

SHERBROOKERS VISIT THETFORD MINES.

Board of Trade Excursion Included City's Representative Business Men—Inspected Great Mining Camp and Thriving "Asbestos City."

Many of Sherbrooke's leading business men, who yesterday knew but little of the thriving mining town of Thetford Mines, are to-day filled with amazement at the wonderful asbestos city that has grown up beside them, at the untold wealth that lies almost at their door, and at the up-to-date manner in which asbestos is handled from the time it is taken from Mother Earth until it is ready for shipment in all its forms.

In addition to affording an excep-

tionally pleasant outing, the first excursion of the Sherbrooke Board of Trade was the means of bringing very strongly to the minds of citizens of Sherbrooke the wonderful wealth of the Eastern Townships.

DR. EUGENE LACERTE, Mayor of Thetford Mines.

At 11:30 sharp yesterday morning, nearly ninety of Sherbrooke's business men boarded a special Q. C. R. train and started for Thetford Mines. The day was an ideal one. The travellers were in excellent spirits. Everything pointed to the enjoyable trip which was realized. Lunch was served on the train. The service was all that could be desired, the menu par excellence. The wonder of it was that the supply was able to hold

its own against the ravages of attacking parties.

WELCOMED AT THETFORD MINES

After a pleasant and uneventful trip Thetford Mines was reached. At the station the invaders were met by Mayor Lacerte, Mr. Wm. Smith, manager of the Bell Mine, and other prominent men. Lined up in front of the station were a dozen or more cabs. Into these comfortable rigs the visitors were placed and led by Dr. Lacerte, who was accompanied by Mr. E. W. Farwell, president of the Board of Trade, and Mr. J. E. Poirer, vice-president, the tour of inspection began.

Leaving the station the visitors were driven through Thetford Mines West. Turning back, they went through Johnson and St. Maurice streets to the Jacobs Asbestos Mining Company's plant. This big concern was in full blast. Leaving the Jacobs property, the leaders went by Notre Dame street, passing the well-known King Cash Store, the E. T. Bank, Quebec Bank, and the site of the new Bank of Montreal building. AN ELEGANT BUILDING.

The party made a short visit to the magnificent St. Alphonse Church. This church furnished the first surprise of the day. Many in Sherbrooke will hardly believe that it is larger than any church in Sherbrooke. The visitors left the cabs and went through the building. Magnificently decorated and lighted, the interior of the Church was most beautiful.

St. Alphonse Church was built six years ago at a total cost of over \$120,000. It has a seating capacity of 2,000.

SIGHTSEEING TRIP CONTINUED.

Leaving the church, the Sherbrooke visitors were taken on a long trip through town. Over Dumais, Cartier and other streets. Back through Bellevue Park to the Eastern Townships Bank, where a short stop was made. The watchmen about the bank made it impossible for the marauders to pilfer anything.

Leaving the bank, the party went back to the station, where they left the cabs and went to the Bell Asbestos Mill. In the course of the driving trip the Mayor was able to show the visitors the extensive road building.

BOY DROWNED AT IRON HILL.

Harry Miltimore Found Dead In 15 Inches of Water.

SUPPOSED TO HAVE BEEN RECOVERED UNCONSCIOUS BY FALL.

Brome, June 8.—(Special)—Harry Miltimore, the six-year-old son of Major and Mrs. Miltimore, of Iron Hill, was accidentally drowned yesterday afternoon.

He was last seen at play on the banks of a small brook which passes nearby their home.

The boy was found about 4 o'clock lying in fifteen inches of water.

The supposition is that he must have struck some obstacle which rendered him unconscious when he fell into the water.

Much sympathy is expressed for the family.

LIQUIDATING ESTATE IN WHITE MATTER.

Creditors in Both Furniture and Stock Business Will be Joined.

JOHN J. GRIFFITH APPOINTED CURATOR—HEARING OF CASE DOWN FOR TO-MORROW MAY BE ADJOURNED.

Mr. John J. Griffith has been appointed curator of the insolvent estate of F. W. White, and a meeting of the creditors has been called for the 14th of June. The creditors in connection with the furniture business and that of the brokerage business will be joined together in one common cause.

The claims of the various creditors are being filed with the curator.

It is learned that in some instances there is a difference between the parties as to the amounts claimed. Some clients who have filed claims in the stock end of the business, it is said, have drawn considerable profits on amounts placed with the firm for investment.

Claims relative to the brokerage business, it is reported, aggregate about \$60,000.

These may or may not be reduced in the final statement of liabilities.

The largest claim filed is that of J. N. Cushing, of Cookshire, for \$21,000. This is said to represent amounts paid for stock but for which Cushing had not yet received certificates.

The case on complaint of Dr. Moffatt is down for preliminary hearing to-morrow.

MANY DEAD IN MEXICO CITY.

Sixty-Three Reported Killed and Many Injured by Earthquake.

MORE THAN HALF DEAD ACCOUNTED FOR ARE SOLDIERS.

Mexico City, Mex., June 8.—Sixty-three were killed, seventy-five wounded and property worth \$100,000 was wrecked yesterday by an earthquake shock which shook the Mexican capital and injected a note of tragedy into what was to be a day of pure rejoicing over the arrival of Francisco I. Madero, jr.

When the work of searching the ruins is completed it is possible that the list of dead will be increased somewhat, as hiding here and there throughout the city there are doubtless many wounded, who, with traditional fear of the authorities and government hospitals, are anxious to evade discovery.

More than half the dead accounted for were soldiers. They were caught beneath the falling walls of the artillery barracks in San Cosma, near the Mexican Central station.

Another place where the earthquake took its toll of death in considerable numbers was at the city power plant of the street car company. There six persons were killed and six wounded.

With these two exceptions, the death list was made up of single cases, or, in a few instances, of two and three persons caught beneath falling walls in unsubstantial buildings.

Although the shock was plainly felt in all parts of the city, few realized the magnitude of the catastrophe until later in the forenoon, because the casualties were confined to a comparatively small area.

As a result of the earthquake, the inhabitants were slow to realize that this was the most serious shock the capital has suffered in a score of years.

With the exception of one Chinese killed, no foreigners were injured.

SPREAD BALLOT WITHOUT RESULT.

Anglican Synod Could Not Elect a Coadjutor Bishop.

CHOICE IS BETWEEN BISHOP FARRAR AND REV. DEAN WILLIAMS.

Quebec, June 8.—After balloting the entire day and evening, the Anglican Synod adjourned shortly after 11:30 p. m. without having come to a choice of a coadjutor Bishop. After the 14th ballot had been taken, the clergy, who were divided in the choice between Bishop Farrar, the present assistant bishop, and Dean Williams, principal of the school at the college, Windsor, asked for a conference of the clerical house, and on their return requested another ballot. When the 15th ballot was taken it revealed the fact that the division was not removed, there being 23 votes for Bishop Farrar, 23 for Dean Williams and 4 for Principal Powell, whose vote had fallen off. There was, however, no quorum of the laity and the Synod had to adjourn.

Bishop Farrar during the afternoon gained ground with the laity and in the latest ballots had sufficient majority to elect him.

The Synod will meet again to-day and proceed with the election if there is a quorum.

YOUNG BURGLAR AT RICHMOND.

Walter F. Bolter Stole Guns and Revolvers.

WILL APPEAR BEFORE JUDGE MULVENA THIS AFTERNOON.

Walter F. Bolter, a boy about thirteen years of age, is in Sherbrooke jail and will have to answer to a serious charge this afternoon before Judge Mulvena.

It is stated that he stole two watches and other articles from his father's house. After leaving home he broke into two other places in Richmond, from one of which he took two guns and two revolvers.

It was learned that he had gone to Sherbrooke in a box car and the authorities here were notified to be on the lookout for him. He left the train, however, at Windsor Mills. He was finally arrested and brought to Sherbrooke.

ANNUAL CHURCH PARADE.

Involved in the 8,000 members now in the Presbyterian Church.

This year it was to the Presbyterian Church. Rev. Mr. Miller preached a very appropriate sermon of God's call to man to lead the ideal life.

FAMILIES HOMELESS.

Fire at Capelton Destroys House Occupied by Two Tenants.

THE TWO TENANTS LOST NEARLY ALL THEIR FURNITURE AND BELONGINGS.

Capelton, June 8.—(Special)—This little town was thrown into an unusual state of excitement yesterday, when it was known that one of the houses at the Albert Mine was on fire. The fire had gained such a headway before it was discovered that it was impossible to save the building and the fire-fighters turned their attention to trying to save the other houses which were nearby and in this they were successful.

A particularly sad feature of the fire was that the two families who occupied the house lost nearly everything, one of them having only arrived here from England within a few weeks and for whom much sympathy is felt.

It was a most fortunate thing that it was the last house in the row, and that the wind was blowing in the direction it did, otherwise the whole village would have been wiped out.

HOUSE BURNED AT FULFORD.

Portion of Furniture in Mr. Fessenden's Dwelling Saved.

LOSS WILL BE HEAVY, AS THERE WAS NO INSURANCE ON BUILDING.

Fulford, June 8.—(Special)—Island Cottage, the home of Mr. L. E. Fessenden, was completely destroyed by fire yesterday. The fire was first discovered about a quarter past ten, and had then secured a good hold.

Assistance was rendered by neighbors, and a considerable portion of the furniture was saved, but the building was burned to the ground.

The loss is a heavy one, as no insurance was carried.

Mr. Fessenden intends to rebuild again on the same lot in the near future.

COLORS WILL BE PRESENTED TO-MORROW.

Nelson Chapter to Sherbrooke High School Cadets.

PUBLIC INVITED TO THE PARADE GROUND AT 3:30 TO-MORROW AFTERNOON.

An interesting ceremony will take place on the Parade Ground to-morrow afternoon, at 3:30 o'clock, when Nelson Chapter, Children of the Empire, will present the colors to the Sherbrooke High School Cadet Corps.

There is a prescribed ceremony for such presentations, and the public are cordially invited to attend.

The cadets will, it is expected, be out in full force to receive the beautiful gift of Nelson Chapter.

There should be a large attendance on the Parade Ground at 3:30 to-morrow, Friday, afternoon.

OLDEST RESIDENT OF COOKSHIRE DEAD.

Mr. F. Plaisance Passed Away After a Short Illness.

WAS 83 YEARS OF AGE, 62 OF WHICH WAS SPENT IN COOKSHIRE.

Cookshire, June 8.—(Special)—The oldest resident of this place in the person of Mr. F. Plaisance, passed away yesterday afternoon at his residence. Last Saturday afternoon he was stricken with a shock from which he never rallied.

The late Mr. Plaisance was 83 years of age, 62 of which he spent in this place, having come from L'Ange-de-la-Croix many years ago. He leaves three sons and one daughter.

The funeral will take place to-morrow from his late residence at 10:30 a. m.

TWO BOYS DROWNED.

Prince Albert, Sask., June 8.—H. Winters, aged 16 years, son of Geo. Winters, and Thor Helgeson, 15 years of age, were drowned in a slough on the hill just behind Prince Albert's residential district. The two boys, in company with Wilford Helgeson and Norman Winters, went to the homes in the city after school was out and secured permission to go swimming. In the slough there is an old boat, and, when pushing it into the center of the body of water, the boys got beyond their depth and sank before help could reach them. The bodies were recovered.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS.

BOUGHT FARM PROPERTY.

Lake Megantic, June 8.—(Special)—Mr. E. Huard has sold the old J. C. McDonald farm on Ness Hill to Mr. Aug. Duquette. The price was \$3,500.

BOY BREAKS A LEG.

Fulford, June 8.—(Special)—James E. Booth, the youngest son of Mr. H. Booth, has his leg broken below the knee yesterday. Dr. Vaillancourt of Waterloo was called and reduced the fracture.

GOOD PRICE FOR COW.

Scottown, June 8.—(Special)—Mr. Orion Mayhew, of Canterbury, recently sold a pure bred Holstein cow to Mr. A. C. Harvey, of Lake Megantic. This cow gives an average of 62 lbs. of milk a day. The price paid Mr. Mayhew for the cow was \$100.

DRAGOONS PREPARING FOR CAMP.

Stanbridge East, June 8.—(Special)—"D" Squadron, 13th Scottish Light Dragoons are making preparations to leave for their training camp at Farnham on Monday next. Their commander, Major W. H. Russell has been busy receiving names and issuing uniforms.

NEW TRAIN OUT OF SUTTON TO DRUMMONDVILLE.

Sutton, June 8.—(Special)—A new way freight from Sutton to Drummondville was put on the C. P. Railway commencing operations on June 5th. The train leaves here every morning at 7:30 making the round trip each day. Engineer P. Murphy and Conductor Miller are in charge of this new train.

ENTRANCE EXAMINATIONS AT KNOWLTON.

Knowlton, June 8.—(Special)—The entrance examinations to the Academy will start on Monday next at 2 o'clock and will continue throughout the week. The pupils from the district schools who intend entering the Academy in the fall are supposed to take these examinations in order that the inconvenience of classing them when they enter will be done away with. These examinations are made out by the principal, Mr. C. N. Crutchfield, and will not only be of help to him but also to the pupils.

PASS RESOLUTION OF CONDOLENCE.

Coteauville, June 8.—(Special)—At the session of the municipal council just held the following resolution was passed: Moved by Alderman Genereau, seconded by Alderman Paize, viz.: "That the council has learned with deep sorrow of the recent death of Mr. Thomas Turner Shurtleff in May last, Mr. Shurtleff being one of the oldest citizens of this town, having devoted himself for several years to its progress, having filled with

zeal and honor the office of councillor and mayor for several terms, his death is a real loss to the town. And this council desires to place on record its appreciation for the good services rendered by this gentleman and to offer to his faithful and bereaved widow its sincere sympathy."

REAL ESTATE DEALS.

Sutton, June 8.—(Special)—Mr. H. J. Ingalls has sold his farm of some 200 acres on Sutton Mountain to his son, Mr. Geo. H. Ingalls, of Abercorn, for a price said to be around \$3,000. The farm has two sugar orchards with some 2,500 trees in use each sugar season. Mr. Ingalls leaves the old farm and will move into the house formerly owned and occupied by his late mother, Mrs. Geo. Ingalls. He bought this house and one acre of land from his brother, Burton Ingalls, for \$700. Mr. Ingalls found the work of looking after the big farm too much for him, and more particularly as he travels a good part of each year selling seeds and nursery stock. His residence in the village will give him a free hand to look after his other lines of work.

MARRIAGES.

BALL—MILLARD.

Coteauville, June 8.—(Special)—On Monday of this week Mr. Frederick Ball, of Hillhurst, was united in marriage to Miss Jane Millard, of Lennoxville, the ceremony having taken place at the Baptist Church here and performed by the pastor, Rev. D. W. Terry.

LEMIRE—LEBEL.

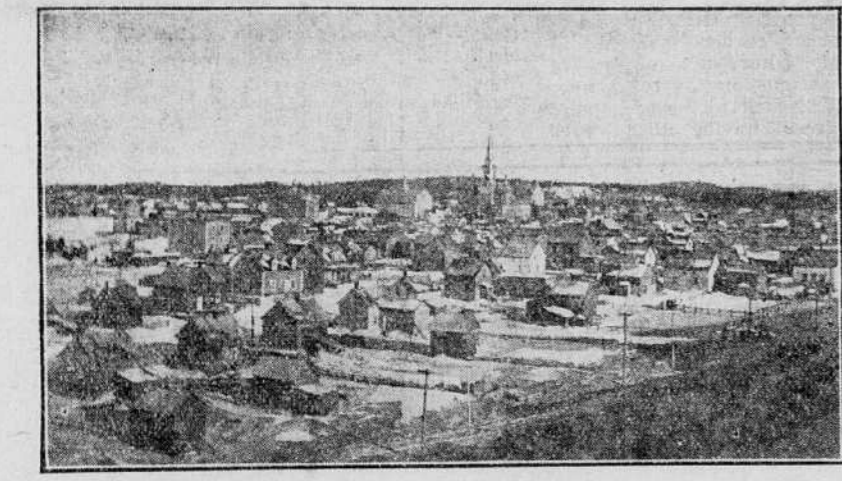

La Patrie, June 8.—(Special)—Yesterday morning Mr. Arthur Lemire, of this town, was united in the bonds of holy matrimony with Miss Alida Lebel, daughter of Mrs. Lebel, also of this town. The ceremony was performed in the Roman Catholic Church, Father Gariepy officiating. A wedding breakfast was served at the home of the bride. Mr. and Mrs. Lemire will visit friends in Emberton after which they will return here and take up housekeeping in their nice new home which has lately been prepared for them.

ARMITAGE—LONG.

A charming June wedding took place at 10:30 o'clock last evening at the residence of Mr. and Mrs. Thos. Long, of Portland Avenue, when their youngest daughter, Miss Florence Belle Long, was married to Mr. J. Russell Armitage, son of Mr. and Mrs. Richard Armitage, East Sherbrooke.

Only relatives and a few intimate friends were present, but as both families are widely connected the wedding party was quite a large one. The house was beautifully decorated.

BECOMES ARMY CAPTAIN'S BRIDE.

Boston, Mass., June 8.—(Special)—The marriage took place to-day of Miss Isabel Poland Rankin, daughter of Mrs. Henry Otis Cushman, of this city, and granddaughter of the late United States Senator Luke P. Poland of Vermont, and Captain Homer Blaikie Grant.

MADE PERILOUS FLIGHT.

Aldershot, June 8.—Captain F. S. Cody, during the course of an exhibition flight in a huge aeroplane this evening in the presence of the King, created apprehension to the spectators by a perilous manoeuvre. He swooped down at a terrific speed close to the ground and passed His Majesty within 25 feet.

NO DISPLAY OF FIREWORKS FOR CORONATION.

Montreal, June 8.—The city will spend no money on public rejoicings in celebration of the King's Coronation. The reception committee first proposed to spend \$5,500. The controllers cut the grant to \$2,000 for fireworks. The committee declined to have anything further to do with the project and returned the money to the controllers, who called for tenders for the supply of \$2,000 worth of fireworks. Monday the Board resolved to reduce the expenditure to \$1,500. Yesterday Ald. L. A. Lapointe interviewed the Controllers and afterwards announced that there would not be any fireworks. "Better do nothing at all than do something in a stingy manner," was the significant comment.

BEST CROP OUTLOOK IN YEARS.

Ottawa, June 8.—W. J. White, Inspector of Immigration Agencies, in the United States, wires the Minister of the Interior that the crops outlook in the Canadian West is the best for years. He has seen spring wheat measuring fourteen inches and fall wheat thirty. He has been south and north of Regina, and to Saskatoon and Edmonton. Land agents are doing a great business, and as a result of the year's crops values will increase ten to fifteen per cent.

LARGEST VESSEL AFLOAT.

London, June 8.—The first keel plate of the future mammoth Cunard liner Aquitania was laid at Brown's yard, Clydebank, near Glasgow, Monday. So far, the dimensions of this steamer have not been officially given out, but it is understood she will be Britain's largest boat.

MURDER TRIAL ATTRACTS ATTENTION.

Rockville, Md., June 8.—(Special)—In the Circuit Court here next Monday, Richard W. Allnutt will be placed on trial for the alleged murder of his sister, Mrs. Valeria A. Veirs. He is also charged with having murderously assaulted his eighty-year-old mother, Mrs. Margaret Allnutt, and Miss Jane Rawlings, at the same time. Much interest is evinced in the case in view of the extreme atrocity of the deeds of which the young man is accused, and the prominence of the family to which he belongs.

CHERRIES FREE TO ALL CORNERS.

San Leandro, Cal., June 8.—(Special)—Thousands of boxes of luscious cherries are ready for free distribution to all visitors to the annual San Leandro cherry carnival, which is to open to-morrow and continue over Saturday. In addition to the giving away of the fruit there will be numerous other features to attract visitors and it is expected the attractive breaking crowd will be on hand during the two days' festivities. An illumination of the city and a grand ball will usher in the carnival to-morrow night. The king and queen of the carnival will be crowned Saturday morning and the remainder of the day and evening will be given over to floral parades and Mardi Gras revels.

CARRIED TWO MILES ON PILOT.

Martinsburg, W. Va., June 8.—While Ray Van Meter, a Berkeley county farmer, was driving across the Baltimore and Ohio tracks his buggy was hit by a train and the horse killed. The buggy, with Van Meter in it, was picked up on the tracks and carried two miles. Van Meter in the meantime crawled along the foot-board into the cab, and informed Engineer Keyser of the accident, demanding that the train be stopped.

THE SEAMEN'S STRIKE.

London, June 8.—The officials of the Sailors' Union persist in their statement that a strike is imminent and that preparations for this are complete. Signs of activity in the dock districts are absent, however, although placards posted everywhere enjoin the seamen to await the signal. Other unions closely connected with the maritime trades have not as yet received intimation of the sailors' intentions.

MAYOR OF ROME CHEERED.

Rome, June 8.—Canon Paolucci, Mayor of Goriano Abruzzi, who was enthusiastically cheered for taking part on Sunday in the dedication of the monument to King Victor Emmanuel II. yesterday attended the garden party given by the King in honor of the 8,000 members now in Rome. Paolucci is the first ecclesiastic to attend an official ceremony at the Quirinal, which up to 1870 was the Apostolic Palace.

SCOTSTOWN.

Arrivals and departures include: Mr. and Mrs. E. Roberge, Mr. and Mrs. Joseph Bernier, Mr. and Mrs. W. R. Crowl, from Chesham, on their way to Rimford, Me., Mr. R. C. Stewart from St. Johns, Miss Flossie Sherman from Montreal, home for a few days' vacation; Mrs. A. A. McAulay from Gould, visiting her parents on Osborn street; Rev. E. McQueen from Gould, on his way to Ottawa to attend the General Assembly of the Presbyterian Church. Mr. Henry Taylor from Sawyerville. (Occasional Correspondent)

At a recent meeting of Victoria Council No. 21 it was decided that all members not taking part in the programme at next meeting should pay a fine. As a result the members engaged a liberal amount of ice cream.

On the King's birthday the Royal Templars had a patriotic programme. The hall was beautifully decorated with about 40 flags, large and small Union Jacks and Canadian pictures of the King and Queen, plants and cut flowers. A beautiful bouquet of lilies of the valley and white Royal George pansy geraniums given by Mrs. Allan Scelling was afterwards distributed among the members. The programme consisted of a description of the flag and other patriotic readings in prose and poetry. The songs were first "God Save the King," "The Red, White and Blue," "O Canada," and "The Maple Leaf Forever."

The monthly meeting of the Women's Missionary Society was held on Tuesday, June 6th, at Mrs. R. Murray's. The lesson for the day was the "Women of China," leader, Mrs. A. G. Sherman. It was decided to have a missionary tea and lawn social on Friday evening of this week at Mrs. A. G. Sherman's. Arrangements were made for the semi-annual collection of mite boxes.

The Rev. W. T. Mackenzie has gone to Ottawa to attend the General Assembly of the Presbyterian Church.

Rev. G. W. Mingle, Secretary of the Lord's Day Alliance, will occupy the pulpit in the Presbyterian church next Sunday morning and evening, also at Gould Station in the afternoon.

COATICOOK.

Rev. A. Stevens and Mr. E. N. Robinson have been attending the Church of England Synod at Quebec this week.

Mr. A. O. Norton was in Richmond on Tuesday to be present at the burial of the remains of his late friend, Mr. George Pierce, whose body had been previously cremated.

Messrs. R. H. Gooley and C. H. Lovell, M.P., were in Montreal this week on business.

Mr. and Mrs. J. L. Allard, Master Raymond and Mr. and Mrs. W. H. Keenan, of Richmond, were in Coaticook and Sawyerville on Sunday, making the trip by auto.

Mr. Thomas Chesley went to the Protestant Hospital at Sherbrooke this week, where he will remain for treatment.

Mr. and Mrs. H. O. Shurtliff arrived in town yesterday from Saranac Lake, where they have spent the last winter. Mr. Shurtliff has made remarkable gain in health during his stay there. When he left Coaticook he weighed only 135 lbs., and now weighs in the vicinity of 180. He will likely spend the summer months here and in the vicinity, but will likely go back to Saranac Lake to spend the coming winter.

Mrs. G. W. Paige and Miss Taylor spent Tuesday in Newport, Vt.

Mrs. E. F. Tompkins and Miss Tompkins went over to their summer cottage at Elmwood Park yesterday.

Mrs. F. H. Armitage arrived home Tuesday evening from a visit to friends in Montreal.

Miss Carrie Armitage left yesterday afternoon for a visit to friends in Richmond.

HUNTINGVILLE.

Subject for Rev. Mr. Adams' sermon Sunday June 11th, "Patriotism and Religion."

Arrivals and departures: Mrs. A. Norcross, of Lennoxville, at Mrs. G. Glenday's this week; Mrs. T. Bozer and little daughter, guests of Mrs. Urwick at Milby last week; Mr. and Mrs. Arthur Farwell, also Mrs. Susan Farwell, of Sand Hill, at Mr. B. W. Ford's recently, also Mrs. A. M. Nichol; Mr. A. Sanders and Miss M. Sanders, of Compton, at Mr. M. Sanders, Mr. J. Mallory at Mr. B. W. Ford's this week.

A very successful play was given in the hall last Friday evening in aid of the Huntingville baseball team. It was well attended and thoroughly enjoyed by all, many coming from a distance.

Last Sunday was observed as Children's Sunday at the Universalist Church here. A very good programme was given.

LAKE MEGANTIC.

Mrs. Arthur Lapointe and two children, from Detroit, Mich., arrived in town on Monday to spend the summer on a visit to her father, Mr. C. Fortier, Main street. Mr. Lapointe is expected to be here in August to take them home again.

Mr. Wm. Chadfield, of Flagstaff, Me., formerly of Megantic, is a visitor in town this week. He states that the recent bush fires in Maine kept him pretty busy for most of the spring, looking after the interests of the Montague Paper Mills Co., of Turner's Falls, Mass., in that part of the state.

Rev. H. S. Fuller left on Tuesday to attend the meeting of Synod at Quebec, and will return before Sunday.

Mr. Allan Melver is building another camp for Mr. C. S. Cook, of Boston, at his place at Arrow Point.

RICHMOND.

Arrivals and departures: Mrs. Neilson and daughter, Miss Lena, of Kingsbury, guests of relatives and friends; Mr. D. Bearden, of Montreal, a few days with Mrs. J. Dearden, College street.

The W.C.T.U. will meet at the home of Mrs. J. Ewing Tuesday afternoon at the usual hour. All members are requested to be present, as business for the convention will be completed.

Miss C. E. Jeffery, of Montreal, who was so seriously injured a few weeks ago by being knocked down by an automobile, has so far recovered as to be able to visit her friends. She is at present staying with Mrs. Mappin, "Inglewood."

Mr. James Boast has completed his contract of hauling logs from Debonson's Mills here to be shipped to Boston.

STANSTEAD.

Mrs. Charles Lawton and granddaughter, Miss Curtis, left on Tuesday for a trip to Boston.

CLAIM FOR DAMAGES WAS REJECTED.

Council of Megantic Will See That Town is Kept Clean.

RECEIPTS AND EXPENDITURES DURING THE PAST FINANCIAL YEAR.

Lake Megantic, June 8.—(Special)—At the bi-monthly meeting of the Town Council after the usual routine business several important items were dealt with.

A claim for Mrs. Ed. McMorris for \$75 for damages sustained by slipping on the sidewalk during the winter was brought forward and discussed and it was decided to let it go to the courts, as there was some doubt as to the town's responsibility in the matter.

The license for a temperance hotel was granted to Mr. Joseph Laroche of the Grand Central Hotel.

The Health Committee were ordered to go round the town on a tour of inspection as to the cleanliness and sanitary condition of yards and surroundings, etc.

The valuations for the present year were appointed to revise the Valuation Roll, the present staff being Messrs. Victor and Louis Bichne, re-appointed, and Mr. A. H. Evans, instead of Mr. N. G. Smith.

The town's receipts and expenditures for the year ending Dec. 31st, 1919, were as follows:

Table with columns: RECEIPTS, EXPENDITURES, and Balance in Bank. Total receipts: \$20,662.68. Total expenditures: \$20,662.68. Balance in Bank: \$3,495.48.

These items were omitted when the assets and liabilities were published.

MEGANTIC CO. HAPPENINGS. CRIMINAL COURT AT THEFORD MINES.

Black Lake Elopement Case Was Dismissed.

JUDGE MULVENA DISPOSED OF SEVERAL IMPORTANT CASES YESTERDAY.

Theftford Mines, June 8.—(Special)—Judge Mulvena held a term of Criminal Court here yesterday, which occupied his attention from ten o'clock in the morning until after six in the evening.

DOCTOR FINED MAXIMUM AMOUNT. Dr. Houde, druggist was charged at the instance of the corporation with the illicit sale of intoxicating liquors. The defendant pleaded not guilty and evidence was heard. There were eight witnesses summoned by the prosecution, most of whom were examined.

The evidence disclosed that several of the witnesses had obtained illegal high wines, brandy, gin and Scotch whiskey without a medical certificate and without sometimes signing their names.

The conclusion of the hearing further proof was made of a previous conviction in January last. The defendant offered no defence, and was fined \$150 and costs of three months in jail, on account of the nature of the evidence, it being the maximum penalty.

SET FIRE TO SLASH. Alfred Blais, farmer of Coleraine, was charged at the instance of Thomas Lapointe, bush ranger, with having set fire to a "slash" or bush.

The defendant pleaded not guilty, and evidence was led. It was shown that the defendant has set the fire in question to clear his land, and it had spread to the forest. This fire had been set contrary to the notices given him.

Although the offence is punishable by two years in the penitentiary, the Court, under the circumstances, merely imposed a fine of \$10 and costs or 30 days in jail.

In the case of the same complainant against Jos. Blais for a similar offence, it was shown that defendant was a son of the other defendant. They worked the property under joint ownership, and it was shown that but one fire had been started, but which had spread in two different directions. The Court, discharging the accused, with a warning to be more careful with the starting of fires in the future.

CHARGE OF ELOPEMENT DISMISSED. Onesime Roy laid a complaint against Jos. Lapointe on a charge of elopement. It appears that the defendant was arrested at Black Lake

MENTAL ACCURACY

Greatly Improved by Leaving Off Coffee

The manager of an extensive creamery in Wis. states that while a regular coffee drinker, he found it injurious to his health and a hindrance to the performance of his business duties.

It impaired his digestion, gave me a distressing sense of fullness in the region of the stomach, causing a most painful and disquieting palpitation of the heart, and what is worse it muddled my mental faculties so as to seriously injure my business efficiency.

"I finally concluded that something would have to be done. I quit the use of coffee, short off, and he didn't make it right at first—he didn't boil it long enough, and I did not find it palatable and quit using it and went back to coffee and to the stomach trouble again.

"Then my wife took the matter in hand, and by following the directions on the box, faithfully, she had me drinking Postum for several days before I knew it.

"When I happened to remark that I was feeling much better that I had for a long time she told me that I had been drinking Postum and that accounted for it. Now we have no coffee on our table.

"My digestion has been restored, and with this improvement has come relief from the oppressive sense of fullness and palpitation of the heart, and I need to bother me so. I note such a gain in mental strength and acuteness that I can attend to my office work with ease and pleasure and without making the mistakes that were so annoying to me while I was using coffee.

"Postum is the greatest table drink of the times, in my humble estimation. Name given by Canadian Postum Co., Windsor, Ontario.

RRR RADWAY'S READY RELIEF FOR LA GRIPP. Saturate thick flannel with the Relief, and apply as a bandage to the throat. Give the pills to carry over to the bowels and alter the condition of the system. This disease requires prompt treatment. Take half a teaspoonful of Relief in a tumbler of hot water, sweetened, if you like, and four to six of Radway's Pills. In fifteen minutes you will perspire freely. Go to bed, and in the morning you will be cured. Beel tea diet, if the disease is obstinate.

while about to elope to Sherbrooke with complainant's wife. The charge was that of alluring away a woman under the age of 21 years against the will of her father and mother or any person having charge of her.

After hearing the evidence the Court dismissed the complaint, holding that the section of the law under which the complaint was made did not apply, but to unmarried women under the age of 21 years.

It developed that the parties interested are very young. The complainant is only 18 years of age, while the defendant is 17 1/2 years of age. The woman in the case is a little over 16 years, and was married three and a half years ago.

ASSAULT ON CHIEF OF POLICE. Six complaints were laid by Chief of Police Rousseau against O. Aubin, other and his four sons, Alp. Aubin, S. Aubin, Jos. Aubin and A. Aubin, and J. B. Montigny, charging them with assault causing bodily harm.

The parties were brought before the Court with the exception of Alp. Aubin, who disappeared and has not yet been arrested. The story of the assault was told in yesterday's Record.

The defendants asked for a preliminary hearing to be followed by a jury trial at Arthabaska. The six charges were united and the evidence heard.

After three witnesses had been examined the Court found the evidence sufficient to send them to trial, and the prisoners will be removed to Arthabaska today.

TO IMPROVE MEGANTIC CO. ROADS

TROLLEY LINE PROSPECT-GOVERNMENT MAY AID IN GOOD ROAD WORK IN COUNTY.

Theftford Mines, June 8.—(Special)—The company organized some time ago with the object of bringing about the construction of a trolley line from Broughton to D'Israeli, is earnestly at work on its project. Efforts are being made to interest capitalists and it is confidently expected that before very long a trolley line will be built. The first line would likely be between Theftford and Black Lake.

This would be extended in both directions to Broughton on the north, and D'Israeli to the south.

The idea would be to eventually extend to Leeds and Inverness. The company, also, looks forward to the time when there will be trolley connections between the asbestos city and Sherbrooke.

There is a big population in this region now and it is felt an enterprise such as that outlined could be made a financial success.

GOOD ROADS MOVEMENT. The good roads movement in this district is, also, extending and will not stop with the road improvement undertaken by the municipality of Theftford Mines.

It is understood that the enterprising citizens are moving to interest the Quebec authorities in a good roads movement which if successful, will mean fine macadamized highways between Theftford Mines, Leeds, Inverness and other points.

It is understood that representatives of the Quebec Government will shortly visit this section in this connection.

INVERNESS.

Arrivals and departures include: Miss Elizabeth McKenzie, from Montreal to spend the summer with her mother, Miss MacCawford, of Montreal, the guest of her sister, Mrs. W. Johnston; Miss Bessie Brouard, home from Sawyerville where she has been spending a few days with her sister, Mrs. Hodges; Mrs. St. Pierre, guest of Misses George; Mr. Jas. McKelvie, for nobody dare ask where; Mr. and Mrs. McCammon, for Leeds, where they are the guests of her parents, Mr. and Mrs. John Whyte.

Mr. Jas. A. Wallace and family left for the Yukon on Monday and, while we know he is bettering his position, it is hard to part with one who for upwards of fifty years has been so closely identified with the community. They leave behind a host of friends who all join in wishing them prosperity in their new home.

The many friends of Mr. G. D. McCammon are pleased to welcome him back among us for a few days after severe illness.

Mr. John McCammon purchased a very fine horse from Mr. R. Leith, and Mr. J. W. Mooney sold another prize mare at Somerset. The prices put round the house which adds very in advance of last year's.

Mr. Jas. Wallace's auction was very largely attended and good prices were realized.

A movement is being made to erect a cheese factory in the village and all the equipment for it has arrived but it seems impossible to get carpenters to work on it.

Mrs. Dewy has had a new verandah put on the house which adds very much to its appearance.

Mr. McCammon received a large shipment of flower and vegetable plants from Slack Bros. of Waterloo, and they have very much improved the lawns and gardens in our village.

Great preparations are being made by Roman Catholics for the Confirmation of their children next Tuesday.

Mr. Geo. Mooney spent Wednesday in Leeds and Kinross's Mills on business.

A crowd of our young men under the direction of Dr. Bennett turned out and fixed up the tennis court which was in a very bad shape and left it looking like new.

Mr. Wincheste, Edwards is not improving as fast as his many friends would like.

We are pleased to welcome Mr. and Mrs. Dave Ross from Lake Megantic to spend the summer here with Mrs. Win. Ross.

CRANBERRY. Arrivals and departures include: Mr. Robert Stather from Montreal, where he spent the winter, to his farm where he will spend the summer at his farm and sometimes at his camp; Mr. Herbert Williams from England, to visit his brother, Mr. Willie Gaffney; Mr. John Geave, from

Black Lake with Mr. F. Seeley; Mr. Shaw, from Black Lake, with Mr. Stather; Mr. E. E. Donaghy, from St. Johnsbury to visit his parental home, also called on his aunt, Mrs. H. Simons and Mr. and Mrs. D. A. Simons, in Theftford.

Departures include: Miss Mabel King, to Theftford to spend a week with her sister, Mrs. D. A. Simons; Mrs. Robert Nugent and son, Grant, to Theftford on Monday; Mrs. Henry Simon; is spending a couple of weeks with her son in Theftford; Mrs. R.H. Furdon, to her home in Eastman, after visiting her daughter, Mrs. C. R. Donaghy; the Misses Eva and Bea Porter, to Theftford after spending the week-end at their parental home; Mr. Lacy Wood and Mr. Frank Amador, to Theftford for the week-end.

Mr. David Poudrier and Mr. James Amador are busy taking the census which will take about two weeks.

LEMESURER.

Mr. William Gullen has gone on a visit to Lancaster, N.H., to visit his friends.

Mr. and Mrs. O. Nutbrown have gone to Sherbrooke to see their little grand-daughter, Helen H. Nutbrown, daughter of Mr. W. J. Nutbrown, who is seriously ill with paralysis.

Mr. James C. Cruickshanks is around now taking the census.

The news has reached here that Mr. Arthur Goff's dwelling house and contents was burned to the ground on Tuesday about one o'clock in the morning.

RECTORY HILL.

Arrivals and departures: The Misses Rothera, of Leeds, a few days at the Pensionage; Mr. and Mrs. Sam Gless, to North Hatley and Compton, on a visit to friends; Rev. Mr. and Mrs. Dickson, the week-end in Quebec; Master Lloyd Robinson, to Montreal for a few weeks; Mr. Robert Leith, to Cooris, to visit his brother for a few days.

RUPLE ASSOCIATION MEETING.

The Conroy Rifle Association held its first match for the silver plate on Saturday. Bad light pulled down the scores especially at the two hundred yard range. Mr. Jean Mosher, the winner of the plate last year, and who therefore is not able to secure a competitor this year scored the highest number of points, making 77 out of 100. Mr. Ed. Clark is first on the score for the plate with 168 points and closely followed by Frank Austin with 65, while Capt. C. H. George and John Ledbeater are tied for third place with 61.

BICYCLE BY-LAW AT INVERNESS.

At the regular meeting of the Council of Inverness Village at which there was present Mayor J. W. Mooney and Councillors the following by-law was passed, namely, a by-law prohibiting bicycle riding on the sidewalks and it was also resolved to ask Mrs. Poisson to refrain from selling on Sundays. The good road question was also

brought up and it was decided to wait until further reports on the cost of the work could be procured.

ODDEWILLOWS PROPOSE ANNUAL PICNIC.

A movement is being made by the Oddfellows of the county to have an annual picnic at a time and date to be decided on by a committee of three from each lodge. Inverness Lodge has named Bro. Dr. S. J. Bennett, Bro. G. H. Thompson and Bro. J. H. Mooney as committee.

POSITIVE RESULTS
In the Treatment of Diseases by Electricity.
Scrophulous Enlargements, Glands, etc., Gout, Tuberculous Glands, Swollen Joints, etc. HAVE POSITIVELY BEEN CURED since the opening of the Electric Institute. Many cases, now in course of treatment, are doing remarkably well.
It is THE RULE that cases are not taken in unless they are believed to have a fair chance of recovery.
The process of passing medicine through the tissues by the aid of electricity, is a wonderful one. In fact, medicine applied on any part of the body will go through the tissues and can be found immediately after in the bladder. Moreover, if the wrong pole has been connected with certain drugs having more affinity for the other pole, the consequence is that it will decompose and gather around the same pole, instead of going through the tissues where they were intended to have gone in the first place. Any medicine applied in the proper manner must evidently do its good work more directly and more quickly than by usual methods.

STUDENTS ENJOY HOLIDAY.
The Senior Science Class of St. Charles Seminary, some twenty in number, enjoyed a very delightful excursion yesterday afternoon, leaving the seminary at one o'clock for a visit to the different power stations in and about the city. The students, who are all advanced in the study of electricity, were accompanied by Rev. Abbe Bois, science master, in place of Rev. P. A. Begin, who is in Europe, and Rev. A. Maltais.

The expedition was made by automobiles, the cars being kindly furnished by Dr. Ledoux, Dr. Noel, Mr. J. E. Poutre, Messrs. Camirand and Desjardineaux, Messrs. W. F. Laugel and Beaulac, of the Tribune, and Mr. T. Tremblay, city engineer, were also of the party, and the drive about the city and to Rock Forest was a great treat. The power houses of the Street Railway and the Electric Light Station and the Drop-Off Power House were visited and thoroughly inspected, nothing escaping the trained eyes of the young science men, who were most courteously received and shown about by the officials in charge. The party returned to the Seminary at six o'clock, having spent a pleasant and profitable afternoon. The thanks of the students are due to Mayor Cate, who granted the permit for the inspection.

and the splinters of his buggy be removed from the pilot. When this had been accomplished Van Meter sarcastically asked whether he would be arrested for stealing a ride. He was but slightly injured.

EARL GREY BROKE SPEED LIMIT.
Toronto, June 8.—Albert Henry George Grey, familiarly known as the Governor-General of Canada, while on his last visit to Toronto was anxious to view the proposed site of the new Government House here. He was riding in Sir Wm. Mackenzie's automobile, driven by Mrs. Beardmore, daughter of Sir William. He had only half an hour to get to the place and back, and he was in a hurry. So the car sped at 30 miles an hour. Constable Masser caught the time. Result: Police court summons against Sir William Mackenzie. The case was adjourned for a week.

LEPROSY MAY BE CONVEYED BY FLEAS AND RATS.
Melbourne, June 8.—That rats and fleas may be the means of conveying leprosy to human beings is the contention of Dr. Bull, bacteriologist, who has made this the subject of many experiments. He has found rats at Melbourne suffering from this dread disease, and believes that several people have been thus infected. Further inquiry is to be made to ascertain whether the disease can be transmitted to man through the agency of these rodents.

NOMINATIONS IN NOVA SCOTIA.
Halifax, N.S., June 8.—This was legal nomination day in the Nova Scotia provincial general elections, and for the first time in many years full tickets were nominated by both sides throughout the province. A labor candidate is also nominated in Halifax. Public meetings were held in connection with the nominations in most counties. Beautiful weather favored the proceedings and large numbers of people attended the meetings in all cases.

DR. ARMSTRONG STRICKEN
Montreal, June 8.—A dramatic incident marred the very opening of the Convention of the Canadian Medical Association yesterday morning, when just as Dr. George E. Armstrong, the new president, was being inducted into the chair he was seized with sudden illness and was so severely affected that he had to be at once removed to his home. This occurred at the general opening session, and the striking manner in which the new president was attacked made a deep impression upon the assembly.

SLOCUM COMPANY ASSIGNS
Toronto, June 8.—By an assignment for benefit of creditors made to-day by the Dr. T. A. Slocum Limited, makers of "Pynchine" and other remedies, another chapter is added to a sensational history which began when Louis S. Levee, Chairman of the Board of Education and President of the Slocum Company, was charged with using his position to influence Toronto school teachers to buy stock. The financial breakdown of the Slocum Company is attributed by its president to the unfavorable publicity which he and the company have received.

decorated with flowers. The banisters of the stairs were prettily trimmed with crimson pennants and foliage. In the parlor, where the ceremony took place, a large wedding bell of white flowers was suspended. The bride, who was given away by her father, Mr. Thos. Long, looked very sweet and girlish in her becoming gown of white messaline silk, with pearl garniture and lace yoke. The long tulle veil fell from a coronet of orange blossoms and she carried a shower bouquet of white roses and lilies of the valley. Her only ornament was a pearl pendant, the gift of the groom.

The bridesmaid, Miss Myrtle Long, sister of the bride, wore a pretty gown of white paillette silk, trimmed with baby Irish lace and a black mahlair hat with willow plume. Her bouquet was of pink carnations. The best man was Mr. Gordon Armitage, cousin of the groom.

The ceremony was performed by the Rev. W. T. G. Brown, pastor of the Methodist Church, and the Wedding March was played by Miss Nelly Armitage.

At the close of the ceremony congratulations were in order and shortly after the newly-married pair led the way to the dining room, where the table was arranged with the wedding cake in the centre, and decorated with pink and white sweet peas and pink and white ribbons, which fell from the chandelier to the flower vases at the corners, ending in large bows. Mr. and Mrs. Armitage left by the evening B. & M. train for the honeymoon, the bride travelling in a costume of fawn colored cloth, with blouse to correspond and hat of the same shade trimmed with blue wild flowers and folds of velvet. The bride was the recipient of numerous and valuable wedding presents from relatives of the two families and friends in Sherbrooke and elsewhere. The groom presented the bridesmaid and pianist with gold necklets and amethyst pendants, and to the best man he gave a watch fob with initials. On their return from the wedding trip, Mr. and Mrs. Armitage will take up their abode in Sherbrooke.

TO ENLARGE NEW SHERBROOKE.
Contract Let For Another Story.
A MODERN ELECTRIC PASSENGER ELEVATOR WILL ALSO BE INSTALLED.

With a view to keeping abreast with the Greater Sherbrooke movement, Mr. William Wright, proprietor of the New Sherbrooke House, today, signed a contract with the Sherbrooke Construction Co. for the erection of another story to his hotel. The work will be commenced as soon as possible and rushed through so as to have it completed for Exhibition week.

The addition to the hotel will be up-to-date in every particular, all the new ideas used in large hotels be adopted. A modern electrical passenger elevator will be one of the additions to the hotel.

The growing popularity of the Sherbrooke House has made this extension necessary.

On Monday evening at Kent House, Montmorency, Quebec, the members of the Bar of the District of Quebec, gave a banquet in honor of Judge P. X. Lemieux, and Mr. C. E. Dorian on the occasion of the promotion of the former to the Chief Justiceship and the nomination of the latter a judge of the Superior Court. About 50 were present and the banquet was presided over by the Hon. L. A. Taschereau, batonnier of the Bar. The health of the guests of honor was proposed by Mr. Taschereau and responded to in very felicitous terms.

The funeral of the late Napoleon Quevillon, whose death occurred very suddenly at Victoriaville, where he was visiting friends, took place at Coaticook on Monday morning. The Rev. Abbe Seguin sang the requiem mass, while the musical portion of

the service was rendered by the choir. The survivors were Messrs. E. Blain, L. H. Heureux, O. Bureau, Edward Du. Rocher, H. Lajoie, and J. Robichaud. The Catholic Foresters attended in a body. The late Mr. Quevillon was only 23 years of age. He leaves to mourn his loss, his mother, two brothers, Cyrille and Willie Quevillon, and two sisters, Misses Delia and Blanche Quevillon. The interment took place in the Roman Catholic Cemetery.

A very pretty wedding took place at the home of Mr. and Mrs. John Autie, 28 Farend street, Montreal, when their youngest daughter, Miss Cora Autie was married to Mr. W.D. Phelan of Sherbrooke. The ceremony was performed by the Rev. Wm. Timberlake. The bride, who was given away by her father, wore a white embroidered gown and carried a bouquet of roses and lilies of the valley. Miss L. Way, her cousin, who acted as bridesmaid, wore white serge and carried a bouquet of pink carnations. The groom was supported by Mr. James Autie, the bride's brother. A reception was held after the ceremony and Mr. and Mrs. Phelan left for a trip to Toronto, Buffalo and Detroit. On their return they will reside in Sherbrooke. The groom's gift to the bride was a gold watch and to the bridesmaid, a signet ring. To the best man he presented a pearl crescent stick pin. The presents were numerous and beautiful.

NE TEMERE DECREE WAS DISCUSSED.

Montreal General Conference Passes Resolution on Subject.

WILL ASK FEDERAL GOVERNMENT TO PASS LEGISLATION GIVING UNIFORM RIGHTS.

Montreal, June 8.—The resolution of the special committee on the Ne Temere Decree, appointed by the Montreal Methodist Conference, to the effect that the special committee of the General Conference should ask the Dominion Government to pass legislation that would make the law uniform throughout Canada with regard to mixed marriages, was passed yesterday unanimously. Much difference of opinion was expressed as to the exact rights of ministers in Quebec under this law during the debate on the resolution.

The Rev. B. W. Thompson, secretary, read the resolution, moving its adoption, and seconded by Rev. Dr. Ryckman, of Kingston.

The report of the committee was as follows: "Your committee met and appointed Dr. Ryckman chairman and the Rev. B. W. Thompson secretary. Memorials were received, against Montreal, Montreal South, Brockville, Ottawa and Waterloo districts, and after consideration of the same your committee reports:

"That, inasmuch as the Legislatures of the provinces of Canada have authorized and empowered ministers of religion, certified as such by the religious bodies to which they belong, to solemnize matrimony between parties who have met the legal requirements demanded of those who would enter into the marriage relation, the Montreal Conference raises its protest, first, on behalf of those, who having been baptized into the Roman Catholic Church are still claimed as being under its authority, and, secondly, on behalf of our fellow-citizens who are members of the Roman Communion itself, against the exercise of any ecclesiastical authority whatsoever that assumes to interfere with the liberty of Canadian citizens in choosing for themselves by whom, of such authorized persons, the marriage ceremony shall be performed for them, to disrupt families legally constituted, and to declare the issue of such unions to be illegitimate, with all the legal disabilities that follow legitimacy. This Conference calls upon the special committee of the General Conference humbly and earnestly to petition the Government of the Dominion to preserve the liberties of Canadian citizens and British subjects from the decrees of any foreign potentate or power that claims to exercise any authority above that of the law of the land."

"Furthermore, if it be found that any old legal provision still exist which seem to secure to the Roman Catholic Church a civil status and authority not possessed by other churches, this conference moves the General Conference special committee to represent to the Dominion Government that it is the strong opinion of the Methodist Church that such legislation should be enacted as would place all of the subjects of His British Majesty in the Dominion of Canada upon precisely the same ground before the public and before the law of the land in respect of civil and religious freedom."

"Still further in regard to the matter of mixed marriages dealt with by some of the memorials in hand, your committee reports that while it recognizes the numerous evils that arise in most cases of such marriages it cannot recommend any interference with or transgression over the rights of Protestants and Catholics alike to marry whom they please; yet, in its report, your committee submits that it should be made a crime, punishable by law, for a clergyman, as it is for a layman, to enter within the sacred precincts of the family and attempt by his teaching and influence to separate between husband and wife and parents and children."

LAST DRAFT. The following is the last draft of the stationing committee: Quebec District—Marbleton, L. E. Roy vice Benj. Eyre; Thetford Mines, A. E. Matthews vice Geo. W. Runnells.

Stanstead District—Barnston, Wm. Pimlott vice Geo. S. Schagel; Manssonville, Geo. W. Runnells vice R. S. Eagleton.

Waterloo District—Philipsburg, Richard Eagleson vice Henry Mick.

Mrs. George McDougall left yesterday for a few days' visit to Montreal.

SHERBROOKERS VISIT THETFORD MINES.

(Continued from Page 1)

ing work undertaken by the municipality. Roadmaking at Thetford is difficult, but the town authorities are determined to overlook the difficulties and establish good macadam roads on all the principal streets.

INSPECTING THE MILL. Led by Mr. Wm. Smith, Mr. Woolsey, Col. J. J. Penhale and others, the party proceeded to the Bell Mine. In spite of the dust the excursionists were determined to see all there was to be seen, and started the tour of inspection. Each machine was shown and described, and when the sight-seers had reached the end of the mill

the main opening, just in time to see three cars go shooting up loaded with rock. These cars were drawn by means of an electrical cable.

As soon as the train passed the journey to the bottom was continued. When the bottom was reached the visitors found themselves in a big huge, dug into the mountain. Here men were at work surrounded by huge walls of rock, two hundred feet high. The drillers were busily engaged drilling rock. A steam shovel was being used to load the cars. Everything was in a state of activity.

After the rock is broken up into

Q. C. R. STATION, THETFORD MINES.

it was almost a problem to distinguish them from the asbestos itself. With his usual business foresight Mr. G. A. LeBaron prophesied a fortune for a young man who had business ability enough to invest in a dozen or so whisks and charge so much for brushing those who had "gone through the mill."

The machinery in the Bell Mill, as in all other up-to-date asbestos mills, is wonderful in its completeness. Everything is automatic. The asbestos is thus handled from the time it enters the mill until it passes through, with the exception of one point, where the services of a man are required to keep it moving.

For the machinery in the mill electrical power is used.

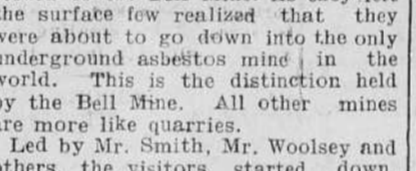

There were many in the party who had never seen asbestos milled before. To these Mr. Smith and his conferees gave every assistance and all the information possible. Samples of the material were carried away by many. One man, who had a handful in his hand as he came out of the mill, exclaimed: "I have a lot in my hand, but even more in my lungs."

CONSIDERABLE DUST. The first thought that comes to a visitor to these mills is how the laborers can stand the dust. In conversation with several of the men it was learned that the asbestos dust was not injurious. Unlike granite dust, it did not affect the health. The men who worked in the mills appeared healthy and strong and none of them wore the dust which completely surrounded them.

To protect their eyes many wore motoring glasses.

A TRIP UNDERGROUND. Leaving the mill, the party proceeded to the Bell Mine. As they left the surface few realized that they were about to go down into the only underground asbestos mine in the world. This is the distinction held by the Bell Mine. All other mines are more like quarries.

Led by Mr. Smith, Mr. Woolsey and others, the visitors started down.

ASBESTOS PIT AT THETFORD MINES.

Owing to the fact that there were not sufficient lights for all, it was necessary to stop very carefully. One could never tell what one step would bring forth. To some it brought a fall, to others a pool of water, and to others a sheet of ice. While not the most beautiful spot in the world, all agreed that it would not be so bad when the thermometer registered 100 in the shade outside. It was certainly no place for the iceman.

Leaving the main channel, the Sherbrookers were taken through some cross cuts. When the spot lights were turned on the walls and roof of rock wide seams of asbestos could be seen. The rock on every side was filled with the valuable material. It would appear that the supply was inexhaustible. In reply to a question as to how deep the asbestos went, Mr. Smith said he would not be surprised if it reached right through to China.

After having walked through different cross cuts, the party returned to

small pieces it is placed in huge boxes. When these boxes are filled they are picked up by a travelling steam shovel and dumped on the cars. When three cars have been loaded they are hauled up through the main channel to the mill and crushed.

After the different kinds of asbestos bearing rock had been described by Mr. Woolsey and Mr. Smith, the party started back to the surface again, exceedingly well pleased with their trip "below."

FAREWELL AT THE STATION. At 5 o'clock the party met at the station for the homeward trip. Mr. E. W. Farwell, voicing the sentiments of all those present, thanked Mayor Lacerte, Mr. Smith and the citizens of Thetford Mines for the most cordial reception they had given them. He said that they would return to Sherbrooke with a better idea of the importance of Thetford Mines. He then called for three cheers for the citizens of Thetford Mines. The appreciation of every man present was voiced in the deafening cheers which resounded.

Mr. Wm. Smith replied on behalf of himself and the citizens, thanking the excursionists for coming to Thetford. They had not done all they would like to have done for the visitors, but they hoped they had been able to make their stay pleasant while in Thetford Mines.

Mr. Farwell then proposed three cheers for Mr. J. H. Walsh, manager of the Quebec Central, who had made the trip possible. The cheers were given with enthusiasm.

THE RETURN TRIP. At 5.30 the train pulled out on the homeward trip. The party had just quieted down when the report spread that the train had struck a handcar. It stopped for a minute or two, and sure enough, the smashed car was there. The men, fortunately, had jumped and were unharmed.

With this little delay the journey was continued, and at 7.30 the train pulled into Sherbrooke. The trip was thoroughly enjoyed, and many expressed the hope that before the summer was over another trip would be held.

FACTS ABOUT THE MINES. Over 1,500 men are employed in the big mines, divided as follows: Bell, 400; King, 600; Beaver, 200; Johnson, 200; Jacobs, 350. The average amount paid at these mines in wages each month is nearly \$80,000.

The Bell is the only underground asbestos mine in the world. The others are more like quarries.

Some mines, including the Bell, have a day and night crew.

In 1904 the population of Thetford Mines was 4,000. This year it is over 7,000.

THOSE WHO ATTENDED. Among those who took in the trip were the following:

E. W. Farwell, J. E. Poutre, J. Nicol, N. Dinning, Thos. Cowan, N. Dinning, R. R. Burrage, A. F. Fraser, T. R. McKenzie, N. D. Cascadden, Dr. G. E. Hyndman, Col. E. B. Worthington, D. J. Steele, J. McNair, J. C. Waterhouse, Isaac Smith, Rev. J. C. Nicholson, Geo. Bradford, Ald. Thompson, Ald. Desaulniers, W. R. Bradley, Dr. F. H. Bradley, M. W. Mitchell, W. D. Hyndman, E. J. Page, G. A. LeBaron, C. H. Fletcher, Thos. Rowell, A. C. Skinner, J. W. McKee, A. L. Parker, B. Root, H. V. Haight, Cyril Danks, Geo. Dick Jr., R. H. Fletcher, H. B. Fletcher, A. R. Virgin, Colin Crawford, J. St. Denis, D. W. Stenson, M. T. Stenson, Norrey Wiggitt, Geo. Johnston, Colin McKechnie, J. P. Royer, A. U. Dorais, L. A. Belanger, N. C. Pilcher, A. Spier, E. L. S. Patterson, N. B. Pritchard, C. O. Palmer, Lon Cathro, J. A. Tate, H. G. Tate, C. E. Bradford, M. Hall, Abbe Codere, J. H. Walsh, T. D. Walsh, J. Farquhar, and others.

ASBESTOS MINES OF THE TOWNSHIPS. Fully eighty per cent. of the world's supply of asbestos comes from the Eastern Townships of Quebec. Few realize the magnitude of this great asset.

Government figures give the world's supply of asbestos in 1908 as follows:

Table with 2 columns: Country, Tons. Canada 60,372, United States 819, Russia 10,540, Cape Colony 770, Cyprus 330, W. Australia 40, Transvaal 25, Rhodesia 120.

Total 73,046. The market value of asbestos has steadily advanced. Back in 1903 "crude" was worth \$105 per ton and mill stock \$21 per ton as compared with \$187 for crude and \$30 for mill stock seven years later.

Mr. Fritz Cirkel, M.E., an authority on asbestos, says: "Much speculation is being manifested at the present time with regard to the depth of asbestos deposits. Excepting in the case of one of the chrome iron ores, where asbestos was encountered at a depth of 400 feet, there is no tangible evidence, in any operating asbestos mine, of the presence of asbestos below a depth of 200 feet. The lowest level so far attained in one of the older quarries. However, from a geological point of view, there is some ground for the belief that asbestos deposits are deep seated, in other words that asbestos may yet be found at considerable depth."

ASBESTOS MINES IN THE TOWNSHIPS. The Eastern Townships asbestos mines may be summarized as follows:

Amalgamated Asbestos Corporation, Ltd., authorized capital \$17,500,000, 8,091 acres in Thetford and Black Lake areas, men employed 1525 and in busy season about 2000. This corporation includes the following well known properties, namely: King Asbestos Mines, Thetford; Be-

Asbestos and Asbestic Company, Ltd., of Asbestos, near Danville, capital, \$2,500,000.

Belmina Consolidated Asbestos

Co., Ltd., Coleraine, capital \$2,600,000, 900 acres.

Robertson and Audette Asbestos Co., Beaudoin, capital \$500,000, 200 acres.

Bell Asbestos Company, Thetford Mines, 125 acres in Thetford, and other properties. Employs about 50 hands.

Berlin Asbestos Company, Robertson, authorized capital \$600,000, 118 acres.

Black Lake Consolidated Asbestos Company, Ltd., capitalization \$4,000,000, comprising Union Asbestos Mines, 110 acres; Southwark mines 117 acres; Imperial Asbestos Company, 158 acres; Black Lake Chrome and Asbestos, 5,000 acres, total 5,380 acres.

Boston Asbestos Company, East Broughton, authorized capital \$300,000, 25 acres.

Broughton Asbestos Fibre Company, East Broughton, capital \$500,000, 35 acres.

D'Israeli Asbestos Co., 275 acres. Eastern Townships Asbestos Company, East Broughton, capital \$240,000, 90 acres.

Frontenac Asbestos Mining Company, capital \$500,000, East Broughton, 130 acres.

Jacobs Asbestos Mining Company, of Thetford, Ltd., authorized capital, \$3,000,000, 128 acres.

Johnson Asbestos Company, Thetford Mines, authorized capital, \$250,000, over 1,000 acres in Thetford and Black Lake; 300 men employed.

Ling Asbestos Company, East Broughton, authorized capital \$200,000, 64 acres.

Robertson Asbestos Company, Robertson, authorized capital \$350,000, 800 acres, 150 men.

Besides the above there are many prospects and doubtless many new and important new mines will yet be opened up.

The present workable asbestos deposits are, as far as exploration work has shown, and, with the exception of the Danville quarries, confined to the great serpentine range which strikes through the townships of Broughton, Thetford and Coleraine.

Leaving some scattered deposits in the townships of Wolfestown and Ireton out of consideration, the total land out of consideration, the total length of this productive serpentine belt is 1523 miles, with a width varying from 100 feet in the extreme easterly part to 6,000 feet in the Black Lake area.

SHERBROOKE VS FRONTIERS.
 WILL PLAY AT DERBY LINE ON SATURDAY.

Sherbrooke and Frontiers will clash on Saturday for the second time this season. When the teams met last time the boys pulled out with a 6 to 1 victory.

The Frontiers are determined to get revenge on Saturday.

It is hoped that the citizens of Three Villages will turn out and give their team the support it deserves.

BASKETBALL AT INVERNESS.
 Inverness, June 8.—(Special)—The ball team are practicing but it does not look as if they are going to be able to arrange a match as none of the teams in the surrounding villages are playing this year and they do not yet feel able to play big teams.

HIGH SCHOOL SPORTS.
 ANNUAL EVENT PASSED OFF SUCCESSFULLY.

The annual sports of the Sherbrooke High School came off on Friday on the Parade Ground very successfully, a large number of interested spectators being present, whose applause was most enthusiastic. An occasional shower made the ground somewhat uncertain, but on the whole the weather was very satisfactory and the various events were keenly contested, the scores being as follows:

Running Broad Jump:—Donald Macfarlane, 17 ft. 4 in; James Wilson, John Hovey.

100 Yards Dash:—James Wilson, 11-15 sec; John Hovey, Donald Macfarlane.

220 Yards:—James Wilson, 25-1-15 sec; John Hovey, Donald Macfarlane.

The individual points are as follows:

Donald Macfarlane 16
 James Wilson 14
 John Hovey 9
 Guy Bryant 9

The judges were: Messrs. E.C. Irvine, W. S. Maguire, D. McIntyre and Russell Tate.

A number of events for the other schools of the city and juniors were also run off.

AMENDMENTS WOULD BE KILLED.

Senate Committee Still Has Reciprocity Bill Before It.

NEGOTIATIONS BETWEEN CANADA AND THE UNITED STATES NOW GOING ON.

Ottawa, June 8.—Reciprocity with the United States in the matter of gold coinage is the latest outcome of negotiations between Ottawa and Washington. Five and ten dollar gold pieces are to be coined at the Ottawa branch of the Royal Mint, of the same weight and fineness as the five and ten dollar gold coins of the United States.

At present American gold coins are legal tender in Canada, and must be accepted in payment of public and private debts. While there is no corresponding provision in the American statute it is understood that an executive order will be issued requiring all sub-treasuries, national banks and other fiscal agencies of the United States Government to receive the Canadian coins at par. This will have the effect of making such coins current without charge for exchange in all parts of the United States, and relieve Canadian visitors of the inconvenience they now suffer from having their Canadian money refused.

FINANCIAL AND MARKET NEWS.

COUNTRY PRODUCE.

EGG MARKET IS STEADY.
 Montreal, June 8.—Receipts of eggs were 2,117 cases, as against 2,283 for the same date a year ago. There was no new developments in the market, prices being steady under a good local demand, and an active business is doing. Sales of straight gathered stock, in round lots, were made at 17 1/2 cents to 18c, single cases, 18 1/2 to 19 1/2, and selected stock, 21 1/2 to 22 1/2 per dozen.

HONEY MARKET STEADY.
 Montreal, June 8.—The market for honey remains steady, but the volume of business doing is small, as the consumption at this season of the year is light. We quote: Clover, white honey, 11c to 12c; dark grades 9c to 10c; white extracted, 7c to 8c; buckwheat, 6c to 7c.

MAPLE PRODUCTS QUIET.
 Montreal, June 8.—The tone of the market for maple syrup and sugar is steady, but the demand is quiet. We quote: Maple syrup, in tins, 75c to 85c, as to size; and in wood at 7 1/2 to 8c per lb., with maple sugar at 9c to 10c per lb., as to quality.

FAIR BEAN TRADE.
 Montreal, June 8.—A fair trade is passing in beans in a jobbing way, but the demand for car lots is quiet. In a jobbing way three-pound pickers are selling at \$1.75 to \$1.80, and in car lots at \$1.65 to \$1.70 per bushel.

DEMAND FOR POTATOES QUIET.
 Montreal, June 8.—The demand for potatoes is quiet and, as supplies are fairly liberal, prices rule easy. For car lots sellers are now asking 90 cents per bag and in a jobbing way sales were made at \$1.15.

Toronto, June 8.—Eggs, new laid, case lots, 18c to 18 1/2c.

DAIRY PRODUCE.

CHEESE MARKET IS FIRM.
 Montreal, June 8.—Receipts of cheese were 14,512 boxes, as against 17,216 boxes for the corresponding date of last year. The local market is firm with a fair enquiry, finest Western being quoted at 11 1/2 to 11c.

BUTTER MARKET STEADY.
 Montreal, June 8.—Receipts of butter were 582 packages, as against 1,101 packages for the corresponding date of last year. The local market is steady, with finest creamery quoted around 21c.

PROVISION MARKET

NO CHANGE IN CONDITIONS.
 Montreal, June 8.—There was no further change in the market for dressed hogs, prices being good under a good demand for small lots, and sales of abattoir fresh-killed were made at 89.75 per 100 lbs. The demand for all lines of smoked meats continues good, and an active trade is passing at steady prices. The trade in lard is rather quiet, and the demand for barrailed pork is slow.

E. I. LIVE STOCK

SOLD A VALUABLE COW.
 Marlinton, June 8.—(Special)—Mr. Elwin Barter of Marlinton sold a most valuable cow, the price being \$80.

SHIPMENT FROM STANBRIDGE EAST.
 Stanbridge East, June 8.—(Special)—Messrs. Harvey Bros. of Frelighsburg shipped one car load of live stock from here on Tuesday, consisting of pigs, lambs, calves and one cow. Pork went at \$6.00 per hundred.

NEW YORK MARKET.
 Americans in London irregular, but strong. The Bank of England rate is unchanged.

The opposition to Reciprocity in the United States Senate is growing weaker and the general feeling is that the agreement will be reported without amendment and is almost sure to pass.

Judge Gary gave the Stanley Committee an account of the origin and formation of the United States Steel Corporation, that differed materially from the account given by John W. Gates. Wall Street has become reconciled to the steel investigation and believes that the position of the Corporation has been strong rather than weaker by the testimony brought out.

The strength in the Hill issues and C.P.R. continues, in fact all standard rails are looked to by professional men for high prices.

MONTREAL MARKET.
 C.P.R.'s strength and activity once again surprised the local traders especially in view of the one too bullish report of yesterday. The Toronto Railway was slightly stronger at 134, but the market was narrow and only small blocks traded in. Rio was a little weaker at 113 1/2.

Owing to the tightness of money it is remarkable how the local lists keep strong and the feeling of optimism still prevails.

My Appeal to the Readers of the Sherbrooke Record Has Not Been in Vain

After all, its the want of information about a good thing that prevents many taking advantage of it. Those who have seen some of my West End properties, and the possibilities offering, have been much surprised, and have purchased in some cases as many as 20 lots.

You can buy lots now for \$125.00 and up, and they should net you 100% on your investment within a short time. You say yes but I get 3% in the Bank and my money is always safe—but your money is just as safe in Montreal estate, and in a few years time you will remember what I have here set down.

Your opportunity is to-day, and its the purchase of real estate at my prices. Wake up and take advantage of it. My Booklet will give you full particulars. Ask for it.

HEROIC ACT ON LIGHT HOUSE

KEEPER DIED AND HIS WIFE AND CHILDREN KEPT LIGHT BURNING.

Paris, June 8.—The attention of the French Government has been called to a dramatic incident demonstrating the faithfulness to duty of the family in charge of Kerdonis Lighthouse on the southeast point of Belle Ile-en-Mer, a windswept spot on the Brittany coast. Matelot, the keeper of the light, while cleaning the revolving lamp, was stricken with illness. He continued his work until he was carried by his wife in a dying condition to his bed. The woman was unable to abandon her post or her four young children to seek help. As dusk came on she mounted the tower to light the lamp and returned just in time to hear her husband's dying words. One of the children discovered that the light was not turning, and the woman, realizing the danger of disaster to mariners who might mistake Kerdonis for other fixed lights, worked vainly for an hour to repair the mechanism. Finally she set the two eldest children, aged seven and ten, to work throughout the night, with a fierce storm raging, they turned the heavy lamp with their puny strength.
