Bangladesh president killed

NEW DELHI, India (AP) — President Mujibur Rahman of Bangladesh, hero of his country's struggle for independence from Pakistan 3½ years ago, was killed early today in a military coup. Radio Bangladesh announced.

The radio said Sheikh Mujib had been replaced by a former close associate, Khondakar Mushtaque Ahmed, and that a 24-hour curfew had been imposed. An army officer identified as Major Dalim called in the

broadcast for all citizens to "remain calm and stay at home."

Diplomatic reports reaching New Delhi said that Prime Minister Mansoor Ali and two of Sheikh Mujib's nephews also had been killed in the coup.

The reports said the coup leaders had renamed the country the "Islamic Republic of Bangladesh" instead of the "People's Republic of Bangladesh," indicating the new government planned to stress

Islamic policies rather than Sheikh Mujib's socialist line. About 90 per cent of Bangladesh's estimated 77 million people are Moslems.

The coup followed growing dissatisfaction with Sheikh Mujib's failure to come up with solutions to the country's staggering economic problems.

LASTED TWO HOURS

The diplomatic reports said the coup was staged at 5:15 a.m. (7:15 p.m. Thursday EDT) and there had been sporadic fighting in the

early stages around Dacca, the capital. However, two hours later everything was generally quiet, the reports said.

These reports were backed up by the United News of India news agency, which reported from Dacca that everything was calm in the capital and there was no indication of any opposition to the new rulers. Tanks patrolled the main streets of the city and guarded roads leading to Sheikh Mujib's residence, the agency said.

Funds given industrial park

SHERBROOKE (RM) — The city yesterday received the final million of a three million dollar grant from the provincial government for the Industrial Park.

The sum, part of \$16.4 million of government funds destined for use on the Park, was announced at a news conference jointly by Mayor Jacques O'Bready, MNAs Jean-Paul Pepin and Gerard Deziel, and Provincial Regional Development

Commissioner Herb Derick.

The grants are to be used for various public works for the Industrial Park, which in the few years it has been open has attracted about 22 industries. The latest, a branch plant of a company involved in the pulp and paper business, was announced last week.

Of the \$16.4 million slated for the Industrial Park, the three million now turned

over came exclusively from the provincial government. The remaining \$13.4 million will come jointly from the Federal and Provincial governments.

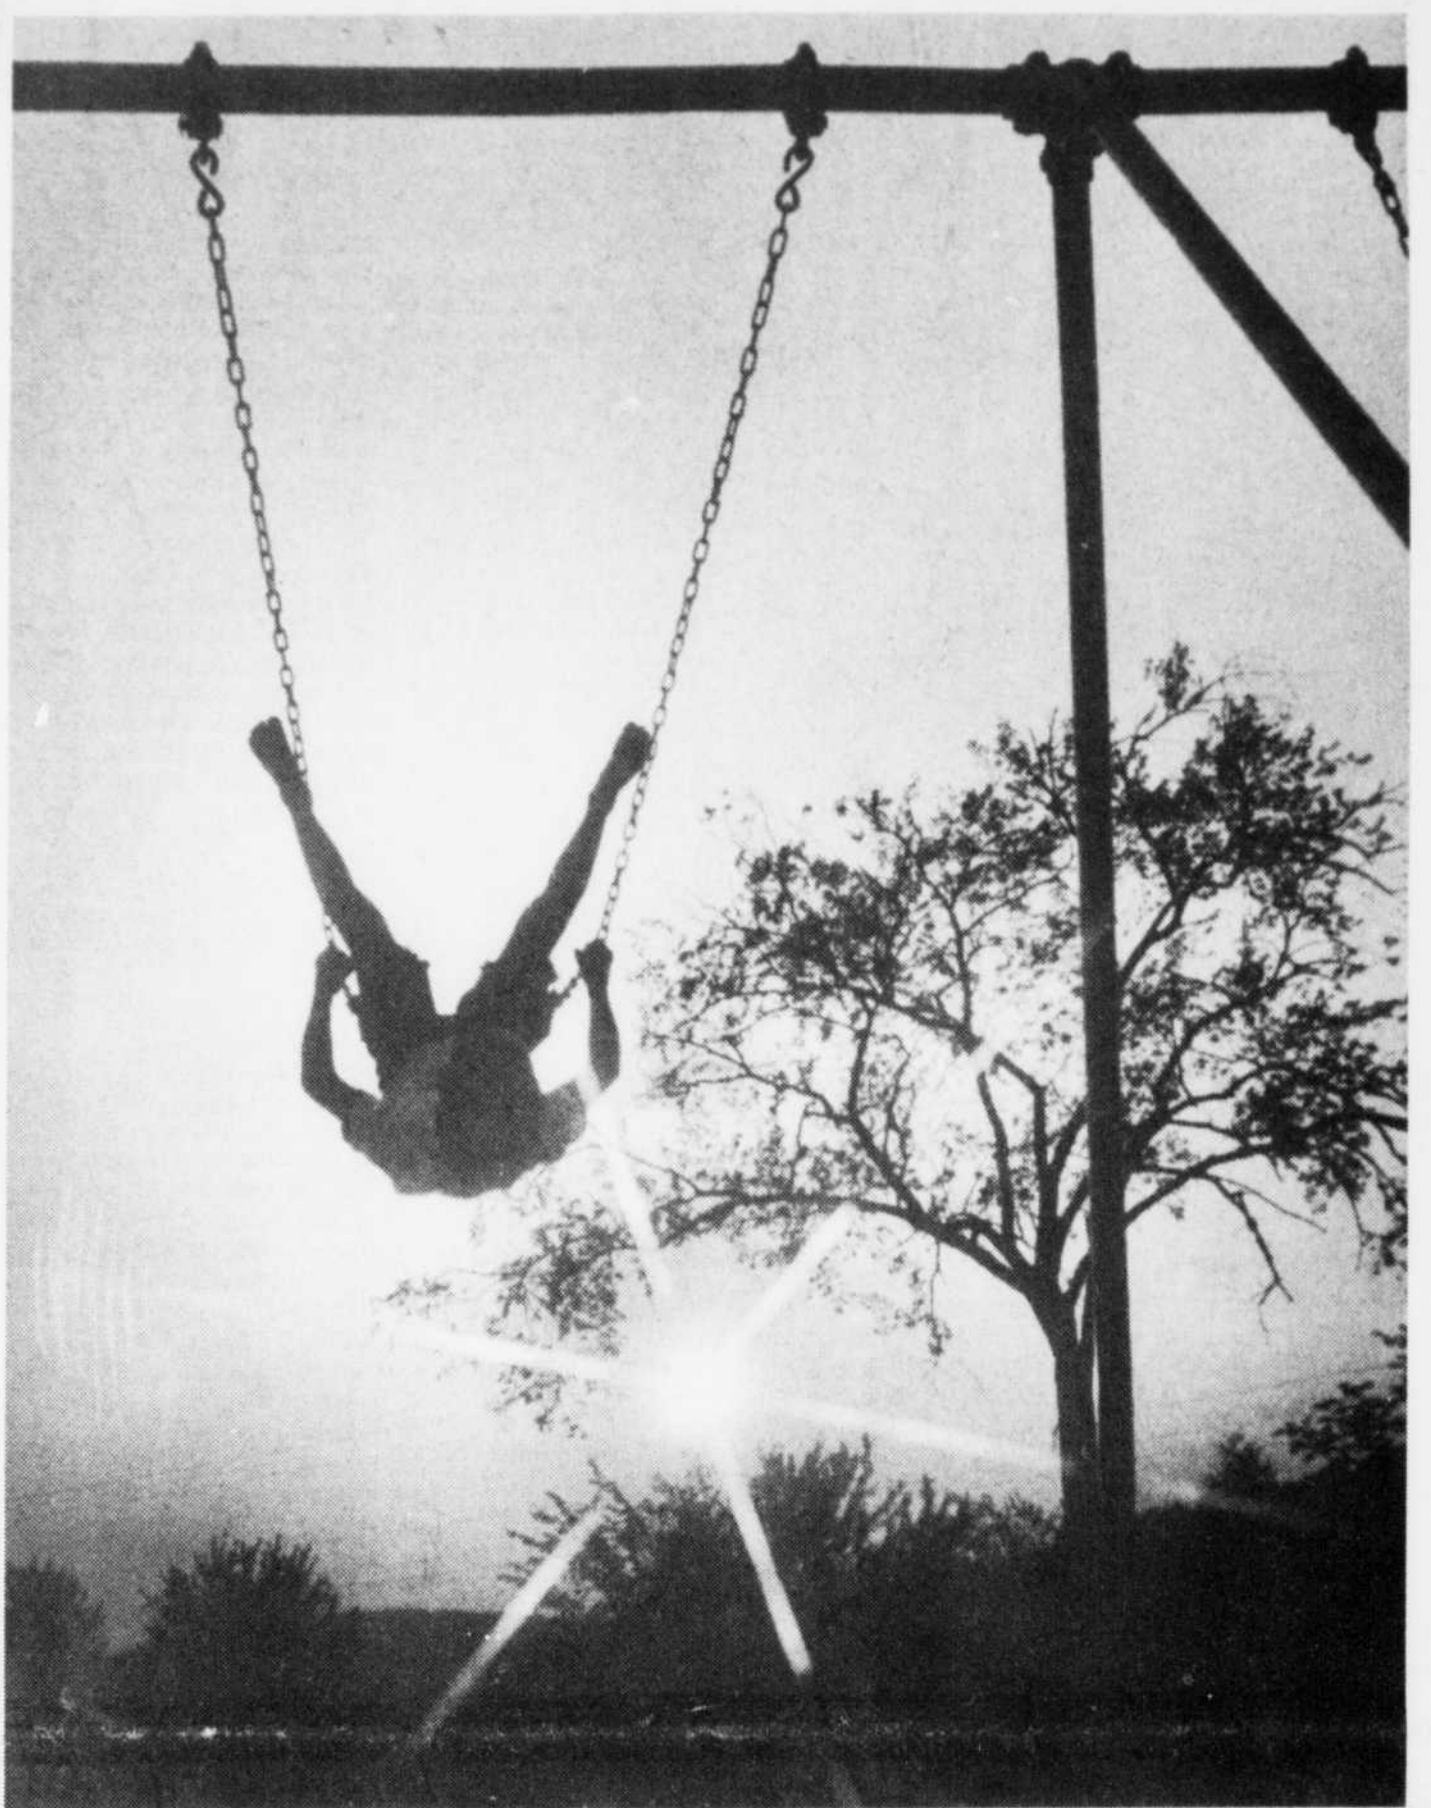

The dignitaries at yesterday's announcement expected further progress with the Industrial Park, even with competition from Granby and its successful industrial area.

Mr. Derick noted tran-

sportation and quality and availability of manpower as assets in Sherbrooke's bid for new industries.

It was also noted the park and its resident industries affect not just the economy of Sherbrooke, but also that of the surrounding communities.

"Our industrial park, with its regional aspect, is extremely important," MNA Deziel said.

BC plans hydro

VANCOUVER (CP) — A \$5.3 billion plan to meet the province's future power generating and transmission needs has been approved by directors of British Columbia Hydro and Power Authority for the current year and accepted in principle for the next 15 years.

Hydro officials said Thursday that the total cost of the plan, based on an in-depth study of the province's power needs commissioned in 1974, was calculated at present rates and could increase to \$10.5 billion by 1991.

Files libel suit

MONTREAL (CP) — Gerald Snyder, vice-president for revenue with the Montreal Olympic organizing committee, filed suit Thursday in Quebec Superior Court against Gazette reporter Steven Kowch for alleged libel in oral statements.

Mr. Snyder's suit said the alleged libel occurred in an interview on CBC radio March 13 concerning testimony before a Quebec Police Commission inquiry March 12.

Reports about the testimony before the inquiry that day also formed the basis of suits filed May 26 by Mr. Snyder against The Gazette, The Star, Montreal-Matin, The Canadian Press and its radio-news subsidiary, Broadcast News.

Harbors report loss

OTTAWA (CP) — A \$14.35-million loss for 1974 was reported Thursday by the National Harbors Board, an increase of \$1.67 million from the 1973 deficit of \$12.68 million.

The bulk of the 1974 deficit came from port operations—\$12.1 million, including \$9.5 million in steadily-mounting interest on federal loans. The balance, \$2.2 million, came from bridge operations.

Total income for the year was \$51.6 million, up from the comparable 1973 figure of \$47.1 million, but this was eroded by high operating expenses, depreciation and the interest.

Hearst mother to be in court

SAN FRANCISCO (AP) — The mother of fugitive newspaper heiress Patricia Hearst said Thursday she has been subpoenaed to appear before a federal grand jury which is investigating reports that her daughter may have used a Pennsylvania farmhouse for a hideout.

Catherine Hearst, who was handed the subpoena Wednesday, said she will appear as directed before the grand jury in Harrisburg, Pa., next Tuesday. But she added in a brief statement, "I don't know why I'm going."

Word that Mrs. Hearst had been summoned before the grand jury came on a day of cross-country verbal exchanges among figures in the complicated Hearst mystery, including an FBI informer who said his brother and parents had aided Miss Hearst.

Walter Scott had told reporters in an FBI-arranged interview Wednesday that his brother Jack

had sought to arrange delivery of Miss Hearst in return for \$100,000. That and other claims brought responses from the father of Patricia Hearst and Scott's own father as well.

Randolph Hearst, president of the San Francisco Examiner, said in response to a question that he was not involved in the reported offer to deliver his daughter to authorities for \$100,000.

HAD NO NEGOTIATIONS

"I've had no negotiations in relation to money at any time or place," Hearst said.

"Mrs. Hearst and I do not know where Patty is, have never known, and have never contributed one dime to her support since the kidnapping. There is a grand jury investigation on and I do not feel we can make any additional comment at this time."

Walter, meanwhile, was described by his father as a psychopathic liar and alcoholic.

Bourassa seeks end to strike

MONTREAL (CP) — Premier Robert Bourassa has taken a personal hand in the latest attempt to settle one of Quebec's most bitter labor conflicts—the strike at Pratt and Whitney Aircraft of Canada Ltd., now in its 20th month.

The premier, picking up where former labor minister Jean Coutu left off, is meeting this week with both union and company officials to find common ground for an orderly return to work by the almost 800 strikers.

The contentious return-to-work question remains the last to be settled in the violence-plagued strike. However, the company and union remain poles apart on the issue.

The 782 strikers are the last of a contingent of 2,600 workers who originally walked off the job Jan. 7, 1974, in support of wage increases and a mandatory checkoff of union dues.

As their numbers gradually dwindled with time, their strike became a rallying point for the province's militant trade union movement, which called for nationalization of the American-owned firm manufacturing airplane engines and components.

WOULD TAKE BACK SOME

In its latest offer to the strikers, members of the United Auto Workers, the company said it would take back 504 of the workers

following the signing of a contract and the rest would be taken back within a year. The union wants an immediate rehiring of all strikers wishing to return to work.

Meanwhile, Pratt and Whitney, formerly known as United Aircraft of Canada, has been operating its four plants near Montreal with non-union workers—a situation which has caused several violent incidents.

Support for French-Canadian minorities outside the province.

"It is an undeniable fact that without Quebec, no French culture is possible in Canada," he said.

A strong Quebec was essential to the survival and spread of French culture in the country and, to be strong, Quebec required "cultural sovereignty."

"The ultimate responsibility for the development of French language and culture in Quebec is one which Quebec cannot cede to others."

QUEBEC DECIDES
 The "vital minimum" required immediately is for Quebec to have the final say on language, immigration and communications policies affecting the province.

YORKTOWN HEIGHTS, N.Y. (AP) — Multi-millionaire Edgar Bronfman says he has complied with all demands of his son's kidnappers and is begging for a sign that Samuel Bronfman II is alive and well.

Saying his 21-year-old son's abductors "have failed to follow through," Bronfman noted that "time is going by" and pleaded with the kidnappers to renew contact through an agreed-upon secret telephone number.

The concern with fleeting time referred to a warning from the kidnappers that a record \$4.5-million ransom would have to be paid within 10 days for Samuel's safe return. They said the victim was buried somewhere in Westchester County with only 10 days' supply of water and air.

The kidnappers failed to say when the 10 days began,

but officials have assumed they meant 10 days from the day of the warning—Monday.

Neither the family nor the FBI would say whether Bronfman, chairman of the Seagram's Co. Ltd. of Montreal, world's largest distillers, had delivered the \$4.5 million to the kidnappers. It was confirmed that a tape recording of Samuel's voice and instructions from the abductors was received.

FRIEND MET REPORTERS

Jonathan Rinehart, a public relations consultant and Bronfman family friend, broke a 2½-day family and official silence when he met reporters Thursday on the landscaped grounds of the 150-acre family estate here and read a handwritten statement. The statement said in part:

"We want to assure (the

kidnappers) we intend to comply with instructions and we have done so. However, the abductors so far have failed to follow through. We ask them now to renew their contacts by calling us at the number they originally indicated."

Rinehart appeared tired and tense as he read the statement inside the gate to the estate where Bronfman last saw his son shortly before midnight last Friday.

Rinehart refused to answer questions or say anything beyond the text of the statement.

The quickened pace of developments Wednesday night and increased traffic of helicopters and carloads of FBI agents in and out of the estate had raised hopes that the kidnap drama was nearing a climax, but Bronfman's statement dashed that optimism.

Early today, the sixth day of Samuel's disappearance, there was no report from the family, the FBI or other sources that contact had been renewed with the abductors.

Samuel Bronfman, a June graduate of Williams College, was seized as he drove to his mother's house late Friday in nearby Purchase, N.Y., following a late dinner with his father here.

At 1:45 a.m. Saturday, he telephoned Bronfman to say three men had kidnapped him. His car was found in his mother's garage, the key in the ignition.

Samuel's mother, the former Ann Margaret Loeb, is daughter of a partner of one of the world's largest stock brokerages. She and Bronfman were divorced in 1973 after 20 years of marriage.

Supports bilingual nature of Canada

Support for French-Canadian minorities of other provinces would come from the simple existence of a strong Quebec and, more directly, through inter-provincial and federal-provincial aid projects, Mr. Lalonde said.

"You must approach your governments and submit your needs and projects to them," he told the delegates.

"In that way, those of your requests which require the intervention of Quebec, whether through technical assistance, human resources, or exchanges of ideas, persons or cultural property, will follow the channel of inter-governmental co-operation, and we will be acting with absolute respect for the jurisdictions and policies of the interested parties."

Besides being solicitor-general, Mr. Lalonde is also responsible for Quebec's French Language Board whose task is to promote French as the working language in the province's business, industry and public administration.

ENDS TODAY

Delegates from across the country are taking part in the four-day convention, officially called the Biennale de la francophonie canadienne, which ends today.

It was organized by the Association canadienne d'éducation de langue française which hopes to stage a similar event every two years.

In 50 workshops and as many briefs, organizations of a religious, educational, cultural and trade-unions

nature have dwelled mostly on three basic problems: —The difficulties of developing basic cultural tools, such as French-language education and communications in an overwhelmingly English-speaking environment.

—The everlasting fear of assimilation into the English-speaking mainstream.

A synthesis of the briefs and workshop discussions is to be presented to the convention today by associate secretaries Jean-Noël Tremblay, a former minister of cultural affairs in Quebec now studying for the priesthood and teaching at Laval University in Quebec City, and Gerard Raymond, an official of the Ontario department of education.

Canadians buying more U.S. stocks

NEW YORK (CP) — Canadian investors, in common with those of other foreign countries, have sharply increased their purchases of stock in American corporations.

The New York Stock Exchange reports that during the first three months of this year Canadians increased their holdings of American stocks by \$53 million. Total purchases were \$380 million and sales \$327 million.

In the last quarter of 1974, Canadian net holdings went up only \$16 million on purchases of \$219 million and sales of \$203 million.

Purchases of all foreign countries, including Canada, during the first quarter totalled \$3.26 billion and sales \$2.29 billion, producing a net acquisition of \$970 million worth of U.S. cor-

porate stock. This compared with net dispositions of \$13 million worth of American shares in the last quarter of 1974.

The exchange reported that Europeans were among the major buyers of U.S. stock, with their net acquisitions totalling \$591 million in the first quarter of 1975 compared with net sales of \$184 million in the previous quarter. Britain, Switzerland, France, The Netherlands and Germany were the big purchasers.

PURCHASES RISE

Persian Gulf oil countries showed increased interest in American stocks and their net purchases climbed to \$326 million from \$191 million in the last quarter of 1974.

Canadians also were active in American corporate

bonds, buying \$111 million worth and selling \$76 million for a net gain of \$35 million in the first quarter. Canadian net acquisitions of American bonds rose \$22 million in the previous three months.

Total foreign purchases of U.S. corporate bonds dropped \$29 million the first quarter.

The exchange also reported renewed interest by American investors in Canadian stocks. In the first three months of this year, they were net purchasers of \$48 million worth, buying \$124 million and selling \$76 million. From 1972 to 1974, American investors sold \$324 million of Canadian stocks.

Americans were net purchasers of \$40 million of shares in Japanese companies in the first quarter. This compared with their sales of more than \$500 million of Japanese shares in the whole of 1974.

Package change planned

OTTAWA (CP) — The federal government will amend the food and drug act this fall to force manufacturers to change their method of processing plastic food containers, which often contain vinyl chloride, a chemical linked with fatal liver cancer.

Dr. W. P. McKinley of the health protection branch said new regulations for the chemical will be recommended as a "precautionary measure". Exposure to vinyl chloride has been linked in the U.S. to 16 deaths from a rare type of liver cancer.

The Ontario government issued guides for the petrochemical industry last year to protect workers exposed to vinyl chloride gas used to make polyvinyl plastic.

Dr. McKinley said traces of vinyl chloride have been found by his department in food packaged in polyvinyl but there is not enough information to set a maximum safe level for the chemical.

He said directives were sent last May to industries using vinyl chloride and estimated it would take them about six months to comply with the changes, which means installation of new equipment and a change in the process of converting vinyl chloride into plastic.

The ban will apply to imported as well as

domestically produced plastic containers.

Dr. McKinley said not all plastics are made from the same chemical mix and it takes chemical analysis to find out which contain vinyl chloride.

Alcoholic beverages, vinegar, vegetable oil, apple cider and a range of acidic foods are most prone to absorbing the chemical.

PESO REPLACES ESCUDO

SANTIAGO (Reuter) — A new currency, the peso, will replace the escudo in Chile starting Sept. 29. It will be worth 1,000 escudos, or about 17 cents. The government said the new unit will lower accounting and banking costs and simplify commercial transactions.

Toronto

TORONTO (CP) — Western oils recorded their fourth consecutive advance Thursday amid mixed price trends on the Toronto stock market. Trading remained light.

The western oil index gained 1.48 to 189.17 and the widely-based industrial index .06 to 186.12. Golds fell 8.15 to 357.81 and base metals .26 to 77.45.

Volume was 1.02 millions shares, up slightly from 1.01 million Wednesday, the lowest of the year. Value of \$8.72 million was the lowest since Jan. 3 and down from \$9.83 million Wednesday.

Analysts say a sharp decline in institutional activity has contributed to the market's recent weakness. They say favorable economic indications are needed to encourage more aggressive buying.

New York

NEW YORK (AP) — Stocks trickled downward Thursday in another sluggish session dominated by concern over inflation and rising interest rates.

The Dow Jones average of 30 industrials lost 3.52 to 817.04 after floating in a narrow range all day.

Standard and Poor's 500-stock index was off .37 at 85.60, and the New York Stock Exchange composite index dropped .24 to 45.64.

Petrofina earnings are up \$1.7 million

MONTREAL (CP) — Petrofina Canada Ltd. announced Wednesday net earnings for the six months ended June 30 were \$15,510,000 or \$1.55 a share compared with \$13,820,000 or \$1.39 a share for the corresponding period last year.

"As a result of the new federal budget, concessions made by the province of Alberta and an increase in the price of crude oil, natural gas liquids and natural gas, additional revenue is anticipated during the latter part of the year," said a company statement.

"Despite these changes, the company and the industry in general is still subject to discriminatory federal taxation and pricing controls in Ontario, Nova Scotia and British Columbia which limit the flow of cash required to explore for and develop the hydrocarbon reserves required by Canada in the future."

During the first half of 1975, Petrofina's production of crude oil and natural gas liquids fell to 3,740,000 barrels from 5,157,000 barrels during the first six months of 1974.

This decline "is a direct result of federal government policy to cut back Canadian exports of liquids to the United States," said the company statement.

Media topic of public seminars

The National Film Board and Bishop's University Extension Division invite interested people of all ages to participate in a series of free public events.

These are being offered along with a three-week seminar which is being held at Strathcona House, Bishop's University, August 11 to 28th. The seminar itself is an intensive study experience for a small group of students from as far afield as Vancouver. Themes and topics include the study of media and social change, propaganda, the press, film and film-makers, as well as a consideration of traditional media such as pottery and weaving. Participants are encouraged by the unique setting of the University and the resources provided by the NFB, to choose and follow their own interests.

The public is invited to join in the events listed below. There is no charge.

August 15, Friday, 3 p.m.: Geodesics: a thirty-foot dome will be built and will be followed by a discussion of these structures led by Steve Ocrimowich.

August 17, Sunday, 2 p.m.: Meet the Film-maker. The film, "The Adventures of Prince Achmet" will be screened and will be followed by a meeting and discussion with Mme. Lotte Reiniger who directed it.

Mme Reiniger made this, the world's first animated feature film, during the years 1923-26. As a pioneer of cinema, she is a guest of the National Film Board, where she is completing a short film, "Aucassin et Nicolette."

August 18, Monday, 8 p.m.: An Evening of Animated Films — selections from some of National Film Board's work in recent years.

August 19, Tuesday, 9:30 a.m.: Propaganda: a demonstration-discussion by Dennis Murphy of the Communication Arts Department, Loyola Campus, Concordia University, Montreal.

August 21, Thursday, 9:30 a.m.: Meet the Film-maker — Ian MacLaren, producer, National Film Board, will be present with two of his films.

August 24, Sunday, 2 p.m.: A Selection of French Films from the National Film Board — Bruce Murchison, assistant editor, NFB French Production, will introduce several films in a program specially designed for English-speaking people but also of interest to Francophones.

Enquiries may be directed to Gordon Martin, Patricia Martin, Dennis Murphy or Barbara Murphy, at Strathcona House (569-0176).

Folk concert on

BOUNDARY (IH) — Tonight, the final concert in the series of four summer concerts in the Haskell Opera House will be held at 8 p.m.

The artists this week will be Eric and Martha Nagler who will present folk music with selections drawn from the Beers family tradition, from songs written by the family and others. They will be playing such instruments as the fiddle, banjo, guitar and dulcimer.

Penning's All Star band will be presenting selections featuring Bill Spence, who has been involved in folk music the past 15 years. He will play his banjo and guitar to accompany his tenor voice. Toby Fink will be at the piano keys to bring a classical background to accompany the band. She is a former member of the Join Hands Performers Co-Op

where she became interested in traditional music, especially the music of Walt Michael.

George Wilson will bow his fiddle to present his skill in the old time country songs. On his banjo he will play some of the Uncle Dave Macon style.

There will likely be a few seats available to other than season ticket holders that will be on sale at the ticket office at the Opera House.

As announced at the August 1 concert by Richard Wright, there will be a vote taken this evening for trustees to replace the expiring terms of Corinne Begin, Mrs. Yvette Veburst and Mrs. Patricia Wright, all of Derby Line, Mrs. Yolande Haselton, of Beebe, and Mrs. Simone Du Bois, of Stanstead. Season ticket holders are eligible to cast their vote.

Pair denied bail

SWEETSBURG WARD (JM) — Legal aid lawyer Gilles Poussard told Judge Bernard Legare he had only received his mandate to appear for Alain Picard and Albert Langlois Wednesday when they appeared at a bail hearing here yesterday.

"We have no counter proof to offer," Poussard said.

Judge Legare had ordered the two Sherbrooke men held in preventative detention following their arraignment in the Brome-Missisquoi-Perkins Hospital here Monday when they pleaded not guilty on charges of armed robbery of \$25,000 in gems, watches and cash and to wearing disguises in their attempted robbery from Lionel Belanger's Jewelry, 149 Main St., Cowansville, on August 9.

Langlois, 33, and Picard, 27, appeared in wheelchairs. Both men had been shot by their would-be victim shortly before their arrest at the store last Saturday morning.

Judge Legare told Mr. Poussard: "Their long criminal records and the threat they proffered to the owner of the store in hospital following their arrest leads me to believe they are a danger to society and would not appear for trial if they were released. I feel it is in the best public interest they be detained under guard until their preliminary hearing."

Preliminary hearing was then fixed to August 21.

More dough needed for rising bread

SHERBROOKE (RH) — To quote a phrase, Sherbrooke residents might have to eat cake, following an increase in the cost of bread expected next week or the week after.

The price increase, apparently brought about by higher flour prices, will find its way to Eastern Townships grocery shelves by September 1 at the latest, according to a spokesman from Beaulieu's Grocery Store in Lennoxville.

"We expect an increase of one or two cents per loaf," he said.

A spokesman for Laroche Bakery Outlet in Sherbrooke, refused to comment on the expected price increase, stating only that "it hasn't been figured out exactly yet."

Large bakery chains in Montreal like Weston's Ltd. have already increased the cost of their products, so food stores carrying their goods will probably be the first to change the cost of these products.

Locally baked goods, however, will not change in price, according to a Steinberg spokesman.

Police introduce ID system to fight rate of burglaries

SHERBROOKE (RM) — Quebec Police are instituting an identification system for personal valuables that may result in a sharp decline of the burglary rate.

Called "Operation Volcan," the method involves the engraving of the owner's driving licence number on his valuable personal possessions, thus allowing police to locate the object's owner if lost or stolen.

The number is engraved with an electric etching pen, which can be used on wood, plastic and metal surfaces. Once applied, the number cannot be removed.

An owner's licence number, which is issued for

life, can be engraved on practically any object, including televisions, furniture, stereo equipment and outboard motors.

If any engraved object is stolen and later found, police can in 30 seconds retrieve the owner's name and address from the Minister of Transport using the driver's licence number.

The engraved operation is handled by the police, who also provide decals for use at homes and cottages, reading "Operation Volcan — The objects of value in this property carry an engraved code permitting police to identify them — Quebec Police Force."

The engraving of valuable items has brought drastic reductions of the theft rate wherever it has been implemented.

In Ste. Julie, near Montreal, burglaries declined by 75 per cent since Operation Volcan was put into effect in March of last year.

In the United States, the same results have been seen in 150 communities where the identification system has been put to work.

For example, in Monterey

Park, California, since the program began, there has been only 25 burglaries at the 5000 homes that joined the program. Meanwhile, there were 1000 break-ins at 6000 non-participating residences during the same period.

Further information on Operation Volcan is available from both Quebec Police and local police forces. The QPF is also demonstrating the method at Expo Sherbrooke.

Friends of this place were sorry to learn that Mr. Mackey Chamberlin had the misfortune to break his ankle and is being confined to his home for a while before returning to the hospital for further treatments.

Mr. and Mrs. Arnold Warner, Brenda and Bill Phaneuf, of Apple Grove and Mrs. Pearl Webster of Fitch Bay were guests at the home of Mr. and Mrs. Clarence Markwell and family on Saturday evening to celebrate little Angela's first birthday.

Town councils meet

EASTERN TOWNSHIPS (RM) — East Angus town council has accepted a rent schedule of the municipal arena for the 1975-76 season.

Council also gave the Recreation Director and the Recreation Committee authorization to make any corrections to the schedule as required during the season.

While councillors Roger Couture, Arthur Bibeau and Marcel Bisson approved the motions, Mayor Alphonse Godbout expressed dissent with the idea.

He said that rather than a fixed, hourly price for use of the arena, a system considering the number of participants as well as the number of hours should be studied.

East Angus council also

lent support for the creation of a new baseball field, to be located at the Louis St. Laurent school in the town.

Children's recreation equipment costing \$2,600 will be purchased for the South Shore park.

A working program for the Eastern Townships Regional Development Committee on the holding of hearings throughout administrative region five was unanimously approved by council, which intends to prepare a paper for the hearings.

Property owners affected by zoning by-law 280 will vote August 27 between seven and eight in the evening on by-law revisions. Council accepted the resignation of Denis Martin as director of recreational services for the town. Advertisements for a successor to his post will be placed in area newspapers.

Asbestos town council was told at a recent regular meeting that the town received \$388,152 through the municipal sales tax this fiscal year, an increase of over 18 per cent from the 1973-74 revenues. Sixteen per cent of Asbestos' tax revenue during 1974-75 came from the sales tax.

Town engineers Lemieux, Royer, Donaldson, Fields and Associates were authorized to seek bids for work on First Avenue and Olivier Boulevard, included

in the fourth phase of the town's global work program.

Asbestos will begin negotiations with Hydro-Quebec for the right to provide electrical services to the Beausite section of the town.

A construction permit valued at \$8,000 was approved for Normand Picard. The permit is for renovations of the St. Luc garage.

A meeting between hotel and motel owners, private clubs and the town council will be held in the future, for discussions of possible increases in the price of annual permits.

Dreaming of Detente

In the 1960s, when the New Left was terrorizing Germany — with murders, arson, demonstrations and the take-over of the Free Berlin University — the question was asked whether this was an indigenous movement or one financed from abroad. The suspicions of foreign gold feeding the upsurge were dismissed as ravings of cold-warriors and neo-Nazis. Now, however, as the trial of the Baader-Meinhof gang, which was largely responsible for the excesses, is getting under way, Ulrike Meinhof's ex-husband, Klaus Rainer Rohl, has made a startling confession: He and Ulrike were secret members of the Communist party and were heavily financed by the Soviet Union through funds ingeniously channelled via Prague. Thus Soviet intelligence succeeded, at small cost to itself but a grievous cost in German lives, to destabilize a major NATO ally.

It is useful to bear this in mind in the week of Helsinki, and also in view of the tedious repetition of history now taking place in Portugal. It is equally useful to ponder the revelations about Soviet long-term plans as published by Lord Chalfont in The Times of London. Lord Chalfont was a junior minister at the Foreign Office who, before joining Prime Minister Wilson's government, had been the youngest colonel in Britain's post-war army, and later the military correspondent of The Times. His articles are based on long discussions with the Czech defector, Major-General John Sejna, who had been closely involved in Warsaw Pact planning. It is a shattering experience to read the plans formulated in the late 1960s and see how in the past 15 years everything has gone as the Soviets intended.

Perhaps the most telling revelation in this respect was made by the United States Admiral Elmo Zumwalt, when he said last week that in 1973, as the Israelis were about to annihilate the crack Egyptian 3rd division, the Soviet Union warned the United States to stop Israel or she would enter the war. Since the United States Sixth Fleet was inferior to the Soviet forces, and since none of America's Mediterranean allies would allow their bases to be used for assistance to Israel, United States had to give in. Today the situation is much worse. The Soviet Union now has a powerful missile base in Somalia, the Soviet fleet can move easily through the Suez Canal, reopened with considerable technical and financial contribution from the West, the United States is losing her bases in Greece and Turkey, and the Sixth Fleet is still outnumbered and outgunned by the Soviet Mediterranean fleet.

Yet, as Lord Chalfont points out, Israel is the key to Western Middle East strategy, a strategy rapidly crumbling under the twin pressures from the oil producers and of wishful thinking about detente as a solution to all Western problems. In 1963 Marshal Grechko said that "within 15 years the Israelis will be happy if we just permit them to live." And, an interesting bit of intelligence jigsaw, in 1956, the German Communist Rohl, mentioned above, met at a Communist Youth Festival in Prague a "charming Arab" named Yassir Arafat.

Opinions from the French-language press

Trois-Rivières Le Nouvelliste: The unprofitability of public transportation in Quebec province has become an established fact.

The operating deficit of transport commissions in the province has continually increased over the course of the last years. From \$10 million in 1972, it increased to \$20 million in 1973 and to \$46 million last year.

The forecasts for this year are in the neighborhood of \$75 million. But why is public transport non-profitable?

In all, the transformation of the urban environment has not favored the profitability of public transport. To this must be added the salary increases caused by unionization.

Governments take a short-term view of planning, delaying the working out of real ur-

ban transport policies, as well as letting deteriorate the situation for private enterprise, which controlled this sector of activity until recently.

Today, the government prefers to speak of investment instead of deficit in the field of urban transport. Also, it asks municipalities to consider public transport as an essential service, like snow removal, police, and sewers.

In principle, the government is right to say public transport has become a municipal service. In practice, however, things are different. The municipalities have reached, in many cases, the bottom of the barrel.

The financial aid of the two levels of government—provincial and federal—should be more substantial. Reynald

Briere (Aug. 6)

Ottawa Le Droit: Each society possesses its 23-carat fools and ours is no exception. Did we not just hear the president of the Canadian Airline Pilots Association, Ken Maley, declare in Vancouver the federal bilingualism policy for Quebec airports was putting human lives in peril?

The poor man complains that bilingualism has been in effect since last year in five Quebec airports and—travelers tremble!—that a similar infamous policy will be without doubt applied at Mirabel International Airport, which will be the most important Canadian airport after its opening next year.

Finally, Mr. Maley said the introduction of a second language in civil aviation in Can-

ada constitutes a public danger.

There is no question as to what language the president of the Canadian Airline Pilots Association speaks: It seems it is English. But there is some question as to the competence of this man as an airline pilot and as president of such a respectable association.

It seems inconceivable for an airline pilot to have never gone beyond the American and Canadian borders. Otherwise, Mr. Maley would have heard, without doubt, other languages coming from control towers... elsewhere in the world.

We recognize the English language could, until these last years, be the pre-

dominant language of international civil aviation, but not the ONLY language. What language does the control tower speak at the airport in Moscow? In Lima? and in

Marseille? For an airline pilot to speak just one language is his business. But, this reduces his competence to fly under all the world's skies.

If it must be deduced all airline pilots in Canada are unilingual, is it prudent to take a Canadian plane to countries where the language of welcome is not English?

It is necessary for the two large Canadian airlines to tell us whether their pilots are all unilingual like Mr. Maley, so we can know which airline we can use with safety.

For, contrary to the words of this man, the safety of passengers is assured in direct proportion to knowledge not just of a technical nature, but also linguistic. Jean-C. Levesque (Aug. 7)

Quebec Le Soleil: It would be exaggerated to say the Helsinki summit conference on security and co-operation in Europe opens a new era in East-West relations.

The signing of the agreement, which followed the conference, confirms what was already reality: the reciprocal influences of the two blocs since the Second World War.

The respective positions were the direct result of the power relationship between the two blocs and not from moral and humanitarian considerations. But international politics is rarely anything else. It is afterwards that a moral and humanitarian value is given to what was put in place by force.

The Helsinki conference remains nonetheless significant in that it officially bears witness to the end of the Cold War climate and sets up a code of conduct accepted by rival countries of the two camps.

The 10 principles adopted in Helsinki have always explicitly and implicitly been at the foundation of peaceful international relations.

The respect for the sovereignty of nations, the respect for borders, the peaceful settling of differences, the non-intervention in the internal affairs of nations, the respect of basic liberties were key parts of treaties aimed at developing a system of peaceful co-existence among nations.

Europe, home of the last world wars, has notably tried the experiment several times over more than a century. The most beautiful statements of intent do not last long in the face of a nation determined to use force.

It is paradoxical to see Mr. Brezhnev sign a document in the name of the Soviet Union, when the same leader gave his support to a policy applied by the Soviet Union in Central

Europe by which the Communist countries in this area have only limited sovereignty, being part of the Soviet camp.

The logical conclusion of the Helsinki agreements should be mutual military disengagement in Europe. Security cannot be established in Europe merely through the principles ratified in Finland's capital. Is the Soviet Union ready to pull back its divisions in Eastern Europe?

The treaties signed in the past have shown the worth of beautiful principles of this sort. It is known conflicts are a current thing between nations, as they are between individuals.

As they cannot be eliminated, the means for their peaceful settlement are looked for. Codes of good international conduct, of the Helsinki type, are not useless. But they are in the end inefficient as long as the authority that makes the law does not have the force to apply it.

This means a world government possessing the monopoly over violence. This is evidently not for tomorrow. Gilles Boyer (Aug. 5)

Montreal La Presse: If so many articles have not as yet reminded us, the presence of so many personalities in Montreal, who were made famous by the Watergate inquiry, should remind us that one year ago king Nixon turned his sceptre over the Gerald Ford.

These personalities were in Montreal for the American Bar Association annual meeting.

Under the guidance of Mr. Ford, the United States survived all the same.

After the retirement of Mr. Nixon, under the circumstances, nobody was expecting an increase in the prestige of the United States in the world. The Soviet Union would not hesitate to profit by the temporary slip of its rival. Many think the meeting in Helsinki was Mr. Brezhnev's celebration.

He is supposed to come to Washington in the fall, and Mr. Ford will be able to say... the signature of such historic documents constitutes an encouraging sign for the future.

Once again, Gerald Ford will appear as a peaceful American. This style will be his success.

With a personality which is more agreeable, more open than Mr. Nixon's, through which he carries out his policies nonetheless, Mr. Ford inspires confidence among his people.

Because of the feebleness of his Democrat adversaries, it is not impossible for the president to receive, in the 1976 elections, the popular mandate which he still lacks. Guy Cormier (Aug. 9)

"If he could just get rid of all those buildings and plant wheat."

The reluctant refugees

Jack Anderson's

Washington Merry-Go-Round

WASHINGTON — We have now confirmed the charges of several Vietnamese refugees that they were knocked out with drugs and shanghaied to Guam against their will.

In an earlier column, we quoted from a confidential cable giving the bizarre account of 13 refugees who wanted to return to their homeland. But they had been drugged in Thailand and dragged to Guam under duress, they swore.

They told how three American colonels had threatened them with imprisonment, even execution. Finally, the 13 protesters were led into a room and, they said, they awoke the next day, according to their account, lying in the red dust of Guam.

As improbable as it may seem, virtually every word of their tale is true. Pentagon officials claim, however, that the refugees were taken to Guam only as a last resort.

Here are the details. Among the plane-loads of refugees who were flown from Saigon to Utapao, Thailand, were 65 who wanted to go back home. It was impossible to fly them back, and Thai authorities refused to let them remain in the country.

The decision was made to haul the refugees to Guam, therefore, whether they liked it or not. All but 13 were persuaded to go voluntarily.

The 13 holdouts were taken aside and injected with sodium pentothal, which in large doses induces sleep, and thiorazine, a powerful antidepressant normally used to treat psychotics.

They were loaded aboard the Guam-bound plane in an "ambulatory" condition. An Air Force male nurse stayed with them throughout the trip.

Pentagon officials claimed that all but one of the reluctant refugees walked off

the plane under their own power. The lone resistor squatted down and refused to disembark. He was physically lifted off the plane and deposited on the ground by Air Force personnel.

Footnote: Defense Department spokesmen told us that sodium pentothal and thiorazine are normally administered to "air evacuation patients" who may be a threat to themselves or others.

Conflict of interest: Hard-working Chairman Ray Garrett of the Securities and Exchange Commission prides himself on how his agency has recovered from the bad old days when it was run by the Watergate crowd.

But we have now caught Garrett in an apparent conflict of interest, with Watergate overtones. He jumped into a \$35 million court case on the side of the giant First Boston investment firm. Yet he neglected to tell his fellow commissioners that he had once collected a huge law fee from First Boston.

The story is complex. It began in 1969 with an attempt by Chris-Craft to take over Piper Aircraft. This led to exhaustive litigation. The initial court decision showed that Chris-Craft had been the victim of SEC violations.

Chris-Craft filed a lawsuit against the alleged violators, among which was First Boston. The SEC entered the case "a friend of the court" on Chris-Craft's side. The record shows that Garrett at first supported the SEC position in favor of Chris-

Craft and against First Boston.

Four months ago, a federal appellate court finally awarded Chris-Craft \$25 million in damages and another \$10 million in interest. This was a blow to First Boston, which might get stuck with paying most of the \$35 million.

So First Boston sent its lawyers to Washington for a private conference with Garrett. He informed his fellow commissioners of the meeting, but he never mentioned that he had been paid a handsome fee by First Boston four years ago in a \$50 million utility company stock issue.

Garrett also failed to notify Chris-Craft that he had met with their adversaries in the case. Nor did he invite Chris-Craft to present its side of the case.

Instead, the SEC, with Garrett playing a leading role, backed down from its previous strong position and supported First Boston's petition for a rehearing. Garrett's new view was not accepted by the appellate court, but the court record is now headed for the Supreme Court, with no mention that the powerful SEC chairman might have a conflict of interest.

To Garrett's credit, he spoke to us frankly about his past association with First Boston. He said his lucrative work for First Boston in 1971 had completely slipped his mind. It was a one-shot thing, "a hello, good-bye situation," he said.

First Boston's president, Paul Miller, was also unaware of Garrett's previous role with his company. He was certain the company's lawyers also had no knowledge of it when they met with Garrett, Miller added.

A Chris-Craft spokesman said his firm had not been told of the ex parte meeting between Garrett and First Boston. He refused to comment on the case.

Record Yester Years
20 Years Ago

Threats that Hurricane Connie might drop in on the Eastern Townships after sweeping through Southern Ontario dissolved in an intermittent drizzle which hung over Sherbrooke during the weekend.

A report from the Experimental Farm in Lennoxville revealed that a bare half inch of rain fell over the Townships as compared to almost three inches in the hurricane area. The rainfall was welcomed by district farmers as the first substantial rain in over a month.

Grimly remembering the havoc wrought by Hurricane Hazel last year, southern Ontario felt it had escaped lightly from Connie which lashed the northern shores of Lake Ontario and Lake Erie with gales up to 45 miles an hour and driving rainfall.

It left a trail of smashed beach property, battered small boats, broken power lines and flooded basements.

It took two lives, both drownings. Hazel killed 82 in Ontario.

45 Years Ago

QUEBEC — With a record number of patrolmen and roadmen employed this year by the Road Department on construction, maintenance and general improvement work, Hon. J.E. Perrault, Minister of Roads, announced that wages had been increased effective from the first of August. "The work accomplished by the men engaged in road work throughout the province has been so satisfactory," stated the Minister, "that I am in a position to announce a general increase of fifty cents on all wages formerly paid. This has been possible through the economy realized by the complete co-operation obtained from our men, which has resulted in a considerable decrease in the cost of construction and maintenance."

The increase will mean an additional expense of nearly three quarters of a million, as there are now some twenty thousand men engaged in road work in this province.

MR. AND MRS. J. WINGEAT

The marriage of Marilyn Jean, daughter of Mr. and Mrs. Nelson Mastine of Richmond, Quebec, to John Carl, son of Mr. and Mrs. Wallace Wingeat of Vankleek Hill, Ontario, took place Saturday, July 12 at St. Paul's Sydenham Church, St. Felix-de-Kingsey, Que. Rev. L.G. Westman officiated at the ceremony.

Mr. Peter Cocks played the organ, and Mr. Kevin Danaher sang during the signing of the register. The small country church was decorated with an archway of white lurch and morning glories along with hanging baskets of lovely flowers.

The bride given in marriage by her father, looked lovely in a long white sheer gown over taffeta trimmed with lace and pale blue ribbon. She carried a bouquet of pink sweetheart roses, blue and white miniature carnations and baby's breath with pale blue satin streamers.

The maid of honor, Miss Cyndi Taylor, of Richmond, Que., wore a long pale pink gown of polyester crepe. She carried a bouquet of blue and white carnations and baby's breath with white satin streamers.

The bridesmaids were Miss Susan Mastine, sister of the bride who wore a long gown of blue polyester crepe with pink flowers, and Mrs. Debbie Raymond, friend of the bride and groom who wore a pink polyester crepe gown with blue flowers. They both carried identical

bouquets of pink carnations and daisies with baby's breath and pink satin streamers. The flower girl was Miss Candi Wingeat, niece of the groom, who wore a cute long gown of blue polyester. Candi carried a small white basket filled with pink carnations and baby's breath decorated with a pink satin bow. Master Larry Mastine, brother of the bride acted as ring bearer.

Mr. Richard Crook acted as best man and the ushers were Mr. James Mastine of Ramsey, Ont., brother of the bride, and Mr. Mac Wingeat of Brockville, Ont., brother of the groom.

Mrs. Mastine, mother of the bride, wore a floor-length pale green polyester knit gown with a matching jacket, white accessories and a corsage of pink sweetheart roses.

Mrs. Wingeat, mother of the groom, wore a long flowered gown of silk, white accessories and a corsage of white sweetheart roses.

The reception was held at the Legion Hall in Richmond. The bride's table was decorated with roses and centered with a three-tiered cake decorated with small pink roses. The cake was made by the bride's mother and decorated by the bride's aunt, Mrs. Joyce Mastine.

Dancing was enjoyed by everyone in the evening. Later the bride and groom left to spend their honeymoon touring Western Canada.

35th Anniversary

BEEBE — On Aug. 9, Mr. and Mrs. Thomas (Tom) Archer were invited by their son Bill to have supper out, but, to the surprise of Tom and Dot, about 30 close relatives and friends arrived at the Archer home with a complete meal to help Mr. and Mrs. T. Archer observe their 35th wedding anniversary, this being a complete surprise to the honored couple.

Mrs. Allan Archer

presented a floral corsage to Mrs. T. Archer and a boutonniere to Mr. Archer.

Following the bounteous meal, Mr. and Mrs. Archer were seated at a table, laden with many gifts, including money, which they proceeded to open.

The special cake, in heart shape, which centered the banquet table, was iced in white with coral flowers, made and decorated by Mrs. Horace Doyon.

Mr. and Mrs. Archer both expressed their thanks for the gifts and pleasant evening.

A card party was held outside due to the very warm weather, to close the evening activities.

As the guests departed for their homes, all wished Tom and Dot many more happy years together.

Guests attended from Magog, Griffin and Beebe.

Miscellaneous Shower

BEEBE — Miss Donna McCutcheon of Newport, Vt., was taken by complete surprise, when she entered the home of the aunt of the prospective groom, Mrs. Eugene Carbonneau to be greeted by 25 relatives and close friends and presented with a corsage of kitchen gadgets by Miss Jane Standish.

She was escorted to a chair, decorated in blue and white, with a wedding bell hanging above the chair. Room decorations were blue and white with arrangements of seasonal flowers.

Seated by a table, well-laden with prettily wrapped and ribboned packages which overflowed on the floor, the bride-elect was assisted in opening them by her mother, Mrs. Donald McCutcheon of Newport, Vt., and Mrs. Robert Stratton, Beebe, mother of the prospective groom.

When opened, the packages revealed many lovely and useful items for her new home, bed linens and electrical appliances being included among them. All were passed around to be admired.

The bride-to-be voiced her thanks to all for the lovely gifts and to the hostess for opening her home for the shower.

Games were played with Mrs. Lloyd Standish, Mrs. Janet Standish and Mrs. Nancy Turgeon being winners. Mrs. Turgeon also claimed the door prize.

Mrs. Carbonneau was assisted in serving buffet-style refreshments by Mrs. Margaret Dewey, Mrs. Lloyd Standish, Mrs. Janet Standish and Miss Jane Standish.

Centering the bride's table was the shower cake, made by Mrs. R. Stratton, mother of the future groom, and decorated by a neighbor, Mrs. Austin Young, the cake representing a bride, being topped with a doll, icing in blue on white to form the full skirt. The bride cut and served the cake.

Guests attended from Newport, Vt., Fairfax, and the border communities.

Miss McCutcheon will become the bride of Stanley Stratton on August 23, in Newport, Vt. They will take up residence on Junction Street in Beebe.

Ann Landers says:

**Happy
'victim'
dislikes
term**

Dear Ann Landers: Why is it that because a child has divorced parents he is referred to as a "victim" for the rest of his life?

I am one of those so-called victims and I don't feel victimized at all. I'm happy, and probably better-adjusted than most of my friends who have both parents.

Would it have been better if my parents had stayed together under false pretenses? Many of my friends' parents fight constantly, cheat on each other right out in the open and live phony lives to "protect the children."

Why not let them be happy "victims" instead of neurotic children who cringe at the sound of the yelling? If handled properly, a divorce need not be a trauma to children. It's over and done with quickly. Those daily hassles and "Daddy's three-week business trips" do a lot of damage and they last a long time in a child's mind.

I'm the victim of a plastic, narrow-minded society. My home was never broken. My life was never shattered. I don't hate men. I'm just more alert to the pitfalls and the seriousness of marriage. — **Better For It**

Dear Better: I believe it — especially after having seen some of those children whose parents stayed together "for their sake." Thanks for writing.

Dear Ann Landers: My husband and I are having a disagreement and we want you to settle it. We have two daughters, 13 and 14, and an 11-year-old son. I work evenings and Harry is supposed to watch the children. That's the problem. He watches them too well. Especially the girls.

When my daughters take their showers, Harry always finds some excuse to putter in the bathroom. The younger girl complained to me about this. When I mentioned it to Harry, he said the older girl didn't mind at all, in fact she seemed to enjoy it.

What do you think about this, Ann Landers? — **Mother Of Three**

Dear Mother: I think you'd better get a daytime job and stay home evenings. And if they're no lock on your

bathroom door, you'd better get one.

Dear Ann Landers: Five years ago my husband took an oath that he would quit smoking. I smell smoke on breath every night after supper when he returns from "a walk." There are always bits of tobacco in his pockets. I find butts floating in the john. Ashes appear on the rugs. When I hint that I smell smoke he says, "You're imagining things."

This man has actually bragged in my presence that he has "kicked and habit" and feels so much better. Then he has the nerve to say, "If I can quit, so can you!" He often turns to me and asks me to verify his statements. I feel like the south end of a horse going north.

All the while I've played along, thinking he would smoke less if he had to sneak, but it's beginning to get to me. What would YOU do, Ann? — **Pained In Painesville**

Dear P.: I'd do exactly what you've been doing — let the fool go on kidding himself. Unmasking him would serve no useful purpose.

Dear Ann Landers: I am very much in love with "Mr. D." and he's in love with me. But we have this problem. He has a wife and two children. "Mr. D." wants to marry me but he's afraid of what his parents will say.

Last week he lost his job. I make good money and have been helping him. You're so smart and can read between the lines. I'm mad about the guy. Please advise me before I wig out. — **Singing The Blues**

Dear Singing: You don't have one problem — you have six. His wife, his two children, his parents and an unemployed married lover. My advice is to cool it, and the sooner the better. It's going nowhere.

There is a big difference between cold and cool. Ann Landers shows you how to play it cool without freezing people out in her booklet, "Teen-Age Sex — Ten Ways to Cool It." Send 50 cents in coin and a long, self-addressed, stamped envelope to Ann Landers, P.O. Box 1400, Elgin, Ill. 60120.

Meeker's Hockey School draws 800

TOP OFFICIALS — Howie Meeker, centre, is seen with two of his top men who were on hand for the Meeker Hockey School which was held at Stanstead

College. On the left is Alan Greer of Montreal with Jerry Petrie, Meeker's agent. In the background is Roy Wells of Stanstead.

BOUNDARY (IH) — Eight hundred youngsters from across Canada, United States and other countries were on hand to attend the annual Howie Meeker Hockey School at Stanstead College Arena.

Meeker held four sessions of two-weeks each in order to accommodate the large number of youngsters who registered for the School, which is considered as one of the best in the country. During the courses the youngsters are kept at Stanstead College and have the use of the various sporting equipment as well as the pool.

Meeker was in charge during the first part of the course while Guy Lafleur, of the Montreal Canadiens, assumed charge for the final two weeks. He was assisted by staff members of Stanstead College.

Thomas Russell, headmaster at Stanstead College, and Mrs. Russell entertained at their home on Route 5, Stanstead, prior to the departure of Howie Meeker and his agent for Newfoundland.

This provided an opportunity for the local

people, and outside guests to meet Howie Meeker, who is also a member of the NHL TV hockey broadcasts during the winter months. Mr. Meeker stated that he would be back in 1976 to hold his sixth annual Meeker Hockey School at Stanstead College.

Card of Thanks

BROCK — A most sincere thank you to those who organized our farewell party at the Legion Hall, Richmond on Friday, June 27th, 1975. We shall remember and appreciate the good wishes of our relatives and friends for the rest of our lives. Sincerely,
BILL, JOAN
DEBBIE & BRIAN BROCK

DENISON — Friends and relatives, please accept my sincere thanks for the beautiful cards, flowers and visits while I was in the Sherbrooke Hospital. Rev. Walker and Rev. Glover's visits were much appreciated. A special thanks to Dr. Cooper, Dr. Ross and the 4th floor staff who were so very kind and thoughtful.

MARGE (Mrs. Gordon Denison)

LITTLE — I wish to thank all who sent flowers, cards and gifts and visited me while I was a patient in CHU. Special thanks to Dr. Heon and his assistants, nurses and staff of the 6th floor.

CHARLES LITTLE

MILES — We wish to thank all who were considerate and helpful to us in so many ways, during the last illness and laying to rest of our mother, Mrs. Joseph Miles. Cards, visits, calls and food all were appreciated. Thanks so much.
THE MILES FAMILY

Congratulations

SCOTSTOWN — Birthday congratulations to Mr. and Mrs. Payson A. Sawyerville, La Patrie post wins in WSBL quarter-finals

LENNOXVILLE (BP) — Quarter final activities got under way last night in Lennoxville Women's Softball League playoffs, with Sawyerville downing Rand 22-6, while La Patrie dumped Leroux Golden Eagle 16-2. The third scheduled game was between NBS St-Elie and Golden Lion, but no results were received.

An eight run explosion by Sawyerville off seven hits in the second inning paved the way to their victory. Huguette Huppe was the winning pitcher, while Marg Hall took the loss. Sawyerville accumulated 25 hits and one walk in their favor, while three batters struck out. Rand had nine hits and one walk.

Christine Bolduc again led her team in hits with a triple, two doubles and a single. Her sister, Chantal, had a triple and a double while France Vachon made a triple and three singles. Denise Villeneuve got a double and a single. Manon Dupere and Brenda Westman both had a double and a single each, with Debbie Morehouse hitting a double for Rand.

Marie-Paule Boutin pitched a four hit game to take the win for La Patrie. Danielle Longpre was the losing hurler. Boutin gave up 10 walks and struck out three, while Longpre allowed 15 hits, five walks and struck out one batter.

Miss Boutin hit a triple and a double to help her cause, with Suzanne Larkin and Marie-Therese Rancourt getting a double and two singles each. Jacynthe Gobeil and Nicole Laflamme each banged out a double and a single, while Louise Tardif had a double.

Next games in the playoffs will see Clark's Pharmacy visit Lemay Auto Electric in Fleurimont at 7:30 p.m. Monday in the opening game of their series. Tuesday evening has La Patrie and Golden Eagle playing their second match in the best of three series.

The following is the final standings in regular season play. Lemay Auto Electric and La Patrie ended up in a tie for second spot but a sudden-death encounter on Monday produced LAE as the holder of second place, with La Patrie finishing third. NBS St-Elie and Sawyerville were rained out in their last encounter and the game was dropped, as a victory for either side would not change the standings.

Yankees make it three in row in Little League tilts

SHERBROOKE (BP) — The Yankees picked up their third consecutive victory last night in Little League playoff action as they defeated the White Sox 6-4 at the Parade Grounds.

Andy Doherty was the winning pitcher, and combined with John Tsai's three run homer in the first inning, made the win possible. Jeff Bray played outstanding ball, both offensively and defensively, for the Lennoxville squad.

The Yankees entered the finals with a pair of victories from their semi-final series with the Expos. The first-place team in regular season standings took the opening game of the series by a narrow 5-4 margin but the Yankees got back on track in Lennoxville with an 11-8 win. The third and deciding game of the series had the Yankees on top again, by an 11-7 count.

Action continues tonight in the Sher-Lenn championship round with the Yankees hosting the White Sox in Lennoxville at 7 p.m. for the second tilt in a three out of five series.

Expos bombed by Giants 9-2 for fourth straight loss, meet Dodgers next

Sparky Anderson says you still have to treat Pittsburgh Pirates with respect, but what George Foster and Gary Nolan did Thursday night was downright impudent.

Foster hit his 20th and 21st homers of the season to drive in five runs and Gary Nolan muffed the Pirates' bats on four hits in eight innings as Anderson's Cincinnati Reds cruised to a 6-1 win in National League baseball action.

In Thursday's other National League games, Atlanta Braves beat St. Louis Cardinals 6-4, San Francisco Giants bombed Montreal Expos 9-2 and Chicago Cubs squeezed past

Houston Astros 5-3. "Maybe Pittsburgh is in a slump, but we have to treat them like the good hitting club they are," Anderson said after Cincinnati handed the Pirates their third successive loss and eighth in their last nine outings.

PIRATE LEAD CUT
The result cut the Bucs' East Division lead over idle Philadelphia Phillies to 2½ games and widened the Reds' margin over Los Angeles Dodgers to 15½ games in the West.

"I'm just attacking the ball," Foster understated. He followed singles by Ken Griffey and Tony Perez in the fourth inning by hitting a three-run homer off Jerry Reuss. After Perez singled in the sixth, Foster teed off on another Reuss pitch.

Nolan retired the first 15 Pirates before Manny Sanguillen broke up his perfect game with a leadoff single in the sixth, then ruined the shutout with a homer in the eighth.

Will McEneaney got the final three outs in the ninth with no trouble.

"There's no reason to talk about the National League playoffs in August," said Pittsburgh manager Danny Murtaugh. "There's still six weeks of baseball left."

Sherbrooke Open La Tribune Pro-Am has starry field of golfers for two-day event

By LEN O'DONNELL

Golf enthusiasts of Sherbrooke, and the Townships will have a grand opportunity of watching the top club-swingers in action over the weekend at the Sherbrooke Country Club.

The annual Sherbrooke Open "La Tribune" Golf Tournament is on tap commencing tomorrow when class B and C along with the higher handicap players in class A tee-off. On Sunday class A players, 5 and under, will be playing along with a classy field of the top professionals of the Province.

A field of 248, give-or-take-a-little, have filed their names to compete in the two-day event. The ladies are also coming in for their share as they play today over the tricky 18-hole layout.

On Saturday the first foursome will tee-off at 8:00 a.m. sharp and will continue till 2:00 p.m. They will be sent away on a ten-minute interval, in fact it will be the same Sunday with the last foursome getting away at 1:40 p.m.

LADIES' TEE-OFF TODAY
The ladies commenced at

9:36 this morning and their last group will be answering the call at 12:48. The ladies will be playing in threesomes as there are only 66 ladies entered in the event. Mrs. D. Farrell, ladies' captain, stated that the prizes will be presented in the evening around 6:00.

SPECIAL FOURSOME
The special foursome of invited guests will tee-off around 1:30 Sunday afternoon. It will consist of Simon St-Pierre, vice-president of COJO, Alain Guilbert, Director of Information for COJO, Jean Beliveau, vice-president of Games 75, and His Honor Mayor Jacques O'Bready. They are guests of Yvon Dube, president and editor of La Tribune, sponsors of the tournament.

The professionals will be battling for top prize of \$500 with the runner-up getting \$300. The winner will also get 25 points towards his position in the fight for the Labatt Cup with the second player getting 20 towards his total. At the end of the season they will be in line for more cash from Labatt's, depending where they finish for the season.

Sherbrooke's Denise Roch is still in battle for Junior Women's golf championship

DARTMOUTH, N.S. (CP) — Stacey West of Willowdale, Ont., fired her second consecutive round of 77 Thursday but her lead in the Canadian junior women's golf championships dwindled to one stroke.

The 16-year-old high school student held a two-stroke edge over her nearest competitors in the field going into the second round of the 54-hole event but Louise Tremblay of St. Leonard, Que., charged out of the group with a 76 Thursday. Miss West was in at 154 while Miss Tremblay was alone at 155, including an opening-round 79.

Third place was taken by Sydney Thomson of Victoria with a 156. She fired the best individual round of the event

so far when she carded a three-over-par 74. It moved her from fifth Wednesday, five strokes off the pace, to sole possession of third.

Liz Rutlan of Unionville, Ont., shared fourth place with Pamela Johns of Weston, Ont., heading into today's third and final round. Both had 159 totals.

FALLS BACK
Miss Rutlan scored an 80 Thursday while Miss Johns recovered from an opening 83 to score a 76, the second-lowest score of the event.

Odette Gagne of Alma, Que., had a 78 Thursday and was alone at 160, six strokes away from the lead, followed by Jackie Davies of Edmonton and Denise Roch of Sherbrooke, Que., both at 162.

Gary Cowan holds lead in Amateur Golf championship

SAINT JOHN, N.B. (CP) — Gary Cowan of Kitchener, Ont., switched to a two-iron to improve his putting Thursday.

Roxburgh, the 23-year-old defending champion, holds a one-stroke lead over Cowan and 21-year-old Jim Nelford of Vancouver entering today's third round in the 72-hole tournament.

Cowan matched Rox-

burgh's score and Nelford, current British Columbia amateur champion, fired a 69 on the par-71 Riverside Country Club course to follow an opening 72.

Cowan said he should have been pleased with the score "but I hit the ball so much better that I could have been five or six shots better."

Yves Faucher of East Angus wins match in junior

OTTAWA (CP) — The 10-man Quebec team came from behind Thursday to defeat Ontario 25½-19½ in the 36-hole Quebec-Ontario junior matches golf championship.

Ontario led 8-7 after 18 holes Wednesday, but Quebec took 18½ points under the Nassau system Thursday to win.

Marc Brassard, 16, of Arvida and Yves Faucher, 14, of East Angus both swept their matches Thursday to spark the Quebec rally.

BEATS ARCH-RIVAL
COPENHAGEN (AP) — World record-holder John Akii-Bua of Uganda trimmed archrival Jim Bolding of the United States in the 400-metre hurdles Wednesday during the first day of a two-day international track and field meet. Akii-Bua was
