

PLACES IN THE NEIGHBORHOOD OF MONTREAL OUTSIDE CITY LIMITS.

TOWN OF HAMPSTEAD

A Township adjoining Notre Dame de Grace ward of the City of Montreal, from which it is separated on the south by Cote St. Luke Road, and on the east by Macdonald av. Queen Mary road is the stopping point for Hampstead, which lies three blocks west along Queen Mary road. The Snowdon junction stop on the Cartierville line lies five blocks east of Hampstead. Queen Mary road leads right into the township.

Hampstead is a beautifully laid out garden Township, and has very rigid building restrictions. All houses must be of solid construction, with gabled roofs. Lots vary in size from 5,000 to 8,000 sq. feet, thus ensuring that each house has ample front lawn and garden space. The roads are laid out on gently curving lines and are paved with asphalt. Queen Mary road is a beautiful curved boulevard with a central garden space along the whole length. All the roads have been planted out in maple and elm trees.

Water is supplied to the town and is metered to the residents.

The Hampstead Golf Club, which has a splendid course of 18 holes, lies north along Finchley road, and about seven minutes' walk from the car stop on Queen Mary road.

The Sun Life Tennis Club is situated on Cote St. Luke road, adjoining the township. Many of the residents of Hampstead are members of this club, which allows a certain proportion of the membership outside of employees of the Sun Life Insurance Co. Pop. 400.

LACHINE

A City on the St. Lawrence and on the Island of Montreal (Seigniorie of Montreal), county of Jacques-Cartier. It is the summer residence of many Montrealers and one of the most prosperous manufacturing centres of the Province of Quebec. Its works are very numerous and thousands of men are employed yearly.

In winter months it is greatly frequented by pleasure parties, while in summer, thousands of tourists pass through Lachine to run the Lachine Rapids, also cross the St. Lawrence River on the ferry for Malone N. Y., Ogdensburg N. Y., etc.

Regattas and other sporting events take place every summer and are largely patronized by visitors. Lachine is now provided with up-to-date hospitals where surgical and ordinary cases are attended to by a skilful staff of surgeons and physicians. They are known as the Lachine General Hospital and St. Joseph Hospital. They are provided with automobile ambulances that attend all emergency cases.

The leading citizens of the city have provided a Board of Trade where all important business matters are discussed. There are four banks, viz., la Banque Provinciale, la Banque Canadienne Nationale, the Bank of Montreal and the Royal Bank of Canada.

The Canadian National Railways run several trains daily to Montreal. Montreal Tramways have also a line of electric cars running from the City of Montreal to the western limits of the City of Lachine, in twenty minutes. Cars are running at ten-minute intervals from 6.30 a.m. to 8.20 a.m. and from 4.30 p.m. to 7.40 p.m. The Montreal Tramways Company are also operating an autobus service running at 10 minutes intervals for 18 hours a day, from the intersection of 18th Ave. and Notre Dame, Lachine to Montreal and vice-versa. The tariff charged by the Company for riding

with the autobus is absolutely the same as that charged for the tramways. The above Company has extended its line from Stoney Point to the western limits of the City of Lachine comprising a distance of one mile. New granolithic sidewalks have been laid on mostly all streets, and tar has been laid on St. Joseph street, to prevent dust, and make the road bed as level as possible for automobiles. A ship canal connects the navigable waters of Montreal with Lake St. Louis. Trees have been planted on all avenues, so as to give shade to the residential districts.

The Canadian National Telegraphs have offices here. There are three post-office branches, also the Bell Telephone Co. The City is lighted by electricity, and has a fire alarm system and a complete system of waterworks and drainage. There are, besides the convent, a first class commercial college, two Catholic academies and three Protestant academies.

Distance from Montreal City Hall, nine miles. Mail three times daily. The City of Lachine is inviting manufacturers to ask for all facilities and advantages offered by Lachine, Que. Population 18,250.

LA SALLE.

A town on the North Shore of the River St Lawrence, situated between Verdun and the City of Lachine, directly connected with Montreal West and Ville St Pierre on the north, and by the celebrated Lift Bridge at Lachine, the largest of its kind in the world.

The part of the town located on the riverside is exclusively residential and is the home of many wealthy Montrealers. There are some beautiful farms which are all well cultivated. There are also several dairies which supply cream, milk and butter to the City. The northern boundary on the Lachine Canal is an ideal location for manufacturers, several large plants being now in operation.

The Federal Government has a branch of its Savings Bank. There are also a Post Office Branch and a Royal Bank Branch; three Catholic churches, two Catholic schools and one Protestant school, telephone and telegraph communication with the City of Montreal.

The town of LaSalle is a beautiful summer resort and was formerly the Parish of Lachine. It has fine views of Lake St Louis, Lachine Rapids, Caughnawaga or the Indian Village and the western part of the City of Montreal. The population is about 2500.

The Town Hall is located at No. 13 Strathyre av. Council meets on second Wednesday of each month. Fire and police departments are located at Town Hall. The C. P. R., N. Y. C and Delaware & Hudson R. R. Co., supply service, "Highlands" being Railway name of town.

TOWN OF MOUNT ROYAL

THE MODEL CITY

Eight minutes from the heart of Mont-
 real via the electrically-operated Tunnel of
 the Canadian National Railways, lying on
 the northwest slope of Mount Royal and
 adjoining the cities of Montreal and
 Outremont.

The Town is conveniently reached by
 automobile from Outremont by following
 the Cote St. Catherine road to Rockland
 avenue, crossing the Canadian Pacific Rail-
 way tracks. The Town of Mount Royal's
 territory commences at this point. To
 the westward it can be reached by the
 Cote des Neiges rd which is the con-
 tinuation of Guy street.

Tramways—The Cartierville Branch of
 Montreal Tramways crosses directly through
 the Town. A twenty-minute service to
 Mount Royal connects with the Bleury
 street car at the corner of Park av. and
 Atlantic av., Montreal. Busses run
 between Queen Mary Road and The
 Town of Mount Royal.

Water Supply—Water consumed in
 the Town of Mount Royal is supplied by
 Montreal and is metered to the residents
 at twenty-five cents per 1000 gallons.

Sewers—All streets in the developed
 portion are laid with the most modern
 domestic sewage system.

Streets—All streets are at least sixty-
 six feet wide, and the main boulevards,
 Graham Blvd. and Laird Blvd. are eighty
 feet wide. The main thoroughfares are con-
 crete and tarvia macadam. Special atten-
 tion is given to the roads in winter
 months, so that at all times they are kept
 open and free from snow by the most
 modern caterpillar tractor equipment.

Building Restrictions.—All residences
 are placed 15 feet back from the street
 line and must be either detached or semi-
 detached, must be well built on stone or
 concrete foundation with substantial walls.
 All residences constructed to date are
 roofed with slate and are of high-grade
 construction. No stores or flats are per-
 mitted in the residential section, but ar-
 rangements are made to take care of these
 on the main arteries of the Town. Outside
 stairs are not permitted.

Education—For Protestant and Catholic
 School purposes the territory of the Town
 of Mount Royal has been erected into a
 separate school district. The School Com-
 missioners have built a fire-proof two-
 story and basement school, built of brick
 and re-inforced concrete where elementary
 and high school grades are taught. A new
 fireproof school has been built to accom-
 modate the first four grades. The classes
 are conducted by teachers of high scholastic
 degree. The Catholic education is taken
 care of by a new Catholic school modern
 in every detail.

Police—The Town is well policed by an
 efficient and experienced police department,
 assisted by a motorcycle patrol.

Taxes—The taxes are lower than in other
 well-developed adjacent municipalities.

Recreation—Ample parks and play-
 grounds have been provided and there are
 tennis courts and a bowling green with the
 most modern electric lighting system for
 evening play. As a healthful, convenient
 residential district easy of access by either
 motor, street car or by the especially quick
 service of the Tunnel, the Town of Mount
 Royal offers unusual inducements to those
 who wish to live in a quiet, well-planned
 and well-managed residential section where
 their investments are safe-guarded by the
 best of restrictions and surroundings.
 Population 2,500.

A city on the south shore of the St. Lawrence directly opposite Montreal, two miles from the centre of the city, in the county of Chambly, district of Montreal, with a population of 6,000 and growing rapidly. It is an important railway centre, with an electric railway to Montreal, operated by the Montreal & Southern Counties Railway Co., making 56 trips each way; fare single, 20c; return 30c; ten trips \$1.00, 50 trips, \$3.50. There is also an excellent train service by the Canadian National Railways with over twenty-five trains each way to Bonaventure Depot and return.

The Victoria Jubilee Railway Bridge with driveway for vehicles spans the St. Lawrence here, and all trains to and from the City stop at the railway station. Several lines of railway run here, viz: Can. National for points south, east and west; Central Vermont for New York and Boston; Rutland Railroad for New York; Quebec, Montreal & Southern Railway for Sorel; and the Montreal Southern Counties Electric Railway. Distance to Longueuil, the county seat, three miles; communication by electric railway. There are five churches, United Church of Canada, Episcopal, Roman Catholic, Presbyterian and Baptist with resident ministers and cure. There is a High School with two additional elementary schools with latest equipment and Gymnasium conducted by the Protestant School Commissioners affiliated with McGill University with a staff of twenty-one teachers, including several University graduates.

The New Harbor Commissioners Bridge over the St. Lawrence to the South Shore is only a short distance from the limits of St. Lambert.

The Roman Catholic Commissioners' school for girls and convent are conducted by the sisters of the Holy names of Jesus and Mary with a competent staff of fifteen teachers, and St. Michael's Academy for boys with a staff of sixteen teachers of the Clercs de St. Viateur. The Academy and Girls School both have the very latest equipment. There is excellent boating on the river, and the St. Lambert Boat Club is recognized as one of the best clubs in the vicinity of Montreal and in addition to boating there is a large assembly hall for entertainments, also a six rink bowling green and tennis courts for use of members which is the centre of social activity. The well-known Country Club Golf Links adjoin St. Lambert. The residents are mostly employed in the City of Montreal and select it for a suburban home from its favorable situation and excellent means of communication at all seasons only sixteen minutes from McGill street, Montreal. A walk along the river bank gives the City a fine promenade of over 9,000 feet in length from which the view of Montreal, lighted at night by thousands of electric lights, is magnificent. A bathing beach with an instructor and dressing booths is provided during summer months. St. Lambert is an up-to-date residential City and is being rapidly built up, and a very important suburb of Montreal. WESTMOUNT, CITY OF

The City of Westmount is beautifully situated on the western slope of Mount Royal, and from the upper level a magnificent view of the St. Lawrence River, Lake St. Louis and surrounding country is obtained. The city is almost exclusively residential and may be designated a "city of homes." Available properties for building sites are rapidly being occupied. During the past year building operations were carried on to the extent of \$3,191,360.00. The city is governed by a mayor and five aldermen, elected for a term of two years by the city at large. The city manager form of government has been in vogue for 17 years, and the city's progress is evidence of the wisdom of the adoption of this system of government.

The finances of the city are in a very sound state and bonds issued command high prices and are considered as securities of the highest class.

The police and fire forces are maintained at a high standard of efficiency.

The building by-laws are stringent and closely applied, and fire losses are very low.

The streets are well paved and kept in good condition, and in the winter months, with the use of up-to-date equipment, the roadways are kept clear of snow and in splendid shape for motor traffic.

The city owns and operates in a very efficient manner an electric light and power station and garbage destructor plant.

Park spaces owned by the city cover an area of about 59 acres. Three greenhouses are maintained. A flower clock has proved to be a novel attraction.

Seventeen municipal tennis courts are in great demand during the summer months and every facility is given for the enjoyment of winter sports.
