GERMAN OFFICIALS DENY REPORTS OF IMMINENT RETURN TO LEAGUE

Foreign Office Spokesman Declares that Despite Signing of Naval Accord with Britain, Several Problems Still Demand Solution Before Reich Re-entry Can Be Considered—Two Nations Seek to Slow Down Building Programmes—Britain Still Seeking Italo-Ethiopian Settlement.

Berlin, June 22.—Reports that Germany would return to the League of Nations as a result of her naval pact with Great Britain were spiced today by a Foreign Office spokesman, who said, "Our return to Geneva is by no means imminent."

Although political circles viewed the naval accord as a tremendous success for the Third Reich, the opinion prevailed that there are still other things to be granted to Germany before her re-entry into the League can be considered.

An air pact is one of the points in question. This was said to have been placed before British statesmen during the recent naval conversations.

Regarding significant, however, is the disappearance from German newspapers of scathing editorials against the League. This was generally interpreted as a silent preparation of domestic ground for an eventual return to Geneva.

WOULD EXTEND PROGRAMME OVER SEVEN-YEAR PERIOD

London, June 22.—Great Britain expects to obtain from Germany assurances that she will not build up her allotted tonnage of thirty-five per cent. of that of the British fleet for at least seven years, it was said by an authoritative source today.

The British and German delegations which recently reached an agreement on the relative size of the two fleets held their final session today. It was announced that if further negotiations prove necessary they will be held through the ordinary diplomatic channels.

It was confirmed officially that the seven-year building period has been the principal proposal under discussion since the conclusion of the ratio agreement last Tuesday.

The German point of view was explained by a spokesman who said that Germany was willing to extend her building "over as long a period as possible, but this naturally depends upon what other countries will do."

DETERMINED ACCORD NOT TO BREAK UNITED FRONT

Paris, June 22.—Capt. Anthony Eden, Great Britain's Minister for League of Nations Affairs, and Premier Pierre Laval resumed their conversations here today in an effort to find a common starting-point for the solution of Europe's security problem in the face of the recently completed Anglo-German naval agreement.

It was understood that after four hours' discussion yesterday, devoted almost entirely to the agreement by which Great Britain has sanctioned a German navy thirty per cent. of her own, Eden telephoned Downing Street and was prepared to return to the conference today with his Government's last-minute view on the situation.

The most concrete idea developing from the first day's conference was that representatives of both France and Great Britain were agreed that the Anglo-German naval accord should not be permitted to disrupt the Franco-British-Italian front established in Stresa and confirmed at Geneva.

ITALY STILL OPPOSING BRITISH INTERVENTION

Rome, June 22.—Attempts to assuage friction between two Great War allies—Great Britain and Italy—over the latter's moves in Ethiopia depended largely today upon a forthcoming visit of Britain's Anthony Eden.

Official circles today said conversations with Eden would be limited to a discussion of Britain's naval accord with Germany and an air pact and that the Ethiopian question is not on the programme.

APOLOGY SETTLES LATEST EAST AFRICAN INCIDENT

Rome, June 22.—Italian quarters announced today the latest incident with Ethiopia, involving the tearing of an Italian flag from an automobile of this country's legation in Addis Ababa, had apparently been settled through an Ethiopian apology.

The Foreign Minister of Ethiopia, Blatiengueta Heru, said a dispatch to the Foreign Office here, went to the Italian legation at Addis Ababa and formally presented his apologies for the insult to the flag.

CLAIM LIBERAL POLICY WOULD RUIN PROVINCE

New Brunswick Premier Tells Electors that Businessmen of Province Cannot Stand Direct Taxation as Proposed by Opposition.

Saint John, N.B., June 22.—With the dawn of the last week-end before polling at the New Brunswick elections next Thursday, candidates in all constituencies girded themselves today for more intensive campaigning.

"The integrity of the Province of New Brunswick will be maintained at all times and its financial obligations fully met as long as I remain Premier," Hon. L. P. D. Tilley said at St. Andrews last night.

The Liberal leader, A. A. Dyrart, addressed a meeting at St. Stephen, nine miles away.

If the Opposition leader's party were victorious and meant to inaugurate direct taxation, "then I will be very sorry for the merchants and business men of the Province who have struggled so manfully during the depression period to maintain the credit of their organizations," the Premier said. "Direct taxation, in my opinion, if put into effect by the Province as well as by the Dominion, which already has it, would cause a very serious financial situation."

Mr. Dyrart criticized the Government for "tremendous expenditures; for paying \$56,000 more than was necessary in building the Provincial Normal School; for paying too much for the first day's conference; for too much money on hard-surfaced roads."

HAVING DIFFICULT TIME IN FORMING NEW GOVERNMENT

Belgrade, June 22.—Prince Paul, Yugoslav Regent, today interviewed leaders of all the political parties, regardless of whether they are represented in Parliament, in his efforts to form a new government.

RELIEF STRIKERS TELL MINISTERS OF TROUBLES

Representatives of Western Relief Camp Trekkers Not Anxious for Assistance of National Unemployment Council During Interview.

Ottawa, June 22.—Relief camp conditions in the western provinces and organized unemployment movements in Ontario and Quebec, occupied the attention of the Dominion Cabinet today.

Delegations from Toronto and Montreal representing the National Unemployment Council of Canada sought to join eight delegates from two thousand British Columbia and Alberta relief camp strikers now in Regina, in meeting the Cabinet. The western men wanted to play a lone hand.

RUMORED HUGE PORT OF CANTON IS TO BE BLOCKADED

Hong Kong, June 22.—The arrival here of six warships of the Chinese Nationalist Government led to rumors today the huge port of Canton would be blockaded.

Reports from that city said residents were greatly alarmed. The blockade, it was said, would be a last resort to effect the release of Admiral Kiang Shi-Yuen, British-educated officer, who brought two rebel cruisers from Nanking to the Canton Government. The Admiral is said to be held a prisoner by Chan Tai-Tung, leader of the Canton Government.

The officer fled Saturday after many of his associates were arrested in a naval mutiny against the Government.

QUERIES HOUSE ON REMARKS OF CHIEF JUSTICE

C.C.F. Member Hints that Bishop's Chancellor Was Meddling in Politics in Convocation Address Supporting National Government Proposal.

Ottawa, June 22.—Bishop's University Convocation entered the House of Commons yesterday when J. S. Woodsworth, C.C.F. member for Winnipeg North Centre, rose on the orders of the day and after reading press reports of Chief Justice R. A. E. Greinfeld's remarks in favour of a national government, asked the Prime Minister if a member of the bench should be permitted to meddle in politics.

The Prime Minister parried the thrust by saying that the utterances of a judge in his capacity as Chancellor of an educational institution were a different matter.

"The Honorable Chief Justice was aware," said Mr. Woodsworth, "that he was touching upon a controversial matter, and might be subject to criticism. I would like to ask, in view of the fact that there is a definite political movement towards a national coalition government today, whether it is appropriate that a judge should enter the political field and meddle with political matters?"

"It is easy for me to say," replied the Prime Minister, "that the Government is of the opinion that neither the Chief Justice of the Superior Court of Ontario, nor the Chief Justice of Ontario, Sir William Mulock, should indulge in party politics, and we very much regret that any chief justice should do so. We feel quite certain that any observations that were made were not intended to be a definite political movement towards a political character, but rather were indicating the private opinion of one who at the time he spoke was occupying the position of Chancellor of the University over which he presides."

Mr. Garland, C.C.F. Bow River, distinguished private statement of opinion from public statement of opinion? There was no reply to this query.

RESUME PARLEY ON DOMINIONS' MEAT EXPORTS

Early Solution of Much-Vexed British Meat Quotas Hoped for Following Misunderstanding with Australia.

London, June 22.—Conferences on meat imports between representatives of Britain and the Dominions remained unfinished today, in spite of hopes that agreement would be reached before the retirement of Ramsay MacDonald as Prime Minister.

It is believed that the talks, which resume Monday, will be carried on with a vigorous effort to reach an understanding.

It was understood the announcement from Melbourne yesterday, to the effect that for the third quarter of 1935 allowed Australia larger shipments, were the result of a misunderstanding. The Government is likely to insist that the quotas do not exceed the amount imported during the second half of 1934, notwithstanding that a portion of Australia's quota already is en route.

CLAIMS WIFE OF KIDNAPPER WAS INNOCENT ACCOMPLICE IN CRIME

Judge Refuses to Accept Guilty Plea of Margaret Waley After Statement of Defence Attorney that Woman Knew Nothing of Crime Until After Boy Had Been Stolen—Will Have Chance to Make New Plea Today—Husband Given Forty-Five-Year Term for Part in Conspiracy.

Tacoma, Wash., June 22.—Without the aid of her self-confident husband, nineteen-year-old Margaret Thulin Waley faced a choice today between a fight for possible freedom or again pleading guilty to complicity in the \$200,000 kidnapping of little George Weyerhaeuser.

Her answer will be given in Federal Court today.

Waley was immediately sentenced to forty-five years and taken to prison after she pleaded guilty under the Lindbergh kidnap law yesterday. He also received a two-year concurrent sentence for plotting the abduction with the fugitive William Mahan, alias William Mahan.

Margaret pleaded guilty too yesterday, but Judge E. E. Cushman refused to accept her plea after Defence Attorney Stephen J. O'Brien asked leniency on the ground that she knew nothing of the kidnapping until after the little boy had been stolen.

A life sentence could have been imposed on Waley but Judge Cushman presumably considered the confessions of the Waleys.

Federal officers said the twenty-four-year-old prisoner would be eligible for parole after fifteen years. Two hours after their brief court appearance the Waleys made a sorrowful farewell to each other in the office of United States Marshal A. J. Chitty. Then she was whisked back to jail to await disposition of her case.

Stephen J. O'Brien, attorney appointed by the court to represent the couple, called attention to the youthfulness of the accused girl.

"She rented the house as charged in the indictment without knowing what it was for," said O'Brien. "She knew nothing of the kidnapping at the time."

"On your statement," said Judge Cushman, "I refuse to accept her plea of guilty. I will not accept an unqualified plea. Case put over until this morning."

Harmon M. Waley, who yesterday was sentenced to forty-five years for his part in the abduction of George Weyerhaeuser at Tacoma, Wash., was arrested Saturday, June 8th, at Salt Lake City, but news of the arrest was not announced until the following day by J. Edgar Hoover, chief of the bureau of investigation of the Department of Justice at Washington, D.C.

Immediately Department of Justice agents flung themselves into a wide hunt over the United States Pacific northwest for William Mahan, forty-two-year-old former convict who was implicated by Waley and his wife who gave a full confession to the Department. Mahan has not yet been apprehended.

The arrest of the Waleys was confirmed at Salt Lake City by L. D. Wine, chief of the federal bureau there. Wine revealed they had been captured the day before. Their arrest climaxed a frenzied hunt which followed a trail of ransom money from Huntington, Ore., to Salt Lake City.

IRELAND READY TO TALK PEACE WITH BRITAIN

Six Questions Expected to Be Discussed at Mooted Reunion Conference Between De Valera and British Officials.

Dublin, Irish Free State, June 22.—Irish Free State and British statesmen are preparing for a formal reconciliation, high government quarters indicated today.

President Eamon de Valera, whose recently friendly speeches regarding relations with England started the ball rolling, expects to be called to London soon to discuss political and commercial agreements.

The following questions, it was learned, have tentatively been listed for possible inclusion in any pact or group of pacts:

1.—Elimination of the office of Governor-General of the Free State and the inclusion of the title and duties of the office in that of the presidency.

THREE HELD FOR LAKE MEGANTIC ROBBERY

Montreal, June 22.—Three men, two of whom were released from the penitentiary by the Jubilee amnesty, today were being held by provincial police in connection with the \$2,000 burglary committed at Mayor Aristide Roberge's store, Lake Megantic, this week. Their names were withheld by police. Another arrest is expected shortly.

EIGHT DEAD AND MANY WERE WOUNDED DURING CLASHES

Mexico, D.F., June 22.—Despatches today from Perote, Vera Cruz, said eight men were killed and several wounded yesterday when rival factions of agrarians clashed.

In Torreon, Coahuila, one man was shot to death and two wounded during a political rally.

YOUNG GIRL WAS FATALLY HURT IN EXPLOSION

Daughter of Achille Cameron, St. Edwidge, Died in Hospital Today from Burns Sustained when She Endeavoured to Light Fire with Gasoline.

An explosion which occurred when gasoline was used to light a fire in the kitchen stove today claimed the life of eight-year-old Jeannine Cameron, daughter of Achille Cameron, of St. Edwidge. The explosion occurred at five o'clock yesterday afternoon and the young girl succumbed to severe burns and lacerations at the St. Vincent de Paul Hospital this morning.

Leonidas Bachand, district coroner, held an inquest into the tragedy today, a verdict of accidental death being returned.

Mrs. Cameron was in the barn yesterday afternoon when young Jeannine decided to help with the supper and started the fire in the kitchen stove. The young girl apparently had difficulty in starting the fire, so she poured some gasoline on the fuel. A terrific explosion occurred, setting fire to the child's clothing and to the house.

Her clothes in flames, the terrified youngster ran out of the house towards the barn. Before her mother finally extinguished the flames the girl's clothes had been almost completely burned.

The fire in the house was extinguished without much damage being caused.

The young victim was rushed to the St. Vincent de Paul Hospital after first aid treatment. She died early this morning.

GERMAN-FRENCH AIR COMPANIES IN AGREEMENT

Paris, June 22.—The Air France and Luft Hansa Companies agreed to a "truce" today in their battle for commercial South American aerial service.

German planes will leave on Wednesday or Thursday nights, instead of Saturday, which is the day Air France planes depart. Rules of both companies will remain equal.

URGES HIGHER STANDARDS FOR CIVIL SERVICE

Declares Highly Trained Civil Servant Usually an Infinitely Greater Blessing to His Country than Ordinary Legislator.

Canton, N.Y., June 22.—Plea for a Civil Service in Canada and the United States characterized by stability of tenure as well as dignity of office such as would appeal to the ambition of young men and women was voiced here today by Sir Robert Falconer, of Toronto, former president of the University of Toronto, at the Conference on Canadian-American Affairs.

"A great civil servant is one of the most real powers in the whole process of government," Sir Robert said in an address on "Education as a North American Problem." "This has been long recognized in Britain and some European countries. Unfortunately our services in the United States and in Canada are not yet comparable with theirs."

Believing one way in which higher education could be made to tell upon the administration of public affairs would be through the Civil Service, Sir Robert said a highly-trained Civil Servant was usually "an infinitely greater blessing to his country than an ordinary legislator who is a rule does the bidding of his party."

STEVENS VOTES WITH OPPOSITION IN MOVE TO CUT INTEREST RATES

Bennett Motion to Defer Study of Question of Fixing Maximum Interest Rate on Mortgages, Equivalent to Killing Bill, Passed by Conservative Votes Despite Combining of All Opposition Forces—Amendments to Companies' Act and Franchise Act Disposed of—Prorogation Likely Next Week.

Ottawa, June 22.—With an order paper cleared of all but one or two possibly contentious measures the House of Commons today begins what may be its last week-end of the present session. Yesterday the House all but completed consideration of amendments to the Companies Act, last of the bills implementing the report of the Price Spreads Commission, and adjourned early last night.

Just before adjournment Hon. H. H. Stevens, former Minister of Trade and Commerce, joined with the Liberals, Farmers and Laborites in voting against deferring consideration of a bill to reduce mortgage interest rates.

The bill was proposed by G. G. Coote, U.F.A., MacLeod, and would have cut rates on farm mortgages to six per cent. as from January 1st, 1935. Prime Minister R. B. Bennett moved to postpone consideration which, owing to the lateness of the session, means putting an end to the bill. The Bennett motion carried with Conservative votes.

TWO THOUSAND SEEK ENTRY IN BRITISH FORCE

Canadian Defence Department Reports Only Small Number of Canadians Likely to Be Accepted Under Air Force Expansion Plans.

Ottawa, June 22.—More than two thousand inquiries regarding the Colonial and Dominions enlistment plan of the Royal Air Force have been received at Royal Canadian Air Force headquarters here since the R. A. F. expansion was authorized by the British Government.

It was not yet known how many men the Royal Air Force would accept from Canada, and the qualifications demanded for the three categories open are very high, R. C. A. F. officials explained. The number of inquiries was no indication of the number who would be able to meet the requirements.

The Department of National Defence was not acting in any official capacity in the enlistment scheme, only furnishing information on request, it was stated.

The three R. A. F. categories open were short service commissions, for which one thousand inquiries had been received here; permanent commissions and apprenticeships, or positions as airman, for which another one thousand inquiries were received.

Only two permanent commissions were open, and the recommendations for these would be made by the Governor General. The qualifications for these were very high, calling for graduation from Royal Military College, or of an applied science faculty of a recognized Canadian university, and of an "AB initio" flying training course in the R.C.A.F.

Applicants nominated for the other two categories were required to proceed to England at their own risk and their own expense, it was explained.

MOTORISTS BENEFIT AS OIL COMPANIES BATTLE

Price Cut Follows Price Cut as Major Oil Companies Operating in Montreal Accept Challenge Thrown Down by Independents.

Montreal, June 22.—Motorists of Montreal who filled their gas tanks in the midst of the gasoline war smiled pleasantly yesterday as prices dropped to a new low as the competitive fight launched by St. Lawrence Oil Company increased in intensity.

Following announcement of practically all the important oil companies in Montreal of drastic price reductions last night on first and second grades and a price one-half cent lower than St. Lawrence for grade three, the latter company met the challenge with a fourteen cents per gallon fuel today.

Motorists rushed yesterday to fill their tanks as prices for number one grade dropped to twenty-three cents; number two to twenty-one and number three to 19 1/2 cents. All prices include the six cent government tax and are effective throughout the metropolitan area of Montreal.

The price war was inaugurated when the independent St. Lawrence Oil Company introduced their imported Rumanian gasoline and placed it on sale at twenty cents per gallon at six stations in the Montreal district.

THE WEATHER

MOSTLY FAIR WITH A LITTLE HIGHER TEMPERATURE.

Pressure continues low over the greater part of Ontario and Quebec, while heavy pressure extends southward from Manitoba to the south-west states. Showers have occurred in most districts of eastern Canada, and light to moderate showers in some parts of Saskatchewan and southern Manitoba, though elsewhere in the West the weather has been fair with a tendency to higher temperature.

Forecast: Unsettled with occasional showers today, Sunday—west to northwest winds, mostly fair with a little higher temperature.

Temperatures yesterday: Maximum, 74; minimum, 55.

Same day last year: Maximum, 84; minimum, 59.

SOUTH AFRICA IMPORTS FROM CANADA HIGHER

Increase in Domestic Exports to British South Africa from 1931-32 to 1934-35, Amounting to \$4,255,000, Occurred in Nearly Every Important Item of Trade.

Ottawa, June 22.—Domestic exports to British South Africa during the fiscal year 1934-35, amounting in value to \$12,656,000 have only been exceeded in one fiscal year, viz., 1920-21 when they reached \$14,649,000, a year of extremely high export prices. Imports in 1934-35, amounting to \$3,460,000, have only been exceeded in three fiscal years: 1931-32, \$4,323,000; 1932-33, \$4,907,000; 1933-34, \$3,642,000.

The decrease in the imports in 1934-35 compared with 1931-32 occurred largely in one item of trade, viz., sugar, which decreased from \$2,368,000 to \$958,000. This decrease, however, was offset in a measure by increases in the imports of alcoholic beverages, which, from 1931-32 to 1934-35, increased from \$8,000 to \$59,000; corn, from \$1,634,000 to \$1,948,000; fresh fruits, chiefly oranges, from \$137,000 to \$274,000; dried fruits, chiefly dried apricots and raisins, from \$23,000 to \$100,000; and raw wool, from \$73,000 to \$89,000; while prepared fruits decreased from \$16,000 to \$10,000.

The increase in the domestic exports to British South Africa from 1931-32 to 1934-35 amounting to \$4,255,000, occurred in nearly every important item of trade, though slight decreases were recorded in the exports of binder twine, from \$67,000 to \$63,000; cotton goods, from \$48,000 to \$29,000; and pipes, tubes and fittings, from \$121,000 to \$104,000; while the exports of the following commodities show marked decreases:

BRITAIN'S ONLY MOSLEM PEER ENDS LONG CAREER

Lord Headley, Who Twice Declined Offer to Become King of Albania, Died Today at Age of Eighty-Five Years.

London, June 22.—Lord Headley, Great Britain's only Moslem peer, died today at the age of eighty-five years. He was formerly an outstanding civil engineer.

Several times Lord Headley declined an offer to become king of Albania. He was first approached in 1925 by a group of rich Albanians but refused, asserting "the main idea behind the proposition was commercial."

Later the offer was repeated, but again he declined.

Lord Headley became an adherent of the Moslem faith in 1913 after coming in touch with the religion while an engineer in India.

The following items during this period show increases: artificial silk from \$45,000 to \$80,000; automobiles from \$1,082,000 to \$2,741,000; automobile parts from \$150,000 to \$938,000; chains, iron and steel from \$19,000 to \$63,000; electrical apparatus from \$391,000 to \$647,000; farm implements from \$414,000 to \$1,053,000; fish, largely canned fish, from \$148,000 to \$361,000; hardware and cutlery from \$7,000 to \$77,000; machinery from \$43,000 to \$216,000; paints and varnishes from \$8,000 to \$63,000; porcelain insulators from \$36,000 to \$51,000; rails of iron and steel from \$231,000 to \$820,000; rubber products, chiefly footwear of rubber and pneumatic tire casings, from \$947,000 to \$1,309,000; socks and stockings from \$266,000 to \$1,032,000; tools, hand or machine, from \$9,000 to \$52,000; canned vegetables from \$20,000 to \$54,000; wire, iron, from \$108 to \$98,000; wood, unmanufactured, mainly planks and boards, from \$140,000 to \$389,000; and wood, manufactured, from \$35,000 to \$49,000.

TAX PRESSURE FAILS TO HALT MARKET GAINS

Improved International Outlook Reflected in Markets, Prices Reaching Highest Level for Year.

Toronto, June 22.—Impressed by the success of the New York market in standing up this week under severe hammering by the short crowd, Canadian traders were more friendly towards the long side of the market as the week-end approached. Friday's display of strength in both industrial and mining shares was attended by expansion of volume.

Following last week's attainment of a new high price level for the year in the New York averages it was to be expected the bears would launch an attack. They were making little headway until, quite abruptly, President Roosevelt announced new taxation plans. Financial stocks broke on Thursday but they began to firm again before the close. Yesterday the board continued to a new high mark for the year.

Canadian industrial stocks did not go the whole distance with New York in the week's reaction nor did they show equal buoyancy in the recovery. The Toronto Exchange industrial share index closed yesterday at 108.78 against 109.55 a week ago. It was noted however that trading was heavier on the rebound than on the decline and, according to market followers, that is a matter of some significance.

Moderate profit-taking continued in the oil shares and both Imperial Oil and British American Oil had fractional losses for the week with International Petroleum up a narrow fraction. The liquor shares also, despite bullish news concerning sales, have so far been unable to advance decisively. Distillers Seagrams has been sifting into new hands in considerable volume, suggesting expectations in some quarters that the company's fiscal year which ends shortly will show something better in the way of net earnings.

Strength in International Nickel and Consolidated Smelters as well as in Ford of Canada featured yesterday's market. Ford, keeping pace with the motor stocks on the New York board, had a net gain of \$1.50 for the week.

Heavy trading in the shares of the secondary gold producers with few and narrow price changes developed in the period on the mining share market. The gold stocks had drifted downward over a number of weeks in a thin buying demand but the buying has appeared as urgent as the selling in the last few sessions.

Trade continued small in the senior stocks and their price action lacked significance. The white metal stocks, after drifting inconspicuously since their surge and reaction in April, were back in the spotlight yesterday enjoying heavy trading and substantial price gains. A possible explanation was a brokers' wire report that President Roosevelt would confer with representatives of the silver bloc at Washington in response to the charge that the spirit of the silver buying mandate was not being complied with.

Trading showed some improvement also in the base metal shares. Noranda lost \$1.55 in the week but most of that was made up by the dividend which went to holders until Wednesday. Other copper shares were steady. The decline in the export price of copper since the collapse of the N.R.A. has been less precipitate in the last few days and trades in the red metal shares are beginning to hope for some recovery.

The international agreement, reached some months ago, to curtail copper production, became effective in May and trade sources report a reduction for the month of about 3,500 short tons in world stocks of metal to 581,750 tons. Mine output in May was estimated at 99,000 short tons against 122,600 in April. Whether the United States copper producers will be able to carry along their curtailment "understanding" without infringing anti-trust laws now that the N.R.A. no longer protects them, is a matter still to be decided.

Wheat Board with exclusive monopoly today, there came another of the series of clashes that have occurred between Mr. Bennett, chairman of the Committee, and Hon. J. L. Ralston, Liberal, Yarmouth-Sheburne, chief Liberal critic of the measure.

Mr. Ralston has been seeking from the first to have the intimate details of Mr. McFarland's operations since 1932 laid to the Committee.

Mr. Bennett had argued that those past happenings have no bearing upon the question before the Committee, which should interest itself only in the motion of wheat the proposed board would be required to take over from Mr. McFarland, and in the cost of the wheat.

Just before adjournment yesterday Mr. Ralston again brought up the question, and in order to make it a matter of record he made a formal motion that the information be produced. Mr. Bennett said he would not consent to any examination of Mr. McFarland's operations until he was able to answer for himself, probably three weeks hence. Further he did not think it a matter of concern to this particular Committee, but he would promise a Royal Commission for that purpose if desired.

Mr. Ralston countered that any disclosures would be too late as the Bill would have passed.

W.C.T.U. COUNTY ANNUAL HELD AT IVES HILL

Mrs. E. A. Orr, of Milby, Re-elected President of Sherbrooke County W.C.T.U. at Thirty-Fifth Annual Convention.

Mrs. E. A. Orr, of Milby, was re-elected county president at the thirty-fifth annual convention of the Sherbrooke County Women's Christian Temperance Union, which was held in the Ives Hill school house.

Morning and afternoon sessions were held and the members cleared up a busy and interesting agenda before adjournment.

Mrs. A. F. Browne, of Lennoxville, presided during the election of officers, which resulted as follows: honorary president, Mrs. A. F. Browne, Lennoxville; president, Mrs. E. A. Orr, Milby; vice-president, Mrs. W. S. Nutbrown, Milby; Mrs. W. Hunting, Huntingville; Mrs. and Miss Allison, Ives Hill; treasurer, Mrs. W. Abbott; recording secretary, Mrs. Lipse; corresponding secretary, Mrs. W. Henderson; L.T.L. secretary, Mrs. Harrison; Y. secretary, Mrs. Hills; superintendent Little White Ribboners, Mrs. J. Cowan; scientific temperance, Mrs. C. H. George; flowers, Mrs. Browne; special meetings, Mrs. F. Ingham; Sunday schools, Mrs. J. Beattie; budget fund, Mrs. R. Smith; missions, Mrs. Allison; Travellers Aid, Mrs. Jones; "Tidings," Mrs. Ewing, and humane education, Mrs. J. Cowan.

The busy meeting was presided over by Mrs. Orr, the county president, who extended a cordial welcome to the delegates. Mrs. F. R. Matthews, of Lennoxville, conducted the devotional period, selecting "What A Friend We Have in Jesus" as the opening hymn and using benedictions on which to base her remarks.

The minutes of the interim executive meetings were read by Mrs. Lipse, the corresponding secretary, and Mrs. Matthews gave an interesting report of the mid-winter W.C.T.U. conference which she attended in Montreal.

Mrs. W. Henderson, county corresponding secretary, read the annual reports of five unions with an approximate membership of eighty-five, and Mrs. W. Abbott, county treasurer, submitted the financial statement, showing cash on hand to be approximately eighty dollars.

Mrs. Cairns, Ives Hill "Y" secretary, submitted an interesting report on the work accomplished in this department and Mrs. Harrison, L.T.L. secretary for the county, reported for two active groups, one at Milby and another at Huntingville, each being reported as having accomplished much in the interest of the temperance movement.

Miss Vaudry led in noontide prayer and following noon adjournment dinner was served to thirty ladies at the home of Mr. and Mrs. John Cowan.

Rev. Mr. Johnston, of Coaticook, as guest-speaker, addressed the gathering in an after-dinner speech in which he stressed the early teaching of temperance sentiment and upheld the theory that women's best work is done in the home.

The afternoon session opened with the singing of the familiar hymn "Onward Christian Soldiers" and Mrs. R. W. S. Nutbrown conducted the devotional exercises, taking the eighty-ninth psalm as her subject. Mrs. J. Cowan extended welcome to the convention, and was replied to by Mrs. Harrison, of Huntingville.

The delegates were then entertained by the juniors, the program consisting of songs and recitations. Those taking part were Betty Cowan, Esther Farwell, Hazel Cowan, Edith Wade, Jean Farwell and Norma Farwell. Songs were also rendered by Mrs. Burrough and Rev. Mr. Johnston, which were much appreciated.

At the close of this pleasant interlude, the business meeting was resumed and reports of the various departments submitted.

General Notes.

Mrs. F. S. Browne left yesterday for Charlottetown, P.E.I. to attend the S.W.I.C. Convention taking place there.

STEVENSON VOTES WITH OPPOSITION IN MOVE TO CUT INTEREST RATES

Continued from Page 1.

Wheat Board with exclusive monopoly today, there came another of the series of clashes that have occurred between Mr. Bennett, chairman of the Committee, and Hon. J. L. Ralston, Liberal, Yarmouth-Sheburne, chief Liberal critic of the measure.

Mr. Ralston has been seeking from the first to have the intimate details of Mr. McFarland's operations since 1932 laid to the Committee.

Mr. Bennett had argued that those past happenings have no bearing upon the question before the Committee, which should interest itself only in the motion of wheat the proposed board would be required to take over from Mr. McFarland, and in the cost of the wheat.

Just before adjournment yesterday Mr. Ralston again brought up the question, and in order to make it a matter of record he made a formal motion that the information be produced. Mr. Bennett said he would not consent to any examination of Mr. McFarland's operations until he was able to answer for himself, probably three weeks hence. Further he did not think it a matter of concern to this particular Committee, but he would promise a Royal Commission for that purpose if desired.

Mr. Ralston countered that any disclosures would be too late as the Bill would have passed.

DEATH TOLL IN GERMAN BLAST OVER HUNDRED

In Addition Over Seven Hundred People Were Injured, Ninety-Five Seriously, in Explosion of June 13, Government Announces.

announced today that 102 persons lost their lives in the munitions factory explosion at Reimsdorf on June 13th and that 723 were injured, ninety-five of them seriously. Previously the official death toll had been placed at sixty.

Of those killed, sixty-eight died instantly, the official announcement said, and thirty-four were still missing after nine days of searching for their bodies. Of those seriously injured it was feared a number may die.

The district around the Westphalian-Anhalt works where the explosion occurred was still isolated today by secret police and it was reported that Government workers had not yet cleared the debris.

PROMINENT JAPANESE IN COURT ON FRAUD CHARGES

Two Former Cabinet Ministers and Fourteen Others Implicated in Collapse of Imperial Rayon Securities.

Tokyo, June 22.—Two former members of the cabinet and fourteen others went on trial today on charges of complicity in the Imperial Rayon Company affair, and the most spectacular political scandal in Japan's history.

The scandal uncovered last year led to the downfall of the Saito cabinet with the arrest of Finance Minister, the Minister of Finance, who was accused of acceptance of bribes to facilitate a large scale manipulation of Imperial Rayon shares.

Later investigations implicated Chuzo Mitsui, former Minister of Railways, and Baron Umekida Nakajima, former Minister of Commerce, who were charged with breach of trust.

LIBERAL CANDIDATE FOR JACQUES CARTIER NAMED

J. L. Vital Mallette, of Pointe Claire, Nominated by Acclamation at Meeting Last Night.

Montreal, June 22.—J. L. Vital Mallette, secretary-treasurer of the town of Pointe Claire, Que., was nominated by acclamation last night as Liberal candidate in Jacques Cartier for the next Dominion elections.

Hon. Fernand Rinfret, M.P., former Secretary of State, charged the Bennett Government with creation of an economic and social condition in Canada which "is becoming unbearable and which is threatening to sap the Dominion's future."

Mr. Rinfret, advised the unemployed, "Be patient, do not undertake to foment disorder and only increase your misery. Wait, and on election day out from power those who have failed in their duties to the unemployed and bring into power the Liberal Government."

Hon. Victor Marchand, M.L.A., Theodule Rheame, K.C., M.L.A., and Paul Mercier, K.C., also spoke.

CLAIMS CHOLINE DOES NOT AID IN CURE OF DIABETES

Role of Newly Discovered Vitamin in Nutrition of Human Subjects Completely Unknown.

Toronto, June 22.—University of Toronto authorities last night said choline, the new vitamin announced by Dr. C. H. Best, professor of physiology at the university, so far has not been found to possess properties aiding the cure of diabetes.

"It was never stated that choline is an aid in diabetes. Its role in the nutrition of human subjects is completely unknown," Dr. Best said.

It was learned Dr. Best gave credit for many of the observations on which the identification of the vitamin was based to Dr. J. M. Hershey, chief chemist of the insulin laboratory at the university, and Miss M. E. Huntsman, demonstrator in physiology.

The name "choline" has been given to the new vitamin because choline is its essential chemical. Choline is a well-known compound which dilates blood vessels. The vitamin was discovered during insulin investigations.

The only known property of the new vitamin is that it prevents fatness of the liver. The connection with this and diabetes in humans is not at present obvious, it was stated.

SETTLERS SATISFIED BY COLONIZATION POLICIES

Only Four of 365 Colonists So Far Established Under Vautrin "Back-to-the-Land" Plan Have Returned to Quebec.

Quebec, June 22.—About 365 colonists have been established on land since May in the "back to the land" project of Hon. Irene Vautrin, Quebec Minister of Colonization, it is announced. Of this number only about four have been dissatisfied with their lot and returned to this city. The Department expects to settle more than one thousand persons during the year.

Another group of fifty colonists will leave Quebec on Wednesday for Berry County, composed chiefly of young men from Donnacona. Another group of twenty-five will leave Montreal on June 28th. Eight settlements have been established with about fifty persons in each.

CITY BRIEFLETS

GEORGE F. BRADFORD LAID TO REST YESTERDAY

A large number of relatives, friends and business associates attended the funeral of George F. Bradford yesterday afternoon. The remains were removed from the late residence, London street, to St. Peter's Church, where Rev. Canon H. Reginald Bigg conducted the service. Interment took place in Elmwood cemetery.

Mr. Bradford, who was eighty years of age, leaves to mourn his loss his wife, nee Margaret Richmond, two sons, A. H. Bradford and Clifford G. Bradford, one daughter, Mrs. Garnet Ross, and three grandsons, George Bradford, Ross Bradford and Beldon Bradford.

The bearers at yesterday's funeral, which was attended by a large group of Quebec Central Railway employees, were Messrs. George Mulvagh, Arthur Gunning, Charles F. Ross, E. D. Bradley, W. Ballantyne and Charles T. Ross.

MONTREAL COAL COMPANIES HAVE LOST THEIR APPEAL

Court of Appeals Ruled Companies Knew of Existence of Basic Contracts Entered into Between Companies of Another Group and Exporters of Welsh Coal.

Quebec, June 22.—Ruling that they knew of the existence of basic contracts entered into between companies of another group and exporters of Welsh coal, the Court of Appeals yesterday dismissed the appeal of the five Montreal coal companies, found guilty and fined for conspiring to enhance prices and restrict competition.

The five companies were the Montreal Coal and Manufacturing Company; Elias Rogers Coal Company; Mongeau and Robert Company, Limited; Hart and Adair Coal Company and Scotch Anthracite Coal Company. The judgment was read by Mr. Justice J. Walsh.

Judge Walsh ruled that while the companies composed the second group were not parties to the contracts, they were aware they existed and their acts had the effect of furthering the object of the agreements which was to "reap benefits unduly from the consumer."

The first five companies convicted and fined were the two Canadian Import companies, the two F. P. Weaver companies and the British Coal Corporation. This group took the case as far as the Privy Council which refused to hear their appeal and upheld the Dominion right to abolish the appeal to the Privy Council in criminal matters.

NO VERDICT IN HAUPTMANN APPEAL UNTIL SEPTEMBER

If Court of Errors and Appeals Upholds Conviction Defence Will Take Case to U.S. Supreme Court.

Trenton, N.J., June 22.—Bruno Richard Hauptmann began a new ordeal of waiting today while fourteen judges pondered his plea for a new Lindbergh kidnapping trial.

Not until late September or early October will the Court of Errors and Appeals, the state's highest, give its answer to the defence charge that the state secured Hauptmann's conviction by means of "legal gymnastics."

Even if the court upholds Attorney General David T. Wilentz in his claim that the evidence against Hauptmann was overwhelming and unassailable, there remains the last appeal to the United States Supreme Court, which defence attorneys have said they will surely take.

BIENNIAL CONVENTION OF WOMEN'S INSTITUTE OPENS

Delegates from Every Province in Canada Gathering in Charlottetown Today.

Charlottetown, June 22.—Leaders of the Federated Women's Institute from every province in Canada will arrive in Charlottetown today to attend the biennial convention of the organization.

In the confederation chamber of the old provincial building the ladies will form a woman's parliament to discuss their problems. On Monday they will be entertained at a dinner sponsored by the Prince Edward Island Government.

Among the speakers at the convention will be Hon. Thomas MacNutt, Minister of Agriculture, P.E.I.; Dr. F. W. Patterson, president of Acadia University, Wolfville, N.S.; Miss Bessie McDermid, superintendent of Ontario Women's Institutes, and Miss Hazel B. McCain, superintendent of the Quebec Women's Institutes.

FRENCH CABINET SLASHED FURTHER INTO EXPENSES

Paris, June 22.—The cabinet slashed further into the budget today, seeking eventually to save four or five billion francs a year.

Provisions for social insurance were ordered reduced from 824,000,000 to 400,000,000 francs, effective July 1. All ministers were instructed to reduce their administrative expenses twenty per cent. effective October 1, for a saving of several hundred million francs a year.

U. S. STUDENTS ON TOUR OF CANADA

Quebec, June 22.—A group of one hundred pupils of the Eastern Carolina Teachers' College, of Washington, North Carolina, have arrived in the city by automobile. The party, making up a motorcade of more than a dozen cars, is in charge of Prof. M. Ricks, of Waterville, Me. From here they will proceed to Toronto, Kingston and Niagara Falls.

PRICES AND DETAILS OF SHERBROOKE MARKET

Prices were generally steady on the Sherbrooke market yesterday afternoon during a period of active trading. Quotations in the dairy section were unchanged from the previous week, best creamery butter selling at nineteen to twenty-three cents a pound and best dairy butter at fifteen to twenty cents a pound. Strictly fresh eggs were twenty to twenty-five cents a dozen, with pullets selling at fifteen to twenty cents a dozen.

Commenting on agricultural activities, farmers stated that the present weather conditions were unsatisfactory. They have had too much rain. "True, a few weeks ago we needed moisture," one farmer said, "but we are now getting too much of it. It rains almost every day, and consequently we have been retarded in our work. Practically all the crops in the Eastern Townships were all set to start hoeing, but have been unable to do so."

Interesting Reports Submitted at
Regular Session of United
Church W.M.S.—Other Items
of General Interest from
Gould.

Gould, June 22.—A largely attended meeting of the Women's Missionary Society of Chalmers' United Church was entertained by the president, Mrs. J. D. McRitchie, at her home with a number of visitors present.

Mrs. Payson Sherman, president of the Scottown W.M.S., and Mrs. William Murray, appointed delegates from the Scottown Auxiliary, who attended the Presbyterial that was held in Sutton in May, were the guest-speakers, and gave very interesting reports.

The meeting was opened by the president, and after the minutes of the previous meeting were read and adopted, a special temperance programme was followed, splendid papers being given on that subject by several of the members. The meeting was taken by Mrs. J. A. Payton, the wife of a former pastor.

Following the roll call, which was answered by a verse of Scripture and the collection, delicious refreshments were served by the hostess, who was assisted in serving by her daughter, Miss Maud McRitchie and several of the young ladies who were present.

Mrs. W. A. Brooke, of Coaticook, and Miss Margaret Melver, of Sherbrooke, were among the out-of-town guests who were present.

General Notes
Friends of Mr. Kenneth Melver will be pleased to learn that he has returned home from the Montreal General Hospital, where he underwent a successful operation on his eye and is making a favorable recovery.

Mrs. W. A. Brooke, of Coaticook, is a guest at the home of her sister, Mrs. J. D. McRitchie, and Mr. McRitchie.

Things That Just Cannot Be Done by Law or by By-Laws.

One Ontario newspaper states that we should keep provincial finance out of politics, referring particularly to the rejected loan which the bankers and bond dealers felt was seeking money too cheap, and for the security of which the provincial government had made too many financial blunders.

Keep provincial finance out of politics is a good flag to nail to the mast where it has to do with public borrowing, for few men like to tell the truth about public affairs at a time when it is de trop.

It would be well to leave every member free to express his opinion in the most outspoken manner at the time when it will not interfere with the actual sale or bargaining time. Only by this freedom can partisanship be saved from a quick condemnation by the party's own followers. To few men are given the insight and the foresight to foretell what is going to happen at an election.

The members themselves are too near to the game to see the moves which bring about the downfall of a party such as that which occurred in Ontario when that party elected a clownish Liberal in place of a former leader. Yet it was as plain as the nose on your face when the Conservative leaders like George Henry and Arthur Meighen were found trafficking in the bonds of a bankrupt power company.

Meighen, as chairman of Ontario Hydro, approved the purchase of the Abitibi Power, whilst Henry, as Ontario Premier, and as holder with Meighen of some Abitibi bonds, sold to the pseudo government power company. They said it was a clean deal, but the electors decided it was not. Both men should have resigned, but they waited until they were swept out.

There was no partisan thought in an early suggestion in the Record that the Ontario Conservatives should clean house six months before the election. Few of their friends had the courage of expression or the foresight to foresee.

While there were those who would pray that Mr. Henry would resign the leaders listened to only those who brag.

A greater man than they resigned on a call for campaign funds being made too explicitly.

Yet some dumb Dick will want to make a law to keep provincial finance out of politics.

It cannot be done any more than can a national railway be kept out of politics.

A Restoration of Vigour and of Purity of Purpose.

The news from Ottawa about the health of the Prime Minister is reassuring. All Canada will hope that he will have a speedy return to his old-time vigour.

The partial breakdown of Mr. Bennett was a calamity, and all Canadians cannot but wish that it will not wreck him as political life has wrecked the vim of so many others who take themselves and their positions too seriously.

The tired mind and overworked brain may be the cause of the influences which caused the Chief to give in to the insistence and persistence of those radicals who never learned the meaning of the word "conservative," and could never be classed as Liberal-Conservatives, no matter though they had doctored the outer clothes of other men as true.

Restored health will give to the Prime Minister that strength of mind and poise which will resist the persistence and importunity of those members with fads, with free, fancy and freak ideas such as those presented by the Price Spreads Committee. This is only an example of the many attempts to destroy the even tenor which can alone bring about stability and sound sense in legislation.

With health impaired by long hours and overwork, by too much attention given to details, by the vacillation and errors of weak members of the Cabinet, and with a weary mind easily swayed by importunity, all we got was a useless lot of gimcrack boards and Commissions, and a general disturbance of business through the accepted vapourings of the polyglots.

Now have the Liberals made any show of strength?

Sound Business Versus Politics.

Recent events at Ottawa have brought into sharp outline not only the Administration's factual reactions to the social and economic legislation passed into law, but also those of its unsophisticated proponents.

To the observer of current events and the man in the street the thought has often occurred that with all the legal and economic experts Canada has among her citizens sound policies could have been initiated and adopted by our governments.

Much of the humiliation and loss of prestige which will befall many representatives of Parliament at the next elections might have been avoided. The sound and constructive advice of our Chambers of Commerce, of our practical business executives and of all trading concerns have unfortunately been repulsed by our political representatives as the snares of non-existent predatory interests.

They have failed to realize that government exists by private business development and not for bureaucratic monopoly of business by Commissions which are paid for by the taxed wage-earners and the heavily-taxed incomes of the thrifty.

Editor's Note Book.

Quite rightfully, the Prime Minister has set his face against writing down the capital costs of the Canadian National Railways by a billion dollars, there or thereabouts. This is Mr. Fullerton's and Dr. Manion's brilliant idea of taking the loss from the books and records. It would be the ostrich act, where the old bird buries its head in the sand and thinks that his whole body is hidden from view in the junk pile. There are things which would make things look better on the surface, but everyone would know the apple was rotten at the core.

The principal of a boys' college in Montreal for many years has sold his Canadian holdings, and announces that he will retire to his old home in England. He will be back. Memories may have a wonderful and a romantic lure, but they fade in the face of reality. Old trees do not thrive when transplanted. I recall a famous architect who spent thirty-five years in Montreal, practising his profession. He returned with the report, "I have just spent five miserable years with faded memories and tombstones."

An order from the Marketing Board that potatoes should always be shipped in new bags would only indicate that the bag makers have been on the hunt and got somebody in the bag. It is one of those follies which men do to others so long as it is no money out of their pocket. Use your old bags for bagging your grievances against the follies of the bureaucrats and too much government. It is just as easy to boil the bags as it is to boil the potatoes.

Can we not revert back to old-fashioned simplicity in our governments? We can if we vote ever for business men who will divert the country's revenues to the sensible and the necessary, cutting off all socialistic and fancy waste which are only for the few self-seekers. Has your member kept this thought in mind? Hansard tells the tale. We can rout it out for you.

"Dear Editor—Write more of those pointed political paragraphs, please. I am keeping a scrap book in order that I may use them in proper sequence when I get on the platform at the elections. I am surely in favour of electing members with a keen business sense. That will be our yardstick for the 1935 elections." Thus and thus writes one of our subscribers.

Perhaps you may think there is no difference between the Assiniboine mud on Winnipeg's side streets out by Thompson Drive and the Albertan gumbo on the neglected thoroughfares in Edmonton. We are inclined to agree with you, having been smeared with both.

Political storm clouds are gathering. There will be such a shower of ballots in September as has never been known before in a Federal general election. The ladies will turn out to a man to see that the grain dealers and the railways do not steal our cream money.

Letter to The Editor

STOP IT AT THE SOURCE.

To The Editor,
Sir—The tent caterpillar has started its annual destruction of trees and bushes. What a thoughtful thing it would be if the government could only see how the many unemployed could be put to work destroying these pests by burning their tents and cutting the brush along the roadside, especially the wild cherry. If they don't want to employ starving men to do this good work, why not pass a law that every property owner must destroy all tents and caterpillars on his property.

I remember a few years ago while visiting at Shefford County these caterpillars hung down from the trees in swarms and you could not walk along a road with any comfort, they stripped the maple trees of their leaves and ruined gardens and fruit trees; just because the land owners were too thoughtless or careless to destroy the tents.

NEW OFFICERS WILL ENFORCE HUNTING LAWS

Hon. J. N. Francoeur Promises to Take Action in Connection with Complaints Lodged by Sportsmen's Delegation.

Quebec, June 22.—Hon. J. N. Francoeur, Quebec Minister of the Game, Game and Fisheries, announces his department will appoint special investigators to enquire into the specific complaints listed in a memorandum handed him by a delegation from the Province of Quebec Association for the Protection of Fish and Game.

After the delegation, comprised of a number of prominent Montreal and Quebec sportsmen, had brought to his attention alleged abuses carried on in the forests and on rivers and lakes in the province, the Minister assured the delegation that all of their suggestions would be taken into consideration and that it is the intention of the Government to see the province's fish and game laws are strictly observed.

Violators of the law will be promptly punished. Hon. Mr. Francoeur told the delegation, which included Col. H. A. Stewart, president of the Association; W. I. Bishop, vice-president; Rex Vickers and Dr. J. A. Labelle, directors; E. A. Carter, managing director, and Dr. R. L. Lalonde, secretary, that the members of the delegation stressed particularly a suggestion that licenses for hunters and fishermen should be instituted. The scheme, they declared, would provide revenue to the province, conserve game and the maintenance of an efficient corps of game wardens throughout the Province of Quebec.

TRADE MATTERS DEALT WITH IN CODE CHANGES

Mail Order Catalogues at Present Being Printed Exempt from Advertising Control Section Until January 1.

Ottawa, June 22.—Mail order catalogues now being printed will be exempted from the new provisions of the Criminal Code dealing with misleading advertising. The Code amendments, based on the report of the Price Spreads Commission, were passed in the House of Commons.

Hon. Hugh Guthrie, Minister of Justice, said the mail order houses had explained they might have to reprint catalogues at great expense if the law applied to those being prepared and issued now. He obtained passage of an amendment to exempt the catalogues until January 1st, 1936.

The Minister said the request was not an admission of misleading advertising on the part of the mail houses which sold all their goods under guarantee. The catalogues, however, did not conform in all respects to the new law.

Another amendment introduced by the Minister last night was to make certain that initials marked on sawlogs or logging equipment when found in second-hand shops should be evidence of property. It was proposed at the instance of logging associations in British Columbia. It also passed.

The new provision making it an offence for dealers to give discriminatory rebates to customers was altered slightly to exempt co-operative associations from its provisions. Mr. Guthrie said these societies had requested the change as they commonly distributed their profits by rebates to customer members.

YOUNG GIRL AWARDED DAMAGES FOR FALSE ARREST.

Kentville, N.S., June 22.—Alleging false arrest and imprisonment, twenty-two year old Lillian Sabine yesterday was awarded \$40 damages and costs in her action against Chief of Police Freeman Crowell, Wolfville, and Miner Stevens, a Wolfville warehouse superintendent.

One of a number of girls laid off at the warehouse, Miss Sabine persisted in returning to work although she has been told she would not be paid. Her removal had been justified, but her arrest, imprisonment and trial before a magistrate on a charge of trespass where not justified, according to the judgment handed by Mr. Justice Humphreys Mellis, of the Supreme Court.

YOUNGSTER AT GRANBY LOSES LIFE IN RIVER

Seven-Year-Old Boy and Three Companions Swept Over Dam at Granby—Other News Items from Granby and Vicinity.

Granby, June 22.—The upper dam above the Mountain street bridge was the scene of a tragedy when Norman, the seven-year-old son of Mr. and Mrs. Alcide Alix, was drowned and three of his young companions had a narrow escape from a similar fate when they were swept over the dam. The young lad had gone out on the river in a rowboat with Joseph Hazeltime, eighteen years of age, of Cowie street, and two brothers, Melvin Fothergill, thirteen years old, and Ronald Fothergill, eight years old, both living at 42 Drummond street.

The youngsters were rowing above the dam and went close enough so that the swift current began to swing the boat toward the dam in spite of their efforts to row away. The dam was the flat top and an apron on the lower side and they thought that they could jump out on the dam and walk to shore. Three of them, Alix, Hazeltime and Melvin Fothergill, jumped out but there was enough water going over the top of the dam to wash them off their feet and they were all carried over the dam.

Hazeltime and Melvin Fothergill were good swimmers and managed to reach the shore. Norman Alix, who could not swim, disappeared from view below the dam.

The other boy, Ronald Fothergill, eight years old, could not swim and he stayed in the boat which was carried over the dam, but miraculously did not upset. He was rescued from the boat further down the river.

Efforts to locate the missing boy were at once started, but it was about half an hour before Mr. Ernest Arbour managed to locate the body and bring it to the surface. Artificial respiration was at once started and kept up while the body was removed to the office of Dr. W. C. Watson, only a short distance away. Every effort was made for over two hours to revive the young boy but without avail.

The accident occurred about eight p.m. Sunday evening and a huge crowd quickly assembled on the Mountain street bridge and along both banks of the river.

General Notes.

Sunday guests at the home of Mr. and Mrs. Hiram Darby were Mr. and Mrs. H. F. Darby, of Farnham, Mrs. D. Stalker, of Richmond, Miss Darby and Mr. I. Miller, of Cowansville.

Mr. W. H. Hutchings, of Montreal, was visiting his sister, Mrs. H. Darby, on Monday.

Rev. A. F. Pollock, pastor of the Ormstown United Church, and the members of the Church Brotherhood, accompanied by their wives, came to Granby for an outing.

About sixty were present. The party lunched in the United Church and later visited some of the factories in the city, including the Miner Rubber Co., Elastic Web Factory and the Granby Manufacturing Co. After viewing the city, the company returned to the church, where they partook of supper before returning to Ormstown.

Mrs. Thomas Scott and Miss Anna Scott have sailed for Bangor, Ireland, where they will visit the former's mother, Mrs. Bennett, for the summer months. Mrs. Walter Wright also left by the same boat to visit her parents in England.

A number of Granby ladies attended a meeting of the W.M.S. of the United Church, Abbotsford, which was held at the home of Mrs. Stewart Marshall on Wednesday afternoon. Rev. Mr. Scott conducted the devotional period and Mrs. J. G. Fuller took charge of the meeting and was assisted by Mrs. McCurdy, Mrs. C. Wilson and Mrs. D. M. Mitchell.

Mrs. A. E. Solomon sang, "O Love That Will Not Let Me Go" and "Perfect Day." Mrs. George Blake and Mrs. Solomon sang a duet, "Rescue the Perishing." Others from Granby who attended were Mrs. Thomas Scott, Mrs. W. W. D. Brack, Mrs. H. H. Collins, Mrs. K. Wiggins, Miss Mary McKerley and Miss Alice Fuller.

LARGE SEIZURE OF IRISH SWEEPSTAKE BOOKS MADE

Hundred Thousand Booklets Reported Seized Aboard Freighter which Docked in Montreal Port.

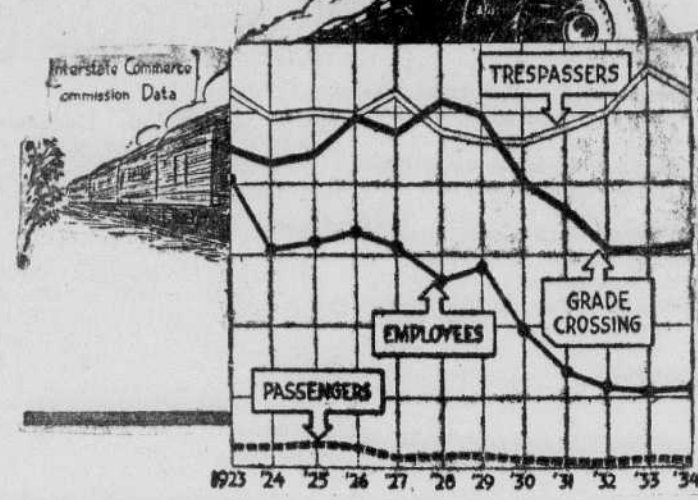

Montreal, June 22.—A hundred thousand books of Irish Free State Hospital Sweepstake tickets were seized by police aboard the S.S. Kenbane Head, a freighter from Belfast, Ireland, which docked here on Thursday. Canadian Customs inspectors reported that they found the books hidden in the coal bunkers. No arrests were made, but it was stated that summonses will be issued against certain individuals aboard the freighter.

Information that the freighter was carrying a large quantity of sweepstake tickets from Ireland reached Arthur Laing, collector of customs, who ordered his men to conduct an investigation and search the vessel as soon as it reached the harbor.

Customs inspectors visited every nook and corner of the vessel and finally reached the coal bunkers where, it is claimed, they found thousands of books of sweepstake tickets tied up in large parcels. These were immediately seized and taken to the Canadian Customs headquarters where they were confiscated.

POLICE GIVEN WILD CHASE BY THREE YOUTHS

Pursued by Detective Masse, Suspected Thieves Abandoned Their Car on St. Elie Road and Flew into Woods Under a Hail of Bullets.

Police today continued their efforts to track down three young men, suspected thieves, who late last night fled from the residence of Detective Masse on an exciting chase along the Rock Forest road, and escaped into the woods under a hail of bullets after ditching and abandoning their automobile. The chase started near the village of Rock Forest at about eleven o'clock and ended a short distance up the St. Elie road when the three fugitives leaped out of their car while it was still travelling at a fast speed and vanished into the woods bordering the highway. Detective Masse fired six shots after the culprits, but the detective's automobile was slightly damaged when struck by another car, travelling along the Sherbrooke-Magog highway, which swerved to avoid colliding with the fleeing trio as they emerged at break-neck speed from the Rock Forest road and crossed the main highway to enter the St. Elie road.

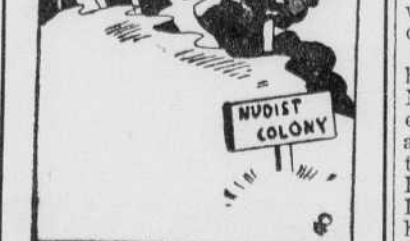

Notified that a number of robberies had been committed in the vicinity of Rock Forest, Detective Masse, accompanied by Officer Charles Noel, of the G. N. R. police force, was patrolling the Rock Forest highway last evening when he encountered the large touring car containing three young men. The detective had been on the lookout for just such a car, so he turned around and followed. Realizing that they were being followed, the trio gathered speed and soon passed the pursuing officers travelling at a thrilling clip. Masse finally caught up to the touring car, honked, was given the road and swept ahead. At the juncture of the Rock Forest, St. Elie and Sherbrooke-Magog roads, the detective stopped his car.

Officer Noel jumped out of the car, handling a powerful flashlight, and stood at the exit of the Rock Forest road, intending to stop the oncoming vehicle. It was then that things started to happen. As the touring car approached, Noel waved the flashlight. But the three young men had no intention of stopping. Noel jumped aside as they roared past him. The touring car was crossing the main highway when another automobile, coming from the direction of Sherbrooke, had to swerve widely to the left to avoid a collision with it.

This car struck Masse's automobile, glancing blow. Masse was still throwing his vehicle into gear when it happened. He managed to get started and followed the trio up the St. Elie road.

Steering with one hand, the detective whipped out his automatic and fired. It was then that the three young men leaped out of their automobile as it was still travelling. Masse fired after them, his automatic speaking five times.

The abandoned car, driver-less, swerved crazily and then crashed into the ditch. Masse jumped out of his own vehicle to give chase on foot, but the culprits had disappeared. The car which collided with the

FINAL TRIBUTE PAID ESTEEMED LOCAL CITIZEN

Representative Gathering Attended Funeral of William Amherst Hale Yesterday Afternoon—Many War Veterans Present to Honor Memory of Beloved Benefactor.

With tiny red poppies fluttering to rest on his coffin as it was lowered into the ground, William Amherst Hale was committed to his final resting place yesterday afternoon. The scarlet emblems were dropped from the waving hands of the war veterans who accompanied the remains of one of their benefactors to Prospect street cemetery and with tear-dimmed eyes watched the silent descent of the shell which contained one whom they had respected and loved.

There were but few outward signs of grief as final tribute was paid to this venerable octogenarian, but sad hearts were reflected in the eyes which had witnessed the horrors of war and in the hushed tones in which conversation was made as the mourners wended their way from the graveyard after bidding their last fond farewell to a true friend and an esteemed gentleman. Citizens who have passed away in the prime of life have been accorded a final tribute by more fellow-men than the fair-sized group which composed the cortege yesterday afternoon, but never has one been accorded such a heartfelt farewell as that which was paid to Hale at the funeral service which was held in St. Peter's Church, where the funeral service was held, poor rubbed shoulders with their more fortunate brethren and aged citizens mingled with the younger business men to whom Mr. Hale had been a model and example. Many who listened to the simple Church of England service were they who had benefited from the philanthropic actions of a man whose life was consecrated to the task of bettering the situation of those who were not so well blessed as he with worldly possessions.

Over the beautiful mahogany coffin was draped a Union Jack with the crest of the British Empire Service Legion in the centre. Forming the guard of honor were six war veterans—members of the organization which developed from the Great War Veterans' Association, the object of Mr. Hale's wholehearted attention and support for many years. Tenderly carrying the coffin were six members of the T.O.-H. group of which the deceased was an honorary member. Acting as honorary bearers were Col. E. B. Worthington, James MacKinnon, D.C.L., Col. M. W. McNulty, Philip M. Robins, Crawford Grier, headmaster of Bishop's College School, and George Lehnor, president of the Sherbrooke Snowshoe Club. Mr. Hale was one of the oldest of the former pupils of Bishop's College School and a life member of the Snowshoe Club.

Assisting Rev. Canon H. Reginald Bigg with the church service were Rev. Dr. A. H. McGreer, principal of Bishop's University, and Rev. Canon C. Eardley-Wilmet, of Compton. The vested choir sang two appropriate hymns, "Hush! Blessed Are the Dead" and "Unto the Hills Around". Mr. Cuthbert Somers presiding at the organ. Rev. Dr. McGreer read the lesson and Rev. Canon Eardley-Wilmet took the prayers.

From the church the cortege travelled along the route which Mr. Hale had traversed for so many years to attend the meetings of the Snowshoe Club. Beside his wife, nee Ellen Debshire, who passed away in January, 1924, they were the employees of the Sherbrooke Trust Company, of which the deceased was president at the time of his death, members of the Snowshoe Club and other organizations who were proud in calling Mr. Hale one of their members.

In the group of mourners were his only son, A. Forbes Hale, of Montreal, three cousins, C. H. Bowen and Lloyd Bowen, of this city, and Ned Buchanan, of Montreal, his two sons-in-law, P. H. Skelton and F. W. McCrea, and a grandson, Dave Skelton. Also left to mourn his loss are five daughters, Miss Gladys Hale, Mrs. J. H. Atkinson, Mrs. P. H. Skelton and Mrs. F. W. McCrea, of Sherbrooke, and Mrs. George D. Pratt, of New York.

detective's automobile did not stop after the accident. The abandoned vehicle, a 1923 model, carried no license plates. In it the police found equipment to siphon gasoline and a burglar's kit of tools.

FEAST OF ST. JEAN-BAPTISTE The French-speaking residents of Sherbrooke are planning to celebrate in a fitting manner the feast of the patron saint of French Canada—St. Jean-Baptiste. No parade is being held this year, but a monster picnic will take place at Victoria Park on Monday afternoon provided that the weather is favorable. In the morning special church services will take place and a concert is scheduled for the evening.

HOSPITAL AUXILIARY ADJOURNED UNTIL FALL Members of the Sherbrooke Hospital Ladies' Auxiliary met yesterday afternoon at the MacKinnon Memorial to clear up all unfinished business prior to adjournment for the summer months.

The president, Mrs. J. K. Edwards, presided, and following the adoption of the minutes and financial statement the sewing committee report was presented. This statement of activities on behalf of the Sherbrooke Hospital proved most interesting.

After all business had been disposed of adjournment was made until September, when the autumn activities will open with the customary annual campaign for the hospital.

DAYS ARE BEGINNING TO GET SHORTER. "Well, now the days will be getting shorter." This common exclamation will be frequently heard now that the longest day of the year has passed.

Yesterday was officially recognized as the longest day of the year. In other words it marked the summer solstice which, in astronomy, means that the sun appeared to enter the tropic of Cancer.

Once June 21st has passed the actual hours of sunshine are gradually shortened. At first there is no marked difference, but as the summer months pass by the motorist notices that he has to shorten his drive in order to be home before dark and the golfer has to get out on the links earlier if he wants to finish his tour of the links before dusk.

WAS LIEUTENANT OF SEVENTH HUSSARS IN THE EARLY DAYS BURNETT E. CONVERSE, formerly of Barnston, in Compton County, a farmer who just drifted into trade and commerce very many years ago, came with his wife from Orleans, Vermont, to call on the Editor.

He quickly proved that he was one of the oldest subscribers of the Record. "I have had the Record every day from the first issue published; before that I was a subscriber to Leonard Channell's Compton County Chronicle."

Mr. Converse recently disposed of his business in Orleans to his son. Soon, finding that 365 days of relaxation made time hang heavy on hands used to being busy, he built a chateau on the lakeside near Orleans, and he and his wife figured that a score of paying guests would assure them of interesting company the whole summer long.

As a farmer in Compton County Mr. Converse became interested in rifle marksmanship, and after getting a few pointers from the veteran shot, Colonel H. W. Edwards, now residing in Ayer's Cliff, he started out to win prizes and medals. In a few short years as Lieutenant in the 7th Hussars, Mr. Converse qualified for and journeyed to Bisley on the Canadian rifle team. Then he started a creamery in Barnston, which he conducted successfully for sixteen years before crossing the border over thirty years ago.

Now at his spacious home at Hillcrest-on-the-Lake, nearby the main highway below Derby Line, Mr. and Mrs. Converse have retired to other activities, and their visitors can be assured of getting their beloved daily newspaper always the morning after. It was a pleasure to meet the perfect host and hostess of Hillcrest. The Record has many hundred

STEADY RAINS HOLDING BACK WORK ON FARM

Rain Fall to Date This Month 4.06 Inches—Hoing and Weeding on Eastern Townships Farms Delayed.

Too much of a good thing is bad. A few weeks ago the farmers throughout the Eastern Townships were clamoring for rain. The weatherman heeded their plea—but he overdid it.

The farmer who two weeks ago was calling for rain is today pleading for sunshine and warm weather. "No damage to speak of has been done except on low lands," officials at the Lennoxville Experimental Farm stated to a Record representative. "But farm work has been held up. Hoing and weeding activities have not progressed as they should."

To date this month the rainfall has totalled 4.06 inches, according to Experimental Farm records. More than one and a half inches of rain fell during the past week, the precipitation for last night alone being .15. Yesterday's temperature maximum was 74 and minimum 55, and that for the corresponding day last year was maximum 84 and minimum 53.

The heavy rain of the past ten days has not only been unfavorable for the farmers, but has proved disagreeable for the public generally. School children are just beginning their holidays and numerous school and Sunday School picnics planned for this week-end had to be cancelled owing to the weather conditions.

Many of the farmers who have been in anticipation of the fun they would have this Saturday, were a disappointed lot today. Unless the skies suddenly clear up, many sporting activities scheduled for this week-end will likewise have to be postponed. Tennis courts and golf links have suffered greatly from the steady downpour. Country roads—particularly dirt roads—have become soft and muddy and heavy automobile traffic along these routes is held up at a snail's pace.

The Eastern Townships received the greatest rainfall of any district in the Province of Quebec during the month of May, the meteorological bulletin issued by the Quebec Running Streams Commission indicates. The rainfall during May was 2.26 inches in the Eastern Townships. Periods of warmth occurred in almost every region in the province during that month, the general average maximum temperature being placed at eighty-one and the average minimum at eighty-eight.

The bulletin records that frosts occurred at various times during May in different districts, including Beauceville, Farnham and Sorrel. Out of ten regions covered by the report, ten showed maximum temperatures of eighty or over at various times. The remaining three registered more than seventy-five.

DUKE OF KENT UNVEILS PORTRAIT OF KING

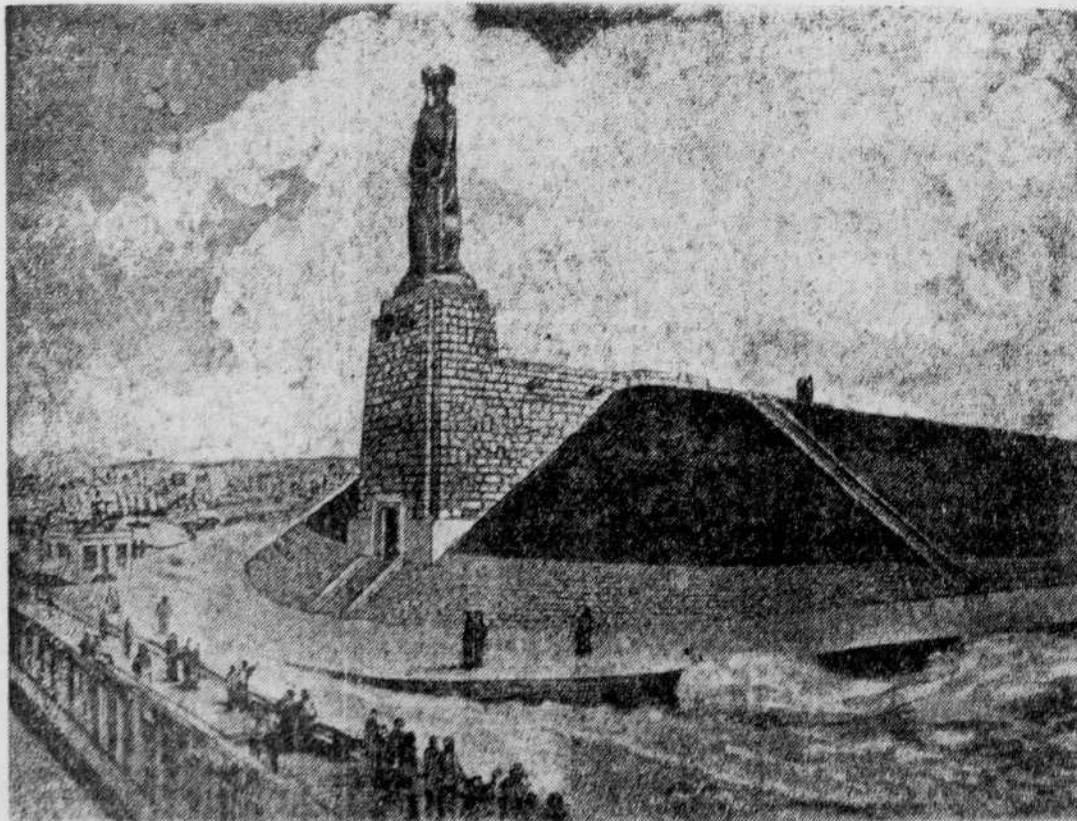

The Duke of Kent unveiled a portrait of His Majesty the King at Canada House, Trafalgar Square. The portrait is the gift of T. B. Davis, of South Africa, who adopted this original method of showing his appreciation of the part which Canada is playing in Imperial affairs. The picture above shows the Duke of Kent at the unveiling ceremony. Also, left to right, are seen Hon. G. Howard Ferguson, High Commissioner for Canada, T. B. A CITY WITH NO SMOKE EVIL, NO CHIMNEYS! COULEE DAM IS REASON

Three thousand people live in the new city seen here on the far side of the Columbia River in Washington. But there is no smoke, and not even a chimney in the whole town. It's Mason City, erected below the Grand Coulee Dam to house the dam builders. The town, whose two principal streets are Roosevelt and Ickes avenues, was built with PWA funds and will be permanent. With its landscaped homes, combined theatre and church, hospital, recreation hall, airport and baseball diamond, Mason City is a far cry from the shacktowns that used to house construction workers. Electrical heating in the homes reduces grime to a minimum.

PLEDGE OF ENTENTE CORDIALE ON FRENCH SOIL

The two pictures show the nature of the memorial now nearing completion at Boulogne-sur-Mer, where British troops first landed in France on the outbreak of the Great War. On the facade of the immense pedestal are to be inserted stones from each of the British Dominions. The Statue of Britannia rises over all. The large and representative committees of patronage responsible for the raising of the memorial were drawn from French and British countries. The unveiling of the monument is expected to take place in September.

QUEEN MARY'S" BOW TO TRADITION

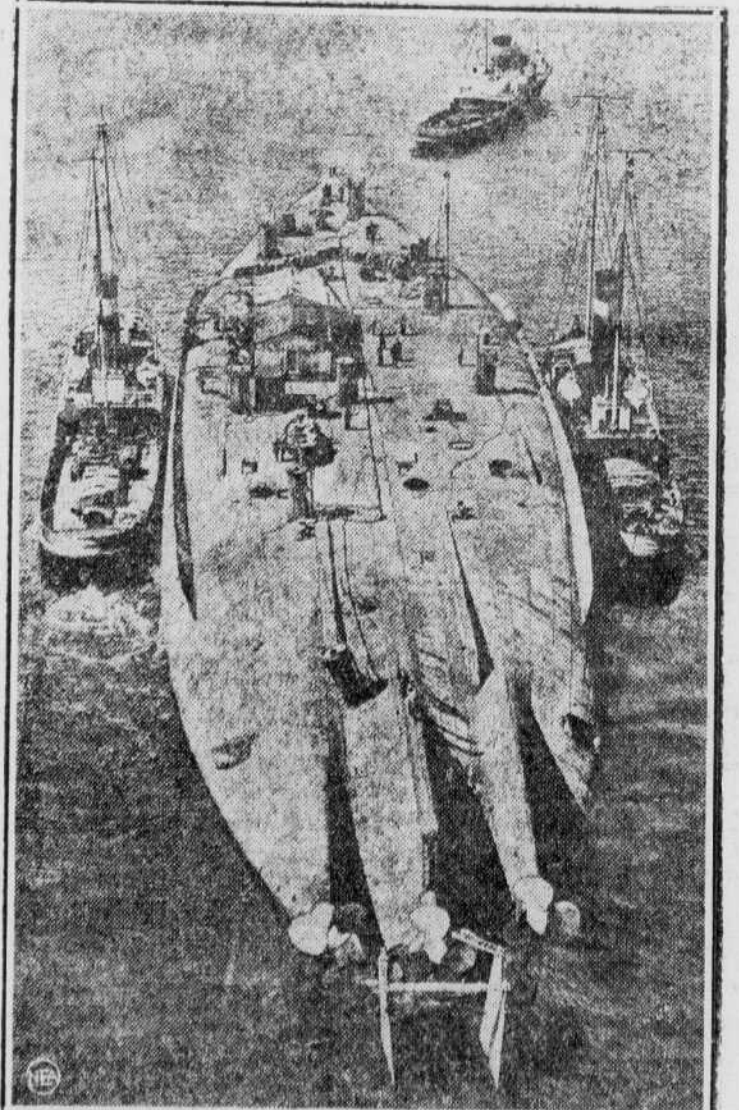

The "Queen Mary," Britain's challenge for supremacy of merchant shipping, follows the tradition of English ships by having a sharp knife-like bow instead of a bulbous streamlined one like her speedy rivals, the Rex, Europa and Normandie. Once the toast of the Imperial German Navy, it was bottoms up for the 38,000-ton warship Bayern when salvagers brought the huge craft to the surface at Scapa Flow, where it had been scuttled after the World War. How the big hull was towed across 200 miles of ocean to the salvage yard at Rosyth, England, while fifteen men lived on the upturned bottom is illustrated here.

ROWE BLANKED YANKEES WITH FOUR SINGLES

Detroit Star Hurler Continued Stellar Pitching to Register Third Straight Victory and End Yanks' Six-Game Winning Streak — Giants Trimmed Pirates Again.

If the Detroit Tigers should recapture the American League pennant this season it apparently would not be amiss for them to vote a share of the World Series to Lynwood Rowe, Junior.

One of the difficulties that beset Manager Mickey Cochrane this spring was that Lynwood Rowe, Senior—the famous "Schoolboy"—was not pitching according to last year's form and apparently did not care much about his failure.

But since a son and heir appeared some ten days ago it seems to be a different Rowe out there on the hill, bearing down all the time, and that has made a world of difference in the Tigers. He followed up a three-hit flinging performance against the Boston Red Sox by limiting the Philadelphia Athletics to six blows and yesterday by shutting out the league leading New York Yankees with four puny singles to gain a seven to nothing triumph.

In chalk up his third straight mound victory and ending the Yanks' six-game winning streak Rowe walked only three and fanned seven, while the Detroit batters pounded offerings of Charley Ruffing, Walter Brown and Jimmy Deshong for eleven safeties.

The Chicago White Sox meanwhile moved back into second place with a five to three victory over the Athletics behind young Vernon Kennedy's seven-hit flinging. Jimmy Fox hit his thirteenth homer with none in the fifth inning.

Cleveland's game with Washington was rained out as was the greater part of the Boston-St. Louis twin bill. With Robert "Lefty" Grove in form and Carl Reynolds and Mel Almadra hitting for the circuit, the Red Sox pulled out a three to nothing decision in six innings that were played before the Browns only three hits in the abbreviated fixture.

The New York Giants, having disposed of the St. Louis threat, continued to make hash of their rivals for the National League lead by thumping the Pittsburgh Pirates for the second time, winning by a count of eleven to four. Smashing Red Lucas off the hill with seven runs in the second inning to set the game up almost as soon as it started, the pirates suffered increasing blows after Lucas had retired to total seventeen for the day. Moore, Bartell and Terry collected three blows apiece and Gus Mancuso contributed a seventh-inning homer.

The Cards took an eight to three beating from the Phillies on the strength of Sy Johnson's six-hit flinging and a homer by Johnny Vezar with the bases full. The Phils drove Paul Dean to the showers with a six-run attack in the sixth chapter, while Johnson added seven victims to his strike-out record in registering his fifth mound victory of the season.

The Chicago Cubs continued to improve their hold on fourth position by bowling over the Boston Braves to the tune of eleven to three with an eight-run attack in the sixth chapter, while Johnson added seven victims to his strike-out record in registering his fifth mound victory of the season.

The Chicago Cubs continued to improve their hold on fourth position by bowling over the Boston Braves to the tune of eleven to three with an eight-run attack in the sixth chapter, while Johnson added seven victims to his strike-out record in registering his fifth mound victory of the season.

Don Brennan, of the Cincinnati Reds, winning his first game of the season, made the Brooklyn Dodgers look more than ever like "hitless wonders" when he blanked them with ten hits to win by five to nothing. Ernie Lombardi rified a homer with two on base in the fourth stanza for the deciding tally. It was his seventh four-bagger of the season, all collected in twelve days.

YESTERDAY'S STARS
Joe Moore, Giants: Rapped out three hits and drove in three runs in triumph over the Pirates.
Lynwood Rowe, Tigers: Blanked the Yankees with four hits, fanned seven and knocked in two runs.
Freddie Lindstrom, Cubs: Led attack on Boston pitching with a double and four singles.
Lefty Grove, Red Sox: Shut out the Browns with three hits in six-inning game.
Johnny Vezar, Phillies: Clouted a home run with the bases full and score tied to beat the Cardinals.
Vernon Kennedy, White Sox: Limited the Athletics to seven hits, scored two runs and batted in two tallies in five to three victory.
Don Brennan, Reds: Shut out the Dodgers with seven hits.

TENNIS
MANY ENTRIES EXPECTED FOR ONTARIO TITLE PLAY
Ottawa, June 22.—Leading players of the United States and Canada will gather here next month for the Ontario tennis championships. Play will start on July 1 on the sixteen clay courts of the Rideau Lawn Tennis Club and conclude the following Saturday.

Eight events are included on this year's tournament programme. The regular events are the men's singles, ladies' singles, men's doubles, ladies' doubles and mixed doubles, while the junior ladies' singles, junior men's singles and veteran men's doubles have been added.

In the past Ontario and Quebec have provided the majority of the entry in the provincial tournament, but this season Nova Scotia is sending a team for the first time. President Harry Roper, of the Nova Scotia Lawn Tennis Association, wired this week for entry blanks. In addition New Brunswick and Prince Edward Island will send players.

United States entry this year is expected to surpass any record of the past. Nearly one thousand entry blanks have been sent to outstanding players in ten states.

Thomas Arnold, of Montreal, president of the Quebec Lawn Tennis Association, wrote the Rideau Club that all leading Quebec players would be entered by his Association.

The Governor-General and the Countess of Bessborough have consented to act as patrons of the championship tournament.

AMERICAN DAVIS CUP TEAM ELIMINATED IN UPSET.
London, June 22.—The United States No. 1 ranking amateur doubles team of Wilmer Allison and John Van Ryn was unexpectedly ousted out of the Queen's Club tennis tournament yesterday, while the No. 2 combination of Gene Mako and Don Budge speed through two rounds without losing a set.

Figured to march through to the finals, Allison and Van Ryn struck a pair of lancers in George F. Hughes and C. R. D. Tuckey, of Great Britain, and were eliminated in a second-round match by scores of 6-11, 6-3, 6-4.

LOCAL SPORTS CURTAILED BY POOR WEATHER

Rain During Past Fortnight Has Disrupted Many Schedules and Caused Golf Officials to Discuss Advisability of Closing Courses Temporarily.

The song-writer who wrote "Rain" could have found sufficient inspiration for another "wet" number had he visited the Eastern Townships during the past fortnight. Old Jupiter Pluvius has opened wide the faucets of his rain barrels and Old Mother Earth has become so drenched that golf courses, baseball diamonds and tennis courts have been converted into miniature inland lakes.

Old Sol has made a few appearances during the past two weeks, but his joyful countenance was hidden behind black clouds before he had a chance of drying the ground. The moon and the other night-sky marauders have forecast better conditions, but the lunar barometer has proved faulty on more than one occasion.

The situation has become serious from the sports angle. The golfers, encouraged by the few fine week-ends at the beginning of the season, have their clubs safely tucked away in lockers, while club officials discuss the advisability of closing the courses temporarily. Continuation of play under present conditions can cause inestimable damage to greens and fairways.

Tennis enthusiasts are no better off. The recently organized league affiliated with the Province of Quebec Lawn Tennis Association has opened its schedule, but the players have been unable to practise at all during the past few days. Two fixtures are slated for decision tomorrow, but it is doubtful if they will be played. The East Sherbrooke over Coctors over Coctors last Sunday, are booked to visit St. Francis, while Asbestos is slated to travel to Danville. Plans have also been made to have a Quebec City team visit Sherbrooke Monday afternoon for a series of exhibition games on the St. Francis courts.

The senior baseball squad has been handicapped, but do not expect that the enforced lay-off will snap their winning streak. The local nine concludes its home stand over the week-end with two fixtures. The Montreal Police will play here tomorrow afternoon, weather permitting, while as part of the St. Jean Baptiste celebration Lachine will provide the opposition for a twilight engagement on Monday.

The Sherbrooke Softball League is far behind in its schedule. Seven games have already been postponed and there is little indication that the terrain will be in condition for Monday evening's fixtures when Mitchell's are down to meet St. Pat's at Dufresne Park and Cranes are scheduled to play Paton's on the Rand diamond. The league will call a meeting next week to decide what course to adopt to speed up the schedule.

Despite all the handicaps, however, local sport followers are hopeful of a "break" in the weather and expect that in a short time the warm weather will permit the usual summer activities.

CRICKET
BOWLER TOOK FIVE WICKETS FOR FIFTEEN RUNS.
London, June 22.—Postin—a score of thirty-five in the second innings of a match with Derbyshire, Somerset recorded the lowest total in county cricket this season. The Midland County won the match by 114 runs.

W. H. Copson, Derbyshire fast bowler, sprang into the limelight by capturing five wickets for fifteen runs in the cider country's second innings. Derbyshire batting first declared with the score at 237 for eight wickets, their opponents replying with eighty-nine and thus forcing Derbyshire in a second time. The home skipper declared the innings after one run had been scored, Somerset then being dismissed for thirty-five.

Hampshire made a gallant recovery and defeated Gloucestershire by six wickets at Portsmouth. First innings victories were registered by Leicestershire over Yorkshire at Leeds and Glamorgan over Essex at Chelmsford.

Rain seriously interfered with the schedule all over England and no result was chalked up in the following games: Middlesex vs. Nottinghamshire at Lords, Northamptonshire vs. Sussex at Northampton and Worcestershire vs. Kent at Tonbridge. The South Africans and Lancashire played to a draw at Liverpool while the Surrey-Canterbury University fixture at The Oval was abandoned without a ball being bowled.

Gloucestershire 282 and 190 runs for seven wickets, declared; Hampshire 170 and 305 for four wickets, Arnold 142 not out, Mead 75.
Leicestershire 153 and 55, Verity eight wickets for 28 runs; Yorkshire 93, Smith six for 31, and 75 for two wickets.
Essex 156 and 48 for three wickets; Glamorgan 212, Dyson 101, Eastman five for 49.
Middlesex 132 for six wickets declared, Hendren 50 not out; Nottinghamshire 32 for three wickets.
Northamptonshire 158 for eight wickets declared, Bakewell 93; Sussex 85 for four wickets.
Kent 156; Worcestershire 61 for five wickets.
Lancashire 92 for six wickets declared; South Africans 178 for two wickets.

ONTARIO ACES BATTLING FOR GOLF LAURELS

Western Canada Threat Passed Out of 1935 Canadian Amateur Golf Championship Picture Yesterday as "Sandy" Somerville and Gordon Taylor Gained Final Round.

Hamilton, Ont., June 22.—The Canadian amateur golf championship today became an all-Ontario affair between a four-times winner and a "dark horse" whose nearest approach previously to the title was the quarter finals.

It was up to Gordon Taylor, Jr., of the Summit Club, Toronto, to halt the steady march of C. Ross "Sandy" Somerville or see the big honors handed once more to the silent man from the London Hunt Club.

In the gruelling thirty-six-hole semi-final test yesterday—while rain and fog drenched Ancaster's beautiful course—western Canada passed swiftly from the 1935 picture and lost its first chance for a title finisher in two matches that kept thrilled galleries doggedly sloshing about the fairways.

Somerville's steady, methodical golf finally upset one star of the west, Stan Leonard, who entered on the last nine and was finally eliminated at the thirty-seventh hole.

Taylor's match against twenty-two-year-old Stew Vickers, of Calgary, almost went to extra holes, but the west's last bid faltered and Taylor ended the match on the thirty-sixth after a remarkable chip shot from just off the green, the specialty he pulled out of his bag of golf prowess at least twice before.

Somerville, relentlessly shooting for regulation marks, finally won Leonard down. The former champion, two down at the turn in the afternoon, calmly gathered in the next two holes to square the match and went up two before Leonard could get settled. But on the thirty-fifth and thirty-sixth the Vancouver boy showed his mettle. Bringing his wonderful exhibition of putting back into play, he took both for himself and squared the match.

"Sandy" quickly reeled off a par on the extra hole, the one he lost at the outset of the morning round, and Leonard two-putted and lost the match.

The end of the Taylor-Vickers match came as dramatically. Miss golden opportunities on the thirty-fourth and thirty-fifth, Vickers came to the home hole all square. While officials and caddies raced dimly through the mist, Vickers sent his tee shot blindly and it nestled on an incline barely out of a sand trap. His third was nicely played and brought him three feet from the pin.

Taylor's drive from the tee was still on the fairway and his second try was just short of the green. Another brilliant chip sent him within a foot of the pin. Vickers failed to get down with his putt and Taylor, after carefully studying his lie on the green, sank his ball for a four and ended a close-fought battle that kept the Calgary city champion and former Alberta title holder in the fight until the last hole decided it.

For the first time since 1931 the Earl Grey Cup will return to Ontario. It was last held in this province in 1931 when Somerville won it for the fourth time. The next year it was taken by Gordon B. Taylor, of Montreal, whose namesake stands out today in the final for the first time. Albert "Scotty" Campbell, of St. John's, annexed the title in 1932 and 1934 and left it undefended this year.

Taylor, twenty-seven years of age, was eliminated by Somerville in the fourth round a year ago, losing to the London shotmaker by a score of five and four. In 1923 at the American amateur at Bracon he qualified with 145 against 147 for the renowned Bobby Jones. That year he lost to Fred Wright, of Boston, Mass., while Somerville, disposed of on Thursday, around that time Taylor was considered one of the best in Toronto district. Since then he has had varying success, but there are those who say he is staging a comeback and will give Somerville a great final.

To reach the final bracket Taylor defeated Bobbie Bauer, of Galt, by six and five; J. E. Lauzier, of Hamilton, by five and four; Doug Jones, Ontario champion, by six and five; Rod Phelan, of Toronto, Canadian badminton champion, by two and one, and then put out of the running Dick Lunn, a highly regarded player from Washington, D.C.

Somerville, who first won the title in 1926 and took it three more times besides winning the American amateur in 1932, came to his big chance for his fifth Canadian crown by eliminating such players as Fred Hoblitzel, of Toronto, and Fred Wright, who held the Massachusetts State title seven times. "Sandy's" record in the present championship shows he defeated W. D. S. Morden, of Toronto, by six and four; G. Cumming, of Galt, by seven and six; Hoblitzel by two up; Dick Moore, of British Columbia champion from Vancouver, by five and three, and Wright at the nineteenth.

FINE WEATHER CONDITIONS FOR TODAY'S FINAL.
Hamilton Golf and Country Club, Ancaster, Ont., June 22.—For the first time this week the Canadian amateur golf championship struggle got a break in the weather when C. Ross "Sandy" Somerville, of London, and Gordon Taylor, Jr., of Toronto, walked to the starting tee for their thirty-six-hole final. A

bright sun was shining, the air was crisp and there was nothing of yesterday's conditions when the semi-finals were fought in rain and fog. Somerville, four times champion, was the favorite at the start over his younger opponent, who previously has reached only the quarter finals for the national title.

ARREST OF LEON TROTZKY'S SON IN MOSCOW ANNOUNCED

Was Imprisoned Six Months Ago, His Mother Revealed in Letter to London Paper.

London, June 22.—The arrest and imprisonment of Sergei Trotzky, son of Leon Trotzky, in Moscow six months ago was reported yesterday by his mother in a letter to the Daily Herald.

"Sergei never occupied himself with political questions," the letter said. "When we were exiled abroad Sergei still was a student. The authorities permitted members of our family either to accompany us or remain in Russia."

Mrs. Trotzky and her husband are at a Norwegian resort where Trotzky is reported recovering from a nervous breakdown induced by worry and overwork.

WESTERN CANADA LABOR FRONT STILL TROUBLED

Marine and Structural Steel Workers Strike Over Wage Questions, Adding to Problems Facing Conciliators.

Winnipeg, June 22.—Negotiations to achieve settlement took front place today in western Canada's disturbed labor situation.

While nine hundred striking longshoremen at Vancouver were in a deadlock with shipping operators, negotiations to end strikes were underway at Fort William, Winnipeg and at Ottawa, where eight representatives of striking relief camp workers in Regina presented their case to the federal government.

After meeting freight handlers and stevedores in their dispute with owners at Fort William last night, M. S. Campbell, chief conciliation officer of the Dominion Department of Labor, reached Winnipeg today to consult with forty structural steel workers who went on strike here and delayed work on the new federal building. Wages were at stake in both disputes.

Two thousand striking relief camp workers from British Columbia and Alberta waited in Regina for the outcome of negotiations between their deputations of eight and the Federal Government at Ottawa, being held today. Negotiations were expected to conclude in time for the deputations to leave for Regina tomorrow night to report to the main body of strikers.

Organization of another relief camp strikers trek to Ottawa continued in Winnipeg. The single men's relief commission dealt yesterday with the situation created by the influx of camp workers into Winnipeg. Close to one thousand men are gathered here and they will continue to be lodged in hotels, rooming houses and a hall.

Los Angeles, June 22.—Mother of fifteen puppies last October, "Sofie", a Great Dane, has surprised veterinarians by giving birth to nineteen this time. The new litter is now five days old and each of the puppies apparently is in good health.

Louis Byrnes, owner of the dog, has asked veterinarians to work out a milk formula. Some of the litter must be fed by bottle.
