W. Dinsdale Addresses Meeting

Peter F. Kerrigan was re-elected president of the St. Antoine - Westmount Progressive Conservative Association at the annual meeting of the association, held at Victoria Hall. Walter G. Dinsdale, M.P., was guest speaker at the gathering.

Other officers elected were: vice-presidents, Wallace Beaton, Denis Gougeon and Mrs. Theodore Meighen; hon. secretary, Miss P. G. Cowan; and hon. treasurer, G. B. Puddicombe.

Mr Kerrigan paid tribute to "the outstanding qualities of George Drew, whose vigor, understanding and wisdom, gained from many years of public service, will be a major factor in returning the Progressive Conservative Party to power."

Charges Smear Factics

Mr. Dinsdale told the group that "the smear tactics used by the Liberals to keep themselves in power have placed our parliamentary system in jeopardy." He branded "ridiculous" the Liberal charges that the Progressive Conservative party was the cause of the depression of the 1930's and that they planned to do away with social welfare benefits.

"We are opposed to the gradual encroachment of the super state and the idea that only the super state can solve today's problems," the speaker said. "We do not forget that other institutions — family, church and education — have a most important part to play in the people's welfare," he added.

Liberals "Irresponsible"

Mr. Dinsdale attacked the extravagance, waste and irresponsibility of the Liberal government, which he said resulted from being too long in power. He said that the Progressive Conservatives had many able men in the House of Commons and were fully capable of administering the nation's affairs.

"The P.C.'s have the majority of the younger men in the House", he said. "This should be an appealing factor to the younger generation of voters who have never known a Progressive Conservative government."

"Swept to a surprising victory in Brandon, Manitoba, in 1951," Mr. Dinsdale noted that a new spirit is evident in the west and remarked on the enthusiastic reception given to George Drew on his recent visit

THIS WEEK AND NEXT AT . . .

Unity Boys' Club

By Maurice Mariasine

During the past week, visitors at the Unity Boys' Club of Westmount got an inkling of what is taking place in the realm of make-believe royalty. If American visitors were to enter the Club—it might remind them of the recent "Eisenhower - Stevenson" campaign but to Unity members it's a prelude to the voting which will decide who will be the club's Royal family.

Committee heads are busily engaged campaigning for their candidate. Already posters of unique design have been hung up. It is not unusual to see a small child of six asking for paper and crayons so he too can do his part in the campaign.

Opportunuity for speech making comes every Tuesday evening when the Club is engaged in a mass activity.

A typical speech made recently, follows:

Ladies and gentlemen: I am going to let you into a secret. You have heard a lot of people being suggested for Prince of our Club but there is only one boy who has really earned the right to this honor. He is a boy who is well-liked because he is always fair and polite in his behaviour. He is often seen in the Gym and is a member of the Biddy Basketball team. But the real reason why he should be chosen is that he is always honest and true to his word. This boy is none other than Stanley Penny, and I ask you all to cast your vote in his favor: **STANLEY PENNY FOR PRINCE.** The boy who made the speech was John Black.

From Dec. 1 until Dec. 13 every member of the Unity Boys' Club will have the opportunity to cast their vote for the Royal Family. On completion of the voting the ballots will be counted and the final result will be kept secret until the Coronation Ceremonies on Friday, Dec. 19. It is expected that a well known radio commentator will be on hand for the exciting finale.

Intermediate Boys Visit East End Boys

Last Saturday, six members of the Intermediate Boys' Group paid a visit to the East End Boys' Club where they enjoyed an hour's swimming in the East End Swimming Pool. They were also conducted on a tour of the building by Miss Joan Bowie. The boys who participated were Michael Foley, Brian Sullivan, Danny O'Shea, Michael Crouch, Claude Bisaillon and Nicky Wright. Chris. Gallop, Unity Boys' Work Supervisor was in charge.

Last Wednesday evening the Busy Workers Girls Club of the Unity Boys' Club of Wetmount visited the Montreal Art Gallery. One of the highlights of the tour was the Bertha Mointer Art display, and movie pictures on sculpture, art in Italy and the Venice Opera.

Last Friday evening the first class in Puppetry was held with eleven boys and girls in attendance. The class is under the instruction of Mrs. David Creaghan and Miss Ann Creaghan.

Last Monday, the advanced Dramatics' Group met in the Library uunder the direction of Joan Hamilton Jr. An informal discussion period took place. The subject was "The Meaning and Importance of Drama." Fourteen members attended this first meeting.

Basketball Notes

Last Saturday afternoon members of the Unity Boys' Club Biddy Basketball team were guests at the University Settlement where the official opening of the Biddy Basketball League took place. Unity's Biddy team lost a close decision to University Settlement in an exhibition game played at the Unity Boys' Club. The score was 29-22.

Other exhibition games at the Club were Unity's Intermediate girls versus University Settlement, Holy Trinity versus Unity Intermediates in a regular M.B.I. Golden Ball fixture.

On Monday the opening game of the Montreal Boys' Basketball League, Midget Section, took place at the Unity Boys' Club with Unity playing hosts to the Chinese Community Center.

Students Sing Trans-Atlantic Birthday Song

Dr. C. S. Fosbery, O.B.E., L.L.D., founder of Lower Canada College celebrated his birthday in Bournamouth, England, yesterday.

Students and teachers at the college in NDG, several thousand miles away from Dr. Fosbery, celebrated the same birthday, highlighted by an interview with the founder via a trans-atlantic telephone call.

The students gathered in the assembly hall and remained quiet as telephone operators relayed the call until Dr. Fosbery was finally reached.

Burst Into Song

Then the whole school, from the youngest student to the oldest teacher sang the "Lower Canada College School Song" while a member of the staff held up the open telephone.

H. K. Crabtree, G. F. Clarke and M. O. Haskell exchanged remarks as J. H. Fraser recorded the whole procedure on a tape recording machine.

Eighty-seven yesterday ,Dr. Fosbery was headmaster of St. John's School from 1899 to 1909 and Lower Canada College from 1909 to 1935.

The students weren't through with celebrating when the conversation was over. They played the record over and got "a kick" out of their own voices singing the school song while turkey, ice-cream and gingerale were served.

Adult Activities

Monday, Nov. 24, marked the opening of a large games room in the Westmount Athletic Grounds Clubhouse for use by residents of the City of Westmount. A putting tournament was held without charge and without prizes to see just how each player scored on the strange putting layout. It was found that putters with good records on the outdoor greens were equally as good on the indoor coca mat.

At present, the games room will be open Monday through Friday from 9 a.m. to 10 p.m. and on Saturdays from 9 a.m. to 5.30 p.m.

Harold Downie, Boy Soprano, To Sing At Westmount Church Diamond Jubilee

Harold ("Ronnie") Downie, 13-year-old resident of NDG, who has established himself as an outstanding "chorister", will sing at the Diamond Jubilee of the Church of the Advent in Westmount tomorrow.

Ronnie, who resides at 2290 Oxford avenue, recently returned from England is "the only Canadian boy to study at the Royal School of Church Music, at St. Mary's Cathedral, Edinburgh, Scotland."

The experience, according to Ronnie, was "wonderful" but the most successful part of the trip was passing the examinations with flying colors. Said examiner David Lepine of Ronnie's voice: "A very well produced voice that was a real joy to hear."

Besides singing Ronnie dabbles at composing hymns, the latest of which was an idea taken from a story in Readers Digest, concerning a "doe", which escaped hunters by laying at the foot of a statue of St. Francis.

St. Francis called to God's Creatures
To offer praise from below
And in grateful homage
They their love did show.
Deer and doe sought sanctuary
In his tender care
And from fear and terror
Found a haven there.
Bluebirds brought their nestlings
To this Good Saint's view,
Little Robins chirruped
In the morning dew.
Orioles came to greet him
This man of loving words,
And left us with the legend
Of St. Francis of the birds.

Lorne West, director of the Church of the Advent Boys Choir, says that Ronnie has "a rich soprano voice of outstanding tonal quality."

"In addition to his solo work, he excels in choral leadership — the type of boy who refutes completely the too often heard remark that 'Canadian boys can't sing'," Mr. West said.

Ronnie, who has been singing since he was eight years of age, visited such famous landmarks overseas as the Liverpool Cathedral and the Sheffield and Chester Cathedrals.

He says that he will take organ lessons shortly. Ronnie's ambition is to enter the ministry. A pupil at Westmount Junior High School, he practices an hour every day, attends choir practice twice weekly and sings at two services at the Church of the Advent each Sunday.

Ronnie likes singing to such an extent that in the past three years, has never missed a choir practice at the Church of the Advent, except the four months he spent in England.

Boats, Not Buses. Carry Bayou Scholars

For the 35 children who live in Bayou Chene, Louisiana, just going to school is something of an adventure. Highways and motor vehicles are non-existent in the bayou country's marshlands, so the youngsters reach their schoolhouse in flat-bottomed "school boats" painted orange like most rural school buses. The schoolhouse itself is built on pilings and includes a lunchroom. Teachers and students share the chores of pumping water and tending the stoves that heat the rooms and cook the food. In the spring or late winter, the school boats often get lost in heavy all-day fogs.

Your School, Your Child, and You

By GEORGE COCHRANE

Assistant Principal, Van Horne School

THE NEW GEOGRAPHY

It wasn't so many years ago that geography was one of the most cordially disliked subjects on the elementary school curriculum. With the accent on the memorization of a list of apparently unrelated facts it was little wonder that children used to dread the approach of another geography period. Perhaps this account of an old-fashioned geography lesson, which is found in the book "Geography in the Elementary School," by Zoe A. Thralls and Edwin H. Reeder, will bring back unpleasant memories of geography as it used to be taught.

A huge book is propped up in front of a tiny child. The child is reading and re-reading a few paragraphs in the big book. Can you not see the exact words? "Belgium is a small country in northwestern Europe. It is bounded on the northwest by the North Sea, on the northeast by Holland, on the east by Germany, on the southeast by Luxembourg, on the south and west by France. The area is 11,800 square miles. The population is 7,762,000. Three languages are spoken, French, Flemish and Walloon . . ."

The child re-reads the list of facts until he decides that he can answer the teacher's probable questions. Then, with a sigh of relief and an eye on the teacher, he slips a storybook from his desk and proceeds to lose himself in the life of the hero until the class is called.

Do you recall the recitation?

The teacher raps sharply on the desk. The children jump guiltily and stealthily slip notes and story-books into their desks.

"Close books", commands the teacher, although the text in her own hand is open.

"Where is Belgium, Mary?"

"James, bound Belgium."

"What mistake did James make?"

"Now, will someone bound Belgium correctly?" In turn, six or eight of the class mechanically repeat the list of countries and directions.

"What is the area?"

"What is the population?"

"What are the chief products?"

"What is the capital?"

Monotonously the teacher continues to ask questions, carefully noting every fact in the order given in the text book. She has to do this because she is not quite sure of all the facts herself. Then, too, a departure from the textbook might confuse the children. Miss Jones does dislike to have the even tenor of the recitation disturbed by uncertain answers.

In 20 minutes the children have repeated all the facts concerning Belgium like so many little phonographs. Only twice has anyone evinced even a glimmer of interest. One of the boys has asked if the picture of the dogs drawing a wagon was a real picture, and a little girl has timidly ventured to tell Miss Jones that she has a cap made of Belgian lace. The teacher quickly passes over the children's contributions, as if afraid that she will forget her next question.

It is not surprising that a rustle of satisfaction passes over the class when Miss Jones says, "Open your books. For tomorrow begin with the paragraph at the bottom of page 152. The first word is Holland. Study the first column on page 153 and the first two paragraphs in the second column."

* * *

The contrst between the old, interest-killing method of teaching geography and that used by progressive-minded teachers today is almost as startling as the difference between night and day.

For today, proceeding from the definition that geography is a study of the natural environment and man's relation to it, children are taught to look upon geography as a dynamic subject, as a subject that is fabulously interesting because it is concerned with the WHY of human behaviour.

It is a subject which children love because it gives them real-life problems to solve. It gives children an opportunity to learn to work with others because many of these problems are going to be solved by groups of students working together. It gives pupils an opportunity to read widely in all kinds of fascinating books, to present plays depicting life in various parts of the world, to use manual and artistic skills in the making of maps, pictures and charts, and, finally, to learn to think logically.

Geography has been transformed from a study of dry, unrelated facts to one that is dominated by the two ideas of activity and relationship. It is a subject which children now really enjoy and from which they are able to derive considerable benefit.

William Howard Taft was the only President of the United States ever to become Chief Justice of the Supreme Court.

Colds Are Not "Necessary"

The common cold is an almost universal complaint but it is often possible to prevent it.

By avoiding those people who already have a cold, especially the ones who cough and sneeze without covering nose and mouth with disposable tissues, and by dealing with the cold as soon as its symptoms appear, it is possible to go through the winter without a serious form of this general nuisance.

As soon as there is any hint of a cold, the victim should try to stay in bed, keeping warm and drinking plenty of water and fruit juices. Rest and warmth are helpful and, by staying away from other people, the cold is not so likely to be passed on to someone else.

Disappointment of U.N.

Russianism Subdues Communism, U.N. Not Strong Enough

There is bitter disappointment in the world over the failure of the United Nations to become strong enough to keep the peace.

Russianism has driven out communism, which exists now only as a theory propounded by Karl Marx. Those who believe in Russianism are relatively few but those who must submit to it in Russia, Poland, Czechoslovakia, Hungary, Rumania, Bulgaria, and in north Korea and China are one-half of the population of the earth, occupying the heartland of Europe and Asia.

The leaders of this Russianized half of the world would be defeated in their imperialistic expansion if the United Nations became a united reality giving effect to the principles of its charter.

Only a few of the members of the United Nations believe in its charter, too few to give it the effect of Boyle's law. At this session the United Nations must become the embodiment of its principles or continue to be a world forum, if it continues.

Bad Feeling in U.K.

* * *

Churchill, Eisenhower Intervention Asked in Troop Friction

Bad feeling between Britons and American troops stationed in Britain has reached the point where direct intervention of Prime Minister Churchill and President-elect Eisenhower is being suggested.

This is unlikely to help. Bad feeling towards U. S. troops will remain in Britain (and Continental Europe) so long as the troops themselves remain. Only sure solution is to get them out at the earliest possible moment, and let Western Europe look after its own defences.

What U. S. is now learning, or should be learning, is that good feeling can exist only between equals. U. S. aid to Europe, military and economic, has made Europeans feel inferior, Americans superior. This is the root cause of the present friction. It will end only when aid of all kinds is cut off, and Europe is restored to a position of full independence.

The Turn Of The Year

By Rev. Canon R. Kenneth Naylor
Trinity Memorial Church

Those churches which observe closely the Church's seasons have now come to the turn of the year. The long teaching period which is called the Sundays after Pentecost, or the Sundays after Trinity, has now come to an end and we begin again the progress to and through the events of the Life and Ministry of our Lord.

First the progress to those events, the period of preparation which we call the Season of Advent. It has a double anticipation. We think of the thousands of years while the world was in preparation for the First Coming; and at the same time of the centuries in which the Church has been waiting for the Second Coming.

In each case the preparation has been twofold. The initiative has always lain with God. His was the promise of ultimate victory. His was the setting of the stage, and the preparing of the Dramatis Personae. It was God who called Abraham and established in his family a place and home in which the Saviour of the world was to be born; that Person who was in the fullness of time to reserse the effect of man's sin. It was not man who found God by his seeking; it was God who made Himself known to man through His gradual revelation of Himself as God, as God Almighty, and then his His personal name Jehovah or Yahweh, I am that I am. It was not man who discovered the character of Jehovah, as righteous, holy, loving; it was God who revealed Himself little by little through His servants the prophets, until in His good time He should reveal Himself completely in His Son.

But there was the other side to the picture. God can only make Himself known to those who will receive the revelation. There was the obedience of Abraham; and then of Moses; the deeper understanding of Samuel and Nathan and Elijah; the sensitiveness of Isaiah and Amos and Hosea; the stubborn courage of Jeremiah; each hearing the word of the Lord, and making that Word known to the children of Israel, whether they would hear or whether they would forbear. But there were also not only the prophets with their sensitive minds, able to hear the Word of the Lord; there were also their less sensitive but loyal disciples who preserved their words and with them, God's revelation for future generations, and for the coming of the Holy One.

There was a working together of God and man for God's good purposes.

Shaar Hashomayim

Bar Mitzvah

Gerald Jules Gliserman, son of Mr. and Mrs. William Gliserman, on Sunday will be called to the Reading of the Torah in celebration of his Bar Mitzvah.

Annual Youth Sabbath

Final preparations have been completed for the 12th annual Youth Service to take place on the Sabbath of Sedra Vayyetze, Nov. 29, a week from this Saturday. The officials and Chazonim of Junior Congregation will conduct the entire Schachris and Mussaf Services in the Main Synagogue.

Library Corner

The Synagogue Library is open daily, Monday through Thursday, from 1:30 to 5:30 p.m., Friday from 12:30 to 3:30 p.m.; and Sunday, from 9:00 to 12:30 p.m. Miss Esther Cohen, the Librarian, is in attendance during these hours. As an additional service to the members, to the teaching staff and to pupils of the school, Mr. Lieff will be in attendance as research consultant Wednesday and Thursday from 2:30 to 3:30 p.m. Members are invited to utilize the extensive facilities which the Library affords in every field of Jewish life and literature.

20-40 Club

A series of cultural and social events will feature the current year's program, announced by the new executive, under the chairmanship of Mrs. Leonard Ellison. The third open meeting, taking place on Tuesday, Dec. 2, will have as guest speaker Rabbi Wilfred Shuchat. Dr. Norman Viner, prominent psychiatrist, addressed the previous meeting on "The Neurotic Choice Of A Mate." Several special interest groups have also been formed. A Chanukah Dance is being arranged for Dec. 16.

The regular Sunday morning of the Youth Group last week heard a discussion led by Mary Unterberg and David Fleming, with questions and discussion from the members. Plans are now being made for the group's participation in the Pre-Chanukah Festival, sponsored by the Women's Auxiliary to be held on Dec. 10.

Christian Science

"Ancient and modern necromancy, alias mesmerism and hyptnotism, denounced" is the subject of the lesson-sermon to be read in Churches of Christ, Scientist, on Sunday, Nov. 30.

This lesson-sermon shows how much misery is caused by people allowing themselves to be deceived by influences which can only harm them, forgetting that the sole guarantee of secure health and happiness is to recognize and obey the will of God, omnipotent Love.

The Golden Text is from Proverbs: "God overthroweth the wicked for their wickedness."

Bible citations include the following from Galatians: "Walk in the Spirit, and ye shall not fulfil the lust of the flesh."

Correlative passages from the Christian Science text book "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following: "The broadcast powers of evil so conspicuous today show themselves in the materialism and sensualism of the age, struggling against the advancing spiritual era. There is no enjoyment in getting drunk, in becoming a fool or an object of loathing; but there is a very sharp remembrance of it, a suffering inconceivably terrible to man's self-respect. Reform comes by understanding that there is no abiding pleasure in evil, and also by gaining an affection for good according to Science, which reveals the immortal fact that neither pleasure nor pain, appetite nor passion, can exist in or of matter, while divine Mind can and does destroy the false beliefs of pleasure, pain, or fear and all the sinful appetites of the human mind."

Let's Eat

By IDA BAILEY ALLEN

"If the families today could afford some of the foods the Pilgrim fathers brought home to the Pilgrim mothers in 1621, they would think they were in a gourmet's paradise!" remarked the chef. "Wild turkeys, mallard duck, pigeons, venison, bear meat steak—oo-la-la!"

"But remember, chef, they had almost no flour, salt, spices and other items needed to prepare the English foods to which they had been accustomed. Those inventive early Pilgrim mothers had to evolve new formulas and new dishes. For instance, they had to render bear grease for shortening, and learn how to use cornmeal instead of wheat flour.

Cooking Adventures

"The Pilgrims would have starved if the Indians had not shared their supplies of corn and dried meat with them. But within a few years their cooking adventures brought many new dishes equally good today.

"Oysters were abundant, often 11 inches long! For special meals small oysters were sometimes combined with pheasant. Apple pie, with fruit from the new orchards, was made with a hard crust and served three times a day! But for celebrations it was dolled up in traditional old English style."

All Measurements Are Level
Recipes Serve Four

Chicken or Pheasant with Oysters

Saute 1 tbsp, minced green pepper until soft in 3 tbsp. butter. Stir in 3 tbsp. enriched flour, ½ tsp. salt and ⅛ tsp. pepper; gradually add 1 c. whole milk and 1 c. light cream or undiluted evaporated milk. When boiling, stir in 2½ c. diced cooked chicken or pheasant. Add 1 c. small oysters; simmer 5 min., or until the edges curl. Serve on hominy or toast.

Apple Pie Marlborough

Line a nine-inch pie plate with American pie pastry. Next make the filling: To 2 c. tart apple sauce, homemade or canned, add ¾ c. sugar, 1⅛ tbsp. enriched flour, the juice and rind 1 lemon, and ¼ tsp. salt. Separate 2 large eggs. Beat the whites stiff and the yolks lemon colored. Add the yolks to the apple sauce. Fold in the egg whites.

Transfer to the pastry-lined plate. Dust with ½ tbsp. granulated sugar; bake 10 min. in a hot oven, 425 deg. F. Then reduce the heat to 350 deg. F. (moderate), and bake 25 min. longer. Serve cold.

Scarf Effects Give New Twist To Hats

Milliners continue to emphasize a discreet use of veils, feathers, and jeweled accents, but the important fashion excitement in trimmings stems from the use of scarfs and scarf effects. Rex's new "Sun Valley Veils" are outstanding. Of chiffon in the gayest of colors, these have a wide cutout center with an elasticized edge. They can be worn over a hat or under it and look very chic worn alone, with the cutout center pulled over the face and the scarf ends covering the hair.

Other scarf interpretations include bands of jersey, silk or open-mesh woolknits. These are attached under the crown and are worn almost like a hood, with the fabric pulled tightly around the face and the ends wrapped around the throat.

LARGEST CANAL LOCK

The world's largest canal lock, 1312 feet long and 164 feet wide, capable of raising the largest ship afloat, is located in The Netherlands.

Anchovy Dressing From The Chef

Quarter 4 anchovy fillets; add to ½ c. non-sweet French dressing and stir in 1 tbsp. ketchup.

A piece, as fancy as you like, of lemon or orange, or a black olive sitting nonchalantly spank in the middle of water cress, gives your garnish for fish or fowl a sort of Paisley-shawl effect, and that makes for a choice décor.

Miss Marilyn Steinberg Is Bride Of Mr. Leonard Pedvis

A highlight of the social season was the marriage on Sunday of the couple pictured above after their marriage on Sunday at the Mount Royal Hotel. Mrs. Pedvis, the former Miss Marilyn Steinberg, is the daughter of Mr. and Mrs. Sam Steinberg, of Westmount, and the bridegroom, Mr. Leonard Pedvis, is the son of Mr. Saul Pedvis and the late Mrs. Pedvis, of Quebec City.

PEDVIS — STEINBERG

A wedding of wide interest took place November 23 when Miss Marilyn Steinberg, daughter of Mr. and Mrs. Sam Steinberg, of Westmount, was married to Mr. Leonard Pedvis, son of Mr. Saul Pedvis and the late Mrs. Pedvis, of Quebec City. The event took place at the Mount Royal Hotel, with Rabbi W. Shuchat officiating, assisted by Rev. J. Fromm and Cantor N. Mendelson. Mrs. Fineberg was at the organ.

The bride, who was given in marriage by her father, wore a Raoul-Jean Foure model, Victorian style, of white Chantilly lace. The bodice had an off-shoulder neckline beaded in crystal and with long fitted sleeves. The very full overskirt of Chantilly lace covered flounces of white net and ended in a full train. She also wore a short circular illusion veil held in place with a beaded coronet, and the bride carried a cascade bouquet of white orchids and bouvardia.

Miss Evelyn Steinberg, sister of the bride, as maid of honor wore a blue and mauve net strapless gown with a little shawl effect on the shoulders. The bodice and very full skirts were trimmed with beaded and pleated leaves of the two shades of net. She wore a small crown of beaded net and carried a cascade of Briarcliffe roses and white baby chrysanthemums. The matron of honor was Mrs. Leo Goldfarb, another sister, whose dress was of blue brocaded silk-re-embroidered with blue and silver beads. The bodice was close fitted and draped over the shoulders. The skirt was very full as in a period style. She carried a semi-cascade of pink Delight roses and white daisy chrysanthemums.

The bride's mother wore hyacinthe blue taffeta, with fitted bodice and a full skirt beaded with a flower design of small pearls of the same shade. She wore a mat-

Dr. Sydney Pedvis acted as best man for his brother the bridegroom. Ushers were: Stanley Naimer, Jack Lesser, Bob Stern, Mel Dobrin and Leo Goldfarb, brothers-in-law of the bride; Lewis and Arnold Steinberg, cousins of the bride; and Berel Pedvis, cousin of the groom.

Wools And Guipures Used In France

Paris picks lace as its favorite for evening gowns, daytime dresses and suits. Jacques Griffe's great beauty (left) is short evening gown cut from 700 yards of fine black lace. Lace is closely gathered and set in innumerable pinwheels. A big yellow rose, poised at the waist, makes a splash of color. Desses' beautifully balanced evening gown (right) is in Coronation Red guipure. A deep harem flounce and the off-shoulder decolletage are in the same red. Desses makes red in every shade from palest pink to deepest scarlet, his theme color this year.

PARIS — Lace makes a big splash in the current collections by French designers, sending ripples out that touch even dressmaker suits in daytime wear.

It's the obvious fabric for the softer, more feminine silhoutte. There are lots of the traditionally filmy versions but there are also many of the heavier wool and guipure laces that have been turned to practical uses.

Balenciaga, for one, endorses chenille and wool laces in end-of-the-day dresses. One is a gray wool lace that has a straight, slim skirt topped by an unfitted middy blouse with casual neckline. Another designer Jacques Heim, uses cellophane re-embroidered brown lace over flesh-pink tulle in a short-length dress with off-shoulder neckline.

Jacques Fath pairs the sheerest Chantilly lace with fine wool jersey and gets some interesting results. The lace appears in a finely-pleated skirt and the jersey in an unfitted, draped sweater top.

The conversation piece of the Griffe collection is an ankle-length evening gown of 700 yards of fine black Valenciennes lace closely gathered and set in innumerable pinwheels. Many of his dinner dresses get ultra-wide stoles in gossamer Chantilly lace.

Castillo of Lanvin likes to use gleaming satin as a foundation for the new laces in stem-like slinky dinner gowns.

Pale, clear colors—grey, greige, flesh, butter and blonde — are stressed. Black is a favorite, of course, followed by the warm autumn-leaf tones(flesh to burnt amber) for the twilight hours.

Tomato Soup Will Keep This Fruit Cake Moist

Almost as enjoyable as the holidays ahead are the festive preparations — like making fruit cake. You've a treat in store in a new cake that calls for condensed tomato soup as liquid and mincemeat as the fruit.

A richer texture results from the use of the soup. And the cake keeps moist so long, thanks to this combination of ingredients. It's a dessert worthy of any occasion. Serve it at the holiday feast or whenever refreshments are in order.

Buffet Supper Soup

To give guests something special in the way of soup, combine three of the favorites in the condensed line. Blend together 1 can each of condensed cream of asparagus, mushroom, and chicken soups. Stir in 2 soup-can measures of milk. Heat thoroughly but do not boil.

Heart-Warmer

On a cold night, plan a cheerful supper that features pork and beans. Top each serving with a strip of crisp bacon. And accompany the beans with steamed brown bread and generous helpings of apple-nut salad.

Surprise Fruit Cake

- 2 cups sifted cake flour
- 3 teaspoons baking powder
- ½ teaspoon soda
- ½ teaspoon powdered cloves
- ½ teaspoon cinnamon
- ½ teaspoon nutmeg
- ½ cup shortening
- 1 cup sugar
- 2½ cups "prepared" mincemeat or 2, 9-ounce packages "condensed". (Add 1 cup water; boil 3 minutes, cool.)
- 2 eggs, well beaten
- 1 can (1¼ cups) condensed tomato soup
- 1 cup chopped nuts

Sift together flour, baking powder, soda and spices. Cream shortening and sugar; add cold mincemeat and mix thoroughly. Blend in eggs. Add flour mixture alternately with soup; stir until smooth. Mix in nuts. Pour into two greased loaf pans (8" X 5" X 2½") or one 9½" tube pan; bake in a moderate oven (350°F.) about 80 minutes, or until done. Cool; serve with hard sauce or cover with your favorite white frosting.

Small tomatoes, baked and discreetly hollowed out, each one stuffed with a hot little fish ball, are a guaranteed tomato surprise. Not over-worked. Have the fish balls fit, if you can.

Snag-Pruf Zipper Never In A Jam; Rises To Occasion

There's a new zipper on the market that's going to make everybody happy. You simply can't "jam" it permanently.

Secret of the new zipper (called Snag-Pruf) is a removable slider. When the zipper get jammed, all the wearer has to do is to snap open and remove the hinged slider, straighten out the zipper "tracks' and then put back the slider.

The new gadget grew out of a wartime problem. A Danish-born mechanical engineer, Hans Gram Nissen, learned that Allied pilots who bailed out over water were drowning because they couldn't unzip their heavy cold-weather clothing. Seamen, too, were drowned because they couldn't get out of heavy jackets. Nissen, who until then had never worked on anything smaller than the design and installation of vending machines, big motors and bigger powerplants, decided to tackle the tiny zipper and make it jam-proof.

The resulting invention has been warmly welcomed by the Army and civilian clothing manufacturers. It is presently available for home use, comes in 80 colors and is priced about the same as the standard type. Locally, Snag-Pruf is sold exclusively by Horowitz Custom Tailors, 344 Victoria Avenue.

"It is a real revolution," Hans gloats. "Compared to the old one, the new zipper is like the jet plane against a wagon. Please do not laugh. Trifles like zippers make up the happiness or misery of this mortal life."

Molson's

Make it Yourself by Pauline Roy

If you would like to have a leaflet that tells you how to make the LADDER STRIPE INNOVATION, pictured above, just send a stamped, self-addressed envelope to the Make-It-Yourself Department of this paper requesting Leaflet No. CW-41.

CHRISTMAS MIGHT SEEM far away for you at the moment, but it's coming — you can count on that. Before long you'll be caught in the rush and hurry of pre-holiday preparations. So if you're wise, you'll start to work right now and make many of the gifts yourself. Why not start with the men in the family? Men often present the biggest problem when it comes to gift-giving, but they do not need to. All men like articles that they can use . . . attractive, practical gifts that please the eye. Generally speaking, they do not like to shop for themselves, and will more than appreciate the thoughtful gifts made just for them.

Gifts to Please Him

Naturally you'll want your gift to be something they'll like and will be proud to wear. Nothing will so endear you to their hearts as hand-made, preferably hand-knitted articles of wearing apparel. So if you know how to hold knitting needles, you can really shine with your neatly knitted socks and sweaters. It is a good idea to find out the favorite color and style. Some men like V-necks, others high, round necklines. In socks too their tastes differ. The gift will be doubly appreciated if it meets individual specifications. Above all, don't think that it takes pears of practice to enable you to make knitted articles because if you follow the directions carefully, you can learn as you make something practical and attractive.

For the man of Distinction

Here is a sock that is bound to please. It is chosen from a new group and is named the LADDER pleased to offer this pattern in an- STRIPE INNOVATION. We are swer to the many requests for the original method of knitting men's socks. The instructions are complete and are given for the shorter as well as the standard length.

Leading Designers Display Fine Points Of Fashion Trends

Fur trimming, a favorite for winter, is used (left) by Jacques Heim for this heavy, mustard-yellow wool coat. The trim is dark brown beaver, is used for the hat, too. Black silk faille (left center) by Christian Dior has stiffened bertha outlining deep decollete. It's worn with a black velvet beret. De Ginvenchy's soft, gray wool suit (right center) was a bit of the Paris collections. Semi-fitted and double-breasted, this notched cutaway has a cocoa-colored taffeta scarf through a diamond-clipped tab. Using bright red doeskin, Jacques Fath creates (right) an overcoat with easy lines. The cowl collar is fastened down by tab detail and tied with a self-ringed scarf.

Make Pudding Well Ahead Of Holiday Week

Here is a delicious Christmas pudding which can be made several weeks before the holidays. The list of ingredients is rather long, but the method of mixing is short. Just before serving, brandy is poured over the pudding and lighted, and custard sauce served with it.

Christmas Pudding

¾ cup sifted flour
1 teaspoon salt
¼ teaspoon nutmeg
¼ teaspoon cinnamon
¼ teaspoon mace
¼ teaspoon mace
¼ teaspoon cloves
¼ teaspoon ginger
1 cup seeded raisins
1 cup white seedless raisins
½ cup currants
½ cup figs, chopped
2 tablespoon chopped citron
2 tablespoons chopped candied orange peel
2 tablespoons chopped candied lemon peel
½ cup chopped blanched almonds
½ cup fine bread crumbs
3 eggs, separated
½ cup warm milk
½ cup molasses
¼ cup brown sugar firmly packed
¼ pound suet, finely chopped
½ cup cider

Sift flour, salt, and spices. Stir in fruits, and almonds. Beat egg yolks, and ad bread crumbs, milk molasses, sugar, and suet. Mix well, Stir into flour mixture. Then add cider, and stir until well blended.

Now is the time to stir in the miniature charms.

Whip egg whites until stiff, and fold in to flour mixture. Pour into a greased 1½-quart heatproof mixing bowl. Cover with waxed paped. Cover this with a piece of cloth, and tie tightly with string under rim of bowl. Turn corners of cloth back up and tie. (If bowl has a rolled rim, it is easy to remove bowl from the hot water when the steaming is over — just take the bowl out by holding to the cloth.) To steam. Fill a deep pan, with tight fitting lid, about ⅓ full of water. Place a rack at least ½ inch high in bottom of pan. Turn heat high until water is hot, then turn low. Place bowl in the water, cover pan and steam for six hours. Serve with a custard sauce. Makes 12 servings.

P.S. When the pudding is made well ahead of Christmas it is necessary to steam again for about an hour before serving. The pudding is laways served warm.

Fashion Hints

Separates are a boon to the modern wardrobe. Handsome skirts, blouses, stoles, jackets are good on their own, and are transformed into costumes when smartly teamed up, as is this twosome. The sweater blouse is of brown wool jersey and has an envelope collar set into a V yoke. The skirt is of pink and brown tweed with an inverted centre pleat accentuated by a stitched border. The large patch pockets have buttoned-down tabs.

Save Time And Energy; Plan Dinners Ahead

What's for tomorrow's dinner? Answer that one and you'll be able to save yourself time and money, which is always quite a feat during the last few weeks before Christmas.

If you plan dinners days in advance, you can take advantage of market specials, abundant foods and left-overs far better than if you rush into planning a meal at the last moment.

Take a look at these budget menus, planned to get the most food for your money into the family's meals.

1—Broiled chicken, mashed turnips, steamed dandelion greens, tomato wedges with dressing, butterscotch bread pudding, coffee, milk.

2 — Broiled ham steaks, rice, with raisins, green beans, lettuce wedges with French dressing, chilled peach halves, cookies coffee, milk.

3 — Beef-and-sauerkraut goulash, boiled potatoes, pickled beets, rye bread, butter, ice cream with crushed fresh strabberies, coffee, milk.

Welsh Rabbit

One tablespoon butter, 1 tablespoon flour, ½ teaspoon dry mustard, ¼ teaspoon salt, ⅛ teaspoon cayenne 1-6 teaspoon black pepper 1 cup milk or stale beer, 1 egg, beaten, 3 cup shredded sharp Cheddar-type cheese.

Melt butter in saucepan (or top part of double broiler). Remove from heat. Add flour and seasonings. Stir until smooth. Gradually stir in milk. Cook until thickened, stirring frequently. Add cheese. Just before serving, stir in egg.

Serve on crisp crackers or toast triangles garnished with a sprinkle of paprika. If you like foods a little on the "hot" side, garnish top with a very light sprinkle of cayenne.

Mothers' Club Bridge To Feature Exchange Of "White Elephants"

The Catholic Mothers' Club of Westmount is holding a White Elephant Bridge in St. Leo's School Hall, 360 Clarke Avenue, on Wednesday, December 3, at 8.30 p.m.

The admission will be a wrapped article, no longer considered of any use in the home. This article will be exchanged at the door for one probably of less use!

As an added attraction, a turkey will be given as a door prize.

All mothers of school children are invited to take part in the fun, and to bring any friend in the parish interested in children's activities.

Tea will be served.

Put Special Treats In School Snack Box

Be sure to pack a surprise into the lunch box that your child opens at noon on his long school day, for children love surprises and accept gratefully even the simplest ones. When you frost a cupcake, it takes only a few seconds to write your child's name on it with jelly beans or to press an animal cracker or a fancy colored gumdrop into the center before the icing hardens.

If you're making pies, roll the leftover dough and cut into small rounds or animal shapes and cover with a mixture of butter, sugar, and cinnamon before you bake them. Add colored sugar for an especially gay effect.

Fruit is an addition to every lunch, and it will appeal to the imagination of your child if, when he turns to his lunch box apple, he finds you have taken out the core and filled the cavity with raisins. Oranges are, of course, a perennial lunch-box favorite.

Tuck in the sandwich package a cube of cheese on a colored toothpick or a little package of raisins or carrot sticks wrapped in silver foil and tied with colored cord to add interest to the meal.

Here are a few suggestions for sandwich fillings that your child will like. You can devise others, using what you have in the house as well as catering to the taste of your own child.

Cream cheese, chopped nuts, chopped olives, and mayonnaise.

Cream cheese, jam, and raisins.

Chopped dates, chopped nuts, lemon juice, and mayonnaise.

Ground cooked meat, etc.

Use special equipment according to directions—pressure cooker, electric mixer.

"Not Married" Comedy At Westmount

"We're Not Married," Twentieth Century-Fox's comedy featuring an all-star cast opens Sunday at the Westmount Theatre. It is the story of five divergent couples who discover that after two years of married life they are not legally wed thanks to an overanxious Justice of the Peace, played by the veteran Victor Moore. How the letters of notification affect each couple provides some of the season's most unusual fun.

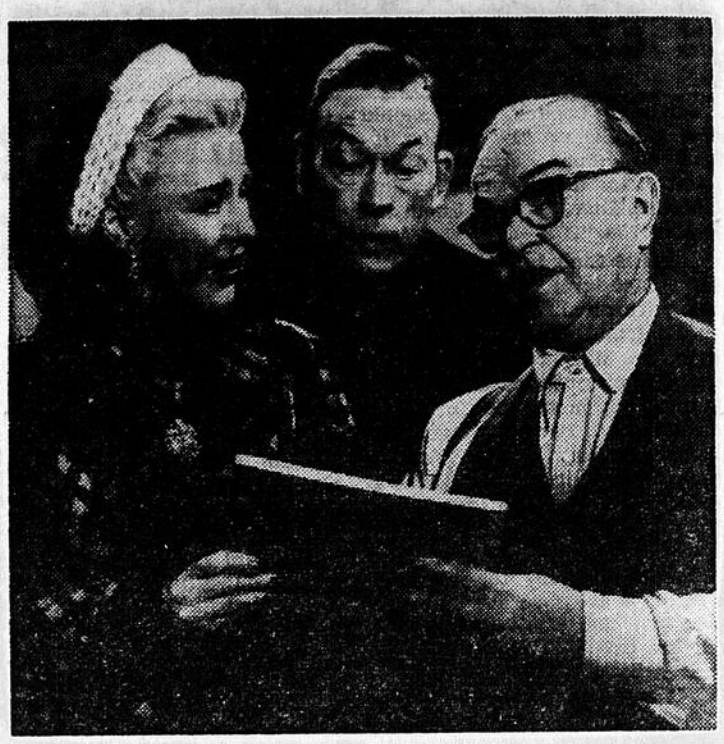

For their couples, Producer-Writer Nunnally Johnson and Director Edmund Goulding assembled a cast of notables headed by Ginger Rogers and Fred Allen, as a "Mr. and Mrs." radio team who disdain the sight of one another, Marilyn Monroe and David Wayne, as a couple caught in the confusion of a "Mrs. America" contest, Paul Douglas and Eve Arden, as the suburbanites who relish the thought of bacherlorhood again, Eddie Bracken and Mitzi Gaynor as the couple who dodge the M.P's in a bid to make it all legal again and Louis Calhern and beauteous Zsa Zsa Gabor as the sophisticates caught in a strange twist of irony. Others featured in the cast are James Gleason, Paul Stewart and Jane Darwell.

Added Attraction

Also on the same program is "Lydia Bailey," Twentieth Century-Fox's Technicolor epic drama based on Kenneth Roberts' best-selling novel of high adventure in Haiti during the early nineteenth century with Dale Robertson and Anne Francis is starring roles.

A tale of intrigue and insurrection, "Lydia Bailey" embodies a gamut of action ranging from violent armed revolt and voodoo worship, to vivid passion in the jungles of Haiti as the natives rise up against Napoleon in a desperate bid for freedom.

On The Legal Points Of Marriage

Ginger Rogers and Fred Allen check their marriage license with Victor Moore in "We're Not Married," Twentieth Century-Fox's all-star comedy due Sunday at the Westmount Theatre.

Doing The Charleston

"Has Anybody Seen My Gal," the new Technicolor comedy hit, opening on Saturday at the Monkland Theatre, captures the nostalgic spirit of the Turbulent Twenties and features five popular song hits of that colorful era. Stars of the new laugh film, Piper Laurie, Rock Hudson, Charles Coburn and Gigi Perreau, are shown above cutting a mean rug — 1928 style.

Charles Coburn Stars In Hit At Monkland

Universal-International has reached back to 1928, the period of raccoon coats, rah-rah boys, speakeasies and the Charleston, to put Technicolor feature "Has Anybody Seen My Gal" on the screen.

The nostalgic comedy-drama hit, starring Piper Laurie, Rock Hudson, Charles Coburn and Gigi Perreau, opens Saturday at the Monkland Theatre.

"Has Anybody Seen My Gal" relates the amusing problems faced by the members of a small town family when an unknown benefactor turns over $100,000 to them.

Added Attraction

Also on the same program is one of the most fascinating stories of all times comes to the screen in a lavish Technicolor production as Walt Disney's "Story of Robin Hood" unfolds in the finest tradition of adventure and romance. Starring Richard Todd as the title character and introducing a delightful new screen personality in Joan Rice who depicts the fiery Maid Marion.

Temple Emmanu-El Church

Preparations are being made for the Annual Chanukah Supper Meeting, to be held Sunday night, Dec. 14 at which the ladies will be guests of the Brotherhood. A special program of entertainment, in keeping with the festive occasion, is being organized.

A special committee under the chairmanship of Maxwell Hochmitz, has been put in charge of the supper. The committee consists of: Irvin Gertsman, Joseph Cooper, Maurice Schwartz, Hershell Lewis and Sidney Lithwick.

Young Pianist, Alfred Fessler, To Give Concert

Alfred Fessler, 17-year-old Viennese pianist will be the guest artist at the second recital in the series of free Sunday afternoon concerts sponsored by the Y.W. C.A.

The concert will take place at 4 p.m. in the auditorium of the Y.W.C.A. building, 1355 Dorchester Street West.

The purpose of this series is to provide good music at no cost to interested people in this city and to encourage talented musicians. "Judging from the crowds who came to the first concert, this idea is a popular one," a spokesman for the 'Y' stated.

Mr. Fessler's program will be:

1. Bach Prelude and Fugue in F Minor, Vol. 2.
2. Bach-Liszt Prelude and Fugue in A Minor
3. Chopin Fantasie in F Minor
4. Schumann Sonata in G Minor
5. Brahms Rhapsody in B Minor.
6. Brahms Ballade in G Minor.

Mr. Fessler, for the past three years a pupil of M. Michel Hirvy in Montreal, comes from a musical family; among them is a cousin M. Emmanuel Feuermann, internationally-known cellist.

During Mr. Fessler's short life he has travelled from Vienna to Shanghai, where he lived for some years, and back again before coming to Montreal. He has played the piano ever since he can remember, and in Vienna his teacher was M. Wild Volek, and in Shanghai he studied under Dr. Erwin Felber.

Mr. Fessler is interested in mathematics and physics, and is majoring in these at Sir George Williams College.

Brig. Blackader Named New Defence Head

Westmount City Council has announced the appointment of Brig. Kenneth Blackader as his successor.

Westmount City Council accepted Brig. De Lalanne's resignation with regret, T. J. Hughes, manager for the City of Westmount, said.

MRT To Stage Mystery Play

Residents in the Town of Mount Royal district will have another opportunity of seeing the members of the Montreal Repertory Theatre when they produce at the High School Auditorium the melodrama "The Late Edwina Black." This is one of those British mystery stories which provides the audience with the intellectual exercise of anticipating the "whodunit" denouement, and it gives plenty of opportunity for puzzling situations that provide the spice for such dramas.

The production will be staged on the evenings of Tuesday and Wednesday.

Through an arrangement with the Rotary Club of Montreal the MRT have undertaken to produce five plays this season at the Town of Mount Royal High School Auditorium, where there are 900 seats available in the auditorium.

Locals Win Two Puck Exhibits

Drop St. Leo's 6-0, 2-0 Hoop Team Shows Strong

By ALLAN SANDZELIUS

Don McRea's senior "A" pucksters showed up strongly in two exhibitions played last week as they trounced a light St. Leo's squad 6-1 Friday and 2-0 Monday at the Forum.

Leading point getter for the Purple larrigans was Jim Beasant, by our prediction, the coming season's outstanding player, with three goals, while Gerry Apostolatos came up with three assists. 'Tip' Logan blasted one in from the blueline as Bud Agnew and Paul Zwinge notched one apiece. This game was Friday at Lachine.

At Monday nite's Forum tussle Mr. 'Break-away' Zwinge missed on three 'free' tries at Kev Dunnigan ending the game with one goal as did hard working hustler, Beasant. Ray Losito, late of the Green and Red, worked out as arbiter in the Lachine do (Ray is now on the Loyola College team roster) with WHS Sr. 'B' mentor and alumnus, Don Ross handling out the penalties in Monday's tilt.

Word from mentor McRea has it that a lot of polish has yet to be administered the team before any press statements can be released. It was also decided recently that the combined Junior and Senior high hockey team should enter the Senior "B" section instead of Junior. Former Westmountite and hockey manager now at McGill, Don Ross has taken the reins of the "B"s.

WHS Line In Carnival

In Monday's high schools' hockey carnival, details of which can be found elsewhere on these pages, the West team will have a strong representation from Westmount High in the line of Gerry Apostolatos. Paul Zwinge and Jimmy Beasant. The West is coached by last season's all-star guide, Loyola's Ed Meagher and a practice for the squad is set for this aft at the Selke house.

Also on tap for the big televised show are several girls' relay races in which WHS is entered as well as two gals of the Junior school who are on the girls' West hockey team.

How about everyone in the school celebrating the cessation of exams by going out in force to the Forum on Monday nite; not only will you be assured of a great time, but most of the proceeds of Westmount's ticket sales will go toward providing finances for the forthcoming Stateside trips planned by the hockey and basketball teams and you'll be doing your bit to help the school's almost non-existent spirit or loyalty. Remember, every little bit counts in a big way. A winning team depends a lot on a 'winning' support.

Hoop Team Show Strong

Although the WHS entry in the high schools' recent basketball tourney did not win, it displayed something far better in this writer's opinion and that is 'desire'. They definitely had the desire to win though their lack of training showed up at the crucial moments.

Playing coach-less ball in the first game versus HSM at nine in the morning, the locals, led by Pat Baker's pot shooting and the steady drive of Ian Roussac, Ted

New Boys' Basketball Loop Organized for 14-16 Group

Seven youth serving Agencies in the Montreal Area have organized a Boys' Basketball League which will be designed solely to provide competitive play for boys between 14 and 16 years who have never played organized basketball before. It is the aim of this League to bring into focus the player who wants to play but lacks the immediate skill for top-notch competition. The League will be known as the Montreal Bays' Basketball League.

The Unity Boys' club played their first game Monday night against the Chinese Community Centre Tuxians. The score was 48-34 in the Tuxians favor.

At a recent organizational meeting, Robert Lazanick, Neighbourhood House, was elected president. The other members of the Executive are: Maurice Mariasine, Unity Boys' Club — vice-president; Henry Stegmayer, Montreal Parks and Playgrounds Assn. — secretary; Pierre Meunier, Rosemount Boys' Club — treasurer and Fraser Woodhouse, Montreal Boys' Assn. — referee-in-chief.

The League has been divided into two sections — a western section, comprising the Chinese Tuxians, St. Antoine Playtown, Verdun Kinsmen's Boys' Club and the Unity Boys' Club; the eastern section includes East End "A" and East End "B", Neighbourhood House and the Rosemount Boys' Club.

It is the hope of the League Executive and backers that by the creation of this league the mediocre player, or the youngster who just has not had sufficient encouragement will come into his own, not only as an athlete but as an all-round citizen. Latent abilities on the part of the youngster can be brought out by understanding leadership.

It is also intended that these competitive games are only a beginning in developing a more capable and skillful group of youngsters who would normally not consider themselves as team players. It is the hope that more youngsters would thus be reached and through their own participation, would perhaps acquire more skills in the same or other fields of sport.

The 1952 schedule is as follows:

High School Carnival At Forum Next Tuesday

Versatile Vincent Patton, the Coolbrook Avenue resident who teaches at D'Arcy McGee High School and doubles as publicist and announcer for the high-class Snowdon Major Fastball League, has bobbed up in a new role.

Vince is now pounding the tom-toms on behalf of the High School Ice Carnival which takes to the Forum ice sheet next Tuesday evening. Proceeds from the affair are to be used to promote high school hockey in Greater Montreal.

According to the ebullient Vincent, the high schoolers have put together a program which will displace the circus as the greatest show on earth.

THE MODEST MAN

"It's such a terrific show," maintains Mr. Patton, "that the Canadian Broadcasting Corporation moguls have decided to televise it."

There need, of course, be no further indication of quality.

But back to Mr. P., who continues to maintain a steady stream of chatter while these words are being typed on the venerable Remington of Helen Sandwell, our always obliging social editor.

Excerpts from the Paton spiel:

THE SPIEL

"We anticipate a crowd of at least 7000. Tickets are going like the proverbial hot cakes in that fine cultural centre on Pine Avenue known as D'Arcy McGee and my well-trained corps of spies have informed me that they are seling equally well elsewhere.

"The program packs plenty of punch, plenty of variety. There'll be relay races for boys and girls, always a crowd-pleaser. The duds, a group of laddies who have never played hockey before, will take to the ice and do their best to show how the sport should be played. show hockey a la female show how hockey a la female version. Bob Pichette, who's making quite a name for himself in this realm, will entertain with some acrobatic stunts calculated both to amuse and edify the thousands who will be in attendance.

"And then will come the feature events of the evenings, all star hockey. The best of the East will meet the best of the West in Junior and Senior competition, something like the Grey Cup only better.

"Finally, the Town of Mount Royal High School's justly famous band, which has been trained by Dr. Harrison Jones who used to be on the staff at West Hill, will be on hand to provide the melodies. Dr. F. M. Herbert, supervisor of music for the Protestant School Board of Greater Montreal, will be the conductor."

Mensieur Patton, it sounds like quite a show.

Westmount Avenue Stars Lead St. Laurent League

The N.D.G. Regents and Westmount Avenue Stars continue to set the pace in the St. Laurent Intermediate Hockey League, but tomorrow should be the climax when these two teams meet in the opening game of a weekly doubleheader.

Kev Kennedy will have a full team to meet the high flying Regents. The last time these two teams meet the Stars swamped the Regents 8-0, but since then the Regents have come back strong to down the St. Laurent Laurels and Royal Pharmacy in easy style.

The Avenue Stars had a close fight with the St. Laurent Laurels, coming from behind to nose out Morgan Kerr's crew 4-3, with Harold Wolfe firing home the winner with only 40 seconds left in the game.

Matching goals in the First two periods, the Laurels took a 3-2 edge at the beginning of the final frame but Mickey Bourassa banged home Jim McCarthy's pass while both teams were playing five aside. Then came Wolfe's clincher on Ronnie Brambell's setup play, putting the game on ice for the Stars.

Allan Turner, and Pat Lomasney got the other goals for the Stars in the closely fought game marked by only four penalties, three to the Stars, with McCowan, Martin and Selby getting two minutes each.

In the second game of last week's doubleheader the Regents kept pace with the Stars by downing the Royal Pharmacy squad 3-1.

SPORTS at St. Leo's

The Academy's senior hockey picture is in a muddle after their poor performance in a two game exhibition series with Westmount High. The Cote St. Antoine boys, swamped their neighbors over on Clarke avenue 6 to 1 at Lachine Arena and repeated with a 2 to 0 shut-out at the Forum. Unless some drastic improvement is forthcoming in the near future, it was apparent in the first game, the Academy crew did not measure up to Senior 'A' school hockey standards. The team did improve in the second game on Monday and with a little speedier shooting might have improved on the final score.

It is true, with less than a hundred students in the high school, St. Leo's is by far and wide the smallest school with a senior hockey entry, but in the past two years, this did not deter them from finishing in the first division of the local school hockey league. Before the season started, coach Andy McGillis figured this year's team nearly as good as its predecessors but he failed to reckon with the collapse of the only four holdovers on the club. These four boys were expected to provide the foundation, to sprinkle ten newcomers around but so far these experienced players could not be separated from the rookies without a program.

Tommy St. James, potential All Star material is far below form and not skating in his accustomed style when in good shape. Mike Dodman missed a few practices and is rusty. Peter Grant and Dave Orr are short on condition and have provided nothing in the way of spirit to help their team's cause.

St. Leo's lone goal in the series, was provided by defenceman Peter Grant on a fifteen foot floater that never left the ice.

(Continued from page 18)

Hough and 'Chummy' Carter, led 17-14 at the half only to relinquish 17 points to the Blue and White while they went scoreless in the third quarter.

Lanky Johnny Smith had been kept out of the point column up till this time, but now, going into action, he potted a total of eight points in the last period as Westmount outscored their opponents 8-3. This was not enough, however, to prevent Montreal from winning the game by nine points, 34-25.

The second game at one P.M. that afternoon was even more exciting as with the aid of their all-star coach, Ron Sharp, the local lads lost out to West Hill in the last moments of play as they blew a four point lead all the way through the game, to lose by three, 31-29. Pat Baker was outstanding in this match with 13 points.

An exhibition battle with the Loyola high team comes up sometime next week, probably Tuesday. There will be seven big teams in the hoop-la Sr. "A" loop this season with entries from Westmount, West Hill, Catholic High, Montreal, Loyola, Baron Byng and Verdun High.

Westmount Ski Club

Understand from ski champ, Bev Christmas that the local ski club is having an organizational meeting 'ce soir' in the 'Y'. Starting time is eight and ski films are on the agenda as well as the election of officers.

Among the WHS kids in the club are the Christmases, Bev and Sue (both junior champs), Trudy Cornell, Suzanne Stevens, Pete Reid and Heather Cross. Anyone interested in joining this excellent club are very welcome to attend indoor training exercises to be held at the Westmount 'Y' each Thursday evening from 6 to 7.

Bev tells us they'll probably be using the same "shack" they had last season.

A SPECIAL MESSAGE to CUSTOMERS of the B of M

Here's the story 'between the pages' of your bank-book this year...

DEPOSITS: Because of your confidence, and that of 1,900,000 other Canadians in all walks of life, the B of M holds more than two billion dollars in deposits. Fully half these deposits are made up of the savings of private citizens . . . hard-earned dollars that mean a backlog of money for their use. At the end of the Bank's 135th year, on October 31st, 1952, total deposits stood at the record figure of $2,147,900,483.

LOANS: During the year, your Bank made many thousands of loans to business and industrial enterprises for production of every kind — to farmers, fishermen, oil men, miners, lumbermen and ranchers — to citizens of every calling, and to Provincial and Municipal Governments and School Districts. At the end of October, B of M loans amounted to $712,179,846 — the highest figure in the history of the Bank.

INVESTMENTS: Always keeping a good proportion of the money on deposit in quickly available form, your Bank has $987,563,535 invested in high-grade government bonds and other public securities which have a ready market. This money helps to finance government projects for the betterment of Canada and the welfare of her people. In addition, the B of M holds $121,116,603 in other securities — mainly short-term credits to industry.

It's a story you can be proud of, because it's about the money you have on deposit at the B of M. Throughout the year, your Bank keeps that money hard at work — expanding, improving and pioneering Canadian enterprise of every description and size . . . financing Canadians of every calling and building Canada in every sense. *You not only help yourself when you save at the B of M . . . you also help your country.*
