Rotarians Learn Finger-Printing From Quebec Man

Edouard Lorraine Gives Interesting Talk at Weekly Luncheon

"The most effective means for a workable National Registration" is the description given to compulsory finger-printing by Edouard Lorraine in his talk to Rotary Club at the luncheon at Victoria Hall yesterday.

Mr. Lorraine who is head of the finger-printing department of the Provincial Police, International Association for Identification showed a series of remarkable slides in proof of his statement that finger-printing was not only a means of identifying criminals but also one for the protection of innocent persons who had been wrongfully accused on mistaken identity charges.

"Canada is one of the great powers", he remarked "that has no system of identification that can enable her to meet armed forces, or to deal with subversive forces in her midst. South America had a system of civil finger-printing that was accepted as an everyday affair and an actual aid in the commercial world of those republics."

At the beginning of his talk Mr. Lorraine showed how the human finger was deeply imprinted after only three months of gestation and how those individual markings lasted after death in spite of effects causing death.

Charred fingers from the victims of the Sacred Heart convent fire at St. Hyacinthe, Quebec, in 1938 were shown in illustration of his remark that had there been automatic registration of finger prints before these deaths victims' parents would have been saved the tragedy of uncertainty.

Another danger which many parents feel and hardly like to face is that of possible kidnaping. Here again such registration would be of assistance even in after years should a link of discovery be made and absolute proof required.

Mr. Lorraine referred to an article that had recently appeared entitled "Blitz Babies" and said that in Britain the authorities were considering the question of civil finger printing as an aid in rescue work to meet difficulties caused by bombing conditions.

One interesting slide showed photos of the Perrone quadruplets of Texas and proved that, contrary to general opinion, all the finger prints were different. Thefts of jewellery, stolen cars, even when marks had been carefully washed off by the thief, of tires and numerous other things had all been solved by this method, unknown corpses identified, and even after six months burial one man with only four fingers left was "placed" after exhumation.

Dr. F. M. A. McNaughton thanked the lecturer for his informative address and incidentally paid some appreciative remarks to the Police Department of Westmount and their general work.

In opening, F. C. Whitaker presented a request received from the General Active Services Club for a contribution of skates and boots for the air-women of the St. Hubert Station. "Put your old skates to active service," he said—adding that perhaps they might be given in on a "lease lend arrangement to be retrieved after the war." Mrs. J. B. Dougal, 1455 Drummond street, had promised to receive the gifts.

Miracles Topic At St. Andrews

On Sunday evening in St. Andrew's Church, Rev. F. W. Kerr will deal with one of the most interesting questions relating to Jesus of Nazareth, namely, His miracles of healing. The problem will also be dealt with as to why modern disciples of Christ do not have the gift of healing as they had in days of old. This theme is selected from the International Sunday School lessons now being taught, and ought to prove helpful to Sunday School teachers.

On Sunday morning Dr. Kerr will continue his sermons on the book of Job, his topic being "What If It Should Happen to You?" In this sermon we shall catch our first glimpse of Job's comforters.

After the evening service the Alpha Omega Society will hold a group-discussion period on the topic "Should We Strive Toward a National Canadian Church, by a union among Anglicans, Baptists, and United Churchmen?"

Boys' Brigade First Company Banquet Held

Flight-Lieutenant Stone Reviewing Officer at Gathering in Melville Church

Melville Church was the scene of great activity Friday evening when some 27 sat down to the 8th annual father and son banquet of the 1st Company. Following the toasts, given by Sgt. Edwin Goring, Cpl. Jim Wright, L/C. Robert Eastwood and L/C. G. McFarlane, an inspiring address was delivered by Wm. S. Belson, prominent layman and Christian Endeavour executive.

The great importance of youth training at the present time, especially that which, like the Boys' Brigade, is an integral part of the church's program, was stressed by Mr. Belson and he also advised fathers to take a greater interest in their boys and spend more time with them.

In addition he told them to encourage sons to participate in organizations which would develop and prepare them for good Christian citizenship. The speaker was introduced by Lieut. Alex Upham and thanked by L/C. Geoff. Camp, Captain J. Howard Richardson was chairman of the evening.

At the inspection which followed, Flt. Lt. S. Stone, chaplain of No. 1 Wireless School, accompanied by his adjutant, P/O. T. H. Sterling made a review of the ranks and in his remarks to the boys lauded them on their splendid appearance and steadiness.

The glistening brass of the belts and caps he remarked brought back happy memories of the days when he served in the ranks of the Church Lads Brigade in Newfoundland. He urged the boys to keep up their high standard of efficiency as it would help them greatly in later life.

A drill demonstration was given under Sgt. Paul News (R.A.F.) and after the elimination of all who were inaccurate in their movements Private Ian Campbell remained last man up and was awarded a Boy's Brigade Jubilee polo shirt. Later in the evening he was elevated to the rank of Lance-Corporal for his general efficiency and will become second in command of Squad 2.

A variety program consisting of musical items, dramatic skits and display of first aid, camp life and camp-fire programs, followed, presided over by Mrs. C. S. Forrest, who also played the piano accompaniments.

At the close of the evening the following awards were made: Camp Trophy, Corp. Jim Wright; a miniature replica of this trophy was presented to the runner-up, L/C. Robert Eastwood for his good sportsmanship.

Christmas card campaigners received the following awards: Cpl. R. Burris (1st prize) camp knife; Cpl. J. Wright (2nd prize), hockey sweater; Sgt. E. Goring (3rd prize) polo shirt; L/C. R. Eastwood (4th prize), sweatshirt; Pte. Jim Dugan (5th prize) polo shirt. Pte. Manley Burris was awarded a camp-knife for having come first in calendar sales.

Membership campaign crests were awarded to Sgt. E. Goring, Ptes. M. Burris, I. Campbell and J. Dugan. The swimming challenge medal won by Pte. Don Duncan, was presented by W. A. Drummond and P/O. T. Sterling and Dr. T. A. Wilson gave out the other awards.

CANADIANS CHASED ROMMEL

These two Canadian airmen among the fighting fliers of the United Nations who helped light the fuse that exploded Hitler's pipe-dream. They were part of a bomber crew which flew with the air forces, keeping Rommel's Afrika Korps in frantic retreat. Advance Canadian personnel have arrived in North Africa for special training. The National Film Board's latest film in the CANADA CARRIES ON series, "PINCERS ON AXIS EUROPE," gives a full report of the North Africa operation, from the landing of the vast United Nations force to the race across the desert after Rommel's fleeing army. Importance of the move to the United Nations offensive, in its relationship to the struggle on the Russian front is dramatically presented.

C. A. deL. Harwood, K.C., Retires From C.N. Railway Post

Well-known French-Canadian is Westmount Resident — Two Appointments Follow

C. A. deL. Harwood, K.C., chief solicitor of the Quebec lines of the Canadian National Railways, has retired from that position which he occupied since 1923. On the eve of "his retirement Mr. Harwood was guest of his associates of the Law Department of the National Railways and received from them a testimonial of their friendship in the form of a Victory Loan war bond. The presentation was made Saturday by J. P. Pratt, K.C., regional counsel, and an appreciation of Mr. Harwood's services was voiced by E. E. Fairweather, K.C., chief counsel for the system. Mr. Harwood's home is on Argyle avenue.

Following the retirement of Mr. Harwood it is announced that Lionel Cote has been promoted as chief solicitor, Quebec lines, with office at Montreal, and that Chateaugay Perrault has been appointed assistant solicitor at Montreal.

Charles Auguste deLobiniere Harwood, K.C. born at Vaudreuil, Quebec, is a descendant of families who greatly contributed to the development of Canada under the French regime and under the new order long prior to Confederation. The Lobiniere-Harwoods are the oldest branch of the Lot-

binere family which early held seigneurial rights in French Canada. Related families are those of Masson and Mackenzie. Supported by a family background so strong in tradition, Mr. Harwood has maintained a keen interest in historic affairs, and is the author of "Fort Garry Convention of 1870", and other monographs. He is an active member of the Navy League of Canada and during the First Great War was secretary for naval recruitment in the Province of Quebec. Mr. Harwood graduated in arts from Laval University, Quebec, and in law from McGill at Montreal.

Lionel Cote who succeeds Mr. Harwood, is a native of Cap Chat, Gaspé. He is a graduate in arts of St. Dunstan's, Charlottetown, P.E.I., and in arts and law of Laval at Quebec. He joined the Canadian National Railways in 1931.

Chateaugay Perrault, born at Arthabaska, Que., is a graduate in arts and law of the University of Montreal, passing with distinction. He studied international law at Harvard. Mr. Perrault is a lecturer in civil law at McGill University. His father, Judge Gustave Perrault, is Chief Judge of Sessions at Montreal.

Lorne Pickering First Blood Donor

J. Lorne Pickering of Arlington avenue was first on the scene to give a blood donation at the new clinic which opened last week at George Esplan School in Lachine.

Mr. Pickering, who is production manager for Burroughs-Wellcome Company in Montreal, is also president of Montreal Westward Rotary Club under whose sponsorship the blood donors' clinic was brought into being, chiefly as a convenience to willing donors who found the journey to the first clinic on Bishop street, Montreal, too much for the limited time at their disposal.

Local ration boards now functioning in 500 odd key communities across Canada are setting up distribution centres where people may call for their Ration Book No. 2 in thousands of strategic centres, he said.

Details of the specific dates, places on which books will be available in each community, will be announced locally, but will take place between February 19 and March 1.

The Ladies' Aid Society of Melville Presbyterian Church are holding a Valentine tea from three to five o'clock on Friday, February 12, in the church hall. A programme has been arranged, which includes a sale of home cooking and aprons.

Communicable Diseases Red Cross Nursing Topic

Dr. F. M. A. McNaughton, Westmount Medical Officer of Health was the guest speaker at the Monday evening session of the Westmount YMCA Red Cross Home Nursing Course. The topic was, "Communicable Diseases." The final session of this series of classes will be held at the local 'Y' on Monday at 9 o'clock. The subject will be, "Care of the Mouth and Teeth". There will also be a general review period.

Board Announces New Ration Book Coming Shortly

Conditions Governing Issuance of Second Volume Are Explained

The second ration book covering tea, coffee, sugar and butter will be issued shortly from the office of the Local Rationing Board in Victoria Hall, according to an announcement from the board. The date and hour on which the books will be distributed will be announced later.

To obtain the new ration books citizens will present their old ration book with the application properly filled in, the form for which is in the back of the book. Citizens will then be given their new book and the old book will also be returned to them as there will still be coupons which can be used.

It will not be necessary for each individual to apply for the new ration in person. One person may present cards for himself and others in his household.

All the work is being done by volunteers. By personally picking up their No. 2 ration book at issuing centres now being organized, Canadians will save themselves more than \$500,000, according to L. B. Unwin, administrator of consumer rationing.

There are almost 12,000,000 persons in Canada, each with a ration book, he explained. "If the new books were to be mailed," he added, "everyone would first have to send in the application card from the back of the first book. Postage on each of these would cost the country 12,000,000 cents or \$120,000,000. On top of that is mailing out ration book No. 2 to each of the applicants.

"The tremendous task of handling 12,000,000 applicants and 12,000,000 ration books would severely tax the already overburdened post office system."

Local ration boards now functioning in 500 odd key communities across Canada are setting up distribution centres where people may call for their Ration Book No. 2 in thousands of strategic centres, he said.

Details of the specific dates, places on which books will be available in each community, will be announced locally, but will take place between February 19 and March 1.

Christian-Jewish Gatherings Held In Synagogue Here

Semite and Gentile Speakers Urge End to Barriers in Talks at Temple Emanu-El

On Monday Professor Jacob R. Marcus was the guest lecturer of the second annual institute on Judaism held at the Temple Emmanuel. At the morning session, Professor W. A. Gifford of the United Theological College presided and Dr. Marcus spoke on "The Life and Times of Jesus from a Jewish Standpoint." An interesting discussion followed.

At the luncheon, Dr. Stern presided. Thanks were offered by Rev. Dr. E. Leslie Pidgeon, Rev. Dr. M. F. McCutcheon, Minister of First Baptist Church, delivered an impressive message calling upon Jews and Christians to break down the barriers and walls which separate, and labour together in the spirit of our common roitage and our common responsibilities.

He pointed to such gatherings as that of the Institute as a goodly effort in the cause for mutual understanding and amity.

Among others who brought greetings at a luncheon were Dr. John S. Astbury, Principal of Baron Byng High School; Rev. Dr. Wm. Orr Mullan, Moderator of Presbyterian Synod; and Rev. Dr. F. W. Kerr, minister of St. Andrew's United Church.

At the afternoon session, Professor W. A. Ferguson, principal of Diocesan College presided and Dr. Marcus spoke on "The Wandering Jew." Discussion followed in which many participated.

At the conclusion of the day's sessions, Rabbi Stern thanked the sponsors and all those who had contributed in having made the Institute the success that it was. Immediately following the luncheon, Dr. Stern paid tribute to the late Arthur Carlisle, Bishop of Montreal, who last year was one of the sponsors of the Institute and the guest speaker at the luncheon.

Among those who attended were: Rev. G. L. Hurst, Rev. Dr. W. A. Gifford, Victor E. Gartz, Mrs. Elsie R. Smith, Mr. A. E. Levesque, Rev. Stanley S. Smith, Rev. W. F. Riding, Mrs. Riffle, P. Astbury, Rev. Edmund J. Thompson, Mrs. M. T. Hoslam, Miss Janet M. Dossay, Rabbi Dr. David Weiss, Rev. Dr. Wm. Orr Mullan, Rev. James R. Simpson, Rev. Cyril H. Adair, Rev. Robert G. Katsunoff, Rev. Lloyd Smith, Vladimir Grossman, Rev. Harry G. Tuttle, Rev. W. Aldworth Ferguson, H. M. Caiserman, Professor R. B. Y. Scott, Rev. H. Este, A. M. McPhee, Dr. N. Jonas and Dr. John Hughes.

The speaker then stated that there was one institution in the community common to all children—that is the school. As home conditions change "the things about which the school needs to concern itself also change" and he charged the teachers with being "years late in recognizing the problems and obligations brought about by modern conditions". He then outlined "two broad procedures" which he said had been followed by all "forward-looking schools".

The first was that of "group effort" as opposed to individual study, the second in "relating instruction to the interests of the pupils and the important features of their environment". Lastly he suggested revolutionary methods with regard to relaxation of examination and marking systems and emphasized the necessity of realization by both the community and parents that for many children "the best education does not lead to matriculation with its present somewhat narrow and very exacting standards".

At the conclusion of the day's sessions, Rabbi Stern thanked the sponsors and all those who had contributed in having made the Institute the success that it was. Immediately following the luncheon, Dr. Stern paid tribute to the late Arthur Carlisle, Bishop of Montreal, who last year was one of the sponsors of the Institute and the guest speaker at the luncheon.

Among those who attended were: Rev. G. L. Hurst, Rev. Dr. W. A. Gifford, Victor E. Gartz, Mrs. Elsie R. Smith, Mr. A. E. Levesque, Rev. Stanley S. Smith, Rev. W. F. Riding, Mrs. Riffle, P. WESTMOUNT, THURSDAY, FEBRUARY 4, 1943

KEEPING APPOINTMENTS

FROM A BLOOD DONOR STATION comes the shocking news that forty per cent of the prospective donors fail to keep their scheduled appointments. Either they are late, or don't show up the day promised.

How does it come that so many people are indifferent about appointments? When these same people hold a \$3 ticket for a hockey match or a theatre, they manage to be in their seats on time. It's their own money, and everybody is fairly diligent in looking out for himself. Ordinary consideration for the other fellow would seem to command us to keep appointments, at least in these days when the time of everyone is precious.

BOY SCOUT WEEK

BOY SCOUTS AND WOLF CUBS from this district, along with nearly 100,000 in all of Canada, will be observing Boy Scout Week from February 21 to 27. It is fitting that this annual observance should commence on the Sunday nearest Lord Baden-Powell's birthday, with services of commemoration for the founder of the movement. Baden-Powell is no longer with us, but the inspiration of his great life and work will remain so long as there is a Boy Scout or a tiny Wolf Cub to carry forward the magnificent idealism that he bequeathed to the world.

It has been said that Baden-Powell made a greater contribution to the youth of the world through the Scout Movement than any other man in world history. Certainly few men have influenced the lives of so many. It is estimated that since the Boy Scout movement came into being in 1908 no less than 25 million boys have passed through its ranks. At the present time there are three million boys, in nearly forty countries taking part in the Scout programme.

THEY CAN'T UNDERSTAND US

PERHAPS IT IS ASKING too much to expect the German mind to comprehend the Anglo-Saxon. Give the sausage-eaters all due credit for military brilliance and thoroughness. Hand the laurels to the military brilliance and thoroughness. Hand the laurels to the Japs for craftiness. Neither nation understands the stuff Anglo-Saxons are made of. And you can't blame them for finding us incomprehensible, for we often baffle ourselves.

Our enemies have noted that we quarrel vigorously—especially over politics. They have heard that our workers hate their employers. They judge from our magazines and movies that we all go south in the winter or live in steam-heated apartments. Naturally they assumed that a little agitation would start a war between our employers and employees, disrupting our production of guns, tanks, and planes. They thought we would never voluntarily give up automobiles, holidays, or food. They could never imagine us training millions of men to fight.

Yes, we were soft. But it takes only a half-minute of furious anger to wipe out sentimentality. And they did not understand that we were proud and traditionally courageous. When Germany and Japan had the nerve to attack us, they stirred our blood and straightened our spines. "Who do they think they are?" we said, rolling up our sleeves. . . . There isn't one Britisher or American in a thousand who believes we can be licked—by anybody. The Axis asked for trouble. They are going to get it.

A Lecture on CHRISTIAN SCIENCE

by Earl McCloud, C.S.B., of San Antonio, Texas
CHRISTIAN SCIENCE: ITS RESTORATIVE MISSION
Member of the Board of Lecturers of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

Never has the world been more in need of a restorative agency than today. Material sense is shrieking that destruction is stalking the earth and bringing it to a state of devastation from which it will never recover.

Discouragement and desperation sit at the council tables of the nations, crying to them: "Where is your God?"

Those who consider themselves wise in this world's wisdom seek to answer this query with some philosophy or ism, forgetting that deeply significant prophecy of Isaiah concerning the coming of Christ Jesus, of whom he said: "The Spirit of the Lord God is upon me, because the Lord hath anointed me to preach good tidings unto the meek; he hath sent me to bind up the broken-hearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound; to proclaim the acceptable year of the Lord, and the day of vengeance of our God; to comfort all that mourn; to appoint unto them that mourn in Zion, to give unto them beauty for ashes, the oil of joy for mourning, the garment of praise for the spirit of heaviness; that they might be called trees of righteousness, the planting of the Lord, that he might be glorified."

In Luke's Gospel we are told that Jesus read aloud in the synagogue at Nazareth this prophecy, and acknowledged its application to himself and his work in these words: "This day is this scripture fulfilled in your ears."

Works of Restoration: Later, in Mark's account, as Jesus is about to be separated from his disciples, he tells them of the works of restoration he is intrusting to them in these words: "And these signs shall follow them that believe: In my name shall they cast out devils; they shall speak with new tongues; they shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick, and they shall recover. . . . And they went forth, and preached every where, the Lord working with them, and confirming the word with signs following."

And these were the tests our Master set for those primitive Christians, the works of restoration they must do to prove themselves in truth his faithful followers.

Right Sense of Duty: How grateful all should be for the teachings of Christian Science, which have restored to the world a right sense of Duty! Not only a God afar off, but a God at hand. A God who is everywhere present, everywhere all-powerful, everywhere all-knowing. A God who knows no evil, who sanctions it not; who says to the man of His creating: "You are free, whole, perfect, strong, intelligent, healthy, prosperous, progressive, and forever at peace with thy brethren."

This God—the only God—the God of Abraham, Isaac and Jacob; of Moses, Elijah, and Elisha; the God of Isaiah, Jeremiah, and Malachi; the God taught and exemplified by Jesus and his disciples, is just as available today as He was centuries ago. Now, as then, He it is, as the Psalmist sang, "who forgiveth all thy iniquities, who healeth all thy diseases; who redeemeth thy life from destruction; who crowneth thee with lovingkindness and tender mercies." Not a God of battles, not a God of disasters, floods, storms, and earthquakes, but that God who speaks today, as of yore, through the "still small voice" of Mind. The God who loves all mankind and who, relied upon, will lead all mankind in the ways of Love, and away from the ways of hatred, malice, revenge, envy, jealousy, and resentment. The God who is always available, always wise, always just, always on the side of that which is right and good.

The Prodigal Son: Mortal man believes it to be possible to separate himself from God, and to take up an independent course of action; to think, and speak, and act for himself, without recourse to the divine Mind for inspiration or direction. He believes he can go his own way of materiality and ignominy if he so pleases! But, can he? In the fifteenth chapter of Luke, Jesus tells about the prodigal son. In the light of what has just been said, let us look at this story, remembering that it is a parable, and not the story of a real person, although incidents similar in every way have been enacted over and over again.

Mary Baker Eddy was from early childhood a student of the Scriptures, a searcher for something better and higher than was afforded by the religious teachings of her day. Like Abraham, when he went out of Ur of the Chaldees, she "looked for a city which hath foundations, whose builder and maker is God."

Linked with this study was her search for health and the means of attaining it. This led her to investigate the various schools of medicine, finding in them scant comfort and little relief. In the year 1866, she suffered a fall upon an icy street while living in Swampscott, Massachusetts, from the results of which she was not expected to recover. Her nearest friends gathered about her, but, looking for her imminent death, retired to a near-by room, leaving her to herself. Taking up her Bible, always near at hand, she opened to the ninth chapter of the Gospel according to Matthew, and read the account of the healing of the palsied man. In her extremity of human need, her study of this incident led to such a flood of light that she was instantly healed, and, a few moments thereafter, appeared fully restored, among her friends in the adjoining room, much to their astonishment.

Not content to profit alone through her discovery, our revered Leader unselfishly spent years in searching the Scriptures in her effort to discover the Principle back of her own restoration to health, in order that all the world might share in this great boon.

This spiritual exploration led, in 1875, to the publishing of the first edition of Science and Health, but not before she had thoroughly tested and proved its every text by healing all manner of disease and discord by the rules laid down therein.

This textbook has restored to countless thousands the Bible as the chart of life, a book of rules whereby to work out the problems of their human existence. So many of these had come to look upon this priceless volume simply as beautiful literature, or as the history of a race of people and a chronicle of their religious progress. Through its study in connection with Mrs. Eddy's writings they have come to see that here are practical teachings which can and will lead them out of many an Egypt and through many a Red Sea of evil.

No greater man has lived on this continent than Abraham Lincoln. This man of the Gettysburg Address and the Second Inaugural has come very close to the Christian God. We see in him those virtues without which we cannot build. He belongs to the ages—to all people because, like our own Shakespeare, Lincoln represents the universal man. The sermon on Sunday night ought to be of special interest to Americans. At the morning service Mr. Godel will preach the second in a short series of sermons on "Portraits of the Master" taking as his theme "The Compassion of Jesus." Following the evening service the young people have planned a "Fireside" to which all young people in the community are cordially invited.

CALVARY CHURCH NOTES

The services in Calvary United Church, on Sunday next, will be held at the usual hours. Church school in all departments, including organized classes for senior boys and girls at 10 a.m.

The service at 11 a.m. will be conducted by the pastor, Capt. Rev. T. W. Jones, M.A., D.D. This will be the annual service of dedication for all church officers, both those newly appointed at the annual meeting held on Wednesday, and those previously confirmed in office. A special form of responsive service will be shared by all members of the congregation. The sermon to be delivered by Dr. Jones will be based on the theme—A Prayer for every Christian to use daily: O Lord, revive Thy work. The preaching service will be followed by the Communion of the Lord's Supper and reception of new members into the fellowship of the church.

The regimental newspaper of a Canadian unit stationed in Newfoundland offers this: "When I quit this mortal shore, And more round the earth no more, Don't weep or sigh, and please don't sob, I may have struck a better job."

Don't tell the folks I was a saint, Or any old thing that I ain't. If you have jam like that to spread, Just hand it out before I'm dead.

The Young Worshipper's League will also be held at 11 o'clock and the Mission Band following the children's part in the public service. Miss Margaret Robertson is in charge of the Young Worshipper's League and Mrs. A. Malkin in charge of the Mission Band.

The guest preacher at the evening service at 7:30 p.m. will be the Rev. George F. Dewey, M.A., B.D., pastor of Rosedale United Church, whose subject will be "Are you robbing your child?" Mr. Dewey is the Chairman of the Montreal Presbyterian Committee on Christian Education. He will be assisted in the conduct of worship by members of Calvary Church school staff, and also by Miss Hilda Simms, B.A., field and office secretary for Christian Education in the Montreal and Ottawa Conference of the United Church of Canada.

The Young People's Union of Calvary will hold a special program, to which all are invited, on Monday, at 8:15 p.m., when Mrs. R. B. Ash will present colored moving pictures of A Trip Around the World. The cultural committee convener, Miss Pat Runte, will be in charge.

The Red Cross Group will meet on Tuesday at 10:30 a.m. to 4 p.m., with the evening group meeting at 7:30 p.m.

The monthly meeting of the Women's Missionary Society will be held on Wednesday at 8:15 p.m. The speaker will be Mrs. F. N. Stephen, who will give an illustrated lecture on "The Church in the City Streets". All the ladies of the congregation are heartily invited to attend.

A very special function will be held on Thursday, at 2:30 p.m. in the parlours of the church, when a Valentine tea will be given under the auspices of the Women's Association. The president, Mrs. J. Heron, will preside. Miss Douglas, of Cedar Avenue, Westmount, will present a beautiful travelogue of lovely British gardens, using coloured moving pictures taken by herself. Many of these charming scenes were destroyed by the ravages of the German blitz during the Battle of Britain. Fortunately these beautiful films can still portray the loveliness of the homeland to all who are privileged to see them. Mrs. Hay Finlay will provide the musical program of the afternoon.

The monthly Communion service of the Westmount Baptist Church will take place at twelve o'clock noon on Sunday. At the morning service the sermon theme will be: "Living as the Offspring of Light—Recreating Thoughts for Fatigued Hearts". At the evening service Dr. Johnston's sermon carries the title: "Through Mist, Spume and Spray—The Comrade who comes across the White Caps". The choir, under the direction of Mr. Godel, will sing: "Fierce Raged the Tempest".

The midweek assembly of the congregation takes place each Wednesday evening at eight o'clock. These inspiring gatherings are open to all who care to attend.

The Sunday School has its meeting each Sunday afternoon at three o'clock. The Spring Festival of the school will be held on the evening of Friday, February 12th. Mr. S. C. Simpson is the superintendent and Mr. Dugald Nasmith has charge of the programme.

An interesting meeting was held last week by the Westmount Division of the C.P.C. at which Lt.-Col. Dr. J. Keith Gordon was the guest speaker. PROVOST CORPS CREATES BIGGEST UPSET OF YEAR BY WIN OVER WIRELESS

Sgt. Eddie Butler's No. 14 Provost Corps team from the Westmount Barracks created the biggest upset of the season in the intermediate section of the Westmount Municipal Hockey League on Monday evening when they eked out a 2-1 win over the R.C.A.F. No. 1 Wireless School. This was the Provost Corps' first win of the season and it marked the first defeat for the front running Airmen. In the other game of the twin-bill, the R.C.A.F. No. 3 Training Command and the No. 4 Ordnance Corps battled to a one-all draw.

Costello opened the scoring for the Provost Corps in the first game, the goal coming in the first period. There was no score in the middle stanza but Gordon made it 2-0 for the army in the third period. The Airmen came back with Hill scoring on Higson's pass but the game ended before any more scoring could take place.

The Ordnance Corps held on to the runner-up spot in the loop standing when they held the No. 3 Command to a 1-all draw. The Airmen, scored first when George Scully counted on a soft shot that Haddon in the Army nets misjudged. Ed Holloway tied the score for the Army in the second period when he counted a goal after taking Dare's pass.

Another doubleheader is scheduled for next Monday at Loyola when the two Air Force teams, the Wireless School and the No. 3 Command meet at eight o'clock while the Ordnance Corps and Provost Corps battle it out at nine o'clock.

The standing of the section is as follows:

Team	W	L	T	Pts.
RCAF Wireless School	4	1	1	9
No. 4 Ordnance Corps	3	3	1	7
RCAF No. 3 Train. Com.	1	2	4	4
No. 14 Provost Corps	1	3	0	2

MIDGET ROYALS VICTORS OVER GOLDEN EAGLES

The midget Royals showed some of the hockey they are capable of when they turned back the Golden Eagles last Wednesday evening 5-3 in a scheduled midget game of the Westmount Municipal Hockey League. The Golden Eagles had caused a major upset in the first meeting of these two clubs when they hung a 3-2 defeat on their rivals but on Wednesday night the Royals were a determined lot, prepared to skate the Golden Eagles into the ice. This they did for two periods and sported a 5-1 lead at one time in the last stanza but they faded a bit at this point and the losers scored two goals to make the final score 5-3.

Bill Dryden, Ronnie Baxter, Frank Read, Jack McKissock and Warren Chippindale were the stars for the Royals. Dryden chalked up the first two goals of the game when he converted passes from McKissock on one occasion and then one from Baxter immediately after. Frankie Read also came through with a pair of goals, the first was scored in the first period after Dryden had tallied his brace while the second came in the middle stanza on a pass from McKissock. Chippindale scored the winner's other tally in the third period when he banged in Dryden's pass.

Pete Merrill, Ray Blinmore, Harry Cox and Geoff Messenger were outstanding for the Golden Eagles. Merrill played a stand-out game in the nets for the losers and it was his stirring work that kept the Golden Eagles in the game throughout the first two periods when the Royals were having things all their own way.

Ray Blinmore came through with his best game of the season to score the loser's first goal and assist on another. Messenger and Cox tallied the other two goals for the Golden Eagles.

The last two scheduled midget games are slated to be played tomorrow night, the Golden Eagles travel down to Staynor rink to play the Black Hawks while the Royals and Panthers hook up at Westmount Park. In the event the Golden Eagles and Royals end up tied for first place in the league standing, a sudden death game will be played on Saturday afternoon to decide the issue. Should this game be played and the result end in a tie, the first place berth will be decided by the "goals scored" method as the regular playoffs will commence on Monday evening when the second and third place teams meet at Westmount Park in the first game of a two game total goals to count series. The second game of this series will be played on Wednesday night also at Westmount Park. The winner of this series will then meet the first place team in a two out of three games series commencing on Monday night, February 15th. All playoff games will be played at Westmount Park.

Harry Cox of the Golden Eagles is still out in front of scoring list. Cox has twelve points, one more than Jackie McKissock of the Royals. Frankie Read of the Royals and Jim de Lalanne, Geoff Messenger of the Golden Eagles are also up around the top of the heap.

Physical Fitness Through Exercise And Diet

This is another in a series of health articles by P. M. McFarlane, Physical Director at the Westmount Y.M.C.A.

We demand a high rate of efficiency for all the mechanical inventions which are under our control, yet fail to take the necessary action when the human machine is functioning below normal. In the final analysis, the human element will determine whether or not we are going to win this war. Only by having people in perfect physical and mental health can we hope to have the courage, morale and initiative to see the war through to a successful conclusion.

Now is the time for you to act. Do not leave the task of getting into condition to the other fellow. For most, the effort will be a great one, but as part of your personal war effort, it should be considered of paramount importance at the present time.

In order to present key physical fitness hints, I will summarize a number of points which have been outlined in previous articles. The first essential in any program is to have a thorough physical examination by a competent doctor. If the examination reveals that the body is organically normal, a program of physical education can be set up according to your individual needs. Overweights must reduce the daily caloric intake, while underweights must increase the daily food ration, especially of the high caloric foods. But in the case of the over and underweights, daily planned exercise must be taken to increase the circulation throughout the body in an effort to keep the vital organs functioning normally, and to maintain the tone of the entire musculature. Exercise must be chosen as carefully as food, and must be performed in a definite order for best results. Too strenuous physical activity may do considerable harm if care is not taken to "warm-up" the body before the heavier movements are performed.

All food taken into the body should be carefully chosen. A well balanced diet whether it is in the high or low caloric bracket is an absolute essential in any physical fitness program. Quantity of food eaten is not nearly as important as the quality of it. The correction of postural defects should be the goal of all because poor posture leads to fatigue which in turn diminishes our efficiency to a marked degree. Weak muscles of the feet, abdomen, lower back, upper back, and neck should be strengthened with a resulting improvement in posture. Every weak spot in the body should be overcome.

At least six glasses of water must be taken daily to prevent dehydration of the body, and to keep the blood and lymph circulation at a normal level. Sleep is another essential. Without restful sleep the body cannot repair itself for the next day's work. Given a chance the body is a very efficient organism. We should therefore attempt to make certain that nothing interferes with its function.

HURRICANES STILL HEADING PEE WEE LOOP

Keith Laidley's Hurricanes remained at the top of the heap in the Prince Albert pee wee section of the Westmount Municipal Hockey League when they battled Jack Lunny's Skeletons to a 1-all draw in the feature game of the tripleheader staged at the Prince Albert rink on Saturday morning. The single point gained in this manner kept the Hurricanes one point ahead of the Skeletons and the Panthers in the section standing.

In the other games played on Saturday morning, the Panthers remained in the undefeated class along with the Hurricanes and Skeletons when they shut out the Flyers 2-0 while the Commandos sent the Aces farther down into the cellar when they plastered them 4-1.

Jack Watson tallied the Hurricanes' goal against the Skeletons while Palmer Strong counted the equalizer.

Donnie McDonald and Ken Black tallied twice each to lead Bob Lunny's Commandos to 4-1 win over Ted Tobias' Aces. Fingland scored the loser's lone goal. Freddie Thibodeau was the hero of the Panthers 2-0 win over the Flyers, Thibodeau accounted for both of Ross Gillingham's team's goals, one in each period.

The race for the section cham-

ampionship is very close with no less than three out of the six teams being undefeated as yet. This Saturday morning the Flyers who are in fifth place meet the high flying Hurricanes who are sitting pretty at the head of the league. This game will start at nine-thirty. In the second game the Lunny brothers will battle it out. Bob Lunny manages the Commandos who are in fourth place while Jack Lunny is the manager of the Skeletons who are in a second place tie with the Bruins. The Commandos-Skeletons game will start at ten-fifteen. The third game which is scheduled to start at eleven o'clock will see the Bruins play the Aces.

The standing of the section is as follows:

Team	W	L	T	Pts.
Hurricanes	2	0	1	5
Panthers	1	0	2	4
Skeletons	1	0	2	4
Commandos	1	1	1	3
Flyers	1	2	0	2
Aces	0	3	0	0

2nd Westmount Troop Beats St. Matthias

The 2nd Westmount troop, champions of the inter-troop section of the Westmount Municipal Hockey League, last year, started off this season in the same frame of mind by taking the St. Matthias team into camp 7-3 in their first league game. This marked the second straight loss for the losers.

In the second game of the week the Sea Scouts took over possession of first place by defeating St. Matthias 1-0 on Anderson's goal.

An effort will be made to pick up the postponed games which have yet to be played so that the Sea Scouts and the 2nd Westmount team are slated to play this evening at King George Park while on Tuesday the 2nd Westmount team will meet St. Matthias. Next Thursday, the St. Matthias and Sea Scouts team will play each other again.

CHANGE HELPS

Change of scenery is famous as an aid to athletes, and the National Hockey League is no exception. Since joining New York Rangers on November 29, "Hank" Goldup had scored seven goals and ten assists. In his first game in a Ranger uniform, he grabbed the winning goal. Goldup was secured from Toronto Leafs, where in the whole of last season he got only twelve goals. As a Ranger he stepped from thirtieth place in the scoring to fourteenth.

66 GUNNERS BEAT MAPLE LEAFS BY 3-1 SCORE

Pete Read's Gunners jumped back into the running for first place in the juvenile section of the Westmount Municipal Hockey League when they took the Staynor Maple Leafs into camp by a 3-1 score on Friday night. The Gunners had experienced an unexpected set back on Wednesday evening when they failed to ice six men for the game against the same Maple Leafs and so the Staynor team was awarded the game by default.

The Maple Leafs gave the Gunners a stiff battle but a goal by Corn Strachan in the fading moments of the game put the two points on the ice for the winners. The Gunners opened the scoring when Harold Fairhead counted one unassisted while Iain Fraser tallied the second counter on a pass from Jim Macaulay.

The Maple Leafs came within shouting distance when Stu McCowan tallied in the third period to make the score 2-1 but Strachan then came through with the winner's third goal, batting home Dave Harvie's pass in front of the nets.

The Gunners and Golden Eagles game scheduled for Monday evening was cancelled due to the snow. On Monday evening the Maple Leafs meet the Gunners on the Westmount Park rink while on Wednesday the Gunners and Golden Eagles are scheduled to hook up again.

Four players from the Golden Eagles dominate the scoring list with Eward Read, Donn Bussiere, Jim Macken and Frank Provost all up around the top.

The standing:

Syd Howe, crack forward of Detroit Red Wings, of the National Hockey League, figures he has registered eight triples in the Big Time.

66 BLOCK THOUSANDS for 9 hours, 11 minutes

Records show how passengers are delayed by stalled automobiles and trucks

58 without chains

Did YOU suffer, on account of any of these delays?

Or were YOU the CAUSE of any of them?

Were YOU waiting on some cold corner for "the car that never came," because it and others behind it were blocked down the line?

Were YOU late for work because the tram in which you were riding was held up, possibly without your knowledge, by a stalled vehicle?

Did YOU have to change cars, because your car was "short turned" on account of disruption of service?

Here are times, places, street car numbers and durations of delays. The list does not include hundreds of recurring lesser delays below 4 minutes, all reflected throughout the whole system.

Mr. Motorist, this is the reason we ask you—PLEASE—to equip your automobile or truck with chains immediately road conditions are bad.
