The program includes ceremonial drill, rifle and field exercises, first aid drill and a demonstration of signalling. The chief instructor of the corps is J. W. Caruthers.

Selections are to be played by the cadet bugle band, conducted by S. Cornell.

The public is invited to attend. President of the Navy League here is William Ewing.

U.S. SOLDIER, EX-RESIDENT, WINS CONTEST

Given All-expense Visit to New York for Writing Funniest Story

Private Gordon J. Berger, 396 Grosvenor Avenue, now in the U.S. Army at Fort Hancock, New Jersey, was the centre of an interesting little romantic episode in New York City recently.

Formerly a publicity agent in Montreal, Private Berger, who was born in the U.S. but lived in Westmount all his life, reversed the usual procedure of coming north from the States to join the Canadian Army and some months ago went south.

One evening listening to a radio program "Canteen Society" he heard of an offer of an all-expense visit to New York for the soldier sending in the funniest story. Private Berger did just that and forgot all about it.

Recently on KP duty at his camp, Private Berger received a wire from the program sponsors saying that he had won the contest, and shortly after a letter from his "blind date", lovely Sandra Stuart, Hollywood starlet, who was in New York at the time.

So the young soldier from Canada and the beautiful starlet "did the town" at the expense of the sponsor of the program.

And in writing to his mother, Private Berger says "And we are going to do the town again—although I don't think I'll be doing it at someone else's expense again, worse luck!"

FIRST FLY CASTING CONTEST HELD HERE

The fly-casters held their first weekly competition on Tuesday evening with a fairly large attendance. The weekly events were run off in good style with competition in three classes for the men and one for the women.

H. Lettau captured top honors in the Class A group with a score of 10. C. Lapierre was runner-up with a cast of 13.

T. Goodman won the Class B honours with a 17 while M. Cote was runner-up in this division with 20.

The Class C event went to O. Raab with 25 while Mrs. Levitan won the ladies' event with an 18.

Another set of events will be held this Tuesday evening when the Club meets again at the Ravine Pond in Westmount Park. Prospective casters are cordially invited to attend these meets and are asked to make themselves known to H. Lettau, president of the Club.

Lost And Found At City Parks

The following articles have been found in the municipal parks during the week. At King George Park, one red sport coat name of Michael Harris in it; one grey tweed jacket (boy's); one brown peak cap. (small boys); one black rain coat (small size). At Westmount Park: one wind-breaker, blue with cream lining (small size); one yellow pull-over; one canvas belt for trench-coat.

These articles may be claimed at the comfort stations in each of the parks.

BOYS BRIGADE CAMP TO OPEN ON JULY 11TH

Number of Members of Westmount Unit Visit Site Over Weekend

The camp of the First Westmount Company of the Boys Brigade will open for two weeks on July 11. The first advance guard went up last weekend, taking advantage of the holiday. Corporal Edwin Goring, Ptes. George MacFarlane, Robert Krut, Gordon Patterson, Donald Duncan composed the team and each weekend additional members will visit the camp site, preparing for the opening.

The Company will attend divine service in Melville Church this Sunday evening, falling in at Westmount Park at 7 p.m. It will proceed to the church via a short route march, followed by a longer one after the service.

The boys are preparing for their closing evening and the dramatic group have two interesting presentations in which they will feature hosting, depicting what they have experienced these past few weeks on trips taken, and a dramatic skit, "The Boys Brigade Marches On," depicting the progress made since 1883.

On the eve of the Diamond Jubilee. This will be a unique presentation as the 1st Montreal Company figured very prominently in the early history of the Brigade in Canada, the unit being formed as early as 1887, and operating in Maisonneuve Presbyterian Church. The original Company Color, presented to that unit in 1897 is now in the hands of the 1st Montreal-Westmount Company and will form a part of the historical program. The evening will commence with a banquet for the fathers and sons and brief addresses from several Brigade supporters will follow. The Company display will be held later in the evening.

Soon all post offices will be emphasizing the fact that they sell stamps.

Westmount High Branch Gives Red Cross \$1,200

On Tuesday afternoon, the students of the Westmount High School assembled in the gymnasium for the presentation of a cheque for \$1,200 to the Canadian Red Cross Society. The money is to be used to pay for a station car. Elizabeth Gibb, president of the Westmount High School branch of the Junior Red Cross, presided. The report of the activities of the year was read by Barbara Jackson, secretary of the branch, and the presentation was made by Fred Kahn, the treasurer, to Jackson Dods, chairman, Central Council of the Canadian Red Cross, who gave a short address to the pupils. Another item on the program was the presentation of framed photographs of former students who have lost their lives in the present war by Tom Grimley, on behalf of the Boys Hi-Y Club.

With Mr. Dods were the officers on the platform were Mrs. R. B. Shaw, Supervisor for Quebec of the Junior Red Cross; Hugh Scott, a member of the Westmount School Board, S. F. Kneeland, Secretary-Superintendent of the Westmount Board, Miss A. L. Parker and J. D. Lawley, staff advisors, and two Red Cross Transport Officers.

Excerpts from the annual report, which shows the wide range of activities of this branch of the Junior Red Cross, follow: The Junior Red Cross Branch of Westmount High School, formed in March 1941, continued its activities throughout this year. It was the first complete year of operation of the branch. For this year, the Council, consisting of one representative from each class, elected the following executive: president, Elizabeth Gibb; vice-president, Bob Everson; secretary, Barbara Jackson; treasurer, Alfred Kahn; staff advisors, Miss A. L. Parker, D. Lawley.

The objective set was the purchase of an ambulance to be used by the Red Cross in Britain. This objective has now been successfully attained by various means. Activities included three auctions at which \$80.59 were raised, a highly successful concert and play presented in conjunction with the Dramatic and Debating Society and netting \$104.00, and a Penny Race between the boys and girls of the school at which the branch made \$50.93.

Monthly collections were held in each class. The results for the school are as follows:

September	\$26.89
October	25.69
November	21.60
December	21.01
January	47.07
February	34.19
March	39.72
April	69.72
May	299.61
Total	\$584.50

Several salvage drives were held in the fall before the City of Westmount began regular collections, all salvage being sent to the Red Cross House and there sold.

Sales of ice cream, candy, cookies, and donuts were held regularly and proved a big success. The total profit from sales in school was \$83.10.

PROWLING DOGS DAMAGE PLOTS IN THIS AREA

Allotments Growing War-time Food Also Affected — Cats Share Blame

Flower beds and war gardens are in many cases being seriously damaged, and, in some instances, completely ruined, by stray dogs. Numerous complaints have been received at the office of this paper, from residents in this district, that valuable plants, expensive flowers, and carefully sown plots, have suffered through the depredations of wandering canines.

The damage, according to the complainants, occurs mostly in the early morning, when dogs, that have been kept indoors all night, are allowed to go into the streets.

While the injury to flower beds may be a serious enough matter, the destruction of, or damage to war gardens is even more regrettable. Many people are cultivating small vegetable lots to supplement or add to their supply of fresh vegetable food, and in wartime this form of home farming is of vital importance.

A lesser number of complaints also deals with depredations by cats on the loose.

WESTMOUNT, THURSDAY, JUNE 11, 1942

ANOTHER COLUMN!

We are apparently to have another 'column' in this country—a 'Canadian' column—ostensibly to arouse a patriotic spirit among Canadians at large. Several local residents are interested in the new organization.

The idea may be a laudable one, but so far as can be ascertained from newspaper reports the first and most important object of the group is the further prosecution of the anti-communist campaign. If this is so, the amount of support the new column will receive from the public at large will not be great. The dead horse has been beaten a long time now, and the public is no longer much interested. Furthermore, so-called anti-communism has come to smack too much of extreme Quebec nationalism and no Britisher wants to be even remotely associated with that. Again, the superb morale of the Russian army and people in this war has eloquently and emphatically refuted most of what the anti-communists have been telling us of Russia the past few years. Finally, there are too many organizations—worthy and commendable organizations devoted directly to winning the war—to absorb our interest now without trying to rustle up support for another one whose object is not entirely clear, and whose usefulness is therefore open to some doubt.

THE RESERVE ARMY

An intensive recruiting drive for the Canadian Reserve Army (the old NPAM) has been instituted in the Montreal District. The object of the drive is to build up a well-trained force that could be used for the defence of Canada should the necessity arise. With the enemy drawing closer to us, the government has decided to give the Reserve Army a more important role to play in the general plan for the country's defence. The appeal is made to men in the younger and older age groups who can do part-time training while maintaining their regular civilian jobs. Notre Dame de Grace is expected to provide its full quota. That we shall do so is little doubt.

TRIBUTE TO HOUSEWIVES

Local housewives were given another dose of wartime rationing this week and in addition

to official restrictions on sugar, tea, and coffee they were also confronted with the first serious beef shortage in local markets.

The scarcity of beef is probably a temporary condition and not one to occasion any alarm. The Government recently found it necessary to take steps to prevent heavy exports to the more profitable markets in the United States and it is likely that adjustments in market conditions will follow and normal supplies will be again available soon.

The extension of voluntary rationing to tea and coffee, with further reduction in sugar allowances, is a tribute to the good faith Canadian housewives have exhibited in voluntarily reducing sugar consumption. Ottawa officials have been frankly surprised at the drop in sugar consumption under the original program of allowing three-quarters of a pound per person per week. The experience in this instance has been quite the opposite from the results of voluntary gasoline rationing.

No one is hiding the fact, however, that the honor system is being given its last chance in the new rationing program. Officials are not so hopeful that the tea and coffee restrictions will be accepted as readily as the limitation on sugar. If the results are not satisfactory there is no doubt that coupon rationing will become necessary but as long as the gratifying trend prevails, the expensive and involved business of coupon rationing will not be undertaken.

THE LATE DR. H. D. BRUNT

The recent death of Dr. Howard D. Brunt, head of the English Department at Macdonald College, came as a shock to a large number of local residents. Dr. Brunt was not only well known here because of his lectures and writings, but many local men and women were given their first appreciation of English prose and poetry in his classes. Dr. Brunt was born in Halifax and educated at Dalhousie University. After post-graduate work in Germany he was given a Ph.D. degree by the University of Jena. He was appointed lecturer in English at Macdonald in 1919, later becoming head of the department. Last year he received the Gold Medal of the Order of Scholastic Merit, given by the Province of Quebec for his outstanding contributions to the teaching of English. He was in his 62nd year. The loss of Dr. Brunt will be severely felt; he was one of the best of our educationists.

WARNING TO TURKS

John Sheppard, Ann Todd, Douglas Croft, Jane Seymour, Anne Revere and Frieda Inescort complete the featured cast of the film that was directed by Henry King and produced by Wm. Perleberg.

THE FORUM

Conducted by HOWARD S. ROSS, K.C., D.C.L.

In Which Subjects of General Interest Are Discussed

The opinions expressed in this Forum are not necessarily those of this newspaper and it does not accept responsibility for them.

The Russian Government has recently been inquiring into the possibility of space being available in Ottawa for the establishment of an office to accommodate a staff of about 40 persons. Premier King some time ago announced that an exchange of diplomats had been planned but that it had not been decided as to whether the exchange would be of Ministers or Consuls. It is thought this inquiry about office space is connected with the establishing of a war supply organization.

When the last Russian Trade Commission was here I had the pleasure of doing some legal work for them and found the members of the Commission to be very keen business men and exceptionally hard workers. They lived in a large self-contained residence on Drummond Street above Sherbrooke Street and not far from the Ritz-Carlton Hotel. A large U.S.S.R. flag flew over the main entrance. Aside from legal matters I had some interesting talks with them about economics.

At a successful Home Crafts Conference held at Antigonish Mr. O. A. Beriaud, Director of Handicrafts for the Province of Quebec said in part: "Make the farm home more self-sufficient and of a more distinctly rural style. We must not have cheap copies of city homes, but homes which reveal the vigor and the soul of our people. The loom has been gradually restored to a place of prominence and as a result of this and other craft developments, the true dignity, nobility and graciousness of rural life is returning. We (the Province of Quebec) paid farmers \$50 dollars an acre to get them started to grow flax. It was hard going, but look at the change now. Last year there were 28,000 acres of flax grown in our Province.

We estimate there are 60,000 looms and 80,000 spinning-wheels used in Quebec."

Alderman Paul H. Douglas, Quaker professor of economics at the University of Chicago, unsuccessful candidate for U.S. senator from Illinois, enlisted recently as a private in the U.S. marines. 50 years old he passed his physical examination with

flying colors and got a waiver on his age.

It is reported that a group of western Canadian farmers training at the recruit centre near Guelph could not stay in bed until 6.30 reveille after years of getting up at 6.00 a.m. Reveille was advanced half an hour and the farmers were greatly pleased. There was no printable comment by the non-farming recruits in the same unit.

Lydon Only Male With Girl Stand-in

Jimmy Lydon is the only male actor in Hollywood with a girl stand-in.

She is a 19-year-old blonde named Margaret May who has already substituted for Madeleine Carroll as a stand-in. Jimmy, playing the title role in Paramount's "Henry Aldrich, Editor," chose Margaret himself for the job.

However, Margaret becomes the mischief-maker's stand-in only when he himself becomes a girl—as he does in one sequence of the comedy, an escape from a psychiatrist.

NEWS OF THE THEATRE WORLD

Theatrical
Attractions'Woman Of The Year' Is Hit
For Tracy, Miss Hepburn

The problem of the "career woman" is given refreshing treatment in the new Metro-Goldwyn-Mayer photoplay, "Woman of the Year," which opened yesterday at the Westmount United Theatre, with Spencer Tracy and Katharine Hepburn giving brilliant portrayals in their first appearance together on the screen.

Tracy is the rugged, solid newspaper sports writer. Miss Hepburn is the highly sophisticated columnist on international affairs. Completely extreme in temperament and outlook, the two personalities attract each other nevertheless and, after a whirlwind courtship, are married. The result is that the honeymoon is interrupted on the very wedding night when an escaped Serbian leader bursts in to their room. The new bride has a scoop on the Balkan situation and is delighted. Not so the groom.

This ominous start leads to a marriage life in which Tracy discovers that he is expected to scramble eggs while Miss Hepburn writes her column, and reaches the breaking point when she is voted "America's Outstanding Woman of the Year." Plenty of dramatic water runs under the mill before a satisfactory solution is reached.

Tracy makes his newspaper man a completely human and credible being, and Miss Hepburn even surpasses her work in "The Philadelphia Story" in a role in which she combines warmth and dramatic fire. The stars are given sterling support in the performances of Fay Bainter, playing a dominant feminist, Reginald Owen, as a newspaper managing editor, Minor Watson, William Bendix, Gladys Blake, Dan Tobin, Roscoe Karns and William Tannen.

Director George Stevens has gotten the best out of his performers and story and has seen to it that the action of his plot never lags. A word must also

No Benny Antics
In York Comedy

Admittedly Jack Benny—the gent from Waukegan, Illinois—has reached many turning points in his spectacular history. But the most recent turning point took place when Benny was signed to play his first straight comedy role—sans slapstick and zany—in Ernst Lubitsch's "To Be Or Not To Be," now showing at the York United Theatre through United Artists release.

Like all comedians, Benny has long yearned to play straight comedy and for a long time Lubitsch has been anxious to give him the opportunity. So, when the script of "To Be Or Not To Be" took shape, the producer realized that the time had come to call in Benny.

Jack first learned about his talents during World War I, when he was put in the Navy Relief Society and discovered that he was a wise-cracking joker as well as a good violinist. When the war was over, Benny went right into vaudeville and gained fame as a monologist. In 1929, he got into the movies and later he appeared in Earl Carroll's "Vanities" on Broadway. He made his first hit in radio as a guest star and has been riding high ever since, as one of the most popular air figures.

be said for the effective photography of Joseph Ruttenberg, and the musical score, written by Franz Waxman.

Of interest in connection with this picture is the fact that it boasts the combined talents of four Academy Award winners, the Academy "Oscar" having been won by Tracy, Miss Hepburn, Miss Bainter and Cameraman Ruttenberg. It looks like they all might be due for another one, for "Woman of the Year" is as distinguished a motion picture as has come out of Hollywood in a long, long time.

THREE ACES!

Laughs, romance and music are brought to the screen by stars Betty Grable, Vic Mature and Jack Oakie in the Technicolor musical, "Song of the Islands," which opens at the York United Theatre on Saturday playing until Tuesday night.

ROMANTIC COMEDY HIT

Beautiful Olivia de Havilland and Henry Fonda in "The Male Animal," which opens for three days at the Monkland United Theatre starting Sunday.

PICTURE OF THE YEAR

Spencer Tracy and Katharine Hepburn co-starred in "Woman of the Year," which is now playing at the Westmount United Theatre.

Wake Island Sand
Haunts Film Actor
In Desert and City

In the 17 days he spent on location in the desert at Salton Sea, Calif., in making Paramount's "Wake Island," William Bendix, a New Yorker, saw enough sand to last him the rest of his life.

When the actor came home he found a bulging 50-pound sack standing beside the front door. "What's that?" he asked. It was sand, Mrs. Bendix told him, explaining it was for protection against incendiary bombs.

'THE FLEET'S IN
TWO-OCEAN NAVY
ENTERTAINMENT

"The Fleet's In," the new comedy with music, arrived at the Monkland United Theatre yesterday playing until Saturday night, as Paramount's two-ocean navy of entertainment.

Topping the choice entertainment crew are stars Dorothy Lamour, William Holden and Eddie Bracken, whose performances are as zesty as ocean breezes. Included in the large cast of fun and melody specialists are Betty Hutton, America's Number One Jitterbug; Betty Jane Rhodes, song stylist; Lief Erickson, popular laugh-getter fresh from "Nothing But the Truth"; Jimmy Dorsey and his orchestra, featuring vocalists Bob Eberly and Helen O'Connell; Cass Daley, eccentric singer of novelty songs; Gil Lamb, who's hilarious with a harmonica; shapely Barbara Britton, and the comedy dance team of Lorraine and Rognan.

The zippy story, which allows plenty of interludes for the many variety acts, presents Dotty as "The Countess," a star ballroom entertainer with a reputation among sailors for being kiss-proof. The gosh who makes her fall for him is William Holden, helped by Eddie Bracken, who has a romantic problem of his own in the person of that human volcano of energy, Betty Hutton. But complications erupt anew when Dotty finds out that most of the fleet has made a bet that Holden will be able to kiss her. After a series of hilarious situations, it all comes out well.

DUMAS HERO
PLAYED AT KENT
BY FAIRBANKS

Douglas Fairbanks, Jr., one of the screen's most popular personalities, returns to the screen as the swashbuckling hero of Edward Small's lavish production of the Alexandre Dumas classic, "The Corsican Brothers," which will start Saturday at the Kent Theatre.

Directed by Gregory Ratoff and based on the screen adaptation by Howard Estabrook, "The Corsican Brothers" not only brings Doug, Jr., back to the screen after a fourteen-month absence but stars him in a dual role. His leading lady in the film is Ruth Warrick, and others who are featured in the supporting cast include Henry Wilcoxon, Akim Tamiroff, J. Carroll Nash, John Emery, H. B. Warner and Gloria Holden.

Among the most spectacular and lavish sets constructed for the production were the castle and courtyard of the wealthy Franchi family. During one sequence, there is a gay party celebrating the birth of the twins. A large crowd of extras are in the courtyard, making merry on roast ox and strong drink, which consists of cold tea. There are a score of dancers, doing a fandango, in which they were coached by a former member of the Imperial Russian Ballet. Musicians scrape fiddle strings and cooks carve huge joints.

John McLeish Booked
To Broadcast Saturday

John McLeish, principal of Gault Institute, Valleyfield, and chairman of the Youth Problems Committee of the Provincial Association of Protestant Teachers, is scheduled to deliver a radio address on Saturday evening, June 13, over Station CFCF, Montreal, at 8 p.m. o'clock. His subject will be "Youth Problems in War Time," and he will speak under the auspices of the Montreal City Improvement League.

BING TAKES OVER THE REINS

Bing Crosby learned to drive a horse, trying his hands at the reins for the first time in his life, for Paramount's "Holiday Inn." Bing is part owner of a stable of racing thoroughbreds.

Ginger Rogers can't escape tap dancing in a picture. In "The Major and the Minor," she does only a few simple steps, but it's still dancing.

COLORS PRESENTED TO CANADIAN LEGION BY AUXILIARIES

Colors were presented to the Quebec provincial command of the Canadian Legion by the women's auxiliaries on Saturday night in ceremonies in the armory of the 7th Reconnaissance Regiment (17th Duke of York's Royal Canadian Hussars).

The King's color was presented by Mrs. B. Taylor, president, to E. Round, chairman of the Provincial Command, and the Legion standard by Mrs. S. Sheriff, first vice-president, to J. E. The single color of the Maisonneuve Mrs. H. Nash, with Mrs. W. Da-Women's Auxiliary was borne by vices as sergeant-at-arms and Mrs. F. Rowland and Mrs. F. Wodburn as guards.

Following the ceremonies, the Last Post and the Reveille were sounded by trumpeters in remembrance of those who died in the Great War and a one minute silence was observed. During the march past the salute was taken by Colonel Hutchison.

WEDDINGS
Griffin-Rice
The marriage of Dorothy Beatrice, daughter of Mrs. Arthur L. Dawe, to Second Lieutenant William John Griffin, Canadian Armoured Corps, formerly of the 17th Duke of York's Royal Canadian Hussars, son of Mr. and Mrs. S. J. Griffin, of Dorval, took place on Monday in St. Matthias' Church, the Rev. A. T. Love officiating.

Given in marriage by her stepfather, Mr. A. L. Dawe, the bride was gown in white marquisheer. Her fingertip veil of tulle illusion was held by a coronet of lily-of-the-valley, and she carried a bouquet of gardenias and lily-of-the-valley.

Miss Frances O'Brien was the bride's only attendant, wearing a frock of daffodil faille and a flowered hat of marguerites. She carried a bouquet of the same flowers.

Mr. Grenfell Cowper was best man for Lieutenant Griffin, and the ushers were Second Lieutenant James Barruse, Second Lieutenant John Pullan, Second Lieutenant E. S. Chaplin and Sub-Lieutenant Austen Small.

Following the ceremony, a reception was held in the Blue Room of the Ritz Carlton Hotel, and later the bridal couple left for Muskoka Lakes, the bride wearing a light blue suit with matching hat and navy blue and white accessories.

Helleur, Jr., R.C.A.F., whose marriage will take place on Saturday morning, June 20, at eleven o'clock in the Church of St. Augustine of Canterbury. Miss Kavanagh is the daughter of Mr. and Mrs. J. P. Kavanagh, and Aircraftman Helleur is the son of Mr. and Mrs. S. G. Helleur.

PRINCIPALS IN RECENT WEDDING

Second Lieutenant James Henry Graham, R.C.A.S.C., and Mrs. Graham, photographed after their wedding, which took place at Westmount Park United Church on Saturday evening. Second Lieutenant Graham is the son of the late P. H. Graham and of Mrs. Graham, and the bride, formerly Miss Lilian Jean Woods, is the daughter of the late Thomas Woods and of Mrs. Woods. The bridal couple left to spend their honeymoon in Toronto and Niagara.

Miss Sanders Suggests Parties Without Tea, Coffee

"How about having not only sugarless parties, this year, but tea and coffee-less parties, too?" Miss Byrne Hope Sanders, director of the Consumer Branch of the Wartime Prices and Trade Board asks Canadian women.

To overwhelm your guests with refreshments never was in good taste but nowadays, as the war nears its third anniversary, it is positively unpatriotic to serve too much of anything and risk wasting food, and of course sweet things should be cut out altogether.

Hungry guests always enjoy sandwiches but in the summer weather these between-meal snacks are apt to be too filling. What about handing around a bowl of fruit? If guests eat fruit they won't miss sweet cookies and cakes nor will they want anything to drink, so the sugarless, tea-and-coffee-less party problem is solved in one full sweep.

If, on the other hand, sandwiches are in the hostess's scheme of things it is almost necessary to have a beverage. If the evening is chilly, what about a cup of tomato soup or a clear consommé? This would be original and would not only be stimulating and nourishing but delicious, too, which almost seems the most important thing to a hostess.

Serve Fruit Juice
Of course if the day of the party is hot, lemonade, apple juice, or a fruit juice mixture can be served. Fruit juice should no longer be sweetened with sugar but honey or syrup make good substitutes. These sweeteners give a taste to an old recipe, which may, consequently have to be changed a little but with a little experimenting a delightful drink can be evolved.

Of course, if the family is prepared to do without tea or coffee for a day or two, possibly these drinks can be served to guests as a treat. If that is the choice, however, be sure and make the exact amount required, Miss Sanders warns. Let your slogan be "Sorry, that's all there is. There isn't any more."

If, by any chance, you gauge your tea-making badly some day and have two or three cups left over, save it to serve iced later on. Provided it hasn't stood too long on the leaves, "old" tea can be very refreshing. Served with cream or with slice of lemon it is said to be one of the best thirst-quenchers.

"NURSES" FOR PLANES
LONDON, Eng. — A group of 150 women, former servants, shop assistants and housewives, have become "nurses" at a "hospital" for damaged aircraft somewhere in England. They repair "fly in" jobs slightly damaged machines flown from the squadrons, and three days is the longest they have taken to get a machine back into the air.

EVERYTHING CONSIDERED

BY
GERALDINE BRIETZCKE

There's a newsreel down town this week that shows up in black and white clarity our need for cutting down or cutting out tea and coffee. Bags of tea look pretty silly when seen in contrast to those pictures of a ruined ship settling in the water, with clouds of evil smoke pouring from her; and coffee's importance dwindles to nothing when compared with valuable cargo space. Giving up a pleasant beverage or two won't hurt anyone, and it's such a tiny thing to do.

It is insulting to the tragic peoples of Europe to grumble when they only serve you one cup of coffee with a restaurant meal; it is fantastic to feel injured at skimping on the tea when you remember that refugee mother who started out on a perilous road with six children and ended her journey with only one living baby. Surely a sense of proportion will lead us to see that we haven't given up anything yet, and that the sooner we do, the sooner there will be no more of those terrible true stories that make us ashamed of our softness.

"Food, Nutrition and Health" is a nice little book by McCollum and Backer. It tells you all you have to know about getting fat or getting slim; and with regard to the former it is interesting to note that "One needs to digest and assimilate about one-third more than the daily needs in order to gain weight. If care is taken to insure an extra amount of rest a part of the excess of calories will be deposited in the body in the form of fat." And with regard to the latter, they tell us that "Violent tennis playing, hill climbing or extreme effort in the gymnasium are as unwise as they are unnecessary in weight reduction. In many cases reduction should be accomplished without additional exercise." So here's hoping you haven't broken your hearts for nothing!

We remember the tale about the local family who seeded their lawn, and then sat back to wait for a pleasant green film to cover the ground and announce that grass really had started. The pleasant green film appeared in due course, shot up and devel-

Eastern Townships Show Distinctive Character

From the fertile farmlands of Megantic to the shores of the beautiful lakes of Bromé; from the thriving industrial area around Shefford to the international border at Vermont; lies one of Canada's most attractive tourist regions — the Eastern Townships.

Situated only a few miles south of Montreal and traversed by the Lines of the Canadian National Railways, the townships

have become known to thousands of summer vacationists from Canada and the United States as a "province within a province." Wealthy, not only in agriculture, minerals and industry, the townships can boast a considerable number of attractions for the taste of every pleasure seeker. From early in May until late in October, hotels, boarding houses and cottages around the picturesque Memphremagog, Massa-

wippi and Bromé Lakes are gay with guests from all over the continent.

In many respects the Eastern Townships can claim distinction from any other area in Quebec. Settled originally by English immigrants from New England and directly from the Old Country, the territory was organized as the old world "township plan" rather than the "parish plan" peculiar to French Canadian counties throughout the Province of Quebec.

The townships consist of 11 counties: Sherbrooke, Stanstead, Compton, Richmond, Wolfe, Megantic, Drummond, Arthabaska, Bromé, Shefford and Missisquoi and cover an area of more than 6,500 square miles, with most of the important and interesting points situated on the Montreal-Portland line of the Canadian National Railways.

Chief point in the Eastern Townships and a prosperous industrial and manufacturing city, is Sherbrooke, largest city in Quebec between the banks of the St. Lawrence River and the American border. Sherbrooke has a population of over 30,000 and within its limits flourish scores of industrial and agricultural concerns, sending farm produce and tobacco to the large Canadian cities.

Little known, but nevertheless true, is the fact that the Eastern Townships has the world's richest asbestos beds in the world within its boundaries. Some miles north of Sherbrooke, in the counties of Megantic and Arthabaska, is produced over 80 per cent of the world's supply of asbestos.

PET AVERSIONS

George Brent, who stars in Paramount's 1870 society drama, "Silver Queen," has a strong dislike for people who ask him foolish questions and for milk, which makes him ill.

Don Castle, teen-age romantic lead in Paramount's "Tombstone" (The Town Too Tough to Die), learned to play billiards during the production of the outdoor adventure.

Fire-places and furnaces provide cheer and cozy warmth in cool weather. There is plenty of space for all kinds of indoor amusements and dancing may be carried on without interfering with any other pastime.

In addition to the wonderful scenery and attractive drives, three free tennis courts, overlooking the lake, offer added attraction, while at the foot of the grounds lie the sandy bathing beaches and the sparkling, soothing waters of Lake Massawippi.

A boat livery nearby supplies motor launches, rowboats and canoes and splendid fishing is always to be had, as the lake is restocked annually from the Government Hatcheries with salmon, bass and muskellunge.

A 9-hole golf course, 175 acres in extent and overlooking the lake the whole way, begins on the property and offers daily, weekly, monthly and yearly rates, while several other links are available within easy distance at Lennoxville, Waterville, Sherbrooke, Magog and Dufferin Heights.

Riding facilities are available at the Bassett Riding Academy. The altitude is about 1,000 feet with a view of mountain, lake and glorious sunsets impossible to describe.

Sky Ballet Comes To Belmont Park

The Parroff trio, who are still thrilling patrons of Belmont Park with their aerial act, will conclude their engagement on Sunday evening. The incoming free outdoor attraction, starting Monday afternoon, will be the "Hollywood Sky Ballet" . . . hailed as one of the most pretentious aerial revues ever to visit Montreal. The act features five beautiful young girls and a man, who go through a series of daring gymnastics interspersed with graceful dancing atop a towering steel rigging one hundred and twenty feet in the air, without benefit of a net or any other safety device whatsoever. They perform with clock-like precision but their every little movement is said to bring forth gasps of astonishment and amazement from spectators.

Picnics taking place this week include those being held by the Y.M.C.A. Central Branch, the Sun Life Club and the Earl Grey School on Friday and the College de Longueuil, the Ecole St. Jean de la Croix, the St. Clement's Sunday School, the Ecole St. Nicholas, the St. James United Church and the Ecole d'Iberville on Saturday.

Grandeur of Laurentians Charms Lover of Beauty

The Laurentian Mountain area within easy range of Montreal is fast becoming the outstanding all-season playgrounds of the continent.

The summer tourist, whether travelling by motor or by the Canadian National Railways whose ribbons of steel ramble through constantly changing mountain scenes is awed by their grandeur and the diversity of summer attractions almost within the proverbial "stone-throw" of Montreal itself.

For a distance of over ninety miles each turn in the roadbed delights the eye with quaint scenes of early settlements along lakes, streams and in placid valleys snuggled away in the protection of towering mountains.

Summer colonies, dotting the landscapes here and there as the scenes change in the mountain ride have added richly to the attractiveness of the area where excellent accommodation awaits the tourist in search of a much needed rest. Among these, St. Jerome, Shawbridge, Morin

Heights, Sixteen Island, Weir and Huberdeau are the most prominent but every station along the lines has its quota of attractive summer homes and resorts.

Crystal lakes mirroring the seasonal coloring of the mountain foliage and swiftly running streams offer the angler suitable award in speckled trout and small-mouth bass. The hunter, too, in season, will find partridge, deer and other game aplenty in this sportsman's paradise.

Autumn however brings to

this lovely mountain preserve, in superabundance, the beauty that mother nature so lavishly bestows on her forests and as the tourist passes these matchless vistas

along the lines of the Canadian National Railways he is happy and satisfied that the Laurentians are ideal for a summer vacation.

TEAMS IN CITY BASEBALL LEAGUE VIE FOR HONORS AS SEASON NEARS CLOSE

The teams in the Westmount Municipal Baseball League are finishing their season in a dramatic way with the contending teams all closely bunched. In the "A" section of the midget group the Argos and the Beavers are now tied in their three out of five game series at two-all. The fifth and deciding game of this series is scheduled for Friday afternoon at Atwater Park. In the "B" section of the group Johnnie Pier's Royals lead the Bearcats two games to one while in the bantam group the Bruins and the Bombers are tied for the leadership with five wins and one loss each. The last scheduled game of the season

GIRLS' TEAM IS DEFEATED BY PANTHERS

The Westmount girls softball team dropped another decision to the boys team in the Pee Wee League when they lost to the Panthers on Tuesday evening by the score of 21-13. The game was played at Westmount Park.

One bad inning, the seventh, when the boys team scored ten times, lost the game for the girls. Up till that time, they were holding their own and showing a big improvement over the previous week when they lost to the Red Wings.

Marg Armstrong, Pat Lognan and Gladys Morgan banded out two hits apiece for the Westmount with triples being clouted by Marg Armstrong and Gladys Morgan.

Mary Van Tanager came up with the fielding gem of the game in a sparkling catch behind third base.

The Westmount girls will play the Canadian Women's Auxiliary Army Corps team next Tuesday evening at Westmount Park. The Army team have three or four players from Ontario leagues and a top-notch pitcher from the Major Ladies' League.

Players who participated in the game with the Panthers were Marg Armstrong, Pat Lognan, Mary Van Tanager, Marg Forrest, Gladys Morgan, Shirley Thompson, Meredith Millen, Beryl Watler, Mary McGee and Beverley Condon.

Cricket Club Will Meet Indians

The Westmount Cricket Club fresh from a win in their first league game last week-end, will meet the West Indians' team on Westmount Park this Saturday afternoon.

The addition of the R.C.A.F. team from Lachine has made the cricket league an eight team affair.

FOUR SQUADS WILL ENTER LOCAL LEAGUE

Four teams have signified their intentions of playing in the Staynor Park Softball League this season. The four teams and their managers are the Royals with Bob Lord looking after the team, the Granites with B. Latimer managing, the Argos with Buddy Lyons master-minding while Eddie Gillingham's Panthers are the fourth club. The last two clubs are from Westmount Park.

League games will be played on Monday, Wednesday and Friday nights at Staynor Park with the possible exception that some of the games involving the teams from Westmount Park may be played at that site. League games are expected to start on June 19th.

Any other teams who wish to enter this loop are asked to get in touch with playground supervisor Andy McGillis at Staynor Park.

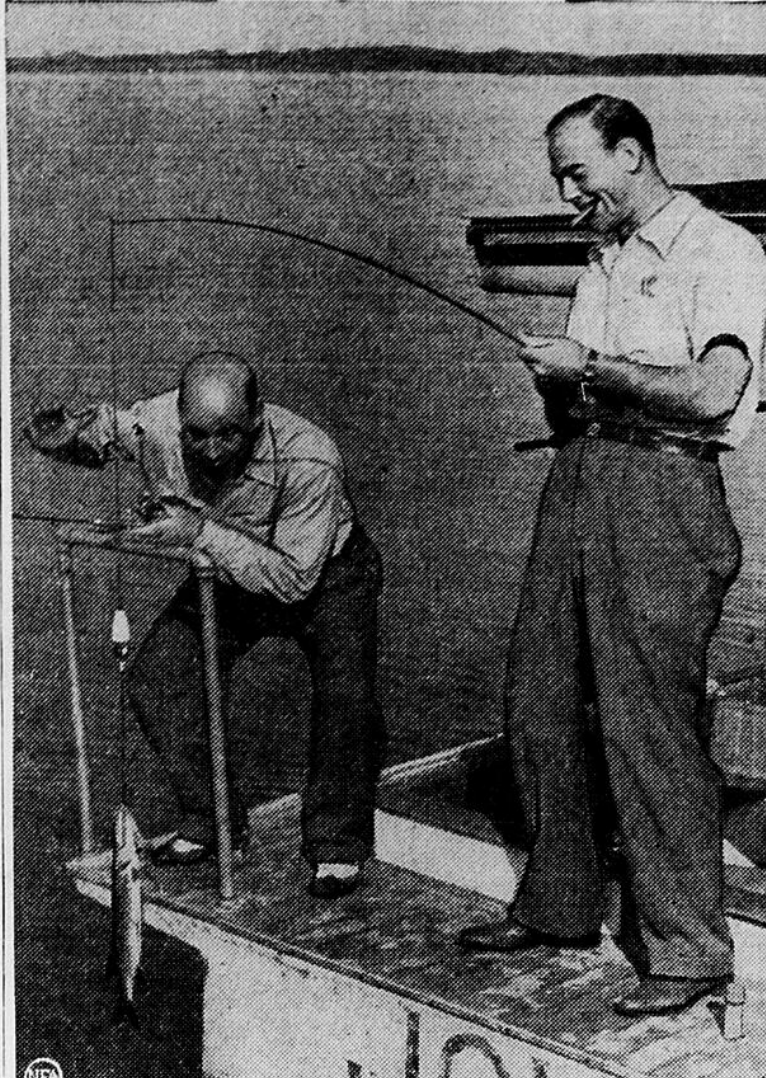

With the opening of the badminton and tennis courts at Staynor Park most of the facilities are in full use. Members of the Summer School at Staynor Park will again be able to obtain buttons to show that they are a member of that organization. The buttons will be ready by the last week in June and information about them may be obtained from the lady supervisor of the Park, Mrs. Francis.

JOHN ROBINSON CAPTURES MATCH

John Robinson captured the first golf tourney of the year on the Adult putting course in King George Park, which was held last Thursday evening. Robinson scored a 101 to win the event.

Rain during the evening caused some of the players to be rained out, but it is hoped that better weather will favour the players when they hold their tournament tonight. The event is scheduled to start at 8.00 p.m. Residents of Westmount are invited to enter the tournament. Mr. Dengate will be in charge of the contest.

Falls for Hook

Boomerangs Beat Panthers 11-8 In Play-Off Fixture

The Boomerangs created an upset in the first play-off game in the Westmount Municipal Pee Wee Softball League when they defeated the favourite Panthers 11-8 on Monday afternoon at Westmount Park. The Panthers had finished their league season in grand style winning five out of their last six games to end up in second position in the league standing and were favoured to eliminate the third place Boomerangs for the right to meet Donald McDonald's Red Wings in the final series for the championship. The Boomerangs and the Panthers met in the second game of the series yesterday and in the event of the Boomerangs making it two straight, they will meet the Red Wings Friday afternoon in the first of a three out of five game series with the next one scheduled for Saturday morning. In the event the Panthers won and tied the series up, the third game of this series will be played on Friday afternoon with the winner meeting the Red Wings in the first game of their series

on Saturday morning. Cammie McFadden was the hero of the Boomerangs win over the Panthers. Not only did McFadden pitch a nice game allowing the heavy hitting Panthers only seven hits in the seven inning game, but he also hit two home-runs to bang in five runs. Teddy Tobias of the Boomerangs was also a help in the win, as he got four hits in four times at bat. Freddie Thibodeau was the only Panther to get more than one hit off McFadden while Ross Gillingham hit a triple for the team's longest hit. The Panthers finished up their league season in fine form, defeating the Boomerangs 9-8 and the Red Wings 12-11 in an extra inning of play. In other games, the Red Wings outscored the Boomerangs 15-11 and the Cyclones furnished an oddity by winning their last game of the season which was against the Cardinals. The only other game the Cyclones won was their first game of the schedule which was also against the Cardinals. The score this time was 15-10.

NO. 3 COMMAND REGAINS LEAD OF BALL LOOP

The leadership of the Westmount Municipal Senior Softball League is back in the hands of the No. 3 Training Command. The number one position has been seen-sawing back and forth between the Dodgers and the Airmen, but as the results of last week's games are checked, it is seen that the Airmen hold a one point lead over their rivals. The Royals are coming along with a rush again and are only two points behind the league leaders.

The No. 3 Command took the lead by virtue of their 6-5 win over the Swans on Monday night. A four run uprising in the fourth inning with two out overcame an early Swans' lead, Sid Bond's homer and Taylor's triple were contributing causes to the rally. Howie Hushion and Earl Kelly banded out three hits apiece for the losers.

The Royals came through with two wins during the week neither of them proving very difficult. On Friday the Royals shut-out the Swans 12-0 behind the two hit pitching of Smiley Meronek, while on Monday, the heavy sluggers of the Royals pounded out a 20-8 win over the No. 12 Equipment Depot team. Bill Willock and Lloyd Daniels pounded out three hits apiece in the 12-0 shellacking Swans got two of Willock's hits being for extra bases, one a homer and the other a triple. Home-runs by Dougie Maher, Kevin Toland, Johnnie Mahaffey and Lloyd Daniels paced the Royals to their 20-8 victory over the No. 12 Depot team. Meronek on the mound for the winners weathered a first inning blast of seven runs by the Airmen to cop his fifth straight win of the season without a loss.

The runner-up Dodgers had very little trouble in their only game of the week, defeating the St. Hubert Flying Squadron 14-5. The winners got to Richmond on the mound for the St. Hubert team for nineteen hits including two home-runs by Pee Wee Read and another by Alan Cameron.

The Swans won their game Pike vs G. Gregory; 10.00 p.m. Sue Woodman vs R. Hannah. The match scheduled for the Adult courts on Thursday evening is as follows: court No. 1, at 10.00 p.m. Carol McDonald vs Muriel Heillig. On Friday evening on court No. 1 at 7.00 p.m. E. Leibich vs Mrs. Damant; 9.00 p.m. Olive Maxwell vs Helen Scarlett; 10.00 p.m. Ann Hofman vs Mrs. L. Lowe.

The rest of the ladies' matches will be scheduled for next week, mostly on the adult courts.

Physical Fitness Through Exercise And Diet

This is another in a series of health articles by P. M. McFarlane, Physical Director at the Westmount Y.M.C.A.

In our nations' determined drive towards greater national strength, physical fitness is more important than ever before. In Canada, we are fortunate that we still have freedom to choose the physical and recreative activities which we like, and at the same time can make a choice of foods which can be combined to form a well balanced diet. We should, therefore, take advantage of our position, and make every effort to raise the efficiency of our bodily and mental functions to a level at which we will be able to put forth our greatest effort.

In order to present key physical fitness hints, I will summarize a number of points which have been outlined in previous articles. The first essential in any program is to have a thorough physical examination by a competent doctor. If the examination reveals that the body is organically normal, a program of physical education can be set up according to your individual needs. Overweights

must reduce the daily caloric intake while underweights must increase the daily food ration, especially of the high caloric foods. But in the case of the over and underweights, daily planned exercise must be taken to increase the circulation throughout the body in an effort to keep the vital organs functioning normally, and to maintain the tone of the entire musculature. Exercise must be chosen as carefully as food, and must be performed in a definite order for best results. Too strenuous physical activity may do considerable harm if care is not taken to "warm-up" the body before the heavier movements are performed.

All food taken into the body should be carefully chosen. A well balanced diet whether it is in the high or low caloric bracket is an absolute essential in any physical fitness program. Quantity of food eaten is not nearly as important as the quality of it.

The correction of postural defects should be the goal of all because poor posture leads to fatigue which in turn diminishes our efficiency to a marked degree. Weak muscles of the feet, abdomen, lower back, upper back, and neck should be strengthened with a resulting improvement in posture. Every weak spot in the body should be overcome.

At least six glasses of water must be taken daily to prevent dehydration of the body, and to keep the blood and lymph circulation at a normal level. Sleep is another essential. Without restful sleep the body cannot repair itself for the next day's work. Given a chance the body is a very efficient organism. We should therefore attempt to make certain that nothing interferes with its function.
