#### REPUBLICANS AND UNIONISTS OF SOUTHERN IRELAND IN SESSION AT INVITATION OF DE VALERA

A Conference Which May Have an Important Bearing upon the Future Developments in Ireland Opened Today at the Mansion House in Dublin—No Final Result Is Expected, but Hope Is Expressed that the Discussions May Have the Effect of Bringing About a Meeting of De Valera with Premier Lloyd George and Sir James Craig, the Ulster Premier, in London.

(Associated Press Despatch)

DUBLIN, July 4.—A conference which may have an important bearing upon future developments in Ireland opened today at the Mansion House here, where representatives of the Republicans and Unionists of Southern Ireland gathered at the invitation of Eamonn De Valera, the Republican leader.

The meeting attracted great public interest. Large crowds gathered about the Mansion House, from which floated the United States flag, and cheered the arrival of the Republican leaders. The conference opened its session at eleven a.m.

The newspapers of all shades of opinion gave much space to the subject of the conference, which is encouraged as a movement towards peace. No final result is expected from the meeting, but the hope is expressed on all sides that the discussions may have the effect of bringing about a meeting of De Valera with Premier Lloyd George and Sir James Craig, the Ulster Premier, in London.

#### THREE SOLDIERS KILLED—SINN FEINERS HOLD UP TRAIN

DUBLIN, July 4.—Fifteen armed Sinn Feiners held up a train at Ardara, County Kerry, on Saturday, and according to an official statement on the raid, tried to steal the mail. Four cadets, of whose presence on the train the Sinn Feiners were not aware, fired, killing two members of the raiding party. The train proceeded under fire but no one aboard was injured.

A mine exploded on a road near Middleton, County Cork, yesterday, as a detachment of soldiers was passing. Three of them were wounded.

#### LARGE CROWD GATHERED AT RECORD OFFICE

Excellent Bulletin Service of the Carpentier-Dempsey Bout Was Furnished.

The largest local crowd that ever gathered to read the bulletins, gathered in front of the Record Office on Saturday afternoon, anxious to hear the detailed account of the Dempsey-Carpentier fight.

Special wire arrangements had been made to ensure the earliest and most reliable reports, while through the courtesy of Messrs. H. C. Wilson and Sons, a "Magnavox" was used to distribute the news to the large crowd.

This is the first time a "Magnavox" has been used for a public meeting in the Eastern Townships, and its results were so convincing that it promises a great success in the Townships.

At the opening of the contest the sympathies of the crowd were largely with Carpentier, and tremendous applause greeted the report of the second round when Carpentier staggered the champion with his lefts and rights to the jaw.

As the fight progresses, sympathy gradually turned towards Dempsey, and at the beginning of the third, a few scattered cheers were sent up as Dempsey was shown to be getting the better of the Frenchman, but gradually increased until the final rousing cheers when it was announced that the champion had scored a knock-out.

#### THE WEATHER

FAIR AND VERY WARM

Pressure is relatively low in the Western Provinces and nowhere much above the normal. Since Saturday rain has fallen in all portions of the Western Provinces and heavily in some districts. Elsewhere the weather has been fair and for the most part very warm.

Light winds, fair and very warm today, and on Tuesday.

#### U.S. CASUALTY LIST GROWING VERY RAPIDLY

Many Deaths and Much Damage Are Results of Independence Day.

(Associated Press Despatch)

NEW YORK, July 4.—The list of casualties due to celebration of the Glorious Fourth began to arrive in despatches received early today, and indications this morning were that the efforts to make the United States national holiday "safe and sane" were not likely to meet with any greater degree of success than in previous years.

At San Jose, Cal., Gladys Flat-ham, a youthful celebrant, is dead and her playmate, Joyce McLaughlin, is not expected to live. Their dresses caught fire while they were playing with fireworks, and they suffered severe burns despite the efforts of neighbors to save them.

Damage to property estimated at half a million dollars was reported last night from Marysville, Cal. Small boys setting off firecrackers started a fire which destroyed twelve city blocks and burned four spans of the Southern Pacific trestle, blocking railway traffic on the east side of the Sacramento Valley.

During celebrations today at Springfield, Mass., a young girl was assaulted and badly beaten; Joseph Starkey, also of Springfield, is in Mercy Hospital, suffering from knife wounds received in a fight in East Long Meadow. Two Italians in the same city engaged in a revolver duel said to have resulted from a family feud. Neither was injured.

Lockjaw, resulting from the explosion of blank cartridges being used to celebrate the Fourth, caused the death of Wm. Drumm, 15, and Michael Santello, 14, at Norwalk, Conn. The sale of explosives for the Fourth of July celebration had been forbidden in Norwalk, and the police are investigating.

#### YOUNG LAD DROWNED

(Associated Press Despatch)

MONTREAL, July 4.—In trying to regain a cap which had been tossed in the Back River, at Bord Arrouff, where he was swimming yesterday, Philip Gibson, nineteen years old, of this city, was drawn under by the current and drowned before other swimmers could reach him. The body has not been recovered.

#### Premier Meighen Unveils The "Cross of Sacrifice" Erected In Cemetery Where Rest Hundreds Of Canadian War Heroes

The Ceremony Was Held While the Church Bells in the Nearby Villages Were Summoning the Faithful to Mass—It Was a Fitting Solemn Setting—Many Attended the Ceremony.

(Associated Press Despatch)

VALLEY RIDGE, France, July 4.—(By Gratton O'Leary, staff Correspondent) Hard by Thelus, where stupendous French industry, despite the magnitude of the task and despite this year's almost unexampled drought, has turned and blasted the bleached surface of the ridge to fresh greens of growth and mellow yellows of an ongoing harvest, Rt. Hon. Arthur Meighen, Premier of Canada, yesterday morning unveiled the Cross of Sacrifice, erected in the cemetery where rests hundreds of Canadians who fell at the capture of this famous height four years ago.

This site is distinguished. It crowns the Ridge, and looking west across the valley one sees the white ruined tower of the Church of St. Eler. Westward stretches the gentle slope of Douai plain. The cemetery is but one of hundreds dotting the whole countryside, which, when they are completed, will be the assembling places of pilgrimage and devotion for generations to come. Here English, Scotch, Canadian, Australian and South African lie beneath uniform headstones, under the shadow of Sir Reginald Bloomfield's magnificent cross of sacrifice, and the massive stone of remembrance, both exquisite in line and proportion, worthy memorials of the immortal dead below.

Some of the cemeteries are completed, and when the whole great task is accomplished, the result will be one which the British people may well be proud of.

The ceremony was held while the church bells in nearby villages were summoning the faithful to mass. It was a befitting solemn setting. The number present, including the chairman of the Imperial War Graves Commission, Gen. Sir Fabian, commander of the British troops in France, the French General Commanding the Arras Division, the Perfect of Pas De Calais, the mayors of surrounding towns and villages, and a number of British and Canadian visitors, stood with bared heads as Premier Meighen, who spoke with more emotion than is his wont, delivered the oration.

His address, which was afterwards repeated in French, follows:—"The Great War is past; the war that tried through and through every quality and mystery of human mind and might of human spirit; the war that closed, we hope forever, the long story of the arbitrament of men's differences, by force.

"The last clash and crash of earth's millions is over now. There can be heard only the sporadic conflicts, the moan of prostrate nations, the cries of the bereaved and desolate, the struggling of exhausted peoples to rise and stand and move onward.

"We live among the ruins and echoes of the Armageddon. It's shadow is receding backward into history.

"At this time the proper occupation of the living is, first to honor the dead; next, to repair the havoc, human and material that surrounds us, and, lastly, to learn aright and apply with courage the lessons of the war.

"Here we meet to unveil the memory of our countries' dead. These rest in the quiet, God's Acre, with the brave of all the world. At death they sheathed their hearts, sworn of devotion, and now from off stricken fields they hold aloft the cross of sacrifice, mutely beckoning to those who would share their immortality.

France lives and France is free, and Canada is better, because she did something worth while to help France to live. In many hundreds of plots throughout these hills and valleys, all the way from Flanders to Picardy, lie fifty thousand of our dead. Their resting places have been dedicated to their memory forever by the kindly and graceful heart of France, and will be tended and cared for by us in the measure of love we bear them.

"Around and over all are being planted the maple trees of Canada. Hives forever more.

#### YOUNG MAN WAS DROWNED WHILE ATTEMPTING TO SAVE YOUNG LADY AT IRONSIDE

Philip Tremblay Jumped into the Water with Clothes on and Was Seized with Cramps.

(Associated Press Despatch)

OTTAWA, Ont., July 4.—In an effort to save Miss Jane Shaw, of Ottawa, who had gone beyond her depth in the lake at Ironside, Que., yesterday, Philip Tremblay, twenty-five years old, of Woodroffe, lost his life. He jumped into the water with his clothes on, was seized with cramps, and sank before help could reach him.

Henry Paquet, a companion and a strong swimmer, reached Miss Shaw in time to rescue her. Tremblay's body was recovered.

#### Highest Temperature To Date This Year Was Recorded Yesterday—There Appears To Be No Signs of Cool Weather Ahead

Temperature of Ninety-three and a Half Degrees Recorded Yesterday—Rain Fell on Saturday in Several Districts of the Eastern Townships, Much to the Delight of the Farmers.

AFTER a week of terrific heat, there seems to be no signs of cool weather ahead, and people are still seeking devices by which to keep cool, and their thoughts are far away from winter and furs and forty below zero.

On Saturday and Sunday, people by the hundreds sought the nearby lakes and spent hours at a time in the cool waters.

People who were not so lucky, remained at home and watered their brown lawns and sprinkled the dusty roads.

Still, in spite of the heat, there were many enthusiasts, who were playing ball, driving the white pill around the hot links and chasing tennis balls over still hotter courts.

Some parts of the country received heavy thunder showers on Saturday, but Sherbrooke was not so favored. On Saturday evening the streets of Beebe were wet and in some places actually what might be called muddy. The fields and lawns were quite green and some very heavy hay crops may be seen in the Beebe district.

Saturday was hot, Sunday was hotter, and last night the molten fact of old Soe disappeared behind a bank of heat clouds with that kind of expression that showed no relaxation of his heat efforts.

The Lennoxville Experimental Farm reported a temperature of 93 degrees on Saturday and 93 1/2 degrees yesterday. This is the highest point this year. The average for the week ending July 2nd was 87 degrees.

The highest point for June, 1921, was 91 degrees, while for June, 1920, the top figure was 85 degrees. The highest average for June, 1920 was 72.53 degrees, while for June, 1921, it was 74.93 degrees. (All the above readings are taken in the shade).

Evidently from these statistics this part of the country is not the coolest place in the world, and conditions foretell a great summer's business for the summer resorts, and for all those merchants who carry in stock bathing suits and cool clothing.

#### SEVERAL PROSTRATIONS IN NEW YORK

(Associated Press Despatch) NEW YORK, July 4.—Terrific heat, coupled with oppressive humidity, caused several heat prostrations and drove the greater part of the city's population to the beaches.

The weather bureau reported a temperature of 91 degrees, which continued from after 2 p.m. until after 6 p.m., when the humidity hovered between 50 and 55.

Police estimates placed the attendance at three Long Island beaches at nearly 1,000,000. At Coney Island, after every available waterfront bath house was filled, the crowds stormed the pools until the police were called out to restore order.

It was estimated that 100,000 of the 400,000 visitors went into the ocean. The police report 106 lost children during the afternoon.

#### GREAT DAMAGE WAS CAUSED BY TORNADO

One Man Was Killed and \$300,000 Damage Done by Tornado at Frederick, S.D.

(Associated Press Despatch)

ABERDEEN, S.D., July 4.—A tornado struck Frederick, S.D., on Saturday killing one man and causing over three hundred thousand dollars damage. Practically every building in the town was demolished.

Arns Anderson, who was assisting his family to the basement of their home, was killed in his efforts to escape when the house was torn from its foundation.

The storm came as a climax to ten days of severe heat, and although it caused great property damage, agricultural authorities believed crops would be saved, as the result of the moisture, which was daily needed.

A train was derailed at Tacoma Park when a stretch of track a mile long was lifted from the roadbed after the wind had excavated the right of way. No one was injured.

A string of nineteen cars was blown out of the Chicago, Milwaukee and St. Paul yards at Ipswich.

#### TWO MEN WOUNDED IN SHOOTING AFFRAY AT BEEBE LAST EVENING; SHERBROOKE POLICE ARREST MAN

Gordon Coutts, the Victim, Is Said to Have Stated that His Wound Was Self-inflicted—A Rush Call Was Sent for Lord's Ambulance and the Wounded Man Was Brought to the Sherbrooke Hospital—At Half-past Ten This Morning the Hospital Authorities Stated that His Condition Was Favorable.

GORDON COUTTS lies in the Sherbrooke Hospital in a very critical condition with a bullet wound in his left side, while George Leclair is suffering from a nasty flesh wound in his neck as a result of a shooting affray here last evening, which created no little excitement and resulted in a call for assistance being sent to Sherbrooke.

It is stated that Coutts, who is about forty-five years of age and a returned soldier, had been drinking, and during the course of an argument threatened his landlady, Mrs. George Leclair. Her husband, fearing trouble, sent word to Mayor Wilkinson to have Coutts arrested, and the latter on hearing of this move immediately ordered Mr. and Mrs. Leclair and the latter's mother out of the house.

It is alleged that shortly after the family had been ordered out of the house, Coutts opened fire at them, one of the bullets hitting Mr. Leclair in the neck, but the wound is not serious.

Later, it is claimed, Coutts attempted to set the house afire, and then adjourned to a barn nearby and threatened that he would shoot any person that attempted to arrest him. Constable Powers was summoned but did not feel that he was capable of handling the situation single-handed. Consequently a call was sent to Sherbrooke for assistance, and Supt. Constable Bartlett, accompanied by two officers, took charge of the case.

On arriving at the scene the Sherbrooke officers made a detour of the barn in which Coutts had hid himself and later surrounded the barn at the same time using the lights of automobiles as searchlights on the barn. Several shots were fired and Constables, but all missed their mark. Finally, shortly after twelve o'clock, Supt. Constable Bartlett entered the barn in which Coutts had

evidence shows that at the time he caused the search warrant to be issued, he was not in possession of information sufficient to justify him in causing the search warrant to be issued or to make the search in virtue of said warrant.

Considering however, that plaintiff has not proved that he suffered any serious damage by reason thereof, but that defendant acted hastily, imprudently and without reason or probable cause. Condemned defendant to pay to plaintiff the sum of twenty dollars with interest from this date and costs of an action of the fourth class in the Circuit Court. Dame Brender et vir vs. Kennedy, plaintiff in warranty and The Independent Order of Odd Fellows et al. defendants in warranty.—The defendants in warranty has inscribed in law against the conclusions of the action in warranty instituted by the cancellation, the principal action being for the cancellation of a certain lease and the order to defendant to abandon the premises. Considering that no action in warranty lies by the lessee against the lessor except when a third party has obtained judgment against the lessor and by reason of this judgment the lessee is forced to give up the enjoyment of the whole or part of the thing leased. The inscription in law of the defendant in warranty was maintained and the action in warranty dismissed with costs.

#### THREE KILLED WHEN AUTO WAS STRUCK BY A TRAIN

Fatal Accident Took Place at Level Crossing at Delson Junction.

(Associated Press Despatch) MONTREAL, July 4.—Two young women and a man were killed at Delson Junction when the automobile in which they were travelling was struck at a level crossing by the C. P. R. Boston train.

The dead are Florence and Bertha Poissant, sisters, and Herve Letourneau, who was driving the car.

#### Second Drowning Accident Is Recorded

Unfortunate Lad Went Beyond His Depth

Ernest Roberge, Eleven Years Old, Was Learning to Swim, and Stepped Off into Fifteen Feet of Water, in the St. Francis River—His Father and Brother Attempted to Rescue Him, but Failed—Doctors Made Strenuous Efforts to Restore Life.

YOUNG Ernest Roberge, eleven years old, son of Mr. and Mrs. J. E. Roberge, of 18 Front Street, was drowned in the St. Francis River, just opposite Mitchell's coal pocket, yesterday afternoon.

The young lad had just finished his supper and went down to the river with several friends to cool off. Although warned not to go in so soon after his meal, he evidently could not resist the temptation.

He was just learning to swim, and went out a little too far, as there is a drop-off of fifteen feet there, and when he tried to get bottom again he found to his dismay that he was away out of his depth. He went under immediately.

Mr. Roberge, the unfortunate lad's father, was on the river bank and saw the whole performance. He and his eldest son, Colin, immediately

taken shelter and found his man lying in a pool of blood, suffering from a bad wound in his left side. Coutts refused to give any information to the police officers, but it is stated that he admitted to the doctors that he had shot himself.

The wounded man was placed under arrest on a charge of shooting and wounding, and was brought to the Sherbrooke Hospital in Lord's ambulance for treatment. Coutts, who is about forty-five years of age, has been residing in this vicinity for several years. He went overseas during the war and returned here, residing with Mr. and Mrs. Leclair.

The doctors at the Sherbrooke Hospital this morning stated that Coutts' condition was favorable.

#### NEWFOUNDLAND CUSTOMS TOTAL SIX MILLIONS

Total Debt of the Colony Is Now Fifty-one Million Dollars.

(Associated Press Despatch)

ST. JOHN'S, Nfld., July 4.—Customs revenue of Newfoundland for the fiscal year ended on June 30th was announced yesterday as \$6,000,000, as compared with \$8,500,000 in the previous year and \$7,000,000 in 1918-19.

In submitting the annual budget to the Legislature recently, Government officials estimated that Colonial revenue from all sources would be \$8,000,000, resulting in a deficit of \$2,000,000, as compared with a surplus of \$1,500,000 last year. The treasury reserve has been exhausted and the Colonial colony will make a loan of \$6,000,000 in the United States this spring. The greater part of the proceeds of this loan will be devoted to special purposes. The Government has imposed additional taxes for the purpose of raising revenue to meet expenses. The total public debt of the colony is now fifty-one million dollars.

SHE COULD HARDLY BREATHE AT TIMES SAYS MRS. PICARD

Little Quebec Woman Is Overjoyed at Her Wonderful Return to Health.

"It seems almost too good to be true that I am at last free from my suffering and can now eat hearty and lie down at night and sleep like a child," said Mrs. M. R. Picard, of 219 Charest St., Quebec, in relating her experience with Tanlac. "I was in a terribly rundown condition before I began taking Tanlac. I had no appetite, and even the smell of cooking nauseated me at times. I suffered dreadfully from indigestion, and everything I ate caused me to bloat with gas until I could hardly get my breath. I had such frightful pains across my back I could scarcely stand them, and I frequently became so dizzy I had to catch hold of something to keep from falling. My nerves were so shattered that the least excitement nearly frightened me out of my wits, and my sleep was so restless and broken I felt completely tired out the next day. I couldn't find a thing to bring me relief, and was very much discouraged over my condition. "I finally began taking Tanlac, and it is wonderful how the medicine has overcome my troubles. It has given me a splendid appetite, put an end to my suffering, and built me up to the best of health. I just feel fine all the time, and believe Tanlac will help anyone suffering like I did."

Mr. and Mrs. Wm. Bradshaw, of Grenville, are visiting with their daughter, Mrs. T. R. Johnston, at Thetford Mines and at East Broughton with Mrs. E. O. Bennett. Mr. and Mrs. E. O. Bennett and family spent the week-end the guests of Mrs. J. M. Johnston. Miss Melba Wilson, of Ottawa, has been in town visiting with relatives and friends. Mr. Arthur Johnston, of Vimy Ridge, went to Garthby, the guest of Mr. John Sharp for the week-end.

Mr. and Mrs. Parrish, of East Broughton, spent Sunday in town. Their many friends were pleased to see them back, if only for a day. Miss Emma P. Johnson is visiting with her brother, Mr. Thomas R. Johnston, at Thetford Mines. Black Lake has for the past few weeks suffered with drought and the place is surrounded with bush fires. As the smoke is very intense, everybody is looking for rain, as it is badly needed. The gardens are drying up and the hay crop in this vicinity will be a light one. The potato bugs are plentiful, especially the kind that was in this section some thirty years ago. They are very destructive to the plants.

Ford THE UNIVERSAL CAR. YOU can learn to run a Ford with a single lesson. Its two speeds, high and low, are controlled by one foot pedal, requiring only two movements of the foot to bring the Ford Car to usual road speed, whereas it requires three movements of the foot, and three hand movements in shifting gear, to bring other cars to road speed. While driving a Ford you have both hands free to control the wheel. This unique simplicity of control is made possible by the special Ford planetary transmission with gears always in mesh, thus rendering unnecessary the troublesome operation of hand levers which divide your attention with your view of the road. The confidence and ease with which the Ford Car is operated is one of many reasons why today over half the cars in the world are Fords. Wherever you go—Ford Service. MOST INTERESTING PAPER READ AT SUMMER SCHOOL

Great Need of Men for the Ministry of the Church.

Referring to the subject of the paper to be read by Mrs. Gifford, of Lennoxville, at the open-air gathering or the Summer School the dean of the school said that it was one of the greatest importance, bearing upon the urgent need of men for the ministry of the church. The youth of the country had sprung to arms at the call of their country in the late war, but this was to men, and he regretted to say that they are not springing to arms to fight sin. Many parishes, particularly in the West, were vacant, and there were none to fill them, and on looking over the clergy list, it was significant to notice that many of the names were from outside and few from Canada, and the situation was serious. There was no higher object in life, and on other profession higher than a priest of the church.

The paper along the same lines appealed to those who had young sons and to young women, who would probably in the future become the mothers of sons, to train their boys from their earliest years to feel that they were the children of God, and might be called to do His work.

The mothers of the Bible, the mothers of Samuel, of John the Baptist did not hesitate to give up their sons to the service of God, and above all, Mary, the mother of Jesus, gave her Son to minister to others, though a sword pierced her own heart.

Several causes operated to prevent young men from entering the church. Sometimes it was the thought of the inadequate compensation, sometimes the subject was not properly presented, or there was lack of means for teaching. If every parish would send one candi-

date, the ranks of the clergy would soon be filled. Appreciation of the paper read by Mrs. Girrold was unmistakably shown by the dean and the assembled students, and adjournment was made to the library of the college, where a lecture was given by Miss Lennox, missionary from Japan, on that country, illustrated by lantern slides, which gave a vivid idea of that wonderful country, every part of which, the speaker said, had a beauty all its own. Cherry blossoms in lovely gardens were seen, relieved against the blue sky, pink and white, single and double; also the plum blossoms and iris, for which the country is famous. The love of flowers is inherent among the Japanese, and part of every girl's education is the artistic arrangement of flowers. Then came, in quick succession, upon the screen the odd houses of the natives, the splendid Buddhist temples and long lines of pilgrims, old and young, thronging to the shrines; the strange customs of worship, full of superstition and with little comfort; kindergarten children assembled by their teacher, and fine views of snow in Japan and of Asama, a volcanic mountain, with smoke arising from its crater. As the lecture proceeded, the comments of the speaker on the customs and family life of Japan, with which she is perfectly familiar, were replete with interest and information, and at its close a few words were for the realms between God and man, and that love and childlike faith which should be felt by children to their Heavenly Father. The devotional exercises fittingly closed the evening.

300,000 Canadian Motorists Can Benefit By Goodyear's Two New Anti-Skid 30 x 3 1/2 Tires

In Canada alone 300,000 motorists use 30 x 3 1-2 tires. Their ideals of tire qualities vary. But every one of them wants long mileage. So every Goodyear tire is built for full mileage.

For years the road-grip and mileage of the Goodyear All-Weather Tread 30 x 31-2 Tire have made it the most widely used tire in Canada--and in the world.

But Goodyear learned how to make it better. And in the Goodyear institution every known betterment must be used. So the

Goodyear All-Weather Tread Clincher (30 x 3 1-2 and 31 x 4) is now made rougher and tougher, bigger and handsomer. It is a new tire in Canada with new economy qualities---tested and proved on thousands of cars in other countries.

But many motorists do not require the extraordinary gripping power of the All-Weather Tread. They prefer a saving in cost. For them over 4,000 Goodyear dealers will recommend the new "Goodyear Non-Skid" 30 x 3 1-2. A tire of full Goodyear quality for mileage, with a tough, rough tread of parallel bars. Several hundred thousand new cars the world over have introduced motorists to this new tire of heaping value.

The Goodyear Tire & Rubber Co. of Canada, Limited.

**MR. LANG TO ADDRESS POULTRY ASSOCIATION.**  
At the last meeting of the Sherbrooke Poultry Association it was unanimously decided to ask Mr. J. D. Lang, poultry husbandman of the Lennoxville Experimental Farm, to give a talk at the next meeting, Tuesday, July 5th. The meetings are becoming quite interesting this year, and the members are quite anxious for a good attendance of all interested. Ladies are especially invited to the meeting on Tuesday night at 8 p.m., in the E.T.A.A. offices.  
**W. A. DEANERY MEETING**  
The Richmond and Melbourne W. A. Deanery will hold its annual meeting in Danville on Thursday, 7th, July. It will open with a short service and celebration of the Holy Communion in St. Augustine's Church at 10.00 a.m. (standard time) after which all will assemble in the parish room where reports will be received, business transacted and luncheon served. Mrs. C. H. Bowen, diocesan deanery secretary, will preside. In the course of the afternoon addresses, chiefly of a missionary character, will be given. It is hoped there will be a good attendance from the various branches in the deanery, as well as others interested in missions.  
**DOMINION DAY PARADE.**  
The community service committee of the Board of Trade wish to thank all those who, by their co-operation, made the Dominion Day celebration a success; to Col. Worthington and to his officers and men of the Sherbrooke Regiment and the Boy Scouts, many of whom put aside their own personal pleasure to honor Canada's birthday, and who have thus rendered a distinct service to the community; to the loyal support of the city fire brigade, to the industries who participated with such attractive floats and the members of the Automobile Club with their artistically decorated cars, the thanks of our citizens generally is due. It is held that the celebration put on sufficiently demonstrates the possibilities of having annually on this distinctly Canadian holiday a celebration that will be "worth while" in its influence in building up enthusiastic national sentiment amongst our people.  
**METHODIST CHOIR'S HOLIDAY AT HOWARD ISLAND**  
Dominion Day 1921 will long be remembered by the choir of the Methodist Church and their friends whose privilege it was to visit Howard Island, Lake Memphremagog, guests of Mr. and Mrs. B. C. Howard.  
About seventy people left Wesley Hall in the morning by automobiles under the direction of Mr. Chas. B. Howard. The drive out over the Stanstead Road on a hot summer day was delightful. At Lake Park, Vt., the steamer Yisco, chartered for the occasion, met the jolly party, and conveyed them to the island where at one o'clock on the spacious

porch of the palatial residence, a sumptuous turkey dinner was served. With the family and friends of the host and hostess about eighty dined. After dinner the guests were free to inspect any part or place of the one hundred and fifteen acres of the Island.  
The youngest, perhaps, in spirit but carrying the weight of eighty-two years was Mr. D. G. Loomis, who took a keen interest in all events of the day. He was one who kindly placed a car at the service of the choir for the day. Others, besides Mr. Howard, who loaned their cars, were Dr. M. S. MacDonald, Dr. G. E. Hyndman, Messrs. Chas. Joslyn, Collin Campbell, Gordon Armitage, Miller Hall and E. J. Pierce. Mr. E. O. Grundy, the genial organist was present.  
At 5.30 the party left for Sherbrooke, giving three rousing cheers for Mr. and Mrs. B. C. Howard, who had made it possible for their enjoyment of an ideal holiday.  
**AUTO CRASHED INTO STORE WINDOW**  
The plate glass window of the store of Mr. Mathurin, jeweller, King Street East, was shattered last evening by an automobile, said to be owned by Mr. Delorme, of East Angus. The automobile was travelling along Windsor Street, and at the corner of King Street became caught in the street car rails. In his effort to get the auto out of the way of a car coming along King Street, the driver of the motor turned his wheels so violently that his auto jumped the sidewalk, narrowly missing a telephone post, and crashing into Mr. Mathurin's store window.

Social and Personal

Mrs. Alec McDonald, of Montreal, is the guest of her mother, Mrs. C. Lovell.

Mr. Frank Dudley left this morning for two weeks' vacation at Bromo Lake.

Miss Donna Gleason, of the Y.W.C.A., spent the week-end at her home, in Granby.

Miss E. Booth, Wolfe street, left Friday for a few weeks' visit with friends in Troy, N.H.

Miss P. Brown and Miss Tiffin have returned from Stanstead, where they visited friends for the week-end.

Miss D. Carlyle, secretary of the Y.W.C.A., spent the week-end with Miss Height, at Perkins' Point, Lake Massawippi.

Mr. Donald Macfarlane, of Montreal, who is at East Angus for a few weeks, spent the holiday and week-end at his home in the city.

Misses Bertha and Bessie Echenberg, from Montreal, are spending the vacation with their parents, Mr. and Mrs. M. Echenberg, Prospect street.

Mr. and Mrs. E. R. Winslow, who, with their family, are at "The Hermitage," Lake Memphremagog, for the summer, were in Sherbrooke on Saturday for the golf tea at the St. Francis Golf Club.

The last tea for the summer months of the Ladies' Aid of St. Andrew's Church was given Thursday, the hostesses being Mrs. J. T. Reid, Mrs. Cleveland and Mrs. James Lowe. Mrs. Bright and Mrs. A. C. Bissell assisted at the tea table, which was prettily decorated with sweet peas, and Misses Bryce and Martin looked after the guests.

Miss Eva White, "Seaton Place," is the guest of the Misses Baker, at "Glenmere," Bolton, for a few days. In spite of the heat of the weather, the St. Francis Golf Links presented a scene of more than usual activity on Saturday, as well as enjoyment. Many members and out-of-town guests were present and tennis and golf were played, while those disinclined for exertion enjoyed the stray breeze and the lovely view from the verandah. Tea was served, Mrs. R. N. Robins presiding at the table, assisted by Mrs. Douglas Odell and Mrs. N. Erie Walley, and late suppers were very popular.

Miss Florence Drummond, M.A., entertained the Ladies' Circle of the Methodist Church very pleasantly one day last week at "Hawthorne Bank," her home on the Drummond road. During the afternoon, Miss Mabel Hyndman, on behalf of the Circle, expressed their sincere regret at the departure of Mrs. C. E. Soles, the president, who is leaving the city, and presented Mrs. Soles with a pretty set of Madeira tea napkins. The retiring president, though taken completely by surprise, thanked her friends for their kind remembrance in a suitable

manner. About twenty-five were present, and a couple of delightful hours were spent daintily refreshments being served on the lawn by the hostess.

A very enjoyable card party took place Thursday evening at the club house of the St. Francis Golf Links, one of a series arranged by the ladies' committee. High tea was served to the twenty-four guests at the large table in the club room, which was beautifully decorated with lovely flowers, and later, bridge was played on the wide verandah. The prize winners were Mrs. Speir and Mr. A. S. Bayles, and the consolation prize fell to Mr. Langston.

Mrs. D. A. McManamy and Mrs. Wm. Murray were the hostesses of a party at Lake Massawippi on Dominion Day, when about forty young people motored out from Sherbrooke. A picnic lunch was served shortly after the arrival of the party. The ideal weather made possible all the amusement provided by the lake, and the day passed all too quickly. Shortly after six o'clock automobiles conveyed those present to "The Shack," North Hatley, which had been reserved for supper and dancing, and this way side provided delightful facilities for the guests. Before the party left for home a fine display of fireworks brought to a close the pleasant day's outing.

KINGSEY FALLS

Only four more days in which to secure great bargains—25 p.c. to 50 p.c. discount in all dry goods, boots and shoes, floor oilcloths, etc., at Roy's store.

BRIDESMAID'S FROCK

To lend a dainty yet colorful background for the bride is the mission of the bridesmaid's frock. Pale green organdy was used in this quaint costume which has bandings of puffing to finish neck, sleeves and hem. The hat is all of green organdy petals with a great yellow calyx at the side. The facing on the brim is white Georgette.

Holy Communion was celebrated at St. Peter's Church yesterday morning by Rev. V. Agard Butler, chaplain of Bishop's College, Lennoxville, the second celebration at mid-day and conducted the other services, preaching morning and evening. Both sermons were strikingly appropriate and eloquent, that of the morning containing the solemn warning to the children of Israel, God's chosen people, spoken by Moses, the great law-giver.

MARRIAGES

VINEBERG—ECHENBERG.

At the Agudath Achim Synagogue on Thursday, June 30th, at 6.30 p.m., the marriage was solemnized of Miss Claire Freda Echenberg, elder daughter of Mr. and Mrs. M. B. Echenberg, to Mr. S. Ross Vineberg, of Montreal, son of Mr. and Mrs. Max Vineberg, of that city. The Rev. Dr. Abramovitz, of the Shaar Hashamayim, Montreal, officiated, assisted by the Rev. Mr. Mittleman, of Sherbrooke. The synagogue was decorated with daisies and sweet peas, the platform on which the ceremony took place being artistically arranged with daisies tied with white ribbon. The bride, who wore a beautiful gown of white canton crepe, with veil of lace and tulle, arranged in Russian fashion, and with orange blossoms, and carrying a shower bouquet of bridal roses, entered on her father's arm, and the bridal party stood beneath a white satin canopy. Miss Bertha Echenberg, of Sherbrooke, the bride's cousin, as maid of honor, wore peach-colored georgette embroidered in silver, with drapery of turquoise blue tulle and black tulle picture hat, with a shower bouquet of pink roses; Miss Lean Echenberg, the bride's sister, in rose georgette with hat to match, and Miss Esther Hert, of Montreal, in pink georgette with black hat, were bridesmaids, both carrying sweet peas. Clarisse Geller and Zeldia Holdengraver scattered flowers in the path of the bride, and Freda Holdengraver acted as ring bearer, all wearing white organdy frocks over pink slips. The groom was supported by his cousin, Mr. Herbert Vineberg, of Montreal, and his brother, Mr. Norman Vineberg, also of Montreal, and Mr. Henry Echenberg, brother of the bride, were ushers.

The four brass rods upholding the bridal canopy were held by Messrs. F. Rogers, Montreal, and S. Echenberg, A. Smith and S. Smith, of Sherbrooke. An orchestra played the wedding march and the music incident to the ceremonial, the intoning being done by Cantor Segal, of the Shaar Hashamayim, Montreal. Immediately after the wedding the large bridal party and guests sat down to a supper in the Synagogue hall, and then adjourned to the home of Mr. and Mrs. M. B. Echenberg, Belvidere street, where the reception was held. The scheme of decorations, pink and white, was carried out on the supper table in the hall, as well as at the house, which was lavishly decorated with pink and white sweet peas. The lawn was hung with Chinese lanterns and set with tables for the buffet supper which was served during the evening, and an orchestra played for the young people to dance until a late hour. The newly-married couple left for a month's trip by motor to Washington, New York and other American cities and summer resorts, the bride wearing a blue serge coat and skirt with small black hat and flowing veil.

The bridegroom's gift to the bride was a platinum bar pin set with diamonds and pearls, and to the maid of honor and bridesmaids, rings set with diamonds and sapphires; to the little girls, pearl brooches; to the best man, a pearl tie pin, and diamond stick pin to the ushers. The wedding presents were very numerous and beautiful.

Mrs. M. B. Echenberg, the bride's mother, wore black, beaded with touches of jade, and Mrs. Max Vineberg, mother of the groom, black satin and jet. Both wore corsage bouquets of orchids and roses. Besides the many relatives of the bride in Sherbrooke, who were present at the ceremony, many relatives and friends came from out of town, among them the following: Mrs. Max Vineberg, Mr. and Mrs. H. Lehrer, the bride's grandparents; the bridegroom's sisters, Mrs. Yarnberg and Mrs. Geller; his aunt, Mrs. Brodsky; his uncle, Mr. Moses Vineberg; Mr. and Mrs. F. Berlin, Mr. and Mrs. A. Wexler, Mrs. and Miss Goldner, Mr. and Mrs. Cokran, Mr. and Mrs. S. Kerner, Mr. and Mrs. O. Kerner, Mrs. J. H. Golt, Miss Rhoda Geller, Miss Bella Benjamin, Messrs. Louis Lehrer, Leon Levinson, S. Gold, Sloves Eyles and Nathan Fish, from Montreal; Mrs. Holdengraver, from Bathurst, N.B.; Mr. and Mrs. Shriar, Miss Ida Endler, Mr. Sam Endler and Mr. S. Leibling, from Quebec; Mrs. Meza-bow, from New York; Mrs. L. Wienstein, Mr. and Mrs. Maxwell Weinstein and Mr. and Mrs. Franklin, from Theiford Mines.

NELSON—MACDONALD

The marriage took place quietly at the Manse on Saturday afternoon, July 2nd, of Miss Catherine Mercer MacDonald, of Sherbrooke, formerly of Glasgow, Scotland, to Mr. Oscar Edward Nelson, of Ascot. Rev. Alfred Bright, minister of St. Andrew's Presbyterian Church, officiated at the ceremony.

The bride was becomingly attired in a gown of white silk and georgette and carried a shower bouquet of pink roses.

Mr. Walter and Mrs. Readshaw, of Ascot, attended the groom and bride respectively.

After a short honeymoon, Mr. and Mrs. Nelson will reside in Ascot Township.

"Lest ye forget God." These words, the preacher said, are as applicable today to the Empire of Great Britain as to the kingdom of Israel, and a great responsibility rests not only on the nation as a whole, but upon each individual of that nation. No matter how great or powerful it may be, if God is forgotten or left out of her national life, disintegration must occur, and in the end it will fall to pieces.

55TH BATTERY C.F.A.—IMPORTANT NOTICE.

A parade of all members of the battery available for Petawawa will be held at the armories (Belvidere) at 7.45 tonight (July 4th) in uniform. It is important that everyone be present. E. D. Johnston, Mayor, O.C. 55th Battery, C.F.A.

Y.M.C.A. TENNIS COURT.

The formal opening of the court will take place Tuesday, July 5th, at 7.30 p.m. During the evening the Ladies' Auxiliary are holding a social, with military band in attendance on Y. lawn.

On July 17, 1793, Charlotte Corday, heroine of the French revolution was executed. The dignity and charm of this Norman maid has been told in song, story and drama. Now comes Joseph with a Charlotte Corday hat of black maline hair braid edged with baronet satin and finished with bow of black crepe and satin falling to shoulder.

TENNIS HONORS DIVIDED WITH WESTMOUNT

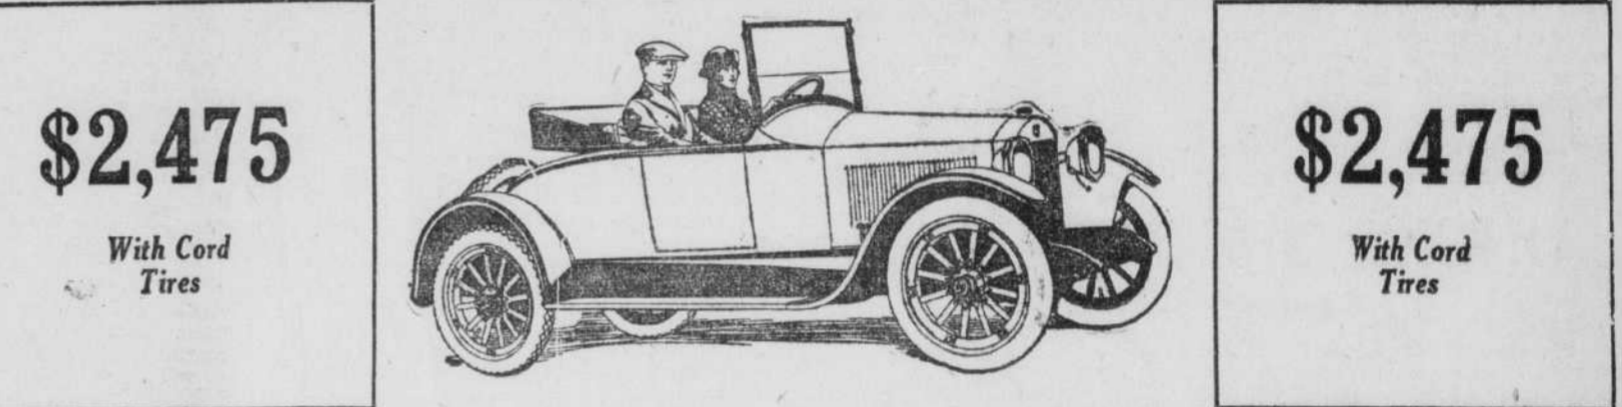

Interesting Games Played on Local Courts—Each Team Won Three Events.

The local tennis players maintained their unbeaten record on Saturday, when they divided the honors with the strong Westmount team from Montreal. The visitors were forced to the very limit and in two events which they won they were compelled to play a third set while in each instance the locals tied the score only to watch the game slip from their grasp. Both the singles and doubles were evenly divided, although Sherbrooke actually won 72 games to 66 won by the visitors. During the course of the evening the visitors were entertained at the club house, Colonel Penhale, D.S.O., president of the St. Francis Golf Club and Mr. A. Howard, chairman of the tennis committee, providing for the visitors' comfort. Yesterday the visitors had a most pleasant trip to North Hatley and subsequently returned to Montreal in the evening, greatly pleased with what they had seen of Sherbrooke during the brief stay. A return game is scheduled to be played in Montreal on August 13th. The detailed scores are as follows: Singles:—

LENNOXVILLE

LIBERTY SIX

Why is the biggest word of the day among car buyers. The time when money was lavishly spent on flashy things that merely pleased the eye is gone. The practical man of today wants to know why—before he signs the order. Why Is This Important to the Car Owner? It means a tremendous increase in flexibility. The Liberty Six has a speed range of from 2 to 60 miles per hour on high. Picks up smoothly after long periods of idling. Why Does It Ride So Comfortably? Proper distribution of weight combined with scientifically designed spring suspension makes the Liberty Six one of the easiest riding of all cars. A ten-minute ride will convince you. Why Is It So Easy to Stop the Liberty Six? Because carefully calculated leverage principles, and 16 p.c. over-size brake drums, a light foot pressure sets the service brake at any speed. Emergency brake is mounted on the rear of the transmission case—away from dirt and mud—always clean and in condition for positive action. Why Are You So Sure the Liberty Six Will Stand Up? Liberty Six records have proved it. No Liberty Six has ever retired from service. Many owners have driven 20,000 miles without even taking up motor bearings. The first Liberty Six is still in use by the original owner after five years of hard daily service. Why Should I Accept All These Claims? You are not obliged to. Ride in the Liberty Six. Drive it. Question owners. All this will only confirm our enthusiasm. We will match this car with any car within \$1000 of its price. Come over and see us or phone for a man. Why Is It Economical of Fuel? Due to uniform combustion chambers, the Dry Gas Vaporizer and the Special Manifold fuel is completely utilized. The fact that this big, powerful 53 H. P. motor averages 18 miles per gallon proves economy. Why Is the Liberty Six Easy to Drive? Because of Liberty finger-weight controls, gears shift easily and quietly, clutch is unusually soft yet engages with over one-ton pressure steering mechanism works with wrist action, brakes, due to perfected leverage principles, set easily. Driving seat and control positions have been carefully placed for perfect comfort. Why Is the Liberty Triple-Head Motor So Quiet? Because it has a big, perfectly balanced, four-bearing crank-shaft, with 33 1-3 p.c. more bearing surface than average motors, eliminating vibration. All motor parts are carefully selected and weighed for accurate balance on delicate scales. Together with precise workmanship and perfect lubrication this insures a sweet-running, quiet motor. Why Is It Free from Lubrication Troubles? Lubricated by perfected Force Feed Oiling System, oil is forced to each bearing under heavy pressure. The entire quantity of oil in the motor, six quarts, is circulated through the motor each minute at average driving speed. A special oil regulator automatically insures correct oil pressure on every bearing at all times. No part can escape proper lubrication. 800 miles per gallon is average consumption. No other motor in any medium-price car has this complete lubricating system. Why Is the Liberty Triple-Head Motor Powerful? Has six powerful, long-stroke pistons and six uniform combustion chambers. The new Liberty Dry Gas Vaporizer and Special Manifold delivers an even flow of Dry Gas to all six cylinders, at all speeds. These two features are largely responsible for its unusual power. Why Is the Liberty Dry Gas Vaporizer a Triumph? To get an even flow of Dry Gas to six cylinders has always been a problem. Perfect, smooth operation is impossible without it. The Liberty Dry Gas Vaporizer and Special Manifold have definitely solved this problem. Why Is the Liberty Triple-Head Motor Remarkable? Three detachable cylinder heads solve the problem of securing six absolutely uniform combustion chambers. Maximum power and smoothness assured. Inspection of any two cylinders made easy. Actual building cost is 23 p.c. greater than average motors, due to added engineering quality, finest materials, and most precise machining. Designed entirely by Liberty Engineers. Used only in the Liberty Six.

## THE MILLER'S CAT

"I can't think why I have never been to stay in the country before," said Margery Gooding to her aunt as they walked down a lane between hedge rows bright with flowers. "We always go to places like Brighton and Scarborough. Oh! look at those darling little lambs running races!"

Miss Porter laughed as they paused at a stile, and she replied, "I am glad you are to stay a nice long time now that you have come. Do you see the mill? Yes, just where the river curves. We can cross this meadow and save nearly a mile of road walking."

Margery wanted to catch one of the pretty lambs, and play with it, but they were all too nimble and skipped away from her. Some had white faces, some black, and there was one lively little fellow who was as black as a sweep.

"Here are Peter and Dick and Nancy," said Miss Porter, as three children approached.

They soon made friends with Margery, and when the party arrived at Dorwell Mill, Miss Porter went in doors to talk to her friend, Mrs. Grant, and she saw no more of Margery until late in the afternoon.

The children had splendid games of hide and seek. It was a very old mill, three-storied, with dark granaries and lofts full of hiding places. Mr. Grant showed Margery how sacks of corn were hoisted, and she was so interested when he explained the machinery that ground the grain into flour. There was a flight of stone steps outside the main building leading to a big granary.

"Would you like to climb them?" asked Nancy.

"It would be fun," replied Margery, and she ran lightly up the

steps. "There's such a funny little door in the big door!" she shouted. "That's for Topsy," replied Dick. "She goes in that way sometimes because she likes to sleep in the granary. She has a cozy bed up there."

Margery experimented until she found out how to open and close the little shutter that the children called Topsy's door. Then, spying a rope that hung close to the top step from an upper story and reached to within a foot of the ground, she slid rapidly down it! Peter and Dick clapped their hands.

"We climb ropes in the gym at my school," exclaimed Margery. "I got the gymnastics prize last year, and the judge said I climbed like a monkey!"

She went a little distance, hand over hand, and showed them another way of coming down.

"You must come and play with us again," said Peter. "I wonder if you'd care to try our swing? And you haven't seen our seesaw yet!"

When they were leaving Miss Porter was asked if she was willing to take charge of Topsy again, while the miller and his family went to the seaside for their holiday.

"Yes, certainly. Margery will be delighted to have a cat in the house. Shall we take her this evening?"

After supper they called Topsy, and hunted for her in the garden and about the mill.

"Never mind, Peter shall carry her over first thing in the morning," said Mrs. Grant.

Topsy was a tabby Persian cat, and a great favorite with everybody, and Margery was eager to see her.

"Peter should be here very soon," said Miss Porter at half-past eight the next morning. "Their train leaves Rickham Junction at 10, and

the mill is two miles from the station. Go down the lane, dear, and perhaps you will meet him."

Margery waited at the end of the lane, but there was no sign of Peter. After a long time she returned to her aunt's cottage, and they decided that Topsy had not been found in time to be brought by Peter.

"Perhaps if we go across to the mill tomorrow we shall find her. They will have left her plenty of food and milk," said Miss Porter.

Margery helped her aunt in the garden. They dug up borders and planted seeds, and mowed the lawn. In the evening they went for a nice walk over the hills and Margery gathered a bunch of sweet spring blossoms.

As she sat in the porch watching the bats fly around, a thought flashed into her mind that made her spring to her feet and call, "Aunt, I'm going for another walk."

"Don't be long dear," Margery sped like a hare down the lane. She vaulted the stile and ran across the meadow, past the lambs. All was silent at the mill; the big wheel had ceased to turn and the water to splash beneath it. Then the silence was broken by the mewing of a cat!

"Topsy!" cried Margery, looking up to the big granary. "I know she's up there," she said to herself. "And I shut her in by mistake."

There were some iron railings at the bottom of the stone steps, and the iron gate through which the children had passed the day before was padlocked. It was too high for her to climb.

Margery stood for a moment hesitating. Then she noticed the rope. With a merry laugh the agile little girl swarmed up it, and swung herself on to the top step, which was wide like a little platform. Quickly she slid back the shutter, and two bright eyes met her own.

"Topsy!" she whispered. "Dear old Topsy! Get on my shoulder and I'll carry you down."

But Topsy knew a better plan than that. She purred and fussed, and then she ran down the steps. "Very well, pussy," said Margery. "But I shall have to go back the way I came."

Never in the gymnasium did Margery descend a rope so quickly! She leaped almost on the top of the cat, whose eyes shone like green lamps in the gloom. Topsy was quite friendly, and burred loudly when Margery picked her up.

## For the Little Folk

### HOW UMBRELLAS WERE INVENTED.

Under a toaststool crept a wee elf. Out of the rain to shelter himself; Under the toaststool, sound asleep, Sat a big dormouse, all in a heap.

Trembled the wee elf, frightened, and yet Fearing to fly away lest he got wet. To the next shelter, maybe a mile, Sudden the wee elf smiled a wee smile.

Tugged till the toaststool toppled in two, Holding it over him, gaily he flew; Soon he was safe home, dry as could be. Soon woke the dormouse—"Good gracious me! Where is my toaststool?" loud he lamented; And that's how umbrellas were invented.

### THE CORNFLOWERS KNEW!

A little field mouse built a dainty wee house. In the field at the end of the lane; And a lark built one, too, 'neath the sky's azure blue. Where the brook played all day with its room. The sun smiled away on that pleasant spring day, And a chaffinch from tree to tree flew, And though all thought their secret by none was observed, Why—the cornflowers knew.

A green fly sat under a poppy's red lamp, and a nuthatch climbed up an oak tree, The ants worked away, building cells all the day, Till the woodmen went home to their rest. When the moon peeped out white, on that pale, misty night, And the owls from the ivy leaves flew, They all thought their secrets by none were observed, Yet—the cornflowers knew.

## CORRESPONDENCE

Dear Uncle Jim: My school closed the 21st of May. When my papa works on the road sometimes I do all the chores and milking. I am eight years old, and will be nine years old the first of November. We have five calves and seven little pigs, and we have nine cows. I know how to milk, but we have a hired man, so I do not do any milking. I will close now, and hope to see my letter in print. Good-bye, Uncle Jim. From CARROL DUSTIN. Magog, Que.

Dear Uncle Jim: As I have not written to you for a long time, I will write now. I have just been reading the Corner that you put in every week, and I noticed that you wanted to know about all the gardens. I will write about ours. My brother and I planted some turnips, radishes, cabbages and carrots, then daddy planted potatoes, corn, squash, peas, onions, lettuce and radishes in the big garden. The squash did not get on very well, but I must tell you that the garden my brother and I made has done well. When the cabbages grew bigger, daddy put them in the big garden. We have eaten nearly all the radishes, so daddy planted some more. During my vacation I will help my brother and play with my baby

## Stage and Screen Attractions At Local Playhouses This Week

### At the Premier Theatre.

"The Silver Lining," a Metro release, starring Jewel Carmen, will be the feature picture at the Premier for Monday and Tuesday. This picture deals with two very different sides of life, and shows the careers of two girls, one a beautiful, clever crook and the other a rich society girl.

On Wednesday and Thursday, Mr. Tearle in "The Road to Ambition" will be the special attraction. This is a very interesting industrial drama.

An added attraction for these two days will be a screen contest for a local talent comedy, staged by Mr. Fred Bezzerol, a well-known director and actor.

"A Beggar in Purple" will be shown the last two days of this week. This is adapted from a novel of the same name by Andrew Soutar.

At His Majesty's Theatre. Betty Compson in "Prisoners of Love" is the Monday and Wednesday attraction. Here is a picture true to form—one that will appeal to all classes of people. The star herself has proved in her former

productions that she possesses more than ordinary ability.

Paul Gury, the French actor, and his company will be the attraction for Tuesday evening. This is a treat that anyone speaking and understanding the French language should not miss.

For Friday and Saturday, "Courage" will be shown.

### At the Casino Theatre.

"Proxies," released by Paramount, will be the feature picture at the Casino on Monday and Tuesday. This is a picture with plenty of thrills and both the hero and heroine are reformed crooks.

On Wednesday and Thursday, "Too Wise Wives" will be shown. The story concerns two married couples, and on account of fickleness and lightness of heart, very serious matrimonial complications arise. This production is written and directed by Lois Weber.

Tom Mix will be seen in one of his wild and woolly west pictures when "Hands Off" will be shown here on Friday and Saturday. This is a typical Tom Mix picture in which he rescues a beautiful girl, scatters a gang of thieves to the four winds, and winds up with prospects of an early marriage with the heroine.

## Fashion Hints

### FEMINE INTUITION.

"Sorry to be so late, my dear. Fact is, a friend asked me to stop in and take pot luck with him."

"Well, which won the pot?"

### OUR NATURE LOVERS.

Mrs. A—So you think you'll go to the mountains this summer?

Mrs. B—Yes, there's too much breeze at the seashore—it's always blowing the cards off the bridge tables.

### SORRY HE SPOKE.

Hub—Have you any idea how short that skirt is?

Wife—Yes, and I've a fair idea of how long it will be before you will let me get another one.

### STILL MORE AUTOCRATIC.

"Didn't Joe find it hard to return to civil life after commanding in the army?"

"Oh, no. You see, he got a position as janitor."

### JOBSON ON THE JOB.

Western paper—The measles broke out here last week, but Dave Jobson, the town constable, caught 'em.

SPORTS COSTUME

Just a touch of Spanish influence is to be found in this costume with its vivid green jacket, cut quite short enough to show the gracefully wound scarf sash beneath. The skirt is cut full and straight and a line of green is introduced near the hem. The material is Canton crepe.

LITTLE FOLKS CLOTHES

Touches of hand work on little frocks give an air of smartness to even the simplest garment. Cross barred dimity, picoté on the edges of the quaint tab collar and cuffs, and on the pockets is enlivened with orange colored flowers done in silk. The romper is a combination of white lawn and blue linen with applique of fruit in pink and yellow linen.

### ANSWERS TO LAST WEEK'S PUZZLES.

The battlefields found in short sentences are: 1—Mame. 2—Rheims. 3—Argonne. 4—Verdun. 5—Chateau-Thierry. One of the things Jack will see—a rafter.

sister. We had a school picnic last Saturday, and the reports were given out then. I came fourth in my grade, and my average was eighty-three. We are going to have a picnic three. We are going to have a picnic on the 30th, at Bacon's Bay, on Lake Massawippi. My daddy bought a Ford car, and we all went to Sherbrooke a short time ago. We saw quite a few men in the Record office, but we did not know which was Uncle Jim. I must close now. From your loving niece, SYBIL SMITH.

Representations at 2.30, 7.00 and 8.45. CASINO Adm.: Matinee, 15c. Evening, 25c. EXCELLENT MUSIC.

THOROUGHLY VENTILATED, COOL AND BREEZY. Now Showing Another Big Cosmopolitan Production, 'PROXIES'. A smashing melodrama of the big city. The story of a former crook who was determined to live straight. Don't miss this great Paramount picture. "PLAYMATES, a clever Century — "DOUBLE ADVENTURE". COMING—WEDNESDAY AND THURSDAY—The picture that every married person should see. Lois Weber's Newest Special with Claire Windsor and Mona Lisa as "TOO WISE WIVES." A picture dressed up in shimmering luxury and glowing with the red blood of life. By Special Request—Review Two Thousand Feet of Local Pictures. Come and see yourself and friends in pictures. "JANITORS," a roaring Sunshine Comedy. Eileen Sedgwick in "THE DIAMOND QUEEN."

Premier Theatre The House of Merit. Today and Tomorrow—Jewel Carmen in "SILVER LINING" It's a Thrilling Study of an Unusual Angle of Heredity. First Episode of "Vanishing Trails" ALSO OTHER FEATURES

HIS MAJESTY'S Offering for your consideration for TODAY AND WEDNESDAY, one of the very finest Bills ever shown in Sherbrooke. An All-Evening Entertainment, starting at 2.30 Afternoons and at 8.15 Evenings. BETTY COMPSON PRISONERS OF LOVE Also two other very interesting subjects. FOR THE BRIDE Simplicity is the charm of this bridal robe for the sumptuousness of shimmering white satin assures its success. Old-fashioned puffing which is having such a revival in popularity this season finishes neck, sleeves and hem. The train is cleverly managed by a long, half-way overskirt. BRIDE'S DRESS Quaint little bouquets of white satin roses, set in ruffles of fine net, pleated and finished each with a ribbon streamer, have much to do with the making of this pretty frock. More pleated net and satin roses are used to trim the bodice. One may wear a fine net veil that falls half over the face in charming fashion.

## UNCLE JIM'S LETTER

Dear Corner Children:

We are now in the mid-summer month of July, when picnic parties and visits to friends are being planned and enjoyed. I hope all the Corner children will have merry times in the wonderful outdoors, learn to swim, fly kites and catch fish.

I had a letter a few days ago from a little niece who was shut in with scarlet fever, but she did not want to put it in the Corner. I hope she is better now and able to get out of doors. It is not very nice to be ill or shut in during the summer time, is it?

I darkened the odd-shaped portions of the puzzle in last week's Corner, and it proved to be a rooster. I hope the little shut-in tried it, too.

I am sure Sybil and her brother has a nice garden, and it must be quite a task to keep it growing when it is so dry and warm. My small garden is not at all nice, everything is dried up and will not grow. It looks as if we were not going to have any nice fruit and vegetables this season, but we must not get discouraged.

There were many picnics and auto parties on Dominion Day, but Uncle Jim spent the day very quietly; I thought that would be better than to go out in the hot sun. We did not have any fireworks, for the grass is so dry we decided it would be better to wait till next year for that kind of celebration. I hope none of the Corner family got their fingers burned.

Now, I want the children to tell me in their letters what they would like for a contest when the warm weather is over. We must have something interesting, and that will give all the children, both little and big, something to work for.

Hoping to hear from some of my

boys and girls who celebrated the first of July in a happy way, I will close for this time. UNCLE JIM.

### ABOUT A BUNNY AND TWO DOGS.

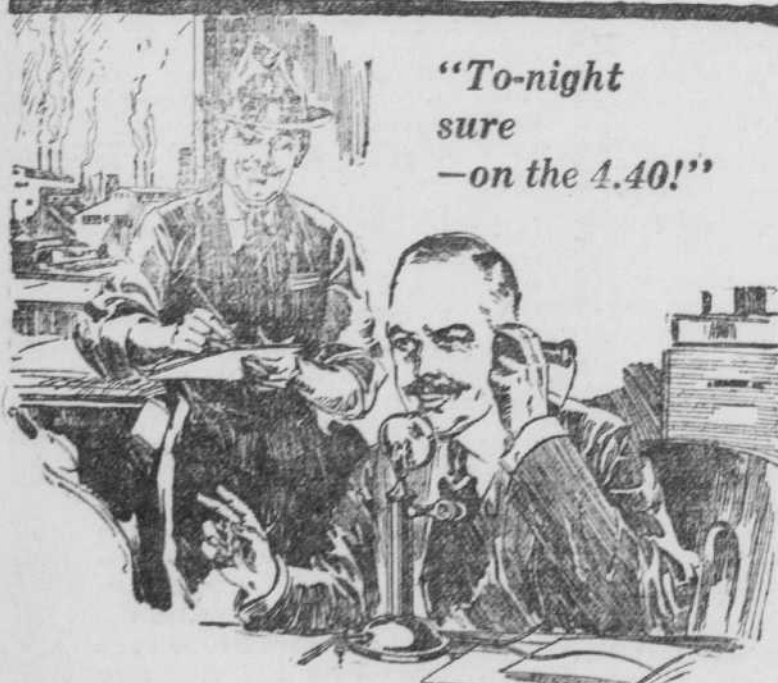

Have you ever seen a little bunny that was soft tan color with a tail that was white like a fluff of cotton? The pretty little bunny I am going to tell about lived in a hole in a field near my house.

This little bunny came every morning just as soon as the sun was up, to eat the nice green clover that was growing on my lawn. When I found he would creep up to get near him he would put up his pretty, long ears and sniff with his soft little nose, and then hop, hop, hop, he would scamper away as quick as he could into the weeds in the field and I wouldn't see him any more that day.

But one day I was out doors just at noontime and I saw two big dogs running as fast as they could around and around in circles in the field by the side of my house.

I watched them go here and there with their noses to the ground and back and forth they would go, and then, what do you think? Out of the dry weeds and up toward me and past me, a little streak of tan with a fluff of white at the end ran by so fast I could hardly see, but it was my little wild bunny. And he ran and ran across another field and down into a hole on the side of a banking.

That was his home where he lived, and the big dogs had a good joke played on them, because they were chasing the bunny by smelling his footsteps and he ran right by them, and because they didn't look up they didn't see the bunny, who was now in his little home.

## For the Quick Service — that brings repeat orders

"LET me get him on Long Distance, and I'll soon settle this!"—says the shrewd business man, as an emergency arises. His personality, with the persuasive tones that helped him build up his business in the old days, is still the greatest force at his command, and it never fails to bring the needed results.

Long Distance permits him to retain that personal contact and influence with men in distant places, on which his success was built. "If one of our travellers fails to secure an important order, he gets me on Long Distance before the interview is over, and I nearly always land it."

The power of Long Distance as a business-getter is only beginning to be appreciated. "Use the Bell to Sell," and see how economically it produces results. 145 Years Young—

TRAINING THE TODDLER

FEW women realize how quickly children react to stimuli—that is, you can influence your offspring to do almost anything you wish. Take a children's school, for instance. Little tots go in at the door in the morning and come out at noon orderly, self-reliant and companionable, for they have met other toddlers, some four year old and some three. Together all have played under the quietly directive regard of the teacher. At a certain hour play takes place in the open air. At another time a Graham cracker is indulged in to help little stomachs over till dinner time.

"If you believe in giving the child all the freedom he needs, but see to it that he never takes freedom for license," says the dark-eyed mistress of the entire school of ninety pupils from babyhood to eleven years, "then you have released something priceless. You have given him his birthright of choice for good or evil. As a rule, the choice will be for good. The little child looks around at his fellows. All are immersed in their play tasks. No one is watching him especially, no one is nervous for fear he will be naughty. For lack of an audience his ambition to be unruly subsides. Much work can be accomplished when one is interested, for then concentration takes the place of forced attention. Such concentration is the guiding principle of the modern theory of education."

BUTTER PRICE TAKES A JUMP ON EXCHANGE

An Advance of One and Three-Eighths Cents per Pound Was Recorded on Saturday.

(Special to the Record) FARNHAM, July 4.—The price of butter has been gradually climbing during the past few weeks, and this past Saturday was no exception to the rule on the Eastern Townships Dairymen's Exchange. As a matter of fact, the price of butter registered an advance on the Exchange of one and three-eighths cents a pound as compared with the prevailing quotation the week previous. A week ago butter sold on the Exchange at 31 1/4 cents a pound, while this past Saturday the ruling price was 32 3/4 cents a pound. Fourteen factories boarded butter on the Exchange on Saturday, and all sold at 32 3/4 cents, with the exception of one.

DANVILLE CHEESE BOARD DANVILLE, July 4.—Last cheese board, 900 boxes cheese at 16 1/2 c per pound. Shipton Creamery, last sales: 74 boxes butter at 27 1/2 c per pound; 54 boxes butter at 29 c per pound.

VERY QUIET SESSION ON MONTREAL EXCHANGE

(Associated Press Despatch) MONTREAL, July 4.—The local stock exchange was very quiet at its opening this morning after the long holiday. Dominion Steel was stronger by 5-8 of a point at 23 3/4. Laurentide was also strong, registering a gain of 3 1/2 points to 73 1/2. Spanish River remained unchanged at 48.

PYORRHEA AND ITS CURE

PYORRHEA, it is claimed, is on the increase. Of late years, however, scientific dentists have demonstrated that it is curable if taken in time. It is nothing more than an abnormal inflammation of the gums, which results in their becoming soft, spongy, with a tendency to recede, so that sometimes absolutely healthy teeth just fall out. The cure therefore is in allowing all irritations. All tartar and calcareous deposits about the gums must be removed, not only by the use of a toothbrush but by regularly massaging the gums themselves, so as to create and maintain a good circulation. Any inflammation of the gums should have immediate attention. If it is neglected pus may form at the roots of the teeth and infection follow.

The best preventive of pyorrhoea is absolute cleanliness and a good circulation through the gums. An excellent plan is to place the tooth brush with the bristles at the base of the gum, the side of the brush against the teeth. Then firmly pressing the brush against the gum, turn the handle of the brush in such a way that the back moves outward, the bristles working between the teeth as the brush rotates. After using the brush it is well to also massage gently with the finger tips all around the gums. If they should bleed during this process it is not harmful. They will only bleed as long as there is any congestion, and it is far better that they should bleed under these conditions.

A small French detachment is at Ismid, and it reports that a number of bodies of Moslems who were assassinated before the departure of the Greeks, have been found. The French, however, succeeded in saving 4,000 Turks in the town, it is said.

SERIOUS FOREST FIRES ARE REPORTED RAGING

Have Burned Over Six Hundred Acres in Superior National Forest.

(Associated Press Despatch) DULUTH, MINN., July 4.—Two forest fires in the Superior National Forest have burned over between 600 and 800 acres of white and jack pine timber and are still raging, according to a long distance telephone message received by the Associated Press from Calvin A. Dahlgren, Superior National Supervisor, at his headquarters in Ely. Two crews of fifty men each are fighting the flames. No rain has fallen in the fire district for several weeks.

## CARPENTIER KNOCKED OUT IN THE FOURTH ROUND; DEMPSEY WAS THE MASTER THROUGHOUT

### Sentiment Largely Favored the Clever Frenchman, but He Was Unable to Withstand the Champion's Terrific Punches—Carpentier Showed Up Well in the Second, but the End of the Third Saw Him Badly Battered—Carpentier Took a Count of Nine Before Being Finally Laid Out.

(Special to the Record)  
NEW YORK, July 4.—Fighting gamely all the way, Georges Carpentier, the French heavy weight champion, was unable to make any headway against Jack Dempsey, the world's champion, and was hopelessly outclassed. The final came after one minute and sixteen seconds of actual fighting in the fourth round, when Carpentier was floored with a short right hook to the chin. He lay flat on his face, arm and legs outstretched.

Previous to the knockout Carpentier went down for the count of nine with a left to the body and a right to the chin, and as he came to his feet, the grin and determined Dempsey measured him with a swift hook to the chin.

Dempsey stood over the fallen Frenchman until the count was finished and then tenderly picked up the dazed and bleeding challenger and placed him in his corner.

Carpentier received an unmerciful beating, but he was a glutton for punishment and took everything without wincing. His face was swollen and bleeding as a result of the champion's vicious rights and lifts to the head, but he fought back gamely.

It is understood that in the second round, Carpentier broke his right hand with a vicious swing to Dempsey's jaw, and this would naturally lessen his chances considerably.

Carpentier was out only for a few seconds, first aid being applied by Manager Decamps, while the police cleared a passage to enable the fighters to go to their dressing rooms.

Georges Carpentier announced last night, through his manager, that he would remain in the ring, but would not seek a return match with Dempsey, whom he admitted to be his superior.

Tex Richard, the promoter of the big fight, figured yesterday that his net profits from the Dempsey-Carpentier fight would be about \$500,000. Dempsey gets \$29,000 a minute for the ten minutes and sixteen seconds of actual fighting, and Carpentier gets about 16,500 per minute.

Jess Willard, ex-world's heavy-weight champion, stated Saturday he would box Dempsey Labor Day if arrangements could be made.

The story of the fight in detail follows:—  
First round—Carpentier landed a right left and clinched. Carpentier landed a right. Carpentier missed a right, but connected with a left hook. Dempsey punished him, beating him unmercifully. Carpentier was groggy and bleeding at the nose. Dempsey missed a right swing, but beat Carpentier as they clinched. Carpentier fell through the ropes to avoid a punch. He fell into Dempsey as he crawled back into the ring and landed several blows on the champion at the end of the round.

Round two—Carpentier missed a left. He backed away and Dempsey hooked to the jaw, beating him around the head with his right. Carpentier was short with a left, but staggered the champion with lefts and rights to the jaw. Dempsey staggered back a bit, then again forced the fighting and spit the Frenchman's eye.

The cut was under the eye. Dempsey missed a right swing. They exchanged body punches as the bell rang.

Round three—Carpentier ducked a left hook. Dempsey backed into the ropes and hit with a short right. Carpentier landed two uppercuts to the body in a clinch. As they clinched Dempsey punished the invader in the body and Carpentier nearly fell down when he missed a right to the head. Dempsey punished Carpentier vigorously in the infighting. Dempsey landed a left and right to the head without return. They exchanged left hooks to the chin.

Carpentier's left swing was short and Dempsey slugged him on the jaw with a left hook in the clinch. Dempsey battered Carpentier into a corner with rights and lefts at the bell. The bell saved Carpentier from a knock out.

Round four—Dempsey rushed Carpentier to the ropes with a left to the body and made him wince. Carpentier landed a right to the head and tried to hang on. Dempsey missed Carpentier. Then came a left to the body and a right to the chin which sent Carpentier down for the count of nine. When the challenger regained his feet, Dempsey measured him with a right hook to the chin for a knock out.

### CARPENTIER TAKES PART IN CELEBRATION

(Associated Press Despatch)  
MANHASSAT, N. Y., June 4.—Georges Carpentier, his right arm hanging at his side, joined in flag raising, fire cracker salutes and other Fourth of July ceremonies today.

A number of guests came to camp for the day. Carpentier laughed and talked with them and assured them that he was all right and that his injured right hand was not so painful.

The guests brought a large supply of fireworks with them to be used in a great demonstration after nightfall.

## BOSTON FULLY CONVINCED OF LOCAL STRENGTH

### Sherbrooke Won Another Close Game from Boston—Poor Decisions at Newport.

The Boston R.R. Y.M.C.A. returned home yesterday evening fully convinced that they cannot knock Sherbrooke out of the box. This particular idea of theirs cost them a tidy sum of money, as they undertook to forfeit all guarantees if they were unable to win. Their determination was clearly evident when it was seen that, with the exception of Holmes, Quigley, Mahoney and Glenn, the team was composed of entirely new players secured especially for the occasion.

It was certainly a closely fought game and the locals were forced to the limit to acquire the spoils. The game was practically decided in the fifth, when Sherbrooke hit Madden pretty hard and scored two runs. Each team was credited with seven hits, and while the visitors were pretty scattered, the Sherbrooke players bunched their bingles in the first and fifth, making six of their seven hits in these innings. It was a pitchers' duel, the honors of which went to Thormahlen.

Holmes opened the batting with a nice single, but was caught napping at first. However, an error by Landry saw Holmes go to third after he had been given a base on balls. The following batters were disposed of with ease.

Savage opened for Sherbrooke with a single and was subsequently brought home by White. No players reached first during the second inning, but in the third Schanon got to third on an error by Savage. Thormahlen tightened up and no further damage was done. Sherbrooke added their second run when a peach of a three-bagger by Thormahlen sent Landry across the plate.

Wright opened Boston's fourth inning with a nice two-base hit and came home on arker's single. No further hits were registered until the second half of the fifth, when Moulton, Landry, Thormahlen and White all smashed out singles. Landry was out at third, but Moulton and Thormahlen came home with two runs, White and Molyneux being left on third and second, respectively.

In the sixth, seventh and eighth innings, not a single man on either team reached first, twelve players being put out at first base.

In the first of the ninth, Wright got off to a single and was sent home by Glenn, who was left on third, Boston scoring their second and final tally.

It was a fast and interesting game throughout, with both teams determined to win. Thormahlen and Madden both pitched excellent games, the former being credited with eight strike outs and the latter with seven. The detailed scores were as follows:

### NEWPORT WON ON SATURDAY

The locals journeyed down to Newport on Saturday and were defeated by a score of 7 to 2. Unfortunately, the score does not represent the actual run of the play, and the Sherbrooke boys feel that they were handed the short end of the stick on several occasions. It is maintained that several men were called safe when they were really out, while a peach of a three-base hit by Landry, several yards inside the line, was held up as a foul ball.

Gaudet pitched very good ball, but was frequently compelled to put over more than three strikes to have a player called out.

Score by innings: R. H. E.

result of a penalty kick and the other an open goal. The penalty kick was more or less a piece of luck, the Lennoxville goals stopped the ball, only to have it slip through. The teams are showing marked improvement all through and when it comes down to the finals there should be some good games.

### TWO MORE HOME RUN CLOUTS TO RUTH'S CREDIT

#### "Home Run King" Now Has a Total of Thirty Circuit Drives to His Credit This Season.

NEW YORK, July 4.—The lead of the Cleveland Americans world's champions, is being cut down rapidly by the onrushing New York Yankees, while Pittsburgh National League leaders, appear to be gathering up speed for their eastern invasion this week.

The Indians won yesterday and are only two games ahead of the Yankees, who did not play.

The Pirates dropped a game to the Reds yesterday, but are playing their best ball since regaining the leadership from New York in early June.

In the American League New York's strong pitching should aid it in the chase after Cleveland, which is kept in first place principally through heavy hitting.

The Yankees have not called upon a relief pitcher in any of the past ten games, including those lost. In four of the five straight victories last week, the opposing team was held to seven hits and in the other the total was nine. The Indians were forced to use Maile frequently last week.

NEW YORK, July 4.—Ruth made two home runs on Saturday, bringing his total to thirty. The results of the games yesterday in the American League were as follows:

## ARRESTS MADE IN CONNECTION WITH FIRE

### Several Pictures of Great Historic Value Were Destroyed in Fire

LIMA, Peru, July 4.—Several persons have been arrested and held for examination in connection with the fire which had destroyed virtually all the northwest wing of the government house. Among those detained are two painters who are said to have been at work in the office of the president's secretary shortly before the fire was discovered. Reports that the blaze was of incendiary origin are current here, but officials attached to the government house are very reticent. It is said the fire broke out simultaneously at three places in the presidential suite. Among the valuable objects destroyed were several pictures of great historic worth, depicting scenes in the period when Pizarro invaded Peru.

The state dining room adjoining the presidential offices was not damaged.

### C. P. R. AND CALVIN PLAYED DRAW.

MONTREAL, July 4.—The replayed Connaught Cup match resulted in a draw. C. P. R. and Calvin each scoring a goal. Each refused to play further after time.
