

Fierce Battle Continues Along Whole Front Important Events Expected in North Belgium

NO UNEASINESS AMONG ALLIES POSITION OF ALLIES GOOD MORE GERMAN TROOPS IN BELGIUM

BATTLE CONTINUES ALL ALONG LINE.

London, Sept. 18.—(Special)—A Bordeaux despatch to the Exchange Telegraph states that the battle continues with great fierceness along the whole front. The death is announced of General Bataille, who was killed in action.

IMPORTANT EVENTS EXPECTED IN NORTH BELGIUM.

London, Sept. 18.—(Special)—The correspondent of the Daily Mail at Ostend learns that important events are expected in North Belgium in the next few days which he is not allowed to disclose. He says that there is little doubt that there are three German army corps of about 150,000 men in Belgium, and conveys a re-

Paris, Sept. 18.—(Special)—The Allies have progressed somewhat on the western wing, and are repulsing a vigorous German offensive movement, according to an official announcement made this afternoon by the French War Department.

MORE GERMAN CALLED TO COLORS.

London, Sept. 18.—(Special)—German military authorities occupying the territory around Kalisz, in Russian Poland, have called to the colors all the German inhabitants there between the ages of 16 and 45, according to a despatch to the Reuter Telegram Company from Petrograd. The German subjects fled. Some of these were caught and twenty were hanged.

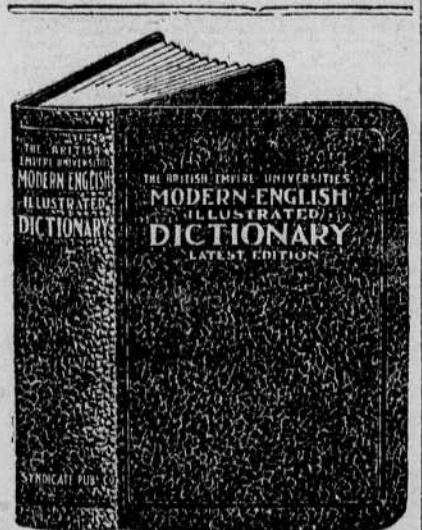

GERMAN ATTACKS FAILED.

Paris, Sept. 18.—(Special)—In an official communication by the French War Department the communication follows: "The battle continued during the day of September 17th along the front from the river Oise to the Wevre without any important changes in the situation at any point. First, on our left wing on the heights to the north of the river Aisne we have made slight progress against certain points. Three offensive counter attacks undertaken by the German army failed. From Croonne to Rheims we ourselves repulsed some very violent counter attacks executed during the night. The enemy tried in vain to take the offensive against Rheims."

HIGH TRIBUTE TO SIR JOHN FRENCH

Kitchener Says He Had Met Every Difficulty That Proved Worth as Soldier

BRITAIN HAS SIX DIVISIONS AND TWO CAVALRY DIVISIONS IN FRANCE.

London, September 18.—Speaking in the House of Lords yesterday, Field Marshal Earl Kitchener revealed the strength of the British expeditionary force in France, and described what he believed must be done to assure a successful issue of the conflict. A steady flow of reinforcements was required, he said.

There were already in France, the Secretary of War said, rather more than six divisions of British troops and two divisions of cavalry, which were being maintained at their full strength. Further regular divisions and additional cavalry were being organized from units drawn from overseas garrisons, which were now being occupied by territorials and volunteers. A division of territorials already had left for Egypt, a brigade for Malta and a garrison force to Gibraltar.

Referring to the two new armies, the Secretary said that new divisions were now being collected at the training quarters. The third army was being formed on the new camping ground and the fourth army was being created. Meantime Indian divisions were on their way.

In his despatches from the front Sir John French, commander of the British expeditionary force, had omitted, the Secretary continued, one aspect of the situation—"the consummate skill and calm courage of the commander himself."

Earl Kitchener spoke in the highest eulogistic terms regarding Sir John French, the British commander-in-chief, who, he said, has met every difficulty presented by the situation in a manner that proved his worth as a soldier.

ADELINA PATTI WAS HELD A PRISONER.

Paris, Sept. 18.—(Special)—Adelina Patti arrived in Paris to-day after being kept several weeks, together with her husband, Baron Cederstrom, a prisoner of war at Carlsbad, where she was finally obliged to leave all her male domestics, to gain her own liberty.

whole front, was excellent. Words from a silent General have a double value. The troops appreciated deeply his praise and encouragement. It was a striking spectacle—thousands of men careless of danger standing at attention before their trusted leader—then at the Germans again."

Fighting For Worthy Purpose

Arms Will Not Be Laid Down Until That Has Been Achieved, Says King's Speech

London, Sept. 18, 12.27 p. m.—(Special)—In his speech from the throne to-day, proroguing Parliament until October 27, the King spoke as follows:

"My lords and gentlemen: I address you in circumstances that call for action rather than speech. After every endeavor had been made by my Government to preserve the peace of the world, I was compelled, in the assertion on treaty obligations deliberately set at naught and for the protection of the public law of Europe and the vital interests of my Empire, to war."

"My navy and my army have the unceasing vigilance, courage and skill sustained, in association with our gallant and faithful allies, a just and righteous cause. From every part of my Empire there has been a spontaneous and enthusiastic rally to our common flag."

"Gentlemen of the House of Commons: I thank you for the liberality with which you have met a great emergency. My lords and gentlemen: We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been achieved. I rely with confidence upon the loyal and united efforts of all my subjects, and I pray that Almighty God may give us his blessing."

When the Deputy Speaker announced the formal prorogation, Will Crookes, the Labor leader, arose and asked if it was in order to sing "God Save the King." The anthem was then sung, the members rising in a body. At its close the Commons filed slowly out.

BIG ATTENDANCE EXPECTED FOR PATRIOTIC CONCERT ON MONDAY

The sale of seats for the patriotic concert to take place on Monday night opened this morning. Ten cents and twenty-five cents is a very small charge, but it is important to make it possible to secure seats, so that those who are anxious to be on hand will not be forced to fall in line for a rush on Monday night. It is expected that the theatre will be packed to its capacity. It will be an inspiring event when 1500 people join in the choruses of our stirring patriotic songs. The words of the choruses and some of the verses are being printed on the back of the programs. The patriotic speeches which Senator Pope has been making have been highly acclaimed and a really stirring address can be expected.

MEETING OF THE WORKING COMMITTEE

A meeting of the working committee of the Patriotic Association was held in the D. O. E. club room on Wednesday, when many "housewives" were cut and prepared for the workers who took them home to have them ready by noon on Thursday for the parcel which is to be rushed through to the contingent, and which will contain many other useful and necessary articles.

AN APPEAL FOR THE BOY SCOUTS

The Boy Scouts are beginning their autumn work and already two troops in the city are in line. An appeal has been made for more workers to help the boys in this fine work of training them into useful, efficient and loyal men. The boys are ready to form the patrols, but there is need of more Scout Masters. Are there any young men in Sherbrooke who will volunteer for this work, a work of the greatest value to the Empire, that of training our future citizens and soldiers? Will some of the men who cannot go to the front give their services to their country in this way? The last long war in which the Empire was engaged lasted for twenty-three years and children grew up to join the fighting line before it was over. Boys became soldiers, girls took

14 LIVES LOST WHEN TWO SHIPS COLLIDE BELOW QUEBEC

Dominion Government Steamer Montmagny Was Rammed By Collier Langan a Mile Below Quebec. Victims Are Wives And Children of Two Lighthouse Keepers Who Were on Way to Join Husbands.

QUEBEC, SEPT. 18.—(Special)—

Fourteen lives were lost shortly before five o'clock this morning, when the Dominion Government steamer Montmagny was rammed by the Black Diamond collier Langan, at Beaujeu Banks, a mile below Crane Island and some 26 miles below Quebec City.

ON WAY TO GULF.

The Montmagny was on her way from Quebec to the Gulf and the Straits of Belle Isle, where she was taking the families of two lighthouse keepers, together with coal and provisions for the wireless stations and the signal service stations down the coast.

STRUCK IN FOG.

The boats struck in a bank of fog not far from Crane Island, and the early hour at which the fatality occurred is responsible for the heavy loss of life.

WOMEN AND CHILDREN VICTIMS.

The Montmagny is not a passenger carrying vessel, but she had quarters for the families of the lighthouse keepers, and on this voyage Mrs. Richard, wife of the lighthouse keeper at Belle Isle, with her seven children, was on board with Mrs. Lavallee, wife of the lighthousekeeper at Flower Island, who perished with her four children.

SECOND OFFICER DROWNED.

Second Officer Lachance is among the dead, according to the initial list given at Crane Island. He died with two children he had in his arms trying to save them.

CREW RESCUED.

The crew was picked up by the steam collier Potania and taken over to Grosse Island, whence the Government boat Alice is coming to Quebec with them and the bodies of two infants.

SPENT WEEK END AT VALCARTIER

Royal Party Will Witness a Review of the Troops on Sunday

MANY NOTABLE PERSONS VISIT THE CAMP, INCLUDING DUKE OF MANCHESTER.

Valcartier Camp, September 18.—The Minister of Militia announced last night that their Royal Highnesses the Duke and Duchess of Connaught and possibly Princess Patricia will visit the camp on Sunday, when there will be a review, followed by a sham fight on Monday, in which all the troops will participate. Many notable visitors came to the camp yesterday, including the Duke of Manchester, who was met at the station by the Minister of Militia, with Colonels Murphy and McBain; Hon. Martin Burrell and Mrs. Burrell, Hon. J. D. Reid and Mrs. Reid, Mr. John Maynard Harlan, the well-known lawyer of Chicago and son of Justice Harlan of the Supreme Court of the United States, Col. Labelle and Col. Costigan.

The necessary training and nursed the sick and wounded.

The boys trained today may be the Saviours of the Empire in her day of need. Are there no young Englishmen who know something of this scout movement, no men of Canadian birth, who will give their time to help our boys get this splendid training, that their lives may be valuable to their country whether she is at peace or war? More workers are needed to help those who have carried on this patriotic duty under many discouragements. Will some of the young men of Sherbrooke, in factories, machine shops, stores, offices, etc., spare some of their evenings and help the boys to do their duty by their country?

In Belgium, France and England the Boy Scouts are doing splendid work, carrying despatches, guarding bridges and buildings, signalling, taking aeroplanes, doing post office duty, bringing in harvests, capturing spies and many other things. Sherbrooke boys have been serving their country, guarding the St. Lawrence for many weeks and signalling the ships. What are they going to do in the future? It lies with the men of Sherbrooke. Anyone who is willing to assist as Scout Master or Assistant Scout Master can apply to the following gentlemen: J. W. M. Vernon, Sec. Local Association of Boy Scouts, Rev. G. E. Read, Mr. Peter Dennis, Rev. Vere Hobart; and boys wishing to be enrolled as Scouts may apply to either troop, the Second Sherbrooke, Mr. Peter Dennis; the Third Sherbrooke, Rev. G. E. Read.

\$100 FROM LAKE MEGANTIC.

Mr. T. J. Parkes, treasurer of the Sherbrooke branch of the Canadian Patriotic Society, received \$100 from Mrs. Helen L. Bailey, the treasurer of the Lake Megantic Patriotic Fund branch.

ITALY READY TO DECLARE WAR

Expected That She Will Throw in Her Lot With the Allies

WOULD BE THE VICTIM OF GERMAN VENGEANCE IF TRIPLE ENTENTE IS OVERTHROWN.

Paris, Sept. 18.—Italy is on the verge of declaring war against Austria and Germany. This is the opinion of the best informed public men in Paris. All indications point to September 28th as the date Italy will definitely throw in her lot with the Triple Entente.

A member of the Chamber of Deputies who arrived here yesterday from Bordeaux, had private information from a source close to the Italian cabinet that changes in the cabinet are imminent, and that within two weeks the military and naval forces of Italy will be added to the strength of the Allies. The determining reasons for the forthcoming declaration are that Italy owes a duty to civilization to cast the weight of her power against German militarism, now that she is in the balance; that Italy will certainly be the victim of German vengeance if the Triple Entente is overwhelmed, and now is the time to recover ancient Italian territory held by Austria, and finally, that the public opinion of the country can no longer be restrained.

The developments of the past day all point to the abandonment of neutrality and to the active participation of Italy. There is a strong belief that the Russian Government has, in the friendly way, reminded Italy that this is the time when armed intervention would be most welcomed by the Triple Entente and most effective in the campaigns against Austria and Germany.

is not nearly so severe and thorough as the methods I use in examining the eyes of those who come to me for glasses.

Not only is the sight of each eye carefully measured but in addition every effort is made to improve it so as to get the best possible vision.

With the lenses finally selected in an easy fitting and neat appearing frame or mount, you are sure to see well.

The first tea of the season given yesterday by the ladies of St. Patrick's congregation at the Church Hall, was a most auspicious and successful occasion, and augurs well for the coming year. A very large number of guests were present and the receipts amounted to the satisfactory sum of twenty dollars. The hostesses were Mrs. F. J. Griffith, Mrs. McCafferty and Mrs. O'Donnell, and tea was poured by Mrs. Belanger, the table being decorated very tastefully with gay autumn flowers. The girls assisting in looking after the guests were Miss McCafferty, Miss Gertrude Paul, Miss Norine McManus, Misses Lucy and Winnie Mulvena and Miss Gamache.

"POTASH AND PERLMUTTER." "Potash and Perlmutter," at His Majesty's Theatre last night, delighted the audience. It is one of the cleverest comedies seen in Sherbrooke for a long time.

The attendance was comparatively small, being about half that which greeted the performance at Newport, Vt., the previous evening. A number of the fine theatrical attractions booked into Sherbrooke this season are being cancelled owing to the small patronage which earlier shows have received.

MARRIAGES

GAGNE — TALBOT.

Ascot Corner, Sept. 18.—(Special) —A quiet but pretty wedding took place in the Roman Catholic Church on Tuesday when Miss Mary Talbot, daughter of Mr. and Mrs. P. Talbot, was united in marriage to Mr. N. Gagnon, son of Mr. A. Gagnon, of Cookshire. They intend to reside in town.

McGIBBON—ARMITAGE

A very quiet and informal wedding was celebrated yesterday, at the home of Mr. and Mrs. George Armitage, Montreal Street, when their eldest daughter, Miss Alice Lenora Armitage was married to Dr. Roy McGibbon of Montreal, now with the Army Medical Corps at Valcartier.

The house was a veritable bower of flowers, quantities of sweet peas, brilliant gladioli and variegated asters being used in the decoration of the hall and dining room, and in the drawing room, where the wedding took place, the bride and groom standing beneath a horse shoe of flowers. The ceremony was performed by the Rev. George A. McIntosh, the bride, who was unattended, wearing a pretty gown of Alice blue flowered crepe-de-chine. Only the immediate families of the young couple were present, including Mr. and Mrs. George Armitage, parents of the bride, Mrs. R. D. McGibbon, Montreal, Mrs. Southam, Hamilton, Ont., mother and sister of the groom, Mr. and Mrs. Gordon Armitage, Mr. and Mrs. Ernest Armitage, Dr. and Mrs. Geo. E. Hyndman, Rev. G. A. McIntosh, Mrs. McIntosh, Miss Armitage, Misses Beatrice and Nellie Armitage, Miss Frances and Master Clifford Armitage.

The wedding luncheon was served in the dining room, the centre table for the bride and groom and the wedding party, being beautifully arranged with flowers and the wedding cake, while small tables were provided for the other guests. The Rev. Mr. McIntosh made a few felicitous congratulatory remarks.

Very charming musical selections were contributed later by Mr. Ernest Armitage, who sang D'Hardelot's "Because," and "Mother Macbride," and by Mrs. F. H. Bradley, who rendered very beautifully "Killarney" and "The Rosary."

Dr. and Mrs. McGibbon left by the afternoon train for Quebec, and if Dr. McGibbon's leave will permit, will spend the week-end at the Manoir Richelieu, Murray Bay.

The bride's going away gown was of navy blue gaberдинe, with collar and cuffs of Roman striped silk, and the hat was of black velvet with ostrich feather mount.

**TRAINING SHIP
LOST IN GALE**

Fishguard Went Down in the English Channel With 21 Lives

CREW WAS COMPOSED MOSTLY OF DOCKYARD WORKERS — EQUIPMENT BROKE LOOSE.

London, Sept. 18, 12.30 a.m. — The Admiralty announces that the training ship Fishguard II, formerly the battleship Erebus, founded during a gale in the English Channel, and that 21 members of her crew were drowned. At the time of the disaster the Fishguard was being towed.

The Fishguard II. foundered off Portland as she was being towed by tugs through a heavy sea. Forty-four of the crew were rescued by the tugs.

TURNED TURTLE.
London, Sept. 18, 1.55 a.m. — The Fishguard foundered at 4 o'clock yesterday afternoon. The survivors were landed here. The crew was composed mostly of dockyard workers. The vessel was outward bound from Portland when she struck rough weather, during which some of her heavy equipment broke loose, giving her a heavy list.

The Fishguard turned back in an effort to make port but turned turtle in sight of hundreds of spectators ashore when she reached Portland race.

The work of rescue was hampered by the heavy seas.

**NAVAL BLUNDER
OF GERMANS**

SHIPS FIRED ON EACH OTHER AND ENGAGED IN LIVELY BATTLE.

London, Sept. 18. — Telegraphing to the Times, its Petrograd correspondent says: "Reports of disaster to the German fleet in the Baltic have been confirmed by despatches received here which declare that German warships fired upon each other. All rumors of engagements with the Russian fleet in the Baltic, however, are untrue."

"The information reaching Petrograd is that a numerous flotilla, attended by cruisers, while engaged in hunting down passenger steamers, mistook their own for the enemy's ships and engaged in a lively battle. The number of vessels crippled is unknown, but several cruisers entered Kiel badly mauled and riddled and carrying many wounded."

JAP AVIATOR BREAKS UP GERMAN AT KIAO-CHOW.

Tokio, Sept. 18. — The capture of the railroad station at Kiao-Chow was effected with slight loss to the Japanese because of the daring of an aviator who flew in a hydro-aeroplane from a warship outside the bay. Flying high above the German troops gathered to resist the seizure of the railroad terminal, he dropped five bombs among them. His aim was so good that three of the bombs exploded among the Germans, killing and injuring many. While the Germans were in disorder the Japanese charged and drove the defenders back toward Tsing Tao.

GERMANS LOSE 25,786 MEN.

Berlin, Sept. 18. — The lists of German casualties yesterday contain 35,786 names, the average daily losses of the last week being 3,200. Among the dead are Prince Otto Victor of Schoenburg-Waldenburg, Major General Nieland and General Nieland and General Count Kirchbach.

EMPEROR LEAVES VIENNA.
London, Sept. 18. — A Central News despatch from Petrograd says it is reported in Vienna that Emperor Francis Josef has left for an unknown destination.

What Dyspeptics Should Eat
A PHYSICIAN'S ADVICE.

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh, and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well-fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a "suspension of bisulphated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphated magnesia is doubtless the best food corrective and can only come from a well-fed body. Bondville, Sept. 18.—(Special)—The dangerous part of the lake road, where Miss Eva Hillhouse met with an accident in July last, has been remade and widened out and will be protected in such a way that a similar accident in the future will be impossible. The work was carried out under the efficient supervision of Mr. O. W. Streeter, road inspector.

MR. HILLHOUSE ABLE TO RE-TURN HOME.

Bondville, Sept. 18.—(Special)—Mr. C. P. Hunter and Mrs. W. M. Hillhouse visited Mr. W. M. Hillhouse at the Sherbrooke Hospital on Sunday last. Mr. Hillhouse has so far recovered from his accident as to be able to return to his home here on Tuesday evening last. He will, however, be incapacitated for work for some little time to come.

HARD WORK SAVED BAD FIRE. Martville, Sept. 18.—(Special)—What might have been a serious fire occurred on Tuesday at the home of Mr. Ben. Hauver. While sitting at dinner, the neighbors noticed smoke issuing from Mr. Hauver's barn. The alarm was at once given and the neighbors turned out on mass formation, putting out the fire, an almost incredible thing, as the barn was full of hay and stood only a very few feet from the dwelling house.

HORSE RUNS AWAY. Sutton, Sept. 18.—(Special)—Mr. Abel Holden, of West Brome, was in town on Thursday, leaving his horse hitched in front of the James Lafleur store, when it took flight, broke loose and ran up Main street with the buggy. When passing the post office the wagon collided with Mr. C. C. Dyer's wagon, nearly upsetting it, and completely overturning the other, which threw Mr. Holden's horse in front of the hotel, when it was caught and liberated from the rig. The horse was not injured and only one thill of the buggy was broken, the dasher bent and the harness somewhat broken. Luckily no very serious damage was done.

WOMAN DIES ON C.P.R. TRAIN. Richmond, Vt., Sept. 18.—(Special)—Mrs. Carl J. Chaffee, of Troy, died of heart disease Monday on the Canadian Pacific day express while the train was running between this station and Stevens' Mills. Mr. and Mrs. Chaffee spent Sunday with relatives at Samsonville. Coming here Monday morning on their way home, they visited at the home of Mr. and Mrs. A. M. Butten, on Province street, between trains. They were a

"H.I.M. WILLIAM."

The following poem appeared in an American newspaper fifteen years ago and it is once more highly apposite: Translated from a German memorandum found in the Emperor's personal wastepaper basket. The original has been presented by the finder to the British Museum.—John Kendrick Bangs.

Oh Me!
Oh My!!
And likewise I!!
Sit still, my curls, while I orate
Me, I, Myself, The Throne, The State,
I am the earth, the moon, the sun
All rolled in one!

I am the Dipper, Night and Day,
The North and Southern Poles, the Milky Way.
I am they that walk or fly on wing,
Or swim or creep... I'm everything.

It makes me tremble like the aspen tree,
To think I'm Me!
And blink like stars up in the sky
To think I'm I—
And shrink in terror like a frightened elf.

To realize that I'm Myself.
Ye blithering slaves beneath my iron heel,
What know ye of the things I feel?

Didst ever wake at dead of night,
And stand in awe of thine own might?

It took six days to make the land and sea,
But centuries were passed in making Me.

The universe? an easy task! but I—
Oh my!

MINISTER WILL GO TO FRONT

Rev. Mr. Carr Has Volunteered For the Ranks if Chaplancy is Not Vacant

HAS BEEN PASTOR OF FITCH BAY CONGREGATIONAL CHURCH FOR FOUR YEARS

Fitch Bay, Sept. 18.—(Special)—Rev. Wilson Carr, who has been pastor of the Congregational Church here for over four years has volunteered for the front. He has made application to go as a Chaplain, but so far there has been no opening secured for him. If he does not get this position he will go to the front in the ranks.

As a result of this decision Rev. Mr. Carr has notified the Church trustees that he will resign his pastorate at the end of this month. Rev. Mr. Carr is highly thought of among his own and other congregations who will regret to lose his services, but at the same time admire his patriotic spirit.

During the evening a short programme of vocal and instrumental music was given. Proceeds, \$75.

AT WORK FOR THE SOLDIERS.

Cowansville, Sept. 18.—(Special)—The Cowansville Chapter of the Daughters of the Empire met in McClatchie Hall on Wednesday afternoon, the 16th inst. The usual routine business was proceeded with and the committee in charge of the moving picture entertainment on Tuesday afternoon and evening reported that the event had been a great success, and a substantial sum was realized. The members were desirous that a hearty vote of thanks be tendered to Messrs. Call, Dean, N. Buzzell, Barker and Corcoran and Miss Foster for their part in contributing to the success of the occasion.

The ladies spent the rest of the afternoon in knitting and sewing of articles to be sent to the soldiers. Quite a little work in this direction has been accomplished already, and many who are unable to be present at the meetings have offered to help by working at home. Several new names were added to the roll. After the singing of the National Anthem the meeting adjourned to meet next Wednesday at three o'clock in the same place.

MANY ATTEND CONTINGENT MAY RICHMOND FAIR MOVE ANY DAY

Prospects Are That All Previous Records Will be Broken For Attendance

THE EXHIBITS SHOW AN ALL ROUND IMPROVEMENT. RACES GREAT DRAWING CARD.

Richmond, Sept. 18.—(Special)—The Richmond County Annual Fair opened yesterday with every prospect of beating all records. The gate receipts will be much in advance of last year. The attendance for the first day reached nearly 3,000—an increase on that of the closing day last year. All the leading men of the county were amongst the exhibitors and were present with their ladies, it was one of the most fashionable crowds gathered in Richmond for many years, and the costumes of the farmers' wives and daughters gave evidence of great prosperity in agricultural circles.

The weather was beautifully fine all day, in fact it was as warm as mid-summer. The exhibits show a large all round improvement, and the wisdom of the directors in again providing attractions after an interval of several years is beyond question. The races were a considerable draw, they were well contested and well managed and created plenty of enjoyment, excitement and enthusiasm. As one visitor summed it up, it was "A great show, a great day and a great crowd."

The racing events are being continued this afternoon and a grand live stock parade also takes place, headed by the Town Band. Mayor Hayes declared a civic holiday for each afternoon of the Fair.

THE EXHIBITS.

The exhibit of cheese is both large and good. The butter exhibit is not so large, but is of good quality. There is a big increase in the entries of maple sugar and syrup. The quality is also superior. Among the exhibitors in this department are J. H. and P. P. Fowler, of Dalling, whose sugar was adopted as the standard by the Dominion Government some years ago. There is also a fine display of maple honey.

HORSE SHOW GOOD.

The horse show generally is very good. In the heavy classes the number of yearlings and two and three-year-olds is above the average, but those of marketable age are rather scarce, as so many have been bought by the Government for military purposes. Some very nice driving horses are being shown in to-day's parade.

GOOD QUALITY OF CATTLE.

The cattle exhibits this year are of much improved quality, but are slightly fewer in number, as is the case generally throughout the Town-

Sherbrooke Men Appreciate Gift of Pies and Other Articles From Home

BALACLAVA CAPS APPRECIATED BUT THERE WAS NOT ENOUGH TO GO ROUND.

One of the Sherbrooke members of the overseas contingent at Valcartier in writing to a friend intimates that it is expected the contingent will move off in a few days.

Continuing the letter says: "Can't begin to tell you how the boys here all are so grateful to the boys in Sherbrooke who sent down those pies. They were served with dinner on Sunday, and anyone who has been in a training camp will realize how acceptable they were."

"The housewives were also very acceptable, as some of the men left home without anything of that sort. There was a 'bunch' of them doing necessary sewing this afternoon. "The Congregational Church young ladies would have been well repaid if they could only have heard the remarks these articles were greeted with."

"As to the Balaclava caps, they had been long looked for and the only complaint was that there were only 65 of them for us."

"The men who smoke greatly appreciated the gift of two boxes of cigarettes which Forrest Lord sent down. These articles are quite a rare thing at times so that they were very acceptable."

ships, so much stock having been sold off owing to the higher prices obtainable.

SHEEP EXHIBIT GOOD.

The sheep exhibit is of fine quality and the number shown is very creditable for this section. Messrs. C. N. Lyster and R. W. Frank and Sons are well represented.

POULTRY EXHIBITS.

In the Poultry Department the quality is well maintained. Mr. A. P. Hillhouse, the judge, was especially pleased with the utility breeds. The best examples shown are the Barred and Buff Rocks.

FINE VEGETABLE EXHIBIT.

The vegetable section is extremely fine and cannot be surpassed anywhere in the province. The exhibits are very numerous and amongst the best features are tomatoes, onions, cauliflowers, citrons, potatoes, celery, and the heavy root classes. There is also a very large show of Hubbard and pie pumpkins and squash, one weighing 7½ lbs.

The grain collection is excellent, especially oats, and fodder corn is first class.

The fruit department contains splendid specimens of various kinds. The apples are really extraordinary for this section, owing to the diffi-

culties experienced in growing them this year.

LADIES' DEPARTMENT.

The Ladies' and Children's Departments are well filled. The articles of fancy work, knitted goods and embroidery show skill in workmanship, much above the average, and the cookery exhibits would satisfy the most fastidious.

Some beautiful specimens of flowers are on view in the different classes.

The Ladies' Patriotic Committee have a refreshment booth on the grounds. President, Mrs. A. J. Hudson.

IMMIGRATION WORK.

Mr. D. MacLeod is in charge of a stand in the Horticultural Building, where he is giving advice to farmers on the help question on behalf of the Immigration Society.

HOW TO SHIP EGGS.

An interesting stand in the Ladies' Building is that of Macdonald College who are showing poultry houses, feed hoppers, colony houses, fattening batteries, and are also demonstrating the correct method of shipping eggs by parcels post and packing them for market. Samples of grains adapted for this locality may also be seen here.

NOTES.

Among the visitors to the fair yesterday were Hon. P. S. G. and Mrs. Mackenzie.

In the free-for-all race this afternoon, Mr. House will endeavor to break the track record.

The Richmond town band is in very

good shape. It gave a fine concert, yesterday afternoon and rendered patriotic and sentimental selections. The members looked smart in their handsome new uniforms and they certainly understood the essentials to producing good music—time, taste, color and harmony. M. J. Palmer, the leader, is to be congratulated, along with Mr. Dyson, the bass soloist.

The midway is very active. Some of the visitors are proving their skill in the throwing business. The concert in aid of the patriotic fund, which took place in the Odd-fellows' Hall on Wednesday night, realized over \$40. Mr. J. Kennedy, the manager, gave the use of the building, which was crowded.

NORTH THETFORD.

Little Albert Couston has been seriously ill but is now convalescent.

Mrs. Paradise and her son, Tim, went to Thetford Mines on Sunday to attend the funeral of Mrs. Paradis' little grandchild, the infant son of Mr. and Mrs. J. Barrett.
