CHURCH SYNOD.

The scrutineers declared the following Clerical substitutes elected to the Provincial Synod:—Revs F J B Alnatt, T Richardson, J Thompson, T S Chapman, A J Woolryche, G H Parker.

Lay substitutes:—Col Ready, Lt-Col Morris, W G Wurtelo, C Henry, C G Holt, H J Pratten.

Moved by Dr Marsden seconded by the Rev Dr Kerr—That this Synod desires to express its regret at hearing of the decease of the Rev Robert Short, the oldest clergyman of this diocese, and that the sympathy of this Synod be conveyed to his bereaved and afflicted widow—Carried.

The Rev. J. Foster submitted the report of the Corporation of the Compton Ladies College, with the Treasurer's statement and the report of the Principal, the Rev. J. Dinzey.

Moved by the Rev. John Foster, seconded by Rev. C. W. Rawson,—That the best thanks of the Synod be given to the Rev. George Hamilton for his zealous labours in behalf of the Compton Ladies College, together with the assurance of the sympathy of the members of the Synod with him in his long and trying illness, and of their prayers to God for his recovery.—Carried unanimously, Synod all standing.

The Treasurer, Mr. E. A. Jones, submitted a report on assessments, together with a report of those in arrears.

The debate on the proposed alteration of Canon nine was resumed.

James Dunbar, Esq., Q.C., submitted the opinion of counsel asked for at the last session of the Synod, on the amendment in the Church Temporalities Act.

Mr. Dunbar presented the report of the Committee on the Church Temporalities Act.

The committee appointed to draft a canon containing such provisions for the regulation of the Temporalities of the Church in this diocese as the Synod may be competent to pass, have the honor to present as their second report:

That pending the requisite legislation already suggested by your committee, it would be premature to submit a canon on this important subject at the present session of the Synod; but your committee would draw attention to the canon passed by the Provincial Synod at its fourth session (1868), and to be found at page 100 of the journal of the proceedings of that session, which canon, adopted by the Provincial Synod after mature consideration, will, with few amendments, probably meet the requirements of this diocese.

J. DUNBAR,
Chairman.

Quebec, 12th June, 1879.

On motion of Revd Charles Hamilton, it was ordered that application be made to the Legislature of the Province of Quebec, for amendments to the Church Temporalities Act.

The Canon as amended was then put and carried.

Moved by Rev Chas Hamilton, seconded by Mr James Dunbar,—That the Bishop and Secretaries be authorized to sign and present on behalf of the Synod, a petition in accordance with these resolutions, but only in case the provision asked for under the recommendation of counsel be not granted by the Legislature—Carried.

A new Canon on collections for local objects beyond a parish was proposed by Mr C Judge. It provides that

Whereas, it frequently happens that persons from various parts of the diocese, and from other dioceses, make application for assistance in building churches, parsonages, &c, to the members of the church throughout the diocese, without any recognized authority; be it enacted.

1. That no person be permitted to collect money for any church purpose beyond the limits of his own mission, within this diocese, or to proceed to any diocese for the same purpose without the sanction of the Bishop in writing.

2. That the said collectors before collecting in any parish, shall obtain the sanction of the clergyman of the said parish.

3. That on his return from his collecting tour, such collector shall present his subscription list to the Bishop and account for the moneys received.

4. That when the collection is for the benefit of any parish or congregation in this diocese, the said parish or

congregation shall give a guarantee that all expenses connected with the said collection shall be paid by them, so that all the funds obtained by appeal to others shall be applied to the object for which they were collected.

The Canon was considered clause by clause and carried.

MOTIONS.

Moved by the Rev. Professor Roe, seconded by R W Heneker, Esq.—That the Synod thanks the Bishop for the kind notice of the late reverend Principal of Bishop's College contained in his opening address; and that His Lordship be requested to express to Mrs. Nicolls the high sense which this Synod has of Dr Nicolls' life and labors in this diocese.—Carried unanimously, Synod all standing.

Moved by Rev. Chas Hamilton, seconded by Rev. Professor Roe,—That in accordance with the recommendation of the Diocesan Board, this Synod do strongly advise that no church property in this diocese be hereafter insured in any mutual insurance company, inasmuch as the hon. counsel of the Church Society has advised that such insurance is illegal on the part of Trustees.

The Synod then adjourned until this morning.

THE TREATY WITH AFGHANISTAN.

Advices from Simla, dated May 27, give a summary of the Articles of the Treaty of Peace concluded between Major Cavagnari and the Ameer of Afghanistan. They are as follows:—

Art. 1 declares that peace and friendship shall henceforth subsist between the contracting parties.

Art. 2. proclaims an amnesty guaranteeing the Ameer's subjects from all punishment or molestation on account of their intercourse with the British forces.

Art. 3. stipulates that the foreign affairs of the Ameer shall be conducted under British advice, and that the Ameer shall be supported by the British Government against foreign aggression.

Art. 4. A British resident is to be appointed at Cabul, provided with a proper escort, and having power to depute British Agents to the Afghan frontier on special occasions. The Ameer is also permitted to depute Agents in India.

Art. 5. The Ameer guarantees the safety and honorable treatment of British Agents in his dominions. Commercial facilities form the subject of a separate agreement, concluded for a term of 12 months.

Telegraph communication is to be established with Cabul via the Khurum Valley.

The territory at present in British occupation is to be restored to the Ameer, with the exception of the Khurum, Pishcen, and Sibi Valleys, the latter remaining as districts assigned to the British Government, the Ameer receiving the surplus revenue after the payment of the administrative expenses.

The British authorities are to have complete control of the Khyber and Michni Passes, as well as of the relations and independence of the frontier tribes in the districts in which the passes are situated.

The Ameer is to receive an annual subsidy of six lakhs of rupees contingent upon his strict execution of the Treaty.

A mixed Commission will determine Anglo-Afghan boundaries.

Dime-novel reading is held responsible for the practices of the youthful band of burglars recently discovered at South Royalton, Vt. The boys belonged to respectable families, but yellow covered trash turned their heads and they organized with secret signs, grips and passwords. Solemn oaths bound them, and their rendezvous was a cave in the hillside. One of the thieves gave his sweetheart an elegant gold ring, stolen from the village jewelry store, and this led to the detection of the gang.

Jennie June has the courage to say that "American women are generally as gray and sallow looking as their clothes. It is a relief to find one who dares to be red and healthy, and if such a one makes her appearance in purple and old gold, the reactionary excitement she creates is a stimulus worth bottles of phosphates and pounds of 'brain' or 'nerve' food."

PRINCE EDWARD ISLAND AND THE FISHERY AWARD.

The Legislature of Prince Edward Island, by a joint address, asks the Dominion Government to fund for the benefit of that Province, the sum of \$1,250,000 as its share of the Fishery Award. As the Hon. Mr. Pope is Minister of Marine and Fisheries, and the Island Government is understood to be favorable to the Dominion Government of the day, Mr. Pope and the Local Executive are probably acting in concert. He ought to be able to get the Island the amount asked, or whatever may be deemed a fair share of the Fishery Award.

The claims of New Brunswick and Nova Scotia to a share of the award will, no doubt, receive the same consideration as those of Prince Edward Island. If the penitentiary matter is to be treated in the way proposed by successive Dominion Governments—a matter which our Local Government should insist on having placed before the Supreme Court of Canada—and New Brunswick compelled to be out of the Eastern Extension money and Emigration advanced by her in the interests of Canada, it will take a good share of the Fishery Award to recoup her. Unless a decided stand is made in these matters, the results to New Brunswick will be serious, if not disastrous.—St. John (N.B.) Telegraph.

Sherbrooke, Q., June 10.

The political feeling is growing more intense as the time for the opening of the Provincial Parliament draws on. Many of the most influential citizens are endeavoring to convince Mr. Robertson that it will be in the interests of the Eastern Townships for him to give a fair support to the Joly Administration, instead of coquetting, as he appears to be now doing, with the place-seekers who have ever since their expulsion from office done little else than cabal against the constituted authorities. Mr. Robertson's position appears to many of his constituents to be more than equivocal, considering the element of which he is supposed to be one of the leading representatives—an element which, even should some of its leaders be hood-winked, can see nothing beneficial as likely to accrue only, indeed, the gratification of the ambitions of a petty clique. Much to the regret of those who are unprejudiced, allusions are here and there made to the subject of the rights of the minorities, a severe blow at which, they contend, is aimed over the shoulders of Messrs. Letellier and Joly.

A man bought some of the \$10 U.S. government certificates at the Cincinnati office, and missed one after retiring from the window. He could find it nowhere. "Give me a dollar and I will get it for you," said a boy. The offer was accepted. The boy yanked another urchin out of the line, and choked him until he opened his mouth, from which the hidden certificate dropped out.

A MYSTERY EXPLAINED.

Parlor scene: M's Brown, who has spent the summer among the White Mountains in search of health, and who seems to have searched the whole mount in side without being able to find a pair of booming chickens or an inch of healthful skin; Mrs. White, who has remained at home because her husband could not afford to go, but whose fresh complexion and bright eyes seem to have caught their bloom and brightness from mount air breezes.

Mrs B.—Dear me, Mrs White, how well you are looking! If you will not think me impertinent, let me ask how you can keep so healthy in this dreadful city! I have been to the White Mountains, go there every summer, in fact, and I can't keep off the doctor's list at that.

Mrs. W (smiling).—I'll tell you the whole secret, Mrs Brown. You remember how poorly I was last spring, some days even being confined to my bed. Dr. — told Mr White to send me to the mountains, but I knew I couldn't afford it, and I tried Dr. Poree's Favorite Prescription. Its effects were so marvellous that I also tried his Golden Medical Discovery, to cleanse my system. In my opinion one bottle of the Prescription and the Discovery is better than six weeks of the White Mountains or a sick woman. I have only been out of the city a week during the whole summer; then my husband and I went to Buffalo and stopped at Dr. Pierce's Invalids' and Tourists' Hotel. The baths and mechanical apparatus for treating patients were alone worth going to see. Besides, our accommodations were better than we had at Long Branch last year, and the drive and scenery are superb. Let me advise you to use Dr. Pierce's Favorite Prescription, and try the Invalids' and Tourists' Hotel next summer instead of the White Mountains.

From Rimouski To-day.

(By Montreal Line)

Rimouski, June 13.
Yesterday morning as the down ac-
commodation train was running be-
tween here and Bic, the engine driver
noticed a man walking on the track.
He repeatedly whistled, but the man
took no notice. Before the train
could be stopped the engine struck
him and when picked up he was iden-
tified to be a deaf man named Fabien
Fournier, from Bic, aged 60 years.
He was brought here and medical aid
procured but he died in an hour. The
Coroner's inquest since held exonerates
the railway from all blame.

THE COMING BOAT RACE.

The following is a special cable to
the Toronto Mail:—
"Newcastle-on-Tyne, June 12.—
The weather has been rainy and dis-
agreeable all day to-day, but the
water was in fairly good condition.
In the forenoon Hanlan pulled a good
seven miles, doing two and a-half at
racing speed, and maintaining almost
throughout the whole journey the fast
stroke for him of 35 to the minute.
Elliott rowed five miles, half of the
distance striking 34 to the minute.
The English champion is pulling a
much longer and slower stroke than
he was wont to do previous to train-
ing for the present match. Hanlan
was out again in the afternoon and
put in another five miles at a moderate
rate of speed. Elliott did not show
up a second time. It is stated he has
been tried and travelled the course in
faster time than it has ever been done
before. His supporters appear to have
gained renewed confidence. Hanlan
is now using the Toronto boat in prac-
tice. He will row in her on Monday.
Excursions are announced from all
points, and if the weather looks at all
fair, it is expected the gathering on
the banks of the Tyne will exceed
anything seen at any previous race."

The following is a special cable to
the Toronto Globe:—
"Newcastle-on-Tyne, June 12.—
Hanlan this morning covered two
miles and a-half at racing speed. El-
liott went over the same distance.
The weather was wet, increasing to a
storm, which stopped work for the
day."

DISCONSOLATE ORGANS.

The Montreal Gazette's arithmetic
was so languid on the 6th of June that
it could only figure up Mr. Mowat's
majority at 15. Still it frankly ac-
knowledged the reality of the Liberal
victory. Yesterday the Gazette re-
turned to the subject and said:—

"It would be mere affectation to at-
tempt to conceal the fact that the re-
sult of the elections in Ontario has
been both a surprise and a cause of
regret to the Conservative party. The
defeat of Mr. Mowat by a very small
majority, or at worst a reduction of
his majority so far as to cripple him,
was looked upon as certain to result
from the elections."

The Mail and the Conservative
papers speak in the same frank, but
disconsolate strain. The Montreal
Witness thinks it most likely that the
National Policy has lost its power to
charm. The fact that the enormous
power of the Dominion Government,
and the great personal influence of the
Premier, Minister of Finance and
Minister of Railways was cast into
the scale against Mr. Mowat makes
his victory the more significant and
important.

In the Imperial Parliament last
night, Mr. Goschen pointed out the
main causes of the depreciation of
silver. As American over-production
and German demonetization were not
likely to continue much longer, as the
German Government did not intend
to sell any more silver, he strongly
advised the Government not to make
a radical change in the existing sys-
tem of Indian coinage. Col. Stanhope,
Under Secretary for India, expressed
agreement with the greater part of
Mr. Goschen's speech.

A joke is a joke, but it appears there
are some fools who can't understand a
joke under any circumstances. Of this
class are those who cannot see the
sarcasm meant by the paragraph yester-
day with reference to the Honorable
Luc Letellier. But Mr. Tarte
has probably enough perception to see
its severity.

An eminent English veterinary
surgeon has written a letter to the
London Times denouncing the impor-
tation of American pigs, because they
are unduly affected. This letter
probably forebodes an extensive and
important controversy on this ques-
tion.

FAST PASSAGE.—Mail Boat Inward.
—The Allan mail steamship Sardinian
passed inward at Father Point at noon
to-day, with 61 cabin, 24 intermediate
and 487 steerage passengers. She
will be due in port shortly after mid-
night, and will thus have made an
extraordinary fast passage. As the
mails will be delivered early in the
morning, merchants will be enabled
to answer their English correspon-
dence by the outgoing boat to-morrow.

NEW LOCOMOTIVES FOR THE NORTH
SHORE RAILWAY.—Two new and
powerful locomotive engines, with all
the latest improvements, have arrived
at the Palais Station. They are called
"Hon. H. G. Joly" and "L'Assomption"
and were built at the Canadian Engine
Works in Kingston, under special in-
structions from the Hon. Mr. Mc-
Greevy for the North Shore Railway.

EDUCATED FLEAS.—Our distin-
guished visitors at the Citadel were
greatly entertained and amused yester-
day evening with the performance
of Signor Bertolotto's wonderful ex-
hibition of educated fleas, and expres-
sed themselves well pleased at the
remarkable powers displayed by these
little insects, in drawing, pulling, lift-
ing, etc. Signor Bertolotto will, it is
hoped, give our citizens an opportunity
to witness his novel exhibition at
some early date.

TRAVEL COMMENCING.—Summer
travel has apparently commenced to
set in and hotel registers are beginning
to be filled up to the satisfaction of the
proprietors.

REMOVING THE ARCHES.—Workmen
this morning commenced the demoli-
tion and removal of the handsome
arch on Mountain Hill, erected by the
Local Government in honour of the
visit of their Excellencies.

has sent us the last number of Frank
Leslie's Weekly. It contains among
other excellent illustrations pictures
of the first visit of their Excellencies
to this city.

RECORDER'S COURT TO-DAY.—Michael
Kelly, laborer, from Montreal, drunk,
was discharged on his promise to leave
the city. Ann Driscoll, causing dis-
order in police station, admonished
and discharged. A sailor, for getting
drunk, got one month.

A doctor in Durham, England was
lately called to attend a young woman
whose fingers were said to be mortify-
ing. He at once undertook the case,
and explained that for some time past
about nine o'clock in the evening his
coal house had been regularly pilfered,
and this had caused him to cover
the portions of the coal house door
likely to be touched by the intruders
with a solution in which caustic was
the leading element, and he explained
that the hands of the young woman
were not mortifying at all, but had
simply been burnt with caustic, which
had shown to him who the nocturnal
invader of his coal house was. He
lectured the family soundly on the
disgraceful conduct they had display-
ed, and assured them that legal pro-
ceedings would follow a repetition of it.

FRIDAY EVENING, JUNE 13, 1879.

The date of Mr. Langevin's depart-
ure from England is still uncertain.
He has had several consultations with
the Colonial Office, but the Govern-
ment has not yet informed him of the
decision in the Letellier affair. The
Globe correspondent learned yesterday
afternoon from a trustworthy official
source that the English Cabinet has
decided not to sanction the Lieutenant-
Governor's dismissal. The Colonial
Secretary informed him that he does
not contemplate making any commu-
nication of the decision to the English
newspapers; therefore the publication
of the news may first take place in
Canada. Mr. Langevin will not leave
until the despatch is sent to the
Marquis of Lorne.

The action of the French Consul
General in reference to Egypt, is an
example of what may probably hap-
pen if that potentate persists in his
nefarious design, and it also shows
how time has "progressed," as our
cousins would say. In the space of
little more than forty years an en-
lightened man, by name Mehemet
Ali, raised his country from the
depths of old Turkish barbarism to
the level of a small Russia. His son
Ibrahim, carried his work still further,
and by frightful cruelties to the
Fallaheen or laboring class of the com-
munity, developed his country's polit-
ical importance to "a pitch of prosper-
ity" entirely unknown to antiquity,
to the total neglect of her material
interests. In short, wise old Mehemet
Ali "got all the speed" out of Egypt
he possibly could, his gifted son over-
rode the poor, nag and his miserable
successors were a family of artistic
tyrants very suitable for the Italy of
the Borgias, but quite out of place in
the civilization of modern Europe.

The Lord Mayor of London gave a
banquet last night to the members of
International Literary Conference and
delegates to the International Tele-
graph Conference. M. Ferdinand De-
seps, replying to a toast, expressed
the hope that the Darien Canal would
be completed in eight years.

During the presence in town of the
delegates to the Diocesan Synod,
strong influences have been brought
to bear upon the Lord Bishop, in order
to induce him, in the interests of his
own health, to snatch a few months'
repose and quiet from the laborious
duties which the requirements of a
large and widely scattered diocese
necessarily entail. For some time His
Lordship strongly opposed the proposi-
tion, but his friends will be delighted
to know that it is now extremely pro-
bable that His Lordship will be in-
duced to spend a few months' vaca-
tion in Switzerland.

The lumbering business at the north-
ern part of the Province of Quebec is
increasing. The Chatham mills are
working day and night to supply the
demand.

In his recent visitation charge the
Bishop of Dower (Archdeacon Parry)
confined his charge mainly to the
temperance question, urging not total
abstinence or any pledge, but simply
moderation and temperance in all
things; and he suggested that each
one should make a rule with himself
not to drink between meal times.

Sir S. L. Tilley is expected in St.

FELLOWS' COMPOUND SYRUP OF HYPO-PHOS-PHITES

NERVOUSNESS.

It affords me great pleasure to bear testimony to the benefits I have received from using Fellows' Compound Syrup of Hypophosphites. I have recommended it to many of my friends, and it has proved an excellent curative for nervousness and general debility. It is also a first-class tonic—enables a person to take on flesh rapidly, and is free from the constipating effects characteristic of other tonics I have tried.

HENRY JOHNSTON, Montreal.

Read Dr. Earle's Testimonial.

Mr. JAMES I. FELLOWS, Manufacturing Chemist, St. — For several months past I have used your Compound Syrup in the treatment of incipient phthisis, chronic bronchitis, and other affections of the chest, and I have no hesitation in saying that it ranks foremost amongst the remedies used in those diseases. Being an excellent nervous tonic, it exerts a direct influence on the nervous system, and through it, invigorates the body. It affords me pleasure to recommend a remedy which is really good in cases for which it is intended, when so many advertised are worse than useless.

I am, sir, yours truly, Z. S. EARLE, JR., M.D.

It cures Asthma, Loss of Voice, Neuralgia, St. Vitus' Dance, Epileptic Fits, Whooping Cough, Nervousness, and is a most wonderful adjunct to other remedies in sustaining life during the process of Diphtheria.

Do not be deceived by remedies bearing a similar name; no other preparation is a substitute for this under any circumstances.

Price \$1.50 per bottle, Six for \$7.50. SOLD BY ALL DRUGGISTS.

FRIDAY EVENING, JUNE 13, 1879.

There are some thin blinking visions and some thick prejudiced hides that can neither see nor feel the point of a joke such as ours of yesterday, with reference to the Lieutenant-Governor and his vile and interested traducers. Such persons as these we can never convince or make intelligent, and as to the rest of the world they can very well understand the depth of a sarcasm without reference to a dictionary.

Jos. Bailiffe, an employee of the Sheriff's office, attempted to commit suicide last night by cutting his throat with a knife. The wound is not a dangerous one. Bailiffe has been arrested. This has been the second attempt he has made to take his life. Domestic infelicity is assigned as the cause.

The publication of the Globe's cable telegram that the Home Government had declined to sanction the dismissal of Lieut.-Governor Letellier created a great deal of interest and not a little excitement here. The news seemed to give satisfaction to all but extreme French Canadian Conservatives.

BY CABLE THIS EVENING.

London, June 13.

The Times says one of the principal causes of the recent rise in silver is the publication of the views of Lord Odo Russell, ambassador to Berlin, regarding Germany's coinage policy. In a recent letter he confirms the announcement of the determination of Germany not to sell any more silver at present. The letter states that Germany has 10,000,000 pounds in silver which will increase during the suspension of the sales. It is generally believed by financial men that Germany is preparing to adopt a double standard as in France, but this, says the Times, must be accepted with caution.

The fire at Point Breeze was re-kindled this a.m., a stiff breeze fanning the flames to immense proportions. It is feared they will reach the Point Breeze oil works. A strong westerly breeze blew the flames to the wharf of the Atlantic Petroleum Storage Co., and the fire at once spread to the large shed south of the warehouse which was destroyed on Wednesday. The wind then veered to the north and a long line of sheds, extending nearly a mile to the southward, caught fire, and by noon were all ablaze with seventy-three hundred barrels of oil.

South of the sheds is the Point Breeze oil works and below the oil works a large number of frame dwellings occupied by workmen and their families.

At 12.45 all the sheds along the river front, as far south as the Point Breeze oil works, were in ruins.
