EASTMAN RINK HAS COLLAPSED

Snow Caused Roof to Fall In Yesterday.

LABORER NAMED BOBO SLIGHTLY INJURED.—SKATERS ESCAPED.

Eastman, Jan. 8.—(Special)— The Eastman Skating Rink, the second largest in the Eastern Townships, collapsed yesterday afternoon at four o'clock. The large quantity of snow on the roof was the cause.

About four o'clock some of the iron girders gave way, and Mr. Martin, owner of the rink, immediately cleared the building of all its occupants, about 50 skaters being present at that time. A few minutes later and the roof caved in with a crash, carrying with it a man named Bobo, who was clearing off the snow. Bobo was slightly injured.

Mr. Martin deserves great credit for the quick action he took to clear the rink at the first intimation of danger. Had the skaters delayed their exit, the result might have been far more dangerous.

The rink was about 200 feet long and 80 feet wide. The debris is being taken away and an open air rink will be maintained during the remainder of the winter.

MR. W. A. WEIR AND THE BENCH.

Stated That Appointment Will Soon Be Definitely Announced.

PROVINCIAL CABINET DISCUSSED HIS SUCCESSOR AT MEETING YESTERDAY.

The statement is made that the long-delayed appointment of the Hon. W. A. Weir, Provincial Treasurer, to be a judge of the Superior Court will soon be definitely announced.

The Provincial Cabinet met in Quebec yesterday, when a successor to Mr. Weir was discussed.

The names of Mr. F. W. Hibbard, K. C. and Crown Prosecutor, who would seek election to the Legislature from Argenteuil, and that of Mr. P. S. G. Mackenzie, M.L.A. for Richmond, are most frequently mentioned.

Reid; Mr. and Mrs. Wm. Lavers, of Montreal, called by the serious illness of their son, Mr. William Lavers.

A social was held Thursday evening under the auspices of the R. T. of T. in the Town Hall.

KNOWLTON.

Arrivals and departures: Mr. Thomas Pearson, of Nahant, Mass., visiting relatives; Judge Lynch at Caledonia Springs; Capt. Bullock, of Magog, in town Thursday; Miss Lily Ladd, of New York, guest of Mrs. H. H. Rublee; Miss Daisie Hall returned to Montreal; Mr. Cross, of Saskatoon, with his brother, Dr. Cross.

The people's free entertainment will be held in the Pettes Memorial Hall on Tuesday evening. A miscellaneous programme will be presented, consisting of readings, recitations and music. These entertainments are for the benefit of the public, and it is hoped all will take advantage of them. The committee for this entertainment is composed of Mrs. F. P. Williams, Canon Carmichael, and Rev. A. Galley.

LIBBYTOWN.

Arrivals and departures: Mr. F. B. Morrill, Miss Davidson and Miss Amy Davidson and Mr. and Mrs. D. Davidson recent guests at Mr. L. Emery's, East Hatley; Mr. and Mrs. U. G. Libby, Sherbrooke, in town recently; the Rev. Mr. Plaskett from Ottawa, where he was visiting one of his brothers.

FIRST APOSTOLIC DELEGATE DEAD.

Cardinal Satolli Passed Away in Rome To-Day,

CALLED BACK TO ROME BY THE POPE IN 1896.

Rome, Jan. 8.—(Special)—Cardinal Satolli is dead.

CAME TO U. S. IN 1892.

Washington, Jan. 8.—(Special) — Cardinal Satolli was best known in the United States as the first apostolic delegate from the Vatican to this country, having come here on that mission in October, 1892. Two years after this appointment as delegate, Satolli was elevated to the College of Cardinals, and was invested with the brevetta by Cardinal Gibbons, in Baltimore Cathedral, with most imposing ceremony.

It was in 1896 that he was relieved of his duties here and called back to Rome by the Pope. He visited Canada on two occasions.

NEW SHERIFF OF MONTREAL.

Dr. Lemieux, M L A. for Gaspe, Appointed Yesterday.

IS A BROTHER OF THE POSTMASTER GENERAL OF CANADA.

Montreal, Jan. 8.—Dr. L. J. Lemieux, M.L.A. for Gaspe, was appointed sheriff of Montreal, to succeed the late Mr. Thibideau, at a meeting of the Provincial Cabinet, held at Quebec yesterday morning. Dr. Lemieux is a brother of Hon. Rodolphe Lemieux, postmaster-general, and of Mr. Auguste Lemieux, K. C., who was chosen last night by the Liberal convention as candidate for the Ottawa seat made vacant by the resignation of Sir Wilfrid Laurier, to sit for Quebec East.

STORM CLAIMED MANY VICTIMS.

Homesteaders Lost Their Way During Blizzard.

BODIES FOUND NOT VERY FAR FROM BEATEN TRACK.

Winnipeg, Jan. 8.—The storm that raged Friday, Saturday and Sunday last claimed many victims, especially in Southern and Central Saskatchewan. Many homesteaders lost their way, and their bodies were found this week, frozen, not far from the beaten trail.

Three little children living south of Yellowgrass, going from their father's place to the home of their grandparents, two miles distant, were caught in the blizzard, and when found by a search party the young boy was dead, with his two sisters huddled in the snow beside him. He had kept them warm until help came, but died himself.

CONGREGATIONALISTS AND CHURCH UNION.

WHEN VOTE COMES MANY WILL BE AGAINST UNION.

At a public meeting of the Congregational churches held in the Emmanuel Church, Montreal, this week, the question of union between the Congregational, Methodist and Presbyterian churches was discussed.

Rev. Frank J. Day, president of the Montreal Congregational Council presided.

The question was debated pro and con.

Rev. Hugh Pedley felt the Congregationalists were committed to a certain extent to a policy of union. If the union took place concessions must be given. It would be arrogance to expect all the rest of the world to become Congregationalists.

Rev. Frank Day said he believed in union, but at the present time would vote against it from a conscientious point of view.

EXTENDING ELECTRIC LINES.

The St. Francis Hydraulic Co. are extending their transmission lines from Thetford to the B. & A. mines at Robertson and to the Berlin mines at Broughton. The posts will have to be planted in the ground this month and the wires and machinery will have to be put in working order by March.

The B. & A. and the Berlin mines are endeavoring to have all their machinery in working order by May 1st.

Mr. L. A. Dufresne is in charge of the work.

AT THE SALVATION ARMY.

Staff Captain F. Bloss, the Chancellor of this Province, will visit this city to-morrow and Sunday. He will conduct special meetings on Saturday night and Sunday at the Army Hall, 132 Wellington Street.

A large attendance is requested at these meetings.

LIES IN PRECARIOUS CONDITION.

Windsor Mills, Jan. 8.—(Special.)—The Rev. C. Tanner, of St. Andrew's Presbyterian church lies in a very precarious condition, and very little hopes are given for his recovery.

GROWING LIST OF RECORD READERS.

Daily Circulation Has Now Passed 9000 Mark.

IF FIVE PERSONS PERUSE EVERY PAPER ISSUED, DAILY RECORD READERS NUMBER 45,000.

The Sherbrooke Daily Record enters the New Year with an increased number of readers. It is now necessary to turn out an average of over 9,000 copies of the Record daily in order to meet the demand. The growth in circulation has been steady during the past year, both in the city of Sherbrooke and the outlying districts.

The average daily circulation figures for the year 1909 are as follows:

January	8,278
February	8,453
March	8,585
April	8,650
May	8,708
June	8,831
July	8,890
August	9,012
September	9,110
October	8,941
November	8,961
December	9,009
Daily average for the year	8,786

Newspaper circulations as a rule are not made in a day. They are the result of years of development. It has been thus with the Daily Record. The Record was founded in 1897.

The average daily circulation figures, year by year, are as follows:

1898	2,379
1899	2,720
1900	3,033
1901	3,065
1902	3,140
1903	3,433
1904	4,917
1905	6,152
1906	7,326
1907	7,971
1908	8,223
1909	8,786

While the average for the whole year of 1909 has been 8,786, the steady growth throughout the year has been such that three of the months of the latter portion of the year show an average daily circulation exceeding 9,000 copies.

Publishers sometimes figure that, on an average, five persons read every paper circulated, especially a family newspaper like the Record, which goes into the homes of the people.

The publishers of the Record hope to deserve the continued good will of readers during the year 1910. Every effort will be made to issue a newspaper interesting and acceptable to the reading public of the Eastern Townships.

New readers are welcomed, and many such are being added to the Record's list each week. A new subscription which came to hand to-day was accompanied by the following letter.

"Please find enclosed postal note for $1.50 for one year's subscription to the Daily Record. Kindly send copy as soon as possible. I have long wished to have your paper, but taking so many others thought I would have to get along without the Record. Having seen that it is the most newsy paper in the Province, I will have to have it."

During the present year, besides providing the news of the day from every part of the Eastern Townships and elsewhere, the publishers of the Record hope to present many special features of particular interest to the people of the Eastern Townships.

DR. COOK DROPPED BY ARCTIC CLUB.

His Honors Have Nearly All Been Obliterated.

ONLY DEGREE LEFT IS THAT CONFERRED BY DANISH UNIVERSITY.

New York, Jan. 7.—The Arctic Club of America, founded by Dr. Frederick A. Cook and his strong supporter in the North Pole controversy, through its board of directors has dropped the name of the Brooklyn explorer from the rolls of the club. The action of the Arctic Club directors was unanimous.

The crossing of Dr. Cook's name from the membership of the Arctic Club of America, whose president, Rear-Admiral Schley, is Dr. Cook's staunch supporter, strips from the explorer's breast almost the last vestige of scientific honors—only the degree of doctor of philosophy, conferred by the University of Copenhagen, remaining.

ROSEBERRY WOULD VOTE AGAINST LIBERALS

SAYS HE IS OPPOSED TO SOCIALISM IN BUDGET.

London, Jan. 7.—(Special)—Having been asked how he would vote if he were an elector, Lord Rosebery in a published letter says that he would vote against the Government because he opposes the Socialism inherent in the budget and because he opposes anything in the nature of an independent Irish Parliament or that would likely lead to it.

MUNICIPAL ELECTIONS MONDAY.

Will Take Place in Townships and Village Municipalities.

PUBLIC MEETING IN NORTH WARD, SHERBROOKE, THIS EVENING.

On Monday "The Townships" will elect their rulers. Electors will assemble in the morning at the municipal council chambers or township halls and proceed to nominate citizens for vacancies caused by expiration of terms of councillors who have served their three years.

In the majority of townships the elections will be by acclamation. There will be some keen contests, however. These contests are frequently fought out with much spirit and on issues of importance, such as money tax vs. statute labor, license question, the question of opening new roads, etc.

At ten o'clock nominations will be called for. If not more than one nomination for each vacancy is forthcoming, the nominee in each case is declared elected by acclamation. Two nominations for one office mean a contest. This is sometimes settled by division of the house, the candidate with the smaller support retiring. Generally, however, a poll is demanded and voting is proceeded with. This is an open vote, each voter declaring to the poll clerk for whom he desires to vote, and his name is recorded. In case of a contest the voting will be proceeded with directly after nominations Monday. The poll may continue a second day and night, even be carried to a third day, though this is very unusual. If an hour passes without a vote being recorded the poll may be closed and the result declared.

Monday will be an interesting day in many township and village municipalities.

In these municipalities the mayors are elected by the council, generally at the February meeting.

SITUATION IN SHERBROOKE.

A public meeting will be held in the Art Hall, at 8 o'clock, this evening, to consider the question of North Ward representation in the City Council, Aldermen McCrea and Armitage having declined to stand for re-election. It is hoped there will be a large attendance.

In the South and Centre Wards the situations point to peaceful elections.

The mayoralty situation has not fully developed, but the name of Ex-Alderman Cate has been prominently mentioned in this connection, and an election by acclamation is regarded as probable.

MUNICIPAL COUNCIL OF DUDSWELL

FINANCIAL STATEMENT FOR THE YEAR SUBMITTED AND APPROVED.

South Dudswell, Jan. 8.—(Special)—At the regular session of the Municipal Council of Dudswell there were present the Mayor, J. B. Hooker, and Councillors Osgood, Andrews, Munkittrick, Leonard and Bishop.

The changes made in the valuation roll are as follows: 16 R 8, Geo. Van Dyke estate to the Dominion Lime Co.; 21a R 9, L. B. Westman to Phil Thivierge.

A number of bills were approved and ordered paid.

The auditors' report for the year ending December 31st, 1909, was submitted and approved of. The total receipts for the year amounted to $3,847.50, and the disbursements to $3,921.24. There is due the Secretary Treasurer $74.09. All other debts due by the municipality amount to $75.91, while the arrears of taxes is $367.87.

EXPLOSION OF A GAS OVEN

ONE MAN WAS KILLED AND TWO SERIOUSLY INJURED.

Jamestown, N.Y., Jan. 7.—By the explosion of a gas oven in the enameling department of the Dahlstrom Metal Door Company's plant in this city yesterday, a large section of the plant was wrecked.

Gus T. Johnson, a night foreman, was killed, and two employees were fatally injured.

LAWRENCEVILLE.

Miss A. M. Reynolds re-opened the village Protestant school here, Jan. 5th. She spent her holidays at her home at Granby.

Arrivals and departures: Mr. A. J. Brown from Pauline, Missisquoi County, Mrs. A. J. Brown going as far as Granby, visiting Mrs. J. Neil; Mr. A. Menard and family from the French country where they were visiting his parents; Mrs. A. E. Lagrange and two children, who were visiting Mrs. W. E. Solomon returned to Frelighsburg Saturday; Miss L. Norris, who spent her holidays with her parents, Mr. and Mrs. A.W. Norris, back to Granby.

The butter factory here has closed for the winter.

THE WEATHER

LOCAL FORECAST:

Southwesterly and westerly winds; fair and cold.

AN EASTERN TOWNSHIPS HISTORICAL STORY CONTEST.

Prizes to The Value of $100 Offered by Daily Record For Competition Among Eastern Townships Writers—Stories of The Past—Honor The Early Settlers—Competition in Two Sections, One Open to All. Other Open to Students—Announcement.

The Eastern Townships may be said to be a century old. One hundred years ago the woodsman's axe resounded through the vast forests of this territory and here and there were to be found the log cabins of the hardy pioneers. Settlement was under way. Men and women, as courageous, as persevering and as industrious as any the world has known, founded here their homes and prepared the way for the less strenuous and more comfortable existence of their descendants.

The Present in the Eastern Townships owes a debt to the Heroic Past. Let us, this year of 1910, pay a centennial tribute to the brave men and women of the last century by recording their deeds and recounting the interesting incidents connected with the settlement and development of the Eastern Townships of Quebec.

Two historical societies are actively engaged in collecting data concerning the early days in their respective counties. Every county in the Eastern Townships should have its historical society. Local historians have done valuable work in preserving records of the past. Many incidents of a century of half century ago have been handed down from family to family and have never been recorded. Very old residents, the few honored links between the present and the past, are still able to relate tales of surpassing interest of their childhood days, or which were told them by their parents. With each succeeding year the task of collecting Eastern Townships historical material becomes more and more difficult.

The Daily Record to-day announces an historical story contest and requests the co-operation of all who are interested in preserving, with as much detail as possible, the narrative of Eastern Townships settlement.

IN TWO SECTIONS.

This contest will be divided into two sections.

The first section is open to all excepting students. It is open to local historians, to men and women of every walk in life, to all interested in preserving the records of the past in the Eastern Townships.

The stories in this section are limited to about 2,000 words.

The Second Section is open to students attending Eastern Townships Schools. The stories in this section should not exceed 1500 words.

ATTRACTIVE PRIZE LIST.

In connection with this competition the Record offers prizes to the value of about one hundred dollars as follows:

SECTION 1.—OPEN TO ALL.

1st Prize—Works of Charles Dickens, 15 volumes, Oxford edition.

2nd Prize—Guizot's France, 8 volumes; or Washington Irving's works, 15 volumes.

3rd Prize—Gibbon's Rome, 5 volumes; or British Poets, 6 volumes.

4th Prize—Shakespeare's Complete Works, 40 volumes, a play to a book.

5th Prize—"Canada, the Empire of the North," by Agnes C. Laut.

6th Prize—Gilbert Parker's new book, "The Northern Lights."

7th Prize—"The Foreigner," a tale of Saskatchewan, Ralph Connor's latest book.

8th Price—Webster's New Illustrated Dictionary (abridged).

9th Prize—Webster's New Illustrated Dictionary (abridged).

10th Prize—Webster's New Illustrated Dictionary (abridged).

11th Prize—Canadian Magazine, one year.

12th Prize—Busy Man's Magazine, one year.

SECTION 2.—STUDENTS.

1st Prize—Francis Parkman, 12 volumes.

2nd Prize — Harmsworth's Encyclopedia, 10 volumes.

3rd Prize—Shakespeare's Complete Works, 40 volumes, a play to a book.

4th Prize—Macaulay's History of England, 5 volumes.

5th Prize—Webster's New Illustrated Dictionary (abridged).

6th Prize—Webster's New Illustrated Dictionary (abridged).

7th Prize—Webster's New Illustrated Dictionary (abridged).

8th Prize—"Across the Sub-Arctics of Canada," by J. W. Tyrrell.

9th Price—"Through the Mackenzie Basin," by Charles Mair and Roderick Macfarlane.

10th Prize—"A Woman's Way through Labrador," by Mrs. Leonidas Hubbard.

11th Prize—Canadian Magazine, one year.

12th Prize—Rod and Gun, one year.

NOW OPEN.

The contest is now open and competitors will be given three months in which to prepare their stories.

When these are called in at the end of this period they will, over nom-de-plume, go to a competent judge for decision.

The judge, who will be announced later, will be asked to base his decision upon two points, namely, interest from local historical viewpoint and literary merit.

THE PRIME CONDITION.

It is essential that the stories shall deal with events connected with the past in the Eastern Townships. They need not reach back to the days of earliest settlement, but must treat of incident or incidents relative to Eastern Townships' past.

They must relate to a generation prior to the present. Tales of the period from 1775 to 1875 will come within the scope of this contest.

In the Students' Section, as it is highly desirable that the stories or essays shall be well arranged, the competitors may seek the advice of their teachers and elders. The composition, of course, must be their own.

It is permissable to draw suggestions from local historical books. The composition and arrangement must be original. It is hoped the competition will bring forth local historical narratives which have not previously been published in any form.

SHOULD BEGIN AT ONCE.

Competitors in this contest should begin this work at once. Decide upon the framework of the story and then take plenty of time to work out the details and bring it to completion by the date the stories are called in. Fifteen hundred words or two thousand words will not make an exceedingly long story. A two-column article in the Record contains nearly two thousand words.

SOME SUGGESTIONS.

The stories will doubtless cover a great variety of local historical matter. Some will deal with incidents in connection with the very earliest settlement days, telling specifically of dangers and hardships faced by the pioneers. Others will relate to the early settlement of some particular place or community. Others will recount the achievements of individuals who have had to do with Eastern Townships settlement or development. Yet, others will relate incidents of the stirring days of 1812, or 1837 or may even come down to the more recent period of the Fenian Raids. Others will interestingly record tales of the past gleaned from the storehouse of grandfather's or grandmother's memory and such reminiscences will not be the least interesting of the material which will be utilized in this historical story contest. Countless, indeed, are the forms which these stories may take, and together as they will be later published in the columns of the Record, they should form a collection of local historical narratives of much interest and of much value.

The publishers of the Record will be pleased to answer any specific questions which intending competitors may wish to ask.

MUCH ROWDYISM AT MEETINGS.

One Man Killed and Ten Injured in Wild Rush for Door.

SOMEWHAT CHECKERED CAMPAIGN OF THE PEERS CLOSES TO-DAY.

London, Jan. 8.—The unusually strenuous and somewhat checkered campaign of the Peers ends to-day.

Lord Curzon protests that the argument that upon the issue of the election writs the peers' mouths must close is arbitrary and absurd. He declares it was designed to deal with the circumstances of a by-gone day, and is doomed to disappear.

There was much rowdyism in the metropolis last night. An unprecedentedly large crowd attended the meeting of the United Irish League in the East End, and as soon as the doors were opened an ugly rush was made, the railing in the front hall collapsed and a large number of persons fell into the area. One man was killed and ten injured.

MONTREAL'S TYPHOID PLAGUE.

WILL LIKELY RESULT IN CANCELLING OF WINTER CARNIVAL.

(Montreal Star.)

Is Montreal to hold a winter carnival with its ice palaces and other accessories, in view of the fact that many thousands of her citizens have been lying stricken by the typhoid plague?

This is a question that Montreal citizens are asking to-day. It is felt by many that it would be a most unseemly thing. In one quarter of the city is an emergency hospital, hastily founded to combat a plague of unusual proportions; in all parts are homes rendered desolate by the death or sickness of one or more members.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS.

BODIES ARE STILL UNBURIED.

Lake Megantic, Jan. 8.—(Special)—The bodies of the two men killed in Monday's accident at Echo Vale, are still unburied, waiting for information from their friends who have been communicated with.

PULPWOOD MOVING SLOWLY.

Lake Megantic, Jan. 8.—(Special)—Pulpwood is beginning to be brought into town slowly, but as the price is low, very little is being shipped away.

BOX MADE FROM FIRST TREE CUT IN STANSTEAD.

Coaticook, Jan. 8.—(Special)— Alderman Shurtleff had sent to him recently from a nephew in Lynn a pine box which, outside of the novelty in workmanship, is quite a curio on account of its age and the tree from which the pine was taken. Upon the back of the box, which apparently would do nicely for a jewel case, is this inscription. "This box is made from the root of a pine tree cut by Mr. Johnson Taplin, March 4th, 1875, being the first tree cut in Stanstead, Canada East, and from which long shingles were made to cover the log house and barn of Johnson Taplin on Stanstead Plain, Canada East, and the house and barn of Samuel Pomeroy at Derby Line, Vt., being the first buildings erected in these places in 1795."

CARRIED SMALL INSURANCE.

West Shefford, Jan. 8.—(Special.)—Mr. Arthur Bienvenue, whose house and contents were destroyed by fire as reported yesterday, only carried $600 insurance on the house and nothing on the contents.

ICE ON LAKE IS SAFE.

Lake Megantic, Jan. 8.—(Special)—Teams have been crossing Lake Megantic from Marsboro to Megantic, since Tuesday, Jan. 4th. Tuesday's and Wednesday's cold snap of 25 degrees below zero, thickened the ice considerably so that it is now perfectly safe anywhere.

BURST WATER PIPES CAUSE DAMAGE.

Magog, Jan 8.—(Special.)—When Mr. M. Bousada went to his store on Thursday morning he found the water pipes in the store room up stairs had frozen and the water had run through the ceiling and flooded the floors below. There was about four inches of water on the store floor and considerable damage was done.

INVESTIGATING MAIL TENDERS.

Lake Megantic, Jan. 8.—(Special)—The Post Office Inspector was in town Thursday and went out to Piopolis to investigate concerning the recent tenders for carrying the mails which the Department considers too

WINDSOR MILLS.

The annual Christmas tree in connection with the Sunday School of St. George's Church took place in the new church hall, which was used for the first time, on Thursday afternoon at 3 p.m. A special programme of carols and recitations had been prepared by Mrs. Max Smith, and the little ones did remarkably well under her instructions. Amongst those taking part were May Stubbs, Mary Windle, Flossie Randall, Mary Belford, Margery Belford, Florence Doughty, Grace Doughty, Irene Giroux, Clara Fairbrother, Irene Fairbrother, Eva Mitchell, Gertie Swallow, Charlie Doughty and others. The presents to the children from the tree were distributed by Mr. H. Doughty, superintendent of the Sunday School. Every child had a present—the babies, too, of which a large number were present—were not forgotten. Candies were distributed and refreshments served. Thanks were awarded to Mrs. Max Smith and all were loud in their praises of Mrs. Belford for the excellent way in which she had managed everything.

The Young People's Guild are to meet in the Church Hall Tuesday next at 8 p.m.

Mr. Dennis Keenan has returned to Montreal after spending the holidays at his home in Upper Melbourne.

Miss E. M. Keenan returned to Compton to resume her school duties after spending the holidays at home.

SCOTSTOWN.

Victoria Council, No. 21, R.T. of T., met on December 31st instead of Saturday night. The usual business meeting was held first, then progressive games were played until eleven p.m. Refreshments were served, and at ten minutes to twelve a watch night service was held, with Mr. S. Boy in charge. A few hymns were sung and a portion of Scripture read followed by devotional exercises. After greetings, the company dispersed. Forty-six members were present.

The regular monthly meeting of the W.C.T.U. was held at Mrs. John McDonald's on Thursday afternoon at three o'clock. Ten members were present and two visitors. One of the departments for the month of January is World's Missions, and a very interesting leaflet was read on that subject. After that the ladies worked on five comfort bags which are being made and filled for the lumbermen.

The special services are well attended and close attention has been given to the sermons on "Prayer" by Rev. Mr. Morrison. A Gaelic service was held on Friday afternoon and again on Sunday morning. The English service will be held in Strathcona Hall at eleven a.m.

LAKE OF THE WOODS MILLING COMPANY — KEEWATIN

Madam, Stop Buying Your Flour on a Guess

Which do YOU buy, Mistress Housewife?
Flour on a *GUESS?*
Or
Flour on a *GUARANTEE?*
When you hand over *the Hard-Earned*—suppose you *guessed wrong?*

If you *can* purchase flour that is guaranteed *positively*, surely you will not buy a "guess" brand which leaves you no recourse in the event of *dissatisfaction* or *loss of good material.*

As a thrifty kitchen manager, Madam, YOU will buy FIVE ROSES flour every time – the only "money-back" flour where you take no chance since *every sack is warranted.*

We know what FIVE ROSES will do for you, Madam. 'Twill save you *time, trouble, disappointment*—ay, and MONEY, too.

We know what it has done and is doing for thousands of happy housewives, not only in Canada, but in England, Scotland, even in South Africa.

A household help for 21 years.

* * * *

The label on every sack or barrel is your *absolute guarantee, as redeemable rs a signed statement*, that the flour is RIGHT, the packing *right*, the baking *right*, the results *right.*

When we say FIVE ROSES is right, we mean it is *all* right. Not one pound, or two pounds at the top of the sack, but the *whole* sack, the *entire* barrel from the first cupful to the very last grain at the *bottom.*

Even if it takes you *six months* to reach the bottom, the guaranty *still* holds—the strongest guaranty ever given by any miller anywhere.

FIVE ROSES, Madam, will "make good" every time. Try it for bread, cakes, biscuits, puddings, pies, puffs—anything you like.

Try it with that *difficult* little recipe which has floored every other flour you know.

Use it down to half the sack. Then if you don't want the flour after *that*, your grocer will take it back and refund the *full* price charging you nothing for the flour used.

Surely, that's fair enough, isn't it?

* * * *

Do you know, Madam, why the LAKE OF THE WOODS MILLING COMPANY, a responsible and honorable concern backed by 21 years of "square" dealing, *can* give this *binding pledge*, which no other miller in Canada cares to give?

Because FIVE ROSES doesn't need a guarantee.

Decide NOW, Madam, whether you will continue buying on a GUESS—
Or
Will get FIVE ROSES which *guarantees YOUR success every time.*

THE ONLOOKER.

British and American.

The immigration returns for the Dominion during the past year, 1909, show corresponding statistics of considerable interest. Since the Western Provinces were first opened for settlement, American farmers in large numbers have been coming across the boundary line into Canadian territory, there to settle down as good subjects of Edward the Seventh. It is estimated that each of these immigrating American farmers has possessed an average of about one thousand dollars' worth of goods, chattels and cash, and thus has come into this country with a nucleus of a fortune, besides invaluable farming experience. The year 1908 was considered a remarkable one in the records of this immigration from the south to the north of the boundary line. Nearly sixty thousand Americans came over in that year, and alarmists in both the United States and Canada termed such an influx of settlers the "American Invasion." Yellow journals in the "land of the free" prophesied that this infusion of American blood would leaven the whole lump of Canadian politics and would eventually transform this growing nation into a replica of the republic to the south.

The year 1909, however, saw a very considerable increase in this branch of immigration over the year preceding. It was startling to consider that in the twelve months of 1908 about sixty thousand Americans had come into the West. Yet last year about ninety thousand more ventured to follow their former fellow citizens into this land of Canaan, making over one hundred and fifty thousand new American settlers in the Canadian West within two years.

Undoubtedly the West will become noticeably American in many of its tendencies, tastes and political leanings, if immigration from the United States continues as steadily as the past two years record. It is probable that the American influence already predominates in many sections. More particularly as these American farmers bring with them money, experience, household goods, and a whiff of the ineradicable "Old Glory" independence.

There does not appear to be a sufficient British immigration to even counterbalance the American. Against the eighty thousand and more American immigrants for last year are ranged about fifty thousand British. The latter, moreover, are scattered. Many do not go West. Those who do so are often handicapped by lack of experience and capital. The ways of Canadians are strange to them and assimilation is slow. Whereas it is indisputable that the native republican citizen of the United States and the native Canadian assimilate readily.

The forces that tend to build up a nation are usually of a general and far-reaching kind that bring about results beyond the control of the temporary legislators of a country's government. The only matter that directly concerns the machinery of immigration is the mental and physical desirability of immigrants. The fusion of nationalities to eventually produce a Canadian nationality is a matter that time and fate must solve. If the Canadian type is to be strongly American, or British, or something different from either of these, it will, nevertheless, be the natural result of combining forces, controlled by circumstances too international to be subject to local restriction.

Hunting Fatalities.

An unfortunate feature of every hunting season, and perhaps more particularly of the season just closed, is the number of human fatalities caused by carelessness on the part of hunters. Twenty-three persons lost their lives during the last few months in four of the New England States, New Brunswick and Nova Scotia, from being mistaken for deer. About twoscore more were killed or injured through careless use of firearms. Our own section of country has known many cases reported of accidents of a like nature, of which no record has been kept.

There does not appear to be anything commendable in slaughter of this unnecessary kind. Possibly if there were a heavy penalty for ruthless shooting, careless hunters would exercise more caution on hunting expeditions.

The Travelling Library,

The proposal to establish travelling libraries and reading clubs, or circles, throughout the Townships will probably be received favorably in many communities. The towns and villages already possessing excellent libraries and reading clubs or literary societies will not feel the need of such an acquisition as a travelling library, but many communities would welcome the opportunity of expansion in knowledge and culture, with interest and appreciative effort. The travelling library has usually proved successful. An effort to popularize the movement in this Province ought to meet with encouraging results.

FARNHAM CENTRE.

The Christmas tree and entertainment held in the Presbyterian Church Friday evening, Dec. 24th, was a decided success. The church was crowded to the door. Much credit is due Miss Zina Jones, teacher of the village school, for training the children in their various parts. The programme consisted of a chorus by the school, followed by recitations, dialogues, vocal and instrumental selections. Miss Jones presided at the organ. Mr. R. Wilson Carr, who acted as chairman, tendered a patriotic song in his usual delightful manner. After the programme the presents were distributed from the tree. It was moved by the chairman and seconded by Mr. Dougall that a vote of thanks be tendered to Miss Jones. This was heartily responded to by all. A very pleasant evening was brought to a close by the singing of God Save the King.

Arrivals and departures: Mr. J. C. Burnet, of Montreal, with his parents, Mr. and Mrs. T. L. Burnet, over New Year's; Mr. Harold Dougall, of Boston, with his parents for a visit.

BETHEL.

Recent arrivals and departures are: Mr. T. Robinson, of Brigham, guest of his brother, Mr. Wm. Robinson; Mr. and Mrs. J. Newell and children of Melbourne, guests of Mesdames John and Ed Nixon recently; Mr. and Mrs. David Stevens and Master Goldwin Fletcher, of S. Dunham, guests of Mr. and Mrs. Wm. Robinson on Sunday; Mr. and Mrs. F. X. Laplante to St. Liboire to visit relatives; Mr. and Mrs. Wm. McGee and family home to Montreal; Messrs. J. Proulx, A. Witty and A. Farland to Bury after visiting their families here; Mr. and Mrs. J. Mallette and Miss M. E. Mallette to Montreal; Miss Susie Proulx to Scotstown to resume her duties as teacher; Mrs. George Bowring guest of her uncle, Mr. John Davidson, and niece, Mrs. H. Lafrance, and left for South Durham to visit her parents, Mr. and Mrs. W. F. Davidson, before returning home; Mr. Fred Ingram to Bury; Miss Bernice Robinson to South Durham, guest of Mrs. David Stevens.

The death of Mrs. George Nadeau occurred on Saturday night, January 1st, at the home of her son, Mr. Theodore Nadeau, at the age of 72, after an illness of only four days of inflammation of the lungs. She is survived by her aged husband and several sons.

A number of young people gathered at the home of Mr. D. D. Nixon and Miss B. Nixon on Saturday evening, where a very pleasant evening was spent.

A number of our young people attended the I.O.O.F. Ball in South Durham on Friday evening.

BROME.

The Lady Minstrels of Brome consisting of twenty, are preparing to give the public a mirthful entertainment about the latter part of January. A piano has been purchased by the Dramatic Club and Minstrel Troupe.

Mr. and Mrs. C. C Tracy recently entertained a merry company of their friends to both dinner and tea and a real old-fashioned dance was much enjoyed until the small hours.

Brome Creamery has closed for the season. Several of the neighbors are using the steam power at the factory to cut their wood with.

Among the recent arrivals in town were Mrs. Blanchard and Mrs. St. Johns, of Sutton, at Mr. and Mrs.F. Lafountaine's; Rev. E. M. Taylor in town on Thursday; Mr. Basil Beals made a trip to Richford on Thursday.

The mercury registered 25 degrees below zero on Tuesday night and 25 degrees above on Wednesday night.

BOSCOBEL.

A modern structure has been rebuilt to replace the up-to-date steam saw mill that was destroyed by fire last fall. The busy buzz of the saw adds much to the cheerruless of the upper section of our town.

Among relatives who attended the annual family gathering from here held at the home of Mr. Francis Beers, Melboro, were Mr. Robt. Beers, Mr. and Mrs. Geo. Blake and Mr. James Hambleton.

SUTTON.

Dyer's people are paying 40 cents for eggs. At this rate one hen earns a dollar in a month—if she lays.

"THE CALL OF THE WEST."

The new territory in Western Canada which the Grand Trunk Pacific is opening up is so attractive to farmers, prospectors and investors in the Western States that Minnesota and other States in the Union interested are organizing through their commercial bodies movements designed to counteract the heavy migration that has set in to the north. A meeting of the Minnesota commercial organizations has been called for November 23rd to devise a method whereby some obstructions can be placed in the way of this emigration. The "St. Paul Despatch," of November 10th says that—

"Considerable interest in the gathering has been manifested by cities in North Dakota, and several requests that they be permitted to be represented have been received. While it was at first proposed to have the conference discuss only the possibility of securing settlers for Minnesota, it is now possible that a united effort will be made to keep American farmers this side of the Canadian border. The Conference will prepare literature showing the actual land conditions in Minnesota and North Dakota. This literature will be scattered broadcast over the country and special efforts made to see that it reaches the persons who are at present interested in Canadian lands.

"It is said that thousands of farmers, who have sold their land in Eastern States, pass through Minnesota annually on their way to Canada. It is thought that if the advantages offered here could be shown to the immigrants a large portion of them would make this their home."

A NEW AUTOMOBILE PLANT FOR CANADA.

In the last few months a number of American automobile companies, seeing the great possibilities in Canada, have established Canadian plants. The latest arrival among the automobile manufacturers is the Regal Motor Car Company of Canada, which is building a large brick and stone factory on the seven acres of land which they have procured in Walkerville, Ont. The first building is ready for the roof, and the company expects to be in a position to make shipments in about five weeks.

Regal Motor Car Company of Canada will handle the British Colonial business. Mr. N. E. Richards, of Windsor, Ont., is general manager of the plant.

In the evening the subject will be, "What Sayest Thou of Thyself?" At the conclusion of the evening service Mr. Bartripp will play the following selections: "March of the Magi Kings," Dubois. (The sustained note on the organ represents the star which the Wise Men followed). Allegretto in B Minor, Wolstenholme; "Fixed in His Everlasting Seat," Handel. Sunday school at 2.30.

Mrs. A. N. Wilcox, 5 Elmwood avenue, entertained several little girls yesterday afternoon in honor of the tenth birthday of her little daughter Clara. The table decorations were pink and white carnations, the colors of pink and white being carried out in the cakes, candies, etc., the birthday cake occupying the principal place on the table. The afternoon was spent in playing games, the prizes for the bean bag contest, which was most spirited, being won by Ruby Edney and F. Marechalf The children present were Ruby and Ruth Edney, Nancy Roberts, Edith Bartripp, Rena Nutbrown, A. and F. Marechal, G. and P. Plant, Yvette and Kathleen Campbell.

THE LATE S. LEBOURVEAU.

The remains of the late Sylvester Lebourveau, formerly of Sherbrooke, arrived over the B. & M. this morning from Lawrence, Mass. They were accompanied by his son, Mr. Fred Lebourveau, and were met at the station by some of his old friends. They were taken to the undertaking rooms of W. R. Bradley & Son, and funeral services were held at three o'clock this afternoon, and the interment will take place later.

The late Mr. Lebourveau was well-known in Sherbrooke, where he resided for several years before moving to the United States. He was in his usual health up to the afternoon of Wednesday last, when he was seized with a paralytic stroke and died that night. He leaves a widow and family.

ARTIST IN ADVERTISING FIELD.

Mr. Paul Caron, the well-known artist, has joined the Desbarats Advertising Agency Limited, of Montreal and Toronto, as Director of the Art Department. Mr. Paul Caron's work as staff artist of La Presse, of Montreal, always attracted very favorable attention, and his pictures at the Annual Spring Exhibition of the Royal Canadian Academy have been among the most creditable of the many good pictures shown on these occasions. Mr. Paul Caron has shown special aptitude in his "child studies," and critics claim that in this particular sphere of art he has few equals in Canada.

The Old Wooden Warships.

A modern battleship is supposed to last twenty years. As a matter of fact, its real efficiency as a first-class fighting machine is less than half that period of time. Improvements are being made so rapidly and constantly that ships are superseded often after having served only one or two commissions. It was otherwise in Nelson's time. The Victory, for example, was launched in 1765 and was therefore forty years old at the battle of Trafalgar, when she flew the admiral's flag and was accounted quite the finest line of battle ship in the British navy. And her cost, including her armament, was only about $500,000.—London Standard.

He Popped.

A gentleman who had been in Chicago only three days, but who had been paying attention to a prominent Chicago belle, wanted to propose, but was afraid he would be thought too hasty. He delicately broached the subject as follows:

"If I were to speak to you of marriage, after having only made your acquaintance three days ago, what would you say of it?"

"Well, I should say never put off till to-morrow that which should have been done the day before yesterday."

Given Away.

A minister in Cornwall who was making a call upon a member of his flock who was a backslider asked:

"What's come over you that I don't see you at church at all now?"

"Heavens, man, you can't have seen me because I sit behind the pillar!"

"The pillar, John? Good gracious, the pillar! Why, it's two years since it was removed from the front of your seat!"

She Valued Her Head.

Henry VIII. after the death of Jane Seymour had some difficulty in getting another wife. His first offer was to the Dowager Duchess of Milan, but her answer is said to have been: "I have only one head. If I had two, one should certainly be at his service."

Worse Still.

"Don't you hate to find a worm when eating fruit?" "Well, not so much as finding half a worm!"

HARRY REID KNOWS.

F. T. Ansell, the Druggist, does not guarantee Parisian Sage to grow hair on every bald head, but if there is any life left in the roots of your hair, Parisian Sage will stimulate the hair bulbs and cause your hair to grow again. Here is one case: "I am now using the second bottle of your Parisian Sage, and can notice a new crop of hair appearing. I am glad to say it is a darker color than my hair was before I became bald." Harry Reid, 10 Manhattan St., Rochester, N.Y.
Don't wait till you're bald before using Parisian Sage, use it now. Kill the dandruff germ and prevent baldness. F. T. Ansell, the Druggist, sells Parisian Sage at 50 cents a large bottle, and he guarantees it to cure dandruff, stop falling hair, and cure all diseases of the scalp, or money back. Parisian Sage is a delightfully invigorating hair dressing; it makes the hair soft, fluffy and beautiful.

COUNTRY PRODUCE

EGG MARKET FIRM.

Montreal, Jan. 7.—There is no change in the condition of the market for eggs, prices being firmly maintained under a continued good demand and small supplies coming forward. Sales of strictly new laid were made at 40c. to 42c.; selected No. 1 stock at 29c. to 30c., and No. 1 candled at 26c. to 27c. per dozen.

HONEY MARKET STEADY.

Montreal, Jan. 7.—The market for honey is steady with a moderate amount of business passing. We quote —Clover white honey, 14c. to 15c.; dark grades, 11½c. to 12½c.; white extracted, 10½c. to 11c.; buckwheat, 7c. to 7½c.

DEMAND FAIR FOR POULTRY.

Montreal, Jan. 7.—Supplies of dressed poultry coming forward are small, for which the demand is fair at steady prices. We quote: Choice turkeys, 21c. to 22c.; good turkeys, 19c. to 20c.; poor turkeys, 17c. to 18c.; geese, per lb., 13½c. to 14½c.; chickens, per lb., 13c. to 17c.; fowl per lb., 12c. to 14c.; ducks, per lb., 17c. to 18c.

EGG MARKET IS FIRM.

Montreal, Jan. 8.—The egg market shows no further change, but is firm at last week's advance owing to the continued demand from outside points. The demand is coming in from both the east and west. The receipts of eggs from the country continue very light only numbering 425 cases for the week. Selects are selling at 28½c. to 29c. in round lots, and 30c. in a jobbing way and No. 1 stock at 25c. to 26c.. The supply of new laid eggs is not sufficient to meet the demand; what receipts that are coming to hand readily realize 40c. to 42c. per dozen.

American egg shippers are offering Montreal house new laid eggs at 34c. Chicago equal to about 39c. here. Choice May storage eggs are quoted at 24c.. Chicago equal to about 30c. here.

POTATO MARKET DULL.

Montreal, Jan. 8.—The potato market is dull but prices have been a little easier especially for Green Mountains which sold this week at 62½c. to 65c. ex-track. Quebec potatoes are selling at 50c. to 55c. ex track.

DEMAND FOR HONEY GOOD.

Montreal, Jan. 8.—The demand for honey has been good this week, but the supply of strained clover honey is very light, and prices are exceedingly firm. White comb honey is firm at 14c. to 15c. There is a good deal of buckwheat honey coming in, which is meeting with ready sale at 7c. to 7½c. White clover honey is scarce and prices are firm at 10½c. to 11c.

POULTRY SCARCE.

Shippers in the country say the market has been pretty thoroughly cleaned up in order to realize the high prices that are being paid. A few lots have come in and prices in all varieties have been fully maintained. Turkeys are selling at 20c. to 21c. Geese are scarce at 13c. to 14c.; chickens, 15c. to 16c.; ducks, 18c., and fowl, 11c. to 12c.

DAIRY PRODUCE.

BUTTER MARKET ON QUIET SIDE.

Montreal, Jan. 8.—On the whole, the past week's business has been on the quiet side, especially as regards the local trade. A fair business however, is reported in shipments to outside points, although not as large as during the previous week or ten days. The sale of 100 boxes of fresh receipts of creamery was reported this week at 24½c.; but the buyer stated it was a bargain, and that he could not repeat the purchase under 24½c.; and we quote 24½c. to 25c. as a fair range for fresh receipts. Choice grass goods are firmly held at 25½c. to 26c. as to quality. In dairy butter there is no demand outside of confectionery requirements.

MORE ENQUIRY FOR CHEESE.

Montreal, Jan. 8.—There has been more enquiry for cheese by cable this week than for the past three or four weeks. The demand however, has been chiefly for Eastern white which have sold at 11½c. to 11½c. One order for that class of goods was received, but the holder could not furnish all white; and offered half white and half colored, and it was snapped up by return at the figure first cabled.

THE GRAIN TRADE.

TRADE WAS ACTIVE DURING WEEK.

Montreal, Jan. 8.

CORN—The market is quiet, No. 2 yellow being quoted at 76c. in store to arrive, and 73c. No. 3 yellow in store.

OATS—The market is firm and prices are higher. No. 2 C.W. being quoted at 43½c. on track here some holders asking more money. We quote No. 2 C.W. at 44c. in store; No. 3 42½c. to 43c. Local oats 41c. for No. 2, and 39½c. No. 3.

PEAS—The market is steady, No. 2 being quoted at 91c. to 92c. in store, and boilers $1.10 to $1.15. A lot of 1,000 bushels reported sold at $1.12½.

BARLEY—The market is quiet and prices are about 52c. for feed and 68c. to 69c. for malting.

RYE—The market is nominal here. No. 2 Canadian rye is quoted at 68c to 70c. f.o.b. and easier.

MALT—The market remains steady at 85c. to 87c. in store here.

SEEDS—The following quotations are f.o.b. in the West: Alsike, fancy grades, $6.25 to $6.50 per bushel; No. 2, $5.75 to $6; No. 3, $5.50 to $5.75; red clover, No. 1, $8 to $8.50; No. 2, $7.50 to $7.75; No. 3 $7.15 to $7.40.

HAY MAKET.

NO CHANGE IN HAY MARKET.

Montreal, Jan. 8.—There has been practically no change to note in the hay market this week. Prices being fully maintained but the local trade has been very quiet. There is a demand in the country from the North-West and also from the coast, as well as from the United States which keeps the hay moving very freely. There is also a good enquiry for Canadian hay from most all of the English markets; but heavy supplies are now in route to the English markets which will have a tendency to lower prices. No. 1 hay on spot commanding $13 to $13.50 per ton and second grades $11.50 to $12 per ton.

STRAW MARKET DULL.

Montreal, Jan. 8.—The market for baled straw is dull and quiet. Receipts are ample. Quotations are purely nominal at $5.50 to $6.50 per ton on track, Montreal.

COATICOOK MARKET.

Coaticook, Jan. 8.—(Special)—The Coaticook market prices this week are: Hind quarters beef, 7 to 8c; beef by lb., 10 to 12½c; pork by lb., 15c to 16c; fore quarter veal, 7c; fore quarter lamb, 10c; chickens, 15c to 17c; bacon, 18c; lard, 19c; turkeys, 25c; dairy butter, 27c; cheese, 16c; oats, 45c; corn meal, $1.40; shorts, $1.30; bran, $1.20; maple sugar, 7c; granulated sugar, $4.75; honey, strained, 30c; flour, bbl., $6.50; fore quarters beef, pork by carcase, 10½c to 11c; hind quarter veal 12½c; hind quarter lamb, 16c; leg lamb, 16c; fowls 12½c to 14c; geese, 15c; ham, 20c; potatoes, 40c; creamery butter, 27c; eggs, 35c; corn, 75c; cracked corn, $1.45; middlings $1.45; feed wheat, $2; maple syrup, 75c; honey, sections, 15c; flour, bag, $3.15.

IT PAYS TO RAISE PIGS.

Coaticook, Jan. 8.—(Special)—Every little while someone comes forward in the press with a big story about some animal which he has grown. Mr. F. J. Blandin, of Barford, thinks he can beat the ordinary stories told, either as regards calves or pigs. His calf story is that a few days ago he killed a calf between eight and nine months old which dressed in meat, hide and tallow 538 pounds. His pig story is that from a litter of eleven pigs he fatted nine and killed them when nine and a half months old. The heaviest weighed 385 pounds. The nine weighed 3,073 pounds, and they brought him in hard case $341.28. Mr. Blandin is of the opinion that, even at the high price of feed which prevails at the present time, it pays to raise pigs.

What She Imagined.

"Don't imagine," he said after she had refused him, "that I am going away to blow my brains out or drink myself to death."

"No," she replied. "I have no idea that you will do anything of that kind. You are going away to do some wonderful thing which will bring you wealth and fame and make me regret all the rest of my life that I didn't believe you when you intimated that you were one of the greatest little men that had ever come over the asphalt."—Chicago Record-Herald.

CANADA CEMENT COMPANY LIMITED

6 p c 1st MORTGAGE 20-Year SINKING FUND BONDS.

A Resume of the Facts and Figures Which Prove the Safety of the Above Bonds as a Safe and Profitable Investment.

The announcement that an income of 6% can be secured by prompt investment in the First Mortgage Bonds of the Canada Cement Company has evidently made a deep impression on the public.

High grade, amply secured bonds are rarely available at a price which will yield 6%. and our present offer of Canada Cement 6% Bonds at par is therefore an exceptional opportunity for profitable investment in amounts from $100 up,

We have made close investigation of these bonds, thoroughly convincing ourselves that they were all we could wish them to be before putting our own capital into them. A brief resume of the various features which makes these Bonds unusually desirable follows:

The Security and Earning Power of Canada Cement 6 p. c. Bonds

The Strength of the Canada Cement Company.

One of the very greatest of Canadian industries is the manufacture of Portland Cement.

By the amalgamation of the eleven chief producers of Portland Cement in Canada, the Canada Cement Company, Limited, controls the largest part of the cement industry in Canada, being able to contend with all competitors.

The mills now owned or controlled by the new company are among the best constructed, most thoroughly equipped on the whole American Continent. Their approximate capacity is 4,500,000 barrels of Cement annually, far greater than the capacity of all other mills combined.

Further, the Canada Cement Company's Mills are strategically located from the St. Lawrence River to the Rocky Mountains, making it possible to reach every corner of the market quickly and economically.

A group of the best known and most conservative Canadian Capitalists are back of this enterprise.

The Advantages Accruing From this Amalgamation

By its purchase and control of the principal Cement Companies the Canada Cement Company finds itself in a decidedly advantageous position, having ample capacity to take care of the increasing demand for cement in Canada.

1. It will be able to maintain regular prices at a point which will be beneficial to the consumer.

2. It will be able to reduce operating expenses, and thus to produce cement at a lower cost than ever before.

3. It will be able to reduce selling expenses to a minimum by eliminating competitive salesmen, middlemen and brokers.

4. It will be able, owing to the location of its mills, to keep shipping expenses at the lowest notch.

All of which is positive assurance that the Canada Cement Company, Limited, is bound to be one of the strongest of industrial organizations.

Immensity of the Demand for Cement

The purposes for which Portland Cement is used are so numerous that only a mere outline can be given here.

At one time, not so long ago, its chief use was for sidewalks and cellar floors. Today, in practically all construction and building operations, Portland Cement is an important factor. Tremendous quantities are required for Railways, Canals, Bridges, Harbor Improvements, Piers, Wharves,, Docks, Piles, Pavements, Building Foundations, and Buildings.

Every year the demand for Portland Cement increases. In four years the Canadian consumption has doubled.

Portland Cement is a necessity in the hydro-electrical developments now being carried on. That means a still greater market. Portland Cement in the form of reinforced concrete is rapidly taking the place of other building material. And buildings are going up in enormous numbers.

Portland Cement is as important to the world's progress as steel. Its future is unlimited.

About the Earnings of the Amalgamated Companies

For the year 1908 the net earnings of seven of the eleven companies forming the Canada Cement Company, Limited, amounted to more than twice the Bond Interest.

The other mills, which did not commence operations until late in 1908, have a greater combined capacity than that of the seven mills mentioned.

With all eleven mills in operation, and considering the natural increase in the demand for Cement, it is estimated that the total net earnings of the Company will be about three times those of the seven mills in 1908. From investigation we believe that $1,400,000 is a very conservative estimate of the net earnings for 1910.

The net earnings of the seven mills in 1908 were more than twice the interest on the present bond issue. The estimate for 1910 is nearly five times the interest on the bonds.

The Bonds and what is Back of them

The 6 per cent. First Mortgage bonds of the Canada Cement Company, Limited, constitute a first lien on all the properties now or hereafter owned by the Company.

The properties now consist of the mills owned by the Company, including all buildings and equipment, together with all other assets of the Company.

The value of these properties is indicated by the fact that they represent an investment of about $15,000,000, or three times the amount of the bonds.

The bonds are not only founded on a stable industry, but are also surrounded by every element which tends to insure absolute safety. They are secured by a Trust Deed in favor of the Royal Trust Company as trustee.

A careful consideration of the facts here set forth shows that the 6% First Mortgage Bonds of the Canada Cement Company, Limited, offer an excellent investment opportunity. Their remarkable strength and the high rate of interest they yield make them ideal from the investor's view point. Being issued in denominations of $100. $500. and $1,000. they meet the financial requirements of any investor, large or small.

We own and offer for sale Canada Cement Company Bonds at 100 and interest, to net you 6 p. c.

Given Up To Die

No. 100 George St., Sorel, Quebec.
"I suffered from womb disease for seven years, with dreadful pains over the front of the body, over the back and down the legs. I had indigestion and chronic constipation and the constipation was so bad that I went sometimes for ten to fifteen days without any action of the bowels. I was ill in bed for one whole year. At one time I was so low that everyone thought I was going to die, and the last Rites of the Church were administered to me. I was treated by six different doctors without any benefit.

MADAME JOSEPH LIRETTE

Then I got a sample of "Fruit-a-tives," but I had no faith in them at all, and I would not have taken them only my husband begged so hard for me to try them. As soon as I began to take "Fruit-a-tives" I grew better, the bloating was relieved, the sleeplessness was cured, my stomach acted, and the bowels were moved, but above all the fearful womb pains were made easier.

I have taken eighteen boxes in all and I am now perfectly well again."

BEEBE HAS MODERN SCOOOL BUILDING

It Is Two Stories High and Presents Imposirg Appearance

MANY BOOKS AND SPECIAL PRIZES AWARDED THE PUPILS.

Beebe, Jan. 7.—(Special)—The winter term of the Beebe Model School has commenced. The principal, Miss H. M. Patch, spent her holidays at her home in Brome, while Miss Gustin was at her home in Marlington. Their return to resume their duties reminds us of the excellent promise for a successful year that the work up to the present gives, as that work was in evidence at the closing of the school for the Christmas vacation. We have received the prize list of the school and the results of the Christmas examinations, and are in this way able to report the interesting function.

It is already current knowledge that Beebe has been occupied during the past summer with the erecting of one of the most complete and modern school buildings in the province. This building, two stories high and 62 ft. long by 42 ft. in width, makes an imposing addition to the already excellent public buildings of the village. The structure is cased in red brick on a splendid granite foundation, and is splendidly lighted. The fittings from basement throughout are of the most modern type. Corridors, lavatories and cloak rooms are spacious and convenient, and when the general public assembled for the closing of the school before Christmas the function was to them the public opening of their new building.

The rooms are equipped with electric light, and the two rooms on the second floor are so arranged that they can be thrown into one, and so afford an excellent auditorium large enough to seat upwards of 200 people. Many were the expressions of delight with the building and its equipments, that one heard from the large company that filled the assembly room, and if the audience had reason for pardonable pride in this respect, they were also with equal reason proud of the work done by their children in the excellent programme with which they were entertained. Mr. George H. House, chairman of the School Commissioners, presided, and the long programme was carried through without a hitch. Patriotic songs were in evidence, and the national spirit was seen to be the dominating feature of the exercises. The Star Drill by the girls, led by Helen Elder as Peace Angel, was such a success that it was repeated. Among the younger children who covered themselves with glory were Claire House and Arnold Elder in duet and recitation. Addresses were made by Revs. W. T. Smith and A. H. Moore, both of whom congratulated the School Board and Village on the progressive step they have taken in school matters. Great credit is due to Miss Patch and Miss Gustin for the splendid precision with which the work was done, and when we remember that between them these two excellent teachers are training over eighty pupils in this school, some idea of the magnitude of the work they are doing is soon grasped. Beebe is certainly setting the pace for other Eastern Townships villages in their active interest in their school. They have invested $8,000 in a modern school building, and, as the following prize list shows, they intend offering to their children every inducement to make the most of their facilities. In the front elevation of the building is a large strip of granite on which is inscribed in bold letters the words, "Beebe Academy." This name evidences the faith the citizens have in their progressive village, and is a prophecy of the status their school is likely to have in the near future.

SPECIAL PRIZES.

The following special prizes were awarded: A $5 gold piece was presented to Lorenz Salls for being in the list of ten pupils of highest rank in the Quebec examinations in Model II., and a $5 gold piece was also presented to Alice Smith for being in the list of ten pupils of highest rank in Model I. These two prizes were given by the Commissioners. Alvern Davis received $3 for making the most improvement from last Easter until June. This prize was given by Mr. H. B. Stewart. Last Easter Mr. S. B. Norton offered three prizes, $3, 2, and $1 for the best compositions on the Union Jack. These compositions were judged by the Rev. A. H. Moore. The first prize was won by Robert McIntosh, the second by Lorenz Salls, and the third by Gertrude Norton.

In addition to the above, about 60 books were given as prizes to the pupils of the Elementary, Model and Academy grades. Over 20 of these prizes were won last June by the Academy and Model grades, but as the Academy was so late in opening this year, they were not presented until the Christmas closing. Nearly all of these books were given by the Commissioners.

STANDING OF PUPILS.

The following is the standing of the pupils in order of merit:

Model I.—Agnes Dalziel, Lawrence Candlish, Merilla Bullock, Beatrice Parker, Eunice Pratt, Harold Dustin, Bernice Goddard, Dorothea Clark, Robert Haselton, James Stratton, Parker Sloan, Hazel Johnston.

Model II.—Alice Smith, Mary Jeane Elder, Marion Haselton, Helen McKenzie, Bertha Suitor, Pearl Dustin, Alvern Davis, Gordon Howard, Clarence Tyler, James McIntosh.

Model III.—Lorenz Salls, Robert McIntosh, James Howard.

Academy I.—Marion Suitor, Helen Beebe, Theodore Smith, Gertrude Norton, Clara Haselton, Margaret Robertson, Charles Dalziel.

THE COURT OF KING'S BENCH.

Hearing of Criminal Cases Will Begin on Tuesday.

THERE ARE TWENTY-TWO CASES ON THE ROLL, BUT ALL MAY NOT BE HEARD.

The Court of King's Bench (Criminal Side) will open here on Tuesday morning, when Mr. Justice Hutchinson will preside. There are twenty-two cases on the roll, but it is not expected that all the cases will go to trial, as quite a number are out on bail, and, being out of the country, will not return for trial. The most important cases are those from Stanstead and Danville respectively.

The list of the cases on the roll is given below, with the offence, the name of the complainant, the maximum sentence, and the number of challenges. In connection with the latter it may be necessary to explain that an accused person is allowed so many peremptory challenges, according to the maximum sentence that could be imposed. That is to say, a man charged with an offence where life sentence is the maximum has twenty, and so down to four.

LIST OF CASES.

The King vs. Ernest Bilodeau.—Offence: Shop breaking and theft. Complainant, W. Murray. Punishment, 14 years. Challenges, 12.

The King vs. Jos. Martineau.—Offence: Rape. Complainant, Ferdinand Dubois. Punishment, life. Challenges, 20.

The King vs. Philip L'Heureux.—Offence: Highway robbery. Complainant, Vitali Davide. Punishment, 14 years. Challenges, 12.

The King vs. William Hall.—Offence: Obtaining by false pretences. Complainant, Dame F. X. Vallee. Punishment, 3 years. Challenges, 4.

STANSTEAD COLLEGE NOTES.

There was almost a unanimous response to the principal's request that teachers and students be back for the opening on Tuesday, January 4th, with the result that the work in the four departments is again in full swing.

By some oversight our reporter overlooked the many presentations made at school closing. Chief among them was a beautiful secrional bookcase with an engrossed address presented to the principal and lady principal by the other members of the staff.

Miss Eva Jamieson is assisting in the Model School this week, owing to the absence of Mrs. Holding, whose sister died last week.

Several new students have entered for the new year. A number of them intend to take the business course.

"Looking Before You Leap"

Before you select any Commercial School you owe it to yourself and your future to investigate the equipment of the school, not only as regards the instructors but in the matter of office appliances. No matter how efficient the instructors, they lose much of their value if the equipment is not up-to-date and efficient.

This school is proud of its teachers, and is justly proud, too, of its equipment. A special effort has been made to provide the best office appliances possible to obtain. THE GUARD WAS ANGRY.

But the Pretty Girl Didn't Need His Protection.

Passengers on a subway car bound from Brooklyn to New York on Sunday afternoon had an experience that first caused frowns and then a laugh.

The car was crowded, but all the women had seats. On the platform was a middle aged man, apparently respectable. On a side seat was a girl in old rose, with cheeks to match.

The man on the platform caught her eye for a moment and threw a frantic kiss. The girl first smiled, then blushed furiously.

He threw another, and she turned away a crimsoned face.

"That will about do for you," said the big, rawboned guard. "Go home to your wife."

This didn't seem to worry the apparently respectable man, and, catching a glint from the girl's eyes, he threw another kiss. She turned her face to study carefully a pretty hat across the car.

At the Manhattan end of the bridge the girl rose to leave the car. The man who was trying to flirt with her also faced the sliding door. By that time all eyes were on the pair, the guard was mad all through, and a couple of passengers edged dangerously close.

The girl in old rose took the arm of the apparently respectable man and said in a silvery voice that all could hear:

"Oh, papa, how could you?"

Then everybody laughed at a joking father and a lovely daughter.—New York Press.

His Early Home Coming.

"Does your husband carry a latchkey, Mrs. Homebody?"

"No, I never knew him to."

"Oh, then he comes in early! That must be due to your training?"

SCHOOL TEACHER HAS NARROW ESCAPE.

Sutton, Jan. 8. — (Special)—Miss E. Brock, who teaches school in what is known as the Brock district near the extreme east side of this town, met with a narrow escape from serious injury. She was driving from her school to her father's home which is situated on the Potton line near Dunkin, when on entering the yard her horse was frightened by a dog, and horse, sleigh and occupant all went over a high embankment breaking the sleigh and doing some other damage, but luckily Miss Brock escaped with but slight injuries and a good fright.

LODGE HAD SUCCESSFUL YEAR.

Windsor Mills, Jan. 8.—(Special.)—The regular meeting of Jubilee Lodge, No. 31, I.O.O.F., has been postponed from Tuesday next to Wednesday in order to receive the official visit of the Grand Master Mr. W. S. McCorkill, who will be accompanied by the D.D.G.M., Fred. Verril, of Melbourne. In addition to the regular work of the lodge the installation of officers for the next term will take place and at its conclusion refreshments will be served. It is hoped that every member of the lodge will make an effort to be present. Jubilee Lodge has had a most successful year, eleven new members have been initiated, whilst the funds of the lodge after paying all expenses have increased by more than $200.

FUNERAL OF THE LATE DR. LANDRY.

Coaticook, Jan. 8.—(Special)—The funeral of the late Dr. J. E. Landry took place at the Roman Catholic Church in Coaticook yesterday. Nearly the full choir under the direction of Mr. Leon Trudeau was present, and their work in the service was even better than usual. The officiating priest was Rev. Father Seguin, assisted by Rev. Professor Vincent, of the Sherbrooke Seminary, and Father Noel, curate at Coaticook. Rev. Father Goyette, of Stanhope, the former priest of the deceased, attended the funeral and occupied a place within the sanctuary. Alderman H. C. Fontaine acted as manager, while the following gentlemen were bearers: Messrs. G. H. St. Pierre, K.C.; Dr. Verroneau, Dr. Birs, Messrs. J. Jasmin, O. Blain, C. Lemoine. Among those from a distance who attended the funeral were Mr. P. A. Bissonette, M.L.A., Stanstead, and Dr. L. C. Bachand, of Sherbrooke.

Letters to the Editor

THE MUNICIPAL SITUATION.

Editor of Record :

Sir,—I am glad to learn through your paper that a breeze is likely to rise re municipal elections in this city. It is high time the people woke up and took some practical interest in the affairs of our municipality. In my opinion every Ward ought to be contested. What is most urgently wanted is some new blood in the Council. It is positively sickening to read the reports of the slipshod manner in which the business of the city is being done at present.

My advise to the laboring class is that they wake up, organize, put a labor candidate forward in each Ward, and see to it that their interests are represented in the Council.

There is no time to be lost. Steps ought at once to be taken if anything is to be done, and surely it is time there was something done.

Yours truly,

LABOR.

Sherbrooke, Jan. 4th, 1910.

"AS I SEE IT."

Editor of Record :

Sir,—Referring to recent communications in the Record, re Beebe Plain Council—"As I see it," the schoolhouse question has absolutely nothing to do with the Council ; the School Commissioners alone deserve the credit or censure in that matter.

"As I see it," the Board of Council was not created that honors might be given its members and "passed around," but that men should be chosen best able to serve the municipality as public servants. The honor comes, not from being a Councillor, but from performing the duties of the office faithfully and well.

"As I see it," the best men should be elected, no matter whether they have held the office a long or short time, or never.

"As I see it," a Councillor's duty is to attend every meeting of the board, as important matters may be decided at any meeting and a Councillor's duty is neglected every time he is absent—although an unavoidable absence may be excusable.

"As I see it," our municipal affairs (as well as business generally in the municipality) are in "good shape." Our water system is one of the best and very profitable. ("Pass the bouquet") but don't forget the credit due those who organized and establish?d it, as well as those who have enlarged and improved it.

On the 10th inst., two members of the Council go out and are then private citizens again, and they or any other citizens (qualified) may be elected to fill the vacancies. Choose the best men, not new men simply to pass the honors to them. Not the old Councillors merely to avoid a "green Council," as the code provides against that danger—only two going out while five remain in.

"As I see it," it is a poor argument to say, "he has held the office long enough," for if the best man he cannot hold it too long.

"If I don't see right, somebody say so."

Yours,

DUNHAM MUNICIPAL ELECTION.

Sir,—I have learned that the Council for the Township of Dunham decided last Monday to impose money tax for roads instead of statute labor, contrary, I think, to the wishes of the ratepayers of this township as expressed in the voting taken only about sixteen months ago.

This flagrant opposition to the will of the people should be punished at the polls on Monday and Tuesday, the 10th and 11th of this month, when Councillor Longeway and Councillor Buck come up for re-election.

These Councillors, I believe, are opposed to the will of the people.

Now, the ratepayers have an opportunity to chastise them.

Things Needful to Cure Rheumatism

To cure rheumatism two things are necessary, 1st, the uric acid crystals which have been deposited around your joints and muscles grate upon them, and cause the pain of rheumatism, must be dissolved. They can't be got out of your system until they are.

2nd, After they have been dissolved and the poison thrown back into the blood it must be removed from the system.

Kimo Tablets

rarely fail because they supply the blood with the necessary substances to dissolve and remove this poison of rheumatism-uric acid.

The uric acid solvent, the ingredient which dissolves the crystals, although prescribed by distinguished uric acid specialists, is not found in any of the remedies on the market except Kimo Tablets.

After this solvent has done its work the other ingredients working on the bowels, liver and kidneys drive the poisonous acid out of the system, and the rheumatism is cured.

The Japanese uric acid solvent, assisted by the other ingredients makes the cure practically certain.

A Cockney.

Minsheu, a dictionary maker of London, in 1617 issued a work which gave the following amusing account of the origin of the word "cockney:" "A cockney, or cockny, applied only to one born within the sound of the Bow bells—that is, within the city of London—whiche terme came first out of the following tale:

"A citizen's sonne, riding with his father out of London into the country and being a novice and merely ignorant of how corne and catel do increase, asked when he heard a horse neigh what the horse dide. His father answered, 'The horse dothe neigh.' Riding further, he heard a cock crow and said, 'Dothe the cock neigh too? And therefore cockney, or cockneigh, by inversion thus: incoctus—i. e., raw or unripe in countrey-mens affaires."

Italian Brigandage in 1848.

One summer evening in the crowded theater an impatient house demanded the drawing of the curtain preliminary to the first act. When at last it was upraised Il Passatore and his armed band occupied the stage, with muskets aimed at the affrighted audience. The chief stated that he should levy a tax per head, which he then and there collected. The gang made off with their booty unmolested.—Lady Presturch's "Essays."

The Carbo-Magnetic is tempered by means of a secret electric process at an even temperature of 2,500 degrees.

At the same instant the steel is carbonized in a way similar to that by which diamonds have been produced.

The result is the hardest cutting edge known to science—a blade of Carbo-steel guaranteed for 10 years steady use—no honing—no grinding.

THE MAIL ORDER HOUSE, MONTREAL

INSURANCE RATES TOO HIGH IN COWANSVILLE.

Should be Put On Different Rating Owing to Fire Equipment.

SUPPLY OF WATER IS ALWAYS GOOD AND EVERY CITIZEN A FIREMAN.

Cowansville, Jan. 8.—(Special)—A feature of fire protection, which your correspondent has frequently discussed, again comes to the surface in connection with the recent fire at McClatchies' Block. The insurance companies charge too high a rate in Cowansville. Insurance risks are graded alphabetically by the Underwriters' Association. A town which gets the lowest rates on account of the Underwriters having the opinion that that town is best provided with fire protection is rated "A." The next best class is rated "B," and so on down the line. Cowansville is "F" in rating, right on a par with towns which have no water system at all. To demonstrate that we have good fire protection, it may only be said that water was steadily thrown from four and six hydrants to a greater height than the three-storey building formerly occupied by McClatchie Bros., from 3 p.m. till 10 p.m., without diminishing the pressure. Cowansville has that fire protection the year round. When the supply of water from springs which furnish the reservoir gets low in summer, the reservoir is kept constantly filled by pumping from the river which never goes dry.

Why should Cowansville remain in class "F"? It belongs in class "A" or "B." During the last seven or eight years there have been very few fires here. Mr. Hart's house caught fire at 3.30 a.m. one morning, but the structure was largely saved by the good prompt action of the fire department who then had plenty of water. Miner's livery stable burned in June, 1904, and the fire protection here was good enough to save the Ottawa Hotel sample rooms, which were only eighteen inches from the livery stable. The Schoolcraft barn now owned by Mr. Halladay, caught fire one cold winter's day a few year's ago and that fire was extinguished without $50 worth of harm being done. Miss Cotton's house, occupied by Mr. C. A. Bull caught fire last winter and that fire was extinguished with slight loss. In every case there was most ample fire protection. The insurance companies are collecting more every year from Cowansville in premiums than they have paid out in indemnity here in the last ten years.

It is time there was a new rating for Cowansville fire risks.

It is also time the insurance companies stopped making money out of Cowansville people in order to pay losses sustained in other towns enjoying a better rating without half as good protection. No town in Canada has a more willing band of firefighters than we have here. Aside from those actually on the force, every man is a volunteer who never hesitates to lend his best efforts to protect the town. Loyalty to a town is the best attribute of its citizens.

SPORTING NEWS

HOCKEY.

WESTMOUNT TO-NIGHT.

The Sherbrooke team will line up as follows against the Westmount team to-night: Goal, Moe; point, Wiggett; cover, H. Hyndman; rover, G. Povey; centre, Baker; wings, Payan and L. Hyndman.

A good game may be looked for, as the visitors are bringing out their strongest team.

The game will begin at 8.30 sharp.

OTTAWA 3, GALT 1.

Ottawa, Jan. 8.—(Special)—Before a crowd of only 800 the Galt cup hunters were defeated by Ottawa in a listless game by a score of 3 to 1. The Ottawa team took things easy and could easily have repeated their performance of last Wednesday.

COWANSVILLE 14, WATERLOO 4.

Cowansville, Jan. 7.—(Special)—Cowansville defeated Waterloo here last night by a score of 14 to 4.

GAME AT WATERVILLE.

Waterville, Jan. 8.—(Special)—At Waterville, last night, a hockey match was played between a team from Gale & Son's office staff and the rest of the village known as the Has Beens. A large crowd turned out, over two hundred people being present, as the cause was for local charities. This was greatly appreciated by the promoters. Gale & Son's team appeared on the ice previous to the start in bath robes, after which they played in pyjamas, which caused great amusement amongst the spectators. Result—Gale & Son's, 12; Has Beens, 5.

SPORTING NOTES.

Charlie Price, who played centre for Stanstead College when they won the E. T. Championship, will play for All-Montreal. "Schlitz," as Price was familiarly called, was the hard worker of the college team.

The President and Vice-President's rinks will play at the Curling Rink this afternoon.

The Windsor Mills Jrs. would like to arrange hockey games with the following clubs: The Tigers, Royals, Maples, Pirates, Montcalms, Mintos, or any other junior clubs of Sherbrooke, also the Lennoxville Jr., the Waterville Jr., the Danville Jr. and the Richmond, Jr. For information please write U. F. Dubreuil, Sec'y Windsor Jr. Hockey Club.

If anyone sees Art Ross at the hockey game to-night, please notify Manager Brent so that he can hide his speed artists from this hockey scout.

It is hoped the wings on the Sherbrooke jerseys will be of assistance in keeping certain of the players off their backs to-night. Suppose they pull them "up in the air."

The absence of "Joe" Atto and his Rand Drill jokes in the Sherbrooke hockey team's dressing room is greatly lamented by the local puck chasers.

CONQUERED HER RIVAL.

Pretty and Pathetic Story of Jenny Lind and Grisi.

Jenny Lind and Grisi were both rivals for popular favor in London. Both were invited to sing the same night at a court concert before the queen. Jenny Lind, being the younger, sang first and was so disturbed by the fierce, scornful look of Grisi that she was at the point of failure when suddenly an inspiration came to her.

The accompanist was striking the final chords. She asked him to rise and took the vacant seat. Her fingers wandered over the keys in a loving prelude, and then she sang a little prayer which she had loved as a child. She hadn't sung it for years. As she sang she was no longer in the presence of royalty, but singing to loving friends in her fatherland.

Softly at first the plaintive notes floated on the air, swelling louder and richer every moment. The singer seemed to throw her whole soul into that weird, thrilling, plaintive "prayer." Gradually the song died away and ended in a sob. There was a silence—the silence of admiring wonder. The audience sat spellbound. Jenny Lind lifted her sweet eyes to look into the scornful face that had so disconcerted her. There was no fierce expression now. Instead a teardrop glistened on the long, black lashes, and after a moment, with the impulsiveness of a child of the tropics, Grisi crossed to Jenny Lind's side, placed her arm about her and kissed her, uttering regardless of the audience.

The Fortune Tellers.

Lady—Poor man! So you are just out of jail? Tramp—Yes, mum. I was a victim of fortune tellers ten years ago. Lady—Indeed? Tramp—Yes, mum. The district attorney told me where I'd ever been and what I'd ever done during my whole life, and the judge predicted where I would be for the next ten years.—Puck.

A Paragon.

"What reason have you for thinking that he's a perfect gentleman?"

"He must be. I had dinner at his house, and neither his wife nor daughter corrected him once."—Detroit Free Press.
