SENATOR CASGRAIN ASKS BRITISH HELP IN ARRESTING WATER STEAL

Montreal Member of Senate Believes that Treaty Between Great Britain and United States Would Be Better Observed Than One With Canada—Would Deduct Canadian Damages from British Debt Payments—Unemployment Relief Debated in House of Commons.

OTTAWA, Ont., March 17.—Canada should appeal to Great Britain for assistance in forcing the United States to observe the terms of the treaty governing the diversion of water at Chicago, the Senate was advised yesterday by Senator J. P. B. Casgrain, of Montreal. The next pact with the United States should be signed by Great Britain, and not Canada, so that its terms would be observed.

Senator George Lynch-Staunton, of Hamilton, expressed similar sentiments. "We should have something enforceable before entering into any agreement with the United States. Wherever their interests conflicted with ours in existing treaties, they have ignored our rights and enforced their own."

The Montreal Senator moved that "in the opinion of the Senate, no further negotiations on the St. Lawrence waterways be made until the Senate of Canada has examined the treaty now in force and has ascertained that this treaty has been carried out." Debate was not concluded yesterday.

Chicago was diverting twice as much water into its drainage canal as was ratified in the present treaty, said Senator Casgrain. The Illinois city had ignored the decisions of the United States Supreme Court and had spent a hundred million dollars on the project. "Is it likely that with all that money spent the project will be scrapped," he asked.

Canadian shipping had lost heavily through the lowering of the lake levels by the Chicago diversion, said Senator Casgrain. Ships were forced to take four hundred tons less than normal cargoes, and Canada seemed impotent to force United States to observe the treaty.

"I believe if we apply to England we will get redress," declared Senator Casgrain. The British Ambassador at Washington—"the real ambassador to Washington"—should be asked to collect damages for Canada. "If he is unable to do so we should go to the British Chancellor of the Exchequer, who pays £55,000,000 to the United States, and tell him to keep money back and hand it over to Ottawa where we need it. It is ours. I believe England will help us and see that the rights of Canada are maintained."

"Has the United States done one single thing to implement that contract in the last twenty-five years?" asked Senator Lynch-Staunton. "The United States knows the action of Chicago is an absolute breach of the treaty, but not only has not endeavored to make Chicago toe the line, but encouraged them in breaking it."

The United States, said Senator Lynch-Staunton, would observe the treaty with Great Britain more closely than one with Canada. If a treaty were to be signed with the Republic, it should be between the United States and Great Britain, not Canada.

While international problems faced the Senate, the House of Commons was occupied solely with national questions. Debate continued on the Government proposal to extend until May 1st the provisions of the Unemployment Relief Act of last session, the "blank cheque legislation." The division is slated for today, after a debate lasting almost two weeks.

Purchase of railway ties for the Canadian National system led to a division early in the day. Thomas Reid, Liberal member for New Westminster, requested all information from the Government and the railway company relating to purchases of ties under the Unemployment Relief Act. R. J. Manion, Minister of Railways, considered the information was not in the public interest. The motion to produce the information was voted down by 110 to 77, with Conservatives as a body backing up the Railway Minister.

The possibility of Russian agents working around the Parliament buildings was mooted during the unemployment debate by George B. Nicholson, Conservative, East Algoma. Agents of the Soviets, he said, were in every hamlet in Canada, and I am not so sure Russia has not agents around these Parliament buildings. It has been proven in the courts the Soviet Government sent money to Canada to pay Communist organizers to disrupt this country."

Referring specifically to James S. Woodsworth, Labor, Winnipeg; North Centre, and Angus Macdonald, Labor, Vancouver South, the Algoma member suggested that they go to Russia. "Why won't they go," he asked. "Is it because Stalin and Kamenoff would sooner they remained in Canada and take the place of Tim Buck and his associates who are now behind the walls of Kingston Penitentiary?"

The Ontario Premier, Mr. Sifton, declared that he had only met the Ontario Premier once, and that was some two years before any active progress had been made on the Beauharnois plans.

The sale of the Fifty interests in the Beauharnois Power Corporation has not been given in the absence of the counsel for Senator Haydon. The majority of members of the committee were of the opinion that the Senator's counsel had been shown plenty of consideration, and if he was not present the work of the committee could not be held up.

During his testimony, Mr. Sweeney declared that he had only met the Ontario Premier once, and that was some two years before any active progress had been made on the Beauharnois plans.

FIVE MISSIONARIES NAMED BY PRESBYTERIAN CHURCH

Four of Five New Women Appointees Assigned to Foreign Mission Fields of Presbyterian Church Board of Missions.

TORONTO, Ont., March 17.—Five young women from various parts of Canada were designated by the Presbyterian Church Board of Missions last night for service in the mission fields, four of them going abroad.

They are Mary Elizabeth McVey, of Fredericton, N.B., who goes to Formosa; Bessie MacMurchy, of Collingwood, Ont., who goes to Bhil, India; Mary Eleanor McKechnie, of Valparaiso, Sask., assigned to Gwalior, India, and Julia Maystrowich, of Fenwick, Sask., who will work among the Ukrainians in Toronto.

POLICE ADMIT THAT THEY ARE STILL IN DARK

Officials Are No Nearer a Solution in Kidnapping Case Than They Were Two Weeks Ago.

HOPEWELL, N.J., March 17.—Col. and Mrs. Charles A. Lindbergh, who are waiting stoically through the dragging days of an night, were reported today to pin their hopes on:

(1) A police belief that Charles Augustus Lindbergh, Jr., kidnapped sixteen days ago, is still alive.

(2) A feeling that when the four children in the kidnappers' party negotiate the twenty-months-old child's return.

The excitement that followed the crime is already dying down. Yesterday newspapermen here sent out by telegraph only 50,000 words. On March 3rd, at the high pitch, 240,000 words streamed over the wires.

A high police authority, declaring a belief the child is alive, based it on the contention the kidnappers would be afraid to destroy the infant. It would be just as easy to have it in a hotel room if the hunt pressed too close, he said.

Although the detective ingenuity lavished on the case, he said, would rival that of any of the master sleuths of fiction or real life, the police are no nearer a solution than they were two weeks ago.

They do not even know, he indicated, whether the case was the work of professional infant snatchers or amateurs with amazing luck.

Police resumed today the endless task of checking tips and leads. They were still working on information given them by Mr. and Mrs. C. Leandro, Lightfoot, of Franklin Park, N.J.

The Lightfoots said their German servants, butlers and maid, took a little headway in their attempt to get the child back was expressed by the same high official, who said he believed the infant was alive.

The New York Daily News said the Colonel had hired a private detective agency to augment the searching forces, and had given it full power to act for him in negotiating with the kidnappers.

Another of the many "leads" collapsed yesterday when William Gleason was released and cleared of all suspicion. Charles Oliver, inmate of a New York City penitentiary, had accused Gleason of plotting to kidnap the child months ago.

NOVA SCOTIA LAWS WILL BE ENFORCED BY MOUNTIES

Royal Canadian Mounted Police Will Absorb Personnel of Present Nova Scotia Police.

HALIFAX, N. S., March 17.—Royal Canadian Mounted Police will take up the task of enforcing law in Nova Scotia on April 1st, Hon. John Doull, Attorney-General, announced this morning at a session of the Law Amendments Committee of the Legislature.

"We will have as many men or more than we have at present and at a saving of approximately \$100,000," he told the Committee.

The bill to provide for the change in policy was recommended to the Legislature for third reading with two minor technical changes.

The R. C. M. P. will absorb the personnel of the present Nova Scotia police and likely will move into the existing Halifax headquarters on Brunswick street and take over the divisional offices in the provinces.

In January \$50,000 was owing by the Quebec Government to the constituency of Compton for work done during the elections held last year. "The Provincial Government owes money to many municipalities in Compton. The Liberal Opposition in this House seems to be willing to

DISCONTINUING OF GRANTS TO FAIRS HARMFUL

Canadian National Livestock Records Board Decide Move Strikes at Roots of Agriculture and Livestock Improvement.

OTTAWA, Ont., March 17.—Decision of the Department of Agriculture to discontinue grants to the larger Class "A" exhibitions and winter fairs was striking at the very roots of agriculture and livestock improvement in the Dominion, members of the Canadian National Livestock Records Board, representing twenty-one Canadian breed associations, decided here yesterday. Speakers stated it was a move in the wrong direction and had economy and was bound to do harm. Finally a committee was named to wait on Robert Weir, Minister of Agriculture, and suggest further consideration of the grant cut.

The meeting was one of the most representative held in years of the Livestock Records Board and was attended by outstanding farmers from every province. The discussion on the effect of cutting the Class "A" fair grant was lengthy and the move was deemed harmful by every speaker.

It was stated that the department should not have sprung the cut on the various large exhibitions without warning. In many cases plans for the 1932 fair had so far advanced that the only place a saving could be made in keeping with the cut was in the prize money paid agricultural exhibitors. The speakers thought cutting the large grant cut altogether was too drastic a measure to take in a single year. The large exhibitions and agricultural shows had been considered the best vehicles for improvement in livestock but without the grants they were likely to be relegated to agriculture and stock to the background and the whole industry would suffer.

SHANGHAI WAR COST JAPANESE MANY MILLIONS

Cabinet Framed Supplementary Budgets Today for Expenditures in Shanghai and Manchuria Totalling \$22,000,000.

TOKYO, March 17.—The Japanese Cabinet framed supplementary budgets today for military expenditures in Shanghai and Manchuria totalling 67,000,000 yen (about \$22,000,000), it was learned on good authority.

The budgets are to be submitted to the extraordinary session of Parliament which convenes tomorrow. One will cover the remainder of the fiscal year ending March 31, 1932, asking 7,758,000 yen in accordance with the cabinet agreement between the Cabinet and Privy Council made on March 3.

The second budget will cover the fiscal year beginning April 1. This asks a total of 59,518,000 yen, approximately 91,000,000 yen (about \$30,000,000) more than approved by imperial emergency ordinance which the Parliament must approve post facto.

This brings the total extraordinary military grants on account of the Manchuria and Shanghai campaigns to 158,000,000 yen (about \$52,000,000).

COMPTON'S M.P. CONDEMNS MOVES OF OPPOSITION ON RELIEF WORKS

Samuel Gobeil, in Addressing House, Declared Obstructionist Tactics Are Holding Up Payment of Unemployment Relief Accounts—Measure Could Have Been Disposed of in Few Hours—Constitutional Objections Termed "Hobbies of Opposition."

OTTAWA, Ont., March 17.—Do all in its power to prevent payment, but the people will be paid because this Government will see to it that the resolution on unemployment relief accounts of the municipalities was made in the House of Commons yesterday by Samuel Gobeil, Conservative member for Compton. The unemployment motion now under discussion in the House, he said, could have been disposed of in a couple of hours instead of the lengthy debate of many days.

"Let me tell the unemployed of Canada," said the member for Compton, "that if their relief is delayed it is due to the fact that the Opposition members are doing all in their power to delay the measure now before the House. He asked if the members of Quebec were obstructing the motion so they could return to their constituencies and say that the Federal Government, so far as paying for Government work is concerned, is no better than the Provincial Legislature."

DEMONSTRATION WAS ARRANGED BY HITLERITES

Disclosures Purporting to Reveal Nazi Plans for Virtual Civil War Prompt Prussian Government to Action.

BERLIN, March 17.—The Prussian Government accepted a challenge of the forces of Adolf Hitler today, ordering raids on National Socialist headquarters throughout the state after disclosures purporting to reveal Nazi plans for a virtual civil war.

Backing up its action, the Ministry of Interior issued a statement in which it said its investigation revealed that the Nazis signal for a march upon the big cities in their neighborhoods was to be the flash "grandmother dead."

The statement said the Hitlerites were ready for a march on Berlin at the time of the presidential election last Sunday, and that all details had been planned, such as arrangements for transportation and provisions.

"These preparations were made," the ministry's statement said, "under the guise of putting down Communist revolts, but in reality they were preparations for civil war."

The statement ended by saying the Prussian Government would tolerate the mobilization of an army like Hitler's storm troops.

The raids throughout Prussia were under the direction of Karl Severing, Minister of Interior.

A report was current that they would be extended also to other parts of the Reich, which was found attached to a Prussian official said they had knowledge of plans, maps and mobilization orders of Hitler's "storm troops" reported to be 500,000 strong, including automobile and motorcycle detachments.

The "grandmother" message, officials said, was found attached to a map which purported to show the

TO HAVE STRONG DELEGATION TO TRADE PARLEY

Rt. Hon. Stanley Baldwin to Head Delegation to Imperial Economic Conference, Prime Minister MacDonald Announces.

LONDON, March 17.—Great Britain is sending a delegation of unexpected strength to the Imperial Economic Conference at Ottawa.

Prime Minister Ramsay MacDonald announced in the House of Commons this afternoon, subject to the exigencies of Parliament business, that the following would comprise the British delegation:

Stanley Baldwin, Lord President of the Council; Neville Chamberlain, Chancellor of the Exchequer; Lord Hailsham, Minister for War; J. H. Thomas, Secretary for Dominions; Sir Philip Cunliffe-Lister, Secretary for Colonies; Walter Runciman, President of the Board of Trade, and Representatives of the Ministry of Agriculture.

ULSTER NEWSPAPERS EXPRESSED SCORN FOR DE VALERA POLICIES.

BELFAST, Northern Ireland, March 17.—Ulster newspapers expressed scorn today for the outline of policies announced by President Eamonn De Valera of the Irish Free State, in which De Valera included a plan for bringing about a union of the Northern and Southern Ireland.

"No one except De Valera believes," the Northern Whig said, "that the moment the oath of allegiance is abolished members of the Irish Republican army will voluntarily disband, leaving the Flannery Fall Government to the peaceful pursuit of a peaceful revolution."

The Belfast News Letter said De Valera "expects a series of miracles to occur" with the British Government not only acquiescing in the land annuity payments, but disgorging £30,000,000 already paid, while "the political border which separates Ulster from the Free State is to disappear at the waving of some mysterious wand."

GOVERNORS DECLARE THEY KNOW OF NO STARVATION

Senator Bingham, Republican, Connecticut, Estimates Total Jobless in United States at 6,000,000.

WASHINGTON, March 17.—Telegrams from forty governors asserting—with a single exception—that they know of no starvation in their states were exhibited in the United States Senate yesterday by Senator Bingham, Republican, Connecticut, in opposing the Democratic road construction relief bill.

Governor Gifford Pinchot, of Pennsylvania, said: "We know starvation is widespread, but no one has enumerated the starving." His message assailed "standpat Democrats and Republicans" for "refusal to give relief to suffering people."

On the basis of the replies received Bingham estimated the total number of jobless in the United States at 6,000,000.

CLOSER UNITY IN IRELAND IS BEING SOUGHT

De Valera's St. Patrick's Day Message Contains a Four-Point Programme of His Administration.

DUBLIN, March 17.—The wearing of the green had a double significance in Erin today. It was the 150th anniversary of St. Patrick's landing and it brought a new plan for union of the north and south of Ireland.

Eamonn De Valera, new President of the Free State, announced last night, on the eve of St. Patrick's Day celebrations, a four-point programme for his administration, one point of which was an eventual merger of the Free State and Ulster governments, age-old division of Irish affairs.

Other points were abolition of the oath of allegiance to the King, and of more than \$10,000,000 a year in land annuities paid to the British Government, as well as suspension of the military courts set up by the Cosgrave regime to try Irishmen for offences against the Government.

The centre of the day's ceremonies in honor of St. Patrick today was at Saul, in County Down, where a giant statue of the saint is to be erected immediately on the mountain of Sileve Willin, four hundred feet above the shore where he landed in 432 A.D. to begin his missionary work.

There is also to be a great altar on the site, which commands a magnificent view of the Irish Sea and the Mourne mountains.

Pope Pius XI bestowed the apostolic blessing on the Irish people in a message to President De Valera, signed by the Papal Secretary of State, Cardinal Pacelli. The message was in reply to one from De Valera expressing the hope of cordial relations between Ireland and the Vatican might continue. The Pope, Cardinal Pacelli said, was extremely pleased to receive President De Valera's message.

The sod was broken for the statue of St. Patrick at Saul by Most Reverend Dr. Mageean, Bishop of Down and Connor.

A fund of \$250,000 is being collected for the memorial by public subscription, and in the shadow of the statue will be erected a high altar where Mass may be said for large outdoor congregations. Not far away, near Sileish, scene of Patrick's captivity, another shrine to his memory will be erected also.

Today's ceremony followed a solemn High Mass in Saul church. A solemn procession from the church to the monument site of the statue followed, with half an hour later the blessing of the site and turning of the first sod by the bishop.

On an adjoining hill nearer Downpatrick, St. Patrick erected his first church in Ireland, called Sabhall-Patraic, and made his first convert in the person of Dichu, the chief of the locality.

SURPRISE BANK RATE REDUCTION CHEERS BRITISH TRADE CIRCLES

Lowering of Bank of England Discount Rate Expected to Assist in Government Conversion Loan Plans—Move to Prevent Undue Rise in Sterling and to Promote Export Trade

LONDON, March 17.—The Bank of England reduced its discount rate today from four to three and one-half per cent. The decision of the bank authorities surprised the market, which was not prepared for a further reduction after the two recent declines.

The monetary situation has grown so easy, however, and revenue has been coming in so steadily that apparently the bank directors decided to give trade and commerce the benefit of a further half of one per cent. reduction.

The lower bank rate also will assist the Government in its conversion plan for public obligations. The first of these was announced last night. Holders of four and one-half treasury bonds due April 13th, were invited to turn these into a conversion loan at four per cent.

The stock exchange showed equal surprise with other financial circles and cheered the new bank rate when it was flashed. Gilt edge securities, which had opened firm on the strength of good revenue returns, immediately were marked up for advances of one-fourth to one per cent, around noon. Industrials and home rails became firm in sympathy with the market and internationals, which opened weak, developed a better tendency.

The lower bank rate will bring money rates nearer those of the principal foreign centres, thus making London less attractive for foreign funds. Sterling exchange was expected to be held in check and to continue to assist traders in export trade.

BRITISH CURRENCIES HELD STEADY TODAY

NEW YORK, March 17.—British currencies followed a steady trend during early trading today on local foreign exchanges. The Canadian dollar was bid at 59 1/2 cents in United States funds, one-eighth of one per cent higher than Wednesday's final quotation. The pound sterling was bid at \$3.62 1/2, unchanged from the previous close.

ASSOCIATE OF SWEDISH MATCH KING FOUND DEAD

M. Margus Formerly Owned a Match Factory Which Was Taken Over by Krueger and Toll Concern When Estonian Monopoly Was Formed.

HELSINGFORS, Finland, March 17.—M. Margus, director of the Estonian match monopoly and associate of Ivar Krueger, Swedish match king who committed suicide in Paris Saturday, was found dead at Reval, it was learned here today.

Margus formerly owned a match factory which was taken over by the Krueger and Toll concern when the Estonian monopoly was formed. Margus was given a block of stock in Krueger and Toll and a directorship at a salary of 750 Estonian krooner (normally about \$200) a month.

The death of Krueger was reported to have resulted in an immediate reduction of Margus' salary, while the depreciation of Krueger and Toll shares severely handicapped him in other financial operations.

CUTTER UNABLE TO FIND TRACE OF BURNING SHIP

Unknown Steamer Was Reported Ablaze and Sinking Fifty Miles South of Fenwick Light Off Delaware Capes.

NEW YORK, March 17.—The coast guard cutter Pulaski wireless headquarters here this morning that it could find no trace of an unidentified vessel reported to have caught fire fifty miles south of Fenwick Light off the Delaware Capes.

The tanker Sunoil, in a message picked up last night by the Radio Marine Corporation, reported the unknown steamer was ablaze and sinking.

The Pulaski, speeding to the scene, said it found no wreckage. The cutter reported it would search the area thoroughly.

The Sunoil said she was proceeding on her way "because many small boats were in the vicinity." The coast guard cutters Mendota and Carabasset, both of which were cruising off the Virginia Capes, were ordered to the scene.

The Sunoil reported in her message that there appeared to be lifeboats around the burning ship. She did not go close enough to them, she reported, to see whether they were occupied.

THE WEATHER

MOSTLY CLOUDY AND MILD

A moderate depression, centred in Pennsylvania, is moving eastward, and pressure continues low over Hudson Straits, with relatively high pressure in Manitoba and to the immediate west of the Great Lakes. Light snowfalls have occurred in many parts of Ontario and Western Quebec. Elsewhere the weather has been for the most part fair. It is somewhat milder this morning throughout Eastern Canada, but continues cold in Manitoba and moderately cold in Saskatchewan and Alberta.

Forecast: Mostly cloudy and milder today and part of Friday; some light local snow, then a little colder again.

New England States: Snow this afternoon and tonight. Friday generally fair; colder in north portion.

Temperature yesterday: Maximum 19, minimum 2.

Same day last year: Maximum 40, minimum 30.

CLEVELAND TP. COUNCIL HELD BUSY SESSION

Many Matters Discussed at Regular Session of Cleveland Township Council—Richmond Notes and Personals.

RICHMOND, Que., March 17.—At the regular monthly meeting of the Cleveland Township Council, held in the office of the secretary, Col. W. B. Stevens, all the members were present.

The road work which had been completed in 1931 on the fifty per cent basis in conjunction with the Provincial Department of Roads, was taken under consideration and the secretary was authorized to write the Department requesting the government of the Province of Quebec to take over these roads and to maintain and repair them in the future, in conformity with the Good Roads Act.

The travelling of the part of the Norris-Day road, having been completed, the council appointed promotor A. M. Tremblay and councillor J. E. Healy to inspect the work done and if found satisfactory to them the secretary was authorized to pay over the grant for this work which was passed at the November meeting of the council.

Councillor J. E. Healy gave notice that, at the next regular session of the council, he would introduce a by-law to provide for the necessary expenses of the municipality for the year ending December 31, 1932, by levying a tax or rate on all assessable property within the municipality according to the valuation now in force.

A resolution was passed authorizing the council to apply, through the local member of the Legislature, Mr. S. E. Desmarais, to the Department of Roads for an allocation of \$2,000 for road construction under the fifty per cent plan. Also apply to the Department of Colonization for a grant of \$1,000 for a like purpose.

The road or roads where this latter amount would be expended to be decided at a subsequent meeting of the council.

W.C.T.U. MEETING

On Thursday, March 3, the W.C.T.U. ladies of Richmond and Melbourne met at the home of Mrs. E. W. S. Conies for their monthly meeting with a large attendance.

After the devotional exercises led by the president, the usual routine of business was disposed of and was followed by the discussion of new business. A very encouraging report was presented by the treasurer which showed the finances of the union in a satisfactory condition.

The question of making a Provincial Life membership was brought up and after some discussion it was unanimously agreed that Mrs. George Gilchrist, of Richmond, as one of the oldest members and one of the hardest workers of the union, be accorded this honor.

Mrs. Gilchrist expressed her sincere thanks to the Union for their kind thoughts of her.

The question of doing more social work in the town came up for discussion with the result that a mothers' meeting was arranged to be held on March 10.

An invitation was given by Mrs. G. T. Pope to hold this meeting in Chalmers' Church Sunday School Hall which was accepted, and committees were appointed to arrange for a suitable programme and also to provide refreshments.

The White Ribbon Tidings Superintendent reported three new subscribers, making a total of seven copies taken by members of the Union. One new member was received at this meeting.

This concluding the business of the afternoon the meeting was closed with the Mizpah benediction. The hostess, Mrs. Coates, served delicious refreshments. This social half hour is always much enjoyed by the members.

Following the decision made at the previous meeting, a mothers' meeting was held on March 10 and notwithstanding the inclemency of the weather, a large number of ladies found their way to Chalmers' Church Hall. The meeting was opened by the singing of a hymn and the Lord's Prayer after which a pleasing programme was given.

The president extended a hearty welcome to the many guests who had faced the storm to be present. Mrs. Livingston, of Spokane, Wash., and Mrs. C. R. Boast, of Richmond, delighted their audience with their beautiful songs so well rendered.

The sympathy of the entire community is extended to Mrs. Barlow in her loss by the death of her husband, Mr. Frederick Barlow, one of Richmond's most highly-esteemed citizens, whose sudden death recently came as a great shock to his many friends.

Mrs. S. E. Desmarais left on Sunday for Chicago, where she will attend the quarterly session of the Women's Catholic Order of Foresters.

Mrs. Harry Hardy, of Montreal, has returned to Montreal, after visiting her parents here.

Mr. Peter Miller, of the Bank of Montreal, who has been ill, is now able to resume his duties.

Miss Eileen Hamilton, of Montreal, spent the week-end at her home here.

The body of the late James Thomson Murdoch, who died at Verdun on Friday, March 11, was brought to Richmond for burial on Sunday morning train. Services were held on Sunday afternoon, with Rev. S. Gorley Brown, minister of Chalmers' United Church, officiating. Interment was made in St. Anne's cemetery.

The deceased came to Richmond from Scotland thirty years ago and entered the services of the old Grand Trunk Railway Company as telegraph operator. He was a resident of this town for several years before being transferred to Montreal.

Mrs. H. Frazer and Mrs. F. Dyson accompanied these ladies. Little Miss Helen Hills, of Melbourne, received the lion's share of applause when in a song, she taught her dolls a temperance lesson.

Mrs. George MacLeary, Mrs. F. Dyson and Mrs. George Gilchrist delighted the ladies with their well-chosen readings.

The president of the county, Miss E. V. Greenlay, was expected to be present and address the meeting, but, owing to the stormy weather, she could not come. In her absence, Mrs. Roy gave a short talk on W.C.T.U. work.

Mrs. Gilchrist was then presented with a life membership certificate and W.C.T.U. pin, the audience rising sang "For She's a Jolly Good Fellow."

Mrs. Rose and Mrs. Pope, assisted by Mrs. Pease and Mrs. Grady, were delightful hostesses. All the guests and members were invited to sit around a large table and share the fine refreshments and the social cup of tea. In departing all agreed that the large, cheerful hall, the excellent programme, the friendly social hour, and the pleasure of being together had all contributed to the spending of a pleasant and profitable afternoon.

Mr. Thomas Mason, Island Pond, Vt., spent a few days here last week-visitng friends.

Miss Florence Damant has returned from a visit to her sister, Mrs. Bradford, at Lachute, Que. She was accompanied home by her niece, Miss Glenn Bradford, who will spend a few weeks visiting her relatives.

Mr. and Mrs. Arthur Paige have returned from a visit to Montreal.

Mrs. E. McGovern, and daughters, the Misses Mary and Isabel, spent Friday at Danville, the guests of Mrs. Parks.

Mrs. Blais and Miss Pauline Hill have returned from a visit to Montreal.

Mr. and Mrs. G. A. Paige, of Danville, were recent guests of their daughter, Mrs. Arthur Paige, and Mr. Arthur Paige.

Mrs. E. O. Desmarais is spending a few days with her son, Mr. Reginald Scott, and Mrs. Scott, in Montreal.

Mr. and Mrs. Arthur Smith, of Montreal, spent Sunday here, the guests of Mr. and Mrs. George Hall.

Miss Dorothy McKee, R.N., of Sherbrooke, is the guest of her parents, Mr. and Mrs. F. A. McKee.

Mrs. Eric Hibbard, Cleveport avenue, entertained a number of friends at bridge on Thursday evening, March 10.

Mr. George Ewing and son, Mr. John Ewing, of Sherbrooke, were in town last week, visiting Mr. and Mrs. W. J. Ewing.

Mrs. C. R. Stewart spent the week-end at Westmount, the guest of Mrs. James Kerr.

Mr. and Mrs. Frederick Driver, of Montreal, spent Sunday here, the guests of Mr. and Mrs. James Boast.

Mrs. Goddard, of Waterloo, spent the week-end here, the guest of her sister, Mrs. Ernest Gill, and Mr. Gill.

Mr. Thomas Epps, of Farnham, spent the week-end here, the guest of Mrs. Thomas McCourt.

Miss Bella McCourt, of Windsor Mills, has returned home after spending a few days with her aunt, Mrs. Thomas McCourt.

Mrs. S. Fee, who is a patient in the Sherbrooke Hospital, is steadily improving after her recent operation.

The sympathy of the entire community is extended to Mrs. Barlow in her loss by the death of her husband, Mr. Frederick Barlow, one of Richmond's most highly-esteemed citizens, whose sudden death recently came as a great shock to his many friends.

Mrs. S. E. Desmarais left on Sunday for Chicago, where she will attend the quarterly session of the Women's Catholic Order of Foresters.

Mrs. Harry Hardy, of Montreal, has returned to Montreal, after visiting her parents here.

Mr. Peter Miller, of the Bank of Montreal, who has been ill, is now able to resume his duties.

Miss Eileen Hamilton, of Montreal, spent the week-end at her home here.

... AFTER WE DESPAIRED OF HIS LITTLE LIFE!

Read what this grateful father says about Eagle Brand Milk. Mr. and Mrs. Cardinal, of Port Arthur, Ont., have five children and have had wonderful opportunities for proving the value of Eagle Brand. This is what Mr. Cardinal says about their fourth baby. "Our fourth baby, at birth, weighed 4 1/2 lbs. On advice of our Doctor, he was put on a brand of milk, and at the age of four weeks our Doctor gave him up. Mrs. Cardinal thought she had done everything possible for the baby, and at twelve, midnight, we gave the baby a feed of Eagle Brand and from then on our baby started to pick up. He is a picture of health, and we could send you a picture of this boy, and he is the talk of our neighborhood—a fine, big, healthy boy."

If you are unable to nurse your baby, or if he is not gaining as he should, we shall be glad to send you helpful, free booklet on infant welfare, filled with advice and practical suggestions that will delight you. Remember, every Borden testimonial is voluntary, sent to us by grateful parent or relative.

The touring company of actors had played "Hamlet," the night before. The next morning, the local papers thus wrote of the performance: "There has been a long discussion as to whether Bacon or Shakespeare wrote this play. It can easily be settled now. Let the graves of the two writers be opened. The one who turned over last night is the author."

START YOUR DAY WITH ENO'S FRUIT SALT. You can retain your youthful beauty—you can prevent unsightly skin blemishes, sallowness, dull eyes and sagging facial muscles—by following this simple rule: first thing every morning, drink a glass of ENO'S "Fruit Salt." Constipation, acid conditions, and impure blood are beauty's worst foes. Not even the costliest cosmetics can hide the evil effects of a clogged, poorly functioning system. ENO'S "Fruit Salt" corrects acidity, aids digestion, overcomes constipation, and so assures the inner cleanliness and pure blood which are the real foundations of a good complexion. Millions of women have proved this. So can you. Ask your druggist for a bottle today but be sure you get ENO.

IRISH PEOPLE ARE HONORING PATRON SAINT

Solemn High Mass Sung in St. Patrick's Church This Morning in Honor of Ireland's Patron Saint.

From morning until night the sun today will shine on some form of celebration for 'tis St. Patrick's Day and all true Irishmen, wherever throughout the world they have made their home, honor in a specific manner the land of their birth and the memory of their patron saint.

Love of native land is not the prerogative of any one people or race. It is a universal sentiment implanted in the breast of mankind. In Canada, as elsewhere, it finds expression in turn, as the anniversaries of national saints arrive, by the English, French, Scotch or Welsh.

None are more enthusiastic in their demonstration and none more firm in their resolution to uphold their legitimate rights and privileges than the Irish.

But whatever his station in life, and in whatever clime he may dwell, the thoughts of the son of Erin March on St. Patrick's Day to the scenes of his childhood or the home of his forebears. From every corner of the earth he bids the Green Isle "the top of the morning," and at gatherings during the day and evening hears recalled in speech and song and story the charms of his native land.

No article on St. Patrick's Day would be complete without a few words about the life of St. Patrick. St. Patrick is believed to have been born about the year 389. His birth occurred around midnight on March 8. Whether it was before the clock struck twelve, or just after, nobody ever knew. Therefore, when the birthday celebrations started, some people kept one day and others another. Finally it was agreed that eight and nine be added and the seventeenth kept as an anniversary.

The Irish saint may have been born in Scotland, France or England. Nobody really knows. But when he was sixteen years of age a band of marauders carried him away and held him in bondage in Ireland for six years. He escaped, landed in France, studied in a monastery near the Mediterranean, and a little later went back to Ireland as a missionary.

It was Easter eve, so tradition says, when he met the pagan priests and chieftains, who had gathered at Tara for a heathen celebration. King Laoghaire was to start the blaze on his pile of fagots, after which the other fires would be kindled.

Patrick saw an opportunity to advance Christianity. He remembered that once upon a time Elijah had called down fire from Heaven on a night when a group of pagans needed converting. The legend says that he did the same thing.

King Laoghaire had been a devout pagan, so it took considerable teaching to Christianize him. Finally all the obstacles but one were removed. He failed to understand the Trinity.

St. Patrick went strolling across the Irish braes as he tried to think of a way to make the king believe. He noticed a shamrock growing at his feet. He stooped, plucked the spray, and carried it back to the king. He asked the monarch if he couldn't see that the Trinity, Father, the Son and the Holy Ghost, were one, just as the three leaves on one stem were one. The king understood and became a Christian.

One of the strange facts regarding St. Patrick's Day is that it is observed by many people who are not Irish by birth or ancestry. This is very evident right here in Sherbrooke. Practically every store in the business section of the city has its windows dressed in green, the la'ies' organizations of the various churches have arranged special Shamrock teas and social gatherings for St. Patrick's Day, while private house parties are also numerous.

Solemn high mass was sung at St. Patrick's Church at nine o'clock this morning.

Rev. Father McGee who was to have been the special preacher was prevented from being present by a sudden indisposition.

With the passing of time, St. Patrick's Day loses none of its fervor, but each year as March 17 dawns the world unites with the Irish people in honoring the Emerald Isle and in rendering tribute to the memory of a great saint whose private life was devoted to the spreading of the Gospel and the winning of followers to the Christian cause.

LOCAL LAWYER GETS JUDGMENT BEFORE COURT

Awards Charles Cabana \$200 Against Emberton Defendant —Mrs. Eugene Gauthier Successful in Two Other Cases.

The claims of two plaintiffs were upheld and the cross-demand in a third action was dismissed in three Superior Court cases in which judgments were rendered by Mr. Justice Charles D. White. A local lawyer, Charles C. Cabana, won his suit against Thomas Landry, of the Township of Emberton. Mrs. Gauthier was successful in her action against Pierre Bolduc, both of the Township of Orford, while Bolduc, as cross-plaintiff, found his cross-demand against Mrs. Gauthier dismissed with costs.

Two actions involving Dame Eugénie Guay, widow of Eugene Gauthier, and Pierre Bolduc, both of the Township of Orford, also received ruling from Judge White. In the first action, Mrs. Gauthier alleged that she had leased Bolduc a property and that the defendant had taken possession and still occupies the premises. She claimed there was due \$155 in interest, less twenty dollars rent, leaving a balance of \$135, which she asked in judgment.

Bolduc pleaded that Mrs. Gauthier had received more than her due and that she had ordered a reduction of \$300 because, at the time the property was sold or leased, she represented that there was no mortgage on the property valued at \$2,000. The defendant further claimed that the rent due was thirty dollars instead of twenty dollars, that the action was premature, and he pleaded that Mrs. Gauthier had no right to sell the property inasmuch as she merely held it under lease and by this contract she could not sublet without the consent of the owner. Mrs. Gauthier, in her answer to the plea, denied that Bolduc had the right to raise this question inasmuch as it could only be raised by the owner.

The Court's consideration brought out the points that the owner of the property when examined as a witness admitted she was willing to allow Mrs. Gauthier to sublet, and moreover produced a complete deed of sale in the plaintiff's favor. Dealing with the question raised by the defendant as regards subletting, the Court found that it was a matter which could not be raised by the defendant and that, in any event, the completion of the plaintiff's title was a good answer. In rendering judgment, the Court decided that the defendant could not claim the benefit of any delay of thirty days which he claimed had been granted to him for payment of the amount, inasmuch as he refused to pay in any event and instituted a cross demand for \$1,000.

The text of the judgment was "Doth condemn the defendant to pay the plaintiff \$125 with interest from the date of the present judgment and the costs of an action of that amount; doth cancel and annul the lease passed before a notary between the plaintiff and defendant; doth order the defendant to give up possession of the said property within forty-eight hours from the service upon him of the present judgment and that in default thereof, the defendant be ejected from the farm according to law and that the movable effects, to be subject to seizure be placed upon the highway; that the immovable effects seized in this cause be sold and the plaintiff paid from the proceeds thereof by preference to the amount of debt, interest and costs."

In the second action, Bolduc instituted a cross-demand for \$1,000, alleging that Mrs. Gauthier was indebted to him for that amount resulting from false presentation made by her guaranteeing that there was wood on the farm worth \$2,000 when she knew that the wood was not worth more than \$1,000. Mrs. Gauthier denied that there was any such guarantee.

The pretended sale between the parties was not a sale but a conditional lease, the tribunal considered, and the lease contained no warranty as to the value of the wood. Considering that Bolduc had failed to prove that any such warranty was made and that, moreover, Mrs. Gauthier had established that the wood was worth considerably more than \$1,000, the cross-demand was dismissed with costs. "Doth condemn the defendant to pay \$200 with interest and costs; doth declare the immovable property described to be hypothecated to and in favor of the plaintiff; doth order the defendant to make an 'adélaissement' of property according to law within fifteen days from the service upon him of the present judgment so that the property may be sold according to law and the

BURY

The monthly meeting of the St. Paul's W.A. was held at the home of Mrs. Roe. The devotional exercises were of a Lenten character, after which important matters were discussed and voted upon. The circular letter from the diocesan president was read, and it was decided to follow the suggestion that in order to further the interests of the W.A. funds, instead of sending delegates to Quebec this year, to send the amount that it would cost for the traveling expenses of a delegate. It was reported that nearly all the articles required for nothing an Indian girl were now ready.

plaintiff paid by preference of proceeds thereof his debt, interest and cost; the whole with costs" was the judgment rendered in the case of Charles C. Cabana, of this city, against Thomas Landry, of the Township of Emberton. The plaintiff contended that by a deed passed before a notary the defendant acknowledged to owe him two hundred dollars for good and valuable consideration and promised to pay the plaintiff in one year from the date of the signing of the contract, with interest. Landry agreed, according to Cabana's declaration, that if he made default in the payment of the interest for thirty days after it became due, the whole capital and interest would become payable. As security for payment, Landry mortgaged in favor of the plaintiff certain property in the Township of Emberton and the local lawyer asked that the immovables be declared hypothecated for the payment of the debt and that the defendant be condemned to pay \$200.

In his plea, Landry claimed he did not owe the plaintiff anything and asserted that the latter had obtained the obligation from him on his promise to pay \$200 which he never did. The Emberton man contended that the obligation and mortgage had been obtained through fraud and false pretences.

In rendering judgment, the Court took into consideration that the evidence indicated that Landry had been summoned before the Magistrate's Court on a charge against the sale of liquor and another charge of having liquor in his possession for the purpose of sale. He retained the services of the plaintiff as his attorney and, after several continuances, the two complaints were settled in some way, which did not appear in the record, but the defendant was obliged to pay a fine and the costs of the cases. From the evidence of the plaintiff and the deputy clerk of the Magistrate's Court, it appeared that Cabana had paid \$88.45 on Landry's behalf, and he swore that the balance of the \$200 was for his fees.

GODFREY DEAN, NOTED AIRMAN, LOST HIS LIFE

Word of Intrepid Air Pilot's Death in Northern Ontario Received by Friends in Moncton, N.B.

MONCTON, N.B., March 17.—Godfrey Dean, known to many in the Maritimes as an intrepid air pilot, was killed when his plane crashed in northern Ontario a few days ago, according to word received by friends here. Dean was one of the first pilots to fly the airmail out of Moncton to Prince Edward Island and the Magdalen when the service was established. He will be remembered also by the many thousands who witnessed the trans-Canada air pageant, which visited the Maritimes on its tour of the Dominion last summer, as the pilot of the auto-gyro. He was the first man to cross the continent in aircraft of that type and the first to loop the loop in the auto-gyro. A native of England, he saw service in the Great War and at its conclusion came to the Dominion. At the time of his death he was flying a transport plane carrying supplies to Kagaingami Lake in northern Ontario. His mother and a brother in England survive.

THE LOBBYISTS WHO LOITER IN THE LOBBIES

The confessions of R. O. Sweezy that he had hired almost every lawyer in Ottawa as a "claque" for the Beauharnois Canal exploitation of the waters of Lake St. Francis on the St. Lawrence river, is oral proof of the persistence of a paid lobby at the Capital.

Despite this hiring the projectors were able to get through Parliament all they asked for in the way of rights on the great waterway.

It will be a calamity if the Government is forced to take over this work, and by doing so, assume the liabilities and the bond issue from which the campaign funds were so riotously extracted.

Lobbying and lally-gagging with our legislators by smooth young barristers, who sell their services to anyone foolish enough to buy them, is an indication of manner in which the public are despoiled by men who do not even pause at besmirching the reputation of the members and the Senators.

That a change of government is desirable at times is shown in the recent disclosures in the Senate, where five Senators are on trial for breaking the unwritten law that a member should remain true to the spirit of office, and of public service.

Three members of the Senate, McDougald, Raymond and Haydon, were mixed up in the Beauharnois scandal, and are busily engaged in swallowing themselves to cleanse themselves.

One Senator, N. A. Belcourt, has yet to clear himself of selling his influence to a British publisher for \$5,000 cash.

Another Senator, Hance J. Logan, of Nova Scotia, is mixed up in an unsavoury claim for a tramp steamboat which was erroneously cited as being destroyed by a submarine when it merely sank in a storm.

Unfortunately these are all Liberal appointees to the Senate, and this fact permits of a retort that it is a matter of partisanship in politics.

Will this alibi stand in the way of a cleansing of the Senate, so that this body may retain the respect of the people?

Were they high-minded men, worthy of a seat in this august body, they would either resign at once, or at any rate refrain from attendance until they are either impeached or whitewashed.

NO MORE RAILWAY BUILDING AT PUBLIC EXPENSE.

Despite the mess of the Canadian National Railways, upon which have been foisted by politicians all the unprofitable branch railway lines in Canada, there are members of Parliament who are advocating that the public purse be tapped for a thousand mile railway into the Peace River district, which has a present population of 40,000. The cost of \$80,000,000 is like any other government estimate, about half what it will cost, in the finish.

The C.P.R., with a line running to Edmonton, has turned down the proposition as an unprofitable one.

Surely we have gotten beyond these riotous projects, with our hindsight fixed on the Hudson's Bay railway, the projectors of which are gone to the only place where they do not pay taxes.

Eighty or a hundred millions added to our debt at this time would be asking too much of the already overburdened taxpayer.

The Federal Government no longer owns lands in the provinces, and a branch line into a new settlement, so sparsely populated, is only fractionally for the general advantage of Canada.

The Government have said "Wait." But it had been better to be plainspoken and not potter around to be polite, and lay the onus of an alibi upon the present state of the Treasury.

A plain "No" is easiest to say, though the former Premier did twitter one of his evasive promises.

Members who think the Public Treasury is a pork barrel into which they can dip and dip and draw out a chop at will.

To some the seasonal indemnity of \$4,000 a year is untold riches, and they lose their sense of proportion.

SITTING ON TOP OF THE WORLD.

Norton, in Vermont, is the original Spotless Town, for it is a corporation without a debt of any kind. Right on the border line, below Coaticook, on the river of the same name, the town is entirely out of debt, free from bond encumbrances. At the close of the year the town clerk, who is also the Senator from his district, the Hon. E. J. Nelson, presented the town meeting with a clean sheet, showing cash in bank of \$106.90, and receipts overdue from taxes of \$3,242.67.

Think of it, an incorporated town without a

dollar of debt. Norton is sitting on top of the world, and its municipal advisors consist of the Senator, the proprietor of the Hotel Carpenter, George O'Connor, the C.N.R. agent, and H. W. Marsh, a merchant, who are naturally elated at the unique standing of their community. Surely this is worthy of comment, and of commendation, and we willingly do it because we have so many subscribers on the border line who are endeared to us through long association.

Individually we love our American cousins, many of whom are related to us all by family ties, but collectively their blooming Federal Government does not understand Canada or the Canadians.

Interpolating the thought to which we have given expression we again revert to the cordial relations which exist at the Three Villages, where Derby Line citizens think as much of Canada as they do of their own country.

Not far from Norton is Pompanoosuc, where again we have fond subscribers who have Sherbrooke affiliations, and who write us lovely letters.

"THE SEVENTEENTH."

The "Seventeenth of Ireland," or classically, St. Patrick's Day, is the day observed with veneration for their Patron Saint by Irishmen throughout the world. The native of the Green Isle is as great a wanderer and as ardent a messenger of civilization as even the Englishman or the Scotchman. Wherever modern civilization exists there you will find representatives of all three nationalities.

Exactly fifteen hundred years ago Patrick arrived in Ireland, and began his life's mission, which was to organize parishes and build churches. His saintly life won the admiration of his adopted country, and he was canonized for the great work he had accomplished in one single lifetime.

The moral and spiritual power wielded by this great man practically revolutionized the whole country roundabout, beginning in the year 432 A.D. Before his death he had organized parishes and had induced the building of three hundred and sixty-five churches, and had instructed and trained a ministry to carry on.

So here's to "Erin go Bragh!" all done up in the trefail of a generous bunch of Shamrock.

EDITOR'S NOTE BOOK

Every unimproved or unplanted home in Canada can be made more attractive by the judicious use of trees, shrubs, vines, flowers and well-kept grass. The old saying that "a home is not a home until it is planted," emphasizes the necessity and wisdom of planting. Some places have lagged behind in the matter of beautification. This is more noticeable in rural districts. However, there is abundant evidence to show that where intelligent attention is given to this matter the results will be attractive and will enhance the value of one's property, and will urge the whole neighbourhood to emulation. The Home Beautiful is not complete unless it is in concord with the Garden Charming.

It is not so. It is a fallacy, no doubt a lack of knowledge, to say that the British are more heavily taxed than are we in Canada. It is a fallacy to state that our freight rates are lower than are those of the United States. People who say the opposite probably do not know, and do not realize that we pay more in indirect taxation per capita than does the Englishman pay in direct taxation. Our freight rates are twenty-five per cent. higher than the same service in the United States. And we do have more irritating taxes, the daily collection of pennies taken from people by petty exactions which make every second man in the community a collector of taxes.

FRONT WINDOW MUSINGS

True happiness is founded on the rock of a cradle. Another enemy of every good cause is the unpopular man who supports it. The man who is forever talking neither hears nor learns. A lot of people with perfectly good eyes have no foresight.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record. March 17th, 1902. John Dillon, Nationalist, M.P., was suspended from the British House of Commons for calling Joseph Chamberlain a liar. Mrs. Archie Ezley entertained a party of thirty friends at euche, Mrs. A. E. Berwick and Walter Hunting winning the prizes. Joseph Valliere, of Glen Iver, was brought to a local hospital with a badly shattered right hand, caused by the bursting of a barrel of his shotgun. The funeral of Michael Coogan was conducted at St. Patrick's Church by Rev. Father Fisetle. The bearers were D. McManamy, W. Reilly, J. M. Henev, J. Kelly, P. McCarthy and H. Connor. The death of Mrs. Andrew Dunn, the oldest resident of Leeds Township, occurred at the age of 91 years. She was a native of Scotland, but had resided in Canada for over seventy years. Arrivals in town included Cyril Gwyn from a visit to his former home in England; Mrs. Arthur Cowles, of Derby, Vt., to visit her aunt, Mrs. E. S. Foss; Mrs. Lord, of Hull, a guest of Mrs. F. J. Austin. The Scottstown correspondent announced that a checkers' tournament would be held in that town for the championship of the Townships. Gold and silver medals were offered as prizes. H. B. Brown, K. C., was elected president of St. George's Club, with E. Winn Farwell as vice-president. Governors elected were C. A. French, F. C. Thompson, W. E. Paton, J. H. Walsh, Col. H. R. Fraser and James R. Woodward. Dr. T. L. Brown, of Richmond, received a letter from "Silver" White, who had sailed for South Africa for a second period of service. He reported a pleasant journey, the soldiers being given the best of fare and every luxury possible.

Letters to The Editor

WHERE WE LOSE INDUSTRIES

To the Editor, Sir:—We of the Townships, and of Quebec generally, have noted with regret that Ontario has been absorbing ninety per cent. of the new factories.

The manufacturer investigating conditions enquires as to power and labor. He now finds that Quebec is following the disastrous methods abandoned, after due trial, by twenty-nine countries.

The Government, pandering to organized labor, scares the U.S.A. and British manufacturers who are seeking fields where the law of supply and demand is recognized, where the ambitious, industrious and thrifty worker can be promoted and encouraged without fear of being called a scab, where the workman is not deprived of his right to sell his intellect, his education and his brawny arm to the highest bidder.

Organized labor, given rope enough, and backed by a paternal Government, defeats its own ends, vide the railways.

Did the Press, the Chambers of Commerce, the Boards of Trade, the bankers, the citizens generally, respond to the invitation to attend the farcical meetings of the agitator-packed Minimum Wage Board, presided over by a fanatical Government officer? They did not. I did.

It made my blood boil when a foreign-born labor agitator dictated to the tobacco industry, putting out of employment old dependable workmen. His peroration was as follows:

"Shentlemens: Thees industry has now been feeced and the vagabonds will be promulgated next muntbe. Ve cannot prevent you peeding in machines to replace thees vimen. The vimen replaced must be provided mid work. Eff you cannot subpl' all of dem mid nine hours, then ve will reduce to aide house, and eff aide house es too much, then ve will reduce to seex house." He emphasized his dictum by pounding the table.

Quebec will continue to lose out to Ontario. Montreal will sure continue to slip so long as she supplies the aggressive Minister of Labor, and maintains a dictator, supported by labor agitators, to run the Minimum Wage Board.

Abolish both Quebec and the Townships will quickly beat out Ontario.

Yours truly, J. BRUCE PAYNE.

Granby.

"YOU MISCOUNTED"

To The Editor, Dear Sir:—Might I have a wee bit of your enthusiastic columns to tell you that you have miscounted the number of Guerneys herds in the Province of Quebec, when, under the caption of "the Lettuce King," you make Nixon Dean the authority for stating that there were only four herds of the famous golden Guerneys in the whole province.

There are four herds in Stanstead county alone, not possibly as large as Dean's, but they are growing fast. In and around Sherbrooke you have Nixon Dean, also Eric Fisher, of Magog, Carl Dube, of East Bolton, and Arthur Carter's herd, Knowlton; also Charlie Thornton's herd at the Hermitage. In Stanstead we have Gilbert Sarrasin, J. A. Peasley, R. D. Byer & Son, also my own Switz Farm. That makes nine that I know of. There are others. Of course we get a higher price usually for our butter and cream, because of its richness.

SUIT AGAINST DEPARTMENT OF ROADS FAILED

Court Case, Which Involved Action for \$454,566, Dates Back to Spring of 1929.

QUEBEC, March 17.—An action taken against the Roads Department of the Province of Quebec for \$454,566.90 and interest by La Societe Des Ponts and Douglas Lamont Ross, es-qual, was dismissed by Judge Gibsons in Superior Court with costs. The case dates back to the spring of 1929 when the Provincial Minister of Roads awarded the plaintiffs a contract for a section of a new concrete highway to be built from Laprairie to the approach of the Montreal Harbor Bridge, that part known as Lapiniere to Rainville Boulevard. The amount of the contract was for \$720,000 and La Societe Des Ponts noted a cheque for \$72,000 with the Roads Department as security. Counsel for complainants stated that work started during early August, 1929, had been delayed through failure of the resident engineer to supply necessary detailed plans, etc., which La Societe was calling and also alleged that expropriations were slow and that excavation work was retarded by failure of the department to arrange with the Canadian National Railways, Quebec, Montreal and Southern County Railway and the Montreal Light, Heat and Power Cons. for removal of tracks and overhead high tension wires.

In defence the Department of Roads counsel claimed that the tracks and wires did not interfere with the work for which La Societe had been awarded the contract, and that the contract had been broken by mutual consent of President Nicker, of the company, and the Roads Department. Mr. Nicker having stated that the firm was unable to continue the work and that the department should take it over itself.

Organization of the courses is in the hands of Aurele Lacombe, chief of the traffic service.

Let Julia Foster tell you some new ideas she has learned in the beauty shops and smart rendezvous. Watch for her next beauty news.

PERFUME—JUST TOUCH IT TO THE SKIN . . .

YES—my dears—we all use perfume for one reason. But some of us don't know where to use it to make the effect most alluring. Yes, it's right on the skin—never on the clothing. Just touch your perfume stopper behind the ear. Or a drop or two on a small bit of cotton and pat it on as the picture shows.

Beauty in a test-tube

OLIVE OIL for the complexion! Always known to keep skin, soft, supple, youthful.

But can you get enough olive oil in soap? How much, actually, goes into Palmolive? There is the exact amount—in that test-tube at the right. To this generous olive oil content can be directly traced the great benefits of Palmolive Soap to the complexion.

Do you know what is in the soap you are putting on your face? Palmolive tells you. Palmolive is the only large-selling soap made of vegetable oils exclusively. Other Palmolive ingredients are simply palm oils necessary to produce a richer, creamier, more workable lather than possible with olive oil alone.

Over 20,000 of the world's leading beauty experts have for years urged the use of Palmolive Soap.

NEW ABATTOIRS OF AMES PLANT ARE OPENED

Many Visitors Take Part in the Ceremony of an Official Opening of an Industry Which Will Stimulate Live Stock Raising in the Townships.

The Ames' Packing plant and stock yards are open. Mayor Skinner launched the new industry yesterday in true naval fashion, breaking open a bottle of wine on the first animal to enter the abattoir, and declaring the whole industry ready for business.

Among those present besides Joseph Ames, the president, and the Mayor of Sherbrooke were these gentlemen: Alphonse Blais, Marcus Armitage and Joseph LaCombe, together with three from the City Hall staff, Messrs. Ant. Desjardins, the City Clerk, Thomas Tremblay and T. Martel.

Colonel Johnny Bourque, as President of the Chamber of Commerce, represented that body, together with R. G. Davidson, Industrial Commissioner.

Others present were Col. J. S. Beaupre, Walter Mutchler, Andrew Sangster, Daniel J. Stevie, Frank Couture, Leopold Chevalier, H. O'Brady, G. H. Demault, John McChary, superintendent of the Experimental Farm, Edward Kelly, Edwin Ducker, L. W. Dixon, Joseph Therrien, Arthur Theriault, W. E. Lohrop, George Theriault, Allan Forester, and from Coaticook, E. B. Parker.

The two government inspectors, Dr. E. C. Gauvin and Dr. Gendreau were present to put the seal of approval on the beef. The first animal killed and dressed was a prize steer from the herd shipped in by E. B. Parker, of Coaticook, who can thus boast of having the honour to inaugurate the industry from the market viewpoint.

The animal slain was a perfect specimen of the Hereford breed, weighing 1000 pounds on the hooves and yielding 500 pounds when dressed and chilled. This was bought for the Dixon market, and will be on sale at the market stall for the Easter meat display on the Thursday before Good Friday. The shrinkage to 500 pounds gave a yield of marketable and tender beef of 53 per cent.

The Hovey Packing Company bought the first shipment of 26 hogs, all raised on the North Hatley farm of J. B. Reed, one of the best known farmers in the Eastern Townships. These hogs were of the perfect bacon type so popular in England, and the carload had a live weight of 6,280 pounds, a dressed weight of 5,940 pounds, and a chilled weight of 4,971 pounds, a total shrinkage of 1,309 pounds, or 21 per cent.

Col. Bourque was the official weigher for the afternoon. To the visitors it was an interesting and instructive event, and all joined heartily in commending Mr. Ames for his enterprise and ability in bringing to Sherbrooke an industry which will do so much to advance the course of agriculture in the Eastern Townships, and will encourage the farmers who raise cattle, hogs and lambs. The cold storage chambers were also visited, and here in will be found means to store and preserve poultry and eggs and all other produce of the farm.

By inventing a new kind of yeast a baker made bread so light that a pound of it weighed only twelve ounces.

Social and Personal

Mrs. Bertha W. Price, of Massawippi, was a visitor in town yesterday.

Mrs. Vincent Lyon, of River Bend, Que., is visiting Mr. and Mrs. E. N. Lyon, London street.

Mr. L. R. McKee is leaving this afternoon for Montreal to visit her parents, Mr. and Mrs. A. B. Wood.

Mr. Grant Hall, vice-president of the Canadian Pacific Railway, was a visitor in Lennoxville and Sherbrooke yesterday.

Mr. Theophile Marcoux and Mr. J. B. Ruel have returned from a most enjoyable two weeks' trip to New York City and Philadelphia, Pa.

The many friends of Mrs. Antonin Desjardins, King street west, wife of Sherbrooke's City Clerk, will be sorry to learn that she is at present a patient at the Hotel Dieu Hospital.

Miss Virginia Allen, student at Dana Hall, Wellesley, Mass., arrived this morning to spend the Easter holidays at home with her parents, Mr. and Mrs. Harry L. Allen, Montreal street.

Last night the members of the Baraca class spent an evening bowling at the "Y," when it was agreed to select four teams and hold a "chilling" tournament. Some delicious slush also took place on summer activities.

There was an unusually large attendance at yesterday's meeting of St. Peter's Guild, when the members were occupied in sewing for an hour or so. After the work for the day was completed, afternoon tea was served informally, with Mrs. F. J. McKenna and Mrs. J. Haliday acting as hostesses.

Members of the Sherbrooke Hospital Alumnae Association met at the home of Mrs. Ruby MacKay with the president, Mrs. Nelson F. Lohrop, in the chair. After the usual business session a jolly social hour was spent, and later dainty refreshments were served by the hostess.

At yesterday's meeting of St. Andrew's Auxiliary, final plans were made for the benefit tea for the Y. W. C. A. The president, Mrs. A. Johel, presided, and there was a large attendance. Mrs. Muro MacKay, Mrs. W. R. Bell were hostesses at the tea hour, assisted by Mrs. W. S. Varney and Mrs. Gordon Mayhew. Lovely double yellow tulips centered the tea table, while Mrs. J. Sawyer poured tea, while the small tables were given a spring-time touch with vases of pink tulips.

At last night's meeting of the Canadian Girls in Training of Trinity United Church, Miss E. Martens, general secretary of the Young Women's Christian Association, MacKinnon Memorial, carried on a very interesting discussion on "Choosing Your Vocation." Many of the girls took part, and the various opinions expressed showed that the members take an intelligent interest in the serious and practical side of life as well as in sports and amusements. A short business session followed, when it was decided to donate baskets to needy families at Easter-tide.

A special meeting of the dramatic contest committee was held in St. Peter's Church Hall last evening. Representatives of St. Peter's and St. Paul's Church were present, and several matters in connection with the annual dramatic contest were discussed. The contest plays were accepted, namely "A Jack for Every Jill," which will be presented by St. Peter's A. Y. P. A., and "Pooping the Question" by St. Paul's A. Y. P. A. The third play, "The Mysterious Parcel" (non-contest) will be put on by St. Paul's. All three are amusing one-act comedies, and rehearsals will commence at once. After the meeting the visitors were entertained.

Mrs. H. Bruce Fletcher entertained informally at luncheon yesterday at her residence on Queen street, prior to Mrs. Mitchell's bridge party.

Mrs. Gilbert Crosbie, who has been critically ill at the St. Vincent de Paul Hospital for the past six weeks, is very much improved, and has returned to her home in Windsor Mills.

The many friends of Miss Margaret Gelinus will be sorry to hear that she is a patient in the Sherbrooke Hospital, where she recently underwent an operation for appendicitis. Latest reports state that Miss Gelinus is progressing favorably.

The many friends of Mrs. W. H. Jackson, Queen street, will regret to hear that she met with a very serious accident yesterday afternoon necessitating her removal by ambulance to the Sherbrooke Hospital. Mrs. Jackson fell from the verandah of her home, inflicting serious injuries. Further reports following the X-ray are anxiously awaited by her family and friends.

Mrs. M. J. Powers entertained the members of the Union Sewing Circle last evening at her home on Esplanade avenue. There was a good attendance, and after the devotional period the evening was spent in quilting. At the close of the sewing circle delicious refreshments were served by the hostess. The next meeting will be at the home of Mrs. G. Foster, Esplanade avenue.

The Canadian Girls in Training of St. Andrew's Church met last evening in the church hall, where about twenty enjoyed a "bag" supper. After full justice had been done to the picnic feast, all joined in a sing-song, which was followed by the devotional period in charge of the president, Miss Eileen Dunsmore. A short business meeting and physical drill concluded the jolly evening, which closed as usual with the singing of "Haps."

Mrs. Mitchell, "Elmhurst", Dufferin avenue, was hostess yesterday afternoon at one of the most delightful card parties of the season. Contract-bridge was played at six tables, and prizes were won by Mrs. C. D. White, Mrs. W. E. Hume, Mrs. J. B. Beach, Mrs. Robert Newton, Mrs. E. M. Adams, Jr., and Miss Helen Buck. In the tea room, Mrs. H. Bruce Fletcher, Mrs. Malcolm Mitchell and Mrs. F. W. Webster assisted in serving. Spring flowers in profusion, and yellow candles adorned the tea table, presiding at which were Mrs. J. A. McKenna and Mrs. J. T. Morrill, who poured tea and coffee, while the ices were served by Mrs. Dorias Panneton.

Yesterday's meeting of the Baptist Ladies' Aid at the home of Mrs. H. R. Richardson, Magog street, was largely attended, there being nineteen members and five visitors. The president, Mrs. J. R. Byrd, opened the meeting with the reading of a Psalm and Mrs. E. M. Simmons led in prayer. The visiting committee gave an interesting report for the past month, which included thirty-nine sick visits. For the coming month, Mrs. Hopkins and Mrs. J. H. Hunter were appointed as the visiting committee. During the meeting Miss Mary Milford read a play which the members expect to present in the early spring. A very pleasant feature of the meeting was the presentation to Mrs. Richardson of a suitable gift. Mrs. W. P. McVie made the presentation on behalf of the members of the Aid, expressing their regret at her departure from Sherbrooke and extending best wishes to Mr. and Mrs. Richardson and family for success and happiness in their future home in Toronto, whither Mrs. Richardson and children will journey next week to join her husband, who is now established in that city. Mrs. Richardson thanked the members for their lovely gift and kind wishes, saying that her association with the Ladies' Aid would always remain a happy memory of her stay in Sherbrooke. Afternoon tea was served at the close of the meeting. Miss Mary Milford and Miss Margaret Richardson assisting in serving. The tea table, at which Mrs. W. F. Norcross presided, was daintily decorated in honor of St. Patrick, in green and white, and the same pretty color scheme was carried out in the sweets, icing and floral centerpiece.

ST. PIERRE CASE IS NOW BEFORE APPEAL COURT

Momentous Question Is, "Would Jurymen Have Convicted St. Pierre Had Vezina Dube Given Evidence?"

MONTREAL, March 17.—On the answer the Court of Appeal will give to a momentous question hinges the fate of Pierre, alias Albert St. Pierre, of Hereford, who is under sentence of death in St. Vincent de Paul penitentiary, condemned to mount the gallows on May 6th for the part he played in the murder drama in which Rene Malloy, of Norton Mills, Vt., met his death.

The serious problem which confronts the Appeal Side of the Court of King's Bench here is: "If the Sherbrooke jury which found Pierre St. Pierre guilty of the murder of Rene Malloy had had before them the evidence of Vezina Dube, already found guilty of manslaughter in connection with Malloy's death, would they have convicted St. Pierre?"

The question was placed squarely before the Court of Appeals here yesterday, when Philippe Monette, K.C., opened St. Pierre's appeal from the verdict and sentence of death. St. Pierre was to have been hanged tomorrow, but a stay of execution was granted until May 6th because of the appeal.

When St. Pierre was on trial, Dube was also under arrest for the same offence and was consequently not a compellable witness, and the jury which tried St. Pierre heard none of the evidence offered by Dube at his own trial. It is the contention of St. Pierre's attorneys that if the jury had heard Dube's evidence they would not have convicted St. Pierre, because Dube admitted that he had fired the two shots which the Crown claimed killed Malloy. The Appeal Court has allowed the evidence of Dube, his brother, Adelard Dube, and his wife, to be introduced into the appeal record, and is now called upon to determine whether or not the jury would have convicted St. Pierre if they had heard this evidence.

Malloy met his death during a bootleggers' fight which occurred on the Vezina Dube farm, a short distance from the border line separating the Province of Quebec from the State of Vermont. Accompanied by his brother, Phillip, and a friend, Joseph Langlois, both of Norton Mills, the victim went to the Dube farm, where St. Pierre cached his liquor after he had made arrangements with Napoleon Devost, of Coaticook, one of St. Pierre's employees.

Trapped in the barn where Devost had told them the liquor was hidden, the Malloys made a dash for liberty, but the older brother, Rene, was shot through the heart and fell mortally wounded about three hundred feet from the scene of the shooting.

When he faced the Court of King's Bench, Vezina Dube swore he had fired two shots, but had not aimed at anyone. At St. Pierre's trial, testimony was given that St. Pierre had boasted to several witnesses fol-

lowing the tragedy that he had "got" Malloy. He was said to have declared before a number of people, "I got that . . . I have laid for him for two weeks and had an opportunity to kill him. If the same chance presented itself again, I would do the same thing."

St. Pierre set up a defence based on the assumption that when he encountered the Malloys he thought they were trying to steal from him. Against this the Crown set the assumption that Devost, who had sold the liquor to the Malloys and arranged the hiding place, must have told St. Pierre they were coming for it that night. The jury found St. Pierre guilty.

He now contends in appeal that if the jury had had Dube's evidence about firing two shots they would not have convicted. The Appeal Court is faced with the task of deciding what the jury might have done under the circumstances.

Philippe Monette, K.C., and Emile Rioux are attorneys for St. Pierre; the Crown is represented by Wilfrid Lazure, K.C., and Albert Desjardins.

The right of Vezina Dube, awaiting sentence on a charge of manslaughter, to appeal against the verdict brought against him, was also granted. The Hereford farmer's counsel contended that the verdict was unjust as Dube had a right to defend his property and person.

AT THE CITY HALL

Mrs. McGarvey and City Engineer Thomas Tremblay were the outstanding figures at the City Hall this morning. To Mrs. McGarvey the duty of upholding the reputation and dignity of the Irish minority in the City Hall.

This she did in a most capable manner with her friendly Irish smile and green dress. The Irish names on the City staff are rather few and far between. Mrs. McGarvey, if memory serve, was the only lady member of the staff who is Irish. W. L. McSwigan also boasts of a good Irish name, while John Galvin, of the electric department, is another who is celebrating in real Irish fashion today.

Thomas Tremblay, the City Engineer, is a hero, but his fame is in no way associated with St. Patrick's Day. Yesterday afternoon Mr. Tremblay put his life in the hands of the gods, seated himself in J. T. Martel's car and made the maiden trip along St. Francis street.

He was back at his desk this morning, and while he had no official comment to make, he seemed glad that the ordeal was over and that he was again within the safe confines of his office. He simply smiled when asked why he did not make the insight into the operation of this modern project. The affair was pronounced a decided success in every respect and said to function in a most efficient and humane manner.

LOCAL LADY INJURED IN FALL. Mrs. Agnes Jackson, forty-two years old, 23 Queen street, was removed to the Sherbrooke Hospital yesterday afternoon suffering from serious bruises to the face and a possible fracture of the left hip.

Mrs. Jackson was standing on a verandah two stories above the ground, and was looking over the

black-draped plane which took off headed for the Winters' home, where the funeral was held this afternoon. Mr. Fleming was accompanied by Florrie O'Donnell, another member of the Flying Club.

DEATH OF MR. A. A. McRAE IN ATTLEBORO, MASS. Mr. D. C. McRae, Howard Avenue, was called to Attleboro, Mass., yesterday by the death of his father, Mr. A. A. McRae. The late Mr. McRae, although a life-long resident of Attleboro, was well-known in Sherbrooke, through his close connection with the old Peerless Jewelry Company. He was also a keen fisherman and hunter and visited the different fish and game clubs in this district on many occasions. He has not been in the best of health for some years, although his death came rather unexpectedly.

TWO TRUCKS COLLIDED THIS MORNING. Two automobile trucks were somewhat damaged at about nine o'clock this morning in a mishap at the corner of Belvidere and Frontenac streets, when a National Brewery vehicle, driven by A. Guilmette, collided with A. Robert's bakery truck.

Robert was travelling north, turning east onto Frontenac street, while the other vehicle was coming from Frontenac and turning upon Belvidere South when the accident occurred. As the two cars were taking the curve, one is said to have edged to the centre of the road. No one was injured in the collision.

PICTURES APPRECIATED

DEATHS REPORTED

MR. FRANK H. LEE, FITCH BAY, FITCH BAY, Que., March 17.—Death removed a well-known and respected resident from this district, when Mr. Frank H. Lee entered into rest on Wednesday evening, March 17th, after a short illness.

Mr. Lee was born in Fitch Bay on June 16, 1865, the son of Ed. W. Lee and his wife, Delinda Ann Wilson, in the old Lee home, where on July 6, 1885, he was united in marriage to Myra Louise Woodward and resided until his death. Having no children of their own, Mr. and Mrs. Lee adopted five who had been deprived of a mother's care.

Mr. Lee was a member of Golden Rule Lodge A.F. and A.M. Stanstead, and a staunch and loyal member of the Advent Christian Church, every ready to assist in any work in connection with the church.

The funeral was held at the home on Saturday afternoon, the house being filled with many friends and relatives who had come to pay their final tribute of respect.

The service was conducted by Rev. F. W. Walden, of Magog, who spoke words of deepest comfort and hope to the bereaved relatives and paid high tribute to the life and faith of the deceased. Three favorite hymns, "How Far to the City of Gold," "The Land of the Unsetting Sun," and "We the Music of the Twilight" were sung by Mr. and Mrs. C. P. Rider, Miss Marjorie Findley and Rev. Mr. Walden, with Mrs. E. A. Scott as organist.

The bearers were Messrs. G. A. Miranville, Park Wilson, M. C. Miller and Howard Rollins. Interment took place in Brookside Cemetery.

Among the relatives from out-of-town were: Mrs. Maud (Quimby) Corliss, Mrs. Evelina (Quimby) Fitts, Mr. Herbert Perkins, of North Sandwich, N.H.; Messrs. Mr. Walden, with Mrs. E. A. Scott as organist.

The bearers were Messrs. G. A. Miranville, Park Wilson, M. C. Miller and Howard Rollins. Interment took place in Brookside Cemetery.

Among the relatives from out-of-town were: Mrs. Maud (Quimby) Corliss, Mrs. Evelina (Quimby) Fitts, Mr. Herbert Perkins, of North Sandwich, N.H.; Messrs. Kenneth and Ivan Lee, grand-nephews, of Barrie, Ont.; Mrs. Mabel Flanders, of Beebe; Mr. Nelson Woodward and Mr. E. H. Woodward, brothers-in-law, Mr. and Mrs. Frank Brown, Mr. Lee Brown and Mrs. Mildred Reiver, of Tomifon.

MISS ELIZABETH SMITH, who has been spending a few weeks at her home in Waterloo, has returned to Granby.

Mrs. J. W. Johnston entertained a few friends at supper in honor of the birthday of Mrs. J. Johnston, Sr., which occurred on Monday, March 14th.

Mr. Irving Snell, of Bathurst, N.B., is spending a three weeks' holiday with his parents, Mr. and Mrs. Copley Snell.

Mrs. L. Booth, of Warden, has been visiting her aunt, Miss Mary McKerley, for the past week.

Miss A. Norris, of Montreal, is in town caring for her mother, Mrs. F. Norris, who is ill.

Mrs. Taylor, of Richford, Vt., spent a few days last week the guest of Mr. and Mrs. C. H. Bradford.

Mr. and Mrs. Harley Chartier were in Roxton last week attending the funeral of the late Mr. Louis Chartier.

Miss Ethel Adams was the recent guest for the week-end of Mr. and Mrs. C. R. Reynolds at South Roxton.

Miss Elizabeth Nunn of Montreal, is the guest of her sister, Mrs. J. G. Fuller and Mr. Fuller.

Mrs. Donald Dozols spent a few days in Montreal over the week-end with her sister, Miss Margaret Tyrrell. Among those who accompanied the hockey boys to Montreal on Saturday evening for the final in the Inter-High School Hockey League, which was played at the Forum between Huntington and Granby High School, were Mr. and Mrs. C. W. Miller, Principal, and Mrs. C. A. Adams, the lady teachers on the High School staff, the Misses Burton, Findlay, Barrington, Hills, McCourt, Tomalty and Derby and many others. Granby High School was defeated by three to two.

Miss Eileen Payne and the Misses Alice and Mary Fuller spent the week-end in Montreal.

On Saturday evening it was ladies' night at the Granby Curling Club and the ladies were treated to a chicken-pie supper by the gentlemen members. A mixed bonspiel followed. The following rinks won: Miss Inez Ruth; Mr. J. Troie; Mrs. J. D. Parker; O. V. Giddings (skip); runner-up, Mr. C. P. Taylor; R. W. Mitchell; Mrs. C. W. Jackman; Gerald McDonald (skip).

Miss Dara Berwick and Miss Gabrielle Lanchamp each received a sunshine basket from friends and scholars of the Consolidated School. They are both improving also little Miss Ivy Weir.

Miss Ella Vintiner, R.N., is caring for Mrs. Oliver Bennett and baby son, Donald.

Mr. and Mrs. Lloyd Hooker were in East Angus on March 14th. Master Wells Hooker was the guest of Master Cedric Jenkinson on the same day.

Mr. I. Bailey, Miss Reta Batley, Mr. Frank Judge were the guests of Miss Irene Ross, Hardwood Flat, on Saturday and Sunday.

Mr. and Mrs. R. W. Jenkinson and Master Cedric Jenkinson were guests at dinner of Mr. and Mrs. Harold McKenzie on March 13th.

DEATHS REPORTED

MR. FRANK H. LEE, FITCH BAY, FITCH BAY, Que., March 17.—Death removed a well-known and respected resident from this district, when Mr. Frank H. Lee entered into rest on Wednesday evening, March 17th, after a short illness.

Mr. Lee was born in Fitch Bay on June 16, 1865, the son of Ed. W. Lee and his wife, Delinda Ann Wilson, in the old Lee home, where on July 6, 1885, he was united in marriage to Myra Louise Woodward and resided until his death. Having no children of their own, Mr. and Mrs. Lee adopted five who had been deprived of a mother's care.

Mr. Lee was a member of Golden Rule Lodge A.F. and A.M. Stanstead, and a staunch and loyal member of the Advent Christian Church, every ready to assist in any work in connection with the church.

The funeral was held at the home on Saturday afternoon, the house being filled with many friends and relatives who had come to pay their final tribute of respect.

The service was conducted by Rev. F. W. Walden, of Magog, who spoke words of deepest comfort and hope to the bereaved relatives and paid high tribute to the life and faith of the deceased

The following quotations of today's prices on the New York Stock Exchange are furnished by McLennan & Walsh:

MARKET MAINTAINED GOOD UNDERTONE AT NEW YORK

NEW YORK, March 17.—The stock market maintained a fairly good undertone in listless trading today. There was a slight sag in the early dealings but most losses were regained, and toward mid-day, the list as a whole was about unchanged to slightly higher.

Country and Dairy Produce Prices

MONTREAL, March 17.—The egg market tumbled 2c a dozen as regards Ontario fresh eggs arriving graded. The current quotations became 20c for extras, 24c for firsts and 20c for seconds, the former two grades being 2c down, while seconds were unchanged.

BASEBALL FLASHES

ST. PETERSBURG, Fla.—Bill McKechnie, of the Braves, at last has something to smile about. Wally Berger has come out of his batting slump and Bill Waters, trying out with the team for a second time, is showing some good stuff at third base.

SAVANNAH, Ga.—It's beginning to look like the third base position on Shomo Collins' Red Sox nine will be decided with the bat. Pickering, McManus, Miller and the rookie Bludoff have all been showing a fine brand of ball at the hot corner.

BILOXI, Miss.—The Washington Senators count a new regular on the pitching staff today because of Jimmie Weaver's three hitless, runless innings against the Baltimore Orioles yesterday at Guleport. Weaver, who used to be an Oriole himself, gave Manager Walter Johnson a chance to say "I told you so" after the Senators won the game by 6 to 3.

LOS ANGELES, Cal.—Having fared second best in an eight game series with the New York Giants, the Chicago Cubs today continued their experimenting against the Portland Club of the Pacific Coast League.

The set against the Giants revealed the younger pitchers have made headway in conditioning for the National League race, and that the veterans, Charlie Root and Pat Malone, particularly, have a lot to do before they are ready.

TAMPA, Fla.—Ernest Lombardi is slated to be the first string catcher of the Cincinnati Reds this season.

WEST PALM BEACH, Fla.—The results of two of the extra games between the regulars and the Yankinns of the St. Louis Browns indicate the club will have plenty of pitching ability this season, with prospects considerably less bright for slugging strength.

LOS ANGELES, Cal.—The New York Giants have been kidding J. Francis Hogan about his excess weight, but the big catcher not only knows how to "take it," but he can turn some of the jokes back on his tormentors.

Ordered to catch a full game yesterday in a double extra game, and admitted as well to "stop crashing into the grand stand," Hogan replied by getting two bases on an infield hit and winning the ball game with it as well.

ST. PETERSBURG, Fla.—What started out to be an experiment with the New York Yankees, stationing the newcomer Frank Crosetti at shortstop and moving Lynn Lary down to third, now appears to be the permanent arrangement of the Yanks' line-up.

JUNIORS GAVE INTERMEDIATES A HARD BATTLE

(Continued from Page Ten.) leagues during the season. Last Sunday, when substitutions were required on both sides owing to illness and absence from the city, the game ended in a four-all deadlock. However, last evening the Intermediates were hard pressed from the opening whistle and just managed to eke out victory.

The post-season exhibition was well worth watching. The cold weather had allowed Superintendent Norrey Price and his aides-de-camp to furnish a fine sheet of ice, and speed proved to be the feature of the fixture. Camire drew first blood for the Intermediates in the initial frame, while Laurent Boisvert scored off effective blockades to keep the Juniors off the score sheet during the first stanza.

Before the younger team could successfully penetrate Boisvert's guard, Maurice Parsons had put his team two points in the lead by beating Lacoursiere from a scramble in front of the Juniors' cage in the second period. Entering the final session with a slim margin, the Intermediates increased their lead through Wilfrid Gauvin, who rushed alone to outwit Lacoursiere. Boisvert put the Juniors again in the hunt, but the Intermediates hung tenaciously to their lead to romp home with a three to two victory.

The game was handled by Jack Powers and Lorenzo Couture in a satisfactory manner. The line-ups were: Juniors goal Lacoursiere; A. Morin defences Deslauriers; P. Fontaine; Gauvin centre; Salois Couture wing; Y. Boisvert Parsons R. Morin. Substitutes: Intermediates—Couture, Camire and Turgeon, Juniors—Carrier, Letarte and Katadotis.

GOLFERS CONTINUE WINNING STREAK

The St. Francis Golf Club representatives kept their season's sheet clean from defeat when they asserted their authority over the Webster Motors squad by a score of two to one. Earlier in the week the Webster squad held the golfers to a six-all deadlock, but a different story was told last evening in the second clash between the two teams, and only for Gingeus, between the Webster goal posts, the St. Francis score would have been augmented by several points.

As it was, Maurice Parsons, who occupied the St. Francis citadel, deserved a shutout. Webster's only goal was registered when Crochetie attempted to pass out to one of his team mates at the blue line and the pass was intercepted in front of the nets by Allard, whose shield caught the bespectacled net-minder unawares. St. Francis had previously drawn first blood through Len Bonner, who executed one of his famed individual rushes to convert his own rebound. With the score deadlocked, both teams strove to get the "break," which fell to Gus Authier and Joe Salvail. Gus was in a good scoring position, but saw his sidekick with an open net facing him.

DULL TRADING THIS MORNING AT MONTREAL

Interest Switched in Noon Trading from Charles Gurd to International Nickel.

MONTREAL, Que., March 17.—Trading on the Montreal Stock Exchange was extremely dull this morning and leading stocks sold off in small fractions.

Trading interest switched in noon trading from Charles Gurd to International Nickel, which eased one-eighth to sell at nine. Gurd common was unchanged at 16 and the preferred showed no change at 106.

Brazilian Traction registered a loss of one-quarter at 13 5-8 and Canadian Pacific Railway shares sold off to 17 3-4, down one-quarter from yesterday's close. Smelters lost one-quarter at 69 1-2. McColl-Frontenac, Massey-Harris, National Steel Car and a few miscellaneous stocks were all unchanged in price.

MIGRATION SETS RECORD IN THE UNITED KINGDOM

For First Time in History More People Are Entering United Kingdom Than Leaving It.

LONDON, March 17.—For the first time in history more persons are entering the United Kingdom than are leaving it, said J. H. Thomas, Secretary for the Dominions, in the House of Commons yesterday.

The Minister assured a questioner the question of migration would be taken up at the Imperial Economic Conference at Ottawa.

The balance of emigrants over emigrants last year was 26,030, Mr. Thomas said. "We don't propose to encourage migration, however, unless there is a real opening," he added. "At Ottawa we shall discuss the economic position of the Dominions and the best method of dealing with it."

SHOOTING RESULTS OF THE DOMINION MARKSMEN SHOOT

Results received today from Montreal regarding the second of the Dominion marksmen competitions place the Sherbrooke teams third and fifth for the province of Quebec. The following are the Quebec results: 1—C.N.R.A., No. 1, 493; 2—C.N.R. A., No. 2, 483; 3—Sherbrooke, No. 1, 480; 4—Quebec Rifle Association, 467; 5—Sherbrooke No. 2, 463.

Other results are: Nova Scotia: 1—Truro, No. 2, 478; 2—Truro, No. 1, 472; 3—Glace Bay, No. 2, 466. New Brunswick: 1—Saint John Rifle No. 1, 482; 2—Machine Gun Rifle, 480; 3—Saint John Rifle No. 2, 477. Ontario: 1—Kingston Sea Cadets, 494; 2—Red Patch No. 1 (Toronto), 490; 2—Oshawa Rifle, 490; 4—Sault Ste. Marie No. 2, 488; 5—North Toronto No. 2, 487; 6—North Toronto No. 1, 486; 7—Sault Ste. Marie No. 1, 485; 8—Red Patch No. 2 (Toronto), 483; 9—C.N.R. A. Cochrane, 484; 10—Ottawa, No. 1, 482; 10—Peterboro, 482; 11—Hamilton, 473; 12—Sault Ste. Marie, No. 3, 467; 13—Jarvis St. (Toronto), 467; 14—Kemptville, 465; 15—University of Toronto, 460; 16—Ottawa, No. 2, 457; 17—(Toronto), No. 3, 434; 18—Renfrew, 405. Manitoba: 1—Winnipeg, 491; 2—Virden, No. 3, 440; 3—Virden, No. 1, 417; 4—Virden No. 2, 400. Alberta: 1—Wayne, No. 1, 481; 2—Wayne, No. 2, 472; 3—Calgary, 467.

In the report from headquarters it is noted that there has been a general falling off in the scoring, but some of the teams made very fine increases.

He passed to Salvail, who tallied the counter which gave victory to the Park avenue aggregation.

Gus Authier was the "bad man" of the game, incurring two penalties from Referee Frankie Mitchell. His persistent efforts, however, made up for the banishments which deprived his team of his services for four minutes. Allard received the only Webster penalty.

St. Francis were without the services of Jack Hatcher, Mike Dines and Mack McLaughlin, but Doddie Breckenridge was in uniform to give Lepage four substitutes to replace his regulars. Eddie Dorman was added to the motor squad's roster and turned in an effective game. The line-ups were: St. Francis goal Webster; Parsons defences Gingeus; Powers Bonner; Salvail centre; R. Webster Choquet wing; Bob Webster Authier. Substitutes: St. Francis—Deslauriers, Breckenridge, O'Donnell and Crochetie.

DIFFICULTIES BEFORE PARLEY ARE NUMEROUS

Adoption of Tariffs by Great Britain Does Not Solve Problems of Economic Conference, Says London Journal.

LONDON, March 17.—One of the obstacles to the success of the Imperial Economic Conference at Ottawa, declared the Times in a leading editorial yesterday, "is the comfortable but quite unwarrantable assumption in some quarters that everything will be plain sailing now that Great Britain has adopted a tariff policy and gives preferential treatment to the dominions."

The Times adds that it certainly clears the way for co-operation but emphasizes there is not the faintest possibility of any dominion removing its duties on British imports just because Great Britain now taxes foreign imports and is ready, subject to reciprocal agreements, to continue to admit dominion imports duty free.

"Though it is certainly possible some of the dominions may consider it advisable to modify to some extent the tariff policy hitherto followed, giving complete security against outside competition to any industry which could be established locally," the Times continued.

FEW RESIDENTS OF MARITIMES WOULD SECEDE

Advantages and Disadvantages of Confederation from Maritime Viewpoint Stressed by Dr. Cyrus MacMillan.

MONTREAL, March 17.—The prospect of a railroad linking Atlantic ports with Upper and Lower Canada and the west brought the Maritime Provinces into Confederation after long opposition to the scheme, Dr. Cyrus MacMillan, Professor of English at McGill University told the Maritime Women's Club here last night.

He believed Confederation had been brought about by the promise of a railway, something for which the Maritimes had long striven, and this was fulfilled in 1876 when it was undertaken and pushed on towards Toronto and the West.

The period from 1854 to 1866 was one of splendid prosperity for the Maritimes, Dr. MacMillan declared, and it was a time when these provinces enjoyed reciprocity with the United States. The wooden ships built by the Maritimers carried commerce abroad, and Howe thought that if the Maritimes remained outside Confederation they would retain their power of bargaining. He changed from an opponent of Confederation into an advocate of the scheme, but the advantages which it had hoped would accrue to the provinces, despite the promises made.

In spite of disadvantages, Dr. MacMillan declared that he did not think many people in the Maritimes would advocate separation from the rest of the Dominion.

Restriction of immigration had stopped the influx of peoples who lacked the traditions cherished by the Maritimers, but in future years, when Canada was again subjected to them, it would be the Maritimes that would save the country.

The traditions of the Maritimes were heroism, industry, neighborliness, the communal spirit, religion to a certain extent, and loyalty to the land of adoption, Dr. MacMillan concluded.

URGE TARIFF BE PLACED ON SUNDAY PAPERS

Imposition of Five Cents a Copy Duty Would Increase Annual Revenue of Country by \$500,000

OTTAWA, Ont., March 17.—A tariff of five cents per copy on all United States Sunday papers entering Canada is being urged upon the Government. Representations have been made to the administration, it is learned, that imposition of such a duty on American Sunday papers would increase the annual revenue of the country by \$500,000 per annum.

While the matter is before the Government, no definite decision on the representations has been made. would advocate separation from the rest of the Dominion.

CHICOUTIMI IS PROMISED HELP BY TASCHEREAU

Representative Delegation Waited Upon Premier Taschereau and the Members of His Cabinet Yesterday.

QUEBEC, March 17.—Employment for 2,000 at present jobless men in the production of 40,000 tons of pulp for which a market has been found in Europe was arranged here yesterday at an interview between Premier L. A. Taschereau and a large delegation from Chicoutimi and district. The delegation was led by Mgr. C. R. Lamarche, of Chicoutimi, J. E. A. Dubuc, member of Parliament for Chicoutimi, Gustave Delisle, member of the Legislative Assembly for Chicoutimi, and Mayor Jules Tremblay, of Chicoutimi.

Exemption of a water tax of eighty-five cents per ton of pulp produced for a period of five years and temporary suspension of tax arrears to the amount of \$300,000 in favor of the Chicoutimi Pulp Company, whose plant has been idle for a number of years, was agreed to by the Premier. The delegation stated that these measures would make possible arrangements with the banks for financing the reopening of the mill.

Premier Taschereau stated his Government granted the requests "in an effort to help the people of Chicoutimi in their time of stress."

DEMONSTRATION WAS ARRANGED BY HITLERITES

They said the Hitlerites apparently planned to march on the larger cities and assist police in maintaining order in the event of Hitler's election in the first balloting, but the Prussian minister said they were prepared to seize the power in the event of interference.

German political police and espionage forces, it was learned, have been working quietly on the case, and recently uncovered stores of arms and ammunition which they said were Nazi property. The stern measures adopted by Herr Severing, and which apparently were carried out with the cognizance of officials of the Reich, were believed in authoritative circles to have quelled any possibility of further trouble.

—A STATEMENT BY THE GILLETTE SAFETY RAZOR COMPANY

THE Gillette Safety Razor Company in fairness to its millions of customers feels called upon to make a confession and a statement that are undoubtedly unique in the annals of Canadian business. It is with deep regret and no little embarrassment that we do this in order to tell you frankly what actually happened about a year ago when we introduced a new Gillette razor and blade.

For more than twenty-nine years the Gillette Safety Razor Company has been the acknowledged leader of its industry. Consistent with a long established policy of improving our product whenever ways and means could be found for so doing, we developed a new razor and blade. Soon after this was done, we found to our great disappointment that the public was not as enthusiastic about the new Gillette blade as we had confidently expected it would be.

We learned why. Our equipment had been over-taxed in producing millions of new razors and blades to supply the market at one time. Quality had been sacrificed without our realizing it. Immediately everything possible was done to bring quality back to the established Gillette standard. More than this, we determined to prevent the possibility of similar trouble occurring in the future. Accordingly we set out to develop or find a better production process, impossible as this seemed of accomplishment at the time. We consulted one authority after another, laid our problem before qualified experts everywhere. Finally we discovered and purchased for our ex-

clusive use and at tremendous cost a manufacturing process that was amazingly superior to our own. By this method, modern and automatic, millions of blades can be made at top speed without variation in quality. Furthermore, it produces an incomparably fine, smooth-shaving blade. We incorporated refinements of our own invention and installed the new machinery, throwing out all of our old equipment. Factory procedure was changed from start to finish. Now we are ready to announce today's Gillette blade. It has been on the market for several months, and the reception accorded it has been enthusiastic beyond our fondest expectations. We felt sure we had a blade of extraordinary quality, but we wanted to be positive beyond doubt before making a formal announcement. Today we have that assurance—the unstinted praise of shavers throughout the Dominion. Every dealer has this Gillette blade. We believe none of the old blades are in stock. The green Gillette package remains unchanged but the blade is new in every respect, quality, performance, and method of manufacturing. You can try today's Gillette blade without risking a cent. If you don't agree it is superior, return the package to your dealer and he'll refund your money. Our reputation depends upon the proof of these claims. Being absolutely certain of the quality of this Gillette blade, we do not hesitate to make this statement over our signature.

DETROIT HAS FIRM HOLD ON THIRD PLACE

Falcons Added Another Point to Their Advantage Over Boston by Playing Draw With Chicago Last Night.

TORONTO, Ont., March 17.—Two points today scored between the Detroit Falcons and the hard hitting Boston Bruins in the gruelling race for third place in the American division of the National Hockey League.

Two goals in the first seven minutes of play terminated the scoring in the Black Hawk centre. Vic Ripley sent the homesters into a single point in six minutes of play but Doug Young soon gained the equalizer, accepting Emmr's pass at the blue line and skating in for a clear shot at Gardiner.

Boston's chances of reaching the charmed circle will be just about ended tonight when they invade Detroit in one of the three games programmed. Should the Bruins lose to the speedy Detroiters they can count themselves out of the running. A win, however, will still give them a mathematical chance of overtaking the Falcons.

The Maple Leafs wind up their season's schedule in New York when they tackle the Rangers at Madison Square Garden. Defeated in Boston on Tuesday, when their goalie was penalized for a trip, the Leafs will be after a win tonight in order to maintain in the running with the Montreal Canadiens for the top rung of the Canadian division.

The sole other fixture brings together the Americans and Canadians in Montreal. The New Yorkers pulled a great surprise on their home ice Tuesday by routing the World Champions, by five to two, but a win if Montreal is altogether a different story.

SUBURRY AND OTTAWA IN ONTARIO JUNIOR FINAL TORONTO, March 17.—Sammy Rothchild's highly touted Sudbury Wolves are today Ontario's junior hockey finalists. Conquering Toronto's mighty Marlboros last night in one of the greatest hockey battles ever witnessed in the Queen City, the Wolves earned the distinction of being the first Northern Ontario junior aggregation to represent the province in the second round in the Memorial Cup play-downs.

The green and white shirted puck-chasers from the north won the first game of the total goal series by three goals to nil, and although they were handed a jolting four to two reverse last night, they captured the round by five to four. They will now meet the Ottawa Shamrocks in the next round of the play-downs leading to Memorial Cup honors. The first game of the total goal series is carded for Toronto on Friday, with the return match in the Capital City on Monday.

Never in years have Torontonians been treated to such a routing of junior tussles. Entering the game three goals down, the Marlboros immediately went out to reduce the lead. Aided by two Sudbury penalties, the Wolves ran in three goals in the first period within twenty-six seconds and tied the round. A goal early in the final frame sent the crown-crowned squad to the front, but the northerners fought back gamely and tied the round at four to four before the sixty minute bell. Just seven minutes of the overtime period had elapsed when Sudbury slipped in the winning goal.

In the only game scheduled for tonight in the eastern hockey play-downs, Montreal A.A.A. Juniors travel to Moncton to engage Antigonish in the first of a two-game, total-goal series. The winners of this round meet either Sudbury or Ottawa for the Eastern Canadian title.

college team lost a keenly contested game played in the university rink last night by the score of two to nothing. Both teams put plenty of pep into their playing, and the third period especially provided thrills for the spectators. The College team showed greatly improved form, and had their offensive been a little better would undoubtedly have kept the visitors guessing. As it was, the Lennoxville aggregation took the lead in the opening frame, held it doggedly through the middle session and clinched the decision by a second counter scored during the final stanza.

The visitors owed both their goals to the efforts of their defence players, Miss McMurray and Miss Cann while Miss Harris and Miss Povey tried hard on the forward line. Miss Mead and Miss Austin were best on the Purple line-up, while Miss Savage showed up well in goal.

Lennoxville assumed the lead soon after the game began when Miss McMurray tallied on a lone effort. Excitement ran high in the second session when it looked as if the college girls might tie the score, but Miss Cann was able to thwart all their efforts. Miss L. Cann ended the scoring when she blinked the red light during the final period, making the count Lennoxville High 2, Bishop's 0.

WESTERN PLAY-OFFS FOR AMATEUR TITLES WINNIPEG, Man., March 17.—All Dominion championship hockey play-offs west of Manitoba will be ended tonight. Tonight's senior game at Weyburn, Sask., and Junior game at Trail, B.C., will settle what teams are to come east to meet the winners of the Manitoba-Thunder Bay play-offs in both divisions. At the same time the junior Manitoba-Thunder Bay series will close with a game at Winnipeg.

Chief interest centres in the two junior games, as in neither case has one team got a dangerous lead. Fort Arthur and Winnipeg Monarchs played the first game of their series to a three to three tie and enter the final stretch at Winnipeg tonight on an even footing.

The Trail juniors have the slight advantage of a one goal lead over Saskatchewan Wolves as the two teams start tonight's game at Trail. The Trail lads are champions of British Columbia and have eliminated the Alberta titlists.

LENNOXVILLE MIDGET SQUAD BEAT PIRATES

Johnston's Red Jackets Displayed Excellent Form Last Night in Defeating Their Older Rivals by 5 to 1.

The Lennoxville Red Jackets, speedy midget team, turned the tables on the Pirate juveniles in a decisive fashion at the Minto Rink last night when they vanquished the older lads by the overwhelming count of five goals to one.

Johnston's Red Jackets, who will journey to Montreal next week in search of the Provincial midget hockey championship, were in brilliant form for the exhibition contest last night, and more than made up for the one to nothing decision which they allowed the Pirates at the Arena in their initial encounter, and those who saw them in action last night will have high hopes for their chances of "bringing home the bacon" from Montreal. The Lennoxville aggregation had a decided edge in the play, and after establishing a safe lead during the first and second periods, they pushed aside the Pirate offensive as Rus Johnston tallied three sparkling goals in as many minutes to clinch the decision.

Johnston was outstanding for the winners and the impressive total of four goals which he piled up marks him as a real prospect for major hockey teams within a few years. Dave McCrea and Henry Trenholme teamed up well with their speedy right-winger, and the latter secured the second goal for his team. The Red Jackets' attack was marked by smooth combination and their tight defensive system was in evidence during the opening part of the final session when the visitors launched a four-man attack.

Burgee was outstanding for the losing outfit, while Boisvert secured their goal on a speedy drive from in front of the citadel. The visitors came within striking distance in the final period when Boisvert's goal made the score two to one. Their hopes, however, were shattered by Johnston's spectacular playing, the youngster sending a trio of counts past Perusse.

Johnston started the scoring shortly after the opening whistle sounded when he sneaked in on the Pirate defenceman and flipped the disc into the net. Play was fast and fairly even until the second session, when Trenholme added another to the Midget count by nudging the disc across the line during a scramble in front of the Pirate net. The visitors forced the play with a four-man attack as the final session started, and their efforts brought a goal when Boisvert tallied. Johnston then replied to this challenge with three goals in a row to put the game "on ice" for the Red Jackets.

JUNIORS GAVE INTERMEDIATES A HARD BATTLE

St. Francois Teams Staged Interesting Exhibition Last Night—Golfers Defeated Webster Motors Aggregation.

The St. Francois entry in the Sherbrooke Intermediate County Hockey League took the measure of the St. Francois Juniors, Eastern Township champions, and the St. Francois Golf Club sent the Webster Motor aggregation down to defeat in the doubleheader staged at the Arena last evening. Both issues were decided by a one-goal margin, the Saints' Intermediates gaining victory by the odd goal in five, while the golfers handed their opponents a two to one reverse.

Both St. Francois squads led the same teams that participated in the (Continued on Page Nine.) Club last evening, defeating Jim Fuller's rink in the play-offs by a count of nine to six. The two squads with the highest net scores in the first round played off for the prizes. In the first stage, Jim Watson defeated P. N. Boucher by six to three and Jim Fuller won from W. H. Harris by eleven to four. The rinks were:
