## Programme

1 Overture....."Euryanthe".....C. M. von Weber

CARL-MARIA VON WEBER (B. 1786; D. 1826)

Weber made his mark as a keyboard virtuoso, ready, original and daring, and made large contributions to piano literature; but his significance lies in his sudden elevation of the German opera into renown, and his expansion of the range of orchestral expression. Euryanthe is undoubtedly a forerunner of Lohengrin.

# IF YOU ARE PARTICULAR ABOUT YOUR LINEN

You should give our laundry at least one trial bundle, and see if you do not find our work better than any you have obtained elsewhere.

Ours is not an ordinary steam laundry. We do our work much more skillfully and carefully than it is possible for the ordinary laundry to do—and we starch, dampen and iron your shirts, collars and cuffs, white vests, ladies' wear, etc., entirely by hand.

Our prices are a little higher than you are asked to pay elsewhere—but we more than give you the benefit of the slight extra charge, in the quality of our work.

Frankly—if you have never tried our service, you will be agreeably surprised when you see the color, stiffness and beautiful finish that our work has. Many of our customers tell us that they never imagined such perfectly satisfactory laundry work could be obtained, before trying us.

You will realize that our hand performed work is easier on your linens, too. We make them wear much longer, and make them look much better and feel more comfortable while they last.

Because you do not want to overlook the possibility of obtaining more satisfactory service—we feel sure you will decide to give our laundry a trial.

laxative is like exercise and fresh air to  
the Up-set Stomach and Lazy Liver.  
Take a morning glass and you will find  
yourself growing stronger and feeling  
better every day.

All Druggists 25c. & 60c. bottle.

## Programme—Continued.

**2** Joseph Haydn (b. 1722—d. 1809, Vienna) was the  
second of twelve children of a wheelright. He showed  
musical talent at an extraordinary early age, and was  
first trained by his cousin Frankh, afterwards becoming  
a chorister at St. Stephens, Vienna, where he also received  
a good school education.

Although not the first to write symphonies, none  
before treated that particular form of art in an equally  
comprehensible manner.

Haydn wrote in all 125 Symphonies, and many are  
still to be seen on programmes.

**KNABE PIANO USED FROM WILLIS & CO.**

## THE MODERN PIANO

The perfection of the *WILLIS INNER PLAYER PIANO* has made it possible to have an instrument in your home that everyone in the household can play, instead of a piano that in most instances is merely an ornament. For music lovers the Inner Piano Player is the logical Piano. For the cultivated musician it is an ideal instrument for playing in the ordinary way, and for those who lack technical training it provides the means for playing the music they enjoy with the expression and finish of an artist.
