Rev. D. Mitchell Guest Speaker At Waterloo Club

Waterloo. — Rev. Dan Mitchell, a former charter member of the Waterloo Kiwanis Club, now a resident of Montreal and member of St. George Kiwanis Club, spoke before an inter-club meeting in the National Hotel.

Heading the nine members from St. George, were their president Kiwanian Tom Havill, former charter member of Waterloo Kiwanis Club, Charlie Ritchie, Gerry Hogan, district inter-club chairman, directors Hugh Fetterley and Wilf Hunt, Bill Tripp, Hal Routledge and Colin Leslie. Kiwanian Fred Wallace of Granby was also present, and two Waterloo guests, Heman Wing and Gordon Cousins, were on hand to hear the Easter message delivered by Mr. Mitchell.

"Easter is the time of spring, a time of Hope and of Promise," Mr. Mitchell stated. "It is the time of awakening and of re-growth. It is the most beautiful time of the year. It has been selected as the time of year to represent the greatest drama ever played in the history of the world. But above all, it is the time of Hope."

Speaking of Kiwanians in particular, the guest speaker said that members get their enjoyment out of helping others. Their club is made up of four component parts, namely Trust, Charity, Hope and Teamwork.

The speaker was introduced by charter president, Pete Gunter, and was warmly thanked by Rev. Art Spent.

The Kiwanis Club has entered two curling teams in the Service Clubs' bonspiel to be held in Sherbrooke on Saturday, April 7.

Next week the meeting will be a joint one with the Canadian Legion, when the unveiling of a plaque to the memory of the late Joe Macdonald will take place. Former Kiwanian and Legionnaire Walter Readshaw, of Sherbrooke, will be the guest speaker at this time.

Support The Drama Festival

If ever a project warranted support in the Eastern Townships it is the Dominion Drama Festival, finals of which will be held in Sherbrooke May 13th to 19th.

Acceptance of a Sherbrooke invitation to hold the finals here is an honor of a type which Sherbrooke wins all too seldom. Many people, in fact, may not realize the national importance of the Drama Festival finals.

Newspapers and radio stations, as well as television, in all parts of the country will be following the results with great interest. Some newspapers, notably in Toronto and Montreal, will

be sending their drama critics to cover the week-long event.

There really should be no difficulty in filling the 1,300 seats at all eight performances. The Dominion Drama Festival brings together some of the finest dramatic talent to be found in Canada, a fact that is generally known in most sections of the country.

It is a big organizational job. Accommodation through that week will be at a premium. It's a good opportunity for Sherbrooke to show the rest of Canada what a good host it can be.

Halfway Measures Are Expensive

The widening of streets and intersections is a project that is being carried out in every major town and city in Canada.

Nobody can blame our predecessors for lack of vision when they constructed the nation's streets and highways. How could they have foreseen the amazing development of the motor vehicle — a development that has kept the country hard-pressed to keep pace in the matter of highway construction.

But because our predecessors failed to realize the significant role that the motor vehicle was to play is no reason why we should follow suit.

City Council is to be praised for its decision not to do a half-way job in the enlarging of the Queen Blvd.

Portland Ave.-Belvedere St. intersection.

The suggestion that money could be saved by keeping a city-owned house and extending the intersection by only 10 feet is a perfect example of false economy. It would have meant that in the near future the work would have had to be done all over again.

This is a small example of a principle that could well be followed in more important projects. Half-way measures are seldom economical. One can think of dozens of half-way jobs done a few years ago that are having to be done over again today.

The moral would seem to be simply — If a job is too expensive to be done right, it's too expensive to be done half-right.

On Reading Aloud

Some people insist on reading bits of the newspaper aloud. They do it as a nervous gesture, like twiddling the thumbs or drumming on the wall. It's a kind of doodle.

"Huh!" they say (newspaper-readers-aloud nearly always start with "Huh!")

"Huh! I see a deaf mute, aged 104, was drowned by a tidal wave while gathering mussels on a beach of the Caspian Sea."

"My gosh," you exclaim in a shocked tone, and wait for the person to say something more about this tragic affair, or draw some wise conclusion from it. But the reader-aloud drops the subject. He doesn't go in for editorializing. Just the facts, ma'am. And then he's off to the next item.

"Huh! I see the town of Termite, Sask., is raising the mill-rate this year."

"Do you think our taxes will go up, too?" you ask, but the reader-aloud doesn't get your message.

"Huh!" he says. "The camel-drivers of the Sudan are threatening to strike."

And so it goes. Give this man time, and he'll read the paper aloud clear down to the fillers and the classified ads. There's not much you can do, except sneak out and leave the fellow to read aloud to himself.

A kindred pest is the man who reads signs aloud. "Now Carbaco Gasoline With The Miracle Ingredient, Gloobox T.Q.," he suddenly announces.

"I beg your pardon?" "Oh, I was just reading the sign on that service station. And Sludge Motor Oil, Try It Today."

There seems to be nothing more to be said on the subject, so you make no comment, and the two of you walk or ride along in silence for a time.

"Fadeaway Cleaners, In at 10, Out On the 11th of the Following Month," he blurts. "Don't Be Half-Bright. Use Bompso. Fluge Hard-ware Store and Turkish Baths. Are You Troubled With Throat Scratch? Vote For Joe."

You might put this boy to use. Equip him with a microphone and loud-speaker, and charge for the commercials.

DOUBLED BID TURNS TABLES

West doubled three spades in today's hand with great satisfaction. North was sorry he hadn't let East get away with his shut-out bid of three diamonds. South was sorry he hadn't gone to the movies. The whole picture changed soon.

Declarer won the opening diamond lead in the dummy, noting that East was bound to have the rest of the missing diamonds for his opening bid of three. There was good reason to hope that East could be shut out, for East would not have made the shut-out bid with an ace in addition to a strong diamond suit.

Declarer returned a club from dummy losing the king to West's ace. West returned a club, and dummy's nine held the trick. Now South cashed the top hearts and ruffed a heart, dropping the queen and jack.

South returned to dummy with the jack of clubs and led the ten of hearts. East ruffed with the six of spades, and South over-ruffed with the queen.

By now declarer had taken seven tricks, and needed only two more for his contract. Moreover,

it was clear that West's remaining five cards were the five missing trumps.

South led the queen of clubs. West had to ruff with the ten, for otherwise dummy would make a trump trick with the nine and eventually another trump trick with the king.

Declarer didn't dare overruff with dummy's king. If he did, West would ruff the next trick

with the seven of spades and run the rest of the tricks with high trumps. Instead, South allowed West to hold the trick with the ten of spades.

Now there was no way for West to prevent dummy from winning tricks with the nine and king of spades. South made his doubled contract, scoring game and rubber.

At the annual meeting of the Sherbrooke Poultry Association the following officers were elected: Alfred Roy, M. T. Armitage, George A. Berwick, P. J. Grondin, George S. Lothrop, Ed Morin, O. Rose, and C. J. Wright.

Ephrem Beauchesne has been selected by a group of East Ward ratepayers as candidate for that ward in the coming municipal elections. Center Ward electors are meeting this evening to seek a successor for Alderman F. P. Houlihan who is not seeking re-election.

TWENTY YEARS AGO

From the Record of Monday, April 6, 1936.

The French Government has ordered an extension of the period of compulsory military service in a move designed to offset the recent German action in reoccupying the Rhineland. Hitler in the meantime is strengthening his Rhine garrisons with crack troops and additional air squadrons.

Mussolini has rejected League of Nations proposals to intermediate in the Ethiopian war, declaring recent Italian victories have given him the right to conduct direct negotiations.

At the annual meeting of the Stanbridge East Women's Institute the following officers were elected: Miss Jessie Corey, Mrs. J. J. Moore, Mrs. C. S. Moore, Mrs. F. J. Laraway, Mrs. E. C. Knight, Mrs. E. G. Brown, Mrs. C. S. Thornton, Mrs. D. C. Blinn, Mrs. Carl Westcott, and Mrs. C. M. Blinn.

TEN YEARS AGO

From the Record of Saturday, April 6, 1946.

Foreign Secretary Ernest Bevin has agreed to a United States proposal for a meeting of British, United States, French, and Russian foreign ministers, April 25 in Paris. The meeting is aimed at speeding up the drafting of peace treaties to be presented at a Paris Peace Conference scheduled for May 1.

The brain of Dr. Marcel Petiot, who was convicted Thursday on 24 of 27 murder counts, will be claimed by science when the proprietor of the House of Horrors in the Rue Le Sueur has been executed for the mass crimes committed during the German occupation. Meanwhile his brainchild "Le Hasard Vaincu" or "How to Beat the Odds," a 350-page book he wrote in prison, is being studied as a guide to intellectual viciousness.

Fourteen delegates from Sherbrooke district will travel to Montreal next week to attend the convention of the Progressive Conservative Association which will be held at the Windsor Hotel on Tuesday and Wednesday.

TAKING NO CHANCES

(St. John's News)

We suppose it is literally correct to say Spring has come to Newfoundland but this column blushes at the recollection of that day in May some years ago when Spring was ecstatically hailed to the accompaniment of the worst blizzard of the year.

We shall not be so rash again.

Although this has been a fairly open winter in the northern bays, it is still too early to predict when the coastal steamers will be able to ply their routes again. All depends on the wind direction and velocity when the northern ice floes, drifting south, pass the mouths of the great bays.

With luck the north will be open to navigation by the end of April. Without luck, the ice may be on the coast until June.

STANLEY CUP PLAYOFFS

(Harrison, in Windsor Star) Whatever the reason for the absence of Tuesday night's Stanley Cup game from our TV screens, it's no credit to Canadian pride and enterprise that it couldn't have been televised, sponsored or no sponsors.

INFLATION CURB

(Toronto Financial Post) The quite remarkable degree of continued good health in the Canadian economy is fully confirmed in the second Harris budget.

Since the cost of living has remained stable, there was a significant increase in the wealth and welfare of most Canadians. More people were at work than ever before, unemployment was very low, wages and income were higher. By nearly every test, the past year was one of very solid economic advance.

With such prosperity and national growth, inflationary dangers are still very real. It is not surprising therefore that the Minister of Finance did not announce any general cuts in personal or corporation income tax.

A reckless or cynical government, getting ready to go to the country, might well have done otherwise because tax cuts are so popular. Mr. Harris is to be congratulated on avoiding this course. As he said: "It is only sound and responsible finance to run a modest surplus in times as good as these we are now in."

Vancouver Island Oyster Growing Valuable Industry

Ladysmith, B.C. — A new method of growing oysters may develop a valuable industry on Vancouver Island.

Called "float culture," it is a system of growing the bivalves on suspended strands of wire.

Dr. Daniel Quail, provincial biologist, explained the development to fishing experts and newspapermen at the British Columbia shellfish laboratory here.

"Float culture will cut marketing time of Pacific oysters from three years to 18 months," he said. "And one acre of wire-grown oysters can supply every person in B.C. with a full meal."

The grower suspends mother shells on wires from floats in a small water area. Fifteen shells are on each wire and several "baby" oysters are attached to each shell. "Care is taken to keep the floats at proper depth and off the bottom."

Dr. Quail said growers using shore methods have acquired all

foreshore rights on Georgia Strait. But expansion of the float culture method will cut down space requirements make growing faster and more efficient and boost the industry.

Japanese experts have reported \$500,000 annually.

THEY KNEW BETTER

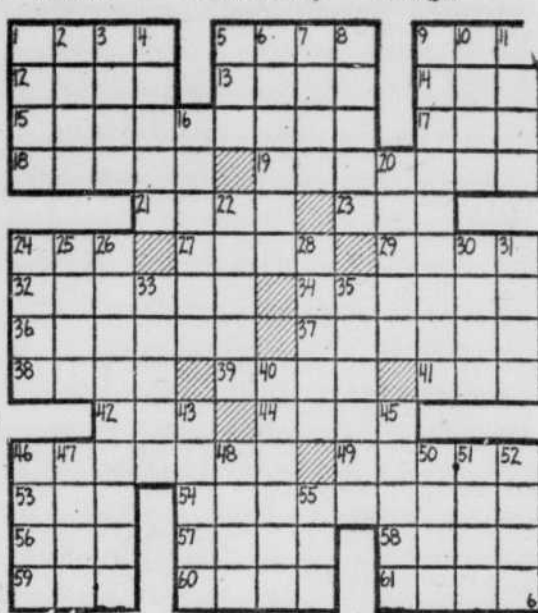

St. Catharines Standard From now on, the municipalities of Ontario will find it difficult to introduce fluoridation. For all practical purposes a single objection by any person ready to take a case into court can bar the addition of fluoride to water.

It is fortunate that the commonplace additive, chlorine, the germicidal agent in the water of practically every city began to be added 46 years ago before people were silly enough to bring lawsuits to prevent progress.

They had more to do with their time and money then.

Fudge Cake Always A Favorite

When you're stumped for a dessert that will please the whole family, you can't go wrong with an old-fashioned Fudge Cake—for this is a cake that never loses its appeal to youngsters and grown-ups alike. And this recipe is particularly good since it combines the old richness of sour milk (or buttermilk) with the new flavor of whole bran cereal. The mixing procedure is simple, and only 30 minutes baking time is required. When cool, top the cake with a creamy Fudge Frosting for the final flourish.

FUDGE CAKE

3 ounces unsweetened chocolate, finely cut, ¾ cup boiling water, ½ cup All-Bran (whole bran cereal), 1½ cups sifted cake flour, ½ teaspoon baking powder, ¾ teaspoon soda, ¾ teaspoon salt, 1½ cups sugar, ¼ cup shortening, 1/3 cup thick sour milk or buttermilk, 1 teaspoon vanilla, 2 eggs.

Place chocolate in mixing bowl; add boiling water gradually, stirring until chocolate is melted. Stir in All-Bran. Let stand until cool. Sift together flour, baking powder, soda, salt, and sugar into cooled chocolate mixture. Add shortening; beat 2 minutes (about 200 strokes). Add sour milk, vanilla, and eggs; beat 2 minutes (about 200 strokes).

New Luggage Lessens Travel Creases

"Travelling is fun but so tiring!" is an old complaint. You press all your clothes so you'll look your best. You take great pains to pack them, hoping nothing will be crushed when you arrive. And when you open the bag—a mess of wrinkles greets the eye! It's out with the iron again—if you're lucky enough to have one available.

Crease-resistant fabrics now coming on the market are helping to solve the problem, but luggage itself is now being designed to keep wrinkles to the minimum.

Luggage for spring 1956 has taller, slimmer lines which means less folding for dresses and suits (and does away with that bumping-against-legs so tedious with bulky luggage). It's so light you needn't bother checking it and one new dress carrier is designed to let clothes hang up on an overnight train trip.

The secret of this piece of luggage is a special device by means of which the whole suitcase can be hung up in a train berth or compartment. Three sides of the bag can be unzipped, letting the lid fold down and the clothes hang freely on their plastic hangers. They'll take the journey just as comfortably as if they were back home in the closet. It only takes seconds to fold the skirts back into the case and zip up the lid again. Even for hotel stops, there's no need to take things out—no unpacking today and repacking tomorrow.

This bag, one of many new designs this spring, looks like other cases but it has "soft" sides. Instead of the usual covered plywood, an extremely strong vinyl coated fabric called "Fabrilite"

is used. This makes it three pounds lighter than a bag of the usual construction. The plastic coated fabric will not scuff and a wipe with soap and water will remove tell-tale signs of the journey.

Today's trends in luggage are following the example set by modern fashions—light weight, durable, and easy to care for. New colors are delightful. Pastels to tempt the feminine eye have been given such tantalizing names as Cuban green, Bahamas blue and Bermuda coral. And judging from this spring's activity in the baggage departments of Canadian stores, everyone has itchy feet.

ALDERSHOT CHAPTER, I.O.D.E.
The March meeting of Aldershot Chapter, I.O.D.E. was held at Headquarters, with the regent, Mrs. G. Foreman, presiding.

Mrs. A. Wark, Mrs. J. Goodson and Mrs. D. Davis volunteered to work at the rummage sale to be held on June 1. Another sale is planned for September 21.

On a suggestion from Mrs. G. Bennett, educational secretary, Mrs. R. Little and Mrs. L. Buckman will be invited to speak to the Chapter on their work in the school for Retarded Children. A sum of money was voted for the purchase of supplies for this school and a committee of three, comprising Mrs. G. Foreman, Mrs. N. Munkittrick and Mrs. A. Wark was delegated to assist Mrs. Bennett in this connection.

Services at home and abroad secretary, Mrs. A. Wark, reported that an address on geriatrics had been given by municipal welfare secretaries by Dr. R. Bayne. The Chapter then discussed the possibilities of organizing a social group for elderly ladies. Foreman will assist Mrs. Wark in making the necessary investigations.

Aldershot Chapter's Standard will be carried at the annual meeting of the Provincial Chapter of Quebec in Montreal on April 11 and 12, by Mrs. W. Ellwood, delegate.

A report of a very successful food sale, held at Keeler and Cross store was given by the convener.

After discussing final plans for the anniversary supper, the recording secretary was requested to send letters of thanks to the many local stores who were giving donations towards this supper.

Following discussion of the Mother's Day tea, to be held in May, the members decided to have a booth featuring children's summer clothes at this event.

Plans for the annual ladies' night supper for the United Church Men's Club to take place on April 16 were finalized. L. Hodge kindly agreed to convene the kitchen for this supper.

Inconspicuous Onassis Is The Big Wheel
In Grace Kelly's Future Kingdom: He's

The Midas of Monaco

By ROSETTE HARGROVE

MONTE CARLO, MONACO — (NEA) — Most of the guests at Monte Carlo's famous old Hotel de Paris ignore an inconspicuous little man with a shock of iron-gray hair and bright eyes hidden behind horn-rimmed spectacles.

Actually, next to Prince Rainier, he's the most important man around. He's Aristotle Socrates Onassis, the fabulous modern Midas who practically owns the place.

To understand what makes Monaco tick, you must first realize that the principality's economy is tied closely to the famous Monte Carlo gambling casino. This is controlled by the SBM — Societe des Bains de Mer — which also controls the leading hotels, beach clubs and other establishments.

During World War II, Monaco took a financial beating. There wasn't much gadding about, gambling or other pastimes. And, after the war, the ranks of millionaires and crowned heads had considerably thinned, so the tiny country continued to suffer. And SBM's stock declined.

Onassis stepped in. He bought 200,000 of the organization's 1,000,000 shares, giving him virtual control. He didn't want a Casino so much as an office building for his main source of in-

come, his shipping interests. Monaco, with its site on the Mediterranean, was an ideal locale, and the SBM owned a perfect building for his purposes. He set up his office in what had been the Summer Sporting Club in the roaring '20s.

While he himself takes little active part in running his bailiwick — he says he has more important fish to fry — his administrators set to work hours after he became part of the picture. Their goal was to make Monte Carlo the most attractive summer resort on the Mediterranean, with a special appeal to youth.

One such attraction is Onassis' fabulous yacht, the Christina. It's a onetime Canadian corvette, 325 feet long, and it cost him \$3,000,000. Everything functions automatically. There is a full-size bar, a movie theatre, even a completely equipped operating room with X-ray apparatus. Priceless Turkish rugs are strewn in every room and the walls are covered in marble and lapis lazuli mosaics said to have cost hundreds of dollars per square foot.

Onassis has a chateau at nearby Antibes, a fabulous apartment in Paris, and homes in Montevideo, Athens and New York. All this, yet he's only 48. He was born in Smyrna, the son of a tobacco dealer. All his family was killed in a Turkish-Greek massacre when he was 16, but he escaped and fled, penniless, to Argentina.

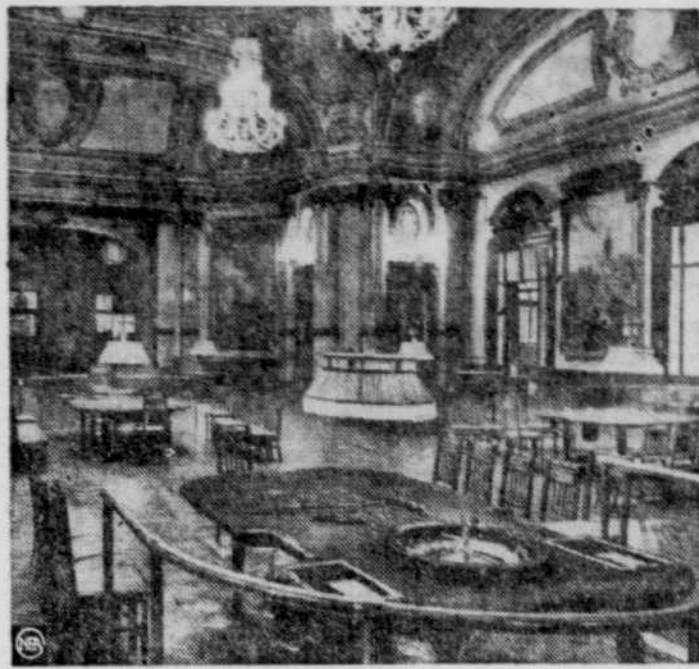

MONACO MECCA is the towering Monte Carlo Casino.

In eight years in the tobacco trade, he saved \$180,000 dollars. With that, he went into the shipping business and quickly amassed his huge fortune.

Current gossip in Monaco is that Rainier and Onassis seldom, if ever, meet socially. The Prince, according to rumors, is not too favorably disposed toward the financier. Nevertheless, when Rainier's engagement to Grace Kelly was announced, Onassis' first gesture was to donate 1,000,000 francs to the Monaco Red Cross and next he ordered his yacht to be illuminated with myriad fairy lamps until further notice.

The big yacht with the fancy lighting is just another fanciful touch to fanciful Monaco. The

MONACO'S MONEY IS MADE HERE. This is the roulette room at the Casino, where craps have been added to lure business.

wealthy Prince rules over a tiny domain—345 acres—and his subjects number a scant 2,500. He governs exclusively, although there is a National Council of 18 members. But the cabinet is nominated by the Prince and he can reject any of the Council's laws or rulings, whether it contains the Principality's budget or a traffic regulation.

Monaco has 170 policemen — plus the 60 carabinieri in the Palace Guard—yet crime is virtually non-existent. There were only two automobile robberies between 1935 and 1950, and the jail, at the moment, houses one lone prisoner.

Because of its taxless condition, Monaco is the mecca of many from all nations who would like to become citizens. There is supposed to be a waiting list of 10,000, but only 25 are admitted yearly. Even then they have to have rendered special service to the state and to have lived at least five years in the Principality. For court—and, so the rumors go, plenty of money—things are made easier.

On the other hand, since the end of the war, close to 1,000 people have been banished. Some of them were accused of being Nazis, Fascists or collaborators. Others may have made disparaging remarks about the reigning prince or his family.

Monaco is completely unself-sufficient. It is dependent on France and Italy for all its food, including fruit and vegetables. In only one respect can it take care of itself, and that's gambling.

Year in, year out, the Casino's profits were around \$3,000,000 a year—but the war changed all that. The British no longer had money, the Americans discovered Las Vegas and the Casino had to loosen its regulations. They began to allow shorts and sports shirts at the gambling tables, they imported slot machines, they flew a team of croupiers to Las Vegas to learn craps.

Things are looking up in Monte Carlo's Casino. There's Onassis. There's a new kind of millionaire—the Greek, Italian and Near Eastern industrialists. And there's Grace Kelly—Monaco hopes she'll be a magnet to lure American dollars back to Monte Carlo.

FANCY NEW SIGHT IN FANCY MONACO is Onassis' yacht, which even has trees planted on its awninged after-deck.

Southern Negro Has Progressed, But Great Barriers Still Exist

LAST OF THREE STORIES
By GEORGE KITCHEN
(Canadian Press Staff Writer)

The heritage of slavery still stalks through the Deep South. Ninety years after a civil war was fought to free him from bondage, the Negro in the southern states suffers the handicap of second-class citizenship and faces racial barriers that deny him rights accorded to other citizens.

His brother in the northern states, perhaps because his numbers are fewer and more widely dispersed, is better off. Racial discrimination in the northern states usually is by individual action, rather than by custom, and the northern Negro often has the support of protective state and local laws.

GREAT PROGRESS MADE
The southern Negro, his leaders will admit, has made great progress since the emancipation of the Civil War. School segregation, by edict of the Supreme Court, is legally dead. Racial discrimination in interstate travel is banned by federal authorities. Federal fair employment laws give him greater opportunity for industrial employment. He gradually is weakening state-imposed barriers keeping him from the polls.

The National Association for the Advancement of Colored People, the militant 300,000-member organization which has been fighting for Negro rights since 1909, says the Negro now is within sight of his objective of equality. It says it sees the eventual breakdown of all legal obstacles to equal opportunity but concedes that a change in white southern custom and thinking will be harder to achieve.

But, for all his achievements, the Negro still has great barriers to hurdle. There is almost universal discrimination in the solid South.

The Negro still must use seg-

regated waiting rooms and sit behind color bars on local and interstate buses. That local custom was the cause of the Negro boycott, now before the courts, of municipal buses in Montgomery, Ala.

VOTING OBSTACLES
Many southern states still employ devices aimed at reducing the Negro vote. These include poll taxes which many Negroes cannot afford to pay, educational qualifications and requirements that the prospective voter be able to interpret certain sections of the constitution. In some counties, NAACP officials say, the clerk simply isn't available when the Negro comes to register.

Marriages between white and Negro are banned in 29 states, including all of those in the Deep South, the so-called border southern states and most of the western states.

The discrimination extends into the judicial field. Few Negroes serve on juries because, in many localities, the jury lists are drawn from the voting lists. The fewer the Negro voters, the fewer the Negro jurors.

The federal justice department finds it difficult to press charges of vote disfranchisement in the South. The case is handled by a U.S. district attorney, a local man, and goes before a grand jury, made up of local people.

A long campaign for the eradication of the poll tax is beginning to pay off. Of 11 southern states which once required this fee, only five still have it on their law books. But violence and intimidation continue and many southern Negroes do not exercise their vote. Last year, there were an estimated 7,000,000 Negroes of voting age in 11 southern states. Yet, in the 952 presidential election, only 1,300,000 Negroes used their franchise.

LAWS BACKFIRED
Four states—Georgia, Alabama, Mississippi and Louisiana—

require prospective voters to explain and interpret various sections of the state or federal constitution. The Louisiana law backfired on pro-white forces recently in one pro-segregation county. The county register reported that two dozen, prospective white voters flunked their tests while only two Negroes failed to make the grade.

INVERNESS—

Mr. and Mrs. William Lunn and son, Hubert, of Waterville, visited Mr. and Mrs. Allan Little.

Mr. and Mrs. John Cruickshank and daughter, Ann, accompanied by Mrs. Cromarty Cruickshank and Donald Robinson, of Dublin Range, were in Montreal recently.

Besides his two daughters, those present at the celebration of Mr. Little's 86th birthday on March 25 were, Mr. D. Evans, student at Bishop's University, and Mr. Lloyd Little, of Lennoxville. Lynchings, once numbered in the hundreds, appear to be on the way out. In 1935, when the NAACP first opened a campaign for congressional adoption of an anti-lynching law, 19 lynchings occurred. In 1939, the number had dropped to two.

There have been no "formal" lynchings in the United States since 1951, though last year two white men were charged with fatally shooting a Negro youth from Chicago, Emmett Till, in the Mississippi delta country for allegedly trying to "date" the wife of one of the men. They were quickly acquitted by an all-white jury.

Recently in the same locality a white man who shot a Negro service station operator to death in an argument over the amount of gasoline being put into his gas tank also won acquittal. He claimed to have shot in self defence but two witnesses testified

Colorful Ice Show Holds Spotlight At Local Arena This Weekend

ANDREE DUBOIS

Winter Club's Annual Ice Parade Features Twenty-Three Acts

Twenty-three colorful, rhythmic numbers will be featured in the Sherbrooke Winter Club's Ice Parade of 1956 this Saturday and Sunday at the Sherbrooke Arena.

Such well-known local ice stars as Dick Nutter, Bishop's University Carnabelles and youngsters of the Sherbrooke Winter Club Ensemble will combine talents in a colorful array of comedy acts, dance numbers and special routines planned for the event.

Over 80 members of the Winter Club ranging from two-years-old up, will take part in the show. Their trainer is Miss Hedy Spremberg, who has been with the club for the past five years. Proceeds of the show will go toward maintaining the Winter Club, established in Sherbrooke for over 20 years with the sole purpose of instructing children and teenagers in figure and fancy skating. President of the club is Arthur Lawson.

The two-hour show will be presented three times with eight o'clock evening shows Saturday and Sunday and a special matinee Sunday afternoon at 2:15. Musical accompaniment will be by Jack Lenaghan at the organ.

Headlining the soloists of the Ice Parade will be Dick Nutter, formerly with Barbara Ann Scott's Hollywood Revue, an outstanding comedy skater. Claude Dubois, another Sherbrooke boy, will execute some flying jumps

for his solo number and he and Dick will appear in a comedy skit entitled Two Sailors.

Other soloists will include pert Andree Dubois in a dramatic act, called Dream in Black and White; Norman Roy, former Val d'Or star, in Smooth Gliding, and separate numbers by Ruth Maskell, Richard Wilcox, Claudette Kenalty, Micheline Jacques and Shirley Taylor.

The University Carnabelles, who won acclaim with their performances at Bishop's and McGill Winter Carnivals, will appear in costume in two drill numbers. The girls will perform a difficult Charleston Dance and a colorful precision number.

Thirteen members of the Club Ensemble will show their fine form in a Balloon Dance, with appropriate props. Renaude Nadeau will be soloist.

Thirteen hula girls will don native costumes for the first number of the show, entitled, simply, Hawaii. Renaude Nadeau and Donna Martin will lead the girls.

The junior members of the club have a special Winterland number for the show, when Carole Forbes will emerge from a dancing snowball, and Benny Price from a skating snowman. To complete the act, young Sandra Davey will be the Girl With The Sled and 15 girls will be the Winter-Belles.

Ten skaters will be seen in a

HEDY SPREMBERG

Modern Rhythm routine, which consists of a fast skating drill done in modern dance tempo. The final group act of the program will be a Barn Dance when 18 boys and girls will perform a skating hoedown.

In addition, there will be six other numbers, including Polka with Ruth Maskell, Janine Blouin, Pierrette Paquin and Lise Frappier; Dance Variation, with Ruth Maskell, Shirley Taylor, Richard Wilcox, and Jac Croteau; Pierrette and Pierrots, with Anne Atto, Richard Wilcox, and Norman Roy; To The Races, with Anne Atto, Beverly Lawson, Rita Lenaghan and Lois Sawyer as Jockeys; Tango by Beverly Lawson and Rita Lenaghan; and Adagio Phantastic, with Denise and June Moreau.

Red Wings Finally Beat Canadiens 3-1 To Keep Playoff Hopes Alive

Canadiens Aren't A Super Team; If You Check Them Closely You Can Beat Them, Says Coach Skinner

DETROIT — (CP) — Coach Jimmy Skinner of Detroit Red Wings, commenting on his team's 3-1 victory over Montreal Canadiens Thursday night, said "The Canadiens aren't a super team; if you check them closely you can beat them."

In their dressing room the victorious Red Wings, back on the Stanley Cup trail although still behind 2-1 in games, chorused: "They can't take it."

"That's the big one," said captain Ted Lindsay. "It will make those guys think a little."

Of the rumpus at Canadiens' bench late in the game when Doug Harvey was reported to have jabbed a spectator with his stick, general manager Jack Adams of the Wings said: "You know they are choking a little when they start fighting the fans." In the Canadiens' room

there was little talk. The players began showering and dressing quickly but the general tenor of their comment was: "That's a bad game we got out of our systems."

Managing director Frank Selke told the players:

"Forget this game. Now let's go after the Sunday one. I felt we wouldn't win this series in four straight, so forget this one."

10-Foot Dribbler Is Payoff Shot For Saint John Beavers Who Edge Chatham 5-4 In Allan Cup Fixture

Chatham — (CP) — A dribbling puck that hopped crazily into the nets put the brakes on a powerful third-period drive by Chatham Maroons Thursday night and gave Saint John Beavers a 5-4 victory in the opening game of the Allan Cup semi-final series.

The 10-foot dribbler was fired by Beaver forward Frank Kuzma at 19:17 of the final period and caught Chatham goaltender Marv Edwards by surprise.

It wrecked a dramatic comeback by Maroons, who scored three goals by the 15-minute mark of the third session to tie the engagement at 4-4. The second game of the best-of-seven series is scheduled here Saturday night. All games will be played in Chatham.

Beavers, champions of the Atlantic Coast Senior Hockey League were in danger of being bulldozed into defeat before Kuzma came up with his goal. The New Brunswick champions had taken a 1-0 lead in the first period and lengthened it to 4-1 by the end of the second.

Vip Palladino led Beavers with two goals. He sent them into the 1-0 first-period edge and made it 3-0 in the second. Mark Boileau and Walter Kullman scored singles. Eric Unger, Graham Joyce, Alex Viskelis and Lloyd Ferguson accounted for the Chatham scoring.

It was a heartbreaker for Maroons, a Cinderella team that finished fourth in the regular Ontario Hockey Association Senior A race and then upset three clubs to snatch the all-Ontario crown.

Joyce beat Beaver goaltender Jim Shirley on a lone rush at 7:44 to make the count 4-2. Ferguson cut the lead to 4-3 during a ganging attack at 9:21. Unger tied things up. That's as far as they went.

Shirley handled a total of 31 Chatham drives. Edwards took care of 24 shots.

Maroons put on the pressure early in the game but they were stopped cold by Shirley's sensational performance. Loose clearing by the Chatham defence led to Beavers' first goal. Ron Rubie, Saint John team captain, sent Palladino into the clear and the Beaver forward had Edwards all to himself. He scored with a low shot to the right-hand corner.

Beavers made it 3-0 in the middle of the second period. Boileau scored at 12:35 and Palladino picked up his second marker at 13:53. Kullman added his at 15:08 before Viskelis notched the first Chatham goal.

Nine Nova Scotia Fighters Reach Finals; Quebec Has Five In Army Boxing Championships For Tonight

Kingston, Ont. — (CP) — Two brothers from Stellarton, N.S., Leslie and Everett Mason, have punched their way into the finals in two different classifications at the Canadian Army boxing championships here.

Everett, a sergeant in the Black Watch Regiment, stole a page from his elder brother's book Thursday night when he gained a first-round technical knockout over John Lavers of Halifax.

The younger Mason operated with cool efficiency in his light welterweight bout and lashed out so hard with a right cross as the first round ended that Lavers was unable to answer the bell for the second.

Leslie gained a berth in the welterweight finals when he dropped Roland Dussault of Quebec City three times in the first round.

Seven of the 10 bouts in the night's open card were won either on knockouts or technical knockouts.

Featherweight Robert Doucette of Campbellton, N.B., won a final berth when he finished off R. C. Frost of Wainwright, Alta., in the first round. He will meet Jerry Vanstone of Dartmouth, N.S., who finished strong in a spirited bout to decision Edward Beaulieu of Saint John, N.B.

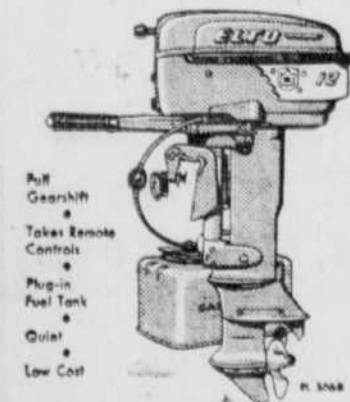

Central command will have 12 of the 36 boxers in action in the final bouts, nine in each of the novice and open classifications. Western command follows with 11 and then come eastern 6, Quebec 2.

Not counting six afternoon novice bouts, Nova Scotia has nine men in finals and New Brunswick two.

Young Herb Score Has Put Blinkers On His Fast Ball; May Be Just The Impetus To Carry Indians To Pennant

Young Herb Score apparently has put blinkers on his fast ball, and this could provide just the impetus needed to carry Cleveland Indians to the American League pennant.

If the rival New York Yankees, Chicago White Sox and Boston Red Sox have been looking hopefully for signs that the 22-year-old scouthpaw fireballer might be stricken by the "sophomore jinx," they can find no comfort in spring developments to date.

Score, the American League's "rookie of the year" and leading strikeout specialist in 1955, continues to live up to his appellation as the "new Lefty Grove" and to manager Al Lopez' prediction that he'll be baseball's greatest pitcher in two years.

The towering young lefthander from Lake Worth, Fla., pitched five scoreless innings against New York Giants Thursday at Corpus Cristi, Tex., in helping Indians to their second straight 2-0 shutout. His steaming fast ball under full control, he gave up only two hits and fanned seven.

Except in this game and the night contest at Houston in which Pittsburgh Pirates whipped Kansas City Athletics 6-1, the exhibitions Thursday showed the hitters well ahead of the pitchers.

A total of 21 home runs were hit in the six games, with the biggest explosion at Albany, Ga., where Chicago White Sox beat St. Louis Cardinals 10-7, with each team getting four homers. White Sox home runs were by George Kell, Luis Aparicio, Sherm Lollar and Minnie Minoso. Joe Frazier, Solly Hemus, Bill Sarni and Red Schoendienst homered for St. Louis.

Chicago Cubs collected five home runs — two each by Ernie Banks and Clyde McCullough and another by Don Hoak — in blasting Baltimore 16-4 at Alpine, Tex.

Milwaukee socked Brooklyn's world champions 8-6 at New Orleans with the feeling between the two teams remaining sensitive as a result of Wednesday's near brawl. Hank Aaron and Bob by Thomson homered for the Braves, Charlie Neal and Roy Campanella for the Dodgers.

There were two home runs — by Washington's Whitey Herzog and Cincinnati's Bob Thurman — in the Redlegs' ninth inning 4-3 comeback victory over the Senators at Camp Gordon, Ga.

Vernon Edges Winnipeg In Western Final

Kelowna, B.C. — (CP) — Vernon Canadians took a 2-0 lead in the best-of-seven final to decide the western Allan Cup representatives when they downed Winnipeg Maroons 5-4 here Thursday night.

Vernon won the first game Tuesday 4-1. Tom Stecky and Odie Lowe each scored twice for Vernon, with Frank King getting the single. Ron Castlane, Jim McKenzie, Fred Dunsmuir and Murray Balagus were Maroons' marksmen.

The teams move back to Vernon Saturday.

JOHNNY SALKELD RETAINS TITLE

Vancouver — (CP) — Johnny Salkeld of Calgary retained his Pacific Northwest welterweight boxing championship here Thursday night by taking a 12-round decision over Buddy McDonald of Edmonton. Each weighed 145 pounds.

Pee Wees Move Into Finals Tomorrow Night

Goderich, Ont. — (CP) — The Young Canada pee wee hockey tourney narrowed toward the finals in the three top divisions today.

Winnipeg Mustangs blanked three opponents Thursday and tonight will meet either Toronto Ted's Pals or York Township for the AA series title. Pals are present champs.

Titles also will be decided today in the A and B series groupings.

The grand championship will be decided Saturday night. The tourney is a sudden-death program — lose once and you're out. The age limit for players is 12 years.

St. John's, Nfld. came the longest distance and was a sentimental favorite. But the islanders were eliminated in their first game Thursday by Mimico Fustinas, 7-1.

Doug House scored the St. John's goal in the second period. Bob Lipic scored four times for Mimico. Mimico later was knocked out by York Township, 6-2.

Seventy-four teams and 1,200 players have taken part in the tournament.

Winnipeg Dumps Calgary Stamps

Calgary — (CP) — Winnipeg Warriors, showing strength from the goal out, moved to within one game of the Western Hockey League final when they trounced Calgary Stampede 7-2 Thursday night.

The win gave the free-wheeling Warriors a 3-1 lead in the best-of-seven series. The clubs meet here again Saturday night. A crowd of 8,235 attended.

Rookie Barry Cullen paced Warriors with two goals. Mike Nykoluk, Hugh Barlow, Eddie Mazur, Mike Keating and Skippy Burchell also scored.

Jimmy McFadden and Steve Wituk scored for Stampede.

Detroit Comes Up With Best Tilt Of Series, Outplaying Canadiens; Jean Beliveau Registers A Beauty

By W. R. WHEATLEY

DETROIT — (CP) — Detroit Red Wings bounced back with 60 minutes of spirited play and the best hockey they have produced in this Stanley Cup final to slap down Montreal Canadiens 3-1 Thursday night.

The result halted the threatened runaway of the favored Canadiens in the best-of-seven series and cut the Montrealers' margin on games to 2-1.

In adhering to the script that has marked the meetings of these two bitter rivals in home-ice victories, Red Wings showed more punch and lasting power by coming up with two big goals in the third period.

Tough little Ted Lindsay broke a oneall deadlock that had lasted since the first period and Gordie Howe made it safe for the Wings with less than two minutes to go.

The earlier goals in the tightly-fought and tightly-played game were scored by Red Kelly of Wings and Jean Beliveau of Canadiens.

Red Wings were the sharper team Thursday night, in contrast to the two previous games in Montreal, when they faltered and tired for 6-4 and 5-1 losses.

The home-ice win, before a jubilant Detroit crowd of 14,544, marked the 12th consecutive time Wings and Canadiens have won before their home fans in the cup final.

This is also the third consecutive year they have met — Wings winning the cup in the 1954 and 1955 meetings. The last time the visiting team won was the fifth game of the 1954 final when Montreal pulled out of 1-0 victory.

The rugged and at times rough play produced 13 penalties — seven against Canadiens — and each had four in the first period. The biggest blowup of the night occurred around the Montreal bench following Howe's insurance goal.

A spectator was reported to have made some blistering comments to Doug Harvey and Jean Beliveau of Montreal and the two of them were in the thick of a sudden flareup that threatened to develop into a first-class brawl.

A stick clipped the spectator in the face and police moved in. Montreal players were swarming into the mixup and Maurice (Rocket) Richard clambered to a vantage point on top of the railing. The spectator was reported to have required two stitches along the side of his nose. There was another flareup after the game in the alleyway leading to Canadiens dressing room but police again moved in.

Red Wings got the jump on Canadiens in the first period while Montreal was a man short. Kelly scored at 14:27. Howe carried the puck into the Montreal end and Kelly, who earlier in the game discarded the mask he wore in the first two games to protect facial injuries, whipped a fast shot past goalie Jacques Plante.

Each team was shorthanded when Beliveau scored a pretty goal to tie up the game at 19:20.

Helen Stewart, Vancouver, Places Second In US Women's Indoor Meet At Daytona In 100-Yard Freestyle

Daytona Beach, Fla.—(AP)—Helen Stewart, 17-year-old swimmer from Vancouver, placed second in the 100-yard freestyle event of the U.S. Amateur Athletic Union women's indoor championships today, after leading for 75 yards.

Miss Stewart, who holds 24 Canadian records and two American records, finished behind Wanda Werner, 15, of Bethesda, Md., in 58.9 seconds, one-tenth of a second slower than her previous best for the distance.

The American girl finished in 58.6 seconds. Ginny Grant of Toronto was fourth.

In the 400-yard individual medley, won by Sylvia Rauska of Berkeley, Calif., in 5:14.9, Susan Sanster of Vancouver placed sixth.

Miss Stewart holds the Canadian 100-yard freestyle record of 58.8 seconds for a 25-yard pool, seven-tenths of a second off the world mark.

She holds the American record of 59 seconds for the 100-yard freestyle in a 20-yard pool and the U.S. record of 26.6 seconds for 50-yard freestyle in a 25-yard pool. She was a gold medal winner in the 100-metres freestyle at last year's Pan American Games in Mexico City.

Venturi Leads Pros In Masters

AUGUSTA, Ga.—(AP)—Ken Venturi, the current idol of golf's bobby Sox set, took a page from Billy Joe Patton's book of sensations Thursday and again showed that an amateur can lead the greatest pros for a round of the Masters tournament.

Venturi, a handsome young automobile salesman from San Francisco, did it with a round of 32-34—66, six under par and one of the finest scores ever made on the massive 6,965-yard Augusta national course.

At the end of a rain-sodden opening day, that put him one stroke ahead of Carry Middlecoff, the defending champion; two up on a pair of seasoned pros, Shelley Mayfield and Tommy Bolt, and even farther in front of the men everyone fears, Ben Hogan and Sam Snead.

Three Canadians—Moe Norman of Kitchener, Ont., Stan Leonard of Vancouver and Lachute, Que., and Al Balding of Toronto—all carded 75s.

Sullivan Will Take Case To Supreme Court

New York.—(AP)—Matchmaker Tex Sullivan, whose license was revoked by the state athletic commission, said Wednesday he will take his case to the appellate division of the state Supreme Court.

Sullivan was beaten in a previous appeal. On March 27 state Supreme Court Justice Morris Eder upheld the commission's action in barring Sullivan and his London Sporting Club. The club also had been fined \$5,000.

Sullivan club had promoted 98 consecutive Monday night television fights over the Dumont network from the St. Nicholas Arena. Following Eder's ruling, Dumont awarded a two-year contract to matchmaker Ted Brenner to continue the Monday night promotions.

Matches May Be Increased

LONDON.—(Reuters)—Plans to extend the Curtis Cup women's international golf contest from its present Anglo-American status to embrace teams from Canada, Australia, Europe and Africa have been formulated by the British Ladies' Golf Union.

This year's contest in June between Britain and the United States may be the last in its current form if plans already circulated are adopted.

Four international zones—North America, Europe, Australasia and Africa—are suggested. Qualifying matches would be played in each, the winning section to send a team to contest the Curtis Cup every three years, as against the present biennial Anglo-American contests.

The finals would be a tournament in which all teams played each other.

NEW RACING SECRETARY—Alberic Cloutier, who has been appointed secretary of the Sherbrooke Racing Club, arrived in the City this week to take over his new duties. Mr. Cloutier hopes to have the local track ready for the races by the middle of next month. At present they are working on it and will lay a new surface as soon as the snow is cleared.

Joey Giambra And Sullivan Meet Tonight

SYRACUSE, N. Y.—(AP)—Joey Giambra, determined to fight his way to the top of the middleweight division, battles rugged Johnny Sullivan of Britain tonight in a 10-round here.

Giambra, a 24-year-old Buffalo, N. Y., youth, was a high-ranking 160-pounder until he went into the army for a two-year hitch that ended last December. He was an overnight 7-to-5 favorite.

IMPROVED SHOOTING—The Dominion of Canada Rifle Association was founded in 1868 to foster marksmanship among Canadian defence forces.

Runners To Aid Santee's Case

New York.—(AP)—Wes Santee, the centre of a legal brawl with the Amateur Athletic Union, declared Wednesday that "there will come a time when I will testify and the rest of the fellows will testify."

By the "rest of the fellows," he explained, he meant eight athletes and three present athletes who are willing to come to his defence in his contention his expense accounts were not out of line with ordinary practice.

The AAU has suspended Santee for life for accepting excessive expense money. Santee is fighting the case in court and a decision is expected shortly on his suit to block the AAU from enforcing its edict.

Attendance In QHL Is 420,459; After 6th Club

Montreal.—(U)—Attendance at regular season games of the five-team Quebec Hockey League totalled 420,459 in 1955-56.

George Slater, president said Wednesday night.

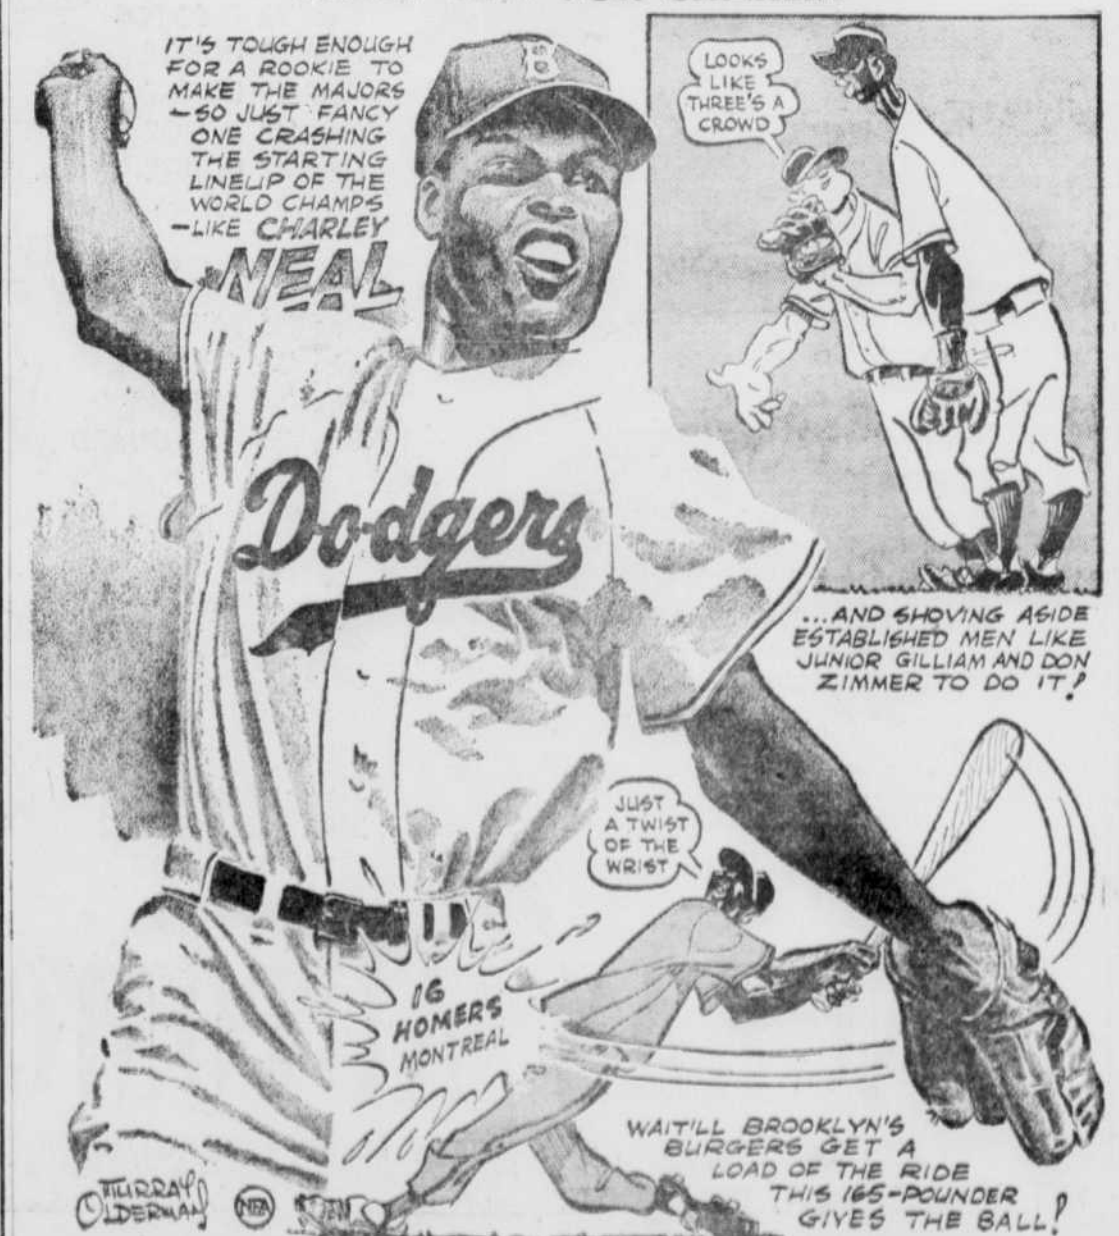

This is a decrease from the 436,520 that attended during the 1954-55 season. There were six teams in the league for part of 1954-55, however. Ottawa Senators dropped out Dec. 20, 1954, after drawing 27,081 fans.

Trois-Rivieres replaced Valleyfield this season, and accounted for the largest increase. Valleyfield drew only 35,667 fans last year while 64,962 attended the 32 home games in Trois-Rivieres.

Attendance figures for the four teams with last year's figures in brackets: Shawinigan Falls 78,526 (69,322); Montreal 114,292 (105,541); Chicoutimi 81,077 (74,748); Quebec 81,602 (103,161).

Slater said he is trying to woo a sixth entry into the unbalanced league. He mentioned Ottawa, Hull, Sherbrooke, Sorel and Cornwall as possibilities.

MAKE WAY FOR CHARLEY

Doug Ford Has Filed Entry For Labatt Open At Royal Quebec In July; Holds Record For Event

Doug Ford, the business-like pro from Kiamisha Lake, N.Y., whose golf career as a winner in the official P.G.A. tournament circuit began with his triumph in the Labatt Open in the summer of 1953 on the Summerlea Golf Course where he shot a tournament record of 265, has announced that he will be back to try again this summer.

In a card to Ken Murray, former C.P.G.A. President and now Tournament Manager for the Labatt Open, Doug Ford stated he will be among the professionals trying for the \$26,800 purse on the magnificent course of the Royal Quebec Golf Club at Boischatel, near Quebec, from July 12th to 15th inclusive.

Ford will be in search of a double victory as the week after he will defend his P.G.A. championship at the Blue Hill Golf and Country Club in Canton, Mass.

Since his victory in the initial Labatt Open in 1953, Doug Ford has always been a great favorite to repeat and has never finished lower than in fourth place, which is quite a feat considering the star-studded field. When Doug Ford came to Summerlea in the summer of 1953, he played 15 strokes off par in four beautiful rounds of competitive golf. He shot 67, 69, 64 and 65 for a total of 265, which netted him first prize of \$5,000.

His total of 265 has yet to be equalled or broken but the Labatt Open of 1954 saw Bud Holscher of Santa Monica, California, play a marvelous final round of 63 at Scarborough in Toronto. Even with the help of the exceptional round, Holscher wound up with 269, four strokes more than Ford's total the previous year.

There is no doubt that next July Doug Ford will see to it that on leaving Boischatel for Canton, Mass., where he will defend his P.G.A. championship that he will have once more assured himself a fair amount of the \$26,800 purse.

CNE Calls Off Famous Swim

Toronto.—(U)—Canadian National Exhibition officials announced Thursday night that the CNE will not sponsor a marathon swim across Lake Ontario this year.

The exhibition's sports committee was unanimous in deciding to drop sponsorship of the 32-mile grind.

Lack of regulation to control an across-the-lake swim and rough and cold weather which may be expected at that time of the year were reasons given. However the door was not completely closed on the swim. The committee said a further study will be made at a future meeting.

Marilyn Bell of Toronto is the only person to swim the lake. She did it in 1954.
