BERKELEY SCENE OF GREAT CONFLAGRATION

Arena Question Is Again Shelved By City Council

Great Damage Is Caused By Flames At Berkeley, Cal.

Six Hundred Residences in One of the Choicest Residential Sections of the City Were Destroyed, with Damage Estimated at Ten Million Dollars—Approximately 2,400 Persons Rendered Homeless—Several Resorts and Small Towns Were Severely Damaged or Destroyed by Flames, Which Sprang into Being in Several Instances Almost Without Warning and Quickly Spread Beyond Control of Fire-Fighters.

BERKELEY, CAL., Sept. 18.—Fire sweeping over the land east of Berkeley, late yesterday laid waste the Cragmont and Euclid Avenue districts, destroying at least six hundred residences within an area estimated at sixty blocks, in one of the choicest residential sections of the city, with damage estimated at ten million dollars, and rendered homeless approximately two thousand four hundred persons.

No lives are known to have been lost, although two students were seen to plunge into a vortex of fire when the roof of a house upon which they had climbed collapsed.

Hundreds of residents fled from the burning area as the fire swept down the slope of hills, burned its way through the closely settled and exclusive district, and eventually died down to a smouldering ring of flames, encompassing the entire area which it had devastated. The prosperous residential section was a smoky waste.

The advance of the fire, which broke out in brush in Contra Costa County, was heralded by ugly gray clouds of smoke which swept over the brow of the hill, driven by a brisk wind, and blanketed Berkeley throughout the day.

The brush and grass fires, fanned by strong north winds and fed by undergrowth baked to a tinder by the prolonged summer, raged in nearly every county in Northern California yesterday.

Several resorts and small towns were severely damaged or destroyed by the flames, which sprang into being in several instances almost without warning and quickly spread beyond the control of national forester, state fire wardens and hundreds of volunteer fire fighters.

El Dorado, a small mining town in El Dorado County, was virtually destroyed, and the hundred and fifty persons residing there were forced to flee. The inhabitants of Colfax, in Placer County, also prepared to flee when their town was threatened.

A fire in Sonoma Valley destroyed the Boyes Springs Hotel and swept on toward Petters Springs and El Verano.

COAL MINERS PREPARING TO RETURN TO WORK

Resumption of Operations in the Anthracite Fields Assured by Action of Representatives of Unions Yesterday.

SCRANTON, Pa., Sept. 18.—Anthracite miners throughout the Pennsylvania hard coal fields were preparing today to return to work tomorrow morning after a lay-off since August 31st, when the 1922 wage contract between the United Mine Workers and the coal operators expired and the Union order to stop work became effective.

Resumption of operations was assured by the action yesterday of representatives of local unions from the three United Mine Workers districts of the anthracite field, in ratifying the wage agreement drafted in Harrisburg by union officials and representatives of the operators. The delegates followed this immediately by voting to return to the mines tomorrow.

Mines generally throughout the region today were reported in condition for immediate resumption of operations.

WILL SHARE IN REDUCTIONS (Associated Press Despatch) THE HAGUE, Sept. 18.—Queen Wilhelmina and Dowager Queen Emma have decided that if the reduction in the salaries of state officials contemplated for 1924, is made effective, they will share in the cut.

Both have written to the Minister of Finance stating that in the event of the reduction they will relinquish a part of their revenue from the state in proportion to other decreases.

ALBERTA COAL FREIGHT RATE TO BE REDUCED

Decision Will Make It Possible to Distribute Coal at \$13 a Ton to Ontario Consumers.

(Associated Press Despatch) TORONTO, Sept. 18.—Tangible and important results were announced yesterday at the parliament buildings as having attended Premier Ferguson's endeavors to persuade the National Railways to accord a better freight rate than nine dollars per ton upon Alberta coal consigned to Ontario. Hon. C. C. McGee, Minister of Mines, stated that an announcement had been received from Sir Henry Thornton, head of the C.N.R., agreeing to transmit ten thousand tons for the province at a \$7 rate, upon condition that it was taken from the Alberta mines by October 31st. The decision will make possible about \$13 coal for the consumer in Ontario.

The coal is to be distributed by the province to such dealers and municipalities as may make application to the Minister of Mines. The Government will order only such a quantity as it may have requisitioned from these two sources.

STILL CHANCE TO COMPETE WITH AMERICAN COAL

(Associated Press Despatch) CALGARY, Sept. 18.—Efforts are now being made by the Western Canada Coal Operators' Association to have low freight rates to Ontario established on the Canadian National Railways for a period after January of next year, and negotiations to this end are now proceeding, J. Gouge, of Drumheller, vice-president of the organization, said last night.

There is still a chance of Alberta to compete favorably with American anthracite on the Ontario market, and it has not been dropped as an impossibility, he said.

EXPERIMENT SUCCESSFUL

(Associated Press Despatch) CALGARY, Sept. 18.—The low rates suggested by Sir Henry Thornton were for the purpose of experiment and expired August 30th. The experiment was eminently successful, Mr. Gouge said and for every car of Alberta coal that was shipped to Ontario, a repeat order came, indicating that the coal will sell, and sell easily. Only fair freight rates are needed, and \$7 would be the best rate, while \$9 would be the absolute maximum, while anything in between would be welcome, he said.

It is being suggested to the railway that they establish a low rate after January, as then they will have all grain shipments out of the way and that will be an excellent opportunity to test low rates. Operators have no intention of abandoning the fight to obtain the rates they want, Mr. Gouge emphasized.

TWELVE KILLED WHEN POLICE FIRED ON CROWD

Police Reinforcements Called as Result of Food Riots at Sorau—Many Wounded.

(Associated Press Despatch) BERLIN, Sept. 18.—Twelve people were killed and many wounded at Sorau, province of Brandenburg, on Sunday when police reinforcements who had been called to the town because of food demonstrations, fired into a crowd in the market place.

PRINCESS MAFALDA'S CONDITION SERIOUS

(Associated Press Despatch) LONDON, Sept. 18.—An untimed despatch from Rome to the Exchange Telegraph Company says that Princess Mafalda's condition has suddenly become worse, the temperature was alarmingly high and it was believed the end was near.

Military Governor Appointment Does Not Signify Annexation Of Fiume By Italy

Great Perturbation at Belgrade Over Report from Rome of Appointment by Italian Government of Military Governor of Fiume and Dispatch of Troops to That City, Particularly as a Settlement Was Believed to Be in Sight.

(Associated Press Despatch) ROME, Sept. 18.—Appointment of an Italian military governor in Fiume does not in any way signify annexation by this country, it was authoritatively stated yesterday.

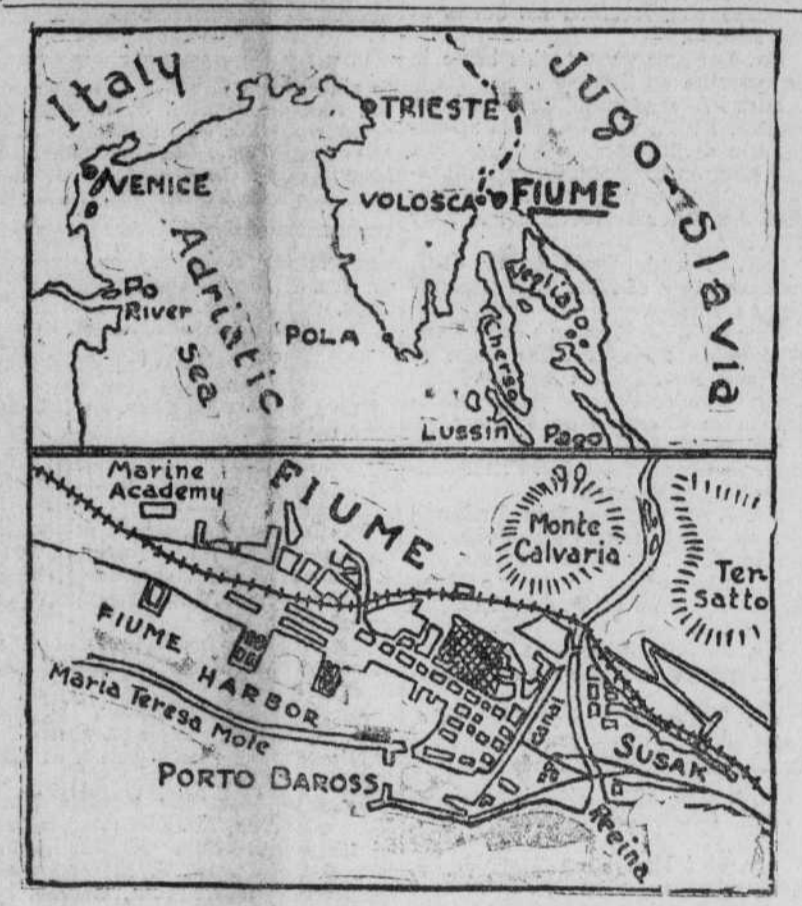

OFFICIAL CIRCLES CONTINUE OPTIMISTIC

(Associated Press Despatch) BELGRADE, Sept. 18.—There is great perturbation here over the report from Rome of the appointment by the Italian Government of General Giardino as military governor of Fiume and the dispatch

of troops to that city, particularly as a settlement was believed to be in sight. The foreign office has no confirmation of the news and official circles continue optimistic, particularly because of the registration of the Rapallo Treaty at Geneva. The public, however, does not share this optimism.

Should the occupation of Fiume become an accomplished fact there would probably be a strong reaction of opinion at the meeting of the Pachitch cabinet on the ground of its too optimistic view of preceding events.

HOW FIUME DISPUTE MAY BE SETTLED

The map illustrates the dispute between Italy and Jugo-Slavic, or the Kingdom of the Serbs and Slovenes. The one above shows the location of Fiume on the border line. Southeast of Fiume is a suburb named Susak with a separate port known as Porto Baros. Susak and Porto Baros are likely to be awarded to Jugo-Slavic, both territorially and economically. The lower map shows the relation of Susak and Porto Baros to Fiume and its harbor.

Head Of Late Spanish Government Offers To Stand His Trial Before Any Tribunal

President Has Replied that He Will Investigate Subject at More Opportune Time and Verify Whether Marquis de Alhucemas Was Responsible in Any Way for Misconduct of Late Government.

(Associated Press Despatch) MADRID, Sept. 18.—The Marquis de Alhucemas, head of the Government ousted by Captain Rivera, has sent a letter to Rivera asking that he be placed on trial before any tribunal, if the present Government considered him culpable. The President replied that he would investigate the subject at a more opportune time and verify whether Alhucemas was responsible in any way for the misconduct of the late Government.

EMPLOYEES MUST WORK FOR SALARIES

(Associated Press Despatch) LONDON, Sept. 18.—In consequence of the decree issued in Madrid ordering all Government employees to be at work promptly at nine o'clock in the morning, hundreds of such workers who hitherto have drawn their salaries without coming to their offices yesterday, says a Madrid despatch to the Daily Mail.

The correspondent adds that the method heretofore employed by the holders of Government securities was to send agents to collect their compensations. Captain General Primo Rivera hopes to save considerable sums of money by compelling such employees to attend to their duties under penalty of instant dismissal.

GAMBLING IS FORBIDDEN

(Associated Press Despatch) MADRID, Sept. 18.—The military directorate has issued a decree forbidding gambling in all clubs, including the military.

The president of the Supreme Civil Tribunal has resigned.

OFFER ISLAND FOR ARTISTS AND WRITERS

Isle of Enchantment Offered as Retreat—Matter in Hands of League of Nations.

(Associated Press Despatch) GENEVA, Sept. 18.—Capri, the Isle of Enchantment, of which Homer, Lamartine and other poets have sung, has been offered to the League of Nations as a retreat for artists and writers of the world.

A sub-committee of the League yesterday discussed ways and means for acceptance of the offer by which the ancient domain of the Order of Chartreuse may be placed at the disposal of artistic and literary folk.

The League also has decided to arrange for closer relations between world universities and the League secretariat, with a view to promoting intellectual co-operation and to establish an international university bureau.

It was agreed yesterday to make an international effort for the restoration of the Japanese literary and scientific collections damaged or destroyed by the recent earthquake.

EARTH SHOCKS FELT AT SYRACUSE

SYRACUSE, Sicily, Sept. 18.—A violent earthquake shock was felt here at 7.32 o'clock this morning.

COUNCIL APPROVES OF COURSE IN SOLFEGGIO—EXHIBITION ARENA WAS POSTPONED INDEFINITELY

Large Delegation Asked for Use of Auditorium—Justices Globensky, White and Hon. Jacob Nicol Favored the Council with Sparkling Addresses—Banquet for the Provincial Ploughmen's Association—Skating Rink Proposition Ignored After Being Presented by Mr. J. W. McKee—No Petition Filed—Road Report Shows Work Considerably Under Estimates—Assurance of Employees and Public Still Under Consideration.

A distinguished delegation, representing the Union Musicale de Sherbrooke, was sufficient to justify the council in adjourning its session last evening in order to consider a hush clos, the request made for the use of the city auditorium as a school for solfeggio. The petition presented by Mr. Leonidas Bachand, was supplemented by an earnest plea on the part of Justices Globensky and White, of the Superior Court, as well as by the Hon. Jacob Nicol.

Mr. Leonidas Bachand, in presenting his petition, commented upon the work already accomplished, referred to the membership of three hundred and emphasized the advantages a course in solfeggio would offer to the citizens of Sherbrooke in general. He placed the proposed school of solfeggio on a par with other evening schools, drawing technical or otherwise and suggested that the development of natural talents should be assisted wherever possible.

In reply to a question by Mayor Morris, Mr. Bachand observed that at present it was proposed to hold the course probably twice a week but this would be gradually increased.

His Lordship Mr. Justice Globensky observed that the objects of the association's most recent effort were admirably outlined in the petition. He was there to ask the Council to extend its courtesies to the Union Musicale contending that a course of solfeggio was just as important as a course in Arts or Sciences, inasmuch as it was conducive to a proper comprehension of music.

He added that, in granting the Union's request, the Council would be assisting the musical element of the city and encouraging the young element which showed great promise. "The Union is young," he remarked, "it has already been spoken of in glowing terms. It asks little and, at least, it does not ask anything that you cannot give."

A Touching Appeal.

In conclusion, His Lordship quoted from a poet laureate who made such a touching appeal to Victor Hugo for shelter and assistance that he succeeded in his quest. The appeal struck home and with a parting reminder that solfeggio was the grammar of song, His Lordship sat down amidst applause.

His Lordship Mr. Justice C. D. White acquiesced in the remarks made by his colleague, adding, "we all know that the Union Musicale has done much good work and I believe it would be in the interest of culture and education to grant the request made, provided it does not interfere with any other plans. It would be doing a kindness to many people and would be educating for the younger element."

Aldermen Good Singers.

The Hon. Jacob Nicol, Provincial Treasurer, expressed regret that solfeggio had not been included in his studies and held that it was unquestionable a study of considerable importance. In asking the council to support the request, the Provincial Treasurer observed: "I know many aldermen are good singers (laughter) and they will certainly appreciate the advantages of a course along the lines outlined. It involves considerable time on the part of those in charge and I believe the school will do much for the betterment of Sherbrooke. I am sure you will, if possible, grant the use of the auditorium to the Association."

Mayor Morris—"It is a very interesting question. Mr. Nicol has said some of the council can sing perhaps he wants us to sing more in harmony. (laughter). It is absolutely true that one cannot help feeling that there is not enough attention given to music on this continent. However, if we are not using the hall we should not take the "dog in the manger" position about it."

Ald. Tetreault—"I think we should refer the matter to the city hall committee with power to act."

Ald. Langis—"I move that the council adjourn for a few minutes to dispose of the matter at once."

After a brief session, the aldermen returned and it was moved by Ald. Crepeau that the association's request be granted provided the sessions did not clash with other meetings. This was carried unanimously.

Mayor Morris—"We are pleased

E. J. MURRAY, Liberal M.P. for North Winnipeg, has been appointed Solicitor-General in the Dominion Government.

to grant your request and hope your meetings will be a great success."

Mr. Justice Globensky—"On behalf of the delegation, I wish to thank you for your courteous reception and your pleasant consideration of our request. It has been suggested that you might be afraid to establish a precedent. Do like the judges; create precedents and then destroy them. I can assure you, however, that the solfeggio course will not interfere with other meetings."

Skating Rink Issue up Again.

Following the retirement of the musical delegation, Mr. J. W. McKee again broached the issue of a skating rink. He commented upon the value of healthy athletics for the younger generation and urged immediate action on the part of the council to consider ways and means for the erection of a skating arena.

At the conclusion of Mr. McKee's remarks, the Mayor asked whether there was any petition and as there was not, business was resumed in its normal manner and the skating rink was forgotten.

Letters Considered.

With the exception of Alderman Skinner, absent from the city, there was a full attendance of the council. The letters read were, in the majority of instances, of little consequence.

The Canadian Connecticut Cotton Mills asked that the necessary changes be made in their contract with the city in accordance with the provisions of the bylaw recently passed. The matter is being passed on to the city attorneys for action.

A report from the city attorneys included advice on the following items:

Gauvreau—This refers to the claim made by Gauvreau who was shot while on duty.

The attorneys advised that no claim could be made under the common law or under the workmen's compensation act but suggested that, inasmuch as the man had been injured on city duty, some basis of compensation should be arrived at.

Conway-Cloutier skating rink.—The proposal to erect a skating rink and have the city guarantee the bonds was turned down on the advice of the city attorneys who contended that the measures proposed would be illegal.

T. A. Reed, Refund of tax—The attorneys advised that it was illegal to refund same and suggested that, if actually done, it would create a dangerous precedent.

Soldiers' Monument—Some aldermen had asked whether the funds could be used for the erection of a building other than a monument. The attorneys advised that the money had been voted for the specific purpose of erecting a monument and that it would be difficult to interpret it in any other manner.

Mayor Morris read a letter from Dr. Dufresne, of the Union of Municipalities, asking him, as a member of the executive, to attend a special meeting being held in Ottawa today. The mayor was unable to go and it was felt that nobody else had a right to represent him as he was

RICHMOND

A special business meeting of the Choral Society was held in the town office, J. MacMorine, president, in the chair. The feeling has been manifested that the Choral Society would meet with greater support among the singers of the two communities were the name changed, and it was decided unanimously to name this organization the Richmond and Melbourn Choral Society. The work outlined embraces ten choral numbers to be presented at a concert to be rendered in the near future, several quartettes, solos, etc. included. Mrs. Whipple and Mrs. Clarke are to make a canvass. Miss Campbell and others will cover Richmond, and it is hoped thereby to remove any false impressions which may have existed regarding the objects of the organization, which is purely undenominational, wholly in the interests of musical studies and for the production from time to time of suitable entertainments beneficial to the community at large. Singers not already enrolled as members are urgently requested to be in attendance on Monday, October 1 in the college at 8 p.m., as Mr. Reid plans to put on the first concert at as early a date as practical. Mr. George Brookes has consented to act as accompanist.

No Trouble to Keep Skin Free From Hairs

(The Modern Beauty)

There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered delatone with water it is easy to get rid of them. The paste is applied for 2 to 3 minutes, then rubbed off and the skin washed. This treatment will rid the skin of hair without leaving a blemish, but care should be taken to see that you get real delatone. Mix fresh as wanted.

No Trouble to Keep Skin Free From Hairs

(The Modern Beauty)

There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered delatone with water it is easy to get rid of them. The paste is applied for 2 to 3 minutes, then rubbed off and the skin washed. This treatment will rid the skin of hair without leaving a blemish, but care should be taken to see that you get real delatone. Mix fresh as wanted.

Kellogg's Bran is prepared to do one thing—AND DO IT WELL!

Kellogg's Bran will permanently relieve constipation, mild or chronic. It is scientifically prepared for that purpose. It is ALL BRAN, therefore it has the necessary bulk to assure results. Foods with a small bran content cannot afford permanent relief.

When your physician or friends advise you to eat Kellogg's Bran, you follow on for the purpose of eliminating a dangerous clogging-up and toxic condition of your system. You can't afford to take half-way measures! Think of the lost time and the dangers of illness you are daily dodging!

What you must have is real bran—KELLOGG'S BRAN, and if you will eat it regularly each day you will become a different person within a week or so. Kellogg's Bran with its natural bulk, sweeps, cleanses and

purifies. It not only gives relief, but it regulates the bowels. Every member of your family should eat it every day—at least two tablespoons; in chronic cases as much with each meal.

Try Kellogg's Bran mixed with a hot cereal, or cook it with hot cereals, adding two tablespoons of Bran for each person. Other popular ways are to sprinkle Kellogg's Bran on hot or cold cereals or to eat it as a cereal with hot milk. You can make delicious bakery products with Kellogg's Bran. Recipes on every package.

Kellogg's Bran is not only nationally sold in grocery stores, but can be had in individual packages in first-class hotels and clubs. Ask for it at your restaurant. Be certain to eat Kellogg's Bran daily for health's sake!

AN IMMENSE METEOR SHOT FROM HORIZON TO HORIZON. Ship's Officer Reports that Heavens Suddenly Broke into a Canopy of Brilliant, Blinding Light.

NEW YORK, Sept. 18.—As he peered ahead into the dim quiet reaches of the Atlantic in the early dawn last Wednesday, second officer H. H. Lancaster, of the Royal Mail steam packet liner Orbita was shocked from his post on the bridge when the heavens suddenly broke into a canopy of brilliant, blinding light.

For five minutes he was held

BROMPTON COST DID NOT EXCEED THE ESTIMATES

Construction Costs Cannot Be Likened to Those of Weedon—Concrete Work Half Cost at Weedon.

Following a statement made in the city council, at its last session, that the Brompton Company had exceeded its estimates in construction and that therefore the city could not be blamed for the extra cost at Weedon, Mr. F. N. McCrea, president of the company denies this categorically, the following letter being self explanatory:

Sherbrooke, P. Q. September 14th, 1923. Mayor & Aldermen, City of Sherbrooke, City.

Gentlemen—I saw a report of one of your meetings of the City Council in the Sherbrooke Record a short time ago discussing the question of re-engaging your City electrical engineer, and in the discussion re the high cost of construction of the Weedon Dam.

One of the aldermen was reported to have made the statement that all cost of construction that year was exceedingly high and especially mentioned the Brompton Pulp & Paper Co. construction of that year having exceeded the estimate by over 100%.

I wish to state that this gentleman was grossly in error when he made this statement. Whilst it was true that construction was higher that year than normal conditions, the concrete work and all other construction work done by the Brompton Co., did not exceed the estimate.

Further, I notice one of the Aldermen had made the statement that concrete work done on the Weedon Dam had cost \$32.00 a square yard.

For your information, especially that alderman, I wish to state that the concrete work done by the Brompton Pulp & Paper Co., that year cost less than half that money notwithstanding there is a vast difference in the work done by the Brompton Pulp & Paper Co. and the construction done in the building of a dam in which a larger quantity of large rock can be used.

Yours truly, (Signed) F. N. McCREA.

spellbound while an immense meteor, the sailor's "hound of the heavens" shot from horizon to horizon, leaving a luminous, greenish vapor in its wake, suffusing the heavens for twenty minutes with a panorama of unnatural colors and diffusing a supernatural atmosphere.

The meteor was recorded in the Orbita's log as flashing at 5.50 o'clock, Greenwich time, in latitude 46.12 north and longitude 38.43 west. It crossed the heavens from a southwest to a northeast location, from the direction of the constellation of Pegasus through Cassiopeia and vanished in the region of the Great Bear. The meteor was about four times the size of Sirius.

The Wings of the Morning A Great Story of Adventure and Romance BY LOUIS TRACY.

The first lieutenant, by reason of his rank, was compelled to say something—"That is a devilish bad job, Mr. Anstruther," he blurted out.

"Well, you know, I had to tell you." He smiled unaffectedly at the wondering circle. He, too, was an officer, and appreciated their sentiments. They were unfeignedly sorry for him, a man so brave and modest, such a splendid type of the soldier and gentleman, vet. by their common law, an outcast. Nor could they wholly understand his demeanor. There was a noble dignity in his candor, a congenial innocence that dissipated to shield itself under a partial truth. He spoke, not as a wrong-doer, but as one who addresses those who have been and will be once more his peers.

The first lieutenant again phrased the thoughts of his juniors—"I, and every man in the ship, can't help but sympathize with you. But whatever may be your record—if you were an escaped convict, Mr. Anstruther—no one could withhold from you the praise deserved for your magnificent stand against overwhelming odds. Our duty is plain. We will bring you to Singapore, where the others will no doubt wish to go immediately. I will tell the Captain what you have been good enough to acquaint us with. Meanwhile we will give you every assistance, and—er—attention in our power."

A murmur of approbation ran through the little circle. Robert's face paled somewhat. What first-rate chaps they were, to be sure!

"I can only thank you," he said unsteadily. "Your kindness is more trying than adversity."

A rustle of silk, the intrusion into the intent knot of men of a young lady in a Paris gown, a Paris hat, carrying a Trouville parasol, and most exquisitely gloved and booted, made every one gasp.

"Oh, Robert dear, how could you? I actually didn't know you!"

(Continued in our next issue.)

Thus Iris, bewitchingly attired, and gazing with provoking admiration at Robert, who certainly offered almost as great a contrast to his former state as the girl herself. He returned her look with interest.

"Would any man believe," he laughed, "that clothes would do so much for a woman?"

"What a left-handed compliment! but come, dearest, Captain Fitzroy and Lord Ventnor have come ashore with father and me. They want us to show them everything! You will excuse him, won't you?" she added, with a seraphic smile to the others.

They walked off together. "Jimmy" gasped the fat midshipman to a lanky youth. "She's got on our togs!"

Meaning that Iris had ransacked the Orient's theatrical wardrobe, and pounced on the swell outfit of the principal female impersonator in the ship's company.

Lieutenant Playdon bit the chin strap of his pith helmet, for the landing party wore the regulation uniform for service ashore in the tropics. He muttered to his chief—"Damme if I've got the hang of this business yet."

"Neither have I. Anstruther looks a decent sort of fellow, and the girl is a stunner. Yet, d'ye know, Playdon, right through the cruise I've always understood that she is the fiancée of that cad, Ventnor."

"Anstruther appears to have arranged matters differently. Wonder what pa will say when that Johnnie owns up about the court-martial."

"Give it up, which is more than the girl will do, or I'm much mistaken. Funny thing, you know, but I've a sore of hazy recollection of Anstruther's name being mixed up with of a Colonel's wife at Hong Kong. Fancy Ventnor was in it too, as a witness. Stand by, and we'll see something before we unload at Singapore."

MARRIAGES

WILSON—MERCIER

JERSEY MILLS, Que., Sept. 18.—The marriage of Mr. Walter Wilson, of Jackman, Me., and Miss Nettie Mercier, of Augusta, Me., took place quietly in the presence of a few friends on September 13th at the home of the groom's brother, Mr. and Mrs. W. J. Wilson, Jersey Mills, Maine, Rev. H. Michael officiating. Mr. Wilson is a Jersey Mills boy, son of the late Thomas Wilson. He, in common with many sturdy Canadians has settled down for his life work across the border, while Miss Mercier was a nurse-in-training in a hospital in Maine.

The bride, who was very becomingly gowned in blue crepe de chine and carried a bouquet of sweet peas, was given away by Mr. Willie Wilson.

After the ceremony the company adjourned to the garden, where snapshots were taken as souvenirs of the happy occasion and lunch partaken of. The young couple left by motor for Jackman and other points on their wedding trip.

The bride's travelling costume was a handsome dark blue suit of tricotine, beautifully embroidered, with a grey blouse to harmonize. She also wore a fox fur, the gift of the groom.

The best wishes of their many friends for a long and happy life go with them to their new home.

ALLISON—INGHAM

BURY, Que., Sept. 18.—On Wednesday evening, September 12th, the marriage took place at the Bury Methodist Church of Miss Gertrude Kathleen Ingham, youngest daughter of Mr. Edward Ingham, of Lennoxville, to Mr. Osborne Anthony

Allison, youngest son of Mr. and Mrs. Henry Allison, of Bury. The ceremony was performed by the Rev. E. M. Wilson, B.A.

The church was profusely decorated with red and white floss, asparagus fern and autumn flowers, a prominent feature being an archway of flowers, under which the bride and groom stood during the ceremony. The flowers were the gift of Miss Ella Francis and the scheme of decoration was carried out by Mrs. M. T. Stokes.

The bride, who entered the church to the strains of Mendelssohn's wedding march, wore ivory satin. Her veil was held in place by a wreath of orange blossoms and she carried a bouquet of white floss. She was attended by her sister, Miss Mildred Ingham, as bridesmaid, gowned in old rose shot silk, and by Miss Dorothy Allison and Miss Evelyn Ingham, as flower girls, dressed alike in apple green organdie. Mr. William Andrews, of Lennoxville, acted as best man, and the ushers were Messrs. Clifford Hunting and S. J. Hamilton. The bride was given away by her father. The ceremony ended, the happy couple left the church to the music of Lohengrin's bridal chorus. Mrs. M. T. Stokes presided at the organ and the choir sang "The Voice that Breather O'er Eden" and "Oh Perfect Love."

A reception was held the same evening at the home of the groom's parents. The wedding cake, which was a work of art, was cut by the bride, and the guests, numbering one hundred and sixty, were waited upon by friends of the bride from Lennoxville, Sherbrooke and Bury.

HUGHES—ROLFE

BISHOP'S CROSSING, Sept. 17.—The marriage of Miss Elsie Jane Rolfe, daughter of Mr. and Mrs. Israel H. Rolfe, of Marbleton, to Mr. Leonard C. Hughes, of Bishop's Crossing, son of Mr. and Mrs. Robert J. Hughes, took place at the Methodist Church, Marbleton, on September 11th, Rev. Mr. Brundage, of East Angus, officiating. The church was beautifully decorated for the occasion.

The bride, who was given away by her father, wore a dress of biscuit colored crepe de chene with hat to match and carried a bouquet of pink roses and maiden hair fern.

The bridesmaid, Miss Mable Rolfe, sister of the bride, was gowned in majolica blue crepe de chene with black hat and carried pink sweet peas.

Mr. Lewis Hughes, brother of the groom, acted as best man, and the ushers were Mr. Forest Hughes and Mr. Hiram Rolfe, cousins of the bride.

Lohengrin's Wedding March was played by Mrs. Harry Adams, of Missouri Valley, Iowa, and her two little girls, Ferrol and June, acted as flower girls. They were alike in white organdy embroidered in mauve and pink carrying baskets of pink sweet peas.

A reception was held immediately after the ceremony at the home of the bride's parents, followed by a buffet lunch, about sixty guests being present.

The happy couple left by auto amid showers of confetti, for Portland and other points in the New England States, the bride travelling in a suit of navy blue tricotine with hat to match and a grey squirrel fur neck piece, a gift of the groom.

The bride was the recipient of many beautiful presents, consisting of china, silver, cut glass and substantial cheques.

BUDELL—MOUNTAIN

KIRKDALE, Sept. 18.—In Holy Trinity Church, Kirkdale, at 12 o'clock noon on Saturday, September 15, the Rev. J. S. B. Dickson officiating, was solemnized the marriage of Gladys Martha, eldest daughter of Mr. and Mrs. James H. Mountain, and Mr. John Martin Buddell, son of the late Mr. Wm. Buddell and of Mrs. Buddell, of Montreal. The church was tastefully decorated for the occasion with greenery and flowers, and the wedding music was played softly throughout the ceremony by Mrs. Sidney H. Bishop, of Bishop's Crossing.

The bride, given away by her father, wore a draped gown of ivory kitten's-ear flat crepe with pearl trimmings. Her tulle veil, arranged in coronet effect, was held in place by orange blossoms, and she carried a shower bouquet of Opelia roses and lilies of the valley.

Miss Vera Mountain, sister of the bride, as maid of honor, wore a gown of peach flat crepe with black panne velvet hat, and carried sweetheart roses. Miss Winnifred Buddell, sister of the groom, as bridesmaid, was gowned in Nile green flat crepe, with black panne velvet hat, and also carried sweetheart roses. Mr. Leslie Martin, of Montreal, was best man, and the ushers were Mr. Lewis Fye and Mr. Trevor Dickson.

Following the ceremony, a sumptuous repast was served at the home of the bride's parents, which was decorated with quantities of pink and white flowers, after which Mr. and Mrs. Buddell left, amid showers of confetti and good wishes, for Ottawa, Toronto and Niagara Falls. The bride travelled in a navy blue poiret twill suit, with blue and grey hat, and a gray Russian squirrel choker, the gift of the groom. They were the recipients of many beautiful and useful gifts, including cheques, china, cut glass, linen, pyrex ware and silver. On their return they will reside in Montreal.

The out-of-town guests were Mrs. M. Buddell, Mrs. S. R. Gagnon and son Gordon, Misses Bessie and Ida Buddell, Miss Florence Jamieson, Mr. Richard Pike, of Montreal; Mrs. H. E. Springins, of Nashua, N.H.; Mr. and Mrs. George Stocks, Mr. and Mrs. W. H. Buddell, of Sherbrooke; Mr. and Mrs. Thos. P. Tannell, of St. Johnsbury, Vt.; Misses Carrie Ward and Janet Jamieson, of Lachine; Mr. and Mrs. W. A. Mountain, Mrs. M. A. Johnston, of Granby; Mr. and Mrs. J. O. Ginn, Mrs. W. A. Ginn, Mr. and Mrs. John Boast, of Richmond; Miss Mary Griffith, Mr. H. Griffith, of South Durham.

WEARY—MARTIN

BEDFORD, Que., Sept. 18.—The marriage of Miss Mary Lillian Martin, daughter of Mr. and Mrs. William Martin, Addington avenue,

Montreal, to Mr. Clarence H. Weary, son of Mr. Alfred Weary, took place at half-past six o'clock on Wednesday evening, September 12, at Trinity Memorial Church, Westmount. Rev. Walter Windsor officiated.

The bride, who was given away by her father, wore a gown of orchid-colored flat crepe draped at the side, with a picture hat of the same shade, and she carried a shower bouquet of opelia roses and lilies of the valley.

She was attended by her sister, Miss Glenna Martin, as maid of honor, who wore a gown of buttercup African crepe and a black hat. Her shower bouquet was of pink roses.

Mr. Walter Weary, brother of the groom, was best man, and the ushers were Mr. Gerard Martin and Mr. Merrill Holden.

During the signing of the register Miss Clara Wiggs, cousin of the groom, sang a solo.

Following the ceremony a reception was held at the home of the bride's parents, 290 Addington avenue. Later, Mr. and Mrs. Weary left for New York and other American cities. Going away the bride wore a suit of navy blue poiret twill with a poke hat and fox fur. On their return they will reside in Montreal.

The bride is well known in Bedford, being a resident until a few years ago of this place.

SEVERE EARTH SHOCK AT MALTA IS REPORTED

Large Number of Citizens, Seized with Panic, Rushed from Their Homes into Streets.

MALTA, Sept. 18.—A severe earth shock of several seconds duration occurred here this morning. Many buildings were badly shaken, but no damage has been reported so far.

The churches were filled with worshippers attending mass when the shock came. Large numbers of citizens, seized with panic, rushed from their homes into the streets. Large cracks are noticeable in many of the buildings, including several of the churches and the people are in some danger from falling stones.

The general excitement has spread throughout the island.

TWO KILLED IN AUTO ACCIDENT

OTTAWA, Sept. 18.—Two men, John Ferguson and Edward Desjardins, believed to be visitors from the United States, are dead, and P. Emard, of this city, is in a local hospital seriously injured, as a result of an automobile smash on the Gatineau road near here at an early hour this morning.

ANOTHER BLOODLESS REVOLUTION. General Miguel Primo Rivera has followed closely in the footsteps of Signor Mussolini, and Spain has bowed to the military dictatorship instituted by a coup d'etat.

The Spanish coup, following the precedent established by the Fascisti, is not levied against the throne. Both Mussolini and Rivera have capitalized their allegiance to the King and have emphasized the fact that their actions were dictated by the necessity of redeeming their King and Country from the ruinous government of political administrators who were willing to subordinate the integrity and welfare of the State to their own selfish purposes.

Signor Mussolini has ruled Italy with a firm hand since his accession to power. The predominating indolence, conspicuous in central and southern Italy, necessitated stern measures and the country, as a whole, has responded nobly to the call for a revival of conditions which existed prior to the war.

The Italian debt has been reduced considerably, economies have been effected in many of the Government departments, particularly in so far as the operation of the State railways is concerned and, on the whole, Italy has had no reason to regret the past few months which have seen the country administered in accordance with the ideals of Signor Mussolini, leader of the Fascisti.

Whether Spain will be able to follow in the footsteps of her sister nation is a matter of conjecture. The country's finances are in a much better condition. Unusual expenditures occasioned by the World War are not to be contended with, and Spanish currency is quoted at three times the value of the Italian lira. The situation will be followed with interest as, in addition to his action in expelling the country's leading politicians, General Rivera has ordered the arrest and incarceration of the principal Communist and Bolshevik leaders.

STATUS OF FIUME.

The question of Fiume's status has been shelved temporarily and now awaits the outcome of a friendly conference between the Italian and Jugo-Slav Governments. Premier Mussolini originally insisted on a settlement of this thorny question for Saturday last but, at the eleventh hour, he wrote Premier Pachitch suggesting a further discussion.

The trend of events over the week-end may, however force the hand of the Italian Government as the Fiume Free State Government has officially resigned as a measure of protest against the delay in effecting a settlement which would definitely establish the status of this famous Adriatic port.

The Jugo-Slav press, fearing the prospective annexation of Fiume to Italy, contend that it represents the initial move in an Imperialistic campaign second only to that pursued by Austria-Hungary with such dramatic results, culminating in the downfall of the dual monarchy.

In tendering the resignation of the Fiume Government, Vice-President Signor Depoli, resumed the history of events since he was appointed in charge of the Fiume Government in March, 1922, and held that while it was expected the Genoa conference would provide for the recognition of Fiume as an Italian city, this allusion had been shattered by the Santa Margherita agreement.

In his letter, Signor Depoli remarks: "The city is lost unless the Italian Government takes its destiny to heart." The influence of Italian troops in the city for the past couple of years has had a conspicuous part in arousing the cherished hopes of Fiume that it will be incorporated in the Kingdom of Italy, and the Jugo-Slav Government is not kindly disposed towards being governed by the expression of the city's inhabitants.

Jugo-Slavia is taking every opportunity of revealing its friendship for France with a view to securing her support at the psychological moment. Just at present Marshal Franchet d'Esprey is visiting Belgrade and the hearty welcome which he is being accorded is considered to entail more than a mere personal appreciation of his distinguished personality.

The resignation of the Fiume Government complicates matters and suggests the urgent necessity of taking the bull by the horns and disposing of an international problem which has been dragging fire for the past decade. Until the matter has definitely been disposed of, war clouds will hover on the horizon and the Balkan States may again be drawn into a disastrous conflict.

ANOTHER JAPANESE DISASTER.

Scarcely have the echoes of the Japanese earthquake died away than reports are received of the loss of five thousand lives in the floods which followed the typhoon at Totori on Saturday. Several villages were destroyed when the Aokure, Chiyo and Takimi rivers burst their banks. Tokio and Yokohama have both suffered greatly from the deluge and the railways are badly crippled.

The Canadian Government has issued a proclamation on behalf of the Canadian Red Cross Society to aid the people of Japan, and it is a foregone conclusion that Canadians will unhesitatingly give their purse strings in their desire to mitigate the terrible sufferings resulting from the catastrophe which is without parallel in the annals of history.

The Sherbrooke Branch of the Canadian Red Cross Society is prepared to receive subscriptions from the Eastern Townships, and it is hoped that the call for funds will meet with the support it so richly deserves.

PRESS COMMENT

DATES OF WORLD TRAGEDIES.

(Cincinnati Inquirer.) The saxophone was invented in 1846. Jazz started in 1915. Short skirts were kicked out in 1922. "Yes, We Have No Bananas," was written in 1923.

HAS FREEDOM WITH A STRING.

(Los Angeles Times.) Look what little Cuba is doing! She is paying off the last of her financial debt to America. Just now she seems to be about the only debt-payer on the face of the globe. Having Uncle Sam as a guardian has started her on the right path.

CLEAN SPORT.

(Hamilton Spectator.) Sport has its place, and a not unimportant place, especially in the lives of the young. But it can be overdone, and is most assuredly overdone when it becomes an obsession, or when it exerts a corrupting influence. There should be no toleration whatever for any kind of sport that is not absolutely "clean" and wholesome.

ONTARIO'S DEBT.

(Brookville Recorder and Times.) It remains true that Ontario's real tax burden is phenomenally light, and that by far the greater part of the large sums required to pay interest on what is loosely spoken of as the Provincial debt comes from the users of Hydro light and power and not from the general body of the tax-payers. Ontario's liabilities are very largely balanced by revenue-producing enterprises that are among its most valuable assets.

FOREST FIRES.

(Victoria B. C. Times.) We in British Columbia have more than a nodding acquaintance with the damage which forest fires cause to one of our greatest assets. Most people are familiar with the pointed warnings that are to be seen on the roadside in every part of the island. And one marvels that the precaution which is taken to protect the average business block should not suggest the necessity for a more elaborate system of safeguards in the woods. Sooner or later the people will have to authorize larger appropriations for this highly important work. Even those who scoffed at patrol from the air will have to confess that such outlays can now be reckoned as good investments.

THE PULPWOOD EMBARGO.

(Ottawa Journal.) Although the proposed embargo against the export of pulpwood cut on privately-owned lands in Canada has been held in suspense by the Dominion Government, it should be clearly understood that this is not an entirely domestic matter. Back of the political aspect lies the rather important fact that a considerable percentage of the money invested in this industry has come from the United States. This reduces the issue in some degree to a contest between those Americans who have put their money into a Canadian enterprise and those who have not. The domestic attitude toward these investors is friendly and sympathetic; but there is, at the same time, a strong and justifiable feeling against the exportation of raw material which could at least be put through one or more stages of manufacture on this side of the line.

FINDS VIRTUE IN GUM CHEWING.

(Seattle Post-Intelligencer.) For every dollar spent on books in this country \$27 are spent on chewing gum. Do we use our jaws more than we use our brains, or is this a tribute to the permanence of books? It has been suggested that the gum manufacturers give the public what it wants, and publishers only what it ought to want. This is true in some cases. But looking over some of the output of the publishers we are not specially impressed that this is true. It looks as if the gum manufacturers understood the public taste and the book manufacturers did not. Maybe it is just as well. Gum chewing makes for contentment, reading for reflection. At least the reformers should be happy. A man or woman with a head full of ideas may require the attention of a censor, but not a man or woman with a mouth full of gum.

CANADA TRAIN IS ATTRACTING MUCH INTEREST

Exhibition Train Goes to People Themselves and Thus Makes Direct Business Appeal.

(Associated Press Despatch) BAYONNE, Sept. 18.—(Cable) — The success of the Canadian travelling exhibition which is touring France has drawn from M. Dal Piaz, president of the Compagnie Generale Transatlantique, an expression of opinion that the day of stationary exhibitions is over. The exhibition train, he says, goes to the people themselves, and this makes a direct business appeal. The Canadian exhibition train has just passed through the country from Narbonne, on the Mediterranean coast, to Salies de Bearn, on the Atlantic side. The mission in charge of train service felt as of they were travelling through Ontario, except that even in this region, which is one of the finest agricultural districts of France, oxen still draw a primitive plow through the light soil. The Canadian plow is conspicuous by its absence in this prosperous farming section, and there are few binders to be seen here. The cinema pictures, illustrating lectures on the Dominion, are attracting large audiences in France, but they would not have the same influence in drawing business and attracting settlers without the travelling train in connection with them.

IMPOSSIBLE TO BRING PERSONS BACK TO LIFE

Dr. Squire Believes Electrocutation to Be More Humane and Certain than Hanging.

(Associated Press Despatch) BOSTON, Sept. 18.—Dr. A. O. Squire, physician at Sing Sing Prison told the delegates to the American Prison Association convention here today that it was impossible to revive life by the injection of a solution of adrenalin chlorate in the heart wall after electrocution. Dr. Squire said he had experimented with twenty men, and it was found to be impossible to bring them back to life.

He had officiated at the execution of 114 persons at Sing Sing. "At most of our experiments we are able to produce fibrillar contraction of the heart by touching the wall with the instrument," Dr. Squire said, "and sometimes we can produce this for over an hour after death. The injection of a solution of adrenalin chlorate in the heart wall does not produce any contraction of the heart muscle, so it can be seen that it is impossible to revive life by this means after electrocution."

Dr. Squire said he believed electrocution to be more humane and certain than hanging, less painful, "and certainly less horrifying to witness by those engaged in the execution." "When one realizes," he added, "that in the United States in 1922, with a population of about 110,000,000 people, there were approximately 9,500 homicides and but 114 executions, whereas in Great Britain and Wales, with approximately 40,000,000 people, there were but sixty-three murders, we cannot help but feel that capital punishment has not been the deterrent factor that its advocates hoped it would be."

He expressed the opinion that this might be due to the frequent long delays between the time of conviction and execution. He thought that if juries were permitted, when rendering a verdict of murder in the first degree, to designate whether the punishment or life imprisonment, it would be easier to obtain jurors to sit in capital cases and a greater number of convictions would be obtained.

time. Mr. M. Lachance, manager of the local branch of the Banque Nationale, and Mrs. Lachance are spending their holidays in Montreal.

The death of a former Bedford resident in the person of Miss Bridget Mullin occurred September 11 following a paralytic stroke at St. Bridget's Home, LaGachetiere street, Montreal. The deceased was seventy-eight years of age. Miss Mullin was in good health until Tuesday, going for a walk in the afternoon. Miss Bridget Mullin was born at Omagh, Co. Tyrone, Ireland, and came to Montreal sixty-five years ago. Several years ago she moved to Bedford and resided with her brother, Mr. J. J. Mullin, who was killed in an automobile accident a year ago. Two months ago Miss Mullin went to Montreal, where she entered St. Bridget's home. She is survived by a sister in Montreal, the Rev. Sister St. Fernand, of the Grey Nuns, and a sister and brother in Ireland, as well as a number of nieces and nephews. Mr. W. Mullin of this town being one. The Rev. Canon McCrory, of St. Gabriel's Church, a cousin of the deceased, officiated at the funeral in St. Patrick's Church.

CANADA'S ROSY SENATOR HAS LEFT LEG AMPUTATED

At 70, Senator Turgeon Could Joke Before Facing Serious Operation—Admires Rocky Mountains

By P. W. LUCE

A CHEERFUL disposition is the most important factor in keeping a man young, in the opinion of Senator Turgeon, whose claim to having the most rosy outlook on life in the Red Chamber is not seriously contested by his fellow-members.

Senator Turgeon

The genial senator is 74, but a little handicap like four years over the psalmist's limit does not keep him from making a summer trip across the continent to visit his son, J. G. Turgeon, of Vancouver, L.beral organizer for British Columbia. If there is one thing the senator is apt to regret, it is that he allowed himself to go so far along life's journey before giving himself the pleasure of admiring the Rocky Mountains and the wonderful sea scenery of the Pacific coast.

Many years ago Senator Turgeon injured his left leg, and from then on he was severely handicapped. Four years ago it became necessary to amputate.

Grimly cheerful, the senator hobbled to the operating table. He could not resist having his little joke with the doctors and nurses.

"Now, doctor," he said, whimsically, "if it's all the same to you, I wish you'd be rather particular. Don't get too enthusiastic. Be sure and take off the right leg, but remember, in this case the right leg is the left leg, though when you get through the leg left will be the right leg. All right? Leg's go!"

HIS LUCKY DAY

SIGNOR MARCONI tells an amusing story concerning an applicant for a job at an electric power station whose knowledge was small, to put it mildly.

The busy foreman of works, wishing to learn what were his qualifications for the post, led off by asking him what was ordinarily used as a conductor of electricity.

Applicant (all at sea): "Why—er—"

Foreman: "Wire. Correct! Now tell me what is the unit of electric power?"

Applicant: "The what, sir?"

Foreman: "Exactly, the watt. Very good; that will do. You may sign on for the job."

TAKING THE HINT

THE latest from Sir Harry Lauder concerns an Aberdonian who came to London to visit a friend and see the sights.

He stayed on and on until patience on the part of his host ceased to be a virtue, and eventually the long-suffering man decided to give his guest a hint to be gone.

"Don't you think, my dear fellow," he said, "that your wife and children must miss you?"

The Aberdonian seized his host's hand, and shook it warmly.

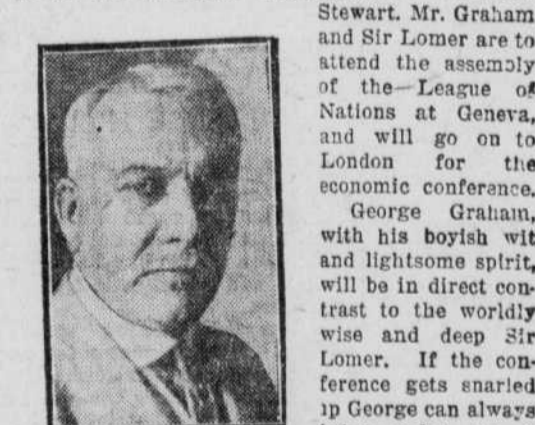

"Thanks for the suggestion, old man," he exclaimed. "It's awfully kind and thoughtful of you. I'll send for them!"

GRAHAM'S FAMOUS JOKES GIVE LIGHTER TOUCH

If the Imperial Conference Gets Snarled Up, Minister of Railways Will Tell a Story

SINCE the birth of the Imperial Conference, which used to be known as the Colonial Conference, Canada has been included in the deliberations.

Sir Lomer Gouin and George P. Graham will be on the Canadian representation with Mr. Stewart. Mr. Graham and Sir Lomer are to attend the assembly of the League of Nations at Geneva, and will go on to London for the economic conference.

Hon. Geo. P. Graham

George Graham, with his boyish wit and lightsome spirit, will be in direct contrast to the worldly wise and deep Sir Lomer. If the conference gets snarled up George can always bring order out of chaos by telling one of his famous jokes. It will be remembered when Premier King went to Washington soon after he assumed the premiership he took George along with him to supply the lighter touch if it were needed.

One can imagine this economic conference getting a bit nervy and tired over some abstract problem of trade and George Graham bringing it back to smiling good humor with his story (it has the hall mark of pristine newness, which is more than can be said of some, which bear the cobwebs of a hoary vintage) of the hotel manager who caught one of the bell-boys polishing a pair of shoes outside a bedroom door.

"Have I not told you many times," roared the frate manager, "that all shoes must be taken to the basement to be shined?"

"Yes, sir," was the reply, "but I can't take this pair. They belong to a Scotchman, and he is on the other side of the door holding on to the laces."

Edward Albert--A Real Man Doing His Duty

Romantic Froth About Suicide and a Broken Heart—The Prince is a Real Honest-to-God Man Fulfilling a Most Fatiguing and Exasperating Position—Can Laugh at Himself.

FOR several years there has been floating about the world an extraordinary legend of a "sunny-haired, sunny-hearted Prince Charming" upon whose "winsome smile" the sob-sisters and the gush brigade have worked early and late—a youth so impressionable that he cannot dance twice with the same girl without proposing to her. In fact, every time Edward Albert, Prince of Wales, comes a cropper during a steeplechase, we are immediately overwhelmed with hints that he is really trying to commit suicide because of a hopeless passion for Winnie Smith of Waybackville, Ontario, with whom our informant attended the little red school house.

The worst of this sort of thing is that one cannot help feeling that Prince Charming, with his everlasting smile, is obscuring for us a personality well worthy our respect and good-will—a real man doing his duty, very adequately, in a real world.

There can be no doubt that the smile is

authentic. There it is, on record, very frank, genial and natural, giving to his ordinarily grave expression a touch of wistfulness by contrast.

Authentic, too, is the information that he enjoys a good time, and likes it none the less if ladies are present. There are many stories to prove this extraordinary trait. It is said, for example, that at the great New Year's Eve ball, given by the Fourth Canadian Division at Brussels, his pleasure was interrupted by the strains of the National Anthem. The Prince concealed his impatience until the last bars died away. Then he turned eagerly to the lady at his side:

"Now that we have finished with father," he remarked, "let's get on with the waltz."

Neither can it be denied that, like most people not congenial dictors, he has been guilty of a number of "cute" sayings and doings in his infancy. Lady Jersey, in her "Fifty-One Years of Victorian Life," tells the following tale of the Diamond Jubilee.

Prince Edward had, with his brother, Prince Albert, been taken out on to a balcony to see and be seen of the crowds below. The people were enthusiastic, and Edward was kept busy saluting in answer to their cheers. Again and again he gave the orthodox military salute. Finally, finding that they did not stop, he evidently felt that something more was required; and, gravely raising both hands, saluted on both sides of his head at once.

The chief evidence against the fairy prince idea lies in the undoubted fact that he has a real sense of humor, not boyish high-spirits, but real manly humor.

When Max Beerbohm shocked London by depicting him, as Edward Windsor, aged seventy,

marrying his landlady's daughter, the victim was very much amused, and even contemplated buying the cartoon. The reports of his continual, and overlapping, engagements gave the joke a point which some men would not have appreciated.

Another story does credit to his shrewdness. During the war it was part of his duty as transport officer, to oversee the loading of a number of wagons. When twenty-five packages were loaded the driver had to call out the number. In this case, only twenty were in place when the driver called out:

"Twenty-five."

"I make it only twenty," said the Prince, quietly. "One of us is wrong. Just unload and do it all over again."

He is said to be one of the busiest business men in London. His mail, of some fifteen hundred letters a day, is carefully attended to; and the financial affairs of his position have probably never received such close and efficient care.

In fact, the Prince of Wales has put away childish things. He is a man. People talk glibly of our "soldier Prince" without realizing all that the phrase implies. The war was no joke to him, although no one bore its hardships more good-humoredly.

"There," he once said, "I found my manhood."

It was the sort of manhood that made him go on, on foot, with the despatches in his charge, when a heavy shell barrage between him and his destination caused his chauffeur to turn back.

It was a manhood that made him perform one of the supreme acts of charity. The story

has been told before, but deserves repetition as an example of that steadfast love of man to man which we know as comradeship.

The Prince was visiting a hospital for some of the hopelessly disfigured victims of the war. The place contained thirty-six patients; and of these twenty-nine were at first shown him.

"Where," he asked, "are the other seven?"

Very reluctantly he was shown six more whom only the doctors and nurses were allowed to see.

"But where is the other one?" he persisted. "There was great consternation at this; but he was finally led into a ward where all that was left of a brave man lay upon the bed. Prince Edward's face became white, then, advancing firmly to the bedside, he stooped over his comrade-in-arms and kissed him.

It is no child who is heir to the throne of empire, no eager, unsophisticated boy; but a man of heart and judgment.

It is said that during the coronation ceremony Princess Mary, with a girlish love of the dramatic, was inclined to make the most of her dignity. Her brother watched her for a time, then, leaning across, whispered:

"Don't be silly, May."

Again, when, during his Canadian tour, a girl jumped on the running board of his car, and asked for a kiss, he laughed and repeated the phrase.

So, through all the mush and gush about bright-faced Prince Charmings, through all the rumors of engagements numerous enough to daunt King Solomon, through the romantic froth about suicide and a broken heart, we seem to hear a real honest-to-God man, a man quietly fulfilling a most fatiguing and exasperating duty, laugh and say:

"Don't be silly."

WHAT THE FOOTMAN SAID

THE other day Lord Magheramorne, former Sir James McGarel-Hogg, explained that when he first succeeded to the peerage his name was a source of difficulty.

On one occasion he went to dine at the house of an old friend, where he announced himself to the footman as "Lord Magheramorne."

"What?" inquired the startled man.

"Lord Magheramorne," repeated the visitor, with emphasis.

The footman was in despair, as he felt it was impossible to attempt to render the uncouth gutturals, and the visitor was advancing to the drawing-room. He hesitated for a moment, then boldly flung open the door and proclaimed: "The late Sir James Hogg."

CUPID'S RADIO CALL

LADY Pleasance Rous, daughter of the third Earl of Stradbroke, Governor of Victoria, had the paternal blessing on her marriage with Mr. Owen McKenna, a wireless operator, and son of a Lanarkshire wagoner.

Lady Pleasance met Mr. McKenna on the liner on which he was employed—and to which he will return after the honeymoon—while on a voyage to Rangoon to visit a friend. When the liner was nearing port she asked Mr. McKenna to sign his name in her autograph book, but as there was not much space left she offered him her passport.

It was then that Mr. McKenna learned of her real identity. On reaching Rangoon she sent a cablegram to her parents saying she had become engaged and intended getting married as soon as convenient.

Canadian Employer Goes to Geneva

Sherrard Stands for a Square Deal to Labor—"Make Your Firm the Best in the Country to Work for," his motto—Pays Highest Possible Rate of Wages

By W. L. EDMONDS

MR. JAMES HENRY SHERRARD, who in October will sit in at the International Labor Conference, Geneva, as representative of Canadian employers, is not the type of man that sees only that side of a question which immediately concerns his own particular interest. And it is a quality that doesn't cease functioning when matters affecting the relationship of employer and employee are on the agenda.

The fact of the matter is this: Mr. Sherrard is a broad-minded humanitarian of the kind that practises that which he preaches. And the practising process is not confined to any one particular form of activity. Hospitals are always the subject of his care and solicitude, while during periods of business depression he has been known to establish in Montreal at his own expense, and personally conduct, mission rooms where coffee and rolls, as well as spiritual food, were regularly dispensed.

In his activities in respect to Labor Mr. Sherrard is just as practical as in those benevolent and ethical in character. In other words, his aim, both in theory and practise, is to accord Labor a square deal under all circumstances and conditions. It was his aim when he became—in a small way—an employer of Labor thirty odd years ago, and he has consistently followed it

since, although the manufacturing enterprise which he established has in the meantime become the largest of its kind in the dominion.

"Our aim," he once remarked to a manager of one of his company's branch factories, "should be to create in the minds of our employes the

opinion that ours is the best firm in the country to work for. And the way to secure that ideal condition is to pay the highest possible rate of wages, to make working conditions as congenial as possible and to give everybody a square deal."

The fruit of Mr. Sherrard's policy in respect to Labor is to be seen in the fact that not once during the thirty-odd years he has ranked as an employer has he had a strike on his hands.

James Henry Sherrard

Mr. Sherrard is a New Brunswicker by birth, having been born at Shediac, a pleasant little town on one of the harbors of Northumberland strait, and noted for the fine quality of its oysters. It was in his native town that he had his first experience in business, being employed as a clerk in a local general store, a position he held until ambition for greater things lured him to Montreal, where he started the Alaska Feather & Down Co., of which, after it bloomed into an incorporated concern with several subsidiary companies under its wing, he ultimately became president, a position he held until the industries with which he was associated were merged with Canadian Simmons, Limited. Since then Mr. Sherrard has been chairman of the latter's board of directors and a director of the parent American concern bearing a similar name.

As a speaker Mr. Sherrard is clear, forceful and sincere, and while his speeches do not acclimatize with wit and humor they are marked by more than a modicum of eloquence. And just as Labor may be assured that at Geneva it will find in Mr. Sherrard an employers' representative friendly, rather than unfriendly, to the hopes and aspirations of the workers, so Canadians have reason to anticipate that he will worthily represent the dominion as a whole.

MR. EDWARD BOK, who is offering a money prize for the best plan to avoid war, seems to have overlooked the fact that we still have the Ten Commandments.—Punch.

HORTICULTURAL FAIR WAS HELD AT INVERNESS

First Class Fair Held This Season—Officers for Ensuing Year Elected.

INVERNESS, Que., Sept. 17.—The Magnificent Horticultural Society held their annual fair on September 12th at the fair grounds, and a goodly number were present to admire and praise worthy exhibits, and to encourage by their presence and admiration the officers and members, who have worked hard to promote the growth of the society and to make the present year a success.

The day was fine and proved a pleasant event to all. The exhibits were especially good, considering the late season, and for this reason the vegetables, though of good quality, were fewer in number, and the fruit exhibits were not up to the usual standard. The plants were beautiful and the cut flowers an improvement over last year. The hall was tastefully decorated by Mrs. Dery and Mr. and Mrs. Thomas B. Devaney, making a pleasing and artistic background for the display of many colored fruits and flowers.

The judges were Mr. Filion, of Plessisville, and Mr. Raymond, of Quebec, who expressed their satisfaction of the exhibits as a whole. A bountiful dinner was served by Mrs. J. A. Devaney to the judges and directors, who did ample justice to the good things provided by the hostess, whose kind hospitality is well known and appreciated.

Addresses were made by Mr. McCammon and Father Boyd at the hall, thanking all who had assisted in making the fair a success, special mention being made of the kindness of those who had decorated the building.

Mr. McCammon expressed his regret at the same time voicing the sentiments of all, of the loss of Father Boyd, who is soon moving to his new charge at Frampton. Father Boyd, as president, has worked untiringly for the good of the society and will be much missed in the entire community.

The officers are: Hon. President, Mr. LaPierre, M.L.A.; president, Rev. P. J. Boyd; hon. vice-president, Eug. Roberge, M.P.; vice-president, Mrs. James Devaney.

Directors: John McCammon, J. Maxwell, A. Paquet, Jos. Dion, J. Weston Graham, Mrs. Angus Dery, Mr. Alfred L. Bond, Miss Annie Percy, Mrs. J. Porter, secretary-treasurer, Mrs. A. A. Kinnear.

General Notes. Mrs. Archie D. McKenzie, who is soon to leave for her new home in New Britain, Conn., was presented with a gift of money from her village friends, showing their appreciation of her work as organist of the Presbyterian Church, and her kindly assistance in the work of the church generally. The gift was gratefully received and fully appreciated by Mrs. McKenzie.

At a meeting of Caledonia Rebekah Lodge on Thursday evening last, Sister E. E. McVeety, on behalf of the members, presented Sister Louise McKenzie, N.G., with a ring bearing the Rebekah symbol, as a token of their appreciation for her faithful services rendered since the institution of the Lodge, and expressing regret over her departure from their midst, where she would be missed in the Lodge and community. Sister McKenzie was completely taken by surprise and found it difficult to express her gratitude, but in a few words thanked the members for the beautiful gift and the kind words accompanying the gift.

Mrs. James Sutherland and Mr. William Sutherland, of Richmond, have been guests for a few days of Mr. and Mrs. J. McCammon and other friends.

Mrs. William R. Shaw and William Shaw, Jr., left Friday for their home in Lynn, Mass., having spent the summer with her sister, Mrs. Archie McKenzie.

Mr. and Mrs. Wm. Johnston returned on Friday from Toronto, accompanied by their aunt, Miss Mary Mooney.

The Ladies' Aid Society will hold a sale of work at the annual exhibition of the Magnificent Agricultural Society on Tuesday, September 18th.

DRURY WILL NOT LIKELY LEAD U.F.O. GROUP Progressives Decided Not to Hold Fall Convention—Resolutions Were Passed.

(Associated Press Despatch) TORONTO, Sept. 18.—Ex-progressive Drury will not likely lead the U. F. O. group of the Progressives as he terms them, at the coming session of the legislature. The decision yesterday of the elected U. F. O. members of the legislature and the Ontario Federal Progressive members meeting in conference at the parliament building not to hold a fall convention seemingly makes impossible Mr. Drury's installation as leader before the House opens in January.

In two resolutions which passed the conference, the Ontario U. F. O. and Progressive members declared in ex-progressive Drury's "framing out" principles, but declare for local constituency autonomy in their application to party conventions and provincial and Dominion elections.

HAVE FAILED TO DEFINE THEIR GRIEVANCES

Confederation Pact Said Nothing About Rates on Intercolonial Railway.

MONTREAL, Sept. 18.—That while the Maritime Provinces continue to proclaim their grievances, they do not define what these grievances are, that Maritime rights are indefinable if they demand that the rest of Canada be mulcted to subsidize Maritime industries in order that these industries be put in a position where they can compete with the people who are subsidizing them; that the confederation pact said nothing about rates on the Intercolonial Railway; that its terms were fulfilled with the construction of the road, and that, notwithstanding the protestations of the Maritime Provinces, both Nova Scotia and New Brunswick have increased in population within the past fifty years at a greater rate than any of the northern New England states; are the contentions of the Montreal Gazette in a long editorial this morning.

The editorial is captioned "The Case of the Maritimes," and is as follows: The clamor of the Maritime Provinces for their rights suggests the question, "What are these rights?" Is one of them transportation rates below cost of service on the Intercolonial Railway? The confederation compact was construction of this road; that and nothing more; not a line nor a word about subsequent operation. And from the completion of the intercolonial down to the present day rates of carriage have been so low that not a penny has been earned in payment of interest on capital cost. The total revenue of the road from its completion to December 31, 1921, amounted to \$363,000,000, and the total operating expenditure to \$31,504,000, leaving a deficit of \$28,500,000.

In the year ended March 31, 1922, the operating deficit was \$4,374,000. Not a cent has been produced against capital cost, which exceeds \$159,000,000 and involves a charge of about \$8,000,000 annually. It is contended that the case of the Intercolonial is no worse than that of the canals of Canada, which being toll free yield no revenue, accentuating in which we concur, but it is not reasonable to require that having made a free gift of the Intercolonial to the Maritimes the tariff of rates should be still further reduced below working expenses. Vessels using the canals do not transport freight for nothing, and go out of business when their earnings fall below operating cost.

The customs tariff is alleged to confer no benefit on Maritime industries. Is that quite a fact? Coal mining and the fabrication of iron, the important industries of Nova Scotia, are maintained by protective duties, while of the tariff generally it may be said that it partakes more of the revenue than of a protective character. Descending representation in the House of Commons has been made of a grievance; yet diminishing membership is in strict accord with equity aid the principle of representation by population. Population does not grow, it is complained.

Population Figures. Is that a consequence of confederation? Population does not grow in the New England states, whose farmers have the whole United States to cater to. Compare the relative population increase:

Table with 3 columns: Year, Inc., and Population. Rows for 1870, 1920, Vermont, Maine, New Hampshire.

Totals 1,275,706 1,563,518 287,752. In half a century the three New England states contiguous to the Maritime Provinces grew in population 287,752 souls, or 22.6 per cent. Nova Scotia and New Brunswick did much better despite exclusion from the American markets, the population of these provinces being:

Table with 3 columns: Year, Inc., and Population. Rows for 1871, 1921, Nova Scotia, New Brunswick.

Totals 1,673,394 912,671 239,277. In point of percentage the population growth in the Maritime Provinces has been 35.3 per cent., or fifty per cent greater than in the New England states.

It might give clarity to the subject if the Maritime press and public men would define what they call their rights, and what obligations of the confederation agreement remain unfulfilled. Railway rates reduced low enough to permit the products of these provinces to reach Central Canada is surely not a right, any more than is railway rates from the prairies to St. John and Halifax cheapened to the point of diversion of the traffic from Portland and New York. No one has yet successfully accomplished the feat of lifting himself by his bootstraps and the policy of making all the people pay for some of the people is not to be commended. There is no lack of sympathy with the aspirations of the Maritimes, but Quebec and Ontario ought not to be asked to subsidize the intercolonial railway in order that their industries may be supplanted by those of New Brunswick and Nova Scotia. Is the pursuit of agriculture diligently and intelligently followed in the provinces by the sea, or has that occupation decayed as in the New England States. Have the people sought to simplify their government and reduce the cost thereof by union of the provinces, or do they prefer to retain their separate identity to the profit of politicians?

In a recent issue of the Maritime Merchant, published in Halifax, while insisting upon the rights of the provinces without defining these, expressed a sensible view of the subject: "It is true," said that journal, "that there are many industries in

What were you paying, Madam, for FLOUR?

COUNTY JAIL DENOUNCED AS CRIME BREEDER

Declares County Jail Plays Important Part in Increasing the Amount of Crime and Number of Criminals.

(Associated Press Despatch.) BOSTON, Mass., Sept. 18.—The county jail was denounced as a crime breeder by Joseph F. Fishman, former Federal inspector of prisoners, in an address prepared for delivery before the American Prison Association today. "The county jail," he said, "is a depository of dirt, disease and degeneracy."

He declared that this institution played an important part in increasing the amount of crime and the number of criminals. "In ninety-five percent of the jails," he continued, "are thrown helter-skelter the old, the young, the guilty, the innocent, the diseased, the healthy, the hardened and the susceptible, there to be mixed with the further ingredients of filth, vermin, cold, darkness, stagnant air, over-crowding and bad plumbing, and all brought to a boil by the fires of complete idleness. In handling the jail situation the state in the name of justice, commits crimes far more heinous than many of those it punishes with long terms of imprisonment."

MANY NEW YORK MORNING PAPERS FAILED TO APPEAR

Members of the Web Pressmen's Union Went Out on Strike Today.

(Associated Press Despatch) NEW YORK, Sept. 18.—Almost all morning newspapers in New York failed to appear today as a result of a strike of members of Web pressmen's union, number 25, which was called shortly after midnight. The city's millions went to work with little or no knowledge of the day's events, as there were but few newspapers to be had. These were first editions of a number of publications which daily are on the streets before midnight, and were quickly exhausted.

The strike was called at the conclusion of a four hour meeting of the pressmen. President David Simons, of the union, declared that but one of the printers at the meeting had voted against the strike, which he said grew out of the inability of the union and the publishers to agree to a working contract to replace one which expired September first.

CLIPPED FROM EXCHANGE "Who's your cook now?" "Della." "Della who?" "Della Kattessen."

the Maritime Provinces which, because of the long haul are unable to compete in what should be neutral territory with the shorter haul of the factories of Ontario and Quebec. But there are others that can do so. The thing for us then is to try to develop industries that can either stand the freight or where the freight is not a most important factor in the selling price. We already have some industries of this sort.

THE RIGHT SPIRIT. "We should keep on fighting to get what we can and try to forget the wrongs we have suffered, at the same time pulling as hard as we possibly can to make our own way." That is the right spirit. If we may venture to say so without incurring offence we fear many people in the Maritime Provinces nurse their grievances to keep them warm instead of striving to produce the prosperity the resources of Nova Scotia and New Brunswick warrant. Geographical situation operates against trade of those provinces with Western Canada, but that situation encourages commerce with other countries and is far from being disheartening.

Each day the rope gets shorter.

GUARAHY IS CAPTURED BY BRAZILIAN REBELS

Twenty Members of Government Force Were Drowned While Attempting to Escape.

(Associated Press Despatch) MONTEVIDEO, Sept. 18.—A telegram received at the Foreign Office from the Uruguayan consul in Guarahy, near the Brazil-Uruguayan frontier, says the town was taken by a force of 1,800 Brazilian rebels. There was a sharp fight in the streets, in which seven men were killed and twenty-seven wounded on both sides. Twenty members of the government force were drowned as they attempted to escape by swimming the Guaraim River. Their commander and fifteen men were captured.

LITTLE CHANGE NOTED ON WALL STREET MARKET

(Associated Press Despatch.) NEW YORK, Sept. 18.—(Wall Street Noon)—Short covering operations were effective in sustaining the general list, some of the independent steels, merchandising, tobacco, cans and motors ruling at intervals one to two points higher. As on yesterday, about the only outstanding heavy spots were several of the low priced oil shares and bear traders worked on these for a more extensive decline. A half dozen of the cheaper oil stocks sold at new lows for the year, with Cosden the most active and weakest. Cosden declined three points and the preferred 4%.

SLIGHT UPWARD TENDENCY IN CHICAGO WHEAT PRICES

(Associated Press Despatch.) CHICAGO, Sept. 18.—In sympathy with corn and as a result of firmness of values at Liverpool, the wheat market here had a slight upward tendency today during the early dealings.

Opening prices, which varied from unchanged figures to half cent higher, with December at \$1.02 1/2 to \$1.02 1/2 and May at \$1.07 1/2 to \$1.07 1/2, were followed by trifling gains and then something of a reaction. Corn was stronger than wheat. After opening 1/4 to 1/2 cent up, with December at 67 1/2 cents, the market continued above yesterday's finish. Oats started 1/4 to 1/2 cent higher, with December at 39 1/2 cents and later remained firm. Provisions were steady in line with the hog market.

GEORGE KELLY SETS UP RECORD FOR BATTING

Knocked Out Three Home Runs, a Two-Bagger and a Single in Five Attempts.

(Associated Press Despatch) NEW YORK, Sept. 18.—George Kelly, the Giants' first baseman, drove out three homers in succession, a two bagger and a single in five times at bat yesterday in Chicago against the Cubs, who went down to defeat 13 to 6.

The Yankees, who need just one more victory to assure their appearance in the world's series, failed to defeat Cleveland, 6 to 2. The Indians made ten hits off Bush in five innings, scoring five runs. They took three hits off Roetzger in the remaining four innings for another counter.

The Pirates were defeated by the lowly Bostonians, 6 to 1. Effective pitching by Marquard won the game. Cincinnati did not play, clinging to second place.

The Red Sox broke even with Chicago in Boston, losing the first game 6 to 1, and taking the second 6 to 5. The second affair was close, the Chicago team leading until the eighth.

Washington defeated St. Louis twice 5 to 4 and 12 to 2. The latter game was called in the seventh because of darkness. Walter Johnson got credit for both games, finishing the first and twirling the second. The Senators collected a total of thirty-one hits in the two games.

The Tigers lost two games in Philadelphia, the home team winning by 2 to 0 and 4 to 3. In the first game Naylor allowed but five hits to ten off Daus and Olsen. Both contests were tightly fought up to the last out.

St. Louis defeated the Phillies 6 to 5, making it four out of five for the series. A four run rally in the fifth against three Philadelphia pitchers gave the Cards the game.

BASEBALL CLUB WILL CARRY ON FOR A WHILE

Series Being Arranged with Some of the Better Teams Which Have Finished Their Schedules.

At a special meeting of the executive committee of the Sherbrooke Baseball Club held last evening, it was decided to continue the season for a least a few weeks longer as it would now be possible to secure some of the better class team which are completing their league engagements.

The baseball players have undertaken to co-operate with the management in fine spirit, and games will be played as usual over the coming week-end. Arrangements have been practically completed for a series with the Montreal Royals and the Canadians, who are now battling for provincial honors.

Sherbrooke is keenly interested in arranging the series for the provincial championship and, as holder of the title, is justly entitled to serious consideration. The honors cannot be claimed by any other team unless Sherbrooke is first challenged.

SERIOUS FIRE YESTERDAY AT SWEETSBURG

Outbuilding and Contents on Mr. Armstrong's Farm Destroyed—Loss Over \$3,000.

(Special to the Record.) SWEETSBURG, Que., Sept. 18.—A serious fire broke out here yesterday afternoon when the horse barn, work shop, poultry house, pig pen and wood shed, together with some tons of rye, large quantities of peas and beans, several tons of hay and grain, a large number of farm tools, thirty fowl and one horse were destroyed on the farm of Mr. P. C. Armstrong, situated about a mile and a half above Sweetburg, on the Government road leading to Knowlton.

The damage is estimated at over three thousand dollars, all the destroyed buildings and their contents being the property of Mr. Armstrong, with the exception of the horse, which was owned by Mr. Francis Fleury.

The cause of the fire has not been ascertained. Mr. Armstrong was at work on his farm, when suddenly he was shocked to see flames leaping from one of the large barns.

The flames spread with such rapidity that it was feared that Mr. Armstrong's house would also be reduced to ashes. However, the fire brigade from Cowansville responded to a call for assistance, and it was chiefly through their efforts that the residence of Mr. Armstrong was saved.

In order to save the house the fire-fighters had to destroy a shed that led from the outbuildings to the house, while water pumped from the river also aided in arresting the progress of the hungry flames.

The loss is a heavy one for Mr. Armstrong, and as a consequence he will not be able to fill several orders for rye, etc., that he had accepted.

The Rifle Association of First Sherbrooke Regiment wishes to thank most heartily all who aided financially in making the meeting a success, and also the following for kindly giving special prizes: J. S. Mitchell & Co., Bristol steel fishing rod. Hovey Bros., one large ham. Mr. Geo. F. Moore, groceries. Mr. Bradley, 2 bushels potatoes. Mr. Kennett, 2 silver handled pen knives. Mr. J. Brown, binoculars. Mr. J. G. Watson, a very handsome challenge cup.

ent depositors in the local branches of the Home Bank met here yesterday and passed resolutions that opposed any winding up order until the auditor had made his report and asking that the government appoint a Royal Commission to investigate the causes of the failure of the Home Bank and subsequently to investigate in the most comprehensive manner the present condition of all the Canadian banks.

SAYS BRITAIN IS LEAST SELF SUFFICIENT

Sir Wm. Beveridge Declares that Large Number of Unemployed Does Not Prove Over-Population.

(Associated Press Despatch) LONDON, Sept. 18.—The doctrine of Thomas Robert Malthus, English economist (1766-1834), is advanced that the realization of a happy society will always be hindered by the miseries consequent on the tendency of population to increase faster than the means of subsistence, reappeared in a discussion at the meeting of the British association for the advancement of science at Liverpool on the problem of unemployment.

Sir William Beveridge declared that the fact that there were over one million wage earners in Great Britain who were unemployed did not prove over-population, Britain, he said, was suffering not from over-population, but because they world outside had changed too rapidly.

Of all the great countries Britain was the least self-sufficient, the most highly specialized, the most dependent on trade and peace and world wide co-operation. The British were too far from self-sufficiency to make it worth while to attempt to return to it by growing more corn, etc., Sir William said.

The adoption of a middle course of creating a self-sufficient British Empire depended on whether the Dominions would agree to a division of the economic functions which would leave the most profitable ones to Great Britain.

Sir William said that increased birth control was not required by anything in the conditions in Europe previous to the war and was irrelevant to Britain's present troubles.

Provincial Ploughing Match.

His Worship made reference to a meeting he had held with Mr. McClary, of the Experimental Farm, and Mr. Leo Brown, of the Department of Agriculture, Quebec, in connection with the Provincial Ploughing match to be held here early in October. The city had undertaken to provide for the annual banquet and it was estimated that about three hundred would be present.

Ald. Crepeau advised that his father, Mr. J. H. Crepeau and Mr. McClary had since made arrangements with Mr. Waller to hold the banquet in the E.T.A.A. building at a cost of seventy-five cents a head.

Mayor Morris—"I doubt whether we can hold three hundred people there besides you know it will be cold in October."

A committee composed of Aldermen Bourque, chairman, and Aldermen Houlihan, Crepeau and Lacombe was appointed to consider the matter further and make necessary arrangements.

Finance Committee's Report.

The report of the finance committee, presented by Ald. J. S. Tetreault, included the following items: Temporary loan—The council was authorized to borrow up to \$25,000 for underground work necessary in accordance with by-law No. 443.

Sinking fund—Approval was given to the necessary action being taken for the deposit of Municipal, Provincial or Federal bonds with the Provincial Government, amounting to \$95,842.55 on account of sinking fund. Approval was also given to the use of the city sinking fund as well as those of the different public utility departments to purchase the necessary bonds, as soon as possible, so as to ensure the city securing a higher rate of interest than from the bank.

Arena Question Shelved Again.

E. T. A. A.—Request for arena grant.—The committee recommended that an annual grant of \$2,000 starting 1924 be granted in accordance with the association's request of July 28th last, provided the federal and provincial government assisted.

When the matter was opened for discussion, Ald. Crepeau opposed the grant saying that it was always one thing after the other. He suggested that if conditions were better next year it might be worth while considering. He accordingly moved that the paragraph be withdrawn and this was unanimously agreed upon.

The application of the MacKinnon Steel Company with regard to exemption of taxes for 1920, under the terms of a contract with the city, was referred to a joint meeting of the attorneys of the city and of the company.

Crescent Housing Co., Ltd.—The company is to be advised by the council that inasmuch as the Federal Government will make no further advances for the construction of workmen's houses after March 31st next, no more houses will be built along these lines.

Assurance Rates.

The question of assurance was introduced by Ald. Houlihan, who stated that while a request had been made for rates for all city departments, a second letter had been sent out asking for tariff rates on certain departments only. He observed the letter was evidently sent out for a

DECLARES THAT PROSPERITY IS NOT FAR AWAY

Believes that Canada Is on Verge of a Great Period of Development.

(Associated Press Despatch) TORONTO, Sept. 18.—That Canada is on the verge of a great period of development, is the opinion of F. S. Richmond, of London, England, a director of the Hudson's Bay Company, who is in the city.

Mr. Richmond has just completed the tour of inspection of the company's stores in Western Canada. "I was astonished at the optimistic feeling which prevails in the west," said Mr. Richmond.

Conditions indicated that the bottom had been reached and that prosperity was not far away, he said.

Mr. Richmond was of the opinion that a bank should be established by the Dominion for the purpose of lending financial assistance to the farmers in the west. This, he thought, would overcome many difficulties in the way of Western Canada's progress.

DR. McLENNAN HONORED.

(Associated Press Despatch) LONDON, Sept. 18.—The University of Liverpool yesterday conferred an honorary degree of doctor of science on Dr. McLennan, of Toronto University and half a dozen other distinguished men who are participating in the meetings of the British association for the advancement of science. Among them was the president, Sir Ernest Rutherford.

Ald. Houlihan—"I would like to know who sent out that letter."

Ald. Langis—"Get a report."

Ald. Lacombe—"I was authorized by the council to call for rates for the different departments, and I asked for tariff rates as I believed that was the proper thing to do. The matter is entirely up to the council and we will be glad to ask for any rates covering all departments."

Mayor Morris congratulated the road department upon its splendid showing, and observed that only recently a prominent Canadian contractor, spending a few days in Sherbrooke, had been greatly impressed with the high quality of the work accomplished.

Ald. Langis stated that some aldermen had remarked that his department had exceeded its estimates by nine thousand dollars. He observed that there was a large amount of minor work to be done, but expressed his willingness to stop the work at once if the council so desire.

Ald. Tetreault—"I think the matter should come before the finance committee to see where funds can be secured."

Ald. Langis—"What shall I do in the meantime?" Ald. Houlihan—"Go ahead with the work."

DESTRUCTIVE FIRE AT BURY EARLY MONDAY

Loss Estimated at \$6,000 When Mr. E. Paquette's Store Was Burned—Other Notes.

BURY, Que., Sept. 18.—At four o'clock on Monday morning the people of Bury Village were awakened by the clangour of the church bells to yet another bad fire in Bury Village. Turning out of their homes as quickly as possible it was found that hope of saving the building or any of its contents was already past. It was the store of Mr. Emile Paquette, another of the old time buildings of Bury to go the way of destruction by fire.

The origin of the fire is unknown and is shrouded in mystery. Mr. Paquette and family were away from home, having left for St. Malo very early Sunday morning. Mr. Paquette has lost everything but what he and his family stand up in. He estimates his loss at something over \$6,000 and has insurance of about \$4,000. By strenuous effort the barn at the rear of the store was saved and thus the fire was prevented from spreading to the adjacent dwellings.

As in the past, so on this occasion, the fire fighters were handicapped by lack of apparatus of any kind. Even ladders were very slow in making their appearance, and the force pump of Messrs. Pope and Son could not be utilized because of lack of sufficient length of hose.

Mr. Paquette had only recently greatly improved and enlarged his buildings.

General Notes. Mrs. Ferguson Cathcart and Mrs. Willie Cathcart entertained on Thursday afternoon at the home of the former at a party in honor of Miss Gladys Lawrence on the occasion of her approaching marriage.

Miss Lawrence was the recipient of many gifts, and the congratulations and good wishes of all present. The rooms were very prettily decorated with autumn flowers and ferns and with red and gold streamers. Miss Irene and Miss Ethel Young, of Levis, guests of Mrs. Ferguson Cathcart, assisted in serving tea.

The voters list for this year has been posted in the village and all interested should make sure that their names are duly inscribed thereon.

Mrs. M. Larke, of Brookville, Ont., will give an address in the Methodist Church on Sunday morning next.

Mrs. Larke, who has a wonderful personality is a most pleasing speaker, and a treat is in store for all who will be present. In the evening Mrs. Larke speaks at East Angus.

The Bury School Fair, held on Friday, September 14th, was a most successful event, the promoters declaring that it was one of the best fairs held in Bury. As the Bury Fair has always ranked as one of the best, this praise, taking into consideration the kind of season we have had, is praise indeed. The Provincial Treasurer honored the gathering with his presence and gave the boys and girls a very pleasant and helpful talk.

On Saturday evening the Bury council held a special sitting to discuss certain road matters. It was decided to go on with the repair of the Victoria road and the Road Committee with the Mayor, were given power to visit the site and to determine just what should be done.

Among those who attended the Allison-Ingham wedding on Wednesday last for out-of-town, were: Mr. and Mrs. Roy Hunting, Mr. and Mrs. William Hunting, Mr. and Mrs. Ernest Hunting, Miss Bernice and Mr. Clifford Hunting, Mr. and Mrs. E. S. Andrews and Mr. W. S. Andrews, all of Huntingville; Mr. and Mrs. Finlay G. Bennett, of Canterbury; Mrs. Dean and family and Miss Reed of Lennoxville; Mr. and Mrs. C. T. Herring, Mr. and Mrs. Erastus Bennett, and Mr. and Mrs. B. S. Ingham, also of Lennoxville; Mr. and Mrs. Eddie Deacon, of Waterville; Mr. and Mrs. Guy Ingham, of Sherbrooke; Mrs. Flora Herring and family, of Bulwer; Mr. and Mrs. Scott Allison, of Bishop's Crossing; Mr. and Mrs. A. Griffen, of East Angus; and Mr. Louis Beaton and family, of Birchton.

A meeting of the Protestant School Board was held on Monday morning at the Town Hall. Representatives of the Newport Board were present to make arrangements for school facilities in Bury for children belonging to the Parsons School district of the School Municipality of Newport. An agreement was made with the Catholic Board to rent them the Crossbury School

LORD RENFREW PUT IN A BUSY DAY ON RANCH

Shovelled Ton of Sunflower into Silo Cutter and Also Stooked a Couple of Acres of Grain.

HIGH RIVER, Alta., Sept. 18.—Lord Renfrew concluded a very busy day at his ranch at Pekisko on Monday, by mounting a royal cow pony with western equipment, and riding around his property, inspecting the live stock.

The Prince expressed himself as being greatly pleased with the Dartmouth ponies, shipped from England, which seem to be thriving on prairie grass.

In the morning the Prince shovelled a ton of sunflower into the silo cutter, and in the afternoon he donned a pair of overalls and stooked a couple of acres of grain. Although the perspiration poured down his face, he continued at his task until the dinner bell rang.

T. M. Carlyle, manager of the ranch, stated that no callers will be received at the ranch during the Prince's visit, except by appointment.

ST. JOHN SELECTED FOR NEXT CONVENTION. VICTORIA, B. C., Sept. 18.—St. John, N. B., was selected last night by the Canadian Clubs in convention here, as being their meeting place for next year.

K. K. K. AN "ANARCHISTIC FORCE."

HENRIETTA, Okla., Sept. 18.—The K. K. K. constitutes an "anarchistic force" in Oklahoma and must be driven from the State, Governor Walton told an audience of about 1,000 persons, many of them delegates to the state labor convention here yesterday.

house was confirmed. Some necessary alterations in the Bury Intermediate School were ordered to be carried out. Several small friends were passed for payment.

It is with regret that friends learn of the death of Mrs. Ellen Wright, one of Bury's oldest inhabitants. Mrs. Wright has been in failing health for some time past and passed away on Friday evening last.

On Thursday of last week the Bury Ladies' Aid lost one of its valued members when Mr. and Mrs. Merton Haseltine left Bury for a new home in the south. On the previous Tuesday at a special meeting of the Aid, called for the purpose, a purse was presented to Mrs. Haseltine as a little remembrance and a token of their love and esteem from the members of the Aid. The meeting was held at the home of Mrs. W. Rogers and the presentation was made by Mrs. Abel Whitehead who voiced the good wishes and kindly feelings and also the regrets of the Aid. Mrs. Haseltine, taken wholly by surprise, was much touched by the expression of such good will towards her and thanked the members in a few words of deepest feeling.
