## CHARGE RUSSIANS WITH PLANNING TO SOVIETIZE IBERIAN PENINSULA

Portuguese Note to Non-Intervention Committee Directly Charges Russia with Fomenting Spanish Civil War and Seeking to Plant Seeds of Revolt in Portugal—Claim One Hundred Russian Military and Propaganda Experts Accompanied Newly-Appointed Soviet Ambassador to Madrid.

London, October 25.—An amazing scheme to Sovietize the whole Iberian peninsula, including Spain and Portugal, was charged in the Portuguese reply to the Non-Intervention Committee, it was disclosed today.

The reply directly accused Russia of inciting the Spanish civil war and also charged the Soviet with attempting to plant the seeds of revolt in Portugal.

The Soviets were accused of sending fifty-five army officers to Barcelona in September and also secret agents. Among these latter, Lisbon charged, was Bela Kun, the former Hungarian revolutionary, whom that country deported to Russia in 1928.

The Portuguese charges, listed in a document of twenty-one pages, gave the names of reputed Soviet agitators, diplomats and soldiers, and specified cargoes of Russian arms and munitions alleged to be streaming into Spain.

The note denied Russian and Spanish charges Portugal aided the insurgents.

It charged the Soviet was not interested in successfully applying the "Hands-Off-Spain" agreement but sought to foment a war.

The Portuguese Foreign Minister, Armando Monteiro, drafted Lisbon's note, which described the arrival in Barcelona last March of "Agitator Bela Kun, accompanied by Comrades Neumann, Janson, Riedel, Primac, Berzine and Losovski."

In detail, the note contended the Spanish civil war was the result of Soviet meddling. It referred to the Comintern (Communist International organization) in Moscow last February when, the Portuguese charged, plans were drawn up to Sovietize the Iberian peninsula.

A lengthy list of aims ascribed to the Comintern included one described as "provocation of war against Portugal as an experiment in revolutionary warfare."

The reply charged the Soviets also purposed to undertake a revolution in Portugal in order to provide a base for attacking the Fascist armies of General Francisco Franco, the leader of the Spanish insurgents, from the rear.

It charged the arrival of Russian agitators at Barcelona was followed by large quantities of arms and other munitions in Russian ships, adding "almost all items in the plan were laid out by the Comintern a few months ago and have been carried out in the part of Spain which the Government of Madrid Rules."

Portugal declared the Madrid Government was dominated by Marcel Rosenberg, the new Soviet Ambassador to Spain, "assisted by three men recognized for their revolutionary experience: Sokoline, Bondarenko and Winter." Winter, she Portuguese charged, an expert in armaments.

The Lisbon Government charged 140 Soviet agents accompanied the Soviet ambassador to Spain and averred Vladimir Antonovovskoi, Russian consul in Barcelona, not only dominated the Catalan Government but also named Russian officers who commanded troops in the Spanish civil war.

A scheduled meeting of the sub-committee of the Non-Intervention Committee was postponed until tomorrow afternoon, the Foreign Office announced. The Earl of Plymouth, the chairman, was called away to Wales on private business.

## BRITISH CLAIM CHARGES OF PORTUGAL SUSTAINED

London, Oct. 25.—Investigations by British Government representatives confirm—it is semi-officially intimated today—that Russia has broken the international agreement not to ship arms or ammunition to Spain.

They further show that Portugal has observed the agreement. This supply of arms by Portugal but to supply of arms by Portugal but to charges that Portugal has been used as a base of supply. It does not, however, apply to the period which preceded acceptance of the agreement.

Anthony Eden, British Foreign Secretary, is to make another effort to secure the release of prisoners in Madrid. Britain fears a massacre should the Spanish capital fall to the insurgents.

Eden's efforts so far have failed. A few days ago he communicated both with Madrid and insurgent headquarters at Burgos, appealing for exchange of hostages. Madrid in reply declared it held no hostages but merely prisoners who had revolted against properly constituted authority. Burgos did not reply at all.

## CLAIM TWENTY THOUSAND RUSSIANS ARE AWAITED

Lisbon, Portugal, Oct. 26.—Refugees from the Spanish war today declared Catalan authorities were waiting for the arrival of twenty thousand Russian volunteers.

Portuguese citizens, arriving here from Barcelona, Spain, said the Soviet brigades were ready to embark from Black Sea ports and were expected shortly to join the Catalan forces against the Spanish Fascists.

Unconfirmed reports in Paris said Russia had requested use of French ports should Moscow decide to intervene actively in the Spanish civil war. The newspaper Echo de Paris said the Soviet was believed to want Please Turn to Page 2, Col. 4.

## LEON DEGRELLE DEFIANT AFTER NIGHT IN JAIL

Leader of Belgian Rexists Announces He Will Carry Out Threatened "March on Brussels" with 150,000 Followers—Machine-Guns Posted at Strategic Points by Government Police.

Brussels, Belgium, Oct. 26.—Still defiant after a night in jail, Leon Degrelle, leader of the Belgian Rexists and so-called "Hitler of Belgium," announced today he would carry out his threatened "march on Brussels" with 150,000 followers.

Degrelle was released from the central police station early today following a series of clashes between Fascist advocates and police yesterday, the twenty-second anniversary of the Great War battle of the Yser.

"My motive," Degrelle said, "was to prove to the nation that ex-soldiers are behind the Rexists." Degrelle's threat to lead his followers into Brussels to overthrow the Government caused the Cabinet to order four thousand gendarmes with rifles over their shoulders and wearing extra cartridge belts to patrol the heart of the city and all roads leading into Brussels.

Machine-guns were posted at strategic points, ready for action. All except half a dozen of the several hundred arrested yesterday were released. Degrelle himself will be tried on a minor charge of breaking police rules.

Scores of persons were hurt and at least one man shot during the Sunday disorders, which followed a review by King Leopold of veterans of the Yser battle.

The Government, banning political demonstrations, frustrated Degrelle's plan to bring Rexists into Brussels from all over the country. But those already in the city swarmed through the streets to shout their desire for a non-parliamentary regime.

The war veterans' celebration itself was without serious incident. But the trouble started when waves of young Rightists, crying "Vive Degrelle" and singing patriotic anthems, poured down the Boulevard Ansbach into Bruckere Square and into the Boulevard Adolphe Max.

London, Oct. 26.—Prime Minister Mackenzie King today lunched with the Duke of Connaught, Governor-General of Canada 1911-16.

## MEMBER OF PROMINENT E.T. FAMILY PASSES ON

Descendant of a family prominently linked with the life of Marblerton since early pioneer days, William Thomas Oughtred passed away at his home this morning after a long illness.

## INSURGENTS PREPARING FOR FINAL DRIVE AGAINST SPANISH CAPITAL

Fascist Commanders Predict that Rebel Troops Will Occupy Madrid within Ten Days—To Launch Great Push within Next Forty-Eight Hours—Occupation of City May Be Slightly Delayed Due to Desire of Insurgent General to Spare Capital from Air Bombardment.

Insurgent Field Headquarters, Illescas, Spain, Oct. 26.—General Francisco Franco will launch his big push against Madrid within forty-eight hours and will be in the streets of the capital within a maximum of ten days, insurgent leaders predicted today.

The major offensive is expected to last from three to ten days and insurgent leaders are convinced that the fall of the capital already is certain. The Socialist militiamen who abandoned their strong positions at Navacerrero will not be able to hold out against the crack troops hurled by General Franco in the final attack, they said.

The insurgent generalissimo wants to spare the capital from heavy air bombardment and has decided to leave the defenders one avenue of escape—the highway linking Madrid and Valencia via Trancos—which was the only road open from Madrid after the Fascist "scissors" snipped all routes to the south yesterday.

The double-edged offensive carried the insurgents to the banks of the Jarama River yesterday. The attack started at dawn from the villages of Azana, Pantoja and Le Alameza.

General Gonzaloquepo de Llano, Spanish insurgent commander, broadcasting today from Seville, said Madrid Government losses were 20,000 killed and 50,000 wounded since the end of August.

"Despite French and Russian help, Madrid will be captured shortly," he said. "At the same time, Bilbao will fall and the people of new Spain may join Germany, Italy and other countries to organize a front against Communism."

Queipo de Llano asserted the Madrid Government lost 865 killed and 1,235 taken prisoners in an unsuccessful attempt to recapture Sesena and Las Navas del Marques.

Madrid, Oct. 26.—Fascists, overwhelming fierce Government resistance, captured a vital highway-railroad intersection today about twenty-five miles south of Madrid. Forced back closer to the capital Please Turn to Page 2, Col. 1.

## Crowded Moment During Roosevelt's Vote Swing Through New England

How close to his audiences President Roosevelt got on his swing through New England is shown in this picture of the throng that pressed against his automobile in Boston. His car served as the speaker's platform in Boston Common, where 175,000 persons overflowed into the side streets.

## W. T. OUGHTRED PASSED AWAY AT MARBLETON

Descendant of Pioneer Marblerton Family Had Spent Practically His Entire Lifetime in Eastern Townships and Was Associated with Many Important Projects.

Marblerton, Oct. 26.—The people of Marblerton today mourn the passing of an outstanding citizen, a successful businessman of the Eastern Townships and one whose family has been prominently connected with the life of Marblerton since the early pioneer days.

The death at an early hour this morning of William Thomas Oughtred, at the age of seventy-six years, removes a guiding figure from the life of the community and one whose father and grandfather before him had helped to lay the foundations upon which the village of Marblerton has grown.

William Thomas Oughtred was the son of William Wallace Oughtred and of Jane Hart Oughtred, of English and Irish stock. His grandfather, John Oughtred, was the original settler of Marblerton, and since the day he first made an opening in the dense forest where the village now stands there has been a member of the Oughtred family living in Marblerton.

W. T. Oughtred was born at Marblerton on March 3, 1860. Both his parents were prominent figures in the life of the community and from both his father and mother he was descended from pioneer stock.

Educated at Marblerton, the deceased spent his entire lifetime here with the exception of one year in Colorado. For twenty years he operated a general store in Marblerton, but his interests in life followed various channels.

It was W. T. Oughtred who organized the Canadian Telephone Company, which he managed until very recently. It was W. T. Oughtred who also built the Dundasville Electric Company, which he later sold to the Shawinigan Power Company.

He was also a justice of the peace, a position which his grandfather and father held before him. A member to the Oughtred family has held this position without interruption since the first days of Marblerton.

The deceased was a director of the Eastern Townships Telephone Company and president of the Canadian Telephone Company. In religion he was a Methodist and later a member of the United Church. He was also a member of the Odd Fellows and the Foresters.

On January 1, 1885, he was married to Octa Bishop, also a member of a prominent Eastern Townships family. On January 1, 1935, Mr. and Mrs. Oughtred celebrated their golden wedding anniversary, when they were showered with greetings and good wishes from the members of their immediate family, relatives, friends and admirers.

Mr. Oughtred is survived by his widow; four sons, namely, Lawrence W. of St. Lambert; Clifford T. of Kimberley, B.C.; Harold H. of Quebec City, and Richard W. of Coakley; one daughter, Mary H., Mrs. Walter H. Wood, of Sherbrooke, and eight grandchildren.

A characteristic trait of the late Mr. Oughtred was his desire to work for the general good of his native village and of the Eastern Townships without assuming any positions of prominence.

He declined frequent petitions to him to serve as Mayor of Marblerton, preferring to act as Councillor. He was also one of the main promoters of the Marblerton Fair and was ever ready to lend his support and en-

## WOULD BALANCE GERMAN-CANADA COMMERCE FLOW

Germany to Make Available All Foreign Exchange Accruing from Sales of German Goods in Canada for Purchase of Canadian Goods.

Ottawa, Oct. 26.—Canada's trade relations with Germany enter a new phase on November 15th, when the provisions of the new trade and payments agreements come into effect.

Trading experts of the Dominion Government expect the new arrangement will do away with the present adverse balance of trade and bring Canadian exports to Germany on a level with Canadian imports from that country.

The agreements are the result of long negotiations begun by Hon. W. D. Euler, Minister of Trade and Commerce, when he visited Berlin last August. Following Mr. Euler's visit the German Government sent Dr. Hans R. Hemmen to Ottawa to continue the negotiations, with the result the agreements were signed by Mr. Euler and Dr. Hemmen last week.

The trade agreement makes no change in the present status of trade between the two countries, but the payments agreement cuts into the handicaps German exchange control has placed upon Canadian exports. Its vital clause is an undertaking by Germany to make available all the foreign exchange accruing from sales of German goods in Canada for the purchase of Canadian goods.

Canada's exports to Germany in the twelve months ended September, 1936, totalled only \$5,745,021, while imports from Germany totalled \$10,716,631. Prior to the institution of exchange control machinery by Germany in 1934 Canada's exports to Germany ranged in the neighborhood of \$10,000,000 each year.

Thus the curtailment of exports recently is attributed to the inability of Germany importers to obtain exchange or credits in foreign currencies with which to pay for imports. The payments agreement will correct this difficulty and make possible a more or less balanced trade between the two countries.

The agreement allocates 63.1 per cent. of the exchange among a specified list of commodities, the largest allocation, thirty-five per cent., going to wheat. The remaining 36.9 per cent. may be used for the purchase of unspecified goods, copper and nickel, two of Canada's important products in demand in Germany, are among the unspecified commodities.

On some of the specified commodities a maximum is fixed beyond which exchange will not be granted regardless of whether the percentage has been used up or not.

The trade agreement is called a "provisional" agreement because it states it is the intention of the two governments to replace it as soon as it is possible with a general treaty of commerce and navigation.

It provides for the mutual exchange of most-favored-nation treatment by each country to the products of the other country. The agreement will come into force fourteen days after the exchange of ratifications and remain in force until November 14, 1937, or thereafter until either of the two governments shall have given two months' notice of termination.

There is provision in the agreement to allow either government to engage to any worthy movement.

## McMAHON DENIED RIGHT TO APPEAL CONVICTION

Lord Chief Justice Terms Story Told by Man Who Threw Loaded Revolver in Front of the King a "Cock and Bull Story."

London, Oct. 26.—George Andrew McMahon today was denied permission to appeal his conviction on a charge of producing a revolver "with intent to alarm His Majesty" during a parade on Constitution Hill headed by the King last July.

He has been sentenced to a year at hard labor. Lord Chief Justice Hewart, presiding, termed McMahon's story that he had been approached by an agent of a "foreign power" to shoot the King and act as a spy as a "cock and bull story."

McMahon has asserted he had no intention of shooting the King but, rather, tossed a loaded revolver at the feet of the sovereign's horse to put him on guard and "save" him from death.

## BELGIUM GIVES OWN VIEWPOINT ON NEUTRALITY

Declares Modern Methods of Warfare Would Allow Destruction of Country Before Any Guarantor Powers Could Come to Its Aid.

London, Oct. 26.—Belgium desires definitely to keep clear of all entangling alliances in Europe. According to the terms of a Belgian note to Great Britain released for publication here today.

Explaining the declaration of neutrality made two weeks ago by King Leopold III, the Belgian note said in effect that Belgium could not continue to carry obligations beyond its capacities to fulfill.

Modern armaments are such, the note went on, that Belgium could be shattered by invasion long before any guarantors could come to its aid. In releasing itself, therefore, from obligations which were heavier than it could bear with its own strength, Belgium considered that it was contributing more to the peace of Europe by removing any pretext of attack upon Belgian territory.

After explaining that the times had changed vastly since the Locarno treaties of 1925, notably as a result of German rearmament, the Belgian note said that the system of alliances created by France risked dividing Europe into two hostile camps.

This created for Belgium the danger that its fortification would be viewed as nothing but a continuation of the Maginot line, the note said, an impression which could only increase the likelihood of an invasion of Belgian territory in the event of a Franco-German war.

The note added that Belgium's policy was not prejudicial but advantageous to the British Govern-

## ITALY SEEKING JAPANESE SUPPORT FOR ANTI-COMMUNIST AGREEMENT

Semi-Official Italian Government Spokesman Hints that Japan May Join Italy and Germany in Tripartite Alignment Against Soviet Activity—Il Duce Reiterates Belief that He Has No Hopes for Lasting Peace and Therefore Depends on Force for Preservation of Italian Security.

Rome, October 26.—A tripartite alignment against Communism—including Italy, Germany and Japan—was hinted today in the newspaper Giornale d'Italia by the authoritative commentator, Virginio Gayda.

"Against Communism Fascist Italy and National Socialist Germany have decisively reared up in the name of European and world collaboration," Gayda wrote. "We are glad to note faraway Japan also adheres to these positions owing to a similarity of views and purposes."

Gayda, often described as the "unofficial spokesman of the Fascist Government," said this about Japan:

"Japan is the advanced sentinel of a living, constructive civilization in the Pacific which sustains an open fight for the defence of the entire Asiatic continent against the corruptions of Communism."

"Japan also left Geneva (The League of Nations) owing to the incomprehension of the League in her vital problem in Manchoukuo which was equal to the incomprehension demonstrated in the Italian problem in Ethiopia."

Italy and Germany, Gayda asserted, will not be influenced by "Soviet provocations in the so-called Non-Intervention Committee in London."

Rather, the writer declared, the two totalitarian powers will "repel them by every means if they go beyond the limits of gratuitous denunciations and paper propaganda."

An Italo-German agreement by which the two countries will collaborate on major problems was disclosed in a communique announcing the conclusion of conversations with Hitler and Konstantin Von Neurath, German Foreign Minister, by an Italian mission headed by Foreign Minister Count Galeazzo Ciano.

The communique gave plain warning the two totalitarian nations had submerged their differences and would unify their policies to confront what they regard as common threats to their security and ambitions.

Drafted after Hitler received Ciano at his Bavarian estate yesterday, the announcement enumerated six points on which agreement had been reached.

They were: The Locarno pact, the League of Nations, the Spanish civil war, the Danubian Basin including Austria, bilateral economic co-operation and a united front against Communism.

Details were withheld, but the statement did not imply any formal alliance or treaty.

At the same time, Il Duce's speech at Imola indicated he has no hope for lasting peace and depends, therefore, on force for the preservation of Italian security.

Cheered by seventy thousand listeners, Il Duce reiterated the admonition he delivered Saturday at nearby Bologna that Italy's "olive branch grows out of an immense forest of 8,000,000 bayonets."

"Our security is in our force," he shouted. "Above all, it is in our iron will."

## REICH HOPES TO SHARE IN ETHIOPIAN AFFAIRS

Berlin, Oct. 25.—German hopes of sharing in the economic development of Ethiopia were raised today as the result of disclosures by Count Galeazzo Ciano, Italian Foreign Minister, elucidating the Italo-German agreement.

"We have regulated economic matters ament Ethiopia," he said, "and various other questions will be solved to the satisfaction of both countries."

Inspired German comment declared, "It is only natural that Germany made certain definite arrangements with Italy for economic co-operation in Ethiopia. Germany will share in Italy's work of building up Ethiopia."

The Nazi press declared the Italo-German joint policy envisages "no adventures and no expansion." It called attention to the promise by Italy and Germany to respect Spanish territory including colonial possessions—thereby setting at rest fears expressed in some quarters that victory by the Spanish insurgents would lead to the cession of Mallorca, in the Balearic Islands, to Italy and the Canary Islands to Germany.

"The first flash of editorial comment by metropolitan newspapers found the Republican Herald Tribune lauding London for pointing the country toward 'freedom of action,' while the New York Times, independent Democrat, warned that the country cannot live comfortably off its own fat."

The Times reminded the Government to Page 2, Col. 3.

ment, since anything that helped keep Belgium out of war would help Britain, which considers the inviolability of Belgian soil to be an essential condition of its own security.

Belgium Cabinet Preparing Declaration

Brussels, Oct. 26.—Besieged by a questioning Europe, Premier Paul Van Zeeland and his Belgian cabinet today drew up a declaration to clarify King Leopold's recent "neutrality" speech.

The ministers hope to present the statement to Parliament tomorrow or Wednesday.

## THE WEATHER

FAIR AND COLD.

A disturbance of increasing intensity, passing eastward across northeast Quebec, has a trough of low extending southwestward to Pennsylvania, while high pressure and cold weather is spreading over Ontario and west Quebec from the northwest. Rain, with snow in some districts, has occurred in Ontario and Quebec though in the other provinces the weather has been fair. Strong winds and gales prevail in eastern Canada. It is becoming somewhat milder in the West.

Forecast: Strong northerly winds of moderate gales; cloudy and colder with snowdrifts. Tuesday—fair and cold.

Northern New England: Rain, turning to snow and much cold. Tuesday, partly cloudy, much cooler with freezing temperature tonight, on the coast.

REVEAL SECRET EYES OF NOTED BLIND WRITER

Scottish Woman Served as Real Eyes for Miss Helen Keller for Fourteen Years - Story of Strange Household Told.

New York, Oct. 26.—The secret eyes through which Helen Keller, the famous blind woman, sees the world were revealed today by the second great tragedy of her life.

The story is that of a Scottish woman who lived three lives for fourteen years and had to see everything she looked at in three different ways.

Until Mrs. Macy's death, the woman from the Scottish Highlands was an unsung heroine of one of history's most amazing households.

While she lived, the teacher held the spotlight for her accomplishment in teaching Miss Keller to "hear" through her hands.

However, it was not Mrs. Macy but Miss Thomson through whom Miss Keller saw life almost as clearly as though the eyes were her own.

To keep her employer abreast of current events, Miss Thomson maintained a blind household on lines astoundingly close to normal.

The mere fact her two companions could not see did not prevent their reading their favorite newspaper at breakfast every morning.

When evening came there was entertainment to think of. They might stay at home and listen to the radio, with Miss Thomson "writing" the broadcast in Miss Keller's palm.

They went to movies, too, and plays.

LABOR MEASURE WAITS SUPREME COURT RULING

Associated Press and Motor Coach Company Appellants in Effort to Have Wagner Labor Relations Law Overthrown.

Washington, Oct. 26.—An announcement as to whether the Wagner Labor Relations Act would be added to the "New Deal" litigation to be passed on during the next few months was awaited today from the United States Supreme Court.

Cases involving the Act were filed by the Associated Press and by the Washington, Virginia and Maryland Coach Company. Both appealed from lower court decisions sustaining the legislation. The Government urged the court to grant a review.

Also awaiting action was a petition by Illinois Communists seeking speedy action on their application to compel officials of that state to place the names of the Communist candidates for President and Vice-President on the ballot for the November 3rd election.

The Wagner Labor Relations Act sets up a National Labor Relations Board to enforce a guarantee of collective bargaining and to prevent certain activities of employers which are described in the act as unfair.

The Associated Press appealed from a ruling by the Circuit Court of Appeals at New York upholding an order of the National Labor Relations Board directing it to reinstate Morris Watson, a discharged employee of its New York office.

Waters contended he was dismissed because of activities in connection with the American Newspaper Guild. The Press Association said his discharge was for cause.

In its petition, the Associated Press said that freedom of the press was "seriously jeopardized" by the Act.

The magazine estimated enough steel was placed on mill books to make 1,000,000 cars in the fourth quarter, but the great bulk of this has not yet been released.

Inquiries for twenty-five locomotives last week raised the number on the pending list to 140. Pig iron orders have been heavy.

The following deaths were recorded in today's press despatches to the Record:

Ottawa—Col. A. Cooper, 72, soldier. Guelph, Ont.—Rev. J. MacDonald, 78, one of Ontario's oldest Jesuits.

nor that his party's platform calls for "the stiffest kind of protective and prohibitive tariffs, and demands the immediate repeal of the reciprocity trade pact."

Landon did not mention the reciprocity agreements. He scored the Canadian-American and other agreements in earlier addresses. He followed his pledge to seek lowering of trade barriers with a promise to do "everything in my power to bring this about."

He declared himself against sanctions, cast aside the League of Nations collective security system because "we cannot use war to end war" and rejected the World Court as a "political body."

The Times found the Governor's reasons for believing the country should not adhere to the World Court "unsatisfactory."

Landon committed himself to the doctrine of neutral rights and placed himself in opposition to the type of neutrality practiced by the Roosevelt government because "isolation is unfair to our own people, and impossible."

The doctrine of neutral rights he explained as aimed simply at stopping warring nations from interfering with the interests and welfare of neutral nations and keeping the neutrals from being drawn into the conflict.

With cold scorn The Times commented: "A braver and more statesmanlike policy must be worked out by some one if we are really to play our part in the affairs of the world, and not settle back into complete aloofness in the mistaken notion that we can live comfortably off our own fat."

STOCK LEADERS TAKE TOBOGGAN ON WALL STREET

Leading Issues in All Departments of New York Stock Exchange Fell Back from Fractions to Two or More Points in Early Trading.

New York, Oct. 26.—It was Blue Monday in the stock market today as leading issues in virtually all departments fell back fractions to two or more points.

Business and industrial news continued on the favorable side generally.

U.S. Industrial Alcohol was a lone performer on the upside for more than two points. Cerro de Pasco and Douglas Aircraft were a shade ahead and American Telephone was about even.

Principal losers included U.S. Steel, Bethlehem, Du Pont, Westinghouse, Chrysler, General Motors, Montgomery-Ward, Sears Roebuck, J. I. Case, Deere, Western Union, Santa Fe, N.Y. Central, Pennsylvania, Union Pacific, Delaware and Hudson, Paramount first preferred and U.S. Rubber common and preferred.

Bonds and commodities were moderately mixed. Call money renewed at one per cent.

Of interest to holders of the magazine "Steel" which forecast a further slight dip in mill activities over the next few weeks, but believed from them on to the end of the year the operating rate would expand briskly.

Steel makers at present, it was said, are awaiting releases for a large amount of material, particularly from the automobile field. It was estimated orders on the books are sufficient for the manufacture of one million cars in the fourth quarter.

Utility observers advanced the thought the rate of increase in power consumption over last year is likely to narrow appreciably in coming weeks and the highest peak, which usually occurs in December, may not be substantially above recent peak levels.

McKENNEY ON BRIDGE

OPPONENTS INJECT A BID

McKenney Shows How Overcall of "TNT" Opener Is Handled to Arrive at Proper Contract.

This is the last of a series of six articles dealing with the principles of the "TNT" Bridge System, which has been popularized in New England by Edgar F. Tierney, of Westfield, Mass.

By Wm. E. McKenney

The five preceding articles have dealt only with situations in which the opposing players have not entered the bidding, and thus the exchange of partnership information has been uninterrupted.

However, opponents often are not so kind. The situation is met by providing that, if there is an intervening bid, a pass conveys the same meaning as a two club bid (the bust

response). Any other bid, either a raise of the no trump or the bid of another suit, means exactly the same

as though the opponents had kept silent. Today's hand is an interesting example of how this situation is handled. Had North held a weak hand he would have passed West's two club bid. But he held 1 1/2 honor tricks, and thus he made a bid, as he would have done in any case.

Two spades showed at least one honor trick, with 3 1/2 to four playing tricks. The subsequent bids speak for themselves. To make the contract required careful play.

West's bid placed him with most of the strength, and South, after drawing trumps and ruffing a club, eliminated spades from the West hand. Then he led a heart from dummy and finessed the ten, forcing West to lead a heart and give South a trick with his king, or to play a club, which would permit a discard in one hand and a ruff in the other.

Today's Contract Problem

South is playing the contract at four spades. He has lost the first three tricks to East. The fourth diamond is led, and now South must utilize every bit of his trump power and positional advantage to make his contract. How does he do it?

## A Double Edged Scheme.

As a means of preventing the continued drift of single men from the rural regions to the larger cities and there to swell the already overcrowded ranks of the jobless, it is doubtful if any more sensible scheme could be developed than the accord reached by the Dominion and Quebec governments whereby those farmers who take farm workers for the winter will receive assistance from the governments. This plan carries benefits for all parties concerned. The farmer obtains help at little cost during the period when money is scarce on the farm. The worker, otherwise unemployed, receives work for wages and is saved the humiliation of the dole. The governments on their part keep the lists free from this class of unemployed at a cost much below that of maintaining the men.

But while this programme has many favorable features, it holds certain inherent dangers to the democratic system of government. As a temporary idea, limited to certain definite classes, it should do much to maintain the morale of the people, but as a permanent plan to be extended to all classes of employment it is a potential political juggernaut that might engulf democracy in the meshes of a Fascist state. Unless great care is exercised, the scheme could easily fall into the hands of self-seeking politicians who by the threat of withdrawing financial aid could force both employer and employee to adopt their way of thinking.

This is a danger that should disappear with the reappearance of normal employment conditions and will certainly be dissipated if the taxpayers insist that the plan is continued only as long as large numbers of unemployed farm workers exist, which should be only a short time.

## Penalize Thrift And Bonus Waste.

In the flight of capital from Alberta, the Woodstock Sentinel-Review sees a culmination of the short-sighted policies being pursued by many of the governments in Canada, stating that:

Other governments in Canada might draw a lesson from the reported flight of capital from Alberta. There are too many official tendencies in Canada to flout the interests of those who have accumulated some resources because they had followed an early determination to ensure their own financial security, as far as they were able. Today the official attitude is to curry favor with wasters and ne'er-do-wells, to impose taxes on those able to pay them, until their financial back is broken. That policy, carried to a finality, is sure to wreck the country and leave it a prey to Bolshevism and Communism.

The new Government at Quebec, headed by Premier Duplessis, is pledged to strictly respect the rights of capital and the example set by Alberta will probably do much to keep it in this course. At least the taxpayers hope so.

## Children's Speech.

Grenville Kleiser.

It should be the delight, as well as the duty, of everyone who cares about the welfare of the next generation to see to it that our children have at least the opportunity of knowing good speech, as they should know good food or good health or good home habits of any kind.

Let us give them the chance to hear nothing but what is true and beautiful, and train their minds by training ourselves, with what pleasure to ourselves in the training!—so that we instinctively speak accurately, easily, with freedom in our choice of words and pleasant tones in which to utter the thoughts they express.

Only so can our children grow up to be truly "educated" men and women, with a trained power of communicating their ideas, an ear attuned to beauty, and a mind which can enjoy great literature and express its own reaction to that enjoyment.

If a parent allowed a child to grow up with some physical defect due only to neglect, a defect which would hamper the little one through life and could only be overcome in after life by effort of a very real kind, what would be the general opinion of the parents?

Yet that is precisely what countless parents—kindly, well-intentioned, self-sacrificing parents—

are doing every day to the children's minds by sheer neglect.

It is chiefly because the average man does not realize what he is doing—how he is hindering his child's chances of commercial and social success, of what pleasure he is unwittingly depriving it, how he is hampering its power of self-expression.

In the same way one sees, in the humbler ranks of society, a man who has been hampered physically by bad conditions unthinkingly accepting the same for his children, though it may be in his power to remove them.

But once the danger is realized, it is the clear duty of the parents to see to it that the deficiency is made good.

The slum or tenement dweller must, by some means or other, secure better conditions for his children; the middle-class parent must remove from his child's path this handicap of careless, ill-educated speech.

## Editor's Note-Book.

Much assistance is now available to farmers and breeders in the selection of the breeding stock of sheep. The Dominion Department of Agriculture and the Provincial Departments have established staffs of sheep specialists and agricultural experts who are always at the service of farmers and breeders, and it is usually possible to obtain their advice and their services in the choice or selection of breeding ewes. Governmental policies, such as the Sheep Club Policy, provide a means whereby young farmers can be assured of specially selected ewes at market values. Farmers wishing to start sheep raising are encouraged to avail themselves of the advantage of Dominion and Provincial policies, as well as of the services of the Dominion and Provincial officials.

Farmers and breeders themselves are recognizing more and more the necessity for caution in the purchasing of sheep. Fortunately, judging demonstrations, sheep marketing courses, and other educational features are making it possible for the young prospective breeder to better equip himself with much of the essential knowledge of mutton conformation and character of breed.

## Thirty Years Ago Today

From the Files of the Sherbrooke Record.  
October 26th, 1906.

The speakers at the annual Brome County Sunday School convention were Rev. E. T. Capel, Rev. G. S. Clendinning, Rev. E. M. Taylor, Mrs. Wells Fisher and Miss McKusker.

The Canadian Pacific Railway announced that plans were being prepared to move their Sherbrooke station from the corner of Belvidere and Frontenac streets to its present location on the main line.

Birth reported at Sherbrooke, a son to Mr. and Mrs. George E. Borlase.

Mr. George S. Walsh was named manager of the newly-opened branch of the Sovereign Bank at Brome Centre.

The following officers were named by the Junior Guild of St. James' Church, Compton: Miss Vernon, Miss Monica Parker and Miss Edith Moore.

Japanese feeling against the United States reached the boiling point, the Tokyo press even going as far as to threaten war over the ban on Japanese children in the San Francisco schools.

Mr. Rupert Davies returned to Trenholmville after spending some time in Western Canada.

The new Methodist Church parsonage at Windsor Mills neared completion.

## What Editors Say

### EASY WAY OUT.

Toronto Globe.

Premier Aberhart of Alberta is reported as saying that if he does not get co-operation in his Social Credit scheme he may be obliged to throw up his hands and say: "I can do nothing for you." That seems a quick and easy way out of an impossible situation—if he can "get away with it."

### DOMINION REVENUE GAIN.

Kingston Whig-Standard.

According to official figures released at Ottawa total revenues of the Dominion were nearly \$35,000,000 greater for the first six months of the current fiscal year than for the same period of the last fiscal year. They amounted to \$233,839,887 compared with \$199,091,147 in 1935.

This increase of, roughly, seventeen per cent, in Dominion income is encouraging in two ways. It is for one thing a sign of better times, for it is the evident result of greater trade and business activity and improved earnings of individuals and companies. This latter fact is strikingly demonstrated in the increased income tax collections. It carries also some cheer for the taxpayers. For, while it does not contain any promise of a possible lessening of taxes, it does lessen the prospect of heavier burdens that have been indicated by Hon. C. A. Dunning as necessary for the achievement of a balanced budget.

### WHY NOT ENGLISH?

St. Thomas Times-Journal.

Protests are being made in a British newspaper against the use of so many foreign words in everyday speech, with a demand that the good old English language be restored to its full application.

The word menu, for instance. It is a French word which literally means thin, small or minute, and there seems no justification for it appearing at the top of a list of foods. The only reason for its use is that it is terse and easier to handle than "bill of fare."

Chauffeur might literally be translated as a "heater up," and possibly it was justified in the early days of motoring when the men who drove cars had to do a great deal of cranking before they got a car to start. Then "coupe" is another Gallic term which has passed into the common English language, but is usually pronounced as "coop." It means a closed carriage having four wheels and holding two people. However, it is a word of excellent appropriateness to the motor vehicle of that name, therefore is quite acceptable.

There are many others, and as menu and coupe are so simple in their descriptions it is not likely the demand for their abolition will make any headway.

### CANADIAN AVIATION

Back in Ottawa after a tour of inspection that lasted ten days and took him as far as the Pacific Coast, Hon. C. D. Howe, Minister of Transport, is convinced that before long it will be possible to travel regularly by air between Montreal and Vancouver.

It is even proposed to inaugurate a permanent service on July 1 of next year, provided that negotiations started with private interests have satisfactory results.

Mr. Howe appears to us to be an energetic as well as a prudent administrator. He lost no time in personally visiting the scene and studying the chances of success of a transportation system between the metropolis and the farthest point of the Canadian West. Having obtained the necessary information, he can now go ahead with a firm step and follow up with more efficiency the work already accomplished towards the establishment of the proposed air service.

### FROST SONG

Marjorie Pickthall.

Here where the bee slept and the orchid lifted  
Her honeying pipes of pearl, her velvet lip,  
Only the swart leaves of the oak lie drifted  
In sombre fellowship.  
Here where the flame-weed set the lands alight,  
Lies the bleak upland, webbed and crowned with white,  
Build high the logs, O love, and in thine eyes  
Let me believe the summer lingers late  
We shall not miss her passive pageantries,  
We are not desolate,  
When on the sill, across the window bars,  
Kind winter flings her flowers and her stars.

No nerve cells are added to the human body after birth.

## HISTORIC DEPARTMENTS TO LOSE IDENTITY NEXT MONTH

### Federal Departments of Railways and Canals and of Marine to Be Merged into Ministry of Transport Effective November 2.

Ottawa, Oct. 26.—On November 2 the historic departments of Railways and Canals and of Marine will disappear from the nomenclature of Dominion Government administration and the Department of Transport will take their place with Hon. C. D. Howe as Minister. The new set-up probably will be announced in a few days.

Since formation of the Government Mr. Howe has been at the head of both departments and the necessary legislation to effect the change was passed at the last session of Parliament. The act will become formally operative on November 2.

It is understood Col. V. I. Smart, present Deputy Minister of Railways and Canals, will remain as deputy to the Minister of Transport and the directing heads of the various branches in the Department will be chosen from among those now acting in similar capacities. This would include R. K. Smith, Deputy Minister of Marine, Commander C. P. Edwards, Director of the Radio Branch, and J. A. Wilson, controller of Civil Aviation.

One other administration change forecast in the Speech from the Throne, appointment of parliamentary secretaries for cabinet ministers, has not yet been proceeded with.

### FRIENDS GATHERED FOR WOMAN'S SECOND FUNERAL

Magnolia, Ark., Oct. 26.—Friends and relatives gathered today for a second funeral for Mrs. Margaret Dennis, aged ninety-one.

There was a similar gathering fifty-three years ago after physicians had pronounced her death and her grave had been dug. But she regained consciousness while mourners gathered and a few days later helped to refill the grave.

A fall three weeks ago resulted in injury that brought death yesterday.

## W. M. S. SESSION AT COOKSHIRE WELL ATTENDED

Cookshire, Sawyerville, Gould, Scotstown, Gould Station, Island Brook, Bury, Lake Megantic and East Angus Represented at W.M.S. Conference.

Cookshire, Oct. 26.—A largely-attended gathering of the W.M.S. sectional meeting was held recently. Mrs. M. T. Stokes presided over the meeting, and Mrs. Burns, of Island Brook, opened the session with prayer. The following auxiliaries answered the roll call, Cookshire, Sawyerville, Gould, Scotstown, Gould Station, Island Brook, Bury, Megantic and East Angus. Each auxiliary replied with a short talk on the different ways of "Facing Our Day." Mrs. John Robinson presented the greetings to the sister auxiliaries from Cookshire W.M.S. and Mrs. G. Kirby represented the W.A.

A very interesting programme followed. Mrs. Montgomery, of Sawyerville, spoke on the topic "Talents, Money and Stewardship." A memorial service in memory of the members who had died during the year was conducted. Mrs. Gilbert gave a very appropriate talk on "Look Up, Lift Up."

Under the guidance of Mrs. F. A. Planche and Mrs. E. S. Heatherington, the Cookshire ladies put on an amusing skit, "The Fountain of Youth," which was much appreciated by all. Some members of the Mission Band gave three recitations, a song, and their temperance yell. Mrs. John French gave a recitation, and Mr. A. W. Pratt rendered a solo.

The guest speaker of the afternoon was Mrs. McAmmond, a missionary recently returned from thirty years of service in China, who told about the everyday problems of the Chinese, and pointed out the effective and beneficent way they have of settling their problems.

Miss McMiller responded to the greetings which were sent from Mrs. E. M. Wilson, the president, Rev. R. W. Carr pronounced the benediction, and the friends then adjourned to the Church Hall where refreshments were served by the Cookshire ladies.

## ADAM FIRST HENPECKED HUSBAND SAYS PREACHER

Henpecked Husbands Given Reserved Seats at Illinois Church when Minister Discussed Problems of Matrimonial Life.

Litchfield, Ill., Oct. 26.—"Henpecked husbands" of Rev. L. A. Crown's congregation squirmed in reserved seats last night while he traced their unhappy history back to Adam.

"Adam was the first henpecked husband," said Mr. Crown, pastor of the Union Avenue Christian Church here, "and Eve was the original foolish wife."

He pointed to Sampson as a classic victim of family browbeating and noted Sampson "made the mistake of choosing a heathen wife."

Next week's sermon will be "How to Be Happy Though Married."

## WIDOW OF CANADA'S THIRD GOVERNOR-GENERAL PASSES

Dowager Marchioness of Dufferin and Ava Died Yesterday at Her Home in Chelsea at the Age of Ninety-Four Years.

London, Oct. 26.—The widow of Canada's third Governor-General, the Dowager Marchioness of Dufferin and Ava, died yesterday at her home in Chelsea, aged ninety-four.

Throughout her husband's long career, as Governor-General of Canada and Viceroy of India, as British Ambassador at St. Peters-

burg, Constantinople, Paris and Rome, Lady Dufferin was his helper. Lady Dufferin wrote three books of lively reminiscences, one of them being "My Canadian Journal," dealing with the years 1872-78 she and Lord Dufferin were at Ottawa. Dufferin Island, in Queen Victoria Park, Niagara Falls, Ont., was named in Lord Dufferin's honor.

MAJOR PRIZES WERE AWARDED AS FAIR ENDED

Competition for Special Trophies for Best Horses in Different Classes Featured Closing Performance of Provincial Winter Fair and Horse Show.

With officials of the Eastern Townships Agricultural Association well satisfied with the results of their efforts; the exhibitors highly appreciative of the reception they were accorded and of the fair treatment they received, and with the spectators entirely pleased with the entertainments they witnessed, the 1936 Provincial Winter Fair and Horse Show was brought to its conclusion in the Arena Saturday night.

But, as the last group of spectators walked out of the Arena into waiting cars and the exhibitors began the task of returning their valuable animals to their respective stables, the principal question was—What can be done to attract more people to the annual Winter Fair and Horse Show? This year's attendance was well up to the 1935 mark, but the standard of the programmes offered was worthy of much bigger audiences.

The nightly spectacles were an education in themselves, the jumping events proving most popular to all and the other classes providing rivalry between the various stables. Something, however, will have to be done to bring more patrons through the turnstiles. Some believe that the inclusion of more jumping features would augment the attendance, others maintain that more advertising is necessary, while still others claim that interest would be increased if the spectators were instructed regarding what a judge takes into consideration before he awards the different ribbons.

The principal interest in Saturday night's programme was occasioned by the competitions in which were determined the best entry in several classes. Of major importance to local horsemen was the triumph scored by Ernie Spafford's Prince Getley. Prince Getley was awarded the trophy donated by Mike Minogue, of Montreal, for the best saddle horse in the Sherbrooke district.

Ernie Spafford, gaining possession of the cup because another entry from his stable, Evelyn Peavine, had achieved this distinction at a previous Horse Show. The winner was ridden by Miss Moira Bradley.

Another local champion was the Dutchman, owned by Alderman Alex Ross. This animal, which performed under Miss E. Vau's silks last fall, captured the cup presented by Mrs. C. C. Mann, of St. Johns, for the best handy hunter. The course over which The Dutchman was victorious was laid out by Mrs. Mann and the competition was staged Wednesday evening.

The other four special trophies were donated by the Eastern Townships Agricultural Association. Mrs. Mann's Trantor won the silverware for the best hunter; Terry McGregor, of the property of R. A. Cameron, Cowansville, was recognized as the best roadster; Sunny Horace, owned by John Peters, Magog, was proclaimed the champion hackney pony; and Lady Humewood, sporting the colors of J. W. Nesbitt, of Montreal, annexed the best harness horse award.

There was plenty of excitement at the closing entertainment. What might have proved a serious mishap occurred in the special road hack class when Stormalong, with Mike Minogue in the saddle, attempted to race through the narrow opening between Miss Nancy Murray's judy and the boards. There was not enough room and Minogue was obliged to jump as Stormalong stumbled. Neither rider nor horse was injured and both received a big hand from the crowd.

Although she was not victorious, eight-year-old Andrea Vachon, of Sherbrooke, practically stole the show in the potato race. The youngster was noisily applauded as she approached the judges' stand to receive one of the consolation prizes. Bob Whitcomb, of Hatley, and Cliff Billings, of this city, captured the major awards by finishing first and second, respectively.

It was a tired but happy group of officials who stood up as the Sherbrooke Regiment band rendered the National Anthem. Highly content that their tasks were finished were the judge, Dr. W. Watson, of Toronto; his assistant and ring master, Len O'Donnell, who rushed back from Montreal for Saturday night's programme; the recorder, Donald Roy; the announcers, Norman Beach and L. P. Brousseau; the bugler, Bob Whittingham, and last, but not least, the Arena superintendent, the genial Norrey Price.

The special prizes were awarded as follows: Minogue Trophy for best saddle horse in Sherbrooke district; Prince Getley, E. E. Spafford, Sherbrooke. Mrs. C. C. Mann's Trophy for best handy hunter, over special course laid out by donor of trophy; The Dutchman, A. C. Ross, Sherbrooke. E.T.A.A. Trophy for best hunter; Trantor, Mrs. C. C. Mann, St. Johns. E.T.A.A. Trophy for best roadster; Terry McGregor, R. A. Cameron, Cowansville. E.T.A.A. Trophy for best hackney pony; Sunny Horace, John Peters, Magog. E.T.A.A. Trophy for best harness horse; Lady Humewood, J. W. Nesbitt, Montreal.

LENNOXVILLE ROAD WORK TO START SHORTLY

Re-construction of Highway Between Sherbrooke and Lennoxville Will Be Started First Week of November—Plans for Road Approved by Quebec Government.

The building of another important link in a first-class highway between Sherbrooke and the American border will be started early next month when the Provincial Government will begin work on the reconstruction of the Sherbrooke-Lennoxville road.

Work of a preliminary nature on the strengthening and re-surfacing of this three-mile stretch of road will be carried on until the heavy snow and cold weather forces a halt. Jean-Marie Bourbeau, private secretary to Col. the Hon. Johnny Bourque, Provincial Minister of Public Works, stated to the Record this morning that plans for the highway have been approved by the Quebec Government and that work would be started the first week of November. It is not known how many men will be employed or how long this fall's work will last.

The re-construction of the Sherbrooke-Lennoxville road is being carried on under the Duplessis Government's \$6,000,000 programme of public works. The sum of \$250,000 has been allotted for the project.

Hon. Mr. Bourque returned to Quebec last evening and will not be in his local office at the Court House until Saturday morning, Mr. Bourbeau stated today.

LENNOXVILLE POPULAR COUPLE HONORED

About sixty friends and relatives of Mr. and Mrs. Edward Crawford gathered at their home, Mountain Hill, on Saturday evening to tender them a surprise party on the occasion of their thirtieth wedding anniversary.

Friends of the happy couple were successful in keeping the plans for this gala event a complete secret from them until early in the evening, when upon hearing an automobile drive into their yard, Mrs. Crawford stepped to the door to see who their visitor might be and discovered that six automobiles had already arrived.

During the evening cards were played at ten tables, the prizes being won by Miss Edna Stafford, Mrs. W. A. Bown, O. R. Boyce and C. J. Woodward.

A musical programme during the evening included piano solos by Miss Jennie Machell, of Milby; violin solo by O. R. Boyce, Sr., of Compton, and a group of songs by the Misses Marion Machell, R. Butler, Jennie Machell and D. Butler, who sang such favorites as "Memories," "Auld Lang Syne" and "He's a Jolly Good Fellow"; the other guests joining in the last two mentioned numbers.

On behalf of their friends, David Harrison presented Mr. and Mrs. Crawford with a beautiful Aladdin lamp and a purse of money and Charles Knowles, of Quebec City, presented them with a fancy sand-wich set on behalf of his wife and himself and Miss G. Kennedy, of Quebec City.

To both these presentations Mr. and Mrs. Crawford replied very graciously, expressing their thanks not only for the gifts but also for the party and the congratulations of their many friends.

At the close of the evening a delicious lunch was served, the table being centered with a large three-story wedding cake beautifully decorated, and topped with tiny Jack O' Lanterns. The cake was made by Mrs. W. E. Glass, of Lennoxville. Mrs. F. Machell had charge of the coffee, and was assisted in serving by Mrs. C. J. Woodward, Mrs. W. E. Glass, Miss Jennie Machell, and Messrs. Charles Crawford and O. R. Knowles.

HUNDREDS PAY FINAL TRIBUTE TO DR. REXFORD

Remains of Beloved Churchman and Distinguished Educationalist Laid to Rest in Knowlton Following Impressive Services at Montreal and Knowlton.

Knowlton, Oct. 26.—The mortal remains of Rev. Canon E. I. Rexford, M.A., D.D., LL.D., D.C.L., well-known educationalist and churchman, have been entrusted to the care of the people of Knowlton, and his body rests for all time in the picturesque Knowlton cemetery which overlooks the hills and beautiful Brome Lake which he loved so dearly.

It was an impressive tribute which was paid to the memory of Dr. Rexford here on Saturday. The friends and admirers who gathered to witness the closing scene in his long and outstanding life were characteristic of the man.

There were churchmen, educationalists, prominent professional and business men, people in lesser walks of life, women and children. Differences of race, creed or stations in life were forgotten. Every one stood on a common ground. A beloved son of the Eastern Townships and an outstanding figure in the religious and educational life of the Province of Quebec had passed on and his friends gathered to say adieu.

Following the arrival of the remains from Montreal, a choral service was held on Saturday morning in St. Paul's Anglican Church, the choir being composed of boys and girls from the Knowlton High School. Ven. Archdeacon Charters, of Sutton, Rev. Gilbert Oliver, of St. Matthias Church, Westmount, and Rev. A. E. Rollit, rector of the Knowlton Church, officiated at the service.

Among the clergy present were Rev. E. M. Taylor, Rev. E. S. Reed, of Cowansville, Rev. H. P. Mount, of Foster, Rev. Norman Egerton, of Waterloo, Rev. I. M. Lidstone, of Granby, Rev. F. Macklin, of Iron Hill, Rev. F. W. Smith, of Boscobel, Rev. J. King, of Mansonville, Rev. Scrimgeour, of Richmond, Rev. Stanley Andrews, of Montreal, Rev. Dr. A. H. McGee, principal of Bishop's University, Lennoxville; Rev. F. W. Gedy, of Brome, and Rev. E. Mitchell.

Prior to leaving Montreal, where Dr. Rexford passed away on Wednesday afternoon last at the age of eighty-six years, the body was taken from the chapel of the Montreal Diocesan Theological College, where it had lain in state, to Christ Church Cathedral, where a funeral service was held on Friday afternoon.

Not only clergy of his own denomination, but representatives of the United Church and Presbyterian Church and other religious bodies, and of educational institutions, both secular and theological, comprised the congregation which assembled to do honor to the man who had directed the education of many hundreds of the men and women of today, in the Montreal High School, and had trained, over a period of a quarter of a century, many for the ministry, in the Montreal Diocesan Theological College.

Outside the Cathedral thirty-six members of the Montreal Diocesan Theological College Students Society formed a guard-of-honor, while inside were a host of robed clergy, headed by the Lord Bishop of Montreal and the Very Rev. Dean Carlisle, who received the body at the church doors and escorted it to the chancel steps.

The service was in charge of Rev. Gilbert Oliver, of St. Matthias Church, Westmount, of which the late Canon Rexford was honorary assistant. The choir of that church joined with the Cathedral choir in the choral funeral service, leading the singing of the two hymns "How bright those glorious spirits shine" and "Unto the hills." At the organ was W. Johnston Hislop, organist of St. Matthias Church, who played appropriate funeral music while the congregation was assembling, and at the conclusion of the service.

Among those from the Eastern Townships who attended the funeral were: Rev. Canon H. Coffin, of Dunham, who was among the robed clergy at the funeral in Montreal; Rev. E. M. Taylor, of the Knowlton United Church; Rev. M. Lidstone, Granby; Rev. R. C. Asch, Farnham; Rev. E. F. Macklin, Iron Hill; S. M. Perkins, chairman of the Mansville School Board; Dr. N. N. Harrison, Knowlton; Dr. S. A. Banfill, East Angus, and many others.

The family mourners were: daughters, Mrs. Hugh E. Burke, Ray Brook, N.Y., and Mrs. Walton Blunt; sons, Irving P. Rexford, Volney G. Rexford, and Orrin B. Rexford; sons-in-law, Hugh E. Burke, Rev. James E. Fee and I. Walton Blunt; daughters-in-law, Mrs. Irving P. Rexford and Mrs. Orrin B. Rexford; nephews and nieces, Miss Muriel Rexford, Mr. and Mrs. Kingsley Organ, Mr. and Mrs. Patrick MacKinnon, Mr. and Mrs. Sidney Denman.

20,000 WASPS IMPORTED TO CHECK SAW FLY PESTS. Ottawa, October 26.—To check the ravages of the saw-fly which has already devastated thousands of square miles of spruce and pine forests in Eastern Canada, the Dominion government has imported from central Europe and Sweden about 20,000 wasps, according to Dr. Arthur Gibson, Dominion Entomologist.

The worst havoc has been wrought in the Gaspé Peninsula, where nearly 10,000 square miles have been practically wiped out, and there are other infected areas in Western Quebec and in the Petawawa district of Ontario. Any and all kinds of business—a cent a word. Record Want Column.

COATCOOK GIRL INJURED. Gabrielle Carrier, nine-year-old daughter of Albert Carrier, of Coaticook, was run over by the St. Vincent de Paul Hospital yesterday morning suffering from a fractured right leg, an injury sustained when she was struck by an automobile in front of her home. Her condition is considered as satisfactory.

FINED FOR DRIVING A CAR WHILE UNDER INFLUENCE OF LIQUOR. Lucien Gaudreau, of this city, was fined \$100 and costs or one month in jail and had his driver's licence cancelled for one year by Judge J. S. Couture, Monday morning, for driving a car while under the influence of liquor.

Gaudreau was arrested by municipal police Saturday afternoon after coming to a stop at the St. Ignace Garage automobile on Wellington street.

DIED WHILE VISITING IN CITY. A heart attack experienced while in this city for the week-end proved fatal yesterday morning to Geoffrey Gordon Burlingame, fifty-one years old, of Syracuse and Casanova, N.Y.

Mr. Burlingame, a personal friend of S. R. Fuller, had arrived in this city on Friday. He was stricken with a heart attack shortly after his arrival, and he passed away at the New Sherbrooke House yesterday morning.

Mrs. Burlingame and daughter hurried to Sherbrooke yesterday. Mr. Fuller and H. S. Pierce, Mr. Burlingame's business partner, accompanied the body to Casanova for burial service.

SEVERAL ARRESTS BY LOCAL POLICE. George Goulet today changed his headquarters from No. 3 Police Station's refuge for indigents to Governor Charest's jail on Winter street.

Goulet has been one of about fourteen men who have obtained shelter at the No. 3 Station refuge. Saturday night he was arrested on Portland street for being drunk and incapable, and this morning Recorder Lionel Forest sentenced him to a fine of \$10 and costs or fifteen days.

David Rodrigue and Ernest Marier, both of this city, were sentenced to similar fines for being drunk and causing a disturbance on King street west early Sunday morning.

Fines of \$50 and costs or three months in jail were imposed upon Alice Provencher and Irene Rodrigue, both of Sherbrooke, on charges of vagrancy.

EVENING SERVICE IN TRINITY CHURCH CANCELLED. The morning service was the only one held in Trinity United Church yesterday, the evening period of worship having been withdrawn in accordance with a long-standing custom in order that the congregation might join with that of St. Andrew's Presbyterian Church in the latter's evening anniversary gathering.

Dr. W. S. Lennon, the minister, followed the topic on which several pastors of Protestant Churches spoke yesterday, namely the call of the great fore-runner of Jesus, "Repent, for the Kingdom of Heaven is at hand."

The special contributions to the service from the choir consisted of the rendition of Mettrorp's anthem, "O Saviour of Mankind," and a solo by Mrs. Ross Healy, of Richmond, entitled "Jesus Only," by Rotoli.

ADDITIONAL SUBSCRIPTIONS TO LIBRARY CAMPAIGN. Additional subscriptions to the Sherbrooke Public Library reported by the secretary-treasurer, bring the total of this year's campaign to \$750. There are still a large number of cards to be reported, and several people have promised subscriptions later.

THREE NEWSPAPERMEN HAD NARROW ESCAPE IN SPAIN. Safe in Hands of Insurgent Forces Today After Narrowly Escaping Death in Machine-Gun Fusillade.

Talavera de la Reina, Spain, Oct. 26.—Three newspapermen attached to the Loyalist forces in a Canadian unit and an American—were in the hands of the insurgents today after narrowly escaping death in a machine-gun fusillade.

The three were James Minifie, formerly of Vanguard, Sask., representative of the New York Herald Tribune, Dennis Westgar, of the London News-Chronicle, and Henry T. Gorrell, of the United Press.

The Associated Press said the three men were released today by General Jose Varela, Fascist commander of the Toledo front.

The reports of their safe capture told how the chauffeur of the car in which they were riding perished under Fascist fire on the Madrid-Aranjuez road. They had been well treated, it was said, and their release was expected today. They had been detained only until their identity had been established.

Rennie, Robert Broadbent, M. V. Long, J. L. Foley and C. F. Patton.

SPELL OF COOL WEATHER EXPERIENCED HERE. The short spell of "Indian Summer" enjoyed in this district during the past week came to an abrupt end today. A falling thermometer brought with it the sweep of a cold wind from the north and snowflurries the city a thin coating of white.

Within a few short weeks winter will be here. The snow this morning was a tangible reminder to local citizens of that fact. Jack Frost will not be long before he is followed by King Winter. Yesterday the mercury dropped to twenty-five degrees after recording a maximum of fifty-four. On the same day last year the maximum was fifty-two and the minimum thirty-two.

Mr. and Mrs. Stephen Newton, who have been guests for a week of Mr. and Mrs. Robert Newton, Victoria street, left this afternoon en route for their home in Eagles' Mere, Penn.

General and Mrs. D. C. Draper, of Toronto, who have been visiting the latter's parents, Dr. and Mrs. George Hume, for several days, are returning tomorrow to their home in the Queen City.

The many friends of Miss Jean McLeod, Brompton Road, will regret to hear that she is a patient in the Sherbrooke Hospital, where she underwent an operation for appendicitis last evening.

Mr. and Mrs. Waldo Hovey, of Niagara Falls, N.Y., who were guests of Mr. and Mrs. Frank Hovey, High street, while here attending the Smith-Hovey wedding on Saturday, left last night for their home.

Mr. and Mrs. P. H. Skelton returned last night from Carling Lake, where they spent several days holidaying in camp the guests of Mr. and Mrs. E. P. Wilson, of East Angus. Mr. F. A. Baldwin was also a member of the party.

Mr. David Wilson's many friends will regret to hear that he is a patient in the Royal Victoria Hospital, Montreal, where he successfully underwent an operation in the Ross Memorial on Saturday. Mrs. Wilson, who accompanied her husband, will remain on in the metropolis for a week or so, while members of the family, who joined her there, will return to their respective homes in a day or so.

Major H. Morris Drury, of St. Johns, formerly of Sherbrooke, who recently returned from England, where he was stationed for two years, has been transferred to Toronto to take command of "B." Squadron. Major Drury is the son of Mrs. E. Hazen Drury, of Montreal, and grandson of Mrs. Austin, now of Montreal, and the late Dr. F. J. Austin, of Sherbrooke, and has many relatives and hosts of friends who will unite in congratulating him upon his promotion. Major and Mrs. Drury expect to leave for Toronto at the end of the present month.

Miss Lydia Wyatt entertained at a novel and most enjoyable Halloween party on Saturday evening at her home on Short street. The house was in complete darkness when the twenty-eight guests, dressed as ghosts, arrived. Their hostess greeted them with lighted candles, handing one to each ghost upon entering. Orange and black decorations and pumpkin lights carried out the spooky atmosphere in the rooms where games, including a treasure hunt, were played during the jolly party. Delicious refreshments were served by the hostess, assisted by her mother, Mrs. T. Wyatt, Mrs. J. Lewis, Mrs. A. Smith and Miss Mary Dillon.

MEETING OF 1ST SHERBROOKE TROOP. All Scouts of the 1st Sherbrooke Troop are requested to be present at a special meeting in St. Peter's Church Hall tomorrow evening at 7:30 o'clock.

PARENTS' NIGHT ENJOYED. The Fourth Troop held a parents' night, to which the parents and friends of the boys and the members of the Mothers' Auxiliary were invited.

The meeting was called to order by Gerry Cathcart, followed by Flag Break by Norman Phelps and prayer by Fred Sinclair.

The Scoutmaster then took the inspection, followed by games of checker hunt and blow ball, under Gerry Cathcart and the Scoutmaster.

# MANY PATRONS AT KNOWLTON RUMMAGE SALE

### Large Crowd Braved Cold Autumn Wind to Attend Auction and Rummage Sale Staged by Sir John Fisher Chapter, I.O.D.E.

Knowlton, Oct. 26. — Despite a cold fall rain, a large crowd gathered for the auction and rummage sale which the Sir John Fisher Chapter, I.O.D.E., held in the Carmi McLaughlin store. An immense collection of all sorts of useful articles was on sale, including livestock, vegetables, plants, clothing and furniture.

A very pretty hand-made quilt was given by Mrs. Sarah Williams, while tickets were sold on a purchased Ayrshire calf donated by Mr. James McKee. The lucky winner was Mrs. Denis Taylor.

The articles of clothing found ready buyers during the afternoon and in the evening. Mr. W. D. Soles, as auctioneer, used all his persuasive powers to sell the remaining stock at good prices, but at a late hour there was still a great many things to sell, and it was decided to continue the sale on Monday, when the entire collection was sold out.

The Chapter is grateful to Mr. McLaughlin for the use of his store; to Mr. Soles, who so ably filled the difficult role of auctioneer; to Mr. George Dryburgh, who acted as clerk, and to all who gave to the sale. The proceeds were well over \$150.

### MANY STUDENTS ATTENDED MEET IN WATERLOO

The District of Bedford High School track and field meet scheduled to be held at Waterloo on Saturday, October 17th, was postponed until Monday, October 19th, due to inclement weather. A half-holiday was proclaimed at the Knowlton High School, and the principal, Mr. Moore, with a good crowd of students and their friends, journeyed to Waterloo. A fine afternoon of sport was enjoyed, with Granby winning with sixty-two points, Waterloo, Cowansville, Bedford and Knowlton following.

Wesley Mitchell and Samuel Strange were point winners for Knowlton, and their achievements here have prompted the students to be ambitious for a higher standing next year. A very appetizing supper was served in the Anglican Church Hall after the meet.

### LOCAL Y.P.B. WERE GUESTS OF SUTTON

Thirty-three members of the Knowlton Y.P.B., with their leaders, drove to Sutton on Friday evening, October 16th, and were guests of the Sutton Society in the United Church hall. Very interesting addresses were given by Rev. Mr. Mallalieu, Rev. E. D. Mitchell and Rev. Mr. Ross.

Following a musical programme, games were played and social hour enjoyed, after which refreshments were served.

## This Safe, External Treatment Helps END A COLD Quicker

### The 3-Minute VapoRub Massage

Massage VapoRub briskly on the throat, chest and back (between and below the shoulder blades). Then spread it thick over the chest and cover with warm cloth.

Almost before you finish rubbing, VapoRub starts to bring relief two ways at once—two direct ways:

1. Through the Skin. VapoRub acts direct through the skin like a poultice or plaster.

2. Medicated Vapors. At the same time, its medicated vapors, released by body heat, are breathed in for hours—about 18 times a minute—direct to the irritated air-passages. This combined poultice-and-vapor action loosens phlegm—relieves irritation—helps break congestion.

During the night, VapoRub keeps right on working. Often, by morning the worst of the cold is over.

Avoids Risk of Stomach Upsets. This safe, external treatment cannot possibly upset the stomach, as constant internal "dosing" is so apt to do. It can be used freely, as often as needed, even on the youngest child.

Mother! Look in your VapoRub package for full details of Vicks Plan—a practical home guide to greater freedom from colds. In clinic tests among 17,331 people, this Plan cut sickness from colds more than half! Follow Vicks Plan for Better Control of Colds

# What's BLACK and WHITE and read all over?

Childhood's singsong conundrum contains a crystal grain of truth. For the answer, you remember, is "a newspaper."

There may have been a time when this was only half true — when the advertising pages of a newspaper were glanced at hastily, if at all. But times have changed.

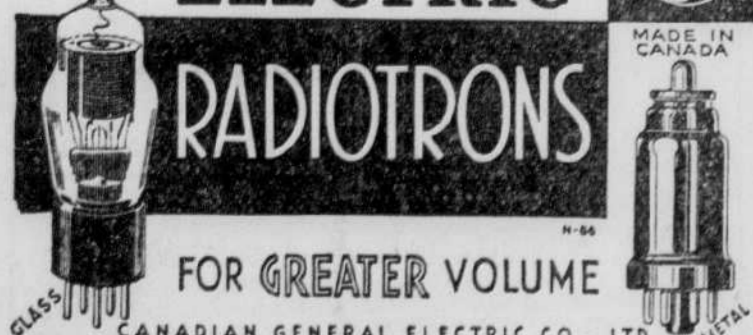

Modern readers realize that current advertising is as newsworthy as Page One. Announcements of new foods, fashions, furniture are as interesting to the average family as stories of elections, sports, speeches.

Quite aside from their up-to-the-minute news, advertisements are a convenience. They keep you informed. They tell you where you may get what you want, and how much you need to pay.

For all the news—read the advertisements.

## CONSTIPATION\* MAY LOWER RESISTANCE TO GERMS

### Can Be Corrected by Natural Laxative Food

Common constipation is due largely to insufficient "bulk" in meals. It is a condition that should never be treated casually.

Long neglected, it may contribute to a general run-down condition. Your body lacks the strength it needs to fight off infection. You are much more likely to pick up a serious illness.

Guard against common constipation.\* Make sure the meals you eat contain plenty of "bulk." Kellogg's ALL-BRAN is a generous source of effective "bulk."

Within the body, the "bulk" in ALL-BRAN absorbs moisture, forms a soft mass, and gently cleanses the system. This delicious cereal also furnishes vitamin B and contains iron.

Two tablespoons daily, with milk or cream, are usually sufficient. Stubborn cases may require ALL-BRAN oftener. If not relieved this way, consult your doctor.

Serve ALL-BRAN in some form each day, either as a cereal, or cooked into muffins, breads, etc. Eat it regularly for regular habits.

Guaranteed by the Kellogg Company. Sold by all grocers. Made by Kellogg in London, Ontario.

DEATHS REPORTED

MRS. ELIZABETH SAMPLE, LEARNED PLAIN

Learned Plain, Oct. 26. — The funeral of Mrs. Elizabeth Sample, who passed away at the home of her daughter, Mrs. E. J. G. Rowe, North, Vt., on September 24th, 1936, was held on Thursday, September 27th, and was largely attended by sorrowing relatives and friends. Prayers were said at the late residence by Rev. J. C. Tanner, after which the cortege wended its way to Christ's Church, Island Brook, where a very comforting service was conducted by Rev. A. J. Vibert. The choir sang "Abide with Me," "On the Resurrection Morning," and "Blest Be the Tie that Binds." The remains were laid to rest in Island Brook cemetery beside those of her husband, who predeceased her on June 27th, 1912. The bearers, all grandsons of deceased were, Oral Sample Raymond Sample, Billy Dawson and Roland Meredith. Quantities of beautiful floral tributes were sent from friends, including numerous friends. Elizabeth Wilson was born in Frampton, Que., on January 22nd, 1859, daughter of George Wilson and Eleanor Sweeney, and was married to Andrew Sample, of Cranbourne, Que., on August 28th, 1883, to whom she bore six children, namely: Ruby Ida, Mrs. A. Dawson, Lakeland, Que.; Elsa Violet, Mrs. J. A. Young, Island Pond, Vt.; John Henry, Cookshire; George Wilson, Lennoxville; (Myrtle Rebecca), Mrs. D. T. Meredith, Cookshire; and (Gertrude Mary Eleanor), Mrs. E. J. G. Rowe, North, Vt., all whom survive her and were at her bedside when she passed away. She also leaves one brother, George Wilson, Lancaster, N. H.; three sisters, Mrs. Hugh Wilson, Cookshire; Mrs. Margaret Wilson, Miss Catherine Wilson, Cranbourne, and a number of grandchildren and great-grandchildren.

MR. A. J. E. FARLEY, WARDEN

Warden, October 26.—On Thursday, October 8, Mr. A. J. E. Farley passed away here in the home where he had always lived, and in the room where he was born, on June 24, 1853. The funeral of the late Mr. William Farley, for many years a prosperous miller here, he succeeded to his father's business which he followed until his death. In fact it was in the "old red mill" that he was stricken with an illness which continued for nearly three months. He was a retiring though not unfriendly personality, he preferred a quiet life, but was well read and, retaining what he read, was an interesting conversationalist. The funeral was held at his home on Saturday, October 10th, Rev. Norman Egerton, of Waterloo, officiating. The bearers were Messrs. F. B. Swett, L. F. Delorme, M. A. Kennedy and F. H. Bowker. He leaves to mourn his loss his sisters, Mrs. A. P. Marston and Mrs. J. S. Richardson, of Warden, and Mrs. H. Boileau, of San Francisco, and their families. Those from a distance attending the funeral were Mrs. H. Rice, Mrs. James Barr and Mr. and Mrs. H. H. Allen and sons, of Montreal.

MRS. SUSANNA YALE, DANVILLE, QUE.

Danville, Oct. 26.—On September 28th, the death of Mrs. Susanna Yale, widow of Aretus B. Yale, occurred at the home of her son, Edward P. Yale, after a fortnight's illness from pneumonia followed by a paralytic stroke. The daughter of the late Charles Matthews and his wife, Lydia Albina Bickford, she was born September 27, 1844, and was the eldest of nine children, and in her childhood was brought up by Mr. Henry Matthews, of Northampton, Mass., and three sisters, Elcina, Mrs. George H. Hannum, of Worcester, Mass., Harriet, Mrs. George P. Allen, and Miss Cora Matthews, both of Brookline, Mass. When a young woman, she deceased became the second wife of Mr. Aretus Yale, and cared for his three sons and also reared six children of their own, and in after years brought up two grandsons, which made eleven children, to whom she gave a mother's care. Mr. Yale's death occurred forty-nine years ago. She is survived by four children, Mr. Edward Yale, and Cora, Mrs. B. E. Webb, of Danville, Edna, Mrs. Charles F. Chase, of Manchester, N.H., and Mr. George E. Yale, of Calgary, Alta., all whom were assisted by her two daughters, Mrs. Webb and Mrs. Chase, and daughter-in-law, Mrs. Cyrus Yale. The deceased was a faithful Christian and for many years a member of the Adventist Church. The funeral was held on September 30th, from the home of her son, and conducted by the Adventist pastor, Rev. W. Merton Snow, assisted by Rev. Mr. Spruce, Presbyterian

OTTAWA, MCGILL, WESTERN UPSET GRIDIRON DOPE

Roughriders Smacked Hamilton Tigers, Redmen Conquered Varsity and Mustangs Downed Queen's in Week-End of Unexpected Form Reversals.

Smacked helter-skelter in a mid-season revival of downright crony treatment, eastern Canadian football favorites—not one of them unbeaten—dragged one weary foot slowly after another today in a spectacle that was painful and embarrassing to the experts.

There may be life in these once-robust gridiron conquerors after what occurred on Saturday, but you would scarcely recognize it today. Only the Sarnia Imperials, scoring a routine twenty-nine to three over the Hamilton Cubs in the Ontario Rugby Football Union, escaped the scourge that beset favorites.

The Hamilton Tigers, meek and mild in the face of a demoralizing Ottawa attack, bowed to the Roughriders by twenty-one to nothing. The Montreal Indians, still a futile force in the clutch before the steady Toronto Argonauts. The results left all four Interprovincial Union teams retaining play-off chances.

Bill Storen's Western Mustangs, fast developing into the hardest-hitting team in the intercollegiate Union, whipped Queen's by ten to three in Kingston and the Redmen of McGill contributed a far more surprising turnover by beating University of Toronto by eight to three at Montreal.

When the four-sided uprising was over for the day, such young players as Charlie Lorraine and Cam MacArthur, of McGill; Claude Sheik, Doug Shales and Claude Moore, of Western; Andy Tommy, Tommy Daley and Joe Zelicovitz, of Ottawa; Bobby Coulter, of the Argos, and Mike Hedgewick and Arnie McWaters, of Sarnia, stood out as stars.

Lorraine plunged through after a Varsity kick had been blocked and fell on the loose ball on Toronto's four-yard line. Captain MacArthur sliced through a gap on the first play for the game's lone touchdown. Letting a desperate convert, to give the Redmen a six to two advantage at half-time. McGill had opened the scoring in the first quarter when MacArthur punted to the deadline and Varsity had gone ahead by the odd point in three when the Montrealers scored a safety on a misplayed quarter before MacArthur scored his major tally.

MacArthur hoisted a rouse for the lone third-quarter point and Bob Jobster punted a rouse in the final fifteen minutes to conclude the scoring. In the final minutes the game, Varsity staged a desperate drive and brought the pigskin to McGill's four-yard line. The Redmen threw the Blues back three times without yielding an inch, and recovered the ball on the third down, to hand Varsity its first setback in three years.

Side stock Western backfield led his team to victory by scoring the Mustangs' first nine points. He kicked a placement, scored a touchdown and then converted, while Shales added the tenth point in the last quarter. The setback dimmed Queen's hopes of a third straight senior college championship, and placed the Mustangs in a tie with Varsity at the top of the standing. The Kingston squad, riddled by injuries, put up a game but futile battle against the speedy, smooth-working visitors. They rallied in the last chapter, carrying play to London's one-yard marker with one down to go, but an extension went wrong and Western stopped the play ten yards out and were given possession. In the third quarter Queen's showed something of an offensive for the first time during the game, kicking play to Western's twenty-yard strip. From there Ed Barnabe kicked a field goal for his team's only points.

A placement kick by Tiny Herman in the second quarter, coupled with a touchdown, a convert and two rouses gave Ottawa a half-time lead with all the game in the third quarter the Roughriders nailed another touch on a Hamilton fumble and sent their point total to twenty-one with a major score in the final canto. Tommy and Daley burst away for temporary gains through the broken field the former in Ottawa's first touchdown when he gathered in one of "Huck" Welch's spirals on his own forty-yard marker, started for the right and then cut back as he crossed midfield. Tommy was travelling at top speed at the Hamilton forty-yard strip when he flipped the ball to Zelicovitz and the latter romped the rest of the seventy yards for a touch. Tommy and Zelicovitz were responsible for the other Ottawa touches.

The old Varsity combination of Coulter and Connolly used the lateral pass with deadly effect and they spun off many a good gain around the ends against the Indians. Twice the slippery Coulter broke away for twenty-three-yard runbacks when it counted. The Montreal squad led by two to nothing at the end of the first quarter but was behind by five to three at half-time. The Scullers added a single point in the third period and outscored their visitors by six to one in the final frame. Failure to take advantage of opportunities played a prominent role in Montreal's third reverse in four games.

The two greatest rugby coaches in western Canada have known road toward a second play-off game with the Winnipeg, national champions, leading the Regina Roughriders by five points.

The Riders smothered the Pegas under a diversified attack. Regina to outplay the champions in every department except punting, but they lost by seven to four because of a touchdown fumble and a Winnipeg defence that refused to crumble.

The Pegas add two points to their total score in the series to be concluded here next Saturday because they led Regina by that margin in the western conference. The series score is nine to four.

Probably the Regina-Winnipeg winner will meet the Calgary Bronks in the western final at Calgary. The Bronks won the Alberta title at home on Saturday by defeating the University of Alberta by eighteen to seven in a game from which four regular Bronks were missing due to injuries.

PITT PANTHERS BURIED NOTRE DAME'S DREAMS

For Sixth Straight Season of Post-Rockne Era, Fighting Irish Dream of National Football Recognition Lays Buried in Debris of Humiliating Defeat by Pittsburgh.

South Bend, Ind., Oct. 26.—It has been five years since Knute Rockne crashed his death on the Kansas prairie, but at no time, perhaps, has Notre Dame missed the great football master as it did today.

For the sixth successive season of the post-Rockne era, the fighting Irish dream of national football recognition, a goal the immortal strategist crossed so often, lay buried in the debris of a humiliating twenty-six to nothing defeat by Pittsburgh.

The crushing defeat, most decisive setback suffered by the Irish since Army whipped them by twenty-seven to nothing in 1925, unquestionably reduced Notre Dame's once proud football spirit to an all-time low. And you cannot blame Rockne for feeling downhearted.

During Rockne's thirteen-year command of the South Bend gridiron stalwarts, Notre Dame won 105 games, lost twelve and tied five. Under "Hunk" Anderson, who led the team three seasons, and Elmer Layden, in his third season as coach, the Irish have lost in less than six seasons than Rockne's eleven dropped in thirteen.

What's wrong with Notre Dame? The answer can be found in three reasons: 1. The loss of Rockne and his amazing personality.

2. The football consciousness of other universities, large and small, who no longer sit idly by and watch stars in their territory pack their grip sacks and catch the first train for South Bend.

3. Stiffer scholastic requirements at Notre Dame.

Of the three answers, Rockne's loss unquestionably is the biggest. While the Panthers were routing Notre Dame, six other major United States football teams were wiped off the undefeated list and Minnesota's Gophers, turning loose the tie that binds, won their first consecutive victory. Upset by Duquesne in shocking fashion a week ago, the Panthers whipped Notre Dame before a crowd of 70,000 to put themselves back in the running for a possible Rose Bowl nomination.

Meaningful 50,000 watched Minnesota roll over Purdue, previously unbeaten, with a tricky lateral-passing offensive which produced a thirty-three to nothing triumph. The Boiler-makers put up a great fight in the first half, but bowed to Minnesota's superior reserve strength.

Joining Notre Dame and Purdue in the beaten list for the first time were St. Mary's of California, Michigan State, Duke, North Carolina and Catholic University.

St. Mary's lost a gruelling seven to six decision to Fordham's Rams after piling up a six to nothing margin with two field goals; Michigan State suffered a thirteen to seven setback at the hands of Marquette; Duke, which had looked like one of the nation's finest, bowed to Tennessee's fighting Volunteers by fifteen to thirteen in a spectacular engagement at Knoxville, while North Carolina was no match for Tulane's undefeated green wave and surrendered by twenty-one to seven.

Holy Cross, Villanova, Army, Yale and Georgetown remained in the undefeated class, although the last name was tied at seven-all by New York University. Holy Cross struck once after being held in their own territory for three periods and beat Carnegie Tech by seven to nothing; Villanova whipped Boston University by twenty-five to seven; the Cadets made a thirty-three to nothing conquest of Springfield, and Yale finished on the long end of a twenty-eight to nothing contest against Rutgers.

In the Midwest, Northwestern kept its undefeated record intact by trampling Illinois to the tune of thirteen to two as Michigan upset a favored Columbia eleven by thirteen to nothing and Ohio State knocked off Indiana by seven to nothing.

Washington, Washington State and Southern California remained unbeaten in the Pacific Coast Conference race, Washington downing California by thirteen to nothing; Washington State nosing out Oregon by three to nothing, and Southern California doubling the score on Stanford by recording a fourteen to seven win.

GRANBY PROVED EASY PREY TO LOCAL BOWLERS

Four Sherbrooke Quintettes Defeated Granby Opponents by Margin of 1,743 Pins in Friendly Inter-City Series Here Saturday Night.

The second inter-city bowling series of the season to date was staged here Saturday night when four Granby teams travelled to Sherbrooke and were decisively defeated by four local quintettes. With Sherbrooke's representatives, both male and female, in better-than-ordinary form, Granby went down to defeat by no less than 1,743 pins in the four encounters. Local lady trundlers contributed 966 pins to this margin and the men alleys supplied the remaining 777 pins.

The record for a ladies' team pinfall went by the boards when the aggregation led by Yvette Drapeau posted a spectacular aggregate of 1,817 to rout their Granby opponents by 611. Miss Drapeau was the high-scorer in this engagement with a single-string total of 171 and a three-string score of 438—the only lady to better the 400-mark during the evening.

The other local ladies team boasted of the holder of the highest single-string mark, Juliette Loubier, who started her evening's activities with a total of 175. This Sherbrooke quintette emerged with 355 pins to spare, Miss Loubier, also heading the three-string column with a mark of 377.

In the two ladies' fixtures, no Granby lady could break the 300-mark for three strings, while there were only four players who bettered the century in a single string.

Henry Klein's boys added 433 pins to the Sherbrooke margin when they hung up a team total of 1,937 as against the 1,504 for Granby. The Kayserites were paced by Herve Courchesne and Alex Maguire, the former with a high single-string total of 171 and Maguire, lead-off man, with a three-string aggregate of 453.

The contest between Fashion Craft and Granby proved the closest on the programme. The visitors, after putting up a strong battle in the initial string, were outclassed in the other two tilts and finished 344 pins behind the Sherbrookers. Arm and Bourguignon was the star of this encounter, his single-string score of 190 and his triple aggregate of 503 being the best of the evening.

The respective final pinfall totals were: Sherbrooke 7,431 and Granby 5,688, leaving the homesters an advantage of 1,743 pins.

The four teams in the Paton Bowling League maintained their respective positions in the standing today following Saturday afternoon's contests. The pace-setting Finishers retained their two-string lead over the field by scoring a two to one decision over the Inspecting quintette, while the second-place Warring aggregation increased their margin over third position to four

LOYOLA SCORED 55-POINT WIN OVER BISHOP'S

Montreal Collegians Recorded Fifth Straight Triumph by Routing Lennoxville Students Saturday Afternoon — Brennan Scored Four of Loyola's Nine Touchdowns.

Montreal, Oct. 26.—Loyola College continued to run roughshod over its Intermediate Intercollegiate Football Union opposition Saturday afternoon when the Temecue Trojans whipped Bishop's University decisively to run its string of consecutive victories to five.

After getting away to a whirlwind start by converting the Lennoxville kick-off into the first of nine converted touchdowns, the local collegians piled up an impressive total of fifty-five points and kept their opposition scoreless.

Paul Brennan led the touchdown parade with four major tallies, and Jack Shaughnessy was credited with two five-point scores. The other three touches were shared by Ben Hammond, George Moore and Ernie Tyler. Walter Morley kicked seven of the nine consecutive converts, while Long and Tyler contributed the other three singles.

Brennan scooped up the Bishop's kick-off and beat all invading tacklers to go over for a major score in forty-five seconds. Long converted his effort from placement. A driving Loyola line carried play deep into Lennoxville territory and Long booted to Knox behind the Bishop's line for a single. First quarter scoring was brought to a close as Ben Hammond broke through the visitors' front rank for five points. Tyler added a convert to make the score thirteen to nothing.

The second quarter was virtually scoreless, Loyola only managing to add a touch and convert to its total when Paul Brennan climaxed a long down-field drive with a plunge through centre that went for a touch. Morley's placement was good for the extra point.

Brennan seemed out to create a new individual scoring record, plunging across for another major score early in the third quarter. Morley's convert again sailed between the posts. The maroon shirts began to unleash their forward pass attack and Phil Shaughnessy added a long one to George Moore, the latter going across the Lennoxville line standing up. Another fumble produced the lead to the next touch, Brennan plunging through after Moore had carried Shaughnessy's pass to the two-yard line. Morley's convert brought the count to thirty-seven to nothing.

Three more major scores were added in the final quarter, Jack Shaughnessy being credited with two and the other going to Ernie Tyler. Morley converted all three efforts.

The teams were: Loyola, f. wing Bishop; Tyler, half Bennett; Long, half McMahon; J. Shaughnessy, half Lyster; Brennan, half Knox; P. Shaughnessy, quarter Hibbard; McNally, inside Frederic; Sheridan, inside Perkins; Clein, inside Carter; Verdichio, middle Greenwood; Hammond, middle Carmichael; Lorrain, outside Rogers; LeBar, outside Codere; Loyola subs: Tingle, Moore, Keown, Morley, Pare, Villejo, Senne; Bishop's subs: Patterson, Willis, McLean, Norris, Morrison, Pharo and Atzak.

STANSTEAD WON FRESHMEN AND FIRST GAME OF TITLE DEFENCE

Homesters Took Advantage of Sherbrooke High School Fumbles to Produce Eight to One Win in Opening Game of E. T. High School Rugby League Schedule.

Stanstead, Oct. 26.—Stanstead College's 1936 gridiron aggregation—with only two of last year's regulars on the starting line—in triumph defended the defence of its Eastern Townships High School Rugby League championship by downing the Sherbrooke High School to the tune of eight to one.

The game was a Sherbrooke fumble produced the lone touchdown of the game; a long kick-off was responsible for a rouse, and a bad snap resulted in a safety touch for Stanstead's eight points. A recovered fumble behind the Stanstead line went for a rouse and saved the visitors from shutout.

The engagement was played under ideal weather conditions on a field which was in fine shape. The homesters had somewhat the better of the play but costly fumbles lost them several good chances to score, misplays resulting in loss of the ball on third downs on no less than five occasions.

Both teams were victims of hasty whistle-blowing by the officials. Poops of Stanstead tackled a Sherbrooke runner heavily after gaining considerable ground on running back a kick. The ball bounced out of the carrier's hands and was scooped up by Kelley, who ran twenty-five yards for what appeared to be a touchdown. Belief that the carrier had held the ball when tackled caused the referee to halt the proceedings and which was in fine shape.

Midway through the first quarter Abbott punted over the Sherbrooke line and followed down under his kick to fall on the fumbled ball and give Stanstead the five-point lead they held at half-time. The visitors attempted a field goal which missed the posts and Millet ran the ball out of danger, while Abbott raced from behind the goal lines when Sherbrooke tried to enter the scoring column with a rouse.

Sherbrooke recovered a Stanstead fumble on the local twenty-yard line during the second chapter but a penalty hampered their progress. As the intermission neared the visitors made yards three times, once by means of a forward pass, and the kick over the line was fumbled by Millet. The Stanstead receiver recovered, however, and was roused for Sherbrooke's lone marker.

Abbott's kick-off at the beginning of the third quarter raised the Stanstead point total to seven when Cotton roused the Sherbrooke receiver, while later in the same stanza a bad snap sailed over the visiting kicker's head and Cotton grounded him for a safety touch.

Perkins had a chance to add five points to the home squad's total toward the end of the game but a forward pass slipped through his fingers as he was crossing the Sherbrooke line.

The line-ups were: Sherbrooke: Stanstead quarter Bradley; Millet half Hardy; Abbott half Fuller; Mackay half Heath; Mullins half Bean; Gordon snap Carter; Jobin inside LeHuray; Waterman inside Potter; Boright middle Willis; Peat middle Savard; Perkins end Leach; Kelley end Sisco; Stanstead subs: Sisco, Austin, Cotton and Cooper. Sherbrooke subs: Jackson, Raci-

ATHLETICS WON OVER GRADS IN CLOSE CONTEST

Percy Kraushaar Capitalized on Quebec Fumble to Give Sherbrooke Boys a Six to Three Decision Over Grads Saturday Afternoon.

Quebec, Oct. 26.—Opportunity knocked only once during the Sherbrooke Athletics-Quebec Grads rugby fixture here Saturday afternoon—but the visitors were ready. As a result of capitalizing on the "break," the Athletics finished ahead by six to three and moved in to a contending position for the Quebec Rugby Football Union championship.

The homesters were out in front until the third quarter and it looked as though they were about to duplicate the feat of their inter-city rivals, the Grantes, who blanked the Athletics by five to nothing in the Eastern Townships city two weeks ago. The visitors continued to stage a plucky battle and were rewarded when a fumble occurred with play deep in local territory.

A faulty pass-out saw the ball evade a Quebec half. The pigskin bounced away and in the duel which resulted Percy Kraushaar gained possession of the loose oval. A few steps and Kraushaar was over the Quebec goal line for the five points which swung the verdict in Sherbrooke's favor.

The home team came from behind to triumph yesterday. The Montrealers scored three times in the initial frame, but the homesters rallied to tally twice in the second stanza, square the count in the third chapter and sew up the decision with a five-run outburst in the fifth canto.

The score by innings was: R. H. E. Police ... 300 100 200—5 12 2; Farnham ... 021 051 106—10 15 2; Batteries: Lariviere, Leblanc and Gohier; Braddock, Baker and Bouchard.

No sooner had the little family talk on economy ended than the postman arrived. "That's another bill," said father. "Just as we have decided to put something aside for a rainy day." "Well, that's all right, dear," replied mother. "This is the account for my raincoat."

The line-ups and individual scorers were: Grads—A. Watton 10, S. Ball 13, D. Watton 4, A. Stocks 4, G. Pettigrew and J. Mutchler, Total 31. Seniors—N. Munkittrick 4, C. Stocks, L. Varney 2, G. Taylor 2, C. Standish 2, and W. Jowett 17. Total 22.

Three of the thirteen points the Freshmen scored in the first half of their encounter with the Sophomores proved the final margin of victory. The Fresh outpointed their rivals by thirteen to ten prior to the rest interval, and both teams registered eight points in the second half.

Nick Vlahakis, of the Sophomores, led the point-getters with four field baskets, while Trevor Stevens, of the Freshmen, occupied the runner-up berth in the scoring column with six points.

The line-ups and individual point-getters were: Freshmen—S. Lathrop 4, T. Stevens 6, H. Gray 4, B. Jowett 3, F. Cooper and D. Cooch 4, Total 21. Sophomores—W. Cooch 4, D. Reid, 2, N. Vlahakis 8, J. Lowe, A. Bryce and C. Whitley 4, Total 18. Bill Peak handled both fixtures with D. Whitley as umpire and D. Barfield as timekeeper.

LENOXVILLE HIGH SCHOOL DOWNED ST. LAMBERT Montreal, Oct. 26.—The Lennoxville High School gridiron aggregation today counted its fifth victory in six starts as a result of an eleven to six triumph over the St. Lambert High School here on Saturday. The friendly contest, played on a mud-covered field, saw the visitors come from behind to score the deciding touchdown in the final quarter.

Early in the initial stanza Fred Byrne surprised the Saints by intercepting a pass on his own fifteen-yard line and galloping the entire length of the gridiron for a major tally. The homesters rallied and led by a single point at half-time as the result of a touchdown and a rouse.

Late in the last quarter, Lennoxville's star line plunger, Les Ray, crossed the St. Lambert goal line for the five points that gave his team a four-point margin, and Bud Lane added the extra point with a forward pass to Doug Glass.

ANOTHER CALL FOR HELP FROM CRIPPLED SHIP

American Shipper, Carrying Twenty-Two Passengers and Cargo of Whisky, Wallowing Helplessly in High Seas Near Sicken Head Off Irish Coast.

Dublin, Oct. 26.—Crippled and buffeted by heavy weather in the Irish Sea, the American merchant liner American Shipper today appealed for more help after two tugboats failed to take the disabled vessel in tow.

The office of Lloyds Ltd., in Liverpool, relayed a message from the distressed ship saying, "Two Dublin tugs made fast at 6 a.m., but have not power to handle the vessel. The American Shipper, which she had lost her rudder and was wallowing helplessly in high seas near Wicklow Head, off the Irish Coast.

The Gus Alexandria and Brocklehurst were to start from the Mersey River at one p.m., (8 a.m., E.S.T.) to tow the ship to Liverpool.

The ship left Liverpool Saturday on route to New York and called at Belfast yesterday.

Rheumatism in Feet Relieved Here is a story of a young man who had almost given up hope of taking part in active sports with his fellows again. He tells how he tried one remedy after another and how finally a former sufferer put him on the way to a recovery.

"Two years ago I started with pains in the feet which gradually got worse. I tried 'everything' under the sun but to no effect. Whilst waiting for treatment one evening another patient advised me to try Kruschen Salts. That was twelve months ago; the relief was not sudden, but the pain and swelling gradually left my feet, and in six months I amused my friends by taking long walks into the country. This year I have played a good deal of tennis, a thing which I had been to think I should never do again."—C. W.

Rheumatic pain and swelling is frequently caused by excess uric acid accumulating in the body. Kruschen contains two ingredients which are notable for their work in dissolving uric acid deposits. Other ingredients in Kruschen assist the internal organs to expel this dissolved acid from the system.
