GRAHAM & CO., Proprietors, 109 and 165 St. James Street.

CIRCULATION OF THE DAILY STAR For week ending 6th Jan., 1894.

PRESENT DAILY AVERAGE For Week ending 6th Jan., 1894.

WEDNESDAY, JANUARY 10, 1894.

ARCHBISHOP FABRE FOR CIVIC HONESTY.

In his late pastoral letter on "The Present State of Society," Archbishop Fabre wisely emphasizes the need of good civic government.

Nor is the timeliness of the counsel its least merit. Some men are fond of talking loudly about the desirableness of honest government and pure elections when no chance to gain the one or exemplify the other is at hand.

UNCONGENIAL NEIGHBORS.

A stone cutter, a poultry merchant, and a cigar manufacturer are assessed in St. Ann's Ward as using the same vacant yard for storage purposes.

THE STORY OF THE DEATH.

HOOPER'S WIFE STRICKEN WHILE DRINKING ON THE TRAIN.

The Story of the Act That the Crown Says is Murder—Bying Poison in Ottawa—Hut to be Cross-Examined.

[SPECIAL TO THE STAR.] JULIETTE, QUE., January 10.—The deposition of the late Joseph Emile Grenier, given before Magistrate Leprohon at the preliminary examination, was read to the jury yesterday afternoon.

THE BOARD OF TRADE PRESIDENCY.

Mr. W. W. Ogilvie's acceptance of the presidency of the Board of Trade, for the coming year, will be eminently satisfactory to all concerned.

PERSONALS.

Mr. F. Stacking, Quebec, is in town. Mrs. Wilfrid Laurier is at the Hall. Judge Caron, of Quebec, is at the Hall.

MISSIONARY MEETING.

The Bishop of Athabasca's Appeal on Behalf of the Indians.

The Synod Hall was well filled Monday, and the missionary meeting held under the auspices of the Montreal Woman's Auxiliary Society.

THE FARMERS' MOVEMENT.

Extending to the Maritime Provinces and to the Pacific Coast—Annual Meetings.

"The success of the Patrons of Industry in Lambton," said a chief officer of the Association to a Star reporter yesterday.

Going early to the Court House he had found one of them walking along through the corridors of the Court House.

CITY ITEMS.

A fire in Baker & Co's grocery store on St. George street, yesterday, did about \$1000 damage.

THE MAGIC CITY

The Greatest Triumph of the Press.

LITERATURE and ART - Twin Spirits of the Age - UNITED AT LAST

THEIR GOLDEN WEDDING CITY celebrated in THE STAR'S Portfolio of Columbian Fair Views.

THE COLUMBIAN EXPOSITION

Such a Gigantic Affair. . . Such a Magnificent City. . . Such Beautiful Structures. . . Such Grand Exhibits. . . Such Crowds. . . Such Fetes.

THE WONDERS AND BEAUTIES of Jackson Park were made up collectively of the buildings and exhibits of FORTY-SEVEN States and Territories of the United States, FIFTY foreign nations, and of THIRTY-SEVEN colonies. There is no question of the fact that THE COLUMBIAN EXPOSITION was a careful gathering together of OLD EARTH'S BEST. The whole may be seen and fully appreciated in the studio of COLUMBIAN FAIR VIEWS, which THE STAR has arranged to present to its readers.

THIS

REMARKABLE
and
COMPREHENSIVE
COLLECTION

... Consists of ...

16 BEAUTIFUL PORTFOLIOS
containing
260 PHOTOGRAPHIC
REPRODUCTIONS.

Of everything worth remembering, and to all of our readers who did not visit Chicago in 1893, THE STAR proposes offering a visit in retrospect in 1894. This Studio will be offered in Weekly series of sixteen Views each. Views of marvellous beauty, so that the beholder stands dumbfounded as he gazes upon the wondrous reproduction.

HOW TO GET THEM!

It has been decided to accept one coupon and ten cents to pay for tubing and posting, for The Columbian Exposition Views. Each Coupon will run three days each week on days selected at the time. Those for the first series will appear in a few days. Any one of the Coupons will secure a portfolio of series number one, so that any family by cutting up each one of the three can get three sets of each portfolio. These Columbian Fair Views are the most beautiful reproductions of the Magic City we have yet had the pleasure of inspecting, and cannot fail to arrest the attention while they are sure to secure the admiration of the public. The Standard Views of the Round the World Trip go right on to the finish unobscured by the Columbian beauties destined for the lucky ones who clip the Columbian Coupons. There is not a holder of Standard Round the World Trip Portfolios who would care to part with his volume, for he has got a bargain, and a pretty bargain. The Columbian Fair Views will be great companion pieces. Don't miss them, for they are really extraordinary, and nothing of like excellence can be got anywhere under any circumstances. Get one look at THE STAR Columbian Portfolio. Your exclamations of delight will go to swell the uproar. Each portfolio is entitled

THE MAGIC CITY

A SEE AFAR IN THE DESERT.

THE BISHOP OF ATHABASCA APPEALS FOR AID.

A Diocese of 200,000 Square Miles—The Gospels and Prayer Book Translated into Cree—The Mission Debts.

Far away in the wilderness, a thousand miles from the civilization of railways, telegraphs and telephones, stands the episcopal see of Athabasca, whose bishop, the Right Rev. Dr. Richard Young, is in Montreal at present. By the shortest practicable route, the home of Bishop Young, the fur-trading fort, the little hamlet of Vermillion, is at least ten hundred miles from Edmonton, the nearest station on the C. P. R. It takes a cathedral to make a city in old England. But there is no city or town or any aggregation of humanity within many hundred miles of Vermillion that could, even by courtesy, be called a village. Yet this vast wilderness, comprising two hundred thousand square miles, erected into the diocese of Athabasca, is a scene of missionary labor, not tragic or dramatic now, but in unassuming heroism, unostentatious, perhaps, in the history of the Church. The diocese of Athabasca includes many Indian and half-breed missions and schools, struggling for existence, with little or no support from the Federal Government. Of these Bishop Young, in the guest of Dean Carmichael, in an interview to-day, spoke especially of those of Peace River, Lesser Slave Lake and Smoky River.

and that of St. Peter's at Lesser Slave Lake are in debt each to the extent of \$300, and all the schools need aid. For aid in this good cause Bishop Young appeals to the people of the old provinces, going from here to Quebec. And to demonstrate that this territory is in no sense a barren field of labor, he Young relates that a sample of Red Eye wheat, much praised at the World's Fair, was grown on the Christ Church Mission Farm at Smoky River. This mission is burdened with a deficit of \$100. But the possibilities of the future are almost infinite. The soil of the Peace River valley is exceedingly rich and the liability to frost no greater than in Manitoba. Moreover, settlement by ploughing and burning the prairie, diminishes the danger of frost by removing the dampness of the soil, which is a reservoir of winter cold. At Vermillion the Peace River is between a mile and a half and two miles wide, a magnificent stream. Here the only bona fide settler, Mr. Henry Lawrence, a farmer from Quebec, killed last winter seventy-five hogs all raised by himself. Well bred, with a strong strain of Berkshire, these pigs do so

well in that far north land that the difficulty is to manage the fast-increasing herds. Horses there do well out of doors all winter, and cattle thrive profitably with stabling such as they get in Ontario. The half-breed take well to farming, but not so many of the pure blood Indians. Yet they are acquiring by degrees the learning of the Caucasians. The Church of England Prayer Book and the Gospels are translated into Cree, both in Roman letters and syllabic characters, and are widely read. The tribes of the diocese are the Chipewyans, Beavers, Crees and Slaves or Timnes. The Cree language is more or less understood by all the tribes.

Knights of Labor and the Municipal Campaign.
Maple Leaf Assembly held a very lively meeting Monday night, Mr. Kerrigan, the retiring Master, in an address complimented the members on the progress that had been made during his term of office. He hoped that they would keep on in the same manner in the future. Mr. Below, the newly elected Master, on being introduced, stated that he had been elected to the honor of their presiding officer. He then went over the minutes of the last meeting, and the Order in this province since the Assembly was founded nine years ago. He pointed out the necessity of being united at the present time. They had made themselves felt on other occasions, but it was more imperative now than at any other time that they should vote solidly for the aldermen who were in favor of the abolition of property qualification. There might be some very good candidates brought forward in the different wards, but the workmen must take no notice of them, but they must stick to their friends. He had no doubt that the real estate owners and other people would cease their opposition to the demands of the workingmen when taught a severe lesson. Speeches were then delivered by Messrs. Wilkie, Burns, Harris and Brannan, after which the officers were instructed to represent the Assembly at the banquet in the Riendeau Hotel on Thursday night.

Canadian Trade With Australia.

The Melbourne correspondent of *Brad Street's Journal*, speaking of the visit of the Minister of Commerce to Australia to foster trade relations with Canada, says: "The visit to Australia of Mr. Mackenzie Bowden, the Canadian Minister of Commerce, for the purpose of extending trade relations between the two countries is hardly likely to bear much fruit. Political persons do not seem to be aware that merchants are always trying to find new fields and to extend old ones, and that where mercantile enterprise fails government action is little. Mr. Bowden's ostentatious subsidizing of the newly started Canadian Pacific steamship line to Australia, as well as the laying of a Pacific cable, but the interests concerned are not yet large enough to warrant government expenditure in these directions. The number of articles of merchandise which are sent to Australia is very limited, and Canada already possesses the advantage, exporting considerable quantities of lumber and salmon to Australia. For the rest the agricultural productions of both countries are much the same, and they have to compete in the same markets."

HOLLY'S GREEN STEEPLECHASE.

Western Hockey Players and Runners.

WINTER TROTTER ON THE RIVER.

Oxford Would be Welcome—Ives Defeats Slosson—The Bicycle Exhibition.

The ninth annual races on the Jacques Cartier ice track will take place on the 6th, 7th, 8th and 9th of February, with the following programme:

TUESDAY, FEBRUARY 6.
No. 1—2.30 Class.
No. 2—2.27 Class.
No. 3—Two miles repeat heats 2 in 3.

WEDNESDAY, FEBRUARY 7.
No. 4—2.25 Class (freeters only).
No. 5—2.22 Class.

THURSDAY, FEBRUARY 8th.
No. 6—2.20 Class.
No. 7—Special.
No. 8—Five mile dash.

FRIDAY, FEBRUARY 9th.
No. 9—2.40 Class.
No. 10—Free for all.
No. 11—Consolation named race, for non-winners.

Entries will close on February 1.

CYCLING.

Madison Square Wheel Show.
Over 2000 persons visited the Madison Square Garden upon the occasion of the opening of the annual bicycle show. To see the latest ideas in bicycle manufacturing one has only to visit the Garden. The show is a magnificent display of the art of the bicycle, from all sections of the country, have their goods upon exhibition. The bicycle exhibit here in just years been held in Philadelphia, but the dealers wishing to secure a more desirable and centrally located city chose New York this season. The entire Garden floor is divided into booths, where the various machines and sundries are tastefully displayed. In the center of the Garden a platform has been erected for the exhibition of fancy and trick riding. Various novelties are exhibited upon the bicycle, such as the new Irish jaunting car fitted with pneumatic tires, weighing in all 1500 pounds, is shown by a foreign fire firm. Bicycles and racing saddles fitted with pneumatic tires are also exhibited.

Two wheels, made entirely of aluminum, attract considerable attention. All the various types of pneumatic tires are shown. For the benefit of the visitor, the attendants at the tire booths are kept constantly busy inflating and deflating tires, attaching them to bicycles, and demonstrating in what a few minutes a tire can be repaired. Various manufacturers have their World's Fair booths up. Machinery for the manufacture of bicycles is shown in one section of the building. An examination of the various stalls show some very pretty models of wheels for this season. The '91 wheels will vary little from last season, excepting that the weight has been somewhat reduced in all the road wheels.

The exhibit is being held under the auspices of the Metropolitan Association of Cycling Clubs, and will continue every afternoon and evening until Saturday.

ATLETICS.

Oarsman Ross Issues a Challenge.
New York, January 8.—W. Wallace Ross, who has just arrived from England, has posted \$100 forfeit and left the following challenge:

New York, January 8, 1894.
I am prepared to row any man in the United States three or five miles for \$100 a side and the championship of the United States, the race to take place at Austin, Tex., if a reasonable purse offered. I will also meet any avowed man in the United States for from \$50 to \$100 a side. Challenge accepted by Captain Ross, preferred. The deposit \$100 forfeit.

Oxford Would be Welcomed.

New London, Conn., January 4.—The annual meeting of the New London Board of Trade was held to-night. This Board has charge of the arrangements of the annual Yale Harvard variety party, and the published report that the Oxford crew would come here this year and row the winner was discussed and an opinion arrived at that the report was a hoax. Nevertheless, it was agreed that if the English crew were to come here, arrangements would be made for a gala week of sporting events on the American Thames.

SNOWSHOEING.

The Holly Snowshoe Club green race was held last evening. The Club, under the leadership of the president, trumped over to the Club House, to-day, and published to others going around by the road. The racers started fifteen minutes after the Club, giving the time to see the fish. It was an exciting race, good time being made, and promises well for the young runners of the Holly. No doubt they will be heard from again, and to good advantage, they coming in as follows:

- 1. E. A. Wilson..... 19.43
- 2. H. A. Tucker..... 20.43
- 3. H. Dixon..... 21.15
- 4. R. Walker..... 21.45
- 5. H. R. Paisley..... 22.15
- 6. H. Chidley..... 23.15

A Western Runner Coming to the Carnival.

WINNIPEG, January 9.—The St. George's Snowshoe Club of Winnipeg will send their crack snowshoe runner, Dolphin Graham, to compete in the Quebec carnival races. He will go along with McCullough, Winnipeg's champion skater.

YACHTING.

Death of a Great Builder.
The death of David Henderson, the senior partner of the City and County building firm of D. W. Henderson & Co., on December 29, in the 76th year of his age, is announced in the *Field* of December 29. Among the many steel or composite yachts constructed by the firm may be mentioned the "Gesta," "Yarina" (now "Maid Marion"), "Hindle" (now "Meteor"), "Queen Mab," "Andra," "Arana," and "Wendur" (now "Viking"). All these are sailing yachts, but the firm has also constructed several steam yachts.

CURLING.

The Game in the West.
WINNIPEG, January 9.—This year's Winnipeg curling bonspiel will be, it is predicted, the greatest that has ever taken place on the city rink, and the railways promise a large attendance of curlers from all points, by granting exceedingly low rates.

BILLIARDS.

Slosson Defeated by Ives.
CHICAGO, January 10.—Frank Ives last night defeated Geo. Slosson in the second game of the five-day tournament at Central Music Hall, the young man making the splendid run of 47 on the anchor nurse. The scores were: Ives, 60; Slosson, 108. Ives won the lead, but accomplished nothing, and Slosson only went one ball in the second inning, the Young Napoleon gathered the balls well in hand,

but misjudged a draw shot. The gentleman from New York played with less stiffness than last night and went out with 72 to his credit. The Young Napoleon was not to be outdone, however, when it came to making a run. He counted as far as 70 on miscellaneous billiards, falling short on a miscellany billiards, falling short on an easy draw. Slosson scored in the same inning was 9. Ives made 22 in the fourth inning and Slosson made 87. This put him in the lead with 83 to spare. In the sixth inning, at 31 Ives had the balls perfectly anchored, and scored 101 without moving them a fraction of an inch. At 122 the balls rose on him, and he was compelled to make, breaking the anchor. The monotony was broken at 128, after Ives had scored 281 at anchor. At the 144th shot he had a perfect anchor. In running out the game in six innings Ives tied Schaefer's record average of 100 made in New York.

QUEBEC'S CARNIVAL.

Preparations for the Military Parade. (SPECIAL TO THE STAR.)

QUEBEC, January 9.—General Herbert, Commander of the Canadian forces, has ordered a turn out of the troops in Citadel, and a review on the historic plains of Abraham. The troops will be on snowshoes, and in winter accoutrements. General Herbert will in person conduct the manoeuvres. This spectacle of military manoeuvres is so rarely witnessed now, and so curious and interesting a sight that it will no doubt attract a large number of military scientists, besides affording a rare treat to the thousands of visitors.

The Quebec Yacht Club is to have a car in the Carnival drive in the shape of a yacht mounted on a sleigh.

HOCKEY.

The Winnipeg Team.
TORONTO, January 9.—The Winnipeg team completed arrangements yesterday for the Victoria for a game here in a couple of weeks. The Manitoba boys are to compete in the Quebec tournament, and will stop over here on their way east. They are a strong combination and will play some interesting matches before returning home.

Brazilian Royalists.

PARIS, January 10.—The *Figaro* entitles the Countess d'Ed. daughter of the late Dom Pedro, the deposed Emperor of Brazil. The paper says she has never been asked to pronounce her views on the restoration to monarchy in Brazil, but it is known that she would sacrifice herself for the future of her son, Prince Pierre d'Alcantara.

TO STOP THE PROGRESS OF Consumption, you need but one guaranteed remedy—**DOCTOR PIERCE'S GOLDEN Medical Discovery.** In advanced cases, it brings comfort and relief; if you haven't delayed too long, it will make diseased ones sound and healthy, when everything else has failed. The scrofulous affection of the lungs that causes Consumption, every other form of Scrofula, and every blood-taint and disorder, yields to the "Discovery." It is the most effective blood-cleanser, strength-restorer, and flesh-builder that's known in medical science. In all Bronchitis, Throat, and Lung Affections, if ever fails to benefit or cure, you have your money back.

A perfect and permanent cure for your Catarrh—or \$50 in cash! This is promised by the proprietor of Dr. Esgo's Catarrh Remedy.

THE CONDUCTOR CROSS-EXAMINED.

WHEN DID HE SEE HOOPER WITH THE CUP?

Was it Before or After the Woman Had Fallen?—Evidence Before the Coroner—Prisoner's Father Goes Home.

[SPECIAL TO THE STAR.] JOLLETTE, January 10.—Mr. Joseph Hooper, father of the prisoner, has returned to Port Hope. He had several interviews with his son while here, and may be back again before the close of the trial.

On September 18 witness saw accused board his train at Lanoire with a woman and another man, the latter getting off at Massouche. Before he turned to give the signal at that station witness saw the woman standing with her hands clasped on her breast and her face turned away.

"Your deposition given before the Coroner reads: 'I did not see her until she took the fit; she folded her hands across her chest and fell back.' Which is the true story?"

"Then you said I cannot say whether she had time to drink something or not when I was giving the signal. Before that she was all right and to three minutes afterwards she took the fit. Is that true?"

COTTONS AND WOOLLENS.

[SPECIAL TO THE STAR.] OTTAWA, January 10.—Two of the most difficult articles which the Government has to deal with in framing the new tariff so as to bring about a substantial measure in the way of reductions on the various articles are cotton and woollens. Today there are delegations in the city from each of these industries.

When the women met here last, Mr. Foster asked them to appoint a committee of their number so that he could refer to it when it was thought necessary to do so.

STAND BY THE SCHOOL LAW.

[SPECIAL TO THE STAR.] TORONTO, January 10.—Ottawa special to the Globe says: An official communication was received today from Mr. Haultain, probably in reply to one from Sir John Thompson giving the answer of the Premier of the North-West to the demand of Archbishop Tache, Bishop Grandin, Rev. Father Ledre and the Roman Catholics of the Territories, for the disallowance of the School Ordinance of 1892.

MORE SHIPS FOR BRITAIN.

[SPECIAL TO THE STAR.] LONDON, Eng., January 10.—The Times says: It is now understood that five first-class men-of-war will be built. The Daily News says: Possibly the Lords of the Admiralty will not be content with eight new battleships, the same number of first-class cruisers and many smaller vessels.

THE UNITED STATES DEPTOIT.

WASHINGTON, D. C., January 10.—The Senate's Finance Committee sat for two hours yesterday afternoon and considered the financial situation. Mr. Cullum is said to have made the rather alarming statement that the revenues of the Government were running behind at the rate of \$400,000 a month, and that whereas in his annual report he had estimated the deficit at the end of the current fiscal year at \$200,000, he now believed, or at least the members of the committee obtained the idea from what he said, that the deficit would amount to nearly \$500,000.

THE SICILIAN TROUBLES.

ROME, January 10.—Letters from Castellvetrano, Sicily, say that order has been restored there, but at terrible cost. The troops literally bombarded the town. Dozens were killed and scores were wounded. Five hundred persons are in prison awaiting trial by the military tribunals.

No Hope for Capt. Wilson.

LONDON, January 10.—Sir Henry Loch, Imperial Governor of Cape Colony, called yesterday to the Marquis of Ripon, Secretary of State for the Colonies, that he feared all hope of the survival of Captain Wilson and his party must be abandoned. As soon as the rains cease and the streams fall suffi-

ciently to make travel possible a strong patrol will be sent out, Sir Henry says, to bury the bodies of Capt. Wilson and his men. Capt. Wilson crossed the Shangani river twenty miles on December 15 in pursuit of King Lobengula, and on the next morning was reinforced by Major Forbes, who sent Capt. Barrow with fifteen men to help him fight the Matabele. Nothing positive as to the fate of Wilson has been learned since.

ALONZO WRIGHT BURIED.

[SPECIAL TO THE STAR.] OTTAWA, January 10.—The funeral of Alonzo Wright took place today from his late home at Ironides to Beechwood Cemetery, Ottawa. It was largely attended. Sir John Thompson, other ministers of the Crown were present. Tele-

THE LATE MR. ALONZO WRIGHT, EX-M.P.

grams of condolence were received from Lieut. Governor Chapleau, Quebec; Lieut. Governor Hewdney, British Columbia, and Lieut. Governor Schantz, Manitoba. The funeral service was conducted by the Rev. Mr. Allen, of Chelsea, and the Rev. Mr. Kerr, of St. Catharines.

THE VATICAN AND FRANCE.

[SPECIAL TO THE STAR.] ROME, January 10.—The relations between France and the Vatican are improving. The Pope is greatly pleased with the attitude assumed by Casimir-Perier towards the Vatican. Cardinal Rampolla sent to Monsignor Ferrata, Papal Nuncio at Paris, conciliatory instructions in connection with the late encyclical relative to Biblical instruction.

SENTENCE COMMUTED.

[SPECIAL TO THE STAR.] NEW WESTMINSTER, B. C., January 10.—The sentence of death pronounced on Peter and Paul, the Indian murderers of the killing Policeman Pettendrich, has been commuted to imprisonment for life.

The Great Sparring Match.

JACKSONVILLE, Fla., January 10.—The managers of the Duval Athletic Club have set a share for its enemy, Governor Mitchell, into which they hope he will fall, and thereby give him an opportunity to test the Florida law in regard to prize fighting. The snare in question is the arranging of a contest between two negroes, to take place at the Opera House for a few days. The men are to fight for the sum of \$500, and have signed articles of agreement identical with those signed by Corbett and Mitchell. The purpose of the club is to test the sincerity of Governor Mitchell's opposition to the Corbett-Mitchell match, and also to secure a decision from the courts as to the law regulating prize fights in this State. Governor Mitchell, however, is watching the course of affairs closely, and he has thought likely that he will allow himself to be trapped by this scheme. The Governor, in spite of the club's bringing pressure to bear on him, is showing no signs of letting up in his opposition to the match. He has warned the sheriffs of every county in which it has been rumored that a fight would attempt to bring Corbett and Mitchell together to be on the alert to prevent the contest, and if unable to prevent it with the forces at their disposal, to call on him for assistance. The Duval Athletic Club last night furnished a statement in which they say that, barring accidents of a providential nature, and if Corbett and Mitchell appear at the ring side January 25, 1894, as they were contracted to do, and, no doubt, will do, just so will the contest take place.

Losses at the Fire.

CHICAGO, January 9.—The French commissioners and special agents in Chicago of exhibitors in the French section stated today that the total loss in the French section was \$1,000,000. The loss in the Italian section was \$1,000,000. Prof. Alex. Albini, Italian commissioner, decided that the loss on his exhibit was \$1,000,000. The loss on the Spanish, Austrian or Russian exhibits will not exceed \$500,000 in each country.

The Canadian Exhibits Safe.

[SPECIAL TO THE STAR.] TORONTO, January 10.—A private despatch from Chicago says that none of the Canadian exhibits were injured by the fire in the World's Fair grounds.

A State Dinner.

OTTAWA, January 10.—The first of a series of state dinners was given at the Hotel Mackenzie last night. The guests were present: Hon. Sir John and Lady Thompson, Hon. Mackenzie Bowden, Hon. J. A. M. Patterson, Hon. W. B. and Mrs. Ives, Chief Justice and Lady Strong, Mr. Justice and Mrs. King, Mr. Justice and Madame Deschamps, Hon. William and Mrs. McDougall, Hon. R. W. and Mrs. Scott, Hon. E. H. and Mrs. Brown, Archbishop Laurier, Dr. and Mrs. Bourinot, Dr. and Mrs. S. E. Dawson, Dr. and Mrs. McCabe, Col. and Mrs. Lake, Mr. F. A. Dixon and Mr. H. E. G. and Mrs. G.

Laurier's Ontario Tour.

QUEBEC, January 10.—Hon. H. G. Joly de Lotbiniere, ex-Premier of the province of Quebec, is to accompany Hon. Wilfrid Laurier, Premier of the Dominion, on his next tour through Ontario. Meetings will be held at Cornwall, Kingston, Belleville, Peterborough and other places in the eastern and central parts of the province. Electric Power for Cornwall. CORNWALL, January 10.—There is a scheme on foot here to utilize the Long Sault Rapids by building dams for the purpose of developing electric power to run electric cars and to give power to the mills. Mr. Hitchcock, an expert electrician, is in town in connection with the scheme.

Arms For Mello Seized.

NEW YORK, January 10.—The Red Line S.S. "Maracchino" did not sail for Venezuela yesterday. Over 300,000 rifle cartridges destined for Admiral Mello, which had been smuggled aboard her, were seized and returned to the offices on the dock.

Another Smallpox Case.

HAMILTON, January 10.—Another case of smallpox was reported in the city yesterday. This is the sixth case, and the patient is an infant four months old. The child and its mother have been removed to the pest house.

Reading Railway Discharging Men.

POTTSVILLE, Pa., January 10.—The Reading Railroad Company ordered wholesale discharges last evening of shop hands at Pottsville, Reading, Sayre, Lehigh, and Cresco. A curtailment of expenses is the cause.

Lobengula and His Warriors.

LONDON, January 10.—A despatch from Cape Town says that Lobengula has appeared on the banks of the Zambezi river with 200,000 armed Matabele warriors.

Smuggled Chinamen.

BRATTLEBORO, Vt., January 10.—Chin Poo has been sentenced to thirty days in jail and to pay \$300 fine for smuggling Chinamen across the line.

A Royal Betrothal.

BERLIN, January 10.—The Grand Duke of Hesse has been betrothed to Princess Victoria of Coburg.

A CHANCE FOR TELEGRAPHING.

ASSISTED BY DUPLICATED ADDRESSES.

St. Denis Ward Tenants Did Not Pay the Formerly Collected Poll Tax and Were Left Off the List.

One of the names coming before the Board of Revisers in connection with the voters' list this morning was that of a Mr. Charlers, of Lasignan street. The announcement was made that he was dead. "That doesn't matter," remarked the chairman, Ald. Rainville. "He is disqualified at any rate."

The names of those with duplicate addresses were then taken up and Ald. Rainville raised the point that they had not the power to strike these names off. These men were entitled to be placed on the list in as many places as they had property and paid their taxes.

Mr. H. B. Ames protested vigorously against this. The duty of the Board was to assist, as far as possible, any chance of any iniquitous practices. Duplicate addresses would place a premium on telegraphing.

Ald. Rainville said that all they had to do was to carry out the law. Mr. Ames thought the names should be struck off, but the chairman held that the idea was to enable a man to vote at whatever place he had property.

FINANCE AND COMMERCE.

Stock Markets Dull.

The local stock market was very quiet this morning and business very light for the general list. The situation on "Wall Street," it is reported, remains dull and uncertain, and London markets are moving slowly.

Another important market incident is the decision of the Berlin bank rate yesterday from 3 to 4 p. c. This evening, it is said to \$100,000 of the bank's advances having been paid back by borrowers since the opening of the month.

Wall "street" operators are still said to be distrustful over the action of the secretary of the Treasury as regards the issue of bonds at a lower rate of interest. Until Congress takes some decided action in this regard, financial movements and active speculation of London discounts at rates a fraction below New York rates.

Locally there is no change in the rates for money, but though there is an abundant supply, the demand is only fair. On "Change this morning" the market was very quiet. Banks were firm in values, but not very active. Montreal changed rates 2 1/2 to 2 3/4. Merchants were dealt in at 1 1/2 to 1 3/4. Commercial was 1 1/2 to 1 3/4. In the miscellaneous list street Railway changed hands at 1 1/2 and Royal Electric at 1 3/4. Cable went off 1/2 from the opening deal at 1 1/2 to 1 3/4. The rest of the market found no demand.

COMMERCIAL GOSSIP.

Moreth & O'Brien's Chicago Specials. CHICAGO, January 10, 1894. a. m.—Cattle, 100 to 110. Sheep, 10 to 12. Hogs, 10 to 12. Wheat, 10 to 12. Flour, 10 to 12. Corn, 10 to 12. Lard, 10 to 12. WILLIS & CO.,

The Knabe Piano.

"From the N. Y. Musical Courier" Jan 3rd.

A \$10,000 Piano!

Ten thousand dollars for a piano! It sounds almost incredible, and in these hard times too!

The music desk is of satinwood, inlaid with rosewood, to contrast with the main body of the case.

This beautiful and artistic case is the worthy abode of the instrument itself.

THE EMBARGO ON CATTLE

SCOTTISH BODIES UNITING TO URGE ITS REMOVAL

Gardner Being Pressed to Make the Slaughter of All Imported Cattle Compulsory.

[BY CABLE FROM THE STAR'S SPECIAL CORRESPONDENT IN LONDON.]

LONDON, January 10.—Dundee, Glasgow and other Scottish bodies are uniting again to urge the removal of the embargo on Canadian cattle.

The Chambers of Agriculture are, however, pressing Hon. Herbert Gardner, president of the Board of Agriculture, to make the slaughter of cattle permanent and compulsory for all imported animals.

NEWFOUNDLAND FISH.

The Assent of the British Government Asked to the Bond-Blaine Convention.

[BY CABLE FROM THE STAR'S SPECIAL CORRESPONDENT IN LONDON.]

LONDON, January 10.—The Newfoundland ministry are again strongly urging the Imperial Government to give its assent to the conclusions of the Bond-Blaine convention.

Mr. Sydney Buxton, M. P., Parliamentary Secretary of the Colonial Office, stated in the House of Commons yesterday that negotiations were now in progress at Washington, and the whole matter was in the hands of the British Ambassador, Sir Julian Pauncefote.

The private opinion here is that the United States are most unlikely to enter into any fresh reciprocity treaties in view of the revision of their tariff now before Congress.

THE PACIFIC CABLE

A Meeting in the Colonial Institute.

[BY CABLE FROM THE STAR'S SPECIAL CORRESPONDENT IN LONDON.]

LONDON, January 10.—Miss Shaw, the Colonial editor of the Times, addressed a large audience at the Colonial Institute last night.

She said that the Pacific Cable meant a big step in the direction of Imperial unity.

Mr. Sanford Fleming also addressed the meeting on the same subject and was warmly applauded for his untiring efforts in pushing the scheme through.

The Times editorial to-day says that if we could have but just enough imagination that the enterprise to lay a Pacific cable would soon be in progress, mutual acquaintance would therefore be greatly accelerated.

TRADE WITH GREAT BRITAIN.

[BY CABLE FROM THE STAR'S SPECIAL CORRESPONDENT IN LONDON.]

LONDON, January 10.—The Board of Trade returns show that the total value of British exports to Canada for 1893 was £2,754,886, a decrease of 1.27 per cent. on the exports of 1892.

Raw materials were almost stationary, but manufactures generally increased. Railroad iron increased £180,000.

The British imports from Canada for 1893 were valued at £10,164,317, a decrease of 12.40 per cent. Wheat and flour declined £204,000; cheese increased £28,000; oxen decreased £22,000; butter decreased £200,000, and wool decreased £200,000.

THE SUBSIDY INADEQUATE

[BY CABLE FROM THE STAR'S SPECIAL CORRESPONDENT IN LONDON.]

LONDON, January 10.—Mr. Hector Cameron is still in the city in connection with the fast Atlantic service for which he is negotiating with the Canadian Government.

The Dominion has expressed its readiness to enter into the project on the basis of a £150,000 subsidy.

The promoters of the latest scheme, however, declare that such a subsidy would be altogether inadequate in view of the present depression in trade and the competition now existing between the Canadian and New York lines.

ANOTHER BRAZILIAN MANIFESTO.

NEW YORK, January 10.—A special received here says that Admiral De Gama in his second manifesto, charges Peixoto with issuing paper money bearing imprint of imperial arms and figures. The manifesto appeals for support to a republic with a civilian as a head.

LONDON, January 10.—The Brazilian minister in London, denounces that President Peixoto has resigned. The English Government authorities confess ignorance on the subject.

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.

Mr. Gratton Smith, aged 80, and Mrs. Pocock, aged 70, have been married in Woodstock, Ont.

Derangement of the Liver, with indigestion, biliousness, the complexion, induces pimples, sallow skin. Carter's Little Liver Pills remove the cause.

Special Notices.

R. A. Mainwaring, real estate and investment broker, will not confine himself to any special property, having a large clientele of owners of real estate for sale should place their properties in his hands. Head office, 147 St. James street; branch office, 253 St. Catherine and 240 St. Lawrence.

A handsome bouquet of panicles was offered in a garden in St. John, N. B., on December 29 last.

Scrub-oil, whether hereditary or acquired, is thoroughly expelled from the blood by Hood's Sarsaparil, the great blood purifier.
