## DECISION IS REACHED IN REGARD TO RUSSIA

### German Executed By French Troops--Strike Spreading

#### Britain Not To Break With The Russian Gov't

It is held in Diplomatic Circles that while last Note from Moscow is in some respects not wholly satisfactory, Remaining Points in Dispute with Soviet Government are Susceptible of Solution by Negotiation—Government of Premier Baldwin, It is Known, Desires to Begin Its Career Hampered by as Few International Problems and Controversial Political Issues as Possible.

(Associated Press Despatch)

LONDON, May 26.—Great Britain has decided that there shall be no break with Russia. It is held in diplomatic circles that while the last note from Moscow is in some respects not wholly satisfactory, the remaining points in the dispute with the Soviet Government are susceptible of solution by negotiation.

The Government of Premier Baldwin, it is known, desires to begin its career hampered by as few international problems and controversial political issues as possible.

If Leonid Krassin, the Soviet representative here, succeeds in having the Moscow Government compromise on Lord Curzon's reiterated demand for the withdrawal of the Russian political agents abroad, whose actions have offended Great Britain, it is believed the British Foreign Secretary will inform M. Krassin when he calls at the Foreign Office next week that Great Britain is disposed to discuss with him or another appointed plenipotentiary the whole subject of Anglo-Russian relations at a conference to be called in London in the near future.

#### PLAN STATUE TO BE ERECTED AT GRAND PRE

Has Been Arranged For in Italy Under Direction of an Italian Sculptor.

(Associated Press Despatch) MONTREAL, May 26.—Through a Montreal firm, the statue of Our Lady, which is to be erected at Grand Pre, has been arranged for in Italy under the direction of an Italian sculptor. This statue will be placed at Grand Pre as a memorial of the deportation of the Acadians and the unveiling will form a feature of the ceremonies which are to take place in the "Land of Evangeline," August 7, 8 and 9 next.

The statue, which is to be of Carrara marble, will be seven and one half feet in height and is to rest on a base six feet high, of another form of marble. It is stated that the statue will be one of the most beautiful memorials of its kind, erected on the North American continent.

The complete monument will weigh two tons.

It is anticipated that delegations from National Societies in Montreal and other parts of Quebec will attend the convention, arranged by the National Acadian Society. Some of the details were arranged recently at a meeting of the committee held at Moncton, the indications being that a very large gathering of Acadians and others sympathetic to the movement would go to Grand Pre in August.

The committee learned that financial conditions are not of the best in Acadia at present, and this factor has rather retarded the completion of the interior of the memorial church, so that work has been left for the future. In the meantime a special committee has been appointed for the purpose of obtaining works of art for the church itself, and Acadian relics and souvenirs for the Grand Pre museum.

This committee is composed of Rev. A. D. Cormier, Shediak, N.B., F. J. Robitoux, K.C., Shediak, A. T. Leger, K.C., Moncton; C. D. Hebert, Dupuis Corners, N.B., and F. G. J. Comeau, Halifax.

Eventually it is hoped to have a handsome memorial church at Grand Pre, with a well filled museum placed within spacious grounds. It is further planned to have an artist design an appropriate memorial to Longfellow, who immortalized the Acadians in verse, and to have it placed in a prominent position adjacent to the church and the museum.

WASHINGTON, May 26.—President Harding was represented at the White House yesterday as disappointed in the report of the committee of the iron and steel institute recommending against abolition of the twelve-hour day in the steel industry.

**THE WEATHER**  
FAIR AND NOT SO WARM  
Pressure continues relatively high over the Great Lakes, while there are important depressions over the lower St. Lawrence Valley and Alberta.  
Forecast: Moderate winds, fine. Sunday: Northerly winds, fair and not so warm.

#### Chaos Is Inevitable In Ruhr District Unless Intervention Comes Immediately--First Execution In The Occupied Zone

COMMUNISTS' COUNCIL HAS DECIDED TO EXTEND STRIKE MOVEMENT IN OCCUPIED ZONE TO WHOLE OF WESTPHALIA AND RIGHT BANK OF RHINE--FORMER PRUSSIAN OFFICER EXECUTED BY FRENCH TROOPS FOR SABOTAGE ON RAILROADS IN THE OCCUPIED REGION.

(Associated Press Despatch) DORTMUND, May 26.—Chaos is inevitable in the Ruhr unless intervention comes immediately, says a telegraphic appeal sent to the new Socialist Workers' International at Hamburg by the Dortmund General Trade Unions. The message says: "The Ruhr occupation has intensified conditions of distress and has aided revolts. Bloody fighting has occurred in several places."

TO EXTEND STRIKE MOVEMENT. (Associated Press Despatch.) BERLIN, May 26.—The Communist Workers' Council has decided to extend the strike movement in the occupied zone to the whole of Westphalia and the right bank of the Rhine, says a despatch from Dusseldorf.

The council had the permission of the French authorities to hold the meeting at Essen at which this action was taken.

FIRST EXECUTION IN OCCUPIED ZONE. DUSSELDORF, May 26.—Albert Schlageter was executed by French troops today for sabotage on railroads in the occupied region and other offences. He was shot in a stone quarry near a cemetery, and his body was delivered forthwith to the cemetery authorities. This is the first execution in the occupied zone.

Schlageter was escorted to the quarry by two priests and went unflatteringly to his death. Ten shots were fired at him. Schlageter, a former Prussian officer, was convicted by a French court martial of espionage and association with criminals. He admitted he had blown up railroad tracks and bridges. The French regarded him as a chief of the band which has been carrying on a campaign of terror against the occupation of the Ruhr.

GERMANY'S POLITICAL FATE BEING DECIDED. (Associated Press Despatch.) HAMBURG, May 26.—Germany's political fate is being decided on the Rhine and the Ruhr and "if militarism triumphs there, will be tragedy for the republic," said delegate Wall, of Germany, in appealing to the International Socialist Congress to aid German republicanism in protecting itself.

"Moscow Communism and Paris militarism," said the speaker, "are the two sides of German reaction. If the German republic falls, then everything on which it had been based will fall."

DISORDERS ARE SPREADING. (Associated Press Despatch.) BOCHUM, May 26.—Communist disorders broke out here yesterday similar to those in Dortmund and Gelsenkirchen. During an assault on bourgeois newspaper offices, firemen acting as police, clashed with the Communists, and several persons were wounded. Shops were pillaged during the rioting. The occupation authorities remained neutral.

STRIKE SITUATION SERIOUS. (Associated Press Despatch.) ESSEN, May 26.—German officials here yesterday announced that the strike in the Ruhr had assumed such proportions that they had decided to ask General Degoutte to permit the return of the German security police, disbanded and expelled by the French occupation forces in February.

TO BE HONORED BY MCGILL. (Associated Press Despatch.) MONTREAL, May 26.—Lieut. General Sir Robert Baden-Powell and Senator McLennan, of Sydney, will have the degree (honorary) of Doctor of Law conferred on them by McGill University at convocation next Thursday.

BY-ELECTIONS TO BE HELD. (Associated Press Despatch.) LONDON, May 26.—Premier Baldwin will not have long to wait before learning what at least part of the country thinks of the new government. Vacant seats in Berwick and Morpeth in the extreme north, (Continued on page 5.)

#### Metagama Is Damaged In Collision

Collided With Freighter Baron Vernon—Metagama Returned to Glasgow With Her Port Bow Damaged Nine Feet Above Water Line—Freighter Beached Near Dumbarton.

(Associated Press Despatch) GLASGOW, May 26.—The steamship Metagama, bound from Glasgow for Quebec and Montreal, with 1,100 passengers, was in collision today with the British freighter Baron Vernon.

The freighter was seriously damaged and the liner only slightly so. Some of the freighter's crew had remarkable escapes.

The collision occurred in the River Clyde. The Baron Vernon was beached near Dumbarton and the Metagama returned to Glasgow with port-side damaged 9 feet above water line. It is expected repairs will take several days. The freighter had a cargo of ore from Balboa.

#### ARRANGEMENTS BEING MADE FOR DELORME TRIAL

Generally Understood that He Will Appear Before Court Between June 15 and 18.

MONTREAL, May 26.—Definite arrangements have been made for the second trial of Father Adelard Delorme. These arrangements are to begin today by the political committee of the Near East Conference as the solution of the long-standing dispute over this question. The treaties must be negotiated within a year, Turkey meanwhile maintaining the status quo.

HALIFAX, N.S., May 26.—After June 1 or June 15, United States fishing vessels will no longer enjoy the 35-year-old privilege of using Canadian Atlantic ports. Notice to this effect will be served on the United States Government within the next few days.

OTTAWA, May 26.—Leaving over a number of contentious clauses for further consideration early next week, the House of Commons made substantial progress in committee of the whole yesterday afternoon and evening. One of the chief amendments abolishes the offence of authorized trustee.

Premier King said that news despatches stating that the delay in appointing a Canadian envoy at Washington was due to pressure from the Imperial authorities, were "wholly without foundation."

The bill to amend the petition of right act was given this reading. William Duff, Liberal, Lunenburg, moved concurrence in the third report of the House Committee on Marine and Fisheries when the House met yesterday.

The Senate did not sit yesterday.

HOPPE COAL LEASES DESTROYED. (Associated Press Despatch.) OTTAWA, May 26.—The Hoppe coal leases were destroyed in the House last evening when a Senate bill to authorize the government to recall a fiat already granted was put through second and third readings.

This bill has been anticipated as having been inspired by the report of the Senate Committee in favor of the recall of the fiat in the Hoppe case. The Minister of Justice, Sir Lomer Gouin, however, steadfastly declined to state that the bill had that special application, and when asked pointedly if it would be applied to the Hoppe case, he replied that if it were applicable the government would apply it.

MONDAY IN PARLIAMENT. In the House of Commons on Monday further consideration will be given the Bankruptcy Act in committee. Acts to amend the Dominion lands and the Canada Shipping Act will be taken up.

If time permits estimates of the Department of Marine and Fisheries will be considered. The Senate will not sit.

HON. FINN REPORTED ILL. (Associated Press Despatch.) OTTAWA, May 26.—Hon. R. E. Finn, Liberal member of parliament for Halifax, who is ill in hospital here, is reported to be progressing favorably.

MAY DECIDE ON DISSOLUTION. (Associated Press Despatch.) BROCKVILLE, Ont., May 26.—The Recorder and Times regarded as close to ministerial circles, said yesterday that it would not be surprising if the Federal Government decided upon dissolving parliament and going to the country in view of the popularity of Mr. Fielding's "middle of the road" fiscal policy.

PREMIER REFUSED TO COMMENT ON REPORT. (Associated Press Despatch.) OTTAWA, May 26.—Premier King declined tonight to comment upon the despatch in the Brockville Recorder that the government might resign.

#### PROTESTANT COMMITTEE MEMBERS SPEND A DELIGHTFUL AFTERNOON VISITING SCHOOLS OF DISTRICT

Ascot Consolidated a Striking Demonstration—At Five Elementary Schools—Pleasant Reception at Stanstead Wesleyan College—Delightful Evening at Bishop's—Concluding Business Session of the Committee Held in the Morning.

THE members of the Protestant Committee of the Council of Public Instruction, hitherto meeting exclusively in Montreal or Quebec, in connection with their first meeting in the Eastern Townships, journeyed into the country districts yesterday afternoon. They saw the consolidated schools, five districts in one, carrying on efficient educational work. They visited the larger institutions and came into closer touch than hitherto with the school problems of the communities throughout the English districts.

The Ascot Consolidated School.

The first visit was to the Ascot Consolidated School, Chairman W. S. Armitage and members of the board, the principal and teachers as well as a number of parents were present to welcome the visitors. After an inspection of the building, commodious and well equipped, all assembled in the main room, where Mr. Armitage welcomed the members of the Protestant Committee. He related something of the experiences of this consolidation, the difficulties of its early days and its present success. The Commissioners were so well satisfied that steps were now underway to establish another consolidation in the west part of the township.

Dr. Rexford replied congratulating the Board and, also, the pupils upon having such a favorable educational opportunity. He hoped they would make the best of it and go through all the grades and was glad to note that there were pupils this year in all grades including the eleventh. The Protestant Committee was in favor of consolidation. It was doing all it could to bring about the union of rural school municipalities and hoped many more would be organized along the lines of Ascot.

The members examined one of the conveyance vans, a closed-in comfortable vehicle, which makes the journey to and from home safe as well as pleasant for the pupils.

At the Elementary Schools.

Three elementary schools in operation were next visited, namely, at Huntingville, Milby and Capelton, on the government road. Bright boys and girls were found at work under conditions more or less favorable. The teachers welcomed the visitors. Dr. Parmelee and others gave short talks to the pupils. Later on visits were made to the McNeerney school and the Hatley Centre school or the Sherbrooke-Stanstead road. These schools were not in operation. The members of the committee inspected the sanitary arrangements of the buildings and in two cases out of the five they were found to be extremely bad.

Special attention is now being given to this feature as a protection to the children attending elementary schools, inspectors have been instructed to report on these matters, and no doubt steps will be taken to correct evils that now exist in the matter of sanitation in connection with school properties.

The Committee was accompanied by Inspectors Rothney and Hunter and the visit to the elementary schools as noted was an interesting feature of the afternoon.

On to Stanstead.

Following these visits, the delightful motor ride to Stanstead was enjoyed. A stop was made at Dufferin Heights where the visitors, many of them for the first time, beheld the broad landscape of Stanstead Counties and the towering peaks of the Green Mountains of Vermont in the distance.

At Stanstead Wesleyan College.

A delightful hour was spent at Stanstead College, the premier educational institution of Stanstead County. Principal Halpenny, members of the Trustee Board, and members of the faculty welcomed the visitors. Afternoon tea was served in the spacious reception room, Mrs. Stevens, Miss Colby and other ladies of the village assisting the members of the faculty.

Principal Halpenny welcomed the Committee and reviewed briefly the history and work of the College. He referred to the coming jubilee celebration. It was expected that large numbers of former students would assemble for this event.

Dr. Rexford, Dr. Parmelee and Hon. Jacob Nicol spoke briefly referring in appreciative terms to Stanstead College. The recollections of Dr. Rexford and Dr. Parmelee went back many years in this connection. They wished the new principal and his associates all success in their very worthy undertaking.

Dean Laird, at the conclusion, expressed the thanks of the members of the Committee for the very pleasant reception accorded them at Stanstead.

A Visit to Bishop's.

On the return a visit was paid to the University of Bishop's College where a cordial welcome was extended by Principal McGeer and members of the faculty. Supper was served after which adjournment was made to the library where a delightful (Continued on page 5.)

Six-year-old Muriel Utley journeyed from Liverpool to Toronto, unaccompanied.

"I Now Feel Fine"

Mrs. P. G. Murdoch, Box 433, Portage la Prairie, Man., writes: "I was troubled for years with biliousness, constipation, kidney and liver troubles. I tried many different kinds of medicine, but nothing did me much good until I tried Dr. Chase's Kidney-Liver Pills. I now feel fine, but am never without these pills in the house. Dr. Chase's Ointment has relieved my husband of piles, from which he used to suffer badly."

MAGOG

Mr. P. A. Waterman, of Montreal, was a week-end visitor at the home of his brother, Mr. O. C. Waterman. The Magog Social Service Club met at the home of Mrs. Geo. Cunningham on Tuesday of this week. The annual meeting of the Women's Missionary Society of the Magog Methodist Church was held at the home of Mrs. A. E. Smith on Wednesday afternoon of last week. The following officers were elected for the ensuing year: President, Mrs. A. K. Manning, and secretary, Miss A. Chamberlain. Messrs. Leyland Adams and R. Merry have returned to their respective homes, after having completed their year's studies at McGill. Mr. Jos. Donigan is a guest at the home of Mr. and Mrs. J. O. Donigan. The scenes around Magog are familiar to him as they are the scenes of his early childhood. A motorist to Sherbrooke on Sunday afternoon last passed one hundred and three cars coming toward Magog on the trip down, an increase of forty over a similar experience of a week previous. Mr. Ovide Morin, his son, Hormidas and a younger son and daughter are leaving this week for Taunton.

STOMACH TROUBLE "INDIGESTION"

Relieved By Burdock Blood Bitters

The sufferer from dyspepsia, indigestion or other stomach troubles who has to pick and choose his food is the most miserable of all mankind. Even the little that is eaten causes much torture, and is digested so imperfectly it does but little good. Before you can eat heartily and enjoy your food, you must put your stomach right so that it will manufacture its own digestive ferments. Mr. Wm. Kruschel, Morden, Man., writes: "Some time ago I had quite a serious case of stomach trouble, indigestion. I could scarcely eat anything, outside of some light food, and even then I generally had pains after each meal. I tried many different medicines, but without any improvement, and had almost given up hope of ever being well. A neighbor recommended Burdock Blood Bitters, and after using it a short time I felt much better, so I continued to use it until I was completely relieved. I can honestly say that B. B. B. has done wonders for me after all other medicines failed." B. B. B. is put up only by The T. Milburn Co., Limited, Toronto, Ont.

ACNE ON FACE CUTICURA HEALS

Hard, Large and Red Pimples. Itching Was Terrible.

"Had been troubled all my life with acne on my face. My forehead was a mass of pimples. They were hard, large and red, and the itching was most terrible. My face was disfigured. I sent for a free sample of Cuticura Soap and Ointment and after using them got instant relief. I bought more, and after using two cases of Cuticura Soap and three boxes of Cuticura Ointment I was healed." (Signed) Mrs. G. S. Miller, Box 14, Marshall, Wash., Jan. 9, 1922.

Use Cuticura for every-day toilet purposes. Bathe with Soap, scotch with Ointment, dust with Talcum.

WATERVILLE

Rev. G. K. Tyler, of Coaticook, is to be the preacher in the Baptist Church on Sunday, May 27th, at 3:15 p.m. fast time.

DUDSWELL

The Ladies' Guild of Bishop's Crossing was entertained by Mrs. E. A. Rowe on Wednesday with a good attendance of members and visitors. The hostess served a nice lunch and a large amount of work was done and a social afternoon spent.

COATICOOK

A "miscellaneous shower" was given on Wednesday evening at Mrs. Archie Sisco's home for Miss Cora Bonner. Invitations had been extended to some forty guests, the majority of whom were present, and the rooms were tastefully decorated with cut flowers, the color scheme being pink and white. The handsome gifts were on a table, under a beautifully trimmed pink and white umbrella. The recipient thanked her friends warmly for their kindness. Friendly refreshments were served, the table in the dining room being effectively arranged with pink and white carnations, the cakes and ices all corresponding in color. The hostess was assisted by Mrs. Paul Baldwin, Mrs. D. Moyle, Mrs. Elizabeth Crane, Mrs. George Paige and Miss Margaret Mullins.

CHILDREN'S COLDS QUICKLY RELIEVED WITHOUT MEDICINE

Vaporize Catarrhozone in Boiling Water. Let the Child Breathe the Medicated Vapor, and Benefit Comes in Few Minutes.

Simple to overcome children's colds is the CATARRHOZONE METHOD. Put a saucupan or pitcher of water on a stove or spirit lamp. Add a half teaspoonful of CATARRHOZONE to a pint of water, and bring it to a boil. Let the steam from the kettle fill the room, so that the medicated air is breathed in by the child. You will notice an immediate result. The cough is relieved, the stuffed-up nostrils are cleared, the COUGH, BRONCHITIS and COLD quickly disappear. For adults suffering from GRIPPE, BRONCHITIS or CATARRH, this treatment is ideal. For FIFTY CENTS you can buy CATARRHOZONE in any drug store. Refuse a substitute.

Had Bad Pains In Her Heart

Nerves Were Very Bad

Mrs. John Case, R. R. No. 4, St. Catharines, Ont., writes: "I wish to say that I have been bothered very much with my heart and nerves. I doctored with two different doctors, but did not find much relief. I would have such bad pains in my heart, at times, I would be almost afraid to move or breathe, and at night I could not sleep. If the pains in my heart were gone, my nerves would be so bad I could not lie still and would only get a little sleep by being tired out. My stomach was also very bad and I could eat but very little, and then only certain things or I would have so much distress which always made my heart worse. I had been suffering for nearly two years one day I was talking to our druggist about the way I felt. He advised me to give Milburn's Heart and Nerve Pills a fair trial. I have now taken five boxes and am feeling so much better. I am able to do my own work, and can eat anything I wish. I cannot praise them too highly."

MANY ATTEND W.I. MEETING AT AYER'S CLIFF

Reports of Meetings and General Newsy Notes of Interest from Ayer's Cliff.

AYER'S CLIFF, Que., May 26.—The Women's Institute and tea held at the home of Mrs. Ralph Cass on Thursday afternoon was most successful and enjoyable. It was decided to offer to the boys and girls of the local branch competing in any department of the school fair work prizes of some value. There will be first and second prizes given in each of the following departments: Sewing, cooking, gardening, poultry raising and manual training. Several special prizes were offered, including an attractive work basket, prize in sewing, offered by Mrs. S. S. Worthen; prize for poultry raising, one setting purebred eggs, Mrs. C. L. Brown; prize in sewing, silver thimble, Mrs. A. E. Fish; prize for cooking, attractive dish, Mrs. E. E. Temple. A committee was appointed to assist the girls in sewing one afternoon each week, including Mrs. Wm. Chamberlain, Mrs. E. E. Temple, Mrs. E. H. Chadsey and Mrs. Morton Leavitt. The same committee was appointed to select other prizes to be given, which are to be in each case something that will appeal to the boy or girl. A first-class baseball was one suggestion made. So, boys and girls, get busy at the garden, with the needle, and in every department of school fair work try for these prizes. The programme of a patriotic nature, was carried out as follows: Singing "O Canada," an excellent account of the annual held in North Hatley in May, given by Mrs. E. E. Temple, followed by an excellent paper on "Our Royal Family," by Mrs. B. B. Morrill, who, during her sojourn as nurse in the hospital in London upon many occasions came in personal contact with Queen Mrs. Morrill displayed several souvenirs collected while in England that added to the interest of the narrative, which in itself was most entertaining and instructive. Mrs. Amy invited the ladies to meet in June at her home. After singing the national anthem the ladies were invited to the dining room, where a very dainty tea was served. Mrs. B. B. Morrill and Mrs. J. E. Bailey poured tea, while Mrs. S. S. Worthen and Mrs. W. E. Rex real, on Wednesday. Friends of Miss Pearl Smythe will be interested to learn of her success as a soloist in Worcester, Mass., where she is singing the leading part in the Oriental operetta, "O Hara San," given by the Musical Club of the Worcester High School of Commerce. A Worcester paper states that "Miss Smythe, though a member of the junior class, achieved her role by reason of the rich quality and great range of her clear voice." Miss Smythe lived for several years in Coaticook and was carefully trained here in her early studies. She has earned the right to great hopes for the future, for she is extremely talented, her youth and naturalness appealing strongly to her audiences. Mr. Henry Delisle, of Rumford, Me., was a week-end guest at his home, returning on Monday evening. Mr. and Mrs. Henry Delisle, Miss Eldea Delisle, and Mr. and Mrs. Pelquin were in Sherbrooke on Sunday, guests of Mrs. Delisle's sister, Mrs. Florida. Mr. and Mrs. Scott Dresser were guests on Sunday of Mr. and Mrs. Wayland Baldwin, Dixville Road. Mr. and Mrs. W. D. Francis and son Grant, of Bishop's Crossing, were week-end guests of Mr. and Mrs. Marshall Hull.

SULPHUR CLEARS UP ROUGH OR RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm. It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

LINIMENT FOUND TO BE POWERFUL GERMICIDE

Originally, Absorbine Jr. was sold only as a pain reliever and an embrocation. It was quickly discovered that the liniment was positive death to all forms of germ life, and it is now used as a mouth wash, for wound dressing and for all disinfecting purposes. Another surprise was yet in store. A Wm. Pratt of Springfield, Mass., applied Absorbine Jr. to a varicose vein to relieve the intense pain. Not only did the pain leave, but he noticed every day the swollen vein becoming smaller. The treatment was kept up and, today, Mr. Pratt's legs, though he has never used anything else on them, are as smooth as when he was a boy. It has now been proved that Absorbine Jr. is an actual specific for varicose veins, leg ulcers, boils, pyorrhoes and a number of other ailments and injuries besides that for which it was first prepared. Nothing serves so many every day purposes and nothing is better entitled to its place in every home. When it is needed, it will be needed in a hurry. Don't wait for someone to be hurt. Get it at your druggist's today. \$1.25 everywhere.

General Notes

On Friday evening a reception was given at the home of Mrs. J. E. Robinson in honor of Mr. and Mrs. Roland Drew. Guests to the number of eighty-six assembled to express their good wishes to the happy young couple. Many gifts were brought, including silver, cut glass, china, linen and cheques to the value of \$75. The out-of-town guests included Mr. and Mrs. H. Keeler, Mr. and Mrs. T. E. Brainard, Mr. and Mrs. C. Drew, Mr. and Mrs. P. Wilson and Mr. N. West. The dining room was prettily decorated in pink and white. A huge wedding cake occupied the centre of the table. A social evening was spent in music and dancing. Mr. Dale Moore, of McGill University, spent the week-end at the home of Mr. L. L. Clough. Mr. and Mrs. Wm. Rudd, of Fairfax, were Sunday guests at the home of Mr. A. E. Chadsey. Miss Flora Paul has returned to her duties in Bedford Academy, after a week at the home of her parents, Mr. and Mrs. D. L. Paul. Miss Louisa Raymond spent Sunday at her home in Masawippi. Mr. and Mrs. Kenneth Hibbard, of Niagara Falls, are spending two weeks with Mr. and Mrs. John Hibbard. Several couples who attended the Masonic ball in North Hatley on Friday evening report a very good time. Mr. Albert E. Hurd is in Winnipeg this week on business. Mrs. F. M. Wyman and two children, Alice and Harold, spent the week-end at the home of Mr. H. S. Beane, in Beebe. Mrs. L. Paul and Miss Mildred Paul visited friends in Sherbrooke on Tuesday. The annual Odd Fellows' Church parade and memorial service held on Sunday at the Congregational Church was well attended. After the decoration service the brothers repaired to the lodge rooms, where lunch was served. Sunday guests at the home of Mr. and Mrs. J. E. Bailey were Mrs. L. A. Bayley, Mr. and Mrs. Allen Bailey, of Sherbrooke, and the Misses Bailey, of Waterville. The band concert and entertainment held on Friday evening in the county hall was a treat to music lovers, each item being excellently rendered. The first item was a march and overture by the band, after which followed a vocal solo by Miss Doris Thomas; a serenade, band; vocal solo with guitar accompaniment; reading, Rev. W. H. Thomas; musical sketch, Mrs. W. E. Hurd; saxophone quintette, H. D. Turcott, A. Jackson, R. Sampson, R. Bowen, A. Emberly; vocal duet, Mrs. W. H. Thomas and Mrs. W. E. Hurd; cornet solo, H. D. Turcott, with band accompaniment; vocal solo, Mrs. F. A. Johnston; reading, Mr. F. M. Wyman; male quartette, Messrs. Thomas Emberly and Johnston Bros.; band selection. A tea room and ice cream parlor will be opened at Burrough's Falls on Friday, June 3rd, under the management of Mrs. Cecil Jones. A county convention, under the auspices of the Quebec Provincial Social Service Council, will be held at Ayer's Cliff on Wednesday, May 30th, at 3 and 7.30 p.m. The speakers will be Rev. Dr. J. G. Shearer,

general secretary, and Prof. C. A. Dawson, of McGill University. Delegates are expected from W.C.T.U. and institute societies and from churches. Bring basket supper. Liquid refreshments will be provided.

Ayer's Sarsaparilla

The springtime is Nature's clean-up time. The whole world takes on a new coat of green. It is at this time of the year that Nature asks us to give attention to our bodies. Neglect of her wishes are brought home to us by loss of appetite, languor, pimples, boils, eczema and other eruptions. Sarsaparilla is Nature's own Spring Tonic—sweat from Mother Nature as well as the savages as to the leading doctors. Ayer's Sarsaparilla is the best and purest Sarsaparilla that is made. There is no other just as good. Do not accept substitutes. Having tested it in actual practice, all doctors recommend it at this time of the year. Agents: Frank L. Benedict & Co., Montreal.

NUXATED IRON

No remedy can cure all ailments of the human body, but an immense number of people suffer from aches, pains and distressing symptoms when their real trouble is lack of iron in the blood. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron your food merely passes through you without doing you any good; you don't get the strength out of it. There is one universally known tonic that has helped thousands because it contains iron like the iron in fresh vegetables and like the iron in your blood. NUXATED IRON is an eminent physician's best blood prescription, standardized. It is recommended for all anemic and run-down conditions. It has helped thousands of others. It should help you. Ask for it at any drug store.

COWANSVILLE

The Fordyce Dramatic Club members were greeted with a full house on Wednesday evening, when they presented their play "The Dust of the Earth." All did their parts splendidly, and Ethel Vaughan, who took the part of Nell, "The Dust of the Earth" was loudly applauded.

No pains were spared in decorating the stage, which looked very pretty, especially in the first and third acts, which represented respectively a lawn and Christmas scene. Miss Pearl Boyd, of Montreal, who sang between the acts, responded generously to a number of encores. Kimball's orchestra, of Enosburg, Vt., furnished excellent music between acts and for dancing afterwards. Following is the cast:

David Moore, of Maple Farm Cottage, Walter Bromby.

Susan Moore, his wife, Alfred Boyd.

Elizabeth, their daughter, Alida Peel.

DEALERS PASS THE INCREASE ON TO PUBLIC

Higher Prices at Market Due to Action of Council — Market Committee Blamed — Public Made the Goat.

The City Council in general and the market committee in particular, of which Alderman F. Houlahan is chairman, came in for a steady round of abuse at Lansdowne market yesterday for increasing the price of the stalls from a dollar and a half to four dollars per double stall. This increase applies to all occupants of stalls, irrespective of whether they are farmers or dealers. The object of this increase is understood to be the elimination of individuals purchasing their produce from wholesale houses, but it is claimed the purpose fails not only to justify these methods but is resulting in a direct hardship on the citizens of Sherbrooke in general. In this instance the farmers and dealers at Lansdowne market have simply accepted the increase and passed it along to their customers, automatically resulting in the public indirectly paying the increased price of the stalls. The farmers and dealers express very little concern over the change, for while they consider the increase unjustified, they merely collect it from their customers. It is pointed out by farmers that at three rivers a fee of twenty cents per stall is charged and everything proceeds very satisfactorily. The increased charges having failed in their object of eliminating dealers, the question arises as to why it is maintained particularly in view of the fact that the market department is one of the few self-supporting and even profit making departments of the administration.

INTEREST IN ELECTION OF COMMISSIONERS

Petition Out for C. B. Howard and W. H. Lynch for School Board.

At a special meeting of the Board of Protestant School Commissioners, the resignation of commissioner George D. MacKinnon, was accepted to date from June 30th next, and his successor will be appointed by the board. The term of office will also expire, at this date, insofar as the Rev. Dr. G. E. Read and Mr. Wm. Wright are concerned and an election will be necessary. A petition is already in circulation asking Messrs. C. B. Howard and W. H. Lynch to become candidates for the vacancies on the Board. It is understood that many are hesitating to sign any petition until they know just how the proposed candidates stand on vital questions relative to improved school facilities, feeling that the question is one of policy rather than of men. Authority was given for the calling of tenders for the new High School Building and same will be opened at a public meeting of the Board to be held on June 5th, 1923. There are said to be those who still desire to block this enterprise. The appointment of Mr. E. W. Smith of Shawinigan Falls as Principal of the Sherbrooke High School as well as the appointment of Mr. C. F. Cruchon, of Valleyfield, as French specialist have been confirmed.

REGULATING SPEED LIMITS.

All Provinces and States have adopted regulations fixing the automobile speed limits on public highways. When these have not been effective, special officers have been employed to enforce them and heavy fines have been imposed.

Across the line it has been found in some States that these efforts have not produced the desired results and a novel proposal comes from Illinois. This is as follows, quoting from the Christian Science Monitor:

"An indication of the trend of popular thought is seen in the proposal, made in the Illinois Legislature, to compel the equipment of every licensed automobile in that State with a device automatically limiting its speed to twenty-five miles an hour. Perhaps it is hardly probable that the particular measure presented will become law, but the overtone is significant because it represents an unmistakable warning that, unless the practices indicated are ended by the voluntary action of drivers of motor vehicles, the public will impose regulations sufficiently drastic to make them impossible.

"Of course the maximum speed which it is proposed to fix, and beyond which no licensed vehicle would be able to travel, may be regarded as preposterously low, the equipment of modern cars and the condition of rural highways considered. But it is true beyond question that there is, on the part of the users of motor cars, a growing tendency to disregard the common rights of others to whom the highways are equally open. The terrible toll which careless or heedless drivers are taking everywhere in the United States has aroused public indignation. Manifestly the time has come when steps must be taken, either voluntarily or arbitrarily, to make impossible a continuation of flagrant and wanton abuses.

"Faced by this necessity and warned by the threatened action of one of the States, the wise course might be for those who would be penalized to compel, among the drivers and users of motor vehicles, action which would reassure a justly indignant public. Exactly what action would serve to give the required assurance must be the subject of deliberate action and undoubted sincerity. The offending motorist has shown that he cares little for the imposition of fines and the usual penalties meted out. If the car owner loses his license because of infractions of the law, he rides beside some member of his family who is permitted to drive, or engages a paid chauffeur. But he would be humiliated if compelled to limit, automatically, the speed of his high-powered car to twenty-five miles an hour. And every careful and considerate driver who might be able to travel safely at a higher speed would be penalized for the misdeeds of those who habitually offend.

"The proposed act may be regarded, perhaps, simply as a trial balloon, sent up to test the temper of public opinion and incidentally to apprise the reckless drivers of the determination to end the practices which have become a public menace. But in it there is an emphatic note of promise, as well as of warning. There is also a reiteration of the almost forgotten fact that the highways belong to the public."

RUSSIA'S ATTITUDE UNDERGOES CHANGE.

Soviet Russia has quickly changed its attitude, and as a consequence there is not likely to be a definite rupture between the Bolshevik officials and Great Britain. The change in Russia's attitude was not unexpected, and was brought about largely by the firm and determined attitude of the late Bonar Law Government in its dealings with the Soviets, especially as regards the character of the British demands for absolute withdrawal of offensive notes in reply to the protests against the brutal treatment of Catholic dignitaries.

In discussing the back-down by Russia the Quebec Telegraph says:

"There is no doubt about the absolute determination of Britain to enforce the ultimatum, and it was this determination that looked so threatening but a few days ago for the maintenance of the world's peace. There was perhaps never a time in the world's history when the preservation of peace was more essential to the well-being of Britain and of the world at large, but there are even worse things than war as Britain and her allies declared in August, 1914, in deed as well as in word, and, virtually repeated in her recent ultimatum to the Russian Government. The latter has at last shown its appreciation of the fact that discretion is the better part of valor and that it realizes to the full, the perils of any other course, by the character of its second reply to the ultimatum in question, accepting the majority of the British demands and suggesting the holding of a conference to consider points in dispute. The Soviet expresses readiness to conclude forthwith an agreement granting British citizens their right to fish outside the three mile limit off the Russian coasts, pending settlement of an international convention of the dispute over the extent of territorial waters. The Soviet Government says it is ready to pay compensation for the seizure of British trawlers and for the execution of Charles F. Davidson, and the arrest and detention of Mrs. Stan Harding, a newspaper correspondent, and offers to withdraw the two Weinstein notes, written in reply to the British protests over the prosecution of high church officials which notes the British declared offensive. While denying the charge of having infringed the Anglo-Russian trade agreement by propaganda in the east, the note suggests that the only way of co-ordinating the different viewpoints of the two countries is through detailed discussion, by specially delegated representatives of both Governments. If Great Britain agrees to a conference, it is stated, Foreign Minister Tchitcherine will be delegated to represent Russia. The note generally sets forth that the consequences possible from the breaking of relations have caused the Russian Government serious apprehension, and that it is to avoid such results that the Soviet is willing to make these new concessions, all of which is satisfactory so far as it goes, especially as it apparently opens the door to such negotiations as may contribute to the maintenance once more of 'peace with honor,' without which no lasting peace is possible."

PRESS COMMENT

SUCCESS WITHOUT SCHOOL BOOKS.

(Philadelphia North American.) Thomas Edison looks forward to the time when school books will be abolished. It is said the success of his friend, Henry Ford, has made a great impression on him.

THE NEW PILOT.

(Boston Transcript.) The choice of Mr. Stanley Baldwin is the wise as well as the well-nigh necessary one, and will give the present Government and Parliament a new lease of life. Mr. Baldwin will not retain the portfolio of the Exchequer, but as Premier he will nevertheless be the economic head and inspirer of the Government. Under his guidance in this respect it will not be a matter of "muddling through" for John Bull. Lord Curzon's foreign policy will be continued, doubtless quite unimpaired.

CHINA

(Christian Science Monitor.) China must be saved for itself, in the first place, but as well, for the sake of continued peace in the Orient, which is quite the same thing as saying for the peace of two hemispheres. How can outside powers do this, it may be asked. Are they to interfere directly? Only as a last resort. It would be extremely easy to do far more harm than good by any "direct" action, till that time comes (if come it does) when such a course would be seen as no longer to be avoided.

PEKING AND CHINESE BANDITS.

(Christian Science Monitor.) Frequently, in local communities, the chamber of commerce has been able to negotiate with bandit bands and restore order of these robber-ridden territories. It was through the co-operation of these commercial organizations throughout the country that the Japanese boycott of 1920 was made effective. It is possible that, at the present time, the Chinese business man, seeing on the horizon increased taxation and decreased business activity because of domestic disorders, will take the situation in hand and bring about its solution. Certainly, the basis for foreign assistance can only be found in the demonstrated efforts of the Chinese to help themselves.

NEW ARRIVALS IN CANADA.

There is no immigration like that of the family which establishes a community of its own. The individual arrival may grow homesick for his kin, or become restless and move from place to place, but the family takes root. Some members of the family may eventually scatter in different directions, but the parental homestead will be the base with which they will all keep in touch. Since the middle of March a number of large parties of immigrants have left the mother country for Canada under various auspices—federal, provincial, C. P. R., Salvation Army, and orphan children organizations. In nearly every case each arrival is booked through to a definite destination and pre-arranged employment.

THE EXODUS.

(Montreal Le Canada.) We are faced with certain difficulties at present, but an identical situation exists in other countries, in the United States as elsewhere. The war left us with problems which only the united efforts of everybody will satisfactorily solve. The better plan is clearly to stay in the Province of Quebec, but rather than emigrate to the United States a Canadian should stay in Canada. This will be the best way of helping the Government to renew for us the prosperity of former years. Emigration cannot improve the conditions of those who go, while the loyal industry of all our citizens will bring prosperity and happiness to the Dominion.

BREAKING UP BOOTLEGGING.

(Lowell Courier-Citizen.) Once again one reads hopeful fulminations from Washington as to what is about to be done by getting after its supposed directors. But does anyone in the Federal Government, from the President down to the humblest law-clerk, really believe that bootlegging is going to be ended—or even sensibly minimized—by any possible act of the law officers and the courts, in the face of the fact that pretty nearly half the present population of the United States not only countenances bootlegging, but actually aids and abets it by its patronage? The great trouble with this whole business is the public's own attitude: to wit, its lack of sufficient moral support to make feasible the enforcement of so drastic a law as now encumbers our Federal statute books as well as those of a great many States.

CANADA'S STRONG POSITION.

(Toronto Globe.) Mr. Parsons says that "the annual consumption of electrical energy of a nation is a fairly accurate measure of its position on civilization's ladder. This sweeping generalization rules out Great Britain and some other progressive countries. Civilization is not yet measured in kilowatts, but it is true that a country like Canada, which has abundance of water power, has a natural advantage in the industrial race over areas which must rely in whole or nearly exclusively on steam-produced energy. British captains of industry realize this, and great projects are taking shape in Britain for generating electricity at the coal mines for long-distance transmission to replace to a large extent the wasteful process of transporting and burning coal for power."

PARENTS AND THEIR SON WERE BURNED TO DEATH

Four Met Terrible Death Near Plattsburg, N. Y. — Adopted Son Managed to Escape.

(Continued from page 1.) PLATTSBURG, N.Y., May 26.—Elmer Halters, 34 years old, a farmer, his wife, and their son, three years old, were burned to death in their home on the old military turnpike, about ten miles northwest of this city, it was learned yesterday. An adopted son, 15 years old, told neighbors he was awakened by his mother, found the house filled with smoke, and ran to summon aid some distance away. When the boy returned, the house was in flames and there was no sign of the Halters family. Investigation disclosed the charred bodies of the mother and her baby buried in the smoking embers, and the body of the father a few feet from the open window of his bedroom.

BISHOP'S CROSSING

Miss Roberta Bartlett entertained twenty-five ladies at a miscellaneous shower on Tuesday afternoon at the I.O.O.F. Hall for Miss Fernie Sanborn, whose marriage takes place on May 26th. The basket of useful and pretty gifts was carried in by Miss Dorothea Sunbury and Miss Norma Bishop, and Miss Sanborn, after opening the parcels, thanked the donors in a few appropriate words. Miss Bartlett served a dainty lunch assisted by her sister, Mrs. W. Bentley and the Misses Mabel and Marjorie Rolfe. Mrs. T. E. Evans has returned from a visit to Mrs. H. Mosher at Lennoxville. Mr. B. J. McKenzie was in Sherbrooke on Monday. Dr. Alex. Cronwell, of Coaticook, was a guest of Mr. T. E. Evans on Thursday.

Mrs. F. W. Gilbert, Mrs. O. S. Joyce, Mrs. Wm. Bentley and the Misses Edith McLang, Roberta Bartlett and Mabel Rolfe attended the Rebekah Assembly at Sherbrooke as delegates from Maxwell Rebekah Lodge.

Miss Katherine Evans was visiting friends in Lennoxville and Sherbrooke on Sunday.

Rev. E. DeGruchy and Mrs. DeGruchy, of Thetford Mines, are sending a few days with Mr. and Mrs. T. E. Evans.

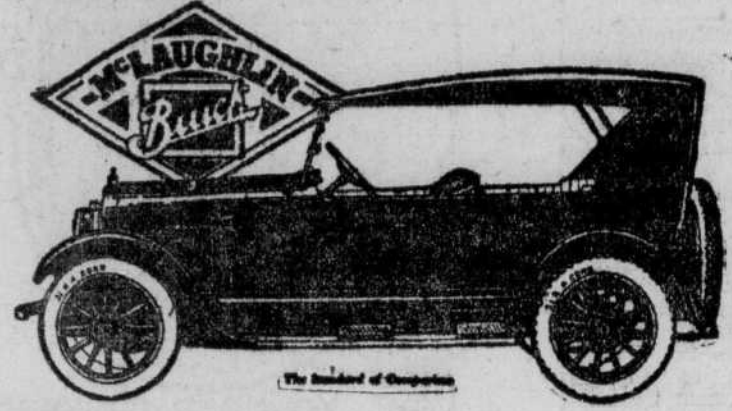

Mrs. J. R. McFadden was in East Angus on Wednesday at her father's, Mr. Butler's.

Mr. J. W. Andrew and Mr. Labreque were in Quebec this week.

Mr. Fritz Leonard was in Sherbrooke on Wednesday.

Mr. T. E. Evans and daughters, Pauline and Yvonne, were guests of Mr. and Mrs. H. Mosher at Lennoxville on Sunday.

Fourfold Protection for a Family Man

THE Mutual Life of Canada has acquired an experience of over half a century of life insurance. It has studied the results of thousands and thousands of policies. Our experience convinces us that for the average family man the most useful and economical form of insurance is the profit-participating, long-term, endowment policy. This policy matures at a specified advanced age, but is of course payable at prior death if that age be not attained.

Annual dividends are paid to holders of these policies and results will surprise those who have not realized what Mutual profit-participation can accomplish towards lessening the cost of life insurance. On some of these long-term endowment policies, taken out in youth, policyholders at maturity have actually received in cash 100% more than they have deposited with the Company as premiums!

This form of insurance provides against both premature death and helpless old age.

Accident and Disability Clauses

For a small additional premium, the Company will add the provision that should the assured at any time be overtaken by permanent disability no further premiums shall be payable, and furthermore, the Company will pay the assured a monthly income during the continuance of such disability. And if desired a still further privilege may be secured—namely, a double indemnity in the event of death by accident—that is, the Company will pay the face value of the policy.

Mutual Long-Term Endowment thus furnishes fourfold insurance protection—first against death, second against old age, third against disability, and fourth against accident. At the same time profits so reduce the cost of insurance as to make this policy an investment yielding not only all that it costs, but all the way from 25 to 100% more according to age and length of the endowment term.

Fill in and mail the coupon below and we will send you particulars about this policy.

## SEVERAL LARGE BUILDING JOBS GOING ON HERE

Construction Business in Sherbrooke is Steady This Year, Though Not Extensive.

Building conditions this year are steadier than they have been during the past couple of years, although there is actually less building going on in the city. Two years ago the situation was abnormal and there was a boom in building work in the city which kept everyone interested in the line at a high pressure of work. The boom was such proportions that it could not last, and there has been a falling off in building since that time. Although there is less building this year, conditions are more settled, according to the contractors, and the slightly decreased demand has brought things to a more reasonable basis. Prices of materials, although they are by no means low, are described as being "healthy," and the situation here shows no indication of reflecting the conditions which are prevailing at the present moment in the United States, where the combination of the striking trades, the exorbitant prices demanded for materials, and the labor charges has brought about the suspension of a large number of building contracts which total many millions of dollars.

There are several important building jobs going on at the present time in Sherbrooke, and several which were commenced very early in the spring are already nearing completion. The extensive work of remodeling the old Stadium, which has been turned into an up-to-date garage is now practically completed. This work, which has been done by Messrs. Newton-Dakin for Webster Motors Limited at a cost of forty thousand dollars, when finished will be one of the most up-to-date garages in the province. The entire building has been brick-encased and a concrete floor has been laid in the northern half. This has been divided off into large show-rooms, offices well-lighted repair shop and tool rooms, stock room and wash-room. The southern half has been divided into two sections, one of which will be used for storing transient cars, while the other will be used for storing new and second-hand cars. The owners expect to move into the new building sometime next week.

Another job of considerable importance which is also practically completed, is the renovation of the old quarters of the Banque d'Hochelaga, which have been completely made over, and which will be occupied by Duncan's Limited.

The work on the new Baptist Church situated at the corner of Queen Street and Portland Avenue, is proceeding favorably. The foundation work is entirely completed and steel girders have been laid to receive the floor which is now being laid. The old church has been closed, and services are now being conducted in the High School. When completed, the church will have a seating capacity of about three hundred and fifty. The main entrance will be at the northern end on Portland Avenue. There will also be an entrance at the same end, on Queen Street. A third entrance will give access to the pastor's room, which will be situated in the southeast corner of the building. The old church will be incorporated in the new building. The north wall of the present building will be removed and the new building will be joined to the old. The whole job will cost about twenty thousand dollars and will be completed in the fall.

Important work is also being done at the New Sherbrooke House, where extensive additions are being made. A new section is being built at the southern end of the present building which will contain twenty-two rooms, each with a bath. These will be the most modern rooms in the hotel and will bring the total of rooms to one hundred and fifty. The job will cost about fifty thousand dollars, and is being done by K. B. Jenckes. Plans are also being prepared for the extension of the present dining room for a distance of some fifty feet. The lobby of the hotel, it is understood, will also be renovated. A tile floor will be laid and other changes made.

## THE NEWSBOY'S DRUDGE UNFITS FOR SCHOOL

Child Labor Investigators Find Necessity for Family Support Generally Lacking.

NEW YORK—Children's activities in street trades have generally not been recognized as child labor, according to information obtained through the surveys of the National Child Labor Committee, the Helen S. Trounstein Foundation, and other similar organizations working for child welfare. Some cities require the newsboys, who form the greater part of child street traders, to be licensed. But the general attitude is one of laissez-faire. At law the newsboys are looked upon as independent merchants.

There is in the public thought, it is said, a general idea that newsboys and little bootblacks—in fact, all children who at an early age work on the street, are the support of their families, entirely or in part. But this assumption is false. Investigations by the National Child Labor Committee, and by other organizations of similar purpose, have proved conclusively that economic necessity has little to do with sending the children out into street trades. Most of such children, reports show, come from families above the average from an economic standpoint. In the case of the children who come from families in economic straits, it has been discovered that they really offer no amelioration of the family status. On the other hand, they definitely harm it by infusing the family character with the results of tender youth being early and late on streets not fit for children to work on.

### Earnings Very Small.

"The newsboy breadwinner is largely a myth," says George B. Mangold, sociologist. The earnings of these little street traders are ridiculously small. In one city studied, the paper carriers—those who deliver papers to a regular route of customers—earn from \$5 to \$10 a month. Street sellers have more chance to make money than do those carriers, but they also have the greater risk. In the studies of several cities the average earnings for the street seller was found to be from 20 cents to 30 cents a night. This money is not generally turned into the family budget, as is the common belief, but is very often squandered by the boy on motion pictures and poorly chosen food like pastry and weiner sandwiches.

"Many teachers have been asked as to the effect of newspaper selling and have answered that the newsboy is so fatigued that he cannot concentrate upon his school work," says the report of the Helen S. Trounstein Foundation in "The Newsboys of Cincinnati." When a child works for an eight-hour day in school and after that must sell papers on the street until 7 or 8 o'clock, and, in some instances, until 11.30 and 12 midnight, he does not function mentally and spiritually in normal fashion.

### Early Morning Work Service.

Much more deleterious in effect is the distributing of papers in the early morning hours. The morning papers begin to come out usually about 4 a.m. Boys varying in age from four years to 15 and 16 are found in different cities carrying heavy loads of papers early in the morning. Miss Sara A. Brown of the National Child Labor Committee told of a child nine years of age who was habitually carrying 85 pounds of newspapers each day. His case is by no means unique but is duplicated many times among the newsboys. Miss Brown says "we stand for regulation and supervision until such time as no child is allowed to work at such trades. In 1884 the city of Liverpool in England regulated street trades and since 1903 the whole of England has had a federal law regulating these trades. Such regulation makes business better for everybody without a doubt."

### Night Selling Discouraged.

In Detroit and other cities where there is no regulation, Miss Brown says it is not unusual to see tiny boys and sometimes girls selling on the streets until 11.30 and midnight. Some boys who stay down so late as that do not go home, but sleep around in buildings and alleys or in places that the newspapers provide, waiting until the morning papers are out. Usually the places which the newspapers furnish for the boys to wait in open into alleys and are damp and dirty.

All the different surveys made of street trades lead to the conclusion that the streets of our cities are no place for children. "We must get it into the mind of the people," declared Miss Josephine J. Eschenbrenner of the National Child Labor Committee, "that newspaper selling late at night will not be the road to the White House—the ultimate destination, as many believe, of the boy ambitious enough to sell papers."

The 7 a.m. to 6 p.m. At the Washington Conference on Child Welfare in 1918, Albert E. Hill of Tennessee, accepting 16 as the age below which no child should be employed, said, according to the report of the Toledo School Children in Street Trades made by the Toledo Consumers' League and the Ohio Council on Women and Children in Industry, "the 7 a.m. to 6 p.m. limit for minors would prohibit them from carrying routes of morning papers. This should be done. It is work that is of serious detriment to the child from an educational standpoint, as any teacher can testify. Boys doing this work must arise not later than 3 or 4 o'clock in the morning, and usually start out without breakfast and poorly protected against the weather. They hang around in groups, in all sorts of places, waiting for the papers to be

given out." Dr. Clopper in "Child Labor in City Streets" says that "retardation in school among the street working children . . . has been found to vary from 15 per cent. to 20 per cent. in excess of that of other pupils."

The report of the Toledo survey goes on to say that the children come back from their routes about school time, with no time for rest, and up-fitted for school attendance. "This work," the statement concludes, "should be left for adults."

"The exclusion of children from newspaper selling would give incapacitated men the opportunity to make a legitimate living instead of depending upon relief agencies for support," says Miss Eschenbrenner of the National Child Labor Committee.

## SUTTON

A very pretty shower was given on Thursday evening, May 17, at the home of Mrs. Cavanaugh by Misses Frednell and Beatrice Cavanaugh, in honor of Miss Florence Hasler, whose marriage is to take place shortly. The occasion was a "kitchen shower," and the bride-to-be was the recipient of many useful and dainty articles. Much amusement was taken in the conundrum contest, in which Miss Addie Harvey won the first prize, Mrs. Sidney Clements the second and Miss Hasler the third. The gifts were presented to the bride-to-be when a little box cart covered with white tissue paper and ribbons was drawn in by little Miss Jessie Brown and stopped directly in front of the bride-elect, who was seated on a decorated throne of white. To the surprise of all little Miss Elsie Cavanaugh popped out and presented to Miss Hasler a bouquet of carnations and ferns. Then the gifts, which were concealed within the cart, were given out, while the victrola played "Love Sends a Little Gift of Roses." Miss B. Cavanaugh and Misses Doris and Gertraud Lafleur assisted in serving a delightful lunch. Soon after, the guests bade their hostess adieu and wished the bride all future happiness.

At the last meeting of the Official Board of the Methodist Church the reports received from various organizations showed the work in a healthy condition. There is a strong men's association which has added much to the life of the church. They gave a splendid banquet early in the winter and several social affairs, which were largely attended. The Ladies' Aid has done excellent work, painted the church and parsonage and added some improvements to the parsonage. Much credit is due the West Bromo ladies for splendid work accomplished in renovating the interior of the church. The reports from the Ladies' Aids showed over \$1,000 raised this year. Praise is due the Finance Board for the good condition of the finances

of the church. A resolution was unanimously passed by the Board, eleven men being present, that under the present pastorate of Rev. S. W. Boyd, B.D., the salary for the coming year shall be \$2,000, including circuit conveyance. Messrs. F. L. Jenne and A. S. Tupper have been appointed delegates to the conference, which meets at Brockville the last of the month.

### GAVE DETAILS OF SEIZURES OF OPIUM CARGOES

Cases of "Incandescent Lamps" Contained a Thousand Pounds of Morphine in Tubes.

(Associated Press Despatch) GENEVA, May 26.—The Spanish and Canadian governments yesterday supplied the secretaries of the League of Nations with the details of the recent seizures in New York of two cargoes of opium and other narcotic drugs. The Spanish Government said a large quantity of morphine, discovered by the American customs officials in barrels labelled "incandescent lamps," came from Malaga and only touched at Malaga, Spain and was not embarked there. The Canadian Government stated that four cases of alleged "incandescent lamps," but which contained one thousand pounds of morphine in tubes, were shipped from Holland destined for Montreal, and were legally intercepted by the United States. It is added that these official facts should be taken as proof that the vigilance of the United States in searching for contraband drugs was justified.

(Associated Press Despatch) NEW YORK, May 26.—The Spanish Royal Mail Steamship Line, operating between Barcelona and New York, has ordered discontinuance of all United States sailings, Luis Llanso, local agent for the company, announced last night. The discontinuance was ordered because of the recent supreme court decision forbidding foreign vessels from bringing liquor into United States territorial limits, he said.

### BELITTLED THE RESULT OF RUHR OCCUPATION

Socialist Attacked Policy Carried Out by Premier Poincare—Criticized French Government.

(Associated Press Despatch) PARIS, May 26.—Deputy Vincent Auriol, speaking for the Socialist group at the resumption of the Ruhr debate in the Chamber of Deputies yesterday, belittled the results of the Franco-Belgian occupation of the Westphalian industrial and mining districts. During the four months occupation, he declared, France had obtained only about thirty million francs worth of products from the Ruhr, while in the same period last year, she received from Germany products worth three hundred million francs. He asked Premier Poincare where he expected to find any profit in such a transaction, and also criticized the head of the Government for not receiving Karl Bergmann, when he visited Paris, with German proposals at the time of the Premier's conference in January. The Socialists, M. Auriol declared, did not deny that Germany had wilfully resisted payment of reparations, but small defaults in delivery of materials, he claimed, did not justify the occupation of further German territory.

### BRITISH JAILS NOT SO FULL; MORE SUICIDES

English Crime Statistics Interesting—81,383 Cases of Drunkenness, But This Is Striking Decrease.

(Associated Press Despatch) LONDON, May 26.—Less drunkenness, more burglars arrested, a big drop in minor cases, more suicides, thirty-five double tragedies, and British prisons not so full, are some of the outstanding features of the crime statistics for 1921, which have just been made public. During 1921, cases of drunkenness totalled 81,383, against 98,606 in 1920 and 204,038 in 1913. Offences of violence declined to 966 in 1921 from 1,107 in the previous year. The decrease in the number of cases for offences of a less serious character, says the report, confirms the impression that poverty and distress were potent influences in determining the number of crimes and offences during the year.

### ROAD BUILDERS SHOULD RECEIVE SPECIAL COURSE

New Angle in Road Construction to Be Brought Before Delegates at Good Roads Convention.

An entirely new angle to the problems of highway construction will be brought before the delegates to the tenth annual convention of the Canadian Good Roads Association at Hamilton on June 11, 12, 13 and 14, by the introduction of a discussion emphasizing the need for specially trained highway builders. It is a subject that is like to raise some controversy between its advocates and those who have had charge of construction work in the past because it is likely to be asserted that the reason that highways in the past few years have not fulfilled the claims made by contractors nor the hopes of the public as to their wearing qualities is because they have been built under the direction of men who are not as a rule properly qualified to undertake the work. It must be apparent to the most casual observer that many expensive built highways, for which the taxpayers will have to pay for years to come have shown signs of breaking down under the strain of modern traffic very rapidly. This in itself is an indication that the last word has not been said in regard either to types of material or methods of construction, but it is also evidence that there has been something lacking in the knowledge of those in charge of the work. It is apparent that serious study should be given to a question of such importance, and if the association is to accomplish something big and to assist in the years immediately ahead, in the achievement of definite progress, it must concern itself with educational measures and policies that are broader in their application than the technical curricula of our educational institutions. It must do its part in helping to awaken and develop a real appreciation of the magnitude and significance of the developing highway transportation. Industry, because of the inducements of higher compensation and sure advancement has been taking the trained men away from the public service, and until there is established in the leading universities some specialised course for highway builders, men who will be able to study the problems that confront them, and find a solution of the ever recurring difficulties of construction there will not come that economy and efficiency in the expenditure of large public funds that are essential for the building and maintenance of our public highways. The improvement of our roads has been undertaken in such a rapid manner that the supply of trained highway engineers has not kept pace with the demand. Many authorities have as their chief advisers excellent railroad engineers, but the problems that confront a railroad engineer are very dissimilar from those facing the highway builder. As regards drainage and grading they are perhaps somewhat alike, two important essentials, but the problems of foundation and material, and above all of proper surfacing, are matters that even eminent railroad engineers have little knowledge of. Only men thoroughly trained in the work can make the

### ABBE DELORME HAS BEEN REMOVED TO MONTREAL

Will Be Tried for Murder at June Criminal Assizes at Montreal.

(Associated Press Despatch) QUEBEC, May 26.—Officials of Beauport Asylum last night confirmed the report that Abbe Delorme, who is to be tried on the charge of murder of his half-brother, at the June criminal assizes here, was removed from the asylum on Wednesday night and brought to Montreal, where it is believed he will be taken to Bordeaux jail.

### What Is a Tire's Worst Enemy?

It isn't broken glass or stones on the road; it isn't rut-wear or the grinding slide of your tire over asphalt when you suddenly lock your brake. All these things take wear out of tires, but it's chiefly the heating caused by friction—usually the result of under-inflation—that is your tire's worst enemy. It can deprive you of thousands of miles of service if your tires are not built right. And there you have the reason for the extra mileage Firestone Cords deliver. Their construction puts a coating of new live rubber around each separate cord that keeps it from rubbing against the cords that lie next to it.

is less friction to generate heat—and the body of the tire is stronger, more resilient, easier riding. Canadian car owners are realizing that Firestone offers better value. Firestone Cords are selling in bigger quantities now than ever, because Firestone quality is at the highest peak in its history. More cars are coming from the manufacturer, Firestone-equipped. Put them on your car for the open season of driving; you'll save money; you'll have less trouble, and you'll enjoy more every mile you travel.

The Four Coupe \$2065 F. O. E. Oshawa Government Tax Exts

## A Utility Closed Car of Matchless Value

Business men find that this Oldsmobile "Four" Coupe meets every need they have for the greater utility of a closed car. Women, too, regard it highly because of its distinctive beauty and the remarkable ease with which it is controlled.

Powered with the famous Oldsmobile Four engine, this coupe offers splendid performance with good looks—and sells at the lowest price ever quoted on an Oldsmobile closed car.

Other Oldsmobile values for 1923 are equally interesting. Until you have examined and driven one yourself, you cannot fully appreciate the qualities which make the Oldsmobile "Four" the most car for the money. You are invited to inspect the Oldsmobile models at your earliest convenience.

Its seating arrangement is unique, the driver's seat being so placed that it provides considerably more than the usual space allotted the two additional passengers, and there is a generous auxiliary seat for a fourth passenger.

PRICES AND DETAILS OF SHERBROOKE MARKET

Visitors to the Sherbrooke market were somewhat disappointed at the general increase in prices inasmuch as the tendency of the past few weeks had been downward.

Last week, eggs were plentiful at thirty cents a dozen for strictly new 24th eggs but this week they were jumped up to thirty-five cents a dozen, or three dozen for a dollar.

Vegetables showed little change although there was a tendency for lower prices, checked however by the additional taxation. Waxed beans (2 1/2) at thirty cents a pound, cucumbers ten cents each and new cabbages at eight to ten cents a pound.

The fruit market was fairly active. Strawberries were quite plentiful selling all the way from nineteen cents to twenty-five cents for a pint basket. Lemons were thirty cents a dozen, oranges anything from thirty cents to seventy cents a dozen.

DAIRY PRODUCE MARKET Butter, best creamery per lb. 35c

HAY MARKET Montreal, May 26th. HAY—A fair amount of business was done in baled hay and the tone of the market was firm, with sales of car lots of timothy at \$15 to \$17 per ton, delivered to the trade, and at \$13 to \$15 per ton, f.o.b., cars, according to quality.

GRAIN MARKET Montreal, May 26th. GRAIN—Owing to the continued tendency of future wheat prices further strength was displayed in the Winnipeg cash market and prices scored another rise of 1 1/8c per bushel, No. 1 northern closing at \$1.19 1/4, No. 2 northern at \$1.17 3/4, and No. 3 northern at \$1.15 3/8 per bushel, ex-store, Fort William. The premiums were unchanged.

milked chickens at 30c to 32c, ordinary ducks at 31c to 33c, Brome Lake ducks at 34c to 36c, geese at 20c to 23c, and fowl at 21c to 25c per lb.

MAPLE SYRUP—There was no change in the condition of the market for maple products, business being somewhat quiet on account of the limited demand, but as the offerings on spot were not large, prices were maintained, with sales of choice grades of maple syrup at \$2.25 to \$2.50 per tin of imperial gallon, dark grades at \$2, and small tins at \$1.75 to \$1.85, with choice maple sugar at 22c to 24c per lb.

POTATO MARKET—The market for potatoes was steady, under a fair demand, and sales of Green Mountain grades were made at \$1.30. Quebec No. 1 stock at \$1.25, and Ontario grades at \$1.10 to \$1.15 per bag of 90 lbs., ex-track.

FLOUR AND FEED Montreal, May 26th. FLOUR—There was an improved enquiry from United Kingdom buyers for spring wheat grades of flour and as the prices bid were in line in some cases with millers' views a moderate amount of business was done for June shipment, and millers stated that according to the tone of cable advices the prospects were rather more encouraging for a better trade in this direction in the near future.

GRAIN MARKET Montreal, May 26th. GRAIN—Owing to the continued tendency of future wheat prices further strength was displayed in the Winnipeg cash market and prices scored another rise of 1 1/8c per bushel, No. 1 northern closing at \$1.19 1/4, No. 2 northern at \$1.17 3/4, and No. 3 northern at \$1.15 3/8 per bushel, ex-store, Fort William.

ANNUAL BAND PROGRAMME AT NORTH HATLEY

Programme Delighted a Large Audience—Other General News from North Hatley District.

NORTH HATLEY, May 26.—The town hall was filled on Wednesday evening, 23rd, with an audience comprising many from out of town to hear the annual band concert and entertainment, which is always a much anticipated event.

The programme consisted of band selections, saxophone sextette, saxophone solo and various other instrumental numbers. Mr. Chas. Davis, of Ayer's Cliff, sang a solo and responded to an insistent encore: Messrs. Emberly, F. A. Johnstone, M. W. Johnstone and Rev. Thomas, of Ayer's Cliff, sang a quartette, and gave another pleasing number as an encore. Mr. Fred Wyman, of Ayer's Cliff, gave an amusing reading, (one of Dr. Drummond's) and two more short numbers as encores.

The concluding number was a farce, "Mr. Bally-Hoo and his new sideshow with the Society Circus." It was exceedingly amusing and all the parts were well taken. Mr. M.R. LeBaron played the title roll and his calls for patronage to his show reminded one forcibly of a scene at

a country fair, Mr. F. A. Rexford was in charge of a lemonade stand near by. The actors who came out from the show to attract the crowd included the fat woman, (Auz. Seguin) the tall man, (Ronald Sampson), seven feet six inches; the dwarf, (Hilde Lennox Seguin) the wild man, (Mr. L. H. Taylor). The crowd was characteristic of the county fair, even to the pickpocket, who made quite a few hauls. All were dispersed by the arrival of an elephant on the stage. The entertainment was much enjoyed throughout.

General Notes.

Mr. and Mrs. Bell, of Pinehurst, N.C., were in town recently.

At the meeting of the Massawippi Fish and Game Club the name of Mr. Archie Burns was recommended as game warden for the coming year.

Mr. Glen Bean and Miss Mildred Bean spent the week-end in Sherbrooke.

Miss Mahala Bean has returned home from the Sherbrooke Hospital, where she has been owing to the dislocation of her shoulder.

Mrs. P. K. Knights underwent an operation at the Sherbrooke Hospital on Sunday night on her arrival, and at latest reports was getting on very well.

Mrs. O. L. Young, of Stanhope, is the guest of her daughter, Mrs. R. G. Springings.

Mr. S. L. Spafford and family have taken up their residence at "Braggside" for the summer months.

Mr. and Mrs. R. N. King and Miss Ethel King, of Montreal, reached here by motor on Wednesday to spend the summer at their cottage.

The Athlete's Remedy for Sprains and Bruises THE sprains and bruises encountered in sport vanish with the application of Minard's Liniment. This fact is confirmed by the following letter received from W.E. McPherson, Secy. Armstrong High School Baseball Club: "Since the start of the baseball season we have been hindered with sore muscles, sprained ankles, etc., but just as soon as we started using Minard's Liniment our troubles ended. Every athlete should keep a bottle handy. This letter is only one of the many we have received from well-known athletes."

"We're all going to pile into the old bus and eat our supper out by the lake." "Trouble? Not for me. The children love it and I feel all the better for the fresh air and change of scene." "Food? Never worries me." There are always the old stand-bys and I watch the advertisements every day for those appetizing novelties that men and children enjoy most in the open. "It's a habit of mine to read the advertisements every day. We save a lot of thinking and a lot of dollars in that way."

DAIRY PRODUCE Montreal, May 26th. BUTTER—A steady feeling prevailed in the market and prices showed no further change. The demand from all sources was again limited, and the volume of business was small, with sales of odd lots of finest creamery at 30 1/4c per lb., and seconds at 29 1/4c per lb. At Gould's Cold Storage there were 400 packages offered, of which the pasteurized creamery sold at 30 5/8c per lb., No. 1 creamery sold at 29 7/8c per lb. and No. 2 creamery at 28 7/8c per lb., delivered here.

COUNTRY PRODUCE Montreal, May 26th. EGGS—A fairly active trade continues to be done in eggs, and the tone of the market remains about steady, with sales of round lots of straight receipts to wholesale jobbers at 23 1/4c per dozen f.o.b. Manitoba points, and Ontario eggs at 25 1/2c to 26c per dozen, f.o.b. shipping points. In a wholesale jobbing way the movement continues large owing to the heavy consumption and sales of specials were made at 33c, selected at 33c, No. 1 stock at 30c, and No. 2 stock at 28c per dozen.

CONCRETE HIGHWAYS are economical MANY municipalities have learned by experience how costly some roads are. Swiftly moving pleasure vehicles, and heavily laden trucks have revolutionized road traffic. For modern traffic permanent highways are necessary, and ultimate economy must be considered when planning our highways. The country's requirements call for an even greater speeding up of Canada's modern road building programme in order to cope successfully with present day traffic. Concrete highways are permanent. They reduce upkeep costs to a minimum and thus lessen the taxpayer's burden. Experience has shown that Concrete roads are most economical in the long run. Concrete highways lower haulage costs, thus benefitting both farmer and consumer. The even surface invites tourist trade and contributes to the comfort of every user. Faced as we are with the need of providing roads capable of withstanding the increased strain of modern traffic, we surely must recognize that road economy calls for the adoption of that higher type of paving which concrete makes possible. ## YANKEES FELL AGAIN BEFORE MACK'S SQUAD

### Athletics Closing Gap Between Themselves and Champions—Giants Continue to Chalk up Victories.

(Associated Press Despatch) NEW YORK, May 26.—The Philadelphia Athletics remain a seven day wonder. After their second consecutive victory yesterday over the League champions, baseball critics who did not rate them high in the pre-season, conceded that they will finish in the first division.

Not only are the Athletics closing the gap between themselves and the Yankees and filling the seats in Shibe Park, but they are drawing away from the strongest of the western teams and tightening a hold on second place that the westerners will find hard to shake when they come east presently. The Athletics got three home runs in beating the Yanks yesterday by 4 to 2.

The Detroit Tigers lost ground again yesterday by yielding to the effectiveness of Urban Faber, and the Chicago White Sox on five to three.

With a chance to catch the dropping Tigers, the Washington Senators fell before Boston, the reliable Walter Johnson weakening after his team mates had given him a two run lead, usually enough for him. The score was 6 to 5.

Pittsburgh definitely staked its claim to second place in the National League, winning its seventh consecutive contest, and the second straight of its series with St. Louis by 2 to 1. Johnny Rawlings, playing his second game in a Pirate uniform,

made an error at second base responsible for the only cardinal tally. The New York steam roller continued to roll over the Quakers by 12 to 8.

Brooklyn slipped from a short stay in the first division with third position within its grasp up until the ninth inning. Mickey O'Neil, fighting catcher of the Braves, opened a batting rally in the ninth and Boston slipped over five runs, winning by 7 to 4.

Grover Alexander, the Chicago pitching ace, was in the best of his early season form and let the Reds down with two hits, and Pete Donohue, who has fared badly in recent starts, was given poor support, the Cubs passing both the Cards and the Robins, and resting in third place. The score was four to nothing.

#### INDUSTRIAL LEAGUE OPENS MONDAY

The Industrial Baseball League promises to get away to a good start on May 28th, Monday, when the Canadian Pacific team meets the Canadian Ingersoll Rand Company in the opening game of the season. The league has been arranged to provide each team with four home games, and three games will be played each week, allowing for thirty-six games over the twelve week schedule. The first three games, postponed owing to bad weather, will be played at the end of the season. The revised schedule is as follows:

**REGATTA ASSOCIATION'S PROGRAMME**

At a special meeting of the different committees of the Sherbrooke Regatta Association held at the Chevalier and Levesque boat house on Wednesday evening definite arrangements were made with regard to the scheduled events and the following programme was drawn up:

Canvas covered canoes, single, men, 18 years and over, 220 yards; Rowboat race, flat bottomed, single, men, 220 yards; Swimming, girls, open, 30 yards; Canoe crab race, men, 25 yards; Swimming, boys, 16 years and under, 30 yards; Basewood and cedar canoes, tandem, men, 220 yards; Canvas covered canoes, tandem, girls, 220 yard; Swimming, men, open, 50 yards; Novelty, greased pole; Canvas covered canoes, tandem, boys, 17 and under, 220 yards; Open canoe race, free-for-all, single, men, 220 yards; Canvas covered canoes, tandem, lady and gentleman, 220 yards; Rowboat race, flat bottomed, tandem, open, 220 yards; Swimming, men, open, 220 yards; Tilting; Open canoe race, free-for-all, tandem, men, 220 yards; Diving. Canvas covered canoes will have a minimum length of 16 feet, and a minimum width of 29 inches, between inner gunwales, at widest part.

Rowboats will be flat bottomed and have a minimum length of 16 feet.

Many Entries Received.

A large number of entries have already been received and the prospects point to a most successful event. Members of the Association are entitled to enter all events free of charge, whereas non members will be required to deposit the sum of one dollar. Entries for the canoe events

should be sent to Mr. A. T. Scott; entries for rowing events to Mr. H. Guertin; entries for swimming events to Mr. E. Kenalty, while remittances should be addressed to the treasurer, Mr. J. Levesque. Entries may also be forwarded direct to the secretary, Mr. A. W. Reid, who will pass same along to the respective committees. Many of the contestants are already busy practicing for the coming regatta and some splendid contested events are anticipated.

#### ANOTHER NOTABLE RECORD FOR COBB

(Associated Press Despatch) CHICAGO, May 26.—Cobb yesterday possessed another notable baseball record, having scored more runs in his Major League career than any other player in the history of baseball. His home run in Thursday's game established his total scored in eighteen years and five weeks of play 1,741.

#### BOSTON PITCHER ARRIVES

Melanson, a Boston pitcher of reputation, has answered the S.O.S. call and will most likely pitch against the locals this afternoon. With regard to a shortstop, Manager Eddie Carr states that Glennon was merely off color on Thursday and that, as a rule, he is one of the nicest fielders on the diamond. Fans will be given an opportunity to judge this afternoon and tomorrow.

Sherbrooke will most likely have Stroppe, the Derby Line product, in the box and, if he makes good, he will most likely be a permanent member of the "champions" pitching staff.

Miss Lizzie Murphy will again hold down first base and if she repeats her Thursday performance she will have justified her retention on first and will have corroborated the advance notices. The locals are taking no chances and if they can make a clean sweep of the series they will certainly do so.

### WRESTLING

#### ATTEMPTED TO MOB ZBYSZKO

(Associated Press Despatch) BOSTON, Mass., May 26.—Wladek Zbyszko, wrestler, went under a barrage of bottles and other missiles last night when several thousand persons attending a wrestling contest here attempted to mob him. It was believed that he had bitten his opponent, George Calza, Italian champion, in the left wrist. Zbyszko had scored one fall on his adversary in twenty-eight minutes. Calza then claimed that he had been bitten and the referee awarded him the decision. Joe Perrelli, former wrestler, and now Calza's manager, jumped in to the ring and engaged in a battle with Zbyszko. He was arrested. The crowd swarmed about the ring, but Zbyszko was led away by officers. One missile thrown at him was a razor.

### SPORTING NOTES

**SET NEW SWIMMING RECORD** (Associated Press Despatch) HONOLULU, May 26.—Lillian Bowmer, seventeen-year-old school girl, weighing 100 pounds, on Thursday night swam the fastest fifty yards ever covered by a woman and broke the world's tank record by 3-5 seconds. Her time was 28 seconds flat.

#### NOTED YACHTSMAN PASSES AWAY

(Associated Press Despatch) DUBLIN, May 26.—Hugh McCalmont, noted yachtsman, is dead from injuries he received when he fell from a cliff near his home at Bally, County Antrim. He was making a path on the edge of the cliff when he slipped and fell 60 feet. He was so badly injured that it was impossible to move him and he succumbed in a temporary shelter which was erected at the bottom of the cliff. McCalmont represented Sir Thomas Lipton on the United States yacht Columbia, in the America's cup race some years ago. He was a cousin of Major General Sir Hugh McCalmont, who served in South African and Egyptian expeditions, and at one time was a member of parliament for North Antrim.

### TENNIS

**ST. FRANCIS COURTS OPEN**

With the improved weather conditions of the past few days prospects for tennis are considerably brighter and it is quite likely that both of the courts at the St. Francis Club will be open over the weekend. One of the courts has been in use for the past few days and is in pretty fair condition although lack of suitable clay prevents proper conditioning.

Several important tournaments will most likely be held during the course of the summer months and it is quite possible that there will be several entries in the Provincial championships to be held in Montreal towards the latter part of June.

### BOWLING

#### PROVINCIAL TOURNEY AT EAST ANGLIS

Bowling enthusiasts are keenly anticipating the results of the provincial championships which will be held over the East Anglis alleys this afternoon and Eastern Townships trundlers are going to make a bold bid for honors. There will be ten teams from the Metropolis, three each from Quebec and Three Rivers, two from Sherbrooke, one each from Lewis and East Anglis.

### BOXING

**LOU BOGASH WON DECISION** SYRACUSE, N. Y., May 26.—Lou Bogash, middleweight champion of New York State, defeated Bryan Downey, recognized in Ohio as champion, in a twelve round bout here last night.

#### FOUGHT A DRAW

WATERBURY, Conn., May 26.—Johnny Curtin and Jabber White fought twelve rounds to a draw here last night. Johnny Darcy, of New York, received an unpopular decision over Kid Lewis, of Montreal, after twelve rounds.

# The Goddess of Smoke

My Lady Nicotine!

She numbers the members of her court in thousands!

She is paid homage by millions of subjects all over the earth.

Her domain is the universe, and one of earth's exports to Mars will undoubtedly be a shipment of Strollers arranged by some Sir Walter Raleigh of the day.

My Lady Nic. is a gracious personage, the friend of Paddy of the Clay pipe or the King with his Royal Perfecto.

Her's is a mildly, soothing incense, burned by men everywhere to moderate the strain of a whirling world -- to bring calm to the philosopher, and cheer to all us humans.

My Lady Nic is Your Lady Nic. She is a sun-loving maiden, ripened and colored by the mellowing rays of the Great Orb. She is loved by all men -- except those whose wives won't let them -- and she harms no man.

She wears many robes, from rose amber to solemn black, but is most preferred when in a simple gown of white that speaks of purity and is delicately traced with letters that read "Strollers."

My Lady Nic is no jade, nor flirt. Yet anyone can become acquainted by just saying "Gimme." Will she?

We'll say she will.

A Year Ahead in Price and Quality.

## DODGE BROTHERS TOURING CAR

To those who enjoy the out-of-doors, Dodge Brothers Touring Car represents tens of thousands of invigorating miles in the open air.

And owners who have had long experience with the car, know how trouble-free those miles are, and how little it costs to enjoy them.

They know, too, how light and convenient the Touring Car is and how easily cleaned.

Dodge Brothers power plant, the all-steel body, the permanent baked-on enamel finish, the genuine leather upholstery—all combine to explain why more than 850,000 owners almost invariably speak of the car in terms of highest praise.

The price of the Touring Car is \$1820 f.o.b. Windsor, Ont.—\$1876 delivered at Sherbrooke

PERSONALS AND GENERAL NEWS OF KNOWLTON

Social Service of Canada to Hold Meeting—Newsy Notes of Interest.

KNOWLTON, May 26.—The Social Service of Canada is holding a meeting in the Pettes Memorial Hall on the afternoon and evening of Tuesday, May 29th, at 12.30 and 8 o'clock respectively. Rev. Dr. J. G. Shearer, of Toronto, will be present. He is the general secretary. The president of the council is Rev. Canon Tucker, of Hamilton. Representatives of all W.C.T.U.'s, and Institutes and churches in Brome County are asked to be present. It is expected that ministers of all denominations will be present and take a practical interest in the movement. One object of the gathering is to organize a Social Service Council for Brome County. It is hoped that there will be a large attendance of local men and women to hear the addresses and create a lively interest in the reforms proposed.

The Knowlton High School closed on Wednesday afternoon till Monday morning. The I. O. D. E. decorated the graves, tablets and honor rolls of our war heroes for Empire Day. The Wistaafaa Group of the Canadian Girls in Training gave a miscellaneous shower for Miss Grace England at her home on Tuesday evening. Miss England has been assistant leader of the group since the organization last autumn and the girls greatly appreciate her help during the past months and will miss her very much when she goes to her new home. The affair, which was a complete surprise to Miss England, was most delightful one. The gifts were placed in an umbrella and presented to the prospective bride by Miss Kathleen Harvey, one of the officers of the G. G. I. T., with a rhyme suitable to the occasion. The reading of the rhymes, accompanying the individual gifts caused much jollity. Contests and games were indulged in and after the serving of dainty refreshments the party broke up with the singing of "For she's a Jolly Good Fellow."

The Misses Huldah and Dorothy Stone gave a miscellaneous shower on Tuesday afternoon, May 22nd, in honor of their friend, Miss Lena Young, whose marriage to Mr. Harry Bannister takes place in June. The bride-to-be was the recipient of many useful gifts. A very enjoyable afternoon was spent, after which dainty refreshments were served. Mr. and Mrs. A. L. Patterson and family have arrived from Westmount and opened up their summer home on Conference Heights.

Rev. and Mrs. Hagar, Mr. Vanar-

when he wrote his letter; it was very hard to read, Carroll. Please write again sometime and tell us more news. I mailed the April magazine to you with the others; am sorry it did not reach you. I have not received the May issue of the magazine yet, but will probably have them in a day or two, and will send them off without delay. Most of Carroll's riddles had appeared in the corner before; who will send us some entirely new ones? I am watching for the first letter telling me that one of the nieces or nephews has the garden finished. I planted my lettuce too thickly and it looks like a mossy bank. I shall have to thin it out carefully, the leaves are so tiny. Hoping all are having a nice time over the week-end and that next week's letters will bring lots of news, I will close.

Yours faithfully, UNCLE JIM. \* \* \* \* \* LETTERS FROM THE CORNER FOLK. \* \* \* \* \*

Dear Uncle Jim: I am well. I cannot color hardly any of the pictures because I cut them out and have lost them. There are some birds behind our house that have made a hole in an old tree and they are working all day at their nests. I will close now. Your nephew, ELMER MATTHEWS, Willard Mills.

Dear Uncle Jim: Just a few lines because I haven't written to you for a long time. Uncle Jim, you forgot to send my magazines for April and May. We have ten cows and I milk four of them. Please excuse my poor writing as I am writing in a hurry. The mailman will be along soon. I am sending some riddles. Wishing the club success I am your nephew, CARROLL DUSTIN, Magog.

THE RIDDLE BOX Sent in by Carroll:— 1 Why is a school mistress like the letter G? 2 Why should a little man never marry a bouncing widow? 3 What is the difference between a school master and an engine driver?

From Uncle Jim:— 1 Why is the letter T like an island? 2 Which people ought to be good singers?

man and Miss Lucia Knowlton left on Friday for a motor trip to Brockville, Ont. Mr. Hagar will attend the annual conference meeting while away. Mrs. Chatfield, Miss Mabel Chatfield, of Sutton, and Nurse Chatfield, of New York, were visiting Mrs. C. Stone on the 24th. Miss Martin spent the holiday and week-end with relatives in Magog. Mrs. Anderson, of Beauharnois, is spending some time with her son, Mr. Mackay Anderson. Mr. L. Anderson has also been the guest of his brother.

Miss McKeown has arrived from Ottawa to remain a couple of months at Mrs. H. F. Wood's. Mr. W. E. Lewis disposed of the remainder of his stock by auction a couple of days this week, and has rented his store to Dr. Tanguay, Druggist, who will take possession shortly.

The evening service in the Methodist Church on Sunday, May 27th, will be in charge of the Women's Missionary Society. Special music will be rendered and an address will be given by Mrs. Scott, a captain of the Salvation Army, who has done extensive social service work in Western Canada. It is hoped there will be a large congregation to listen to Mrs. Scott's address. Mr. James Mooney returned recently from an extensive trip via the Western States.

Master Rolfe Paintin in company with Rev. Mr. Russell, of Rock Island, and a party of college friends motored from Stanstead via Richmond, Vt., on Thursday, the 24th, and were tea guests of Dr. and Mrs. Paintin.

Mr. Murphy, who has lately purchased Mr. W. K. Kneeland's fine property on Conference Heights, has arrived with his family and taken possession.

Mrs. J. N. Robinson and son, Herbert, and grandson, Archie, left on Friday for a motor trip to White River Junction where they will spend the week-end with relatives.

Mrs. Uglow, of Montreal, is visiting her friend, Mrs. S. J. Carter. Among the holiday and week-end visitors were noticed Miss May Knowlton, Mr. E. J. Bannister, Miss Margaret Knowlton, Miss Emma Carmichael, Mr. and Mrs. L. A. Boyd, of Montreal; Mr. and Mrs. C. E. Soles, of Sherbrooke; Mrs. Harvey, of Farnham; Miss Margaret Armstrong, of Farnham; Mr. Harry Carmichael, of Cowansville; Mrs. S. J. Carter, of Montreal.

Mr. and Mrs. James Roger have arrived from Westmount for the summer. The annual Brome County Convention of the W. C. T. U. will be held in the Methodist Church here on Thursday and Friday, May 31st and June 1st, with an evening session in the Pettes Memorial Hall where Mrs. Geggie, Provincial President, will address the meeting. There will also be other speakers, music, etc. A large attendance is hoped for at all these sessions as they will be of great interest to all.

Obituary On Sunday afternoon, May 20th, Mrs. Alma I. E. Corey, beloved wife of Mr. Henry C. Knowlton, passed away at her home here. She had been suffering from heart trouble for a long time and though feeble during the past winter, had not been confined to her bed for a single day and on Sunday took dinner with the family as usual. The deceased was born at Stanbridge Ridge on the 28th of November, 1841, and was the daughter of the late Lindel Corey. She was educated at Stanbridge Academy and completed her training at the Normal School, Montreal, after which she taught for many years. Always an active worker in the various churches and societies as well as the W.C.T.U. Besides her husband and daughter she is survived by one brother, Mr. B. L. Corey, of Manchester, N. H., one granddaughter and four grandsons, all of Guilford, Me. The funeral was held at the house on Wednesday afternoon at one o'clock, the Rev. Canon Carmichael officiating. Two hymns were sung, "Abide With Me" and "Nearer My God to Thee." The floral tributes were numerous and beautiful and Messrs. F. P. Williams, J. E. Fay, L. H. Pibus, F. A. Morgan acted as bearers. Among those present from out-of-town were: Mr. B. L. Corey, Miss Annie Cameron, of Manchester, N. H.; Mr. P. H. Knowlton, Guilford, Me.; Miss Sarah Knowlton, Wheaton College, Boston, Mass.; Dr. W. O. Lambly, Lebanon, N. H.; Mr. Elson Blunt, Boston, Mass.; Dr. A. B. and Mrs. Harrower, Philadelphia, Pa.; Mrs. Kemp and Miss Irene Corey, Stanbridge; Dr. E. I. Rexford, Mr. Orrin Rexford, Miss Margaret Knowlton, Dr. and Mrs. W. M. Fisk and Miss Ellen Fisk, all of Montreal; Mrs. Ernest Buzzell, Miss Kate Buzzell, Miss Laura Fisk and Mr. J. H. Carter, Abbotsford; Mr. Volney Rexford, Beauharnois.

Capt. L. D. McClintock left on Thursday for St. Andrew's, Que., to attend the 69th wedding anniversary of his grandparents, Mr. and Mrs. John Williamson, at Point Fortune on Friday, May 25. Miss Evangeline Hall has purchased from Mr. J. A. Lefebvre the lot adjoining her mother's property on Lansdowne Avenue.

Mrs. Eli Hall and son, Mr. Eugene Hall, attended the funeral of the late Mr. Landon Hall at East Farnham on Tuesday.

Mrs. Francis Williams has returned from spending some time with her friend, Mrs. L. A. Boyd, at Montreal.

Mrs. C. M. Ralston returned on Sunday from Hartford, Conn., where she was called by the serious illness of her second son, Mr. Thos. Ralston, who is reported as improv-

NEW SERIAL FOR RECORD READERS The WINGS OF THE MORNING

A GREAT STORY OF ADVENTURE AND ROMANCE By Louis Tracy. I have often been asked this question: What is the most exciting novel you have ever read? The answer is not difficult. I have been thrilled by "The Three Musketeers," "Treasure Island," "The Adventures of Captain Horn," but the most exciting novel I have ever read is "The Wings of the Morning," by Louis Tracy. It opens with a shipwreck, and from the first word in the first chapter to the last word on the last page, it never lags or sags. I will guarantee this story to all convalescents; and as an anaesthetic for railway travel, it is very effective.

Will begin in the Issue of TUESDAY, MAY 29th. DO NOT FAIL TO READ THIS THRILLING STORY.

Satisfaction A seemingly low price for an article is always attractive, but unfortunately frequently misleading. How often is heard the remark—"I would rather have paid a little more and got the quality I wanted." As a matter of fact that "little more" was necessary to obtain the better quality. Good goods require a higher price to be good. There are cheaper teas than "KING COLE"—but would you be satisfied with their quality?

POWERFUL INFLUENCES BEHIND FINANCING OF WEST KOOTENAY POWER

Unique Opportunity for Canadian Investors—Power Bonds Guaranteed by Consolidated Mining and Smelting Company.

An investment security which has the powerful influence and backing of the Canadian Pacific Railway behind it must at once appeal to the public as an exceptionally sound one.

The Kootenay district in Southern British Columbia has for many years been so closely interwoven with C.P.R. interests and enterprise that it has come to be regarded as specially favored with the influence of that great corporation.

That part of the Province is wonderfully rich in natural resources, and the early directors of the C.P.R. saw in their development great and profitable feeders for that section of the transcontinental system.

Thus it came about that the smelting and mining interests, later grouped under the title of Consolidated Mining and Smelting Company of Canada, Limited, came under the direct influence of the railway company. Some years later the importance of the power development on the Kootenay River to those industries became so inevitable that it was decided that it would be necessary to acquire the operating company and Consolidated Smelters bought the entire issue of common stock of West Kootenay Power and Light, while the C.P.R. purchased 63 per cent. of the preferred stock, thus giving the two companies practically joint control.

EDDIE COLLINS THE SENSATION OF THE SEASON

Veteran Threatening to Capture Batting Honors in American League—Ruth Improves.

(Associated Press Despatch) CHICAGO, May 26—Eddie Collins, star second baseman with the Chicago White Sox, is the big surprise of the American League season, judging from his performance to date revealed in averages compiled today.

Collins is playing a snappier game than ever, fielding with remarkable brilliancy, and is threatening to capture the batting honors of the League—after seventeen years of Major League service.

Collins is leading the League in base stealing with fifteen thefts, and made the best showing of the batters during the week, increasing his average twenty-six points to .356 for 29 games, placing him virtually third in the list of leading hitters. Collins having played in more games than others of the first five.

"Babe" Ruth added twenty-four points to his average of a week ago and bagged four homers, running his string to eight, while Ken Williams, of the Browns, who started piling up the circuit blows before "Babe" got his eye on the ball, made only one, which was enough, however, to give him the edge over Ruth with nine.

Ruth also has tied the St. Louis star for total base honors. Ruth's hits, besides his homers, include ten doubles and three triples, in addition to nine homers.

Another department in which the "Babe" is going stronger than his rivals is in the scoring. Ruth has counted thirty times in his thirty one games. Harry Hellmuth, the Detroit star, who led the League with a mark of 51.3 a week ago, felt the sting of good pitching and fell into a slump. He continues to top the batters, however, with an average of .448.

Dick Reiche, of the Red Sox, is the runner up with .387. Bing Miller, of the Athletics, is next with .361. Other leading batters for twenty or more games:

Ruel, Washington, .357; E. Collins, Chicago, .356; Jamieson, Cleveland, .355; S. Rice, Washington, .351; Cobb, Detroit, .350; Welch Philadelphia, .345; Veach, Detroit, .338; Ruth, New York, .333.

Neis, of Brockton, and Traynor, of Pittsburgh, are making an impressive showing among the National League batters, none of whom, however, have been able to depose the veteran Zack Wheat, of Brooklyn.

Wheat continues in front with an average of .417, with Grimm, of the Pirates, trailing with .404. Bottomley, of the Cardinals, is perched in third place with .399. Neis boosted his mark from .365 to .372, and Traynor went to .364 from .340.

Cy Williams, of the Phillies, is the class of the League in home run hitting, having poked seventeen. He is the first Major League player to pass the century mark for total base honors this season. His hits gave him a total of 108 bases, which, besides his homers, include six doubles and three triples.

M. Carey, of the Pirates, is creeping up on Sammy Bohne, of the Reds, for stolen bases, the speedy Pittsburgher having negotiated six to Sammy's seven.

Other leading batters for twenty or more games are:

Southworth, Boston, .394; Frisch, New York, .375; Hornsby, St. Louis, .373; McInnis, Boston, .363; Young, New York, .355; Kelly, New York, .344; Flack, St. Louis, .344.

STARTS ON LONG FLIGHT. (Associated Press Despatch) HOUSTON, Texas, May 26.—Lieutenant H. G. Crocker, of Kelly Field, San Antonio, Texas, hopped off from Ellington Field, here at 5:21 a.m. (Central Standard Time) for his proposed non-stop Gulf to Canada flight. He expects to land at Selfridge Field, near Detroit, Michigan, by 7 p.m.

LITTLE TALKS ON THRIFT

by S. W. STRAUS, President American Society for Thrift.

While there still is much unrest in the world and economic conditions generally have not become stabilized, it is well to keep in mind at all times the part thrift must play in bringing about more propitious circumstances everywhere.

It is natural that the man who owns a home, who possesses a savings account or who has the products of his thrift judiciously invested, should be an avowed supporter of the orderly forms of law and government.

His every instinct is toward progress and upbuilding. He is against destructive tendencies because he recognizes in them a danger to his patiently obtained possession. Therefore, his influence may be counted upon as a force against any trend of thought or movement that is contrary to the proper safeguarding of the prevailing social order.

The possession of savings, investments or a home foster proprietary sentiments and awaken all the instincts for the preservation of property rights.

It also is to be borne in mind that the man who is thrifty is prosperous, for the real meaning of thrift is thriving. And the man who realizes that he is getting on in the world, that he has something back of him for the days of emergency and who sees his possessions, small though they may be, slowly increasing, is most apt to judge social and economic problems on a basis of fairness to all.

His mental outlook is normal and healthy because his life is right. He is not biased in his views because he is under no undue pressure of any kind.

In all the efforts that are being made to bring about more settled conditions both at home and abroad, the very important part which must be assumed by thrift should not be overlooked. Anyone who is encouraging these practices is helping solve the grave problems of the world in a most practical manner.

MASSACHUSETTS LEGISLATURE SESSION ENDS

Bill Provides for Two Cent Tax on Gasoline to Meet Highway Expenses.

(Associated Press Despatch) BOSTON, Mass., May 26.—The Massachusetts Legislature was prorogued shortly after midnight after one of the shortest sessions on records.

Two acts became law without the Governor's signature and three were vetoed.

Enactment of a bill providing a two cent per gallon tax on gasoline to meet highway expenses, amendment of the State liquor laws to prohibit manufacture and transportation of intoxicating liquors and passage of a drastic law against "fire proof" coal were the outstanding legislative features of the session.

Coal, sugar and Ku Klux Klan were issues during the session. A law establishing penalties for sale of impure fuel and for giving short weight was passed on recommendation of the Governor, and a special committee of the legislature was created to study the whole fuel situation.

The sugar problem was referred to the special commission on the necessities of life and the subsequent report was turned over to the Attorney General.

WILL VISIT POLICE TO FIND OUT IF THEY HOLD WARRANT FOR HIS ARREST

Stated that Malcolm Bruce, Wanted by Nova Scotia Attorney-General to Answer Charge of Sedition, Will Give Himself up.

(Associated Press Despatch) TORONTO, May 26.—Malcolm Bruce, who is wanted by the Attorney-General of Nova Scotia to answer a charge of sedition, will visit police headquarters here probably today, or within the near future at any rate, to learn if it is true that the police hold a warrant for his arrest, the Globe says this morning.

Close friends of Bruce said this would be the case when they were questioned as to Bruce's whereabouts. He has been in the city for several days "under cover," it was admitted.

While he has apparently moved about with some care, from the statement made by an official of the workers' party, it would appear that he was more concerned with the affairs of the party and personal matters.

It was stated that this friend has been in touch with members of District 26, United Mine Workers of America, who have promised him all

POLITICS VIED WITH STEEL IN DISCUSSIONS

Nothing to Indicate There Will Be Diminution of Demand for Finished Steel.

(Associated Press Despatch) NEW YORK, May 26.—Religion and world politics vied with steel in the discussions at the annual meeting of the American iron and steel industry yesterday.

Elbert H. Gary, chairman of the United States Steel Corporation, and president of the Institute, devoted most of his annual address to a defence of the Bible and a plea for the turning toward the Christian principles in business as well as in practical affairs.

Last night, at the annual dinner, Prince Caetani, Italian ambassador to the United States, delivered before the steel makers a defence of Fascism, which he declared was "a great spiritual movement," founded on the principle that every individual must be ready to sacrifice himself for the good of the community."

Fascism he declared, was the direct antithesis of Bolshevism, aiming to preserve religion and the rights of individuals, while Bolshevism aimed to destroy both.

The outstanding industrial phases of the Institute's session were: 1.—A declaration by Mr. Gary that "there is nothing in sight to indicate that there will be a substantial diminution of the demand for finished steel in this country during the next six months at least."

2.—Approval by unanimous vote of the Institute, of a report of a special committee, advising against any attempt to eliminate at this time the twelve-hour day in the steel industry.

This committee, with Mr. Gary at its head, had considered the question of inaugurating an eight-hour day at the suggestion of President Harding.

ODESSA-MOSCOW EXPRESS WAS HELD UP BY BANDITS

Raid Was Carried Out by a Party of Thirty Armed Robbers.

(Associated Press Despatch) MOSCOW, May 26.—Thirty bandits, armed with rifles, held up the Odessa-Moscow express two hundred miles southwest of Moscow at midnight Wednesday, according to Dr. W. R. Smith, of Taunton, Mass., district superintendent of the American Relief Commission, who was a passenger from Odessa on the held-up train, and arrived in Moscow yesterday.

The bandits refrained from looting the relief commission mail pouch, but took from Mr. Smith and the Russian courier of the relief commission, who was accompanying him, all their belongings of value.

RED CROSS ASKS FOR FINANCIAL AID FOR MANSONVILLE

The financial needs of the situation at Mansonville have become so pressing that an appeal is being made for contributions in this connection. The cost of supplies, of domestic and other help, transportation charges and special relief have passed beyond the financial resources of the organizations that are assisting.

All cash contributions should be sent to Mr. H. S. Lawrence, accountant, The Canadian Bank of Commerce, Sherbrooke, who has consented to act as treasurer, on request of the Sherbrooke Red Cross. All contributions will be acknowledged in the Record. Mr. Lawrence will transfer the moneys as required to Mr. MacLoughlin, manager of the Canadian Bank of Commerce, Mansonville, for use as necessity demands.

Some financial assistance has already been given, and contributions which have been received through the local branch are as follows:

JOHN MULVENA DIED SUDDENLY THIS MORNING

Had Been Ill Only a Few Days—Funeral Will Take Place on Monday Morning.

A well known and highly respected resident passed away very suddenly this morning in the person of Mr. John Mulvena, at his residence on Bowen Avenue South. Mr. Mulvena had been ill only a few days and his condition was not considered serious, consequently his sudden death came as a severe shock to his numerous friends and neighbors.

Born at Richmond on December 11, 1848, Mr. Mulvena came to Sherbrooke with his parents in 1852 to make their residence. His father purchased a farm on Bowen Avenue South and on his passing away, the son took over the management of the farm, on which he has resided for many years. In 1888 he married Lucy Gray, of Montreal.

Mr. Mulvena is survived by his wife, two sons, Messrs. Harry R. Mulvena, of Montreal, and W. H. Mulvena, of Sherbrooke; two daughters, Mrs. T. M. Hawkins and Mrs. M. DeLottinville; one grandchild, Jackie Hawkins; one brother, Judge H. W. Mulvena and one sister, Mrs. L. Moorey, all of Sherbrooke.

The funeral will take place on Monday morning from his late residence at 8:30 o'clock, with service at St. Patrick's Church at nine o'clock (Standard time.)

BANK BANDIT WAS CAPTURED IN CALIFORNIA

Robber Is Also Wanted at London, Ont., on a Charge of Murder.

(Associated Press Despatch) LONDON, Ont., May 26.—Sydney Murrell, Melbourne bandit, wanted for murder here, has been captured in Susanville, California. Ottawa authorities identified the finger prints sent by the sheriff of Lassen County, California, in which Murrell was arrested on a charge of burglary, as those of the desperado who made a sensational break from the Middlesex County Jail, September 2, 1921.

Murrell is at present on remand in the Lassen County jail awaiting further word from local authorities. As late as last evening, the sheriff of the California County jail wired Chief of Police Robert Birrell for further particulars about the prisoner and a detailed description.

Sydney Murrell was one of a gang of gunmen who robbed the Melbourne branch of the Home Bank of Canada on the morning of Monday, April 10th, 1921. It was during their attempt to escape after the robbery that Russell Campbell was shot to death.

Campbell was one of a number of villagers who attempted to intercept the escape of the bandits from the bank.

THREE KILLED DURING STORM

(Associated Press Despatch) SAN ANTONIO, May 26.—Three persons were believed to have been killed and several others seriously injured in a windstorm and heavy rain at Monterey, Mexico, Wednesday evening, according to reports received here last night. The reports said that streets were flooded, street car traffic stopped and the city was in darkness for several hours.

A number of municipalities have also subscribed, \$200 being forthcoming from the village of Cowansville.

A dance is being held at Lennoxville, in the Town Hall, in the near future and the proceeds are to be devoted to the Mansonville Relief Fund.

(Associated Press Despatch) WINNIPEG, May 26.—A train of twenty-six cars of live stock shipped by United Grain Growers, Limited, to Quebec via the Canadian National Railways, has arrived in Quebec in 76 hours, 40 minutes, it was reported yesterday. The cattle were loaded within eighty hours of leaving this city.

TO REMOVE DUTY ON CATTLE FEED FROM CANADA

Stated that if Commission Does Not Remove Duty, Congress May Act in Matter.

(Associated Press Despatch) WASHINGTON, May 26.—Although no action has not yet been taken as to reducing or removing the duty on feed for cattle from Canada, which is now before the Tariff Commission, there are strong indications of favorable action. Not only are Canadian cattle growers asking it, but middle western and northwestern United States farmers, especially corn growers and cattle men are urging it.

The American Farm Bureau Federation is endeavoring to have the duty lowered or removed. Talk here is that if the tariff commission and the President do not act, Congress may remove the duty.

Efforts to have it removed will be made in Congress if there is no administrative action.
