Thirty-Sixth Year.

WARNING WAS ISSUED ON GRAVITY OF NATIONAL RAILWAY SITUATION

Railway Finances Have Brought Entire Financial Structure of Country into Jeopardy, Declares Minister of Railways in Report of Canadian National Railways—Unemployment Relief Bill Passed Second and Third Readings in House and Three Readings in Senate Yesterday.

OTTAWA, Ont., April 2.—Railway finances have brought the entire financial fabric of the country into jeopardy, said R. J. Manion, Minister of Railways, when he presented to the House of Commons last night a comprehensive analysis of "Canada's greatest problem—the Railways."

A bill authorizing the Canadian National Railway to float securities aggregating \$61,500,000, required by the Government-owned system in 1932, was before the House. It received second reading and was referred to a special parliamentary committee.

In emphasizing the need of economy, the Railway Minister said many services had been cut by the management of the Canadian National because of necessity, "not on political grounds." Politics played no part in the operation of the system, the role of the Government being "to urge a necessary and even vital economy upon the management."

Parliament finally passed yesterday the Government's Unemployment Relief Act. The Senate put it through all stages in ten minutes, and practically without discussion, in contrast to the three weeks' debate in the Commons. Third reading was given in the Commons early in the evening by a vote of sixty-eight to twenty-eight, a Government majority of forty. It passed through the committee stage under closure late in the afternoon on a standing vote of sixty-three to forty. Closure was applied in the committee stage, on the motion of Premier R. B. Bennett by 103 to 50. It was believed to be unique in Canadian parliamentary history that closure was applied twice in one week on different stages of the same measure.

In the main division of the day—the third reading—the Conservatives to a man voted favorably and enlisted the aid of two United Farmers, M. N. Campbell and A. M. Carmichael. Voting with the Liberals in opposition were five other "Gingerites," Robert Gardiner, H. E. Spencer, Miss Agnes MacPhail, A. A. Heaps and Angus MacInnis.

For the remainder of the day the House considered supplementary estimates totalling \$1,059,474. They were for the financial year closing March and represented deficiencies in the estimates passed last year. The largest single item was \$875,000 for pensions.

In addition to the \$61,500,000, authorized in the railway bill, Dr. Manion said approximately \$10,000,000 would be needed under the Maritime Freight Rates Act and for steamship services. The corresponding total for 1931 was \$112,000,000.

Economy was the watchword of the Canadian National at the present time, proceeded Dr. Manion. Gross earnings of the system struck a low ebb in 1931, and fell far short of raising the interest due to its bond holders, let alone paying operating expenses.

"As to the future," said Dr. Manion, "with a reasonable return to business and commercial prosperity, with a fair attitude in demands regarding freight rates and capital expenditures, and with care, caution and economy on the part of the railway management, we may look to the future with hope."

SENATE SPEED CONTRASTS WITH HOUSE OBSTRUCTION

OTTAWA, Ont., April 2.—In contrast to its slow progress through the House, the bill extending provisions of the Unemployment and Farm Relief Act until May 1, was put through all stages of the Senate in quick time last night. It now awaits only the Royal Assent to become law. This, it is expected, will be given on Monday at four o'clock.

Discussion was brief when Senator Arthur Meighen, Government leader, moved second reading. Senator George P. Graham expressed his personal opinion that the wise course would have been to place an amount for unemployment and farm relief in the estimates. The House of Commons, however, had decided otherwise.

Senator Graham also voiced a protest against the practice, which he said had grown up in different governments, of asking the Senate to rush through important legislation. The rules of the Senate had been adopted for the purpose of giving an opportunity to Senators to express their approval or objection at every stage in the passage of a bill. Apparently, however, all governments found it impossible to avoid asking the Senate to pass certain bills "in the way we are asked to pass this one."

Notice was given by Senator Meighen that he will move on Monday that the Banking and Commerce Committee of the Senate be permitted to sit during any period when the Upper Chamber is not in session.

MILLION REQUIRED FOR EMERGENCY EXPENDITURE

OTTAWA, Ont., April 2.—Supplementary estimates totalling \$1,059,474 were passed by the House of Commons last night in less than an hour. They were for the fiscal year ending Thursday, and represented deficiencies in the estimates passed a year ago.

The largest single item was \$875,000 for pensioners and \$35,000 for the expenses of the Duff Commission investigating the transportation problem. Canada's contribution to the expenses of the League of Nations was set at \$35,000.

An item of \$22,400, representing

NO NEW ROAD CONTRACTS PLANNED FOR THIS YEAR

QUEBEC, April 2.—As a result of reduced revenue and for reasons of economy no new road contracts will be given out by the Roads Department this summer, according to an announcement by Hon. J. E. Perrault, Minister of Roads and Mines. Road maintenance will be continued, however, and graveling and ballasting will be proceeded with where necessary.

In making the announcement the minister appealed to motorists to be more cautious during the coming summer in an effort to lessen the number of motor accidents. During last year the number of accidents amounted to 100,000, causing the death of 200 persons.

LARGE PART OF ITALIAN TOWN IS DESTROYED

Inhabitants Were Compelled to Abandon Town as Buildings Slid into Ancient Roman Caves.

VILLA ST. STEFANO, Italy, April 2.—This little city was almost entirely destroyed by its proximity to 2,000 inhabitants today and only a few soldiers remained to watch it crumble and sink into the depths of a labyrinth of ancient tunnels dug by the Romans 2,000 years ago.

The village started to sink yesterday and the people immediately fled, some to other cities and a few hundred to the outskirts of the town where they were camped today while the disappearance of their homes continued.

The sinking process went on slowly. Its effect was most pronounced in the central part where many more buildings were settling gradually, following those which disappeared yesterday.

So honeycombed is the ground beneath with the ancient cavern grottoes of the Romans that the belief prevailed that the entire town would be unsafe for habitation again. The grottoes were dug in a natural deposit of tuff rock, which became weakened by seepage of water during the centuries, and suddenly crumbled away.

There was a prospect the town might have to be abandoned forever. A check showed no one missing. It may be days, however, before the engineers determine whether the entire town is undermined. In the meantime, preparations were being made to house the homeless in homes on the outer fringe of the town providing this is found to be safe.

ARMY TAKES OVER CONTROL IN MEXICO

MEXICO CITY, April 2.—The Mexican army prepared today to take control of the country at 6 p.m. in preparation for the primary elections which will be held tomorrow to choose candidates for state and congressional offices.

NEGOTIATORS IN LINDBERGH CASE HOPEFUL

Still Awaiting Further Developments Towards Recovery of the Child Now Missing for Over a Month.

NORFOLK, Va., April 2.—Three Norfolk men, who say they have never lost faith in their efforts, today continued to await further developments in negotiations for the recovery of the kidnapped baby of Colonel and Mrs. Charles A. Lindbergh. Rear-Admiral Guy G. Burrage, retired, spokesman for the intermediaries, stated that there had been a new development since Thursday morning, but there was no other intimation of what progress was being made. Admiral Burrage said that disclosure of the new development would be harmful and declined to comment further.

John Hughes Curtis, who with the Very Rev. Dean H. Dobson, Peasebrook, former Canadian rector, is serving with Admiral Burrage, said the status of the negotiations continued to be largely a matter of "watchful waiting," the description given to the negotiations during the last few days.

SCOTLAND YARD HAS NO INFORMATION

LONDON, April 2.—It was authoritatively stated at Scotland Yard today the police have no information that any agent is on the way to London here as a representative of Colonel Charles A. Lindbergh or of the United States police in connection with the kidnapping of the Lindbergh baby.

Reports from the United States yesterday said Major Charles H. Schoeffel, of the New Jersey State Police, was on his way to England in connection with the crime.

CHINESE DETERMINED TO RETAIN WHIP HAND IN MANCHURIAN AREA

Are Prepared by Every Peaceful Means to Oppose Efforts of Japanese "to Set Up a Puppet State" in Three Eastern Provinces—New Military Expedition of Unannounced Strength Ordered to Manchuria Today.

NANKING, April 2.—General Chiang Kai-shek, China's Generalissimo and former president, said today, in his first interview with a foreign newspaper correspondent in many months, that Manchuria is still part of China and China would resist with arms any further attacks of the Japanese, although she is not preparing for war.

In Manchuria, he said, the Chinese would oppose by every peaceful means the "tricky efforts" of the Japanese "to set up a puppet state," in the three eastern provinces. In the eyes of the Chinese, he added, no such government as that of Manchukuo, the name given Manchuria under Henry Pu-Yi's new regime, ever existed.

The Japanese Government ordered a new military expedition of unannounced strength to proceed to Manchuria today to assist in putting down a rampant rebellion against the government of the new federated state under Henry Pu-Yi.

The new expedition was ordered to assist the present Japanese force, which consists of two army divisions, by crossing over the Tumen river from Korea. It was directed to begin operations at Chientao, near the Korean and Soviet Russian borders.

Fighting was reported in that section today and the plight of the new government was said to be grave. The region already was in a panic state, Minister Hata of Overseas Affairs said as a result of the advance of the Chinese rebels under General Wang Teh-Lin and Chinese irregulars belonging to the "big sword" society. These, he said, had driven hundreds of Japanese and "white" Russians to seek refuge across the border near Keigen Point.

PEACE NEGOTIATORS SAID TO BE NEARING AN ACCORD

SHANGHAI, April 2.—Chinese and Japanese peace negotiators were "in somewhat closer agreement," it was announced after today's conference at the British Consulate, but their opposing attitudes on the main issue of troop withdrawals remained unrelaxed.

They adjourned for the week-end in order to consider the possibility of further concessions. The parties will be resumed on Monday afternoon.

"BIG BILL" THOMPSON IS NOW REGULAR CHURCHMAN

Former Mayor of Chicago Has Joined Church "to Be of Greater Help to Our City."

CHICAGO, April 2.—William H. Thompson, former mayor of Chicago and the "Big Bill" of politics for many years, has joined a church "to be a greater help to our city."

The Rev. John De Lacy, pastor of the Thoburn Methodist Episcopal Church on the far south side, announced yesterday that Thompson had publicly confessed his faith and joined the church following a political address he made there on Easter Sunday night.

The pastor long has been known as a reform worker.

In a statement, Thompson praised the Rev. De Lacy.

"I joined the Rev. John De Lacy's church on Easter Sunday because I had known him for several years," he said. "I became more intimately acquainted with him one year ago."

"I am proud to be a member of his church and will strive with him to be a greater help to our city."

EASIER TREND TODAY IN POUND STERLING

NEW YORK, April 2.—An easier trend in the pound sterling marked trading in British currencies this morning on local foreign exchanges. The pound was quoted at \$3.77 in United States funds, down one-half a cent from the previous close. The Canadian dollar held unchanged at ninety cents.

POLICE CHIEFS' CONVENTION CANCELLED

WINNIPEG, Man., April 2.—Chief of Police Chris H. Newton, secretary of the Canadian Chief Constables Association, said yesterday it had been decided not to hold a convention this year. Decision to cancel the annual meeting was made in the interests of economy, he said. It was to have been held here.

TASCHEREAU IS NOT CONCERNED OVER THREATS

"Covert Threat" Made by United States Concerning Deep Waterway Scheme Has Made Little Impression on Premier of Quebec.

QUEBEC, April 2.—Premier L. A. Taschereau has clearly shown that he is not easily frightened by any threats which the United States might make in an effort to secure anything which it happens to want. In fact the "covert threat" by the United States, as voiced recently in certain American newspapers, that it will go ahead with the "All-American Albany Canal" should Canada refuse to proceed with the Great Lakes and St. Lawrence waterway project, has made little impression upon Mr. Taschereau.

"I don't think much notice of this bogey should be taken," said the Premier. "In the first place, the cost of the proposed Albany Canal would be enormous, also American engineers have declared that it is not feasible, either practically or commercially. If they wanted the Albany Canal, why are they so anxious to go ahead with the St. Lawrence development? The United States is not worrying about the development of a water route to better navigation," the Premier asserted.

"What is really wanted is horse power development and the Albany Canal could not furnish it."

The threat of an all-American canal, "for threat it is," the Premier said, was no justification for engaging the Dominion of Canada in an enormous expenditure which it can ill afford. He added that if the United States wanted the Albany Canal, and it could have supplied the necessary power development, it would have been between the figures of prosperity when the United States did not know what to do with a surplus dollars, he added.

BIRTHS, DEATHS AND MARRIAGES SHOW DECLINE

Provincial Health Department Report Shows Lowest Death Rate Ever Recorded During the Month of January.

The preliminary reports of births, marriages and deaths for January of this year, issued by the Provincial Bureau of Health, shows a decline in all three classes.

Comparative figures are given for January in each year since 1926. Total living births amounted to 6,083 at a rate of 24.2 per living thousand; total marriages, 1,000 giving the lowest rate of 4.0 per thousand population; total deaths at all ages numbered 2,676 at the rate of 10.6; total deaths from birth to one year of age 568 with a rate of 98.3.

In commenting on these comparisons, the Provincial Bureau of Health says: "The above comparison between the figures of January, 1932, and those of January of previous years well illustrates that this January contains the lowest rates ever registered for this period of the year. The rate for natality is very low; that of nuptiality, equal to the same in 1931, is the minimum for that annual period; with regard to mortality, a rate of 10.6 is very satisfactory, the health condition having been very favorable during January, 1932. Such a rate is evidently very low as compared to that of 20.3 in 1929 when influenza was widespread."

The bureau points out in connection with infant mortality that although the figure is low at 98.3, it would have been lower had the total births been normal. "Only 600 more births would have yielded a rate of 89.5 for that infantile mortality."

An interesting comment on the evolution of the population in Quebec is also contained in the report during the 60 years from 1871, it is shown, the population increased by 1,682,739 or 140.8 per cent. "In 1871," the report continues, "our population represented 32.3 per cent of the total population of Canada while, in 1931, it represents only 27.7 per cent. This last proportion is about identical to that of 1911 while it was lower in 1921. One may remember that it was during this period that a considerable immigration has been advantageous to the Prairie Provinces while, in Quebec, such an immigration did not exist."

IRISH MINISTER OF FINANCE HAS MANY USES FOR LAND ANNUITIES

Retention of Payments Being Made to Great Britain Would Allow Irish Free State to Balance Budget and Place Many Development Schemes in Operation—Otherwise Policy of Retrenchment and Tax Increases Will Be Needed.

DUBLIN, April 2.—While President Eamon De Valera's Republican Government still meditates its reply to Great Britain on the question of abolition of the oath of allegiance and the payment of the land annuities, Sean MacEntee, Minister of Finance, is planning what to do with the \$24,000,000 (at par) which would be retained if the Irish Free State withheld the annuities.

The Finance Minister's plan is understood to be two-fold. He intends to use part of the money in balancing the budget and putting the remainder to work on behalf of agriculture.

Among the schemes suggested for the benefit of agriculture are:

- (1) Concessions to industries utilizing home agricultural produce.
- (2) Such assistance to the brewing industries using home-grown grain as will help to develop tillage.
- (3) Cheaper farm credits through an agricultural credit corporation.
- (4) Facilities for insuring livestock in transit.

If the land annuities are left out of consideration, MacEntee will have to follow the British idea and use the axe and tax-cut payments and increase revenue—to make the coming budget balance. Even De Valera's Irish press of Dublin predicts an increase of six pence, or possibly a shilling, in the income tax as virtually certain.

And the Irish Press, the Republican organ, has a warm retort for the speech of Sir Thomas Inskip, British Attorney-General at Stranraer, Scotland, last night, when he declared the Irish Free State would be the greatest sufferer if the Anglo-Irish treaty were broken.

MARCH WEATHER REPORT MARKED BY HEAVY SNOW

Total Snowfall During the Past Month Was Within Half an Inch of the Record for the Past Eighteen Years.

Snowfall for the month of March 1932 was within half an inch of the eighteen year record of twenty-nine inches, reports from the Lennoxville Experimental Farm show. The snowfall last month was 28.5 inches, compared with 17.5 inches for March last year and an eighteen year average of 15.02 inches. The lowest March snowfall on record is 2.5 inches.

During the past month the rainfall was nearly double that of last year, being 1.44 inches and .71 inches, respectively. The average March rainfall for the past eighteen years is 1.33 inches, with a maximum March rain of 4.95 inches and a minimum of .3 inches.

Precipitation for the month totalled 4.29 inches, compared with 2.46 inches last year and an eighteen year average of 2.84 inches. The highest March precipitation on record is 5.95 inches and the lowest 1.6 inches. The highest precipitation for any one day during the month was 9.9 inches, compared with the record in the past eighteen years of 2.85 inches.

The average temperature for the month was 21.50 degrees. Last year the average was 30.55 degrees, while the eighteen year average is 25.44 degrees. The highest point touched by the mercury during the month just closed was forty-nine degrees and the lowest eight below zero. The highest temperature ever recorded for the month of March was seventy degrees and the lowest thirty-three below.

Old Sol made his appearance for 132.1 hours during the month, or 16.5 hours longer than for the same period a year ago, when he shone for 115.6 hours. The average March sunshine for the past eighteen years is 139.4 hours, with a maximum of 197.3 hours and a minimum of 113.1 hours.

VATICAN'S NEW RAILWAY WAS SUCCESSFULLY TESTED

From Window of Private Apartment, Pope Pius Could Hear Puffing of Engine Which Operates World's Smallest Line.

VATICAN CITY, April 2.—The first locomotive ever to enter Vatican City chugged in this morning to test the world's smallest railroad, just constructed here.

Pope Pius XI could hear the puffing of the engine from a window of his private apartments. The test of the road was attended by officials of the Vatican and the Italian government.

bec is also contained in the report during the 60 years from 1871, it is shown, the population increased by 1,682,739 or 140.8 per cent. "In 1871," the report continues, "our population represented 32.3 per cent of the total population of Canada while, in 1931, it represents only 27.7 per cent. This last proportion is about identical to that of 1911 while it was lower in 1921. One may remember that it was during this period that a considerable immigration has been advantageous to the Prairie Provinces while, in Quebec, such an immigration did not exist."

THE WEATHER

CLOUDY, WITH SOME SNOW. Pressure is high north of the Great Lakes and in Manitoba, also over the Southeastern States, while a moderate depression is centred in Iowa. Local falls of snow and rain have occurred in Ontario, Quebec and the Maritimes, and it has been cold with snow flurries in Manitoba, but mild in Saskatchewan and Alberta.

Forecast: Northeasterly winds; cloudy tonight and Sunday, with some snow; not much change in temperature.

New England States: Cloudy and colder; probably rain, changing to snow on the south coast tonight and Sunday.

Temperature yesterday: Maximum 35, minimum 30. Same day last year: Maximum 50, minimum 35.

General Notes.

Miss Irene MacFadden, of Thetford, was a recent guest of the school.

ford Mines, spent the Easter holidays at the home of her parents, Mr. and Mrs. H. I. McFadden.

Mr. Lorne K. Mosher, of the Canadian Bank of Commerce, at Granby, was a week-end visitor at the home of his parents, Mr. and Mrs. C. G. Mosher.

Miss Doris Graham is a guest in River Bend, during the Easter holidays.

The Misses Caroline and Betty Cate, of Montreal, are holiday guests of their grandmother, Mrs. C. W. Cate.

Mr. and Mrs. W. N. Ives, of Westerville, Vt., were guests over Good Friday of Mrs. Ives' mother, Mrs. F. W. Dustin.

Rev. A. B. Moore, of Westmount, is the guest of Rev. Westbrooke, a recent guest of the school.

Miss Flora Paul, of the teaching staff of Beebe High School, is spending the holidays at her home here.

Mrs. Lillian F. Paul, of Sherbrooke, was a recent guest of her sister, Mrs. A. F. Emberley, and Mr. Emberley.

Miss Florence Martin, of North Hatley, spent the holiday week-end at the home of her parents, Mr. and Mrs. J. M. Martin.

The W.M.S. of the United Church held its annual Easter Thank-offering Meeting on Friday afternoon, March 25 at the home of Mrs. W. H. Rexford. An exceptionally large number of ladies were present for the programme, which was opened with the Easter Responsive Service, and followed by a devotional solo by Mrs. Craig.

The speaker of the afternoon was Mrs. A. W. Seaton, of Hatley, who took as her subject, "The Easter Message."

Her address was a stirring and heart-searching presentation of the Easter message of Love, a Love so broad and deep, so wide and high, as to embrace all of mankind, as did that of the Christ, and so thrilling as to furnish a life task to every Christian.

Mrs. F. J. Brown in a few well-chosen sentences expressed the heart-felt appreciation of the Society for Mrs. Seaton's presence and contribution to the programme.

The Thank-offering itself, was preceded by a presentation of "The Stewardship of Thankfulness" given by the Misses Mildred Paul and Kathleen Lyon, of the Mission Circle, and was dedicated by Mrs. Seaton.

Following the meeting, a waffle tea was served, a good many gentlemen and other friends coming in at the later tea hour.

Mr. and Mrs. Wm. M. Chamberlain returned to their home here on Tuesday, after spending the winter in St. Thomas, Ontario with Mr. and Mrs. L. W. Fish and family.

Easter Service at Beulah United Church were very well attended at both morning and evening service. On account of the illness of the pas-

tor, Rev. W. H. Thomas, the services were ably conducted by the Pastor Emeritus, Rev. Churchill Moore. Decorations for the day consisted of an illuminated cross, surrounded by cut flowers and potted plants; this, together with special music, made the day a joyous one, quite in harmony with the Easter tide. An impressive feature of the day was the reception of six young people into membership of the church. During the evening three anthems, "Lift Your Glad Voices," "Rise Glorious Conqueror," and "Christ our Passover," were rendered by the choir, solo, "The Road to Calvary," by Mrs. C. M. Moore, and a duet, "Nailed to the Cross," by Mrs. W. E. Marshall and Mrs. C. M. Moore. Sixty copies of the New United Church Hymnary have been purchased. It is expected that they will be dedicated and put into use next Sunday.

On Tuesday evening, Mr. and Mrs. Earl Tyler entertained very pleasantly, "50," which was played at four tables, the prizes were awarded as follows, ladies first, Miss Edith Hamilton, second, Mrs. Glen Little, gentlemen's first, Mr. Cecil Tyler, second, Mr. Albert Rexford. Delicious refreshments were served after which the jolly company took leave, thanking Mr. and Mrs. Tyler for their genial hospitality.

The High School Hockey Team scored another victory, when on Tuesday, March 29, they journeyed to Lennoxville, where they played another of their clean and well fought games with the Lennoxville Red Jackets, the game resulted in a final score of three to two in favour of the school team which was lined up as follows: forwards, Wesley Slack, Arnold McVeay and George Robinson, defense, Everett Slack and Stuart Neil, goal keeper, Norman Whipple, spare Jas. McFadden. Each and every one of the players, played a splendid game, and the scores were won by Jas. McFadden and Arnold McVeay. Regret was expressed that the regular defense man, Stuart Cass, was unable to be in his usual place on account of illness.

Mrs. V. I. Adams, who has spent the winter in Lyndonville, Vermont, with her daughter, Mrs. R. A. Temple, returned to her home here on Tuesday. She was accompanied home by Mr. and Mrs. R. A. Temple and Miss Barbara Temple who will spend a few days as her guests.

The Mission Circle was entertained at the home of Mrs. P. A. Johnston on Wednesday evening, March 30th. There was a good attendance of members and several visitors were present. The short business session was presided over by the president. The payment of the first quarter's allocation, was voted to be sent to the Presbyterian Treasurer. The study book was not taken up at this meeting as the time was required for the rehearsal of the pageant.

The many friends of Rev. W. H.

SERVICES HELD AT SCOTSTOWN WELL ATTENDED

Interesting Sermon Delivered by Rev. D. Robertson at St. Andrew's United Church.

SCOTSTOWN, Que., April 1.—At St. Andrew's United Church, Rev. D. Robertson preached at both services on Sunday, which were well attended. A communion service was held at the morning hour. A pleasant musical offering was an Easter anthem by Misses Roberta, Wilma Scott and Ruth Sherman. The church was decorated with cut flowers and potted plants secured by members of the C.G.I.T. and their leaders. The Sunday services were preceded with a preparatory service on Friday evening. At the Sunday School hour, the Easter theme was carried out and the hymns were appropriate for the day.

At St. Alban's Anglican Church, the Sunday services were held at eight thirty and seven p.m. During Holy Week services were held morning and evening daily and on Wednesday evenings throughout the Lenten season. All of these services were well attended. The church was beautifully decorated with Easter lilies and other flowers, placed there by the Guild members.

At St. Paul's Presbyterian Church, the thought of Easter was carried out throughout the day. At the evening service, Rev. Mr. Murray emphasized the great responsibility that the belief in and the fact of the resurrection places upon us. A duet, "The Old Rugged Cross," was effectively sung by Mr. and Mrs. Kenzie MacLeod. An Easter programme was prepared by the Sunday School, under the leadership of Mrs. Irving Elger and Mrs. G. Mugso. Each class in the school contributed either by a recitation or a song. Mrs. Mugso's own class, which includes the older C.G.I.T. members, rendered an Easter anthem most acceptably. The programme was closed by a short address by the pastor.

"ALL-BRAN LIVES UP TO REPUTATION"

Her Constipation Overcome by This Delicious Cereal

If you are troubled with constipation, read Miss Bundy's enthusiastic letter:

"I would like to congratulate the one who discovered ALL-BRAN. It really does live up to its reputation when it is said to 'relieve constipation.'"

"I used to feel poor all the time—just down and out after reading an advertisement in a magazine about ALL-BRAN I got a box. It has evermore helped me, and it is not hard at all to eat."—Miss Mary Bundy (address upon request).

Laboratory tests show ALL-BRAN brings two things needed to correct common constipation: "Bulk" to exercise the intestines; Vitamin B to help tone the intestinal tract. ALL-BRAN also furnishes iron for the blood.

The "bulk" in ALL-BRAN is much like that of lettuce. Within the body, it forms a soft mass. Gently, it clears the intestines of wastes.

How much safer than taking pills and drugs—so often harmful. ALL-BRAN is not habit-forming. Two tablespoons daily will overcome most types of constipation. If your intestinal trouble is not relieved this way, see your doctor.

Use as a cereal, or in cooking. Recipes on the red-and-green package. At all grocers. Made by Kellogg in London, Ontario.

MANY SPECIAL SERVICES HELD; WATERLOO NEWS

Easter Observed in Fitting Manner at Waterloo Churches—Newsy Items of General Interest from the Vicinity.

WATERLOO, Que., April 2.—The Easter services in the United and Anglican Churches of Waterloo were of unusual beauty and impressiveness and reverently appreciated by congregations which filled the churches on Sunday last.

In spite of the manifestations of the elements which appear reluctant in letting winter go, the atmosphere of spring and Easter was abundant in evidence inside the churches, whose chancels were banked with Easter lilies, carnations and daffodils placed there by devout worshippers of the congregations.

The United Church service in the evening was a most impressive one, receiving upwards of thirty members into the Church was impressively performed by the pastor, Rev. H. Allenby, who delivered a most helpful and timely address.

The anthem "Christ Is Risen" was rendered by the choir which was ably assisted by Mr. F. W. Colwell, of Toronto, and Mr. Hazeltine, of Granby, who took the solo parts.

In St. Luke's Church, the rector, Rev. Norman Egerton, delivered an inspiring sermon to a large and appreciative congregation.

The musical part of the service was effectively taken by the senior and junior choirs, under the direction of the organist, Mrs. Candlish. During the offertory the senior choir sang "Ave Maria" and the junior choir "The Lord's Prayer."

Before entering the pulpit, Mr. Egerton thanked the congregation for the beautiful service and the committee, under the direction of Mrs. A. J. Buckland for the effective arrangements of the flowers.

At the evening service in the United Church a cantata, "The Gospel of Easter," was beautifully rendered by a choir of thirty voices who bore evidence of the careful and able training given by the choir director, Mrs. F. W. Colwell, and the organist, Miss Lucia Graves.

The solo parts were taken by Mrs. Colwell, Mr. Albert Hazeltine, Mr. E. Birch and Mr. George Young. Following the cantata the choir members were invited to the lecture room, where refreshments had been prepared by members of the congregation in appreciation of the time and labor spent in preparing the musical services of the day.

The flowers from both churches were sent to the members who were unable, through illness, to attend the church services.

The Gossip stood in the Common room at the club and asked "Who are my enemies?" One man replied quickly: "They are your 'Next Friends.'" For the he-gossip must reflect that his hearers go quickly and tell the man the lies that are being circulated. To know all is to forgive all, when you consider.

THE MASTERLY TOUCH OF THE STATESMAN.

Premier Taschereau's dissection of the dangers of trifling with the St. Lawrence Deep Waterways was a masterly recital of the business view-point and of the patriotic objections which the whole Province of Quebec presents.

Though his objections, contained in a letter to the Prime Minister, may not divulge any view-point which has not already occurred to our readers, there is a statesmanlike array which is impressive.

His eight points of resistance form a drastic expose of the folly of proceeding with such a project at the present time.

Had there been such a strong presentation of business facts made at the time the Grand Trunk Pacific Railway was foisted upon the country in 1904, the load of debt and the burden of taxation in Canada had been quite easy to carry. But at that time there was such a strong lobby in Ottawa, a lobby guided by both Liberals and Conservatives, that the Opposition was chloroformed, and the calamitous affair was rushed through to please the same kind of vanity which has persisted in the frame of Sir Henry Thornton in his vain effort to match the Canadian Pacific, the world's greatest transportation system.

The defunct G.T.P. inspired the greed of the Ottawa contractors who know no titbit so mellow as a prospective government contract. These men are all "Vicars of Bray," for whatsoever party may reign they still are seekers of contracts. They use both social influence and other influences more insidious. The Beauharnois promoters admitted they had in their pay every legal firm of consequence or influence in Ottawa. The pay of the lobbyist comes through devious channels.

The "influences" behind the St. Lawrence Deep Waterways have shown themselves possessed of an unlimited supply of cash, and they have been using it to proselytize Ontario, which is a gullible province when it comes to an appetite for propaganda which attacks Quebec.

SOMEHOW, SOME WAY, SOME DAY TAXES MUST BE LIFTED.

Centralization of government, to overcome the mounting cost of government in the Dominion, may not be popular in Quebec, where we view with alarm the many excursions into financial fallacies and follies by the other provinces.

Yet instead of nine provincial governments we might very well do with five, and yet not disturb the autonomy of the people.

That the next election will be fought on the principles of taxation, with greater economy in government, is a prophecy we have voiced from time to time. The burden of taxation is such as to take away from the earner about forty cents out of every dollar he has earned.

Instead of economy the legislatures devote their chief study to finding new avenues of taxation and to increase such as they have found. It taxes the memory to recall all the varied forms of taxes.

There is as much a duplication of government as there is a duplication of rail and road transportation. This is costly and wasteful.

There is a Dominion Bureau of Mines. Yet every province must duplicate this with a Minister of Mines.

There is a Dominion Minister of Labour. Yet the provinces also labour under a similar ministry, and without any profit other than what the politicians think there is in it.

There is a Minister of Justice. Yet every province must have its own Minister or Attorney-General.

There is a Dominion Secretary of State, which is somehow matched by every province.

There is a Minister of Agriculture, but we in the province must ape the idea. The same with a Minister of Fisheries.

Prince Edward Island gets along with four ministers, four government portfolios. So could all the other provinces save the country millions if they would simplify and synchronize their governmental endeavours.

Somewhat, some way, some day we must get from under the burden of heavy taxation which comes from too much government, too much paternalism wished on the country by visionaries without business sense.

BE READY TO SHOW TO OUR ECONOMIC VISITORS.

If Ottawa were an industrial city, and alive to opportunity, they would long since have organized a Canadian Industry Fair, to be opened concurrently with the commencement of the Imperial Economic Conference at the Capital. But Ottawa is simply a Civil Service city, with a teeming population of

workers in the government buildings scattered so generously about the town.

In our own city we should have an Eastern Townships Industrial Display, wherein every manufacturer within the eleven counties could show his wares. To such an exhibition we could arrange an excursion from Ottawa in August and from there invite all the export and import experts, who will come in the entourage of the different diplomats from the Home Country and the Dominions.

We want to let Canada to these distinguished visitors, and though we may be handicapped by a dilatory fixing of the exact date of the gathering, that should not stand in the way of some substantial undertaking. We do not want Toronto to get too far ahead of our own Exhibition.

As one commentator said recently: "The depression has cost us some of the things we have created, but it has robbed us of none of our power to create. . . . It is a challenge, not a catastrophe."

Yes, we must sell Canadian skill to the visitors, for 'tis a glorious opportunity both to talk and to show, and showing is better than talking.

THE NIMBLE SIXPENCE COMES BACK AGAIN.

We protested that excursions out of Sherbrooke should be reciprocal, and the railway men have acceded to the suggestion.

On the sixteenth of April, as announced by the District Passenger Agents in Sherbrooke and Montreal, a week-end excursion rate on the Canadian Pacific will be given at an attractive figure. The promise has been given and will be kept.

All the Eastern Townships friends living in Montreal, of whom some four hundred give daily adherence of their fond memories by subscribing to the Record, can come down and visit us. They will be in good time to hear the sap trickle into the pails and to see it made into the juberous maple syrups and sugars, such as are not known in any other part of the world.

Furthermore, we have the promise that excursion rates on the railways will be given during the week of the World's Fair, to be held this year in Sherbrooke.

Oh, joy! Oh, bliss! Oh, rapture!

This is the ray of sunshine for to-day.

Be sure and write and tell your gone-to-the-city friends about what a welcome they will get for a two-dollar bill.

PLAYING POLITICS WHILST THE COUNTRY SUFFERS.

Whilst the majority has been trying to prove to the minority just who is boss at Ottawa, and Messrs. Bennett and King are posing as with prideful language to give us a demonstration as to which is which and which isn't, the Relief bills, the Canadian National mess, the Beauharnois Power reconstruction, and other really constructive measures have been put in the Frigidaire or Kelvinator.

The Senate of Canada has had a full year to cleanse the Augean stables, which made such a stench, and here we are in April, with nothing done.

Why not settle things with business-like speed and have the air cleared of all the germs?

The Hon. Howard Ferguson has denied the allegations of Senator Haydon, and the country accepts his denial without modification. He may as well have stayed in England and kept on high commissioning in London.

EDITOR'S NOTES.

Why cats need nine lives may be exemplified when that great statesman, Colonel Whoswho, finds that these animals are exempt from taxes, whilst dogs are not. The Colonel will move that cats be taxed at \$5 per cat-o'-nine tail, with a surtax on folks who keep two cats, just as they do in Silesia. At a conference of forty-nine different dog breeds it was pointed out, for the benefit of those who are looking for new tax trails, that the dog tax will eventually lead to birth control among the pups. This meeting was presided over by Dynamite, of Netherwood, who has his terrier harem on William street, in Montreal.

Who will confess to reading the daily sedatives of Lloyd George or Benito Mussolini? Benny enjoys the largest income from his writings, but both are good bedtime stories for anyone troubled with insomnia.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record.
April 2nd, 1902.

The Sunshine Society held a bazaar at the residence of Mrs. S. W. Jenckes, over forty dollars being raised to carry on the philanthropic work of the organization.

The Brooks House at Waterloo, owned for over thirty years by Major Brooks, was sold to Lennon Green, of Knowlton, for the sum of \$11,000.

Mrs. B. A. Dugal, of Coaticook, and Mrs. L. E. Dastous left for Ottawa to visit their sister, Mrs. Verret who was ill.

News was received of the death at Portland, Oregon, of Francis Judd, last surviving member of the family of Francis Judd, Sr., of Stanstead.

The marriage of Miss Maud Richardson to William Northey, son of Captain J. Northey, of Lennoxville, took place at the residence of the bride, Greene avenue, Westmount.

The will of Cecil Rhodes, made public at London, provided for over a hundred scholarships at English universities for students from Germany, the United States and Canada.

"The Use and Abuse of Amusements" was the subject taken up by the St. Andrew's Brotherhood at a meeting held in St. Peter's parish hall. The speakers were Rev. Dr. Parrock and Col. E. B. Worthington.

The stork was busy throughout the week in the Townships, a son being born to Mr. and Mrs. George A. Bullard, of Magog, and daughters to Mr. and Mrs. F. B. Chadsey, of Kingsley Falls; Mr. and Mrs. F. W. Wallace, of Magog; Mr. and Mrs. Ernest Bolvin, of Granby; Mr. and Mrs. Charles Reynolds, of South Boston, and Mr. and Mrs. T. S. O'Malley, of St. Joachim de Shefford.

Social and Personal

Master Jack Albert Russ, of Newport, Vt., is spending the Easter vacation with his grandparents, Mr. and Mrs. J. W. Schofield, Wellington street south.

Mrs. Willis Whittier and her children, who have been spending the Easter holidays with the former's parents, Mr. and Mrs. George Strickland, Island street, have returned to their home in Cherry River.

The many friends of Mrs. Riddle, Sr., who has been confined to her room for the past six weeks as the result of a fall, will be pleased to hear that she is now able to walk a little with the help of a cane.

Mrs. D. W. Watson and children, Miss Mary and Master Reilly Watson, left for their home in Beauharnois this morning after spending the past two weeks with Mrs. Watson's parents, Mr. and Mrs. R. J. Sorel, King street west.

Hosts of friends will rejoice to hear that Mrs. George Armitage is returning home to Sherbrooke on Monday after a protracted stay in Montreal owing to illness. Mrs. G. R. Hyndman, who spent Easter in the Metropolis, will accompany Mrs. Armitage, and the latter will spend some time with her son, Mr. Gordon Armitage, and Mrs. Armitage, Portland avenue, while convalescing.

Under the auspices of the Fourth Troop Boy Scout Mothers' Auxiliary a very enjoyable card party was given at the home of Mrs. H. MacIntyre, Gillespie street. Cards were played at four tables, and prizes were won by Mrs. C. Wright, Mrs. W. W. Leitch and Mrs. A. Brown. While the card party was in progress, Miss Vina Brownlow, at the conclusion of the card game, dainty refreshments were served by Mrs. MacIntyre, assisted by the Misses MacIntyre and Eunice MacIntyre.

Mrs. S. Robinson and Mrs. Harmer conveyed a most successful flower sale yesterday at Milford's flower shop, assisted by Mrs. J. King, for the benefit of the King George V Chapter of the Imperial Order of the Daughters of the Empire. The sale continued throughout the entire day, and many articles of home cooked food donated by members of the chapter found a ready sale. The attractive environment of plants and flowers made an ideal setting for the display of edibles, which proved to be a very successful event.

Members of the 53rd Chapter of the Imperial Order of the Daughters of the Empire met at the home of their regent, Mrs. T. A. Loughheed, York Apartments, on Thursday evening. Following the customary opening exercises the minutes and treasurer's reports were read. It was decided to have a rummage sale, and plans were made for a card party at the home of Mrs. T. A. Loughheed, was appointed delegate to the I. O. D. E. meetings in Montreal next month. The next meeting will be held at the home of Mrs. J. Grine, London street, on May 1st, Mrs. Grine acting as hostess. After the business session a pleasant social time was enjoyed, during which the hostess, assisted by Mrs. N. Birch, served refreshments.

Mrs. Ewart Glass and Miss Dorothy Price were very successful at a very pleasant event on Thursday afternoon, when they entertained at the former's home in Lennoxville at a towel shower in honor of Miss Beatrice Price, whose marriage takes place shortly. Cards were played at three tables and prizes were won by Mrs. J. C. Goss, Mrs. W. W. Leitch and Mrs. Daniel MacDonald, of Sherbrooke. The presentation of gifts to the guest of honor was made by little Miss Frances Baker and Master Douglas Baker, who drew in a cart prettily decorated in pink and white and loaded with gifts from her friends to the bride-to-be. After a felicitous expression of good wishes on the part of the guests and of thanks and appreciation from Miss Price, delicious refreshments were served by the hostesses, bringing to a close the charmingly arranged and very delightful event.

St. Peter's Anglican Young People's Association held their regular meeting in the Church Hall with the president, Mr. William Taylor, occupying the chair. Canon Bigg, who was the first speaker of the evening gave an instructive and interesting address on "Confirmation." He explained that one becomes a member of the church when one is baptized, and one is made responsible for those things which have been promised for us at our baptism when we are confirmed. Rev. John Comfort addressed the gathering on the subject of "British Fair Play." His address was also heartily enjoyed by both members and visitors. The members were sorry to learn of the illness of Miss Grace Barker, who is at present a patient in the Sherbrooke Protestant Hospital. The latest report available is that she is slowly gaining in health. At the close of the evening's festivities a delicious supper was served in the lower hall.

A very successful tea and sale of fancy work, sponsored by the Junior Girls' Club of St. Paul's Church, was held in the parish hall. The latter was very prettily decorated with paper streamers and cut-outs in the Easter colors of mauve and yellow, which were made and kindly donated by Mrs. F. Stanford and Miss Dorothy Stanford. Easter lilies centered the tea table, at which Mrs. E. King presided, while pink carnations adorned the small tables. In spite of the inclemency of the weather, the event was largely attended and the guests were welcomed by Mrs. S. Robinson, leader of the Club. The fancy work was in charge of Mrs. John Robinson and Miss Alice Singleton, while Miss Rhodie Oak Jones acted after the sale of home cooked food, and candy was sold by Miss Alberta Cotterell. The hostesses at the tea hour were Mrs. F. Stanford, Mrs. A. Taylor and Mrs. T. Oak, who were assisted in serving by members of the club.

Miss Lillian Seeds, of Montreal, is a guest of her sister, Mrs. B. N. Holtham, and Mr. Holtham, Howard street.

Mrs. L. A. Bayley entertained informally at three tables of contract-bridge yesterday afternoon, when the guests included members of a club to which the hostess belongs.

Miss Georgie Davidson left last evening for Boston, Mass., where she will join friends and sail from there aboard the Prince Henry for a cruise to Kingston, Panama, Cuba and other points.

Mrs. William Killen, King street west, has returned from Montreal, where she attended the marriage of her son, Mr. Matthew Killen, of Montreal, to Miss Helen Potter, of Verdun.

The Masonic Temple was en fête last evening when a very enjoyable April fool dance was given under the auspices of the Kayser Girls' Auxiliary, which was attended by about one hundred couples.

CITY BRIEFLETS

FIVE APPEARED BEFORE CORONER

It was a comparatively busy morning in the Recorder's Court today—as busy mornings are considered when only twenty-two arrests are made by the municipal police in one month.

Five persons appeared on charges of drunkenness and inebriation. Albert Lamoureux, of Ste. Agathe des Monts, who had pleaded not guilty of a charge of vagrancy, was tried this morning, found guilty and sentenced to a fine of five dollars and costs or three days in jail. Philibert Gilbert, of this city, was allowed out on a suspended sentence when he appeared on a charge of drunkenness, while Robert Coleman, of Kansas, U.S.A., was remanded until April 9 on an accusation of vagrancy.

Bertha Thorne, Pauline Trueman and Bertha Thorne, found guilty of vagrancy, were sentenced to fines of twenty-five dollars and costs or one month in jail.

FUNERAL OF SEGT. MAJOR JOHN PYKE

With full military honors, Sergeant Major John Pyke, a former member of the Imperial and Canadian Overseas forces, was laid to rest in St. Michael's Cemetery this morning. Six former sergeants, majors in the Imperial Army, Messrs. Carruthers, Fisher, Smith, Croft, Jones and Howcroft, acted as bearers.

The funeral service was held at St. Patrick's Church, with Rev. Father C. M. Mass, assisted by Father Fontaine and Father Linahan as deacon and sub-deacon. During the service Messrs. E. Olivier and H. Unsworth rendered a duet, and at the conclusion of the service Miss Kathleen Shea sang "The Crucifixion" by Faure, in her usual effective manner.

At the graveside, the last tribute was paid by a firing party from the Sherbrooke Regiment under the command of Sgt. Major Buck. The funeral of Sgt. Major Pyke, who was apoplexized while at work on Thursday morning, was in charge of the Last Post Fund and was under the supervision of Mr. P. D. Mathias. The Last Post Fund, which provides proper burial for all returned soldiers who pass on without making provision for the expense of the funeral, is entirely supported by voluntary subscriptions from grateful citizens.

USUAL PRANKS ON APRIL FOOLS DAY

Yesterday, April Fool's Day, the youngsters, and some grown-ups, too, were up to their eyes in their usual pranks and tricks, and numerous citizens, caught napping despite the reminding cross that had been made upon the calendar, were the victims of various jokes and pranks.

It was Barnum who once said: "There's a born every minute," and April fools are as numerous as April jokers.

That old trick about calling up 873—the local jail—although time has been almost every time.

Several citizens are known to have "hung up" indignantly when told they had called up the jail.

Chief Camirand reported today that everything had been unusually quiet this year, very few calls having been received.

It is fortunate that the morgue—Joe's stock room—does not possess a telephone, for Joe would have experienced a busy day. It is popular to enquire for Messrs. Fish, Cadaver, and numerous other names, but this was not done yesterday, perhaps because of the uncertainty which exists as to the exact location of the morgue.

Another joke which was rather popular yesterday was the question: "Are you the party that washes?"

When told they were not, the voice on the telephone innocently replied, "Then take a bath."

DEVELOPMENT OF Y. M. C. A. OUTLINED

The development of the Y. M. C. A. since its inception in 1884 until today, when it is operating in sixty countries, has two million members, property valued at \$300,000,000 and a staff of seven thousand employed officers, was traced by Mr. Von Bommel, of the International Branch of the Y. M. C. A., Montreal, at a joint meeting of the Y's Men and Omega-Alpha Club. Members of the board of directors and campaign

ROAD REPAIRS BADLY NEEDED AT EARLY DATE

Accident Dangers on Roads Increased With Poor Condition of Many Highways—Demanding Early Reparation.

As usual, with the coming of spring, motorists are beginning to complain of the condition of the streets and roads, city and country. And their complaints are not without foundation. Deep holes and tall bumps are everywhere, making driving extremely unpleasant, if not dangerous. A motorist is driving along nicely when he suddenly hears a thump, thump, thump and the wheel is pulled out of his hand and the car is headed for the ditch. With an ejaculation more forceful than polite he makes an attempt to gain control of his machine. If he is successful the incident dies as "another of those holes" but if he does not regain control of the machine before the ditch is reached, the consequences are liable to prove disastrous.

One of the worst roads in this respect is the Lennoxville road, which for hundreds of feet at a stretch is in an extremely bumpy condition, seriously impairing the climatic conditions, of course, have played havoc with the roads this winter, as the small amount of snow early in the season allowed the frost to drive in to a greater depth than usual, consequently doing greater damage when it started to come out. Heavy bus and truck traffic also leave their marks on the roads.

Local bodies are agitating for the government to start the work of repairing the highways at as early a date as possible so that the danger of accidents may be greatly reduced and tourist traffic increased.

CONVENT ALUMNAE TO HAVE PROMINENT LADY VISITOR

Madame Aurelien Belanger, of Ottawa, Dominion President of Canadian Federation of Convent Alumnae, to Pay First Official Visit to Sherbrooke.

Madame Aurelien Belanger, of Ottawa, Dominion president of the Canadian Federation of Convent Alumnae, is paying an official visit to Sherbrooke, and tomorrow afternoon at 3.30 o'clock at Mont Notre-Dame will address the four local affiliated branches, the Mont Notre-Dame Alumnae Association, Marguerite Bourgeoise Alumnae, St. Mary's Academy Alumnae and Notre-Dame Academy Alumnae.

This is the first time that the local branches have had the pleasure of a visit from the Dominion president, and as Madame Belanger is a fluent speaker in both French and English, the event will be of interest to all members. There will be a short musical programme under the direction of Madame L. E. Codere. The federation was organized by Madame Belanger in 1926, and now has some two hundred members.

(Continued on page 11)

workers were also present. Mr. Bommel has had much experience working under the international committee in Constantinople, Turin and Geneva. During his address, he touched upon the relative growth of the association in Great Britain and the continent of Europe and America. He also traced the different policies that feature the North American continent associations.

"On the European continent," he said, "a strong religious emphasis is given. In this country the emphasis has been laid more on physical, social and educational problems. The Association in this part of the country, however, is decidedly a Christian movement, based on the principles of love and unselfishness. It is a great brotherhood struggling to develop Christian character through every phase of religious life."

The speaker pointed out that the Y. M. C. A. was an association whose endeavor was to bind all races, classes and groups of men in a common purpose.

Dealing with the recent developments in the Y. M. C. A., Mr. Bommel pointed out that the Christian leaders in other lands saw the results of the "Y" work. They subsequently made an appeal for leadership, especially from this continent, and an international committee was formed and work started in India, China, Japan, "From this came a great living fellowship influencing world politics. The outstanding leaders in Chinese and Japanese representation at world conferences for war re-adjustments and the development of peace were largely made up of Y. M. C. A. workers," concluded Mr. Bommel.

I will be at my shop on Monday and Tuesday, April 4th and 5th, with a new selection of Coats and Suits priced from \$19.50, also shall have some new arrivals in Dresses, Silver Foxes and Smart Blouses, moderately priced.

RECORD AMOUNT OF WOOD GIVEN OUT IN MARCH

1,045 Loads Were Distributed by Police to Indigents Throughout City—Twenty-Two Arrests During March.

March witnessed the delivery of the largest amount of wood in a single month in the history of the police department, the report issued by Chief H. O. Camirand this morning revealed.

During that period 1,045 loads were distributed to indigents throughout the city, a total considerably ahead of February and twice the amount given out in March, 1931.

Apart from this phase of activity, things were fairly quiet at local police headquarters during March. Twenty-two persons were arrested, fifteen for drunkenness, four for vagrancy, two for infraction of the municipal by-laws and one for theft. Of this number, eight appeared before Recorder Forest and paid the fines imposed, five were taken to jail for non-payment of fines, six received suspended sentences, and one was transferred to another municipality and two cases are still pending.

During the month of March, the report further shows, there were forty-nine fire calls, forty-five police calls, 152 cases of protection, two ambulance calls, one case of goods exposed, four doors found unlocked after closing hours, seventy-five defective lights and five dangerous places noted, two stray animals found and 1,889 loads weighed on the public scales. One coroner's inquest was also held.

The collections for the month amounted to \$40.75 including the following: \$78 for the Recorder's Court; \$188.90 for scales; \$76 for rent; \$10 for the police department; \$60 for the fire department, and \$27.85 for the poor department.

AT THE CITY HALL

The great value of newspaper advertising was clearly demonstrated at the City Hall this morning when an elderly person and two young children approached the elevator man with the request to be conveyed to the Council Chamber. They wanted to see the Mayor's picture.

As the elevator was quietly proceeding on its way to the third floor of the building the man said: "We have been reading about the Mayor's picture in the Record, and thought we would like to get a look at it." After they have viewed the portrait to their satisfaction, they returned to the elevator, and on the way down expressed themselves as being highly pleased with what they had seen. The suggestion has been made, providing the number of visitors increase sufficiently, that descriptive pamphlets be printed and left on a table in front of the picture. These, of course, would be free, and would serve about by the city's unemployment relief programme which, of course, is an undertaking of necessity and benefit to the community at large.

The session on Monday evening will be the last regular meeting before municipal nomination, which

take place on Tuesday, April 12th. Were an election to take place, this would be held the following Tuesday. There will, however, be no contests this year.

FIRE IN RUBBISH CHUTE
A small fire broke out late yesterday afternoon in the rubbish chute in the building of M. L. Miller, situated at the corner of King and Gillespie streets. The local firemen were summoned to extinguish the blaze, and did so before much damage had been done.

IN MEMORIAM

In sad but loving remembrance of my beloved husband and father, Frank W. Dwyer, whom God called to his last resting place from earthly life on April 3rd, 1931.

Dearest husband and father how we miss you.
Since from earth you passed away,
And our hearts are aching sorely,
As we think of you each day.

You shall never be forgotten,

Tarzan

by EDGAR RICE BURROUGHS

© 1932, by Edgar Rice Burroughs, Inc. All rights reserved.

TARZAN NOW SAW CLEARLY THE MENACE THAT CONFRONTED THE COUPLE IN THE SLOOP AND . . .

COMMANDEERING THE MISSION MOTOR BOAT, HE SPED WITH HIS PIERCE HORDE TO THE RESCUE.

THE BRIDE AND BRIDEGROOM WERE ENTRANCED . . .

THE AL-ALBAS, HUNTING FOR THEIR LOST PRIESTESS HULVIA, HAD REACHED THEIR PREY.

IN A MOMENT, SHE WAS IN THE ARMS OF ONE OF THE SAVAGES, WHILE TOM WAS SWIFTLY PUT OUT OF ACTION.

THROUGH THE NIGHT THE AL-ALBAS SPED WITH HER . . . CLOUDS, COVERING THE MOON, HID THEIR ESCAPE.

WHEN TARZAN ARRIVED AT THE SLOOP, TOM, STILL STUNNED, COULD GIVE NO WORD OF THE CAPTURE OF HIS BRIDE.

AS THE MOON BROKE THROUGH THE CLOUDS, TARZAN SAW THE AL-ALBA CANOES IN THE FAR DISTANCE.

IT WAS DAWN AS TARZAN'S BOAT CAME WITHIN HAIL OF THE FAST CANOES, AND THEN, IN THE LANGUAGE OF THE AL-ALBAS, HE CRIED, "ARISE, GODDESS!"

AS HULVIA STOOD UP, THE RAYS OF THE RISING SUN MADE AN AUREOLE ABOUT HER.

THE BLACKS KNELT IN INVOLUNTARY WORSHIP. "WHAT IS YOUR WISH, ALL HIGHEST?" THEY DEMANDED.

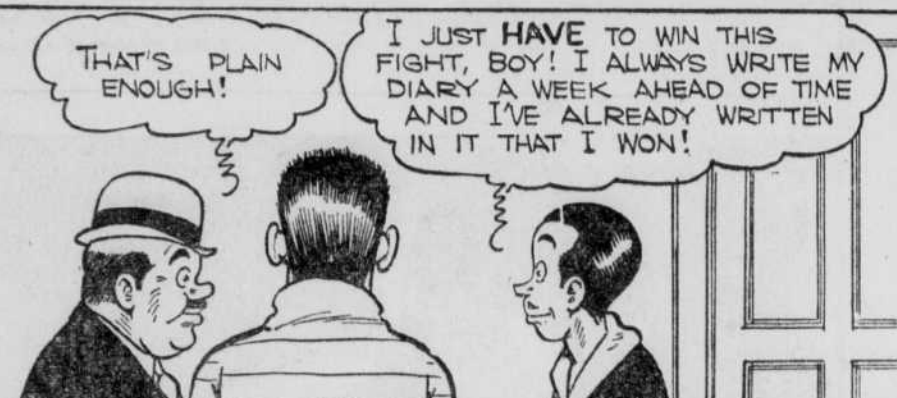

"MY WISH," SHE SAID, "IS THAT YOU BRING TO ME MY HUSBAND, WHOM YOU SHALL MAKE YOUR KING." 4/3

"Yes, sir, our baby didn't let me sleep all night."

"Then bring it to the office with you."

"Good morning, Mr. Hardy," said the vicar. "I haven't seen you at church lately. How is that?"

"I don't come to church to be insulted."

"Whatever do you mean?"

"Last time I came to church I was a bit late, and while I was waiting in the porch I heard you say, 'a fool.'"

"Yes, you did! I distinctly heard you say, 'There is no fool like the foolhardy.'"

YOU LOOK SO MAD IN THIS PHOTO CASPER!

I WAS MAD, TOOTS! THAT PICTURE WAS TAKEN THE DAY DONALD GAVE YOU A BIGGER VALENTINE THAN I DID AND THAT GOT MY GOAT!

WE GIRLS WORE SO MANY CLOTHES THEN WE ALL LOOKED BULKY! I WAS WEARING THREE OF THOSE DID THEY CALL THEM? LET ME THINK!

OH, YES—PETTICOATS!

THERE WERE FORTY OF US IN THAT CLASS AND WE ALL USED TO TELL WHAT WE INTENDED TO BE WHEN WE GREW UP! MY AMBITION THEN WAS TO BE A COP!

YES, WE WERE ALL SUCH GOOD FRIENDS THEN, BUT ONE BY ONE WE ALL DRIFTED APART!

—AND NOW NONE OF US EVEN KNOWS WHERE THE OTHERS ARE OR WHAT THEY LOOK LIKE SINCE THEY GREW UP!

I WONDER WHAT EVER BECAME OF THEM? I SUPPOSE SOME ARE MARRIED AND SOME ARE SINGLE; SOME MADE GOOD AND SOME DIDN'T! GEE, WOULDN'T IT BE GREAT IF WE COULD ASSEMBLE THE OLD CLASS TOGETHER AGAIN EVEN FOR AN HOUR JUST TO COMPARE NOTES!

DO YOU EVER WONDER WHERE YOUR OLD SCHOOL FRIENDS ARE NOW, AND WHAT THEY'RE DOING, DEAR READER? WOULDN'T YOU BE THRILLED TO SEE HOW THE KIDS YOU USED TO KNOW LOOK SINCE THEY GREW UP? THAT'S WHY TOOTS AND CASPER GOT SUCH A KICK OUT OF AGAIN SEEING DONALD DREAMER.

"Why do you want a divorce?"
"My wife is so obstinate."
"How is that?"
"She won't have a divorce."

"How do you manage to get all your fees, doctor?"
"Quite simple. I only treat mothers-in-law. If they are cured, the daughters pay; if they die, the sons-in-law pay."

MANY WILL GO TO QUEBEC CITY NEXT WEEK-END

Special Train, Bargain Round Trip Fare and Low Hotel Rates Will Prove Very Attractive.

Anyone in Sherbrooke and nearby points with a \$10 bill will be able to spend next week-end in Quebec, staying at the best hotels, and return home with a feeling that his or her money has been well spent.
This is made possible by a special trip arranged by the Quebec Central Ry. for the week-end of April 9th-10th. A very low round trip fare of \$2.50 from Sherbrooke and Lennoxville is offered, with tickets good going on Saturday morning or afternoon, April 9th, returning by regular or special train from Quebec on Sunday, April 10th, as well as by the 7:55 a.m. train from Levis the following Monday. Similar low fares are also being offered from other Quebec Central points as far south as Newport, and as far north as Thetford Mines and East Broughton.
Arrangements have also been made by the Quebec Central Ry. with the principal Quebec hotels, whereby anyone holding the return portion of an excursion ticket will be entitled to very low rates for the week-end.
These low rates represent the railway's and hotels' contribution toward enabling you to make an enjoyable trip to Canada's oldest and most interesting city at a figure well within the reach of everyone.
Y.M.C.A. FINANCIAL CAMPAIGN
On Monday the Y.M.C.A. will open its fifty-seventh appeal for support to the local organization, when sixty workers will visit the many friends of the Association for financial support. In this effort the Board would appreciate the help of any and all the citizens of Sherbrooke.

MILD WEATHER WOULD BENEFIT RETAIL TRADE

Disappointing Weather During Easter Week Retarded Retail Sales of Wearing Apparel to a Marked Degree.

Retail sales of wearing apparel were disappointing during Easter week, largely as a result of the unusual weather conditions. Buying generally was held back and aggregate volume of business was less than the previous year. The past week has been more spring-like and a better demand has developed for millinery, footwear and spring garments, comments Dun's Review.
Seasonal dry goods have been moving slowly, city trade has shown little activity and wholesalers report travellers' orders below recent averages. The only feature of prominence in the wholesale grocery trade is a further reduction in sugar prices of 10c a cental, standard granulated now quoted at \$4.60. Distribution of staple lines continues at close to normal.
Trading in butter and eggs on the provision market has been fairly active, with an easing off in prices of both commodities; movement of cheese is slow. Local demand for butter is moderate and export trade negligible. Shoe manufacturers have been forced to slow down on production until stocks of spring lines in hands of retailers are further liquidated.
There is as yet but little indication of any resumption of building activities on an important scale, no large projects are heard of and present operations are confined principally to dwelling construction. Conditions in the lumber trade continue unsatisfactory.
Twelve district failures are listed for the week, with a total liabilities of \$64,000 and for the preceding week thirteen insolvencies with liabilities of \$500,000.

DEATH CLAIMED NATIVE SON OF THIS DISTRICT

Lieut.-Col. Thomas Page Butler, Whose Death Occurred at Montreal, Was a Native of Kingsley.

At all too frequent intervals reports are received of the death of some former resident or native son of the Eastern Townships who, during a long and distinguished career in some other section of the province or Canada, has brought honor to this district.
The last name to be added to this list is that of Lieut.-Col. Thomas Butler, K.C., D.C.L., whose death at Westmount has caused the removal of one of the most prominent figures in legal and military circles of Quebec Province.
Col. Butler, who was a veteran of the Fenian Raid and in his eighty-seventh year, was born at Kingsley, Que., in 1845. He was the son of the late Rev. John Butler, who was appointed principal of Lennoxville Grammar School, now Bishop's College.
Col. Butler first entered the Lennoxville Grammar School; from 1854 to 1858 he studied at the Classical School of Hamilton, Ont., and from 1858 to 1861 he received private tuition from his father. He received a first-class certificate from the Board of Education at Ottawa in 1861. The following year he was master of Torbolton School in Ontario. The same year, 1862, he matriculated with his Arts degree from the University of Toronto, and the faculty of law at McGill College, and commenced studying for the Bar.
He was private secretary to the late Sir John Abbott, with whom he studied law, when the latter was appointed Solicitor-General of the province, 1892-93. Three years later he entered as a cadet in the Montreal Military School.
Called to the Quebec Bar in 1896, he was created a K.C. the following year. During his earlier years he was associated with the

The flat hand is the best corrective, whilst a boy is yet of school age.
MRS. E. H. THOMAS WAS BORN AT WEST SHEFFORD
Mrs. Elizabeth Henry Thomas, whose death occurred at Montreal on Wednesday evening, was born at West Shefford some eighty-two years ago, but had spent the greater part of her long and useful life in Montreal. Her husband during his life-time was a prominent Montreal contractor.
Mrs. Thomas graduated from the McGill Normal School in 1869, after which she became prominent as a teacher. Greatly interested in education, she studied under Professor J. Andrews, and became favorite elocutionist in the city during the 60's and 70's. Surviving are eight children.
NORMANDIN-TURCOTTE VERY MUCH ALIVE UNDER NEW DIRECTION
Mr. A. Martin, former manager of the Montreal store and now the new representative and owner of Normandin-Turcotte Limited in Sherbrooke, has contributed the following sketch:
A humorist, reading a notice of his death in a newspaper one day, remarked that "news is some times slightly exaggerated."
"We, also, wish to assure our friends in a few words if someone has given them the impression that our business on Wellington street has ceased. We wish to announce that we are alive, very much alive, more alive than ever, and here is the convincing proof:
"Our work shop for wholesale manufacturing is in full activity and the orders we now have on hand are sufficient to keep us busy all summer. We make coats in Sherbrooke for one of the best firms in Canada, known for its styles, the beauty and the quality of its products. Our retail trade is above normal for this season of the year. It must be admitted that for a supposedly quiescent firm, we are rather lively."

Two years ago, if anyone had told me such a thing could happen, I would have said it couldn't be done.

The depression has made men THINK. And being forced to think, we have found new ways to overcome obstacles.

In creating the New Plymouth we had the problem of incorporating many new and important engineering improvements in a bigger and better automobile—of creating greater value.

In prosperous times we never could have done it. But under the pressure of adverse conditions we discovered necessity was the mother of INVENTION and that the seemingly impossible COULD BE DONE.

When you see this car, I ask particularly that you note its larger, roomier body. It is a BIG

Floating Power... a revolutionary engine mounting that does away with vibration completely.

I think you will be impressed by the wonderfully easy-riding qualities of the New Plymouth. In my opinion you will find it is the most comfortable car you have ever driven.

Also, you can't help but be impressed by its extreme ease of handling. With the new Automatic Clutch it is almost effortless to drive. The Hydraulic Brakes make you safer and surer.

But I am really publishing this advertising to get you to go and SEE this car. After all, seeing is believing, and like myself you never would have believed it possible.

DEATHS REPORTED

MRS. D. W. BLUNT, FOSTER, Que., April 2.—This community was saddened on Saturday, March 19th, by the unexpected death of Mrs. Mary Abigail Dixon, widow of the late D. W. Blunt which occurred at the home of her son, Mr. Leon Blunt, Maplewood, Avenue, Montreal, where she had been visiting for the past few months.

The deceased was born in 1865 and was the daughter of the late Mrs. Blunt spent her childhood days until her marriage in 1884 to Delbert W. Blunt. They then lived on the Blunt homestead in West dolet (now owned by Mrs. W. H. Goddard and son), for a number of years then moved to this village where they were living at the time of Mr. Blunt's accidental death in 1908. Mrs. Blunt continued to live here, with the exception of the past few winters which they spent in Montreal with her son and family.

A service was held at Montreal on Monday evening, March 21st, which was very largely attended. Rev. L. A. MacLean, of the Cote de Neiges United Church officiated. The remains were conveyed to their residence here on Tuesday morning. The funeral service was held at the Creek United Church at 1:30 o'clock the same afternoon. Rev. W. H. Thompson incumbent of the church conducted the services. The following hymns were rendered by the choir, "Abide With Me," "Jesus Lover of My Soul," and "Rock of Ages."

The bearers were Mr. F. H. Mizener, of Knowlton; Mr. F. G. Johnson, Mr. E. W. Taylor, Mr. Wm. Allen, Mr. V. J. Allen and Mr. Hiram Williams.

The funeral directions were under the direction of Mr. J. J. Patterson, of Waterville.

The floral offerings, which were

both numerous and beautiful, showed the esteem in which the deceased was held. She had been a lifelong attendant of the Methodist Church and was a member of the Ladies' Circle of the Creek Church, where she will be sadly missed.

Among those from out of town attending the funeral were Mr. and Mrs. Leon Blunt, Miss Barbara Blunt and Mr. Longstaff, of Montreal; Mr. and Mrs. Guy Duboye, of Verdun; Mrs. M. Bannister, of North Troy, Vt.; Mrs. S. M. Mason, Newport, Vt.; Mrs. James Robinson, Sweetburg; Mr. and Mrs. Ernest Chamberlain and Mr. F. H. Mizener, of Knowlton; Mrs. S. Booth and Miss Hazel Booth, of Sutton; Mr. and Mrs. A. Duboye and Mr. and Mrs. A. G. Davis, of Duboye's Corner, and Mrs. Mrs. Orval Quilliams, of South Stukely.

Burial took place in the Creek Cemetery beside her late husband.

MISS MATILDA DENNIS SCOTSTOWN, QUE., April 2.—The funeral of Miss Matilda S. Dennis, whose death occurred at her late residence, 630 De L'Espece Avenue, Outremont, after a few days illness, was held from St. Andrew's United Church, Scotstown, on Monday, March 28th. Rev. D. Robertson conducted the service in the presence of a gathering of old friends, who paid their respects to one whose early life was so closely connected with Scotstown.

Born in Manchester, England, deceased came to this country with her parents when a child, settling in Scotstown, where she received her early education. The sterling quality of her character, shown even at an early age, won for her the love and respect of those who were privileged to know her best. Even though she had been absent from the town, she had continued to hold an assured place in the hearts and thoughts of her old friends. In her Scotch profession of teaching, she established a splendid record. She began her teaching career in Scotstown, and today there are men and women in our midst who are all the better for having come under her training and influence in early life.

After leaving Scotstown, Miss Dennis went to Kingston, where she was on the staff of the High School for two years. Then she entered the

LEGISLATIVE PROGRAMME IN NEW BRUNSWICK LIGHT

Fewer Bills Than Usual Presented and Passed at Second Session of Tenth New Brunswick Legislature.

FREDERICTON, N.B., April 2.—The New Brunswick Legislature, which has been prorogued after completing a session of five weeks and a day, the second in the term of this the tenth House of Assembly since the abolition of the Legislative Council, has passed ninety-seven bills in the ordinary course of the business of the House, with two other bills relating to supply not included in the list, introduced today. Ninety-eight bills were introduced but one was withdrawn. This is a smaller number than usual, the House passing one hundred and ten last session of a total of one hundred and eighteen introduced.

FURTHER HEAVINESS TODAY ON WALL STREET EXCHANGE

NEW YORK, April 2.—The stock market showed further heaviness today, influenced by more active selling of the rails. Short covering in the second hour brought some recovery but trading turned dull on this improvement. At the early low, Union Pacific was four points off while Santa Fe, New York Central, Missouri Pacific preferred, Southern Pacific, New Haven and Norfolk and Western were off a couple of points. Union Carbide, American Can and Allied Chemical also lost two and J. I. Case was down more than three.

UNITED STATES TAX PROPOSALS WORRY MARKETS

Poor Financial Showing by Corporations and Prospective Tax on Stock Transfers Led to Decline of Stock Prices.

TORONTO, April 2.—A general decline in prices of Canadian industrial, oil and mining stocks on Montreal stock exchanges this week constituted the most severe test of confidence the market has experienced in months. It was not a pleasant picture to those who have hoped for a "spring recovery" in security values, but study of the week's events indicates the most severe losses occurred in inter-listed stocks which are sensitive to developments in New York. Ford of Canada "A" C.P.R., Canadian Traction, Smelter, Noranda and other well known issues were among the leaders of the downturn.

Recognition of the fact that foreign developments were responsible for many of the market's difficulties stemmed the tide of liquidation by Canadian security holders. The latter have not lost confidence in the recuperative power of the Dominion, however, state, but it was too much to hope the Canadian markets could maintain their price levels in the face of highly disturbed security markets elsewhere. New tax proposals affecting stock transactions as well as industrial operations were announced in Washington, wheat prices moved downward, and there were the usual announcements of dividend reductions and ommissions among important United States concerns. Also, there was little or no sign of improvement in industrial conditions in the United States, and this was reflected in more aggressive tactics by the short interest on the New York Stock Exchange.

But it was the stock market that once more assumed a dominant place in Canadian financial and business affairs. Early in the week traders here were not fully aware of the possible effects of the Washington tax plan on the stock market. When New York issues commenced their decline there was some evidence of resistance at Toronto and Montreal, but by Friday the Canadian list had given up the struggle to maintain independence. Consolidated Smelters' shares were the most sensational feature of the break when, following the appearance of the company's financial statement the stock collapsed under a flood of selling that sent the price to \$40. Closing sales on the Toronto Stock Exchange on Friday were made at \$46, a net loss of \$15 for the day, and a decline of more than \$20 from last week's price.

C.P.R. shares encountered selling that reflected the break in Smelters, a C.P.R. subsidiary. The railway issue at fifteen shows a loss of nearly a point compared with last week's price, but in the light of pressure against rails is relatively favorable.

Ford of Canada "A" dropped sharply in Friday's trading as the culmination of easier price tendencies earlier in the week. The appearance of the company's new model was discounted by the stock market some time ago, but the fear that price competition in a popular priced car field might be reflected in a drop of various companies, including the Ford organization, led to some selling of the stock.

Ford of Canada "A" dropped 3-4 points on Friday to 11 3/4 against 15 last week. Brazilian Traction closed the week at 10-8 against 12-2 a week ago and other investment stocks to lose ground. Bell Telephone, down 1-2 points, at 102, and Goodwin Time, which broke from 82 last week to 75 on Friday, although it was not heavily traded.

Walker's shares were among the few issues to display relative stability, and while the old shares were among the most active issues of the list, the price remained at 3-8 compared with 3-2 a week ago. International Nickel was also fairly steady at 8-18 against 8-7-8 last week.

Steel issues experienced a mild revival of interest late in the week, but trading left the group leaders slightly lower in price. Steel of Canada common at 21 7/8 compares with 23 last week. Page Hersey Tubes has declined from 3-4 to 55, and Pressed Metals at 9-14 compares with 10 last week. Oils were not among the leaders of the Canadian market in point of activity, but they were sensitive to the decline of the general list and experienced definitely weaker tendencies on Friday. Mining issues were adversely affected by low base metal prices and the continued absence of revived business activity which would bring with it a further demand for copper, lead and zinc. Noranda sold at \$17.10 a week ago, whereas it is now quoted at \$16.80, and among the golds there were few which escaped the general weakness.

HERRIOT PARTY CONFIDENT OF ELECTION GAIN

Followers of Former French Premier Are Confident They Will Win Thirty Seats in French Elections.

PARIS, April 2.—Radical Socialists, under the leadership of former Premier Edouard Herriot, are entering the French general election campaign in the confident belief that they will make a net gain of around thirty seats in the polling on May 1st and May 8th. They are counting on a net gain of seven seats in the western constituencies, four in the east and twenty over the rest of France. Any such gains would give the Radical-Socialists a representation of 140 in the Chamber. Almost certainly, that would mean the overthrow of the Tardieu Government and the formation of a new government more strongly Left in its complexion, with Herriot or possibly Joseph Paul-Boncour as Prime Minister.

Edouard Daladier, former leader of the Radical Socialists, claims that if the parliamentary elections follow the last municipal elections, Radical Socialists will have 190 seats in the next chamber.

"But one never knows," as the Radical Socialists themselves admit. In the general elections of 1924 an alliance of advanced parties known as the "Left Cartel" defeated the National bloc, and Herriot headed a government roughly equivalent to a British Labor Government. Definitely anti-clerical, the Herriot Government held office for a stormy three months, then fell. It was followed by a political uncertainty and shifting cabinets. With the franc once as low as two cents, (it is now stabilized at four cents), France faced bankruptcy. Poincare formed his cabinet of National Union. It included six former premiers, of whom one was Herriot, the others being Poincare himself, Barthoin, Briand, Painleve and Leygues. Its policy was one of "save the franc". In the general elections of 1928 it received a decisive vote of confidence. The Radical Socialists lost nineteen seats.

In the present fight both the Radical-Socialists, led by Herriot, and the more advanced Socialists of Leon Blum are emphasizing the "Left Cartel" is in view. On that, both headquarters are definite. Both parties claim they will have more than five hundred candidates in the field, fighting under their own flag and for their own programme.

That is, for the first ballot. For the second ballot the Socialists of Leon Blum intend to change their tactics.

And here lies the secret why the Left wing groups so strenuously oppose the Midebel Bill, which would have established a single ballot election after the British and Canadian fashion, made voting compulsory and granted votes for women.

Under the French electoral law as it stands, there are two ballots, taken a week apart. In the first ballot, a candidate to succeed must have an absolute majority. In other words, his poll must more than equal that of all his opponents combined.

If no candidate gets more than fifty per cent of the votes cast, there is a second ballot in which a relative majority is sufficient. A candidate need only head the poll. Between the first and second ballots, candidates may retire or change, providing they do so not later than the evening of the Wednesday preceding Sunday, the polling day. Thus there is opportunity between the two pollings days for withdrawals and bargains.

Now, while the Socialists of Leon Blum intend, according to their own declarations, to fight all around in the first ballot, they have in the second ballot will be thrown against "the forces of reaction." Where the vote secured by their candidate in the first ballot shows that he has no chance of election, they will withdraw him in favor of the candidate, whatever the color he may fly.

"We have decided, first of all, to quote Leon Blum himself, 'that when we are faced with the peril of reaction in the second ballot, it is the duty of the Socialist party, not only toward others but toward itself, toward the working class, to ensure that reaction is checked.' And what does the word 'reaction' mean? Some of our comrades would like to have the term clearly defined. We feared, that ever the definition might be, that it might be either too wide or too narrow. Reaction cannot be defined so easily. But we know it. We feel it. Our local federations know the reactionary. We know the men. We know their past and present opinions. We know why they are to be feared. We know who is the most dangerous enemy."

"Consequently, we have decided on this formula: 'Defeat reaction.' We are leaving its definition to the prudence and experience of our federations. And the candidate best suited to defeat reaction will, in the second ballot, be our candidate. It is this candidate, whatever he may be, Communist, Radical or simple Republican, who will become our instrument to strike down the reactionary who is hostile to the Republic and to Socialism."

In the general elections of 1928 candidates were successful in the first ballot. In 428 constituencies a second ballot was necessary. It is therefore in the second ballot that the real fight may be expected. Unless there is such a sweep as nobody present expects, successful candidates in the first ballot will be confined mainly to party strongholds.

The second ballot will be the big war.

Eugene Palette, Clive Brook, Marlene Dietrich, Anna May Wong, and Emil Chautard are here shown in a scene in Shanghai Express which will be the feature attraction at the Granada Theatre starting tomorrow until Tuesday.

ANDREW MELLON HAS LEFT FOR HIS NEW POST

Sailed Yesterday for England to Assume Duties of United States Ambassador to Court of St. James.

NEW YORK, April 2.—Andrew W. Mellon, new United States Ambassador to Great Britain, sailed yesterday for London, convinced he will enjoy the experience that awaits him.

"I have spent a great deal of time in England and, of course, I like it there," he said while bidding goodbye to a queue of friends.

As for the problems he will encounter as Ambassador to the Court of St. James, he said, "at present there are no important questions pending."

Asked whether he would follow a custom of wearing knee breeches at court, he said it was "a problem I don't know any more about than you do."

ADVISE A CUT IN ACREAGE OF PIPE TOBACCO

Department at Ottawa Suggests that Quebec Reduce Its Production by One-Half

OTTAWA, ONT., April 2.—The only recourse which producers of pipe tobacco in the Province of Quebec have is upon the Eastern Canadian market, according to a bulletin issued by the Division of Extension and Publicity of the Federal Department of Agriculture.

During the past few years the demand for these tobaccos has tended to decrease. Large stocks of old crops remain unsold in the hands of the growers and packers. These stocks are conservatively estimated at two and one half million pounds. The final result has been a severe drop in farm prices from an average of 28 cents for the small average variety in 1928 to about eight cents in 1931. It is evident that no improvement in prices will occur until these large reserve stocks are reduced. The acreage must be cut down to one-half of that grown in 1931, if this is to be accomplished.

The situation is further complicated by the large over-production of Burley in Ontario in 1931. This over-production is estimated at about four million pounds. In the raw leaf market Burley competes directly with the Quebec pipe tobaccos. In addition there are considerable stocks available of the pipe grades of cigar leaf. These also tend to check the sales of the Quebec pipe tobaccos. It is evident that a reduced production of all the Canadian pipe tobaccos is necessary before farm prices can improve.

One of the most serious problems facing the Quebec pipe tobacco industry is the lack of quality and uniformity in the crop. Too many varieties and strains are being grown and a considerable quantity of mixed seed is being used. Careful study by the Dominion Department of Agriculture over a long period of years has resulted in the selection of four varieties as best suited to Quebec conditions. These varieties are: Belge 3007, Dardun d'Italie, Petit Havana and Canelle. Growers of pipe tobacco are urged to discard all other strains and use seed of these varieties obtained from a reliable source. Furthermore, a reduction in the planted acreage will prevent overcropping of the farms and consequent leaf spoilage. These measures will improve the quality of the crop.

PRICES AND DETAILS OF SHERBROOKE MARKET

Fresh maple sugar and syrup were offered for sale at a variety of prices at the Sherbrooke market yesterday, and this product featured trading activities. Syrup sold at \$1.50 and \$3.00 per gallon and sugar from fifteen to thirty cents a pound.

Trading was generally quiet and prices steady. Strictly fresh eggs dropped slightly, selling at twenty-five to twenty-eight cents a dozen, compared with twenty-five to thirty cents the previous week. Pullets' eggs were offered at twenty-three cents a dozen, as against twenty-five cents last week.

Registered at the Lansdowne market yesterday were fifty-two carcasses of beef; 280 of pork; 110 of veal and four of lamb and mutton. Last week, the receipts were, thirty-five carcasses of beef; 175 of pork; ninety-eight of veal and nine of lamb and mutton.

The following are the prices of flour and feed grain in car load lots, delivered F.O.B. Montreal furnished by Hubert Ames, local grain broker:

Flour, first patent, \$2.50 jute bags.

Flour, second patent, \$2.20 jute bags.

Barley, \$2.475 per ton.

PROVINCE HAS ADOPTED EIGHT HOUR DAY PLAN

Step Announced for All Government Building Enterprises—To Maintain Present Hourly Wage Scale.

MONTREAL, April 2.—The Provincial Government has decided to establish the eight-hour day on all building enterprises under its jurisdiction and this policy was definitely inaugurated yesterday—April 1. The step is being taken, declared Gerard Tremblay, deputy Minister of Labor, in order to combat unemployment and in accordance with suggestions made by organized labor and by economists. It has the hearty approval of the Prime Minister and his colleagues, he said.

The change was first made known when Hon. C. J. A. Tremblay, Minister of Labor, in considering the annual revision of the wage schedule, made in February, instructed Achille LaFrance and Pierre Gosselin, the fair wage officers of the Montreal and Quebec districts, to insert in it the eight-hour clause.

The hourly rate of wages will remain unchanged, announced the deputy minister yesterday, and all contracts granted before April 1 or under execution at that date are not affected. This reservation is made in fairness to contractors who, otherwise, would have to meet charges which were unforeseen when preparing their bids.

The province is divided into two main districts for the application of the fair-wage scale, Montreal and Quebec, and there are three sections, namely, Montreal and Quebec, cities of lesser populations and the rural districts.

LOCALS FACE A SMALL DEFICIT IN FINAL GAME

Sherbrooke High Lost Opening Fixture of Two-Game Series to Gleebe Collegiate, Ottawa Valley Champions, by Score of 43 to 37.

Gleebe Collegiate, Ottawa Valley's junior representative squad in the Dominion junior basketball playoffs, gained a leg in their elimination round with the Sherbrooke High School, Quebec provincial champions, by defeating the local aspirants by 43 to 37 in the opening fixture of the two-game series between the two aggregations here last night. Assuming an early lead after five minutes of play, the Ontario squad withstood the garrison finish staged by the local standard bearers and will carry a six-point lead into the second encounter this evening.

Playing far below the standard they established to capture the provincial crown by stifling the obstacles placed in their path by Quebec Y. M. C. A. and the Young Men's Hebrew Association Whites, the local students were badly outclassed by the Bytown quintette in the first half and only showed flashes of their true form during the latter stages of the encounter. Wild passes, poor combination, weak shooting and inability to capitalize the free throws awarded them on fouls played major roles in Sherbrooke's downfall. Their mediocre exhibition, in the face of Ottawa's scintillating play, left little doubt of the outcome before the half-way mark had been reached.

Unhindered by their strange surroundings and playing on a surface much smaller than the floor they are accustomed to, Coach Bob Campbell's charges assumed the offensive from the opening whistle and maintained their margin throughout. Taking full advantage of all their opportunities, the visitors went into the lead before five minutes of play had elapsed and maintained the same pace to thwart the eleven-hour rally staged by the home team. The record crowd which witnessed the proceedings saw a close and hectic second half which counterbalanced the one-sidedness displayed in the initial frame.

Gleebe earned the decision by its superiority in sinking foul shots. Both teams notched seventeen baskets from the floor, but the visitors capitalized nine of the fifteen throws they were awarded, while Sherbrooke registered but three of their nine chances. Captain George Laughren set the pace for his team and was tied with Ken Ross for the individual scoring honors of the evening. The tall centre ran wild to account for nineteen of his team's aggregate, while Ross, showing little effect of the lay-off necessitated by illness, was credited with a similar number of points. Bill Cowley, waiting left forward, played a steady game to earn second place on the scoring list with thirteen points, five of which were free throws.

Bob Dunsmore played far below his usual form and his scoring was restricted to eight points. Closely guarded by the well-knit Ottawa defence, Dunsmore's effectiveness was reduced considerably. Ernie Hall played a good game as Ross' mate but his height prevented him from breaking away from the tall Ottawa rear guards. Hall was credited with six points, while Horvath gathered in the remaining four. Horvath proved the greatest disappointment and failed to deliver the goods as he has during the past season. His passing was ragged, while his long-range shooting lacked the accuracy which placed him as high scorer on the team. Captain Paul McKenna afforded smaller protection to the High basket but was unable to prevent the fast visitors from capturing precious rebounds.

Ross' shooting was a treat to watch. Firing from every imaginable angle, the speedy forward sank several seemingly impossible shots. His nineteen points were secured by means of nine field baskets and one free shot. Charlie Jowett and Syd Ball were the only substitutes used by Coach Loomis, but both substitutes were unable to contribute to the home team's total.

Catch Campbell made use of Walter Perkins and Wilbur Nixon in relief roles, the former securing two points through foul shots, while the latter obtained a field basket.

Bob Dunsmore tallied the first two points of the game shortly after the opening whistle when he sank two foul shots. Laughren equalized with a field basket, but Hall replied with a similar effort to put Sherbrooke two points up. Ross increased this margin when he replaced Jowett, on a beautiful effort from the side. Baskets by Higgs, Hall and Laughren cut the local students' lead, which was equalized after seven minutes by Higgs. Cowley gathered in four points in a row, and Sherbrooke called time out at the ten-minute mark, after Laughren had made the score 14-8 for Gleebe. From this stage the visitors maintained a ten-point lead and at half-time they left the floor twelve points ahead.

The spectators were continually on their feet during the second half and their enthusiasm reached its climax as the timekeeper's watch showed one minute to go. By degrees the High School machine began to function more smoothly and the gap separating the two teams was slowly reduced. Half of this frame had elapsed before Sherbrooke began to hit on all cylinders and creep up on their opponents. The twelve-point lead was slowly whittled, and Gleebe called time out after a rally had placed the High two points in the rear with a minute left to play.

A finish such as featured the closing minutes of the fixture with the Hebrews in Montreal seemed destined to afford the finishing touches to the battle. However, the

short rest gave the visitors a breathing spell, and interrupted the scoring spree. As play was resumed, Nixon and Laughren broke away to add four points to make the final count 43 to 37 for Gleebe. The game was capably handled by Athol W. Seaman, of Montreal, a member of the advisory board of the Province of Quebec Basketball Association. The fixture required strict handling and the impartial manner in which Mr. Seaman discharged his duties drew the approval of both teams.

The box score was:

OTTAWA SQUAD PRESENTS WELL BALANCED TEAM

Gleebe Collegiate Captured Thirteen of Fifteen Games in the Eastern Ontario Interscholastic League and Rule Slight Favorites.

Gleebe Collegiate, junior contenders for the Dominion basketball crown from Ottawa Valley, enter the second fixture of their elimination series with the Sherbrooke High School this evening as slight favorites on the showing they made to hand the Quebec junior title-holders a 43 to 37 reverse in the initial encounter here last evening. However, the High School boys are still confident that they can overcome this six-point handicap and advance in the quest of Canadian honors. In the final of last evening's game the local aggregation gave timely notice that they would be in tonight's game until the last gun.

The Ottawa Valley representatives demonstrated to the fans last evening that they are a smart cage machine. Accompanied by their coach Bob Campbell, the visitors created an impressive record before they convinced the Ottawa authorities that they were qualified to enter the Dominion junior playoffs. There was no junior league in Ottawa this year and the Gleebe boys contented themselves with the competition they received in the Eastern Ontario Interscholastic loop. They played fifteen games, according to Coach Campbell, and lost but two fixtures. In the finals they captured the bunting by defeating Brockville.

Captain George Laughren and Bill Cowley form the nucleus around which the team is built. They are the only two players who played as regulars with last year's quintette. Benoit and McKnight played in relief roles on the junior unit last year, while the remainder of the aggregation have graduated from juvenile ranks. The two principal performers are also prominent in other branches of athletic activity. Laughren is a track star who captured individual honors at the McGill meet last fall, while Cowley played regular centre for the Ottawa All-Star hockey aggregation which toured Europe this winter.

"The smaller playing surface and foreign surroundings will naturally offer handicaps," Coach Campbell, who has been physical instructor at Gleebe for the past ten years, stated before the game. "The Sherbrooke Y.M.C.A. floor is about fifteen feet shorter and five feet narrower than the gym to which Gleebe is accustomed. Our squad carries an average weight of 150 pounds, while the average height

GERMAN AGAIN WON BILLIARD TITLE
NEW YORK, April 2.—Albert Poesen, of Germany, won the world's amateur 18.2 ballline billiards championship for the second year in a row last night, defeating Gustave Van Belle, of Belgium, 400 to 180, in seventeen innings in a play-off.

BASEBALL TEAM WILL HOLD MEETING FOR RE-ORGANIZATION

The Notre Dame baseball team, which created an impressive record on the diamond last summer, will hold a meeting tomorrow morning in the Howard Club headquarters, Galt-street, when it will be decided whether the squad will continue operations this year. Every prospective candidate after "Babe Ruthian" honors is requested to attend the meeting.

Should the team decide to continue, an annual meeting will be held later for the election of officers.

BOWLING

SILK PRODUCTS TAKE DECISIVE VICTORY

Canadian Silk Products, champions of the Sherbrooke Industrial Bowling League, scored a decisive three-string victory over Kinkead's. The Toronto squad, led by Page with the high three-string total of 545 and Bousquet with the high single-string of 194, coasted along to a victory which left no doubt concerning their superiority. Charlie Kinkead was somewhat off his game, and the best he could roll was 143, far beneath the mark he established during the season. The presentation made Charlie at the annual banquet must have been too much for the jovial tobaccoist.

The scores in the game were:

is five feet ten inches." After the game, Coach Campbell was heard to remark "A six-point lead is only good with ten seconds to play. At other times, it is often a mis-lead."

The round score on the two-game series will decide the winners, who will then tackle the survivors of the Toronto Elizabeth Windsor, Ont., eliminations. This evening's game will also be handled by A. W. Seaman.

LEAFS FAVORED IN FINAL GAME THIS EVENING

Toronto Expected to Eliminate Maroons on Home Ice Tonight and Represent Canada in Finals Against New York.

TORONTO, April 2.—Canada's entry in the Stanley Cup final will be decided in Toronto tonight when Sprague Cleghorn leads his Montreal Maroons on the ice for the second game of the total-goal series with the Toronto Maple Leafs. Holding Maroons to a one-all tie on their home ice on Tuesday, the Leafs are favored to eliminate the Montreals and advance into the cup finals against the New York Rangers.

The "sold-right-out" sign decorated the doors of the Gardens soon after the seat plan went on sale Thursday, and from advance notices the game will draw the largest crowd to ever witness a hockey game in Toronto. Following the gruelling test in Montreal, Toronto returned home with only two minor casualties in their ranks. King Clancy, rugged defenceman, is suffering from a bruised spine as a result of a fall, while Andy Blair is carting around two stitches in his leg from a deep skate gash. Both will be in the game, however.

George Mallison, Montreal, and Mike Rodden, Toronto, officials in the first game, will also officiate tonight.

MEMORIAL CUP AT STAKE THIS EVENING

WINNIPEG, Man., April 2.—With the Memorial Cup, emblematic of the junior hockey championship of Canada at stake, the Winnipeg Monarchs and Sudbury Wolves meet here tonight for the second game of the final play-offs. If Monarchs win tonight, the cup stays in Winnipeg, whither it was brought last year by the Elmwood Millionaires. If Sudbury wins, another game will have to be played, for Monarchs took the first of the two out of three series on Thursday night.

The small and speedy Sudbury lads showed in the first game that were not overawed by the size of

MOTHER AND THREE CHILDREN MET TERRIBLE DEATH

PORT JEFFERSON, N.Y., April 2.—Mrs. Orna Brand, 29, and her three small sons were burned to death early today when their two-story frame home at Port Jefferson Station, two miles from here, was destroyed by flames. The blaze was believed by firemen to have been started by an overheated furnace.

the Monarchs, an unusually heavy junior team. They fought right to the end and the best the Winnipeggers could do was win by a one-goal margin at four to three.
