Montreal Sisters Take Own Lives

Montreal, March 24.—(AP)—Two middle-aged sisters who left notes saying they were "tired of living" were found asphyxiated in a west end apartment here last night.

Police said death was caused by gas emanating from five open jets on a gas stove.

Mrs. Jean Douglas, 52, and Mrs. Jessie Delaney, 56, were found on the floor of their home by Thomas Douglas, a neighbor, when he returned home from work.

Two notes were found on a dining room table. The one from Mrs. Douglas to her husband read: "I'm tired of living and I'm sorry for what I did. Please forgive me."

The second note was similar. Mrs. Delaney addressed her's to her daughter.

The bodies were moved to the morgue after attempts to revive the women proved fruitless.

An inquest will be held today.

Damage Exceeding \$150,000 Caused As Flames Sweep East Angus Hardware Store

T.L.C. Makes Legislative Submission

By JOHN LEBLANC
Canadian Press Staff Writer

Ottawa, March 24.—(AP)—All-embracing social security measures on a contributory basis, along with resumption of price controls, lower taxes and a wide variety of other legislation, were sought today by the Trades and Labor Congress of Canada in its annual legislative submission to the Federal cabinet.

Canada's biggest labor congress, speaking for about 400,000 members, presented these additional proposals:

1.—Establishment of a low-rental housing program on a national basis with Federal aid.

2.—Extension of the scope of the Federal labor code adopted last year.

3.—Establishment of the 40-hour work week for employees in industries under Dominion labor department jurisdiction.

4.—A "sound" immigration policy under the Department of Labor, which would balance immigration with Canada's ability to absorb new settlers. A government-labor-management immigration commission would administer immigration matters.

5.—Enactment of a national bill of rights to guarantee citizen's freedoms.

6.—Aid for Canadian shipbuilding and shipping and amendment of the Canada Shipping Act—termed "a relic of the dark ages"—to bring its labor sections into line with Canadian practice.

7.—A consular service for both the coasts and the lakes.

8.—Establishment of new steel production mills to overcome the shortage of this product.

9.—Maintenance of the CBC as a government-owned utility with full control of licenses for the operation of all Canadian broadcasting stations.

10.—Extension of the voting franchise to all over 18.

The congress submission, presented by a group of its officers headed by president Percy Bengough, declared it commends the government for its activities in international affairs, but added there is "a great deal of dissatisfaction at the snail's pace made towards economic and social security since the close of the war period."

In its broad social security program, which would be on a contributory basis for all citizens, the Congress proposed:

1.—A national health insurance act embodying accident and hospitalization benefits and medical, dental and surgical benefits.

2.—Substantially larger payments for old-age and blind pensioners, without the means test.

3.—Inclusion of mothers' and widows' allowances, now paid provincially, and increases in these payments.

4.—Extension of the coverage of unemployment to all workers and the increasing of benefits "in line with increased living costs."

East Angus, March 24.—Damage estimated at \$150,000 was caused today by fire that swept through the St. Cyr Company Limited hardware store on St. James street.

The blaze was discovered at 4.20 a.m. by Miss Clemence Fouquet, a maid in the St. Cyr home which occupies the second floor of the large two-storey building. At noon the fire was under control but firemen from here and Sherbrooke were still pouring water into the building. Director Percy Donahue, of Sherbrooke was in charge of fire-fighting operations.

Although the brick walls remained standing, heavy damage was caused to the interior of the structure and the ceiling at the back collapsed. The fire, cause of which is not known, originated in a shed at the back.

A Roman Catholic church and the J. S. Gosselin butcher shop, on either side of the hardware store, were threatened by the fire but firemen prevented the flames from spreading to either structure.

Small arms ammunition in the store exploded frequently during the morning but no one was injured in the blaze.

Living above the store, which also housed the Dominion Tire Depot, were Mr. and Mrs. Leonidas St. Cyr, the proprietor, and Mrs. St. Cyr's parents, Mr. and Mrs. H. Therrien.

Montreal, March 24.—(AP)—District Fire Chief Patrick Roche was seriously injured and a number of other firemen suffered minor injuries early today in a three-alarm \$250,000 blaze which gutted a ten-story United Church in suburban Point St. Charles early today.

Hospital authorities said that Roche was suffering from "severe internal injuries." He was crushed when the first of two smoke explosions which rocked the structure toppled a heavy stained glass window and a portion of the stone wall onto him.

Fernando Sartori, 27, a fireman, also was in hospital from injuries received when he was thrown from a ladder 30 feet in the air by the blast.

The church, located at the corner of Charron and Wellington streets, was built 57 years ago. The fire, believed to have started in the cellar and spread through the entire lower floors of the church before moving upwards.

When it did make its move it spread throughout the entire premises almost simultaneously.

The whole of the lower part of the church was demolished. All but one small part of the roof remained intact.

The first alarm was turned in at midnight, and the second and third within an hour. The "under control" was not sounded until 3:55 a.m.

Neighboring buildings, which were separated from the church by a grass lawn about 10 feet in width, were not seriously damaged.

Circleville, O., March 24.—(AP)—A family of five persons burned to death early today when fire destroyed their tenant house on a farm, 12 miles northwest of here.

The victims were: Leonard Estepe, 28, tenant farmer; his wife, Frances, 25, and their three children, Jean, six; Beverly, four, and Lee, 10 months.

A neighbor discovered the fire about 5 a.m. and called the Circleville fire department. The neighbor said she observed no activity about the house until the firemen arrived.

Quebec, March 24.—(AP)—Tired-out fire crews today were still pouring water over the smouldering ruins of a \$600,000 blaze which last night razed a furniture factory, saw mill, lumber yard and one large house, in suburban Beauport.

When the wind-fanned flames threatened to destroy several houses of the locality on the outskirts of the Beauport side, volunteer crews and snow blowers joined in with fire fighters from Giffard, Courville and Quebec to halt the spreading flames.

No one was seriously injured. The fire broke out about 7 p.m. and blazed away for five hours.

The president of the furniture concern, Joseph Grenier, suffered a stroke when he heard news of the fire.

Three voluntary firemen suffered minor burns and were treated on the spot.

A watchman, Sylvio Parent, was taken home in a state of collapse after he suffered nervous shock, acute indigestion and partial asphyxiation. He was so startled to see the flames that he fainted.

The spectacular blaze covered an area of 100,000 square feet and in the early stages lumber-fed flames

Lake Success, N.Y., March 24.—(AP)—The United Nations security council last night adopted a Canadian plan aimed at settling the Netherlands-Indonesian conflict in roundtable talks.

The plan isn't written in detail yet, though the general outline is known. The dramatic conflict, this year as previously, will be east vs. west.

The cast is largely known, too. Star of the show is bound to be Andrei A. Gromyko, the Soviet Union's chief deputy foreign minister. For people in the western world, he'll be the villain.

But the hero's role hasn't been definitely cast. Foreign Secretary Ernest Bevin of the United Kingdom and Dean Acheson, United States Secretary of State, may be part-time performers.

Some 20 scenes will go on the U.N. stage. These are the probable main themes:

Scene 1.—What? Africa gets Italy's former colonies in North Africa?

Scene 2.—Are South Africa's Indians getting a fair deal?

Scene 3.—Why can't the big four get together in Germany?

Scene 4.—What can be done to resettle Europe's millions of war refugees?

Scene 5.—Were recent trials of churchmen before the Iron Curtain an infringement on human rights, and what can U.N. do about it?

Scene 6.—Is Generalissimo Franco of Spain a good man or a bad?

Scene 7.—Has The Netherlands been handling its Indonesian problem correctly?

Scene 8.—How can the living conditions of American aboriginals be improved?

Scene 9.—Shall U.N. have its own police force to help keep the peace?

Scene 10.—How can co-operation among nations be increased?

Scene 11.—What can U.N. do to make sure information passes freely among nations?

Scene 12.—Recently appointed to his post as senior deputy foreign minister, is expected to be in the east from beginning to end. His understudy will be Jakob Malik, Russia's permanent delegate on U.N.'s Security Council.

Bevin's understudy will be Hector McNeill, Britain's minister of state and full-time U.N. delegate. Acheson's supporting cast from the United States will probably include Warren B. Austin and John Foster Dulles, with Mrs. Eleanor Roosevelt at backstage.

Other members of the cast: From Canada: L. B. Pearson, External Affairs Minister, for at least some performances.

From Australia: Herbert V. Evatt, the "stage manager" in his capacity as President.

For Israel: Foreign Minister Moshe Sharett.

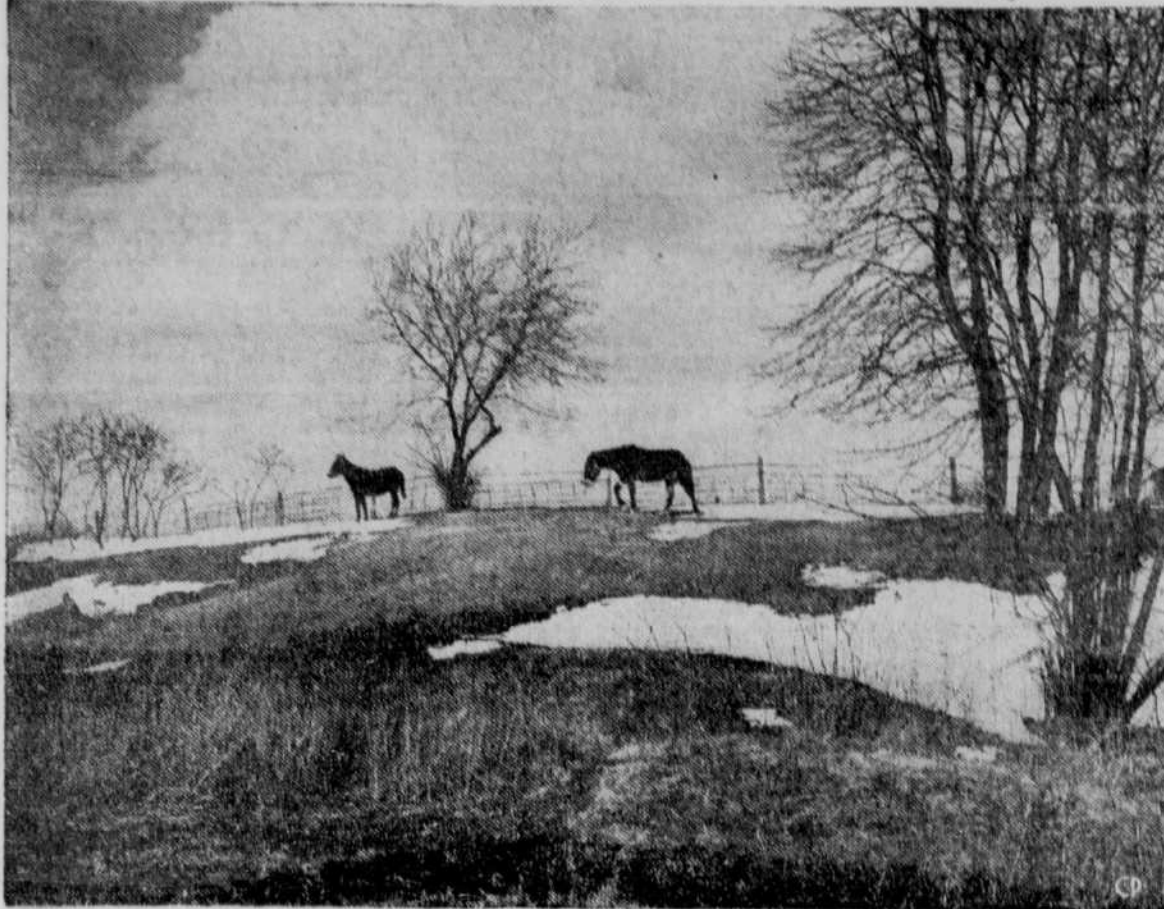

Stage for "General Assembly" will be the former New York City building on the site of the 1939 world's fair at nearby Flushing Meadows.

Between performances there, rehearsals stages will be operating at U.N.'s permanent headquarters at Lake Success. Scenes for the big show will be thrashed out first at meetings of the six permanent committees: Political and security, economic and financial, humanitarian and cultural, social, trusteeship and legal.

East-West Conflict Will Be The Major Issue At Meeting Of U.N. Assembly

New Defence Pacts To Be Considered

By JOHN M. HIGHTOWER
Washington, March 24.—(AP)—Proposals for the United States to support some new non-Communist defence pacts are expected here as soon as the North Atlantic treaty is out of the way.

Diplomatic authorities said today that so far two alliance systems have been informally talked about and appear most likely to receive serious consideration. These are:

1. A treaty with Iran, Turkey and Greece, designed to provide a greater degree of security in the strategic Middle East.

2. An Asian-Pacific system designed to provide some kind of machinery to deal with the growing threat resulting from Communist successes in China.

So far the possibility of new international organizations along these lines is only on the idea stage, at least as far as Washington is concerned. But once the Senate discussion of the Atlantic pact is over, authorities are sure much more will be heard of them.

Aboard, proposals for an eastern Mediterranean pact have been more fully developed. Both the Greek and Turkish foreign ministers have discussed the idea with Foreign Secretary Bevin of Britain. It is possible that Bevin and State Secretary Acheson of the United States may take up the subject when the "Atlantic pact" foreign ministers gather here late

British Film Expected To Win Oscars

By HOWARD C. HEYEN
Hollywood, March 24.—(AP)—The Academy of Motion Picture Arts and Sciences hands out its 1948 Oscars tonight, and it looks like Britain's show—at last.

If this be heresy in Hollywood, then build my galleys high. Because I believe Sir Laurence Olivier and his majestic "Hamlet" should win the best actor and best film awards.

Jane Wyman should get the nod as best actress, in "Johnny Belinda."

Of course (here comes the hedging), if voting among the 1,987 academy members follows a strictly American pattern, "Johnny Belinda" will make "Hamlet" move over.

Miss Wyman's only serious worry, I think, is Olivia DeHavilland's performance in "The Snake Pit." And Sir Laurence could be displaced as best actor by Lew Ayres, also in "Johnny Belinda."

A British picture has never won the top award. This year, for the first time, two British films, "Hamlet" and "The Red Shoes," were nominated. Other contenders are "Johnny Belinda," "The Snake Pit" and "The Treasure of the Sierra Madre."

With Sir Laurence and Ayres on the list of best-actor nominees are Montgomery Clift ("The Search"), Dan Dailey ("When My Baby Smiles At Me") and Clifton Webb ("Sitting Pretty"). Sir Laurence was nominated for his "Henry V."

Miss Wyman and Miss DeHavilland are competing with Ingrid Bergman ("Joan of Arc"), Irene Dunne ("I Remember Mama") and Barbara Stanwyck ("Wrong Number") for best-actress Oscars.

By usual Hollywood standards, tonight's 21st annual awards will be a modest event, held for the first time in the academy's own 950-seat theatre. The program has been condensed (on paper) to 90 minutes.

Clips from winning pictures of the past, a feature of previous programs, have been eliminated. But three new Oscars will be among the 27 major awards: One for best foreign-language picture and two for best costume designing (in black-and-white and color films).

Mississippi River Levee Collapses

Baton Rouge, La., March 24.—(AP)—The Mississippi river broke through a levee today and sent residents fleeing from their homes.

The break occurred about 4:10 a.m., about three miles north of Port Allen, across the river from Baton Rouge.

Within three hours the water had moved three miles in from the river. One highway was covered to a depth of three feet.

Sheriff's deputies and volunteers patrolled the roads, urging residents to leave their houses.

The break occurred at a large bend where the river washes directly against the levee.

Port Allen is a town about 3,500. The area being flooded is occupied almost entirely by sugar plantations. It is sparsely populated.

Rate of the advance of the water was difficult to determine immediately. Sheriff's officers said nothing could be done to check the spread of the flood until it reached comparatively higher ground.

Blockade Of East Germany Might Result In Conflict

London, March 24.—(AP)—Foreign Secretary Bevin told the House of Commons last night that a total economic blockade of Soviet-controlled eastern Germany would lead to war.

Politicians on both sides of the Atlantic have suggested a complete counter-blockade of eastern Germany in retaliation against the Russian blockade of west Berlin.

"I do not want to break east-west trade," Bevin said. He contended such a shut-off "means sanctions, and sanctions mean war."

He added, however, that materials which could be used in a war against the western powers should not be shipped to eastern areas.

The Russian zone of Germany still does business with a number of western countries, including Switzerland, the Netherlands, Norway, Sweden, Belgium and Denmark.

The Western allies' counter-blockade has stopped the movement of goods through their zone to the Soviet area of Germany, but east Germany still gets supplies from several western countries over other routes, mostly by sea.

Bevin, speaking in a debate on European affairs, said the west already has "saved" France, Italy and western Germany from Communism. He spoke after Conservative Harold MacMillan had told the House he expects Russia will offer "a fake appeasement" and seek a treaty ending allied occupation of Germany.

MacMillan predicted also the Russians will attempt "quite shortly" a coup in Yugoslavia and Greece in an effort to seize control of the eastern Mediterranean.

In the House of Lords, where a similar debate was held, Lord Pakenham, minister of civil aviation, warned that "there is danger of war this year, and I am afraid there will be for a number of years to come." He emphasized "that does not mean the government thinks war is probable this year," although it is preparing to meet "any emergency."

Bevin, who will leave for Washington Friday to attend the signing of the North Atlantic Treaty, assured the Commons that "western Germany is safe. I don't believe that they will go Communist now."

Frankfurt, March 24.—(AP)—The plan to create a western German state has bumped into increasingly powerful opposition.

Informed observers now give the idea no better than a 50-50 chance of being worked out. This dark outlook has taken root only in the last few weeks.

The Communists have been opposed right along to any western German government. It would leave out their eastern zone of Germany and minimize Communist influence in the west.

In this opposition they have found some strange allies, acting with different motives but the same

All Control Measures Are Expected To Be Approved

By D'ARCY O'DONNELL
Canadian Press Staff Writer

Ottawa, March 24.—(AP)—The government appeared today to be "over the hump" with its control legislation.

The bills extending some of the wartime controls are due to expire by the end of this week or by the month-end at the latest. However, the present temper of the Commons indicates the measures will pass before the week is out.

One of the most contentious of the control bills was approved Tuesday. It contained authority for the extension of controls on domestic rents, some food prices, timber, steel and building priorities.

Members yesterday passed by a vote of 146 to 57 a bill extending the foreign-exchange control bill under which the government applies restrictions against imports from the United States and other countries in order to conserve U.S. dollars.

With that measure out of the way, members turned to a resolution to a bill extending the life of the crown-owned Canadian commercial corporation. That resolution eventually was adopted and the bill was given first reading.

From there, members went to a bill, also given first reading, that would make the wartime supplementary payments to rural mail carriers part of their regular contract earnings.

Although the measures have not

gone through the full parliamentary procedure in the Commons, it is not expected there will be much further debate.

However, there may be extended debate on a measure providing for the continuation of the boards established to purchase products needed to fill contracts with the United Kingdom. The measure is due to come up

MOVIES ARE A CINCH FOR
BROWN—ROLES COME ONE
AT A TIME

Hollywood—I could almost title
this "John's Other Actors." John
is John Brown, who comes at you
on the radio almost as often as a
soap commercial.

His other actors at the moment
are John Lund and Jimmy Gleason.
It sounds confusing and it is.
John plays Al on "My Friend Irma."
Lund is playing the part in the
film version of "Irma."

Johns plays Jim Gillis on "The
Life of Riley." Gleason is playing
the part in the film version of the
same. John also plays Digger
O'Dell, the merry undertaker.
You may not like Digger at first
but eventually they'll grow on you—
on the Riley show. But, surprise,
John is playing Digger in the movie version.

He wanted to play both Jim and
Digger in the same picture but the
studio figured movie-goers are
confused enough these days. (As
if they won't be confused with
Lund playing Al and Gleason playing
Gillis.)

But that's what happens to radio
actors in Hollywood. They make a
picture of an airshow and immediately
no one on the airshow is the
right type. Hal Wallis didn't
even think Marie Wilson was the
type for Irma until her fans started
a Pyramid protest club.

Possible Riot
There may have been another
fan riot if Brown hadn't been cast
as Digger when they decided to
put Riley on film.

That voice of Digger's is unmistakable. But, of course, Brown
even fools you. He's loaded with
different voices. Besides, the be-
forementioned air roles, he's
"Broadway" on the Damon Run-
yon Theater, Judy's father on Date
With Judy and "Thorny" on Ozzie
and Harriet's show.

Brown was New York's busiest
actor for 10 years before coming
to Hollywood. He did eight dif-
ferent shows every Sunday. On
four of them he never saw the
script until he went on the air.

One week he told the same joke
on four different programs in four
different dialects.

Fred Allen hated to see Brown
move to California. He was Al-
len's pet. "You won't like Califor-
nia," Allen warned him. "When
you get old out there your blood
turns yellow and orange pits go up
and down in your veins."

There's a typical Hollywood re-
verse twist to Evelyn Knight's two
record hits, "A Little Bird Told
Me" and "Powder Your Face With
Sunshine." They were supposed to
be her last two waxings for Decca.
Both clicked and Evelyn bounced
back with a new contract.

Rev. R. C. Tait Discusses Newfoundland Final Tribute At Meeting Of Local Y's Men's Club Is Paid To Gordon Miller

"Canada's 10th Province" was the subject of an address delivered by Rev. R. C. Tait, of the Plymouth United Church, to the Sherbrooke Y's Men's Club at their weekly meeting in the Chateau Frontenac last night.

Mr. Tait, who spent his early years in the ministry at a small church in Newfoundland, described the history, the resources, and the future that country has in relation with Canada.

"It is a mighty contribution towards Canada in many respects," he said. "The Newfoundlanders are a great people."

The vastness of the land is the first thing that strikes the visitor, Mr. Tait stated. Newfoundland possesses lumber resources that defy the imagination and has the largest paper mills in the world. Her mountains are rich with iron ore that has scarcely been tapped by man, the speaker emphasized.

Newfoundland's richest gifts from nature are her fish-filled waters. The country is "a fisherman's and hunter's paradise," Mr. Tait noted. He told of the vast quantities of fish that are annually removed from the sea surrounding the island. In one instance, the speaker related, one could not row a boat through the waters of an inlet because of the masses of fish that jammed it.

The island has several waterfalls that are higher than Niagara and one lake larger than anything seen in Eastern Canada.

"You can never forget the land once you have seen it," he declared.

The speaker also described the wealth and natural resources of Labrador. Its iron deposits and sealing industry make it a very valuable asset, he noted.

Mr. Tait was introduced by J. Edward Shortt, secretary of the Sherbrooke Y.M.C.A., and was thanked by Larry Pergau.

It was revealed last night at the meeting that the stop watches to be used in the Y's Men's annual interscholastic track meet will be the ones used to time last year's Olympic Games. The watches will be supplied through Hart's Jewelry Store by the Longine-Whitnauer Company that manufactured the timepieces.

Seated at the head table were Mr. Tait, J. Edward Shortt, Carl Griffith, club president, and Andy Blatherwick.

Plans Announced For Y's Father And Son Banquet

The 34th annual Father and Son Banquet of the Y. M. C. A. will be held a week from tonight in the Trinity Church Hall.

Rev. G. Basil Jones, dean of Divinity at Bishop's University, will be the guest speaker.

Music will be provided by members of the G. G. Gagnon's orchestra while the song leader will be Billy Evans of the Y's Men's Club.

Carl Griffith, president of the Y's Men's Club, will preside at the meeting.

A special effort is being made to have all living past-presidents of the Y. M. C. A. there are 14 of them, present at the meeting.

The Women's Auxiliary of the Y. M. C. A., under the convenship of Mrs. Nelson Lohrhop, will prepare and serve the meal.

Local Community Association Plans Special Program

Lennoxville and Ascot Community Association are planning to hold a community night in the Gertrude Scott Hall on Wednesday, March 30th.

An interesting program has been prepared and the guest speakers will be Mr. Lee M. Watson, of the Town Council, and Mr. H. Downs Jr., of the Lennoxville School Board, with Mr. Omer Allard to address the French-speaking citizens.

This will be an excellent opportunity for interested citizens and parents to acquaint themselves with the work of these two groups, and the association extend a cordial welcome to all citizens to attend. Lunch will be served at the close, with a social get together.

Harmony Band To Give Concert

An interesting program has been prepared by the Sherbrooke Harmony Band, for their annual concert to be held in the Granada on Tuesday, April 5.

Guest artists are Arthur Romano, saxophonist of the well-known radio quartet, and Serge Garant, young local pianist. Sylvio Lacharite will conduct. Members of the band are seen above.

Following is the program which will be presented: Crown Imperial, by William Walton; L'Arlesienne, "Concert Suite No. 1," prelude, menuet, adagio, le carillon, Georges Bizet; Rhapsody in Blue, George Gershwin; soloist Serge Garant; intermission; Tambourin Chinois, Fritz Kreisler; Hungarian Dance, Ring Hager; Schon Rosmarin, Fritz Kreisler; Fantasy on "La Belle Françoise," Michel Perreault, soloist Arthur Romano; Solemn Overture, 1812, Tchaikowsky.

Both Newfoundland and Canada will gain by the union of the two countries," J. A. Blanchette, local lawyer, told members of the Kiwanis Club at their regular weekly dinner meeting held in the New Sherbrooke Hotel last evening.

Subject of Mr. Blanchette's address was "The Tenth Province of Confederation, Newfoundland."

Mr. Blanchette gave a historical review of Newfoundland and pointed out that it is the oldest possession of Great Britain in North America. He said December 11, 1948, was an historic date for Canada and Newfoundland for on that day representatives from both countries ratified the official admission of the 10th province.

He told of the country's resources and concluded that Newfoundland would be of strategic importance to Canada.

Introduced by Fred Simpson he was thanked by Stewart Hansford, Roland Brien, vice-president of the Sherbrooke Harmony Boys' Band received a cheque from the club to further the work of the young band. Mr. Brien thanked the club while Sylvio Lacharite gave a brief outline of the work carried out by the band.

A trumpet solo "Andante" by Haydn, was rendered by Florent Garant accompanied by Serge Garant and the piano.

A selection, Ravel's Habanera, was given by Serge Garant on the clarinet accompanied by Sylvio Lacharite at the piano.

Dr. Cecil Delaney was initiated as a new member of the club.

Those seated at the head table with the guest speaker and President Newman Hunter were: Dr. Merlyn Hicks, Dr. Cecil Delaney, Stewart Hansford, Fred Simpson, Sylvio Lacharite, Serge Garant, Roland Brien and Jack Lenaghan.

The Meridians, a choir of twenty male voices, under the direction of C. R. MacLean, presented last evening, another concert for the people of Lennoxville. The return engagement by this Boundary Choir was sponsored by the I.O. D.E., in Lennoxville, and was held in the Gertrude Scott Hall.

The soloist for the evening was Miss Madalin Poulin, who was accompanied at the piano by Mrs. Pearl Houghton. Such favorites as "Through The Years," Schubert's "Ave Maria" and "Will You Remember Me?" were beautifully rendered.

The program, which opened with "O Canada," was divided into four sections. In the first section, "Keep In The Middle Of The Road," arranged by Marshall Bartholomew, and "Joshua Fought The Battle Of Jericho," arranged by Noah Francis Ryder, were outstanding hits. Here the rich tone, easy phrasing and rhythm of these renditions brought applause from the audience.

The more solemn "Drink To Me Only With Thine Eyes" and "Dear Land Of Home" were most impressive.

In the second section, the well-known selections, "The Whiffenpoof Song," arranged by Rudy Vallee, "Deep River," arranged by H. T. Burleigh, "Abide With Me," arranged by Spencer Odom, and "Kentucky Babe," arranged by Adam Geibel, were well received. The latter was outstanding in rhythmic qualities, and the soprano solo part was well executed.

"Now Is The Hour," by William Stickle, and "Winter Song" by Frederick Field Bullard, received their share of applause in the third section, and the comical arrangement of "I Wonder Who's Kissing Her Now" kept the audience in stitches.

The final number in this section, "The Song Of The Jolly Roger" was executed with good expression and rhythmic qualities. Here the powerful voices of these Boundary men rang out in clear tone.

The final section included "Shenandoah," arranged by Marshall Bartholomew. The more serious selections, "The Lord Is My Shepherd," arranged by Spencer Odom, "The Long Day Closes," by Arthur Sullivan, and "Sweet Hour Of Prayer" arranged by Spencer Odom, met with considerable applause from the audience. The innate beauty of these numbers was noted.

As encores, the choir rendered "Roses Of Picardy," "Sweetheart Of Sigma Chi" and a repeat of "Abide With Me," by special request.

The impressive program concluded with the singing of "My Country 'Tis Of Thee," and "God Save The King," in which the audience joined.

Mrs. Houghton accompanied the choir in different selections throughout their program.

Reports Presented At Annual Meeting Of Municipal Chapter Of The I. O. D. E.

At the annual meeting of the Municipal Chapter, I. O. D. E., held Tuesday evening in the Mayfair Room at the New Sherbrooke Hotel, reports on the activities of the Chapter were read.

Following is a continuation of the annual reports printed in yesterday's Record:

Mrs. Roger Genest presented her Publicity and Press Report, mentioning four paid insertions in local papers and Chapter activities which were broadcast.

A synopsis of Primary Chapters' activities was given. King George V Chapter reports 10 regular and one Executive meeting.

All obligations were met. Special projects included rummage sale, salad tea and lawn party. A Marathon Bridge was launched and proceeds, augmented with donations from interested friends, enabled them to send 60 parcels to Great Britain during the year. Aggregate weight was 825 pounds, and total cost was \$337.79.

Post-war Service Convener, Mrs. Sam McLean, reported that parcels numbering 468 pieces, value \$135.18, had been sent overseas, as well as used clothing parcels, valued at \$83, making a total evaluation of \$288.18.

This chapter assisted the Brownie Pack, helped with the Christmas baskets, and donated to the Labrador Education League.

The Empire Study Group, convened by Miss Ina Cobleigh, made the book reviews both interesting and informative.

Contributions to education were made by the presentation of a new library to the Island Brook school, prizes accorded to two local

schools, contributions to provincial bursaries, and the placing of calendars and subscriptions to magazines in Lawrence School.

The 53rd Chapter reported 12 business meetings, six social and two sewing meetings. Funds were raised through a raffle, card party, social evenings, rummage sales, demonstrations, and tag days. One of their major projects was the Refreshment booth at the local fair.

This group sent clothing to Great Britain, adopted the East Ward School, awarded book prizes there and placed calendars and magazines in the school.

Regular visits were paid to the Sanatorium, and Christmas cheer was given to 15 patients in the Hotel Dieu. Gifts to two ex-service men at the Wales Home, to three vets in the hospital, and aid to a needy family were noted.

The Boy Scout Toy Shop and Salvation Army also received donations.

The Duke of Wellington Chapter reports nine business meetings. They assisted in Tag Days, took charge of the tea at the Nearly New Sale, helped the Legion on Poppy Day, held a tea, food sale and rummage sale. All these projects swelled the funds.

Prizes to schools were donated, as well as help to the Girl Guide Troop.

A radio-gramophone was donated to the Chapter's Room. An appeal for clothing for the Lawrence Colony was answered, milk was supplied to two families and boxes of food were given to the needy at Christmas. Clothing and food par-

ON ROYAL COMMISSIONS

If some Canadian news correspondent, looking back over many years spent in the Press Gallery at Ottawa, seeks to break new territory in the literary field, he might do something along the lines of "The Rise and Fall of Royal Commissions." Undoubtedly this would provide much of an interesting and intriguing nature, even if the great majority of the subject chapters were sad and examples of futility.

Perhaps as a start the writer could enunciate the theory that most all Royal Commissions are political dodges. This would be safe ground providing no basis for argument. The first purposes of any Royal Commission is to enable the government to avoid facing its direct responsibilities or making unpopular decisions.

Then, for a second purpose, they give little and noisy protestants and little big-wigs in all parts of Canada a chance to blow off their own ideas and get them in the newspapers and into official reports. In fact Royal Commissions have several angles in political expediency for governments and parties in power, publicity, shelving or what not.

At the same time the taxpayer is always the one who pays and the legal gentlemen hired into commissions make a bounteous rake-off. The people always pay and most all Royal Commissions are a waste of taxes. Of course, they do save the government from embarrassment of dealing with a touchy question to the loss of votes, but the archives at Ottawa could fill a whole wing with the reports of Royal Commissions, covered with cobwebs and dust. The departments must be cluttered up with so many which are simply valueless. For if the recommendations of the commissions are not in line with the party political views of elective governments they are pigeon-holed and forgotten. The costs reduce the pay envelopes of all Canadians. The government cannot pay for them as it has no money but that which can be collected from the people, all the people.

RUSSIAN PREPAREDNESS

The Soviet plans to expend some 79,000,000,000 rubles for military purposes during the ensuing financial year according to the budget of the Ministry of Defence, whose spokesman also announces that the country plans to continue her policy of peace. However, the United States Army Secretary, Kenneth Royal, views this \$15,000,000,000 expenditure in somewhat different terms, declaring that the blockade of Berlin constitutes "a day-to-day threat to the peace of the world." There can be little argument over this declaration, as the Berlin blockade is one of Russia's acts of provocation, typically in keeping with its "peace policy."

There have been frequent and bitter differences of opinion as to whether Russia is planning war or not with the majority view being that the Soviets will resort to war when they find conditions favorable. Can anyone now doubt, in face of this \$15,000,000,000 military vote, which is the largest Russia ever made in peacetime, that Russia intends to go to war when her military preparedness arrives at the stage when she thinks she can win?

And there need be no attempt on the part of Canadians to deceive themselves with the belief that this will be just another European war. If the kind of war which Russia appears to be planning develops, it will cross the northern part of the world and this Dominion will be in the thick of it. The Dominion will become the cockpit that Belgium used to be. The primary contestants will be Russia and the United States, with Canada the battleground in between.

Only one conclusion can be drawn from this situation. Canada will have to prepare to defend itself, especially against attack from the air, probably from unseen, guided rocket bombs launched from platforms in the north. There can be no arguments next time about sending conscripts across the sea. The battle will be closer to home.

THE FARMERS PAY UP

Farmers have long held top rating insofar as character is concerned in the credit business and it is an accepted fact that given the necessary income, few people pay their debts more promptly than the farmers. Of course, this record has more to it than the mere fact they are honest and do not like being in debt. Any intelligent and efficient farmer knows that if he is caught with poor crops or falling prices, debts are mighty hard to pay.

The latest report of the Farm Loans Improvement Act contains ample evidence of the determination of the farmers to meet their obligations as soon as possible. Under this Act, which became effective March 31, 1945, some 70,000 loans in total value of \$60,000,000 have been made to farmers to finance improvements and purchase of expensive machinery. Of this, \$30,000,000 was loaned in 1948 alone.

Despite the original loans being only four years old, fifty-seven per cent of the \$60,000,000 has been repaid already. This shows that the farmers have been prosperous; that they pay their debts quickly, and also that this \$60,000,000 has been spent in purchases and improvements which meant money in the pay envelopes of urban workers and business people.

MR. ST. LAURENT IN FIGHTING MOOD
Ottawa Journal

A news-page story in The Journal's evening edition of Thursday said the Liberals had solemnly decided to "hit back" at the aggressive Mr. Drew, that the Prime Minister's attitude of "gentlemanly indifference" was to be changed sharply. That afternoon in the Commons, Mr. St. Laurent put this new policy into effect. He denounced the Progressive Conservative leader with a good deal of vigor in a calculated and possibly somewhat synthetic burst of indignation—and it was Mr. St. Laurent who took the headlines with such words as "flays," "laeshe back," "tongue-lashing." The Liberal members cheered their leader tempestuously, as on occasion the PCs raise the roof for their leader, but the Liberals can make more noise—because there are more of them.

Mr. St. Laurent will not suppose for a minute that his outburst will moderate Mr. Drew's criticism or methods or policy—his hope is that it will convince the country, meaning the voters that the Government is not punch-drunk but still a very lively and vigorous organism. In other words the Liberals, having been on the defensive from the opening of this session, wanted to show the world that they could rally and stage an impressive counter-attack—that the old dog still has plenty of life.

The psychology of the electorate, in an election year, is a subject of engrossing concern to party leaders and managers. Elections have been won before this by an opposition party concentrating on the theme that the government was old, decrepit, confused, and the Liberals know this could happen again. They know too that the public like a fighter, like a leader who is full of confidence, who rides gallantly forth to battle—and all that describes Mr. George Drew. It is Mr. Drew who has set the pace of this session so far, and in this situation the Liberals at least see a grave danger to their cause.

So it is that the suave, courtly Mr. St. Laurent turns himself into a hard-hitting politician, flaying and lashing-back like an aroused lion, and we think the people will love it. Nobody is going to win this election by default. The Government may be on the defensive, but it is stoutly entrenched, its line of supply is intact, its troops are armored with Orders-in-Council and armed with prestige and patronage, and its wily general staff has a long record of success. But coming over the hill it sees and studies with anxious intensity the Progressive Conservative host, which already has over-run such outposts as Carleton, Digby, Nicolet-Yamaska and presses on joyously to the main encounter under a new leader with new weapons, and a new spirit of confidence.

At this stage the Commons itself is the battlefield, which explains much of the news that comes nowadays from that chamber.

BRITISH CARS

Sunday Times, London, Eng.
The British motor industry is facing a dilemma brought about by the sudden realization that no more reliance can be placed on the large volumes of orders standing in manufacturers' books for export than on those for the home market.

Recent experience of overseas markets to which substantial shipments of British cars have now been made is that prospective owners have triplicated and quadruplicated their orders with different agents. Thus delivery of a single car wipes out several more orders that were outstanding. The situation is intensified by the fact that American manufacturers, always mindful of the need for good service backing, have recently increased supplies of spare parts. Thus the life of their models has been prolonged.

Other vehicles are also concerned. One well-known light tractor manufacturer reports that out of a shipment of 250 tractors made to one territory against 472 outstanding orders, only 112 machines were taken up by purchasers, the remainder being left in stock.

The demands now being made to the ministry of supply for the release of greater quotas of cars for the home market is in part the outcome of this export situation. But there is a growing fear that the bulging order books for cars in this country also do not represent a true picture.

Although prospects of selling new cars at a premium as soon as delivered have been scotched by the activities of the British Motor Traders' Association, the fact remains that manufacturers simply do not know what volume or duration of solid business lies ahead of them. They cannot plan their factory rates with any certainty. It is noticeable that demands to the ministry of supply for bigger steel allocations have recently been far less vociferous.

Trade-union leaders in Coventry and Oxford are becoming uneasy as to the future prospects of their members. One factory in the Midlands has already gone on a three-day week and another has declared nearly 500 men redundant.

DEFINITE LABOR POLICY NEEDED

The Editor,
Sir:—What Canada has accomplished in recent years is the most convincing proof that it is possible to build not only goodwill between employer and employee, but develop our resources in a manner that will provide high employment, good wages, and fair profits for those who invest and direct.

We sometimes forget that Canada is almost a continent in itself, that it has been bountifully endowed with all that can make it the wealthiest of nations and its people prosperous. There have been remarkable economic, social and industrial changes in our own good old province within the last twenty-five years. Its political leaders have been, notwithstanding differences of opinion, anxious to do what they can to make their fellow-citizens engaged in industry, happy, and economically contented. Quebec has contributed quite substantially to giving Canada the place it now occupies as one of the world's largest industrial and trading nations. Our workers have a fine reputation for not only being good craftsmen, but very little influenced by the propaganda designed to secure converts for a system different to that which functions in our country. The workers of Quebec are highly intelligent. They are logically minded. They are reasonable. All that they want is an assurance of continuous employment at decent wages, in order to maintain a standard of living that will materially improve their social position.

The war was the means of enabling thousands to acquire valuable skills. They know that in the exercise of these skills they will be able to ask for remuneration consistent with skill, ability and loyalty to the employer and industry. It has been stated that there is a slight recession. This may or may not be based upon fact. A seasonal slight decline is to be expected in a country with our climatic conditions. Nevertheless the ratio of employment is higher today than it was in former years.

Labor is now represented in both the Provincial and Federal Cabinets. The holders of this portfolio are anxious to do what they and their Department can do to safeguard and promote the economic, industrial and social welfare of the workers. Following representations made by organized labor, measures have been adopted to deal with changing situations and conditions.

What is most important at the moment is to inspire our workers with confidence that their welfare and future is the principal concern of the government leaders both in the province and the Dominion. Since the natural resources belong to the Crown, within the gift of the province, it is the province that can properly concern itself with exploring the possibilities for the constructive development of our resources, thus providing abundant long time employment for all who are dependent upon their labor, skill or technical knowledge, for a livelihood. It is suggested that the province should set up a resources committee or commission, representative of industry, labor, finance, government and education, to make a very thorough survey of the resources of the province, and in its report embody such remarks that would induce or influence both government and industry to make the required investment to develop our resources. Such development will add very materially to our Provincial and National wealth.

There is in the province a Superior Council to advise the government on labor. An economic and resources council made up as suggested would, following its survey, and the adoption of its recommendations, open a new industrial and economic era for Quebec. Its splendid citizens have demonstrated what they can do both in peace

LAUS FARM RADIO FORUM

The Editor,
Sir:—May I say a word in praise of National Farm Radio Forum? Spring is here, and with it neighbors say "Adieu," for the busy summer months, to the pleasant Monday evenings, as they grouped in unison around the radio of each farm house in the community.

All praise to that first small group in Ontario which organized such an effective educational medium and collector of farm opinion. It is readily recognized that where forums are operating, farm people have a far greater understanding of agricultural objectives and are much more willing to give full support toward home and farm improvements.

Such social gatherings develop a spirit of friendship and unity among young and old—for that reason we need more Farm Forum Groups.

The Record Short Story

SEARCH AMONG THE KEYS

We were to fly over the Florida Keys to Miami. Our heavy stuff had been checked when I met Hurlnik at the airline office in downtown Havana; we were carrying only hand baggage. He and I shared the front seat of the airport bus with the Cuban driver and at once began the usual conversational skirmish. My blonde head, framing eyes of McGinnis blue, contrasted abruptly with Hurlnik's Middle-European darkness. In the "amalgam" we were four or five languages on the way, he announced himself as a Hungarian refugee. I could understand that much of his talk. Our linguistic skirmish was pretty terrible; several times on the way a beefy American right behind us laughed out loud at it.

At the airport we learned of a two-hour delay. I drifted off for refreshment. Hurlnik disappeared for the moment. I was not surprised to see him taking other foreign-looking people. Oh, well, one jump more; an hour or so over the sea and the Keys and I'd be home. Sitting comfortably in the bar I struck up acquaintance with the beefy American from the bus; he was glad to meet a McGinnis from New York. Robinson, he introduced himself; he was "Robby" in five minutes, and I was "Mac."

He was the typical well-fed American killing off the winter with some Caribbean cruising. We talked the small talk of "norte-americanos" in those parts—bars and women, food and gamblers, and weather. Our table was near the door. Hurlnik passed several times; he and I always nodded affably to each other. Robby told me how he had enjoyed our outlandish conversation on the bus trip from the city.

"You meet all types here, Mac," he offered judicially. "But I don't trust these refugees too far. They're a difficult crowd. Also, there's serious stuff going on around here, plenty of activity in the dope rings."

I played dumb. "You mean horse doping?"

He looked down his nose. "Not horses; narcotics—opium, heroin, and such—they just grabbed two of these 'refugees' here in Havana and they spilled plenty about some of their buddies. Why, our own people are working here with the Cuban secret police."

"Yeah?" I was audibly impressed as only a vacationing American can be at mention of cloak-and-dagger skulduggery under his very feet. "They suspect some of these refugees, then?"

"Right under our noses they may be up to their dirty work."

Hurlnik passed at that time and bobbed at us with his funny little half-formal bow. Robby looked at him coldly; his dislike for Hurlnik was obvious. "Time for another drink," I said. I was comfortable; Robby was good company. We rattled on. When I had brought my own life story up to an end of my first marriage, he contributed, guardedly, that he was a secret service man on the trail of the dope smugglers. I was peep-eyed at the revelation.

"You sure had me fooled," I admitted. "That 'country-club' personality of yours threw me off completely."

"That's my act," he apologized. "These birds down here think of undercover men as thin dark, and eye-lined. This loud, affable front is my best camouflage. They never guess me."

I went out to the washroom for a moment and in the lobby bumped into Hurlnik. There were several others nearby as he tried to start up a talk with me.

I elected for the Cleveland Women's Institute. Mrs. L. Osborne, Mrs. E. Beattie, Mrs. G. Fletcher, Mrs. E. Crook and Mrs. A. Smith.

The new officers of the Denison's Mills Y. W. C. A. were: Mrs. Theodore Searle, Mrs. Spencer Brock, Mrs. Avery Denison and Miss Grace Philbrick.

Reno, Nev., got a spring snow-storm in 1946, with salt added. The salt came over the Sierras from the Pacific, in a 100-mile wind.

"You're under arrest, Wilbur Van Mogen, alias Robinson," said Hurlnik. "The charge is smuggling narcotics." Two guards moved off with "Robby."

"Okay, Webster," I said to my "Hungarian" friend. "And welcome home, Mr. Hurlnik."

We laughed heartily at "Robby's" partner. "They'll never learn," Webster mourned to the other guards. "The last time, this 'Robby' passed the stuff in another tourist's bag; he'd try it again, we figured, so McGinnis was 'it'—he's new here. I kept tabs on 'Robby' at the airport and saw him put it in the typewriter while Mac was in the washroom."

"Shall we tell them," I asked "about our language act?"

He shrugged. "Let's drown that memory in some Seminole swamp medicine. For the Florida fever."

THE END.

Lesson Hand

TO SET HAND, BOTH DEFENDERS HOLD UP

Today's lesson hand was given to me by Philip M. Wertheimer of Larchmont, N.Y. He points out that the holdup play is one generally employed by the declarer, but in this hand the hold-up play must be employed by both defenders.

The three no trump contract looks like a weird one, with both North and South having seven-card suits. Nevertheless, game cannot be made in either clubs or diamonds, and it was quite a problem to defeat three no trump.

On the opening lead of the deuce of spades, Wertheimer in the East played the ten-spot and declarer won the trick. Now South stopped to count. If he could make six club tricks, one diamond and two spades, that would give him game. He decided, therefore, that he would not waste his diamond re-entry to dummy, nor try for a finesse that might lose. He would give up a club trick immediately, so he led the deuce of clubs toward dummy's jack.

If Wertheimer had taken this trick with the queen of clubs, there would have been no story, but he refused the trick. Now declarer found himself locked in dummy, and again he started to count. His next play was the queen of dia-

monds, hoping that whoever had the king would take it. You can see that if West had taken the king, there would have been no way to stop the declarer from making six diamonds, three clubs and two spades. But once again there was fine defense. West refused to win the queen of diamonds.

All declarer could do then was to cash the ace of diamonds and lead the jack. West won this trick and knocked out the ace of spades. Declarer cashed the ace and king of clubs and went down two tricks. Do not be too anxious to grab off your high card tricks. Holding off to block a suit is an important angle to learn in the play of the cards.

LIBERTY TOWN

Mr. Rennie Quay of Way's Mills,
has been saving for the farmers in
this neighborhood.

Mr. A. L. Pope, of Ayer's Cliff,
was a guest at the home of Mr.
and Mrs. Weyland Pope.

Master Richard Waite, of
Burroughs Falls, spent a day with
his young friend, Leslie Irwin.
The four children of Mr. and
Mrs. Weyland Pope and Beverly
Dobb have been ill with the
measles.

The Doctor Says:

LIFE EXPECTANCY HAS GONE UP BUT SO HAS MEDICAL EXPENSE

By Edwin P. Jordan, M.D.

The average child who was born
in the United States 100 years ago
could expect to live to the age of
40. Actually this meant that many
children died in infancy and in
early childhood; some lived well
beyond the age of 40. Fifty years
ago a child at birth could expect
to live on the average for 49 years.
The improvement continued, until
in 1947 life expectancy had risen
to 67.

However, it costs more to live
longer. As was pointed out by an
eminent physician some time ago
when appendicitis was treated
by applying poultices and a
draministering pills, the cost
of medical care was low. Of
course, a high proportion of
those stricken with appendicitis
died. Now the inflamed ap-
pendix is generally removed but
the cost of the hospital and the
surgery is much higher. But most
patients get well. This is only
one example.

It is not only the number of
deaths which is a measure of med-
ical progress, however. The med-
ical profession aims not only to
prevent deaths but also to relieve
suffering.

Diseases Are Replaced

Typhoid fever, diphtheria, pneu-
monia, tuberculosis and many
other diseases have become
less important as causes both of
illness and death than they used to
be. However, there are more peo-
ple living to older years and thus
becoming candidates for high
blood pressure, hardening of the
arteries, certain types of heart dis-
ease, cancer and similar condi-
tions which have always taken
their toll of older people.

With this change in the impor-
tance of disease, there has come a
change in emphasis on the diseases
subjected to medical research.
Some of those mentioned may
eventually be partially or com-
pletely conquered, but no matter
how much money is spent the time
will probably never come when
people will live forever.

Q—What causes puffiness be-
low the eyes?

A—This can be due to a kidney
condition which results in the ac-
cumulation of fluid in the loose
issues below the eyes. Some peo-
ple, however, seem to have puffi-
ness below the eyes unrelated to
any disease condition and perhaps
in each case it is merely a family
tendency to deposits of fat in this
area.

Miss E. Clymer Of C.S.S. Mission Was A Guest Of Sawyerville Mission Circle

Sawyerville, March 24.—The Women's Mission Circle met at the home of Mrs. Henry French with 28 present.

The president was in the chair and opened the meeting with the hymn, "Throw Out the Life-Line." Mrs. Brown, of Sherbrooke, led in prayer. Roll call was responded to by repeating a favorite verse of Scripture.

The minutes were read and adopted. Mrs. Carl Bailey read two Psalms. Mrs. C. Parker and Miss E. Bowler sang "All To Jesus."

Mrs. Day introduced the speaker of the afternoon, Miss E. Clymer, of Sherbrooke, missionary under the Canadian Sunday School Mission.

Miss Clymer presented the work of the C.S.S.M. in Quebec, in a vivid way, telling of the missionary trials and triumphs, during the summer months doing D.V.B.S. work. The C.S.S.M. is doing a splendid work among the children, teaching them the Word of God, and presenting the Gospel to them.

The offering of the afternoon was given to this work.

The tea tables were prettily decorated with the emblems of St. Patrick, under the capable leadership of the social convener, Mrs. J. V. Staggs.

Rock Island Red Cross Ship Many Finished Articles

Rock Island, March 24. — The Red Cross have been meeting at the home of Mrs. Grace Taylor on Tuesday afternoons since March 1. These meetings have been well attended and a considerable amount of sewing has been done. Two quilts have also been tacked and completed. The committee is always glad to have anyone who is interested in Red Cross work visit the home of Mrs. Taylor any Tuesday afternoon between the hours of two to five p. m.

On March 17th the following shipment of finished articles was sent to Montreal headquarters: 2 pairs of men's socks, 1 pair (6 yr. old) stockings, 3 babies' knitted layettes, 3 four-year-old sweaters, 2 four-year-old sweater sets, 2 eight-year-old sweaters, 3 six-year-old wool jersey bloomer dresses, 2 quilts.

Included in the same shipment were these articles from the Fitch Bay workers: 2 four-year-old sweaters, 2 pairs of 6-year boys' stockings, 4 babies' nighties, 3 pairs 8 year-old boys' pyjamas, and 3 eight-year old girls' nighties.

Anyone interested in sewing or knitting for this worthy cause may obtain material from Mrs. Taylor or Miss Ruth Wing. Those who have finished work may leave it with the Red Cross president, Mr. Maurice Fregeau, at Bethel's Red'g. Be sure the parcels are clearly marked with names and contents on outside.

Brompton Road Women's Institute Has Annual Meeting In Community Hall

The annual meeting of the Brompton Road Women's Institute was held on March 12, in the Community Hall. There was an attendance of 15 members. The president, Mrs. E. M. Goodfellow, was in the chair and the meeting opened with the collect for club women. The roll call was answered by payment of fees.

The minutes of the previous meeting were read by the secretary, Mrs. C. Sawyer, and approved as read. The treasurer's report was given by Mrs. S. Billing and showed the books audited by Mrs. Gerald Decoteau and Mrs. Elgin Decoteau. The sum of \$5 was voted to each of these campaigns: Red Cross, Save the Children Fund, Community Chest, and the Blind campaign. Money was also voted for the purpose of sending each month a parcel to a war veteran in St. Anne's Military Hospital.

The Sunshine committee reported three gifts, flowers and cards sent to shut-ins. The secretary read several congratulatory messages, this being the Brompton Road's 25th anniversary.

Ways and Means convener, Mrs. E. M. Goodfellow, reported the proceeds from a Weavever variation held in the hall, February 22, and the anniversary tea held at the MacKinnon Memorial, on March 1, which were both very gratifying.

The annual reports of the conveners showed the branch had been very active and had a very successful year.

The convener of education, Miss Verna Hatch, reported these amounts spent at the local school: \$25 towards extra music, and \$25 for school prizes, treats and sports prizes. Two members had taken part in the Musical and Literary Art program; papers entitled "School Lunches," "Need for Teachers," and "Princess Elizabeth" were read.

Welfare and Health convener, Mrs. H. McLeod, reported \$25 donated to hot lunches at the local school. Seven members were enrolled in the Blue Cross. The branch paid its share towards an adopted European child.

The convener of agriculture, Miss Elsie Winget, reported a paper read on "The Cutworm and Its Control." A flower show was held when Mrs. W. S. Richardson, who was the judge, spoke briefly on exhibiting and gave a few pointers on exhibiting at School Fairs.

Six dollars was given to the School Fair Prize Fund. One member, the county con-

ploughmen's luncheon, rummage sale, sale of seed paper.

Several contests were held and prizes given.

Mrs. Harold Riches, convener of ways and means gave a splendid report of the work accomplished and proceeds realized during the year, and thanked one and all for the splendid co-operation she had received from the members.

National and International Relations, Mrs. Murdo MacDonald, reported one roll call, name a foreign race in Canada. Three papers were given, "The New Conservative Leader," "Discovery of Islands in the Arctic," and "Bread's Other Spread — Margarine." Monthly food parcels were sent to England, and a donation was sent to the Q.W.I. Service Fund.

Publicity convener, Mrs. Wesley Billing, reported 12 meetings held, with reports sent to the Sherbrooke Record and to the County convener. Twenty-three members were enrolled; twenty-one received the MacDonald College journal. Delegates attended all county meetings, and the Provincial Convention. Members of the branch, with others in the county, attended the annual meeting, at Derby, Vt., of the Home Demonstrators, of Orleans County.

The Sunshine committee reported several gifts, flowers and cards sent to shut-ins. Each member had been remembered by a card on her birthday.

Mrs. E. M. Goodfellow, the retiring president, thanked each and every member for their co-operation during her term of office. As is customary, the retiring president is presented with a small gift from the branch, Mrs. Goodfellow receiving a silver teaspoon.

The branch was very grateful to Mrs. W. P. Goodfellow, who presented them with a half dozen table knives for use at the hall.

Mrs. W. F. Goodfellow took the chair for the election of officers. Mrs. Lemuel Clark, as convener of the nominating committee, presented the slate for the coming year.

The officers are as follows: Honorary President, Mrs. E. M. Goodfellow; president, Mrs. Curtis Sawyer; first vice-president, Mrs. Wesley Billing; second vice-president, Mrs. Harold Riches; secretary, Mrs. E. M. Goodfellow; and treasurer, Mrs. W. F. Goodfellow.

The following conveners were elected: Agriculture, Mrs. Elgin Decoteau; Home Economics, Mrs. Milton Brown; Education, Miss Verna Hatch; National and International Relations, Mrs. M. MacDonald; Child Welfare and Public Health, Mrs. H. McLeod; Publicity, Mrs. Lemuel Clark; Blue Cross Secretary, Mrs. Curtis Sawyer; Program Committee, Mrs. Curtis Sawyer; Mrs. W. F. Goodfellow, Mrs. Gerald Decoteau; Sunshine Committee, Mrs. E. M. Goodfellow, convener, and Mrs. E. J. Winget, Mrs. William Bonnalie, Mrs. Herman Clark and Mrs. Norman Hatch; Ways and Means Committee, Mrs. Stuart Billing, Mrs. Wesley Billing, Mrs. W. F. Goodfellow, Miss Elsie Winget, Mrs. Clifford Goodfellow, Mrs. Elgin Decoteau.

The new president then took the chair and conducted the rest of the meeting.

One new member joined, Mrs. S. S. Lehuay, and the branch extended to her a sincere welcome.

It was decided not to choose attendance teams this coming year but members, who miss more than two regular meetings, will be hostesses for the next annual meeting.

Conveners were reminded to have a five-minute paper or talk prepared for the April meeting. The work calendar for April is to be an article for a baby.

The Ways and Means committee hope to organize a sewing meeting once a month to prepare for the work calendar and thus relieve the work immediately before sales.

Members were asked to hand in any suggestions for the Flower Show Prize list, which is to be revised before the next meeting.

There being no further business, the meeting was adjourned when members partook of light refreshments prior to preparing for the anniversary supper.

MONTREAL, March 24—The history of food preparation is the happy story of constant simplification of meal preparation. That, and the improving of flavour enjoyment. And one of the most wonderful developments in the world of food is SHIRRIFF'S GINGERBREAD MIX. It's truly delicious — tastes even better than the gingerbread grandma was so proud of — but unlike grandma's gingerbread, you don't have to buy a lot of ingredients — flour — eggs — spices — they're all there! And you don't have hours of work with a lot of clearing away and washing up to do! All you do is add water to Shirriff's Gingerbread Mix — a few moments and then pop it into the oven. It's so very easy — "discovered" Shirriff's Gingerbread Mix — you can have all the fun of making gingerbread — none of the fuss and bother!

BROWNIES
2/3 cup sifted flour
1 tspn. Calumet Baking Powder

1/2 cup butter or other shortening
2 squares Baker's Unsweetened Chocolate
1 cup sugar
2 eggs, well beaten
1/2 cup chopped walnut or pecan meats
1 tspn. vanilla
Sift flour once, measure, add baking powder and salt, sift again. Melt shortening and chocolate over boiling water. Add sugar gradually to eggs, beating thoroughly. Add chocolate mixture and blend. Add flour and mix well, then add nuts and vanilla. Bake in greased pan, 8 x 8 x 2 inches, in moderate oven (350 deg. F.) 35 minutes. While still warm cut in rectangles. Remove from pan; cool on cake rack. Makes 2 dozen brownies.

Here's A Tempting Way to serve this favourite-for-flavour ... HEINZ OVEN-BAKED BEANS! So good — so meaty and mellow and drenched with a luscious spicy sauce ... they'll taste "like more" when you serve them this way.

Arrangements Nearly Complete For Philadelphia Colored Giants' Visit Here Tomorrow Night Against Locals

Arrangements for the gala basketball game at the William Street Armory Friday evening are moving at a brisk pace and arrangement committee head Larry Pergau today announced the opening of nine advance sales stations for tickets.

The game, which will pit the famed Philadelphia Colored Giants against an All-Star Sherbrooke aggregation, is being brought to town under the sponsorship of the Y's Men's Club in view of the great enthusiasm shown in last month's contest between the House of David and the All-Stars.

Again a special show for school children has been arranged and the youngsters will be able to see the septa cagers in action against a Bishop's University quintet. This special contest is slated to start at 4.15 p.m., at the William Street Armory and all district youngsters under 15 years of age are invited to attend. A nominal entry fee of 10 cents has been set for this exhibition.

The regular night game will start at 8.30 p.m., and the visitors will again be opposed by five men from each of the local squads. The ETABA representatives will operate as individual units with a central board of strategy, headed by Clint Stocks, handling the reins. The regular 75 cent admission charge will be made for this event.

According to promoter Sam Huff, of Pottsville, Pa., who handles both squads, the newcomers are rated as one of the national top ebony combinations, having recently topped the House of David outfit.

Among this group of court artists, 6 foot 6 inch centremen "Sugar" O'Driscoll is reported to be the stellar attraction. On top of his immense height, O'Driscoll is reputed to have one of the largest pairs of hands in the game and can catch or throw the ball easily with either mitt.

The boys reportedly play a fast, heads up brand of ball and all spectators should be in for a good evening on Friday, as, like all travelling pro teams, the Giants have a whole bag of tricks to amuse and mystify the crowd.

Tickets for the event can be bought at the door, while advance sales are being handled at Ansell's Restaurant, Olivier's Restaurant, and the Y.M.C.A. in Sherbrooke.

Hockey Players To Be Hosts To Youngsters

Emile Beauvillage, owner of the Magog Hotel, and his son, Claude, will Saturday morning, between the hours of 10.30 and noon, be hosts to members of the Sherbrooke Hockey Club and children of the city.

The idea behind the movement is to give the children of the city an opportunity of seeing the local hockey players and at the same time securing their autographs. All children must be accompanied by their father or mother. Coach Ivan Dugre and his players will be on hand at 10.30 and will serve the kiddies ice cream and answer all questions put to them regarding the game.

Mr. Beauvillage figured that this would be a wonderful opportunity for the youngsters, who could not get to the games, to see their favorites at close range. Gilles Choquette, manager of the hotel, contacted Ivan Dugre, and his boys, and they said that they would be only too pleased to be on hand to meet the young fans.

Southern Canada Cup Goes To St. Johns Club

St. Johns Curling Club edged out Sherbrooke curlers 28-20 in the seventh attempt to wrest the Southern Canada Power trophy from the local club and walked home with it.

Sherbrooke after turning back six district clubs came out on the short end of the two-game total point series. Stew Roy skipped his rink to a 12-8 win over J. Larden's quartet but Nelson Lothrop's four-men absorbed a 2-4 trouncing at the hands of Pat Ross and his aggregation to drop the trophy by a eight point margin.

In the previous games Sherbrooke turned back Drummondville 29-25, Lennoxville 21-20, Thetford Mines 36-12, Magog 35-22, Grandby 27-22 and Sutton 39-17.

Inkerman Downs Halifax 8-0 For Two Straight

Ottawa, March 24.—(P)—Halifax St. Mary's, fighting gamely, appear to be no match for the more powerful Inkerman Rockets.

The Maritime Junior Champions, seeking a Memorial Cup berth, last night dropped the second straight game to the Ottawa District champions—and with a bang. The score was 8-0.

The shutout followed Monday's 13-3 victory for the Rockets. Their chances appear to be good to win the best-of-five series with St. Mary's and then go into a semi-final tussle with Quebec Junior Champions for the right to advance towards the Eastern Canada Junior hockey title.

Rockets outplayed St. Mary's in every frame last night. They scored two goals in each of the first two periods, and rode roughshod over the Maritimers in the final stanza for another four markers.

Playing a magnificent game throughout was Bert Feltham, Inkerman's starry goalie. The shut-out was his first in the playoff hunt for the Memorial Cup.

To bolster the weakening Halifax team, Marty Barry replaced Ronnie Cole with Ernie Yeaton in the Maritime net. Yeaton, playing a stand-out game, found himself at the receiving end of a hot Inkerman attack. Rocket snipers roamed around the net, slamming the rubber at him from all angles.

Bill Lynny, fast-skating Inkerman left-winger, topped the Rockets' goal-getters with a two-goal effort, while Roger Hunter, Cliff Baldwin, Allen Kelly, Don Crowder, Bob Lunny and Chas Lovelock lined up the other six markers.

It was a clean fight until the final period when Lynny let go with both fists at St. Mary's Jack Ready. Both got minor penalties for fighting.

The teams meet for the third and what might be the final match in the best-of-five series here Friday.

Things To Be Different Tonight, Says Clapper

Boston, March 24.—(P)—Coach Dit Clapper promises that "things will be different" tonight when his Boston Bruins face Toronto Maple Leafs in the second game of the series "B" semi-finals of the Stanley Cup playoffs.

Clapper himself admitted that the Bruins didn't do anything right Tuesday when they were blanked 3-0 by the Leafs in the first game of the best-of-seven series.

Conn Smythe, major domo of the Leafs, said his team played its best game of the season.

Much credit for the Leafs' reversal of form, after three straight losses towards the end of the regular season, was traced to the recall of several minor leaguers.

Two of the youngsters, Fleming Mackell and Bob Dawes, replaced Tod Sloan and Harry Taylor in the Leaf ranks Tuesday night and played well.

Neither club has announced its starting line-up for tonight's clash but it is expected the same players who started Tuesday will be on the ice for the opening face-off.

New York—Walter Cartier, 181, New York, stopped Eddie O'Neill, 184, Detroit (6).

Red Wings Firm Favorites To Take Second Game Of N.H.L. Playoffs

Detroit, March 24.—(P)—Detroit Red Wings ruled firm favorites to take Montreal Canadiens tonight in the second game of their semi-final Stanley Cup series.

But Manager Jack Adams, of the Red Wings, though still jubilant over his club's 2-1 victory over Montreal in the third overtime period Tuesday night, made no claims about the series ending in four straight. Naturally, Dick Irvin, Montreal's manager, agreed. Both saw the best-of-seven series going at least six games.

The first game of the playoffs went 104 minutes and 52 seconds before Max McNab's pass deflected into the net off the leg of Glen Harmon, Montreal defenseman, for the winning Detroit goal.

Goalie Harry Lumley stands as the biggest factor in Detroit's bid to add the Stanley Cup to the N.H.L. crown in its collection of seasonal honors.

He has played superb hockey in night and next Tuesday.

Joe DiMaggio's Doubtful Condition Is Big Factor in Yankee's Future

St. Petersburg, Fla., March 24.—(P)—How about Joe DiMaggio? The doubtful condition of the Yankee Clipper is the most disturbing note of the spring training season.

There is no definite assurance that DiMaggio, hobbled by a tender right leg following an off-season operation, will be able to open the American-League schedule.

The doctors are optimistic. DiMaggio wants to believe them, but he knows the heel still sends jabbing pains through his body when he tries to run.

It is feared the spur is growing back on the heel. Then again, what appears to be growth, may be only cartilage.

So far he has appeared in exhibitions as a pinch-hitter only. If he gets a hit, a runner takes his place. The Yanks are taking no chances with their \$50,000-a-year star.

"I'm not going to tell Joe when to play," said manager Casey Stengel. "It's only one that really hurts. The story about his heel. When he wants to play, he'll tell me. I only hope he will be in there opening day."

Casey knows the Yanks can't win without DiMaggio. "Pitching and outfield are my strong points," he said, "at least that's what they tell me."

First base is a glaring weakness. Chances are right fielder Tommy Henrich will wind up for the job. Babe Young, Jack Phillips, Joe Collins and Dick Krayhoski have failed to impress.

Pembroke Lumber Kings Edge Out Sydney 4-2

Sydney, N.S., March 24.—(P)—Pembroke Lumber Kings made a little bit go a long way last night as they defeated Sydney Millionaires 4-2 to square the Allan Cup Eastern Quarter-final at one game each.

The Maritime champions outshot the Ottawa district littleholders 41-12 but Pembroke made their few shots pay off.

Sydney won the first game 3-1. The best-of-five round now shifts to Ottawa, with the third game scheduled for Saturday.

Goalie Fred Murphy was an exceptional performer for Lumber Kings and he got stout blueline support from playing coach Cully Simon and replacement, Don Grant, of Ottawa Army.

Murphy, sub-goalie for Ottawa Senators last year, blocked 41 shots to 12 by Sydney's Jack Gibson. And that was a good indication of the play.

Lumber Kings were outplayed all the way but they had the savvy in their own end to hold Millionaires at bay and the quickness to seize opportunities when the Sydney defence cleared slothily.

Charlie Lemenechek pushed in two goals for the winners and Roy Giesebrecht and Allan Levoy picked up the other two. Lou Medynski and Alex Birakow scored for Sydney.

Three of Pembroke's goals came in the last period. Millionaires' defence looked bad on all three. Sydney bogged down in the soft ice in the third period while the slower-skating Lumber Kings seemed to find the going to their liking.

Millionaires struck twice late in the first period while Simon was off for holding. Pembroke picked up their first goal halfway through the middle period, making Gibson look bad. The Sydney netminder was slow covering the right side and Lemenechek poked the disc in from the side, bringing it from behind the net.

Roy Giesebrecht did the same thing early in the last period. Pembroke grabbed rebounds to score their last two goals as the steel city defence failed to clear.

On the play to date, Lumber Kings are not threats to Millionaires. The Maritime champs have carried the play most of the way but in Ottawa, as in Sydney, the club with the most goals picks up the marbles.

He figures a new scribe should move in each time a coach substitutes his offensive or defensive teams. . . . Of course, the writing profession always has had its share of kicking specialists.

Oakland, Calif.—Leonard Morrow, 177, Berkeley, knocked out John Donnelly, 187½, Los Angeles (8).

Y.M.C.A. To Hold Basketball Tourney

Open to all Intermediate and Junior league players, a Spring Basketball Tournament will be staged at the local "Y," with the first games scheduled for Tuesday, March 29.

Under the guidance of a committee comprised of local coaches, the tourney is expected to produce four teams for a 6-weeks series of double headers every Tuesday evening until May 2nd, with playoffs following between the two top teams.

Individual registrations only are being accepted, all of which must be received at the Y. M. C. A. before 6 p. m. March 26, at which time team captains will be selected by the tournament committee who will draw for choice of players. The results of this draw and the tournament schedule to be announced before the first games on March 29.

A registration fee of 50 cents must be submitted by each player to his team captain before the first game, to cover cost of referees' winners' crests.

Lord Milday Rated Favorite In National

Aintree, England, March 24.—(P)—Nothing would make a multitude of Britons happier Saturday than for a lanky peer to bag the Grand National Steeplechase.

The particular peer is Lord Milday, one of England's leading amateur jockeys.

He'll be on his gelding Cromwell, which heavy betting has made a 5-1 favorite in the historic jumping event.

Lord Milday, the second Baron of Flete created in 1922, is the tallest jockey riding regularly. He's six feet four inches.

As a gentleman rider, he gets no fees.

A bachelor who will be 40 April 14, he inherited £180,000 (\$720,000) from his father and two estates at Kent and Devon.

Lord Milday hopes this year to beat a jinx that has haunted him for years over the National course.

Yesterday in a preparatory race for the Grand National, he barely escaped severe injury when his mount, Leale Prince, took a nasty spill.

The horse, which also had been entered in Saturday's race, suffered a broken back and died. But Lord Milday jumped to his feet without a scratch.

In the 1936 Grand National Lord Milday's jumper was leading going to the next-to-last fence. But a bridge pulled loose and the bid fell short.

In 1941 Lord Milday said a crick in his own neck spoiled his race aboard Cromwell. Yet he finished third, nine lengths back of the victorious El Dorado.

White Plains, N.Y.—Billy Kilroy, 159½, Clifton, N.J., outpointed Henry Holt, 157½, Danbury, Conn. (8).

Expect Two-week Delay In Baseball Reinstatement Suit With Max Lanier, Fred Martin And Danny Gardella

New York, March 24.—(P)—It will be at least two weeks before Danny Gardella will get an answer on his plea for baseball reinstatement but an earlier showdown is expected for two other banned former major leaguers, Max Lanier and Fred Martin.

Federal Judge Edward A. Conner said he probably would rule next week on the temporary injunction asked by Lanier and Martin, two former St. Louis Cardinals pitchers who are suing baseball for \$250,000.

The former Cardinal players and Gardella, the onetime New York Giant outfielder who is suing for \$300,000, have asked that their playing rights be returned pending settlement of the cases.

Judge Conner reserved decision in the Gardella case yesterday, declaring he would act after lawyers for both sides had filed their briefs April 6th.

Papers in the other suit, brought by Lanier and Martin, are already in the judge's hands, so a quicker verdict may be expected.

But he withdrew the request after Mark F. Hughes, the counsel representing baseball interests, objected.

Flynn said a separate suit may be filed later in behalf of Maglie, asking for \$1,000,000 damages.

Marlboros Swamp North Bay 10-1 In Opener

Toronto, March 24.—(P)—The powerful Toronto Marlboros today held a one-game lead over North Bay Black Hawks in the best-of-three series for the All-Ontario Senior Hockey title.

Stocky Ray Hannigan's three-goal spurge guided the Ducks to a 10-1 decision over the Black Hawks and gave them high hopes of sweeping the series in two straight games. Next game is slated for tomorrow night in North Bay.

Worcester, Mass.—Don Williams, 141½, Worcester, stopped Tommy Mills, 144, Valley Stream, N.Y. (4).

The players, among nearly a score who were banned for five years for jumping to the Mexican League in 1946, are suing the game or the grounds that their suspensions have denied them a chance to earn a livelihood.

They contend in their suits that baseball is a monopoly which operates in violation of the anti-trust laws because the reserve clause in the standard contract binds a player to one club for life.

While announcing that he may rule next week on the request for a temporary injunction brought by Lanier and Martin, Judge Conner advanced to April 23rd the date when the 16 major league clubs and the high officials of baseball must answer the complaint in the multi-million dollar suit.

Organized baseball had asked more time because most officials were tied up in spring training routines.

John L. Flynn, of New York, lawyer for Lanier and Martin, sought to include Sal Maglie, former New York Giant pitcher who is also on the suspended list, as a co-plaintiff with Lanier and Fred Martin.

But he withdrew the request after Mark F. Hughes, the counsel representing baseball interests, objected.

Manager Eddie Sawyer Says His Phillies Will Spring Surprise In National League This Year

Clearwater, Fla., March 24.—(AP)—Eddie Sawyer sees 1-49 as "the year of the big if" in the National League, with his Philadelphia Phillies prepared to spring a surprise.

As optimistic as a fellow can be who finished sixth last year, Sawyer finds hope in the problems of others. The 37-year-old Sawyer, came from the Toronto farm club to take over the job of bossing the big club last July after Ben Chapman was replaced, expects no miracles. But he thinks improvement is to be expected.

"I honestly expect a race in our league," said Sawyer. "Nobody is set for sure. Everybody has a big if."

"For the Cards it's if Kurowski and Marion can play a full season and if Musial can have a better year like the last one. If Blackwell can pitch for Cincinnati. If the Giants get pitching. If the kids come through for Brooklyn. If Reiser can come back for Boston."

"We have added power in Bill Nicholson and Eddie Waitkus. Sure, we gave up pitching in Dutch Leonard and Monk Dubiel. But Leonard is going on 40 and Dubiel was a must for Chicago. He was their key man in the deal. Hank Borowy and Russ Meyer, who came to us from the Cubs, are going to help."

"We'll do better than a lot of people think." Sawyer knows as well as anybody that his kids must click if the Phils are to do better. After

all, they were only two games out of the cellar and 25 1-2 back of the pennant-winning Boston Braves last October.

The outfield should show a definite improvement in power with Nicholson in right, Richie Ashburn in centre and Del Ennis in left. Johnny Blatnik a fine "spring hitter" will be held in reserve.

Then Sawyer has a problem in two bonus players who must be kept or lost on waivers. They are Stan Hollmig, who hit .303 in a half season at Wilmington, Del., in the Class-B Interstate League and Jack Mayo, .273 speedster from Uleua, N. Y., of the Class-A Eastern Loop.

Waitkus, a sure fielder and 290 batter at Chicago, gets the call at first. Dick Sisler, the '48 regular, may be traded or kept for utility and outfield duty. Eddie Miller, moved over from shortstop, has the nod over Buddy Blattner, ex-Giant acquired in the draft, for second base.

Granville Hamner is set at short and Willie Puddin' Head Johnson, up from Toronto with a .275 average, is the third baseman. Good things are expected of Jones, who cost the Phils \$15,000 three years ago.

Stan Lopata, a .285 hitter at the farm where Sawyer started last season, has the edge on the more experienced catchers for the No. 1 job. Andy Seminick, who slumped to .225 last year, is next. The third job rests between Hal Wagner, former Boston and Detroit regular, and Ken Silvestre, the ex-Yankee drafted from Newark.

Pitching again figures to be Sawyer's real headache. Borowy, Mayer and Robin Roberts, one of the three "bonus" pitchers, have been named regulars. Schoolboy Rowe will be used for spot work as will lefty Ken Heintzelman. Curt Simmons, the \$55,000 bonus Schoolboy who had a 7-13 record for the Phils last season, is being asked to earn a place on the starting line. Lou Poeschl, right-handed grad from Toronto with an 11-11 record, is a starting candidate. So is John Thompson, who won 12 and lost 8 at Toronto.

BASEBALL TRAINING CAMP NOTES

The battle for the first-base job on New York Yankees has narrowed down to Jack Phillips and Joe Collins. Manager Casey Stengel said today. Babe Young, signed as a free agent, appears on the way out.

Leo Durocher, fiery boss of New York Giants, claims rival clubs are offering "tomato pickers" in exchange for some of his sluggers. "Nobody is giving up a star pitcher," said Durocher. And that is just what the Giants need.

Dick Kokos, St. Louis Browns' outfielder who was injured in an exhibition game last week, is back in uniform. However, he will not take an active part in exhibition games for a few days.

Jeff Heath, of Port William, isn't in the best of shape yet in Boston Braves' training camp. The star outfielder suffered a broken ankle last year and is still "being careful."

Phil Marchildon, of Penetanguishene, Ont., will pitch today for Philadelphia Athletics in their concluding training camp series with Brooklyn Dodgers. Later today the A's will fly to Cuba for exhibition games there.

Pete Reiser Should Make Defending Champions, Boston Braves, Tough To Beat In National Ball Loop

Bradenton, Fla., March 24.—(AP)—Pete Reiser, lone import new-comer to Boston Braves, figures to make the defending champions of the National Baseball League tough to beat.

If the former Brooklyn Dodger can play 100 games in centre field, the team that won by 6 1-2 games last season should be even better. At least that's how Manager Billy Southworth figures.

"Anybody that expects to beat us," said Southworth, "is going to have to beat a better team than the Braves won with last year."

Southworth reasons that shortstop Alvin Dark, a .322 hitter as a rookie, should be improved in his sophomore year. He also thinks he has money in the bank in his team of pitching ace—Johnny Sain and Warren Spahn. For power, the Braves still lean heavily on third baseman Bob Elliott, who has shown no signs of letting them down.

A natural leader who banks heavily on psychology, Southworth

SPORT SLANTS

The boys on Ottawa's political beat might keep an eye on Health Minister Martin in the next two or three weeks. He'll likely have a \$10,000,000 baby tossed in his lap.

Early in April, well-informed sources say, the National Council of Physical Fitness will recommend on behalf of the Dominion's sports-governing bodies, that the government, ladle out \$300,000 for development and organization of amateur sport. And with it will be a note asking \$3,000,000 a year for the next three years to provide playgrounds and facilities for the country's young fry.

The idea is to build a healthier nation which, it is hoped, will give Canada a decent chance in international sports competition.

Answer No?

It will be Mr. Martin's "baby" to turn them down or pass them along to higher government levels for decision.

Here's a tip to the sports organizations: You haven't an earthly hope for the \$300,000 because the grant means a subsidy and spokesmen have already come out with statements saying the Government would, in no way, subsidize sport.

There's a chance—pretty slim—the \$3,000,000, or part of it, might be forthcoming because "Seh! this may be election year."

Since the January sports congress in Ottawa, called by the Fitness Council and attended by nearly every sports-governing body in the Dominion, the Council has been receiving "yes" replies to the financial recommendations.

A simple majority was needed and, sources say, the vote has been "more than encouraging."

Quote, Unquote

Fred Steel of Toronto, secretary of the Ontario Athletic Commission: "I take great exception to newspaper men keeping scorecards in boxing. I object to these people—who know nothing about boxing—saying that they agree, or disagree, with a decision. Why, they don't even see all the fight—they're too busy talking to their neighbor at the press table."

Match Race Between Citation And Coaltown Probably Could Be Staged If Suitable Conditions Were Found

Miami, Fla., March 24.—(AP)—A match race between Citation and Coaltown, greatest turf natural possible, probably could be staged if conditions are suitable, Calumet General Manager Ben Jones said today. But he still rates Citation the better horse.

"I think Mr. Wright (Warren Wright, master of Calumet Farm), and Jimmy (Bens) son, Calumet trainer) would feel as I do—that there would be no objection to such a match to settle the question of supremacy, if the race be arranged under satisfactory conditions."

"By that, I mean at one of the big tracks like Belmont Park, Arlington Park or such, with a suitable purse and the understanding furlongs?"

that both colts must be in top condition, at weight-for-age. I'd be as interested as anyone else to see how they'd make out with each fit to do his best."

Such a prize attraction at, say, 1 1-4 miles, would jam any big track and probably would be worth a "purse" of \$50,000 or so. Coaltown's five straight victories in Florida this winter has heaped new coals on turfdom's burning question: Can Citation, deemed by many veteran experts the equal if not superior of immortal Man O' War, beat his amazingly fast stablemate—a colt fresh from tying the world marks for nine and ten furlongs?
