

MINERS THREATEN TO TAKE NATIONAL ACTION Queen Mary To Accompany King On Trip To Ireland

MINERS FAVOR A CONTINUANCE OF COAL STRIKE, AND NATIONAL WALKOUT IS NOW THREATENED

Subsidy of Ten Million Pounds from Government Likely to Lapse—Lloyd George States Offer Cannot Remain Open After Tomorrow Night—Miners' Executive Endeavoring to Get Support from Other Unions—Two-thirds Majority Required for Continuance of Strike Was Exceeded by 20,000 Votes.

(Associated Press Despatch.)
LONDON, June 18.—The striking British coal miners who decided by ballot, yesterday, against accepting the owners' settlement offer, this morning were given one more day in which to take the settlement steps which will assure them of receiving the ten million pounds subsidy from the Government to apply on wages. The action of the miners' executive committee in opening negotiations for the support of other unions, however, indicated that the subsidy offer will be allowed to lapse.

Mr. Lloyd George replying today to the notification given him by Frank Hodges, the miners' secretary, of the result of the ballot, stated that the Government had no option but to make final its decision that the ten million pounds offer could not remain open after tomorrow night.

This gave an additional day for the miners' leaders to consider the offer as the Government's offer was originally timed to expire tonight. The two-thirds majority required for continuance of the coal strike was exceeded by over 20,000 votes. Government time limit within which the State grant of ten million pounds must be accepted expires today.

The miners' ballot stands now 432,511 against abandoning the strike, to 183,827 in favor of doing so.

The men's leaders are placed in a difficult and anxious position by this vote and have not yet decided what course to take. The executive committee of the Miners' Union, which met this morning to consider the coal strike situation, decided to ask all the trades unions affected by the wage dispute to meet the miners' representatives at an early date with the object of taking national action with the miners to secure their mutual demands.

Secretary Hodges, of the Miners, said this implied a general strike if the other unions agreed. The members of the miners' committee left for their respective districts after the meeting had adjourned indefinitely.

The committee will not reassemble, it was said, until developments arise or the members are called together by their officials. Many thousands of miners who did not participate in the balloting, the result of which was announced yesterday, as decidedly against acceptance of the owners' settlement offer, as well as others who voted in favor of acceptance, are preparing to resume work Monday in response to notices posted at several pitsides announcing that the works would open tomorrow night according to advices from mining centres today.

In Warwickshire two collieries already are working while in the northern portion of the Nottinghamshire district and in the Midlothian district, the men are declared to be preparing to resume work.

ANOTHER EFFORT TO SETTLE THE IRISH QUESTION

Lord Buxton and Viscount Bryce in Favor of Amending Home Rule Act.

(Associated Press Despatch.)

LONDON, June 18.—Adjournment of the debate in the House of Lords yesterday after weighty arguments by Lord Buxton and Viscount Bryce in favor of amending the Home Rule Act and entering into negotiations with the moderate Sinn Feiners, together with the announcement that the government would reply on Thursday, brought out new peace rumors yesterday.

Suggestions are also made that advantage should be taken of the presence of the Dominion Premiers in London to make renewed efforts to reach a settlement of the Irish difficulty.

The idea generally favored is that some prominent men like Jan Smuts, Premier of the Union of South Africa, Viscount Grey and the Earl of Derby should be designated by the government to meet a delegation representing the northern and southern Irish parliaments and endeavor to negotiate an acceptable compromise.

Although nothing definite can be learned there is an impression that the government is about to make some new attempt in this direction.

CONFERENCE EXPRESSES ALARM AT DANCING

(Associated Press Despatch.)

WHITBY, Ont., June 18.—The Bay of Quinte Methodist Conference decided yesterday to drop all military titles from the minutes and official documents of the conference.

The committee on evangelism and social service commended the Ontario Government for its efforts to enforce prohibition. Race-track gambling was the subject of a resolution calling upon the Dominion Government to amend the criminal code as to make this business a crime. Protest was recorded by the committee against the "increasing use of cigarettes, especially by boys and young women."

The dance came in for condemnation at the hands of the committee and "alarm and concern" was expressed at the reports that it was said to be making upon public and private life.

PROSPECTIVE SETTLEMENT OF THE COTTON STRIKE.

(Associated Press Despatch.)
MANCHESTER, June 18.—Although the Textile Workers' Association, representing all branches of the cotton industry, voted yesterday to accept the employers' offer for a settlement of the cotton strike, a hitch occurred when the spinners' delegates refused to sign the agreement until it had been approved by their members in various districts. The mills will remain closed.

Appeal for Funds

"If we could grapple with the whole child situation for one generation, our public health, our economic efficiency, the moral character and stability of our people would advance three generations in one."

—Herbert Hoover.
What remains to be done in the Province of Quebec for the preservation of the life of children is clearly shown by the provincial statistics, for in the year 1918 this province lost, under the age of four years, the appalling number of 16,579 children.

What is the Victorian Order doing for Sherbrooke children? It is doing pre-natal, maternity, infant and child welfare work to the limit of its financial support—if you increase the support, you will increase the usefulness of the Order.

G.W.V.A. PROVINCIAL COMMAND IS OPPOSED TO AMALGAMATION

Suggests Unity of Policy on All Matters of Mutual Interest.

(Associated Press Despatch.)
TORONTO, June 18.—The Ontario provincial command of the G.W.V.A. has gone on record as opposed to the present suggested amalgamation of all the soldier organizations into one body.

In a resolution passed on the question, however, the desire is expressed that the G.W.V.A. Dominion Command may "meet representatives of other veteran organizations as soon as convenient, in order that there may be unity of policy on all matters of mutual interest, in the hope that they may finally complete the union of all ex-service men in Canada."

TWO YEAR SENTENCE FOR STEALING AN AUTOMOBILE

Conviction Made Under Recent Amendment to Criminal Code Which Calls for Imprisonment Without Option of Fine.

(Associated Press Despatch.)
WINNIPEG, June 18.—The first sentence here under the recent amendments to the criminal code which calls for imprisonment without option of fine upon conviction for automobile stealing, was imposed yesterday by Sir Hugh John MacDonnell, when George Allen received a two-year sentence. Allen had previous conviction of theft of automobiles against him.

PRESENTATION WAS MADE TO SIR KINGSMILL

Has Retired from the Directorship of the Canadian Naval Service.

(Associated Press Despatch.)
OTTAWA, June 18.—On his retirement from the directorship of the Canadian Naval Service, Admiral Sir Charles W. Kingsmill was yesterday presented with a handsome silver flagon and tray suitably engraved, by the officers of His Majesty's Canadian Naval Service in Canada and Imperial ships and by senior civil officers of the department at headquarters, the Royal Naval College, and the dockyards. The flagon is a replica of one taken from one of the captured ships of the Spanish Armada.

Hon. C. C. Ballantyne, Minister of Naval Affairs, in making the presentation thanks Sir Charles in the name of the people of Canada for his

services as director, and paid tribute to the efficient service he had built up and maintained during the arduous years of the war.

Mr. Ballantyne made special reference to the Royal Canadian Naval College, which, built up during Sir Charles' tenure of office, had turned out so many valuable officers, and attained such a high reputation.

Governor-General's Medal Offered To Notre Dame Convent Was Awarded To Miss Doris Clark, A Successful Graduate

Miss Yvonne Manseau Received the Medal Offered by the Lieutenant-Governor of the Province—His Lordship the Bishop of Sherbrooke Presided at the Commencement Exercises—1921 Graduates Were the Recipients of Many Gold Medals and Many Special Prizes.

Showers with congratulations and burdened down with numerous prizes, ranging from gold medals to the masterpieces of modern literature, the 1921 graduates of Mont Notre Dame Convent, made farewell yesterday evening to their Alma Mater.

The commencement exercises, representing the closing of the term, were presided over by His Lordship the Bishop of Sherbrooke; the Rev. Mother Provincial of Montreal, Father Simard, Rector of the Cathedral, Mr. H. Lemay, M.L.A. also being in attendance.

The feature event of the afternoon was the awarding of the Gold Medal, the highest scholastic honor, to five young ladies who completed the course of studies of the institution and who passed satisfactory examinations. The young ladies who attained this great honor, were the Misses Doris Clark, Yvonne Manseau, Lucille O'Donnell, Hildred Monty and Blandine Lejeune.

The Mother Superior General of the Congregation de Notre Dame of Montreal testified that the studies had been completed in a satisfactory manner and cordially added her best wishes for their future success. These young ladies having completed the Faculty of Arts High School course of Montreal University, received their diplomas from the University. A general average of over ninety per cent. entitled the successful candidate to first honors, while an average of eighty-five per cent. entitled her to honors.

Special mention should be made of the success achieved by Miss Helen Cox, who graduated last year, but who has been taking a special course in music (violin), in addition to courses in Domestic Science, and other special work. Miss Cox took a large number of prizes and once again showed herself to be an accomplished violinist of a very high order.

The silver medal for general excellence, offered by the Governor-General of Canada, was awarded to Miss Doris Clark, while the medal offered by Sir Charles Fitzpatrick, Lieut.-Governor of the Province of Quebec, was awarded to Miss Yvonne Manseau.

The special prizes offered by His Lordship the Bishop of Sherbrooke, were awarded as follows: Miss Doris Clark for general capability and good conduct. Miss Lucille O'Donnell for her affability and general talent. Miss Hildred Monty for her application to study. Miss Blandine Lejeune for general talent and obliging disposition.

The proceedings opened with an Overture, the "Aragonesa" by Saint-Saens, the Misses Laurette Desruisseaux, Annette Vachon, Lucille O'Donnell and Edith Walsh being at the piano.

Various prizes were then awarded to the students of the graduate course, after which "Le Pater de Jacques-Cartier" by Zidler, was sung by the chorus.

Following the awarding of certificates to the students of the undergraduate and superior courses, Miss L. Desruisseaux, at the piano, gave a fine execution of an extract from Lesthetzki's "Lucia di Lammermoor."

Certificates were then awarded to students of the first and middle courses and during the interval Miss Helen Cox delighted the assembly with a violin solo, Beriot's "Ballet Scene."

The musical masterpiece of the evening was Schubert's "Symphony" with the Misses L. Desruisseaux, A. Vachon, E. Walsh and L. O'Donnell at the piano in conjunction with the following violinists the Misses Helen Cox, H. Monty, E. Veilleux, A. Talbot, M. P. Beaulieu and G. Couet.

The prizes for politeness and thoughtfulness, donated by the Rev. Emile Gervais, chancellor, were won by the Misses Blandine Lejeune and F. Tessier.

Prizes amounting to \$50 were generously offered by the Knights of Columbus for class excellence and religious instruction and were awarded to Misses Yvonne Manseau, Lucille O'Donnell, Edith Walsh, Cecile Rioux, Antoinette Talbot, Hildred Monty and F. Tessier.

A golden lyre offered by Mrs. E. Codere, for instrumental music, was awarded to Miss Lucille O'Donnell who recently passed her examinations, at the Montreal Academy of Music, with great success. Miss O'Donnell received a diploma of the first superior grade with the added note of distinction.

The prizes of \$5.00, in gold for instrumental music, generously offered by Mrs. J. S. Mitchell were awarded to Miss Doris Clark and Miss Blandine Lejeune.

Certificates and prizes for efficiency in domestic science were awarded to Miss Doris Clark with grand distinction, and to the Misses Lucille O'Donnell, Helen Cox, Yvonne Manseau, Blandine Lejeune and Hildred Monty with distinction.

A special prize for cooking, offered by a friend of the Montre Notre Dame cooking school, was awarded to Miss Anna Keegan, while Miss Blandine Lejeune received an award for needle work offered by Miss I. Richard.

Miss D. Gardella took a special for singing, while the Misses E. Murray and R. Lord took prizes for class application, Miss Vialle taking a special for drawing.

Miss Irene Bonin was a very successful student, taking an award for typewriting as well as a special bronze medal. She also took the award for excellence in the commercial course.

Prizes and crowns for excellent conduct were awarded the Misses H. Cox and Edith Walsh, Miss Edith Walsh, who is an accomplished pianist, also receiving a charming set of pearl beads for good conduct.

Other musical selections included a violin duet by the Misses Helen Cox and Hildred Monty, and a piano solo "La Chasse" (Mendelssohn) by Miss Lucille O'Donnell.

Wiegand's "Farewell" sung by the chorus was an excellent rendering and nothing more appropriate could have been selected.

Essays were read by the Misses Lucille O'Donnell, Yvonne Manseau, Hildred Monty, Blandine Lejeune, while the valedictory was read by Miss Doris Clark.

Rev. Father Simard made a short address of farewell and expressed the hope that the graduates would avail themselves of every possible opportunity to visit the Convent, so that it was merely a case of "Au Revoir" and not "Adieu."

Scores of diplomas and other prizes were awarded and the proceedings were brought to a close with the National Anthem.

Featuring the characteristic efficiency evidenced in all they undertake, the Sisters are to be congratulated on the systematic and charming manner in which the proceedings were carried out.

CANADIAN CATTLE EX- CEPTIONALLY FREE OF DISEASE.

(Associated Press Despatch.)
LONDON, June 18.—Witnesses yesterday before the Cattle Embargo Commission were representative English meat traders who unanimously asked for the removal of the embargo on the ground that prices of meat would go down. They also stated that they had no fear of disease being introduced into the United Kingdom through Canadian cattle, which, they asserted, were exceptionally free of disease.

IMPORTANT QUESTIONS BEING CONSIDERED BY THE COUNCIL OF THE LEAGUE OF NATIONS

Poland and Lithuania Prepared to Appear to Outline Status of the City of Vilna and Surrounding Districts—Controversy Relative to Aland Islands, in the Baltic, Will also Be Considered—Other Items on the Agenda Include Claims of Greece, Italy, Jugo-Slavia, a Protest from Germany, and Settlement of the Disagreements Which Have Arisen Between the City of Danzig and Poland.

(Associated Press Despatch.)
GENEVA, June 18.—Representatives of Poland and Lithuania were prepared today to appear before the council of the League of Nations to outline the positions of these two countries relative to the future status of the city of Vilna and surrounding districts. Vilna has been occupied by Polish "irregular" troops for nearly a year, and representatives of the league have visited that city to determine the merit of the Polish and Lithuanian claims.

The controversy between Finland and Sweden relative to the award of the Aland Islands, in the Baltic, to Finland, was also upon the agenda of the council. The claims of Greece, Jugo-Slavia and Italy relative to sections of land among the Albanian frontier will be considered before the council adjourns, as will Germany's protest against the placing of French garrisons in the Saar district and disagreements which have arisen between the city of Danzig and Poland.

HEAVY FORCE OF SINN FEINERS ATTACK POLICE

Fierce Fight Last Night at Rathcoole, Where Twenty-five Policemen Beat Off 300 Sinn Feiners.

(Associated Press Despatch.)
DUBLIN, June 18.—Twenty-five auxiliary policemen beat off a force of 300 Sinn Feiners after a fierce fight at Rathcoole last night, when four lorries were ambushed.

Three road mines were destroyed, putting the lorries out of action, and the attacking party fired upon the policemen from trenches and walls. They were forced to retire, however, leaving one known killed and many wounded. It was believed that three of the attacking party met death during the fighting, and that the Crown forces lost two killed and four injured. Reinforcements were rushed to the scene and were searching the countryside early today.

ELECTROCUTION OF TWO MEN AT NIAGARA FALLS

Grener Touched 4,000 Volt Wire in a Spirit of Bravado.

(Associated Press Despatch.)
NIAGARA FALLS, Ont., June 18.—Two men in the employ of the Ontario Hydro Electric Power Commission were electrocuted yesterday and a third man was seriously injured.

Robert Anderson, of this city, while at work at the Montrose substation inadvertently touched a switch heavily charged with electricity. His body was burned to a crisp.

Stephen Grener was killed at the Queenston Power House by touching a four thousand volt wire with both hands in a spirit of bravado. His body was badly burned.

J. H. Behenna, who attempted to remove Grener's body from the wire was badly burned by the electric current. He was removed to the hospital in a serious condition.

SERIOUS UPRISING IN CUBA, WITH SEVERAL DEATHS

Laborers Unable to Obtain Wages—Situation Serious.

KINGSTON, Ja., June 18.—A serious uprising among the laborers on the Purio sugar estate in Cuba is reported in advices received here. In the riots which broke out when the laborers were unable to obtain their wages one of the managers of the estate and four others were killed.

The situation in Cuba brought on by the closing down of sugar estates owing to the financial stringency, is said to be serious. The Jamaican Government has found it necessary to repatriate hundreds of Jamaicans who had been working on these estates and some of the workmen arriving from Cuba report that a large number of laborers are without food and money.

YOUNG LAD WAS FOUND DYING ON FACTORY FLOOR

Employee of Dominion Textile Mills Died from Wound in Left Breast.

(Associated Press Despatch.)
QUEBEC, June 18.—With a knife wound through the heart, Adrien Vezina, aged 16 years, of L'Ange Gardien Parish, died in a room of the Dominion Textile Mills at Montmorency Falls, shortly after noon yesterday, while his cousin, Leopold Tardif, aged 17, the only witness of the tragedy, was placed under arrest and is now being held at the headquarters of the provincial police pending the holding of the coroner's inquest this morning.

The two boys were working alone in a room, sorting cotton waste, Vezina, the victim, had a knife which he used to cut waste. The first indication of the tragedy given to other employees of the factory was when Tardif rushed from the room stating that Vezina had stabbed himself. Vezina was found lying on the floor unconscious with blood flowing from a wound in his left breast. He died within ten minutes without regaining consciousness.

U.S. WON FIRST POLO CONTEST WITH BRITAIN

King George and Prince of Wales Present—Americans Led Two to Nothing at End of the First Period.

(Associated Press Despatch.)
LONDON, June 18.—Official and social London, which for days has been keenly interested in the International Polo contest between British and U. S. teams, began early in the day to stream toward the field of the Hurlingham Club. A concert by the massed bands of four regiments of the Guards enlivened the waiting period.

Dowager Queen Alexandra, King Alfonso, of Spain, and the Prince of Wales were the first arrivals in the Royal box.

The spectators stood as they alighted from big automobiles. Great cheering outside the grounds at three o'clock proclaimed the arrival of King George and Queen Mary. They entered in two carriages with red-coated footmen and outriders. The bands lined up before the Royal box and played "God Save the King" and then "The Star Spangled Banner" while the assembly, at that time numbering nearly ten thousand, stood uncovered.

Play began at 3.30. The United States team scored the first goal. It was made by J. W. Webb, playing number three.

Thomas C. Hitchcock, Jr., playing number two, scored the second goal for the United States.

At the close of the first period the score was:

United States, 2; Great Britain, 0. Great Britain's first goal was scored by Colonel Tomkinson, playing at number one. The third goal for the U. S. was scored by Webb.

The score at the end of the second period was:

United States, 3; Great Britain, 1. The final score at the end of the eighth period was 6-4 in favor of the United States.

MRS. DUBUC SAYS IT IS A BLESSING SHE CAN'T FORGET

Declares Her Life Was Miserable for Two Years Before She Got Tanlac.

"Tanalac is wonderful—it has made me a well and happy woman after I had almost given up all hope," said Mrs. Angelina Dubuc, St. Foye Road, Quebec.

"I don't believe anybody ever suffered any worse from stomach trouble than I did for two years. Everything I ate disagreed with me and finally even the odor of food cooking nauseated me. I lost strength every day and finally became so weak I could hardly drag myself around. I was miserable and discouraged not knowing where to turn to for relief.

"It was a lucky day for me when I started to take Tanlac for it proved to be one of the greatest blessings of my life. I eat, sleep and feel better than I have in years. I certainly know how to appreciate good health, now, and my gratitude to Tanlac is simply beyond words to express. I am firmly convinced it's equal as a medicine has never been made."

TORTURED BY TERRIBLE ECZEMA

Suffered Three Years Until She Tried "FRUIT-A-TIVES"

DAME PETER LAMARRE

Pointe St. Pierre, P.Q.

"I think it my duty to tell you how much your medicine has done for me.

I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good.

Then, I used one box of 'Sootha-Salva' and two boxes of 'Fruit-a-tives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvelous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-tives'.

'Fruit-a-tives' cooled the blood and removed the cause of the disease, and 'Sootha-Salva' completed the cure."

MELBOURNE RIDGE

A very pleasant function was given by Mrs. Frank Doyle at her home on June 10th for her friend, Miss Mildred M. Wilkins, whose marriage to Mr. Fred Fleck, also of Melbourne Ridge, took place Wednesday evening, June 16th. The numerous and useful gifts were presented in a flower decorated box placed on a little cart, which was drawn by two little girls, Crystal Wilkins and Marvina Solomon (Miss Wilkins' little sister and niece), who were driven in by Violet Taber, who "delivered the express goods." After the gifts were opened by Miss Wilkins, she thanked her friends for their kindness, then the whole party sat down to a bounteous supper in the dining room, which was decorated for the occasion. In the centre of the table was seated in a little chair a beautifully dressed doll arrayed in bridal robes, even to the "bliss" gown. The party, which consisted of over twenty ladies, left for their various homes about eight p.m., with many good wishes for the

Doctors Give Up His Case of Eczema

Wonderful recovery of a very sick man

This is one of the many striking stories we are publishing of what the D.D.D. prescription is accomplishing among Canadian sufferers. Cases from your own neighborhood will be seen on application.

"I was laid up all winter with weeping eczema. I tried every doctor in reach. Both hands, arms and legs to my knees were a sight. I have used several bottles of D.D.D. and am well of the terrible disease. D.D.D. is certainly cheap after the doctors."—Peter Mercer, Ft. Burwell, Ont.

The first drop of D.D.D. and the itch is gone. Your money back if the first bottle does not relieve you. \$1.00 a bottle. Try D.D.D. Soap, too.

Two barns belonging to Mr. Wil-
liam Turfiff, on what was
formerly known as the George Glass
farm, were burned to the ground
on Thursday afternoon, also a barn
across the road owned by Mr. Rol-
and. The fire is supposed to have
originated from sparks from a pas-
saging freight train, and as there was
nothing to fight the flames with,
except a bucket brigade, the build-
ings were quickly reduced to ashes.
Fortunately there were no cattle in
the barns and the farm implements
were removed without damage. The
buildings were insured.

PICNIC AT GRAYBURN FARMS

Quebec Jersey Cattle Breeders' Association Have Drawn Up Plans for an Outing.

On June 22nd, a June Jersey Jubilee is being planned by the Quebec Jersey Cattle Breeders' Association. It will be held on Grayburn Farms, Waterville, Que., of which Mr. F. G. Gale is the owner. The Jubilee will take the form of a basket picnic. The Waterville band will be in attendance, the Grayburn herd of Jerseys will be on exhibit and, in the afternoon, speeches will be made. Among the speakers will be Mr. J. H. Grisdale, Deputy Minister of Agriculture, Mr. D. O. Bull, of B. H. Bull & Sons, long time importers of Jersey cattle, Mr. James E. Dodge, Manager of Hood Farm, Mr. L. C. McDougall, of MacDonald College, and others. The affair promises to be a highly enjoyable one. Should the day be a rainy one the Jerseys will be on exhibit in the barns and the speeches will be made in the Waterville Town Hall.

received diplomas on Thursday from the Training School for Nurses of the Montreal General Hospital were Miss Fern Hunt and Miss Edna Beck, both from the Eastern Townships. Miss Hunt is the daughter of Mr. A. B. Hunt, M.P., of Bury, and Miss Beck is the daughter of Mr. A. Beck, of Lennoxville.

The graduation exercises took place in the lecture hall, about two hundred guests being present. Following the invocation by Canon Almond, Mr. Farquhar Robertson delivered an address, in which he pointed out the great necessity of funds to carry on the work of the hospital.

THE SHERBROOKE REGIMENT PARADES

The Regiment will parade tomorrow (Sunday) at 10 a.m. to the Armoury for the purpose of attending Divine Service at the Plymouth Congregational Church. The Sherbrooke Regiment will march to the Parade Grounds where they will meet the other units of the Garrison at 10.30 o'clock.

DEATH OF MR. GEO. SUITOR, LENNOXVILLE.

All heard with much regret of the death of Mr. Geo. Sutor, of Spring road, Lennoxville, formerly of Leeds, Que. Mr. Sutor was born in St. Sylvester, Que., on March 24th, 1853, and came to live in Leeds when a young man, residing there until the year 1920. He had been in failing health for the past six months, but seemed well enough to take a trip to St. Johnsbury to visit his daughter and other relatives, where he passed away very suddenly. He leaves to mourn his loss his wife, two sons and one daughter, Elmer and Irwin Sutor, of this place, and Mrs. William Wright, of St. Johnsbury; also three brothers and three sisters. His remains were brought to Lennoxville for burial in the Elmwood Cemetery. He was a devoted member of the Church of England. Always cheerful and sympathetic, he was a faithful husband and loving father. The bearers were his three brothers, David, of St. Johnsbury; William and Robert, of Lennoxville, and his son-in-law, William Wright, of St. Johnsbury. Those who attended the funeral were from a distance were Mr. and Mrs. William Wright, Mrs. Alfred Lyster and Mr. David Sutor, all of St. Johnsbury, Vt., and Mrs. John Lyster, of Littleton, N.H., and Mrs. Hugh Wareup and Miss Ella Wareup, of Leeds, Que.

35TH BATTERY, C.F.A.—IMPORTANT NOTICE.

The members of the Battery, who are not going to camp, must turn in their uniforms at once. The Armouries will be open on Saturday and Sunday.

A church parade will be held on Sunday at 10 a.m. at the Armouries, for service at the Congregational Church. All ranks are urged to attend.

The Battery will fall in to proceed to camp at 8 a.m. on Monday, June 20th. Horses will be paraded for inspection by the V. O. at the same time. Haversacks and Mess Tins will be worn. Greatcoats will be transported and should be tied up and labelled with owners' name. All ranks will bring their own knife, fork, spoon, cleaning kit, shaving materials, etc., and drivers of teams will bring grooming kits.—E. D. Johnston, Major, O. C., 35th Battery, C. F. A.

JEWELER MOVES INTO NEW STORE.

Mr. Mathurin, the Jeweler, has moved into his handsome new place of business, on King Street East. The shining silver and crystal as one enters the store, gives a pleasant feeling of suddenly being transported back to the mediaeval ages and ushered into some old King's treasure house.

Mr. Mathurin is to be congratulated on the very systematic manner he changed stores, as he did not inconvenience one of his many customers in the least.

The new store is one of the most up-to-date in the city, the delicate machinery used in repairing watches is ultra-modern. The whole establishment is something East City people may point to with pride. It is quite larger than the old place, the floor area being somewhat over 1100 square feet.

GIRL GUIDES GIVE PLEASANT SOCIAL.

Last evening Portland Square was again illuminated with colored lights and resounded with music and the shouts and laughter of children, when an ice cream fete was given by No. 2 Company Girl Guides. The gorgeous sunset, as witnessed from this high point of the city, would alone be an attraction, combining with the grass and trees, such a picture as no artist would dare to paint, but there were others in the form of ice cream cones, summer beverages and exquisite flowers and candy, all of which, especially the former, were well patronized. Miss Virginia Loomis, captain of No. 2 Company, was in charge, with the Lieutenants and members, Misses Muriel Sear-

ter, Helen McCaw, Constance Bigg, Marion Morrill and others. The Sherbrooke Regiment band was in attendance. It might be mentioned here that if the city or some public-spirited citizen would provide more seats for the square, these out-of-door socials, of which there will no doubt be many during the summer, would be a tremendous success.

:- Social and Personal :-

Miss Florence Drummond, M.A., has returned from a short trip to Montreal.

Rev. E. C. Russell, rector of St. Paul's, is in town today, and will preach tomorrow evening (Sunday) at St. Peter's Church.

Mr. Jeremie Lacroix, of Mascouche, N.B., was in town yesterday, and attended the closing exercises at Mont Notre Dame Convent.

Mr. Ashley Lorcross, Lennoxville, who has just graduated from Macdonald College, has gone to St. Bruno, where he has a position with a landscape artist.

Mr. and Mrs. J. H. Shorter, and little daughter have returned to their home on Laurier avenue from a holiday visit to friends at Bishop's Crossing.

Rev. H. Reginald Bigg left Friday by motor for Quebec, to spend the week-end, accompanied by Mr. Philip M. Robins. Rev. Mr. Bigg will preach in the Cathedral on Sunday.

The names of Mrs. C. H. Bowen, Mrs. Darcy and Mrs. Murphy, of Sherbrooke, were inadvertently omitted from the list of guests at the garden party at Bishop's College, Lennoxville, on Thursday.

The usual tea will be held this afternoon at the St. Francis Golf Club. Mrs. John McKechnie will pour tea and will be assisted by Mrs. Harry Blue and Miss Gladys Hale.

Yesterday's card party, held at the St. Francis Golf Club, was a great success. It was organized by the Ladies' Committee, and cards were played at ten tables.

Mr. and Mrs. L. H. Olivier announce the marriage of their daughter, Alice, to Dr. J. Michand, son of Mr. and Mrs. Arthur Michand, Danville. The marriage will take place on Tuesday, June 28th.

Mr. and Mrs. A. S. Bayles, Magog street, are leaving today for their cottage at Knowlton's Landing, where Mrs. Bayles will be joined tomorrow by her mother, Mrs. Gignillat, from New York.

Mr. and Mrs. George B. Williams, Mr. and Mrs. Gerald Thompson, and the Misses Thompson were in town by motor yesterday on a trip from Bellow's Falls, N.H., to Montreal and Quebec.

Mr. and Mrs. Joseph Johnston, of Schenectady, N.Y., and a party of friends, were in the city Thursday, and intend making quite an extended trip in Eastern Canada.

Rev. G. H. Parker, Lennoxville; Miss Louisa Parker, of Montreal; and Master Scarth, who has been spending some time at "Newstead Cottage," left this week for Yarmouth, N.S., for a visit to Mr. and Mrs. H. A. C. Scarth.

The regular meeting of the Ladies' Aid Society of St. Andrew's Church was held Thursday afternoon at the home of Mrs. John Farquhar, High street, with a good attendance. Arrangements were made for the final tea the last of June, and dainty refreshments were served, the tables being prettily decorated with spring flowers. Mrs. Farquhar was assisted by Mrs. Bright, Mrs. Bachelder, Misses Hargrave and Farquhar.

Mrs. R. C. McFadden, of Lennoxville, was hostess yesterday at a "jag and bowl" shower in honor of her cousin, Miss Isabel Johnston, whose marriage takes place next week. The house was prettily decorated with flowers and ferns, and just before refreshments the hostess' two nephews, Don and Russell Johnston, entered the room dressed as bride and groom, drawing a cart which contained many beautiful and useful jugs and bowls for the bride-to-be, who was very pleased and expressed her thanks most heartily.

Miss Isabel Johnston, of Lennoxville, was the guest of honor on Tuesday evening last, when the Lennoxville Five Hundred Club, together with a few friends, met at the home of Mrs. A. O. Beck to bid farewell to Miss Johnston, whose marriage takes place shortly. The evening was pleasantly spent in cards, after which refreshments were served, the bride-to-be was much surprised to hear the strains of the wedding march. Miss Doreen Beck entering the room with a huge bunch of daisies, to which were fastened a dozen sterling silver spoons bearing the monogram of the honored guest, to whom they were presented, being the gift of the club and several friends. Miss Johnston thanked the ladies very heartily for their thoughtful gift and good wishes, and the pleasant evening came to a close.

MARRIAGES

BLOUIN-BRIER

The marriage of Miss Laura Brier, daughter of Mr. and Mrs. Leon Brier, to Mr. Philip Blouin, son of Mr. and Mrs. Jos. Blouin, took place at six o'clock Monday morning at St. Stanislaus Church, Assisi, Rev. Father Raymond officiating. The bride, who was given away by her father, wore a dark brown tricot suit, with hat to match, and carried a bouquet of white carnations. Mr. Blouin was supported by his father. Mr. and Mrs. Blouin left on the morning train for Ste. Anne de Beaupre, the home of the groom's parents. On their return they will reside in East Angus.

PHELPS-MARTINDALE

STANBRIDGE RIDGE, June 18.—A quiet but very pretty wedding was solemnized in St. James Church, Stanbridge East, Wednesday afternoon, June 16th, when Mrs. Jessie Martindale, of Stanbridge Ridge, was married to Mr. George Phelps of Stanbridge East. Rev. R. Atkinson officiated. The bride, who was unattended, wore a navy blue silk dress with hat to match, and carried a bouquet of white flowers. Immediately after the ceremony the happy couple left by auto for a honeymoon trip to Boston and other points, and on their return will reside at Stanbridge East.

BENNETT-COCHRANE

LEEDS VILLAGE, June 18.—A quiet house wedding service was held at Mr. John Cochrane's, Leeds, at 3 o'clock on June 1st, when Miss William Margaret, second daughter of Mr. and Mrs. John Cochrane, and Mr. Wilfred Herbert Bennett, of Bennett, Que., were united in the bonds of holy matrimony by the Rev. P. Jackson, of Inverness, assisted by Rev. W. D. Stewart, of Kinnear's Mills.

The bride was tastefully attired in white crepe de chine trimmed with ornaments, and wore a white veil and orange blossoms, carrying a beautiful bouquet of narcissus and ferns. At the appointed hour the wedding march was played by Mrs. Will Bailey. The bride was escorted to the parlor on the arm of her father, to join the bridegroom, who was awaiting her. The solemn and impressive service was held beneath a row of white bells and evergreens. The bride was unattended.

After the marriage ceremony, about twenty guests repaired to the dining room, where a sumptuous wedding repast was awaiting them. A pleasant evening was spent in social conversation and music. A few selections on the organ were given by Mrs. Stewart and Mrs. Will Bailey. The bride's travelling suit was taupe broadcloth, taupe crepe de chine blouse, hat to match, and racoon stole. The bride and groom left the next day on a short honeymoon trip to Quebec City. The bride was the recipient of many useful and costly presents.

RICE-CALL

BEDFORD, Que., June 18.—The following account of the marriage of Mr. James Rice will be of interest, as Mr. Rice was a former resident

of this town, having spent his boyhood here. The marriage took place on Wednesday afternoon, at the Church of the Good Shepherd of Miss Leda Gladys Call, daughter of Mr. and Mrs. F. O. Call, of Westmount, to Mr. James Allen Rice, second son of Mr. and Mrs. M. B. Rice, also of Westmount, the Rev. Canon Almond officiating. The bride, who was given away by her father, wore a gown of white crepe de chine veiled in white velvet streamers caught at the top and hem of the skirt with white georgette roses. The bride wore a small white lace hat trimmed with a bow of the same lace on the front of the hat and carried a bouquet of white roses and sweet peas. The bridesmaid was Miss Ruby Felix, who wore Pearl crepe de chine with a black picture hat faced with pink and carried a shower bouquet of pink roses. The best man was Mr. Harold Call, brother of the bride, and the ushers were Mr. Sewell Rice, brother of the groom, and Mr. Charles Gardiner, cousin of the bride. Mrs. Call, mother of the bride, wore a gown of brown beaded georgette and a corsage bouquet of sunset roses. Mrs. Rice, mother of the

groom, wore navy blue canton crepe with grey feather hat and a corsage bouquet of orchids. Mr. B. C. Chadwick presided at the organ and during the signing of the register, Mr. Truman Giffon sang. Following the ceremony a reception was held at the home of the bride's parents, 355 Prince Albert Avenue, Westmount, after which Mr. and Mrs. Rice left on a motor trip to Boston. Going away the bride wore a Belgian blue jersey suit embroidered with grey, and a grey hat trimmed with blue. On their return they will reside at 395 Wolseley Avenue, Montreal West. Out of town guests included Mr. and Mrs. Ames of West Burke, Vt., and Mr. and Mrs. P. G. Call, of Ottawa.

HILL-OAKES

BEDFORD, Que., June 18.—A pretty and attractive wedding took place on Wednesday afternoon at two o'clock at the Methodist Church, Upper Bedford, when Miss Gladys Hill, only daughter of Mr. and Mrs. Oscar Oakes, Upper Bedford, was married to Mr. Kenneth Hill, of Odelltown. The Rev. Mr. Hicks was the officiating clergyman.

The bride wore a gown of white satin and georgette crepe, trimmed with seed pearls, and the veil was arranged in cap effect with a wreath of orange blossoms, and she carried a bouquet of white roses. The bridesmaid, Miss Mary Percy, wore a gown of blue satin and black hat, and carried a bouquet of pink carnations. The best man was Mr. Ralph Oakes, brother of the bride, and the ushers were the Misses Marion and Lottie Casey. Mrs. Ernest Percy played the wedding march and also played softly during the service.

At the conclusion of the ceremony a reception was held at the home of the bride's parents. Mr. and Mrs. Hill left on the morning train for a trip to Ottawa, and on their return they will remain for a short time with Mr. and Mrs. Oakes before going to their future home at Odelltown. The bride was the recipient of a number of very handsome gifts. The out of town guests included Mr. Hill, of Montreal, father of the groom; Mr. Walter Barnum, of Franklin, Vt.; and Messrs. H. and L. Robinson, of Odelltown; and Mrs. Rhyard, of Stanbridge East.

LAKE MEGANTIC

Mr. W. G. Dorman and party started on Wednesday on a motor trip through the New England States, and will visit many places of interest along the Connecticut valley, and will stop for some time in Springfield, Mass. Mrs. W. O. Gilbert and daughter accompanied the party as far as Sherbrooke, where they intend visiting friends.

A public meeting for the nomination of two school commissioners will be held in the schoolhouse next Thursday, June 23rd. All those wishing to take part or discuss school matters are requested to attend at noon until two o'clock p.m.

A St. Jean Baptiste celebration will be organized in Megantic on Sunday, June 26th. Special services for the day will be held in St. Agnes Church, after which there will be a big parade through the principal streets. Following this will be a baseball game on the Sacred Heart College campus. The committee in charge have also prepared for a concert in the evening that will be rendered by local talent. All are invited to help make the event a success.

Y.M.C.A. NOTES

INTER-SCHOOL ATHLETIC MEET

The committee working on the Inter-School athletic meet have got their plans very well made, and there seems to be considerable enthusiasm on the part of the children. In all there are 271 entries with 660 entries for the 26 events, making an average of over 25 entries for each event.

Events that seem to have attracted the most competitors are the slow bicycle race, three legged race, abstacle race, and dashes. The events that have not taken so well are the two mile bicycle race, the pole vault and shot put, and the mile race. If there should be any others wanting to enter these by putting in their names today they will be eligible.

The prizes for the events can be seen at the Y. M. C. A.

The list of officials is as follows: Starters, J. A. Tate, John Leigh; scorers, Geo. Liddell, C. Tate, H. Griffith; announcer, W. E. Hoare; referee, R. J. Smith; judges, H. G. Hatcher, H. M. Holebrooke, G. S. Thompson, R. N. Robins, W. H. Wilson, W. G. Dorman, A. O. Beck, R. E. Richardson; clerk of the course, S. E. Francis; timers, Dr. G. E. Read, W. P. McVie. To distribute prizes, G. D. MacKinnon.

SWIMMING

Owing to the summer camps opening it was found necessary to close down the very successful boys swimming classes, which have been running since the beginning of May; in all there were eighty-one boys from the following schools: High School, 34; Central School, 14; Lawrence School, 6; North Ward, 4; St. Patrick's, 3; out of that number about fifteen have qualified for swimmers' badges, and a large number of others have learned to swim a little, while all the boys that entered have had lots of fun.

SENIOR SWIMMING CLASSES

These classes haven't taken the same hold as the juniors, evidently because it is more difficult to get the suitable time. However, several have learnt to swim and in the next campaign we put on there should be still greater interest and even better results.

dered by local talent. All are invited to help make the event a success.

JEFFRIES MAY BE REFEREE OF BIG CONTEST

Selection of the Former World's Champion Would Be Popular.

(Associated Press Despatch)

ATLANTIC CITY, June 18.—Robt. Edgren, stake holder and final arbiter of all disputes between Jack Dempsey and Georges Carpentier and Tex Rickard, promoter of the match on July 2, favors the selection of James J. Jeffries, former world's champion as referee of the championship contest. Edgren made this announcement after another conference with Jack Kearns, manager of Dempsey, on the referee situation over which a controversy is raging because of the desire of the New Jersey Boxing Commission to appoint a referee as the third man in the ring. Battling Glee, the Memphis 185 pounder who waded for eight days for an opportunity to take a few punches at Dempsey, probably is sadder but wiser today. Glee faced the champion for the first time yesterday and was on the floor three times during their two rounds, and also lost two teeth.

Golf Club on the local courts. The Magog team, under the leadership of E. Bradley, is said to be a very strong aggregation. However the St. Francis team have been successful so far this season, and another victory is hoped for. The following players will represent the St. Francis Golf Club: A. Howard, E. Sewell, M. Loomis, R. Morgan, F. Baker and A. W. Reid.

BASEBALL

TWO GAMES HERE OVER WEEK-END.

The baseball fans are promised another interesting series this week-end, when the strong Berlin team will be here to stack up against the local aggregation. The Sherbrooke team has been going strong of late, but the players are determined to keep in condition, and with this idea in view, two fast workouts were held this week.

Berlin is said to have a very strong team. Last Thursday they defeated Newport by a score of 4 to 1, although the latter team was considerably strengthened by the addition of the Dartmouth battery. This shows that their reported strength is not entirely fictitious, and the week-end games ought to prove to be close and exciting.

MANY CARS ARE NOW QUOTED AT LOWER PRICES

Substantial Reductions Made All Along the Line.

Revision downward in the prices of motor cars is accelerating. Almost every day now brings announcement of a cut by this or that manufacturer and it looks very much as if practically the whole industry would fall in line and accomplish the necessary readjustment in the course of the next few weeks. There is a feeling general in the trade that a lower level of prices must come and the sooner it is reached the better it will be for all hands. Until this period is over normal conditions cannot be hoped for, and until something approaching normal is attained business cannot be satisfactory.

Price reductions began last fall, when Ford started the movement by slashing the list on his products. There was a strong resistance at that time and, although nearly a score of makers followed his example, the cut was by no means general and was soon halted. The makers, as a rule, were not in a position to stand the loss that must follow a reduction of the price list and the necessity, at the same time, of continuing to manufacture with high cost materials and high-priced labor. For six months there was little change in prices, though one or two reduced and some that had previously reduced advanced their lists. Many of the concerns gave price guarantees.

PUBLIC FORCED TO BREAK

That the public did not forget these guarantees was evident this spring, when the question of price became uppermost in nearly all trades. The buyers were inclined to hold off because they believed that lower prices were sure to come. The manufacturers hoped to hold up their lists through the spring selling season and such was their intention. But conditions were such that it was inadvisable to hold the lists at the old figure and the break came the first of May, when the Marmon and the Jordan announced drastic reductions.

TWENTY-THREE REDUCED IN MONTH

In the course of the last month twenty-three makers of passenger cars have been reduced, in all cases at a lower figure. Most of the manufacturers have recognized the demand of the public for real before-the-war prices and have made substantial cuts in their lines; a few have sought to get credit for cutting prices by meagre reductions. Several companies that reduced their prices last fall have made another cut this spring and have reached what is believed to be rock bottom for the present.

As yet it cannot be said that price reduction is general in the industry. Up to today thirty-two companies including those that announced lower lists last fall, have reduced their prices. This is less than one-third of

the companies, that are manufacturing passenger cars in this country and only a little more than a third of the companies that are members of the National Automobile Chamber of Commerce, the manufacturers' organization.

SEVERAL HAVE CUT TWICE

The companies that have made two reductions since last fall include the Franklin, Hudson, Essex, Maxwell, Chalmers, Overland, Willys-Knight and Studebaker. The largest reduction made last fall was \$1350 on the Locomobile and the largest this spring \$1015 on the Marmon, both high-priced cars. For the most part the cuts this spring are deeper than those made in the fall but they vary so widely that it is difficult to strike any average or percentage that is illuminating. Some are as much as twenty per cent.; others less than ten per cent.

ONLY A FEW STAND PAT

Many prominent names are still missing from the list of cars upon which the prices have been lowered, but they vary so widely that it is difficult to strike any average or percentage of a determination to maintain prices. A few concerns have made such declarations, notably the Cadillac, Dodge Brothers, Haynes, Oldsmobile and Paige, but it is significant that in several other instances, where officials of motor cars announced at the beginning of the price cutting movement a month ago,

that they would not reduce, they have since announced a revision downward. This has happened in at least three cases.

LABOR AND MATERIAL CHEAPER

The manufacturers in the Middle West are getting their labor at lower rates of wages and far more efficient workmanship than they did at any time last year. Furthermore, in replacing their stocks of materials, they are benefitting by reductions that have been made in steel and other things that go into the construction of a motor car. While the reductions on materials have not been great they all help, and the manufacturers are not compelled to stock up on a falling market. Not a few of the manufacturers have cut their overhead expenses to the bone and all these savings they have used to bring about a lower price list on their product.

FULL EFFECT DEFERRED

For the most part, however, it is believed that the price cutting has come too late to revive a vigorous business this spring and that the full effect of the revision downward cannot be expected until the process has been completed. This cannot be until summer, which is a dull season anyway, so it will be autumn before there will be an approach to normal conditions and the real effect of the changes cannot be counted upon before next spring.

LONDON, SMOKELESS, AT LAST BATHED IN SPRING SUNSHINE

Miners' Strike Brings to Metropolis Unexpected Blessings.

HAS TONICLIKE EFFECT
Widespread Agitation Grows for Restrictions of Future Use of Coal.

(Special Despatch.)
LONDON, Saturday.
A bright day has dawned in London out of the darkness of the coal strike. For three weeks 7,000,000 persons here have been astonished by the remarkable improvement in the air they breathe. For the first time in their memory this is practically a smokeless city, and meteorological experts can give no other reason for this than the enforced cutting down in the use of coal. It is an absolute fact—suspected for some time, but now fully proved and appreciated—that London can see, breathe, smell, touch and taste the benefits of the miners' strike.

The great gray curtain that has always been as much associated with London as the Thames has disappeared and the city is bathed in warm sunshine, and is seeing the blue sky. There has never been such a thorough spring cleaning in the memory of living man. The atmosphere is cleaner, the people are happier and it is now apparent that one of these contingencies on the other. Observers readily say that it is reasonable to believe that the coal miners' strike is responsible for all this.

Tests Show Improvement.
Dr. John Owens, superintendent of the Advisory Committee on Atmospheric Pollution to the Meteorological Office, said there had been a gradual improvement in London since April 15. He insisted that the reduction in the amount of coal consumed here had had a remarkable effect and urged the public to take steps to make the atmosphere purer. He said that the day before the beginning of the strike, his discs showed a deplorably dirty state of the atmosphere. Three weeks later improvement was noticed, and the last day in April when it was almost clear. Since then the discs have continued to improve, and now Dr. Owens is forced to use more delicate discs in order to get finer results.

London air is always dirtiest in winter, when household fires are principally to blame. The last months in the year bring the famous London fog, but since the miners' strike became serious the public have been unable to burn coal in their homes. Dr. Owens said the London fogs were caused by the hundreds of thousands of chimneys which send forth smoke such a rate that between 7 and 9 o'clock in the morning more than 200 tons of soot have been sent over the city, where it hangs like a black cloud, causing the fog. He denied that the chimneys of industrial plants were mostly responsible for this.

Has Toniclike Effect.
"Now we have reached a purity of air greater than any yet attained in London in modern conditions of life," he said. "This beneficent sunshine not only destroys bacteria, but it has a toniclike effect on the people."

He urged the adoption of generally smokeless fuel, and called the fogs depressing because of the suspended impurities. The decreased use of coal, made necessary by the strike of the miners, is inspiring a widespread agitation for a change in fuel. The sunshine is so enjoyed here that the use of gas and electricity and, above all, oil, is being advocated. It is said that "the acting as a boomerang on the miners, but it promises to brighten the days of London."

U. S. GRAVES IN FRANCE ARE NOT DESECRATED

American Traveller Finds Tales Are Baseless.

(Special Despatch.)
PARIS, Saturday.
Charges of the desecration of the graves of American soldiers in France by the graves registration service employees, published in American newspapers recently, are devoid of foundation, says former Gov. White, who has just returned from a tour of the battlefields. "The work is being done with the utmost care and due reverence," Mr. White said, "and I did not find any evidence of desecration or disrespect. I was particularly pleased with the orderly and well kept appearance of the cemeteries, especially in Belleau, which frequently has been criticised in the United States."

BALLS MEET IN MIDAIR AFTER GOLFERS DRIVE

Unusual Happening During Game on English Course.

(Special Despatch.)
LONDON, Saturday.
Fancy a collision between a golf ball driven from the eighth hole and a ball from the tenth hole on the Polaris Hill course where they met in midair. Thurston Harris drove from the eighth just as J. F. Medina drove from the tenth and the two balls met head on in flight. The thing was so unique, to experts that they are seeking a fantastic name to fit this new twist. Some aviation men are favored.

BRITISH TERRITORIALS BALK AT RIDING HOBBY-HORSES

War Office Offers to Supply Them at £55 Each, but Recommendation Is Waived When It Is Learned Live Horses Cost No More.

(Special Despatch.)
LONDON, Saturday.
The War Office to the contrary notwithstanding, the East Riding Territorial Association is not going to teach English militia artillerymen how to ride by using hobby-horses. During the course of a meeting to-day information was received from the War Office that hobby-horses for training the artillerymen could be supplied at £55 each—luxurious hobby-horse.

VIENNA WILL HOLD FAIR LIKE LEIPZIG

Special Stress to Be Laid on Luxury Trade and Applied Arts.

(Special Despatch.)
VIENNA, Saturday.—In the week from September 11 to 17 a fair after the model of the Leipzig Fair will be held here, the first of its kind as far as this city is concerned. It is intended to make a regular feature of it, and it is to take place twice every year, in spring and in autumn, not as a rival to the already existing fairs in Leipzig and Frankfurt, but in close cooperation with these two institutions. The three fairs will take place one after the other with short intervals. Frankfurt will open the round on August 25. An agreement with Frankfurt has already been reached and negotiations with Leipzig are in progress. Like the two sister fairs in Germany, the Vienna fair will embrace all branches of production. Special stress will be laid on the luxury trade and on applied arts, in which Vienna is particularly strong.

An interesting novelty will be the theatre and music section, cinematography and art in general, which will be kept separate from the rest. It will arrange model performances and exhibitions of all kinds for the commercial propagation of the technical achievements of Vienna art. As Vienna can boast of an old tradition and a very high standard in matters of art, it is hoped that foreign buyers will show a lively interest in this section of the market. They will have the opportunity to study theatrical architecture, costumes, musical instruments and films, and to examine the facilities of Vienna artists of all descriptions who seek engagements abroad.

Orchestra directors, for instance, will be given a chance to fill vacancies in their orchestras and to purchase instruments, and directors of theatres will find everything connected with the technical side of the stage.

RUSSIAN DIVORCE SUITS IN FRANCE ARE HELD UP

Bolshevik Regime Presents Stumbling Block.

(Special Despatch.)
PARIS, Saturday.
The French courts are up against a legal problem the solution of which is being awaited with much interest, in connection with scores of Russian couples who have been trying to obtain divorces since the armistice. Under the French law in so far as discredited Russian husbands and wives are concerned, it is necessary for them to have certain certificates from Russian courts approving a divorce decision before it can be recognized here. Since the French Government refuses, however, to recognize the Lenin-Trotsky regime in Russia, it is seeking a precedent whereby it can overlook this phase of the procedure.

Some of the best known families of Russia, since they escaped from the Bolsheviks and came to Paris, have found life here easier than they expected, resulting in several sensational revelations, including the separation of a Russian singer from her husband on the grounds of infidelity and cruelty, said to be on the part of the singer, while Russian society here is said to be seething with excitement over the possibility that some of its leaders might be named as correspondents.

CAUCASUS FEARS FAMINE.

Possible Reign of Terror Arouses Dread.

(Special Despatch.)
CONSTANTINOPLE, Saturday.—Although gray night life prevails in nearly all the cities of the Caucasian region, the people are said in advance received here to be literally dancing on the edge of a volcano. Famine is expected in June or July, and under the surface there is a deadly fear of a reign of terror. Theatres, concerts, lectures, dancing parlors and other places of amusement are wide open everywhere, but bread is costing 5,000 rubles a pound, while 12,000 rubles is required to purchase a pound of sugar.

U. S. GETS FARMERS; FRANCE IS ALARMED

Hundreds Emigrate to Canada Also, Although Brittany Needs Soil Tillers.

(Special Despatch.)
PARIS, Saturday.
With thousands of acres of the finest Brittany farm land offering splendid opportunities for development, northwest France for the first time in history is sending hundreds of emigrants to the United States and to Canada, due to the publicity which has been given to the wheat lands of the western ranges. In one commune ninety passports were granted in less than a month, these being about equally divided between prospective American and Canadian farmers.

The attention of the French Government has been called to the situation, which is considered decidedly alarming, with the result that a special agent has been sent into Brittany to negotiate with farm laborers.

Even on a rental basis, it is being pointed out, a French farm of 140 acres can be worked for five years at less cost than it takes to purchase steamship and railroad tickets to the western wheat fields.

There will be all sorts of festivals to make the show more attractive to the visitors, not only in Vienna itself, but also in the famous imperial castles in the immediate neighborhood. Everything will be done to offer travelling and customs facilities. The Austrian railway traffic is to be extended in time to almost year-around capacity. For the accommodation of the 100,000 visitors expected the hotels and private houses will be mobilized.

CAN'T USE BATHING HOUSES TO LIVE IN

Paris Family Ousted by Court From Shack on Coast.

(Special Despatch.)
PARIS, Saturday.
The last hope of defeating the high cost of living was dashed to the ground by the decision of the Paris Court of Appeal that bathing shacks on the Calvados coast cannot be used for residential purposes and renters will not be allowed to cook meals in them.

The case has been pending since last autumn, when a Paris family, finding house rent too high, obtained a small house with bathing privileges, but they immediately installed in the hut two small cots, a steamer trunk and a portable cooking apparatus.

COURT'S RULING SOARS WATER ABOVE WHISKEY

Abstraction From Canal Costs British Firm £5,000.

(Special Despatch.)
LONDON, Saturday.
The high price of whiskey cannot be compared to the high price of water under the ruling of Mr. Justice Darling. The Regents Canal Dock Company brought an action against the Globe-Wernicke Company, furniture manufacturers, for penalties for wrongful abstraction of water from Regents Canal, asserting that a hole was drilled into the side of the canal and water taken therefrom at the rate of 5,000 gallons a day. The defendant company said the water leaked through, but the court awarded damages to the amount of £5,000.

WOMAN LAWYER'S GARB IS WORRYING LONDON

First One Admitted to British Bar May Wear Wig.

(Special Despatch.)
LONDON, Saturday.
Old time benighted of the Temple are scratching their wigs to determine what garb is to be worn by Miss Olive Clapham, the first English woman to pass the bar examination. It will be eighteen months before she will be eligible to practice, but judging by the divergence of opinion it probably will need that much time to decide whether she will have to appear in court in a wig and gown.

FILM PRODUCERS FIND BRAINS ARE NEED OF MOVIES

Plenty of Pretty Girls in England, but They Lack Personality.

FAIL AT HARD TRAINING
Want to Be Mary Pickfords Over Night, So Public Favors Americans.

(Special Despatch.)
LONDON, Saturday.
Never have there been so many pretty women; never had pretty women less intelligence. That is the verdict of film producers in this country and France who have been searching for months for stars who will outshine the popular Americans in the screen world.

The motion pictures that get over here feature Americans—Mary Pickford, Pearl White, Norma Talmadge, Clara Kimball Young and the others. Their very names posted outside will crowd houses in all parts of the British Isles, and this has led to a campaign to find English girls who are just as pretty so that they may usurp this popularity.

But if ever fair faces and dancing eyes failed to register they failed here, according to the producers' decision. Men who want to make money in the movies have discovered that a pretty face is not enough—that brains are necessary. Hundreds of beautiful girls have been found, but they have failed miserably before the camera.

According to Rene Navarre, famous French actor and film producer, who despaired of finding the right actresses in France and came here to try his luck and was also unsuccessful, the only remedy is for the producers to combine and start an academy for film acting, in which prospective candidates can be put through a few years of hard training.

PARIS BURLGLARS MAKE BIG HAUL NEAR POLICE

Seven Pounds of Platinum Stolen From City.

(Special Despatch.)
PARIS, Saturday.
Paris is quite excited over her burglars and their unprecedented boldness when under the nose of a hundred police officials at the prefecture of police itself, with policemen walking up and down the corridors saluting their homegoing superiors, intruders stole from the municipal laboratories on the ground floor more than seven pounds of platinum valued at about 120,000 francs.

The loot comprised 110 pieces of various shapes held in reserve for chemical research purposes. This is the third platinum robbery in the last few months, the first being the cutting of the lightning rods on Notre Dame Cathedral at midnight to obtain the precious ball of platinum concealed at the base of each rod.

The latest robbery is believed to be the work of the same gang acting under the direction of unscrupulous dealers who are able to dispose of the loot where France's platinum supply is sold monthly.

OLD CUSTOMS GREET WALES IN SCILLY VISIT

Met on Islands by Farmer on White Horse.

(Special Despatch.)
LONDON, Saturday.
From the rocks of England's most southern ramparts, from the Scilly Islands, one of the most ancient possessions of his Dukedom of Cornwall, the Prince of Wales returned to-night.

Fine weather enabled the Prince to visit nearly all of the numerous islands that William the Conqueror annexed to the then Earldom of Cornwall, which he bestowed on his brother Robert. The Prince witnessed some of the strangest historical customs, rivaling even his experiences in the Fiji Islands when he toured the empire.

D'ANNUNZIO IN VENICE BUSY WRITING PASSIONATE POEMS

Lives in Seclusion With Newest Wife and a Few Faithful Arditi to Whom He Recites His Verses—Chateau Centre of Attraction.

(Special Despatch.)
PARIS, Saturday.
Gabriele d'Annunzio has decided to abandon politics forever and will spend the remainder of his life in writing passionate poems, which will be promptly translated into French and Spanish by his lovely newest wife, whom he married after a Flume courtship at his dictation had pronounced an earlier decree invalid.

Recent visitors to Venice had the opportunity of watching the poet working in his garden, but all appeals for interviews or invitations to social affairs met with stern refusal, even delegations of erstwhile Flume compatriots being forced to return home without being able to pledge

U. S. LOSES CHANCE TO BUY EMBASSY

Option on Austro-Hungarian Quarters in Berlin Has Expired.

(Special Despatch.)
BERLIN, Saturday.
Now that the American Government has decided to purchase its own embassies and consulates, the Berlin mission is on the alert to find a suitable permanent home in Berlin.

The best prospect, however, has been lost. That is the former Imperial Austro-Hungarian Embassy in Unter den Linden, which might have been bought a few months ago for 5,000,000 marks and which was the most spacious and attractive embassy in Berlin. The option expired while Congress was investigating, and the building with its handsome garden and commodious office rooms and residence was sold for 7,500,000 marks.

The former Turkish Embassy, in Tiergarten street, has also been sold. In the face of an American inquiry, the present embassy building is satisfactory, but is not for sale.

Beginning July 1 the embassy here must work altogether without foreign assistants, and this requires the dismissal of the staff of seven translators. This will not be so much of a hardship in Berlin, where the diplomatic staff knows German fairly well, but the enforcement of the new law that the diplomatic appropriation can be paid only to American citizens will work a hardship in such countries as Poland and Czechoslovakia, for the Americans in these countries as a rule cannot use the language and are dependent on native translators.

ALL BRITISH FLEET TO BE OIL BURNERS

Storage Tanks to Be Built on Coast for Admiralty.

(Special Despatch.)
LONDON, Saturday.
In a short time the British fleet will consist only of oil burning vessels, according to Commander Eyles-Monell. In explaining the navy estimates in the House of Commons he said that according to calculations the Admiralty is spending less for oil than coal on the basis of calorific value. He said two tons of oil would do the work of three tons of coal, and that the use of oil would reduce the personnel. An Admiralty reserve of fuel oil, which is being established, probably will be completed in 1921, and it is planned also to build storage tanks around the coast.

CHARLES MAY TRY AGAIN FOR CROWN

Europe Watching Him Closely in His Retirement in Switzerland.

(Special Despatch.)
PARIS, Saturday.
Charles Hapsburg, former Emperor of Austria, has once more tired of wearing Swiss felt hats and intends trying again before September to put the crown of St. Stephen where he—like the majority of the Hungarians, despite allied protests, and reputedly with French connivance—says it belongs. Diplomatic agents are aware of this and Europe is watching Charles in his Swiss chalet closely. It is reported here that he has received numerous mysterious visits since he was forced to return from his Budapest trip last March.

It is known that the former Emperor intends to remain quiet at least during July. Officials who volunteered to accompany him into exile declare that he is going either to Italy or Spain, though the details have not yet been settled.

Charles's closest friends merely shrug their shoulders when the projected coup d'etat is mentioned, but they recall that Charles's inspiration for his last attempt to regain the crown was through the arrival of another member of his interesting family.

To strengthen this theory of his reborn desire to return to the throne court gossip is spreading the rumor that the former Emperor Zita, since her husband's return to Switzerland, is again expecting a visit from the stork, and unless the Hungarian people can be induced to give financial as well as patriotic support the royal family promises to become so numerous that Charles's slender personal purse will be unable to make both ends meet.

Handwriting Shows ONE'S DELINQUENCY
French Experts Hand Down Literary Dictum.

(Special Despatch.)
PARIS, Saturday.
If your handwriting is not of the best, comperate style, absolutely regular in all its features, you are a "canaille" and everybody knows that a canaille is most French for scoundrel. But, says Monsieur Crepeux Jaurin, head of the French Graphologists Society which celebrated its semi-centenary this week, and issued this dictum, there is a special interpretation of the word "canaille" when talking about handwriting. It signifies a person of low character producing graphic canaille or delinquency. But as far as the writing is concerned, this delinquency may be perfectly sane and innocent although at the same time abnormal.

RECEIPTS BELOW ESTIMATES

The sales tax was the pet project of Frederic Francois-Marsal when he was Minister of Finance, the Government then drawing up a careful estimate for each month of what the tax would yield and calculating the budget accordingly. The result has been appalling, considering France's budget difficulties and need of money. Instead of yielding 3,000,000,000 francs, roughly, since the tax was imposed, it has yielded only 2,000,000,000. February's receipts amounted to only one-third the estimates.

The French system gives the widest opportunities for dishonesty, especially in taxing so-called "de luxe" articles the law providing a 10 per cent. levy instead of 3 per cent. on articles such as dresses, mantles, hats, etc., costing more than 500 francs each. But by changing the bill to show two dresses for instance, at 500 francs each, instead of one bill for 1,000 francs, the French treasury immediately loses 7 per cent. the tax on an article costing 1,000 francs being only 3 per cent. At the same time prices of these articles are based on the higher tax rate, thus increasing rather than decreasing the public's burden.

Then there is a constant duplication of the tax, each middleman adding the percentage demanded by the Government, so that many times the tax will have been paid four or five times on the same article before it reaches the consumer's hands, each levy adding to the public's dissatisfaction and increasing the ire of the merchants when the Government, seeking a solution of the problem, orders the taxpayers to open their books.

Some merchants have estimated that the cost of living here, especially in so far as clothing and household necessities are concerned, would have dropped more than 25 per cent. had the sales tax never existed, and naturally the public, realizing they have been imposed upon, will welcome a workable method of meeting France's financial difficulties.

FRENCH SALES TAX HAS A DISASTROUS BUSINESS EFFECT

Disappointing in Its Results and Repeal Considered Almost Certain.

PASSED ON TO CONSUMER
Buyers Struck and Receipts Fell to Third of Government Estimates.

(Special Despatch.)
LONDON, Saturday.
France being one of the two countries which has experimented with a sales tax such as has been under discussion in the United States, the American people might be interested to know the result of the French experience in this connection. The tax has worked badly here, according to both the Government and the man who pays the tax, but how much this is due to the inefficiency of the French tax machinery, which is notorious, is a question.

"The French sales tax has shown itself as exerting a disastrous and paralyzing effect on business generally, and it is only a question of time until it will have to be superseded by a more rational method of raising money, such as an increased levy on salaries and other incomes."

This statement was made to a correspondent of this newspaper by Guillaume de Tarde, State counselor and adviser to Lucien Dore, Minister of Commerce. M. de Tarde is considered one of the best tax experts in France. He indicated that the tax is so disappointing in results here that its repeal is almost certain as soon as the Government experts determine on an alternative policy.

Amendments Proposed.
Meanwhile Parliament is considering for the fourth time a new series of amendments to the measures which are designed to stop the gap until another tax system is devised. Regarding the operation of the tax, M. de Tarde said: "Never before has France devised a tax which has received so badly by both business firms and the public, the former because of the ineffectual inspection methods and the latter because of the burden of the business men to throw the burden, wherever possible, on the purchasers, rather than their own business profits. It is impossible to collect the tax without having Government agents making the closest scrutiny of business records. It is also impossible for French firms to keep accurate accounts and the public because of the tendency of the business men to throw the burden, wherever possible, on the purchasers, rather than their own business profits. TO BUILD UP CANADA.

Public men and newspapers
throughout Canada are seeking to
develop the Canadian spirit among
Canadians and to interest them in
giving preference to Canadian made
goods.

It is pointed out that this is the
surest way to remedy the exchange
situation. Likewise, it will encourage
the establishment of new industries
besides, and this is most important,
it will help to keep the wheels of
industry turning at home and give
employment to Canadian labor.

The Canadian Reconstruction As-
sociation in a bulletin says:

"With the Canadian public more
favorably disposed than ever before
towards Canadian products and
manufactures in preference to im-
ported goods, and with exchange dis-
couraging imports from the United
States, Canadian business men have
an unique opportunity to consolidate
their position in the home market.
In this connection the importance of
getting their trade names before the
public and keeping them before the
public ought to be emphasized. If the
Made in Canada movement is to be
of permanent value it should be
looked to not as a means of selling
inferior goods but as an additional
aid in getting Canadian merchandise
of honest value before the attention
of the Canadian people.

"The opportunity which the ex-
change situation, so far as the pre-
mium on United States money is
concerned, offers to Canadian pro-
ducers may pass sooner than some
people think. Immigration into Can-
ada in large volume is inevitable.
With easier conditions in the money
markets of the world, Canada can
probably look for United States and
perhaps, also, British money to be
invested before long in the Dominion
for development purposes of an un-
precedented scale. Such investment
would operate to offset the adverse
balance of our international account;
to make possible the restoration of
an effective gold standard for our
currency; and to correct the discount
on Canadian money. That will mean
still keener competition from United
States merchandise, and unless Cana-
dian producers "dig themselves in"
now they may lose ground later on.
There is a genuine and widespread
desire to know what brands of goods
are made in Canada and to give the
preference to such articles. We are
told that the natives of certain South
American countries buy goods by
pictures. For example, they will call
for "Indian" brand hatchets, "Star"
brand soap, or "Eagle" brand hoes,
the brands in each case being impres-
sed upon their memories by trade-
mark pictures. The mental processes
of men and women are pretty much
the same the world over. There is
real value in a brand or trade mark,
but only after such mark has been
impressed upon the minds of the
purchasing public and they have been
educated to ask for goods so labelled
or branded. The Made in Canada
movement ought to assist Canadian
manufacturers to establish their own
trade-marks linked with a clear in-
dication that their goods are of Cana-
dian origin."

MIGHT PROVE COSTLY.

The attempt to ship a consignment
of machine guns from New York to
Ireland is engaging a good deal of
attention in the American press just
now, though it does not occupy as
much front page space as does the
Admiral Sims incident. The Admir-
al's tongue, therefore, is more power-
ful than the machine gun in its
effect upon public interest across
the line. Possibly it may be due to
the fact that the noisy element is
the target.

The Boston Transcript, however,
sees in the machine gun incident a
question of great importance which,
should it be repeated with success,
might prove costly to Uncle Sam.

The Transcript says:

"Five hundred and ninety-five
machine guns, neatly stowed in a
freighter's coal bunkers and ready
to start on their way to Ireland at
Hoboken, present our public authori-
ties and the American people with
the question of a future possible
Alabama award which we shall do
well to have forestalled by vigilant
action. These guns were dug out by
the customs authorities at Hoboken,
constituting good work as far as it
went, but raising the question
whether this attempted shipment is
a part of a larger movement which
already has its guns and its munitions
on the way. That considerable
shipments of warfare supplies have
been made from this country, which
have arrived in Ireland and found
their way into Sinn Fein hands, had
already become evident. It seems
about time to stop completely this
illicit and dangerous traffic. Twelve
hours after this machine gun dis-
covery the freighter sailed from Ho-

boken, and but for somebody's es-
pecial watchfulness the consignment
might have helped wonderfully to
put an insurgent army in the field in
Ireland—for the vigilance of the
British authorities in preventing the
landing of military supplies on the
Irish coast does not appear to be
particularly keen.

"The audacity as well as the size
of this attempted shipment proves
the existence, on this side of the
water, of a very effective agency for
collecting and despatching military
materials. If the Irish republic ever
should have a considerable armed
force actually in the field, it would
undoubtedly turn out to have been
equipped from this country. For a
similar offence against our own
neutrality, Great Britain paid the
United States, under the Geneva
award, the sum of \$15,500,000. If it
were proved that an Irish insurgent
army had really been equipped from
America, a future arbitration might
have to deal in billions where Gene-
va dealt in millions.

IMPROVED SERVICE.

Residents between Sherbrooke and
Lake Megantic and throughout the
district will appreciate the improved
service which is being established
on the C.P.R. beginning on Monday.

The district to the east of Sher-
brooke requires a good local train
service. Commercial travellers feel
the need of this in making their
visits to the towns on this line.
Residents need it in their frequent
trips to and from Sherbrooke and
intermediate points.

The action of the C.P.R. in this
connection will be generally appre-
ciated.

Letters to the Editor

NO CHILDREN WANTED.

Editor of Record:

Sir,—Will you kindly allow me a
space in your valuable paper to say
how much the remarks of Mr. For-
ester of the 'Soldiers' Settlement
Board are to be appreciated on the
landlord and no children wanted in
their houses. Yes, it does, indeed,
make parents feel they commit great
crimes in bringing children into the
world, and when our countries are
in the throes of war how would they
feel if we mothers said, "Our children
were given the worst surroundings
in their young days, now let the
landlords do the fighting." It should
be so, then they could realize our
feelings. I often wonder if every
body ever thinks of the wicked
waste and unnecessary loss of child
life in Canada through the terrible
and unsanitary conditions which
exist, and do they think of Christ's
words: "Inasmuch as ye did it unto
one of the least of these my brethren,
ye did it unto Me." That includes
all children of every denomination.
How do they think we mothers feel
when we are given the worst place
to bring the future generation up in.
There would not be so many flies if
there were not so many filthy dumps
and such sordid conditions in this
city, which is one of the most beau-
tiful and most thriving in Canada.
Consequently, the children would not
die like they do. No one can deny
that we lose more children in Canada
than any other country. It is not all
ignorance of mothers. Oh dear, no.
And these existing conditions are
not the fault of our local doctors,
clergy or I.O.G.E. members, as they
have been daily called attention to
the housing conditions and have done
all in their power to remedy them.
We want the health officer. We
have to pay highest rents for places
that should not be allowed to be
rented because we commit a crime
in having children. I wonder God's
wrath does not fall on those guilty
ones who permit it. Their punish-
ment awaits them when they die.

Anything done for working people,
yet it is us people who give to the
country and of our best our children,
because it is we who have to keep up
the population under the greatest
privations and sufferings. Not even
in the slums of London, England,
would one see such sights and such
horrible conditions as one can see
here, and our country villages there
are beautifully equipped with health
officers, etc. The cow sheds there
are daily inspected and the men who
milk have to wash their hands after
every cow that is milked. They do
not here. That is one of the reasons
there is so much tuberculosis. I
have seen a great deal here in the
country, so I speak from experience,
and our doctors here know it is so,
but they have no power. I also know
milk is sterilized in Sherbrooke. See
the terrible tenements up above on
King St. West; note conditions dear
little innocent children in such sur-
roundings have to face. It is meted
out to English and French alike. No
difference is made, we have families
and it is a crime.

The landlords would not like their
families brought up in such condi-
tions. Yet our children are as good
as they. We working people are
clean morally just and upright as
well as they. Why should we endure
such evils?

One excuse landlords have, they
say children are destructive. Not so
with all children. A great many are
well brought up, if they do only be-
long to working people.

No person with families should
be allowed to live in tenement hous-
es. It is most dangerous in case of
fires and again very annoying to
those who do not have children. All
we ask for is healthy and sanitary
surroundings as such as are given
in other countries. Give us encour-
agement to raise our children in
decent places. One more condition.
On Wednesday evening outside the
stores on Dufferin Avenue were
three badly smelling heaps of road
sweepings which would not be al-
lowed in any other city to be left over
night. Why should it be so in Sher-
brooke when this city surpasses
many others in beauty. Sherbrooke
deserves well to be a model city—
not a germ-laden, disease-carrying
dump. It is time some one woke up.
I thank you, very much, Mr. Edi-
tor.

PRICES AND DETAILS OF SHERBROOKE MARKET

Lansdowne market was very active
yesterday although the changes
in price were of an insignificant
nature. Local produce showed no
change, but imported fruits and
vegetables took a move upwards.

Large quantities of butter and
eggs were offered for sale with
prices for butter ranging from twenty-
five to thirty-three cents a pound.
Eggs were steady and firm, selling
between thirty-five and forty cents
a dozen.

The dealers do not appear to anti-
cipate any immediate change one
way or the other and are inclined to
think that present prices will remain
in effect for some considerable
time.

Some nice chickens were offered
at thirty-eight and forty cents a
pound, but the supplies were far
short of the demand.

A good supply of fresh vegetables
was offered. Bunches of very small
carrots sold at 10c a bunch, cabbages
jumped to 25c a head, and new pota-
toes, sold at a \$1.00 a peck, but
radishes, lettuce, rhubarb and cu-
cumbers remained unchanged. Tomatoes
sold at twenty-five cents a
pound.

In the fruit market, pineapples
which were offered at ten cents each
a couple of weeks ago were now of-
fered at 25c each. Lemons held their
big jump from thirty-five to fifty
cents a dozen and the only reason
given was due to the increased de-
mand during the hot weather. Grape-
fruit, handicapped by a tax of a dol-
lar a case, were a trifle higher, while
peaches sold at 25c a dozen. Straw-
berries sold in large quantities any
where from twenty-five to thirty-
five cent a box, in spite of the fact
they sold for 15c in Montreal.

In the meat market, spring lamb
made its general entry, selling at
thirty cents a pound for the loin and
thirty-five cents a pound for the leg.
The quality is not of the very best
which, according to farmers, is due
to the nature of the feed, the grass

having been very dry of late.
Pork continues to drop and is sel-
ling around twelve and a half cents
a pound per carcass, while veal is
gradually falling off.

COUNTRY PRODUCE

Montreal, June 18.

EGGS.—The leading feature in
the egg trade during the past week
or ten days was the falling off in
the export demand at the time deal-
ers and shippers thought it was
about to open into full swing. Sev-
eral cable enquiries, however, have
been received during the past few
days, but the offers were not up to
the views of shippers; but as offers
are being advanced, it is felt cer-
tain that eventually the bulk of our
surplus stocks will be absorbed.
English importers and our shippers
are about 2s per long hundred
apart. A very fair consumptive
demand is existing locally in a
wholesale jobbing way, and prices
have advanced owing to the higher
prices demanded in the country, and
specials are now quoted at 35c, ex-
tras at 36c. No. 1 at 34c, and No. 2 at
32c. Some quote specials as high as
40c.

BEANS.—Sales were reported of
1 lb. pickers at \$2.80 to \$2.85 per
bushel, and 2 lb. pickers at \$2.30 to
\$2.35. There is a fair demand for the
above and some enquiry for Ontario
handpicked, but there are very few
if any offering.

POTATOES.—There is a fair
business in car lots of potatoes, New
Brunswick selling at 60c to 65c and
Quebec at 55c.

MAPLE PRODUCTS.—The mar-
ket is quiet and easy, maple syrup
being quoted at \$1.50 to \$1.75 per
gallon, and sugar 15c to 20c per lb.

HAY MARKET

Montreal, June 18.

HAY.—The market continues quiet
and easy. The only business at the
moment being for local account and
prices are quoted at \$21.00 for No.
2 Timothy, and \$17.00 to \$18.00 for
clover mixed on track.

DAIRY PRODUCE

Montreal, June 18.

BUTTER.—The market is steady
under a fair local enquiry with busi-
ness at auction and on the open
market at the following prices:—
Pasteurized creamery, 29 1-2 to
30 1-2.

Finest creamery, 28 1-2 to 28c.
Fine creamery, 27 1-2 to 28c.

CHEESE.—The market is reported
quiet at the moment, with latest busi-
ness reported for export at 14 1-2c,
to 15c. for fine to finest colored and
white.

GRAIN MARKET

Montreal, June 18.

OATS.—There has been a good de-
mand for export up till last week,
but since then it has fallen off.
Prices locally are quoted as follows:
No. 2 Canada Western, 61c, to 62c.
No. 3 C. W. and extra 1 feed, 55c,
to 56c; No. 1 feed, 54c, to 55c; No.
2 feed, 52c, to 53c.

FLAX.—The market is steady at
\$2.01 to \$2.01 1-2 for No. 1.

RYE.—The market is quiet at
\$1.73.

PEAS.—Market quiet at \$2.50 to
\$3.00 per bushel, as to quantity and
quality.

BARLEY.—Receipts for the week
were 222,459 bushels against 218,
341 bushels for the week previous
and 87,165 bushels for the same week
last year.

Fashion Hints

SPORTS FROCK OF SILK

Crepes of various weights and weaves are the popular fabrics for sports wear. This frock is of Morocco crepe, one of the heavier weaves which hangs in straight line effect. Navy blue is the color with gray braided ribbon trimming.

IN LAVENDER

The charming fashion of blouse coat and skirt for sports wear has an unlimited field for novelty both in line and color combination. Here lavender is used for the blouse with lavender and dark purple striped tulle for skirt and trimmings. The cleverly placed band near the hem is an interesting touch.

MARKET LETTER ON UNLISTED SECURITIES.
New Riorion Common broke sharply this week, selling at 1 and closing 1 1/2 bid, offered at 2. The Preferred sold down from 24 to 14 1/2, and closed offered at 17, no bid. North American Pulp was dull around last week's figures—3 1/2 to 4, and Dryden was unchanged at 14 1/2 to 15. Mattagami Common lost half a point and is now offered at 17 1/2 with no bid in the market, and the Preferred is unchanged. Whalen Common lost half a point, and is now offered at 9 1/2.

Cuban-Canadian Sugar Preferred sold at 14, and is now offered at 14 1/2 with no bid in the market, and the Common sold at 4 and is now offered there—a loss of a point for the week. Laurentide Power was easier around 67 to 69, and Canadian Car Notes again gained hands at 77 1/2. Argonaut Gold is offered at 35 1/2, with no buyers in the market, and Cosgrave Breweries is 10 bid, offered at 11. Frontenac Breweries lost five points selling down from 65 to 60, and closed offered at 60 with no bid. RENEWED STRENGTH ON NEW YORK MARKET

(Associated Press Despatch.)
NEW YORK, June 18.—(Wall St. 10.30)—Rallies of one to two points in leading oils, based on the more favorable aspects of that industry in Mexico, featured today's early dealings in the stock market. Mexican Petroleum soon rose two points and Associated issues were higher by fractions to 1 1/2 points. Crucible, Studebaker and American Tobacco also made substantial gains.

Rails and equipments were heavy, however, New Haven falling to a new low for the year on extensive offerings.

Chesapeake and Ohio, New York Air Brake, American Locomotive, Harvester and Chandler averaged one point decline.

now 109 bid still offered at 112. Home Bank remains unchanged 95 to 98, and Provincial Bank 123 1/2 bid offered at 124.

The Unlisted Bond Market has been rather easier this week, although there is a continued strong demand for short term bonds payable in New York. The general weakness in the New York Bond Market noticeably affected Government of Newfoundland 6 1/2's 1936, which are quoted 92 to 94—a point or two off from the recent issue price. The other Government of Newfoundland issues were weaker, and there was very little activity in Industrial Bonds. There was a good demand for Montreal Tram & Power 6's 1924, City of Outremont 6's 1922, City of Verdun 6's 1923, Province of Ontario 6's 1928, and Province of Alberta 6's 1922, with very little change in prices.

Foreign Exchange
The Foreign Exchange Situation has created one of the most attractive investment opportunities ever offered to the investing public and provides very substantial profit making assurances until the ultimate restoration of the Gold Standard for European Exchange is reached.

FITCH BAY

Dr. and Mrs. E. B. Dolloff, accompanied by Mr. and Mrs. Dell Taylor, nee Ethel Dolloff, arrived here on Sunday night, having made the trip across the continent in their car. They left Los Angeles, Cal., on May 14th, thus making exceptionally good time, having encountered no bad storms or roads. They spent about ten days at different points enroute. They are guests of Mr. Dolloff's sister, Miss E. M. Dolloff, at "The Pines."

Mrs. Arbuckle, of Bishop's Crossing, has returned to her home, after spending a few days at the guest of Mr. and Mrs. H. H. Tryon. Mr. and Mrs. L. M. White, of Newbury, Vt., are the guests of Mr. White's daughter, Mrs. F. H. Rider. Mr. and Mrs. C. P. Rider and Miss Margaret motored to St. Johnsbury, Vt., and were week-end guests of Mr. and Mrs. Thoresen.

There will be a strawberry ice cream festival on the lawn at the home of Mr. and Mrs. Glennie Sheldon on Tuesday evening, June 21st, under the auspices of the Ladies' Guild of St. Matthew's Church.

Mr. and Mrs. H. H. Tryon spent a few days last week at Eagle Point, Lake Memphremagog.

Mrs. P. F. Remick entertained the W.M.S. and Ladies' Aid very pleasantly at her home on Tuesday afternoon. A large number were present for supper, fourteen coming from Hatley and three from Cookshire. A very enjoyable evening was spent. Mrs. F. N. Fournier and Mr. E. B. Rider spent the week-end in Barton, Vt., the guests of Rev. J. J. and Mrs. Hutchinson.

Mr. and Mrs. J. B. Oliver, of Magog, were guests of Mrs. A. L. Rider on Tuesday and Wednesday.

Mrs. H. C. Bown and Rev. C. E. Bown entertained the Ladies' Guild of St. George's Church, Georgeville, on Tuesday afternoon at the Pension. A number of visitors were present, and a most delicious supper was served by the hostess.

Mrs. E. C. Williams has returned to her home in Groton, Mass., after spending a few weeks with Mr. and Mrs. B. H. Rider.

GUILD PLANS LAWN SOCIAL AT BURY, QUE.

Many Other Notes of Local Happenings in This District.

BURY, June 18.—The fortnightly meeting of St. Paul's Guild was held at the residence of Mrs. Shirley Clark on Wednesday afternoon last. There was a large attendance. A quantity of sewing was done and business transacted. A great deal of the time was taken up in appointing the various committees to attend to the lawn social which will be held in the Rectory grounds on Wednesday, the 29th inst. The entertainment committee reported that they had been successful in engaging the services of the Cookshire Band for the evening. It was decided to have a bazaar table and fish pond in connection with the social. At the conclusion of the meeting a delicious tea was served by the hostesses, Mrs. Shirley Clark and Mrs. Martin Olson. The next meeting will be held with Mrs. Victor Bennett on July 6th.

New Industry for Bury
A long felt need has at last been met in Bury through the enterprise of Mr. W. J. Morrow, who has installed a clean and attractive bakery under the management of an experienced baker from Montreal. A start has been made, with excellent results.

Bury Tennis Club
Already an invitation has been received to play one of the Sherbrooke tennis teams. As soon as the Bury team has had sufficient practice the invitation will be gladly accepted.

Funeral Service
A very touching funeral service was held on Thursday last for Greenwood Martin, infant son of Mr. and Mrs. A. Harvey Card. Two very appropriate hymns were sung by the choir. The Rev. C. T. Lewis officiated, using the special service and prayers provided by the English Church for children, a service full of peace and hope. The floral tributes were numerous and beautiful. Interment took place in St. Paul's Cemetery. Mr. and Mrs. Card have the sympathy of the neighborhood in the death of their dear little baby only eleven months old. He was well developed and grew well and strong until stricken with chickenpox some two or three months ago. The baby finally succumbed to congestion of the lungs.

DEATHS REPORTED

PLAN MEMORIAL FOR SOLDIERS AT HATLEY, QUE.

It Is Suggested that a Public Library Be Erected for This Purpose.

HATLEY, June 18.—It is reported from reliable sources that the "Library People" are contemplating quite an important step. It is said that they intend to build a tiny, cosy place which they can call their own, and which will not necessitate so hard a climb to reach as the present room, which they have occupied for the past eight years, and which is now full and running over with books.

At first thought this might seem quite an undertaking for a few people, but it has been estimated by those who ought to know that six or eight hundred dollars will go a long way to meet the requirements. A nice little sum is already promised, even without the asking. At a recent meeting of a few of the citizens, called to consider a soldier's memorial, it was suggested that this library could be made a memorial library, and a handsome bronze tablet could be placed upon it, bearing the names of all the soldiers who went from here, if this plan met with the approval of interested friends.
