Shawville Tigers Defeat Douglas To Win President's Trophy

Take Last Game 4 to 0; Series 3 to 1

Last Sunday in Douglas Shawville defeated the hometowners 4-2 behind the powerhouse pitching of lefthander Earl Powell. The win gave the Tigers a 2-1 lead in their best-of-five playoffs.

Powell gave up just two hits, while fanning 15 batters. He walked eight. Russett started on the Douglas mound, but gave way to Huneault in the sixth. Shawville collected six hits, scoring their runs by capitalizing on errors and playing the wide-open style of ball that featured their drive to the Upper Ottawa title. The catchers were O'Donnell for Shawville, and O'Neil and Moriarity for Douglas.

Tigers led 2-0 after the first inning adding one each in the seventh and eighth innings. Ed Vaughan had a pair of RBI's for the Tigers. Kevin Donahue drove in both Douglas runs with a ninth inning double, the only solid smash of the game.

The game was watched by a large crowd, including an enthusiastic contingent from the Pontiac.

Lineups:-

Shawville: Richardson, O'Donnell, Powell, Garrison, Sweetman, Yemen, Ranger Vaughan Murray.

Douglas: K. Donahue, McEachern, J. Moriarity, T. O'Neil, Russett, Gallagher, M. O Neil, Huneault, C. L. Donahue, M. Moriarity.

Shawville Blanks Douglas

In one of the fastest and best played games seen in Shawville for some time, the Shawville Tigers blanked Douglas 4-0 to capture their best-of-five series and the President's Trophy, three games to one. The seven inning game, played last night (Wednesday) at the fair grounds, took only one hour and five minutes to complete, and featured the best team effort by the Tigers this season.

Once again Earl Powell was the winning pitcher, keeping Douglas in check with five hits, two walks and four strikeouts. Aime Huneault suffered the loss allowing four runs on five hits and two walks, with no strikeouts to his credit. The catchers were O'Donnell for Shawville and O'Neil for Douglas.

Shawville got two runs on the scoreboard in the fifth inning to break a scoreless deadlock. Bryan Murray followed up hits by Yemen and Ranger with a two-run single. In the sixth inning Sweetman smashed a double to score Garrison and came across himself on a throwing error to Douglas. The visitors loaded the bases with one out in the seventh inning, but a sparkling double play (pitcher to home to first) ended the game and brought Douglas to the end of the playoff trail.

The three straight wins after dropping the opener gave the Tigers the revenge they have hoped for ever since last year's sorry effort against Eganville. Moreover the victory has raised the status of the Upper Ottawa League in the eyes of rival Ontario leagues, who have always been inclined to take Pontiac baseball rather lightly.

The Tigers come out of the series with a high respect for the Douglas team, both as baseball players and gentlemen. At no time were Shawville able to ease up against their ever-dangerous opponents.

Shawville will advance into the Ottawa Valley Senior finals against Pembroke Pirates if satisfactory arrangments can be made. There is a possibility of a game this Sunday in Shawville and fans are advised to tune in the sportscasts on CHOV for further information on the playoff situation.

Lineups:-

Shawville: Richardson, O'Donnell, Powell, Garrison, Sweetman, Yemen, Morrison, Ranger, Murray.

Douglas: Gallagher, K. Don-McEachern, Huneault, C. L. ahue, J. Moriarity, T. O'Neil, Donahue, M. O'Neil, M. Moriarity.

Final totals for the game:

Shawville, four runs, five hits, no errors, five men left on base.

Douglas: No runs, five hits, three errors, five left on base.

The program followed the securing of permission from parents, with about 90 per cent of the parents agreeing to the program.

The fine welfare of the boys and girls, the spiritual and temporal progress, the plans for building expansion, all met the approval of the Board of Directors.

Spectacular Fire Near Shawville Destroys McDowell Outbuildings

Two fire alarms were turned in at Shawville during the past week. The first was Saturday afternoon about five o'clock, when a small fire broke out on the premises of Shawville Milling Co. Ltd. A plugged elevator caused a fire in the drive belts. The fire department appeared on the scene and quickly brought the fire under control. Slight water damage was sustained.

More spectacular — and disastrous was the fire that broke out in a barn on the farm of Manson McDowell east of Shawville at 5:30 a.m. on Wednesday. The barn was struck by lightning during a severe electrical storm, and set it on fire. Mrs. McDowell heard the crack of the thunder, smelled smoke, and woke her husband. She notified the telephone operator in Shawville while Manson dashed for the barn to rescue the stock. He was able to get five calves out but lost three thoroughbred calves, as well as eight pigs. In addition, he lost hay, straw and grain sufficient to feed 25 head.

The fire spread from the barn to four other outbuildings and demolished them all. The Shawville Fire Brigade and other volunteers did a magnificient job of preventing the woodshed behind the house from catching on fire, using water from the well, carrying it to the top of the shed — first inside and then out, to extinguish the flames which kept breaking out at the end nearest the fire. If the shed had gone on fire, nothing could have saved the house.

One man on the well pump, Weldon Hobbs, suffered exhaustion and had to be carried off.

The Hilton Mines truck arrived on the scene at 6.20, and the Campbell's Bay fire engine five minutes later. By that time the danger point, so far as the house was concerned, had passed.

The loss was partly covered by insurance.

Keith Gallagher Killed In Ottawa Accident

Keith Gallagher, 26, of Wyman, was accidentally killed Wednesday, September 23 when he fell from a truck owned by Dibblee Construction Co. Ltd. at the Company's Bowesville Plant on McArthur Road, Ottawa.

The accident happened about 9:30 a.m. in the yard of the plant. Keith had brought a truckload from the Company's Aylmer quarry, and was backing on a stockpile in the yard, when apparently the bank gave way, the truck upended, he was thrown out of the truck door and crushed by the falling truck.

This was the second accident he had been involved in at Dibblee's this year. On July 13 he sustained broken ribs and shoulder in Dibblee's Ottawa garage, when he was pinned between two tractor scrapers. He had only been back at work a short time following the first accident, when yesterday's fatal accident occurred.

Keith Gallagher was unmarried, the youngest son of Mr. and Mrs. Thomas Gallagher of Wyman. The funeral will be held from the home of his parents to St. Edward the Confessor Church. Maryland on Saturday, September 26. Interment will be in St. Edward's cemetery.

Many donations of materials and money have been received to date.

Shawville Now Has Fire Engine On Order

Shawville Council has accepted the fire engine tender submitted by Pierre Thibeault Ltd., of Pierreville, Que., for a total price of $15,365.00, which includes the cost of the Fargo chassis. The chassis is expected to be delivered to Pierreville during November so that the completed engine may not arrive in Shawville until about February. The Thibeault tender was the lowest submitted.

The Board of Directors of Pontiac Community Hospital have accepted a tender by John L. Heeney of Ottawa for the installation of a boiler at the hospital at a price of $22,900. Work is expected to start within the next few days.

It was reported to the Board that the new X-ray machine has been installed. Yet to be completed are the wiring and the dark room. A temporary dark room has been set up in the X-ray section. X-ray technician Yvonne Wright has spent a few days in Ottawa, taking a course connected

new Nurses' Residence has been arranged through Nellis Hodgins.

The Board has requested a survey of all insurance coverage held on hospital property with a view to increasing protection.

Mrs. McDougall recently attended a meeting in Montreal the primary object of which was the discussion of nursing salaries.

Patients rooms at the hospital have been redecorated in new and different color schemes, which together with pictures on the wall of each room go a long way towards keeping the patients cheerful.

Central School Board To Run Waltham - Shawville Bus

The Protestant Central School Board met on Tuesday night to conduct a special meeting regarding a bus route proposed to be operated by the Central Board from Waltham to Shawville and return each school day.

Representing Waltham at the meeting were Ken Robinson, C. Robinson and Eldon Stitt. From Fort Coulonge were, besides Central and Local Boards member Lloyd Neville, W. D. Lough, Geo. Perry, and Dr. Rabb. From Campbell's Bay were Asa Smith and Ernie Lunam.

Also present at the meeting was Mr. Savage, who has been in the County for the past ten days conducting a survey of Protestant schooling in the County on behalf of the Department of Education.

The Central Board wound up the discussion with a resolution to engage Pontiac Bus lines to run a bus on each school day from Waltham to Shawville, and return, starting from Waltham at about 7.30 in the morning and returning to Waltham at about 5.30 in the afternoon. Stops will be made along the highway where necessary to pick up and discharge passengers.

It is proposed, as soon as possible, to close the Waltham school, and transport the pupils to Campbell's Bay.

It is estimated that total cost of the run will be $6.960. It is proposed to charge pupils using the bus the same fare as has been charged by the CPR for special monthly tickets. A total of $1267 will be realized from this source, which would leave a net cost of $5,698. Of this sum, it is expected that at least half will be paid by Quebec in the form of a grant, leaving net cost after grant of $2,847. Of this sum Waltham School Board will absorb an estimated $2,000 for the transporting of elementary pupils to Campbell's Bay, and leaving $847 to be paid by the Central Board on behalf of the local boards lying to the west of Shawville. No definite decision was reached about a basis of distribution of this remanng sum to the local boards cncerned, and it was stated by the Secretary Treasurer that it would be advisable to discuss the matter with the auditor before going any further.

The matter of a bus run from Waltham arose at the last regular meeting of the Board because of the fact that the passenger train service now operated by the CPR will be discontinued after September 30. As things now stand, the bus service will go into operation on October 1, when a bus will leave Waltham at 7.30, go down to Coulonge, where it is understood it will drive right into town, will then proceed to Campbell's Bay school, discharging some passengers and picking up others, then going on to Shawville school. Detours into other villages along the way have not been planned.

Maye Lee Restaurant Again Broken Into

The MayeLee Restaurant was broken into for the sixth time on Tuesday night, when about five dollars worth of gas was stolen as well as a couple of cartons of soft drinks. Entrance was gained through the overhead garage door, where one window was broken. No other damage was sustained in the entry.

Three Wolves Killed Around Bristol Ridge

Harland Armitage and Wilson McCleary snared one wolf and trapped a second on the McCleary property at Bristol Ridge this week—one on Sunday and one on Tuesday. Today, Thursday. Don Rooney of Shawville trapped a third wolf in the same area. The first two were taken in Clarendon, so only the provincial $20 bounty will be payable for these animals. It has not yet been established which township the third was trapped in, so total bounty is not yet known. (Bristol township pays a bounty of $10 for wolves, which is matched with another $10 from the County.

$700 Robbery Over Weekend At W. A. Hodgins Store

Thieves broke into W. A. Hodgins Store sometime during last Saturday night, broke open the safe in the office of the store, and stole about $700 in cash. The one cheque in the safe was left on the floor of the office.

Entrance was made through an attic window reached from the roof of the warehouse behind the store. Tto get into the building the window was broken, and two half inch iron bars were sawn through. Wrecking bars were taken from the hardware department and the safe broken open. The contents were scattered widely around the office.

The thieves made their way out through the warehouse overhead door.

THE MIRACLE OF INOCULATION

Many young lives have been saved under the present method of preventive medicine through the miracle of inoculation. But more lives can be saved through the intelligent cooperation of all parents by observing the following suggestions:

1. Consider the immunization state of your family. If deficiencies are present, consult your doctor.

2. All children should see their family doctor at regular intervals. He may prescribe "booster" inoculation if deemed necessary.

3. After each member of your family has received an inoculation, keep a record of the type and date of the injection. This procedure is recommended because often our memories cannot be relied upon, and we all have difficulty in recalling just when the youngsters had their last inoculation, and whether it was against poliomyelitis or diphtheria.

Adults too, should concern themselves with the state of their own immunization. Recent outbreaks of poliomyelitis, for example, have demonstrated that diseases previously regarded as childhood infections, are serious among young adults.

The present mass testing of children in Shawville for susceptibility to TB has shown that most parents in the area served by the school are aware of the importance of immunization. It is unfortunately only to be expected that there are some who are not willing that there children be subjected to this important examination.

If parents who have withheld authorization for the testing of their children — about ten percent of the pupils are affected by such withholding of permission — could realize that they are doing a disservice to the entire community, including their own children by their action, a full 100% testing could have been carried out.

The authorities rightly feel pleased that 90% have given approval but surely 100% in a situation as important as this one could reasonably be expected.

Letters to The Editor

Sunday Ball

The Editor
The Equity
Dear Sir,

We were very pleased to read your editorial in The Equity regarding baseball being played in Shawville on Sundays. However the Sunday previous, having read your reports from time to time regarding the results of the Shawville Club, my father in-law and I decided we would have a look at the club, and did we get our eyes opened as to the type of ball played! Having both seen the major league and world series players, we must confess we did see some very smart plays, and while Shawville lost their first game to the Douglas Club we are so pleased to hear they have now won two games and we are pulling for them to win this coming Wednesday, evening at home.

(They won it, too, and took the series!—Editor).

We would like to take this opportunity to congratulate their manager and coach, and all that take an interest in their club — and the players as well — for the bringing of such high standards of baseball to the home fans. At every opportunity they will have two more fans to support them and cheer them on.

Personally I can't see why any of the Clergy should object to this type of sport on Sunday, and since returning to the place of my birth after 50 years absence I have often wondered what all the clergymen of Shawville and District really do for the teenagers of their congregations. From what I see, they the teenagers are not in church on Sunday mornings and if the clergy go, disguised or otherwise to any of the local shows on a Sunday evenng, there you will find them perhaps sitting holding hands, or the boy with his arm around his girl but one thing sure, they are enjoying themselves, and at least feel they belong. My greatest disappoinment after I retired and came home was to find the delapidated condition and the poor attendance at our local churches. During my business life while in the big city, how often I was glad that I was born in a good home, brought up on family bible and prayers and attended a real live church with a large Sunday School well manned and a special evening service for young people and in those days we walked at least three miles on a Sunday evening to attend the well crowded service of praise and prayer.

One of the first things I asked when I came home was what had happened to our Sunday night's service, and was told that this was discontinued to bring evening service to the Austin Congregation. When I enquired I found a congregation of around 16 families and the minister would be lucky if he had a dozen in his evening congregation.

I would like to challenge any minister of any church in the district to turn his church over to the young people of his church for a Sunday evening service built up with good music, vocal and instrumental, and I would be safe in saying that in a very few weeks the local shows would be minus a lot of our young people.

It was my privilege to hear the Chief of Police speak to the Rotary Club of Hollywood last winter and his subject was the wave of juvenile delinquency sweeping over our country. He said in analyzing 1700 cases in California they found 60 per cent of the cases were traced to a lack of religious education, 30 per cent to disrespect of parents, and the balance just planned cases of badness.

He went on to say that the lack of Christian education was the responsibility of the parents and the clergy and how glad he was that the christian churches were uniting within themselves and building large church centres with christian education buildings for the use of teenagers. It was our privilege to attend many of the church centres and on Easter we attended the largest Presbyterian church in Hollywood, which seats around 2.500. We were at the 5th service that Sunday morning, it was filled to over flowing for each of the five services. For each service they had a different choir, some of them made up of juniors and on up. In other words, the young people had a part in the service and a church home under proper christian training both for sports and for christian education..

Regarding the 30 per cent of disrespect for parents he went on to say that the christian denominations would have to take the enmity or hate out of religion if we wanted to regain the respect of our children, and what he meant by enmity or hate was Jew versus Gentile, Protestant, Catholic and so on, and that our young people would mingle and say to their parents why do you preach to me not to go with this girl or that boy just because they are not of the same faith when we find them to be tops and go on to say how people call themselves christian and not preach hate. The young people of today are smart.

I understand that there are eight different churches in the village of Shawville, and when asked why no young people's special services are held, was told that certain adults like to go to church in the evening and therefore the ministers have to give them the same service as the morning congregation. Somewhat the same as St. Andrew's, Bristol, having to sacrifice the young people's service to satisfy the whim of a few adults that could well atend any morning service within reasonable driving distance. What a price our churches are paying in the neglect of the teenagers. Since returning home we have had two evening services in St. Andrews and on both occasions the service was well attended. We could not continue for the reason already stated.

We so often hear the cry "The christian church is short of ministers". Are we not being foolish when we say this and should we not say instead "too many churches and overworked ministers because of having to speak to such small congregations". The horse and buggy days passed out a long time ago, but not so far as our local churches are concerned. Would not our clergymen, who are objecting to ball playing on Sundays, be advised to make an effort to fill their own churches on Sunday mornings and above all, make at least one service united for the teenagers of our community. If something is not soon done by the parents and clergymen to supply a church home for the teenagers, I hate to think what is going to be the future for Pontiac.

In the Heavens God has his own plan for all peoples and no doubt those that reach there will find no hate in religion or neglect of the teenagers.

There is nothing wrong with our teenagers that a little bit of kindness will not cure. What are you and I going to do about it?

Board Of Transport Commissioners Hands Down CPR Judgement

On March 31st and April 1st 1959, hearing was held at Campbell's Bay, Province of Quebec, in the above, before the Chief Commissioner, the Assistant Chief Commissioner and Commissioner Chase.

It was a very complete hearing resulting in some 337 pages of transcribed evidence and argument, together with some twenty-one exhibits. The patronage given to the passenger service and the economies of the service were presented by the Canadian Pacific Railway Company. The needs and convenience of the residents of the area were dealt with fully by the witnesses called by Mr. Paul Martineau, M.P., Member of Parliament for the constituency and also Counsel for the County of Pontiac, the Township of Clarendon and the Village of Shawville; by representations made by Mr. Hugh Proudfoot, formerly Member of Parliament for the constituency and representing the Municipality of Fort Coulonge, and in the presence of Mr. R. T. Johnston, M.P.P., Member of the Provincial Legislature for Pontiac. The Board had the advantage of argument by Counsel and by Mr Proudfoot.

Other commitments in the discharge of the Board's duties and hearings in various places in Canada at which one or other of us presided, have prevented us from preparing our Judgement in the matter.

The dispelling of any doubt in the minds of the residents of the area as to the future of the passenger service, the interests of the public generally and also the interests of the Railway Company requires in our opinion, a determination without further delay. We are also mindful of the interests of school children some of whom would depend upon the train service to attend school beginning in about one month's time.

Weighing, amongst other considerations, the patronage that has been given to the passenger service, our opinion is that the economies that would result to the Railway Company by the discontinuance of the service outweigh the convenience that would remain with the public by the continuance of the service.

Since the hearing, Commissioner Chase has retired from the Board. Before doing so he authorized the Board to say that he concurred in a Judgment of the Board which would result in a discontinuance of the service.

Should the board be requested by the parties to do so, it will give a supplementary written Judgment as soon as time permits and therein deal at greater length with the evidence ,submissions and argument and the reasons for the conclusion we have reached as above stated.

An order will issue accordingly, authorizing Canadian Pacific Railway Company to discontinue the passenger service after not less than thirty days' notice to the Board and public in the area concerned, all of which is subject to the undertaking with respect to handling of express as outlined in the Company's application.
