ANNUAIRE DES RUES de l'ÎLE JÉSUS de LOVELL 1958-59

Annuaire des chefs de maisons, des occupants des Edifices
à bureaux et d'autres locaux d'affaires, avec une
description complète des Rues et Avenues

COMPRENANT

DUVERNAY (Duv), FABREVILLE (Fab), L'ABORD-A-PLOUFFE (L'AàP),
LAVAL-DES-RAPIDES (LdesR), LAVAL-SUR-LE-LAC (LsurL),
LAVAL-OUEST (LW), PONT-VIAU (PV), RENAUD (Ren),
STE-DOROTHEE (SteD), ST-ELZEAR (StE), ST-FRANCOIS (StF),
ST-MARTIN (StMrtn), STE-ROSE (SteR), STE-ROSE-EST (SteRE),
ST-VINCENT-DE-PAUL (StVP)

Dans la liste qui suit, les rues portant un numéro distinctif sont reproduites en ordre numérique en premier lieu, tandis que les rues nommées sont arrangées en ordre alphabétique; les rues transversales y sont indiquées. Le numéro de chaque bâtiment de la rue respective est reproduit en ordre numérique, en face duquel apparaît le nom du ou des détenteurs du logement, du propriétaire ou du locataire. Pour les édifices d'affaires, contenant plusieurs bureaux, les noms des occupants sont inscrits suivant le numéro du bureau, si cela est possible, tandis que pour les maisons à appartements le numéro ainsi indiqué est celui de l'appartement. Pour trouver l'occupation des personnes et le genre d'activité des entreprises commerciales, veuillez consulter l'Annuaire Alphabétique, ainsi que l'Annuaire des Affaires Classifiées.

Si un astérisque (*) précède le nom du résident, cela indique que nous avons été informés au cours de notre recensement que la maison est la propriété permanente d'un membre de cette famille; si une croix (†) précède le nom du résident c'est un propriétaire l'été seulement, si (ST) suit le numéro sans nom c'est un locataire temporaire l'été seulement, mais les éditeurs ne peuvent garantir et ne donnent aucune garantie de l'exactitude de l'information ainsi fournie, ni que ceci soit complètement dépourvu de toute possibilité d'erreur; aucune responsabilité pour éventuelles erreurs ne peut être assumée et n'est en fait assumée et les éditeurs ne peuvent fournir d'autres renseignements que ceux y contenus. Lorsqu'un numéro n'est pas suivi d'un nom, cela démontre soit que le logement était libre ou que les intéressés étaient absents lors de notre recensement et—dans peu de cas—que le nom nous a été refusé.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment houses the number denotes the number of the apartment. To find occupation of individuals and firms refer to Alphabetical and Classified Business Directories.

The symbol (*) preceding a householder's name indicates that we have received information during the canvass that the house is owned permanently by some member of the family; if the symbol (†) precedes a householder's name it is a householder during the summer only; if (ST) follows the number without a name it is a temporary tenant during the summer, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown. Where a number appears without a name, it shows there was no occupant or the party was absent at the time of taking information, and in a few instances that the name was refused.
