WESTMOUNT

The City of Westmount is beautifully situated on the western slope of Mount Royal, and from the upper level a magnificent view of the St. Lawrence River, Lake St. Louis and surrounding country is obtained. The city is almost exclusively residential and may be designated a "city of homes." Available properties for building sites are rapidly being occupied. The city is governed by a mayor and five aldermen, elected for a term of two years by the city at large. The city manager form of government has been in vogue for 20 years, and the city's progress is evidence of the wisdom of the adoption of this system of government.

The city owns and operates in a very efficient manner an electric light and power station and garbage destructor plant.

Park and playground spaces owned by the city cover an area of about 69 acres. Three greenhouses are maintained. A flower clock has proved to be a novel attraction.

Eighteen municipal tennis courts are in great demand during the summer months and every facility is given for the enjoyment of winter sports.

The city owns a free public library. During the year 163,109 volumes were circulated for home use.

The Victoria Hall as a community centre is continually in use for church, charitable, educational, fraternal, municipal, political and social activities.

Public education is provided by the school commissioners of Westmount and the school commission of St. Leon de Westmount. In addition there are numerous private schools.

The city is supplied with filtered water and a 98 per cent. efficiency is required. The water is regularly tested and reported upon by the Provincial Board of Health to assure that a maximum of purity is maintained. Population about 26,000.
