## A FIERCE TORNADO

Causes the Death of Four People and the Injuring of Seven at Winnipeg.

Winnipeg, July 15.—Four killed and at least seven injured is the record of last night's tornado, when without warning, the high brick wall of the former Hoover and Town manufacturing building, located on James street, near Louise, crashed down on the two adjoining houses, leaving death and devastation in its wake. The storm is not paralleled in the history of Winnipeg. It was almost exactly at the stroke of midnight, when the rain storm was at its fiercest and a hurricane was playing great havoc in the city that absolutely without warning, the whole west side of this four-story brick building fell. The crash could be heard for blocks around, and the frame cottage adjoining was crushed like match wood, the debris being hurled through the brick wall and the roof of the next room, occupied by Mrs. Fineran, as a boarding house. There were in the front room of the cottage at the time Dugal Ferguson, Bert White, Will Steinhoff and also two young women, who had entered the house but a few minutes earlier to seek a haven from the storm. On the verandah, with his hand on the door knob, was John Steinhoff. As the eruption of bricks started, he escaped to the street with his life, and witnessed the destruction of his home. Persons who arrived on the scene five minutes later, testify that the brick was flying even then. Steinhoff afterwards was able to give no coherent account of the occurrence, being badly bruised and his system shocked. Of those in the cottage all but Ferguson perished. While the cottage owned by the Steinhoff brothers was entirely demolished the upper part of Mr. Fineran's three-story boarding house was also wrecked, five of the inmates narrowly escaping suffocation after the falling of the roof, and one of them, F. Bennett, having the lower part of his body pinned by timbers. The others were injured more or less by inhaling the dust, and are William Daly, Bert Gladhill, A. McComb, who were all on the top floor and Kate Dow, a domestic servant who was sleeping in the attic. The work of rescuing and pulling out of the bodies from the wreckage occupied nearly two hours time, several doctors being hastily summoned. The Reilly sisters, William Steinhoff and Bert White were all dead when their bodies were extricated. Steinhoff's death was evidently due to suffocation, as also the case of one of the Reilly sisters. The escape of the other inmates of the houses was miraculous. William Steinhoff was about 24 years of age, and had worked for eight years for Hoover & Co. White worked in Poyntz's drug store. He appeared to be about 25 years of age. He had only recently come to the city. Of the injured F. Bennett is a barber whose home is in Acton, Ont. His lower limbs are crushed. John Steinhoff is badly crushed and may die. Dugal Ferguson is also seriously hurt. Numerous electric wires were put out of commission and several incipient blazes necessitated the attention of the fire department. The furious wind making even the smallest fires dangerous. In the country, reports indicate great damage was done, and especially to standing grain. Farm buildings collapsed in many places, and many head of cattle are reported killed. Lack of telegraphic communication with provincial points prevent the procurement of details wrought outside the city. Campers in summer resorts near the city were deprived of shelter and belongings by the furious blow, and the damage to these alone will foot up a big item.

## JAPANESE DISLODGED

### RUSSIAN FORCE

Complete Occupation of South Sakhalin as a Result.

## A STUBBORN RESISTANCE.

Russian Forces in Northern Korea Have Been Driven Gradually Northward but Expect to Make Resolute Stand.

Tokio, July 16—2 p.m.—It is officially announced that the Russian centre holding Darline and vicinity was attacked July 11 and offered stubborn resistance. The attack was renewed at dawn of July 12, when the Japanese dislodged the Russians, driving them in the direction of Mauka. This victory ensures complete occupation of south Sakhalin by the Japanese. Eighty prisoners were taken by the Japanese, included among whom was Lieut. Maxmaiti. Four field pieces, one machine gun and the ammunition warehouses were captured. The Japanese loss was about 70 men killed and wounded. The Russians lost some 100 men.

Admiral Yamada, commanding a squadron consisting of the Russian cruiser Izumrud is a complete wreck and that there is no hope of reloading her. The vessel lies beached heading west southwest on the northern point of the southern entrance to Vladimirov Bay about 200 miles northeast of Vladivostok.

Reliable information has been received here that the Russian forces in northern Korea have gradually been driven northward since last month and now hold only two positions south of the Tumen River. The latest information from the front, however, reports the advance south of a large force from Vladivostok, but it is believed the Russians will halt at Nokiok, north of the Tumen, and concentrate their forces to make a resolute stand there against the Japanese advance. The rainy season has set in in Manchuria and prevents movements on a large scale.

Gunshu Pass, Manchuria, July 16.—Reports that the Russian Army is in a precarious situation appear to be without foundation. Investigations made by correspondents of the Associated Press show that neither flank has been turned and that in fact the Russian wings are more advanced than the centre. The Japanese centre is strongly fortified. Many siege guns have been placed along the Changtufu-Nanchen line and these is a triple ring of forts commanding the Mandarin road. The Japanese are using novel elephant-trap style of entrenchments consisting of ditches covered with platforms which are balanced in the middle and which tilt into vertical positions under the feet of attackers.

Nikolskoi, Asiatic Russia, July 16.—Four Japanese torpedo boat destroyers reconnoitered Olga and Vladimir bays, north-east of Vladivostok July 14 and July 15. They made soundings and examined the shores and were evidently investigating the possibilities of landing troops. They examined the coast of the Russian cruiser Izumrud by means of lights.

Tokio, July 16.—Premier Katsura, on the authority of Emperor Mutsuhiko has signed a pardon for Captain A. E. Bougain and Maki, his Japanese clerk. The amnesty includes freedom from police surveillance. Captain Bougain, a prominent French resident of Tokio and formerly attached to the French Legation there, was sentenced July 10th to ten years at hard labor on the general charges of being a spy.

Tokio, June 30.—(Correspondence of the Associated Press.)—The story of the loss of the Japanese cruiser Takasago in December last, only published since the destruction of Rojevsky's fleet, is a military classic. After the Takasago struck a mine and began to sink, the crew assembled in perfect order on the upper deck, there to await the battle with stormy sea and death. Captain Ishibashi ordered every man to use a life belt, and directed that no one jump overboard until the ship actually sank. The crew then joined in singing the national anthem, cheering the Emperor and lastly they sang "Gallant Sailors," their five hundred voices ringing out above the storm. After that, as a relaxation, the men were allowed to smoke, and thus they went calmly to their deaths. Of five hundred men who went down with the Takasago only 133 were rescued.

St. Petersburg, July 15.—Japanese warships have appeared to the northward of the island of Sakhalin and are presumably meditating a descent on the island.

Tokio, July 16.—It is officially reported that General Linevitch's forces number nearly 400,000 and it is reported that he is extensively using water transportation to bring forward men, supplies and ammunition. An official who recently returned from Manchuria expresses the opinion that Linevitch plans a great demonstration to synchronize the meeting of the plenipotentiaries, but that he does not intend real aggression. It is understood that Capt. Bougain returns permanently to France.

THREE MEN SHOT DEAD.  
Lee City, Ky., July 16.—Three men were killed or Holly Creek yesterday as the result of a feud of long standing. The dead are Frank Smith and his two sons, William and Manfred. Scott McQuinn is said to have admitted killing all three. Six years ago a brother of Scott McQuinn's was killed, it is said, by Wm. Smith and Wayne Taubler. Both men were convicted for the crime and Smith just had been liberated from the state penitentiary after serving a five years sentence.

BOMBS WERE THROWN.  
Kutais, Trans-Caucasia, July 15.—During the rendition of a musical programme in a public garden here today two bombs were thrown. No one was killed.

## SUNKEN SUBMARINE

Long Series of Mishaps Attended the Work of Raising the Boat.

Bizerta, Tunis, July 15.—The submarine boat Farfadet, which sank at the entrance of the port of Sidi Abdallah July 6, was towed into dry dock to-day after ten days incessant efforts to raise her. The salvage operations which were conducted by Admiral Aubert assisted by 250 sailors and a large staff of engineers have been attended throughout with a long series of mishaps. The second day after the accident when members of the crew were yet alive the submarine was brought to the surface and the rescue of the men was thought a matter of a few minutes but the cable snapped and the submarine sank into the deep mud. Five successive efforts to raise the vessel likewise proved unsuccessful. To-day, however, under the supervision of Admirals Fournier and Aubert the Farfadet was raised and towed into the Sidi Abdallah arsenal. The hull of the submarine was covered with slime but it was undamaged. When the door of the Farfadet was opened there was a rush of noxious gases from the decomposing bodies of the fourteen men who had perished in her and great emotion prevailed among the naval officers and the men who had assisted in raising the vessel. Powerful deodorants were immediately introduced into the vessel and the ventilators were started. An inspection of the Farfadet shows that her crew employed every imaginable device in their attempts to escape. The authorities have decided to allow complete disinfection of the submarine before taking out the bodies.

Bizerta, Tunis, July 16.—The task of extracting the remains of the dead crew of the submarine boat Farfadet, which sank at the entrance of the port of Sidi Abdallah July 6 and which was towed into dry dock yesterday, is proceeding slowly. Owing to the displacement of the machinery through the action of the water some of the bodies became firmly fixed beneath the engines and other apparatus and the workmen were compelled to attach ropes to the bodies in order to disengage them. It is now apparent that four of the men who occupied the forward compartment were drowned immediately the accident occurred. Lieut. Robin was found lying on his back with his arms extended. Nearby was the quartermaster whose jersey caught in a hook close to the faulty hatch which caused the catastrophe evidently while trying to escape. Eight men in the after compartment were those who responded to the drivers' rapping during the two hours after the sinking of the submarine. From the condition of the interior of the vessel it was seen that they struggled hard against their late fate and endeavored to stop the leaking hatch with their jerseys. The water, however, gained while the air supply diminished. Only four bodies have as yet been recovered and these are almost unrecognizable.

KILLED AT LODZ.  
Lodz, July 15.—Three persons were killed and six wounded by a volley fired by Cossecks during an anti-government demonstration in Kamienna street this afternoon.

THE SHAH IN PARIS.  
Paris, July 15.—The Shah of Persia arrived here this evening with an imposing party, included in which are several of his sons and their instructors. The Shah was received with military honors and escorted to his hotel, after which official visits were exchanged. The party will remain here several days seeing the sights and later will attend the nautical festival at Havre.

SECOND BOULANGER  
Paul Deroulede Object of a Serio-Comic Agitation in Paris.

Paris, July 15.—The amnesty proclaimed by President Loubet on Friday permits the return to France of Paul Deroulede and others condemned to exile for sedition by the High Court, has awakened a somewhat serio-comic agitation in which the whole country is interested. Deroulede and his compatriots indignantly spurned amnesty in the form of a pardon claiming that it placed them in the same category as pardoned criminals and Deroulede has informed his friends of his intention to go to Austria until his country's peril urgently requires his presence here. Deroulede is a sort of Boulanger and has a large popular following, which seriously believes that he sooner or later will rescue France from her present condition. Therefore his pronouncement haughtily refusing to return until the opportune moment arrives attracts widespread attention. Deroulede puts forth a programme calculated to win the public, his main policy being resistance of the encroachments of Germany and condemnation of the Government's course in permitting Germany to force the retirement of foreign Minister Delcasse. Count Delour Saluces and Andre Buffet, fellow exiles of Deroulede have returned to Paris. Each however, maintains an opera bouffe aspect by addressing to President Loubet an insulting telegram disclaiming pardon and saying that they returned in spite of executive clemency. The government thus far has ignored the tactics of the former exiles apparently not considering serious their popular appeals or their intimation that they will arouse new agitations against the existing authorities.

All disorders caused by a bilious state of the system can be cured by using Carter's Little Liver Pills. No pain, griping or discomfort attending their use. Try them.

## ROCKED BOAT TO

### INSPIRE CONFIDENCE

Three People Were Drowned as a Result.

## CRAFT WAS OVERTURNED

Six People Drowned While Bathing in the Waters About New York—Life Guard's Heroic but Fatal Action.

Dover, N.H., July 16.—Two men and a woman, mill operatives, lost their lives in a boating accident on Willend's pond here to-night. Two other occupants of the boat were rescued in an exhausted condition. The dead: Eva Thibault, 18 years, daughter of Canille Thibault, of Gonic; Philan Langlois, 25 years, of this city, and Peter E. Damdoorajan, 35 years, of this city. Those who were rescued were Henry L. Lanouette and Annie Daurdauc, both of Dover.

According to the story of one of the survivors, the boat was well weighted down by the five occupants. Miss Daurdauc became alarmed, and to allay her fears Langlois, it is said, stood up in the boat and began to rock the little craft from side to side. The boat was soon capsized and the five were thrown into the water. Lanouette and Miss Daurdauc clung to the overturned boat and were rescued by persons on shore. The other three sank almost as soon as they were thrown out. The bodies were recovered late to-night.

New York, July 16.—Six persons lost their lives while bathing in the waters about New York to-day. John Smith, a life guard at the Washington Heights baths, perished in a brave but vain attempt to rescue Norman Flaminier, a boy who was unable to swim and had been swept out of his depth by the current. Oscar Carlson was drowned near the same spot an hour later. The others who perished were Jas. Childersworth, Z. Giacomo and F. Seaning.

ATTEMPT TO MURDER AN ADMIRAL.  
Naples, July 17.—An attempt was made early this morning to murder Admiral Mirabello, brother of Admiral Mirabello, the Italian Minister of Marine, who is residing at Portici, a small coasting and fishing port, and residential town on the Bay of Naples. The Admiral's wife was seriously injured while defending her husband.

TWENTY-TWO VICTIMS OF HEAT.  
New York, July 15.—Despite the slightly lower temperature and a brisk northwest breeze, the deaths from heat to-day reached the highest number of the summer. There were 22 victims. This is accounted for on the score that the humidity in the last week has weakened the constitutions of many persons, who finally succumbed to the climate conditions. The fatal cases were confined largely to infants and to persons of advanced age.

NEW SEAL FOR DOMINION.  
Ottawa, July 16.—The Secretary of State has received a despatch from Downing street announcing that a new seal for the Dominion of Canada made at the Royal Mint, England, has been forwarded to Ottawa. There is also published a copy of the Royal Warrant authorizing the use in Canada of this new great seal, and directing that the old one be returned to the Imperial authorities to be defaced. The great seal is changed with every change of sovereignty and is in the custody of the Secretary of State.

MISTOK SON FOR RUFFLA.  
Littleton, W. Va., July 15.—Tilden Bass, 12-years-old, was shot and killed early to-day by his mother who mistook him for a ruffler. The boy arose in his sleep and wandered about the house. His mother heard him and quietly secured a revolver. Soon afterward she saw a form on the roof of a porch moving stealthily through her bedroom window and she fired. It was sometime before she summoned sufficient courage to go down stairs where she found the lifeless body of her son. It is feared that the shock may prove fatal to her.

## MOB SOUGHT LIFE

Of Five Negroes Accused of Complicity in a Horrible Crime.

Montgomery, Ala., July 16.—At 10 o'clock to-night Governor Jenks received the following telegram from Gadsden, Ala.: "My jail and prisoners confined therein threatened by mob. Prisoners in jail charged with rape and murder of white woman. Need military assistance. Answer." The Governor immediately wired Captain L. B. Raney, commanding the Gadsden company of the State troops to place his troops at the disposal of the sheriff and to keep the executive office advised of further developments. At midnight nothing further had been heard from the scene of threatened lynching.

The negroes in the Gadsden jail are Vance Gardner, Wm. Johnson, "Ed" Johnson, "Black" Richardson, Jefferson Alford and Fannie Mayo. Their alleged victim was Mrs. S. D. Smith, white, a widow. The crime was committed Saturday night. Early Sunday Vance Gardner, reported discovering the woman's dead body. The police found her nude body lying partially concealed in some bushes by the roadside three quarters of a mile from Gadsden. Mrs. Smith had been attached on the roadside and after having been repeatedly assaulted, was dragged by her hair down an embankment over rocks and stumps into the clump of bushes, where she was left after efforts had been made to conceal the body. The details of her condition were shocking. Her neck was broken. A pair of scissors and a case knife found "close to her body, evidently aided her in the struggle.

A mob of three hundred people gathered on Broad street in Gadsden at the jail demanding that the doors be opened. One young man had the rope ready to swing Vance Gardner, one of the negroes implicated in the killing. Sheriff Chandler and Judge J. H. Disque were prepared to meet them. Company C, with first Lieutenant A. R. Brindley in charge, was called out and had pickets out. Representative Burnett and Judge Disque made talks and the mob dispersed, there being less than one hundred men now present. The mob lacked a leader. Lieutenant Brindley, with his men, Sheriff Chandler and Judge Disque are determined to protect the negroes. The coroner's jury has been in session all day and has just adjourned until Monday.

GRANDDAUGHTER OF GENERAL SCOTT DROWNED.  
Easton, Ind., July 15.—Miss Wynne Lawrence, the 18-year-old daughter of Mr. and Mrs. Isaac Lawrence, of New York, and who was a granddaughter of the late General Winfield Scott Hancock, was drowned to-day while bathing in Miles river.

THE CANADIANS IN PARIS.  
New York, July 16.—A special cable from Paris to the New York Herald to-day, says: Two hundred Canadian manufacturers, accompanied mostly by their wives and children, have just paid a visit to Paris, and have been received royally by representatives of the French Chamber of Commerce, and the Theatre Francaise, and were conspicuous at the military review on July 14 at Longchamps. The delegation was headed by Mr. W. K. George, of Montreal.

MUTINY RUMORS UNTRUE.  
St. Petersburg, July 15.—Admiral Wrenius, chief of the general staff of the navy, says that the report of a mutiny on board and the sinking of the battleship Catherine II, circulated in Vienna and printed in the United States, is without foundation. An examination of the battleship Kniaz Potemkin, which is at Sebastopol, shows that her boilers are in a bad condition owing to neglect, but that there is no damage to her machinery, aside from that done by water in the engine compartment.

LAW AND ORDER IN POLAND.  
Warsaw, July 16.—General Maximovich, the Governor-General, has issued an order forbidding illegal assemblies, processions and gatherings in the streets throughout Poland. The Government now feels strong enough to enforce the fullest order to take stern measures against all manifestations.

## TAKE BIG CONTRACT

Start from Winnipeg, Circle Globe, and Reach Quebec Within Three Years.

Winnipeg, July 15.—Starting from Winnipeg to make a complete tour of the globe and get back to Quebec city before the end of 1908 is the task which has been undertaken by J. N. Millette and Joe E. Talbot, of St. Boniface. The tour is to be made for a wage of \$5,000, and the start will be made from Winnipeg on August 1. There is to be no restriction as to the mode of transportation and the travellers will make use of railways, steamboats, hacks or any other means of locomotion which they may see fit. They are to work their way, and have not the right to accept money except in case of illness.

Both men are residents of St. Boniface. Mr. Millette was for twelve years a commercial traveller for Godoin, Maloney & Lawrence, of Montreal. He is one of the few who in 1897 made the overland trip into the Klondike by way of the Mackenzie river route, arriving at Dawson with three dollars in his pockets. His companion, J. E. Talbot is bookkeeper for Guithaut & Co. At each place visited the globe trotters will obtain the signature of the mayor and principal city officials, to show that the visit has been genuine. Following are the points on the itinerary which have been outlined for the tour: San Francisco, Honolulu, the Philippines, Yokohama, Hong Kong, Hanoi, Saigon, Singapore, Australia, Sumatra, Borneo, and Java, Calcutta, Ceylon, Aden, Obock, Madagascar, Cape Town, St. Helena, Congo, St. Louis (Senegal), Gibraltar, Morocco, Algiers, Tunis, Naples, Alexandria (Egypt), Jerusalem, Constantinople, Odessa, Varsovie (Russian Poland), St. Petersburg, Berlin, Vienna, Geneva, Cologne, Brussels, Antwerp, Edinburgh, London, Paris, Marseilles, Barcelona, Madrid, Bordeaux, Avyres, Rio de Janeiro, Guaymas, Vera Cruz, Mexico, Cuba, Florida, New York, Quebec.

## The Quebec Chronicle

QUEBEC, JULY 17, 1905.

### THE PLAINS OF ABRAHAM.

As they stand to-day, the historic Plains of Abraham are neither ornamental nor useful. They are of little value to anybody, and it has become a crying shame that a spot which in years gone by was so attractive and interesting, should remain as it is to-day, through the apathy or neglect of the city fathers. Why not restore the famous battle ground to its old sphere? There was talk a long time ago of converting the Plains into a park. But nothing has come of that idea, nor does there seem to be any prospect of the scheme being realized. To the minds of very many of our citizens, it would be well if the Mayor and Corporation would take a lesson from Quebec's past history, and give back to our people the Plains, to be used as they were formerly employed as a popular pleasure ground, and breathing place.

### SESSIONAL INDEMNITY.

Word reaches us from Ottawa to the effect that the sessional indemnity for Senators and members of the House of Commons will be raised from fifteen hundred dollars to two thousand dollars, owing to the length of the session this year. It is expected that prorogation will take place to-morrow or Wednesday. Some of the legislators on both sides of politics were strongly in favor of making the allowance \$2,500, but the Premier refused to accede to that demand, and in that opinion he was seconded by Mr. Borden, the leader of the Opposition. In raising the indemnity to two thousand dollars, the Government has interposed conditions, to which the members of both houses must conform. Each member, we learn must sign an attendance roll daily, and for every day that he is absent from roll call, eight dollars will be deducted. It is expected that by this means our statesmen will be more attentive to their duties, and less neglectful of their public obligations to the country.

### DEATH OF MR. GEORGE PATTERSON.

The death of Mr. George Patterson is regretted by a very large number of our citizens, among whom for many years he was a conspicuous and deservedly popular member. He had reached the patriarchal age of seventy-seven years, but he bore them so well that few realized that he was so old. In early life he was a prominent figure in the social life and activity of this city, where he was born and bred. The greater part of his youth and manhood was spent here, but in 1849 he went to California and afterwards to Australia, when the gold fever was at its height. A man of generous impulse, strict integrity and kindly disposition he made many warm friends. Sometimes, he affected a brusqueness which found a mild vent in repartee, but he never bore resentment towards anybody for any length of time. He will be much missed in this community and especially in St. Peter street, where he was for many years a familiar figure. Mr. Patterson espoused Miss Reeve, daughter of the late Lt.-Col. Reeve, some years ago, who survives him. The Messrs. Boswell are his nephews.

### AMERICAN SILVER CURRENCY.

As many of our older readers will remember, about thirty-five years ago, Canada was overrun with United States silver pieces. These coins became a nuisance and a positive loss to the Government, for they replaced our own coinage, out of which the country makes a reasonable profit. Canadian coins are not accepted in the United States, and except in some of the hotels even our bills are rejected. In the Dominion, however, American money in paper or in bullion, passes freely at full face value, our tradesmen, bankers, railway companies and others, being glad to get it. A movement is now on foot to free Canada of an abnormal quantity of United States silver. Messrs. E. S. Clouston, General Manager of the Bank of Montreal; B. E. Walker, General Manager of the Canadian Bank of Commerce; D. B. Wilkie, General Manager of the Imperial Bank of Canada; and John Knight, Secretary-Treasurer of the Canadian Bankers' Association, have had an interview with Mr. Fielding, Finance Minister, and Mr. J. M. Courtney, Deputy Minister of Finance. The question was thoroughly discussed, and as a result, it is quite probable that the American silver collected by the banks will be forwarded, at an early date, for credit of the Receiver-General to the Bank of Montreal, in New York. Mr. Knight says that although the arrangements for the collection and shipment of American silver have not yet been perfected, it will be done soon. When the Department of Finance is advised of the receipt of such

silver from any one of the banks, instructions will be issued for payment to the bank, shipping the said coin of an equivalent amount in new Canadian silver from the office of the nearest Assistant Receiver-General. The express charges must be paid by the Department of Finance.

In answer to another question, Mr. Knight said: "Although the general managers of the leading banks having branches in the West differ as to the amount of American silver in circulation, our association is in possession of information which warrants the belief that if the plan of shipment proposed be successfully carried out, the seigniorage, that ancient prerogative of the Crown, by which it claims a percentage for coining bullion, will add a very considerable sum to the Government coffers. In a word, it will make a profit out of the Canadian silver which will replace the American silver thus shipped out of Canada."

Mr. Knight also submitted a printed circular issued by the United States Treasury Department relative to the rules governing the shipment of American silver:—

1. Money must be assorted in denominations.
2. No half dimes (5-cent pieces), or silver three-cent pieces to be mixed with the dimes.
3. No foreign imitated or defaced coins, to which paper or any other substance has been attached as an advertisement, or for any other purpose, will be received. Reduction by natural abrasion is not considered imitation.
4. Coppers must be sorted in bags of \$10 each.
5. Nickels (5-cent pieces) must be sorted in bags of \$50 each.
6. Dimes (10 cent pieces) must be sorted in bags of \$500 each.
7. Quarters, half dollars and dollars must be sorted in bags of \$1,000 each.
8. No silver, copper or nickels (5-cent pieces) to be sent in rolls, but to be loose in bags as above mentioned.

The secretary-treasurer was then asked what would happen in case of a dispute in the count, and he declared that the count of the United States Treasury is absolute, and has to be accepted, hence the necessity on the part of the Canadian bank officials to exercise the greatest care in the make up of the silver for shipment.

He also added that the small commission allowed to the banks by the Canadian Government for attending to the collection and shipment of this American silver will not cover the cost of the labor involved. The banks, he declared, are only too ready to assist the Minister of Finance in his desire to secure, if possible, the circulation of home silver in the Canadian West, where three-quarters of the American silver now in circulation is probably located.

Giving his own opinion Mr. Knight stated that if activity were displayed by the Canadian banks in the collection and shipment, he thought that within a year, which was the time decided upon for the test, American silver to the amount of a quarter of a million would be returned to the United States for redemption.

### FRENCH-CANADIAN FRENCH.

The old scandak about the French language, as spoken in the Province of Quebec, and pronounced to be a jargon by ill-informed Parisians, has been revived by a correspondent of the Pall Mall Gazette. As a matter of fact, the French spoken here is very good French. Our early settlers two hundred years and more ago, brought the tongue from Picardy, Normandy, and the centre of France, just as they carried to the new country, their herbs, plants and flowers, which we enjoy in profusion to-day. Many of the new settlers were members of the sea-faring craft and they incorporated into the language the terms of their calling, applying to the land the sea phrases of their nativity. Balliser le chemin, a nautical term of much significance, is still used, and in the parishes of the Moisie district, sailor talk of Jacques Cartier's time is colloquial. But we have in Lower Canada no patois. In Scotland, in Ireland and in England, we have county idioms. The Yorkshireman has his broad dialect, and so has the Lancashire man. It is said that in Dublin the purest English is spoken. Naturally enough, our early settlers brought with them their accent, which is often flat and has survived the centuries. But all the same it is very good French grammatically, is understood by the people who use it, and is strong idiomatically. The writer met some years ago, in the salon of a refined French-Canadian lady, of Quebec, the wife of a learned judge, at an afternoon tea, a French Admiral and several members of his fleet. The conversation drifted to a talk about speech, a few words about words as it were, and the question was asked His Excellency,—French Admirals, we believe, enjoy that luxurious title—do

French Canadians speak good French? The gallant sailor said, "Certainly they do, I never heard better. Some of their phrases appeal to me particularly, for they have the sea aroma, but their correctness, in speech and in writing is absolutely true. I noticed now and then a county idiom emphatically pronounced, but what matter. It denotes simply the antiquity of his family and establishes the identity of his great grandfather."

### THE THEATRICAL TRUST.

New York, July 14.—Announcement of a new combination of actors in America against what is known as the theatrical trust was made to-day by Lee Shubert of S. S. Shubert and Lee Shubert. The leading companies in the new combination are those headed by David Belasco and Mrs. Minnie Maddern Fiske. Lee Shubert will manage the line of theatres which will be placed at the disposal of Mr. Belasco, Mrs. Fiske and others. The new combine will back fifteen companies on the road, and such actors as Sarah Bernhardt, Ada Rehan, Jefferson De Angelis, Henry Miller, Lillian Russell, David Warfield, Blanche Bates, Bertha Golland, Robert Hilliard, Mrs. Fiske, Bertha Kalish and Mrs. Leslie Carter. These actors, under the new management expect within another week to have a sufficient number of theatres on their own circuit, in America and England, to play in the year round. Mr. Shubert announced to-day that his company has fourteen playhouses under its control, including theatres in New York, Philadelphia, Chicago, St. Louis, and London, England, and that he would within a week be able to open about half a dozen more theatres to his attractions. Besides these places, the new combination is counting on the support of independent houses all over the country. The administration, by the Theatrical Syndicate Managers, of a contract which Lee Shubert says he made with them, agreeing to pay them 25 per cent of the profits on all of the syndicate's attractions booked at his theatres, was the cause of his break from the "trust" ranks. His friendliness toward David Belasco during the last two months, he said, was a further cause of trouble.

## THE MAN ABOUT TOWN

All is not gold that's guilty. The horse has been described as man's best friend, but the umbrella is a close second.

There is no reproach coming to the British royal family on the score of race suicide.

What has become of the Russian Navy? Just after dusk last evening two strange warships were seen steaming rapidly up Montmorency Falls.

Some men more often exhibit the cloven breath than the cloven hoof.

This is the era of combines. In France they have discovered a burglary trust. What next?

The Ozavs, Comedy Jugglers, that work at the Rustic Theatre, Montmorency Falls have the cleverest act of its kind ever seen in this part of the country.

A bachelor is not nearly as contented as his married friends think he is.

The fun of pretending to like drama more than vaudeville is that our friends pretend to believe us.

A girl's idea of romance is a man who wears a woman's ring on his finger and looks sadly at it.

Clint and Bessie Robbins, this week at the Rustic Theatre, have an act which combines singing, dancing, pantomime and acrobatic stunts. Their work is a revelation.

Don't measure a man's sincerity by the vigor of his handshake.

A married man is seldom older than he looks.

"What foolsthesse mortals bee."

Balloons are the only thing hot air will float.

Of course the Canadians who tramped on an American flag in London, Ont., weren't real Canadians. Of course they were cranks, and equally, of course, no commonwealth is bound by the action of its cranks. The truth is that Uncle Sam is a pretty good fellow, and that one of his best friends in all the world is Johnny Canuck.

A vote for the most popular institution in Quebec would surely result unanimously for the 8.30 special theatre train every evening for Montmorency Falls.

It seems a shame to repeat it, but it is some comfort to know that "It is very hot in Kansas."

The lighting of the Rustic Theatre and adjacent grounds so closely resembles the accepted idea of Fairyland that a well-known habitue of the Park has committed himself in poetry as follows:—

"The lights that shine so bright to-night,  
In this our grand theatre;  
Are not the lights that shine so bright  
Way out in Colorater."  
"But if the lights they should go out,  
As lights, they sometimes do,  
We know they're out  
Because they're out,  
A-root-tee-toot-tee-too."

No sense to the darn thing at all, you know.

The Thin Man's Danger.

He can't resist disease germs—that's why he's such a mark for consumption. In this land of plenty, thinness is wickedness, especially when it's so easily overcome with Ferronzone. This remarkable tissue builder makes you fat quickly; it does so by forming blood that's rich, nourishing and health-giving. Ferronzone supplies the nutriment needed by wornout nerves, rapidly constructs muscle and fatty tissue. The form fills out, the cheeks redden, proving that weight is being added. To be well and stay well, use Ferronzone. Fifty chocolate coated tablets in a box for fifty cents or six for \$2.50 at all dealers.

SIGNIFICANT WRECKAGE.

The Japanese have always pretended that they only suffered slight reverses since the commencement of the war. However, after the last bombardment of Port Arthur, when the Japanese fleet had retired, the attention of the Russians was drawn to a wreckage which the waves had thrown on the shore. The wreckage was immediately seized and it was established that the wreckage was a box of the celebrated Marchant's Scotch Special Old Highland Whisky, which was supplied to the Japanese navy. This incident would lead to the belief that one of the Japanese cruisers had foundered during the engagement. The Russians, however, lost no time in emptying the bottles which fell so unexpectedly into their hands.

THE ROUND TRIP FROM QUEBEC TO ROBERVAL AND CHICOUTIMI, BY RAIL THROUGH THE LOVELY LAKE AND MOUNTAIN SCENERY OF THE CANADIAN ADIRONDACKS.

Over the Saguenay River and back to Quebec by steamer, including all the beautiful lakes and resorts of the Lower St. Lawrence, is without doubt one of the most varied and delightful tours on this continent. # SPORTING EVENTS THE WORLD OVER

## BASEBALL BOOMING

Good Crowds Witnessed the Matches on Saturday and Sunday.

Baseball was the leading sporting attraction in town on Saturday and Sunday, and the increasing interest in the game in this vicinity was strikingly evidenced by the large crowds of spectators which assembled to witness these two matches. On Saturday afternoon the Quebec Club were defeated by the Buffalos and yesterday afternoon the Quebecers defeated the Canadiens. There was considerable excitement for the sports in both games.

On Saturday afternoon the Buffalos acquired a comfortable lead early in the game, and though Quebec bucked up somewhat in the last three innings, their opponents were too far ahead to be in danger. For the Buffalos Bogardus pitched nice ball. Quebec started in with McMorow in the box, but changed to Owens, McManamy was hurt and Stevenson replaced him as catcher, Brown going on to fill the vacancy. The teams:—  
Buffalos:—Young, Steers, Murray, Read, Morris, Masses, Drolat, Bogardus (pitcher), Harris (catcher.)  
Quebec:—Conway, McMorow, Stevens, Beauchamp, Brown, Murphy, Williams, McManamy, Owens (pitcher), Stevenson (catcher.)  
Umpires—Martel and D. Power.

Score by innings:—  
Buffalos..... 1 3 2 4 3 3 0 0 3—19  
Quebec..... 1 1 0 2 0 0 2 4 2—12

Yesterday's match between Quebec and Canada was an exceedingly close one, the former team winning out by the narrow margin of one run. The Quebecers tried out Owens in the box for a couple of innings, and then switched to McMorow. The "Kid" was more in his old form than on the previous day and delivered the goods in a very satisfactory manner. Rochon did the twirling for the Canadiens and appeared to have lots of speed. The game was nip and tuck throughout, the score being tied repeatedly. The teams:—  
Quebec:—Conway, Owens, Williams, Stevens, Beauchamp, Brown, Murphy, McMorow (pitcher), Stevenson (catcher.)  
Canadien:—A. LePage, A. Shields, J. Duchesneau, A. Launier, E. Fontaine, M. Moisan, X. Cote, Rochon (pitcher), A. Cote (catcher.)  
Umpire, D. Power.

The score by innings:—  
Canadien..... 3 3 0 0 1 2 1 2 0—12  
Quebec..... 4 0 2 0 3 1 2 1 3—13

There was to have been a match on the Point du Lievre grounds yesterday afternoon between the Rock City and Riviere du Loup teams, but the latter telephoned that they were unable to come and the match had to be declared off.

## "CAPS" AND "SHAMS"

Were the Winners in Saturday's Matches---Games in Ontario.

Ottawa, July 15.—Capitals defeated Montreal by 9 goals to 2 in today's N.A.L.U. match at Varsity Oval. The Capitals refused to consent to the playing of George Finlayson and Albert Dade, formerly of Brantford, and the much talked of professionals did not appear. Barney Quinn, who was to have played goal for the Senators, did not do so and only "Simon Pures" figured in the match. Contrary to expectations, the visitors proved poor opponents for the locals who had the victory won after the first quarter. It was one of the cleanest exhibitions of the National game seen here for some time and only a few players were penalized. The Capital defence was strong and the home seldom played more effectively. Brilliant combination spectacular stick handling and excellent speed characterized the work of the Capital attack and the defence seemed impregnable. The Montrealers lost scores of golden opportunities by not boring in on the flags, their slow passes being intercepted repeatedly by the local capitals. The Capitals scored two in the first, four in the second, and three in the third quarters while the wearers of the winged-wheel tailed in the initial and final period.

Three thousand spectators attended. The teams were: Capitals, Robertson, Ralph, Marsh, Pringle, Shea, Starrs, Ashfield, Butterworth, Murphy, Allen, Gaul and Eastwood. Montreal, Muir, Neville, Cameron, R. Finlayson, Angus, McKerrow, Nolan, Ward, Hamilton, Liston, McLaughlin and Scott. Referee, Matt Murphy, Montreal, and D. H. Reynolds, Ottawa.

St. Catharines, Ont., July 15.—By the one-sided score of ten goals to two the Athletics defeated the Chippewas of Toronto, here to-day in the senior C.L.A. game. The playing was rather lousy and the two thousand people present showed little enthusiasm. Rochon, the visitors' goal tender, ran out from his net and struck Kalls of the Athletics, a deliberate blow for which Referee Brown Jackson of Seaford, sent him to the fence. Outside of this the game was void of roughness.

Montreal, July 16.—The match between the Nationals and the Shamrocks here yesterday was won by the latter team by a score of 9 goals to 5.

Toronto, July 15.—Teumseh had little trouble in taking Brantford into camp in the senior C.L.A. match at the Island this afternoon, although the score of 7 to 2 hardly represents the play. The Brantford's lost many chances to score in the second quarter through a lot of wild passing. It was at this period that the home team were at all pressed. The game throughout was one of the cleanest ever seen at the Island. There were no mixups and the penalties handed out were of the minor sort and never went beyond five minutes. Referee F. C. Waghorne had little to do, and his rulings were always satisfactory. The crowd was one of the largest of the season, there being about 5,000 present.

## VICEREGAL MATCH

Quebec Cricket Club Meets Team from Governor-General's Household.

On Saturday afternoon the Quebec Cricket Club played a match with an eleven captained by Major Paske. The home players went to the bat first, and compiled 189 runs for the loss of nine wickets, when the inning was declared closed. The chief scores were: Bigg, 37; Massey, 24; Burstall, 19; not out; Ogden, 17 and Mills, 14. The visitors showed good batting form, especially Williams, 16; Capt. Newton 13, H. B. Price 13, not out, and Major Paske. During their inning 68 runs were made which left the local club a good margin on the day's play. The following is the score:—

Quebec C. C.

Morris, b. Grant.....	7
Macintyre, b. Williams.....	10
Ogden, run out.....	17
Bigg, b. Rawland.....	37
Mills, c. Paske, b. Williams.....	19
Golwin, b. Grant.....	19
Burstall, not out.....	19
Staveley, b. Grant.....	3
Burt, c. Paske, b. Rawland.....	0
Caruthers, not out.....	7
Extras.....	27
Total for nine wickets.....	189

Major Paske's Team.

J. T. Williams, b. Massey.....	16
L. Grant, b. Massey.....	0
A. Seaby, b. Massey.....	0
Capt. Newton, b. Massey.....	13
A. Rawland, c. Macintyre, b. Massey.....	3
Major Paske, b. Massey.....	13
H. B. Price, not out.....	3
Lord Bury, run out.....	2
G. Blissett, b. Massey.....	4
Mr. Clinton, c. Morris, b. Burt.....	0
Mr. Rump, b. Massey.....	1
Extras.....	8
Total.....	68

During the afternoon His Excellency Lord Grey and other members of the Vice-Royal party were spectators at the match.

## STH ROYAL RIFLES.

The following scores were made at the last practice on Saturday at the ranges at St. Joseph de Levis. A fish tail wind prevailing, rendered accurate shooting very difficult:—

Corpl. F. Martin.....	200	500	600	71.
Pte. J. Goudie.....	26	31	29	86
Pte. Wm. J. B. Fraser.....	29	25	28	82
Sgt. J. Murray.....	27	29	29	76
Col.-Sgt. F. Godman.....	27	34	19	79
Staff Sgt. Dewfall.....	17	26	18	61
Pte. P. H. Hartley.....	29	28	28	87
Pte. G. Pelton.....	22	15	12	49
Pte. J. Young.....	19	16	13	48
Sgt. T. Moran.....	20	18	10	48
Pte. Roy.....	19	14	9	42
Pte. Courtney.....	16	10	10	36
Pte. Larrie.....	30	0	0	13

## THE MOROCCAN CONVENTION.

Tangier, July 16.—The governments of Great Britain and Spain have accepted the invitation of the Sultan of Morocco to attend the international conference on Moroccan reform on condition that the contents of the programme to be discussed by the conference be communicated to them before hand.

## A GENEROUS GIFT.

Toronto July 16.—J. Ross Robertson has given the Hospital for Sick Children \$75,000 for a nurses' home to be erected as a memorial to his first wife and only daughter. The building will be five stories high and will contain about 100 rooms.

## THREW WIFE OUT OF WINDOW.

New York, July 16.—Mrs. Katie Morris was thrown out of a fifth in West 40th street by her husband, an ice-man, with whom she had quarrelled. She was picked up unconscious and died after being taken to the hospital. Her husband was arrested.

## PEARY'S SHIP SAILS.

New York, July 16.—The Roosevelt, in which Captain Robert E. Peary hopes to reach the North Pole, started on her long voyage at 3.10 p.m. to-day. Captain Peary and a party of guests were on board at the start and remained with the ship on her trip down the bay, but they left her at the Narrows, returning to the city on a navy tug. Captain Peary started to-night by rail for Sydney, C.B., where he will join the ship. A launch, bearing a party of excursionists, accompanied the Roosevelt along the bay, and nearly collided with her. The Roosevelt was saluted by many steam and sailing craft on her way to sea. She passed out the Narrows at 4.40 p.m.

## STRENUOUS TIMES IN CHICAGO.

Chicago, Ill., July 16.—It was decided to-day that the express drivers formerly employed by the seven railway express companies will remain on strike for the present at least. The express drivers union took a referendum vote on the proposition. A serious riot between union and non-union teamsters was averted to-night. Nearly one hundred non-union teamsters who have taken the places of the strikers have been living in the vicinity of union headquarters. To-night when the union men were leaving Bricklayers' Hall they encountered some non-union drivers. A general fight was soon in progress. Clubs and bricks were being used indiscriminately and several shots were fired but the police arrived in time to prevent bloodshed. Several arrests were made. Later in the day another disturbance occurred at a Federation of Labor meeting. Dissatisfaction over the election of officers brought about the trouble. Revolvers were drawn and the ballot boxes were destroyed. Michael Donnelly, President of the Amalgamated Butchers' Union, was severely beaten and was taken unconscious from the hall. Many other persons were cut and bruised, but Donnelly was the only one who received serious injury. It was necessary to call the police to restore order.

## QUEBEC NATIONALS DEFEATED.

Montreal, July 17.—In an exhibition lacrosse match here to-day, the Nationals of this city defeated the Nationals of Quebec by a score of nine goals to none.

## YALE WANTS HOD STUART.

Houghton, Mich., July 15.—"Hod" Stuart, who is considered by hockey enthusiasts the world over to be the premier player in his position, that of coverpoint, in the world, has received an offer from Yale university to coach the hockey team at that institution next winter. "Hod," who two years ago played with Portage Lake and last season with Calumet, winners in the International league, has turned down the proposition, signifying his intention of remaining in copperdom.

## THE KOLAPORE CUP.

Last year the cup was won by New Zealand, with 719, the Mother Country being second with 716, and Canada third with 712. In 1908, Australia won with 771, Mother Country making 760, and Canada 753.

The match is open to teams of 8 from the Mother Country and the Colonies and India. There are three ranges, 200, 500 and 600 yards, with seven shots at each.

In addition to the challenge cup, the National Rifle Association gives a special commemorative silver bowl to the captain, adjutant and each member of the winning team, and a special prize of £80 when the winning team is from one of the colonies.

## TENNIS TOURNAMENT.

London, July 15.—The tennis matches played at the Queen's Club to-day amounted to nothing more than exhibition games, as the Americans and Australians had already qualified for the finals for the Dwight F. Davis international lawn tennis trophy. Both Wm. J. Clothier and Halcombe Ward won their matches against the French men Gerriot and Decugis, without much exertion, and Norman E. Brookes and A. F. Wilding, the Australasians, easily accounted for C. Von Wessely and R. Kinzl, the Austrian pair. The match of the day, however, was an exhibition game in which Brooks and Walter Dunlop, the latter also of the Australasian team, defeated R. F. and H. L. Doherty. Three sets to two. It was really a fine contest and the Australasians won on their merits. Considerable money changed hands on the result. The Doherty's played their game from start to finish but their opponents gave a brilliant exhibition of tennis. The result of this match complicates the outlook for the finals for the Dwight F. Davis trophy, as it is quite evident if the Australasians maintain their form to-day they will give the Americans trouble. Thus far the Americans are slightly ahead on points. After to-day's exhibition English tennis experts for the first time began to question the possibility of retaining the Davis Cup. Wright will meet Brooks and Larned is paired with Wilding for the finals in singles next Monday.

## SEAWANHAKA CUP YACHTS.

Montreal, July 16.—The Swell yacht Alexandra, owned by a syndicate composed of Mr. G. Drummond, H. Drummond, C. W. Hosmer and W. C. Finlay, has been selected by the sailing committee of the Royal St. Lawrence Yacht Club to defend the Seawanhaka cup, which will be raced for on Lake St. Louis this week. The Manchester Yacht Club, which is challenging for the cup, have selected the Alexandra. The races will begin on Thursday.

## QUEBEC FIRE BRIGADE.

Le Soleil of Saturday contains an interesting sketch of the Quebec Fire Brigade, in connection with the new benevolent association recently formed by the members, the officers of which it publishes pictures. The Quebec fire brigade was established on Sept. 14th, 1856, and was then composed of 20 men, two of whom are still members of the brigade in the persons of J. Reddy, captain of No. 2 station, and Polycarpe Parre, captain of No. 5. Other members of the brigade whose membership runs back to its early days are Patrick Nolan, captain of No. 1, 1871, E. Lemay, captain of No. 4, 1871, W. Fitzback, captain of No. 3, 1872, E. Martineau, deputy chief, 1873, and T. Mulrooney, 1873.

BREWED FROM  
Pure Rock Spring Water, Malt, Hops, Nothing Else  
RECOMMENDS ITSELF ON ACCOUNT OF ITS  
PURITY AND GOOD TASTE.

# HERE'S PROOF That Ought to Convince You.

The following is from Dr. Stirling, who for 30 years made a study of the effects of the **MAGI** Caledonia Waters:—The Disease in which I have seen the most remarkable cures is rheumatism, in both the acute and chronic forms. No person who visits the springs fails to observe the rapid improvement in this class of sufferers. In gout, sciatica and lumbago the curative action has been nearly as efficient. In salt-rheum, I do not remember a single instance when the waters, properly used, internally and externally, failed in effecting a cure. For those who wish to abstain from strong potatoes and find it difficult, there can be no more efficient auxiliary to their efforts than these waters. In cases of neuralgia, the greatly number have been cured, and of the others, their suffering has been greatly alleviated. Those worn down by that Protean malady dyspepsia have been signally benefited. The water, properly used never brings on debility. Many females, affected with chlorosis, have been restored to health by the use of these waters. Few persons seem to derive more benefit than those suffering under diseases of the urinary organs; that of Dr. Quessnell, reported by himself, is a case in point. Besides the above mentioned are: Inflammation of the eyes, Auge, Hypochondria, Melancholy, St. Vitus' Dance, Hysteria, Spinal Irritation, Barmess, Scrofula, Jaundice and the effects produced by the improper use of mercury.

### NEW PARLIAMENT BUILDING SUGGESTED

#### Insufficiency of Present Structure Discussed.

### THE TRADING STAMP BILL

Passes the House—Items of \$5,000,000 Put Through—Prorogation Tuesday.

Ottawa, July 15 — In Committee of Supply in the House of Commons yesterday an item of \$265,000 for public buildings at Ottawa there was a talk over the insufficiency of the Parliament buildings for the purposes they are designed, and again Mr. Foster urged that the propriety of erecting a new building for the House of Commons should be considered, the present one being so deficient in the matter of ventilation as to be dangerous to the health of those who have to remain in it for six months. Among the Ottawa expenditures proposed is \$50,000 for Rideau Hall improvements, and \$10,000 more for care of the property. An appropriation of \$70,000 for the Georgian Bay canal surveys was passed, and the public works buildings section chargeable to revenue, was taken up. The items were run through, nearly as fast as the chairman could read them off, the only checks being when a member, generally of the Opposition, made a request for a bigger or better building in his own locality. The totals by provinces are as follows, most of the individual items being small:—

Nova Scotia.....	\$ 50,500
Prince Edward Island..	1,000
New Brunswick.....	10,500
Quebec.....	60,800
Ontario.....	228,946
Manitoba.....	172,951
Northwest Territories..	32,000
British Columbia.....	9,782
Rents, repairs, etc.....	67,800

Progress was checked for a time when the harbors and rivers items were reached. There are ninety of these for the province of Nova Scotia, the total being \$257,800. Mr. Foster objected, to some on principle, and to some on account of the amount. His remarks were resented by Mr. Fielding, who contended that small works were required as well as large ones, and could serve a useful purpose in the general interest. Mr. Fielding also read from the appropriations of the session of 1891, to show that the same kind of works were carried on by the Conservative Government. Mr. Foster, in retort, pointed out that the number of appropriations had more than doubled, that all pretence of following any rule in regard to the expenditure of public money was abandoned. There were earnest protests from Nova Scotia members against the suggestion that their people had

not the right to a full share of the public outlay.

The talk lasted about an hour, after which business took another spurt. The Nova Scotia harbors and rivers items, to the amount of \$257,800, were adopted; also Prince Edward Island items of \$1,350; New Brunswick items of \$126,900, and Quebec items of \$389,700.

When the Ontario list came up, the first item was one of \$1,500 to complete a pier at Allandale on Lake Simcoe. Mr. Osler objected to the spending of money on wharves on inland waters of this province. He held that this was a class of work that should be left to private enterprises to construct. He mentioned that some days ago he heard a member spoken of as a very fine representative who got lots of money for his county. Mr. Osler thought this class of members was becoming too common and that such appropriations were one cause of the fact.

The protest was unheeded, and the work of voting money went on. The Ontario river and harbor items amounted to \$227,500, those of Manitoba to \$800, of the Territories to \$5,000, British Columbia to \$18,500, the Yukon to \$15,000; dredging generally, \$400,250; Saguenay slides and booms, \$18,000; interprovincial bridge and roads, \$27,705, and telegraphs \$22,381. Miscellaneous public works got \$183,017, including \$25,000 for the deep waterways commission.

Other items in the supplementary estimates were run through in short order, including \$500,000 for a new departmental block at Ottawa, the total being about \$5,000,000, and the House adjourned at 11.30 o'clock, having authorized the expenditure of some five million dollars.

In the hour for private bills, the bill respecting the South Shore & Quebec Southern Railway Company, was slightly amended in committee, and read a third time.

Only ten resolutions remain to be disposed of in committee of supply. These will be passed on Monday and the business of the Commons will be practically completed.

It is thought now that prorogation may take place on Tuesday.

The bill to amend the Criminal Code, to prohibit the use of trading stamps, was read a third time and passed. By a new clause it will become effective only after November 1.

Before this Mr. Borden pointed out that the bill either went too far or did not go far enough. It still left it legal to use trading stamps, providing the person distributing them also received them at his own place of business. It also permitted a wholesaler or manufacturer to issue what is equivalent to a trading stamp under conditions that might partake of the character of a lottery. It would also be easy for the persons interested to get round the bill, which was in the interest of the retail merchant. This mild protest was ineffective, and the bill is now at the Senate's mercy.

**JUMPED FROM CAR; BROKE NECK.**  
Buffalo, N.Y., July 15.—Mrs. J. A. Buckner, of Bridgeburg, Ont., jumped from a rapidly moving trolley car tonight and was instantly killed, her neck being broke.

the bomb would have missed him. There are now some 10,000 modern plows in use in Greece against 14,000 antiquated ones. Greece is said to offer a very good market at present for the sale of agricultural implements. Large oil wells have been discovered in the northern part of Roumania, and petroleum is now being exported to many parts of Europe, where it takes the place of American and Russian petroleum. There are more suicides in Berlin every year than in any other European city, and the figures show steady increase, growing from 431 in 1900 to 629 in 1904. This is about 32 for every 100,000 inhabitants. Air getting into a vein while he was undergoing an operation in St. Thomas' Hospital, London, was the cause of the death of Frederick Thos. Kennedy the other day. A verdict of "accidental death" was returned.

# THE GREATEST JULY SALE EVER HEARD OF IN QUEBEC

## Has Been Agreed Upon by Many Leading Merchants.

Cut Prices and Double Cash Receipts are the Two Great Powers that will be offered to the Citizens of Quebec for the Balance of July.

# Friends and Collectors of Cash Receipts are Invited to Patronize this Great Sale

## Factory Prices in all Departments.

It was with the greatest difficulty that we succeeded in inducing the following merchants to offer to the Public, Goods at Factory Prices for one month only. We know it means a great sacrifice on their part but at the same time it will enable them to clear stock that in a few months from now will be almost absolutely worthless, the first loss is always the best.

THIS IS A GENUINE BARGAIN SALE and we want everybody to profit by it we will not dare quote prices if we did, we would simply startle the whole city and it would be absolutely impossible for the merchants to attend to your wants, we will leave it entirely to yourself. When convenient visit those stores and examine the goods, compare value, compare prices, you will be astonished then visit our show rooms and examine the goods given away free in exchange for Cash Receipts, we will endeavour to get you anything you want when your books are filled.

The Cash Receipts System is Becoming more popular every day. This is proven by the flourishing condition our business is in at present; never before since opening in your city has our business been so bright and as additional proof of our reliability doesn't it seem to you that when such merchants as those named below offer 2 for 1 Cash Receipt for the month of July for the sale purpose of making their great midsummer sale a success that you are perfectly safe in collecting them and that they have a sound value.

Following is a list of Leading Merchants who will give Double Cash Receipts for the balance of the month of July to all who pay Cash and ask for them, ASK FOR THEM THEY ARE AS GOOD AS EVER:

Fashion Sheets free at our Pattern Counter.

We are the sole Agents in Quebec.

**Z. PAQUET, 161-171 Joseph Street.**

TO-DAY, TO-MORROW AND EVERY DAY  
SMOKE FAMOUS  
DIXIE CIGARS

DESTRUCTIVE FIRE

Mills and Lumber Piles at  
Riviere Jaune Burned Satur-  
day Night.

There was a destructive fire at Riviere Jaune, Charlebourg, on Saturday night, the reflection of which could be seen in town and which gave rise to all kinds of suppositions as to its locality, churches, convents and other large buildings in the direction in which the blaze appeared to be, being variously set down as the prey of the fire fiend. The fire, however, was found to have broken out in the lumber mill of Luc Pelletier, at Riviere Jaune, and before it was finally got under control the extensive mills, office and some twenty-one piles of lumber had been wiped out. The fire, which broke out about eight o'clock, is supposed to have started in the furnace room, and it spread rapidly, the whole building being soon a mass of flames. Despite desperate efforts to check the onward sweep of the flames, the devouring element communicated to the piles of lumber and these too were soon masses of raging flame. The fire raged throughout the night and it was early yesterday morning before the blaze was finally arrested, though even up to last evening the fire was still smouldering in the ruins.

The mill was situated near the junction of the roads leading to Lake St. Charles and Lake Beauport. The loss by the fire will, it is estimated, reach between \$15,000 and \$20,000. There is, it appears, no insurance on lumber and mill, but the store was insured. The handsome residence of Mr. Pelletier, which was situated on the opposite side of the road, escaped damage by the fire.

**BODIES RECOVERED.**  
The bodies of Thomas Kerouac and his young wife, who were drowned in Lake Grand Fourche recently, were recovered and the funeral service held on Saturday last. The parish church of St. Hubert was crowded with parishioners.

Drink Beauport Lager it is the best.

**THE NEW ELEVATOR.**  
The engineers of the Dominion Bridge Company will be in town this week to inspect the site of the proposed new elevator from Mountain Hill to Frontenac Park. Work on the elevator will probably be commenced this week and will be finished next September.

"Pilsner" Genuine Bohemian Lager Beer on draft at the St. Louis Hotel only.

**MANY PILGRIMAGES.**  
There was a number of pilgrimages to St. Anne yesterday from outside points besides several from this city, and thousands of people were present at the shrine. Among the large parties which arrived here yesterday were the annual pilgrims from St. Anne's parish, Montreal, who came by boat; one from St. Hyacinthe, and a large excursion of Catholic Foresters from Sherbrooke.

**NEW CHANCEL SCREEN.**  
The elaborate oak chancel screen, recently presented to St. Matthew's Church as a memorial of a former member of the congregation, has been placed in position, and is a decided addition to the many beautiful features of this handsome church. The carving and finish of the new screen is remarkably striking, and is most imposing and impressive, in appearance.

**CORONER'S INQUEST.**  
Coroner Belleau held an inquest on Saturday on the body of a man named George Blais, aged 50, a resident of one of the lower parishes. The man took suddenly ill in the street at St. Romuald the previous evening and was removed to the police station, where he died shortly afterwards. A verdict of death from heart failure was returned.

**APPOINTMENTS.**  
His Honor the Lieutenant-Governor in council, dated the 30th June, 1905, to associate to the commission of the peace for the district of Quebec.—Mr. Aime Talbot, deputy clerk of the Crown and deputy clerk of the peace, of the city of Quebec, a justice of the peace in virtue of the provisions of article 2572 of the R. S. P. Q., with jurisdiction over the district of Quebec.

His Honor the Lieutenant-Governor has been pleased, by order in council, dated the 7th of July instant, 1905, to re-appoint the Rev. B. Watkins, of Quebec, a member of the Protestant school commission of the city of Quebec, his term of office having expired.

**FINE DAY'S SPORT**  
Regatta at Lake Beauport Next Saturday will be an Enjoyable Event.

Considerable interest is being manifested in the first annual regatta at Lake Beauport, and already numbers of rooms, etc., have been engaged at Bigouette's Hotel and the other boarding houses around the Lake for Saturday and Sunday next. We would certainly recommend all those who intend being present, and who propose spending Saturday afternoon and Sunday at the Lake to obtain accommodation at once either at Bigouette's, or Mr. Simons', Mrs. Brown's or Mr. Smith's. The various details are being arranged so that no hitch will occur in carrying out a satisfactory programme. Messrs. Alex. Cummings, Jos. Gingras and A. E. Pflor have kindly consented to act as officials, and certainly with the excellent programme of events, the very handsome prizes, and the attractions at the Lake itself, and the dance in the evening, there should be a menu fit to cater to the most fastidious.

There will be a service in the Roman Catholic Church on Sunday morning and also a service in the Little Anglican church on Sunday afternoon. Arrangements have also been made with the carters on Bridge street for a special rate of \$5.00 for four persons, to go up and back.

THE LOUISE BASIN

Messrs. M. P. and J. T. Davis  
Receive the Contract for  
Quay Wall.

At a special meeting of the Quebec Harbor Commission, held at 10.30 a.m. on Saturday last, under the presidency of Mr. J. B. Laliberte, Chairman, the contract for the construction of the quay wall for the Louise Basin and dock, involving an expenditure of about \$300,000, was awarded Messrs. M. P. Davis and J. T. Davis, the well known contractors. The work will secure the whole front of the walls in the Basin and dock, and will give what is urgently needed in the Basin, an increased depth of water, that is thirty feet at dead low tide, to meet the requirements of large steamers. Work is to be started immediately. A portion of the wall is expected to be ready for next season. The cribwork is to be fifty-three feet in width, and will be completed about eighteen months hence. No doubt the contractors will push forward the work with their well known vigor.

**BAND AT THE PARK.**  
The band of the R.C.G.A. will perform at the Victoria Park this (Monday) evening at 8 o'clock.

**FIREMEN'S FUND.**  
The latest contributors to the Firemen's Benevolent Fund are: — Mr. Camille Guay, \$10; Louis Dussault, \$1.

**SAVED FROM DROWNING.**  
Through the instrumentality of a young man named F. X. A. Lambert, a boy named Jerome Gaudin was rescued from drowning in the River St. Charles on Saturday afternoon. The boy was amusing himself with some companions not far from the factory of J. Art. Paquet, when he fell into the water. Hearing the cries of the boy's companions, Lambert ran to his assistance, and jumping into the water brought him safely to shore.

**RETURNING TO CANADA.**  
The Rev. Father Arsene Roy, of the Dominican Order, embarked last week on board the steamer Kensington on his return to Canada. Rev. Father Roy was vicar at the Basilica in this city when he left for Europe about five weeks ago to enter the Dominican Order. He is a brother of Rev. Father Camille Roy, of the Seminary, Rev. Father Eugene Roy, cure of St. Anastasie, and Rev. Father Alexandre Roy, vicar of Jacques Cartier. Father Roy made part of his novitiate in France. When the religious orders were expelled from that country, he went to England to conclude his theological studies and passed two years in a monastery of the order in that country.

**A YOUTH DROWNED**  
Met Death While Bathing in the St. Charles River Last Evening.

Among those who returned to town yesterday afternoon from the Montmorency Falls was a youth named Grenier, son of Mederic Grenier, residing on De-lisle Avenue, at the Palais. When the lad reached home his mother asked him to partake of supper, but he told her that he did not feel hungry as he had eaten some fruit at the Falls. Instead of remaining in the house, the unfortunate lad went out to swim in the St. Charles river, near the Gas wharf, and was drowned within five minutes. His body was immediately recovered and conveyed to his residence, where Coroner Jolicœur will hold an inquest this morning.

**INTERNATIONAL LONGSHOREMEN.**  
Detroit, July 15 — The International Longshoremen, Marine and Transport Workers' Association in annual convention here, to-day elected Daniel J. Keefe, of Detroit, President, and Henry C. Barter, Detroit, Secretary-Treasurer. J. H. Sanderson, Toronto, Ont., was elected a vice-president. At the closing session to-day it was decided to meet triennially hereafter instead of annually, Detroit being selected for the next convention.

**ROBBER MEETS QUICK FATE.**  
Birmingham, Ala., July 15.—L. D. Barr, paymaster of the Sloss-Sheffield Steel and Iron Co., was held up by two masked highwaymen this afternoon on the railroad between Littleton and Flat Top and relieved of \$5,000, which was to be used in paying off the men.

Less than five minutes afterwards Detective George Bodecker, Policeman Joseph Nix and Charles Pickard, a Flat Top guard, had shot and killed one of the highwaymen and recovered the money. The other robber effected his escape.

**COMES A TIME**  
When Coffee Shows What It Has Been Doing.

"Of late years coffee has disagreed with me," writes a matron from Rome, N.Y., "it's lightest punishment was to make me 'loggy' and dizzy, and it seemed to thicken up my blood.

"The heaviest was when it upset my stomach completely, destroying my appetite and making me nervous and irritable, and sent me to my bed. After one of these attacks, in which I nearly lost my life, I concluded to quit and try Postum Food Coffee.

"It went right to the spot! I found it not only a most palatable and refreshing beverage, but a food as well.

"All my ailments, the 'longness' and dizziness, the unsatisfactory condition of my blood, my nervousness and irritability disappeared in short order and my sorely afflicted stomach began quickly to recover. I began to rebuild and have steadily continued until now. Have a good appetite and am rejoicing in sound health, which I owe to the use of Postum Food Coffee." Name given by Postum Co., Battle Creek, Mich.

There's a reason.  
Read the little book, "The Road to Wellville," found in each package.

The Price of Pleasure.

It is hard for a lovely woman to forego the pleasures of the life which she was created to enjoy and adorn. She may have to be busy all day in office or in store, yet she cannot deny herself the social pleasures which are offered her.

But the fatigue is often too great for her, and she suffers from headache and backache as a consequence of over-exertion. Women who are tired and worn out will find a perfect tonic and nerve in Dr. Pierce's Favorite Prescription. It cures headache, backache and the other aches and pains to which women are subject. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"I am so pleased with your instructions, I really know what thanks to give you for your 'kind favors,'" writes Mrs. Milo Bryant, of Lota, Thomas Co., Ga. "I suffered so much with great pains in my back and the lower part of my stomach and palpitation of the heart, that at times I could hardly lie back. Could not hardly get up in the morning, but after using three bottles of 'Favorite Prescription' and two vials of Dr. Pierce's Pleasant Pellets, I am like a new woman."

Sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

BRITISH SQUADRON

Will Arrive in Quebec on the 10th August Next.

Harbor Master Sullivan received a letter from Gibraltar on Saturday from G. H. Shearn, Esq., Secretary of H. S. H. Prince Louis of Battenburg, commanding the second cruiser squadron, stating that the squadron would arrive in Quebec on the 10th of August next. The squadron consists of six ships, viz., H.M.S. Drake, Bedford, Berwick, Cornwall, Cumberland and Essex. Accompanying the letter is a diagram showing the positions the ships will take up in the harbor. The Drake will anchor in two lines, the Drake taking up her position on the north side of the river opposite the King's wharf, two others anchoring ahead of her to the westward. The remaining three will moor opposite them on the south side of the river. This will give a clear space to the eastward of the squadron for the movements of steamers, ferry boats, etc.

**THE YACHT CURLEW.**  
Advices received from Tadoussac say that the yacht Curlew, which recently went aground near there, has been floated and that the vessel has sustained no damage.

Imported Coburger Lager at the Chateau Cafe.

**CLERK, ETC. WANTED.**

FAGUY, LEPINAY & FRERE.

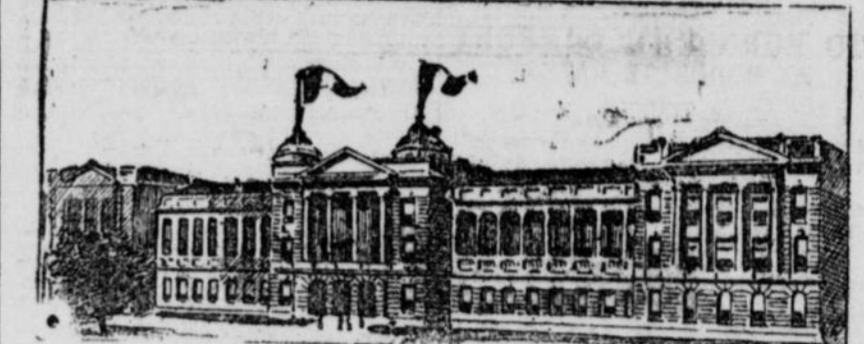

**TO BE MADE JUDGE**  
Mr. L. J. Cannon, Assistant Attorney General, will be Raised to Bench.

It is reported on very reliable authority that Mr. L. J. Cannon, Assistant Attorney-General of this Province, will be appointed, within the next few days Judge of the Superior Court for the District of Three Rivers. At the local session of 1904 a law was passed respecting the appointment of two judges for the District of Three Rivers, owing to increased business from Shawinigan Falls and Grand Mere. The appointment has, however, to be made by the Federal Government and Mr. Cannon's name has been frequently mentioned in that connection. The position of Assistant-Attorney-General will be filled by Mr. C. Lanctot, K.C., for several years past Law Clerk of the Attorney-General's Department. Both appointments will be very popular as both Messrs. Cannon and Lanctot are exceptionally well qualified to fill their new positions.

**RETURNED.**  
Dr. Lantier, Surgeon Dentist has returned home from his European trip and his clientele are reminded that he can be seen at his office daily. His clientele are requested to take notice.
