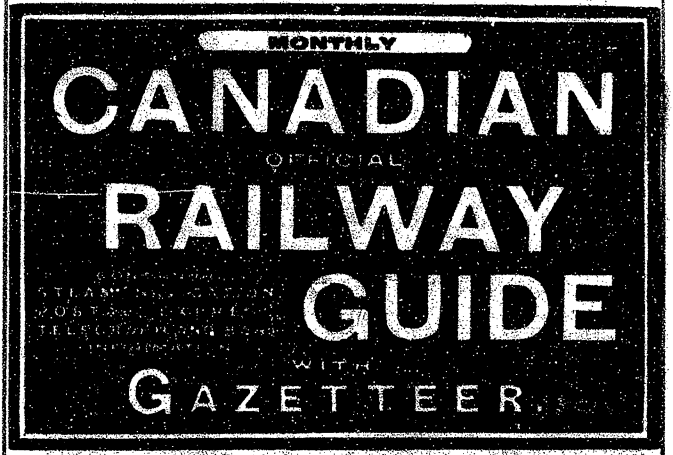
BUSINESS MEN!



Answers the following Questions regarding Every Place in Canada

Is it a station, if so, on what railway, and must goods be prepaid? What Express Company reaches the place?

Is it a Post Office as well as a Railway Station?

Is it a Post Office off the line of railway, if so, what is the name of and distance to the nearest station, and can it be reached equally well from more than one station.?

What is the name of the Bank there? If no Bank, where is the nearest one located?

How far is the place in question from here? How far from some other place?

What time do trains leave from here and what connections can be made? From here or elsewhere?

Is there a Telegraph Office or Customs Office there?

If it is a small place, where can legal or insurance documents or financial paper best be sent to be dealt with, or, in other words, where is the nearest "business centre" to the place?

These questions are all answered instantly and many others, which, if the time spent in trying to ascertain the information without using the GUIDE was computed, would in a year represent quite a tidy sum.
