

# THE WESTMOUNT Examiner

VOL. XXXVII No. 4,

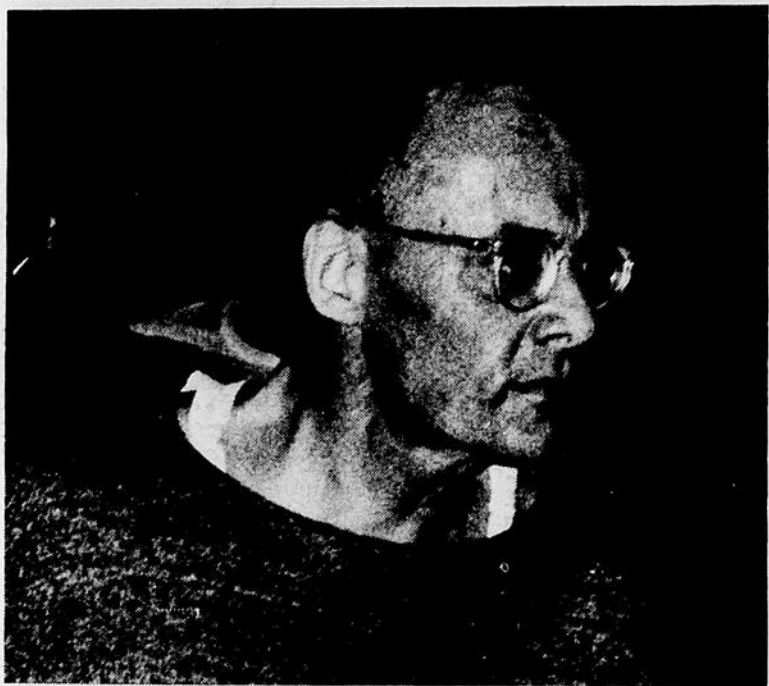

MONTREAL, THURSDAY, JANUARY 25, 1968

12 PAGES

5c

IT'S A LONG, LONG ROAD . . .

WHEN IT'S 100 MILES . . .

AND THE WAISTLINE BULGES A BIT

These members of the Westmount YMCA's 100 Mile Running Club were photographed as they ran around the gym to chalk up a few miles towards their century mark, as a part of the Y's physical fitness program. There are about 40 participants in the running club and in the 25 Mile Swimming Club.

## French course planned for kindergarten here

Starting in September, pupils at Westmount's Roslyn School will begin studying French at all grade levels, in an integrated program to begin with the kindergarten class, the Protestant School Board of Greater Montreal has announced.

Roslyn is to be one of three pilot schools in which changes will take place as a result of a motion passed by the board in October.

The others will be Mountrouze School in the east-central part of Montreal, which will have a series of Activist oriented demonstrations, and Rosedale School in nearby NDG, which will experiment with a non-grade program.

Beginning next September, pupils at Westmount's Roslyn School will learn French beginning in Kindergarten. Numerous experiments in the teaching of French will be considered, such as the use of structured courses and visual and oral aids.

"Two things must be emphasized about these demonstration schools," said Dr. Lorne Hamilton, Superintendent of Curriculum. "First, there will be full and complete teacher and

parent participation and consultation in all phases. Second, these represent additions to our programme of educational experiments. Hopefully, other schools will experiment with and work on Activist, Non-Graded and Integrated French programmes. Also, numerous other curriculum and administrative experiments under the

Curriculum Council will be maintained and expanded."

"One of the great advantages of the Mountrouze School experiment will be that we will be able to find any weaknesses that might exist in various Activist programmes, and correct them with minimum dislocation," commented Dr. L. Hamilton.

## 'Flu flees Westmount

The Asian 'flu invasion of Westmount appears to be in

retreat, with officials of the health department reporting a lessening of absenteeism this week.

Hardest hit by the bug has been the roads department, but even here the epidemic was not so great as to cause any curtailment of services. Everybody is back at work at the police department, health officials report, and if the back-to-work trend continues, complete normalcy should soon be restored throughout the city.

The impact of the bug, however, seems to be relative, depending on the observer's viewpoint. Although no figures are available, the deputy director of health, Dr. Monica Shackleton, hazards the guess that as much as 50 percent of the population may have been infected. "Of course," she amends, "I also have a private practice and all I see these days is 'flu. Perhaps I am getting a distorted view of the whole thing; it may be as little as 10 percent."

## School board's chairman quits

The resignation of Wesley H. Bradley, Q.C. as a member and Chairman of the Board of School Commissioners for the Municipality of the City of Westmount has been announced.

For Mr. Bradley, this terminates a nine year career as School Commissioner - four of which have been spent as Chairman. To note the occasion, the Board, at its recent January meeting, passed the following motion:

"Be it resolved that The Board of School Commissioners for the Municipality of the City of Westmount publicly express its gratitude and appreciation to Mr. Wesley H. Bradley, Q.C., for his untiring service to this Board for the past nine years (the past four of which he has served as its chairman), and to the community at large and the English-speaking sector in particular which, in the field of education, has spanned over a quarter of a century, and our hope is that he will continue to make available to the people of this province his ability, experience and judgment in the field of public education."

Mr. Bradley's contribution to, and interest in, education are considerable. As Chairman of the Protestant Committee of the Superior Council of Education, Mr. Bradley has been involved actively in the present era of educational reform and transition. This service has also been made evident on the Superior Council itself where he has been an active member. Mr. Bradley's resignation from the Westmount Board does not affect either of these positions which he continues to occupy.

As a member of various municipal co-ordinating bodies, Mr. Bradley has made available his services in the realm of educational planning for the Island of Montreal.

Mr. Bradley's seat on the Westmount Board is taken by Dr. John Elder.

As a member of various municipal co-ordinating bodies, Mr. Bradley has made available his services in the realm of educational planning for the Island of Montreal.

Mr. Bradley's seat on the Westmount Board is taken by Dr. John Elder.

The new Chairman of the Westmount Board is W. T. Wood.

## Avoid a heart transplant: start running, 'Y' invites

By ANDREW MacDONALD

Physical Director  
Westmount YMCA

Since the start of the 100 Mile Running Club and the 25 Mile Swim Club 1 1/2 weeks ago, participation figures have doubled. We started off with a total of 20 participants in both clubs and now we have over 40 participants; in the ranks of the participants are four Westmount

"Y" staff people. The reason for the clubs are twofold. First running and swimming are the two best exercises and are the only exercises which force the cardiovascular (heart and circulation) system to really work, and it is only through hard work that it can be strengthened (except now, by a heart transplant if you are so inclined). The second reason is because it is much easier for people to exercise on their own schedule than trying to make an organ-

ized schedule. Therefore, these clubs lend themselves quite easily to an individual's schedule and at the same time require little knowledge of exercise on the part of the individual except how to run and swim.

The first reason is the most important and, therefore, needs further expansion. The only link between the food we consume and the air we breathe to the muscles and tissues of the body is the circulatory system. This system depends wholly on

the heart. If the heart stops, then, the tissues die due to lack of food and air and, therefore, it is imperative that it be kept going. Because the heart is a muscle, it can be strengthened to work more efficiently, the same as the rest of the muscles of the body. The only two forms of exercise which can really exercise the heart to this extent is running and swimming. The second point about these two forms of exercise is they also aid the circu-

latory system in returning the blood from the lower regions of the body (legs and feet) to the heart.

Therefore, the Westmount Y.M.C.A. strongly recommends to all people to start running or swimming every day at a YMCA, otherwise, you may be the next headliner in the newspaper, "LATEST HEART TRANSPLANT STILL IN CRITICAL CONDITION". Do not wait for a transplant; you may die first.

## TV speeds police work

Westmount's traffic monitoring closed circuit TV cameras proved themselves last week, even as their merits were being discussed by the policemen on duty.

The time was 2.38 p.m., January 17. Sgt. Denis Campeau, on duty as desk sergeant, glanced at the screens in front of him as he and the other members of the force considered the value of these electronic gendarmes. At that instant, the camera watching

the Sherbrooke-Grosvenor corner obligingly recorded the collision between a taxi and another car.

Westmount's public safety forces swung into action, and within five minutes Jean Julien of Lacombe Avenue was in Queen Elizabeth Hospital, the damaged cars were off the street, glass and debris was swept up, and traffic was entirely normal.

Mr. Julien's injuries, to the left side, shoulder and leg, were not ser-

ious. Damage to his car was estimated at \$500, while the taxi, driven by Emile Wellisch of Dupuis Avenue, received an estimated \$1,000 damages.

Both drivers maintain that they had the green light in their favor, Westmount police report, despite the fact that one car was going north on Grosvenor and the other east on Sherbrooke when the crash happened. The matter is still unsettled.

Now, if the program had been in color . . .

## Interest in international affairs shown in activities at St. Paul's

At Saint Paul's Academy Hall a Parent-Teacher Association Meeting was held recently, following the distribution of first term report cards for the High School. The teachers were happy to see the large number of parents who attended this meeting.

The Student Council is once again busy drawing up the list of student activities for this year. The Council plans to supply the various clubs with a

fixed sum to cover their expenditures for the rest of the year. These include the Drama Club, International Club, and Basketball Team.

The Y.C.S. (Young Christian Students) is presently busy settling its affairs, after the spectacular Christmas Dinner, which include bills and reports. It is making a plan of action for the rest of the year, which will include excursions and other interesting events.

The students of Grade 11 who plan to further their education and attend college wrote the College Entrance Examination Board's Scholastic Aptitude Test (S.A.T.) on Saturday, January 13. The S.A.T. is a three-hour objective test designed to measure how well the students have developed their skills both verbal and mathematical. Although the high school academic record is the most important factor in determining acceptance into college, academic standards and systems differ widely among secondary schools, making it difficult to judge students' abilities on their records alone. The S.A.T. meets this requirement by providing a standard and uniform measure of academic ability, which permits colleges to judge accordingly.

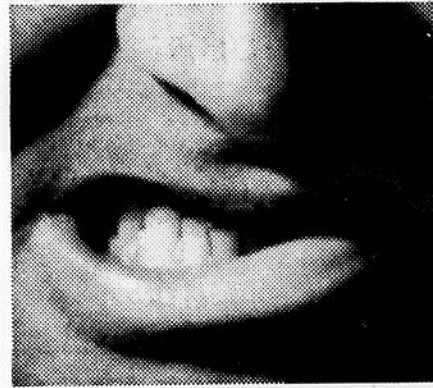

On Friday night, the Public Speaking Course, offered to Grade 11 students of Saint Paul's, Saint Leo's and Westmount High, by the Rotary Club, came to a close with a "graduation night". Both parents and teachers were invited to hear the students who had faithfully followed these courses; they spoke on topics of their own choice, demonstrating the public speaking ease and self-confidence that they have acquired during the past ten weeks of intensive professional training. Although the majority of participants was composed of students from St. Leo's, St. Paul's was well represented by Gail Ryan and Joanne Warren, who have both proven that they excel in eloquence. Gail Ryan's topic was "Modern Parents' Outlook on Fantasy" and Joanne Warren's was "Why I Am Proud to Be a Canadian". After the speeches, the students were awarded official Rotary Club Certificates.

Joanne Warren has been chosen to represent Saint Paul's Academy at the annual McGill Public Speaking Competition. We all wish her the best of luck and we know that the school will be well represented.

We wish to extend our congratulations to Mary Green, of Grade 11, for having been awarded second prize in an essay contest, sponsored by the Ladies of Dominion Douglas Church. The title of her winning essay was "The Christian Pavillion".

The girls of Grade 11 have recently received their school rings, ordered from Birks Company. We had decided that it

would be a better idea to order the rings earlier, so that they (Continued on page 11)

Now there are  
new ways  
to trap  
the monsters  
who make  
obscene  
telephone calls

Bell Canada is cooperating with law enforcement agencies, so that more and more of these monsters are now being apprehended.

Our engineers have developed sophisticated new equipment to track them down. And 2000 Bell people are specially trained to deal with the problem.

If you receive such a call, follow these rules. 1. Don't talk. (The caller wants an audience—don't be that audience.)

2. Hang up at the first obscene word; or if the caller doesn't say anything, or doesn't give satisfactory identification. 3. Call our business office if the calls continue—so our new equipment and trained people can help you.

## Rink of Rotarians is wanted

By E. C. GANNON

Past President and prominent Westmount Rotarian, Frank Starr, is still seeking another team to enter the 14th annual International Bonspiel now underway at the Alpine Inn, St. Marguerite. It will last for the next three days. He also urges all members and their friends to attend the popular event and will welcome calls from anyone wishing to attend.

Members attending the last meeting in Victoria Hall were treated to an excellent after dinner talk given by J. Ronald Woods, Research Director of the Kippen Company on the subject of investments. The speaker, an obvious expert in his field, dealt with on Corporate Management and Portfolio Management. He offered his

opinions on present day concepts concerning investment analysis and the probable future trends in stocks in general as seen in Canada and across the border.

Mr. Woods was introduced by John Sparling and given a vote of thanks by Bill Reay. The Westmount Club continues to be popular with visiting Rotarians as the roster showed attendance of two from Montreal-Westward, four from Montreal and two from the St. Laurent-Mount Royal clubs, all of whom were introduced by Bob Layton.

Nor birthdays were recorded last week although Jack Burrows can be sure of general congratulations this week as he celebrated his natal day on the

24th and in view of his 100 per cent attendance at meetings is due for hearty congratulations. Members reporting from out of town were Blair Jardine and Marc Hamel, the former having visited Rivera Beach, Florida, and the latter from Colorado

These two spectacular events mark the opening of St. Andrew's Youth Club in the new St. Andrew's Church at 101 Cote St. Antoine Road.

On Saturday, January 27, starting at 7:30 p.m. St. Andrew's Youth Club will sponsor a "Coffee Happening", using both the youth club area and the church auditorium for dancing, folk music, refreshments, fun, and a special ten minute NFB film called Toys.

The guest folksinging group for the evening is the M.O.C.K. Folksingers.

Admission for the dance-folksinging evening is fifty cents and there is limited space.

On Sunday, January 28, at 7:30 p.m., the M.O.C.K. Folksingers, a group of 40 young people from the Montreal area churches, will conduct a special folk service in the sanctuary of St. Andrew's Church. The theme of the service is "Canada".

Young peoples' groups from all over Montreal have been invited to this service, and everyone who is interested in a new form of worship experience is invited.

After the folk service, St. Andrew's plays host to its visiting young people with a coffee house session and special activities in the youth club and auditorium.

M.O.C.K. means "The Montreal-Ottawa Conference Kairos". KAIROS is the United Church young adult program.

St. Andrew's continues to occupy the musical stage with music classes for children 4 to 11 years of age, under the direction of St. Andrew's Christian Education Committee. St.

dents will be taught by Miss Marilyn Smith, A.R.C.T. (Toronto), L. Mus (McGill), A. Mus. (McGill), Orff Teachers' Course (Toronto).

The Orff Method, developed by Carl Orff of Germany is an unusual and revolutionary method for teaching music. It is

## We Say

### Influence of France comes to Westmount

It is obvious that anti-France feeling in the U.S., which is said to be slowing down sales of French goods in New York and other centres, hasn't got leading Paris merchants worried insofar as the potential market in this part of the world is concerned.

It is not simply because of the new wave of togetherness enveloping La Belle Province and La Belle France. Something more subtle here.

Such famous Paris couturier names as Loris-Azzaro, Celine Sorias, Prenatal and Carvil are soon to appear on shops here.

Here means not Montreal, but Westmount - this Anglo-Saxon bastion!

For such is the fascinating announcement of the proprietors of our exciting new Westmount Square development.

These names and others soon will appear on shops in the commercial area of Westmount Centre.

The taste and discrimination of Westmount shoppers is not to be overcome by any passing anti-Gaullist sentiment, if such even exists here.

### Tip to car drivers for comfort, safety

Here's a tip combining safety with comfort for those motorists whose car windows these cold days are lined with frost:

Ventilate.

First, for comfort. Your heater will work faster and more effectively with a window ajar, say one-quarter inch, preferably in the rear portion of the car. More warm air will be driven into the car interior by the heater fan if it can circulate and be expelled.

Then, safety. Warmed, circulating air as it leaves that opened window will carry with it the dampness in a cold car in winter and the moistness of the breath of driver and passengers, immensely reducing its deposit as frost on the windows.

In addition to ventilating, make a habit of knocking as much snow off your feet as you can before stepping into a car. Melted snow and damp carpets are great generators of moisture.

It's surprising how many people driving around town obviously have never realized how their car heater really works: on ventilation.

### Next week's weather

By ERIC NEAL

January 27 to February 3

Nights extremely cold. Temperatures easing in the south to bring a partial thaw, with freezing drizzle, soft snow and a sleet storm. Heavy snows in the Laurentians and a 10" or more blizzard in northern counties.

Improving generally from middle to end of week with well below zero nights. Mornings misty, with blowing snow. Afternoons mainly sunny and relatively mild.

TEMPERATURE RANGE: Southern counties, -15 and 45 deg. F.; Laurentians, -20 and 35 deg. F.; northern and Gulf counties, -25 and 30 deg. F. Ski slopes will have a little new snow on a 15 to 20" base.

## Bulletins from Birdland The true Canadians

Chickadees are true Canadians, whether the Brown-capped that breed in our boreal forests or the Black-capped with which we are much better acquainted. Both are to be found in Canada at all seasons.

Right across our country from Labrador to Alaska the vast northern forest is the home of the tiny Brown-capped to the limit of trees. Only when the population becomes too large for the environment to support do these 5 inch long birds leave their birthplace and put in an appearance near out settlements. Then they are inclined to come in large flocks and join bands of birds with somewhat similar tastes, such as Nuthatches, Kinglets, Brown Creepers, and Woodpeckers, as well as their own first cousins, the Black-capped Chickadees. Together they roam the winter woods.

Each kind has its own food preference. Both Chickadees feed mainly on destructive insects that breed in the bark of trees. Their winter fare is mostly made up of insect eggs, larvae, and chrysalids. When available, seeds of conifers and birches are taken as well as a little fruit. Actually, Chickadees count among out most useful birds, constantly aiding in conservation of our trees. Though such small helpers, the fact that they are at work all winter, preventing insect eggs from hatching makes them that much more valuable. Their intake throughout the long winter is great for their size.

Now and again one or two Brown-caps seem to get separated from their friends and are found at feeding stations. When they discover suet and seeds that can be had without hunting for them they are apt to stay around for some time - may be a month or two, before

going off with others of their kind.

The Brown-capped is easily distinguished from the Black-capped. It is duller, the dark and light feathers less clearly defined. Besides the cap, the sides are brown - or perhaps it would be more correct to say that they have a brown wash instead of a yellow wash like a Black-capped. The weak "Chick-a-dee" is given in a husky voice, the syllables long drawn out and slurred downward. Its "chip" notes are quite distinctive, sounding pettish.

Many of us are well acquainted with the Black-capped Chickadee's far carrying, happy-sounding, three-syllabled song that starts on a high note. It is odd for any Chickadee to have a real warble. However, this is true of the Brown-capped. We hope one comes our way this winter, although it would be just too much to expect it to sing for us.

## Unity Boys' and Girls' Club

Although the 'flu bug has hit some of the club personnel activities have been carried on as usual with very little evidence that any of the members have been smitten with the virus.

### CHESS

This game continues to be tops in popularity with games being played continually. We understand that Allen Bechard is staying up nights practicing so that his record won't be challenged.

### LIBRARY CLUB

Miss Barbara Halpern reports that the library is open every afternoon for members. The library contains many fine books which the members find most interesting and informative. Unfortunately many of the members do not realize the great advantage it is to be well read and do not take advantage of the great opportunity of having such a well stocked library right on the premises.

### GIRLS VOLLEYBALL LEAGUE

Unity's team were fortunate in being able to win over the Holy Cross Team in their first encounter of the season. This gave the team a great deal of encouragement but there is still room for improvement and more members. The scores were 11-6, 11-5, 11-3. Don't become over confident, girls, with your success but keep up the good work for your next scheduled game with The East End Boys' Club at East End.

We also have a Junior Volleyball team working out regularly so that they will be ready to join the league when age and experience permit. Miss Bonnie Maynard coaches this group.

### COSOM HOCKEY

This is a very popular game at Unity and we have a game scheduled with Holy Cross today with a return engagement scheduled for January 31.

### WELCOME TO NEW VOLUNTEERS

We are always most pleased to have new volunteers at the club as we find each one brings something new and refreshing

with him. It is with pleasure that we put out the welcome mat for Miss Leslie Broches and Mr. Bill Taylor.

By the way, the meeting held last week with the volunteers and members was most successful and will be repeated again. It is by meetings of this nature that we are able to ascertain the requirements of the members. After all, we are here to accommodate the members with any reasonable activity and if there is something new they would like to suggest we are only too pleased to hear of it.

### THE VICTIM

A very interesting movie was shown to our teenagers last week. This film, called the "Victim", was lent to us by the B'Nai B'Rith and had been compiled by the Anti Defamation League. The subject was prejudice, and how it developed in our great society. Mr. Joel Pinsky was scheduled to speak to the group afterwards but was unable to attend, but a lively discussion was led by Allen Bechard, Boys' Program Director. This was a forty-five minute documentary and proved most interesting.

### BASKETBALL PLAYERS

An urgent plea has been sent out to club members to show up for our House Basketball League. This event takes place every Tuesday night so please show up and make it a success. Speak to Allen Bechard for more details.

### Table Tennis Tournament

All Montreal Boys' Clubs have been contacted to enter Unity's Table Tennis Tournament which is taking place on Saturday afternoon, January 27. It is hoped that a good representation will turn out for this event.

PHILATELY

BY

Mark Weiner

In 1970 Australia will celebrate the 200th Anniversary of the discovery of the east coast of the continent by Captain Cook in 1770 with special postage stamps to commemorate this event. Stamp News, the monthly Australian stamp magazine has launched a world wide competition to find suitable designs for this 1970 issue. The competition carries prizes of more than \$600 and is divided into two sections, one for the adults and one for the juniors up to 18 years of age at the time of entry. First prize in the senior section is \$200 cash, while the first prize in the junior division is a special collection of 10,750 different world wide postage stamps with a \$100 retail value. The best designs in the competition will be submitted to the Stamp Advisory Committee of the Postmaster-General's Department, to be considered as possible designs for the stamps to be issued in 1970.

There are no entry fees or restrictions to the size or the number of entries, or in the art medium chosen by the artists. However, Captain Cook's discovery of the east coast of Australia must form the central theme of each entry. Here is a project for all you would-be stamp designers, the competition closes June 30, 1968 and entries must be mailed to Stamp News, Sterling Street, Dubbo, N.S.W. 2830, Australia. Good Luck!

The Christmas stamps issued by Dahomey Dec. 11 comprising four airmail stamps: 30 Fr. - Virgin and Child by Mathias Grunewald; 50 Fr. - The Adoration, by the Master of St. Sebastian; 100 Fr. - Adoration of the Magi, by Ulrich Apt the Elder; 200 Fr. - The Annunciation, by Grunewald, should turn out to be a good investment as these stamps are not readily available by many wholesale houses. Therefore, if you do not already possess this set, then now is the time to try and obtain it.

Hungary is another country issuing postage stamps to commemorate the 10th Winter Olympic Games in Grenoble, 1968. As in previous Olympic issues from this country, there will be a souvenir sheet comprising a part of the set. The sheet, a 10Ft. value, was issued during the last days of December and depicts an ice hockey goal keeper, and the Olympic, French and Hungarian flags. The remainder of the set, eight stamps, will be issued the end of January: 30f - rifle shooting on skis; 60f - figure skating pair; 1Ft - bobsledding; 1.40Ft - downhill skier; 1.70Ft - woman figure skater; 2Ft - speed skater; 3Ft - ski-jumper; 4.1Ft - covered stadium of Grenoble. The inscriptions are the same on each stamp and the sheet, "Xth Winter Olympic Games, Grenoble 1968." The set was designed by Adam Czizlenyi, graphic artist, and printing was by multicolor photogravure.

December 6 was the date of issue for a duo from East Germany to draw public attention to the products of the Popular Art of the peoples of the Erz Mountain region.

# Put your dime on the line is plea by March of Dimes campaigners

One million six hundred thousand dimes, 1,600,000 little ten cent pieces are sorely needed to meet the minimum needs of the Quebec March of Dimes for the Disabled. Under the auspices of the Quebec Command, Royal Canadian Legion the March of Dimes is asking the citizens of Greater Montreal and suburban areas to subscribe \$160,000 to its campaign which will be held from January 15 through 31. The campaign will culminate with the Mother's March on the evening of the 31.

Under the chairmanship of Lt-Colonel J. C. Dubuc CD and Bar, A.D.C., F.R.S.A. the campaign emulates the inspired first March of Dimes conceived by the late Eddie Cantor, by asking you to put your dime on the line and attempt to fill a 2 1/2 inch tape the length of the new Bonaventure walkway connecting Windsor Station, Bonaventure Metro Station and Place Bonaventure to Central Station. The first dime was put on the line by Mrs. Jean Drapeau, wife of the Mayor of Montreal, on the morning of January 15. In the first March of Dimes, held during the Great Depression dimes were strung across the length of the Brooklyn Bridge.

March of Dimes. The vast majority are paralysed children, whose braces and appliances need periodic changing to keep abreast of their normal growth and breakage. They also need the benefit of new and better equipment as it is developed, and they need constant therapy to help them lead normal useful lives. Unfortunately most of them will need our help for as long as they live.

Now, with polio mostly under control, the March of Dimes has taken to assisting in the care and treatment of hemophilia, cerebral palsy, rheumatism, multiple sclerosis, amputations and those accidentally injured at home, at work or on the road.

Members of the Royal Canadian Legion will keep a watchful eye on the line of dimes which will form daily throughout the run of the campaign. For those who cannot get to the Bonaventure Walkway subscriptions will be accepted at the Canadian Legion Office, 1253 McGill College Avenue. Tax deductible receipts will be issued for all subscriptions to the office.

Tel. No. 288-2062

It was money that was collected through the March of Dimes, that helped to finance the research of Dr. Jonah Salk and led to the discovery of the vaccine that has virtually eliminated polio.

Though new cases of polio are rare, there are thousands of patients who were stricken prior to the Salk and Sabine discoveries. Some 8000 cases are still on the files of the Quebec chapter of the

## Rotary rink

(Continued from page 3)

Springs, Colorado. These visitors from Westmount further help to publicize the city as they carry club banners from their local club to give as souvenirs to the clubs they visit.

In this respect it is interesting to note that Maurice Mariasine has been hard at work with his eager wife in preparing a display of colorful banners received from other clubs throughout the world whose members have attended luncheons in Westmount. These banners numbering in the hundreds come from all over the

world brought here by visiting members and exchanged for Westmount club banners. It is proposed to place them on display at a future date as soon as they are all classified as to countries and continents. Mr. Mariasine is anxious that any members who have additional banners of other Rotary clubs submit them for display. It will emphasize the international aspect of Rotary.

## Folksingers

(Continued from page 3)

a technique which instills into young children a sense of rhythm and develops the child's ability to create simple music. Developed in 1948, the Orff Method has gained international recognition and has placed Carl Orff among the foremost teachers of music around the world. The value of the method is in the fact that young children of little or no ability may be instructed.

Registration in the classes is limited to TEN per class; and class sessions are 45 minutes long.

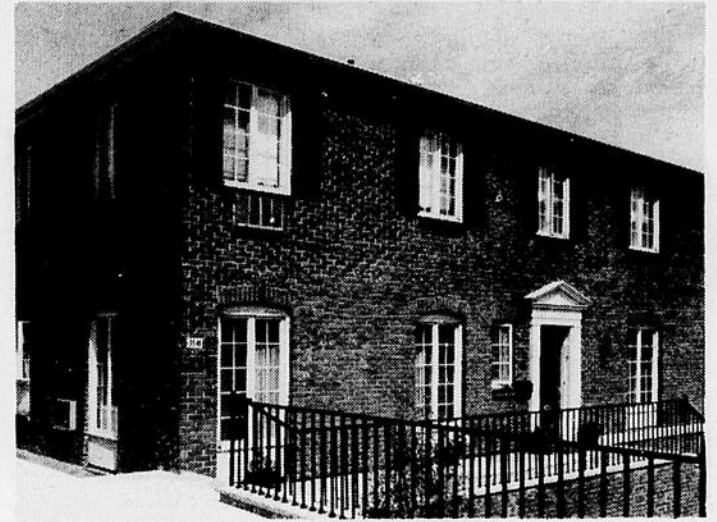

Information: 933-4280, 933-4289, 933-9719.

## St. George's wins

St. George's Curling Club swept to an easy 12-6 victory over Hastings-on-Hudson, N.Y. yesterday in the first round of the 14th annual Empire State Bonspiel.

More than 20 rinks from Canada and the northeastern United States are entered in the event.

Judaism for clergy and educators, which takes place all day Monday, February 5, has for its guest lecturers Rabbi Dr. Samuel Sandmel, Professor of Bible and Hellenistic Literature at the Hebrew Union College, and Dr. Monroe Peaston, Principal, Montreal Diocesan College. Co-sponsors, with Rabbi Stern, are Bishop R. Kenneth Maguire, Bishop Paul Gregoire, Bishop Timotheos Haloftis, Rev. Dr. Charles J. Adams, Dr. John S. Astbury, Rev. Father Irene Beaubien, Rev. Dr. C. Ritchie Bell, Rev. Dr. Rudolph J. Berlis, Rev. Dr. Richard Brosseau, Rev. M.J.D. Carson, Rev. Dr. J. A. Crabb, Dr. Pierre Decary, Rev. Dr. Francis Doxsee, Rev. Cyril W. Foggo, Rabbi Dr. Solomon Frank, Dr. Stanley Frost, Dr. Roger Gaudry, Dr. Henry Hall, Rev. Dr. Charles H. Henkey, Prof. John Hughes, Rev. Dr. Eric G. Jay, Rev. Dr. George Johnston, Dr. Raymond Klibansky, Rabbi Bernard Lefell, Rev. Dr. Robert Lennox, Rev. Leonard Mason, Rev. Dr. Miles F. McCutcheon, Archdeacon R. Kenneth Naylor, Rev. Dr. Elmer O'Brien, Rev. Dr. Rocke Robertson, Rev. Dr. Victor C. Rose, Rev. Dr. R. Douglas Smith, Headmaster Robert A. Speirs, Rev. Dr. James S. Thomson, Prof. W.L.G. Williams, Dr. Miles Wisenthal, Rabbi Seymour Zambrowsky.

An outstanding event in the Religious School program will be the visit of Rabbi Jack D. Spiro, newly appointed Director of Religious Education of the Union of American Hebrew Congregations.

**Westmount Baptist Church**

The minister, the Rev. J. Frank Patch, will be the preacher at both services on Sunday, January 28. In the morning he is continuing a series of sermons on "THE TEN COMMANDMENTS", the second of these is "THE IDOLATRY THAT DEGRADES GOD". In the evening the topic of his sermon will be "ME, MYSELF AND I".

The Church School meets on Sundays at 10 a.m. for seniors and 10:45 a.m. for primary and juniors.

The midweek meeting of the Church is on Wednesday at 8 p.m. for Prayer, Praise and Bible Study.

English classes for New Canadians are held on Monday evenings at 8 p.m.

The BYPU (ages 18 to 25) meets on Fridays at 8 p.m.

**St. Matthias'**

St. Matthias' Choir, under the direction of Aubrey M. Foy, Organist and Choirmaster, will sing CHORAL EVENSING at 4:00 p.m. Music of Purcell and Gibbons will be sung, with harpsichord and organ accompaniment.

At 9:30 and 11 a.m., in observance of Theological Education Sunday, the preacher will be Rev. Mark Beaufoy, Warden of the Diocesan College.

**Youth invited to Folk Service at St. Andrew's**

"THIS WAKING WORLD" is the title of the sermon at the Morning Worship Service on Sunday at 11 a.m. The Minister, Rev. E. A. Kirker, will conduct the service and give the sermon.

In the evening at 7:30 there will be a Folk Service in the sanctuary conducted by the M.O.C.K. (Montreal-Ottawa Conference Kairos) folk singing group, the theme of which is "Canada". Groups of young people from all over Montreal have been invited. Adults are also welcome.

The Church School will meet at 11:00 a.m. and the Crib Corner and Nursery will take care of young children.

**DOMINION-DOUGLAS UNITED CHURCH**

Next Sunday morning in Dominion-Douglas United Church the topic of Dr. Smith's sermon will be "The Man who demands a Verdict" and in the evening it will be "When Jesus is not wanted".

**Reason and revelation - reconciled**

The need for reason and revelation to be reconciled will be set forth at the services in all the Christian Science churches this Sunday, in the reading of the week's Lesson-Sermon on the subject "Truth". Bible selections will include this from Psalms: "God shall send forth his mercy and his truth. For thy mercy is great unto the heavens, and thy truth unto the clouds." Pertinent passages from the denominational textbook will include: "Disbelief to the discernment of Truth. We treat error through the understanding of Truth, because Truth is error's antidote" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

**RELIGIOUS RADIO**

A spiritual cure for alcoholism will be discussed on the next Christian Science radio program in the regular weekly series "The Bible Speaks to You" broadcast over Station CKVL (dial 850) every Sunday morning at 9.45.

484-1149

SERVICE MEASURED NOT BY GOLD BUT BY THE GOLDEN RULE

**H.A. Collins INC.**  
5610 SHERBROOKE STREET, WEST

# When hippies were in Flower

The conflict arising between two opposing ways of life provides the theme for this year's McGill University Red and White Revue production; "When Hippies Were in Flower".

A hippie opposes the incumbent mayor Charlie Roach in the mayoralty race of San Francisco. The conflict is precipitated when they mayor's son Tony Roach becomes first a spy and subsequently a sympathizer in the hippie camp. Further complications arise as two of the hippie supporters defect to the opposite camp, setting the scene for the election. Beneath the plot's idealism loom the realities of modern day society.

This year for the first time in the Revue's history the producer is a woman - Carolyn Miller. As early as last May she began interviewing the script and song writers. In her position as producer her responsibilities have ranged from selecting the players to managing the behind-the-scenes operations.

The two writers, Doug Druick and Steve Simon, are both former McGill students who are now studying in Toronto and London. For the fifth consecutive year, Walter Burgess, a professional Canadian producer is directing the show.

One of the twenty-six member cast is Marion Mindel of Clarke Avenue, Westmount. Marion, who is the lead singer in the play, plays the role of Sandra, the mayor's secretary, a friend and confidante of Tony Roach.

The Revue goes on stage February 1 through 10 at Moyses Hall. Tickets are now on sale at the University Center Box Office at \$2.00 and \$2.50. As the Red and White is a very popular annual event at McGill it is suggested that the tickets be purchased early.

## Contact needed by lone parents says psychologist

Dr. John Nash, Director of Psychology, Montreal Children's Hospital, was guest speaker at the third meeting of the newly formed Montreal Chapter of Parents Without Partners Inc., Jan. 18 at the Family Service Association, 4515 St. Catherine St. West.

Dr. Nash answered questions from the audience dealing with problems arising from bringing up children without the aid of a partner, be it either the mother or the father being absent from the family circle.

During his remarks, Dr. Nash pointed out that there seemed to be an urgent need for parents faced with the situation of single parenthood to have a place of contact, such as an advisory council or service, where they could discuss their problems.

"I hope that my being here tonight will result in the setting up of a service of this kind in liaison with P.W.P.," he said. "This type of counselling would be of benefit to the parents as well as the children," he concluded.

The next P.W.P. meeting will be a social evening, again to be held at the Family Service Association, Feb. 1, starting at 8.00 p.m.

## Holy Land film study

A "Study in Depth of the Holy Land" will be presented, in the form of a film loaned by Air France, tomorrow afternoon by the Westmount Women's Club. The meeting will be at 2.30 p.m. in Victoria Hall.

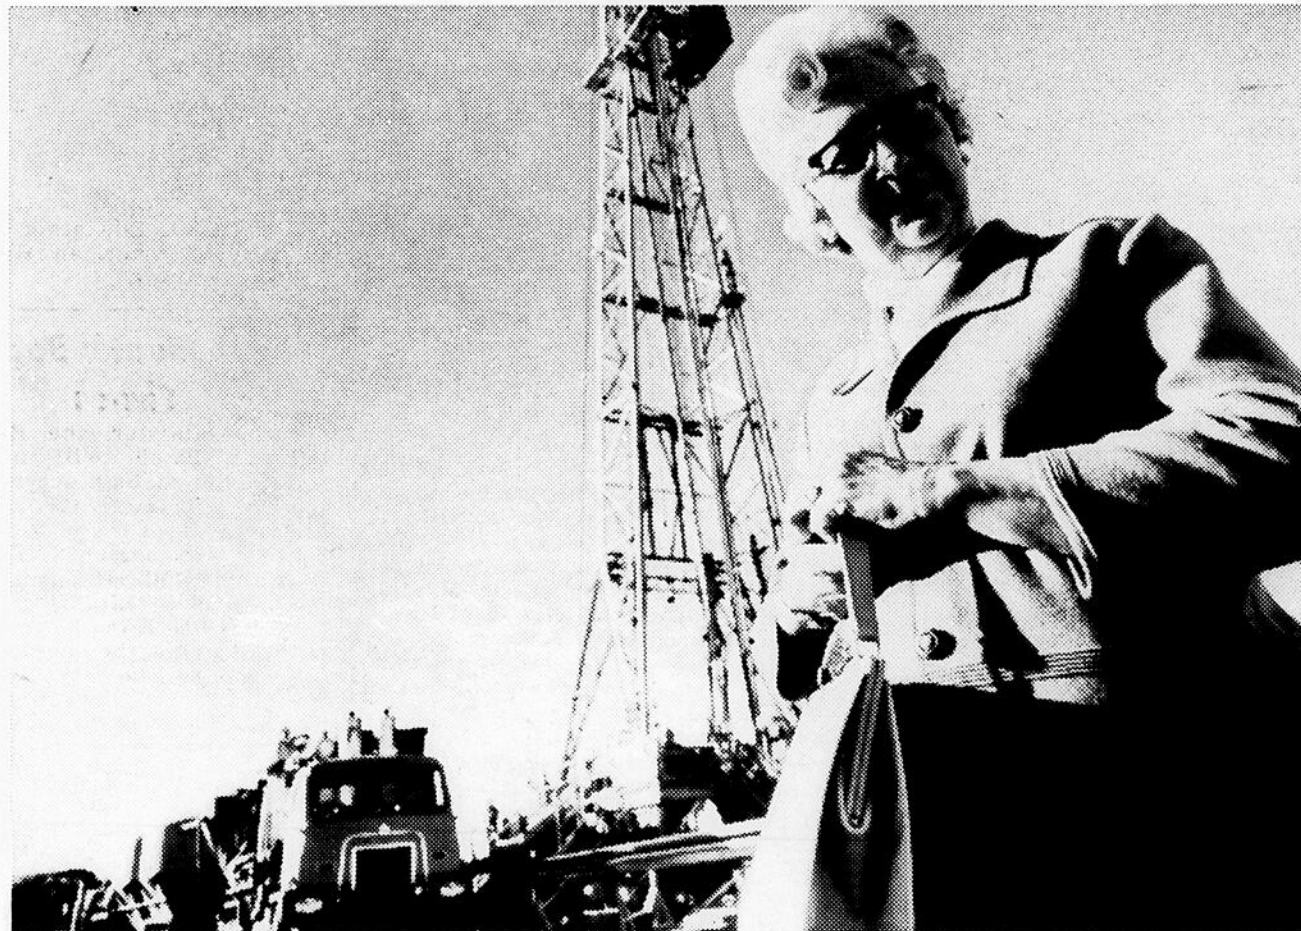

In the chair will be Mrs. R. T. Stackhouse, president.

LEAD SINGER - Marion Mindel, of Clark Avenue, Westmount, is seen at left with other members of the cast of this year's McGill University Red and White Revue, "When Hippies were in Flower". Miss Mindel is the lead singer in the play which can be seen from February 1 to 10.

## Eleanor Baldwin's late husband left her a family business and a two-year-old Cadillac.

## What's she doing in oil?

Mr. Baldwin had appointed National Trust executors of his estate. As a result, he left his wife with more than an old business and a used car. He left her under the care of a company that combined proven experience in executorship and estate management with a high reputation in the investment field. Under the supervision of our investment management team, the business was sold and all assets were evaluated. Then investment opportunities were sought and found—in oil, in mining, in manufacturing—wherever money would grow. Today, because of her husband's foresight, Mrs. Baldwin knows her financial security is assured.

As one of Canada's largest trust companies, National Trust administers over \$1,500 million of other people's money. All we do is make it worth more for them. Give us the opportunity to do the same for you.

**Younger Years at WHS Inter-school dance a record**

By VICKI PERCIVAL

"I could have danced all night" was the thought of many students as they left Westmount High after an event, the first of its kind in Westmount's history. Friday night saw the largest dance ever held in the school when 1,300 students gathered for the Inter-School Dance. The schools involved in this project were Westmount, which hosted the affair, Monklands, Wagar and Montreal West. Each of the schools sold

well over its quota of 300 tickets. For this important event the students were provided with two different bands so that no taste would be neglected. The Stacatos and Barthelomew plus Three were on the scene. Contributing to the mood were psychedelic lights. Flashing at intervals and changing colour all the time, they created a very hypnotic and sensational effect. So, when the witching hour arrived it was with sad hearts and sore feet that four schools said goodbye.

a film at Westmount which mixes pleasure and business. Under the auspices of the Care committee at school, the film will give an insight into the work of Care and its needs. To this event the admission will be a penny. Following this a meeting will be held and plans for a

(Continued on page 12)

For Westmount students, the dance was topped off by a ski trip to Mt. Echo. Saturday was the time for more activity and noise at Westmount as a busload of enthusiastic and tired skiers took off for the snow and hills. Despite several minor incidents everyone managed to get up and down the slopes. Mr. Luc was the helpful adviser and encouraging friend on this trip.

A new club, or rather a revival of an old club, is in its final stages of preparation. The natives are restless and their outlet will be through the Debating Club. This club, formed partly out of necessity (there were invitations for Westmount to debate) and out of the wish to be heard is already proving to be one of the most supported clubs in the school. Here's to la discussion à Westmount.

While the composers at Westmount are working on the Carnival Cheer, the artists are busy on their own work. If the spring thaw doesn't beat them W.H.S. sculptors will be out in the snow attempting to fashion a master piece out of a heap of snow. Class entries are being taken now and actual work should begin early next week. With all moving on schedule Carnival '68 should be a real success.

Students will soon be seeing

**Library displays closed shelf material**

This week's display at the Westmount Public Library consists of books from the Closed Shelf. Covering a wide range of subjects, the books indicate the type of materials available from the Closed Shelf. The display will end January 29. There is also a "Lost and Found" exhibit, consisting of items which have been found in and about the Library building.

Interested in histories? - histories of countries, institutions, movements, trends? The Westmount Library has quite a collection of books entitled "A history of . . .", covering a range of subjects from "A history of Africa south of the Sahara" to "A history of western morals." Some of the more provocative titles are:

A history of astronomy; from Thales to Kepler, by John L. E. Dreyer.

A history of everyday things in England, 1066-1799, by Marjorie Quennell.

## Interest in . . .

(Continued from page 2)  
could be worn during this year.

A dance was held in Saint Leo's Academy Hall this past Friday, and was a big success. It was sponsored by the Parent-Teacher Association and planned by the Social Committee

for both Schools. The group featured for the evening was "Simple Simon and the Piemen". The students of the High School wish to express their thanks to the Social Committee, which is doing a tremendous job of planning social activities. The English members of the Committee, from both schools, include: Nicole Gareau, Patricia Marks, Susan Roberts, Sheila

McCormick, Micael Galetti, Micael Radoman, Chris Darwent, and Bernie Lefebvre.

The students of Grade 8 published the first issue of their class newspaper, "The S.P.A. Journal". The Editor is Diane Portelance and assistant editor is Diana Schutz. Fea-

The Westmount Examiner, Thursday, January 25, 1968 - 11

tures include, Beauty and Popularity Tips, by Anne Van Der Walde and Lesley Norris; Fashions by Patty Ann Fernandes and Mary Fernandes; Rumour room by Donna Teatro and Dianna Schutz; Jokes by Gail Van Der Walde, Eileen Barry, and Louise Boyd; Dear Gabby by Jane Johnson and Anne Gravel; Students Comments by Mary Joy Bedford and Patty Anne Fernandes; Club News by Mary Fernandes and Nicole Lefebvre; Poems by Kim Farley and Gail Van Der Walde. Congratulations to the girls for their wonderful work. Proceeds will be sent to Cardinal Leger's Missions in Africa.

members were served Cuban cake and were invited to visit the exhibits displayed. The meeting resumed with Martine Del Giudice who outlined the history of Cuba from ancient times to 1900. Cathy Colvey then took over the history from 1900 up to the present. Sue Johnson then proceeded to discuss the government of Cuba. All the members were especially eager to discuss the communistic dictatorship and its effect on the country. Anne Murphy then examined the educational standards of Cuba and explained the various systems. Finally Joanne Warren the artistic side of Cuba. All drew from this meeting an enriching knowledge of Cuba, the "Pearl of the Antilles".

**Younger Years at WHS**

(Continued from page 8)

forthcoming fund-raising campaign will be discussed. This term, it is hoped, the efforts of W.H.S. will reach 'round the world.

ing and sympathy for their loss by ten points.

Representatives of Westmount will be seen on the television Wednesday night, January 25. While "victory did not shine for Westmount", a very close game did evolve during which Westmount showed its knowledge and interests. The game was "Reach for the Top", a CBC quiz program for high school students. Members of the school's team were Susan Patrick, Carolyn Pass, Michael Charness and Michael Rosen. Congratulations go out to them for their splendid show-

Sports are also keeping interest and fitness in at Westmount. The girls are in practice for the Gymnastic competition in February. Hockey and curling still continue to dominate the boys' free time.

This was intellectual week in the form of chess. In a tournament against L.C.C. Westmount emerged victors, winning 24 out of 30 games. Led by Victor Brott, President of the Chess Club, the team showed great potential and hopefully history will repeat itself at Westmount in the world of chess.

**SKI weekend only \$18<sup>25</sup>**

(per person, double occupancy)  
Plus tax and gratuity

**YOU GET THE MOST FROM YOUR SKI DOLLAR AT LE CHANTECLER**

- 2 toll-free days of skiing
- Free ski lessons Saturday
- Full course dinner Saturday night
- Overnight accommodation
