National President W.C.T.U. Gives Splendid Talk at Convention at Ormstown

Large Attendance of Delegates From All Parts of Province to Hear Reports

The Quebec Provincial Woman's Christian Temperance Union held its 64th Annual Convention in St. Paul's United Church, Ormstown, on Tuesday and Wednesday of the past week with a large attendance of delegates from all over the Province.

Mrs. Lade of Vancouver, B.C., National President, was present and gave a splendid talk on the work.

Following the expression of loyalty to King George VI and Queen Elizabeth, the Convention was called to order by the Provincial President, Mrs. R. J. Blair, B.A.

The Treasurer's report as read by Mrs. J. G. McWhinnie showed a substantial balance to be in the bank. A legacy of $1000 has been left by Mrs. L. Geggie of Quebec City. This is to be used for organization work in the Province. Despite the loss of 26 members by death during the year, membership has grown with one new Union being formed in Ville LaSalle. Another one is to be formed shortly in Brome County.

Several Unions have gained new members, but Summerlea Union won the Silver Cup and the $10 donated by the Province for the greatest increase in membership. They had an increase of 50%. These prizes were presented to Mrs. R. Stencil, President of the Summerlea Union. Mrs. M. Reese of Athelstan gave the report of the Loyal Temperance Legion.

The Address of Welcome was given by Mrs. J. A. McNeil, of Ormstown, to the delegates. Mrs. S. Cockrane of Thurso replied.

Reports of the Dominion Convention held in Toronto last September were given by six ladies in a panel discussion. The President's address then followed:

President's Address (In Part)

Another year has come and gone and in Temperance work we note progress along many lines. A new drug called Antabuse has been discovered in Sweden. On February 21st all drug stores in Canada were permitted to sell this by prescription only. One dose plus a small drink and the drinker does not want to see or taste alcoholic drinks.

Dr. Erik Jacobsen treated 500 alcoholics and twelve months later 450 had a loathing for alcohol. It is not a cure, but the patient can undergo psychological treatment if he so desires. It is not habit-forming and it has no effect on the patient's health if properly administered. An official of the A.A. groups say that their toughest problem has been in getting alcoholics to a state where one can reason with them.

A new projector has been purchased in Montreal and recently over 800 pupils in Lachine Schools have seen Temperance Films. Prizes have been given in other Unions for essays written after the children saw the films. We hope many Essays will be written. We also hope that several Temperance Stories will be written by children of High School age.

The Press is more and more giving space to Temperance items. In the Montreal Star of April 14th, there appeared an article entitled Alcoholism War Planned. Unique Appeal Drafted for New York City. It goes on to say that the National Committee for Education on Alcoholism will begin on May 19 a campaign in New York to raise $100,000. It intends to place its containers to receive nickels, dimes and quarters in the city bars, taverns and package stores and other prominent places. The containers will be labeled "You can drink. Help those who can't. Alcoholism is a disease." Mrs. Mann of the A.A. says some owners of establishments selling liquor appeared reluctant to display containers. She says:—"I suppose they are afraid of reminding their patrons that there is such a thing as Alcoholism." She added that many owners had received the idea enthusiastically. The containers will also appear in railroad and air terminals, department stores, hotels and restaurants. If the drive is successful there in New York it will be extended to other cities in the States.

A few years ago papers would not have published such an item. The Brewers in the States and Canada also acknowledge that Temperance is a thing that must be considered if public opinion against them does not grow too strong.

Plans for the organization of women in the States to counteract the activities of the W.C.T.U. were approved at Milwaukee last Fall by representatives of state councils of the C.I.O. United Brewery Workers' International Union. It was stated that an anti-prohibition group around a nucleus of some 150,000 wives and relations of Union Members would be formed. From this initial group it is planned to expand the organization to include all women who feel "that moderation and temperance in the use of alcoholic beverages is better than prohibition."

Is control of the liquor traffic and temperance education needed in Canada? The consumption of beer has risen sharply from 2,651,000 barrels in 1940 to 5,879,000 in 1947. It is still rising.

A barrel contains 25 gallons. U.S. and U.K. beer is weaker than that of Canada, which averages around 3.75. That of the U.S. is 3.31 and of the U.K. fell to 2.3 during the war. It is slightly higher now. The Brewers of this country employ about 11,000 people and pay taxes of 74 million dollars a year. This is computed by taking the 1946 figures. It is much more now.

10 gallons of beer and 900 cigarettes for every Canadian were produced in the first nine months of 1948. At least 10,000 W.C.T.U. Canadian women and many others did not partake of any of this.

Beer production in the nine months stood at 137,330,000 gallons as against 128,050,000 gallons in the same period in 1947. Stocks of distilled liquor at the end of September, 1948 totalled 68,950,000 proof gallons as compared to 59,470,000 at the same time last year.

Nicotine is a drug. We should go after the storekeepers who sell to minors. Their excuse in rural areas is that if they do not sell their competitors will. The selling of liquor to minors is prohibited but is very often ignored.

Law enforcement would help but Education of our youth along Temperance lines is the most important work that we as members of the Woman's Christian Temperance Union have to do.

The attitude in the home towards the use of alcohol is most important. If the parents consider that the drinking of wine is all right for social occasions in the home and at special festivities in the locality what can they say if the child drinks when he or she grows up. Yes, sad to say, Temperance education for girls is greatly needed.

In the pamphlet, "Women are fools to drink," by Nina Wilcox Putman she tells of serving alcoholic drinks in the home until her five year old son one day said, "Well, if you two are going to get drunk again and fight I am going to my room to play." To this day, her son (now grown up) remembers how it hurt him to see his **mother** drink. Men do not want women to drink. It is the women who think they are being smart. Let us hope that the pendulum will one day swing back to those good old days, when the woman of the home guarded her doors against every evil which sought to enter therein.

Following the President's address, Mrs. M. Reese, of Athelstan, addressed the younger children of the Ormstown School who were present with their teachers. Twelve Little White Ribboners were enrolled in the afternoon.

At the evening session Rev. L. Taylor, of Ormstown, conducted the Devotional Exercise while the Rev. T Knowles, of Huntingdon, gave a most inspirational address asking us why did we as Church members tolerate such a menace as alcohol in our midst. The Church and we as Christians must take a decided stand against this menace. A beautiful organ solo was given by Mrs. Percy Osmond.

Mrs. A. Graham, of Grenville, was made a World's Life Member as a token of all she has done in the past 19 years as Editor of Tidings. Mrs. J. Wallace sang a beautiful solo.

Five films were then shown. They were: "Smoking is Something to Think About," "He Ran a Race", "A Tower of Strength", Dollars and Sense and Liquor Lore". This last mentioned film was being censored in Montreal when the head of the Quebec Censor Board asked Mrs. Allan English for the use of it at a meeting of his Club of 300 men. Any Church or School groups wishing the use of these films should contact Mrs. A. English, Ormstown.

The Devotional Periods at each session were very helpful. Mrs. King and Mrs. Usher of Cushing, Mrs. W. Kirk of Magog and Mrs. N. McLeod of Lennoxville took part in these exercises.

Bountiful repasts were given by the ladies of the Presbyterian and United Churches and were deeply appreciated by all.

Greetings were given to the delegates from Mr. Hooker, who in the absence of the Mayor, represented the Village of Ormstown; Rev. Mr. Hutchison, Rev. C. L. Taylor and Mr. Munroe, Principal of the Ormstown School.

The Communion Service was conducted by Rev. C. L. Taylor. This was followed by a solemn Memorial Service in honor of the 26 departed members. Mrs. A. Keating of Montreal conducted the Service and tributes were paid to those who had left us during the past year when Mrs. Brimson of Montreal placed a white flower in a vase as each name was read.

The Dominion Convention is to be held in Montreal in September, 1950. It is to be hoped that each member will help raise the Hospitality Fund. Several Overseas Boxes were sent during the year. Essay Contest in memory of Isabella Scott is to be undertaken in Stanstead, Bishop and Sir George Williams Colleges and plans for a Memorial to Mrs. Jas. Mabon are to be studied. Reports of the Sunday School Campaign in which Quebec children won many Dominion prizes were given. Posters made by children in Day Schools were exhibited. Prizes for these were given. Visits to the sick were made and flowers, jams and jellies were donated where needed.

The following officers were elected:

Provincial Officers: Hon. Pres., Mrs. W. Usher, Cushing, Grenville; Past Pres., Mrs. R. J. Blair, Ormstown; Pres., Mrs. R. Stencil, Lachine; 1st Vice-Presidents, Mrs. C. Webster, Lachine and Mrs. A. English, Ormstown; 2nd Vice Pres., Mrs. M. Reese, Athelstan; Cor. Secretaries, Mrs. M. A. VanVliet, Lacolle, Mrs. A. E. Rivard, Montreal; Rec. Sec'y, Miss R. Stevenson, Sherbrooke; Treas., Mrs. J. G. McWhinnie, Allan's Corners; L.T.L. Sec'y, Mrs. M. Reese, Athelstan.

The meeting then closed when Afternoon Tea was served in MacDougall Hall by members of the Ormstown Union.

RECEIVES DEGREE

RALPH W. LOGAN

son of Mr. and Mrs. W. E. Logan, of Howick, Que., received his Degree of Bachelor of Engineering Physic at McGill Convocation on Monday, May 30th. He is a graduate of Howick High School and served for five years as an instructor in the R.C.A.F.

Car Overturns Driver Not Hurt

Accident Occurs Highway No. 4 Saturday Night

An accident occurred on Saturday night on Highway No. 4 involving three cars, with two of them being damaged. Mr. R. Dupuis was proceeding toward Trout River and another car was ahead of him going in the same direction. He went to pass the car ahead and at the same time noticed that another car was parked on the side of the road with no lights.

In order to try and avoid an accident, Mr. Dupuis swerved his car and lost control, took the ditch and the car came to a stop with the wheels in the air. All glass in the windows was broken and Mr. Dupuis managed to crawl out of one of the broken windows. Fortunately he was unhurt, but the car was badly damaged.

The car parked on the side of the road was an American car belonging to Merle Sweet of Chateaugay, N.Y., and it was claimed by him that the battery was dead and he could not get lights. The car was damaged to some extent, but was able to get away on its own power. The car that had been travelling ahead of Mr. Dupuis was not damaged at all.

Traffic Constable J. C. Robins investigated the accident and took all particulars.

FORESTRY FILMS

RIVERTON, Man. (CP)—Forest fire protection is being taught in this area by films from the Canadian Forestry Association of Manitoba. A special afternoon showing was made recently for 300 school children here.

Ormstown Exhibition Opened Last Night -- A Great Show

Horse Show Promises to be One of Best Yet— New Exhibits in All Classes

Ormstown Exhibition opened its gates last evening for the opening of the 1949 show. It is indeed a great show that is being offered the public to view. The spectacular parade of horses, when President Gilbert McMillan and Director Donald E. Black jointly declared the show open for 1949, was remarkable. In the ring were seen a six horse team of Clyde horses, another team of four Clydes and other Clyde single teams. There was a very colorful entry in the parade in that of Miss L. Guerasis of Montreal, "The Reaper", a horse of The Harvester Breed, imported from California; was ridden by Miss Viola Lallemand in cow-boy costume. The National Breweries had two "Black Horses" in this parade and there were several roadsters, hackneys and saddle horses. This exhibition of horse flesh was but a sample of what Ormstown Exhibition spectators will be seeing during the balance of the week.

President McMillan in opening the show stated that the shows to be presented each evening were all equally well balanced and no longer need one think that the Thursday or Friday night shows are tops, for they will be no better than the shows that will be seen on Wednesday or Saturday nights. The Saturday night show will undoubtedly be one of unusual interest for this is the night when the saddle classes and jumpers have their real big fling.

The opening class on Tuesday evening was for single roadsters open to the District of Beauharnois. Five entries competed and Bob Greig driving the Greig Bros. entry "Vivian Lee" took first prize; 2nd and 3rd prizes went to David McCoy entries; 4th to that of Sherman Robb and 5th to Fred Murphy.

Irrespective of the fact that the evening was a bit chilly, the attendance was most gratifying. If weather remains dry for this week, Ormstown Exhibition deserves the right to expect the largest aggregate attendance in the history of its 36 annual exhibitions.

Midway attractions have been set up to the east side of the arena and from general appearances appear to be of a kind that will have appeal to a great many people who attend exhibitions.

The industrial exhibits in the Industrial Building and about the grounds are quite extensive and we quite believe they will provide the public with a great deal that will be of genuine interest to many.

On Thursday, Friday and Saturday afternoons harness races will be run off on the track that was built last year. Reports indicate the races should be good.

New Management O'Connor Theatre is Announced

Mrs. O'Connor Has Leased Theatre to Trow Bros., Montreal, With Option of Purchase

It was somewhat of a surprise that the Gleaner learned on Thursday, June 2nd, that the O'Connor Theatre had changed hands that day and is now therefore under new management and ownership.

A Gleaner representative happened to call at the office of the Theatre and met the new owner in person, on Thursday morning. He is Mr. John Trow, of Montreal, and he has extensive knowledge of the Moving Picture and Theatre business, as well as handling the booking of films in Quebec. To give some idea of the extent of his business enterprises, he is in business with two other brothers, Thomas and William, and they operate the Poster Exchange, with offices at 5959 Monkland, Montreal; The Quebec Cinema Booking Co., at 5963 Monkland, Montreal, through which they do the buying for 63 theatres in the Province of Quebec. They also have the franchise for "Photo Night" in this province and this will start at the O'Connor Theatre on June 15th or thereabouts.

Mr. Trow has leased the theatre from Mrs. Mae O'Connor with the option of buying the whole building in the near future. It is expected that some changes will be made to the theatre in the very near future, but no change will be made in the staff at present. Mr. Trow will manage the theatre and supervise any alterations that will be made. He also operates another theatre at Three Rivers, Que., is interested in several theatres in different parts of the Province. There will be no change in the type of pictures that will be shown as Mr. Trow through his connections with the industry will be able to obtain all the best shows that have been obtained in the past. The present schedule of times and showings will remain the same and outwardly there will be no change in the methods used by Mrs. O'Connor in the past. Mr. Trow is satisfied that the way Mrs. O'Connor has operated the theatre is quite satisfactory. Other announcements will be made in the advertising columns of this newspaper from time to time.

Mrs. O'Connor is planning to take a well earned vacation in the very near future and hopes that the people of Huntingdon will continue to support the O'Connor Theatre under the new management.

Record Ayrshire Show at Lachute Fair June 15-18

265 Ayrshires Have Been Entered in the Individual Classes

The Ayrshire cattle breeders of Lachute district are jubilant, although as the result of a record entry at Lachute Spring Fair they will have to scurry around and arrange for at least a quarter more stabling accommodation than their present buildings. Lachute Spring Fair will be held June 15 to 18, with the dairy cattle judging scheduled for June 17, although it would now seem that they may have to take an additional day for same.

Actually there are 265 Ayrshires entered in the individual classes for that breed, a record entry for Lachute and the largest number ever entered at any Ayrshire show in Canada with the exception of the Royal Winter Fair. Even at that the Lachute Ayrshire Show entry of this year will average up with most Royal Winter Fair Ayrshire Shows.

In addition there are entered 128 Holsteins; 74 French Canadian, Shorthorn and Jersey cattle. There is also a record entry of horses, both in the heavy and horse-show classes.

The following is the Judging Program for the four days of the fair.

Wednesday, June 15th
Percheron and Canadian Horses
Light Horse Show in Evening

Thursday, June 16th
Shorthorns — Canadian Cattle
Jerseys
Clydesdale Horses
Poultry — Rabbits
Sheep
Swine
Light Horse Show in Evening
Six Horse Teams

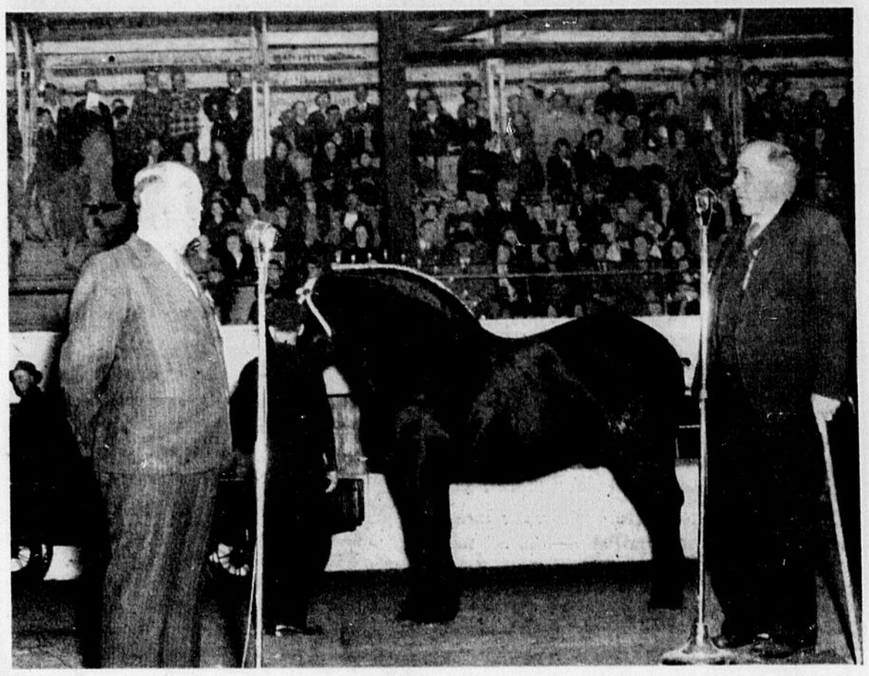
Friday, June 17th
Belgian Horses — Grade Horses
Ayrshires
Holsteins
Light Horse Show in Evening
Six Horse Teams

Saturday, June 18th
Boys' and girls' competitions
Judging of all Specials on Horses
Cattle Parades
Kiwanis Club presentation of prizes.
Horse Parades
Sat. night — Light Horse Show

EARLY SCENES AT OPENING NIGHT OF ORMSTOWN EXHIBITION

Upper left: Andy Lasalle, Bonnybrook Farm; Frank Connor, Montreal; Mike Minogue, Master of Jumping classes; Harry Nussey, Ring Master; and Roger Larocque of the Horse Racing Committee of Ormstown Exhibition. Upper right: One of the glamorous features seen in the gala horse parade on Tuesday evening, "The Reaper" imported from California by Miss L. Guerasio, Montreal. This horse is of the Harvester breed and is a beauty. The rider is Miss Viola Lallemand, Huntingdon and dressed in cowboy uniform. Lower left: A six horse Clydesdale team. Several such teams will be competing at Ormstown Exhibition as well as 8 horse teams and the regular two horse teams. The heavy horse exhibit, like those of the light horse classes are all large in numbers and of excellent quality. 1949 has a wonderful horse show for the spectators to view.

PRESIDENT McMILLAN OPENS ORMSTOWN EXHIBITION TUESDAY NIGHT



To the right is President Gilbert McMillan, who officially opened the 36th annual Ormstown Exhibition on Tuesday evening. In making his remarks amidst a grand display of horses of various breeds and hitches, Mr. McMillan impressed upon the audience that this was but a sample of the variety of livestock show that would be paraded before spectators in competition at every performance until late Saturday night. All evening shows are equally well balanced, stated Mr. McMillan and no longer can it be interpreted that the Thursday and Friday night shows are the best. To the left is Mr. Donald E. Black, Director of Ormstown Exhibition, who pronounced the official opening remarks in the French language. In the background can be seen one of the National Breweries' famous "Black Horses" that figured in the horse parade.

Quebec Leads Way in Seasonal Upswing in Employment

Honourable Humphrey Mitchell, the Minister of Labour, announced today that at the middle of May unplaced applicants registered for employment in Canada with the National Employment Service were 51,400 fewer than one month previous.

Unplaced applicants at May 12 for Canada totalled 178,800 as compared with 230,200 at the middle of April.

The seasonal upswing in employment had been felt in all regions with Quebec leading the way with a drop in unplaced applicants of 17,900 in this 30-day period. Ontario showed a reduction of 12,600; the Prairie Provinces 10,200; Pacific Region 8,700; and the Maritimes 1,900.

The situation in British Columbia had greatly improved during recent weeks, Mr. Mitchell stated. On May 19, unplaced applicants in the Vancouver area numbered about 14,500, 3,400 fewer than the month previous. Unemployment Insurance "live claims" in that city at the end of April stood at about 11,400 as compared with 22,800 at the end of February.

Scottish Visitors to Ormstown Exhibition

Mr. George K. Knox, Kersland, Monkton, Ayrshire, Scotland, who is Vice-President of the Ayrshire Breeders' Association of Scotland and Mrs. Knox are here for the Ormstown Exhibition. During their visit to this area they are being escorted by Mr. P. D. McArthur, Howick and Mr. L. P. Evans, Gormley, Ont., who is the president of the Canadian Ayrshire Breeders' Association. During their visit here they are calling upon several of the farms where outstanding herds of Ayrshire cattle are bred.

TOUCHY LANDING

EDMONTON (CP)—It was a "touch and go" landing for FO. Jack Sinclair when the landing gear of his Harvard trainer stuck half-way down. After a series of spectacular aerobatics which failed to shake the wheels loose Sinclair zoomed across the landing field, found that the wheels would take the weight, circled again and made a perfect landing.

Mayor Casts Deciding Vote in Two Divisions at Council

Divisions Occur When Bus Terminal Discussion Takes Place at Different Times

A regular meeting of the Town Council was held at the County Building, on Tuesday evening, with a full council present.

The minutes of the previous meetings were read and a correction was made to the resolution regarding the Provincial Bus terminal on Chateauguay Street. The resolution was changed to include all of Chateauguay Street instead of just from the Bank of Commerce to McCoy's Corner.

A discussion ensued on this change and Alderman Fournier was of the opinion that the whole resolution should be rescinded. He also thought that a copy of the new resolution should be sent to Provincial Transport Co.

The vote was divided, requiring a vote by the Mayor to decide the issue. Aldermen McWhinnie, Foisy and Tinker approved the minutes with the change; Aldermen Lefebvre, Fournier and Saumier dissented. Mayor Cappiello voted in favour of the passing of the minutes with the change.

The bills were read and passed for payment.

Alderman Fournier put forward a resolution that the former resolution regarding the bus terminal be rescinded.

A further discussion ensued on this contentious matter and it was said that the council had brought the matter up and made the resolution and that the bus company did not want to move the terminal and no one else had complained about it. It was not up to the council to decide to take away business from anyone. Mayor Cappiello said that there had been complaints and it was the business of the council to decide what it wanted to do with regard to regulating traffic in town and to run the town affairs in the way it saw fit for the good of the town and its people. That is what they had been elected for. Alderman Lefebvre said he did not pay attention to complaints that were made to him on the street, he thought that complaints should be brought to the council meetings or sent in the way of a letter. Mayor Cappiello disagreed with this view, stating that all the aldermen were representatives of the people and they naturally expected that if they made complaints to an alderman that he would bring the same to the attention of the council with a view to having them attended to. It had always been done in the past. Alderman McWhinnie said there were plenty of complaints about the bus and the service given and he had received quite a number on various occasions. It was up to the council to regulate the buses if they were interfering with the operation of the traffic in the town.

For the second time in this meeting a divided vote was recorded and again the Mayor had to give the deciding vote. Aldermen Fournier, Saumier and Lefebvre voted for the motion and Aldermen Tinker, McWhinnie and Foisy voted against. The Mayor cast a vote against. The former resolution with the exception of the change made, still stands. Some discussion followed between Alderman Fournier, Mayor Cappiello and Mr. Aubin, who was present.

A permit for an extension to the mill of Spinners Ltd. was granted.

A letter was read from Fry-Cadbury Ltd. accepting the offer of the council with regard to the new water main and connection for their plant on York Street. Alderman Fournier objected to the town accepting to do the job as the letter stated the company was accepting the estimate given by the town of the approximate cost. He was of the opinion that it was binding on the town to do the job for the price stated in the letter. Mayor Cappiello and others of the council were confident that the town was only involved in the cost to the extent of the $400. promised in the original resolution regardless of whether they undertook to do the job. Alderman Fournier said the company should be notified that the town would only undertake the job providing the company agrees to pay any excess costs of the amount stated in the letter.

The council decided that the town will do the job on the understanding that the company pays the total cost of the job and that the company will be reimbursed by the town to the extent of $400. to be spread over a period of five years and deducted from the water account of the company. Alderman Fournier was still of the opinion that the town was letting itself in for paying any excess costs over the amount stated in the letter. It was therefore decided that the secretary should write the company explaining this fact.

A request was received from Mrs. Boldovitch for permission to hold a tag day this month for the benefit of the Cancer Fund. The permission was granted.

Milk reports were read as follows: April 20th — Elmhurst 13,000 cc, butterfat 3.6; Belle Vallee, 78,000 c.c., butterfat 3.4; Pringle Bros. 520,000 cc., butterfat 4.1. May 2nd — Elmhurst 63,000 cc., butterfat 4.5; F. Monique 11,000 cc., butterfat 3.3; Pringle Bros., 510,000 cc. butterfat 3.7; R. Goodfellow 82,000 cc butterfat 3.4; Belle Vallee 21,000 cc., butterfat 3.1. May 16th — Elmhurst 59,000 cc., butterfat 3.5; Belle Vallee 64,000 cc; Monique 900,000 cc. butterfat 3.3; Pringle Bros., 1,300,000 cc butterfat 3.3; R. Goodfellow 2,500,000 cc., butterfat 3.7.

The Mayor and several aldermen said that the reports were getting very bad again and something will have to be done. It was noted that in several other nearby towns only pasteurized milk is allowed to be sold. The situation is again becoming serious.

The report of the Chief of Police was read with no comment. The assessors for the valuation were named as follows: Messrs. Brown, O'Hare and Brisebois, the same as last year. Alderman McWhinnie is to interview the men to see if they are able to undertake the work.

A resolution was passed to sell the bonds in connection with the Church Street project, to the bank.

Complaints were received from several garages regarding the amount of their business tax. It was decided that an amount of $75. for garages only would be accepted. There was considerable discussion on this matter and it was hinted that the by-law would come up for revision in the fall.

Approximate prices were submitted for the garage the town proposes to build, from Mr. A. Elliott and from Tully Lumber Co. These will be considered when the estimates for the bond issue are being prepared.

Alderman Saumier will be pro-Mayor for the next three months.

Mayor Cappiello is to look after having the grass and weeds cut in town and to notify owners of the vacant lots to get their's cut.

Some complaints were made about finishing the job on Church Street and seeing that shut-offs are provided and holes properly filled in. Mayor Cappiello is to interview Mr. P. Feeny with regard to this.

A ditch behind lots on King St. from the Skating Rink on, are to be cleaned and the owners of property along this ditch are to be asked to do their share of this work.

Authorization was given to have the signs made for the 20-miles-per-hour speed limit and to erect them at the points required.

It was decided to accept the extension of Chalmers Street and the secretary was authorized to sign the deed accepting the offer of Mrs. Furey.

The traffic problem again came before the meeting when Alderman Foisy asked what was going to be done about it. He presented a case

Huntingdon, Wed., June 8th, 1949

Let's Keep It Clean

THERE has been very little in the way of election excitement in this district, but there has been plenty of mud slinging in the big leaders' campaign that has been going on for weeks. Ordinary criticism of the various Parties' policies is quite in order and it is by this criticism that concrete opinions are formed. It is natural that each party does not see eye to eye with the other, or there would be no need of them being in the field.

Probably it all stems from the fact that there is no real issue at stake in this election, but the old cry of religious and racial feeling is being stirred up with an idea of catching the votes. Such tactics never did mean much in vote catching, but they do mean a lot to the peaceful life of our citizens. If such issues as religion for instance, are to be thrown up it will need many various changes throughout the whole of the country. Race will also present as many issues. People here are Canadians and they will vote as such at the polls on June 27th; they will not vote according to their ancestry or their religion, they will vote as Canadians should, for the benefit of the whole country to the best of their ability to reason out the issues confronting them. They will not vote for any one of the leaders because of his religious faith or racial background, or at least that should not be the reason. No, they will vote for one of them to be leader of the government because they think he is the best man for the job — in other words they will weigh his ability to do the job he is being chosen for.

In a country such as Canada is, with its mixed population of people who are all trying to do their best to be good Canadian citizens, what difference does it make who is the leader so long as that person has Canada at heart and will do his best for the people and the country. In the United States, they do not hold these things against a man being a candidate, we should not use such tactics here. Such methods cast a slur on the party which uses them and will perhaps provide the greatest reason for defeat of that party at the polls than any other. Naturally the defeat of the party means defeat for the leader whether he is elected or not. Therefore, it is not good policy for the leaders to indulge in campaigns that will have doubtful effects on the party as a whole.

Mr. St. Laurent has already won much appreciation for himself in the various points he has visited so far and this should be of great help when polling day comes along. Mr. Drew had seemed to have won a place for himself a few months ago, but this appears to have changed now. Very little is said about the other leaders and it looks as if the straight issue will be between St. Laurent and Drew. We, the voters, will make our choice of which of these two we will decide to have lead our country. It is not likely that we will elect either one on account of his religion or his race — we will make our choice because we believe the man to be the most suitable for the job — each one must sell himself and his party to us, we will buy him with our votes.

Let's keep the campaign clean, let us form our opinions in the proper manner and not confuse the issue by cries of racial hate and religious hate — they are not issues and never have been, this is a democratic country and all are free to choose their own way of life — let's keep it free.

Fathers' Day, June 19th

IN the early part of May a day was set aside as a national remembrance day for the mothers of this continent, now on June 19th, a similar day is being set aside to honor the fathers.

Father is less thought of than mother in the general run of things, yet he is an important part of family life and in, we venture to say at least 90% of families, the bread winner. But somehow father is not as close to his children as mother, for she has to minister to all their needs all throughout the day and their lives until they start to fend for themselves. This does not mean that father does not love his children, for he does and he will defend them and stand up for their rights at all times. But most fathers have to maintain a firmer attitude towards their children in order that they may be trained in he proper way of life and realize that all of life is not sweet. When boys especially, have to be corrected, it is usually father who must do the job. So most of us get the idea that fathers are very strict and stand for no nonsense. Father has to learn early in life the hard ways of the business world and to learn to be hard and fast in his dealings. If he pretends to be the least little bit soft, he will be imposed upon time and time again. But actually father is pretty soft when it comes to his family and he is capable of exhibiting his love in queer ways. He advances the money that buys junior's bicycle; the party dress that sister has been eagerly looking forward to and many other of those little things that come to the family from such unknown and unforeseen places. He has to sacrifice much of his pleasure so that Jack will have his education and Jill will be able to take the course that she has set her heart upon. Of course these things are all discussed with mother, but father is usually the one who foots the bill. He does not mind, not a bit, if he can afford it, he wants his children to have the best and even better sometimes than he himself had.

Father's part in family life is a little different to that of mother, but in the well run family, that part has to be there. Is there any reason then why he should not receive some signal honour for the rôlé he plays? In fairly well-to-do families, the rôlé of father is somewhat easier than in less fortunate families. It costs much money to raise a family and give them all they should have to make them worthwhile and useful citizens, yet this is the goal of all fathers who deserve that name. The nation is built upon the families it contains, the proper impart of knowledge and upbringing means that the citizens of the nation will be that much better. They will produce the wealth of the nation and will bring fame to that nation. While mother is busy making a home for the family, father is busy battling with the world and providing the wherewithal for her to carry on. He has not the same time to spend with his family and thus his family never seems to get as well acquainted with him as with mother.

The family which is to be thought of most is the one that has lost its father, it is then that the family learns to appreciate the father's worth. So let us honour father while he is here with us and show him that we do appreciate him and that we know that he is true blue.

Lost — The Uncertainty

A few weeks ago the world rang with a story about a little girl who had fallen into a disused shaft; today we hear of a similar event quite close to home of a little boy who is lost and cannot be found.

At least in the former case the family knew where the little girl was and no effort was spared in trying to reach her. It was days before this could be done and only the lifeless body could be returned to the distracted parents. The incident in most minds has now been forgotten and the world goes on just the same. For the past week a search has been conducted for a little six-year-old boy who was lost on his father's farm right here in the Province of Quebec. Frantic searches were made for the missing boy before other help was called. By the past week-end a province-wide call had been issued to all who would be willing to assist. The result was that thousands of people were searching for that missing child. The father has kept up the vigil with practically no sleep or rest since the child was first lost. There are several other children in this family, but the father seems to believe in a saying that goes something like this: In my house there are many persons, but let there be one that is missing and I will search without rest until that missing one is found. Other searchers seem to have given up hope that the child will be found alive, but not so the father, he maintains that the child is still alive and that he will be found.

No trace has been found of him in all this long search, the country is rocky and woody, yet almost every foot of it has been thoroughly searched under direction of trained searchers in this kind of country. What has become of that child, what could have happened to him, where could he have gone? These and other questions race through the minds of the parents. They try to console themselves with the thought that he will soon be found and returned to them alive, even though he may be weak and exhausted. But still at the back of their minds the thought comes through that perhaps he will never be found, or that only his body will be returned. If the child is never found and the search is abandoned as a last cause, that everlasting uncertainty will remain with the parents for so long as they live — My son wandered off one day and I never saw him again. Probably the greatest cause for heartache during any war — is when that awful message comes — your son is reported missing. The uncertainty of the message is the greatest trouble for while it does not give up hope, there is the feeling that you will never see him again.

We therefore hope that this Quebec family will find their child, dead or alive, and know what has actually happened rather than to live in the uncertainty they now know. We feel sure that deepest sympathy will go out to this family even though we do not know them, for they will suffer much and there will be little to comfort them.

Place Anniversaries

WE often talk of Canada as being a new country and forget how old it really is. On the other hand we look at the United States as being an old country and forget how young it is. Yet in the same breath we will turn to our friends and say that we are living in a new world and the old world is across the ocean.

In the June issue of the "Canadian National" magazine we read of two cities in Canada celebrating anniversaries and we have a case of the old and the new right in this country. Halifax is celebrating a two-hundred-year anniversary and Winnipeg is celebrating 75 years — here we have a case of the old established east and newly established west, yet both are getting on in years.

But we have an anniversary coming up that is closer to home, even though it is not in this country. In the old world we might be tempted to say that it is to take place in a foreign country, but in this new world we look upon this foreign country as almost our own — we refer of course to the United States, and the town which is celebrating its 150th anniversary, is Chateaugay, N.Y.

The actual anniversary celebrations are only now under discussion and a meeting was held on Tuesday, to plan what should be done to make an appropriate celebration. Chateaugay was incorporated on March 15th, 1799, and was the first settled town in Franklin County and it marked the beginning of the first development of this part of the North Country of the United States. It was the scene of some of the fighting during the war of 1812 and one of the plans suggested is to have a sham battle between Canadian and American soldiers. Such an idea would also tend to show how well we people of the new world work together. Further, there is no doubt that many people from here will attend this celebration when it is staged and again will be demonstrated the friendliness between the nationals of the two countries. More details of the celebrations will be to hand when the committee in charge has decided what plan will be followed and the date that the celebration will be held, there is no doubt it will be a gala affair.

Weekly Review

Can Socialism Bake A Better Cake?

By LEWIS MILLIGAN

As a prelude to the general election next year in Britain, the Labor Party is modifying its socialistic program for its next term of office. In its four years of power the Labor Government has nationalized a number of big industries, instituted nation-wide "free" social services, maintained most of the wartime controls and carried out an intensive program of economic planning. The Government has thus fulfilled its election promises, and the people who voted Labor can have little to complain about on that score. But are they satisfied with the result? And do they want more Socialism?

Conservative leaders answer those questions in the negative, and they are supported by the decided swing to the right in the London County Council elections, and in the more recent urban, rural and borough councils' elections throughout England and Wales. In an article entitled "Socialism or Mixed Economy?" appearing in The New Statesman, Prof. G. D. H. Cole says: "Today, most men and women are thinking much less than they were in 1945 about large social changes involving new ways of life, and much more about immediate needs —food, houses, prices, wages and working conditions, taxes, and less austerity and red tape."

That is a remarkable admission, coming from so great an authority on and persistent advocate of Socialism. The Professor congratulates the Government on what it has done to fulfil its promises. He admits that its economic and social planning has proved very costly. "Without any fresh legislation," he says, "the cost of social security, health and education, will be greater during the coming years than it has been so far; and even milking the rich to the last drop will not suffice to meet accruing charges." And he adds: "The people have had their cake, or most of it; and it is now a matter of finding the best means of baking a new one."

The Labor party is now confronted with "something of a dilemma," says Prof. Cole. "The fundamental Socialist belief is that a bigger cake can be produced under Socialist conditions, which involve not only a greater extension of public ownership and operation of industry, but also the successful application of new democratic incentives to higher output, based on a new sense among workers of responsibility for doing their jobs well and truly, as their own common concern. But nationalization will not accomplish a great deal unless new incentives accompany it.

So far from producing a "bigger cake", Socialism is producing a much smaller one for the British people. Sir Stafford Cripps calls it "austerity." That word covers a multitude of faults and failures in the application of Prof. Cole's own Socialist theories to practical economics and industry, and especially to human nature. Although the British workers are nominally Socialists, they seem to be more than ever under the influence of the profit motive. They are not only demanding higher and higher pay for their work, but are indulging in all kinds of speculation and gambling with the sole motive of getting-rich-quick. They seem to regard Socialism itself as a sort of gamble by which they hope to get a whole lot of things for nothing.

Prof. Cole does not mention these things, but he emphasizes the necesssity for a "new spirit" among the people if Socialism is to be "made to work." He is firmly opposed to any compromise with capitalism in a "mixed economy," and he suggests that the Labor party should rouse its followers to a fresh enthusiasm with an election program for all-out Socialism. He seems to think that the cure for apathy toward Socialism is more Socialism. But what is the use of going ahead with Socialism if it cannot be made to work without the "new spirit" which the Professor admits is lacing among the workers in socialized industries?

Canada is Biggest Source of Supply For Great Britain

"Canada is today what she has never been before, our biggest single source of supply, accounting now for 11 per cent of our imports, as against only 9 per cent before the war," declared the Right Hon. James Harold Wilson, President of the British Board of Trade, in addressing businessmen and others attending the 170th District Conference of Rotary International, held in Ottawa on May 16, 1949. "Even in the case of some of those commodities whose purchase we have had to limit through lack of dollars, we are devoting a higher proportion of our total expenditure to Canadian produce than before the war. Of the total amount we spent last year in bringing timber to our shores, Canadian timber accounted for nearly 34 per cent. In the five years before the war, Canadian timber accounted for only 18 per cent. Similarly with wheat and bacon, a far higher proportion of our imports are coming from Canada than before the war.

"There is an impression widely held in Canada that, as a result of mistaken or wrong-headed policies in London, Canadian manufacturers and producers are being driven from their traditional markets," he said. "If my visit does no more than provide some re-assurance on this, and if during my visit I succeed in convincing Canadians that we do not seek our economic destiny elsewhere to the exclusion of Canada, it will not have been in vain."

Through Freight Rates To Newfoundland

MONTREAL,—The Canadian Pacific Railway Company announced that effective Wednesday, June 1st, through rates will be in effect on all freight shipped from stations on its lines and connections to St. John's and Cornerbrook, Nfld.

This new service, resulting from the confederation of Newfoundland and Canada will allow shipments to be covered by through contract of carriage and charges to be prepaid as well as providing other advantages.

Traffic will be handled by way of Montreal and Saint John, N.B., through connections established between the C.P.R. and Clarke Steamship Company, Blue Peter Steamships Limited, Newfoundland Canada Steamships Limited and Furness, Withy and Company, Limited.

Much Pilgrimage Travel Expected This Year

MONTREAL,—The heaviest year of pilgrimage travel in the province of Quebec for the past eleven years is expected this season by passenger authorities of the Canadian Pacific Railway.

Sixty-five special trains for this type of travel have been requested already and the number of pilgrims to be carried is expected to exceed by a wide margin the 36,000 handled last year. Of the trains asked for, 10 will go to Ste. Anne de Beaupre, 43 to Cap de la Madeleine and eight to Rigaud, scenes of three famous shrines in the province. Special travel to Brother Andre's shrine in Montreal is also being arranged.

Most of the pilgrimage travel originates within the province of Quebec, but trains have also been arranged from Ottawa, Maniwaki and points as far north as Sudbury and Angliers. Other travel not included in these figures, is expected from United States points.

By WALLY IZSAK

Listen to an old-time fan or player and he'll argue for hours that the modern athlete is a sissy compared to those of his day. And he may haul out the present major league baseball season as an example.

It isn't so, of course, but it is difficult to bring to mind any other year when the first month or so of a season has taken such a large toll of injured players.

A broken arm of many years ago still compares with a broken arm today, as does any ache, pain or illness. In fact, the modern ball hawk, with his better equipment, food and condition, probably is bigger, stronger and more rugged than his counterpart of a score or more years ago.

But today it's easier to suffer injury.

Night games, played under bright, deceiving lights, take a terrific toll. Spring training periods and the regular seasons are longer. Each player is more of a specialist at one particular post and when he is asked to fill in at some other spot is more likely to get hurt.

And it's bad for a modern player to get injured, not only because of the injury itself and the time lost, but also because of the great number of up-and-comers who may step in and take over. The regular may find it difficult to get his own job back.

Gehrig Stepped Up

The most famous example of that is the time a baseball-loving youngster stepped into Wally Pipp's spot at first base for New York Yankees one day when Pipp wasn't feeling well. Lou Gehrig stayed in the spot for about 15 years.

That could happen this season, too. Snuffy Stirnweiss, fleet second-sacker with the New York Yankees, injured his thumb early in the season and then was hurt again later in batting practice. His replacement, Gerry Coleman, turned in such a bang-up job the fans almost forgot about Stirnweiss.

Some players didn't even bother waiting until the season opened last April 18 to go on the injury list.

Charley Keller strained a back muscle just a few minutes before the first cry of "Play Ball." Billy Cox of Brooklyn Dodgers, Buddy Rosar of Philadelphia Athletics, and Yogi Berra of the Yankees, all were hurt in pre-season training.

Included among other injured are Bob Feller, Cleveland's pitching ace who is out with a pulled muscle; Phil Marchildon, Canadian hurling star with the Athletics, who was forced out of action with a sore arm after throwing only two pitches in a game with the Yanks; Lou Boudreau, smooth playing-manager of the world champion Cleveland Indians was hit by thrown balls three times; Bob Porterfield, sensational young twirler with the Yankees, was also forced out of action with a sore arm.

And then there's the now famous case of Joe DiMaggio and his heel. He went through spring training and didn't even play a complete game in the regular schedule before going into hospital for an operation on his famous foot.

Of course, many of these players are too good to be dropped but those eager youngsters are an ever-present threat to the veterans to get off the injury list in a hurry.

When your BACK ACHES...

Backache is often caused by lazy kidney action. When kidneys get out of order excess acids and poisons remain in the system. Then backache, headache, rheumatic pain, disturbed rest or that 'tired out' feeling may soon follow. To help keep your kidneys working properly—use Dodd's Kidney Pills. Time-tested, popular, safe, non-habit-forming. Demand Dodd's Kidney Pills, in the blue box with the red band. Sold everywhere. 135

I'm REDDY KILOWATT
Your Electric Servant

You've never seen me before because I've always stayed inside the REDDY-BOX—your electric outlet. Now I'm stepping out so that we can get better acquainted.

I'm the symbol of good electric service . . . *your* servant that runs everything electrical.

I'm not like anyone you've ever seen before. My body is made of lightning flashes—my nose a light bulb—my ears are outlets—and those two things sticking out of my head are wisps of curly hair. I move silently in my rubber shoes. I move swiftly too, at the speed of 186 thousand miles per second . . . I'm the fastest thing on earth.

I'm your economical and willing servant who works long hours at low wages. Whenever you want me I'll be waiting in your nearest REDDYBOX, —electric outlet. Remember, just . . . "PLUG IN,—I'M REDDY".

Eastern Star Lodge Receives Visit From Officers

HEMMINGFORD—The regular meeting of Victory Chapter, No. 34, O.E.S., was held on Tuesday evening, May 31 in the United Church Hall, the occasion being the inspection of the Worthy Grand Matron, Mrs. Eva Ward and Worthy Grand Patron, Mr. John Mosher. The Worthy Matron welcomed the distinguished guests besides members from several Chapters in Quebec as well as several from across the border. The initiation ceremony was beautifully exemplified when two new members joined the order. The Worthy Matron presented Mrs. Belbin with an Eastern Star Pin from the members with every good wish for happiness in her new home. The collection of the evening amounted to $30., which was sent to the Cancer Research Fund. After the meeting a banquet supper was served to about 300 members.

W.I. Meeting

The Hemmingford Women's Institute met on June 1st at the United Church Hall with the President, Mrs. J. P. Simpson, presiding.

Plans were made for the booth at Ormstown Fair. Mrs. Jack Stewart gave an excellent report on the County Convention at Ormstown in May.

Major Carswell of the Salvation Army was then introduced by Mrs. Petch and spoke on the work of the Salvation Army. He pointed out that the Salvation Army received its greatest support from the various churches and that they were really all one body working together. He mentioned the good done by the Salvation Army Bands, the homes for the aged, the Mothers' Hospitals. All this work is increasing rapidly. He also spoke of the Red Shield War Work during both World Wars. He complimented this district on the splendid support they gave the Salvation Army Campaign. Mrs. Colin Edwards thanked Major Carswell on behalf of those present.

The roll call, "How I can contribute to a more successful W.I. meeting" brought forth some very good suggestions.

The hostesses, Mrs. Edwards, Mrs. Jack Stewart, Mrs. Palmer and Mrs. Bourdon provided refreshments and a pleasant social hour was spent.

Mrs. Frank Pelletier entertained several children and their mothers to a birthday party on Saturday afternoon in honour of her little daughter Carol's third birthday. After Carol had opened the lovely gifts she had received from her little friends, the children played several games outside. At supper time the children were all seated around a gaily decorated table and delicious refreshments were served by the hostess and needless to say the mothers enjoyed a pleasant afternoon as well as the children. All left thanking Mrs. Pelletier for the delightful time and wishing Carol many more occasions like this.

Mrs. Jared Smith returned to her home in Ottawa on Thursday, after spending a couple of weeks with her parents, Mr. and Mrs. G. S. Walsh.

Mr. and Mrs. Ralph Marshall of Ottawa and Mrs. Stephen Hadley were week-end guests of Mr. and Mrs. Robert Hadley and family. Mrs. Hadley remained at her home here after spending six weeks with her son-in-law and daughter in Ottawa.

Miss Laura Grundy, of Montreal, was a week-end guest of Mr. and Mrs. Alex Dewar.

Mr. and Mrs. Allan Outhet of Whitinsville, were recent visitors of Mr. and Mrs. Charles Collins, Jr.

Balanced for Softness and Strength!

Never *too* soft . . . never harsh . . . but perfectly balanced for strength, softness and absorbency.

Rockburn

ROCKBURN—Mrs. W. Henry and Mrs. H. Lawson, of Montreal spent the week-end with their friends in Rockburn.

Mr. Strange is visiting with his relatives in Montreal this week.

Mr. and Mrs. Van, of Montreal, were guests for a few days recently of Mrs. Porter.

Mrs. Jamieson of Aylmer, attended the W. C. T. U., Convention in Ormstown the past week, and then spent the week-end with her sister, Mrs. Robert Simpson before returning home.

Mr. and Mrs. Lorne Ashton and Miss Joan Ashton, of Montreal, were Monday afternoon and evening guests at the Trainor home.

OBITUARY

The Late Mrs. William T. Steele

Another life long resident of Rockburn in the person of Mrs. Wm. T. Steele passed away on Sunday, May 29th. Born in Rockburn in 1859 the eldest daughter of William Williams and his wife Christiann McEwen, her whole life was spent in this community where in 1879 she married William T. Steele who predeceased her in 1940.

A devoted wife and mother, she, in addition to her numerous home duties, took an active part in all church work, being a life member of the Women's Missionary society and was ever ready to lend a helping hand to any friend or neighbour who was sick or in trouble. These interests she kept up until failing health forced her to retire.

On Sunday, May 22nd, she suffered a stroke from which she never recovered consciousness, passing peacefully away to her well earned rest the following Sunday.

The funeral service conducted by her pastor, Rev. E. Davis was held in Rennie's United Church and was largely attended, the floral offerings being numerous and beautiful, testifying to the esteem in which the deceased was held. Interment was in Hillside Cemetery.

The pall-bearers were her six nephews, Douglas and Fred Moore, Angus MacNaughton, Warren Thompson, George and Harold Williams and the floral bearers were Bradley and John Steele, Russell Brooks and Ernest Porter.

She leaves to mourn her loss eight children, Luina, Mrs. Jas. Bruce, Aubrey, Que.; Albert of Verlo, Sask.; Robert of Rockburn; Margaret, Mrs. A. E. Farquhar, of Huntingdon; Edwin, of Montreal; Ada, Mrs. S. S. Gillard, of La Tuque; Florence, Mrs. M. Brooks, of Franklin Centre; and Harold of Rockburn; one sister, Mrs. A. MacNaughton, of Huntingdon, besides many grandchildren and to these the sympathy of the community is extended. Three children predeceased her, Wilbert and James and Maude, (Mrs. John Greig).

Lacolle Tennis Club Opening A Success

LACOLLE—The Tennis Club's Opening Social and Dance was held on Friday as scheduled, and the varied programme of entertainment was appreciated and enjoyed by the large crowd in attendance. Music for the dancing was provided by Marleau's Orchestra of St. Johns, P.Q., and the refreshments served by the ladies of the Tennis Club. As a special feature, the film "Fundamentals of Tennis," by Don Budge, was shown.

Afterwards, commenting on the film, the President of the Tennis Club, A. Cumming, observed that he was pleased to see so many of the younger people present and interested in tennis. He reiterated that it was the policy of the Tennis Club to encourage newcomers and beginners, for it was only by so doing that the Tennis Club could most effectively fulfil its function as a community enterprise, contributing to the welfare of the community.

He added that a need existed for club tennis racquets, which could be used principally by the younger members, who did not as yet have their own. It was suggested that in many homes there were probably quite a few old racquets lying unused in attics and store-rooms, and the people of Lacolle were invited to help the Club out in this respect. Regardless of the condition, any racquet so loaned or given, to the Tennis Club would be gratefully accepted.

The two valuable Door Prizes, in the shape of lovely watch bracelets, were won by Mrs. Joyce Clarkson, and Miss Pierrette Coté.

As an added attraction, for those whose sporting interests lie in quiet lakes and rivers, canoes and fishing tackle, the coloured film, "Tackle Busters" was screened in another part of the building. Lacolle's authority-in-chief on the art of angling, "Bill" Grant, supervised the showing of this finely processed and highly entertaining film to a keenly interested group of "anglerites". This film was courteously loaned for the occasion by the C.P.R.

Dancing continued until 2 a.m., at which time the entertainment came to an end, and brought to a close the Lacolle Tennis Club's most enjoyable Opening Social and Dance.

The Gore

THE GORE—Miss Stella Coulter has sold her farm on the Gore road to Mr. Hector Miner, who has already taken possession. Thursday afternoon Stella was invited to the home of Mr. and Mrs. Carl Anderson. On returning home at 10 p.m. she was surprised to find her home filled with relatives, friends and neighbours, who had gathered to spend the evening with her. Stella was presented with a beautiful corsage of red roses. Dancing was enjoyed when at midnight after refreshments had been served, Rev. W. Hatcher in his usual manner, spoke briefly of Stella's taking a long earned holiday and how she would be missed by her friends and neighbors, also by the members of St. Paul's Church, Herdman, the church of which she has been a faithful member, having been organist for the past twelve years, and always ready to do anything she could in aid of the church. Rev. W. Hatcher presented Stella with a well filled envelope of money as a remembrance from her many relatives, friends and neighbors. Stella thanked all for this gift and was glad to have them all at her home for such a pleasant evening. A pleasant hour was spent in community singing with Mrs. Marion Reese at the piano. Dancing was again enjoyed when all departed wishing Stella a pleasant trip and happy holiday. Stella expects to leave shortly for Saskatoon and other points in the west to visit her aunts, Mrs. Lizzie Boyd, Mrs. Lily McClelland and other relatives. The best wishes of everyone go with her.

Miss Bessie Anderson, of Montreal, spent Thursday night and Friday the guest of Miss Stella Coulter.

Mr. Charlie Henderson was the week-end guest of his mother, Mrs. Mary Ann Henderson, Mr. and Mrs. Ord Taylor and Mr. and Mrs. Jas. Henderson, Chateaugay, N.Y.

Mrs. Sadie Warren of Ogdensburg, N.Y., is the guest of Mrs. Ingram and Mr. Kerr Neely. Mr. and Mrs. Willie Crutchfield were Sunday guests at the Neely home.

Mrs. Willie Graham and Mervyn and little grandson Melvin motored to Montreal on Saturday, Mrs. Mervyn Graham returning home with them after being a patient in the Children's Memorial Hospital for the past week.

Franklin Centre

FRANKLIN CENTRE — Mrs. Herbert McCoy, of Aneroid, Sask., is visiting at the home of her brother-in-law and sister, Mr. and Mrs. Henry Blair.

Master Donald Dunn spent the week-end with his grandparents, Mr. and Mrs. Stanley McNeil.

Mrs. Ralph Johnson and children, David and Carolyn, also her sister Mrs. Gordon Anderson, of Glenelm, spent a week visiting their parents, Mr. and Mrs. Wm. Bennett, at Hemmingford.

Mr. and Mrs. Morrison Brooks spent Sunday with her parents, Mr. and Mrs. Duncan Brown, Ormstown.

Mr. and Mrs. Ralph McLaren, of St. Petersburg, Florida, are visiting at the Manning home at present.

Mr. Lawrence Towns left for Oriskany Falls, N.Y., on Friday for a few days visit at the home of his brother and sister-in-law, Mr. and Mrs. Harry Towns.

Mr. and Mrs. Wm. Sharpe and son Stewart and Mrs. John Sharpe, of Albany, N.Y., spent the week-end with Mrs. E. M. Sharpe and family.

Mr. and Mrs. Egbert Bruce spent a day in the city the past week at the home of Mr. and Mrs. Earl McNiece.

The Misses Ruth, Gladys and Edith Hunter, Mr. and Mrs. Wm. Dick, Mr. and Mrs. Alfred Brown, Mr. and Mrs. Malcolm Brown, Mr. and Mrs. B. Vickers and Mr. and Mrs. John Norton, of Montreal, attended the Harvey-Brown wedding on Saturday and spent the week-end at the home of Mr. and Mrs. John Goldie.

Mr. and Mrs. Marvin Crawford and daughters, Lorraine and Laurene, and Mrs. W. H. Crawford, of Glenelm, were Sunday guests of Mr. and Mrs. Preston Baxter.

Miss Cairine Anderson, of Beauharnois, spent the week-end with her friend, Miss Winona Brooks.

Mr. and Mrs. Allan Cavers and children and Mr. and Mrs. White and children were Sunday callers at the home of Mrs. Inez Brooks.

FRANKLIN CENTRE—Mrs. H. D. McCoy of Aneroid, Sask., is visiting at the home of her sister, Mrs. Henry Blair. While in Montreal, Mrs. McCoy was able to attend some of the events in connection with the graduation of her grandson, Willard McCoy, as civil engineer, after four years in McGill University. He will leave shortly for White Horse, Yukon. Mrs. McCoy was also able to help celebrate the 58th anniversary of Mr. and Mrs. Henry Blair on June 3rd.

Recipes

CROQUETTES FOR SUPPER

Deep fat frying has become a lost art in most Canadian homes, because of the necessity to conserve fats. Now that there is plenty of lard for household use it is time that this method of cooking was revived.

Croquettes are easy to make and may be a penny-saver or a luxury food, depending on the ingredients. Freshly prepared chicken, lobster, sweetbreads or mushrooms made appetizing tid-bits for the company meal. Small amounts of cooked meat, vegetables or fish are lifted from the monotony that often is synonymous with left-overs and makes them welcome at either the family or company supper.

The home economics of the Consumer Section, Dominion Department of Agriculture, suggest trying these recipes for supper some night soon.

Croquettes appeal to the busy homemaker for they may be made before mealtime and fried just in time to serve or they may be fried ahead of time and re-heated in a moderately hot oven, 375°F., for 5 minutes before mealtime.

MEAT CROQUETTES

4 tablespoons fat
4 tablespoons flour
1 cup milk
½ teaspoon salt
⅛ teaspoon pepper
½ teaspoon celery salt
1 teaspoon chopped parsley
2 cups minced cooked meat

1 egg
2 tablespoons water
¾ cup cracker crumbs

Melt fat, add flour and blend well. Add milk slowly, stirring constantly until thick. Add salt, pepper, celery salt, parsley and meat. Mix well and shape into croquettes. Beat egg slightly and add water. Roll croquettes in crumbs then in egg, then in crumbs. Let stand 1 hour and fry in deep fat until golden brown. Yield: 12 small or 6 large croquettes.

CHEESE CROQUETTES

2 tablespoons fat
2 tablespoons flour
½ cup milk
1½ cups grated cheese
1 egg white
½ cup sifted dry bread crumbs

Melt fat, add flour and blend well. Add milk slowly, stirring constantly until the mixture thickens. Cool, fold in stiffly beaten egg white. Shape into croquettes and roll in sifted dry bread crumbs and let stand 1 hour. Fry in deep fat until light brown. Serve with tart jelly. Yield: six croquettes.

POTATO CROQUETTES

3 cups mashed potatoes
1 egg, slightly beaten
½ teaspoon salt
⅛ teaspoon pepper
½ cup sifted bread crumbs

Mash potatoes thoroughly, add egg, salt and pepper and beat until light. Form into croquettes, roll in crumbs and fry in deep fat until golden brown. Yield: six servings.

Finest Quality Tea

ORANGE PEKOE

Sweet Swedish Tea Ring

Recipe

Measure into large bowl, ¾ c. lukewarm water, 1 tbs. granulated sugar; stir until sugar is dissolved. Sprinkle with 3 envelopes Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 minutes, THEN stir well. Scald ¾ c. milk and stir in ½ c. granulated sugar, 1¼ tsps. salt, 6 tbs. shortening; cool to lukewarm. Add to yeast mixture and stir in 3 well-beaten eggs. Stir in 3 c. once-sifted bread flour; beat well. Work in 3 c. more sifted bread flour. Knead until smooth and elastic; place in greased bowl and brush top with melted butter or shortening. Cover and set in warm place, free from draught. Let rise until doubled in bulk. Punch down dough and divide into 2 equal portions; form into smooth balls. Roll each piece into a ¼" thick oblong; loosen dough. Cream ¼ c. butter or margarine and mix in 1 c. brown sugar (lightly pressed down), 2 tsps. cinnamon. Spread this mixture on dough and sprinkle with 1 c. raisins or currants. Beginning at a long edge, roll each piece up like a jelly roll; place each roll on a greased large baking sheet and shape into a ring, sealing ends together. Grease tops. Cut 1" slices almost through to centre with scissors and turn each slice partly on its side. Cover and let rise until doubled in bulk. Brush with 1 egg yolk beaten with 2 tbs. milk. Bake in moderate oven, 350°, 25-30 min. If desired, spread tops with a plain icing. Serve hot, with butter.

NEW FAST-ACTING DRY YEAST NEEDS NO REFRIGERATION!

Stays fresh and full-strength in your pantry for weeks! Here's all you do:

1. In a small amount (usually specified) of lukewarm water, dissolve thoroughly 1 teaspoon sugar for each envelope of yeast.
2. Sprinkle with dry yeast. Let stand 10 minutes.
3. THEN stir well. (The water used with the yeast counts as part of the total liquid called for in your recipe.)

Get a month's supply!

John and Peggy and Peter and Joan

PARDON our pointing . . . with pride.

But it's an event when the number of bank workers passes the 40,000 mark—as it did last year. That's 65% more than before the war.

It's an event, first, because it shows the increased use of Canadian bank services . . .

More deposit accounts: now over seven million. *More funds:* customers' deposits now reach nearly seven billion dollars. *More services:* to farmers; to personal and small-business borrowers; to war pensioners; to people receiving Family Allowances.

It's an event, too, because of the kind of men and women who have joined our ranks. Eager to get ahead, they are finding in banking an interesting job, a challenging career. *They* can tell you how important privacy in banking is to the Canadian way of doing things.

Going to your bank is not like having to deal with a state bureau—but that's how it would be under state monopoly.

Canada's great Leader

LOUIS ST. LAURENT, *Prime Minister of Canada*

At the polls on June 27 the voter must ask himself, ahead of anything else, who should be head of the government.

In Louis St. Laurent, Canada has found a great national leader.

That he had high abilities of the mind was proved by his career in law. That he had wisdom in cabinet, unique gifts in parliamentary debate and a quick grasp of large affairs became clear as soon as he entered the Government. In international affairs, as one of the original advocates of the Atlantic Pact, he made himself a world figure who spoke out as no Canadian before him, in the councils of the nations.

He also revealed an understanding of ordinary people, because he is one of them.

This warm and essentially simple human being is the real St. Laurent, the product of the small town, of humble beginnings, hard work, a big family and the friendliness of country neighbors.

In blood, language and instinct he combines the qualities of two great races.

To the voter it is equally important that St. Laurent is the leader of a truly national party, with proved strength from coast to coast, the only party which can hope to form a stable government after the election. His character, his ability and his achievements have made him the leader of all the Canadian people.

VOTE LIBERAL!

INSERTED BY NATIONAL LIBERAL COMMITTEE

Chateauguay Valley

Powerscourt

POWERSCOURT—Mr. and Mrs. George Fiskin and Mrs. John Penman, of Notre Dame de Grace, were Saturday guests of Mr. and Mrs. E. M. Wood.

Misses Carol and Christina Ross, of Montreal, spent the week-end with relatives and attended the McLean-Ross wedding.

Miss Eva White who has spent the past six months in Ottawa is at present occupying her home.

Sunday guests at the Taylor home were Mr. and Mrs. Morris Taylor, Montreal and Mr. and Mrs. E. E. Degowan of Fort Covington, N.Y.

Miss Irene McHardy, accompanied by Miss Ruth Henson of Montreal is spending a week with her cousin Miss Caroline Swantson at Richfield Spring, N.Y.

Mr. Jas. Perrett, of Montreal and friend were Sunday overnight guests at the White home.

Miss Enid Maloney of Montreal, was a Sunday guest of Mr. and Mrs. Erskine Morris.

Miss Ruth King, of Montreal, was a week-end guest at the home of Mr. and Mrs. Frank Martin.

Mr. and Mrs. John Dowbiggin with their son-in-law and daughter, Mr. and Mrs. George Tolhurst and family, are occupying their cottage for the summer. Their week-end guests were Miss Frances Lloyd, Miss Bernice Tubman, Mr. Harvey Kell, and Mr. Philip Robertson, all of St. Laurent.

D. M. Rowat Takes Part in Conference On Jersey Breed

DEWITTVILLE — Word has been received recently from Mr. D. M. Rowat, of Glenness Farms, Dewittville, who, along with Mrs. Rowat, is visiting England, Scotland and the Jersey Island. The Jersey Breed Societies' Conference was held during the week of May 16 on Jersey Island, and Mr. Rowat was one of the two delegates for the Canadian Jersey Cattle Club.

Quoting from the Jersey Morning News, twenty-four delegates were expected, representing twelve countries, namely — America, Australia, Brazil, Canada, Denmark, England, Sweden, South Africa, East Africa, Ireland, New Zealand and France.

Delegates to the Conference were to tell the world that quality and economy are the basic factors of the Jersey milk production. A paper on "the value of Jersey milk in relation to other milks" was to be read by Mr. N. Dyrbye, President of the Danish Jersey Cattle Breeders' Association. The paper was expected to provide the most controversial subject at the Conference. Mr. D. M. Rowat, Canadian delegate, was to quote a recent controversy in the Canadian Press: "Where no one was able to disprove that Jersey milk is the cheapest in Canada".

In another item of the same newspaper, Mr. Rowat is quoted as being full of praise for the indefatiguable efforts which Island breeders are taking to preserve the best type of animal. He said that although the Jersey is famous throughout the world, something should be done to let us in other countries know the goings-on in the Island.

Shower for Bride-Elect

On Tuesday night, Mrs. Wm. McClatchie and Mrs. John Lowden were joint hostesses at a miscellaneous shower given in honour of Miss Evelyn Watt. Upon arriving at the home of Mrs. McClatchie, Miss Watt was taken by surprise when she discovered that approximately thirty friends had gathered to extend their best wishes. Many lovely gifts were presented to her, and Miss Watt very graciously thanked all for their gifts and best wishes. Refreshments were served by the hostesses.

On Saturday evening, Mr. and Mrs. Alan Hooker, of Ormstown, entertained a number of young people in honour of Miss Keitha Pearce, whose marriage is to take place in the near future. A delicious supper was served to the guests and all spent a very enjoyable evening.

Miss Heather Hooker, of Ormstown, previously entertained at a miscellaneous shower given in honour of Miss Keitha Pearce.

Mrs. M. Carr has returned from Boston, Mass., after a month's visit with her daughter, Mrs. C. A. Skinner and family.

Mrs. Stanley Cochrane and Mrs. McBain, of Thurso, spent a few days the past week at the home of Mr. and Mrs. Mac Ruddock.

Misses Joyce and Irene Sweetman, of Montreal, were week-end guests of their uncle and aunt, Mr. and Mrs. D. S. McColm.

Mr. William O'Hara spent the week-end at his home in Belleville, Ont.

Mr. James Castell and son Jim spent the week-end in Belleville, Ont., visiting with Mr. Castell's daughter, Helen.

Mrs. Allan Ritchie, Mrs. C. A. McArthur and Mrs. Donald McEwen spent Wednesday in Montreal.

Mr. and Mrs. John Lawrenson and daughter Ann, of Verdun, were week-end guests of Mr. and Mrs. Gordon Smiles.

Several ladies from the local W.C.T.U. attended the meetings of the Provincial Convention held at Ormstown during the past week.

Mr. and Mrs. Wm. McClatchie, Mr. and Mrs. John Lowden, Mr. and Mrs. Allan Ritchie and Mr. Herbie Forman attended the Gow-Watt wedding in Union Church, Covey Hill, on Saturday.

Glad to report that Miss Nola Goodger-Hill has returned home and is recovering nicely after her recent operation for appendicitis in the Barrie Memorial Hospital, Ormstown.

Recent visitors of Mrs. Pearl McCartney were: Mrs. Wm. Good, Sr., Mr. and Mrs. Wm. Good, Jr., with son Edward, Mr. Pearce, Mr. Girard and son, of Beauharnois.

Mr. Max Gottschalk, of Wilmington, Del., is visiting with his brother-in-law and sister, Mr. and Mrs. Siegmund Humberg.

Mr. and Mrs. Mario Rapbael and their two children, of Wilmington, Del., spent a few days with their friends Mr. and Mrs. Siegmund Humberg.

British Industries Encouraged to Boost Exports to North America

Efforts will be made to expand still further the volume of exports to Canada and the United States during the current year. Production, especially in the key industries of coal, steel textiles and agriculture, will be given every encouragement. Costs, particularly of export materials, will be reduced and the quality of goods improved wherever possible.

Prayer, Courage, Work and Faith Needed For Peace

Proclaiming Kingston the City of the Week, Kate Aitken, nationally known newspaperwoman and commentator, toured the city and gave Queen's University endowment and building campaign an added lift.

Speaking on the possibilities of peace and war, Mrs. Aitken said: "By prayer, courage, work and faith, we can be saved. Without them, we are lost. Responsibility rests on the shoulders of the women, as on the men. These are four magic words which can save the world."

Back recently from a world flight, the speaker told of conditions in many parts of the world. In Tokyo, Mrs. Aitken found the people very poor and anxious to be rid of the American occupying forces. Little evidence of any sense of war guilt is shown on the part of the Japanese, she stated.

On her visit to Hiroshima, Mrs. Aitken found firsthand evidence of the effects of atom bombing. She said that the survivors do not resent the destruction and maiming because of the bombs, but they do not forgive its resulting sterility in the women and girls who were in its path.

The work of the Christian missionaries was the one bright spot found in war torn China. While only a handful of China's 478 millions are converted, it is the missionaries who foster education and save lives there, she explained. "Don't ever stint your gifts to foreign missions," Mrs. Aitken urged.

Colorful Names and Speech in Newfoundland

MONTREAL—Now that Newfoundland is Canada's tenth province and its rail, steamship and telegraphic lines are operated by the Canadian National Railways, the railway staffs in other parts of Canada and the United States have been handed some colorful community names and picturesque speech to deal with.

It will take ticket and tourist agents some time to get used to names like Horse Chops, Cape White Handkerchief, Ireland's Eye, and Joe Batt's Arm. Fishermen from Britain, France, Spain and Portugal gave the coves and points around Newfoundland's coast the names that now are the addresses for the hardy people living in the far-flung outposts of the new province.

Newfoundland has a Washelltorow, and Isle aux Morts, Point Engagee, Cul de Sac and Cinq Cerq. Also a Breakheart Point, Come-by-Chance, Happy Adventure, Heart's Desire, Heart's Content and Little Heart's Ease.

There are said to be at least 1,000 terms of speech peculiar to Newfoundland. Most have to do with the sea and ships and have been carried over into common usage. A braggart, for instance, is an "October Gailer"; a grave is a "long home"; grumbling is "mullygrubs"; flattery "plawmosh". A good man is "as fine as ever hove a gallus over his shoulder"; while a thief is "an honest man when there's only anchors on the shore".

Major Details of

The Progressive Conservative Party's Declaration of Policy— Drafted and Approved by Canadians from every Province— Representing Every walk of Life

George Drew

I have now visited all ten provinces since Parliament was dissolved. In one thing there is widespread agreement throughout the whole of Canada: it is time for a change. The important thing for all Canadians to decide between now and June 27th is what that change will be. On earlier occasions over the radio I have put forward some of the reasons why a change is so necessary if we are to restore Parliament to the people and lift the burden of taxation and arbitrary controls from the shoulders of those who are doing the work of the nation in all their many daily tasks. At this time, with the election four weeks away, I would like to review some of the major details of the Declaration of Policy which was drafted and unanimously approved by the delegates of our Party from every constituency in Canada and representing every occupation. I have already referred at different times to many of its details. This is no hastily-drafted election manifesto. It is not my statement of policy, or statement prepared by any group or committee. It expressed the unanimous opinion of delegates from every province who met in Ottawa from September 30th to October 2nd last year.

Details are embraced by the three words which interpret the purpose of the undertaking we give to Canadians: *Opportunity, Security, Freedom.* Those words constitute no meaningless, time-worn slogan. They represent the broad purpose of a dynamic and progressive plan of action which we have placed before you as a convincing reason why you should support the Progressive Conservative candidate in your own constituency, no matter what party you have supported in the past.

May I quote the very first words contained in that Declaration of Policy: "Freedom is one and indivisible. If economic freedom is lost, political freedom will be lost. Economic freedom is the essence of competitive enterprise, and competitive enterprise is the foundation of our democratic system. All history shows that competitive enterprise provides the maximum of production and therefore the maximum of social security. For those reasons we affirm our belief in the principle of economic freedom. Economic freedom will promote thrift, foster and encourage the qualities of self-reliance, industry, and initiative which have brought this nation to its present enviable position. It will preserve and improve our standard of living."

With that statement, and believing in freedom as we do, we have also undertaken to make the necessary amendments in our Criminal Code to deal effectively with those who are working to establish a Communist dictatorship here in Canada. In the name of freedom we do not intend to permit treacherous, anti-Christian agents of that evil tyranny to destroy the freedom for which Canadians paid so great a price. We also believe that our constitution must be respected and observed to preserve national unity and also to make secure our own freedom by those wise balances of authority between the dominion and the provincial governments which were devised as a check on the concentration of power in the hands of the national government. Believing that the strongest basis of freedom is the encouragement offered free people to better their own condition by saving from what they earn and building a home as the centre of the family life, we are opposed to a system of taxation which makes it difficult to save even with the present relatively high earnings.

I take this opportunity to review some of the major features of our policy with particular reference to three words: opportunity, security and freedom.

OPPORTUNITY

First let me refer to the word 'opportunity'. The Progressive Conservative Party will assure opportunity to all our people by:

A bold and progressive national development programme

Canada is on the threshold of her greatest period of development, if a vigorous government, with faith in the future is given the opportunity to bring into production the immense resources which we possess in every part of Canada. While the vast areas of the North challenge our vision and our courage, there is no part of Canada where there are not new opportunities of development if we provide the electric energy and other sources of power which will encourage new industries and new types of agricultural production which can make every part of Canada more productive in the years ahead.

Our national development programme will cover the development of power, oil, coal, mineral resources and the transportation facilities necessary for their full use. In particular we will establish (a) a National Development Advisory Council in co-operation with the provinces; (b) establish a National Power Authority to co-operate with the provinces in the technical examination of possible power development and in the actual development of electric power at cost; (c) undertake the commencement of a joint conservation, irrigation and power project on the Saskatchewan River; (d) encourage the development of power in the Maritime Provinces from coal as well as by other means; (e) promote the development of the great iron ore resources of our country and the establishment of greatly expanded steel industry within Canada; (f) stimulate the development of petroleum and other mineral resources in co-operation with the provinces by taxation and fiscal policies which will encourage the investment of risk capital; (g) institute a vigorous programme of water conservation, reforestation, flood control, irrigation and drainage schemes throughout the whole of Canada for the reclamation of unproductive land and the preservation of our soil, and along with other similar activities in co-operation with the provincial governments; (h) establish a positive programme of marshland reclamation and development; (i) take effective steps at the earliest possible date to co-operate with the provincial governments in building the Trans-Canada Highway and feeder roads, which will not only greatly increase our transportation facilities, but also help to open out the vast possibilities of the tourist business in every part of Canada; (j) remove the discrimination in freight rates between the several geographical areas of Canada so that all sections of our country may receive the full benefit from the development of our great resources; (k) deal effectively with the special transportation problem of Prince Edward Island, Newfoundland, Cape Breton and Vancouver Island; (l) take the necessary steps to proceed with the development of the power and waterways project on the St. Lawerence River.

Expansion of Trade

The ultimate value of all our development depends upon the distribution and sale of what we produce. Because of our tremendous producing capacity we are one of the world's great exporters. The external markets for our surplus products contribute very largely to the pay envelopes which buy the food, clothing and other necessities in every Canadian home. Look around you in your own home now. The things you have depend upon that overseas trade, no matter what your occupation may be. Overseas markets have been lost, and our trade is dangerously threatened by the government's foolish trade and monetary policy. As our trade with Britain and other overseas markets are lost, Canadians are being reassured by the volume of our exports to the United States. We believe in increasing our exports to the United States to the highest possible level. We believe that all Canada's exports can be, and should be, tremendously increased. We know, however, that disastrous results would follow any attempt to depend exclusively upon exports to one nation no matter how friendly that nation may be. The loss of our trade in wheat, lumber, fish, apples, dairy products and the other things that we have been shipping overseas means more than a mere question of dollars and cents. It means a loss of business on the railways, in the seaports, and on the ships which have been carrying this trade to the world. It would dislocate our whole internal trading organization and force serious readjustments of employment with our railways and other transportation services. The Progressive Conservative Party pledges itself to adopt every practical means to expand our internal trade with the United States and with all other nations where we can sell what we produce. By reciprocal trade agreements we will promote and expand our trade overseas and also with the United States. Particularly we will (a) remove all abnormal trade barriers imposed by way of license, quota, or embargo; (b) remove the arbitrary provisions of the Foreign Exchange Control Act; (c) re-value the Canadian dollar within the limits permitted by the Bretton Woods agreement and seek such modification of those agreements as are necessary to permit our dollar to assist our external trade in the normal way; (d) open negotiations immediately for the purpose of making the dollar and pound convertible, so that we may open and expand our lost overseas markets in the sterling area.

Reduction of Taxes

The greatest encouragement to work, production and trade is the opportunity to receive a fair return from which money can be saved for our families, our homes and provision for the future. Even with high earnings today, our present tax system is making it difficult to save and is greatly increasing the cost of everything we buy. Reduction of taxes and sweeping reforms in our system of taxation are necessary to encourage initiative and reward hard work. With that in mind, the Progressive Conservative Party has undertaken to: (a) increase the personal income tax exemption to at least $2,500 for a married person, and to at least $1,250 for single persons; (b) increase the exemption for dependent children by $200; (c) lower the general rate of personal income tax; (d) allow deductions to farmers for work done by members of the family who share the work of the farm; (e) end the persecution of our people by tax-collectors acting under arbitrary power; (f) encourage development and improvement of small businesses operated by the owner by allowing proper exemption for money which is put into the improvement of the business and not paid out in profits; (g) provide for a graduated reduction in taxes on other small businesses upon the portion of the income left in the business for further development and consequently for the increase of employment; (h) abolish nuisance taxes and make substantial reductions in general sales and excise taxes on necessities.

SECURITY

The Progressive Conservative Party assures security to all Canadians by the following Declaration of Policy.

Security of Employment

We believe that the greatest assurance of employment in Canada is based upon the fullest development of our resources which will create new employment across the whole country and increase the domestic markets for all that we produce. In addition to the discovery and employment of new resources, the remarkable scientific developments of the past few years have greatly widened the use we can make of all the resources we possess. In co-operation with the various provincial governments we will explore every possibility of expanding the opportunities for work by encouraging new types of production.

Contributory Social Security Programme

The Progressive Conservative Party puts forward a contributory social security programme providing the following benefits amongst others:

1. Believing that provision for our senior citizens at a level of payment which will give them a feeling of independence in their retiring years is essential, we have stated that we do not believe that old-age pensions should be regarded as a favour, but should be a right and that no charge should be made on such property as has been saved during their working years, nor should there be any enquiry as to whether some money is being earned by the person receiving the pension. We believe that the laws of the country should not discourage saving during the working years and such work as our people wish to do in their old age. For that reason we provide for old-age pensions at 65 without a Means Test.

2. Unemployment Insurance benefits will be extended to include payments for time lost due to accident or sickness.

3. Adequate medical and hospital care will be provided for our people under a national health programme which will also include the most extensive preventative health services.

4. The same family allowance will be paid for every child, no matter how many children are in the family, and the nutritional and other services for our children will be greatly improved.

These, and other provisions included in our programme, will be worked out in co-operation with the provinces, so that the highly-skilled and experienced public welfare services of the provincial governments will be available.

An Effective Programme for the Construction of Homes

1. Loans and priorities will be made available to those who desire to build their own homes. 2. Low-cost housing can, and will be provided under plans approved by the dominion, provincial and municipal governments which will be administered by the municipalities. 3. The cost of building homes can be reduced by encouraging new types of construction. What is causing so much concern to our people at present is not only the shortage of housing accommodation, but also the excessive cost of small homes, particularly those required by our young people starting out in life. In this respect I might point out that while I was Premier of Ontario we introduced a Housing Act in regard to which the official publication of the Canadian Legion had the following to say and I quote from their editorial: "Veterans everywhere will acclaim the new housing legislation recently enacted in the province of Ontario. In this new housing legislation the Ontario government is blazing new trails, out of which might materialize the long-awaited, over-all plan for the successful solution of the housing problem in every part of the dominion, which the Legion has been pressing for so hard ever since the war ended." The effect and application of this Act was necessarily limited by the overriding authority of the dominion government, which restricted supplies for building homes by their restrictive regulations. We will remove those restrictions and the principles of that Act to which I have referred can be made effective in the wider field by constitutional agreement between the dominion, provincial and municipal authorities who must all play their part in solving this very urgent problem.

Security for our Farmers

Our programme sets out a very complete statement of policy in regard to stability of income for our farmers. I will refer to some of the more important provisions: 1. We undertake to enact floor-price legislation based on the following principles: (a) A definite formula in the Farm Prices Support Act for arriving at floor prices. (b) This formula will allow for variation in production and demand for individual products. (c) Floor prices will be announced well in advance of the production period. (d) The floor price will be arrived at in consultation with representative producers.

We favour the restoration of the Canadian Wheat Board Act of 1935 to serve as a marketing agency for wheat producers. We are in favour of coarse grains as well as wheat being handled on a voluntary basis by the Wheat Board. We assure that producers themselves will decide the method by which their wheat will be handled and sold. This statement of policy, and it is an emphatic statement of policy, is based upon our belief that marketing boards, representative of producer organizations should, and will, determine their own method of marketing. The Wheat Board and all similar producers' boards, will be made up of producers themselves and not be mere agencies of some department of government.

3. We will establish a board of livestock commissioners.

4. We will extend the activities of the Federal Farm Loan Board so that farmers may take advantage of long-term, low-interest rates in the purchase and development of their farms.

5. We will increase the facilities for agricultural research to explore new uses of agricultural products for industrial purposes and in co-operation with provincial Departments of Agriculture conduct thorough studies of contagious animal and plant diseases to reduce the heavy annual loss from this cause.

6. In determining agricultural policy, we will enlist the co-operation of farmers' organizations throughout Canada and those specializing in particular types of production, so that all administrative as well as advisory boards will have representation of those with expert knowledge of the subject upon which they will be asked to deal. These and the other provisions in our agricultural programme are all based upon the belief that the best interests of agriculture throughout Canada can be served under the guidance of those with practical knowledge of each agricultural activity.

Security for Labour

(a) Our national development programme, our proposed tax reform and our plans for the expansion of trade offer the assurance of expanding employment in the years ahead. Good working conditions and satisfactory terms of employment can be assured best by effective laws governing labour relations. In the field of national jurisdiction, the Progressive Conservative Party puts forward a policy based upon the belief that good working conditions for our people and friendly relations between workers and management are not only in the best interests of our workers, but also in the best interests of every Canadian. We believe that the position of labour must be constantly improved and that the security and happiness of all our workers must be protected by legislation which will provide for effective collective bargaining, determination of the mutual rights of workers and management, as well as the conciliation and settlement of difficulties which may arise. With this object in view, we will establish a National Labour Council which will have equal numbers of representatives of labour and management. This council will examine and consider the causes of labour disputes and propose satisfactory solutions for such problems. It will also conduct research into the ways in which labour relations can constantly be improved.

(b) We will provide for greater representation of labour on government boards, commissions, and agencies.

(c) We will encourage profit-sharing plans for the sharing of profits of workers by such adjustment in taxation and otherwise as will encourage plans of this kind.

(d) We will constantly improve the legislation providing for compulsory collective bargaining, certification of labour organizations after a majority vote, machinery for conciliation of disputes, fair and adequate wages, standard hours of work having regard to the nature of the industry concerned, and holidays with pay.

We have also an excellent programme for Security for Veterans

We believe that the government of Canada has no greater responsibility than to make adequate provision for the young men and women who served Canada in two world wars. Our Party has at all times insisted that the promises made during the war to those in service should be carried out in the spirit as well as the letter of the assurances which were given. Our programme therefore gives the following undertakings to our veterans:

(a) To establish a standing committee of the House of Commons on Veterans' Affairs which will regularly review all veterans' problems;

(b) to retain and constantly improve all existing veteran legislation;

(c) to eliminate all unnecessary delays in dealing with veterans and to simplify procedure;

(d) to extend pension benefits to the members of the merchant navy;

(e) to accept as the basis for all decisions the medical category recorded on enlistment and to regard physical condition below that standard during service as the actual result of military service;

(f) to stabilize the pensions of veterans of the First World War, providing for upward revision where the disability has increased;

(g) to increase and extend the provision of war veterans' allowances with an increase in the amount that a veteran may earn over and above the allowance paid.

FREEDOM

Our constitutional freedom is based upon the democratic principle that the people's chosen representatives in Parliament are supreme, and have the final responsibility for all laws which affect the rights of our people. This principle is the corner-stone of all our freedom. The Progressive Conservative Party pledges itself to put and end to statism in Canada and terminate bureaucratic action by government order-in-council, ministerial proclamation, and departmental regulation. We will restore responsible government answerable to the elected representatives of the people. We believe in the widest possible measure of personal liberty consistent with law, order and the general national welfare. We are opposed to all powers which invest in the government arbitrary control over the rights of the individual. We pledge ourselves to restore the full supremacy of the law and the equality of every citizen under the law. We believe that the closer government is to the people, the better government always is. We are determined to conserve the authority of the provincial and municipal governments over those local affairs which can best be dealt with by men and women who are in intimate contact with them. We are strongly opposed to centralization of legislative and administrative power over local affairs, and to any breach of the constitutional authority of any of the provinces under the British North America Act which made us one nation. On assuming office we will arrange for a dominion-provincial conference to consider all aspects of dominion-provincial relations and establish an effective basis for close and continuing co-operation between all the governments of Canada. We believe that national unity depends upon respect for our federal constitution and the clear definition of the responsibility of the dominion and provincial governments, with assurance of adequate financial resources to carry out those responsibilities and with adequate financial resources to the municipalities to carry out their many very important responsibilities. In preserving our freedom it is essential that freedom of speech be fully protected. For that reason, it must be a matter of concern to all Canadians that the government-owned radio system which plays such an important role in the exchange of ideas should have become a propaganda agency of the government. May I emphasize that in my belief the staff and technical experts of the Canadian Broadcasting Corporation are trying to do a good job under utterly impossible conditions. As you know, any attempt on the part of the employees of the Canadian Broadcasting Corporation to improve the organization only results in immediate disciplinary action. The summary dismissal, for instance, of Mr. Joel Aldred, one of the best known broadcasters of the Canadian Broadcasting Corporation just the day before Parliament dissolved, because he had publicly suggested improvements within that organization, is merely an indication of the extent to which free speech is being restrained by the present government. We undertake to restore freedom of speech over the radio as well as otherwise, and to place the supervision of all broadcasting in Canada under an independent administrative body. We further undertake to abolish the license fee on radio receiving sets. We do this because this license fee, which is supposed to be for the services given by the Canadian Broadcasting Corporation, is unjustified because there are many parts of Canada where our people receive no services from the publicly-owned stations. All our freedom and all our security depend upon our national security and independence. For that reason, one of the first resolutions adopted unanimously by our delegates from every province last October, was an expression of unqualified support for the establishment of a defensive union of the Western Powers, which has since taken form in the North Atlantic Security Pact. Our support of that policy has at all times been stated in the same words and with the same emphasis in every part of Canada. The collective preservation of peace and the combined strength of the free nations now gives increased importance to national defence and the efficiency of our defence forces. We undertake to set up a standing committee on national defence which will keep Parliament and the people informed regarding the state of our defences and will also assure the most effective use of the money we spend for the purpose of providing defence forces.

The points I have covered in these remarks are only some of the progressive, practical and constructive policies which will be put into effect by a Progressive Conservative government. I believe this statement will provide convincing reasons why you should cast your ballot on June 27th for the Progressive Conservative candidate in your own constituency so that the public business of this great country will be handled by a strong, vigorous and progressive government in the years ahead.

Aubrey - Riverfield

AUBREY-RIVERFIELD — The Aubrey-Riverfield Women's Institute met on Tuesday afternoon, May 31st, at the home of Mrs. Arnold McKell, with a large attendance of members. The meeting opened with the Ode and Club Woman's Creed. The roll call was responded to by repeating a motto, then showing their wedding dress, and wedding photograph. Not all had their dress, but several were shown, and many photos, which caused a lot of fun and laughter. It was announced that the Aubrey-Riverfield Branch would be responsible for the W.I. handicraft booth at Ormstown Fair, on Thursday forenoon. A Sunshine Box is being sent to a member who is ill, and a Card shower to a former member who has been in hospital. Announcement was made that an auction sale would be held at the next meeting, which will be at the home of Mrs. Edgar McKell, at Aubrey. Current events were given by the following conveners: Agriculture—showed a Florida moth which she had found among her flowers; tulips which do not bloom and have only one leaf need richer earth; many grasshoppers have been destroyed by the rainy weather. National and International Relations had several items including—the Western Allies were moving from Russia to Berlin; many people killed in the United States by tornadoes. Home Economics—Several useful hints for using kerosene; hang bedspreads out in the wind to make them fluffy; use camphorated oil to remove spots from coffee table. Education—an item on the McGill Convocation; School staff honors Principal and Mrs. A. W. Lang. Welfare and Health—Don't break fluorescent light bulbs, as they contain a poison and anyone receiving cuts from these should have immediate medical attention. Publicity—In Oxford, England, an avenue of 300 lime trees is being planted, in honor of Mrs. Alfred Watt, who founded the Associated Country Women of the World. Splendid reports of the County Convention were given by the delegates, Mrs. Math. McKell and Mrs. John Bustard. A vote of thanks was tendered to them and to Mrs. John Gruer, Publicity Convener, for her report in the local press. The Finance Committee are making plans to get the film, "Let There be Light", and have it shown in this community. An interesting paper was read by Mrs. Janet Reddick, telling of a rural school teacher, who was looking back over the years and relating some of her experiences. This being Grandmothers' Day, a delightful chorus was sung by ten grandmothers, "Darling, I am growing old." A poem, "Great grandmother Ann", was also read by Mrs. Janet Reddick. A "Bon Voyage" was extended to Mr. and Mrs. Robert Templeton, who expect to leave on a trip to Calgary about the end of June, and also to Mr. and Mrs. Arnold McKell, who leave about June 14th on a two months' trip to the west, going as far as the Coast. The meeting closed with the National Anthem, after which a delicious lunch was served by the hostesses, Mrs. Arnold McKell, Mrs. Chester Orr, and Mrs. Andrew Bennie.

Mrs. Wallace Gruer attended the McGill Convocation the past week, when her brother, Mr. John Baird, was a graduate.

Mr. and Mrs. Howard Cullen paid a few days' visit to friends and relatives here during the past week.

Mr. and Mrs. Eric Rice and little son were Sunday guests at the home of her parents, Mr. and Mrs. John Milne. Miss Sheila Milne, of Montreal, also spent Sunday at home.

Mr. Burton Cuthbert, of Town of Mount Royal, was a caller at the home of Mr. and Mrs. Robert Templeton recently.

Mr. and Mrs. Herb. Hudson and family, of Lachine, were week-end guests at the home of his parents, Mr. and Mrs. Bert Hudson.

Mrs. Norman Easton and daughter Barbara, were week-end guests at the home of Mr. and Mrs. Gordon Easton.

Communion Service was held in Riverfield Church on Sunday morning, with Rev. J. S. McBride, of Ephraim Scott Memorial, Church Montreal, in charge. One new member was added to the church membership. Mr. McBride also had charge of the Preparatory Service on Friday night, and gave very inspiring addresses at both services.

Mr. Jas. E. Keir arrived from Calgary, Alberta the past week, and is visiting his daughter, Mrs. Robert McFarlane, and his sister, Mrs. Robert Templeton, and other friends.

Mrs. Wilson, of Camrose, Alberta, is enjoying a visit with her daughter, Mrs. Andrew McFarlane and family. She expects to remain for some time.

Mrs. Roland Moodie and daughters, Mary and Frances spent the past week at St. Justine, Que., visiting relatives.

Mr. and Mrs. Finlay Milne, Shirley and Aneta, were Sunday guests at the home of Mrs. Agnes Black, and Mrs. S. Kerr, at Howick.

Mr. and Mrs. Irwin Orr of Town of Mount Royal, spent the week-end at their cottage here.

Allan's Corners

ALLAN'S CORNERS—Mr. and Mrs. Frank Hope and Betty were Wednesday guests of Mrs. Lorenzo Farquhar, of Chateaugay, N.Y.

Master George Bell, of Huntingdon, spent Saturday with his grandparents, Mr. and Mrs. A. A. Tannahill.

Mrs. Charles Wright, Gregoire and Wendy, of Montreal, are spending some time at the home of Mrs. Helen Peddie.

Mrs. Wm. Adams, Mrs. C. M. Grass, Mrs. Robert Perk and Mrs. F. R. Crawford, of Montreal, were guests the past week of Mr. and Mrs. Gordon McWhinnie. They also attended the Quebec Provincial W.C.T.U. Convention which was held at Ormstown.

Friday guests of Mr. and Mrs. Gordon McWhinnie were Mrs. Jas. Hume and Mr. S. G. Fry, of Montreal. Mr. Philip Fry, of Montreal, is spending this month at the same home.

Mr. and Mrs. Frank St. Louis, of Ormstown, were Friday guests of Mr. and Mrs. D. J. Ovans.

Mr. and Mrs. George Hope entertained on Tuesday evening in honor of their son and daughter-in-law, Mr. and Mrs. Frank Hope's tenth wedding anniversary. The guests were: Mr. and Mrs. James Hope, George and Margaret of Lacolle; Mrs. Lorenzo Farquhar, Mr. and Mrs. Robert Farquhar, of Chateaugay, N.Y.; Miss Edith Smith of Fort Covington, N.Y.; Mr. and Mrs. Wm. Hope and Walter, Mr. and Mrs. Ray McMillan, Patsy and Linda, of Franklin Centre; Mr. and Mrs. Harold Hope, Donna and Jimmie of Howick, and Mr. and Mrs. Robert Tannahill and Gordon.

Mr. and Mrs. Robert Tannahill and Gordon were Sunday guests of Mr. and Mrs. Lawrence Tannahill, Montreal.

Mr. and Mrs. M. McIntyre, Mrs. M. McIntyre, Sr., Mr. and Mrs. Eric McIntyre, and Miss Dorothy Murphy, of Montreal, spent the week-end at the McIntyre home.

Howick

HOWICK—Mr. and Mrs. W. F. Welch and Miss Laura Robertson enjoyed a boat trip on Sunday, on the S.S. Tadoussac from Montreal to Sorel, sponsored by the Telephone Pioneers of America.

The many friends of Mr. Math. Orr and Mr. D. T. Ness, who are at present patients in the Barrie Memorial Hospital, extend their best wishes for a speedy recovery to both.

Mrs. R. A. Henderson spent Wednesday with relatives at Ormstown.

A very enjoyable afternoon was spent recently in the Georgetown Church Hall. A delicious tea was served, also a number of plants were sold which made ready sales.

Ormstown

ORMSTOWN—The monthly meeting of the Ladies' Auxiliary of the Ormstown Branch Canadian Legion met on Tuesday, May 3rd, at the Legion Hall, with Comrade Angie Barrington presiding.

The minutes of the last general meeting were read, followed by a report from the various executive committees.

The initiation of two new members took place. A motion was brought forward and accepted, that the Ladies adopt an Austrian family, to which parcels of food and clothing will be sent. Following the closing ceremony, a "Hint Hunt" was held, the winners of the best hints being Comrades Nussey and Aldridge.

Sandwiches and tea were served which concluded a very pleasant evening.

Miss Robina M. Stevenson, of Sherbrooke, Que., was the guest of Miss Black, during the W.C.T.U. Provincial Convention.

Athelstan

Community Sports.—

ATHELSTAN—Work has been started on a baseball diamond, and a back-stop erected, and the committee hopes to have Volley Ball started within the week. Anyone interested in joining may give their name to the Secretary, Mr. H. G. Grace. Additional contributions have been received from Messrs. T. J. Graham, H. L. Watson, Fred Roy and Robert Stone.

Mission Band.—

The June meeting of the Willing Workers' Mission Band met on Sunday morning in the Presbyterian Church parlour, with an unusually large attendance of members and visitors. Seven new members were enrolled. Meeting opened with singing "Jesus Bids Us Shine." Corinne Hamilton read the Scripture lesson and Lois French gave the prayer. Offering amounted to $2.63 and Offertory prayer given by Billy Aird. Mrs. Grant read a story, Light Pictures, the name given to Movies, which were shown for the first time in that native village in India, coloured pictures of the life of Jesus. Meeting closed with Mission Band prayer repeated by members.

S.S. Notes.—

John Nolan received a bronze enamel pin on Sunday, given for 26 Sundays of perfect attendance and Donald Nolan a silver pin for the third quarter regular attendance.

Y.W.A.—

The June meeting of the Young Women's Auxiliary, W.M.S. was held on Tuesday night, May 31st, at the home of Miss Bessie Graham. The opening devotional exercises were conducted by Margaret Roy and Margaret Shearer. Roll call answered by 17 members. The offering amounted to $5.75. A splendid report of the Rally held recently in St. Andrew's Church, Huntingdon was given by Margaret McIntyre. It was decided to send $60 to General Treasurer, and also to make two new Life Members. The ones chosen to receive this honour were Miss Beryl Jamieson and Mrs. James Hutchings. At the close of the business meeting, a Miscellaneous Shower was given one of the members, Miss Greta Ross, and a very enjoyable time was spent. The decorations were prettily done in pink and white and some lovely gifts received. Delicious refreshments were served to members and guests.

P.Y.P.S.—

A meeting of the Young People's Society was held on Friday night at the home of Miss Norma Gray. In the absence of the President, the meeting was conducted by Robert Stone. The opening devotional exercises were given by Joyce Arnold and R. Stone. The members plan to hold a Fathers' Day service the third Sunday evening in June. The Secretary received a letter of thanks for box of fruit from Shirley Rowat. Plans were discussed as to place to hold annual picnic but nothing definitely decided. Mr. Grace extended a vote of thanks to the losing side in last year's attendance contest for the treat, which was a trip to the movies at Chateaugay, N.Y., held last week. Miss Beryl Jamieson had charge of the Social part of programme and a keenly contested Spelling Match was held, with Mrs. David Watson the winner. It is gratifying to former and older members of Y.P.S. to see the present group revert to this more solid form of entertainment. Meeting closed with the Mizpah benediction. Refreshments were served by the hostess.

Mr. and Mrs. James Fields, of Dundee, Scotland, are enjoying a vacation at the home of their son-in-law and daughter, Mr. and Mrs. Danny Elder. Mr. and Mrs. Fields made a very good crossing on the Aquitania and were met in Montreal on Saturday by Mr. James Elder and Mr. and Mrs. D. Elder.

Mr. and Mrs. Nelson Westover, Alburg, Vt., were guests on Sunday of Mr. and Mrs. A. M. Rowat. Mrs. Westover is remaining for a short holiday with her parents.

Miss Hazel Clauesson visited friends in Montreal on Sunday, also her mother in M. G. Hospital.

Mr. and Mrs. Stewart Armstrong and son George of Lachute and Mrs. Cottingham, Sr., Ormstown, have been recent guests of Mr. and Mrs. James Brims. Mrs. Roy Biggar, Huntingdon and Mr. and Mrs. Heath, Montreal were also recent guests of Mr. and Mrs. Brims.

Mr. and Mrs. Frank Montgomery, nee Jean Brown, of Peterborough, Ont. called on Mr. and Mrs. Jas. Brims and Mr. and Mrs. Geo. Elder on Sunday afternoon and also visited the Athelstan Cemetery to visit the last resting place of her father, the Rev. W. G. Brown.

Mr. and Mrs. Russel Kerr and family, of Howick, were Sunday guests of Mr. and Mrs. Wm. French and Mr. and Mrs. Wm. Anderson.

Mr. and Mrs. Selby Dunlop of Montreal, were guests of Mrs. H. A. Hampson, on Saturday.

Mrs. G. P. Elder spent Saturday night at the home of her son, Mr. J. D. Elder.

Mr. and Mrs. William Anders and daughter Marion, of Montreal spent the week-end at their home here.

Mr. and Mrs. Joe Roy and daughter Lillian accompanied Mr. and Mrs. Harold McConville of Huntingdon on a motor trip to Syracuse, N.Y., where they were week-end guests of Mr. and Mrs. George Roy and family.

Miss Christina Ross, of Montreal, who was one of the guests at the McLean-Ross wedding on Saturday, spent the week-end at the home of Mr. and Mrs. G. A. McHardy.

Mr. Morley Rowat and Mr. Bruce Elder of Montreal, spent the week-end with the latter's parents, Mr. and Mrs. George Elder. Mr. and Mrs. Frank Montgomery of Peterborough, Ont., were Sunday callers at the same home.

Miss Alice Wilson and Mrs. Reese entertained on Friday afternoon in honor of Miss Stella Coulter, who is leaving shortly on an extended trip through the Canadian West and the United States, where she will visit among friends and relatives.

Sunday guests at the home of Mr. and Mrs. Lionel Gray were Mr. and Mrs. Gordon Carpentar and family, of Montreal.

Mrs. W. Heppleston, Mr. Jack Heppleston, Mr. and Mrs. George Heppleston and children all of Montreal were week-end guests of Mr. and Mrs. K. Richardson.

Mr. and Mrs. J. Freebairn, of Montreal, are spending these week-ends at their summer home. On Saturday while Mrs. Freebairn was mowing the lawn, her hand accidentally came in touch with the motor, resulting in the partial loss of one of her fingers.

Brooklet

BROOKLET—Miss Thelma McMillan and brothers John and Gilbert, of Dundee, spent Sunday with Mr. and Mrs. Carl Arthur and Carol.

Mr. and Mrs. Bernard Elliman and daughter Jaditn, of Montreal, spent the week-end with Mr. and Mrs. Allen Elliott.

Mr. and Mrs. John Furey and Jean of Athelstan, spent the week-end with her parents, Mr. and Mrs. Walter Elliott.

The regular monthly meeting of the Woman's Association of Rennie's United Church was held at the Gamble home, Thursday, June 2nd, with a good attendance. Mrs. Emma Gamble had charge of the devotional period using for her theme Father's Day. The roll call was answered with a bible verse containing the word father. A delicious supper was served by the hostess at the close.

Mrs. J. H. McCracken spent the past week with Mr. and Mrs. Thos. Brooks, at Lacolle.

Mr. and Mrs. J. O. Levers spent Sunday afternoon with Mrs. Cora Fraser, Dundee.

Saturday evening guests of Mr. and Mrs. Freddie Elliott were Mr. and Mrs. Walter Sutherland, Beaver, and Mr. and Mrs. Jack Sutherland, of Chesterville, Ont.

Pat was thought to be dying. A friend at the bedside asked:

"Have you made peace with God and renounced the devil?"

"I've made peace with God," Pat answered, "but I'm in no postion to antagonize anybody!"

International Rotary Meetings

Rotarians Dr. J. E. Caza, Ivan Health, W. R. Wilson, Wilf Grant, Andrew Fawcett and Ernest Lefebvre attended an International Rotary meeting held in Saranac Lake on Monday evening. Upwards of 150 Rotarians were present and they represented Rotary clubs from the following countries: India, Australia, Southern Rhodesia, Honduras, Japan, France, Norway, England, Brazil and Canada. Five minutes time was given a representative from each country to speak, and so it was a really unusual International Rotary meeting was held. In a few days time the Rotary International meeting is to be held in New York City when representatives of upwards of 50 countries will be present. A number of Huntingdon Rotarians have made reservations with a view to attending the New York convention.

Mrs. R. Sellar's Birthday

Mrs. Robert Sellar, known to many Gleaner readers as "Mother Sellar" and who wrote the leading guest editorial in the 85th anniversary issue of the Gleaner last September, celebrated her 89th birthday anniversary yesterday. To mark the occasion, her daughter, Mrs. N. W. Sparrow, gave her a tea party when a dozen old friends were present. She was showered with gifts and messages of good cheer which were received from many quarters. To be 89 years of age, full of pep and vigour and all faculties in good order, is not only grand for her but this particular individual takes great pleasure in doing so many things for others whether they be little girls and boys or any age between the range of the cradle and the grave.

-o-

Injured Playing Ball

Master Jackie Chambers is in the Neurological Hospital, Montreal, under observation as a result of an injury received while playing ball at Log Lodge Diamond, over the week-end. He was playing in a game when in some way he was struck on the head by a bat. It did not seem to bother him at the time, but the next morning he was worse and Dr. McCrimmon was called. He was taken to the Neurological Hospital and found to have a slight concussion, but it is not considered to be serious.

-o-

"Robin Hood" Presented

The Maple Leaf Mission Band gave a second performance of "Robin Hood" on Friday, June 3rd, to a capacity audience. Once more the children gave a splendid show and with a slight change in cast for the parts of Robin Hood, Little John and Helen were taken by different actors. This gave a greater number of the band an experience in acting.

In the remarks underneath the picture of "Robin Hood" in last week's edition of the Gleaner a correction should be made in reference to the background. It should have said Mrs. G. McCrimmon instead of Miss G. Herdman.

-o-

W.I. Meeting

The June meeting of the Huntingdon W.I. was held at the home of Mrs. Angus McNaughton, assisted by Mrs. Douglas McNaughton, on May 27. The report of the County Convention held at Ormstown, May 6 was given by Mrs. W. H. Middiemiss.

Plans have been made to sponsor a demonstration on interior decoration on Thursday evening, June 16, in the Huntingdon High School.

Huntingdon, together with the Ormstown branch, will have charge of the County W.I. booth at Ormstown Fair on Friday, June 10. The committee consists of Mrs. Alex. Robb, Mrs. A. W. Perkins, Mrs. Allan Crutchfield, Miss Frances Turner and Mrs. W. E. Bernhardt. Information regarding donations of articles for this booth can be secured from the president, Mrs. W. E. Bernhardt, or other members of the committee.

-o-

Instrument Donated to Band

Through the courtesy of Mr. Brown, Garden City, Huntingdon, Mr. Tom Havel, of Montreal, has donated a Euphonium to the Huntingdon Boys' Band. The band was badly in need of such instrument and it is one of the more expensive instruments that are used by the band. Thus this is a very welcome contribution and the band deeply appreciates the gift.

Presbyterian Y.P.S.

On Friday evening, June 3rd, the Presbyterian Young People's Society held their monthly meeting at the home of Mr. and Mrs. Lindsay Cullen. Dr. George Fisher presided. The meeting opened with a devotional period consisting of hymns, Bible reading and prayer. Plans were made for the annual drive to be held on June 25th to the Presbyterian Peace Memorial Camp at Lancaster, Ont. As the date for the July meeting happened to fall on Dominion Day, it was decided to hold the meeting the following Friday. The monthly Young People's Service, conducted by the society, was discontinued for the summer months. The meeting discussed possibilities of new features in the program and concluded that each month the meeting be varied by special speakers, open discussions on profitable subjects, Bible stories, etc.

The committee in charge, Mr. and Mrs. Cullen and Audrey Weale, gave five-minute talks on their various occupations, which proved to be most interesting. The President's Quizz Competition was again enjoyed, those having highest score being Marion McLaren, Lindsay Cullen and Donald Hooker.

Delicious refreshments were served by the committee in charge, after which a vote of thanks was extended Mr. and Mrs. Cullen and Audrey for their hospitality. As it was the occasion of Mrs. Merrill Tannahill's birthday, all joined in the singing of "Happy Birthday To You", followed by Auld Lang Syne. The meeting closed with the Mizpah Benediction.

A certain wife and mother was commenting upon her new skunk fur coat, given by her husband for Christmas: "I don't see," she expostulated, "how such a nice coat can come from such a sneaking, foul-smelling varmint."

"Why, mother!" the small daughter protested. "What a terrible thing to say about daddy."

Arrows Mark Britons Working for Recovery With U.S. Equipment

The type of equipment Britain would have had difficulty in obtaining without E.R.P. (Marshall Aid), and thus have had its recovery from war damage retarded, is the giant walking dragline, imported in sections from the U.S., and pictured here at an open-cast coal site in Northumberland. Weighing 1,150 long tons and carrying its own electric generator, the mobile monster's first task is the removal of 24 million long tons of earth between the surface and the coal. An idea of its size can be gathered from the men (marked with arrows) in the pictures, which show assembly (right) and off to work (below). The assembly picture, taken from the end of the dragline's 215 foot jib, also shows (left and centre) derricks used for the job. In the other shot a "foot" (centre foreground) is raised as the mechanical giant moves to the site. British miners in the first three months of this year produced nearly 2 million more long tons of coal than they did in the corresponding period last year.

THE WEEK AT OTTAWA

by the Canadian Press

by Lorne Frame

OTTAWA — (CP) — There's a big question mark surrounding the future of the Winnipeg Grain Exchange.

It was put there by an announcement in Ottawa last week, putting the marketing of oats and barley in the hands of the Canadian Wheat Board, effective Aug. 20.

The announcement didn't say whether or not the Grain exchange will still be able to trade in these two feed grains. But it was learned reliably that the government intends to remove them completely from the exchange and give the Wheat Board sole jurisdiction over them.

The move leaves the Winnipeg Grain Exchange little business on its hands. For 62 years one of the world's greatest grain markets, it is thought that trading in rye and flax, the only grains left for it, will be insufficient to keep the exhange in business.

Requests for such a move have come mainly from big Western farm organizations. The federal government passed an amendment to the Canadian Wheat Board Act in 1948 but the board could not take over trade in coarse grains until legislatures of the three Western provinces had passed complementary legislation. Saskatchewan did so in 1948. Alberta and Manitoba followed suit just a few months ago.

The Wheat Board was set up in 1935 to buy and sell Canadian wheat in conjunction with the Winnipeg Grain Exchange. When the price of wheat was frozen by the government in 1943, the board became the sole handler of wheat. It has retained control over complete buying and selling of wheat, thereby prohibiting trading on the Grain Exchange.

Under the new system for coarse grains, these will be handled the same way as wheat. Producers will be paid a minimum price on delivery to the board; any profit made by the board in selling will be shared by Western farmers.

Crop Picture Brightens

Current crop conditions in Western Canada have been causing anxiety in Ottawa for some time. But at the beginning of the week the Bureau of Statistics reported in a second of a series of eight telegraphic reports on crop conditions throughout Canada, that timely rains over wide areas have brought average precipitation in the Prairies back close to normal.

But lark of rain, drifting soil, frost and grasshoppers had plagued crops.

Despite improvement in rainfall, plenty of rain still will be needed during the growing season to produhe satisfactory crops in large parts of Alberta, east-central Saskatchewan and a few parts of Manitcba.

Grasshoppers, too, are hatching in large numbers, especially in eastern Saskatchewan, but there has been no estimate of damage.

By the week's end, however, the picture looked somewhat brighter, with reports of rain and several showers during the week over widespread regions.

To Deport Spy

The appeal against deportation by 36-year-old Dimitri Leschenko, alleged Red spy, has been dismissed.

Resources Minister Gibson, in announcing the dismissal, said Leschenko, ordered by Moscow to work his way into Western democratic intelligence, "admitted during a board of inquiry held by the immigration service that he had been a Soviet spy who operated behind German lines and later in British occupied territory."

Leschenko entered Canada about a year ago posing as a displaced person. He was arrested last April while working in a Calgary flour mill and taken to Winnipeg, where he was handed over to immigration authorities.

"Careful inquiry failed to reveal why he should be allowed to remain in Canada," Mr. Gibson said in a statement. "Deportation is being effected because of misrepresentation connected with his entry to this country."

SEAMEN'S UNION DUSTED

Climax to the drawn-out seamen's labor dispute came at the end of the week. A special three-man committee of the Trades and Labor Congress executive with extraordinary powers suspended the 6,000-member Canadian Seamen's Union.

But the committee made clear that its decision did not automatically pave the way for admission to the Congress of the rival Seafarers' International Union (A. F. L.)

Suspension of the C. S. U. will come up for review at the Congress' annual convention next September. Suspension then may be lifted, extended, or turned into outright expulsion.

The committee grew out of a dispute between the Congress and the anti-Communist group of the Congress led by Frank Hall, Montreal rail union head. It was given full power to deal with dispute, by the Congress executive after a meeting in Cleveland, O., between the A. F. L., executive, the T. L. C., executive and the Hall group.

The C. S. U. has been on strike for nine weeks against operators of deep-sea shipping on the East coast who have been trying to man their

(Continued on page 13i

Canadian Press SPORTS CAMERA

Soccer may become big-time sport in Canada if the largest influx of exhibition teams in history has the desired effect.

Four great teams — Newcastle United, Belfast Celtic, a Scottish representative team and the Kamraterna squad from Sweden, 1948 Olympic champions, will have played 16 exhibition games in front of Canadian audiences by early July.

With the immigration of thousands of Britons, some of whom are good soccer players, and the immigration of displaced persons from the middle and central European countries where soccer is a top sport, a better calibre of player will soon be available for Canadian teams.

Touring teams have visited the Dominion for almost 40 years now. But this is the first time a program on so large a scale has ever been attempted. And the financial arrangements themselves show it is not a small-time affair.

The Dominion Football Association has laid down a guarantee of approximately $27,000. for the Newcastle squad for its tour from Montreal to Vancouver, with one game in Seattle, Wash. Each city entertaining the visiting team puts up $3,000. to cover the guarantee.

Then 25 per cent of the gate receipts are allotted for ground rentals. Sixty per cent of what remains goes to the D.F.A. and 40% to the sponsoring club. The $3,000. individual club guarantee is paid from the Association's profits.

Paying Proposition

That Canadians will go to see these games was shown in the first exhibition match played in Toronto in May.

More than 17,000 fans paid their way into the new mammoth Canadian National Exhibition's sports stadium to watch Newcastle play a group of Ontario all-stars. Newcastle won the game 8-2 but the Canadians put up a terrific battle until half-time.

Something that may seem surprising to the more mercenary Canadian athlete is the small amount of pay the professional English soccer player gets.

Pay for top pros is approximately $60. a week during a soccer season and usually half that amount when the team goes on tour during the off-season. And some of these players have a transfer price tag of $50,000. to $100,000. on them.

Back in 1910 the Corinthians, famous English amateur club, sent a team to Canada and since that time many professional squads have visited the Dominion. Representative Scottish teams came in 1927 and 1935 and English and Welsh representative teams in 1926 and 1929 respectively. Other touring clubs have been Third Lanark, Kilmarnock, Glasgow Rangers, Preston North End, Charlton Athletic and Liverpool.

In 1927 the Scottish team ran into an unexpected 3-2 defeat in a game against a Toronto and district eleven. Evidently the Scots were suffering from a stormy ocean trip or something because in a return game they swamped the Toronto team 10-0.

Lily, Percy and Family, of Beauharnois.

Obituary

The Late Mr. A. Cameron Seale

A large circle of friends in the Eastern Townships were grieved to learn of the death of A. Cameron Seale in his 42nd year, which occurred at his residence in Montreal on May 18th, after a short illness.

The funeral service was conducted by Rev. R. E. Spencer of St. Luke's United Church at the D. A. Collins Funeral Chapel on Friday, May 20. Burial was in the Montreal Memorial Park.

Born in Cookshire, only son of Edward A. Seale and Christina Cameron Seale, he received his education at the Cookshire Academy and Sir George Williams College in Montreal. He was a Mason and a member of Friendship Lodge No. 66 A. F. & A. M. Cookshire.

An ardent sportsman, Mr. Seale was also interested in the Militia being a former Captain in the 7-11th. Hussars. Better known as Cammy to his many friends in the sporting world, he played hockey for various teams including the Bank of Commerce, Northern Electric, Victorias and Lafontaine teams. In 1933 and 1934 Cammy went to Switzerland where he was playing coach for the Basle Hockey Team.

At the time of his death Mr. Seale was employed by the Department of National Revenue, Taxation Division. The deceased is survived by his wife, the former Miss Eva Muriel Swain of Montreal, his parents, Mr. and Mrs. E. A. Seale of Knowlton.

The floral offerings were a silent tribute of the esteem in which the departed was held.

Franklin Rural

Mrs. John Jackson and son Emmet and grandaughter, Miss Elsie Sutton visited Mr. and Mrs. Arthur Livingston in East Greenfield on Sunday.

Rev. and Mrs. Armstrong and family of Kingston, Ont., spent over the week-end at the home of Mr. and Mrs. James Watt.

Mr. and Mrs. Thomas Greenway, Mr. Donald Greenway, Mrs. Charles Mathers and two children, Patricia and Tommy attended the Orr-McDonough wedding in Clarenceville on Saturday.

Mr. Amos Vaincourt and friend, Miss Helen Lamb and Miss Mary Vajo, all of Montreal, spent the week-end at their homes here.

Mr. and Mrs. Dufferin LeClair have been making improvements on their residence by adding a glass veranda and treating it to a new coat of paint.

A lady, checking over her grocery bill, found this item: "One tom cat, fifteen cents." Indignant, she called up her grocer and demanded to know what he meant by such a charge. "Oh, that's all right, Mrs. Blank," he replied. "That's just an abbreviation for tomato catsup."

He: "I'm keeping a record of all the good times we've had together."
She: "Oh, keeping a diary?"
He: "No, the stubs in my check book."

Britain Needs Dollars in Worst Way to Buy Food

Some Americans Suggest Lowering of Value of The Pound to Increase Trade

By CRAIG ARMSTRONG

What is the economic future of Britain?

The government has staked its hopes on the current drive to increase exports to Canada and the United States.

Success is vital to the United Kingdom. Britons import most of their food and to have money to eat they must export.

Dollars are Britain's largest need. Dollars are good anywhere whereas sterling can only be used in other soft-currency areas and they prefer dollars.

One current proposal to attract North American buyers to British goods is devaluation of the pound.

But to this the government gives a flat "No" and says the current slackening in British exports was expected and can be overcome.

But uneasiness persists over both these critical factors in the country's economy.

The pound at present is valued at $4.03. Some proponents of devaluation suggest that a value of $3, a rate at which pounds have been traded on free money markets, would reduce the prices of exports enough to compete favorably in the North American market.

Some Americans are exerting pressure on Britain to lower the value of the pound. Until Britain convinces the world that the pound will retain its present value, rumors of devaluations will persist.

This hurts the export drive in the United States market. American business men question why they should buy British goods now when, in a few months, they might get them cheaper.

This attitude has been reflected in the decreasing momentum of the drive, particularly in the United States. At the same time sales to Canada have been increasing.

The Board of Trade says the United States market can and must be won. This can be accomplished, the board suggests, if British manufacturers lower their prices through reduced production costs and by extensive promotion.

Harold Wilson, president of the Board of Trade, who recently made a three-week tour of Canada said last week of the North American market:

"We have to go there and find out exactly what the particular buyer requires . . .But above all we need, especially in these days of a buyer's market and falling prices, to be able to sell at a competitive price.

He said Canada is a land of opportunity for British exporters but said it was no "cakewalk." Britain exports to Canada at a rate exceeding £70,000,000 a year which still leaves a gap of £120,000,000 to be bridged.

"Unless we can make good the gap by increased dollar earnings we shall find ourselves not only unable to think of buying additional goods from Canada but unable to go on buying even at the present rate."

"If the drive is not successful there will be shorter food rations and unemployment. Without hard currency food from dollar countries could not be imported. Without dollars raw materials, which keep much of Britain's industry rolling, could not be bought.

The possibility of such dire results probably give the government its aggressive "can and must" attitude towards winning North America to British goods.

In Paris the conversations between three Western powers and Russia on the Berlin problem were being carried on in secret sessions at the week-end.

The most encouraging sign to come out of the meeting of Big Four diplomats is the fact that the meetings are continuing.

Mere restoration of harmony in the German capital is not the object of the sessions. Both sides believe, with apparent sincerity that a way of life can be worked out.

The greatest difficulty in reconciling the aims of the two groups within the Big Four is not the problem of how to organize Berlin as a single city. It is rather the question of whether any one power can be permitted to veto acts of the city government or elections of city government officials.

If Russia gives up her insistence on the veto power within the city's municipal government, it will be because other considerations make it advisable.

A dual city government with two currencies now exists in Berlin. After the blockade last year, rioters drove the elected anti-Communist government out of the City Hall in the Soviet zone. The Western sector held new city elections in which Russia refused to participate.

The present strike of railway workers in the Western zone of Berlin by which the city rail system has been paralyzed for two weeks, grew out of the currency conflict.

According to week-end reports the Russians are considering the use of force, if necessary to resume traffic on the city's railway system. The decision followed failure of a conference of the Big Four military governors to settle the strike.

In the face of these problems in Berlin administration, the Big Four diplomats in Paris are believed to be discussing how a single city administration can function without harming the interests of the four occupying powers.

Meantime in China about 600,000 Red soldiers were reported moving south at the week-end toward the Nationalist refugee capital at Canton.

Canton according to informative sources has about 300,000 men for defending itself. Communist forces driving on the city are divided into two armies which plan converging on a defence point about 300 miles from Canton.

Another Communist army is preparing to move down the China coast to capture the port cities of Foochow, Amoy and Satow. Red troops, reported within 30 miles of Foochow, are meeting almost no resistance.

Maybe it is good that men don't understand women. Women understand women, and don't like them.

Roxham

ROXHAM—An incident which could have resulted in a very bad accident occurred at the residence of Mr. John Smith on Tuesday evening, when Mr. Robert Akester was blasting a stone about an acre and a half from the house. As the blast went off a stone about eight inches in diameter was thrown with such force, it crashed through one of the upstairs windows, smashing the window frame and just missing Mrs. Smith who was working in the room at the time.

Mr. Wm. Fewster, Mrs. Chas. Fewster, Mrs. Warren Sweet, of Mooers, N.Y., were callers in St. Johns, on Saturday.

Mr. and Mrs. Frank Wallace have moved to their home here for the summer months.

Sorry to report that Mr. Philip Smith is confined to bed and under the doctor's care.

Mr. and Mrs. Reuben Hough, Mr. Robert Akester motored to Plattsburgh on Wednesday.

Mr. and Mrs. Kenneth Akester, Audrey, Luena and Kenna Joy of Verdun were week-end visitors of Mr. and Mrs. Robert Akester.

Mayor Casts....

(Continued from page 1)

for the merchants in that they were losing the tourist business by traffic being diverted on the return of cars to the States. He said the merchants believed that these returning tourists might have a few Canadian dollars they wished to spend, but because they were diverted away from the main business section, this was lost to the merchants in that section. Mayor Cappiello said he had had the same thing said to him in the past week and it looked to him that two-way traffic on Chateauguay Street was the only solution. Alderman Foisy suggested two-way traffic with continuous parking on one side and thirty-minute on the other. Considerable discussion ensued on the subject and Alderman Lefebvre suggested that the business men concerned with the matter be asked to meet the council in the very near future for a discussion on the subject and to get their views.

Alderman Foisy gave notice of motion that he would bring in an amendment to the present by-law re. making Chateauguay Street a two-way traffic street with sixty minute parking on both sides, changing to one-way traffic on Wednesday and Saturday nights. He was given permission to interview Cossette and Cossette with regard to preparing the amendment, or a new by-law.

The council adjourned until Monday, June 20th, at 8 p.m.

Valleyfield

VALLEYFIELD—Mr. and Mrs. Robert recently returned from a trip by motor to Portland and Old Orchard Beach, Maine.

Mrs. Percy Parry and Miss Mary Johnson sailed May 27th for England to visit relations.

Mrs. Richard Willis, of Vanleek Hill, Ont., was a recent visitor at the home of her son, Robert Willis.

ONLY POLICE CAN SHOOT

VANCOUVER, B.C. (CP)—The Vancouver Little Theatre may try to sign up a policeman as a new member. Recently they were refused permission to fire blank cartridges in a stage production. A few nights later eight shots rang out during a stage play put on by another group. The explanation—the shots were fired by a borrowed constable, and standing behind him was the chief of police.

Wedding Guest: "This is your fourth daughter to be married this year, isn't it?"

Sandy MacTeight: "Aye, an' our confetti's gettin' awfu' gritty."

"Red Shoes" Tremendous Hit in Montreal Comes to Huntingdon Theatre

Its Huntingdon engagement postponed twice, on account of being held over in Montreal, the outstanding and strikingly beautiful story of the ballet world, "Red Shoes", which is entrancingly told with the help of Technicolor, will finally be shown at the new air-conditioned Huntingdon Theatre this Saturday Night, Monday and Tuesday Nights. The picture has been acclaimed not only in Montreal, but in Europe and America as out of this world as far as music and dancing are concerned. Romance runs throughout the telling of "Red Shoes". The picture definitely has that certain something that makes it great entertainment. Sterling performances are turned in by Anton Walbrook, Marius Goring and Moira Shearer.

The second picture on this bill features the ever popular Gene Autry in "THE BIG SOMBRERO", and is also photographed in Color.

The forty minute Variety Stage Presentation will be in addition to the two features on Saturday night at 8.30, and boasts splendid performances by Romaine and Babette in Acrobatics, Laury Lucas charming Bilingual Vocalist, and Roger Manville, Master of Ceremonies and a specialist on the harmonica, and last but not least, Win Peasy on the Knabe Grand Piano.

BEAUHARNOIS — Recent guests at the home of Mrs. Ada Good were Mr. and Mrs. Charles Breeyear, Schenectady, N.Y., Mr. and Mrs. Lester Benson, Montreal, Mr. and Mrs. John Eamer, Miss V. Eamer, R.N., and Mrs. Stanley Tilton, all of Cornwall, Ont.

Mr. John C. Small spent a few days last week with relatives in Quebec.

Mr. Andre Lacaille is at present spending some time in Ottawa.

Mrs. Ada Good has recently spent a few days in Montreal when she attended the funeral of her friend, Mrs. Carrie Benson.

Miss R. McCarther of Cornwall was a recent week-end guest of Mrs. J. A. Hunter.

The choir of St. Edwards Church has planned a recital after the evening service, June 12th.

Mr. and Mrs. M. Shea and daughter Norma and Mr. Keaho, of Ontario, were week-end guests of Mr. and Mrs. Moran.

Mrs. Gilbert Wootten is at present in France, having sailed from New York, on June 1st.

Mr. and Mrs. David Watson were the guests of Mr. and Mrs. E. Sullivan during the past week-end.

Around Our School

One of the four freedoms of Democracy is freedom of speech. This I feel is the most important of the freedoms, the freedom to speak one's mind. This is exactly what is being practised around our school through our own Students' Council, which has been in existence since the beginning of the school year. This week, for the first time, we bring to you, our readers, a full report on the proceedings of our last meeting, held May 17, 1949. This Students' Council, which is made up of nine pupils elected by the pupils of the school, has been a great help to our school in the past, by supervising on the play ground, setting up the new B.I.S. tuck shop, helping to arrange the Hobby Show, etc.

At the last meeting, many things were decided that would further the school's progress. The meeting opened with a question from one of the members, who asked what the council intend to do with the profits received from the tuck shop. It was decided that the Students' Council might donate a few good books to the school's library as well as purchasing a good microscope.

Come one, come all — everyone from six to sixty is invited to attend the B.I.S. Carnival to be held June 11 at the new school. This Carnival, sponsored by the Students' Council, promises to be loads of fun for all, with a fish pond, ring toss, haunted house, auction and even a fortune teller. And that's not all, there will be many more things to do. Admission is only a nickel. A door prize is being offered, so don't miss the chances of a lively time.

You are probably wondering what has happened to our track and field team, but the truth is that there were so many who were not able to go for legitimate reasons, we found it useless to do so.

We of the B.I.S. would like to sincerely extend our congratulations to Gault on winning the most points at the track meet; good work, Valleyfield.

That's all from Around Our School for this week, see you at the Carnival.

George Broadbent.

Chateauguay

St. Andrew's Sunday Services

CHATEAUGUAY—In the absence of Rev. Donald R. Morrison, who was the guest preacher at the Centennial Anniversary Services of St. Luke's United Church, Kirkhill, Ont., the Sunday morning service in St. Andrew's United Church was conducted by Rev. D. N. Keith, of Lachine, Que. And in the evening by Mr. Stanley Kennedy, Student Missionary at Caughnawaga.

The flowers at the base of one of the Memorial windows in memory of Julius J. G. Richardson who paid the supreme sacrifice, June 7, 1916, were placed by Mr. E. Robinson Richardson and his daughter, Mrs. Gerald Frostad.

Woman's Missionary Society Meeting

The Woman's Missionary Society of St. Andrew's United Church was held Wednesday afternoon at the home of Mrs. George Lobban, with Mrs. Leslie Cameron, co-hostess and eighteen ladies present.

The president, Miss R. McFarlane presiding. The meeting opened with soft music, played by Mrs. J. R. Dickenson followed by the Worship service. During the business period several items of business were discussed among them being plans for the Baby Band Party to be held the last week in June.

The guest speaker for the afternoon was Mrs. C. L. Roman, of Valleyfield, Que., district vice-president, who took as her subject, "Advance", the slogan for 1949. Mrs. Roman said in part, "We can advance in knowledge of Mission undertakings by hearing returned missionaries and by reading about the work that is being done.

If we add Perseverance to understanding and to enthusiasm the sum will be Action. If we give of our time, opportunities and talents God will use them to advance His Work".

Mrs. Roman was introduced by Mrs. David Lang and thanked by Mrs. Douglas Gilmour.

The hymn "Eternal Father, Strong to Save," was sung as a prayer for the safe arrival of Mrs. E. R. Richardson and Mrs. W. E. Pilborough in England.

The meeting closed with the Benediction, followed by refreshments served by the hostesses assisted by Mrs. Ivor Jones and Mrs. Douglas Gilmour. The monthly meetings of the Auxiliary are being discontinued during July and August.

Personals

Brigadier-General J. G. Ross, of Montreal has opened his home at Woodlands for the summer and is now in residence.

Mr. Bennie Gilmour has returned to his home here accompanied by his son-in-law and daughter, Mr. and Mrs. Stanley Hill and Miss Irene Hill.

Mrs. Gerald Guiou and Mrs. Margaret Trask, of Yarmouth, N. S., are the guests of Mr. and Mrs. Stewart Trask.

Mr. and Mrs. C. A. Smith are enjoying a holiday at Bigwin Inn, Lake of Bays, Muskoka, Ont., and will attend the International Trade Fair at Toronto, Ont.

Pleased to report that Mrs. H. Kyle who was a patient at the Homoeopathic Hospital, Montreal, has returned to her home, much improved in health.

Valleyfield

VALLEYFIELD—Miss Margaret Baldwin was hostess at a miscellaneous shower, during the past week in honour of Miss Audrey Cooper whose marriage takes place on the 25th of June. On arrival, the bride-to-be was escorted to a prettily decorated chair and after several games were played Audrey was presented with a basket of gifts to be opened. Although taken by surprise she thanked all graciously for their kindness.

Congratulations are extended to Mr. and Mrs. G. Evans on the birth of a daughter on Saturday June 4th, also to Mr. and Mrs. Harry Jones on the birth of a daughter on the same day.

The W. A. of the United Church held their regular monthly meeting at the home of Mrs. W. A. White, Tully St., on Thursday, June 2. Mrs. C. L. Roman presided and the minutes were read by Mrs. D. Montgomery and the treasurers report by Mrs. Boy. Plans were made for a tea and food sale to be held this month and all business settled for the summer months. The meeting adjourned and tea was served by the hostess assisted by Mrs. J. W. Stewart.

WEDDING

THOMSON—WALLACE

The marriage of Miss Irene Gertrude Wallace, daughter of Mr. and Mrs. William Wallace, of Valleyfield, Que., and Mr. Sidney George Thomson, son of Mr. and Mrs. Herbert Thomson, of Valleyfield, took place at three o'clock on the afternoon of June the 4th, in the Valleyfield United Church, Rev. J. H. Lynn officiating. Mr. Robert Anderson was at the organ and Miss Eunice Ross sang "O Promise Me", and "Because" during the signing of the register. Spring flowers decorated the Church.

The bridegroom's sister, Miss Doreen Thomson, was maid of honour and Miss Iris Amos and Mrs. F. Holpin were bridesmaids. Mr. William Wallace, brother of the bride, acted as best man and Mr. Albert Amos and Mr. Hugh Riley were ushers.

Given in marriage by her father, the bride wore a model gown of white satin brocade, fashioned with long sleeves, having a sweetheart neckline and the skirt falling in a long train. She wore a veil of tulle illusion held with a bandeau of lilies-of-the-valley and carried a cascade bouquet of red roses.

The maid of honour wore a gown of yellow eyelet embroidery made along princess lines with a bolero jacket and had a small hat of flowers and tulle in matching colour. She carried a Colonial bouquet of varigated sweet peas.

The bridesmaids were gowned alike in turquoise piqué made along the same lines as the maid of honour and wore matching hats of flowers and also carried Colonial bouquets of variegated sweet peas.

Mrs. Wallace the bride's mother was wearing a navy blue crepe dress with navy blue and white accessories and wore a corsage of red roses.

Mrs. Thomson, the groom's mother wore a brown and white print crepe dress with brown and white accessories and a corsage of red roses.

A reception was held in the Tourist Club, after which the bride and groom left for the Eastern Townships, the bride had chosen a white gabardine suit with a white hat and green accessories and wore a corsage of pink roses. On their return they will reside in Valleyfield.

Among the out-of-town guests present were, Mr. and Mrs. A F. Lloyd and son of Toronto, Mrs. Alex Crawford, Sarnia, Mr. and Mrs. James Wallace, Sulphide, Mr. and Mrs. B. McCartney, Ormstown, Mr. and Mrs. F. Schofield and family, Woodlands, Dr. and Mrs. Tremblay, Montreal, Mrs. Douglas Wallace, Toronto, Mr. and Mrs. F. McComb, Plattsburg, N. Y.

Discoverer Tests Drug In Jungle

CONDUCTING a major test on a herd of 84 cattle is Dr. D. G. Davey (left), joint discoverer of the new drug Antrycide. Davey's hopes are that his drug will make African cattle immune to the sleeping sickness conveyed to them by the bite of the tsetse (pronounced setsee) fly. Discussing the progress of the test with him in the picture is another Briton, Mr. R. N. W. T. Fiennes, Senior Veterinary, of the British East African Veterinary Research Organization with which Davey is working over 100 miles from Nairobi, Kenya. If Antrycide proves completely successful, a 4½ million-square-miles food-producing area will be opened as a result of British research in European laboratories and field work in African jungles.

Canadian Garden Service

by Gordon Lindsay Smith

Keeping the Garden Healthy

The biggest single factor in keeping the vegetable or flower garden healthy is regular cultivation. This creates the best possible atmosphere for thriving plants. Cultivation not only destroys weeds and other plants that have no place with our flowers and vegetables, but it lets in air and helps the soil absorb needed moisture. Without this, especially where the land is heavy, there would be little chance for moisture to enter or for beneficial bacteria to work.

To carry out cultivation with a minimum of effort, some of the special implements now on the market will be found invaluable. For working around closely-planted flower beds, or in the rows of smaller vegetables like carrots, beets and onions, a short handled, two or three pronged cultivator, not much bigger than a table fork, is useful. Where the space is more ample, a similar cultivator, but larger and with a long handle to eliminate back-breaking stooping, will be a good investment.

Special tools

It is a good plan to have a couple of hoes of different size or perhaps one regular garden hoe and a Dutch type hoe. The latter, which is shaped like the letter "D", is one of the very best tools for killing weeds and grass under shrubs and trailing plants and for leaving a fine mulch behind. Until one gets used to it, however, one should be careful as it will slice off good and bad plants with equal facility.

With the larger gardens, one of the small, hand-guided tractors will save an enormous amount of hand labor. Equipped with cultivator and possibly a small disk or harrow, these machines thoroughly cultivate a half-acre garden in less than an hour. They are so easily guided too, after a little practice, that one can cultivate to within an inch or so even of small plants like onions. This means that there will be very little garden left to go over with the hand cultivator.

Watering will help

Being able to water the garden when necessary is a big advantage. If the supply is limited to what can be pumped by hand from a well or cistern then it is well to confine to a corner of the kitchen garden where the lettuce, onions and a few short rows of beets and carrots are concentrated and also, of course, to a few favourite flowers. But if there is a hose and lots of water on tap, then the whole garden and lawn will benefit.

It is well to remember, however, that light sprinklings are of little use. They will just keep down the dust, which is of doubtful advantage, or when applied to the lawn will encourage shallow rooting.

It is far better to soak thoroughly once a week in dry weather. This encourages the lawn grass to go down deeply where it will find more plant food. A few hours after each thorough soaking either by hose or nature, the flower and vegetable garden should be cultivated to open up soil and prevent evaporation.

Mixed Fertilizers Don't Harm Soil

Most farmers are convinced, from their own experience, of the value of chemical fertilizers in maintaining soil productivity and for increasing crop yields. There are still some who believe that chemical fertilizers are ruining our soils.

No one will suggest that organic matter and humus are not important in our soils, says G. W. Michael, Fertilizer Specialist, Dominion Department of Agriculture. To add compost material to build up the humus content of the soil is an expensive method. But humus can be put into the soil by ploughing down refuse crops, sods, green manure crops, and animal manures. Humus improves the texture and structure of the soil, regulates soil temperature, serves as a source of nitrogen and other plant foods, increases the water-holding capacity of the soil, prevents the top soil from washing and blowing away and stops the loss of minerals in solution.

Two things are necessary to maintain soil fertility, organic matter and plant food, and they should be partners. Organic matter can be maintained by good farm practices of rotating crops, use of manures, both green and animal, and ploughing down crop residue. The presence of organic matter increases soil bacteria and fishworms which are beneficial to productive soil. Since most crops remove more plant food than the average farmer returns to the soil, it is necessary in addition, to use chemical fertilizers to supply the plants' requirements; thus producing more vigorous crops and returning more organic matter to the soil in crop residue.

No experiments have ever shown that the use of chemical fertilizers are in any way detrimental. This is borne out by a 95-year experiment on wheat in England, where chemical fertilizers were used against manure. The plot receiving 1,392 pounds of complete fertilizer annually, outyielded the plot receiving an annual application of 15.7 tons of manure. During the last five years, the fertilized plot outyielded the manured plot by 4.4 bushels per acre. It would not seem that this soil had been poisoned after receiving chemical fertilizer annually for 95 years.

In reviewing the facts, there is no scientific evidence that the use of chemical fertilizers causes any deterioration of the soil, or has any injurious effect on plant growth. The use of chemical fertilizers increases yields, thus lowering production costs. It makes poor land good and should be employed to make good land better.

"Exercise is a wonderful thing to develop the body muscles," said the high school athlete to his dad. "Now watch!" and the boy grasped a long pole, moving it rhythmically, upward and downward, in a semi-circular path.

"Well, well, well," the father exclaimed. "What education won't learn next. Now if that pole had tines on it, you could be cleaning out the barn."

Ambitious Youngsters Find Good Opportunity in Banking Profession

Earn, Learn and Travel at Same Time

A progressive career as an officer of Canada's first bank lies within your reach, if you're a go-ahead young fellow with junior matriculation or its equivalent. Girls, too, find increasing opportunity in the Bank of Montreal.

Because of the tempo of business today, promotion is steadily becoming more rapid. Senior B of M positions are filled by staff promotion. Tuition fees, with a special bonus, are returned to juniors who pass banking courses.

Earning while learning, the young banker is trained in a variety of duties of increasing importance. His training also gives him the opportunity of serving in various parts of the country.

Some of the benefits of service in the B of M are a pension, group insurance, and special allowances and bonuses, and the B of M officer need not fear unemployment in bad times.

Like other professions, banking is not a quick means to a high income. But the banker's lifelong professional standing and security compare well to the ups and downs of most men who want a high salary in a hurry, and besides bank salaries have risen substantially in recent years.

If a Bank of Montreal career interests you, see Kenneth Pope, manager of the B of M branch at Huntingdon tomorrow. He'll gladly tell you more. (Advt.)

News Briefs...

AIRBORNE FARMING

REGINA (CP)—Prairie farmers are up in the air this spring. Leo McKenna, aircraft company owner, says he has sold 65 light aircraft in the last two years, most of them to farmers. Some farmers spray crops from their planes but most use them just for transportation.

BEARDS MAKE COMEBACK

HUMBOLDT, Sask. (CP) — Beards are coming in for a lot of attention here. A reecnt meeting was called to discuss steps to be taken against non-beard growers. It was held, of all places, in a barber shop.

READY FOR A SWIM

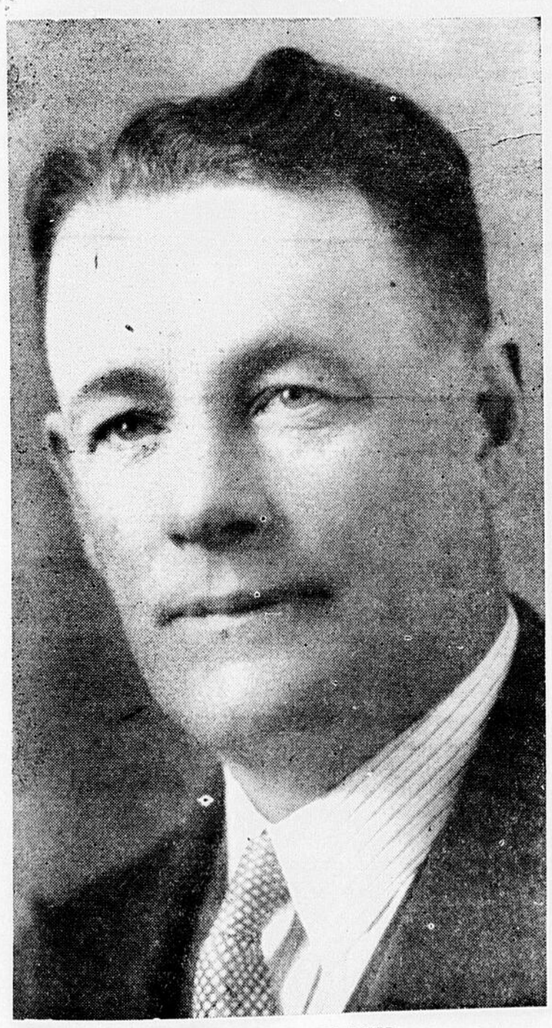
VANCOUVER (CP)—Now that June is here, Vancouver swimmers have been given an official "go ahead" signal. Health officials have tested all the city's beaches and reported them safe from a health standpoint.

HEIFERS FOR YOUNG FARMERS

KAMLOOPS, B.C. (CP) — The British Columbia Hereford Association has started a plan designed to keep young farmers on the ranches. A recent meeting of the group decided to promote junior calf clubs in the province.

Liberal Meetings

in Support of the Liberal Candidate for Chateauguay-Huntingdon-Laprairie Constituency



DONALD E. BLACK

The general public is earnestly invited to attend these Liberal meetings being held at various points throughout the constituency.

Mr. Donald E. Black, the Liberal candidate will address all meetings and be supported by other speakers.

INTERNATIONAL CONFERENCE ON AGRICULTURE

Above, from left to right, Keiki Owada (left), Japanese delegate to the third annual conference of the International Federation of Agricultural Producers, greets Sir James Turner, president of the British Farmers' Union and president of the I.F.A.P.; Dr. Wm. Reek, president of the Ontario Agricultural College and Dr. G. S. H. Barton, special assistant to the Canadian minister of agriculture.

The Canadian Federation of Agriculture is host to some 120 delegates from 25 countries during the two-week conference at the Ontario Agricultural College, Guelph, from May 31 to June 11. Canadian Federation of Agriculture president, H. H. Hannam, Ottawa, is third vice-president of the I.F.A.P.

A world food plan for moving food surpluses from producer nations to consumer nations, proposed by the Canadian Federation of Agriculture, is being studied by the conference as well as international commodity agreements and other international problems of agriculture.

The Canadian Federation proposed establishment of an international food board and an international fund to operate the plan. Mr. Hannam, leader of the Canadian delegation, told the first plenary session of the conference that such food surpluses would "always be distributed at relatively low prices." He said that any loss incurred in each distribution would be shared by the nation disposing of the surplus and by other nations of the world through the proposed international emergency fund.

Immediate ratification of the proposed international wheat agreement was asked by a special general session on June 2.

Delegates arrived in Halifax last month and have been guests of the Canadian Federation of Agriculture, going on a tour of the eastern provinces before their arrival in Guelph on May 30. After the conference the tour will continue across Canada to Vancouver. Delegates will be entertained by member-bodies of the Canadian Federation of Agriculture at various places on the tour, including a stampede at Nanton, Alta., and in the Fraser Valley and in Vancouver. On a return trip to the east coast through the United States the group will be guests of U.S. Farm Bureau Federation. On a three-day bus tour of Ontario, delegates were guests of the Ontario Federation of Agriculture.

THE NATION'S BUSINESS

by ottawa observer

Landslide

The smashing Liberal triumph in Newfoundland surprised even the seasoned political observers in Ottawa.

A handy Liberal win had been expected. But the opposition forces were ready to count it a moral victory if they had taken as much as 10 of the 28 seats.

Prime Minister Louis St. Laurent sent his personal congratulations to Premier Joseph Smallwood. The Prime Minister said it was a victory "both for Confederation and for the cause of Liberalism."

Gardiner Critical

Agriculture Minister James G. Gardiner blasted the Tory party for promoting policies of allowing capitalists to have a free hand. "But they neglect to point out that whenever that policy has been followed we have had low returns to labour, farmers and fishermen — and depression."

He turned to other parties. "There is only one Socialist government in Canada but every social service is already established by a previous Liberal government."

"Not only have the Liberals established social services," he pointed out. "But they have devised systems of taxation which take excessive profits into the treasury to pay for those social services without interfering with the freedom of individuals and corporations."

"Agriculture should vote Liberal," he said. Its greatest prosperity was under the Laurier government of 1896 to 1911, the King government from 1922 to 1930, and the King and St. Laurent governments from 1936 to the present.

Exports Up

Canada's trade picture brightened when April export figures were released by the Dominion Bureau of Statistics. The exports totalled $237,800,000 in April, compared with $212,300,000 in the same month last year.

Trade for the first quarter this year was also running ahead of the records of last year. Exports for the first four months were $896,600,000. Last year they were $884,400,000.

Apart from the election campaign the big event of the week was the opening of the Canadian International Trade Fair at Toronto. This is Canada's second trade fair and the number of exhibitors and buyers present from the principal trading countries of the world gives assurance that it will be an even greater success than the first fair last year.

The trade fair came about because Canada had in its employ a few alert, far-seeing civil servants and because the government was big enough to act on their advice and give them sufficient scope to do a job. The civil servants who planned and made the Canadian International Trade Fair are the same men who are sometimes called "bureaucrats" by politicians who would either dismiss them from the public service or put them under initiative-killing restraint.

The First Canadian International Trade Fair last year was so much a success that the United States is copying the idea, going to hold similar fairs in several cities. Europe has long known such trade fairs but the Canadian show was the first of the kind held in North America.

The Canadian economy continues to provide more jobs. The Bureau of Statistics labour force survey made in March showed that, despite increased seasonal unemployment due to bad weather, 31,000 more people were employed in Canada than in March, 1948.

The deal for the sale of British Columbia canned salmon to Britain went through last week. For two or three years Britain has been buying no canned salmon from Canada. Decision to purchase this year came during Trade Minister C. D. Howe's recent visit overseas. The deal which is for 410,000 cases, means the recapture of an important market.

Displaying the courtesy which characterized his political career Rt. Hon. W. L. Mackenzie King travelled to Alexandria in Glengarry County last week to thank the electors for giving him a seat in the last parliament. The Liberals of the historic county were assembled in convention and again tendered him the nomination but he declined, thus bringing his active political life to a definite close after forty-one years. The former Prime Minister said his health would not permit him to take part in the election but he wanted it clearly understood he was solidly behind Prime Minister St. Laurent and the Liberal government "and behind Liberal party principles as they are being carried out." He went further and said there was not a man in Canada so well qualified to lead the nation as Mr. St. Laurent.

Drew's Measure Taken as Leader

Mr. Drew's attacks on the North Star have backfired disastrously. He now says that his criticism was based on a question of difficulty of operation and not on the question of danger involved.

The effect of his charges, however, has already been felt, as predicted by the politically independent **Financial Post:**

"Mr. Drew's charges will certainly be used against T.C.A. which has been strenuously competing for international business, and they certainly won't help Canada sell, as has been the hope, more of these planes to other countries, and they could have a serious effect on the jobs of thousands of Canadians and on Canada."

More About Landslide in Newfoundland

Progressive Conservatives did not obtain one-third of the popular vote and 13 P.C. candidates lost their deposits. Mr. Drew minimizes the significance of the Liberal landslide, but the internationally read **Time** comments thus:

"The Tories tried to outpromise the Liberals . . . they promised to increase family allowance payments, to start old age pensions at 65 years instead of 70, and to eliminate the means test. After the last of the Liberal and Tory promises had been made, the voters went to the polls. Joey Smallwood and his Liberals got a landslide victory."

-o-

Qualities of St. Laurent

When Mr. St. Laurent visited Halifax on May 14, Premier Macdonald had this to say:

"Courtesy, dignity, courage, intelligence, tolerance of the views of others, and a readiness to help others — these are the qualities revered and cherished by the Canadian people. These are the qualities which will win overwhelming support from the Canadian people for the Prime Minister on June 27."

Man in street car: "Lady, will you please get off my foot?"

Woman in street car: "Why don't you put your foot where it belongs?"

M.I.S.: "Don't tempt me, lady, don't tempt me."

Much Food Value In Liquid Part Of Canned Goods

Housewives and cooks who discard the liquid part of their canned vegetables are committing a grave error, according to Miss Margaret E. Smith, Director of the Nutrition Division of the Health League of Canada.

"Liquid portions of canned vegetables generally contain approximately one-third of the water soluble vitamins such as vitamin C and vitamins B1 and B2" Miss Smith said. "Similarly, about one-third of the minerals are found in the liquid."

The Health League nutritionist explained that modern canning methods resulted in conservation of the extractable vitamins and minerals for the consumer's use. To avoid wastage of any part of this valuable content, Miss Smith suggested if the liquid in the can could not be served with the solid portion that it be used in soups and gravies.

"Whatever you do, don't discard that valuable liquid," Miss Smith said. "For instance, in the case of canned green beans, 36 per cent of the ascorbic acid is found in the liquid, 33 per cent of the thiamine, and 24 per cent of the riboflavin content. The liquid in canned asparagus contains 40 per cent of the ascorbic acid.

"Since ascorbic acid, or vitamin C, goes to make strong blood vessels, bones and teeth, we certainly don't want to knowingly discard any of it. Thiamine, or vitamin B1, is essential for metabolism of the protein and for growth in general, while riboflavin, vitamin B2, has much to do with proper chemical changes of foods in body cells."

Anglers' News

The directors of Lake St. Louis Anglers held a special meeting last week to put some of the final touches to plans for the Lake St. Louis Anglers' Big Fish Derby. The Derby, being held this year on July 1st, is one of the largest events of its kind in Canada. It is confidently expected that this year will top the record of last year when over 1100 fishermen took part. Prizes, numbering nearly 100, range from a spool of line to an outboard motor. There is also a special prize of a new 1949 automobile. The prizes are to be awarded to the fisherman catching the biggest and 2nd biggest Muskie, Dore, Perch, Bass and Pike. There are aggregate prizes for both ladies and gentlemen. All in all, reports indicate the Lake St. Louis Anglers' Big Fish Derby being well worth entering.

Stations, where participants can enter and return to, are located at convenient spots all around Lake St. Louis. There are stations at Lachine, Dixie, Pine Beach, Valois, Pointe Claire, St. Anne de Bellevue, Beauharnois and Chateauguay.

Members of Lake St. Louis Anglers will be very interested to know that the lake, in which they have an interest, was stocked with trout last Saturday. As a result the members will be able to go trout fishing toward the latter part of the summer. Further details will be published from time to time.

New Erin

NEW ERIN—Mr. and Mrs. Lloyd C. Rankin of Shawinigan Falls, Que., spent the week-end at the home of Mr. Earle Rankin.

Miss Effie Rankin attended the Graduation Exercises at the Montreal General Hospital on Wednesday. Her niece, Miss Joyce McWilliams, was one of the sixty graduates.

Health Service

Alcoholism — What is the Anwer?

If the use of alcohol is interfering with physical health, the integrity of the home, efficiency at work, or social life, there is sufficient reason for treatment, it is stated by Dr. R. G. Bell in an article — "Alcoholism: What is the Answer" — in the current issue of HEALTH magazine published by the Health League of Canada. Dr. Bell is Medical Director of the Shadow Brook Health Foundation, Toronto.

The writer says it is difficult to say exactly when any particular individual becomes an alcoholic but "if one's drinking pattern is such as to indicate the probability of eventual development of so serious an illness as alcoholism, it becomes necessary to consider treatment at an earlier stage."

Dr. Bell states that because a person can drink large amounts of liquor with apparently negligible effects at any one time, there is no guarantee that a continuation of such drinking would not produce a full blown picture of alcoholism some time later. He remarks that "one finds quite consistently in the study of alcoholic patients, that the development of alcoholism in any particular case comes as a horrible surprise to the patient.

The writer lists four phases in the treatment of alcoholism.

The first step in treatment must deal with the physiological condition presented by the alcoholic patient, with the nutritional state dealt with first. Next, comes a complete physical examination and careful inquiry into all aspects of his health — and analysis of the individual's particular alcohol problem.

Then the patient must be prepared for a protected, therapeutic environment for a minimum period of one year — an environment in which he will continue to acquire insight into his illness, to improve in motivation, and to rid himself of psychiatric symptoms. And, finally, the patient must be provided with a framework for a lifetime, non-alcoholic, social environment.

Ireland Plans to Improve Farm Lands

The Irish Government has been taking a look at its farm land and as a result has announced a plan of reclamation and rehabilitation of four million acres of agricultural, or potential agricultural land. The scheme—over a ten-year period—involves reclamation of marshes and river land, drainage, improvement of water courses, fertilization of impoverished land, and modern fencing.

Known as the Dillon Plan, since it was introduced by Mr. J. M. Dillon, the Minister of Agriculture, it is based on a soil survey which was carried out during the last twelve months, and on a report furnished by Mr. G. A. Holmes, an expert on grasslands from New Zealand.

Mr. Holmes' report states that Ireland has remarkable potentialities for pasture production. However, there is a great variation in soil fertility, complicated by topographical and climatic variation in the country. In some districts the land has been allowed to run down through shortages of fertilizer, over-stocking and lack of drainage.

Recently the Irish Prime Minister stated that one million acres of land required drainage, and that machinery and equipment to the value of $806,000 had already been obtained for this work. It was stressed that the application of lime and fertilizer to water-logged land was useless, and that everything should be done to expedite the drainage program.

Immense quantities of fertilizer are required to make up for the steady impoverishment of the land during the last decade. The annual requirement of ground limestone alone is estimated at 3 million tons. Total imports of unground rock phosphates in 1948 were 113 thousand tons, compared with 73 thousand in 1947. The government expects to increase imports of this type of fertilizer. The report recommends that a commission be established to examine the fertilizer industry, as future expansion of exports of livestock products will be directly proportionate to the amount of phosphate imported.

The need for better pasture seed is emphasized in the report, and it is pointed out that if the whole of the grass seed required were home grown from pedigreed strains under a system of certification, an important new industry would be created.

Greater use of farm machinery is suggested as part of the scheme and modern fencing which would reduce farm labour and upkeep, and increase the productive acreage of the farm.

It is difficult to say how much time will elapse before the blueprint of this long-range scheme will result in active development. Some work along the lines of Canadian experimental farms and demonstration stations in key areas is being started, but it may be a considerable time before everything can be co-ordinated for the full development required to increase Ireland's agricultural productivity.

Thinning Apples With Chemicals

(Experimental Farm News)

The favourable effects of thinning apples are well recognized by fruit growers; but hand thinning is laborious and under present conditions is a costly operation. For these reasons, chemical blossom thinning sprays have been developed. Within the past few years a number of these chemical sprays have been investigated at the Central Experimental Farm, Ottawa, reports D. S. Blair and S. H. Nelson of the Horticulture Division. The dinitro compounds and the hormones naphthaleneacetic acid and the sodium salt of naphthaleneacetic acid show promise as sprays for thinning apples. These chemicals are applied by a power sprayer operating at sufficiently high pressure to give good coverage.

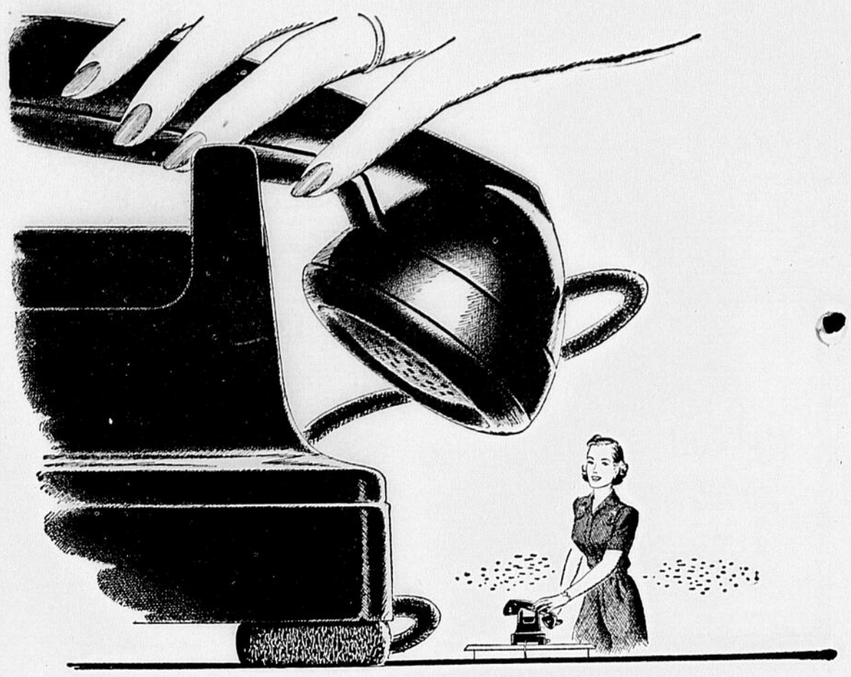
The dinitro materials have given satisfactory results on the heavy-setting varieties such as Duchess, Melba, Wealthy and Yellow Transparent. They are caustic in effect and destroy the pollen that is shedding as well as that in the unopened anthers as soon as contact is effected. These sprays should be applied when the trees are in full bloom, at which time the terminal bloom will have already been pollinated. The floral parts such as the petals and tips of the style, along with the young leaves present, are often severely scorched. The trees, however, quickly recover and at harvest time appear normal.

Varieties, such as McIntosh, which in certain seasons do not require thinning, the hormone sprays appear to be the most satisfactory. With these sprays the most practical time of application is immediately following petal fall, since at this time, it is possible to determine whether or not the set is sufficient to warrant thinning. The effect of the plant hormone spray is different from that of the dinitro spray. It causes abscission on the young fruits which would normally adhere. The hormone sprays do not burn the foliage but wilting, dwarfing and crinkling of the foliage has been observed on some varieties.

Since seasonal conditions have an effect on the degree of thinning it is not possible as yet to give definite rates of application. This is further complicated by the fact that varieties do not react alike. Until definite recommendations are available the grower without previous experience should use these chemicals cautiously. For trial purposes, the dinitros should be used at the rate of 1-1/3 pints or ¾ pounds per 100 Imperial gallons, while the hormone compounds are applied at the rate of 5 ounces per 100 gallons. The safest policy is to slightly underthin with the chemicals and finish off with the hand thinning.

"Hey, you," yelled the cop at the amorous driver, "why don't you use both hands?"

"I'm afraid to let go of the steering wheel."



"More of our friends have Telephones— and we all use the Telephone more!"

DAY AND NIGHT, seven days a week the telephone is at your service. Quickly and easily it keeps you in touch with everything and everybody everywhere. There are 400,000 more telephones and two million more calls a day than there were three years ago. And service is getting better all the time.

In three years, however, costs of important raw materials for telephone lines and cables have risen sharply. Copper prices have doubled, zinc and lead prices tripled. Yet, up to now, despite rising costs on all sides, there has been no increase in the basic telephone rates established 22 years ago. Few things give you so much real value at such low cost as your telephone.

We've broken all records but there are still orders we haven't been able to fill. We will keep right on working and building to make your telephone service a bigger bargain than ever — to continue to provide more and better service at the lowest possible cost.

TODAY WE LIVE IN A GREATER CANADA

GREATER MARKETS— better marketing!

The stores of Canada tell the story.

Smart new fronts and clean, bright interiors; up-to-the-minute facilities for faster, easier, more convenient shopping; modern displays and smartly packaged products: all are the visible symbols of Canada's modern merchandising progress.

Canadian distribution methods are more effective, more efficient than ever. Recent advances in marketing have been as remarkable as those in this country's record-breaking production and the development of natural resources.

The whole vast field of merchandising today presents new and greater opportunities for successful Canadian careers.

"Imagination in business knows no geographical boundaries.

In this young and vigorous nation originality, based on sound thinking, pays off. To the young Canadian who is willing to raise his sights above the conventional, and work hard to make his vision come true, no country today offers greater opportunities for success than our own", says Hedleigh Venning.

HEDLEIGH VENNING

began his career as a junior salesman in 1926. From the beginning, he became aware of the opportunity awaiting the application of imagination and creative thinking to any job. A keen student of modern packaging, an enthusiastic and energetic worker, he is now vice-president in charge of sales of Shirriff's Limited, one of Canada's larger food product companies; a great believer in scientific marketing and a leader in the field of selling and advertising.

Scenic Route "52"

Covey Hill

COVEY HILL—A number of Covey Hill and Havelock friends attended the funeral of Mr. E. E. Bourdon, at Hemmingford, on Wednesday.

Miss Victoria Semple spent a few days in Montreal the past week and attended the Grand Orange Lodge meetings in Westmount Hall. Messrs. Geo. McKee and Oakland Rennie also attended these meetings.

Mr. and Mrs. Arthur Scott, of Westmount, called on friends in the district on Saturday.

Mr. and Mrs. F. Hill and Mr. and Mrs. F. Davis of Montreal, and Mr. J. Green of Lancashire, England, were recent guests of Mr. Wm. and Miss V. G. Semple.

Miss Jean Gowdey of Montreal, also Mr. and Mrs. Allan Lowden were week-end visitors with their relatives here.

On Saturday afternoon the Gow-Watt wedding at the Union Church attracted quite a number of interested friends besides the company of guests, who all had followed with keen interest the career of the bride as brilliant student and successful nurse.

Havelock

HAVELOCK—A new theatre is now being built in St. Chrysostome to replace the one which was destroyed by fire last winter. The new building will soon be completed and will accommodate more people. Mr. Cote is the proprietor.

Mr. and Mrs. John Bustard and family, of Riverfield, were recent guests of Mr. and Mrs. George McKee.

Mr. Walter Jackson is again a patient in the R.V. Hospital. His many friends wish him a speedy recovery.

Miss Mary Hall, of Montreal, spent the week-end at her home here.

Mrs. Peter Denault is a patient in the Valleyfield Hospital where she had a serious operation the past week.

Hemmingford

HEMMINGFORD—The regular monthly meeting of St. Andrew's United Church Women's Missionary Society was held in the Church Hall, on Wednesday afternoon, May 25. The afternoon was spent quilting. The business meeting was conducted by the president, Mrs. Emmett Cleland. Mrs. R. C. Belbin gave a very interesting report on the W.M.S. Conference at Corwall, which she attended. Mrs. Walsh read a chapter in the study book.

A pleasant feature of the meeting was the presentation to Mrs. R. C. Belbin of a cup and saucer from the members. Mrs. Cleland, in making the presenation, mentioned the interest Mrs. Belbin had taken in the work of the W.M.S. Refreshments and a social hour were much enjoyed by a large number of members and visitors.

The bridge Club held their last meeting of the season at the home of Miss J. H. Wilson, on Tuesday evening, May 24. Mrs. W. P. Fisher holding the seasons highest score, and Mrs. G. S. Walsh coming second.

This Club has been playing for 11 years. The fees going for donations to "Save the Children Fund", the Red Cross, and Salvation Army.

Mr. Ronald Bruce spent the week-end at his home in Huntingdon.

Sunday guests of Mrs. L. and Willie Jackson were Mr. and Mrs. Kyle Smiley and two sons of Oxford Mills, Mrs. T. Walden of Montreal, Mr. and Mrs. Cecil Jackson, Mr. and Mrs. Earle Radley, Mr. Ted Jackson and Mr. and Mrs. Allan Fisher, the occasion being Mrs. Jackson's birthday.

COUNCIL MEETING...

HINCHINBROOKE COUNCIL

A regular meeting of the Municipal Council of the Township of Hinchinbrooke was held in Herdman Town Hall, on Monday, June 6 at 8 P. M. (D.S.T.)

The minutes of the last meeting were read and approved.

James McCoy came before the Board re. the charity case of Thomas Robson. Moved and seconded that the municipality forward the sum of $220.00 towards his passage to England. Carried.

Moved and seconded that the following bills be paid.
Joseph Girard $224.65; Maurice Maither, $46.87; Shawinigan W. and P. Co., $28.99; W. A. McHardy, $6.80; E. C. Martin, $1.50; Kerr Neely, $3.00; H'don Gleaner, $3.50; Lyell Graham, $6.50; Norris Lindsay, $35.00; Walter Donnelly, $13.80; Alton Farquhar, $5.60; Gerald Higgins, $3.00. Carried.

Moved and seconded that A. H. Crutchfield be appointed Supervisor over the laying of the tile and catch-basins along those properties adjacent to the Town of H'don on Range 4. Carried.

Moved and seconded that S. W. Flynn be appointed Rural Inspector of District No. 7. Carried.

Moved and seconded that the Dept. of Roads be notified to repair the culvert along the property of F. C. Moore on Range 4, to repair three culverts on Dewittville sideroad from Anderson's Corner to Duncan Neely's gateway.

To lower the culvert on Dewittville Sideroad directly at the corner of the Gore Road and the Dewittville Sideroad, also to put in a new culvert on Route 52, approximately 6 acres north of Vances School along the property of L. M. Kelly. Carried.

Moved and seconded that the Sec. notify the Dept. of Public Works to repair the Bridge (also the abutements) on the River Outarde Road along the property of A. L. Cameron. Carried.

Stanley Whaley refusing to act, moved and seconded that A. W. McNaughton be appointed Councillor for Seat No 1. Carried.

Moved and seconded that George Leggett be appointed Pro-Mayor for the next six months. Carried.

Nitro

NITRO—Mr. and Mrs. W. Ramsay spent their holidays in Ottawa with their relatives. While there they went on a trip to Niagara Falls and Toronto, visiting friends who used to live at Nitro.

On Sunday the 29th of May, the service at Nitro Community Church was conducted by Rev. E. Kettleborough. At the opening of the service the infant daughter of Mr. and Mrs. E. Matthews was baptized and given the names of Susan Eileen. The godparents were Mr. and Mrs. H. Hawthorne. Communion was held at the close of the service. This being Rev. E. Kettleborough's last Sunday here, Mr. W. Ramsay presented him with a brief case.

Friends of Nitro, are pleased to know that Mrs. G. Evans and infant daughter are well.

Mr. and Mrs. J. McIntosh and family attended the Thomson—Wallace wedding in the United Church in Valleyfield. The reception held at the Tourist Club enjoyed by all.

Mrs. C. Paige and Mrs. D. McFee spent an afternoon in Montreal.

Mrs. W. Bevan and two children have left for the west coast to spend two months with relatives and friends.

Mr. J. McIntosh was in Montreal for a few days on business.

Mrs. A. Martin and daughter have returned from the Hotel Dieu Hospital.

Mrs. S. Jones entertained at a birthday party for her daughter Barbara, on Sunday, June 5th., this being her ninth birthday.

Mr. and Mrs. F. N. Ramsay have just returned from a trip to New York.

Little Miss Pat Giddings of Valleyfield spent the past week at the home of Mrs. J. McIntosh.

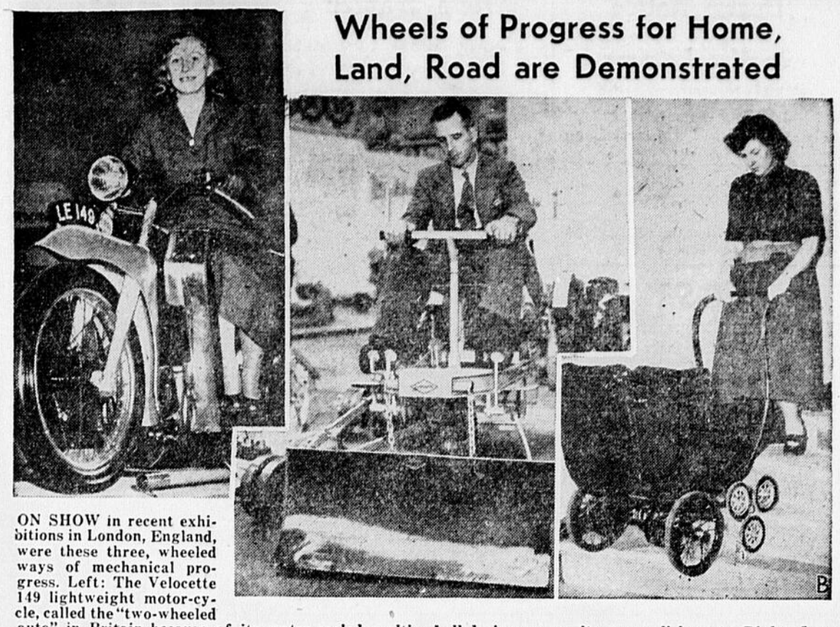
Mrs. W. Hopper spent the weekend in Montreal guest of her daughter, Mrs. A. Archibold.

Miss F. Hopper left the past week for Washington to spend her holidays with her sister, Mrs. J. McClaughlin.

The flowers in the Nitro Church on Sunday, May 29th, were in memory of the late Mr. W. T. Ramsay.

On Sunday, June 5th, the service in the Nitro Church was conducted by Mr. J. Williams, of Beauharnois.

Wheels of Progress for Home, Land, Road are Demonstrated



ON SHOW in recent exhibitions in London, England, were these three, wheeled ways of mechanical progress. Left: The Velocette 149 lightweight motor-cycle, called the "two-wheeled auto" in Britain because of its water-cooled multi-cylinder motor, shaft drive, hand starter and front and rear suspension. At least 15,000 of the new machines have been ordered for the United States. Center: The Gunsmith small tractor, utility land baby that numbers spraying, hoeing, hedge cutting and bull-dozing among its accomplishments. Right: London Inventor Segell's aid to mothers—a baby carriage that can easily be pushed up or downstairs. Six small wheels, three at each side, at the rear do the trick. Britain's next big industrial show — the British Industries Fair, to be held next May 2nd to 13th.

Ormstown

Ormstown United Y.P.U.

ORMSTOWN — On May 31 the Young People held their meeting in MacDougall Hall. The devotional period was spent in the church, where we heard the interesting and educational talk about temperance by Reverend T. Knowles. The business meeting was held in MacDougall Hall with our president, Mr. Jim Williams, presiding. Games were played and delicious refreshments were had by all. Everyone present enjoyed themselves immensely.

Dundee

Mr. and Mrs. Dan Kovaneff, of Dundee Centre, Mr. and Mrs. Donat Ghostlau of Bombay, N.Y., also Mr. and Mrs. Arthur Kazulak of Fort Covington, N.Y., recently motored to Malartic, Que., where they spent five days visiting Mr. and Mrs. George Kazulak.

Mr. and Mrs. Harland Horton and Mrs. Laura Burpee, of Massena, N.Y., were guests last Wednesday at the home of Mr. and Mrs. Jas. Colquhoun. Sunday guests at the Colquhoun home were Mr. and Mrs. Ronald Dick, also Mr. Bruce Dick and friend of Montreal.

What Should I Do?

Q. How can I remove Vaseline jelly stains?

A. Rubbing with kerosene will remove Vaseline jelly stains. If the stains are of long standing, put the article to soak in kerosene, and then rub and wash with soapsuds after the stains are loosened.

Q. How can I preserve straw articles?

A. Give an occasional coat of white varnish to all articles made of straw, such as baskets, suitcases, matting, etc. It will preserve them for a longer time.

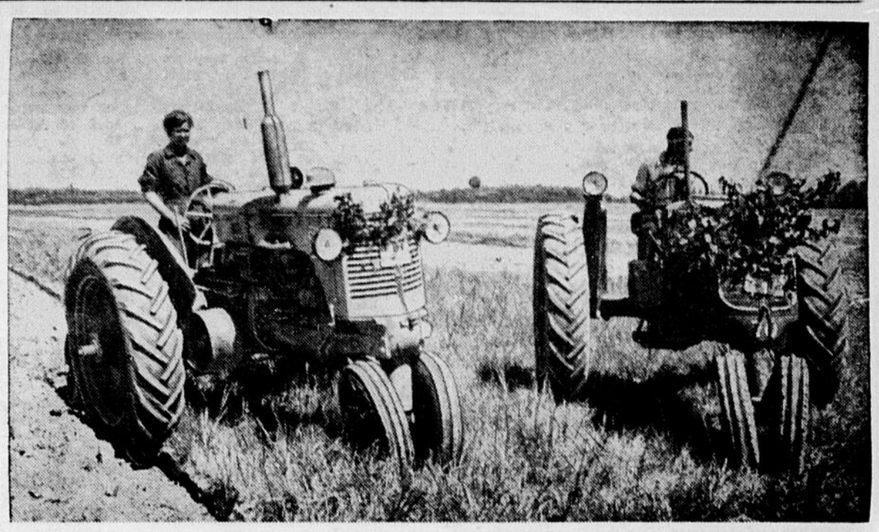
The climax to years of suffering and hope: the final interview, upon arrival, between the DP and his sponsor, whether a relative, the representative of an organization, or a prospective employer. Here a new arrival in the United States (facing camera) and his wife listen to the conditions of their future job on a farm and wait for an official (back to camera) to interpret their eager agreement to the farm owner (left) who has undertaken to employ them on his place.

HERBERT J. GLATFELTER, ORGANIST, KNOWN AS "MASTER OF MOODS AT THE ORGAN" has acquired this title through years of experience playing all kinds of organs for all types of musical background and entertainment. Playing organ since 1920, as a very young man, he has developed a style and technique that is superb in playing all types of music, from classical to jazz and boogie-woogie.



New lives in strange countries will require new skills. So, while they wait, IRO's DP's keep busy learning languages and specialized trades which may help them find new homes. Here a young man and woman learn to plow with tractors at an agricultural school, for farm workers are in demand.

Week at Ottawa

(Continued from 6)

vessels with S. I. U. crews.

MORE U. S. CAPITAL

And Germany's economic future is reported to have Canadian trade experts guessing--and a little worried, too. It's all over the current policy of bilateral trade followed by European countries--a policy brought on by a shortage of dollars. Canada will not enter bilateral trade agreements.

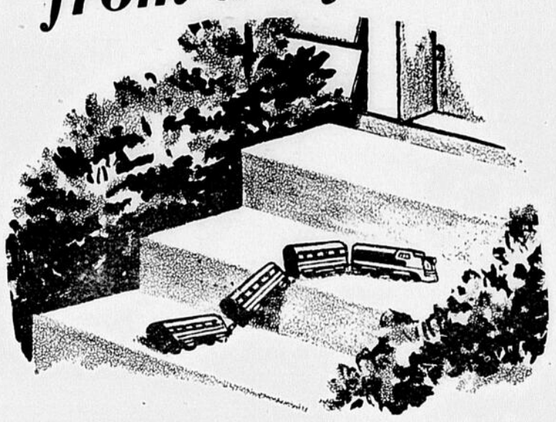
Canadian exports to Germany are mounting and there is no sign of them levelling off. However, officials say the only reason Germany is buying from Canada is because she cannot get the commodities elsewhere.

Meanwhile an upward trend in current Canadian economic developments was noted by the Canadian Statistical Review published by the statistic bureau. The upswing was notably in manufacturing and retail store sale. There was a possibility, however that this upward trend may be of a seasonal characteristic.

Government control on steel was abolished this week. For the first time in the post-war period, Canadian fabricators can get all the steel they want. The break came as a surprise to Canada where stringent control has been kept over the flow of steel coming from the United States and allocation to Canadian industry. The break came last February when officials believed it wouldn't come before the end of the year.

The irate parent wrote to the principal, "And if all Herbert learns in school is to swear, I'll keep him home and teach him myself."

Tragedy from a toy train



A false step can mean death on your own doorstep! Objects left carelessly on steps are high on the list of home accident causes . . . and falls account for more than half of fatal accidents in Canadian homes.

Cluttered or broken stairways, or stairways improperly lit, are hidden enemies in your home.

Get rid of these saboteurs of safety!

Trout River

TROUT RIVER — Mrs. Brooks and Mrs. Thomas Brooks and little daughter were supper guests of Mr. and Mrs. G. D. Elder on Tuesday afternoon.

The broadcast presented by some of the Dundee talent and broadcast from Malone on Wednesday evening was very much enjoyed by those who heard it.

The Elgin Ladies' Aid was entertained at the home of Mrs. Geo. Black on Thursday afternoon. Being a beautiful day, there was a very large gathering. The devotional period was conducted by the president, Mrs. McDonald in the usual manner, Mr. Grace leading in prayer. Minutes were read and confirmed. Roll call was answered by some very useful household hints. Mrs. W. Smellie acted as pianist, and also gave a few piano selections. Delicious refreshments were served by Mrs. Black, assisted in serving by some of her friends, to around 50 invited guests, members and 12 children. Collection $15.50.

Mr. and Mrs. Jim Bush of the city, spent the week-end at the home of Mr. and Mrs. Russell McDonald.

Mr. and Mrs. James Walker and little grandson, Roy Green of Verdun, spent Sunday with Mr. and Mrs. McDonald. Mrs. Ann MacMillan returned home with them, having spent the past ten days at the McDonald home and visited other friends.

SAVE DROWNING VICTIMS

All drowning fatalities are not necessarily due only to carelessness on the part of the victims, it is stated by Dr. Gordon Bates, of Tofonto, in an editorial in the current issue of HEALTH magazine of the Health League of Canada. Too frequently there is lack of knowledge as to proper means of artificial respiration on the part of onlookers anxious to help.

Dr. Bates is General Director of the Health League of Canada and editor of HEALTH magazine.

The editorial goes on to say:

"Artificial respiration should always be immediate and continuously applied by persons with some knowledge of the procedure. There are misapprehensions, however, which in some cases have led to tragedy. In spite of widespread publicity about ten years ago in the Canadian press, there still remains in the minds of many the idea that a person who has been under water for more than a few minutes cannot be revived by artificial respiration. This is not true. There have been instances of individuals who have been revived after having been as long as half an hour in the water.

"A committee of the Health League of Canada under the leadership of the late Sir Frederick Banting, in 1938 issued a statement to the effect that artificial respiration should be kept up continuously for four hours or until there is evidence of rigor mortis in the victim. Yet it has been noticed in not a few cases recently that artificial respiration has been discontinued in a very short time and the victim pronounced dead. This action has presumably been decided on because there have been no signs of life."

The editorial states that the same committee also found that "most drowning victims have no water in their lungs and that death results from spasm of the larynx. It is therefore most important that one should make certain in all of these cases that the air passages are free. The only known method of attempting to assure this end at present is to see that the patient's tongue is drawn well out during efforts of artificial respiration."

INDIAN COMMUNITY HALL

CARDSTON, Alta. (CP)—The Blood Indians have a new community hall on their reservation near here. It was opened by D. J. Allan, official of the Indian Affairs department, who was made a Blood chief with the title of "Father of all Nations". The Blood reservation is the largest in Canada, with 450 square miles.

LANDS WHOPPER

LAC DU BONNET, Man. (CP) —Spring fishing by Ted Wood resulted in one of the biggest fish ever caught in this area. Casting with a ruby eye wiggler Wood landed a northern pike 45 inches long and weighing 22 pounds.

NOTICE

PROVINCE OF QUEBEC
Municipality of the TOWNSHIP OF HINCHINBROOK in the County of Huntingdon

To the Ratepayers of the Township of Hinchinbrook interested in the OUTARDE RIVER and its Branches

PUBLIC NOTICE

is hereby given you by the undersigned, W. L. Carr, of the Town of Huntingdon, duly appointed Special Superintendent over the River Outarde by the Municipal Council of the Township of Hinchinbrook, at a regular session held on Monday, the second day of May, 1949, upon the petition of twenty-one interested ratepayers:

THAT on Saturday, the 18th day of June, 1949, at the hour of 1.30 p.m., I will hold and preside over a Public Meeting of all the interested ratepayers who may deem it advisable to attend at the Bridge over the Outarde River on the No. 52 Highway.

GIVEN at Huntingdon this 7th day of June, 1949.

(signed) **W. L. CARR,**
Special Superintendent

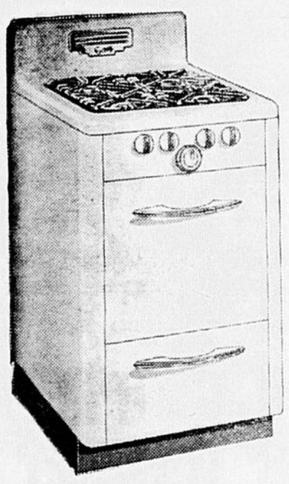
MEANS BETTER LIVING beyond the Gas Mains

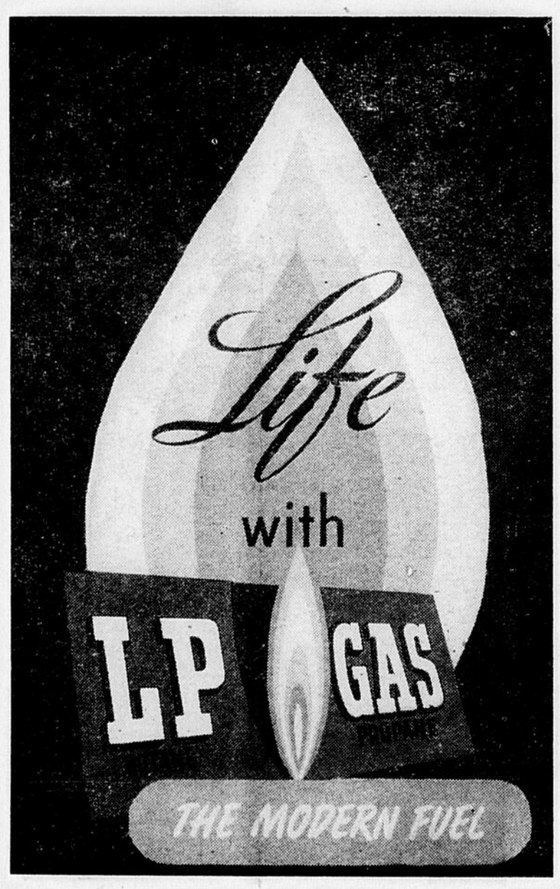
-- IT'S TRUE! IT'S HERE TO MEET YOUR NEEDS --



Illustrating Gurney Model 14 G 60 finish with oven heat control and speed plus simmer burner.

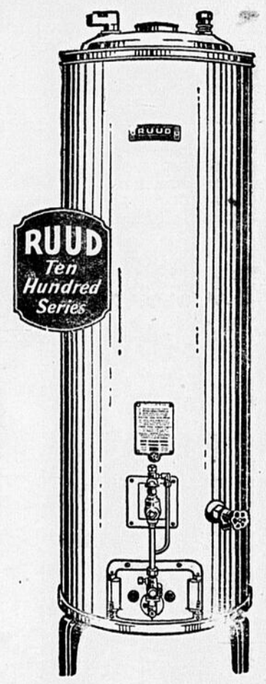
Cooking

Mr. Blue Flame says, "I produce a hotter flame instantly." The finger-tip control of the modern gas range and the quicker, more even heat of LP - GAS makes possible tastier, more healthful meals. Light, fluffy cakes every time; crispy brown roasts done to a turn! All broiled meats retain more juices – more flavor.



Hot Water

Mr. Blue Flame says, with a smile, "Wherever she is, I can keep her in hot water all the time". Wherever hot water is needed for shaving, dish-washing, washing machines or other purposes, the LP – GAS flame serves superlatively. No matter where you live, you can depend on my service day after day through the year.



Ruud Six Hundred series automatic storage water heater. The Ruud Six Hundred series is without a rival in its price class.

MR. ARCHER of Northern Appliances Limited will be at MARCHAND FRERES STORE to demonstrate the many uses of LP - GAS.

Don't fail to see the demonstration of the many uses of LP-GAS, the modern fuel, at Marchand Freres this week.

We all agree with you "MR. BLUE FLAME" you simply cannot deprive yourself of the many modern comforts, conveniences, and necessities of life that L P - G A S has at last made available to you.
