MUSIC.
The Music is being furnished by Madison Square Garden Band.
Horse Racing Wednesday, Thursday and Friday Afternoons.

HERD OF THIRTY JERSEYS HERE

John Pringle, London, Ont., Makes First Trip to Ormstown Show Exhibiting Herd of Jersey Cattle.

Jersey cattle have never been exhibited to any great extent at Ormstown Show apart from the herd of Bull & Son of Brantford, Ont. This year John Pringle, Proprietor of the Woodview Farm Jerseys is exhibiting and the following report will undoubtedly be of interest to many visitors to the show:
The Woodview Farm, one of Canada's greatest Jersey herds, is exhibiting about thirty animals at the Ormstown Show.
Included in the lot are their senior herd bull, Rower's Golden Maids Prince, winner of junior championship at the Western Fair, London, 1920, and never shown since. His sire was Imported Champion Rower, one of the greatest breeding bulls that ever left the Island of Jersey, five of his daughters twice winning the bull and progeny prize, the greatest honor that can come to a bull on the Island of Jersey.
In addition, one of his daughters won the Theatre Challenge Cup, the greatest prize a cow can win on the Island. His dam was a daughter of the great bull, Golden Maids Prince.
Another bull of note is Imported Rower's Volunteer, a young bull just out from the Island. His dam is a grand daughter of Rower and his sire is a son of You'll Do's Volanteer, a half brother of our great young sire, Woodview Jersey Volunteer, out of our famous cow, Seaside Lass, grand champion National Dairy Show, St. Paul, Minn., 1921. Seaside Lass is also the highest testing cow in Canada of her age and class.
Rower's Volunteer, a junior yearling bull, is by Volunteer, out of the last daughter of Imported Champion Rower.
Rower's Charming Volunteer, another young bull by Volunteer, is out of Rower's Charming Princess, second prize senior yearling at the Royal Winter Fair, Toronto, 1921. Princess is out of Rower's Charm, first prize two year old, National Dairy Show, 1927. She was under test here for six-year-old, with her first calf, before being sold and gave 1649 pounds milk.
Rower's Viola's Volunteer, also a son of Volunteer. His dam is a beautiful daughter of Imported Champion Rower, not yet tested.
Rower's Oxford Flying Fox. Out of a daughter of Rower by Rower's Flying Seaside Lad, a son of Seaside Lass. His dam is now under test and in 263 days has given 5983 pounds milk as a three year old.
Jersey Volunteer's Sultan. By Volunteer out of a first prize winning daughter of Oxford Sultan of Oaklands, not yet tested.
Rower's Lass Volunteer and Rower's Princess Volunteer, are both sired by Volunteer and out of full sisters, daughters of Rower, and winners of the progeny of cow prize at the Royal Winter Fair, Toronto, 1925 and 1926. They are also full sisters of our senior herd bull, Rower's Golden Maids Prince.
In females are Rower's Starlight, Rower's Golden Lass, Rower's Golden Princess and Rower's Oxford Bond, all daughters of Imported Champion Rower. Starlight is a full sister of Rower's Golden Starlight, recently sold by us for the highest price ever paid for a Canadian bred cow, and now held at \$7,500. Rower's Golden Starlight was 1st. prize cow at the last Royal Show and while still at Woodview will not be shown. Lass and Princess have many prizes to their credit.
West Lynn Princess (imp.) and Cids Golden Starlight will show as three year olds in milk. Princess was second prize two year old at the last Royal and Starlight is a daughter of the \$7,500 cow.
Fern Marie, a very beautiful heifer, and a winner at the Canadian National, will show as a two year old in milk, while Rower's Starlight's Fluffy, another daughter of the \$7,500 cow, will be in the dry two year old class.
In senior yearlings will be an imported heifer, a daughter of Rower's Golden Lass, a daughter of Rower's Glory and one sired by our Volunteer bull. These are four very high class heifers.
In the younger classes are half a dozen calves that have never been shown but old enough to show their quality.
We expect to have something in all the classes at Ormstown except sections, 216, 217 and 227.

The Memorial Arch at Ormstown.

Gracie Thomas Circus.
The Bucking Pony that astonished the grade acts, presenting a complete exhibition of every known trick of ponies and dogs, introducing "Red Pepper"

(Continued on Page 2)

LARGER ENTRIES THIS SEASON

In Some Cases Number of Entries Have Been Doubled

It is very gratifying to learn that the Ormstown Show is becoming more widely known and is growing very rapidly. A letter was recently received from a cattle breeder in San Antonio, Texas, asking the dates of the Ormstown Show, as he wished to attend. He asked the reply to be given by telegraph at his expense. The number of entries this season is far in excess of previous years and we here-with make a comparison.

No. Entries	1926	1927
Horses	381	486
Holsteins	178	181
Ayrshires	249	330
Jerseys	46	149
Herefords	12	25
Canadian cattle	83	94
Sheep	172	225
Swine	141	156

The total number of entries this year exceed those of 1926 by 3840.

Details of Entries in Horse Classes.

(Continued from Page 1)

Class 27—Grade Mare and two of her progeny, heavy or light, 4 years old or under. JUDGING THURSDAY 11.40 A.M. 1st. \$18.; 2nd. \$15.; 3rd. \$10.; 4th. \$6. 1. Adam Cullen, Kate. 2. J. F. Boulais, Saddle.

Paul Valty's Horse Show.

In this show "Wildfire," a masterpiece of horse training and most sensational dancing horse in America will perform. "Wildfire" will dance the Charleston, the Black Bottom and does high kicking. This horse will be ridden by his trainer, Paul Valty. The other horse will be "Snowkiss" a cream Arabian horse, from the African desert which will perform in the way of statuesque poses of great beauty. During the past winter these acts have been on the Keith Amusement circuits and recently appeared in Montreal.

CATTLE JUDGING.

"BALSAM LODGE AYRSHIRES" Let the blood that brought fame and success into the herds of others help you in yours. Head your herd with a son of Springburn Lucky Sir John -90614- the only bull ever used in service out of "Springburn Lucky Girl" -45814- (the cow that made "Springburn" famous), which has produced an official production of 104,013 lbs. milk, 4,378 lbs. fat in ten consecutive lactations in ten years and three months, and dam of the winning progeny-of-cows entry at the Royal Winter Fair for three years, 1923, 1924, and 1926. We offer yearling bulls with Class A. Certificates and Bull Calves out of record dams carrying the above lines of breeding that will bring into your herd TYPE, INDIVIDUALITY, and PRODUCTION. Visit our exhibition in the Cattle Barns. We want to meet YOU, whether it be as a prospective customer or as a fellow breeder. PETER DICKSON & SONS Ormstown Quebec.

"SPRINGBURN" AYRSHIRES After a two years partial absence we return in earnest to the ranks of Ayrshire men who are offering stock for sale. The motto that stood before us in the past,—is still our guiding star, "A satisfied customer is the best advertisement." Satisfied customers can only be obtained by giving value, for value received. That we did so is fairly well shown by the fact that in the three leading Ayrshire sales this spring, animals previously owned at Springburn topped the sales: Dundas Sale—Allancroft Beauty, \$1075. Cedarcroft Sale—Springburn Sir Douglas \$925. Netherdale Sale—Sarah of Strathallan, \$415. We are now in a position to sell you animals of the class listed above. You may buy elsewhere for less money than we can sell you, but we doubt if you can secure better value. We will exhibit at Ormstown a few animals of the type we would like to sell you. If you are interested in securing a foundation herd let us talk the matter over with you. Gilbert McMillan Huntingdon, Quebec, R.R. No 2

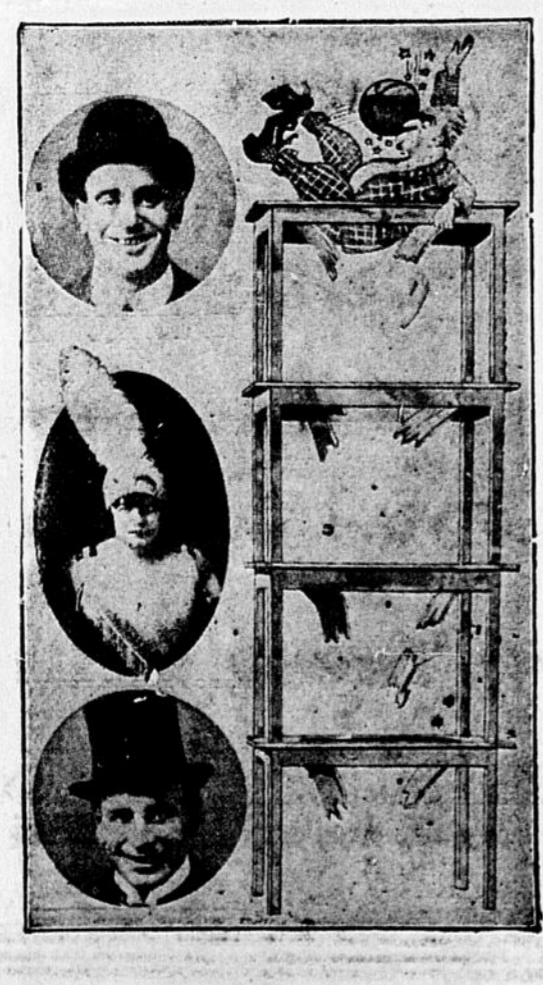

The Mule Derby. Jenkins called upon an old friend. He was hard up and hung, and on his friend's table was a big fat chicken. "Are you going to eat that chicken alone?" he asked anxiously regarding the tempting bird. "Oh, no," the friend replied, "with spinach and potatoes and track. On one day of the Show the mules will be ridden by local ladies. This feature will not be shown in the Arena. Not For Our Sake—"Shall Ocean Be Moved Inland?" asks headline. "Surely not, just after we've spent a lot of dough widening our streets and laying new car tracks!"— Windsor Border Cities Star. IF No one ever shouted "Don't!" "You mustn't!" "No, you CAN'T!" A boy would have a jolly time— Now wouldn't he? (My aunt!) Each schoolmaster would burn his cane He wouldn't need to—thing again!

An opportunity McLean's Magazine Ottawa Farm Journal This semi-weekly paper fills the gap for many farmers who find it difficult to find time to read the daily papers. If they read this paper they get the world news in condensed form along with many agricultural news reports. The Journal is \$1.50 a year. We also receive subscriptions for all the Ottawa daily newspapers. The National Magazine that has been approved of by so many Canadians, that it now leads all, in Canada. This is a true Canadian magazine that should be read by every Canadian and be found in every Canadian home. You can now subscribe to MacLeans National Magazine through The Huntingdon Gleaner Inc. The rates are \$2.00 per year.

The Huntingdon Gleaner The Huntingdon Gleaner is known throughout the District of Beauharnois as the leading paper, being the best news and advertising medium. To secure it's news first hand, over forty paid correspondents contribute to its columns. In order to give its advertisers a real advertising service, the Bonnet-Brown feature cut service is at the advertiser's disposal free of charge. With our modern equipment and staff of 16 we are able to render real service to our patrons. With such equipment and staff we are able to publish an A1 weekly newspaper free of all boiler plate and fillers. The subscription price to the Gleaner per year is \$1.50 to any address in Canada or the United States. The Gleaner and the Star are sold at a clubbing rate of \$5.50 per year to any Canadian address. Look over the expiring dates of the various papers you now subscribe to and select your years reading from the above list and mail us your check by return mail. In renewing send the name the paper is at present being received in. By subscribing through us you eliminate any possibility of your remittance going astray in the city post offices.

The Family Herald & Weekly Star Known throughout the Dominion as is MacLean's Magazine for being a wonderful bargain for the money expended. This weekly periodical treats of all news of general interest to progressive farmers. Subscription price \$1.00 per year. Subscriptions received at the Gleaner office. The Huntingdon Gleaner Inc. Subscriptions to any or all of the above papers will be received on the grounds by A. L. Sellar and Mederic Primeau.

DISPERSION SALE SATURDAY W. G. Morrison Selling Entire Herd of Holstein Cattle. On Saturday of this week will be sold by public auction the entire herd of Holsteins owned by W. J. Morrison of Trout River. The sale advertisement appears in this issue. This appears to be a good opportunity to buy good dairy cattle and a few pure breeds of real good foundation quality. The grade milk cows are a useful lot, divided between cows either fresh or springing and cows due to fresh in the autumn. The herd sire is a nice smooth individual from a 3.89 per cent. dam. As he is just a 2 year old he is now at his best value and a sure bargain for the buyer. Several of the registered cows have R. O. P. records which are very fair considering the conditions under which they were made. The young stock, all registered females, are from R. O. P. dams and well raised. It is regrettable that a young breeder with the start in pure bred Holsteins that Mr. Morrison has should find it necessary to sell out. We wish him every success in his sale. SALE BY F. J. DONNELLY Complete dispersion sale of 25 head of pure bred and high grade Holstein Cattle, to be sold on Saturday, June 18th., 1927, at the residence of W. G. Morrison, one mile north of Elgin Church, 4th. Concession of Elgin, the following property:—19 milk cows, six of which are Registered, 2 just fresh, to be fresh about time of sale, 12 to freshen in September and October. This offering comprises of some wonderful well bred type individuals, daughters of such bulls as Gano Farnfort Posch 11910, a qualified sire three times champion and sire of champions. One Una Gano Posch qualified last year, 305 days division with 12,193 lbs. milk, average test 3.89, her son two years old heads the herd, also her heifer calf by Denton Burke also her heifer calf by Denton Burke also of Crystal Spring, Herta Johanna De Koe, with over 11,000 lbs. of 3.6 milk, her year old heifer included in the sale, and Mercedes Boon Dekol over 11,000 lbs. testing 3.4, also two daughters of Pauline Beauty Walker 11,409 lbs. milk testing 3.4, one sired by Admiral Clyde Alcatra, son of Irish of Pleasant Valley, the other by Toitilla Leo, also two two-year-olds due to freshen this fall, now running in R. O. P. The whole to be sold without reserve on account of sickness in the family. TERMS OF SALE—8 months credit on sums over \$10.00. Sale at one o'clock. This herd has all passed three clean tests, one under the Accredited system. FRED J. DONNELLY, Auctioneer. The Ardent Artist—Our sympathy goes out to the man who caught pneumonia trying to get hoarse enough to sing bass in a quartet.—Carstairs News.

Randow Trio. "Laugh and the world laughs with you" is a well known saying which the Randow Trio have proved to the entire satisfaction of the amusement loving public. This cyclonic laugh producing act consisting of two gentlemen and one lady is a screaming absurdity in comedy acrobatics, bumps, and falls intermingled with breath taking feats of sensationalism. Eugene Randow is perhaps one of the best know farceurs in circus life and in the second part of their offering which is one of the feature attractions of a splendid bill at the Ormstown Show, June 14th. to 17th., presents his unusual originality "A one man wrestling match". Incidentally Randow works throughout the entire programme adding extemporaneous bits of comedy clowning and burlesquing incidents of the Show. You have often heard the expression "a howling success," and the Randow Trio who are appearing at the Ormstown Show, June 14th. to 17th., are living examples of this somewhat trite expression. It is unquestionably one of the best comedy acts in show business and a splendid antidote for all forms of that dread malady—the blues. But Randow Trio does not stop at comedy for they include in their routine amazing tricks in acrobatics and head to head balancing. The lady member of the act displays wonderful strength and Eugene Randow in his "one man wrestling match" and his burlesquing of incidents in the programme are other outstanding features of this truly great comedy offering.

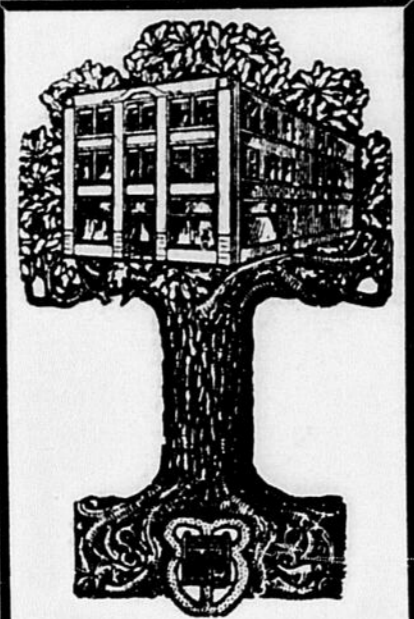

28 ENTRIES MADE IN ONE CLASS AT ORMSTOWN SHOW

The Number of Entries as Received in The Various Livestock Classes.

- Aged Clydesdale Stallions, 7 entries.
- Yield Mares, 4 years and over, 6 entries.

- Dairy herd, 4 entries.
- Calf herd, 5 entries.
- Graded herd, 4 entries.
- Get of sire, 8 entries.
- Produce of cow, 8 entries.

Strawberry Pudding
One box of strawberries, half cupful of sugar, two tablespoonfuls of water, three teaspoonfuls of baking powder, two tablespoonfuls of shortening, one teaspoonful of salt, three-quarters cupful of milk. Make soft dough of the flour, baking powder, shortening, salt and milk. Drop so as to cover berries. Cover tight and cook for 20 minutes. Rhubarb may be used instead of strawberries. Serve with hard sauce. To make sauce, cream sugar and butter together, add white of beaten egg. Flavor with vanilla.

Want of punctuality is a want of virtue.—J. M. Mason.

Advertise and Grow

A small ad in this paper every week will keep your trade in touch with your store. It will bring more trade and hold it far better than a full page insertion once or twice a year.

The more you advertise the more business you get. And that more business means your store will have to grow to accommodate your trade.

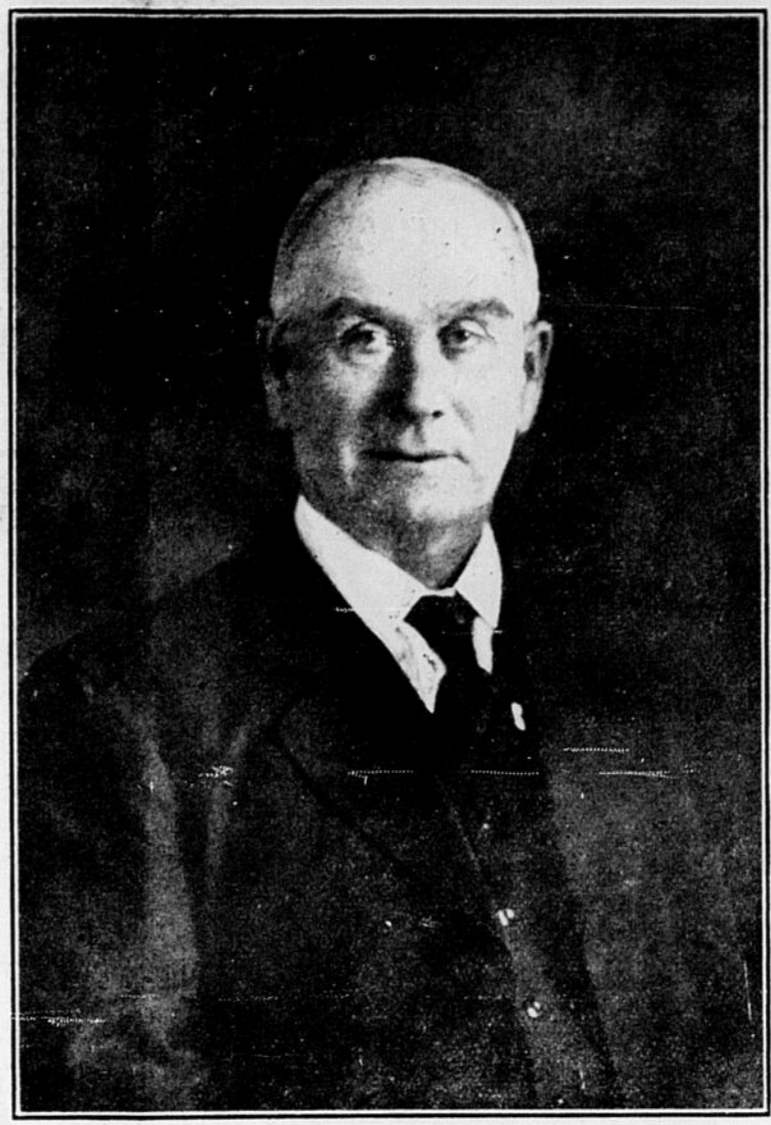

The Huntingdon Gleaner Inc.

Mr. W. G. McGerrigle, secretary-treasurer of the Ormstown Show.

GARDEN ITEMS
Although there has been a lot of cool, wet weather this season insect enemies seem to be on the ground earlier than usual and in greater strength. The good gardener must wage a relentless war with these foes. If the foliage is eaten away it is usually a sign that biting insects are busy, and some poison, like arsenate of lead, paris green or hellebore, should be used. This may be applied in solution with water or dry as dust. If the foliage withers the juice is being removed by suckers. In this case the attack takes the form of burning sprays, such as sulphur, nicotine preparations, whale-oil soap or something similar. Fungus will also soon start attacking plants. The presence of this enemy is usually made known by the leaves wrinkling up slightly and turning white or brown. Dusting with flowers of sulphur will keep fungus in check. The small gardener would be well advised to go to the seed store and buy patent preparations rather than attempt to mix his own sprays. These preparations are often effective against all varieties of pests, and they are very convenient, being ready mixed, only needing the addition of water.

TRUST COMPANIES RANK NEWSPAPER ADVERTISING HIGHEST
The outstanding trust institutions of the United States are those that were pioneers in using advertising as a means of selling their services, a speaker told a conference of trust companies held in New York recently. He presented the results of a questionnaire sent out by the Trust Company Division, American Bankers Association, making an inquiry into the advertising practices of institutions doing a trust business. Three out of every four trust companies and banks engaged in extending trust services were found to be advertising. The opinion was expressed by the speaker that their growth would closely follow the amounts spent each year for advertising. The local newspaper is the most highly regarded advertising medium, it was disclosed. In all 929 companies answering the questionnaire used the local papers and 338 did not. The institutions buying space in local papers are evenly divided among all sections of the country. Comparing six media for selling personal trust services and considering their effectiveness from the standpoint of producing results.

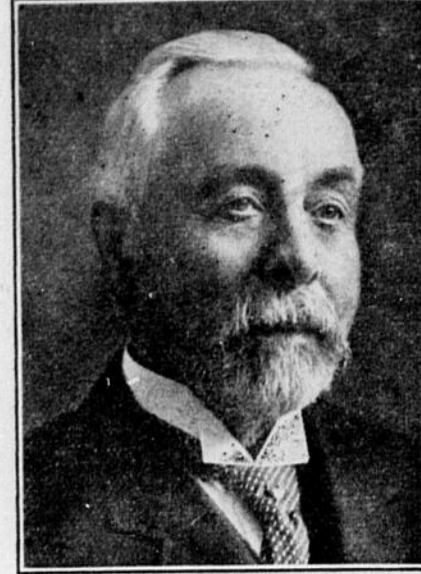

Mr. Neil Sangster, former president of the Ormstown Show.

the speaker declared that the local newspapers should head the list. 4 cups diced rhubarb, 4 cups Folders and booklets can reach a chopped onion, 4 cups vinegar. Limited audience, he observed, but 4½ cups brown sugar, 1 small tea-spoonful of salt, 1 teaspoon each of ginger, acquiring prestige and mass circulation. It should never be omitted and a pinch of red pepper. Mix and boil slowly for three or four hours.

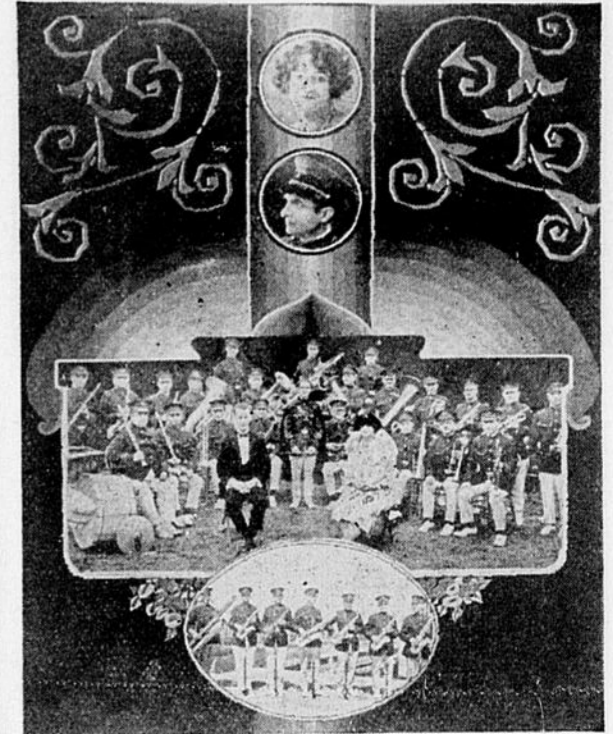

Labor to keep alive in your "The man I marry," she declared breast that little spark of celestial pomposity. "must be a hero." fire called... conscience.—George "He will be," answered the disappointed suitor.

Mr. R. R. Ness, president of the Beauharnois District Live Stock Breeders' Association.

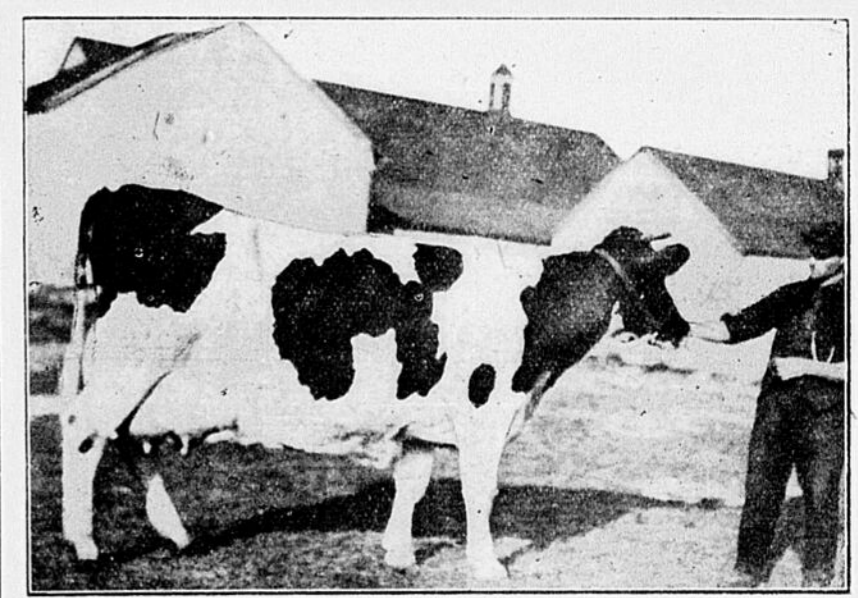

The late Duncan M. McEachran, L.L.D., F.R.C., V.S., D.V.S., V.S. Edin., former Emeritus Dean and professor at McGill University, founder of Ormstown Show.

Finest Milk in Province Produced at Mercroft Farms, Dorval.

Large Herd of Pure-Bred Cattle Maintained Under Strictest Hygienic Conditions.

(Courtesy Lakeshore Review)

Mr. Mercroft's aim is to produce pure certified milk for the use of infants and children, and incidentally, of course, also adults, but mainly for the former. The milk is obtained from a herd of around forty-five pure-bred registered cows, in connection with which a certificate from the Department of Agriculture, Health of Animals Branch, hangs on the wall of the stables to the effect that it is a tuberculosis-free accredited herd. As to the stables themselves, another certificate from the Department of Health, City of Montreal, Division of Food Inspection (Milk) attests that they have been awarded 98 points out of a possible hundred for having fulfilled practically all requirements in a very thorough and searching inspection by that department.

An average of a hundred and fifty gallons of pure milk is produced daily at Mercroft Farms and of this quantity about one-half is certified. The certificate is supplied by the Montreal Certified Milk Commission and is shown on a standard hood seal closed about the neck of the bottle containing the milk with a ring which can easily be loosened and the cap removed but which protects the public fully by the fact that it cannot be resealed except by the dairy itself. This certificate means that the milk is up to a very high standard which no milk in the province even equals. It means that the cows are non-tuberculous, that their stables are light, airy, well ventilated, free of moisture and with no accumulation of impurities such as manure, etc.

A very rigid and uncompromisingly scientific method has been adopted by the Farms to ensure so remarkable a result. In conversation with Andrew Gray, farm manager there, this was fully brought to light.

Every cow is clipped of hair in a wide swath around the flanks and udders, again with a view to minimizing the harboring of dust, and the animal is carefully groomed every day before milking, its udder and flanks being washed.

In selecting his herd Mr. Mercroft was at first inclined to choose Holstein or Jersey cows. But after experiments and tests it was found that Ayrshire cattle were most suitable. Holsteins were found to have too low a proportion of butter fat; Jerseys too high a proportion and Ayrshires the more desirable medium proportion.

It has taken about a year and a half to attain the high degree of excellence in milk production achieved by Mercroft Farms. At first difficulties were found, but they were analyzed and surmounted. On the whole it has been seen that at the back of this success there was only needed a firm basis of common sense. Pasteurizing has of course obvious merits, but apart from the fact that pasteurized milk shows a loss of vitamins and therefore nourishing properties for infants, it has been shown that all the purity associated with that process can be equally well attained by care and scientific methods, while it is only a question of organization to cut down to the limit the extra time that is taken up. "A raw food with guaranteed purity is what I am out to give the public, and I believe I am achieving my ambition," is Mr. Mercroft's opinion.

That it is easily within the power of any farmer to attain this degree of perfection in his product is a further opinion of Mr. Mercroft and one that is shared by his farm manager, Mr. Gray.

The Guaranteed Pure Milk Company of the city distributes the certified milk supplied by Mercroft Farms. For the past year or so, not a morning has been missed by that a truck-load has left Dorval for the Montreal market. Of the thousands of bottles of milk thus despatched every one bears the seal of the Montreal Certified Milk Commission and all of them live right up to this implication. There is a growing demand for this product, but if Mr. Mercroft depended upon his milk for a livelihood, he would be a poor man. He deserves the thanks of the province for the way in which he has pioneered the path and blazed the way for the purest milk possible for the rising generation.

MANY SALES HELD BY WELL KNOWN BREEDERS

Butternut, Shadynook, Cedarcroft And Netherdale Have Dispersion Sales.

Owners Well Satisfied With Prices Paid For The Cattle.

Butternut Grove Sale.

The Butternut Grove Holstein herd of which Mr. H. T. Cunningham is proprietor were put under the hammer on Monday, April 11th., 1927. Lorne Franklin of Toronto, and T. J. Graham of Huntingdon, were the auctioneers. Mr. J. Houck was the sale manager. Average price paid for the 50 animals sold was \$209. The top notch price of the sale was paid for the herd sire, Pioneer Duke Gift Ormsby, which was sold to the Rimouski Agricultural College for \$675. This sale attracted much attention for Mr. Cunningham has been very successful in the exhibiting of his herd at the fall exhibitions and the Ormstown Show, and in this way he had advertised his fine stock to a marked degree. This was the largest dispersion sale of Holstein-Friesian cattle ever held in this district.

Shadynook Ayrshire Sale.

On April 20th., 1927, the Shadynook Ayrshire herd owned by Mr. Wm. Gareau, of Lancaster, Ont., went under the hammer. The sale proved very successful and a record price was established for a grade Ayrshire cow when one sold to Mr. D. J. McCrimmon of Lancaster, for the sum of \$500. The bidding was brisk, particularly on the grades which were of a decidedly high order. The auctioneer was Mr. T. J. Graham, the manager was Mr. Earle J. Ness.

Cedarcroft Ayrshire Sale.

The dispersion of the Cedarcroft herd of Ayrshires at St. Eustache, Que., owned by Mr. S. J. Hamilton can rightly be classed as one of the great Ayrshire sales when 50 head of registered animals, many of them calves, sold for \$11,400, or a grand average of \$228.00. The cattle were a grand uniform lot and presented in wonderful form and were a great tribute to the skill of their owner. Sale arrangements were well planned and Auctioneer Franklin handled the selling to good advantage. Mr. Gilbert McMillan was sale manager.

The sale took place on the 27th. day of April. The herd sire, Springburn Sir Douglas sold for \$925. to Jas. E. Davidson, Bay City, Mich.

Netherdale Ayrshire Sale.

The Netherdale Dispersion sale at Ormstown on April 28th. drew a large crowd. The proprietor of the Netherdale herd, Mr. Ralph J. McQuat, presented the animals in good condition. Mr. L. E. Franklin was the auctioneer. \$236. was the average price paid for registered cows. A cow, Sarah of Strathallan 77178, was purchased by Alta Crest Farms of Spencer, Mass., for the sum of \$415.

Old lady (to booking office clerk): "What time does the three-o'clock train go?" Clerk (smiling): "Sixty minutes past two." "There, I told Mary the time was changed." Hubby: "I miss the old cuspidor since it's gone." Wifey: "You missed it before—that's why it's gone."

A tailor opened a shop, and displayed an apple as his trade mark. "Why of all things an apple?" said a neighbour. "Because if it hadn't been for an apple," replied the tailor, "there would never have been any clothing business."

Every day except Sunday, Regular Dinners, 50c.; Regular Suppers, 50c.

C. W. Adams & Co.

A Line-up of Former Champions.

Included among the entries of the Ayrshire section is the famous Burnside show herd of R. R. Ness & Sons. Animals from this herd have been consistent winners at Canada's leading shows for the past twenty-five years and the line-up for 1927 is well up to the standard. The show herd at present is headed by the 1926 junior champion male of ten shows, Beauty's Master. The younger herd is headed by the unbeaten Burnside Blossom Andrietta who is making his debut at Ormstown.

Among the females are Burnside Blossom Andrietta winner of twenty-six grand championships in Canada and United States. Barr Flourish, the Reserve Senior Champion of the Royal Winter Fair, 1926. Honeyholm Lady Jean, the undefeated Junior Champion of America in 1926. Among the younger animals are a number of calves sired by those two great breeding bulls, Burnside Pearlina Guide and Netherhall Excelsior. These calves are a very promising lot. The string consists of twenty head and are a credit to their owners.

A Holstein Booklet.

The Beauharnois District Holstein Breeders' Club are issuing a booklet which will contain a wealth of knowledge to Holstein breeders and anyone interested in good cattle.

The 32 page booklet will in short, give a history of this popular breed in this district and of the advances the breeders have made. It will tell of the advantage of buying in this Tuberculosis Free Area where the majority of the herds are Fully Accredited. In addition to all this valuable knowledge the booklet will contain advertisements from various breeders, making their names known, other well known breeders offering cattle for sale and various other items of general interest.

"Why? It that confounded me maid never answers when we ring the bell?"

"I don't think we'd better be too exacting at first, Horace. The girl tells me she used to be employed at a telephone exchange."

"First Soldier: "Once about 10 of the enemy attacked me, and I killed the lot of them and escaped." Second Soldier: "That's nothing. I had my horse shot from underneath me in the battle of Jutland."

I have no use for lawyers, That I have I won't pretend; I admit, though, one comes handy When a felon needs a friend.

Josh And Tildy.

America's famous rube comedians have never failed to keep the crowds entertained with their nonsensical mimicry and foolish antics. They work the grandstand while it is filling up, keeping the crowds good natured while being seated until the program stars. Because of their spontaneous wit they are an instant hit and keep the crowds in a roar of continuous merriment. They are adepts at this type of en-

tertainment and Fair visitors never seem to get enough of their comedy efforts. This is more than an attraction, it is a continuous entertainment. They appear at the exhibitions in the crowds, and in most unexpected places. Josh and Tildy have appeared at all the prominent celebrations, conventions, and fairs in the country and have been engaged as a comedy feature for the Ormstown Live Stock Show, June 14th. to 17th.

Oakstream Herd

The home of North Star Fobes Mutual 67542 sired by North Star Ozon Champion 387781 out of an 800 lb. 4 year old daughter of Besie Fobes Oak Homestead, therefore brother to Bellig 100011 100012 bull recently purchased by A. C. Hardy for \$2450.00.

Breeding him to our Posh and Colantha bred cows his calves are coming very promising. While at the Show we would be pleased to have you visit us and inspect our herd.

Electricity at Your Service

Since the inclusion of the Beauharnois Electric Company, Limited, as part of the Shawinigan system, it has been the constant aim and object of the company to extend its service as rapidly as the resources of the Company would permit, in order to give the benefit and comfort of electricity to as many as possible in the district.

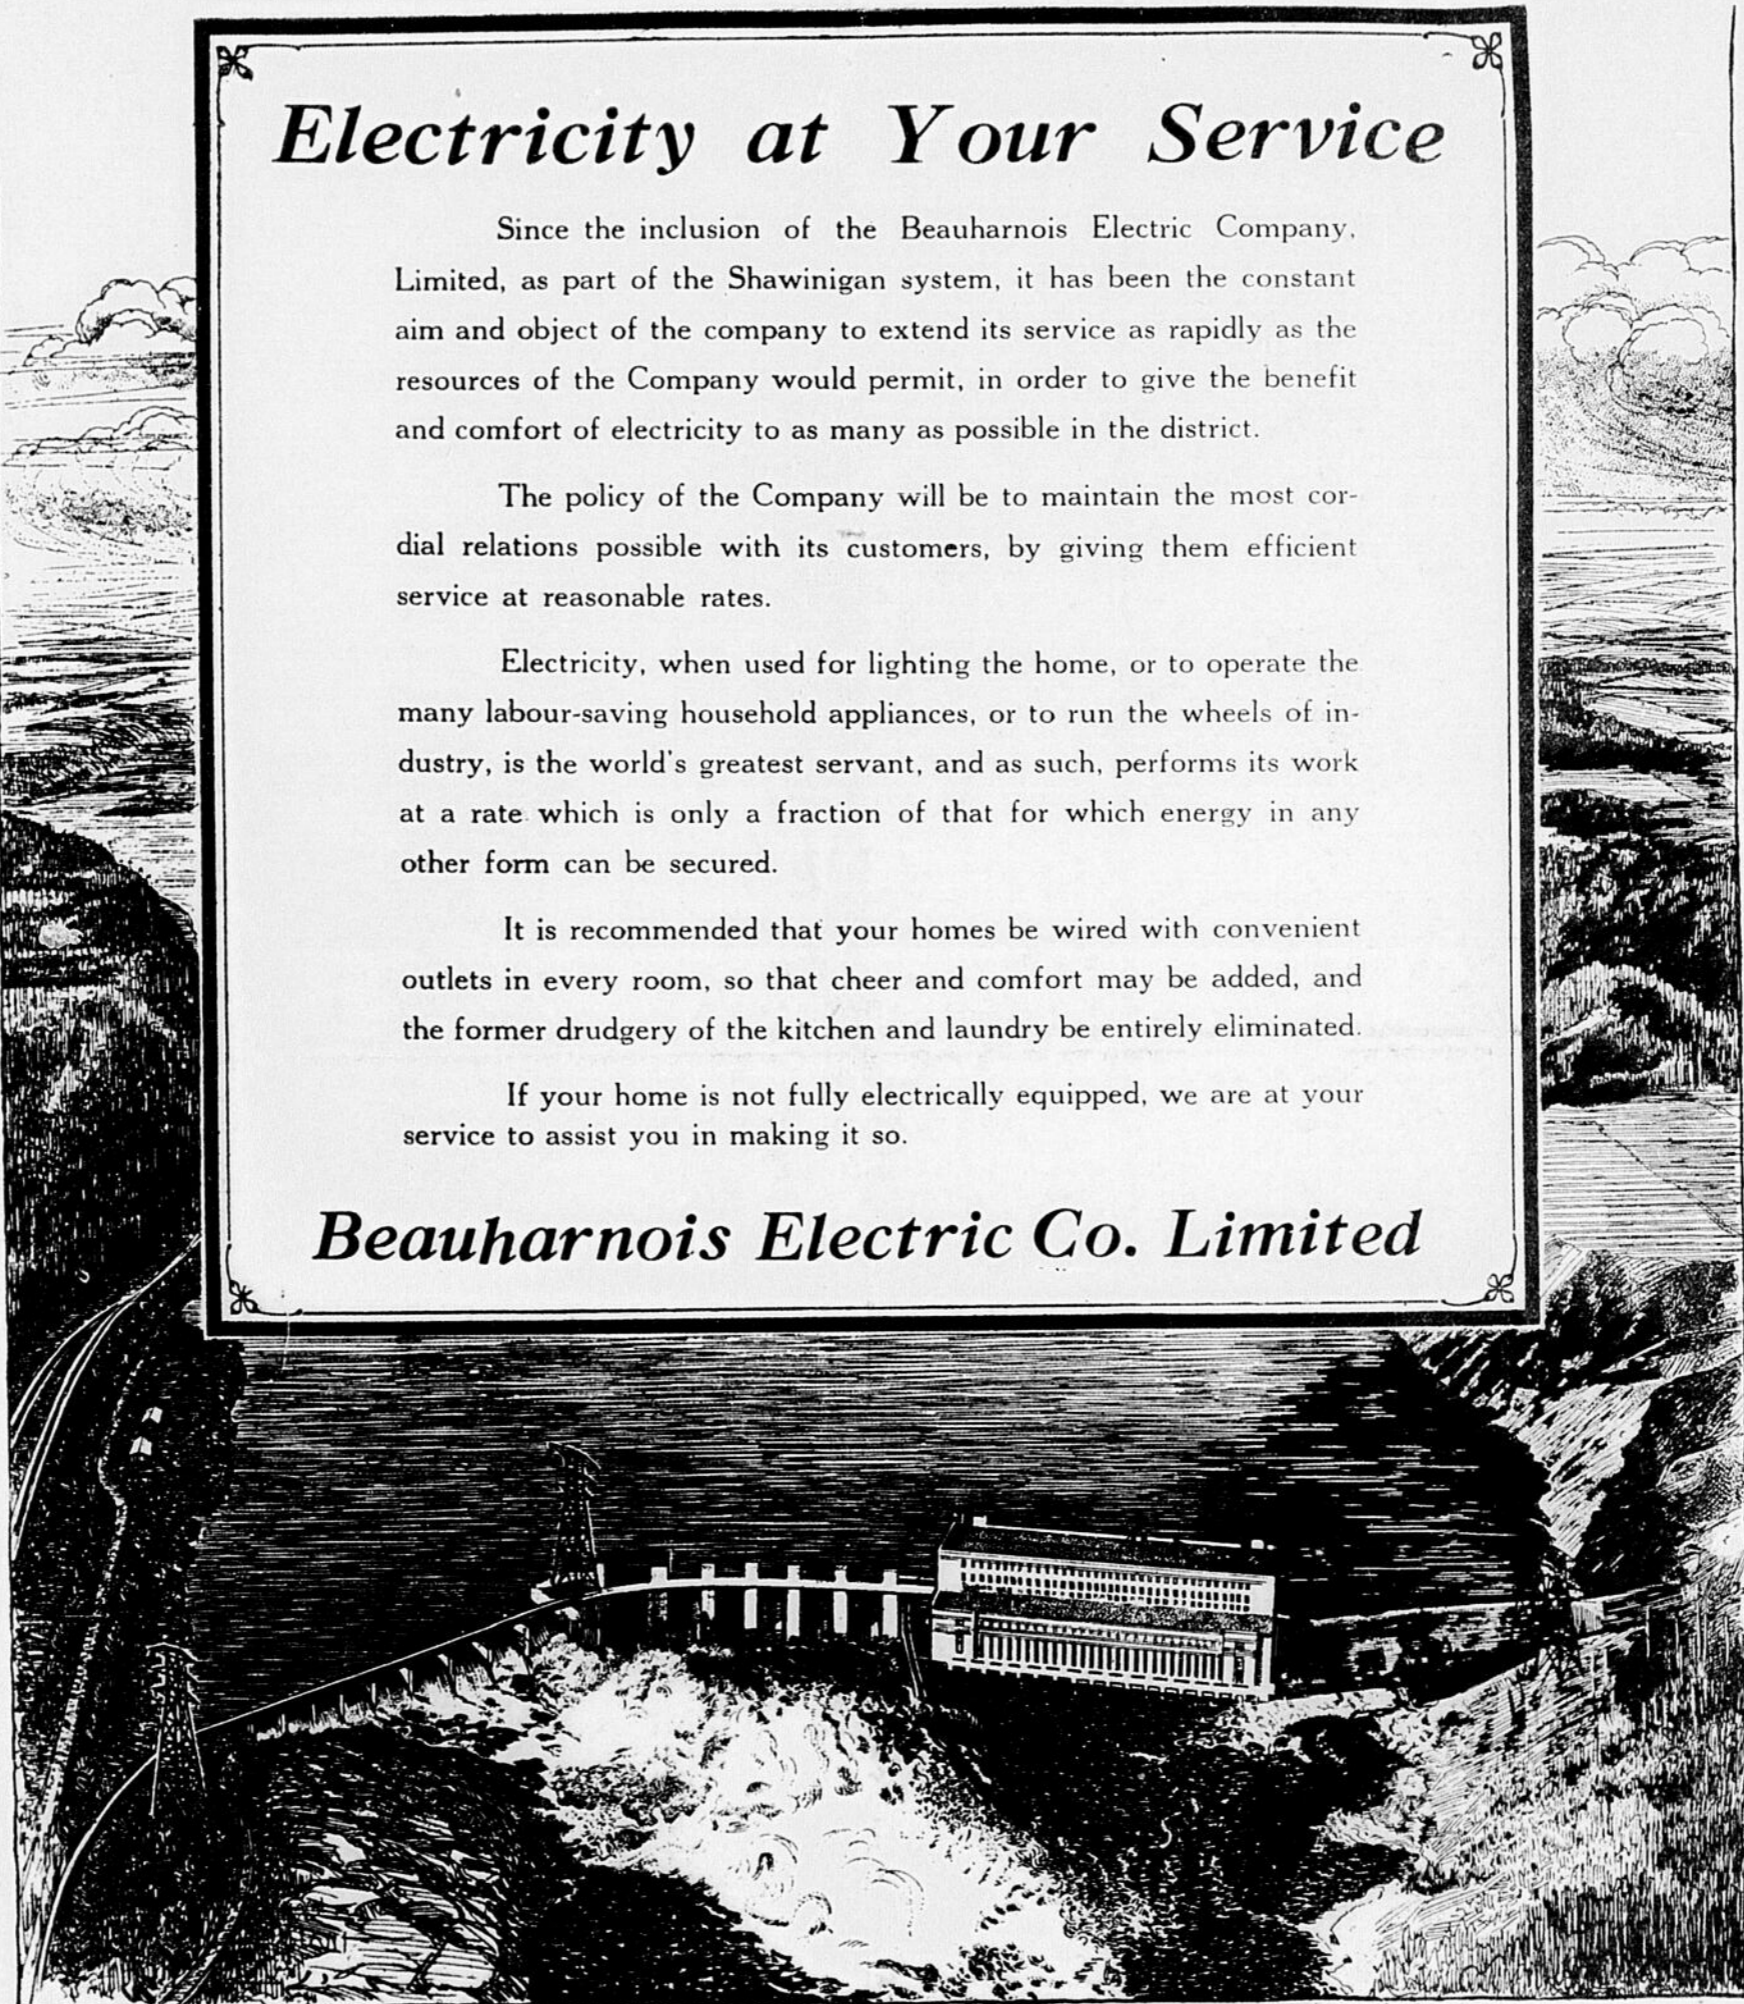

The policy of the Company will be to maintain the most cordial relations possible with its customers, by giving them efficient service at reasonable rates.

Electricity, when used for lighting the home, or to operate the many labour-saving household appliances, or to run the wheels of industry, is the world's greatest servant, and as such, performs its work at a rate which is only a fraction of that for which energy in any other form can be secured.

It is recommended that your homes be wired with convenient outlets in every room, so that cheer and comfort may be added, and the former drudgery of the kitchen and laundry be entirely eliminated.

If your home is not fully electrically equipped, we are at your service to assist you in making it so.
