GENOA — WHERE BRITISH MADE DARING RAID

Bringing home to Italy—literally—that the Mediterranean certainly is not yet "Mare Nostrum," heavy and light units of the British fleet poured a terrific bombardment into the Italian naval base at Genoa, above, according to official Admiralty report. To reach the city British ships had to press close by strong bases at Sardinia and on the mainland.

G. E. TRUUMAN GUEST SPEAKER AT CONFERENCE

"Youth must be educated to real democracy in order to have an intelligent appreciation of the democratic way of life" stated G. E. Trueman, executive secretary, Central Branch Y.M.C.A., speaking before the West District Conference of the Family Welfare Association on Friday.

Taking as his subject, "Reaching for New Horizons," the speaker discussed the division of war and peace time work so that there might be a perpetuation of regular activities. Trueman outlined the way in which lessons learned during the War of 1914-1918 had helped the Y.M.C.A. in planning activities so that leadership would still be provided for the non-uniformed youth of Canada.

Trueman spoke of the membership privileges and war services offered by the Y.M.C.A. for the troops, making necessary the services of one hundred and thirty-five full time workers and involving over ten million usages of Y.M.C.A. equipment.

The needs of young people living today amid the strain of a war-torn world were stressed. Mention was made of a survey of one hundred and forty-three boys, from nine to fifteen years of age, nearly half of whom were not in any form of organized activity, and their leisure time was spent in street, yard, shack, or lane.

The lack of a compulsory school attendance law made it impossible for this problem to be dealt with unless the boys involved committed some criminal misdemeanor. The speaker emphasized the need for all educational, religious, and social agencies to work together with the problems of the present in order that the democracy of tomorrow would be assured.

In introducing the discussion period Miss Fredda Peden, District Assistant, pointed out that a similar need for co-operation was felt by the Family Welfare Association.

Mrs. A. M. Storey, District Secretary, in giving a report on the work of the West District, referred to the difficulties of securing suitable housekeepers in families under care of the Association where, owing to death or sickness of the mother, this service was required. Also reference was made to the hardships involved in the recent reductions in Needy Mothers' Allowances and in the present rigid regulations of the Bouchard Work for Relief Plan.

Mrs. Storey spoke with appreciation of the valuable services of Mrs. L. Porter, caseworker aid; Mrs. B. Clarke, Parent Study Group leader; Mrs. W. H. Smith, librarian; Miss N. Collett, visiting librarian.

The meeting was held in the spacious new quarters of the Notre Dame de Grace branch of the Y.M.C.A. Following the meeting, an opportunity was given Conference members to tour the building.

Reverend G. E. Trueman, rector of St. Matthew's Church, Hampstead, was in the chair.

Among those present were: Rev. E. Reed, H. C. Atkinson.

John Smithers Retires, Sons Now Operate Store

Westmount Merchant Celebrated 50th Anniversary in Business January 10, 1940 — Has Occupied Site on St. Catherine Street for More Than 49 Years — Retires in 72nd Year

After doing business "at the old stand" for 51 years, longer than any other Westmount firm, the John Smithers Shoe Store on St. Catherine street, just west of Greene, has changed hands and its owner John Smithers has retired on Friday.

A little more than a year ago, January 10, 1940, Smithers celebrated his 50th anniversary in business and was showered with congratulations from the many persons he had served, as well as a formal letter of felicitations from the Westmount City Council.

Now known as J. Smithers and sons, Reg'd., and owned and operated by Mr. Smithers' two sons, the shop has been located at its present site for the last 49 years, being situated just around the corner on Greene avenue during its first year and a half of existence.

A member of the Business Association of Westmount, Smithers credits his success to hard work and punctuality, his policy of assuring all customers a proper fit also being largely responsible for the success his firm enjoyed.

Born on a farm at St. Philippe, de Laprairie, Que., November 9, 1869, Smithers received his early education at the French Baptist Institute, Grande Ligne, now known as the Feller Institute.

Coming to Montreal 55 years ago, he first entered the shoe business in the employ of A. M. Featherston, located at the corner of St. Lawrence boulevard and Craig street, serving one year as a message boy and two as a clerk.

Featherston's later opened a branch on Greene avenue and it was then that Smithers decided to go into business for himself. He arranged with his employer to purchase the store on monthly instalments and without any capital for a start, soon found himself full owner.

To bring in additional revenue, he later opened a bicycle business and sold and rented the machines, the selling price of a bike then being \$125.

When he first set up business, the area extending west from the line at Atwater avenue, consisted

The Dominion Council meeting being held in this city, numerous delegates from all over the Dominion will be present to witness this display and a number of boys from various centres will be billeted with the First Company.

DR. J. GRIFFIN WILL SPEAK AT GROUP MEETING

To Address Roslyn Home, School Association on Mental Hygiene

Dr. J. G. Griffin, associate medical director of the National committee for mental hygiene, of Toronto, will be the speaker at the meeting of the Roslyn Home and School Association Monday.

His subject will be "Mental Hygiene Projects with Children."

The response to the committee's announcement and circular regarding the establishment of a Children's Art Centre has been so gratifying that it has been decided to commence the first session Saturday morning, March 1st, under the direction of Arthur Lismer, A.R.C.A., and a staff of artists and instructors.

Over 150 replies have been received and it will, therefore, probably be necessary to limit the number participating. Application forms have already been sent to those who have responded.

The three committees established under the headings "Health," "School Accommodation" and "Visual and Audible Aids to Education" will report finally to the Federated Westmount Home and School Association. These committees are under the chairmanship of Dr. J. M. Wathen, Frank Gates and David Lockerby, respectively. Other home and school associations in Westmount are represented on these committees and it is expected that reports from the committees will be in the hands of the Federation by April 1st.

Former W. H. S. Students Overseas With R. C. A. F.

Two former Westmount High School buddies, Sandy Morrison and Jim Hanson, were among the group of Royal Canadian Air Force men debarking in England last week-end, according to word from parents of the two boys.

Morrison, a sergeant-pilot, and Hanson, a sergeant-gunner, graduated from Westmount High two years ago after playing together on the school's hockey and football teams throughout their stay there.

In landing overseas, Hanson joins his brother, Johnny, a captain in the Royal Montreal Regiment who went over with the first contingent. Captain Hanson also was an outstanding W.H.S. athlete and continued to star in football ranks after leaving school, being a member of junior and senior Westmount teams in provincial and inter-provincial competition.

Morrison is a son of Bill Morrison, one of Montreal's best-known and best-liked sports writers for the last 25 years. After graduating from Westmount High he entered McGill where he completed his freshman year before enlisting with the R.C.A.F. last June 23.

After spending various phases of his training at Toronto, Regina, Windsor and Camp Borden, he was awarded his wings at the latter centre January 22. Two cablegrams received by his parents early this week assured that Morrison and his companions had arrived safely.

New Phone Directory Is Being Distributed

The largest telephone directory for Montreal and vicinity ever issued is being distributed to local Bell Telephone subscribers this week. With 512 pages in the alphabetical, and 444 in the classified sections, the new book is 28 pages thicker and heavier than its predecessor.

At the present time, there are nearly 134,000 telephones in service in the Montreal exchange area—about 75,000 telephones in offices and 113,000 in residences. The all-time peak of 195,976 telephones was reached on December 31, 1939, so that current growth should soon exceed that record.

Since a good part of this considerable increase is due to war-time activity here, it is interesting to note that the latest London, England, telephone directory is 126 pages thinner than the former issue, as a result of air-raid damage and evacuations.

The new Montreal book features a green cover bearing a message on the back urging the purchase of war savings stamps and certificates, which are on sale at all Bell Telephone offices. As a contribution to the national war effort, the telephone company is donating this space in all its 1941 directories to promote this war savings campaign.

Since there are more than 56,000 new and changed listings in the alphabetical section alone, it is important to consult the new book carefully before placing calls.

More than 240,000 copies comprise this edition of the directory. It will take 115 men and 12 motor vehicles about eight days to complete the delivery. Subscribers are asked to be helpful, and accept copies on behalf of neighbors who are absent when the delivery men calls. The old books are being collected this time, because war needs have created an increased demand for paper scrap.

The blue pages of the civic section have been revised to contain information about Montreal's new city council, and the map of the Montreal Tramways Company's street car and bus system also includes recent changes in routes.

WILL NOT BE FORGOTTEN

When the sacrifices of British people in this war have been finally tallied, there will be more than a meagre reference to those of the British colony of Bermuda.

Centuries old homes and landmarks on the ancient island have been lost. But it is not the toll of Nazi destruction which has placed Bermudians among the first people of the Western Hemisphere to sacrifice their homes. Rather, it is a willingness on the part of these staunch British people to give every aid to facilitate the Anglo-American joint defense plan.

Of the eight colonies in this hemisphere involved in the project, Bermuda will be the most important base in the Atlantic for U.S. naval and air forces. Original plans were even far more demanding than those finally agreed upon, but even as it is many will leave homes in which their families have resided since earliest days of the colony. Many historic sites and beautiful landmarks of the colony will be demolished.

And alone among the colonies affected, Bermuda sees that the changes about to take place will have a decided economic effect on the life of the colony. The projected base will be no asset to the tourist trade which is the principal economic operation in Bermuda, whereas in nearly every other case obvious benefits are gained by the defense developments in Newfoundland, Jamaica, Antigua, St. Lucia, the Bahamas, Trinidad and British Guiana.

But among Bermudians there were no protests when the final decision was made. Those who were dispossessed of their homes forward-

ed the following resolution to the House of Assembly: "... the people vitally affected record their deep sense of remorse at losing their homes in which their families have lived for centuries, but wish to express their loyalty to the British Empire by accepting the sacrifice in a spirit of support for the ultimate winning of the war against Germany and Italy."

And this act brought from Prime Minister Churchill the reply: "To the people of Bermuda has fallen the honour and privilege of making a notable contribution to the cause of justice and freedom for which our Empire stands. Their act will not be forgotten."

SIX APPEALS IN ONE

Announcement that Canadian auxiliary war services organizations have agreed to hold one united financial drive this year, instead of six separate drives, has met with the warmest of public approval.

It was on the insistence of the public, in fact, and with the support of newspapers generally, that the principle of six appeals in one was accepted—not only to do away with a large percentage of campaign expenses but also to relieve us of the vexious necessity of responding to what seemed endless calls for help.

As far as the public is concerned there is every reason to feel gratified with this arrangement, which actually was made at our own request and for our convenience. It is a great relief, indeed, to know that by donating once we shall have carried out our obligations in that respect for the next 12 months.

Having inspired the creation of this new "six in one" policy, it is the moral responsibility of every one of us to play our part by supporting the drive to the fullest possible extent. We must not, moreover, in all fairness, give less to this one drive than we would give in total to all six.

When our co-operation is solicited, let us all bear in mind that this \$5,500,000 being asked is to be used directly for the benefit of our boys on active service. It is a gift from us, "the folks back home," and it is to be spent on entertainment, education, sports, and personal services of many kinds which enlisted men do not get by virtue of their uniforms.

MONTREAL DEAN WILL ADDRESS LENTEN RALLY

Anglican Young People to Meet Tuesday Evening At Christ Church Cathedral

The Very Rev. John Dixon, Dean of Montreal, will address the Anglican Young People's Association at their annual Lenten rally to be held in Christ Church Cathedral Tuesday, at 8.15 p.m.

The boys' choir from Trinity Memorial Church, under the direction of Dr. Arthur H. Egerton, their organist and director, will lead the singing.

'Tearful' Results Where English Fail To Have 'Masks'

The southern coast town of Brighton, Eng., facing the so-called invasion coast of German-occupied France, had a practice gas attack recently, and residents caught without their masks were pretty tearful about it.

Tear gas used for the half-hour civil defense test over a quarter-mile-square area in the center of the city. Housewives hanging out the Monday wash, wore respirators and factory and office workers worked at their desks and benches in masks.

One "casualty" was a milkman who attempted to complete his morning rounds without a mask. He gave up, saying he would carry his mask in the future.

THE FORUM

Conducted by HOWARD S. ROSS, K.C., D.C.L.

In Which Subjects of General Interest Are Discussed

The opinions expressed in this Forum are not necessarily those of this newspaper and it does not accept responsibility for them.

The Common Council of the City of London recently passed a resolution urging the necessity of drawing up immediately a plan for the post-war rebuilding of damaged areas. The Archbishop of York and many others realize that much more than shattered houses will need to be rebuilt. The Archbishop has given a strong lead in urging all Christian people to set their minds to the solution of economic as well as international problems by which the world will be confronted after the war. He stresses especially the need of getting away from the "profit principle" as the basis of industrial life. He also pleads for an economic system under which by agreement the natural resources will be free from tribute to anyone so that all who do their share of the work of the world will share in the bounty of the Creator. In this appeal the Archbishop is joined by many prominent persons.

A large flying field base has been under construction at Miami since October 1939 by an army of workers and will cost \$9,000,000. Fore every plane put into the air there must be a ground force of at least thirty mechanics and servicers.

Federal Union of 10 East 40th Street, New York City is a non-profit membership association having as its main object "Union Now of the U.S.A. and the Six British Democracies as the Nucleus of a World Government... of, by, and for the People."

Gladstone MURRAY, General Manager of CBC believes that national radio in Canada should not be patterned exactly on the BBC whose methods he knows well. When he was with BBC, Sir John Reith called him "the most sagacious man in the organization."

He realizes that Canada cannot compete successfully with U.S.A. stations on a completely government-sustained basis so it is necessary to regionalize broadcasting and build powerful stations across Canada and give regional programmes through them. He believes in having, where possible, announcers with a local accent for each region which seems to be a very wise plan. He has some quite severe critics which is a good sign. It shows he is not afraid of new ideas or of trying them.

6,300 applications are on file for space in Terrace Village, one of the two large Government housing constructions. Only 2,653 apartments are available. For each unit made available an old slum dwelling must be demolished.

The opposition of President Hutchins, 42 year old head of University Chicago, to the "lend-lease. Bill caused surprise and violent repercussion on the quadrangles of the University. Prof. Paul Douglas, eminent economist said: "Hutchins misunderstands the purposes of the President and grossly underestimates the dangers which confront us." Prof. Mortimer Adler, intimate friend of President Hutchins, said "I agree with all the principles he states, but I come to the opposite conclusion—that it is better to go to war than allow England to lose." With a few hours 150 faculty members signed a petition favouring the Bill. Students at once arranged for an "Aid the Allies" meeting. That is democracy in action.

Marriage returns for Canada show that the greatest number of groom: marr: at the age of 24 and br:des at 21. In Canada there were 120 grooms under 18 and 324 brides under 16. A man of 75 married a girl of 17 and a bride of 60 a groom of 27. A bride of 50 married a groom of 24, and a bride o' 46 a man of 21.

In 1938 out of 70,138 Roman Catholics 63,698 married those of the same faith leaving 6,440—one in eleven—who married outside their church. In Ontario the proportion of mixed marriages was higher. Out of 12,899 Roman Catholic brides and grooms 10,450 married within the church.

SPEAKER TO OUTLINE IMPORTANCE OF OIL

Will Germany lose the war for want of oil? What is the oil situation of the belligerents? These are the questions that the military experts are asking at this time of crisis in world affairs.

At the meeting of the Young Men's Canadian Club in Queen's Hotel on Monday, Max W. Ball, who will be the guest speaker, will endeavor to throw light on these questions. Mr. Ball is well qualified to speak on the War-time Oil Situation, for he is recognized internationally as an authority on oil. He is the author of the popular book, "This Fascinating Business," is chairman of the Oil Board, U.S. Geological Survey, and is past president of the American Association of Petroleum Geologists.

Kenneth F. McNamee, will preside and introduce the speaker. Their capacity as hosts.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Verily, verily, I say unto you, if a man keep my saying, he shall never see death." (John 8: 51)

The Lesson-Sermon also includes the following passages from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus said substantially, 'He that believeth in Me shall lose his belief in death.' That is, he who has the true idea of good loses all sense of evil, and by reason of this is ushered into the undying realities of Spirit... Jesus gave the true idea of being, high results in infinite blessings to mortals." (Pages 324-325.)

There are two classes of things in the world: those which exist through the exertions of persons, and those which exist regardless of the exertions of persons. The latter are all natural resources and they are normally and morally the gift of the Creator to all, that is, they do not belong to any one person or group of persons.

When one sells or exchanges on the basis of quantity or quality, (priced by supply and demand) or anything other than duration of the work, one or both will be charged for the Natural Resources in which their work is stored.

'Submarine Zone' Is Now Playing At York Theatre

Pat O'Brien and Constance Bennett are co-starred in Columbia's new action drama, "Submarine Zone," which is now playing at the York United Theatre until Friday night.

John Halliday, Melville Cooper, Alan Baxter and Marjorie Gateson head the featured supporting cast.

To them comes one of the most tantalizing of all questions: "If every moment might be your last, how would you live each precious second?" Desperate people in a desperate plight, their answers are in keeping with their natures.

Miss Bennett, in a role far different from anything she has ever before attempted, has been praised as highly as her co-star.

Of infinite value to the production are said to be John Halliday, the suave, sophisticated player seen as a crusading District Attorney, a "phony" fleeing from vengeance.

against the huts of the plantation. Coolies are asleep in hammocks. A shot rings out from the quiet house, followed by another and another. A man staggers from the Crosbie home, slumps on the porch. Leslie stands over him at the door, smoking pistol in her hand.

Leslie tells her story. It is a story for which no jury would convict her.

She comes to trial and her aloof gentility, known throughout the British Orient, is commended as fortitude. But behind the cool eyes, the distant expressions, the straight back, lies a secret, a secret told in a letter.

Max Steiner scored the film with inspired music and Howard Koch adapted Maugham's story.

Twelve thousand silver-fox and 3,500 blue-fox furs were sold at auction recently in Sweden.

'Charlie's Aunt' Last Three Days At The Snowdon

Arthur Askey, the British radio's be-spectacled "half-pint" comedian, remains at the Snowdon United Theatre for three more days in the outstanding laugh hit, "Charlie's (Big-Hearted) Aunt."

This comedy was first produced fifty years ago, and has since been keeping audiences in fits of laughter whenever it has been presented. It has been filmed twice previously, and has run in almost every country in the world.

The fun is laid in Oxford's Bowgate College where Arthur, Stinker and his pal Albert are constantly in trouble with the Dean and Proctor.

Lovely auburn-haired Phyllis Calvert has the leading romantic role, and the cast includes Richard (Stinker) Murdoch, Moore Marriott and Graham Moffatt.

When a glamor girl with millions turns a gilded "red," a dashing young man full of American ideals is needed to turn her over his knees and set her right—and this actually happens in the other attraction on this splendid double program, "Public Deb Number One," which features Ralph Bellamy, Charlie Ruggles and Mischa Auer with Elsa Maxed Brenda Joyce, George Murphy, well.

Short entertainment and the latest News of the Day will also be included.

Westmount United Features 'Arizona'

Magnificent in its spectacular abundance of all that makes for great entertainment, Columbia's "Arizona" opened yesterday at the Westmount United Theatre to provide an enthralling, blood-tugging historic background for a romance as moving and as mighty as anything the screen has ever known.

Produced and directed by Wesley Ruggles, with a cast headed by brilliant Jean Arthur, "Arizona" is the most colorful outdoor action drama since Ruggles' classic "Cimarron"; it is the breath-taking adventure story of Arizona's glorious birth, of that colorful, tumultuous era in American history when fearless pioneers pushed back the lawless frontiers to carve an empire out of the sun-drenched desert and plain.

Set in Tucson, Arizona, in 1860, when that frontier city was a walled fortress protecting its inhabitants from the murderous onslaught of untamed Apaches, "Arizona" traces not only the colorful character of that tumultuous era of America in the making, but the turbulent wars which raged with Arizona as the prize.

Fars between settlers and Indians for the right to live, war between killers and civilization-builders for the right to flourish, the South for the right to rule... and against the rich romantic background of these ever-present threats, is told the delightful, exciting story of Phoebe Titus, lone white woman among a thousand men, and dashing Peter Muncie, her casual, eager sweetheart.

Phoebe, as played by Miss Arthur, is a courageous, indomitable young woman, determined to build the biggest ranch in the Arizona territory and prepared, therefore, to successfully whip into submission anything which stands in her way. A wildcat, she is all woman before the laughing, casual ardor of her sweetheart. As Peter Muncie, William Holden rises in a greater emotional and histrionic height than anything he has yet done, not excepting even his superb performances in "Golden Boy" and in "Our Town." Others in the cast of thousands include Warren Williams and Porter Hall, as Phoebe's most dangerous enemies, Regis Toomey, Byron Foulger, Earle Crawford and a score or more of Hollywood's finest character actors.

"Arizona" was brilliantly adapted to the screen by Claude Binyon from Clarence Budington Kelland's magazine serial of the same name. Directed as it was by Wesley Ruggles, the spectacular new film is remarkable not alone for its authentic reproduction of a little-known phase of American history, for its mighty vistas and hair-raising cattle stampedes, its fierce fighting and its overwhelming romance but for that indefinable attribute which immediately marks a motion picture as great; "Arizona" possesses that quality of distinction which says to an audience: "You are witnessing a classic in motion picture history, a drama for the ages."

ARMY SERVICE CORP MAKES APPEAL FOR ENLISTMENT OF YOUNG MEN OF THE DISTRICT

A visit to the Third Divisional Royal Army Service Corps armory at 2334 St. Antoine street, reveals that the Commanding Officer, Lt.-Col. G. A. Grieg and his officers are anxious to interview prospective members for the corps. A recruiting drive is under way, directed especially to young men of this district who might like to spend their evenings profitably with this Reserve Unit, which also provides opportunities for Active Service.

The Army Service Corps has a recorded history going back nearly six hundred years. Its function is to keep the troops constantly supplied with everything they need. With the introduction of mechanical warfare, the usefulness of the Corps has been greatly increased, and it now numbers in its ranks mechanics, truck drivers, fitters, turners, blacksmiths, coppersmiths, welders, trimmers, cooks, butchers, painters, storemen, electricians, carpenters, joiners, motor cyclists, mechanical engineers, and many other specialists. In addition to motorized equipment it may be called upon to use horses, camels, yak, dogs and even reindeer transport.

Westmount Women's Club Launches New Conservation Method

The ladies of the Westmount Women's Club have launched in a new branch of activity with a view of aiding the purchase of war saving certificates. An exchange table has put in an appearance in their room each week and members may have anything they need from it, by depositing the designated number of cents in the salvage box. All money is used for the purchase of war savings stamps.

Members donate these articles from their homes; the articles are things they find no further use for, such as odd glasses, ash trays, salt and pepper shakers, beads, dress ornaments, buttons, etc. These find ready exchange among members, and in the short time the system has been operating it has brought in funds for two certificates, and funds are well on the way towards the third certificate.

Wire coat hangers, buttons, dress weights and old metal dress brooches and trimmings are also being asked for by the club salvage; buttons, buckles, etc., are used in the rooms on articles made up for Britain, and on clothes in welfare work.

This plan is beneficial in three ways: it gives money to our country, it enables members to obtain or dispose of articles conserving money which would otherwise be spent for these articles and it ensures the club of some few dollars after the seven year period.

C.W.L. SUBDIVISION HEARS TALK ON THE GROWTH OF SERVICE

Mrs. Lawrence P. Whelan, vicar-general of the Arch-diocese of Montreal, traced the development of social service in an address to the Westmount Subdivision of the Catholic Women's League last Friday in St. Leo's School Hall. The occasion was "Sisters of Service" day, and Monsignor Whelan spoke of the work of the residential club for girls, carried on by the Sisters at 1923 Dorchester street west.

Monsignor Whelan contrasted the ruthless pagan idea of killing useless members of society with the Hebrew belief in love for one's neighbor, and still more the Christian idea that the needy should be especially cared for by the church, from which idea came the establishing of hospitals, orphanages and other institutions to care for the poor and the sick.

The founder of social service, said Monsignor Whelan, was St. Vincent de Paul, who, after the war between Austria and France, built a house for poor war orphans. Later he founded the Order of the Sisters of Charity, and with the consent of the Pope, the Order carried on their charitable work outside the monasteries and convents. The speaker asked Catholic women to assist in the work of the Sisters of Service, saying that social service helps not only the body but the mind.

Mrs. Leo Reynolds, the chairman of the afternoon, who introduced the vicar-general, expressed the congratulations of the subdivision on his appointment to his high office. He was thanked by Mrs. Edgar Reynolds.

A cheque for \$70.50 was presented to the Sisters of Service from the Westmount Subdivision and Sister Schenk, superintendent of the girls' hostel, received the donation. Mrs. J. Coffey paid a tribute to the work of the Sisters, and Rev. W. E. McDonagh also spoke briefly.

Miss Marcella Butler entertained with a monologue and a dramatic reading, and Mrs. J. T. Rogers thanked Miss Butler.

Their recent performance of "The Five Little Peppers" which received such favorable comment from the press and public after its presentation at Victoria Hall, was given in aid of the Junior Red Cross, and the sum of \$400 was made for this worthy cause.

The Children's Theatre are now starting rehearsals on their final major production of the season, which will take place in May, and the regular classes for the second half time are in progress.

Panthers Upset Argos 2-1 In Prince Albert League

BOB SMITH FIRES MARKER THAT HANDS LOOP-LEADERS FIRST SETBACK OF SEASON

Decision Forced Play-off Between the Two Clubs Under League Ruling — Will Play Two Games, Total Goals Series — Armstrong Gets Panthers First Goal, Orr Snipping Argos' Lone Tally

Ross Gillingham's Panthers not only upset the "dope" in the Prince Albert Hockey League on Saturday morning when they defeated the hitherto unbeaten Argos 2-1, but they also forced a play-off in the loop, between themselves and the Argos.

The league ruling only called for a play-off in the event the first place team was beaten. The Argos had kept their record clean throughout the season until their last scheduled game, with the Panthers.

The battle between the two top teams was easily the best game played in the league this season. The Panthers took a one goal lead in the first period when Tom Armstrong batted in a rebound.

Raymond Orr knotted the count in the second period in a scramble around the Panther's nets only to see Bob Smith score on a breakaway, giving Panthers the winning goal.

In the other game Saturday morning, Ted Tobias' Beavers shut-out Boyd Cowper's Sniffers 3-0. Kenyon McDonald picked up a pair of goals for the winners while Donald Wadsworth got the other.

In the other game played during the week, the Argos swamped the Sniffers 9-0 with Dave Bussiere, Raymond Orr, Ronald Shaw and John Gutelius each getting two goals, the other tally was netted by Bucky Orr.

The Panthers eked out a 2-1 victory over the improving Beavers. Robert Burriss and Tom Armstrong were the scorers for the Panthers while Kenyon McDonald got the lone Beaver goal. The Argos and Panthers will

BROOKLYN BARGAIN

By Art Krenz

JUST LOOKING AROUND

By STAN HELLEUR

Directly above this piece you will observe a young ball player taking his cut. And take a good lookie at him for he's the young clouter who could have put our Royals in the International Baseball League's first division last summer.

It indeed is a pity the parent Dodgers farmed Mr. Reiser to Elmira of the Pennsylvania loop because, in the words of Gene Karst, Royals' travelling secretary, "He's a lotta' ball player whose left hand swings would have helped us plenty."

To amplify his statement, Karst ventured that if Reiser doesn't get any bad breaks he stands just as much chance as anybody of becoming the National League's prize rookie of 1941, whether he plays the Dodger outfield or infield.

"I won't say the kid has everything," Karst continued. "He hasn't the best throwing arm in the world but he can hit and field, and above all he's got that big league hustle."

"He doesn't care whether he's playing the infield or out in the long grass so long as he's in the game. And he can run those bases too, isn't afraid of leg injuries. Y'know what I mean, he's got that Pepper Martin brand of fight."

And St. Louis Gene knows all about the Martin type of ginniger for he was connected with the N.L. Cardinals when the Wild Horse of the Osage was in his hey-day.

It hasn't been decided as yet whether Reiser will be playing third base where he filled in last season when Cookie Lavagetto was injured, or out in the outfield where he's more at home, but he'll be in there swinging in any case.

SQUIRRELS GO SOUTH
With the arrival of March winds and stuff, birds begin migrating north and ball players head for southern climes where the established stars and the rookies battle it out in a month's pre-schedule training.

Baseball camps in the spring are interesting spots, in that they usually are divided into the same three parts season after season.

The first is comprised of the manager, players and coaches; the second of newspapermen, and the third, probably the most interesting, is composed of the hangers-on and ambitious boys desirous of playing ball like Bob Feller, Joe DiMaggio or Jimmy Ripple (that local angle).

There are squirrels among the hangers-on, usually friends of the owners and real dyed-in-the-

windbreaker rooters who simply can't wait up North for the regular 154-game schedule.

Ordinarily they are the small business men who have achieved independence and would rather spend their holidays at a little Florida milk-stop, watching the daily workout, than amid the more stifled surroundings of Miami.

The embryonic stars usually hitch-hike to camp, free lances off the game hoping to impress Bill McKechnie, Joe McCarthy, Del Baker or another big league pilot ready to give them a trial.

And again among this group are those ambitious boys who keep coming back year after year, none of them ever having a ghost of a chance but always hoping to connect.

Best known of camp followers is Lou Mandell, who still thinks, pathetically, that some day he's going to become a big leaguer. Once, for a brief period, Pitcher Lou served them up for a House of David nine but that was as far as he got.

Each spring he gathers his clippings together and wends his way to St. Pete, crossroads of all ball clubs, where he begins his systematic round of all the big league teams and then farms himself out to the minors but with no more success.

"I've given ol' Baker 'his last chance to sign me," he would say, turning up at the Yankee camp. "Look, Mr. McCarty, never have I been in such good shape. Baker is amazed at the shape I'm in. Look, I'll prove it."

And Lou will commence to tour the sacks in under full steam, ending up in a cloud of dust at home plate. "See what I mean McCarty?" But Joe never can see.

EAGLES SQUAD WINS BY 7-1 OVER LOYOLA

Triumphs Over Maroon Juniors in Exhibition Hockey Fixture

With their string of exhibition victories unbroken, Westmount Golden Eagles invaded Loyola Stadium last Sunday and trounced the High School Junior decisively, ringing up a 7-1 count.

Eward Read paced the victors in accounting for three well earned tallies, while Beaulne and Brodie showed some sterling work on the Westmount defence.

For Loyola, the Langan boys were tireless in their efforts to penetrate the staunch Eagle defence and Gendron between the pipes frustrated the opposing forwards repeatedly.

Charlie Laurendeau started the Eagles scoring soon after the first period opened on passes from Mann and Romney, while Eward Read counted his first on a pass from Sawyer. Late in the first period, Kohler let a powerful drive sink deep into the twine for the College boys' counter of the game.

The second canto was well under way before Golden Eagles sewed up the game, when Romney after taking a well directed pass from the stick of Don Mann, romped in and flicked the disc past Gendron.

The Maroons turned on the pressure at this point, but were felled by the tireless back checking of the Golden Eagles forwards, plus some capable net tending by Ed Clark.

After breaking up one of these forays, Laurendeau finally tallied his second and his team's fourth counter, after Mann had relayed the disc to Romney, who in turn had slipped the rubber over to Laurendeau. This ended the scoring for the middle stanza.

Read completed the hat trick in the third period when he tallied two counters, and Pocock sandwiched his in between when he rounded the Loyola nets and lifted the disc past the startled Gendron from a difficult angle.

The lineups:
Loyola goal: Clark
Gendron defence: Brodie
Meagher defence: Beaulne
Wickham defence: Beaulne
E. Langan forward: Laurendeau
Mann centre: Mann
Malone forward: Romney
Loyola subs: O'Neil, O'Connor, Kohler, McCarty.

Golden Eagle subs: Pocock, Simard, Sawyer, Read, Black.

Bantam Hurricanes Lose To Rosemount In Playoff

The Bantam Hurricanes, only Westmount team to survive the first round of the Q.A.H.A. play-downs, bowed out in the semi-finals. The local team lost to the Rosemount representatives, named the General De Gaulle club, 2-1.

The little French team from Rosemount showed no great superiority over the Hurricanes with exception of an edge in back-checking. The Hurricanes were behind by two goals before they finally tallied their lone marker late in the third period, John Piers scoring.

Pete Taylor, Jack McKissock, Bill Dryden and Ronald Baxter played well for the Hurricanes, while Fred Jones in the nets although beaten by two long-shots, played a stout game.

Dougie Alexander's Golden Eagles engaged in two games during the week, swamping the St. Andrew's Midgits 17-2 but dropping a tough 6-5 overtime decision in a tournament they entered at Deaf and Dumb Institute's rink.

Bob Berry's team and Dave Johnson's team are waging close battles in their Saturday morning duels at Prince Albert rink. Pete Merrill, goaltender for the Bantam Aces, turned out with the Johnson club last week. Both clubs have "outlawed" Logue McDonald, as being too good.

The unsung heroes in the hockey season just past have been the referees. Turning out faithfully in all kinds of weather, with not one arbitrator failing to show up for an assignment. The Q.A.H.A. have been using Tom Brennan in quite a few of their play-offs.

Len Chambers, playing in the Pee Wee League at Staynor rink last week, has a high scoring affair 8-4. The Canadiens came back to win the next two, 4-2 and 3-2.

This marks the second time the Canadiens have won the Shield since it was presented for competition.

PLEASE HAVE FARE READY

Speedier and more comfortable service becomes possible when passengers:

- 1. Have ticket, transfer, or exact fare ready before boarding train or bus; 2. Move to unoccupied space and do not crowd one portion of the car; 3. Move toward the exit BEFORE arrival at destination.

The co-operation of our patrons in observing these customs will be greatly appreciated by all passengers.
