Montreal, 17th. September, 1792. LEVY SOLOMONS

**THE undersigned having experienced great inconvenience** in Canada from the deficiency of Specie, or some other medium to represent the increasing circulation of the country, as well as from the variety of the money now current; and knowing the frequent loss and general difficulty and trouble attending Receipts and Payments, have formed the Resolution of establishing a BANK at Montreal, under the Name of THE CANADA BANKING COMPANY.

The establishment of Banks has found favour in the most intelligent commercial Countries, and from the experience of ages, there does not now exist a doubt of their utility and of the consequent increase of the Trade and Industry of the Countries, wherever they have been promoted and wisely conducted. The operations of the present establishment will be confined solely to the Business usually done by the most respectable Banking houses in other Countries, and the Parties interested are restricted by agreement from using any part of the Funds appropriated to this concern for any other purpose whatever, and are jointly and severally responsible for the faithful performance of their Engagements.

The Business proposed by the Canada Banking Company and usually done by similar Establishments is,

- To receive deposits of Cash,
- To issue Notes in Exchange for such Deposits,
- To discount Bills and Notes of Hand, and
- To facilitate Business by keeping Cash Accounts with those who choose to employ the Medium of the Bank in their Receipts and Payments.

It is proposed also to extend the operations of the Bank to every part of the two Provinces where an Agent may be judged necessary, and it is presumed that the Institution will be particularly beneficial to the Commerce of and Intercourse with the Upper Province.

The concerned hope the Public will judge with Candour of the motives for this Establishment, and of the Credit and Respectability of the Parties; and they beg leave to add, that they are determined to conduct every part of the Business with the punctuality necessary to promote the Credit and Success of the Undertaking, and with due Regard to the Convenience and safety of the Public.

**PREND** la la liberté d'informer les Dames et les Messieurs de cette ville, qu'il fait et met des dents artificielles, d'une manière si exacte et si parfaite qu'elles sont peu inférieures aux Dents Naturelles, tant pour l'usage que pour la beauté; il transplante les dents naturelles et les fait si bien prendre dans la mâchoire qu'elles peuvent servir plusieurs années, il remplit celles qui sont creusées avec du plomb, ce qui empêché d'y entrer l'air ou aucun aliments qui font deux choses destructives pour les Dents gâtées. Il nettoie les Dents saines sans leur ôter le lustre ni les défigurer aucunement; il ôte aussi les chicots et les Dents gâtées sans le moindre mal; il a une teinture fort utile pour les Dents, les gencives et la respiration, en s'en servant suivant la direction écrite sur la Bouteille.

**LE Souffigné informe ses Amis, ceux de son défunt pere,** et le public en général, qu'il a établi une manufactory de Tabac en poudre, en carottes et autres, près cette ville, où il se propose d'exercer cette profession dans toutes les diverses branches, et il espere que sa ponctualité et son attention à leurs ordres, ainsi que la qualité supérieure de sa fabrique lui mériteront une préférence, ayant engagé quelques-uns des meilleurs ouvriers en ce pais. Il garantira tous les articles fabriqués par lui pour aucun tems raisonnable.

Il se propose aussi d'établir sous peu une fabrique d'Amidon et de poudre à cheveux au même endroit, dont il donnera avis quand elle sera achevée: et il espere que ses amis voudront bien se ressouvenir de lui dans aucun ordre qu'ils pourront donner d'ici à ce tems là pour ces articles.

Il a actuellement à vendre du Tabac en poudre, en Carottes, et en queue de cochon, et en cordonner, qu'il vendra aux conditions les plus raisonnables.

Tous Ordres adressés à Levy Solomons et Compagnie à la Grange des Pauvres près de Montreal, ou à N<sup>o</sup>. 4 rue St François, seront ponctuellement exécutés par  
Montreal, 17 Sept. 1792. LEVY SOLOMONS.

**LES Souffignés ayant éprouvé beaucoup d'inconvéniens en** Canada par le défaut de numéraire ou autres moyens de représenter la circulation croissante du Pais, ainsi que par la variété de l'argent courant; et sachant la perte fréquente, le difficile générale et le trouble que cela occasionne dans les recettes et paiemens, ont formé la résolution d'établir une banque à Montreal, sous la dénomination de Compagnie de Banque du Canada.

L'établissement des Banques a été accueilli dans la plupart des Pais commerçans intelligens, et l'expérience des siècles ne laisse aucun doute sur leur utilité, et sur l'accroissement conséquent du commerce et de l'industrie du Pais, où elles ont été encouragées et bien conduites. Les opérations de l'établissement actuel seront bornées uniquement aux affaires qui sont ordinairement les plus respectables Maisons de Banque dans les autres pais, et les parties intéressées sont astringées par accord à n'employer aucune partie des fonds appropriés à cet usage pour aucun autre usage quelconque; et elles sont conjointement et séparément responsables de l'accomplissement fidèle de leurs Engagemens.

Les affaires proposées par la compagnie de Banque du Canada, et ordinairement transigées par de pareils établissemens, sont,

- De recevoir des dépôts d'argent,
- De donner des Notes ou Billet, en échange pour tels dépôts,
- D'escompter les traites et obligations, et
- De faciliter les affaires en tenant des comptes de caisse avec ceux qui voudront se servir de la voie de la Banque dans leurs Recettes et Paiemens.

On se propose aussi d'étendre les opérations de la Banque dans toutes les parties des deux provinces où un agent peut être jugé nécessaire, et l'on presume que cette institution sera particulièrement avantageuse au commerce et à l'entrecoûrs avec la Province d'en haut.

Les intérêts espèrent que le public jugera avec candeur des motifs de cet établissement, ainsi que du crédit et de la respectabilité des parties; et ils prennent la liberté d'ajouter qu'ils sont résolus de conduire toutes les affaires avec la ponctualité nécessaire pour promouvoir le crédit et d'avancer le succès de cette Entreprise, et avec une attention convenable à la commodité et sûreté du Public.
