REPLIES TO THREATS OF U.S. FILM FIRMS Claims Industry Will Benefit By Tariff Reduction

Robb Refuses To Give Any Ground Re Tariff Cuts

Minister of Finance Believes Motor Car People Are Frightened About Something that Is Not Going to Happen at All—Takes Ground that Instead of Being Injured by Lower Tariff on Automobiles, Industries Supplying Materials and Parts, as Well as Motor Car Industry Itself, Will Actually Be Assisted by Cut in Tariff.

(Associated Press Despatch.)

OTTAWA, Ont., April 29.—While Hon. J. A. Robb has consented to go into conference with a small committee representing the manufacturers of automobile parts and materials with a view to meeting some of the conditions created by his tariff changes, he declines to be impressed by the case made out by these manufacturers as to the disaster they allege will be caused by the reductions in the motor car duties and he refuses absolutely to recede from the provisions of the budget. He takes the ground that instead of being injured by the lower tariff on automobiles, the industries supplying materials and parts, as well as the motor car industry itself, will actually be assisted by the cut in the tariff. The Minister of Finance believes the motor car people are frightened about something that is not going to happen. The tariff changes were really designed to benefit the industries producing materials and supplies for motor car manufacturers rather than, as they feared, to work them injury.

This was the comfort the large deputation representing the manufacturers of parts, supplies and materials for automobiles in Ontario and Quebec received from the Minister of Finance, yesterday.

REQUESTS PROTECTION FOR CANADA'S COAL INDUSTRY

(Canadian Press.)

OTTAWA, April 29.—Debate on the budget was resumed in the House of Commons yesterday afternoon by D. K. Smith (Conservative, Cumberland).

Mr. Smith regretted that the coal industry of Nova Scotia was not being afforded adequate protection under the Government's tariff policy. From 1867 to the present time there had been a great spread in the amount of duty in Canada on coal. The rate had ranged around fifty cents per ton. If fifty cents per ton was adequate in the '70's, it was surely not sufficient protection now.

More than 1,000,000 tons of coal had been purchased last year in the United States for use on the Canadian railways than was purchased in Canada, Mr. Smith pointed out.

In twenty-five years the anthracite of the United States would be exhausted and Canada would be compelled to depend upon its own coal production. It would better, therefore, that this industry should be built up and established now. Of the Maritime Provinces, one-fifth of the entire population was dependent upon the coal industry which would be ruined by the declared policy. "We are asking for a sufficient duty to protect this industry," declared Mr. Smith.

The coal and steel industry were inter-dependent. The steel manufacturing of Canada was crippled, the production was lower than it was fifteen years ago, and it was one of those industries which an obvious lack of protection had almost ruined. The tariff in relation to steel called for a complete revision upward.

Textile Industry. Speaking of the textile industry, Mr. Smith went at length into the trade figures stating that 15 per cent of industrial wages in Canada were paid in this industry, and 19 per cent of all workers were textile workers. The French treaty had operated against the industry, and many factories were closed and others were closing. This was a splendid example of an industry vitally in need of protection.

Associated with the textile industry was sheep raising. Clearly something was wrong when Australia could maintain 30,000,000 sheep, England 25,000,000, but Canada only 2,000,000. The British preference was partly to blame in admitting woollen goods from Great Britain. Mr. Smith compared the tariffs of the United States and Canada in respect to woollens indicating an extremely low importation of woollens in the United States where the tariff was high. Mr. Smith quoted President Coolidge as stating that the success of the home market development in that country was one of the great feats of commercial history. In Canada the workers of the woollen industry had been unfairly treated in having their market given to a foreign country.

Mr. Smith declared it was "absolutely necessary" that adequate protection should be afforded to the boot and shoe industry in Canada. Such a policy was essential in view of the mass production in the United States, and the quantity of boots and shoes entering the Dominion from European countries.

Thomas McMillan (Liberal, South Huron) followed. The record of the Conservative party from 1911 to 1921 was "diabolical." He considered that members of the Opposition should pause before criticizing the record of the

Government.

"As a result of their record no Canadian Government ever assumed office under greater difficulties than the present King administration," said Mr. McMillan referring further to the Conservative regime.

Agricultural Implement Manufacturers Thriving. The agricultural implement manufacturers in Canada were thriving in spite of tariff reductions in 1924. Mr. McMillan said, Canada needed the type of manufacturer who relied on himself and not on the tariff to build up his business.

"If hon. gentlemen opposite could only shed enough tears to float themselves on to the treasury benches, the floor of this Chamber would become a lake in a very short time," Mr. McMillan said. He was referring to the attitude which he said was taken by Conservative speakers toward the tariff. "High tariff duties for the farmer is simply a blind," he declared. Protection on small fruits and vegetables was simply a lure held out to the farmers. Always the best interests of the majority of the people must rule in tariff matters.

A high protective tariff was unjust, particularly to the working man and farmer, Mr. McMillan insisted.

He was still speaking at six o'clock when the House adjourned until tomorrow.

APPROVAL WAS FINALLY GIVEN FRENCH BUDGET

Figures Give a Surplus of 160,000,000 Francs—Parliament Adjourned Until May 27.

(Associated Press Despatch.)

PARIS, April 29.—The Chamber of Deputies and the Senate, after sending the budget back and forth all day yesterday and last night, finally reached an agreement and passed it shortly before dawn today. Parliament then adjourned until May 27th.

The figures of the budget as finally voted show receipts of 37,498,000,000 francs and expenses of 37,338,000,000 francs, thus giving a surplus of 160,000,000 francs.

CIVIL WAR STILL RAVAGES CHINA

Civil war still grips China! At the top is a picture taken after the recent battle at Sinyanhow, in Honan province. It shows a field battery of the anti-Red forces. Below is a photograph taken on the grounds of the Temple of Heaven at Peking, showing the great horde of war prisoners that are incarcerated there. The imprisonment of these men in Peking is a source of constant worry to officials, as citizens bitterly resent their presence.

GERMANY PROTESTS ALLEGED UTTERANCES OF RUMANIAN AMBASSADOR

Note Sent to Rumania Expresses "Indignant Amusement" at Such Statements from a Friendly Power.

(Associated Press Despatch.)

BERLIN, April 29.—The German government has dispatched a note to Rumania protesting against alleged utterances by the Rumanian ambassador at Paris, Constantine Diamandy, who in an interview in the Matin is reported to have said: "Germany will show two faces at Geneva, one smiling and obliging the west, the other revengeful and overbearing, facing the Russian hinterland."

The German note expresses "indignant amusement" at such statements from a friendly power.

Expresses Hope That Matters Of Imperial Consolidation Will More And More Cease To Be The Pawns Of Party Controversy

Winston Churchill Also Stated That He Hoped Succeeding Governments Would Have Better Things to Do Than to Uproot and Tear Down Processes Which Added to Growth of Inter-Imperial Trade.

(Associated Press Despatch.)

LONDON, April 29.—The well known imperturbability of Winston Churchill, Chancellor of the Exchequer, in the face of attack was the cause of mingled laughter and cheers in the House last night. At the conclusion of a veritable broadside from the opposition, the Chancellor blandly remarked: "I don't remember any budget which incurred such weak, disunited, discursive and contradictory opposition. I am entitled to claim that it more nearly agreed with the budget than any in the past twenty-five years."

VANDERBILT JR. WANTS A LOAN OF \$300,000

Willing to Pledge a Patrimony of \$1,500,000 to Avert Crash of His Chain of Newspapers.

(Associated Press Despatch.)

NEW YORK, April 29.—Cornelius Vanderbilt, Jr., heir to the Vanderbilt millions, today was looking for a loan of \$300,000 for which he was willing to pledge a patrimony of \$1,500,000 to avert the crash of his chain of newspapers.

His family has withdrawn financial approval, but the twenty-eight year old publisher, though handicapped by ill health, is confident he can prevent disaster for the five thousand stockholders in his five million dollar newspaper enterprise.

BRITISH PICTURES AVAILABLE IF AMERICAN COMPANIES CARRY OUT THREAT TO BOYCOTT PROVINCE

Premier Taschereau Prepared for Action—"I Think that It Is Time that We Meet Threats of This Kind by Saying that We Can Get Some Good Products from the Mother Country," States Premier—France Would Also Be Interested in Supplying Films to Canadian Theatres.

QUEBEC, April 29.—Far from yielding to the threat of the American film firms to bar Quebec from their circuits unless the boards of censors altered its attitude regarding certain pictures, Premier Taschereau got munition from the other side today, which confirmed his previous declaration that British films would be available in the event of the boycott becoming really effective.

The following cable received from Dr. J. L. Lemieux, agent-general of the province, in London this afternoon, was handed to The Gazette representative by the Premier, who thought it spoke for itself:

"London, April 28, 1926. 'Taschereau, Prime Minister, Quebec.

"In view of the proposed boycott of distribution of American films in Quebec province, the Stoll Picture Production of London are ready to furnish to the cinemas of Quebec large quantities of very good modern moving picture films.

"(Signed) Lemieux."

"If Dr. Lemieux, who has been for years connected with our board of censors, sends this cable," stated Premier Taschereau, "it means that we can rely that we will get British films if we wish to. I understand that the firm mentioned is a very large one, and that its productions are of the best."

"I think it is time that we meet threats of the kind by saying that we can get some good products from the Mother Country. I am sure that the appearance of British films on the screens of our Quebec theatres would be well received. I may so add that France will also be interested in supplying us with films if we ever need them."

Premier Taschereau was informed that Montreal moving picture house owners had been refused renewal of contracts in the course of the week, effective from August, as threatened by Colonel Cooper. However, he was quite satisfied that the producers would calm down and did not fear by any means that the public would be deprived of one of its favorite entertainments.

MINERS TO HAVE SUPPORT OF ALL TRADE UNIONS

Premier Baldwin Is Continuing His Intensive Conferences With Both Sides in Coal Industry Controversy.

(Associated Press Despatch.)

LONDON, April 29.—General support of the miners by all the trades unions, in the event there is no settlement of the coal dispute, is promised in a resolution adopted today by the executive council of the unions affiliated with the trades unions congress.

While no decision was taken regarding a general strike, some of the union leaders unofficially predicted that such a course would be pursued in event the coal negotiations, in which the miners are fighting a wage reduction, failed.

Arthur Henderson, one of the Labor leaders, said the situation was hopeful to the extent that the parties were still negotiating.

Premier Baldwin is continuing his intensive conferences with both sides.

BRITISH GOVERNMENT WILL TAKE NO ACTION

(Associated Press Despatch.)

LONDON, April 29.—The British government will take no action to prevent the disposal of historic manuscripts, art works and historic buildings to America or other countries, Chancellor of the Exchequer Churchill said today in replying to a question in the House.

BODYSERVANT IMPERSONATED ROYAL MASTER

Always Directed Emperor Francis Joseph's Dress and Sometimes His Official Actions.

(Associated Press Despatch.)

VIENNA, April 29.—Numerous important personages in Vienna are wondering whether years ago they made bows and murmured pledges of loyalty to Emperor Francis Joseph during private audiences or paid honors to his body servant, Eugene Ketterl, who resembled the Emperor, King strikingly.

The story has come to light in a suit brought by Ketterl and other personal attendants upon Francis Joseph against his peers for standardized pensions. The suit has created a sensation.

Ketterl, it is alleged, not only impersonated his royal master at private audiences when the monarch was too busy to bother with such affairs, but always directed his master's dress and some times his official action.

REPORT AIRMEN ARE SAFE AT POINT BARROW

First Direct Word that Has Been Heard from Aviators for Thirteen Days.

(Associated Press Despatch.)

NEW YORK, April 29.—The North American Newspaper Alliance announced today that Captain George H. Wilkins, leader of the Detroit Arctic expedition, and his pilot, Ben Eielson, had landed in their aeroplane "in good condition," at Point Barrow.

This was the first direct word that had been heard from them in thirteen days.

The aviators left their base at Fairbanks for Point Barrow with a heavy load of supplies. Considerable anxiety had been expressed for their safety when radio contact with them was lost.

ROMAN GALLEYS WILL BE RELOADED AS PART OF MUSSOLINI'S PROGRAMME

Two Galleys, According to Tradition, Were Pleasure Barges Belonging to a Roman Emperor.

(Associated Press Despatch.)

ROME, April 29.—Two Roman galleys, which have been lying at the bottom of Lake Nemi, near Rome, for centuries, are to be floated as part of Premier Mussolini's programme to reclaim the ancient glories of Rome. The premier has issued personal directions concerning the galleys.

The two galleys, according to tradition were pleasure barges belonging to a Roman emperor. In the middle ages, parts of the galleys were exposed, but later they dropped to the bottom of the lake, which is 300 feet deep, being in the crater of an extinct volcano.

A commission has been appointed to study the problem of getting the barges from so great a depth. Efforts to raise them have been made several times without success. One method suggested is to dig a canal so as to drain off part of the lake.

DOCTOR ADVISED OPERATION FOR MRS. PENN

She Escaped It by Taking Lydia E. Pinkham's Vegetable Compound

Windsor, Ont.—"After the birth of my first baby I was very much run-down in health and the doctor said I must have an operation as I was suffering from a displacement. A friend wanted me to try your medicine—Lydia E. Pinkham's Vegetable Compound—and I took it steadily for a year. During this time I was carrying my second baby and I felt real well all the time and did not have a hard confinement. I feel sure the Vegetable Compound did me a lot of good, and all my people do, too. One sister in Leamington, Ontario, takes it, and both sisters praise it as a good medicine. I am more than pleased with the result."—Mrs. W. Penn, Windsor, Ontario.

Y'S AND FRIENDS HELD ANNUAL AT DRAPERS CORNER

Meeting Entertained by the Misses Crosby—Report Covering Year's Activities Presented.

DRAPER'S CORNER, Que., April 28.—On Saturday evening the Y's and friends at Westview at the annual meeting. Owing to bad roads and sickness the attendance was not as large as usual. A splendid programme was given, which is to be repeated later.

The following is the president's report of the year's work:

Compton, Que., April 1926. "I herewith beg to submit a report of some of the work done by our 'Y' Society during the year 1925-26, ending April 17.

"The membership of the society during the last year numbered forty-six, showing an increase over last year, thus placing us first in the county, which credited us with the county prize banner.

"The 'Y's' held eight business meetings and eight social meetings. The business meetings were followed by an illustrated lecture. At each meeting music and games, with refreshments, concluded the evening's entertainment. The social meeting was in the form of an ice cream social, which was held in June, when Mr. and Mrs. F. A. Johnstone, of Ayer's Cliff, gave their splendid illustrated lecture on "The City of Quebec" and also provided a short musical programme, which was much appreciated.

"The next social evening was on August 28, when a general good time was enjoyed by all at an old-fashioned dress social held at Mr. and Mrs. Walter T. Brown's. Prizes were given for the oldest costumes.

"Our annual oyster supper was held in October at the home of Mr. and Mrs. A. W. Campbell. A very good programme of songs and recitations followed the supper, supplemented by a radio programme.

"A masquerade on Hallow eve was held at Mr. and Mrs. A. Cairns. Prizes were given for the best and most original costumes.

"In December a quilting was held at Mrs. Cairns', at which meeting two more quilts were tied and finished for a destitute family.

"In February a quilting was held at Mrs. Walter T. Brown's for the purpose of finishing the 'Y' album quilt, ready for the debate and sugar social to be held later.

"The debate and sugar social held in March was a decided success. The drawing for the 'Y' quilt took place at this meeting, which resulted in 119 being the lucky number out of 125.

"The 'Y's' packed six Xmas boxes for sick ones and shut-ins. Besides these, numerous boxes of fruit, etc., were sent to sick ones during the year; also funeral sprays and flowers to the hospital. A post-card shower was given one of our members during his long illness in the hospital, and five dollars was voted and sent to an inmate of the Sherbrooke Hospital, which was thankfully acknowledged. Five dollars was voted to buy clothing for the poor family mentioned above.

"The 'Y's' have enjoyed one of McGill's travelling libraries this last winter and are now taking a step further to buy some second-hand books (fifteen in all) from the Lennoxville Library, and at the same time have rented fifteen at the same rate as from McGill. This 'Y' library will doubtless be enlarged from time to time as the society deems it necessary.

"I regret to report that no delegate went to the provincial convention held in Westmount last fall. Delegates were faithfully chosen by the society, but for reasons no one felt free to attend. The society does not habitually choose delegates for the mid-winter conference.

"Our society has met its obligations to the county and provincial unions excepting the clip sheet, which our members thought more advisable to give the same amount toward the 'Y' library.

"On May 2, 1925, the society had \$21.91 in the treasury; \$114.97 was taken in during the year and \$114.29 paid out for expenses, etc., leaving \$31.99 in the treasury. Besides this there are some dues not paid for the last year.

"I beg to extend to all the members and officers and friends my hearty thanks for their kind support and able help, which was never denied during the last year for the good of our 'Y' Society. I also wish to thank the superintendents of the different departments of our work for their untiring efforts; also all those friends and members who so generously opened up their

Indigestion and Bilious Spells

Mrs. Kempton Crocker, Hantsport, Bishopville, Kings Co., N.S., writes:—"My husband suffered from kidney and liver derangements and lame back, for two years. Nothing seemed to help him. We read in Dr. Chase's Almanac of Dr. Chase's Kidney-Liver Pills and he tried them. By the time he had taken two boxes he was quite well again."

PERHAPS it has never occurred to you that your troubles from indigestion are really caused by torpid liver action and consequent constipation of the bowels. Stomach tablets and lotions sometimes afford temporary relief but they do not get at the cause. Dr. Chase's Kidney-Liver Pills positively remove the cause of trouble by their direct and combined action on the liver, kidneys and bowels. A single box will convince you of their efficiency.

FOR Sour Stomach PHILLIPS' Milk of Magnesia

Hereafter instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

BETTER THAN SODA

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

Build your body back to Health

Tanlac is a great natural builder. It revitalizes the blood, stimulates the digestive organs, rejuvenates the liver and pepes you up all over.

From the four corners of the earth we gather the roots, barks and herbs that go into Tanlac. We compound them after the famous Tanlac formula that has brought health to millions.

Our files are crammed with testimonials from men and women in every walk of life, who state gratefully that Tanlac has brought them back to vigorous strength.

If you suffer from indigestion, loss of appetite, can't sleep or rest; if rheumatism is making life a torture; if your liver is out of sorts and your body has run down to skin and bones, get a bottle of Tanlac at your druggist's and start taking it right away.

You'll be amazed to note the improvement that comes at once. For the first time in months you'll feel like eating some good solid food. You'll wake up in the morning rested and refreshed, ready for a good day's work. First thing you know you'll have some color in your cheeks and the sparkle of health back in your eyes.

PETER RABBIT IS STARTLED

Here's some advice that's hard to beat; Where'er you are, just watch your feet. —Peter Rabbit.

Peter Rabbit wasn't of much use around home these days. He was quite well aware of it. You see, over there at the dear Old Briar-patch were half a dozen new babies. Mrs. Peter fussed over them a great deal. Peter thought she fussed over them too much. He himself didn't fuss over them at all. As a matter of fact, Mrs. Peter preferred not to have him around. He was forever in the way. She was afraid he would step on one of the babies. She was afraid he would be rough with them. She had all sorts of foolish fears.

So Peter spent a great deal of his time over in the Green Forest. The truth is he rather enjoyed his freedom. He didn't feel bad about it a bit. It was rather nice to be able to go to sleep when he felt like it without having to tell where he had been. It was rather nice to be able to start off somewhere without having to tell where he was going. It was rather nice to be as lazy as he pleased without being called lazy. So Peter was having a good time, while little Mrs. Peter took care of the precious babies in the dear Old Briar-patch.

It happened that as Peter was hurrying along through the Green Forest late one afternoon he was startled almost out of his wits by having Mrs. Grouse fly up right in his face. He was so startled that he jumped off to one side. Instantly Mrs. Grouse was after him. She actually looked fierce. "Why don't you watch your step, Peter Rabbit," she demanded sharply.

"What's the matter with my step?" cried Peter, and he spoke rather crossly. "I'd like to know what business it is of yours, Mrs. Grouse, whether I watch my step or not."

"You'll find it's very much my business, if you step on one of my babies," retorted Mrs. Grouse.

Peter blinked. "Who's stepping on your babies?" said he crossly. "No one is now, and I don't mean

"Who's stepping on your babies?" said he crossly

that any one shall, if I can prevent it," declared Mrs. Grouse. "You came as near to stepping on one as you very well could and not do it."

Peter stared all around and then he stared at Mrs. Grouse. "I don't know what you're talking about," said he. "I don't see any babies, and anyway you haven't any business leaving them around where other folks can step on them. Some mothers are careless. Where are your babies, anyway?"

"Cluck, cluck!" said Mrs. Grouse. Instantly, ten of the prettiest little babies in all the Green Forest, little brown, fluffy babies, sprang up as if the very leaves had come to life. They came scampering to their mother. Peter counted them. There were ten. But Peter was still disgruntled. He had been startled and he didn't like it. "Why don't you keep your children with you where they won't be stepped on?" said he. "It is a pity when honest people cannot go out walking without danger of their stepping on their neighbor's children. What were they hiding for, anyway?"

"They were hiding because I told them to hide," replied Mrs. Grouse. "I heard you coming, but I didn't know who it was. So we played safe. It is always the best way, to play safe."

Peter chuckled. "It appears to me those babies weren't as safe as you thought they were," said he. "I'm

glad I didn't step on one, but for goodness sake, Mrs. Grouse, do find some way of hiding them without leaving them around where honest people may step on them." (Copyright, 1926, by T. W. Burgess) The next story: "Ten Worries."

TENDER FEET
Tender feet, aching, burning, swollen, chafed feet. The minute you put your feet into a "TIZ" bath you feel pain being drawn out and comfort just soaking in. "TIZ" draws out the poisons and acids that cause foot misery. It is almost magical. "TIZ" takes all the soreness out of corns and callouses. Get a box of "TIZ" at any drug or department store. End foot torture forever—wear smaller shoes; keep your feet fresh, sweet, comfortable. **Bathe Them in TIZ**

WHAT THE PAINT INDUSTRY OWES TO THE FARMER!

THERE is satisfaction to the farmer, buying Canadian paint and varnish to protect and improve his farm, in knowing that the most important liquid used in all paint and varnish, Linseed Oil, was produced from his own flax seed.

The finest Linseed Oil in the world is obtained from northerly grown flax seed, and Canadian manufacturers are amply supplied with this necessary basic element to finest paint.

Industries pass on prosperity one to another, each reaping profits from each. Every bit of Canadian property protected and given beauty with paint owes a debt to Canadian agriculture. Every farmstead and barn, thus preserved, helps cancel the obligation of the paint and varnish trade to the farmer.

SLEEPERS ON NIGHT TRAINS—SHERBROOKE-MONTREAL

The sleeping car service on the Canadian National night trains between Sherbrooke and Montreal is an exclusive feature of that line. When you travel, go Canadian National.

FORMER SHERBROOKE PASTOR RECEIVES APPOINTMENT.

In a recent issue of the New Outlook the following item of Sherbrooke interest appeared: "Dr. William Shearer, formerly superintendent of missions in Alberta, has been appointed as minister's helper to Rev. George A. Dickson in Knox United Church, Calgary. Dr. Shearer, after a long pastorate in Sherbrooke, Que., went to Alberta in 1910 in search of health. He found it, and has done work sufficient for an average lifetime since that date. Evidently he does not believe that the time for rest and retirement has yet arrived."

QUALITY OF SERVICE

The determining factor in your choice of route in travel is the quality of service. Courtesy of employees, comfort of equipment, fine dining car service and convenient schedules constitute service on a railway. These qualities have made the Canadian National Railways the popular route for travellers between Montreal and Sherbrooke—the sleeping car service on the night trains is a service that the Canadian National alone offers.

ANNUAL MEETING OF CATHOLIC WOMEN'S LEAGUE

The Catholic Women's League held its annual meeting in St. Patrick's Church Hall on Tuesday evening last, with a good attendance of members, the president being in the chair.

The secretary's report showed that a successful year had just closed and also that although on a smaller scale than in large centres, the objects of the Catholic Women's League to promote religious and intellectual interests, social and patriotic work, had been lived up to by the Sherbrooke sub-division. The lay retreat work sponsored by the League from its inception had con-

LOCAL MAN IS ORDERED TO PAY DAMAGES

Judge Archambault Yesterday Gave Judgment in Case of Pierre Beaudoin, of Thetford Mines, Against G. H. Vaillancourt, of This City.

Judgment was rendered in the Superior Court yesterday by His Lordship the Hon. Justice Archambault in the case of Pierre Beaudoin, of Thetford Mines, plaintiff, versus G. H. Vaillancourt, of this city, defendant, the court ordering the defendant to pay one dollar damages and one dollar for costs.

In this case the plaintiff Beaudoin alleged that Vaillancourt had written a libellous letter about him whereby his character was injured.

In rendering judgment the learned judge remarked that although according to French law there were grounds for action, this was not according to English law which prevails. "The letter, which was alleged to have been written by Vaillancourt, had never been published.

continued with the same success as in former years; donations were made to the Sisters of Service doing missionary work in Western Canada and at Canadian ports, and to the Christmas feast organized each year for the old people and orphans at the Sacred Heart Hospital.

Following up its educational policy the League was responsible for two lectures during the past season, both of outstanding merit, the first delivered by Rev. Father Cloran C. S.S. R. of St. John, N. B., in the Convent Hall in November last, and one by Mr. E. P. McCabe, advocate of this city, given in the Church hall in December. A donation was also made to the Parish Library.

The Social Service Committee received many calls for assistance which in every case were investigated and much distress relieved. Milk was supplied daily to a person in delicate health and also to two small children. Considerable clothing was collected and distributed among the needy.

The weekly card parties taking place in the homes of the members had proved a source of steady income to League, and socially a source of pleasure to the members and their friends.

Reference was made to the loss sustained by this sub-division during the course of the past year in the death of Mrs. H. W. Mulvena, organizer and first president in Sherbrooke, also to that of Mrs. John Mulvena, a charter member, and Mrs. Martin.

A vote of thanks to the retiring president and officers was moved by Mrs. D. J. McManamy and seconded by Mrs. E. P. McCabe.

The election of officers for the coming year which took place resulted as follows: President, Mrs. D. J. Steele; vice-presidents, Miss G. Mullins, Mrs. E. P. McCabe, Mrs. J. R. Simms; secretary, Mrs. J. S. Mooney and treasurer, Mrs. W. Russell.

BOY SCOUT NEWS

1ST ASBESTOS TROOP

The Troop held their usual weekly meeting at the Club house with a record number of new recruits attending, for their first lesson in "Tenderfoot". A short talk was given by the S. M. on some interesting points of the recent Montreal conference, and was followed by some games. The Patrols then broke up into their various corners, and studied badge work. P. L. John Brown gained two stars towards the badge chart. Some difficulty has been experienced in the past in training the French-Canadian Scouts, but this has been overcome by the aid of Charles F. Hebert, who will look after this part of the training, and incidentally encourage the speaking of the two language, amongst the English and French Scouts. On Sunday afternoon, the Troop was invited to pay a visit to the sugar camp of Mr. Wm. Lodge, who kindly served taffy to the visiting Scouts, among whom were some who had not seen this

SOWED VALUE OF EXTERIOR DECORATING

Mr. F. S. Brown, of the Dominion Experimental Farm, Gave Lecture on Horticulture at Kinsmen's Club Last Evening.

The regular meeting of the Kinsmen's Club was held at the New Sherbrooke House last evening. The committee men of the evening, Messrs. D. Stevenson, C. Somers and F. Southwood had engaged an orchestra, which rendered both classical and popular music during the dinner hour.

The president, Mr. H. B. Wilson, introduced the speaker of the evening, Mr. F. S. Brown, of the Dominion Experimental Farm, Lennoxville.

Mr. Brown's talk was on exterior decoration, illustrated by colored slides.

"The value of decoration," stated Mr. Brown, "is becoming more and more apparent to both house owner and contractor.

INCREASE IN CITY'S TAXABLE REAL ESTATE

Figures Compiled from Valuation Roll Show that in 1896 Taxable Real Estate in the City Was \$3,901,062, While in 1925 It Was \$23,259,300, Making Steady Increase During Intervening Years.

A glance over the figures of the city's taxable real estate for the past thirty years, from 1896 until 1925, shows a steady and continual growth.

According to figures shown on the valuation roll, the taxable real estate in the city in 1896 was \$3,901,062; while in 1925 it was \$23,259,300. The city's population in 1896 was 9,476 and in 1925 it was 23,454.

Reviewing the growth of the taxable real estate from 1896 until the past year, it is seen that between 1896 and 1897 it had increased from \$3,901,062 to \$3,923,026. In 1919 a further increase to \$3,975,220 is shown, while during the following years the figures give the following steady increase: 1898, \$3,975,220; 1900, \$4,174,305; 1901, \$4,354,698; 1902, \$4,487,398; 1903, \$4,694,286; 1904, \$4,951,793; 1905, \$5,103,119; 1906, \$5,355,370; 1907, \$5,615,370; 1908, \$5,570,230; 1909, \$6,235,186; 1910, \$6,556,011; 1911, \$7,690,380; 1912, \$8,039,350; 1913, \$8,762,360; 1914, \$10,256,545; 1915, \$10,322,660; 1916, \$10,500,120; 1917, \$10,804,655; 1918, \$12,192,274; 1919, \$13,598,816; 1920, \$16,096,724; 1921, \$21,194,290; 1922, \$21,663,215; 1923, \$22,717,640; 1924, \$23,030,370; and 1925, \$23,259,300.

EGG CONTEST AGAIN LED BY COWANSVILLE

Capturing First Place Previous Week, Pen Owned by Mr. C. D. Calder Still Leads With Majority of Ten.

Holding the lead which it gained last week, the pen of White Leghorns, owned by Mr. C. D. Calder, of Cowansville, and entered in the fourth annual Quebec Western Egg Laying Contest, conducted by the Dominion Experimental Farm at Lennoxville, is still in first place, and at the close of the twenty-fifth week, ending April 24th, had a majority of ten over the pen of White Leghorns, owned by Mr. W. M. Parsons, of Barnston.

High pen for the twenty-fifth week of the contest was that owned by the Circle Bar Poultry Farm, of Calumet, with a production for the seven days of fifty-one. The leading pen in the competition was second highest for the week, with a production of 49.

CROWD CLASHED WITH TROOPS AT MEXICO CITY

One Officer and a Civilian Killed and Several Wounded as Result of Combat Over Religious Situation.

MEXICO CITY, April 29.—Special despatches from Zitacura say that Captain Benjamin Ruiz, of the Mexican army, and one civilian were killed and several civilians wounded during a clash between the people of the town and the military over the religious situation.

Large crowds had gathered in the municipal building, where the authorities were considering a petition of the Catholic Young Men's Association, requesting an annulment of the law limiting religious freedom. Captain Ruiz ordered the crowd to disperse, whereupon the crowd attacked Ruiz, who was stabbed to death.

Military commander Babeza then ordered the troops to fire in the air. The women in the crowd began taunting the troops, while men fired with revolvers upon the soldiers. A sharp combat, lasting several minutes, ensued before the soldiers succeeded in dispersing the crowd.

Vt. was here Monday and Tuesday looking after his farm.

Miss Hilda Jersey spent Saturday in North Troy.

Mrs. E. P. Racicot, of Outremont, spent the week-end with her parents, Mr. and Mrs. B. C. George.

The United Ladies' Aid met at the home of Mrs. R. F. Cowan last Thursday. The next meeting will be with Mrs. Eastcott at the parsonage on May 6th.

The funeral of the late Mr. Cleophas Bolduc, who passed away on Friday, was held at the Catholic Church on Monday. He is survived by his wife and ten small children, besides many other relatives.

otherwise unattractive dwelling can be made to look attractive.

Mr. Brown illustrated this by different slides of houses before and after decorating. "In a city dwelling, where space is limited, the planting of a few shade trees, shrubs and turf adds materially to the looks of the place. Where more space is possible, this work can be carried out on a larger scale. The addition of creepers, and flower beds help hide unsightly walls, thus adding to the value of the dwelling," continued Mr. Brown.

Many prize-winning gardens were shown, which had been started only a few years, to show that long years of labor were not necessary to produce results.

The International Convention which is to be held in Winnipeg, on June 18th and 19th was discussed, but it was not definitely decided whether or not the local club would send a representative.

THE CIVIC SITUATION.

The addresses at the inaugural ceremonies in the City Hall, on Tuesday evening, indicated a desire and determination on the part of Mayor Edwards, the new chief magistrate, and his colleagues to earnestly apply themselves to their task of carrying on an efficient civic administration.

Quite rightly, the retiring Mayor was given credit for an improved situation at the City Hall. The finances of the city and the administrative machinery are in better shape than when Mayor Brault took office.

Citizens, generally, will endorse the views of Judge White and Mr. Nicol, who touched upon the need of hearty co-operation on the part of all elements of the population for Sherbrooke's advancement. The past few years have not been wholly satisfactory in this regard. This condition, of course, does not apply to Sherbrooke alone, but is applicable to most other cities as well. Nevertheless, there is a feeling that the Eastern Townships metropolis is not making the most of its enviable position. Balance sheets are issued showing profits on the electric plant and references are frequently made to the increased activity of existing industries, but the incoming of new plants is not as marked as in some periods of the past.

A public meeting of Council and Citizens has been suggested. We believe this would be a good move, provided it resulted in a frank discussion of the city's situation and brought out the views of representative citizens. Competition in city-building is keen. The old time conditions have passed away. A city municipality cannot travel the path of progress and sleep at the same time. There is something more important than departmental profits. Employment for all the people through busy and expanding factories means life and prosperity to every trade and business.

The Council and the Citizens alike have the desire for Sherbrooke's advancement. United on some intelligent programme, backed by the will to succeed, there is no reason why the next few years should not record a general advance.

A DOLLAR MEANS A DOLLAR.

In spite of Canada's tremendous sacrifice in the Great War, resulting in vastly increased public debt, and in spite of the difficult reconstruction period, the Canadian dollar rapidly regained its position and holds its place at par in the money markets of the world.

This is a matter of great satisfaction and of great importance to Canadian trade. One only has to consider the experience of some European countries, such as France and Italy, where their money values have declined to a fraction of the normal standard, and of enemy countries such as Germany and Austria where the old paper currency has disappeared all together.

The soundness of Canada and of the British Empire is reflected on the Exchange. This situation enables the foreign trade of the country to be carried on without sacrifice and ensures, to a great extent, the general commercial progress of the Dominion.

PRESS COMMENT

FRENZIED FLORIDA FINANCING.

Amusing incident reported from overcrowded Miami: Boston man writes that arriving there in his car late in the day he managed to secure parking space in an old lady's yard for the modest sum of \$2 for the night. Later, being unable to get a room anywhere in town, he returned to his car, hoping to snatch a little rest there. But he had not figured on Miami enterprise. Both front and rear seats were occupied by slumbering tourists who had paid the old lady \$2 each for the accommodation.

A BADGE OF GOOD CITIZENSHIP.

Pride in home is a precious characteristic, common among all mortals who are worth their earthly salt. And how the springtime brings it out? The fletsum and jetsam bleached in the backyard by the receding snow are raked and carted away, to make room for sprouting grass and spaded vegetable garden. Out in front, last summer's flower beds are being made ready to furnish a new crop of June attractiveness. Storm windows give way to screens. The paint brush anoints the scars suffered in the annual defence against the siege by Boreas. The housewife's steaming mop is plied with redoubled vigor. The vacuum cleaner hums. The falling thwack of the carpet-beater is heard in the land. Pride in home! You find it reflected in the workingman's cottage just as on the broad lawns of the rich man's estate. It cuts across the whole social fabric. The cottager is as proud of the wrens in his bird-house as the magnate is proud of the deer in his park. Pride in home! The universal badge of good citizenship.

ALBERTA LEADS IN GOLF.

The Provincial Treasurer in the budget speech told the world that Alberta led the Dominion in coal, gas and oil production. But it is pre-eminent in many other respects besides. For one thing it has many more golf courses, in proportion to its population than any other province. There are, according to some figures that have just been published, no less than sixty in Alberta, while Ontario with five times as many people, has but one hundred and sixty and Quebec seventy. Saskatchewan has fifty-three, Manitoba fifty-one and British Columbia thirty-nine. Nowhere else has the game taken such a hold in the smaller communities as here.

The statistics that have been prepared also show that, population considered, Canada is better supplied with courses than is the United States. This is surprising in view of what we have read about the large slice of American territory that is devoted to the game. There were, however, clubs in Canada before they sprang into existence across the border. The first sporting goods dealer to import golfing supplies into the United States is still alive.

INFIRIORITY COMPLEX.

Canada, is handicapped through a lack of self appreciation, or rather the lack of a proper appreciation of the capabilities of its own sons. "A prophet is not without honor—save in his own country" is more applicable to the Dominion than to most countries. Beatty, Flavelle and Holt—to quote instances—are not individually appreciated by the country as a whole.

One way for the butcher, the baker and the Canadian candlestick maker to acquire a reputation in Canada is to move to the United States—as the world renowned engineering firm of Coverdale and Colpitts, both Canadians, bears witness. It is undoubtedly true that both Canadian business men and professional men are more appreciated in the country to the south, than in the Dominion itself.

The Canadian business man can best help this country by buying in the best and in the cheapest market—but Canadian men and Canadian goods should at least have the benefit of a trial—a test which is too infrequently given either.

EVANGELINE ON THE TECHE.

When Longfellow, hearing for the first time the story of the banished Acadians, asked leave of Hawthorne to do in verse what their friend, Dr. Conolly, had suggested that Hawthorne do in imaginative prose, the rich truth that "affection never was wasted" not improbably prompted the request.

Whether or not the story of Evangeline, if told by the author of "The Scarlet Letter," would have become so lastingly popular as it has become in the stately hexameters of Longfellow's narrative may reasonably be doubted. Certainly, the theme is one that lends itself gracefully to the form of rhyme and rhythm in which it is now known by millions of various lands and various tongues.

The permanence of the poem's fame may be ascribed equally to the appealing quality of its substance and to the consummate beauty of its form. It is the story, rather than the form, however, that still holds the hearts of men and women.

On the banks of Bayou Teche, near New Orleans, will soon arise a presentment in bronze and stone of Longfellow's pathetic heroine. Louisiana has given \$75,000 for a memorial.

Though it is a far cry from Evangeline's Land at the time of the exodus from Acadia to Louisiana, the girl's spirit still broods over the life of the Teche, still informs their history.

DOING BUSINESS WITH RUSSIA.

Rarely do business men come together in conference these days but that some mention is made of the trade possibilities with Russia. These suggestions are not as frequently inspired as some government officials would have the public believe. At the Export Managers' Club in New York the other day one of the outstanding export managers in America made an address on the subject, recommending that a trade commission be sent to Russia to gather the actual facts on business possibilities. An influential financial paper only recently published a tabulation of the important trade deals which Americans have concluded with the Soviet authorities. The list was quite imposing. From these instances and many others similar, it becomes rather obvious that there is a sincere desire on the part of American business men to reopen negotiations with the Russians.

Two obstacles, however, remain to be overcome. One, it is conceivable, might easily be met; the other is a problem which will require the greatest co-operation on the part of both Russians and Americans. The latter is the question of financial credits, while the former is one of political interference. Russia has been able to buy certain essential commodities of the United States in rather large quantities, but to do so has required certain special credit arrangements.

That was particularly true of cotton, the payment for which was cleared by a large New York bank through substantial European institutions. In the case of some other commodities the American manufacturers themselves have arranged the necessary credits. In this connection it is also significant that the Equitable Trust in New York, and Lloyds and Rothschilds' banks in London, which have given the Russians credit facilities, have large amount of Russian gold in their vaults. Through the sale of concessions the Russians may also obtain other credits, but those are rather drastic means of obtaining the necessary accommodations to the proper discharge of business obligations.

RAMBLING NOTES FROM A SHERBROOKE TRIO

(Article VI. and Concluding)

Canada in London.

A Canadian is not long in the Empire's metropolis before realizing that the overseas Dominions hold a very prominent place in the heart and interest of the Mother Land.

The new Canadian building, on Trafalgar Square, sometimes referred to as the center of London and the Empire, is naturally a mecca of Canadians as it is of old countrymen desiring information regarding the Dominion. It is less than a year since King George, formally opened the Canada building and this dignified structure became the official Canadian headquarters in London. It accommodates not only the High Commissioner and his staff, but the European headquarters of the Department of Colonization and Immigration, the Chief Canadian Trade Commissioner, the London branch of the Department of Soldiers' Civil Re-establishment, the Agricultural Products representative of the Federal Department of Agriculture, the Special Customs Investigation Officer and representatives of the Department of Health.

The Hon. P. C. Larkin, Canadian High Commissioner, received us very cordially on the occasion of our call and for upwards of an hour talked of Canadian and Empire matters associated with his office.

Among the more important problems that have engaged the attention of the High Commissioner, since taking office in 1922, are included debt settlements with some European countries, the removal of the embargo on Canadian cattle, matters pertaining to Canada's part in Imperial Conferences, and Emigration and Trade questions as between Canada and the Mother Country.

The High Commissioner readily admitted that there were serious difficulties in the way of an adequate emigration from the Old Country to Canada. The Dominion wanted agricultural workers. These were not to be had in sufficient numbers to meet Canada's needs. Besides, emigration propaganda in rural England was not received with favor in all parts. Emigrants from the cities, without agricultural experience, were available, but could not be absorbed in great numbers.

"We have many inquirers here," said the High Commissioner, "whose first question is, 'how much is the dole in Canada?' When it is explained to them that there is no dole in Canada, they come back with the inquiry 'what are they to do if they cannot find employment. If men of family, they frequently go way with the remark that the risk is too great, that they are sure of a living in England by the aid of the dole.'"

"There will, however," added Mr. Larkin, "be a very considerable influx of new comers of desirable class into the Dominion this year, both from Britain and Northern Europe."

The High Commissioner referred briefly to the tremendous problem engaging the attention of those in authority in the Mother Country. The dole legislation and the coal subsidy had averted crises and kept the ship of state on an even keel though serious precedents had been established.

The tasks of public men in Britain today is inconceivably difficult and they are facing them with an earnestness and a measure of personal sacrifice that can never find adequate reward.

Canadians visiting London should not fail to call at the Canadian building. They are assured of a cordial welcome and besides it will give them much satisfaction to find their country so prominently and splendidly represented through this adequate, centrally located and fully equipped building, now the official home of Canada and Canadians in London.

Australia, South Africa and New Zealand are, also, prominently represented by official buildings. The Australian building on the Strand is larger than that of Canada, but not so well located. It contains extensive displays of Australian products which seem a rather effective feature.

The Quebec Office. We had a very pleasant visit with Dr. Lemieux, Agent General for Quebec, at the attractive offices of Quebec Province on Kingsway. Dr. Lemieux is evidently entering earnestly upon his work in Britain on behalf of his province. A new feature which he has introduced is a monthly magazine or bulletin, entitled "Quebec," which he edits and distributes.

"There is a growing interest in Quebec Province among British capitalists and manufacturers," said Dr. Lemieux. "The vast resources of Quebec are coming to be understood and the stability of the province appeals strongly to capitalists over here. I believe that within the next few years we shall see a good many branches of British industries established over there and more and more British capital will flow into Quebec enterprises."

Reference was made to the opportunities offered for emigration of the agricultural class to the province, particularly to the Eastern Townships. "We are doing what we can to encourage that," said the Agent General. "Our supply of Eastern Townships literature is exhausted," he added. "I am writing for further assistance in this direction. We have directed some people to the townships through the Eastern Townships Immigration Society, of which Mr. Hillhouse is manager, and hope to help solve your farm help problem by sending more. We need, however, more advertising literature of the townships."

At the Quebec office we found on file the daily papers of the province and brushed up our knowledge of events that had been transpiring at home.

A very good display of Quebec products is made, both in the windows on Kingsway and in cases in the office, the Quebec Wembley exhibit having been brought here.

It will be recalled that the late Dr. Pelletier, of Sherbrooke, presided over the office from its opening about 1912 until his death. Dr. Lemieux, his successor, is energetically continuing the work and the result should be substantial.

Mighty London.

brought into the world under these distressing conditions and without having had anything to say about it?

Communism is not the remedy, for it is destructive and but accentuates existing misery as is well illustrated by the experience of Russia.

There is, however, a sore to be healed and in the light of history one may hold a strong faith in the ability of Britons, through the process of evolution, to come through triumphantly.

Across the seas are the broad acres of the Dominions, crying out for population. There lies the safety valve of British congestion and unrest.

Homeward Bound.

We cannot conclude these "rambling notes" without reference to our delightful crossing, homeward bound, on the Canadian Pacific S.S. Montrose. An oil burning steamship of modern type, equipped with everything that goes to make an ocean voyage comfortable and enjoyable, we had a happy seven days, journeying westward to our beloved Canada.

The cabin passengers numbered about three hundred, including many returning from the Mediterranean cruise of the Canadian Pacific S.S. Empress of France, all singing the praises of a delightful trip.

In the third class, were more than a thousand people, mostly British, with here and there groups from Northern Europe, bound for Canada. We talked with many of them, and found them looking forward with enthusiasm and hope to their new lives in a wonderful new land, where there is room and opportunity for all who enter it with the right spirit. One hundred and twenty children, bright youngsters and future citizens, were included in the list of Canada's newcomers. And we should note that before reaching Quebec this number was increased to 121, the new arrival being the recipient of a silver cup and a substantial collection in honor of his coming.

We wish to acknowledge special courtesies received from Captain Landy, Chief Engineer Stanley and Purser Crawford, which added to the comfort and interest of the trip. A visit to the engine rooms where the wonderful mechanism of the modern liner was explained, and a tour of the kitchens revealing the remarkable catering facilities to meet the requirements of some fifteen hundred passengers, were episodes that proved very informing and revealed an organization that was surprising.

Some distance east of Newfoundland we passed along the edge of an extensive ice field which had come down from the north. Again south of Cape Ray, at the entrance to the Gulf, preceded by a government boat, we passed through fifty miles of floating ice. The mountains of Gaspe and the shore line hills were covered with snow, reminding us that in Canada, winter was still lingering in the lap of spring.

A Real River. The St. Lawrence is an inspiration to home coming Canadians as it is to new comers, and especially so when we recall the rivulets beyond the sea, the Tiber, Seine and Thames. From the heart of a continent flows this mighty river, bearing on its tide the commerce of the world's most promising young country, and typical of the majesty and greatness of the Dominion.

In concluding these "rambling notes," I am sure my companions, Mr. Skinner and Mr. Cascadan, whose company I have so much enjoyed through two delightful months, will join me in the sentiment expressed in the following lines of Henry Van Dyke, slightly altered to

Oh! London is a man's town, there's power in the air,
And Paris is a woman's town with flowers in her hair,
And it's sweet to dream in Venice, and it's great to study Rome,
But when it comes to living, there is no place like home.

I know that Europe's wonderful, yet something seems to lack,
The Past is too much with her, and the people looking back,
But the glory of the Present is to make the future free;

MISSING BOY'S BODY FOUND IN MAGOG RIVER

Seven-Year-Old Arthur Withall, Who Left Cambridge School Yesterday Afternoon, Was Not Seen Again Until His Father Found Body in Magog River This Morning.

Failing to return to his home on London street after having been at school during the afternoon yesterday and not being seen again until his body was taken from the waters of the Magog River, shortly after ten o'clock this morning, tells the story of the disappearance and tragic death of seven-year-old Arthur Withall, son of Mr. John Withall, residing at 32a London street.

According to information available this morning regarding the fatal accident, the young child, who is in the first form at the Cambridge School, had attended school as usual yesterday afternoon and was dismissed at three-fifteen o'clock along with the rest of the class.

Failure to return to his home on London street caused alarm, and as night drew near and there was still no sign of him, his parents and friends began making inquiries. These failed to reveal his whereabouts and a search party started out looking for him, but their efforts met with no success.

This morning his disappearance was made known at the school and boys from the High, Cambridge and Central Schools were sent out into the woods looking for him. His father, Mr. John Withall, and Mr. William Gillis, who were searching in the vicinity of the Magog River, finally found the little body in the river a short distance from the Sherbrooke Ice House, at about ten o'clock this morning. It is not known how long the body had been in the water.

An inquest will be held at police headquarters this afternoon, when it is expected that more definite information regarding the sad affair will be available.

roles, was of a very high calibre. The rope drill of the beginners was exceptionally good when it is taken into consideration the boys were from eight to eleven years of age. The juveniles' act was exceptionally spectacular. This group was composed of boys under twelve. Gagne in balancing acts did his part wonderfully well. One time it was a table, then half a dozen chairs, then knives, forks, spoons, then a heavy ladder, but the item that took the crowd was the balancing of a burning paper. This act was well up in high grade professional acting.

The girls, who are always a great attraction, showed up splendidly in the Woodfuss dance, and later in a Maze dance. Both of those items were pretty to watch and quite difficult in performance.

The High School boys were seen to advantage in a Wand drill. This was a slow movement drill, which was also very pleasant to watch. An item that stood out on the programme was the Undertakers' dance, taken part in by the clowns and by four of the senior leaders. This has to be seen to be appreciated.

The senior night class had as their part in the programme club swinging with glow worm lights. Owing to the large number taking part this was quite difficult in execution, as the club swingers got somewhat congested, but it was both clever and difficult. One of the items that stood out on the programme was the boxing of two of Mr. Mathias' pupils, who put on three fast rounds. The tumbling act by two of the leaders who appeared in a fight in a barber shop, went over exceptionally well with Echenberg and Phillips giving a splendid display of different kinds of tumbling.

Standing well out on the programme was the work of Allan Odell, who put on some spectacular weight lifting, and gave a splendid exhibition of muscle movement and control. Mr. Odell made running comments in explanation of the different movements, which helped greatly in the understanding of muscular development. Then Odell and Litterer gave a wonderful display of ball balancing. The leaders also played an important part in the programme, first in the hair raising parallel bar work and later in the high bar work. The things that were done by the leaders, the wonderful exhibition of muscle control, and the ability to place the body in hair raising positions kept everybody tense. In the "Pyramids," which were again the finest that had been seen, the employed boys and the senior night class put up a wonderful exhibition. But words fail to paint the picture that the eye can see as this wonderful programme unfolds itself, and though the crowd packed every part of the house, it is expected that tonight's crowd will be as large, and this year's circus will be put down as the finest of all amateur attempts in this line.

FIRST YEAR IN UNITED CHURCH WAS A SUCCESS

Annual Meeting of Trinity United Church Last Night—Splendid Financial Standing Reviewed—Resolution Re Renovating and Redecorating—Pastor Accepts Invitation.

The first annual meeting of Trinity United Church since its incorporation into the United Church of Canada was held in the church hall last evening, attended by a large and enthusiastic number of members and adherents. That the past church year had been one long chapter of continued and successful activity was shown by the perfect harmony that existed in all branches of work as depicted in the annual report; by the fact that the invitation, extended on behalf of the congregation to the pastor, the Rev. Dr. W. S. Lennon, to remain another year, had been accepted; that the financial objective had been reached and passed; and that it was decided at the meeting to take active steps towards the renovation and redecoration of the church, Wesley Hall and the parsonage.

Supper was served at six o'clock by the members of the three ladies' organizations, and needless to say was up to the usual standard. The tables were made attractive by bouquets of flowers, the gift of Mrs. B. C. Howard. Mr. E. S. Stevens presided, and besides members of the congregation, the company included most of the members of the Quarterly Official and Trustee Board.

Report On Maintenance and Extension Fund.

Following supper, the meeting was brought to order and after the singing of a hymn, Mr. Stevens made a few brief remarks, in which he referred to the pastor's willingness to remain for an additional year, and the splendid financial positions of the church.

Contradictory to past custom, the reports of the various departments connected with the church and Sunday School were not read, but were explained as being contained in the annual report, thus considerable time was saved.

A splendid report on the Maintenance and Extension Fund was given by Mr. Geo. Phelps, followed by a short discussion, after which a report on Sunday School work was given by the superintendent, Mr. Geo. C. Hall. The Sunday School was in an equally flourishing con-

dition to the church, said the superintendent, but on the other hand, needed more support from the older folk. Mr. Hall stated that this could best be given by the older people themselves attending the adult classes conducted in connection with the school.

Mr. Hall also spoke briefly with regard to the school library, mentioning that if any members of the congregation had books which they would care to donate to this cause, all they had to do was to notify someone connected with the Sunday School, and the books would be called for.

Before sitting down, Mr. Hall paid a glowing tribute to the different teachers and officers of the school, stating that each and every one of them had given of his or her time freely and willingly.

Pastor's Remarks.

The chairman then called on the pastor for a few remarks. Dr. Lennon, in his address, spoke of the valuable work done by the various organizations of the church under the efficient leadership of their officers. He drew special attention to the fact that the church's allotment of \$4,500.00 for the Maintenance and Extension Fund of the United Church had been paid. In addition, subscriptions through the presbytery's Special Names Committee to this fund, by two members of the congregation, raised the church's givings to it to \$5,700.00. If to this was added the amounts raised by the three divisions of the Women's Missionary Society, the church's givings to philanthropic purposes reached the very fine figure of \$6,336.00 for the year—a very satisfactory percentage of the total amount raised during the year, namely, \$15,102.46.

Dr. Lennon also spoke of the church renovation project, and urged that the congregation stand behind the scheme loyally. Reference was also made by him to a special effort along spiritual lines, which he hoped to see made during the present year.

Renovation and Redecorating.

Following a few remarks on finance made by Messrs. C. E. Soles and C. B. Howard, M. P., the meeting was then thrown open for discussion of the question of church decoration and improvement to the church property. Mr. A. G. Campbell opened the discussion, and after a somewhat lengthy debate, in which numerous members of the board and congregation took part, Dr. F. H. Bradley made a motion that the matter be left for the board to decide, and that the congregation support the board on whatever decision it arrived at. Mr. R. I. Dean seconded this motion, and it was unanimously passed by a

standing vote. Prior to the conclusion of the meeting, the following votes of thanks were proposed: to the 1925-26 officers, moved and seconded respectively by Mr. J. W. McKee and Mr. E. G. Pierce, to the choir, moved and seconded by Dr. S. J. Bloomfield and Mr. E. G. Pierce; to the ladies, Mr. A. G. Campbell and Dr. F. H. Bradley.

Enjoyable Numbers.

During the evening, a slight diversion was enjoyed in the form of a vocal solo, "Pastorale", (Marks), sung by Mrs. F. H. Bradley; a recitation by Mrs. R. J. McHarg; and a vocal duet, "Drift, My Bark", (Kucken), sung by Miss Doris Green and Mr. Rhys Lloyd. Mr. Gault Parker acted as accompanist for the musical numbers.

Board Members.

The following are the 1925-27 members of the Quarterly Official Board: chairman, Rev. Dr. W. S. Lennon; stewards, Messrs. E. S. Stevens, J. H. Bryce, G. T. Phelps, C. E. Soles, W. M. Hall, M. V. Long, Dr. E. A. Tomkins and Dr. A. W. Tracey. Society representatives: Messrs. J. G. Armitage, J. C. Smith, Geo. Parsons, C. L. Campbell, R. D. Wood, L. P. Bishop, R. I. Dean and Geo. Berwick. Members ex-officio: Messrs. T. J. Parkes and H. G. Hatfield, local preachers; Mr. E. G. Pierce, Hon. Supt. of Sunday School; Mr. Geo. C. Hall, superintendent of Sunday School, and Mr. E. S. Beerworth, assistant superintendent; Mrs. J. A. Miller, president of the Women's Missionary Society; Mr. A. H. Foss, president of the Ladies' Aid; Mrs. Geo. Berwick, president of the Women's Auxiliary; Mrs. C. E. Soles, president of the Ladies' Circle, Mr. E. S. Beerworth, president of the Young People's Society; Mr. S. McLean, president of the Men's Bible Class; and Mrs. H. Spencer, president of the Women's Bible Class.

The members of the Trustee Board for 1925-27 are: Messrs. E. S. Stevens, Richard Armitage, P. A. Lyster, Geo. Armitage, W. S. Armitage, A. G. Campbell, J. W. McKee, A. H. Foss, Dr. M. S. MacDonald, Dr. S. J. Bloomfield, E. D. Bradley, C. B. Howard, W. J. Dean, E. G. Pierce, Geo. C. Hall, A. L. Parker and W. E. Loomis.

Choir Officers.

Officers elected in connection with the church choir for the ensuing year were: Honorary President, Rev. Dr. Lennon; president, Mr. F. W. Parker; first vice-president, Miss Dorothy Dean; second vice-president, Miss M. McHarg; third vice-president, Mr. G. E. Soles; fourth vice-president, Mr. Eric Lennon; secretary, Mr. J. G. Armitage; treasurer, Miss M. Parker; leader, Mr. R. Havard; and organist, Mr. Gault Parker.

SIXTH ANNUAL CIRCUS AT Y. M. C. A. LAST NIGHT ATTRACTED LARGE CROWD

A Clever and Very Interesting Programme Was Carried Out—Will Be Repeated Tonight.

A feast of good things, a galaxy of fun and frivolity and wonderful acrobatic stunts, the finest that have been seen in Sherbrooke, stood out in the Y.M.C.A. Circus programme last night. From the grand entry of the hundred and sixty performers right down through twenty-five splendid and spectacular events the Y.M.C.A. gymnasium, taxed to the limit, had a most satisfied crowd. Young and old, male and female, found in the show the best entertainment that has yet been produced, and in the glory of it stands the physical director of the Y.M.C.A., whose master hand guided and controlled right through.

Each and every event was good. The clowns this year opened up the show after the grand entry, and it is only fair to say that the clown work for the 1926 circus, with Bryant, Sawdon and Allan, playing the

poor form in leaving the mark. The world titleholders of Pittsburgh and the American League kings of Washington have won three straight contests each, and now may be considered well on the trail of the early season sprinters. Baseball in the past has shown that the last in April may be the first in September.

Two other teams in the Major Leagues have come through more than half of the week without defeat, the New York Yankees and the Brooklyn Dodgers, offering a race that will bring out the best efforts of both champion clubs.

Last year the Yanks had dropped to sixth place in the standing at this stage of the season and failed to climb out of the second division; but today, with four new faces surrounding the pitcher—Pat Collins, behind the bat, Lou Gehrig, at first base, Tony Lazere at second, and Mark Koenig, at shortstop, they have battered down about every first string boxman in the east. Lefty Grove, of the Mackmen, was beaten yesterday by the New York sluggers by 3 to 0.

The Senators pounded Wiltz, of Boston, for a 5 to 2 verdict, Manager Harris getting his first homer of the year.

Uhlie hurled another good game for the Cleveland Indians against the Browns, who succumbed 7 to 3. Chicago obtained its third victory of the Detroit series by hammering the service of Barfoot for a 9 to 5 victory.

Although outhit 11 to 8, the Pirates' bats swung at the proper time behind Aldridge to win from the Cubs by 9 to 4.

Wisner, youngster with the Giants, held the Phillies to five hits and carried away the honors by 5 to 2. O'Farrell's ninth inning homer gave the Cardinals the decision over

ELECTION OF BADMINTON CLUB OFFICERS

Past Year's Financial Statement Discussed—Vote of Thanks Given Retiring Officers.

The annual meeting of the Sherbrooke Artillery Badminton Club was held yesterday afternoon. The officers for the following year were elected, these being:

Honorary president, Col. J. J. Penhale; honorary vice-presidents, Col. V. A. Olivier and Major Jackson; president, Mr. P. H. Skelton; vice-president, Mrs. A. W. Blue; chairman of games committee, Mr. Forbes Hales; games committee, Mrs. J. O. Asselin, Dr. H. D. Bayne and Mr. Gordon Connor; entertainment committee, Mrs. A. Wood, Mrs. Chas. Wolff and Mrs. K. A. Wilson.

The last tea of the club will take place on next Saturday.

The financial statement for the past year was read. There is a deficit on the books at the present time of \$132.85, which was caused by the expense of much new equipment bought this year. It was decided to increase the fees of the regular playing members and to admit partial members. At the conclusion of the meeting a vote of thanks was given to the retiring officers.

SUGAR DEFENSE MEASURE MEETS WITH APPROVAL

Sugar Crop Restriction Bill Also Passed—Provides for Heavy Penalties.

(Associated Press Despatch) HAVANA, April, 29.—The House of Representatives has approved the Senate sugar defense bill, creating a sugar intelligence commission. The Senate has approved the House sugar crop restriction bill. Both bills now go to the president for his approval.

The Senate bill creates a commission for collection of sugar production and crop conditions; the House bill legalizes the plan set before the president by sugar cane planters for a ten per cent reduction of the present crop. The House bill, in addition to providing a fine for each bag of sugar produced by mills over the planters' estimates, provides a \$2,000 a day fine for mills violating decrees by the president setting the date for commencement of the sugar harvest.

SCOUTS ARE GREATEST FACTOR IN BRINGING ABOUT WORLD PEACE

Voices Will Always Be Raised in Behalf of Peace Rather Than War, Declares General Sir Robert Baden Powell.

NEW YORK, April, 29.—Boy Scout organizations are "the greatest factor in bringing about world peace in civilization today," Sir Robert Baden Powell, founder of the Boy Scouts and the Girl Scouts, said upon his arrival from England yesterday. He came to attend the forthcoming American Boy Scout Convention in Washington. "The Boy Scouts and the Girl Scouts and Guides are coached in the practices of peace," said Sir Robert, "and as they attain manhood and womanhood their voices will always be raised in behalf of peace rather than war."

FOUND THAT MANY WOMEN PATRONIZE BEER PARLORS

Churches Urged to Work for "Bone Dry" Legislation in British Columbia.

VANCOUVER, B.C., April 28.—Unknown to patrons of Vancouver's beer parlors, volunteer "census takers" working for the Vancouver presbytery of the United Church, were posted recently outside the parlors and checked up the patrons. There were 108 church workers engaged in the task.

On the night of April 9th, picketing parties of two men each took up positions outside of 54 beer parlors and they reported back to the Presbytery headquarters that between 9 and 10 o'clock that 2,396 men and 284 women entered.

Again on the night of April 17th, the church workers took up the vigil outside five beer parlors from nine thirty to ten thirty. They watched 766 men enter the parlors before closing time and reported that 143 women patronized the beer dispensaries.

These statistics were submitted to the Presbytery by Rev. S. H. Smith, chairman of the Social Service Committee, and after hearing the report, a resolution was adopted deploring the fact that such a large number of women, many of them young, patronized the beer parlors and calling on the churches to lend their assistance to a definite campaign to the end that "bone dry" legislation may be enacted and enforced.

ARE AWAITING NEW PROPOSALS FROM PARIS

War Debt Agreement With Czecho-Slovakia Was Approved Yesterday by U.S. Senate

(Associated Press Despatch) WASHINGTON, April, 29.—The last of the six war debt agreements with foreign countries negotiated last year, that with Czecho-Slovakia, was approved yesterday by the Senate, 53 to 17. At the same time, President Coolidge affixed his signature to the bill ratifying the agreement with Italy, refunding her \$2,042,000,000 obligation.

While these events in the general debt situation were transpiring, the French and United States commissions still were awaiting word from Paris regarding new proposals before renewing their negotiations for the funding of France's four billion dollar war debt.

Senate action on the Czecho-Slovakian agreement, which involves \$185,000,000, was taken after only fifteen minutes of debate.

MR. J. B. TETRAULT SWEETS-

BURG SWEETSBURG, Que., April 29.—Death has again called one of this town's most respected residents in the person of the late Mr. John B. Tetrault, who passed away on Saturday morning, April 17th, at the District of Bedford Hospital, after a short but severe illness. He was in his seventy-second year.

The funeral service was held at the Roman Catholic Church on the following Tuesday morning at 9:30 o'clock, with Rev. Father McGee officiating, assisted by Father J. V. Davignon, of the Church of Ste. Rose de Lima, and Rev. Father Magace, of Adamsville.

MRS. PIERRE GOYETTE,

GRANBY, QUE.

GRANBY, April 29.—Mrs. Pierre Goyette, wife of Mr. Pierre Goyette, passed away at her residence, at the Windsor Hotel here, on Sunday evening after an illness of almost four months. Mrs. Goyette was seventy-nine years of age and had resided in Granby for the past thirty years.

THE LATE MR. E. LONG,

FITCH BAY.

FITCH BAY, April 29.—The funeral of Mr. Edward Long was held in the Advent Church on Tuesday afternoon at 3:30 p.m. Rev. C. C. Salisbury officiating, and was attended by a large number of friends and neighbors. The bearers were Messrs. D. A. Camber, G. Hatch, G. Pelkie and Geo. Cass. A quartette composed of Mrs. A. D. Merrill, Mr. Arthur Hill and Mr. and Mrs. C. P. Rider sang two favorite hymns of the deceased, "When the Pearly Gates Unfold" and "The Gleams of the Golden Morning". The interment took place in Brookside cemetery. Mr. Long is survived by his wife and son one, Mr. Victor Long, of Kingston, Ont., one step-son, Mr. Crowell, also of Ontario, both of whom were present at the funeral and two orphaned grandsons, Master Eddie and Victor Colgrave, to whom the sympathy of the community is extended. Coming to this place about ten years ago Mr. Long has won the esteem of all who knew him as a friend and neighbor and will be greatly missed by a large circle of friends and acquaintances.

THE LATE MRS. THOMAS

BAILEY, FITCH BAY.

FITCH BAY, April 29.—The funeral of the late Mrs. Thomas Bailey, who passed away at her home on April 11th after a short illness following a stroke which resulted in paralysis of the brain, was held at St. Matthias' Church on Tuesday afternoon, April 13th, at 1:30 p.m. being one of the largest attended funerals in recent years, many being obliged to stand. Friends from

modating merchant always interested in public affairs but never seeking public office.

Many neighbors and out-of-town friends were present at the funeral to show their last tribute of respect to a departed friend. There was a very large concourse of people assembled at the church when the cortege arrived. The chief mourner was Mrs. E. Gloddy, niece of the late Mr. Tetrault, who, with her daughter, Mary, had resided with the deceased during several years past, also Mrs. Gloddy's mother, Mrs. Mary Helena Tetrault, of Manchester, N.H., and a friend, Mrs. T. M. Howell, also of Manchester. Among the personal friends noticed present at the funeral were: Messrs. James, Ed and Patrick Dunlavy, of West Shefford; Mr. Gungas, of Granby; Mr. A. S. Ross, of Montreal; Mr. and Mrs. Harry Moffatt, Messrs. Ed and Harold Raymond and Mr. Sydney Chapman and Miss Eunice Whitehead, of Iron Hill; Mrs. J. L. Persons and daughter, of Glen Farnham; Dr. and Mrs. F. H. Pickett, Mr. and Mrs. P. A. Roy, Mesdames Leonard, Whitehouse and Pinsonneault and Messrs E. S. and Wm. Miltimore, of this place.

The floral offerings were many and beautiful, including sprays from several friends in Sweetsburg, besides flowers from Mrs. Tetrault and her daughter, Mrs. Gloddy, and from the Dealers' Supply Company of Granby.

The late bearers were Messrs. A. J. E. Leonard, J. H. Hebert, J. E. Rousseau, P. W. Butler, T. LaRoche and Jos. Pinsonneault.

The remains were interred in the local Roman Catholic Cemetery. Sincere sympathy of a large circle of friends is extended to the bereaved relatives.

MRS. ANGUS MORRISON,

SCOTSTOWN.

SCOTSTOWN, Que., April 29.—Mrs. Angus Morrison, Deiton Street, who had been ill with pneumonia, passed away on Saturday evening. Mrs. Morrison, who had passed the ninetieth milestone, had been in her usual health up to about a week before her decease. She was surrounded by all of her children, those from a distance present being: Mrs. Adams and Miss Katie Morrison, of Montreal.

The funeral was held from her late residence on Monday afternoon.

The late Mrs. Morrison, who embraced a large circle of friends was known and loved by all, for her cheerful spirits, and affectionate heart, and although she had reached the eventide of life, she will be much missed by all who knew and loved her.

MRS. PIERRE GOYETTE,

GRANBY, QUE.

GRANBY, April 29.—Mrs. Pierre Goyette, wife of Mr. Pierre Goyette, passed away at her residence, at the Windsor Hotel here, on Sunday evening after an illness of almost four months. Mrs. Goyette was seventy-nine years of age and had resided in Granby for the past thirty years.

The funeral was held Wednesday morning at 9:00 o'clock, when the solemn burial service of the Catholic Church was chanted by Rev. Father J. A. Boisvert of St. Gregoire, a friend of the family, assisted by Rev. Father A. Roy, as deacon, and Rev. Father N. Levesque, as sub-deacon. Low masses were also said at the other altars by Rev. Father

TRAFFIC HELD UP BY FLOOD AT AYER'S CLIFF

Approach to Town Nearly Impossible—Bridge Collapsed—Ice Still Remains in Lake—Rivers and Streams Swollen.

AYER'S CLIFF, Que., April 29.—Traffic is held up and much inconvenience experienced from the high water, approach to the town being nearly impossible for several days except from Brown's Hill and by rail.

The Norrie bridge, leading to the Government road, collapsed on Saturday night. A temporary bridge will be constructed as soon as conditions may be erected. The river will finally be erected. The river road leading to Massawippi is badly impaired by the high water. The road around the lake, though flooded in several places, is still passable. Ice still remains on the lake, undoubtedly the cause of the unusually high water. The rivers and streams swollen by the melting snow do not empty properly.

General Notes.

The service held in St. George's Church on April 23, St. George's Day, was well attended. The speaker of the evening was the Rev. W. H. Cheverton, of St. Peter's Church, Sherbrooke, who delivered a very fitting address on "Loyalty to England and the Church." Special music was rendered by the church choir, assisted by the Rev. and Mrs. Thomas, Miss Doris Thomas and Mr. Ivor Thomas. The hymn sung was "O Worship the King." (Maudsley) and the Rev. Thomas sang a beautiful solo entitled "Come Unto Me."

MR. WILL A DUFFY, CANON

CITY, COLO.

MOE'S RIVER, Que., April 29.—Mr. W. A. Duffy, formerly of this place, died at his home in Canon City, Colo., on April 6th. He had been a sufferer from tuberculosis for a number of years. He was stricken some two weeks before his death with influenza, from which he never recovered.

Mr. Duffy was born in this vicinity on March 2nd, 1874. He went to Colorado in September, 1893. In the year 1900 he was married to Mrs. Louisa Wilson, who also formerly resided here.

He leaves to mourn his loss his wife, one son and daughter, two stepsons and one brother, Mr. Frank Duffy, of Park Centre, Colo.

THE LATE MR. E. LONG,

FITCH BAY.

FITCH BAY, April 29.—The funeral of Mr. Edward Long was held in the Advent Church on Tuesday afternoon at 3:30 p.m. Rev. C. C. Salisbury officiating, and was attended by a large number of friends and neighbors. The bearers were Messrs. D. A. Camber, G. Hatch, G. Pelkie and Geo. Cass. A quartette composed of Mrs. A. D. Merrill, Mr. Arthur Hill and Mr. and Mrs. C. P. Rider sang two favorite hymns of the deceased, "When the Pearly Gates Unfold" and "The Gleams of the Golden Morning". The interment took place in Brookside cemetery. Mr. Long is survived by his wife and son one, Mr. Victor Long, of Kingston, Ont., one step-son, Mr. Crowell, also of Ontario, both of whom were present at the funeral and two orphaned grandsons, Master Eddie and Victor Colgrave, to whom the sympathy of the community is extended. RADIO MUST BE CONSIDERED BY TELEPHONE COS.

Believes Time Will Come When We Will Do Our Phoning Without Stringing "All Those Wires Overhead."

(Associated Press Despatch)

OTTAWA, Ont., April 29.—Prophetic of Alexander Graham Bell, inventor of the telephone as made in St. John, N.B., to Chairman McKeown, of the Dominion Railway Commission, were listened to with great interest at a session of the telephone rates hearing. Chairman McKeown was moved to repeat them by a reference in the case to radio.

He suggested that even radio must be considered by the telephone companies in considering reserves and service for the future.

"No doubt the time will come," he said, "when we will do our telephoning without the stringing of all these wires overhead."

"No doubt," replied A. I. Peterson, Bell appraisal engineer, who was on the stand, "Which shows the need for a high rate of depreciation for that great wire structure now used."

Chairman McKeown told of visits he had paid to Graham Bell's place at Baddeck, Cape Breton, and how Dr. Bell had often spoken of things undreamt of then, but which had since come into common use.

"He said that the time would come when I could go into the woods with some little instrument as big as this pencil, put it down in the ground and call up my home miles away," said the chairman.

GEORGEVILLE

The warm sun and weather of the past few days have started the snow at last. The roads are nearly impassable.

Mrs. Wm. Peasley remains about the same. Mrs. George Atkin is helping to care for her at present.

Mr. Leonard Hamilton was taken to the hospital in Sherbrooke on Friday morning and was immediately operated on for appendicitis. At latest reports he is doing as well as can be expected.

Miss Annie Hutchins has been confined to her room for the past two weeks.

Mr. Warren Achells, who has been quite ill, is much better now. Miss S. Parker, who has been spending the winter in Montreal, is at home at present.

Mrs. George Sylvester and two children spent a few days last week with her sister, Mrs. Silas Blair, at Graniteville.

Mr. B. Woodard very kindly invited a few friends to a sugaring-off on Monday.

Mr. and Mrs. Roy Smith were in Magog on Monday of last week.

Mr. Wallace Camber had the misfortune to lose a good cow last week.

Mr. Lewis Rexford is slowly recovering from the recent accident which resulted in a broken arm and several minor bruises. Mr. Rexford is able to be about the house a part of the time.

The service in St. George's Church was not held on Sunday morning, the roads being in an impassable condition a part of the way.

Mrs. H. I. McFadden and Mrs. P. A. Johnston attended the funeral of the late Mr. J. H. Goff in Cookshire on Thursday.

Little Miss Dorothy Stafford is a guest this week at the home of Mr. and Mrs. F. A. Johnston.

Mrs. Fred Rexford is in Magog, called there by the illness of her grandmother, Mrs. Hawkins.

Mrs. Will Norris has returned from Richmond, where she went to attend the wedding of her niece, Miss Doris Holmes, to Mr. Antonio Desmaris, of that place. Friends here extend congratulations.

Mrs. Ira Richardson and baby, Mary Jean, of Concord, Vt., have returned home after a ten days' visit with her parents, Mr. and Mrs. E. E. Bangs. Mrs. Chas. G. Taylor, of Newport, Vt., has been a visitor at the same place recently.

The friends of Mrs. Hiram Hastings, of Victoria, B.C., will be sorry to learn of her serious illness in the Jubilee Hospital of that city. Mrs. Hastings (nee Lora Heard) was for many years a resident of Stanstead County, having lived in the farm now owned by Mr. Holmes, of Way's Mills. Several years ago she, with her family, left this part of Canada to reside in the west. There are still many of her old friends here who will remember her kindness to all and open hospitality.

On Sunday morning at 10:30 in the United Church, the Rev. Mr. Lennan, representative of the British and Foreign Bible Society will give an address.

On Saturday evening at 7:30 in the vestry of the church, lantern slides and a lecture on the Holy Land will be given by the Rev. Mr. Lennan. All are invited to attend these services.

The casket, which was borne by four friends of the family, namely, Messrs. D. J. Carr, Robert Roberts, C. A. Dolloff and C. A. Moranville, was completely covered by beautiful flowers, among which was a beautiful wreath of roses from the husband, cross of Easter lilies from the ladies of St. Matthias' Church, a spray of carnations and tulips from the children of the Sunday School and many others to numerous to mention bearing a silent message of sympathy to the bereaved ones.

The beautiful service of the Church of England was conducted by Rev. C. E. S. Brown, and in his address spoke feelingly of the life and work of the deceased of her devotion to her church, to her home and her kindness and sympathy to all sick and needy ones. Four hymn were sung by the choir and congregation, "Who Are These Like Stars Appearing," "God of the Living in Whose Eyes," "Nearer my God to Thee," "Hark, Hark my Soul," "Angel's Songs are Swelling." The interment took place in the McPherson cemetery, Georgeville.

The late Mrs. Bailey was born in this county of Cheshire, England, sixty-eight years ago, coming to this country as a bride forty-five years ago. Mr. and Mrs. Bailey resided for many years at Georgeville then went to Stanstead where they resided about three years and for the past eighteen years have lived here where they have enjoyed the day's respect of a host of friends. Mrs. Bailey will be greatly missed in this village where she ever delighted in doing kindness and the deep sympathy of all is extended to Mr. Bailey, her two nieces, Mrs. A. K. Johnson and Mrs. A. Hodge, of Asbestos. Mrs. Johnson was with her aunt at the end, but Mrs. Hodge was unable to come through illness. Mrs. Hodge and Mrs. Johnson, of Asbestos, were in town for the funeral.

McClary's HOT CROSS Burner

— a great new gas cooking development

ALWAYS in the lead, McClary's Gas Range is now doubly desirable because of its wonderful new "Hot Cross" burner. This latest and greatest development reduces gas consumption 14% and makes gas cooking speedier, more efficient and more satisfactory in every way.

McClary's "Hot Cross" burner focuses the intense heat of 24 clear blue flames right under the pot. There is no waste, no "floating" or "loose" flame. This is achieved by introducing more oxygen, making cooking fast, efficient and substantially reducing gas consumption.

Another important feature of McClary's "Hot Cross" burner is that it does not pop back. McClary's patented non-pop screw eliminates "popping" entirely. These two exclusive qualities, plus its cleanable porcelain-enamelled oven lining, and attractive appearance make McClary's the greatest value in gas ranges you can obtain.

President of Marshals' Association Urges Zoning System—U.S. is Cited—Much Loss Preventable.

(Associated Press Despatch) OTTAWA, April 29.—Canada's fire loss for the year 1925 was \$40,712,172, according to figures provided in his report by J. Grove Smith, Dominion fire commissioner, and hon. secretary-treasurer of the Association of Canadian Fire Marshals which held its annual meeting here yesterday.

There were 31,757 fires during the year, the largest of which was that in the lumber yards at Hawkesbury the loss of which is officially placed at \$1,400,000.

"In Great Britain," said Mr. Grove Smith, "there is a fire loss of 83 cents per capita. This and the increase by \$700,000 over the previous year caused the widest concern in the Old Country and yet in Canada the \$40,000,000 annual loss, or \$4.89 per capita of the population still appears to cause very little concern."

The cost of fire protection to the municipalities Grove Smith stated was \$25,103,246. Whilst the total cost to the public of Canada was \$102,453,816. During the year 374 deaths were caused by fire and 1,713 severe injuries.

There was a representative attendance at the opening sessions. The delegates from all provinces were welcomed by Mayor Ballharrie.

George F. Lewis, president of the association, suggested that definite measures should be taken to cope with the fires in rural districts which often become conflagrations. The fire marshals can step in, he said, and be of great assistance to fire chiefs. The number of these rural fires could be reduced and their extent lessened by zoning the country. Municipalities adjoining each other in which hose, hydrant threads, and couplings, vary, should be supplied with adapters to make co-operation between them possible in case of large fires.

In the United States, he pointed out, all the fire couplings were standardized to a size of 7 1/4 threads to the inch. In Canada, however, the situation was more or less chaotic, a survey showing 183 different thread sizes, varying from 4 to 8 threads to the inch. Moreover, a still more undesirable variation was that of the overall diameter of the couplings.

Toronto and Hamilton were two cities taken by Mr. Lewis to illustrate his plan. Each city, according to his scheme, would be provided with 20 or 30 adapters, with male Toronto couplings and female Hamilton couplings and vice versa, which would enable either city's brigade to join up their hose with the other city's hydrants.

PLAN TO SPEND \$15,000,000 ON ARVIDA PLANT

Further Details of Aluminum Company of America's Acquisition of Duke-Price Power Company, Ltd.

(Associated Press Despatch) NEW YORK, April 29.—Further details of the Aluminum Company of America's acquisition of control in the Duke-Price Power Company, Limited, are made known through a formal announcement by the Union Trust Company of Pittsburgh. This company heads the syndicate which offers today the \$17,000,000 first mortgage six per cent sinking fund gold bonds issued in furtherance of the transaction.

The Aluminum Company of America, is acquiring 53 1-32 per cent of the capital stock of the Duke-Price Power Company and the Shawinigan Water and Power Company twenty per cent, which leaves a balance of 26 2-32 per cent in the hands of the Duke-Price interests. The power company's capital structure is to be reconstituted so that \$37,000,000 of new bonds and 210,000 shares of capital stock will be outstanding after the \$12,000,000 bonds are retired.

The power company has contracts for 333,000 horsepower.

The Aluminum Company of Canada, which is owned and guaranteed by the Aluminum Company of America, and the Shawinigan Water and Power Company, each has contracted for 100,000 horsepower annually for fifty years. Price Brothers and Company have contracted for 40,000 horsepower for fifty years and 60,000 horsepower additional for ten years, with the option of taking this 60,000 horsepower for the remaining forty years at an increased price. The Port Alfred Pulp and Paper Corporation has contracted for 30,000 horsepower for 25 years.

The Aluminum Company is spending \$15,000,000 on its plant at Arvida, twenty miles from the power company's dam on the Saguenay river. It is expected that the Arvida plant will be producing its 100,000 horsepower by October. The Shawinigan Water and Power Company, which serves fifty communities, including Montreal and Quebec, is spending about \$4,000,000 on a transmission line to connect with the Saguenay river plant.

MAN WHO WENT OVER FALLS IN A BARREL IS DEAD

Bobby Leach Achieved Worldwide Notoriety Through His Feat at Niagara Falls.

(Associated Press Despatch) LONDON, April 29.—A despatch to the Evening News from Christ Church, N. Z., says that "Bobby" Leach, who went over Niagara Falls in a steel barrel in 1911, is dead from injuries received when he slipped on a piece of orange peel in the street. Leach broke a leg, when it was found necessary to amputate.

"Bobby" Leach, a Canadian, achieved world-wide notoriety through his feat at Niagara Falls. He was the second person to go over the Falls and live, the first being Mrs. Anne Edson Taylor, of Niagara Falls, N. Y., who made the trip in a barrel, October 24, 1901.

Leach's trip was made July 25, 1911. He was severely battered and bruised in the drop of 158 feet over the horse shoe falls, but his injuries were only superficial. He was forty-nine years old when he performed the feat.

COMPTON. The sugar season, which is about over, is not thought to have been an average one as far as the quantity made is concerned. The quality, however, has been good and has been sold in the village stores for twenty and twenty cents while syrup has found a ready sale at \$2.25 per gallon. The rains this week have helped to settle the roads and the Government road from Coaticook to Sherbrooke is now quite good, and an increasing number of cars passing through Compton is noticed daily. Mrs. G. A. Saully spent the week-end in Windsor the guest of her daughter, Mrs. F. W. Webster. Mrs. Hill, of Boston, Mass., is spending several weeks in Compton with her sisters, Mrs. Le Clerc and Mrs. Couture. Rev. Mr. Brundage attended the sessions of the Quebec Presbytery held in Richmond on Tuesday of last week.

NEW YORK PRESS MARKET COMMENT

Journal of Commerce—The placing of U.S. Steel common on regular 7 p.c. dividend basis had a strong sentimental effect, as it was construed as an evidence of confidence by financial leaders in the business outlook. Wall Street Journal—The whole tone of the market, speculative as well as investment sentiment, was materially improved by the action of the U.S. Steel directors in placing the common dividend on regular 7 p.c. basis. New York World—The steel bear trap didn't have as much snap to it as the optimists of the street had expected. Wall Street Journal will say today—Higher prices for crude oil expected. Cerro de Pasco shows \$5.35 a share 1925. Penna Railway March gross 1.1 p.c. ahead of 1925. Studebaker shows steady growth. Steel plants busy. Operations maintained at good rate, with U.S. Steel active about 91 p.c. Favorable weather benefits planting. Ford Motor of Canada report for 5 months ended Dec. shows profit of \$74,316, or \$13.91 a share.

UPWARD TENDENCIES WELL MAINTAINED ON WALL STREET MARKET

(Associated Press Despatch) NEW YORK, April 29.—Upward tendencies were well maintained in the stock market as trading was resumed today. Most of the early buying interest centered in the motor shares, with General Motors attaining a new top price for the year at 132 7-8 on reports that the corporation would acquire full control of the Fisher Body organization and that it would pay a substantial extra dividend next month. Oil issues forged ahead under the leadership of Marland and the Standard shares.

A KEY INDUSTRY FACING GREAT DEVELOPMENT

When you open a package of almost any recognized product and carefully discard the neat container in which it was delivered, you seldom pause to think that the making of that container is the work of a great and independent industry. The manufacture of paperboard has developed with modern merchandising to meet the public demand for goods packed in sanitary, attractive material. Practically every article of consumption used in everyday life is put up, shipped or delivered in a pasteboard package. Johnston & Ward, members of the Montreal Stock Exchange, are offering for public subscription an issue of \$300,000, 7% cumulative redeemable preferred stock of the Canadian Paperboard Company Limited. This Company is the largest producer of paperboard, containerboard and allied products in the Dominion. With each share of preferred stock an attractive bonus is being given in the form of one-half share of Northern Paperboard Common. The Northern Paperboard Company controls mills operating both in Canada and the United States.

NEW ISSUE

\$300,000 Canadian Paperboard Company Limited 7% Cumulative Preference Shares

The Cumulative Preference shares are fully paid and non-assessable; preferred as to assets and dividends; entitled to preferential cash dividends at the rate of seven per cent per annum payable quarterly April 1st, July 1st, October 1st, and January 1st, by cheque at par at any branch in Canada of the company's bankers (Standard Bank of Canada). Redeemable as a whole or in part at the option of the company on sixty days' notice at 106 and accrued dividend.

Table with columns for Share Type, Authorized, and Outstanding. Includes 7% First Mortgage Bonds, 7% Cumulative Preference Shares, Common Stock.

From a letter of Mr. J. G. G. Kerry, President of the Canadian Paperboard Company Limited and of the Northern Paperboard Company Limited, we summarize as follows:—

BUSINESS AND PROPERTIES—The Canadian Paperboard Company Limited, incorporated under Dominion charter, owns and operates modern plants at Montreal, Quebec, Frankford, Ontario, and Campbellford, Ont., with mills presently equipped to turn out daily 115 tons of paperboard, container board and allied products. This capacity will shortly be increased to 135 tons per day. It is the largest manufacturer of these products in Canada. The Company owns its own groundwood pulp mill at Frankford, which supplies a considerable part of its groundwood requirements.

In addition the Company owns all the Preferred and Common shares of the Quinte and Trent Valley Power Company operating hydro-electric power plants at Frankford and Campbellford with a present installation of 4,000 h.p. and an ultimate installation of 6,000 h.p. The installation of the present units was recently completed and will mean a saving to the Paperboard Company, directly in lower power costs and indirectly through dividends on Quinte and Trent shares, of \$40,000 per annum.

PURPOSE OF ISSUE—The proceeds of this preferred stock issue will be utilized in part to liquidate capital expenditures made and to be made on the fuel units at the Frankford and Montreal mills and for the general corporate purposes of the Company.

ASSETS—The balance sheet as at February 28, 1926, after giving effect to the present financing and after deducting First Mortgage bonds shows:—

Table with columns for Asset Name and Amount. Includes Net Current Assets, Fixed Assets, Investments, Total Assets.

For the eight months ended February 28th, 1926, earnings available for Preferred Stock Dividends as above were \$1,057.50, or at the annual rate of five and three-quarter times requirements.

Taking into consideration the reduction in operating expenses made possible through the development of the Company's subsidiary's hydro-electric power at Frankford and Campbellford, together with savings effected through the installation of the new fuel unit at Montreal, Mr. J. G. G. Kerry, the President, estimates that the net earnings applicable to Preferred Stock dividends for the year ending March 31st, 1927, should be at least \$190,000, or nine times Preferred dividend requirements.

THE NORTHERN PAPERBOARD COMPANY, LIMITED

The Northern Paperboard Company, Limited, incorporated under Dominion charter, controls the Canadian Paperboard Company, Limited, through Common stock ownership. The Northern Paperboard Company Limited also owns all the outstanding capital stock of the Tidewater Paperboard Company (charter of the State of Connecticut), which will operate a modern paperboard and containerboard mill at Norwich, Connecticut, with a present capacity of 100 tons and an ultimate capacity of 250 tons per day.

EARNINGS ON BONUS STOCK—Based on the operating results of the Canadian Paperboard Company Limited and predecessor company for the past eight years and from the volume of business in eight, Mr. J. G. G. Kerry, President of the Northern Paperboard Company Limited, estimates that the earnings accruing to the parent company from the two subsidiary companies on their present operations, after providing for all prior charges, including interest on \$1,800,250 Preferred stock, should be about \$109,800 per annum, equal to nearly \$4 per share on the 26,956 shares of Northern Paperboard stock outstanding. On the ultimate capacity of 250 tons per day at the Tidewater mill, Mr. Kerry estimates that earnings applicable to the 26,956 shares of no par value will amount to at least \$240,000 per annum or over \$9.00 per share.

Price \$100 per share and accrued dividend with a bonus of one-half share Northern Paperboard Common with each share of Canadian Paperboard Preferred. Fractional shares of no par value Common Stock of the Northern Paperboard Company will be adjusted at \$25.00 per share.

FIRM TONE NOTED TODAY ON MONTREAL EXCHANGE

(Associated Press Despatch) MONTREAL, April 29.—Stock prices displayed a firm tendency during the first half hour's trading on the Montreal Stock Exchange this morning and several gains were recorded. Montreal Power was strong and the most active issues,

advancing one point at 225 in a 1,000 share turnover. Other strong spots included Smelters, up 1 1-2 at 197 1-2, and Price Brothers up 1 3-4 at 67 3-4. Besco 2nd preferred remained firm at 122. Steamships preferred at 17. Western Groceries at 4 1-4 and Shawinigan at 150. Other changes included Laurentide off 1-8 at 84 7-8, Spanish River off 1-4 at 99 and New Asbestos common up 1-4 at 23 3-4.

The Destiny of Canada lies in her Water Powers

The threads of romance have lain along the waterways of Canada from the days of the great voyageurs to the steel and concrete hydro electric plants of today with their mighty turbines and radiating transmission lines.

For just as Cartier and Champlain found lake and river of so great an importance in travel and discovery, so we of today are finding in our myriad streams the greatest asset of the present and the future.

All have witnessed the industrial progress that takes place upon the harnessing of these waters with dam and turbine and everyone who invests in these undertakings invests in a safe form of security and shares in the up-building of the country.

You build Canada as you co-operate financially in the development of her great water powers.

**DECLARES THAT
THIRTEEN IS THE
NUMBER OF SIN**

Argued that Scriptures Verbally
Inspired, Even Down to the
Last Letter.

(Associated Press Despatch)
TORONTO, Ont., April 29.—That
the number thirteen, usually associ-
ated with ill luck, is the number of
sin and is always associated with
rebellion against God in the bible,
was the assertion of Dr. Marion
Hull, a medical practitioner of At-
lanta, Ga., in an address at last
night's session of the World's Chris-
tian Fundamental Association's con-
vention. The purpose of Dr. Hull's
address was to show that the en-
tire bible was written with what he
called the divine law of numbers and
from this he argued that the scrip-
tures were verbally inspired, even
down to the last letter.

The number "13" was Cain's num-
ber, the speaker said, because his
descendants were thirteen in num-
ber. He stated that there were thir-
teen names for the devil in the bible
and every one of them was a mul-
tiple of thirteen. Judas Iscariot also
conformed to this unlucky number.
At earlier sessions of the con-
vention, the delegates approved the
scheme proposed by President James
Lucey, of Houghton College,
Houghton, N.Y., for a \$25,000,000
Bryan Foundation which will estab-
lish colleges throughout the United
States and Canada for the advance-
ment of Christian fundamentalist
education.

**STATE CRIME
COMMISSIONS
RECOMMENDED**

Suggested as Most Effective
Method of Curbing Crime in
U.S. and Expediting Adminis-
tration of Justice.

(Associated Press Despatch)
WASHINGTON, April 29.—Crea-
tion of state crime commissions by
acts of state legislatures, was rec-
ommended last night by the execu-
tive committee of the national com-
mission, meeting here, as the most
effective method of curbing crime
and expediting administration of
justice.

Richard Washburn Child, chair-
man of the organization committee
of the national commission compos-
ed of many eminent lawyers and
jurists presented a committee re-
port declaring the state commission
"must constitute our main hope and
endeavor in seeking a crime cure."
In a message to the commission
endorsing the work, President Cool-
idge said that back of discussion as
to the best means of improving the
machinery for apprehension, con-
viction and punishment of offenders
"should be the power of public op-
inion, recognized generally as a
powerful force in the maintenance
of law and order."

**ONE OF MOST REMARKABLE
ESCAPES FROM DROWNING
IN SEAFARING ANNALS**

Both of Sailor's Legs Had Been
Bitten by Sharks, But His
Wounds Were Not Serious.

(Associated Press Despatch)
LONDON, April, 29.—Thomas
Madison, a seaman on the British
steamer Ripley Castle, who joined
the ship at Philadelphia, is credited
with one of the most remarkable
escapes from drowning in seafaring
annals. Madison fell overboard in
mid-Atlantic on a dark and stormy
night, April 22, in the shark-infes-
ted sea and was rescued after two
hours in the water. The commander
in his report to the Union Castle
Line gives some details of the acci-
dent. It was just after midnight that
Madison went overboard. He was
not missed for half an hour. The
Ripley Castle turned about and re-
traced her tracks, throwing out life
buoys with flares. The sailor was
finally located and rescued at 2.19
a.m. by a lifeboat in charge of the
chief officer. It was found that both
of Madison's legs had been bitten
by sharks, but his wounds were not
serious.
