallcock—Who is responsible for this petition?

Mr. Whitlaw—I rise to make a motion which probably will expedite matters and throw light on the subject. I rise to move that we do not consider this petition because it is entirely illegal.

Mr. MacLennan seconded the motion.

The Moderator—We are bound to consider it.

Mr. Whitlaw said that he was not afraid of the issue but they contended that it was illegal.

The Moderator said that Mr. Whitlaw could be heard at a later stage of the proceedings.

A good deal of discussion took place as to whether Mr. J. Allan could be heard in support of the petition because he was a licentiate of the church the Clerk moved that they proceed to hear the representatives of the disaffected parties.

The representatives of the disaffected parties were: Messrs. J. Allan, Jos. Reid and S. Stevenson, and those from the Leeds congregation Rev. Mr. Whitlaw, Messrs. J. Bracken, W. Reid, T. Bailey, H. Malson and H. Wallace.

Rev. Mr. Whitlaw again endeavoured to stop the proceedings by stating that the petition referred to had never come through the session of Leeds. According to the law of the church such a document had to come through the sessions because they could not recognize the petitioners as members nor adherents of the congregation. The petition might as well be signed by Li Hung Chung of Chung of China as by these parties because they had nothing to show that it came before the session.

The Clerk pointed out that Mr. Allan could be heard as a member of the Leeds congregation.

The meeting adjourned at six o'clock to meet at seven thirty.

On resuming, Mr. J. Allan was the first one of the representatives of the disaffected parties to be heard. He said that he wished to bring before the Presbytery a few reasons why he believed the usefulness of the Rev. J. M. Whitlaw as pastor of the Leeds congregation had come to an end, and why his continuance in office was seriously affecting the congregation of Leeds.

About one half of the congregation of Leeds was disaffected towards Mr. Whitlaw, although he did not give the number of the members of the Presbytery who had visited Kinross's Mills could testify that there was a large number disaffected among the elders as well as the ordinary members.

When the meeting started there were seven elders in the session. Three of these were disaffected towards Mr. Whitlaw as well as the secretary treasurer, who had been in office for over 30 years, and during that time enjoyed the respect of the entire congregation. If there were no other reasons than that half of the congregation, one half of the elders and the secretary treasurer were disaffected towards Mr. Whitlaw, it was a sufficient reason to believe that the usefulness of Mr. Whitlaw had come to an end.

It was a legitimate conclusion to draw that Mr. Whitlaw's usefulness had come to an end, when by his errors of judgment, if nothing more, alienated such a large proportion of the congregation. The Presbytery declares in its judgment in advising the Kinross family to pay the \$200; it declares that he acted unwisely in taking a note for \$5,300, assuming that Mr. Whitlaw got it in the way he says. The Presbytery considered it its duty to express its disapproval of the statement made by Mr. Whitlaw in dealing in stocks on margin. Now supposing there was nothing more serious than that against Mr. Whitlaw and who, by his unwise, erroneous and reprehensible actions caused a large number of the members of his congregation to become disaffected from him, when such actions introduced chaos and confusion and discord into the cause of the congregation, should not the cause of this discord and confusion be removed by the Presbytery? A serious wound has been made in the congregation of Leeds and it remains that wound will never heal. Were this taken away the wound would heal in a very short time. Some might suppose that common people might be mistaken with regard to the character of a man, but when he is a minister of the Gospel in the County of Megantic denounce him it was hardly possible to suppose that men of insight and intelligence could be mistaken.

Continuing, Mr. Allan said that Paul in his epistle to Timothy says: Moreover a bishop just have a good report of those that are without lest he fall into reproach and the snare of the devil. Now, he asked if the government of the Kinross Mills post office case gave a good report of Mr. Whitlaw? It gave a very bad report of him. Therefore he concluded that his usefulness as their bishop has come to an end. They must either accept or reject the report of the Government. Had the Synod sent out a warning to one congregation saying: "The report of the Government in the Kinross Mills post office case is false; it is misleading, and we warn you not to believe it nor accept it." Had this been done then we would have made our choice between the decision of the church and the state. But the Synod did not reject nor resist this report, in his opinion, but rather endorsed and enforced it. Therefore it was his duty to accept and adopt it. So long as Mr. Whitlaw was pastor, they could not conscientiously give and worship under him, and they

were thus debared from worshipping in the house of their fathers. They could assure them that they would rather suffer what they are doing, and ten times more, than go and sit under the ministry of a man whose principles we detest and abhor as they did those of Mr. Whitlaw. If the Presbytery did not dissolve the pastoral tie they would feel that as citizens of the Dominion that their rights were being trampled upon. We can see nothing divine in Mr. Whitlaw's make-up. We have read the character of Mr. Whitlaw and we are disgusted with it so that we cannot endure to hear him preach a christian judge, who from his youth has been noted for his goodness and integrity, has read his character and says: "I am very reluctantly obliged to say that I cannot attach to his evidence any degree of weight. That which under ordinary circumstances it ought to have owing to his position in the community is completely destroyed by the facts and circumstances disclosed in the enquiry." In conclusion he said that the disaffected parties prayed that the pastoral tie be dissolved.

Mr. S. Stevenson followed. He gave facts as regards the standing of the congregation now as compared with that when the disaffected parties attended the church. There were 130 members and adherents that signed the petition to have Mr. Whitlaw removed, and these parties mostly all belonged to the descendants of the early settlers who had built up the church and place. Of the amount of the stipend the disaffected parties subscribed about two-thirds of the amount.

Mr. Jos. Reid followed and in the course of his remarks said that there were 47 disaffected parties worshipping elsewhere, 33 of that number attending the Methodist church, which was making a big bid for the members who were disaffected.

Rev. Mr. Whitlaw was the first to be heard in support of the disaffected parties. He began by dealing with the financial statement but there was so much interruption and so many speaking at one time that it was impossible to get a connected note of his remarks.

The substance of Mr. Whitlaw's remarks in connection with the congregation as Leeds was that at a meeting of the congregation of Leeds last Friday the Board of Management presented the following figures:

Amount on official list at the close of the last pastorate, less amount on official list previous to present disaffection, \$930.

Amount on official list subscribed by disaffected \$177—leaving \$753.50.

Amount on official list by those returned disaffected \$11.

Amount on official list by new subscribers \$16.

Increased by those on list \$90.

Present financial standing for stipend \$84.50.

Loyalist list of subscription 171.

Disaffected on list of subscription 33.

Number of loyalist families over 120.

Number of disaffected families 12.

Number of members on roll at close of last pastorate 290.

Number on roll now 549.

Number of members said to be on petition 78—471.

Added during last six months on profession 38.

By the figures presented by Mr. Whitlaw it was shown that the difference in the funds of the church by the removal of the disaffected parties amounted to only \$74. He made a lengthy statement as to the good feeling which existed between himself and his people and said that at the meeting last Friday a resolution was unanimously passed that the congregation stand or fall with their pastor.

The representatives of the congregation of Leeds followed and the good work Mr. Whitlaw was doing and refuted the statements made by the disaffected parties in regard to the number who had left the church. The Presbytery having heard the petitioners and representatives of the Leeds congregation the Moderator left the chair, and Rev. A. T. Love was asked to preside.

finding of his innocence in that respect.

And whereas the Synod of Montreal and Ottawa passed the following resolution: (1) "That the complaint and appeal against the first resolution be so far sustained as to find that the Presbytery was not justified in fully exonerating Mr. Whitlaw in regard to the loss of the \$200 sent by him to Dr. Wardner, inasmuch as Mr. Whitlaw virtually assumed responsibility by offering to refund the money, yet apart from that fact do not find the evidence against him at all conclusive and feel bound to give him the benefit of the doubt. (2) That the appeal against resolutions two and three be not sustained and that the resolution of Pre-btery stand."

And whereas the congregation of Kinross's Mills is helplessly divided in their opinion as to Mr. Whitlaw's innocence.

And whereas on that account a large section of the congregation is alienated from him personally and refuse to attend his ministry. The Presbytery of Quebec hereby strongly recommends Mr. Whitlaw to resign his charge forthwith and seek some other field of usefulness.

The amendment was lost on the casting vote of the chairman. The meeting adjourned at two o'clock this morning and resumed to transact routine business at nine.
