The Liberal Majority is Unchanged To-day

But the Elections in Algoma and Gaspe To-day Will Increase This Figure by Two—Official Returns of the Poll.

There is no news from any of the doubtful constituencies to-day to change the results on Saturday, which gave the Liberals a majority of 50 over the Conservatives. The seats in regard to which there is doubt are all so large and with such a scattered population that it takes a long time to get the ballot boxes in from the outlying polling sub-divisions. In Selkirk, Mr. W. S. McCreary, the Liberal candidate, is five ahead, with three polls in the far north to hear from. The result in Macdonald and Marquette is also still uncertain, but the Liberal candidates are leading.

To-day polling is going on in Algoma, Ontario, and in Gaspe, Quebec. Both counties were represented in the last Parliament by Liberals, and the chances are all in favor of the former members being re-elected. Mr. Rodolphe Lemieux had 42 majority at the last general election in Gaspe, and the indications are that this will be greatly increased to-day. Mr. Dyment was elected in Algoma by immense majority of 1847, so that the Conservative candidate is not unlikely to lose his deposit.

The Conservatives are of opinion that they may have a chance of winning in South Perth, as it is said later returns give a larger vote to Pridham and a smaller vote to Erb in one or two polls, thus wiping out Mr. Erb's small majority. It remains to be seen, however, what the official count will make the figures.

The Liberals of North Lanark are almost certain to demand a recount as the majority of Mr. B. Rosamond is very small, only 4.

Mr. Sifton's Success.

Winnipeg, November 12.—Hon. Mr. Sifton returned yesterday from Rat Portage, where he addressed a big meeting Saturday night. He says Algoma is safe for the Liberals and Mr. Dyment's election to-day is assured. Mr. Sifton will be tendered a public reception to-night by Winnipeg Liberals. He expects to go to British Columbia this week to take part in the Yale-Cariboo and Burrard election campaigns. In consequence of this a proposed banquet at Brandon has been postponed.

A comparison of the returns from Brandon constituency with the votes cast at the Provincial general elections shows that Mr. Sifton had the following majorities in provincial divisions:—North Brandon, 170; Brandon city, 223; South Brandon, 47; Lansdowne, 172; Virden, 77; Avondale, 23; Souris, 76; Deloraine, 46. In Turtle Mountain Mr. Macdonald had 79 majority. North Brandon, Brandon City, Virden, Avondale and Souris were won from the Liberals by Conservatives at the provincial elections, but were won back to the Liberal column by Mr. Sifton. Liberals are greatly elated over this result, as showing the dwindling popularity of the Manitoba Government since it took office in January last.

The result of the Selkirk election is still in doubt. Mr. McCreary, Liberal, has five majority, with three polls in the far north to hear from.

The Nipissing Elections.

Ottawa, November 12.—(Special.)—Being unable to have the voters' lists prepared in time for the election in Nipissing in accordance with the first writ issued to him, the Sheriff, who was also the returning officer, has returned that writ. A new writ has been issued by order-in-council directing the nomination for November 28th, and election for December 5th. There is considerable misunderstanding throughout the country about this subject. The facts are that in certain districts no list had ever been prepared, while in others the latest lists were those of 1898. Without new lists about 2,000 voters would have been disfranchised. To avoid this, an object which both candidates commended, the returning officer was directed to use the lists of 1900, which had been completed, but which were not yet revised and confirmed by the county Judge. This will be done before the election, and as there were no lists on which to hold an election on the 7th, the sheriff notified both parties and returned his writ as provided for in the act. The allegation that Mr. Klock presented his nomination papers and made his deposit is not in accordance with the report of the returning officer. Mr. McCool, the Government candidate, stood equally prepared to file his papers, and make his deposit, on October 31st.

Selkirk Still in Doubt.

Winnipeg, November 12.—The result of the Selkirk election is still in doubt. Mr. McCreary, Liberal, has five majority, with three polls in the far north to hear from.

Mr. Bourassa Elected.

Papineauville, Que., Nov. 12.—(Special.)—Mr. Bourassa has been declared elected in Labelle by 470 majority.

Official Returns.

A Winnipeg despatch says: "Lariviere has the final majority in Provencher. Bertrand's apparent majority having been caused by the transposing of the figures 72 to 17. This election may be declared invalid owing to the unauthorized moving of a poll to a point sixteen miles from where it should have been, through a misunderstanding."

The ballot boxes in Quebec West were opened on Friday by the returning officer, Mr. F. Murphy and Hon. R. R. Dobell was declared elected by 80 votes.

At the summing up of the votes by the returning officer for North Bruce, Mr. A. McNeil (Conservative) was declared elected by those votes. It is understood to be the intention of Mr. J. E. Campbell, the Liberal candidate, to ask for a recount.

The result of the official count of the ballots in Brockville was announced on Saturday afternoon. The majority of John Culbert (Con.) is 221.

The official majority for H. A. Calvin (Conservative), in Frontenac is 261.

The official returns give Corby, Conservative), 874 majority in West Hastings, and Northrup (Conservative) 71 in East Hastings.

Prescott—Proulx (Lib.) 1,514; Clarin (Ind.) 1,211; Sabourin (Con.) 1,018.

Lanark, South—Haggart (Con.) 1,962, Preston, 1,615.

Kingston—Britton (Lib.) 1,880; McIntyre (Con.), 1,685.

The Candid Friend.

The Richmond Guardian (Con.), discussing the result in Richmond and Wolfe, and the fact especially that the Conservative majority of 100 in Windsor Mills had been wiped out, says:

Mr. Crepeau is entirely lacking in that personality that at all times is a vote-catcher, and it is now seen that his own estimate of what he could do and could be done for him in Wolfe was, even for a guess, as unsubstantial as a spider's thread. He was beaten as badly in his own county as in Richmond, yet his Conservative friends here, at any rate, worked for him as faithfully as they ever did. We may say, what we known to be true—the English Conservatives stood almost solidly by their candidate, while regretting that he was not such a one as they wished for. Mr. Creapeau was literally laid out by his own countrymen.

Mr. Charlton Gazetted.

Mr. John Charlton, of the village of Lyndoch, lumberman, is gazetted as member of Parliament, being the third so far duly returned as elected.

Dr. Russell Congratulated.

Halifax, Nov. 12.—The Liberals of Halifax and Dartmouth tendered a great reception to Dr. Russell, the successful candidate in Hants, on his return home. A big torchlight procession was held, Dr. Russell being driven along the entire route. After the procession a public meeting was addressed by the member-elect and leading men of the party.

County Registrar Coffee made the official announcement of the result in Carleton, as follows: Kidd (Cons.), 1,611; McKellar (Lib.), 884; majority for Kidd, 727.

EXCITEMENT WAS TOO MUCH.

Kingston, Nov. 12.—(Special.)—Richard Campion, printer, died on Saturday after a week's illness. He was out with the locomotive works employes on Monday last to greet the soldiers, and on his return home was stricken with paralysis, caused by a vessel in the brain breaking. He lingered unconscious until Saturday night, when a recurrence of the attack came, and death speedily ensued. He had lived here for twenty-five years.

DIED IN THE PULPIT.

Rev. James Simpson, Methodist Minister at Lansdowne, Expires in the Midst of Service.

Kingston, November 12.—Rev. James Simpson, Methodist minister at Lansdowne, was conducting quarterly service in that village yesterday and had about concluded his sermon when he hesitated, grew deadly pale, and in a monotone asked the choir to sing while he sat down. In a moment after he collapsed and expired. The congregation was greatly shocked by the tragic event. Deceased had been in the ministry for about 20 years and was concluding a three years' pastorate in the village. A widow and two sons, one in Toronto and the other in Chicago, survive him.

LORD STRATHCONA'S GRACEFUL ACT.

Toronto, Nov. 12.—Those who were present at the Board of Trade banquet to Lord Strathcona will not have forgotten the recitation by Miss Luella Hunt of the address to His Lordship from the boys and girls of Toronto. Lord Strathcona's appreciation of the incident has been shown by a letter to Miss Mowat, enclosing a check for "the eloquent little gentlewoman." Saturday afternoon the little girl, with her father and mother, attended at Government House, when the presentation of a purse containing $100 in gold was formally made by Miss Mowat.

THE WINTER PORT QUESTION

Minister of Railways in Town and May Reopen Negotiations With C.P.R.

The Hon. A. J. Blair, the Minister for Railways is in town. He arrived here last evening from St. John, and has been the recipient at the Windsor Hotel of many congratulations on his magnificent victory over Mr. Foster. Mr. Blair is accompanied by Mr. J. L. Payne, his secretary, and Mr. D. Pottinger, the general manager of the Intercolonial Railway, who travelled with him as far as Levis. Mr. Blair will remain here until to-morrow, and it is expected that before he proceeds to the capital an effort will be made to bring the St. John winter port questions to a settlement, so far, at least, as the handling of the export traffic for the present season is concerned.

There has been a revival of the old rumor that the C.P.R. would send the traffic to Boston, but no confirmation whatever can be obtained for it in official circles.

VICTORIA CURLING CLUB.

Quebec, Nov. 10.—(Special.)—The annual meeting of the Victoria Curling Club was held last evening at the Chateau Frontenac, when the following officers were elected for the ensuing year:—President, George Thomson; vice-president, A. W. Colley; secretary-treasurer, W. J. Hall; committee, Messrs. George H. Parke, C. S. Parke, Lieutenant-Colonel Wilson, Lieutenant-Colonel Jones; chaplain, Rev. Mr. Brewer; representative on the branch of the Royal C. C. C., Lieutenant-Colonel Whitehead, Mr. A. W. Hooper.

MANY CONSERVATIVES continue to take their medicine with decidedly bad grace. A western man now announces that the Libs are the scum of the earth.

"OUR MAN WITH TUPPER" is, of course, out of a job. Does anyone know of a person who wants a bright young prevaricator on his pay roll?

A MONTREAL MAN who has been a vegetarian for a week says that vegetarianism is all right until you get real hungry.

MONTREAL HAS HAD exactly 52 varieties of weather in the last 48 hours, with the weather man still busy thinking up something new.

DON'T THINK that because a man is short of stature that he was brought up on condensed milk," says the Westmount philosopher.

ONE DAY LAST WEEK, while one of the professors of McGill College was delivering an address to the students, one of them arose and went out. In doing so he made a noise, and the professor, who had lost his thread, called out: "Does any one know who went out?"

A voice from a desk — "Tupper and Hugh John."

A NORTH HATLEY, Que., man writes: "One man in our town is worried over the fact that there won't be enough Conservatives to dig bait for the Liberals when the fishing season opens."

FATHER'S SON, previous to taking his final plunge into oblivion, did not take the leap without having a fling at the Libs. He too, he tells us, captured the intelligent vote, and he also announces that the Brandon Libs worked a crooked election. Somehow we haven't the heart to tell Father's Son what a monumental and beautiful frost he has been.

A BROCKVILLE MAN innocently asks how the Sieve editor thinks of so many paragraphs. Easy. All you have to do is think of a lot of words and then write them down.

AGAIN THE SIEVE EDITOR is brought to task for overlooking a joke, this time by a Cornwall man, who writes:

Dear Sir,—Your Sieve column is as good as Punch, but you missed one. You forgot to say that Haggart was not Bowelled out. I have been looking for this one but did not see it. Your acute correspondent has probably never played cricket. Yours respectfully,
W. D. Knight.

"THIS IS THE growing time." — Toronto Globe. Should say so. Why, our majority is now 50, and it's getting up every day.

A pleasant looking gentleman with a big checker-board suit and a modest four pound diamond in his shirt front reiterated a popular Conservative expression on St. James Street this morning. "All de people with brains went Conservative," he said, "de intelligent vote went our way, understand? Yes, sir de intelligent vote went fer us."

WHEN THE STORMY breezes bluster
Through the shade trees, lank and bare,
And the tiny frost flakes sparkle
In the chilly morning air,
Then we take an inventory
And o'er useful things we gloat;
Naught can wake our tender interest
Like last winter's overcoat.

Tenderly we pick the mothballs
From the pockets where they've lain,
And with sponge and brush we labor
To remove each spot and stain;
Mourning o'er the frequent tokens
Of our hungry friend the moth,
Where he foraged at his leisure
Of the sleek imported cloth.

But at length, with some misgivings,
We pronounce it fit to wear;
Yet we shun our dude companions
And resent their haughty stare
And we're apt to lose some slumber
And some envy we devote
To the man who need not worry
O'er last winter's overcoat.

Chief Carpenter on Bogus Collectors

The City is Full of Them Just Now, and They Are Meeting With Great Success, Says the Chief of Detectives.

Chief Carpenter's advice to the public to-day is to beware of the bogus collector. He has become a plague for unsuspecting citizens, the chief says, and is to be found in all parts of the city. A number of complaints have been received from politicians, manufacturers, shippers and merchants about people who go around collecting money ostensibly for labor organizations and the poor, or for the unemployed, when they are in reality begging for their own benefit. These people club together in groups and constitute themselves into labor organizations and labor bureaus. Then they draw up a petition, asking for the repeal of a by-law or the passing of another by-law, for the benefit of some association, or some such procedure. The main object is to appeal to a class which it is expected will support the petition and assure its success by money contributions. There is, Chief Carpenter says, a great injustice to honest laboring men in placing employers and merchants under the impression that the laborers, as a class, are all paupers. It is, moreover, a fraud on the public. It is surprising to see how easily these collectors work their schemes and how readily sharp business men give them money. The success of the bogus collector, the chief says, has made him bold. Where at first he was timid and suspicious he is now daring and bold, and believes he has a right to live on the money thus collected. The statements of the men recently arrested on the charge of collecting money for bogus political organizations, Chief Carpenter says, is a case in point, which shows just what some people will do. When the men were arrested and were taken into the chief's office they said they were "hustlers for the party." But what party? Detective Dan McLaughlin found the list of the Liberal club with Fitzgerald, who was supposed to be president of the Conservative organization. John Robertson, one of the men arrested, was formerly caretaker of the Mechanics' Institute. He told Chief Carpenter he had worked hard for the Liberal party, and had collected money to help the cause. He claimed, it was he who had brought out Mr. Robert Mackay and Mr. Robert Bickerdike to run as candidates in St. Antoine and St. Lawrence Divisions. The list showed he had collected over $200. He said he had about $100 in the bank. The balance he had used to pay himself for his trouble.

Bogus collectors are to be found at all times. In the summer they collect for picnics and outings, and in the winter for refuges and labor bureaus.

In view of the many complaints received, Chief Carpenter is anxious to warn the public against paying any money to these collectors.

THE BOERS WERE SURPRISED AT MANY POINTS WITH LOSS

London, November 12.—The War Office has received the following despatch from Lord Roberts:—

"Johannesburg, Saturday, November 10.—Methuen surprised Commandants Snyman and Bermass near Lichtenburg yesterday. Three dead Boers were found and thirty prisoners and several waggons were captured. There were no casualties among the British.

"Kelly-Kenny reports that Major Mackintosh, of the Seaforth Highlanders, occupied Philippolis November 4. The Boers fled in all directions. Three wounded were brought to our hospital. Surgeon Hartley and seven men were wounded.

"Lyttleton reports that Kitchener successfully surprised the Boers during the night of November 7. A mounted party of the 19th Hussars and the Manchester Mounted Infantry, under Captain Chetwode, managed to pass the Boer outposts and while the latter engaged the enemy's picket, the Hussars charged the Boers in the moonlight, sabring many. Chetwode and several non-commissioned officers behaved with great gallantry, but the Hussars would probably have suffered severely, as they got into bad ground, had not they been supported by the mounted infantry. In the morning artillery and infantry joined Chetwode's force and completed the Boer rout, who are said to have lost heavily.

"Smith-Dorrien's wounded, who returned from the Boer camp, report that Commandant Prinsloe and General Fourie were killed, and that General Groebler was wounded in the recent fighting."

GENERAL BADEN-POWELL ILL.

Cape Town, November 12.—General Baden-Powell is ill with enteric fever. His condition is not serious.

BOER PLAN OF CAMPAIGN.

Pretoria, November 11.—Reports have been received here showing that the plan of campaign that has now been decided upon by the Boers contemplates having each a commando defend the district in which it is raised. Each commando numbers from 300 to 600 men. Some of the commandants have established a reign of terror among the more peaceful burghers, and a number of these are coming into the British camps for protection.

PRINCE CHRISTIAN BURIED.

Pretoria, November 8, via Pietermaritzburg, Natal, November 11.—The funeral of Prince Christian Victor, a grandson of the Queen, who died here from enteric fever, took place to-day. the route was lined with a guard of honor, consisting of the men of the Norfolks and Hants regiments. Representatives of all the forces were present, including detachments of the Colonial troops. At the cathedral, the Rev. Mr. Rose, chaplain of the Australians, received the body, which was taken into the church. The Rev. Mr. Cox, chaplain of the Canadians, read the lesson. After the services at the church the procession reformed in Church Square and marched to the cemetery, a mile west of the town.

At the grave the Rev. Mr. Maurice, the Rev. Mr. Jones and the Rev. Mr. Mollineux, conducted the burial service. The Guards then fired a royal salute, which was followed by three volleys over the grave. The Queen sent a wreath of lillies and carnations. Another beautiful wreath bore a card inscribed "From His Mother." Other wreaths were sent by Lord and Lady Roberts, Prince Francis of Teck, the officers of the King's Royal Rifles, General Maxwell and Governor Sir Alfred Milner.

London, Nov. 12.—General Buller, accompanied by his wife and daughter, arrived here this morning and report to the War Office. Large crowds cheered the returning general.

WOUNDING OF MAJOR TURNER.

Quebec, Nov. 12.—(Special.) — The announcement of the serious wounding of Major Turner, who is with the Canadian Mounted Rifles, was received here with much regret. Major Turner, who was formerly connected with the Queen's Own Canadian Hussars, is the eldest son of the Hon. Richard Turner, and just before leaving for Africa he was married to Miss Goodday in the English Cathedral here. A touch of romance is added when it is remembered that his bride-to-be was in London when the news that the Major was leaving for the front reached her. She immediately sailed with her brother for Canada, arrived here on Sunday night and was married on the Monday morning. The wedding, although hurried, was one of the most elaborate social events of the season. After being married, the young officer left for South Africa, where he has earned a very flattering reputation. It was he who, with the late Lieutenant Borden, swam the Vet River amid a hail of bullets to hold the drift against the Boers. All his men who have been invalided home speak of the dashing young leader in the highest terms of praise. Mrs. Turner is at present in London with her family.

SAY CHIEF HUGHES DIDN'T DO HIS DUTY

Barbers' Association Had Sunday Workers Fined After Police Gave Up the Job.

The Barbers held a meeting in their hall at 62½ Craig Street yesterday afternoon, President J. T. Fontaine presiding. The executive committee reported that they had written to the Chief of Police, giving him the names of certain parties who had violated the Sunday Closing By-law, and requesting him to prosecute, but that he had declined to act, claiming that he had no evidence. The committee had then prosecuted two barbers on its own responsibility, one of whom had pleaded guilty, and the other being convicted after a trial and fined. The union thanked the committee for doing more to enforce the law in this connection than the Chief of Police and his entire force. A batch of fifteen barbers were initiated into the mysteries of the union, and eight propositions for membership were received.

Although a barber, who believes in the laissez faire doctrine, recently threatened to do something desperate to President Fontaine, the union is determined to see that the sanitary and other regulations in regard to barber shops are complied with by all.

The barbers have established branches in fourteen cities in the Province of Quebec, and in every place its operations have been attended with beneficial results to the craft. The tonsorial artists are evidently in sympathy with the aims and objects of the association, and sensible of the advantages it brings, as they are joining the union in large numbers.

On December 3 a barbers' convention will be held in the City of Quebec, when delegations from all over the Province will be in attendance. The annual report of the provincial executive will then be submitted and discussed, and plans for organizing and otherwise improving conditions will be mapped out for the ensuing year. The election of provincial officers will also take place.

Point St. Charles.

Mr. William Morgan, of Prescott, Ont., is visiting his home on Ash Avenue.

A meeting of the Ladies' Aid of the R.Y.M.C.A. will be held to-morrow evening.

Mr. W. H. Symonds, the provincial secretary of the Y.M.C.A., visited the Point on Saturday.

Miss Maud Rollo, of Fortune Street, who has been confined to the house for the last ten days, is able to be out again.

BEFORE RETIRING

TAKE A

LAXA-LIVER PILL.

It will work while you sleep without a gripe, curing Sick Headache, Biliousness, Constipation and Dyspepsia and make you feel better in the morning.

Mrs. J. Calbert, Nouvelle, P.Q., says: "Laxa-Liver Pills have done me a world of good for sick headache and constipation."

The Ladies' Aid Society of the Centenary Methodist Church will hold a concert and social to-morrow evening.

Mr. Louis J[illegible]hu, who underwent a severe operation at the Royal Victoria Hospital on Saturday, is progressing favorably.

St. George's Lodge, No. 29, D.O.E.B.S., will give a concert, social and dance in Fraternity Hall this evening. Mr. Cooper will preside at the piano.

The semi-annual meeting of the Point St. Charles Amateur Athletic Association will be held this evening at 8.30. The principal business of the meeting will be the presentation of the treasurer's report.

All the shops of the Grand Trunk are being fitted throughout with electric lights. It is expected that over eight thousand lights will be used. The light will be supplied from the Chambly Electric Company.

An illustrated war lecture on "Briton and Boer in South Africa" will be given in the lecture hall of St. Matthew's Presbyterian Church on Tuesday evening. Rev. E. A. Mackenzie will be the lecturer, while Mr. Beamen will have charge of the views.

Mr. J. Outram, of Magdalen Street, has recovered from his illness. Mr. Outram, who is now 84 years of age, is the oldest Oddfellow in the city, and it is hoped that he will be well enough to attend the grand rally of the Independent Order to be held at Beaver Lodge to-morrow evening.

Mr. Stanley Morgan, of 159 Ash Avenue, died last evening of typhoid fever. Mr. Morgan, who was only twenty-four years of age, was well known throughout the Point, having been connected with nearly all the clubs and societies in the district. The funeral will take place on Wednesday afternoon.

Prof. McLeod, of McGill University, has prepared the plans for the new office of the watch inspector of the Grand Trunk. They are quite elaborate, and when completed will be the finest of the kind in Canada. Prof. McLeod will superintend the building of the different works.

In jumping off a street car while it was in motion on Wellington Street yesterday afternoon, Arthur Marshal, slipped and was thrown violently to the pavement. On being picked up and taken to Reynolds' Medical Hall, it was ascertained that besides being badly cut, he had sustained a fracture on the back of the skull. After being properly attended to, he was removed to his home.

Yesterday afternoon an interesting and enjoyable social tea was given to the railroad men running into the city at the R.Y.M.C.A. It is what is known among the men as an acquaintance gathering, and is certainly an admirable institution. During tea all present introduce themselves to the company in a short speech, telling who they are, what particular line they are running on at present, and anything that may be of interest to their fellow workmen. Although quite a number of the members were spending Sunday in Brockville, there were over thirty present. Mr. H. A. Hodgson, who had addressed the men at the afternoon meeting, kindly remained over and presided at the tea. Mr. Blackaller was also present, and in an interesting after-tea speech told of the great headway already made by the association in the Point and the great hopes they entertained for the future. A committee of the Ladies' Aid, consisting of Mrs. Wilkinson, Mrs. [illegible], Mrs. Robinson, Miss Buchanan and Miss Mingée, had charge of the tea.

The Beaver Mining Co., of Thetford, which has been closed down for several years, is putting in a new plant, and will operate during the winter.

About 75 good Liberals have been given an oyster supper at Carpenter's Hotel, Smith Mills. There were many fireworks, oratorical and other kinds.

A Conservative elector lost a bet and had to wheel a triumphant Liberal from Brown's Hill to Fitch Bay. The Fitch Bay populace, with tin pans, horns, etc., acted as escort.

The Coaticook Observer, whose natural occupation is, of course, observing things, did not see a single election drunk in Coaticook on election day. What about the evening?

At Hull Stream a partridge hunter found the body of a lost boy, son of William Banfil. The coroner decided that death had been caused by a gunshot wound.

ONTARIO EAST.

Ottawa had only one "election drunk" before the magistrate. He was discharged and sprinted at even time pace from the court.

Mr. Tom Crate, the popular manager of the British American Hotel and Hotel Frontenac, Kingston, has retired. Mr. J. McKay, of Aylmer, Ont., will succeed "Tom."

Tayside and Glen Falloch reports tell of quiet Hallowe'en celebrations. Some gates were pulled off their hinges and a boy was shot at Tayside—but that was all.

The first election drunk at Brockville to toe the scratch was "Bandbox" Cameron. As well as the fees for a cargo of election "pizen," "Bandbox" had to reach down for $4.

Mr. George Larose, of the Governor-General's Foot Guards, shot an owl that was ruminating on one of the street trees. It was an owl of Conservative tendencies, and had probably been drinking to drown its grief.

MARITIME PROVINCES.

Off the Steam Navigation Company's wharf at Charlottetown the schooners Lawrence and North Star collided. A boat and a part of the head rigging of the Lawrence was carried away.

Six M. P.'s are now living in Halifax—Fielding, Borden, Roche, Russell, Wade and Ross.

The Liberals of Dartmouth, N.S., tendered a reception to Recorder Russell on Friday night.

In Prince Edward Island beets have been grown extensively this year and if analysis proves favorable it is probable that a sugar factory soon will be erected there.

Delay caused by the failure of some contractors to work according to their schedule has caused the starting of the Dominion Steel and Iron plant, at Sydney, C.B., to be deferred until December 31.

HIGHLAND CADETS HOLD A TOURNAMENT

A military tournament was given by the Highland Cadets on Saturday, afternoon and evening, in the Victoria Rink, the object being to raise the funds requisite to purchase a number of needed supplies for the regiment. Never have these Scottish lads—notwithstanding the excellence of their work—received the support that should have been theirs, and this has placed Colonel Lydon, the commanding officer, in the position of having to pay for some of the equipment out of his own pocket. The tournament was decided upon as a means of rendering this unnecessary and placing the organization on a satisfactory business footing. Neither in the afternoon or evening was the attendance as large as was desirable, but those who turned out were afforded an excellent treat. The Cadets themselves did some very picturesque fancy marching to the music of their band. They formed a large cross, which wheeled round with great steadiness, and then gradually lessening spiral, which wound and unwound itself. The Lloyd-Lindsay competition of three squads of four men and an officer was very interesting. Each detachment had to leap hurdles of varying heights, kneel and fire volleys and finally scale a formidable obstacle of boards before they used the final charge. The utmost spirit was shown by the lads in the race, the winning of which depended not only in their speed but the correctness of the volleys fired. Corporal Massiah's squad won in the time of two minutes and forty seconds, Sergeant Rice's being second, in three minutes. The artillery contributed two items to the programme, a tug of war on horseback and wrestling on horseback. Sergeant Rowland's four men won the former and Sergeant Johnson's the latter. These events were very interesting, although the horses were not sufficiently trained to enter into the spirit of the tug, and the men used their hands too much to hold on in the wrestle to unseat their opponents quickly. Cadets W. Wooding and D. MacKinnon won the potato race, Cadets H. May and J. Lester the blindfold backward race, and Cadets J. Lester and F. M. Baker the egg and spoon race. Cadet George Smith gave an excellent exhibition of swinging clubs, with a very easy action and perfect mastery of them, and there was also a cake walk. Physical drill with arms and the trooping of the colors by the battalion brought the programme to a close, the only drawback to which was the very long waits between the events.

FOURTEEN SHIPS STILL TO ARRIVE

When Navigation Will be Closed For the Season.

BIG DECREASE IN SHIPS.

There Have Been at Least Eighty Fewer Vessels This Year Than Last.

The shipping season is almost over. The [illegible] sailing from this port is on the 24th or [illegible]th and then the harbor will be deserted till the opening of navigation in the spring.

The vessels yet to arrive and their sailing dates are as follows:—

Allan Line—Livonian, 17th.

J. G. Brock & Co.—Campana.

Dominion Line—Roman, 17th.

Donaldson Line—Amarynthia, 20th.

Elder-Dmepster & Co.—Montfort, 16th; Lake Champlain, 22nd; Degama, 20th; Etolia, 22nd.

Furness, Withy & Co.—Manchester Corporation; Manchester Trader.

Franco-Canadienne Line—Ovidia.

Kingman & Co.—Several coal boats are still on the route.

McLean, Kennedy & Co.—Bray Head, 23rd; Bengore Head, 24th.

Thomson Line—Devona, 18th.

Besides these, there are in port nine vessels taking on cargoes, all of which leave before the end of the week.

A BIG DECREASE.

The number of vessels arriving in this port during the season of 1900 is much less than in the year 1899. Up to this morning 694 had arrived; adding to this the fourteen yet to arrive (exclusive of the coal boats), it gives a total of 708, which the coal boats would probably increase to close to 720.

Compare this with last year, when arrivals were 771 up to November 11 and were 801 for the whole year. This means a decrease of at least eighty vessels as compared with 1899, and of course a corresponding decrease in tonnage.

The close of navigation will be about the same date as last year.

SEAWANHAKA CUP RACES IN JULY

The yacht races for the Seawanhaka Cup will be earlier next season than usual, following the wish of Mr. Lorne Currie, the owner of the challenger. Mr. Currie wishes to attend the races for the America's Cup, which will take place in August next.

No date has been decided on yet, and that has been practically left to Mr. Currie. It is understood, however, that the date of the first race will be about the third week of July. This will allow Mr. Currie and the party which he is bringing with him to attend the races at Sandy Hook when the series here is over.

There will be a Yacht Club dinner at Her Majesty's Cafe on Saturday evening, the 17th, at 7.30. A large turn-out is expected, as arrangements have been completed with Mr. Currie and the Island Sailing Club for next year's race, and the defence of the cup will be taken up. Vice-Commodore A. Haig Sims will preside, and all flag officers and committee men will be present, so that many matters of importance will come up. A date will be fixed for the annual ball, and everything possible done to make this a success. The year's racing will be discussed, and plans laid for the coming season, so that all the racing men will be out and a very enjoyable evening is expected. Members should send in their names to the hon. secretary at an early date, so that every one may be provided for.

THE NEW SCHEME OF ARMY REFORM

New York, November 12.—(Special.)—I. N. Ford cables the Tribune from London:

The scheme of British army reform as foreshadowed by to-day's London Daily Mail will be studied with universal interest. The army is apparently to be modelled after something very like the system in vogue on the continent. The British private will become a trained soldier, and instead of an insufficient few weeks training in the year he will in future have to undergo ten months of most rigorous and scientific training. This is reform with a vengeance, and is likely to be well received.

In the past British army manoeuvres have been one of the weakest features in the military system, and have often been ridiculed by French and German experts. Now, however, it is said there will be extensive powers for the holding of manoeuvres on a large scale, and considerable areas of land are to be acquired for the purpose. The scheme, if it should be a genuine one, will mark a new era in English military history.

LESSONS OF THE CAMPAIGN.

The ministry is committed to a single policy, the re-organization of the military system, and this may mean much or little. A large number of technical questions relating to guns, cavalry equipment, transport, and other details will be raised and the system of training the soldiers will be altered. One change has already been made, almost without observation: British soldiers in South Africa knew nothing about entrenching. At Colenso and Magersfontein they did not use the spade, and when they tried to dig on the summit of Spion Kop they made very bad trenches. An army officer tells me that in the recent manoeuvres in various parts of the United Kingdom the soldiers have been drilled in the use of the spade and taught the art of trench making. This illustrates the methods by which the lessons of the campaign will be taken to heart in the future training of the British army.

A SCHEME OF IMPERIAL DEFENCE.

One other point will not be lost sight of, this is the co-ordination of the resources of the colonies and the mother state in a comprehensive scheme of imperial defence. Arrangements will probably be made with the aid of Mr. Chamberlain, for an imperial council of some kind, in which Canada, Australia, and other self-governing colonies will be represented for the purpose of common consultation respecting a complete and effective system of defence.

DROPSY IS ONE POSITIVE SIGN OF KIDNEY DISEASE. — Have you any of these unmistakable signs? Puffiness under the eyes? Swollen limbs? Smothering feeling? Change of the character of the urine? Exhaustion after least exertion? If you have there's dropsical tendency and you shouldn't delay an hour in putting yourself under the great South American Kidney Cure.—86

NOMINATED FOR THE EAST WARD

At noon to-day City Clerk David declared three names to have been placed in nomination for seat No. 1 in the East ward, rendered vacant by the retirement of Hon. Lomer Gouin. They were those of Messrs. Cleophas St. Aubin, L. A. Laporte and Charles Berge.

A protest has been entered by a number of citizens against the candidature of the latter on the ground that he is not a resident of the ward, and that he has some claims against the city. Mr. David said that it was not for him to determine the validity of this objection, and that Mr. Berger was consequently in nomination along with the other.

The nomination papers were signed as follows:

Cleophas St. Aubin, contractor—Nominated by J. A. D. Cote, W. C. Godin, G. A. Turcotte, M. Rochon, N. Delisle, Q. Mercier, E. Taillefer, C. Allnese, O. P. Hebert, J. H. Malouf, John Torrance, Alex. Duclos, J. A. W. Lecour.

L. A. Lapointe, secretary of the Licensed Victuallers' Association—J. Edmond Quintal, J. M. C. Havard, Alfred Marien, S. Daigneault, A. Fleury, A. T. Lafortune, N. Rheault, Ovide Moreau, Jean Chretin, Eugene Tarte, J. R. Raymond, J. T. Cardinal, P. St. Germain, J. H. Damphousse, James H. Kennedy, Joseph Riendeau, Henri Dubois, H. Trester, N. Fortier, A. Primeau, A. Meunier, C. Perreault, J. A. Landry, V. de Taranto, W. Champagne, D. C. Brosseau, Edmond St. Georges, Chs. Morrier, A. E. Mallette.

CHINAMAN SOUGHT TO TURN THE TABLES.

City Attorney Archambault has just succeeded in saving to the city the amount of $16,500. That amount the corporation would have been called upon to pay out had the actions for damages brought by about 300 Chinamen against the city proved successful. As it was they were thrown out by Judge Dorion in the Circuit Court on Saturday.

It will be remembered that some time last spring about 300 Chinamen were condemned in the Recorder's Court for not paying their licenses. Of the number sent to jail two took out a habeus corpus and were released. Judge Wurtele, sitting as judge of the criminal court, quashed the judgment of the magistrate on the grounds that it had gone too far, in that it had condemned the petitioners for the costs of their transfer to jail. But he did not declare the by-law, under which the convictions had been secured, illegal. Afterwards some of the Chinamen took out a writ of certiori in the Supreme Court, and the same judgment was again rendered by Judge Langelier.

Some few months ago fourteen test cases were made by Chinese before the Circuit Court. They demanded $55 each in damages for illegal arrest, enough only being claimed to cover the expenses to which they had been put before the Recorder's Court. Different grounds of law were submitted in the Circuit Court, one of them being that the complaints made by the city against the Chinese were based upon an illegal by-law, notwithstanding that the city had acted in the matter in the best of faith. Judgment was reserved.

On Saturday, however, after two lengthy arguments, Judge Dorion, in the Circuit Court, dismissed the actions. The ground of the judgment was that the sentences were still in existence, and as long as this was so there could not be any action by the Chinese against the city. These test cases decide the fate of three hundred others, involving in the aggregate an amount of $16,500 damages.

Mr. H. C. St. Pierre appeared for the plaintiffs, and Mr. J. R. Archambault in behalf of the corporation.

THE LATE R. G. DUN

HE BEGAN BUSINESS IN A COUNTRY STORE AT $2 A WEEK.

Robert Graham Dun, who has just died in New York, was born in Chillicothe, Ohio, in 1826. He was of Scotch parentage on both his father and mother's side. His father was educated for the ministry, while his grandfather was the Rev. James Dun, a minister of the Free Church of Scotland, at Glasgow. Mr. Dun took advantage of such means for educating as were afforded him, and at the age of sixteen began his business career in a country store at a salary of $2 a week.

CLEANING UP AFTER FIRE.

Someone, with an idea that he knows more about the duties and management of the fire brigade, has said in a city paper that the firemen should clean up the premises after a fire, as is done, so he says, in a number of American cities. As a matter of fact, this line of action was followed by the brigade here for a number of years until it was discontinued at the request of the insurance companies themselves last spring.

On March 22nd, 1900, Mr. John A. Robertson, inspector of the Western Assurance Company, wrote as follows to Chief Benoit:—

"I beg to bring before you a matter which I think is deserving of your consideration, and is one also where, by giving suitable instructions to your subordinates, assistance might be rendered to the insurance companies in settling their losses. I have noticed in very many cases where there have been fires, both in stores and dwellings, that, after the fire has been extinguished, the burned or partially burned debris is either swept up by the firemen all together into a heap in the centre of the room or is gathered together and thrown outside. I do not quite know why the firemen go to this trouble, but in any case it makes it much more difficult for the representative of the insurance company either to estimate the loss or to form any proper idea as to how and where the fire originated. It would be of the greatest assistance to us if instructions were given to your men that everything, after a fire has been put out, should be left as nearly as possible in the position in which it was found, as by either sweeping up the debris or throwing it out it is so much broken up and the articles so inextricably mingled as to make it a matter of the greatest difficulty, if not impossibility, to say exactly of what the debris had originally consisted."

Upon receipt of the above, Chief Benoit wrote to Mr. Alfred W. Hadrill, secretary of the Fire Underwriters' Association, asking his views on the subject, and this was, partially, the reply received:—"At the suggestion of some companies, I have consulted with Messrs. Hanson & Kennedy, who, as you are aware, do a large amount of adjusting for companies. They concur in Mr. Robertson's suggestion, particularly with regard to dwellings. Of course it is not intended to suggest any interference with the good work of the Salvage Department in preserving and preventing further loss after a fire."

SIR CHARLES WILL BE HERE TO-MORROW

Sir Charles Rivers-Wilson, the president of the Grand Trunk Railway, arrived in New York by the Cunard steamship Lucania, on Saturday. He is accompanied by Mr. Joseph Price, the vice-president of the company. Upon their arrival in the American metropolis the English representatives of the company were met by Mr. Charles M. Hays, the general manager, who will accompany them from New York to Montreal. They are expected to arrive here to-morrow.

It can hardly be doubted that the entire condition and prospects of the Grand Trunk will be thoroughly considered by the president and vice-president while they are here, and the rumor of the possibility of the appointment of a financial board on this side the Atlantic has been revived. The theory that action will be taken in this direction is, however, purely speculative.

There is no foundation whatever for the report that Mr. C. W. Spencer, the general superintendent of the eastern division of the Canadian Pacific Railway is a likely candidate for the general managership of the Grand Trunk. Mr. Spencer is one of five general superintendents of the Canadian Pacific, and his position would hardly, say Grand Trunk officials, companre, so far as the handling of traffic is concerned, with that of Mr. Jones, the divisional superintendent of the eastern portion of the Grand Trunk system, to say nothing of Mr. McGuigon, who is responsible for the working of the entire Grand Trunk system from Chicago to Portland, with all its branches and auxiliary connections.

Sir Charles Rivers-Wilson will, it is understood, be largely governed in the matter of the appointment by the recommendation of Mr. Hays.

SYNDICATE BEGINS PILE DRIVING

The driving of the piles which are to support the superstructure of the Conners elevator and freight warehouse at Windmill Point Pier was begun this afternoon. The excavations for the foundations are entirely completed and the pile-driving will be carried out under the direction of the syndicate's engineer. There are some half a dozen car loads of piles already on the site of the new structures, and six or seven more are on the way. With the exception of the personal discomfort to those engaged in the work the weather is as favorable to pile-driving as if it were fine. "We can gon on with the driving of the piles even if there is a foot of frost in the ground, but we expect to have that part of the work completed before the weather reaches such a degree of severity as that," remarked the engineer to a Herald representative this morning. The officials have the greatest confidence in their ability to carry the work through so that the working house and freight warehouse will be ready for the traffic of next season.

THE JUSTICES' DENIAL.

Both Mr. Justice Loranger and Mr. Justice Mathieu this morning denied that they had at all considered the question of resigning from the bench, notwithstanding the rumors reported in some of Saturday's papers.

THE OPPOSITION LEADERSHIP.

Men who have supported the Conservative party since Sir John Macdonald retrived its fortunes after the downfall of 1873, find the present situation very far from being to their liking. They realize that the organization moulded by Sir John Macdonald was hard stricken in 1896 and that it practically ceased to be after the rout of Wednesday last. So long as Sir Charles Tupper remained in politics it was possible to make believe that the Macdonald influence still presided over a still existent Macdonald party. But with Sir Charles gone this agreeable fiction vanishes also, and those who once accorded Sir John Macdonald the privilege of doing pretty much as he liked without fear of losing their support, are at last forced to admit, what they have sought for five years to hide from themselves, that the Conservative party in a sense no longer exists. It is nothing uncommon to hear men who have voted Conservative for a score of years protest now that they do not propose to call themselves Conservatives until they have had a chance to learn whether the practically new party which must now be formed will be such as can enlist their support. In such circumstances considerable gains ought to accrue to the Liberal party in office, led as it is by men of the highest order of ability and assiduously engaged as it has been for four years in fostering the development of Canadian commerce and industry.

What the Conservatives will have to do, both those who will undertake the task of reorganizing the party and those who will hold their minds open for the time being, is to admit to themselves that Sir John Macdonald is no longer leading the party. That thousands of them have been guilty of self-deception in this particular since the death of the old chieftain, was clearly proved by the way Hugh John was dragged into the campaign that has just closed. Mr. Macdonald is an amiable gentleman, without doubt, but he is absolutely and undeniably out of the class from which Premiers of Canada are drawn. Measured alongside Baldwin, Lafontaine, Macdonald, Cartier, Brown, Mackenzie, Blake and Laurier the figure he cuts is, in all charity be it said, little better than ludicrous. To make a man of his calibre leader of the party that once claimed the services of the great man whose name he bears would be a greater blunder than the blunderers who have been directing the party since Sir John Thompson's death have yet made, which is saying a good deal. All the men whom Sir John Macdonald really relied upon have now departed from the scene. Sir Mackenzie Bowell furnishes a single possible exception, but Sir Mackenzie Bowell is no longer a positive force in our politics, and the amount of influence he is still able to exert is but one more evidence of the extent to which the disintegration of a once powerful party has proceeded. Pope, Tilley, Langevin, Carling, Chapleau, Thompson, and now Caron and Tupper are off the stage. Why insist that it shall still be inhabited by the ghost of Sir John?

The obvious difficulty is that there is no new leader available for the Opposition who at all measures up to Sir John's standard. The real successor of the old chieftain, his counterpart in personal attractiveness, in the facility for winning and holding friendships, his equal in tact and the management of strong men, his superior as an orator, is the man who has just given the third-rate survivors of Sir John Macdonald's favor so fearful a drubbing. If it were a mere matter of looking for a leader who should take the place of Sir John Macdonald in the hearts of the multitude, Sir Wilfrid Laurier would be without a rival. Indeed it is clear enough that many have adopted this course and that many more will do so. The human race has not yet become so completely unemotional, so thoroughly intellectual, so much unlike what it was in other centuries, as not to respond to the leadership of an individual who has proved himself a leader of men by his own right as well as by the selection of his colleagues.

Where to turn for such a leader within the Opposition party is the all important question. A few weeks ago when the question of the leadership was already under discussion, somewhat prematurely as it proved, it was suggested that as Mr. Foster was apparently every Conservative's second choice, he must have some claim to be considered a good first choice. Such is indeed the case. Mr. Foster has much intellectual dexterity. He knows, as Burke said of himself, the map of his country. He knows the prejudices of the people, and how to evoke strong passions without too open a resort to the tricks of the demagogue. And yet there is a great deal of clap-trap about his speeches. Seldom does one listen to one of his most forcible arguments without having the uncomfortable feeling that he could do just as well if he were defending the opposite contention. No one who knows him can conceive of his saying, like Sumner, "There is no other side"; and yet all history testifies that it is by just such men that great causes have been led to triumph. Men whose whole soul is in their cause make friends for the cause and for themselves. Mr. Foster has the unfortunate reputation of repelling those with whom he comes in contact. He was taken into the Cabinet practically as a Parliamentary advocate for the Conservative party. Sir John needed a good talker. In Mr. Foster he found one. An advocate he has ever since remained. As not infrequently happens, Conservatives have to decide now whether they will turn over to the advocate what remains of the depleted assets. It is either that or to advertise for a leader. No wonder many of them are canvassing anew, for the first time in twenty years, the whole political situation.

AFERMATH.

When a local Sunday newspaper, Les Debats, followed La Presse in urging upon French-Canadians that under the insults of a section of the Ontario Conservative press it became a national duty to vote for Laurier, there was started an opposition paper, L'Avenir. This interesting publication was but one of the many devices hit upon by the Montreal Conservative organization for the hopeful purpose of making votes. It was on a par with the Temperance Banner, a campaign newspaper published for the edification of the prohibitionists. It was a little better than the forged Globe and the forged appeal, not quite so meritorious as Le Journal. All, however, in their differing ways, were designed to work for a common end. The Star, the head of the band, has preserved a discreet silence since election day. Its silence is confession. But the possibilties for mischief are not yet exhausted. L'Avenir still exists. In the number of yesterday there is the following vengeful stab at Laurier, intended for reproduction in the English papers and obediently reproduced in the Gazette this morning:

"There will very soon be but one party —not a political party—for the Province of Quebec. For all French-Canadians it will be the Parti-National, the Franco-Canadian party. One political party would be absurd. One party is the nation—No! the Province of Quebec, in giving 60 votes against 5, did not vote for the Liberal party. The Province of Quebec voted for Laurier, the personification of the French-Canadian race. The Province of Quebec replied to the Imperial jingoism and to colonial fanaticism by a solemn affirmation of its attachment to the souvenirs of its origin, to its customs, to its religion. We who have faith in the destinies of the French-Canadian race on the banks of the St. Lawrence, and who suffer from the yoke, gilded though it may be, we hail with joy the result of the appeal of Wednesday last."

This is just a little the most dastardly thing that has been done yet. It would be less contemptible if, instead of shutting up like an oyster, the Star had given vent to this ebullition of spleen in its own columns, L'Avenir having first been killed.

THE TYPHOID MENACE.

The recent investigations into the cause of a number of cases of typhoid in the city have once more demonstrated how completely the people are at the mercy of the disease so long as they are content to use unsterilized milk. In this case it appears that milk was forwarded to the city from a farm at Joliette. After some twenty cases of the disease had been reported to the health authorities here, the newspaper reports tell us, the mischief was discovered, and the farmer forbidden to send any more milk into Montreal for the present. The Joliette farmer is not, however, in all probability, the only one in the country with facilities for sending typhoid-laden milk into Montreal homes, nor is there much consolation in knowing that two or three more farmers may be ordered to stop sending us their deadly produce after they have each succeeded in endangering the lives of anywhere from one to twenty people.

Our city and provincial authorities are perfectly aware that milk is an almost unrivalled medium for the cultivation of disease germs of all kinds. They are aware, too, that disease-laden milk is responsible for a very large part of the shockingly high rate of infant mortality in Montreal. They know that in every gallon of raw milk sold there are immense possibilities of typhoid, to say nothing of more terrible and more insidious scourges. They know that the people who buy the milk are without knowledge, in most cases, of where it originates, and of the condition in which it reaches them. If ever there was a case in which municipal and provincial authority might be exercised for the advantage of the people, it is in this connection. It is not as though the evil were one with which it is difficult to deal. Without affecting the flavor or the nourishing qualities of the milk, it is possible at a very trifling cost to sterilize or to pasteurize it and thus destroy all or nearly all of the disease germs present. The additional cost for the quantity used in the household is almost nothing. The saving of human lives that would follow from the adoption of an ordinance prohibiting the sale of any but properly pasteurized milk in Montreal can scarcely be over estimated.

Perhaps the principal trouble is in the ignorance or indifference of the people themselves. The prospect of a typhoid epidemic seems to awaken no general alarm, and yet it is just as certain that a large number of deaths will take place in given months of the year in this city from this cause as that the leaves will fall from the trees in the autumn. Rich and poor alike are subject to the dread visitations. We have our smallpox scares at brief intervals. Of typhoid we seem never to be afraid. Yet the danger of death from smallpox in Montreal is not worth thinking about compared to the danger from typhoid, if the two are measured by the mortality statistics. The indifference of the healthy public may, of course, be readily explained, but there is no reason why the culpable indifference of the health authorities should be condoned. The danger must be always present to them in its true aspect, and by them preventive measures should be taken in time, if they have the authority; if they have not, they should give the Council, the Legislature and the public no rest till they get it. To report, as they reported to the press on Saturday, that a farmer had been forbidden to send typhoid-laden milk to the city after twenty lives had been endangered by it, would be worthy of a barbarous people without knowledge of physical science or without the means or the wisdom to be guided by existing knowledge. For a metropolitan city at the close of the nineteenth century it is a simple disgrace.

NOTES AND COMMENTS.

The Star seems to have lost interest in politics.

Wanted—A new Conservative leader; must be recommended by Sir Mackenzie Bowell. Apply, in confidence, to Montreal Gazette.

Why not try the probation system of selecting a leader?

How would it do to just get along without a leader until one heaves in sight?

There's Mr. Bergeron in need of something to turn his hand to. Why not make him leader?

The Toronto Globe says it does not propose to apologize for the majority in Quebec. Should say not. The Montreal Star has that task on hand, whenever it can work up the courage.

How would it do for an evening contemporary, now that it has a little time on its hands, to discuss Pamphlet No. 6 (the repudiated), the bogus Globe and the forged appeal? There is still a lot to be explained.

Strange nobody has mentioned anybody from Montreal for leader, except Mr. Casgrain. There were a couple of English-speaking campaigners whose names are much discussed nowadays, but not exactly in this connection.

SOME EDITORIAL ECHOES

Mr. Maclean was right on hand at Montreal to get under any falling mantle, or anything of that kind.—Toronto Star.

The Conservative party wants a leader. And the leader needs more supporters.—Hamilton Spectator.

The crowning disloyalty of the French-Canadians is in keeping the gentlemen with the instinct for government out of office.—Toronto Globe.

Mr. Foster must be got a seat in the House of Commons. The Opposition fighting will be almost absurd without him.—Ottawa Evening Journal.

"The race cry has a history," says the Mail and Empire. It would be presumption to contradict so well qualified an authority.—Toronto Globe.

It's always the way. A lot of chaps who thought they were running have discovered they were only going at a slow walk.—London News.

The blessings of good government and a progressive trade policy will fall upon Conservatives as well as the Liberals—the unjust as well as the just.—Stratford Beacon.

The Globe refers to the sorrowful fact that the Tory party is "without a head." It is also without a tail. Didn't Montague go down in the scrimmage?—Hamilton Times.

Our esteemed contemporaries the Boers must have learned by this time that all hope from Mr. Bryan and a Democratic Congress must be abandoned. But maybe they still pin their faith upon Webser Davis.—Hamilton Herald.

If Mr. Steyn persists in his expressed determination to sell the Transvaal by auction to the highest bidder, we presume it will be sold subject to the lien Lord Roberts has on it at the present time.—London Free Press.

A defeated Conservative is often more angry than a she-bear robbed of her cubs, and it is not surprising to hear the stories they are now telling of alleged wholesale corruption. In fact, they prepared themselves for an easy fall by telling some of these stories before the election.—St. Thomas Evening Journal.

People who are disposed to place too much reliance on "the gift of the gab" may reflect over the fact that William Jennings Bryan made most gains where he made least speeches. People who talk too much are sure to be indiscreet at times. "A word in season" is worth the whole dictionary poured out at random.—London Free Press.

Great Brave Bowell (cutting notches in his bowie-knife handle) — "There's Sir Charles Tupper, Macdonald, Foster, Caron, Montague. Ugh! Sharp him some more—more Tupper-Haggart-Wallace yet. More scalps for Bowell's teepee!"—Hamilton Times.

And now the secret is out. Our morning contemporary has divulged it. It was a question of cabs, not votes, that elected Mr. Belcourt. The Liberal organization consisted mainly of cabs provided by a well-known gentleman. Nothing, we are assured, would have prevented two staunch Liberal-Conservatives being returned to Parliament if their party had only had cabs. Let this be remembered next time. —Ottawa Free Press.

JUST FOR FUN.

A DEFEAT.

"When my daughter got married we thought we would board with her and her husband."

"Well?"

"We got a late start somehow, and they are boarding with us."

BLAME IT ON THE MOON.

"The moon exercises a marked influence on commerce, astronomers say."

"Oh, yes; whenever a man walks with a girl on moonlight nights he buys her a lot of caramels and other stuff."

A COLLISION AVOIDED.

"When I'm very angry I always count 100."

"Does that calm you down?"

"Well, it gives me time to get away from the other man."

TURN ABOUT FAIR PLAY.

"How do you feel about trusts?"

"I'd like to start some new ones to break up the old ones."

ATTACKING THE BULWARKS.

"I told that Boston girl I didn't like Emerson."

"Was she displeased?"

"Displeased? She got nearly as mad as she did when I said that beans could be baked without salt pork."

INTERVALS IN AN EXCITING LIFE.

"Ma, when I get big I'm goin' 'way off to be a pirate."

"Are you, Bobby?"

"Yes, but don't you be scared; I'll come home at night to sleep."

NEW DEAD.

Where are the kind eyes gone
That watched me so?
Was it but now they wept,
Or long ago?

Why did they run with tears,
And yearn to me?
What was it in my face
They feared to see?

Ah, World, when did I pass
Beyond your smile?
Forget you, for a long
Or little while?

Descending from the sun
Into this night—
Impenetrable dark
That chokes my sight—

Ah, now I know why stirs
No more my breath!
My mouth is stopped with dust,
My dream with death.

Where is this seed of self
I clutch to hold?
Will it dissolve with me
Into the mold?

It slips . . . Ah, let me sleep,
Worn, worn, outworn—
So to be strong, when I
Arise, new-born,

Conservatives Fighting it Out.

Le Trifluvien, Three Rivers (Con.): This year we have felt the general overthrow more than we did in 1896. Conservative fortresses like Three Rivers and Champlain have been carried; on the other hand, the valor of Mr. Ball has permitted us to retake Nicolet. We sincerely regret the loss of Champlain. The electors of that county will have reason to regret the work of destruction to which they have lent themselves. In Three Rivers-St. Maurice, the unhappy position in which we were placed is well enough known. The enemy profited by our divisions to get his man in. We would wish that the hope at least remained to us of repairing these losses in the near future. We must frankly admit that it does not. The candidature of Mr. F. L. Desaulniers, we are very glad to observe, was appreciated at its true value, that is to say, as an act of treachery. There is one man who need never show himself again. It is always so much got rid of. We do not hesitate to say, in our heart and conscience, that all our misadventures proceed from one initial fault; the choice of Sir A. P. Caron as Conservative leader in the District of Three Rivers. This choice was made without our consent, and without our even being consulted. What was bound to happen, happened.

As far as we are concerned, we contended, not for a man, but for a principle. This principle triumphs—by means of an opponent, it is true, when it should have succeeded by means of a friend, if all had agreed at the right time to maintain it. It is the sole satisfaction that remains to us; but it is sufficient to notably lighten our regrets. We will not so soon again have an outside candidate imposed upon the District of Three Rivers.

The Conservative Leadership.

La Presse, Montreal (Ind.-Con.): It was whispered on the street yesterday that the direction of the Conservative party would be offered to Mr. Casgrain. Mr. Clarke Wallace will certainly not be accepted, and Sir Hibbert Tupper will not be approached at present. On the other hand, the English Conservatives would willingly consent to place a French-Canadian in opposition to Sir Wilfrid Laurier in order to diminish the latter's prestige in the Province of Quebec.

L'Evenement, Quebec (Con.): If the English Conservatives will consent to a French-Canadian leader, they will show much broadness of view, and will adopt the best method of oposing Sir Wilfrid with serious prospects of success.

A Tribute to Sir Charles.

Le Courrier du Canada, Quebec (Con.): The public career of Sir Charles Tupper is over. At the moment of leaving we salute with our swords our old defeated leader. We have fought under his orders. He has had our confidence, and we are pleased to render him the testimony that he has been a broad-minded and intrepid leader, loyal and just. His name will remain in our political history as that of a great statesman and a great Canadian.

Mr. Casgrain as Leader.

Le Quotidien, Levis (Con.): The Hon. T. C. Casgrain, member elect for Montmorency, with the small phalanx surviving the battle, will make a good figure as leader of our district in Opposition. His ability, his talents, his parliamentary knowledge, designate him as the undisputed leader of the Conservatives of Quebec. Who will be the future leader of the Conservative party, it is difficult at present to say. The leader will have to attain the first place by the prestige of his talents, his capacity, his virtues, and his genius.

The French Minority.

Le Temps, Ottawa (Lib.): The race cry was killed on the 7th of November. Some Tory organs, like the Mail, the World and the News, will endeavor for some time yet to keep the current of bigotry running, but we are confident that the people of Ontario will see the situation more clearly. If the French-Canadian Liberals desired to attempt anything against English privileges, they would be powerless. They are 40 in a House of 213. If they abandoned the Government even, the number of English Liberals elected is sufficient to maintain it in power, for there are eighty-two English Liberals elected against seventy-eight English Conservatives.

Mr. Loy's Return.

Le Salaberry, Valleyfield (Con.): Mr. Loy had the Liberal vote, aided by that of the strikers, and that of the workingmen's union, of which he is a member. In these two camps political convictions are doubtful and dangerous. Mr. Loy is their standard bearer to-day; to-morrow he will be perhaps their victim. It is always dangerous to play with fire, and we fear that Mr. Loy will be the plaything of those who acclaim him and have given him a majority.

Conservatives Can Wait.

Le Trifluvien, Three Rivers (Con.): It is not that striking evidence is given of the existence of a pronounced national sentiment in the Province of Quebec, that we are dissatisfied. What surprises us, and what makes us fear for the future, is that this sentiment should be manifested, not on the occasion of a great question, a question of principle, but on the occasion of the simple question of a man. We are greatly mistaken, or Wednesday last was worse for the country than for the Conservative party, which can wait until the people gains wisdom and comes to its senses.

Regret Sir Charles' Retreat.

Le Journal (Con.): Sir Charles Tupper will soon be eighty years of age. Endowed with remarkable energy and exceptional talents, he has had a career of which any man might be proud. Born for the strife, inaction will perhaps be more dangerous to his energy than incessant combat. But since it is his desire, he has a right to the retreat which political ingratitude permits him to enjoy. His decision seems to be final, although the devotion of his partizans and the admiration of his friends would easily reopen for him the door of the House of Commons. We regret his departure from the arena of politics. His mere presence in the House recalled a whole past of glory for the party and devotion to the country. With him disappears the last great figure of Confederation. Sir Charles was one of the great men, the most powerful after Sir John, who laid the foundations of Canadian Union. Sir Charles abandons the active strife, but he adds that he will not remain a disinterested spectator of the events of the future. Let us hope that from time to time the old warrior will again appear before his fellow countrymen to give them the fruit of his long experience. We repeat once more, and with as much sincerity and admiration as if he had been victorious, "Long live Sir Charles Tupper."

La Presse's Protests.

La Presse. In spite of the lesson which the fanatics of Ontario have just received, the Mail and the World do not disarm. The misfortune is that their long series of anti-French declamations proceeded from a natural sentiment and not from the factitious efforts which electoral necessities and ballot box ambitions often cause to be made. As the Witness remarks, "the result of the Tory campaign has been precisely the inverse of what it was expected to produce. It gives the French-Canadians greater weight in the party than they would have had if the English forces had not turned against them."

It is a fact which imposes upon us infinite responsibility. French-Canadians satisfied, have need to be doubly wise and triply imperturbable. The Laurier Government has before it a great national enterprise.

By the side of the Tory violences we like to place the more consoling tone of the Globe. As that paper says with justice, "Their behavior on this occasion has been the worst event of their policy, worse even than the relentless warfare conducted against each minister personally. It may be said in all justice that by resorting to this mode of attack they have forfeited the consideration due to a vanquished foe. They have by their propaganda threatened the peace of the Dominion of Canada.

"If they had had only one spark of patriotism they would have applied themselves to placing racial harmony above the spirit of party. They have taken the side exactly opposite and have adopted a line of conduct of which the incendiary and unscrupulous violence has never been equalled even in the darkest hours of the history of Canada. In some instances, without even seeking to hide their design, they have endeavored to kindle hatred between the races which people this country. With the terrible example of South Africa before their eyes, they have adopted this mode of action and have flooded the country with incendiary literature, preaching a war of races."

As the Globe remarks, the name of Tarte is simply figurative. "The Prime Minister is struck over the shoulders of the Minister of Public Works.

"It was a direct appeal to race prejudice, an attempt to set Ontario against Quebec."

FROM ONE POINT OF VIEW

When a party is shorn at one fell swoop of a round half-dozen of its leaders, that party may be excused if it goes off to a corner and indulges in profound and soulful meditation. It has not heretofore been considered good political form for the chiefs of a party to outnumber their followers, and the wiping out of existence of the entire reserve stock of Opposition leaders presents a situation full of new and interesting features. It has been suggested that inasmuch as every member of the party is almost as unknown as every other, the new leader might well be chosen by lot, but several serious objections at once present themselves. By putting the case in the form of a physiological simile it is easy to see that if all the constituent parts of the party skeleton were jumbled together the chance choice might as readily fall on a sesamoid bone or a caudal vertebra as on anything else which would naturally embarrass the work of reconstructing the party. The expedient of the grab-bag may, therefore, be set aside as impracticable in the present instance, although how a solution is to be made without the interposition of Providence in some manner or other from the second-growth crop of candidates already in the field is perhaps one of the most obscure problems which has ever presented itself to Canadian politicians.

Within the last few days there has come to light in New York an institution which has for years been unostentatiously but practically working for the advancement of the general happiness of the human race. Its object, frankly avowed, was to secure divorces with neatness and despatch for any unfortunate who yearned for freedom from the marriage bonds and was able to pay the very moderate fees exacted. John Smith, for example, wearied of his spouse, and desired to resume the gay and frivolous life of the modern bachelor. If John could produce evidence of an incompatibility of temper and a cheque for $70, the firm would do the rest; if Mrs. John obstinately refused to have an incompatible temper a divorce cost a little more money and time but was absolutely guaranteed or the money refunded. Under the beneficent working of this institution it is estimated between four and five thousand throbbing hearts have been turned loose on the matrimonial market in the last ten years. A matrimonial bureau for the readjustment of mismated couples was in process of organization to supplement the efforts of the divorce branch of the company when the law ruthlessly stepped in and abolished it. Skilled observers predict a heavy slump in American marriages in consequence.

"If I ever have to go under water in a submarine boat I prefer to sit outside," remarked a celebrated English torpedo boat builder the other day, while unnecessarily brutal in its frankness the observation illustrates very well the relationship between the utilitarian and the romantic in modern warfare. The submarine boat as enthusiasts have described it has been irresistibly fascinating from the day of Jules Verne up to the present. To step out of a harbor, plunge a league or whatever the orthodox distance is, under the waves and silently through the coolth of the sea advance on the Goliath of a hostile navy, sink it with a well-placed torpedo and then back to safety and the roar of popular applause, would be an idyllic deed of valor. It would lack the noise and other disagreeable incidents of old-fashioned warfare, it would be clean, scientific and, in fact, satisfactory from every point of view. Now comes an iconoclastic exponent of the uncouth dynamite shell and the big gun and avers that one projectile exploded beneath the water anywhere near a submarine boat would crumple it up like paper. If this is so, there is a large and efficient corps of constructors who are going to be called to account by nations who have gone in extensively for the new plaything because they did not find it out some time ago.

MUSIC AND THE DRAMA.

Aside from the exceptionally ragged work of the quartette, there was little at yesterday's sacred concert not worthy of praise. The organization, however, seems to rely rather on impromptu inspiration than on a sufficiency of rehearsals for the correct rendition of the various compositions it attempts. Several times before its playing has shown an outrageous lack of preparation.

The soloists, Miss Marier and Messrs. Le Bel and Langlois, were well received, Miss Marier's singing of Legrand-Howland's beautiful Ave Maria being particularly appreciated. Gounod's "Andante Religioso," played by Professor Goulet, with piano, organ and 'cello accompaniment, was also encored.

This week will be devoted both at the Academy and at Her Majesty's to revival of plays that were at the heighth of their popularity ten years or so ago. "Siberia" is hewn close to the lines of the melodramas which have gone down to history, and its revival this year is said to have shown that the play is no less powerful in 1900 than it was a decade or so back. "Leah, the Forsaken," which the stock company produces, belongs to about the same period and has also been successfully tried on modern audiences.

Friedheim's recital on Thursday night is being eagerly looked forward to by local music lovers. The Russian virtuoso five years ago visited Montreal, playing to a most appreciative audience, and there is no reason to fear he will be less well received on the present occasion. His programme has been excellently chosen and will certainly be magnificently played.

The announcement is made that Mr. Frederic Archer, the well-known organist, will give a public recital on the new memorial organ of St. George's Church on Wednesday evening next. Mr. Archer's reputation makes any comment unnecessary. The choir will sing Villiers Stanford's Te Deum in B flat, and Gounod's "By Babylon's Wave." All seats are free, but there will be a collection for the choir fund.

KIND WORDS.

The Cornwall Freeholder says: "No paper in Canada deserves greater praise for its share in the glorious victory of Wednesday than the Montreal Herald. From first to last it has done yeoman service in the cause of the Liberal party and in fighting the infamous Star. The splendid result in the Province at large and in Montreal is the best evidence of the success of its efforts. Liberals everywhere should rally to the support of The Herald."

A STUDENTS' LECTURE.—Mr. Antonio Pelletier, medical student at Laval, gave an interesting lecture on "The Human Heart" at the Union Catholique yesterday.

ACROSS THE BORDER.

Is the Democratic party done forever with William Jennings Bryan? That is the question any number of honest American citizens who for eight years have given a more or less hearty support to the party of Thomas Jefferson and Andrew Jackson are asking themselves. What is more, they expect an answer.

During the presidential campaigns Bryan has made the pace and led the fighting. Twice he has offered himself to the American people, and twice he has been rejected with unmistakable authority. The solid South and the solid West, of which he claimed to be the champion, has been broken and show signs of disintegration. Bryan's personality is less potent than the new principles on which the campaign was largely waged. In the Free Silver section the last election showed a wavering and back-sliding, and in the hitherto antagonistic East an unexpected strength. In a word Bryan and his monetary heresies have been repudiated, Bryan and anti-Imperialism endorsed.

By an ante-election pledge he is bound not to again present himself as a candidate for the presidential nomination, but no one who knows the man will interpret this as meaning his retirement from politics. If William Jennings Bryan is not to be the figurehead of the New Democracy he is going to stand as near the figurehead as the party will permit.

• • •

The matter rests in the hands of the Democratic National Committee, who seem in no hurry to take up the delicate task of its settlement. Arthur Poe Gorman, Senator from Maryland, has been since the catastrophe of '96 one of the consistent and earnest opponents of Bryanism, and is naturally expected to lead the reorganization movement, but Senator Gorman is not at present committing himself to any definite course of action. As recently as last February, however, he urged his colleagues at a formal meeting of the National Committee, to "cut loose from all populists, anarchists and lunatics," and return to their old bearings. It was strong language, but Senator Gorman has never been known to mince matters.

This being Mr. Gorman's record, it is unnecessary to say that he favors reorganisation, although he advises delay until the party "can recover its breath." He says that the defeat of Mr. Bryan is so overwhelming that its significance cannot be misunderstood. He considers this a fortunate circumstance. Nor can there be any question as to the honesty of the election as an expression of public sentiment.

"The reasons," he says, "are apparent to everyone. It is not unnatural for critics to rush forward now and point out the mistakes made by the Democratic party and its managers, but they were just as apparent to thinking people before the election as after it.

"It is the duty of every Democrat to accept the results of the election as the calm and deliberate judgment of a large majority of the population," continued Mr. Gorman. "The people of this country who have interests at stake decided that it is unwise to disturb present conditions of prosperity and destroy the practical business advantages enjoyed by the great mass of industrious people. Those who are directing the fortunes of the Democratic party must interpret the verdict in that way."

It is quite true that Mr. Gorman had a majority of the national committee with him against Bryan at the meeting on the 22nd of February, but several members were afraid to act upon their convictions for fear of offending their constituents. The same conditions prevailed in Congress all last winter, and particularly in the Senate, where Mr. Bryan had few friends and several determined opponents upon the Democratic side. At the Kansas City convention it was discovered that Bryan's nomination might have been prevented had his opponents been aware of their own strength; but they were unorganized, had no consultations and did not know each other. Ex-Senator Hill, of New York, remarked after the convention adjourned that if a secret ballot had been taken for the nomination Bryan would have been beaten, and the result of the election shows that he was much weaker in the Democratic states than he was in 1896.

WILL BE NO STRIKE.

Kingston, Nov. 12.—On Friday the Dominion Cotton Mill, Kingston, was a centre of interest for the employes as well as the managers. General manager Whitehead and Mr. Dunn, one of the company, came to Kingston in consequence of reports that an effort was being made to form a labor union among the mill hands. There has been considerable trouble in the cotton works throughout the country, over misunderstandings between employes and superintendents, and they wanted to have a prompt understanding with their people here. Some of the employes were not favorable to the formation of a union, and some settled action was necessary to quiet matters.

Mr. Whitehead addressed the employes and counselled with them throughout the morning, and the result was a new agreement, very like the old one, with the latter. Formerly the employes had to give two weeks notice; now the mill owners will have to give the same notice, and both parties are on the same footing. Any hand absent without notice or leave will be considered as having left his position and will forfeit his wages. This is the law in Quebec, but it is not the rule in Ontario. The managers do not bind their employes to remain out of a union, but they are obliged now to give two weeks notice of their intention to join one, and, if they do not give that notice they will be considered to have left the company's service. The employes all signed the new agreement, even the members of the machinists' union. To this union the managers of the mill do not make the slightest objection, on the contrary, they believe it good for employer and employe. The only security they ask is that strikes will not be sprung upon them, that time will be afforded for discussion of matters. Mr. Whitehead is quite willing to come up at any time should complaint arise.

NEW COMPANIES.

The Brome Lake Electric Power Company, with headquarters at Waterloo, Que., is seeking incorporation. Capital, $5,000. The applicants are W. S. Foster, Richford, Vt.; Dr. Cedric Cotton, Cowansville; H. F. Williams, Knowlton; Gardner Stevens, H. E. Allen and C. A. Nutting, Waterloo.

ONLY BRITISH SUBJECTS.

Editor Herald:

Sir,—I wish you would look up the law in regards to the qualification of voters and answer the following in Saturday's Herald: I was born in Montreal, Que., in 1860, went to the United States and was naturalized, came back here and have lived in Montreal over 12 years. I have been paying taxes all that time, business, personal and water taxes. I have voted at all elections except last Wednesday, when I was objected to in Poll 10, St. Ann's Division, on the ground that I had no right to vote. On other occasions when sworn I stated to the gentleman in charge that I was born in Montreal and that was sufficient. Please answer and oblige a rejected voter from

POLL 10.

Ans.—Only British subjects have the right to vote. If you were allowed to vote on former occasions, it was because you were presumed to be a British subject.

A Well-Known Toronto Clergyman's Wife

Suffered Untold Agony for Ten Years from Asthma and Bronchitis—Was Cured by Clarke's Kola Compound.

It matters not how long you have suffered from asthma or how many remedies have failed to cure, you can be cured by Clarke's Kola Compound, which is to-day universally recognized to be the only permanent cure for Asthma and Bronchitis.

Rev. C. H. Wisker, one of Ontario's best-known clergymen (owing to his connection with the Upper Canada Tract Society), residing at 294 Sackville Street, Toronto, writes: "My wife has been a great sufferer from asthma and bronchitis for ten years. Many times she has had to sleep sitting up, and frequently we have had to call in our physician, as we thought she would suffocate. About a year ago a friend recommended Clarke's Kola Compound. My wife took in all three bottles, after which her asthma entirely disappeared and has not since troubled her. I can highly recommend this wonderful medicine to all who are troubled with asthma or bronchitis, and I know of many others whom it has also cured."

Clarke's Kola Compound is the only permanent cure known for asthma. Sold by chemists everywhere. Book on Asthma and its Cure free. Address, The G. and M. Co., Limited, 121 Church Street, Toronto.

NORMAN SHAW'S WELCOME.

Back from the South African Campaign by His Fellow Officials in the C.P.R.

Mr. Norman R. Shaw, one of the senior clerks in the passenger department of the Canadian Pacific Railway, who volunteered to go to South Africa and who returned with the members of the contingent last Saturday week, was entertained at dinner at the Place Viger Hotel on Saturday evening by his fellow-officials in the passenger department and by representatives of the colonization, advertising and telegraph branches of the headquarters staff. Mr. L. O. Armstrong, the colonization agent of the company, occupied the chair, and on his right sat the guest of the evening, Mr. Norman C. Shaw, and on his left Mr. Allan C. Shaw, Norman's brother, who was also his comrade through the campaign in South Africa. Manager Poulin, of the Place Viger, had prepared a magnificent menu, and the tables were elaborately and artistically decorated for the occasion.

The usual loyal and patriotic toasts having been honored in time-honored fashion, the chairman proposed the health of Mr. Shaw in eulogistic terms. He spoke of his estimable qualities, his spirited conduct, and his patriotism in leaving the comforts of home to fight for the Queen and the Empire in a distant land. Mr. Armstrong presented the guest with a valuable gold jewelled locket, on which was engraved the names of the engagements in which Norman had taken part, and another souvenir in the shape of English gold coin. To their testimonies of the appreciation in which he was held by his co-workers in the C.P.R., the recipient made a characteristically modest reply, which was received with loudest applause. His brother was not forgotten either, for he too came in for a share of the honors of the evening. Before midnight brought the proceedings to a close those present were entertained with capital recitations by Messrs. Hopkins, Fabian, Powet, Lydon, Thompson and others, and with songs and musical selections by Messrs. Johnston, Wilkins, W. F. Egg, J. Robb, Bert. Moodie and Lane. Speeches, complimentary to the guests, were made by Messrs. E. Herbert, A. Campbell Shaw, Robert Smart, F. O. Hopkins, Captain George H. Ferguson, George H. Ham, W. L. Crighton and Thomas Johnston.

TRAVELLERS AND THEIR OFFICERS

Messrs. Croil and Paton Candidates for the Presidency.

RETURNED HEROES HONORED.

The Dominion Association in a Prosperous Condition Numerically and Financially.

Mr. Max. Murdoch, who has had a most successful two years as president of the Dominion Commercial Travellers' Association, introduced a new feature at the special general meeting on Saturday evening, called to nominate officers for next year. At the close a social smoke was held, during which some capital songs were given by Messrs. W. A. S. Dugan, R. Dionne and C. M. Mills, recitations by Messrs. Grigg and R. C. Wilkins, and banjo duets by Messrs. Howe and Carvel.

There were also present at the meeting Messrs. Sam Upton and R. D. McDonald, two members of the association, who had been with the first Canadian contingent in South Africa, and who had fought at Paardeberg, and during the evening President Murdoch took occasion to extend the congratulations of the association upon their safe return. Another member of the association, Mr. Arthur Wilkins, who had been run over by a gun carriage, was in the hospital at Johannesburg, and still another member, Mr. Fielders, was still at the front with the Mounted Artillery. He was also glad to say that Mr. J. H. Hudon, who had been seriously wounded at Paardeberg, had fully recovered and is now at his home in Quebec.

Private Upton returned thanks for the courtesy extended to him and said that he had just returned from Sherbrooke, where he had been with others taking their captain home. He had been glad to do what he had done for the old flag, of which they were all so proud.

Pte McDonald briefly recalled the scenes at the battle of Paardeberg, his references to the gallant part taken by the Canadians being received with enthusiasm.

In opening the meeting, the president stated that at the present time the association had 3,475 members, about 300 had been added during the year. A larger increase than they had ever had in any one year before. Thirty members had died during the year and four had left.

The treasurer, Mr. T. L. Paton, reported that the association was in a better position financially than in any previous year.

The following were nominated for office for the year 1901:—

For president—Mr. James Croil, representing Thibaudeau Bros. & Co., and Mr. T. L. Paton, manufacturers' agent.

For vice-president—Mr. James Robertson, wholesale boots and shoes, elected by acclamation. Mr. Robertson briefly returned thanks for the honor done him.

For treasurer—Mr. L. O. Demers, of Chaput Fils & Co., and Mr. J. S. N. Dougall, of McCaskill, Dougall & Co.

Directors (five to be elected)—Messrs. John Hughes, Lockerby Bros.; A. R. Colvia, the Ames-Holden Co.; R. Booth, jr., the W. R. Brock Co.; G. Tasse, P. D. Dods & Co.; W. J. Egan, National Cash Register; A. W. Ramsay, H. A. Nelson & Son, and W. E. Dickson.

It was decided to hold a subscription dinner the same as last year, and the following committee was appointed in this connection: Messrs. J. H. Morin, James Croil, James Robinson, L. O. Demers, T. L. Paton, W. J. Egan, Gus Harries, D. M. Lefebvre, James Dougall, F. S. Cote, Arch Fournier, John T. Dwyer, R. C. Wilkins, W. Gosling, A. S. Campbell, Wm. Brewster. The date of the dinner was left in the hands of the committee.

A vote of thanks was passed to Messrs. Wm. Notman & Son for their gift of the picture of the Dominion Commercial Travellers for 1900.

The following committee was appointed to consider the advisability of forming a commercial travellers' club, to report at the annual meeting:—Messrs. Jas. Croil, T. L. Paton, Max Murdoch, D. Watson, Fred. Birks, L. O. Demers, N. Tucker, G. Mann, W. P. Beauchamp, and W. J. Egan.

Before separating, Mr. David Watson, seconded by Mr. E. H. Copeland, moved a vote of thanks to the members of the association who had fought for Queen and country in South Africa. Mr. John Allan stated that as an old soldier he had landed in Montreal 39 years ago to prepare the barracks at the time of the American trouble, and his son was now on his way home from South Africa. This was the first time in the history of the world that all the children of Great Britain had fought together to uphold her honor, and in this connection they must not forget the prominent part taken by their French-Canadian fellow-countrymen.

The president remarked that Lord Roberts, General Buller, General Baden-Powell, and all the other generals had spoken kindly of the Canadian contingents. They must not forget either those other brave men who went out to South Africa with them, such as Father O'Leary, who had recently returned home.

The motion was carried unanimously.

MR. DWYER NOT ELECTED.

Editor Herald:—

Sir,—The notice in Saturday's Star that Mr. J. T. Dwyer was elected by acclamation as president of the D.T.C. Mutual Benefit Society, we beg to state that such is not the case. Mr. J. T. LeSueur will run against him. Signed by Max Murdoch, J. H. Morin, W. P. Beauchamp, George A. Mann, J. C. Brimms, D. M. Lefebvre, Jas. Robinson, Newton Tucker, Fred. Birks, James Armstrong.

TENDING THE POOR.

The officials of the Protestant House of Industry and Refuge report that the number of permanent inmates at the Country House last week was 6 males and 61 females, as compared with 77 males and 63 females, making a total of 132, a decrease of 13.

The number in the George Moore Memorial Home is 20 males and 25 females, as against 15 males and 13 females last year, an increase of 17 patients.

The number of night lodgings given in the Night Refuge was 545, as compared with 330 for the corresponding week of last year. This is an increase of 215 applicants.

The visiting governors for the present week to the Protestant House of Industry and Refuge, and to the Homes at Longue Point are: Messrs. George Hague and Samuel Carsley.

WITH MASONIC HONORS.

The Funeral of the Late Mr. Alex. M. Forbes on Saturday Very Largely Attended.

The funeral of the late Mr. Alexander Macdonald Forbes took place from his late residence at Lachute on Saturday and was very largely attended. The deceased had been a past master of Montreal Kilwinning Lodge, No. 20, A.F. & A.M., Q.R., of this city, and the brethren of Argenteuil Lodge, No. 61, Lachute, held a Masonic service at the house, conducted by R.W. Bro. H. Slater, P.D.D.G.M., assisted by A.W. Bro. John Hope, P.G.S.W., and W. Bro. Garrettsee. The remains were then taken to the station and conveyed to Montreal, the following Lachute brethren accompany them:—R.W. Bro. John Hope, and Bros. N. T. Truell, James W. Raitt, H. Foss, P. R. McGibbon, D. J. Askell and P. R. McGibbon. The chief mourners were the four sons of the deceased, Messrs. John, William, Alexander and Andrew Forbes. The remains were met at the Place Viger Station by W. Bro. R. Booth, jr., W.M. of Montreal Kilwinning Lodge, and taken to W. Bro. William Seale's undertaking establishment on Dorchester Street, where, at 2.30 p.m., a funeral service was conducted by the Rev. Dr. Mackay, pastor of Crescent Street Presbyterian Church, of which the deceased was one of the oldest members. The funeral cortege then re-formed and proceeded to Mount Royal Cemetery, where the remains were interred. At the grave the beautiful and impressive Masinoc service was conducted by W. Bro. R. Booth, jr., assisted by R.W. Bro. John Smillie, P.D.D.G.M. The other members of Montreal Kilwinning Lodge who were present included:—W. Bro. A. J. Burke, I.P.M.; J. E. Wright, J.W.; W. Bro. E. Neve, chaplain; Bro. D. R. McLennan, secretary; Bro. W. A. Williams, S.D.; Bro. S. Skinner, J.D.; Bro. Frank Ross, organist; Bro. John Lawrence, tyler; W. Bros. Wm. Greig, Alex. Strachan and Thomas Essery, past masters; Bros. Adam Volkert, S. W. Haram, J. R. McIntyre, J. Johnston, P. C. Messery, C. H. Mackey, M. Dunenberg, L. A. Roberts, R. F. Roberts, Geo. Warwick, James Hamilton, J. W. Morris, N. Sloves, H. Steel, R. H. Morris, W. H. Cunningham and Hugh W. Vallance. Amongst the brethren of other lodges present in addition to those from Argenteuil Lodge, Lachute, were:—W. Bro. H. Hurst, Lodge of Antiquity, No. 1; R.W. Bro. H. Dunne and W. Bro. W. Seale, Zetland Lodge, No. 12; Bro. H. S. Stafford, Mount Royal Lodge, No. 32; V.W. Bro. H. Trepanier, Lodge Celen Unis, No. 45; W. Bro. Robert Allan, W. Bro. John Allan and Bro. H. McGarry, Prince Consort Lodge, No. 52; W. Bro. Thomas Erskine, W. Bro. J. J. F. Blackie, Bros. George Duncan, R. C. White and L. Kaiser, St. Andrew's Lodge, No. 53; Bro. W. Gilmour, Eastern Star Lodge, No. 74; W. Bros. W. W. Williamson and W. V. McNally, St. Lawrence Lodge, No. 640, E.R.

NO ELECTIONS YET.

There Is No Truth in the Story that Premier Parent Will Bring on Local Fight.

Quebec, Nov. 12.—(Special.)—In conversation with prominent Liberals here it is learned that Premier Parent has no intention of bringing on the general provincial elections at present.

The council will meet here to-morrow, when it is probable that the dates for the by-elections will be decided upon.

A WELL-KNOWN PIPER HONORED.

Piper John Matheson, for many years pipe-major of the Royal Scots, official piper to the Caledonian Society, and pipe-major of Clan McLennan's (O.S.C.) pipe band, has had the additional honor conferred on him of being appointed piper to Lord Strathcona and Mount Royal in Canada. The many friends of Mr. Matheson, who is the possessor of the cup representing the championship of America for pipe playing, will be pleased to hear of this additional tribute to his skill as an exponent of the Scottish national instrument from so universally respected a gentleman as Lord Strathcona, and will wish him many years to "blaw the chanter."

If the Liver is Deranged

There is Sallow Complexion, Fulness About the Stomach and Pains in the Shoulders and Back—Dr. Chase's Kidney-Liver Pills Act Promptly and Directly on the Liver.

By a careful consideration of the following symptoms you can decide for yourself if your liver is torpid and inactive. The liver is the largest organ connected with the digestive system, and as a filterer of bile from the blood is to a very large extent responsible for the health of the whole body.

A sense of fulness and oppression about the stomach, a pale, sallow complexion and pain in the shoulders and back are among the first indications of a disordered liver.

Then there comes indigestion, wind on the stomach, headache, coated tongue, a bitter taste in the mouth, depression of spirits and despondency.

The bowels become irregular and constipation and looseness alternate. The bile left in the blood by an inactive liver poisons the blood and causes liver spots, blotches and pimples.

So great is the influence of the liver over the health of other organs that physicians have called the liver the governor or controller of the body.

The prescription from which Dr. Chase's Kidney-Liver Pills are prepared was perfected by the doctor in his immense practice and has proven the greatest liver regulator ever discovered. It acts directly and promptly on the liver, making it active and vigorous as a filtering organ. At the same time it regulates and tones up the kidneys and bowels and sets the whole filtering and excretory system in healthy working order.

Notwithstanding the fame of Dr. Chase's Kidney-Liver Pills throughout this continent, you will never fully realize and appreciate their value until you have actually used them, and only then can you fully understand why they have such an enormous sale.

In these days of experimenting with all sorts of new, untried remedies, appliances and treatments, it is a comfort and pleasure to know that you can turn to this prescription of Dr. A. W. Chase and find in it a safe and certain cure for the many dangerous and complicated disorders of the liver, kidneys and bowels. THE CAPTAIN PUTS BLAME ON PILOT

And the Pilot Blames the Steering Gear for Ottoman Mishap.

VIEWS OF THE OFFICERS.

They Unhesitatingly Declare the Steering Gear to Have Been All Right.

The Harbor Board held on Saturday morning an inquiry into the circumstances attending the mishap to the steamship Ottoman at Dobell wharf on the 4th inst. Mr. Robert Mackay, the president of the Harbor Board, was in the chair, and all the members of the Board were present. Mr. Victor Geoffrion, the counsel of the Commissioners, was in attendance.

Captain Richard Owen Jones, the master of the vessel, was the first witness examined. He handed in a copy of the log, showing that before the steamer left the wharf the steering gear was tried as usual, and was all right. They left the wharf at 5.50 a.m., and at 6.08 the vessel was outside the wharf, the pilot steering. She seemed to steer all right going down the current, but at 6.19 witness observed that she was canting to port, and he saw the helm put hard a-port. A minute later she was heading right for the end of the wharf that was right ahead. The engines were put full speed astern, and at 6.21 the anchor was let go. The vessel was still canting to port, and at 6.23 p.m. she struck the wharf very heavily.

The captain stated in reply to the Commissioners that when the tugs were cast off the ship was right in the channel and the beacons were right straight ahead. She was drawing 24 feet 11 inches on an almost even keel. The tugs were cast off below Ile Ronde at the first black buoy. A man was sent aft to see the position of the rudder, and when he got there it was hard over. Witness did not know what prevented the vessel answering her helm.

Mr. John Torrance handed in a report from Mr. William Morin, marine engineer, who had examined the steering gear, etc., of the vessel, and had found the different parts in good condition.

Mr. Bickerdike (to Captain Jones)—"Would the captain please tell us how he accounts for the accident"

Witness—"I cannot swear."

"No, but in your opinion. This is the second time the same pilot, the same ship, and almost in the same place, and I think we want to know from you what is the cause of that accident."

"I will tell you my opinion candidly; it is probably giving her a little too much starboard helm, although when I saw it should be port, the pilot was putting her hard a-port."

"In other words, you believe it was the fault of the pilot."

"Yes; I believe he gave her too much starboard helm."

"He let her have too much swing before porting?"

"Yes, sir."

"On your oath, captain, do you believe it was the fault of the pilot or not?"

"Well, it isn't the fault of the ship."

"We want to get at the bottom of this thing. We have nothing against the pilot or against the ship. This is the second time it has happened—the same pilot, the same ship."

"I am perfectly certain of this: It is not the fault of the steering gear; it is not the fault of the ship, and, therefore, it must be the fault of the pilot."

By Mr. Geoffrion—The strong current, which sets outwards, should have helped the vessel to avoid the accident.

PILOT REFUSES BLAME.

Pilot Beaudit's report of the accident as sent to the commissioners after the occurrences, was read. It agreed with the description entered on the captain's log. After being sworn the pilot deposed that when the steamer began to go to the port side he started to work her quietly, and was surprised to find that she did not come round, as in that place vessels generally had a tendency to go south. He found he was going continually to the north, and he remarked the fact to the captain. He hoped she would come round all right and he gave the word to reverse the engines, and at the same time gave the word to cast the anchor, but she had got too much headway and they could not stop her.

In answer to questions by members of the board witness said the only way he could account for the accident was that although the wheel went over, the rudder did not. The accident was not the fault of the current, and he himself was not the cause of it, for he was perfectly cool and collected, and there was nothing the matter with him. He had been piloting the Ottoman ever since she came to this port, five or six years, and except on the previous occasion, he had never had any trouble with her; she had always steered well. He did not give her too much starboard and he was suprised when she took the sheer to port. He made no mistake in giving the word "starboard" instead of "port," as he had the wheel in his own hands. Something must have gone wrong with the machinery; that was the only way in which he could account for the mishap. If an accident had not happened to the vessel before, he would not have been able to account for this.

Pilot Gauthier, who also had piloted the Ottoman ever since she came here, but was not upon her at the time of the accident, testified that he had never had any trouble steering her, and every time he had been on board, he had found the engines worked well.

VIEWS OF THE OFFICERS.

The third officer of the Ottoman said that the vessel took a sheer after she got past Ile Ronde, and the captain sent him to the wheelhouse to see if the helm was hard a-port. He saw that the vessel was going against her helm.

By the board—He did not think that the pilot was in any way at fault. There was a strong current, and the wind was on the port quarter. He had not been often enough up and down this route to venture an opinion as to the cause of the accident.

Charles Hogbach, quartermaster, who had been on the Ottoman three months, stated that the pilot took the wheel from him, but the vessel would not answer. He had never found her act that way before.

John Parry, chief officer, deposed that he and two other officers examined the steering gear at separate times, and it was all right. He observed that the steamer was taking a cant to port, and he immediately got the anchor ready to let go at a moments' notice. The current must have caught her on the port quarter and there was a moderate to fresh breeze from about the southwest. The port anchor was let go, and about twenty fathoms of chain were paid out, but with the way that was on the vessel, the anchor would not hold.

By the board—He did not receive instructions to let go any anchor, but he let go what he thought was the proper one. He was not remonstrated with afterwards by either the pilot or the captain.

Mr. Bickerdike—"What effect did the letting go of the anchor have on the ship?"

"It had no effect at all."

"Would it not catch on that bottom?"

"Oh, yes; but it takes some little time for it to catch; it jumps along for some time."

Capt. Jones was then recalled, and in reply to Mr. Bickerdike, he said that the anchor did not hold. It might have checked the vessel a little, but that little would not throw her into shore. She was canting to port, and the throwing out of the starboard anchor would not have helped her any more than the throwing out of the port.

The commissioners will meet to consider their decision after they have received a transcript of the stenographers notes.

Department for Women Readers

As Seen by Her.

The recent elections seem to have awakened an interest in politics amongst women kind. In connection with some remarks upon women's part in politics which appeared lately in these columns a reader asks something about women's political organizations in England, also women's position in Canada. I hope the following particulars may be of interest to her and to others who want to learn what women are doing in politics.

For one thing, according to Mrs. O. C. Edwards in the Paris Handbook, Women of Canada, no woman in Canada has a vote for any lawmaker, either Federal or Provincial. Her political position, as far as the franchise is concerned, is confined to municipalities which can only make bylaws that relate to the execution of existing laws. But though women have no direct vote, they have by labor and united effort, effected some important changes in the criminal and civil laws as well as in the political position of women in municipalities.

A petition for the enfranchisement of women, very largely signed by Federal voters throughout the Dominion, was presented to the House of Commons and Senate in 1896 by the W.C.T.U. This was the last effort made in the Dominion Parliament, and as a change has since been made in the electoral Act making the voters' list for the Dominion coincide with the Provincial lists the battle will have to be fought in each separate Province. As to the English organizations. The Primrose League is a very important body. The Ladies' Grand Council has for officers, extra president, The Dowager Duchess of Marlborough, president; the Marchioness of Salisbury; vice-presidents, the Duchess of Marlborough, Lady Randolph Churchill, Lady Blythswood, Lady Gwendoelin Cecil and Lady Glenesk. The objects are the maintenance of (1) Religion as opposed to infedility, not the Church of England only, or any particular sect, and endowments held by any, and by every religious association; (2) the constitution, i. e., the Throne, the House of Lords and the House of Commons; the Imperial ascendency of the British Empire. There is also the Women's Liberal Federation, of which the president is the Countess of Carlisle, the Women's Liberal Unionist Association, the Women's National Liberal Association, the Scottish Women's Liberal Federation. There are a number of periodicals and books published upon the subject.

The Editor of this Department will be pleased to receive for insertion all matter relating to women's organizations, meetings, personals, etc. Address Editor, Department for Women Readers, Herald Office, Craig Street.

WOMEN'S DOINGS.

SOME COMING EVENTS.

Engagements multiply as the autumn advances. To-morrow afternoon the Women's Art Association meets at their studio, when the reports of the exhibition will be presented. The meeting is sure to be well attended to hear how the exhibition turned out financially. On Wednesday the Local Council meets at the Y.W.C.A. On Thursday and Friday, amongst other things, Knox Church will have its annual sale of useful and fancy articles in the lecture room of the church. On Saturday there will be the annual meeting of the Mackay Institute held at the Institute, at 3 o'clock. Next Monday, 19th, the Aberdeen Association holds its annual meeting at its rooms over the Bank of Montreal, Notre Dame and Seigneurs Streets.

The chrysanthemum show this week will attract many people. It promises to be particularly fine.

MISS HOLLINSHEAD'S CONCERT.

There was a very enthusiastic audience at Miss Hollinshead's ballad concert on Saturday afternoon. The programme is always prepared with great care, to admit of a great deal of variety, and Saturday's was particularly good. Miss Hollinshead's selections were all received with great enthusiasm. She sang "When We Meet," "I Love Thee So," "September," "I Feel Thy Angel Spirit," a duet, with Mr. O. Stewart Taylor, and the last number, "The Plains of Peace," with organ, piano and violin accompaniment. All the songs were enthusiastically encored. The duet by Mr. O. Stewart Taylor and Miss Hollinshead was magnificently sung, and the audience insisted on its repetition. Mr. Stewart Taylor, who is an old favorite in Montreal, has a splendid baritone voice, which he understands how to use to the best advantage. As an encore for "A Son of the Desert," he sang the tale of the backward lover and his sweetheart. Besides the opening organ solo Mr. Blair played on the piano an exquisite impromptu of Schubert, which his listeners appreciated heartily, and also accompanied all the songs. The ballad concerts are very pleasant Saturday engagements, and the attendance is beginning to improve.

DOMESTIC SCIENCE LECTURE.

The Canadian Household Economic Association has arranged another series of lectures which may be secured by an organization willing to make local arrangements and pay travelling expenses. The subjects and speakers are as follows:—

The social significance of the family—Professor A. Shortt, of Queen's University.

The family and its region—Professor Jas. Mayor, Toronto University.

Eucational aims and agencies—W. S. Ellis, B.A., principal of the Kingston Collegiate Institute.

Foods and their value—Miss N. C. Ross, B.A., graduate of the Ontario Normal and Chautauqua Schools of Domestic Science.

Adulterations of food—Miss E. M. Curzon, of the School of Practical Science, Toronto.

Sanitation—Mrs. Jean Sinclair, graduate of Pratt Institute, Brooklyn, and the Technical Institute, Liverpool.

The School of Domestic Science—Mrs. A. Hoodless, president of the Ontario Normal School of Domestic Science.

Art applied to interior decoration—Miss Lillian Vaux Evans, graduate of Pratt Institute.

Kindergarten lectures—Miss Edith A. Anning, president of the Ontario Kindergarten Union.

TO-MORROW'S MENU.

Luck seeks those who flee and flees those who seek it.—German Proverb.

Breakfast—Stewed peaches, meringue, cold oatmeal blanc mange, sweetened cream, hash on toast, saute potatoes, toast, waffles, coffee.

Dinner—Oysters on the half shell, cream of celery soup, roast beef with mushroom sauce, succotash, broiled sweet potatoes, fried egg plant, bean salad, French dressing, apple dumplings, hard sauce, demi tasse.

Supper—Sardine canapes, sliced tomatoes, cake, glace fruits, tea with cream.

PEACH MERINGUE.

Select one quart of sound peaches. Pare, quarter and stone them and place them in an earthen dish suitable for both oven and table. Sprinkle the peaches with sugar and cover with the whites of three eggs beaten with three tablespoonfuls of sugar. Set in the oven until a light brown color; then remove, cool and chill on ice. Put one pint of milk in a double boiler; add the egg yolks beaten until light, three tablespoonfuls of sugar, and a little salt. Cook until thick, flavor, cool and serve with the meringue.

Mr. Harry McBride, of this city, has returned from Toronto, where he was best man, last week, at the wedding of Miss Bertha Beatty to Mr. Frederick Locker.

Among the smart luncheon parties given last week was the one at which Mrs. P. A. Peterson was hostess on Thursday. The table decorations were unusually beautiful.

Mr. Robert Lightbound, eldest son of Mr. George Lightbound, who has returned from South Africa, is the guest of his aunt, Mrs. C. J. Chisholm, Mountain Street.

Mrs. Walter Jamieson received her wedding visits on Thursday and Friday of last week. Mrs. Jamieson was very becomingly gowned, and in spite of the rain, had a large number of callers, anxious to pay their respects to so popular a bride.

In the English society papers the races at Newmarket come in for a good deal of attention this week. One day amongst those present were Mrs. George Cornwallis West in blue, Lady Colebrook, who was in America last winter, in rich russet brown, Lady Alice Stanley in navy blue, Mrs. Langtry and her daughter, Lady Sarah Wilson, and many other celebrities.

There is a prospect that this season will be a comparatively gay one in London, and persons whom electioneering duties scattered over the countryside are flocking back to the British capital. Prince's Skating Club opened for the season on October 25, and is as popular as ever with London society. The ladies' committee includes Princess Louise (Duchess of Argyll), the Duchess of Portland, Lady Londonderry, Lady Carrington, Lady Helen Vincent and Mrs. W. H. Grenfell.

Mrs. Cockburn's luncheon in Toronto for Mrs. Fountaine Brown, of Montreal, was a very charming affair on Thursday. The table was lovely with American beauty roses standing high from a silver vase in the centre on a piece of white satin embroidered in gold, whilst many of the beautiful blossoms were strewn on the cloth, featherly maidenhair ferns in silver bowls adding a pretty touch to each corner, the whole coming in for much admiration. Covers were laid for twelve. Present were Mrs. Fountaine Brown, Mrs. Moss, Mrs. Alex. Gibson, Mrs. Parkin, Mrs. Fleming, Mrs. Hammond, Mrs. O'Reilly, Mrs. Hutton, Mrs. Percy Galt, Mrs. Dawson and Mrs. Grasett.

Mrs. Willis gave a very successful at home at her residence, 35 Belmont Street, on Thursday evening last. Many guests attended, about 52 in all. The ladies wore beautiful gowns. Miss Willis, a pretty gown trimmed with plaits and white Mechlin lace flowers; Miss Cameron, white muslin trimmed with white lace; Miss Rourke pale blue silk, trimmed with cream satin, tulle and Mechlin lace; Miss Emily Roarke, pale blue muslin, covered with lace; Miss Doyle, pale blue silk; Miss Mills, black silk; Miss Kells, gray cashmere, with blue silk; Miss Hague, white satin; Miss Nixon, navy blue and lace; Miss A. Nixon, grey cashmere, with white silk; Miss McNiece, cream cashmere, with black velvet ribbon. Amongst the gentlemen present were Messrs. Cooper, Patuquin, Slocumbe, Morrison, C. Morrison, R. Morrison, Clarke, Cochrane, Gillis, Ashlan, Wainwright, Christie, Michaeles, Watson, Vittie. Mr. Cooper was master of ceremonies and performed his duties in a most pleasing manner. Mr Willis and Mrs. Willis were the hosts of the evening and entertained their guests right royally. Prof. Costin presided at the piano and acquitted himself with credit. The house was beautifully decorated with plants and flowers, giving charm to the surroundings.

Professor and Mrs. Penhallow entertained a large number of friends on Saturday afternoon, at a private view of chrysanthemums, at the McGill botanic gardens. In spite of the unfavorable weather, and the bad state of the roads, the attendance was large and fashionable, and a very delightful time was spent. The guests were received by Mrs. Penhallow, who was handsomely dressed in gray with appliques of black lace. The chrysanthemums were beautiful, and it was a great treat to see them. Among the invited guests were Mr. and Mrs. R. B. Angus, the Misses Angus, Mr. and Mrs. Charles E. Moyse, Mr. and Mrs. Wanklyn, Mr. and Mrs. G. Herrick Duggan, Sir William and Lady Van Horne, Miss Van Horne, Miss Adeline Van Horne, Dr. and Mrs. MacCallum, the Misses McCallum, Mr. and Mrs. P. A. Spackman, Mr. and Mrs. Gordon Strathy, Miss Strathy, and many others.

A very delightful tea was given on Friday afternoon by Mrs. W. M. Ramsay, 303 Peel Street, in honor of her daughter, Mrs. F. Gordon Osler, who has just returned from her wedding trip, and was in town for a few days en route to her new home in Toronto. Mrs. Ramsay, who was handsomely attired in black embroidered chiffon over black satin, was assisted in receiving her guests by Mrs. Osler, and the Misses Ramsay. Mrs. Osler, was beautifully gowned in mauve crepe de chine, trimmed with lace appliqued, and white satin, interspersed with touches of gold. The table decorations were exceedingly pretty. Yellow and pink ribbons, and pink carnations and ferns predominated. Miss Florence Ogilvy and Miss Black presided at the tea table. In spite of the very inclement weather, there was a very large number of guests, and many exceedingly handsome gowns were noticed. Among those present were the Misses Angus, the Misses Stearns, Mrs. A. W. P. Buchanan, Miss Sise, Mrs. David Dunn, Mrs. J. Clarence McCuaig, Mrs. George Marler, Mrs. Huntly Drummond, Mrs. George Drummond, Mrs. W. de M. Sherriss, Miss Ogilvy, Mrs. Reford, Miss Reford, the Misses Molson, the Misses Savage, Mrs. Ernest Stewart, Mrs. W. Peterson, Miss Scott, Mrs. Frank Scott, the Misses Bond, Mrs. Lansing Lewis, and many others too numerous to mention.

Central Presbyterian Church, Toronto, was the scene of a brilliant and fashionable wedding at 2.30 o'clock on Saturday, when Miss Maud Baird, daughter of Mr. Hugh N. Baird, was married to Mr. David William Campbell, of Montreal. The ceremony, which was accompanied by an impressive musical service, was performed by Rev. Dr. McTavish, pastor of the church, assisted by Rev. Armstrong Black, pastor of St. Andrew's Church. The church was beautifully decorated with palms and ferns, and pink and white chrysanthemums. From the altar railing to the pipes of the organ a bank of palms and ferns was raised, among them masses of the big, fluffy, fall blossoms, showing dainty color amid the green. A garland of green was hung across the front of the organ and around the gallery in graceful festoons. Big bows of white satin ribbon held in place the showers of chrysanthemums that marked the pews for the guests. The bride, who was given away by her father, Mr. Hugh Baird, was attended by a maid of honor, Miss Florence Baird, her sister, and by two bridesmaids, Miss Mamie Palmer and Miss Elsie Sutherland, of Montreal. The best man was Mr. Smeaton White, of Montreal. There were five ushers:—Captain Creighton, Dr. Throsby, Mr. Harry Cassels and Mr. Vicars, of Montreal, and Mr. Henry Baird, brother of the bride. A reception was held at the home of the bride's parents, 80 Grosvenor Street, after the ceremony. The bride and groom took their places before a huge bank of palms and ferns arranged in the drawing-room, and received the good wishes of a very large number of friends. The mantels were banked with maidenhair fern and pink and white chrysanthemums. After a sumptuous dejuneur, Mr. and Mrs. Campbell departed for a wedding trip in the Eastern States, taking up their residence in Montreal on their return. The bride wore away a tailor-made gown of navy blue homespun, the tight-fitting double-breasted coat opening over a waist of white satin. Her toque was of navy blue velvet with pretty soft breasts. The bride wore a very handsome gown of ivory satin, draped with duchesse lace, in pretty flares on the trained skirt, and in soft draperies on the corsage. The soft lace veil was caught with orange blossoms, and the bridal bouquet was of violets with showers of lily of the valley and ferns. The maids wore smart frocks of light silk with big picture hats of black velvet, massed with graceful plumes. The maids carried large bouquets of bridesmaid roses.

Kingston, Nov. 12.—(Special.)—Miss Le Thom, Montreal, is the guest of Miss Etta Kirkpatrick.

Miss Mabel Brownfield has returned from Englewood, N.Y., where she was the guest of Mrs. Bliss.

Mrs. Graham and Mrs. Vere Hooper were "at home" to a large number of their friends on Thursday afternoon.

Mrs. John Macgillivray gave a tea Saturday afternoon.

Cards are out for a tea at Mrs. Macnaughton's, King Street, on Tuesday afternoon.

Miss Bessie Mathews, Miss Kathleen Richardson's guest, returned to Montreal on Wednesday.

Miss Stella Kerr, Toronto, arrived yesterday for a visit with Miss Marion Calvin.

Miss Edith Drury is the guest of Miss Mary Miles, Toronto.

At Mrs. Mills' reception at Hotel Frontenac on Tuesday, Wednesday and Thursday afternoons, the gracious hostess was assisted by her sister, Mrs. Mulholland, of Montreal, Mrs. Lewis and Mrs. Buxton Smith. On each of the three days the prettily arranged tea table was in charge of the two married ladies, assisted by three or four girls, chosen from the various congregations of the Church of England.

THE HERALD'S ONE HUNDRED STORIES

OUR DAILY STORY

No. 45.

"HER MONARCH."

BY MISS CAL. J. MATTHIAS.

(Copyrighted, 1900, by Wm. R. Miller.)

"Well, in the first place, I would not be a man; but were I so unfortunate as to be such a prosaic animal, I'd be a man in the fullest sense of the term."

"Nell, you are the oddest girl I have ever known. I believe there are fifteen of you. Your actions toward two persons are never the same; and, wa'al, I've summered an' wintered with you now for a good many years, an' I ain't got to the bottom of you yet, an' I don't know nobody that has."

"Quoting from 'Davie Harum' again. I believe that's one of your 'live-forever' books."

"Yes, I have added it to my list. But we are digressing. Now, for your reasons as to why you think it would be objectionable to be a man."

"Well, Jack, there are thousands of reasons. Of course, I know I couldn't convince you (one never can convince a man), even thought my ground of argument would fill a well sized volume. I'll give you one of the most important reasons."

"Let's have it, cut and dried."

"Woman always has needed an escort, and undoubtedly always will, until she is allowed to vote. Man must be her humble servant. If he desires her company to any place of amusement, he must take her, and it is far more pleasant, dear cousin, to be taken than to take."

"Prove it. A professor of mathematics never accepts any statement without proof."

"Well, for example, yesterday it snowed. This morning a young man paid $5 to take his sweetheart sleigh-riding for one hour. The young man's salary is $6 per week."

"Excellent; now for the next question. What is man?"

"Goodness, Jack, who shall say! The whole creation is a mystery, and particularly that of man. Let me see. Ah! I have it. Plato defined man to be a two-legged animal without feathers. To illustrate, we might take a cock, pluck its feathers, and say—'Behold the man!'"

"Bravo! But, Nell, suppose you were a man, or rather let's have your ideal."

"You know, Cousin Jack, someone has said that most men are bad. Were I a man I would prove an exception to the rule. 'An honest man is the noblest work of God,' and that [illegible] the only perfect man. I would not be so ambitious. That is, so ambitious that it would be impossible for the rest of the family to remain in bed; nor would I be so ambitious as to go to the Klondike; neither would I be perfectly contented."

"In your opinion, Nell, who is the most contemptible man living?"

"The man who stays in bed and lets his wife build the fire, and then when he finally manages to put in an appearance, begins to complain because the house is so cold. The man who is always grumbling about the manner in which dinner is cooked."

"But, Nell, dear, don't you pity the man whose wife is a bad cook?"

"Oh, of course I feel sorry for him, but after all it is his own fault. She did not plead with him to come and partake of her dinners so long as life lasted. He it was who chose her for his cook. It must be a great relief to the feelings of a man to grumble at the dinner, to insist upon the children going to bed, to swear and knock things about and then the next minute to scold his wife for letting the children mar the furniture."

"It has been said, Nell, that a good dinner brings out all the softer side of a man."

"It would be hard to tell what side is brought out by a bad dinner. By the way in which some men grumble about the manner in which meals are prepared, one would think that they lived to eat, rather than that they ate to live."

"By Jove, Nell, but you would be hard to suit. Won't it be glorious to see your 'lord of creation,' your 'monarch of all he surveys'!"

"He does not exist, and even if he did, I'm sure I've always felt for a homo."

"I heard that Grace Chester was engaged."

"Yes, it makes me so tired to have all the girls giving up. Grace was involved in a house party deal during the holidays and came out of it with a bad cold, a lost umbrella and—'engaged.' Moral—'Beware of house parties during the holidays.' Bertha Surely went to Oberlin, met a man who is studying law, and is engaged. Moral—'Don't look at men who study law.' Mary Dean goes home for vacation, is with a young man quite a good deal, whom she trusts perfectly; always been good friends; in fact, went to high school together. She had a genuine sisterly affection for him; all at once they look at each other, discover something they hadn't known before, and 'one more unfortunate weary of breath slowly, but surely, has gone to her death. Moral—'Don't go with boys you've always known.'"

"Well, my dear Nell, here are four distinct cases terminating under your very eyes. What are you going to do to keep out of such disgraceful affairs?"

"You can see, Jack, by the various attached morals, that there is nowhere for a poor unsophisticated girl to go but stay in her mother's parlor, and they tell me that's the worst possible place I could stay. But I'm determined to keep out of them. I have, in fact the neatest little package of theories. They are done up in a paper called 'Always be natural,' and tied with a 'platonic string.'"

"I think you are proof against anything, Nell. So you really think that marriage is a failure?"

"Well, no, not exactly. At any rate, if I was a man I wouldn't say so, for—

"The world was sad,
The garden was a wild,
And man, the hermit, sigh'd
'Till woman smiled.'

"But, Nell, women have their faults, too."

"Oh, yes, of course. I'm no denyin' woman is foolish; God Almighty made her to match the man."

"There goes the dinner bell. This is to be continued in our next."

As they entered the dining room a telegram was handed to Jack. There were only four words, but to the cousins it meant an indefinite separation. It might be five months; perhaps five years. Every week Nell received a short epistle, very short, for Jack had once said that he believed that only "fools and women wrote letters." The weeks had dragged into months; the months into years. Nell sat no more "in maiden meditation, fancy free." Had she met her "lord of creation"?

"Five long years, Jack; it does not seem possible, and yet so much has happened since last we met."

"Do you recall our last conversation, Nell? I'm simply dying to meet your 'monarch.'"

"And I'm dying to have you meet him. Step this way, please, Mr. James Mericeth. Try hard to feel the solemnity of the occasion, my dear cousin," and with a stately bow the young bachelor was ushered into the back parlor.

"There, Jack (be careful; don't hold him upside down), behold my 'lord of creation!'" [illegible] doubled up his chubby little [illegible]

House Decorations.

A new feature in this establishment, and one to which a great deal of attention is being given.

Visitors to the Colonial House Annex have an opportunity of forming an opinion of the quality of the work that can be turned out, as the decorations there were all designed and executed by the employes of this establishment.

Suggestions for Decorations can be given. Designs and Estimates Submitted, and high class workmanship guaranteed at moderate cost.

FOR HALLS.

A rich, quiet coloring harmonizes well with the more delicate or stronger coloring of the rooms.

OPENING OFF IT.

LEATHER EFFECTS,
TAPESTRY DESIGNS,
INGRAIN PAPERS,

Are very popular for this purpose, and it is not necessary to go to great expense for effect, as the Ingrain can be had from 17½c to 60c, and the Leather and Tapestry from 50c to $2.50.

Where very handsome decorations are wanted

PRESSED RELIEF
AND
JAPANESE PAPERS

Have the desired effect—the former at $2 to $2.50 per roll, and the latter 75c to $2 a yard.

For Drawing Rooms.

Reproductions of Silks, Satins and Damasks are in order, Cretonne Stripes and Floral Effects, and these can be supplied at 50c to $1.00 for Silk and Damask, and 20 to 50c for the latter.

Ceilings may be furnished in colors to blend with those in the Wall Hangings.

For the Dining Room.

SHIP WENT DOWN IN BAY OF FUNDY

And Only Four Out of Thirty-seven Were Saved.

SHIP WAS UNMANAGEABLE

In the Terrible Sea, and Then the Boilers Exploded—The Lost Were All Canadians.

Yarmouth, N.S., Nov. 11.—Thirty-three drowned out of a total ship's company of thirty-seven was the terrible news brought to Yarmouth yesterday by a survivor of one of thhe saddest shipping disasters that has ever occurred in the Bay of Fundy. At 11 o'clock on Saturday morning the Yarmouth steamer Monticello, after struggling for hours in the terrific gale that swept the bay, succumbed to the fury of the wind and sea, and sunk a few minutes after a boat containing the few survivors had cast off.

The Monticello left St. John at 11.15 Friday morning. The wind was blowing hard at the time, but not enough to cause alarm to those on board. The storm, however, broke in all its fury after Petit Passage was passed, and early on Saturday it became apparent that the vessel was doomed.

A small boat was then lowered and with six occupants left the ship. The others, fearful lest the small boat should be swamped, remained on the steamer, when a large wave dashed against and boarded her. Almost immediately a loud report was heard. The boilers had exploded and the steamer was blown to atoms. The small boat, driven before the wind, reached shore, and was tossed among and smashed by the rocks, and two lives were lost.

A SURVIVOR'S TALE.

Captain Norman A. Smith, of the steamship Pharsalia, who was a passenger on board the ill-fated Monticello, and amongst the four who were saved, tells the following story of the disaster:

"We left St. John at 11 o'clock Friday morning. The weather was not very bad. The sea was comparatively smooth until we got to Petit Passage. I had some conversation with Captain Harding before we got to Petit. He had some idea of putting into Digby, but shortly before we reached Petit the weather cleared somewhat, and there were indications of the wind hauling to the north-west, which would give us a fair wind for Yarmouth, and Captain Harding decided to run for this port. By the time we reached Cape St. Mary's the wind was blowing strong, but the steamer was having good weather and continued doing so all night. About 7 o'clock on Saturday morning we were about five miles west of Cape Fourahu, and Captain Harding, after locating his position, decided to run for Yarmouth harbor. He then attempted to bring the steamer before the wind, and used ever possible means of doing so, but found it impossible.

The ship was now lying in the trough of the sea and making some water, and we began to jettison cargo, and emptied a number of casks of oil to smooth the water. The water, however, continued to rise, in the steamer, and put out the fires in one of the furnaces. Between 10 and 11 o'clock Captain Harding decided to take to the boats. Two boats were got out on the port side and the women, three in number, were gotten into the first one with great difficulty. Mr. Olive, purser, of Prince Edward, who was a passenger, helped us to get the women into the boat, and after helping Elsie McDonald in went and got her handbag, and threw it in after her. I told Olive to get into the boat, too, but he said: "No, you have got enough without me, I will wait for the next boat."

WAS NO CONFUSION.

We got away from the ship, I was in the bow and Murphy was steering. About five minutes after we had got clear, I saw the steamer settle down on the port side, and gradually disappear. I saw steam escaping, but if there was an explosion, I was so taken up with managing my boat that I did not notice it. There was no confusion on the steamer before we left, and no excitement whatever. Captain Harding and all his officers did their duty to the last. The captain helped us to clear our boat, and the last I saw of him he was standing by directing the clearing of our boat. Capt. Harding's conduct was seaman-like throughout, and in my judgment he acted as any experienced shipmaster would have done under similar circumstances.

After the steamer disappeared, we were driven on land by a terrific gale and heavy surf threw our boat on the beach smashing her to fragments. Second Mate Murphy and two women (Elsie McDonald and a colored girl named Lawrence), were drowned, and we never saw them after our boat went to pieces. I felt myself going through the air, and when the wave receded found I was holding on to grass far up on the beach. I feel that it was only by a miracle that I escaped, as Flemming, cook and Stewardess Smith, were injured in landing. When we last saw the other boat she was evidently full of water and there is no hope of her occupants having escaped.

They could not possibly have survived in the terrible sea."

THIRD OFFICER'S STORY.

Third Officer James E. Flemming gave the following account of the wreck:

"Two hours after leaving St. John a heavy sea came over our bow and carried away the starboard side of the forward saloon, but doing little damage. Steamship was then laboring heavily, but making good weather. During the night she began to leak and about 8 o'clock Saturday morning she became unmanageable. Everything possible for the safety of the ship and crew was done, but it was useless. About 10.30 a.m. the port fires were put out by water, and shortly afterwards Captain Harding ordered the boats to be manned. The port quarter boat was lowered, and Second Officer Murphy, myself, Quartermaster Cool, Captain N. A. Smith, stewardess and two ladies, one colored, got in her. We had very little difficulty in getting the boat clear of the ship. The port forward boat was also lowered, but filled before it got away from the ship. I saw men with life belts on struggling in the water, but it was impossible to help them. I don't know whether any other boat was lowered or not. About three minutes after we left the ship she keeled over and broke in two and went down bow first. Just before she sank I saw people clinging to the windward rail. The last I saw of the captain he was getting out of the port quarter boat. He was perfectly cool throughout, and gave his orders in that mild tone with which we were so familiar and doing everything in his power to save the passengers and crew when he saw the ship was doomed.

NO BLAME TO THE CAPTAIN.

"There can be no blame attached to Captain Harding, as he was a victim of conditions which could not have been foreseen. After the steamer sank we were driven rapidly to land. The boat weathered the storm splendidly until we reached the breakers. As near as I can tell the boat pitch-poled on the breakers. I think Second Mate Murphy was killed when the boat struck and two ladies were killed or drowned at the same time. We never saw them afterwards. They kept cool and calm in the boat and did just as we told them, showing no fear. After the boat struck, the next thing I knew I came up under the boat and then was washed out from under her. I was again washed ashore and seized a rock, and happened to get hold of the stewardess in the water. The sea washed us up on the beach and left us dry and we got ashore before the next sea broke. The beach where we landed was very rough, with the sea running very high and breaking with terrific force. It was only by the hand of Providence that we escaped. I am positive that none of the people aboard the steamer could possibly have escaped as she sank so quickly."

The saved are:—Capt. A. N. Smith, steamer Pharsalia; stewardess Kate Smith, Quartermaster Elisha Cook, of Yarmouth, and Third Officer James E. Flemming, of Pennant.

THOSE WHO ARE LOST.

Among those lost were:—Rupert Olive, aged 2o, son of Steamboat Inspector Olive, of St. John. The young man who was purser of the Dominion Atlantic steamer Prince Edward, and was returning to his vessel from a visit to St. John, where his young wife, a bride of but five months, resides. John Richmond, of Sussex, N.B., was a commercial traveller, for a shoe house, and was also married. O. R. Coleman, of Moncton, represented Levi Brother., jewellers, of Hamilton, Ont. J. W. Tripp, of Woodstock, N.B., unmarried, travelled for D. McGee & Sons, hatters, St. John, and the following who were amongst the crew of the vessel:

Captain T. M. Harding, First Officer and Pilot H. D. Newell, of Cape Island, N.S.; Second Officer Nehemiah Murphy, Third Officer James E. Fleming Pennant, Halifax county (reported saved); Quartermaster Owen Johnson, Swede; Arcadians, Seaman Wm. H. Dunn, Weymouth, N.S.; Stanley Kinger, Weymouth, N.S.; Robert Nickerson, Weymouth, N.S.; Wilson Cook, saved. John I. Whitmore, Lockport, N.S.; Chief Engineer Chas. Creig, Halifax, N.S.; Second Engineer Herbert K. Poole, Yarmouth; Oilers Robert Doucettte, Yarmouth; Winslow Ringer, Lockport; Fireman Samuel Gloster, Liverpool; James Cole, Yarmouth; John Burke, St. John; George Muise, Yarmouth; Nathan C. Hopkins, Barrington; Kate Smith, stewardess, saved; Waiters Austin, Wickens, Cape Island; Levi Nickerson, Shag Harbor; Wynn Vanemberg, Pubnico Head, N.S.; Walton Cunningham, Cape Island; E. B. M. Hilton, purser, Yarmouth; Isaac H. Wilson, assistant purser, Barrington, and brother of Manager Wilson, Grand Hotel, Yarmouth.

FINDING THE DEAD.

When day dawned yesterday the beach from Yarmouth Bar to Cheboque Point was strewn with wreckage from the ill-fated steamer, and early this morning news came to town that several bodies had been found at Cheboque Point. Since then others have been recovered, and there are now nineteen bodies saved from the sea. Those found at Cheboque Point and vicinity are as follows:—Alfred E. S. Eldridge, Nathan C. Hopkins, Fripp, W. E. Olive, Fred Vanemburg, John Whitman, Austin Wickens, Herbert K. Poole, Robert Nickerson, Oswen Johnson, Wynne Vanemburg, Levi Nickerson, James Cole and two whose names are unknown.

The following bodies have been recovered at Pembroke, being victims of the small boat disaster:—Elsie McDonald, Nehemiah Murphy, Miss Lawrence.

News has just reached here that Captain Harding's body has been picked up at Pinkney's Point. The stewardess, the only woman saved, was quite severely injured in getting to land, but the doctor in attendance on her has hopes of her recovery.

From the statement of the survivors it appears that the Monticello was off Yarmouth Cape early yesterday morning flying signals of distress in the hope of attracting the attention of some one in Yarmouth, houses here being plainly visible to those on the steamer, but unfortunately they were unobserved. Two Boston boats, Boston and Prince Arthur, arrived here yesterday morning about nine o'clock, but saw nothing of the Monticello.

WAS A GOOD BOAT.

The Monticello was built at Wilmington, Del., in 1866, and in 1890 was purchased to run between St. John and Digby, N.S. In the winter of 1898 she ran on the Dalhousie Gaspe route and later was sold to the Yarmouth Steamship Company for about $30,000. She was generally overhauled and received new boilers in 1886, was regarded in St. John as tip-top sea boat for a side-wheeler. She passed safely through the great gale in which the steamer Portland was lost between Boston and Portland, Maine.

OTHER DISASTERS.

Boston, Nov. 10.—The three-masted schooner Myra C. Weaver was wrecked in Vineyard Sound early this morning and six lives were lost. The names of those who perished are:—Capt. R. S. Van Naman, of Philadelphia, aged about 35; Steward William Peterson, New Orleans; Charles Magnussen, of Bergen, Norway; John Hojman, of Aland, Finnland; Miss Mary Emerson, and Miss Ella De Boe, of Mobile. Those saved are:—First Mate John Kearney, of Calais, Me.; Second Mate Rasmus Olsen, and Seaman George Johnson and Axel Oggla.

Whitefish Point, Mich., Nov. 10.—The Canadian steamer Arabian was driven ashore at Whitefish Point in the gale today. She struck the beach about eight miles west of here, and being without cargo went high and dry. The crew were rescued with the aid of one of the life-saving crews, and are now all right. The steamer is owned by J. B. Fairgrieve, of Hamilton, Ont., and is valued at about $50,000.

Southampton, Ont., Nov. 10.—Peter Zettle, Peter Devine, Frank Pope and George Samuel Varey, fishermen, went out in a seine boat to lifts some gill nets 15 miles from Southampton on Thursday morning. The men had hauled in some of them when a huge wave overturned their boat. Nothing could be done to rescue them, and one by one they were washed off and drowned until Zettle alone remained.

CANADIAN RUGBY CHAMPIONSHIP IN SIGHT

THE CANADIAN CHAMPIONSHIP

It May be Played Here Next Saturday.

FINAL QUEBEC MATCHES.

Montreal and Brockville Won on Saturday—The Standing in All the Leagues.

SATURDAY'S GAMES.

Montreal, 11; Britannia, 1.
Brockville, 10; Ottawa College, 7.

Rough Riders, 20; Argonauts, 12.
Queen's, 15; Varsity, 2.

Queen's II., 8; Varsity II., 0.
London, 14; Peterboro', 1.

CHAMPIONSHIPS DECIDED.

Quebec Senior—Brockville.
Quebec Intermediate—McGill II.
Ontario Seniors—Rough Riders.
Ontario Intermediates—London.
College Intermediate—Queen's II.

The Quebec and Ontario Rugby schedules were completed Saturday, and now there remains but the fight for the Canadian championship to finish the Rugby season.

Brockville made sure of the Quebec championship a week ago, and has the splendid record of being undefeated this year.

The Ottawa Rough Riders won the Ontario championship from Argonauts in the play-off from a tie.

Between these two now lies the title unless there is a change, allowing the College champion to compete.

The final match is set for the 24th in Toronto, but Brockville and Rough Riders want to play next Saturday, the 17th, in Montreal, as the grounds cannot be had in Toronto. The matter is now in the hands of the Canadian committee.

The title is an empty honor unless the Collegians are allowed to compete. This all parties seem agreeable to, but nothing has so far been done. If Brockville and Rough Riders play on Saturday next there should be no difficulty. J. McD. Mowat, president of the Canadian Union, wires that he is agreeable if Brockville and Rough Riders are.

In the interests of the sport it is to be hoped that this can be arranged.

THE STANDING OF THE CLUBS.

Three senior matches were played on Saturday evening, the Intercollegiate schedule being the only one unfinished. The standing in the various unions is as follows:—

QUEBEC UNION.

Team.	Won.	Lost.	Pts. won.	Pts. lost.
Brockville	6	0	170	16
Montreal	4	2	73	87
Britannia	1	5	41	106
Ottawa College	1	5	45	120

INTERCOLLEGIATE UNION.

	Won.	Drawn.	Lost.	To play.	Pts. won.	Pts. lost.
Queen's	2	1	1	0	43	36
McGill	2	0	1	1	26	21
Varsity	0	1	2	1	17	39

THE ONTARIO UNION.

	Won.	Lost.	Pts. won.	Pts. lost.
*Rough Riders	5	2	109	37
Argonauts	4	3	93	62
Granites	3	3	26	70
*Hamilton	1	5	31	90

*Game between these two awarded to Ottawa without playing. Not counted a default against Hamilton.

MONTREAL DOWNED BRITS.

A Poor Game Between Local Clubs on a Snow-covered Ground.

Montreal and Brits. met on M. A. A. grounds on Saturday in the last game of the season, and the winged wheel aggregation scored another win by 11 points to 1.

The game was a poor one owing to the condition of the ground, which was inches deep in snow. Two twenty-minute halves were played and that was quite enough for the players and for the few spectators who were huddled together on the stand.

Montreal was without the services of Craig, Suckling, Burton and Murphy, but they had Herb Molson and Jack Savage back again, and without practice, as they were, they were right in the game.

The Montreal team had the advantage on such grounds. The light men on the Brits. had no chance for a dodging run, and so the play was close all through. In this, Montreal was too weighty and gained steadily. Montreal used the dribbling game at times, which was just suited to such a ground, and in this way got the first try.

Britannia played two quarters for a while with practically all their men in scrim. But they failed to make any substantial gain and dropped it.

There was little interest in the game, as it had no bearing on the championship.

It was nearly half time before there was any score. Then Herb Molson, one of the so-called "has-beens," fell on the ball for a try after dribbling it past the Britannia backs. Jack Savage, another of the veterans, converted the try. And these same two "has-beens" showed they hadn't forgotten anything of the game. 6—0.

Another dribble and a kick by O'Brien secured a touch-in-goal. Montreal, 7; Brits., 0.

In the second half Montreal scored again on a run by Blair Russell. Montreal, 11; Brits., 0.

Britannias secured a rouge when time was all but up, making the score 11 to 1.

The teams were:—

BROCKVILLE OFF COLOR.

They Defeated Ottawa College, but Did Not Put Up Anything Like Game of a Week Ago.

Ottawa, Nov. 10.—The much tooted Brockville football team proved a great disappointment to the six hundred Ottawa people who witnessed them defeat Ottawa College by a score of ten points to seven. These collegians had but an ordinary team, but as long as they lasted they held the Quebec champions easily, and should have won but for a couple of serious errors. The College men were far from being in the best of shap , and they had shot their bolt when the first half ended. Up to that time they had beaten Brockville at their own game of mass play. The wings broke through at will, and half back Fraser was downed in his tracks time after time before he could get rid of the ball. In the second half condition told, and the extra weight of Brockville had College in the run. The kicking of the local half-backs off-set whatever advantage Brockville gained in line play, and the scoring in the second half was nearly even up.

The Quebec champions were not at their best and they will have to polish up considerably or they will not be in it with the Rough Riders in Toronto on Saturday afternoon next. Wilkinson at quarter was considerably off color during the first half, but showed to better advantage in the closing minutes of play when he bucked the line for good gains. Fraser at half was slow and the only ones behind the line to put up good ball were Bedford, Jones and Dier, both of whom made no mistakes, and ran well. The big wing division was like a sieve at times, and the light Collegians came through in the backs with great regularity. How Brockville could beat a team like Montreal 61 to 0 is past comprehension. They certainly showed themselves ordinary players in to-day's contest, and Wilkinson was completely outshone by the work of Ralph, who put up a wonderful game for the collegians. Callaghan at half was perfect, and the scrimmage with Lee, Fahey, McCredie, Devlin and Slattery put up a wonderful game.

Brockville won the toss and kicked with a strong wind at their backs. College held the ball in scrimmage, Ralph making small gains through the line. Wilkinson made objection to College mass plays, but Referee Chittick saw in a different light. A loose pass by Callaghan allowed Phillips to dribble over the line and Hooligan rouged. Brockville scored their nine points in free kicks, and the score at half time was Brockville, 4; College, 0.

With the wind in their favor College raced and played a kicking play with the result that they forced the ball to touch at Brockville's five-yard mark. Capt. Lee captured the ball in the throw in and made a touchdown. Callaghan missed a difficult kick. College pried two rouges. Brockville began to gain on mass plays, and kept the ball around centre field in spite of the splendid kicking of the College backs. In a rush Slattery of the College team was knocked out and his fellow-players stopped play. Wilkinson, who had been tackled, gave the ball to MacLaren, who ran fifty yards for a touchdown. Wilkinson converted, and the score was Brockville, 10, College 6.

Devlin and Capt. Ritchie were ruled off at this stage, and shortly afterwards Slattery and McCredie were sent to the side lines. College worked the ball to Brockville two yards but a foul heel was seen by the referee and a free kick spoiled 'Varsity's chances. A little while later and Stephens was forced to rouge.

The final score was Brockville 10, College 7.

During the second half Brockville was allotted eleven free kicks, while College obtained one.

The match was not a brilliant contest, but good hard scrimmaging and line backing were features, and the closeness of the score made the play most enjoyable.

The teams were as follows:—

Brockville.		College.
Stephens	Full back	Halligan
Dier	Halves	Richards
Fraser	"	Gleeson
B. Jones	"	Callaghan

Referee, Fred. Chittick.

Umpire, H. Morrison.

Goal judges, T. Boucher, H. Graham.

Touch judges, Dr. Webster, E. Calbert.

Timer, E. O'Neil.

McGILL II. WON OUT.

They Are Now the Champions of the Quebec Intermediate Union.

McGill II. won the intermediate championship of Quebec on Saturday by defeating Bishop's College, Lennoxville, by 6 to 0. Owing to the poor condition of the grounds the game was a poor one. McGill was much the heavier team, but till a few minutes before the end of the first half they made little impression, and the light men of Lennoxville more than held up their end. But, after that, with the wind in their favor, McGill's weight began to tell, and the game was practically over. Lennoxville's half line put up a good game, but tried too much running when punting was the play.

Umpire Fred. Reid gave an imitation of the Ancient Mariner, with long rubber boots, the tops tucked safely under his chin, and a big sou'wester.

The teams and officials were:—

McGill.		Lennoxville.
Sims	Back	Kennedy
McDougall	Half	Mitchell
Howitt	"	Bonelly
Hamilton	"	Shewen
Meindl (capt)	Quarter	Reid
Billings	Scrimmage	A. H. Wurtele

Poulter	Wings	Burrill
McConkey	"	Ward (capt)
Keford	"	Mackay
Cartwright	"	Rollit
W. F. Graham	"	Weagant
Graham	"	Cowling

Referee—Allan Rakin.

Umpire—Fred. Reid.

Findlay got kicked in the neck and had to leave the field. He was replaced by Ray Waithman.

The score consisted of a try by Meindl, a rouge and a touch-in-goal.

An Association Game.

'Varsity Association team played Queen's Association team here also in the afternoon, the contest resulting in a tie, 1 to 1. Referee, O'Flynn.

Montreal Field Battery A.A.

The above association held their annual meeting at their armory on Friday night, and in spite of the inclemency of the weather a large concourse of members were present. The election of officers for the ensuing year resulted as follows:—President, Bomb. J. Gordon, acclamation; vice-pres., Corp. B. E. Haynes, acclamation; sec.-treas., Sergt. Tom Bell, re-elected; committee: Sergt. Tom Johnson, Corp. Bates, Bomb. Bessett, Bomb. Yates, Gunner McGrath, Driver Gray. One of the pleasing instances of the evening was the appearance once more among the boys of Bomb. Gorman, who has just returned from South Africa. His arrival was greeted with many acclamations of pleasure from his brother non-coms. and men who unanimously voted him the presidency of the association for the coming year.

After the business of the evening had been transacted the meeting adjourned with the singing of God Save the Queen.

The P.A.A.A. Meeting.

The semi-annual meeting of the Point St. Charles Amateur Athletic Association will be held this evening at 8.30. The principal business of the meeting will be the presentation of the treasurer's report.

ROUGH RIDERS WON IN ONTARIO UNION

They Defeated Argos in the Tie Play Off.

QUEEN'S DEFEATED VARSITY.

If McGill Defeats 'Varsity Next Saturday it Will Win the Intercollegiate Championship.

Toronto, Nov. 12.—(Special.)—The Rough Riders, of Ottawa, won the extra game necessary to decide the championship on Saturday at Rosedale from the Argonauts, of Toronto, and will play with Brockville for the Canadian honors on the 24th of this month. Ottawa's victory did not stamp them as being overwhelmingly superior to the scullers in any department of the game. That there was a certain amount of luck about the win even the supporters of the Rough Riders will admit. The Rough Riders were fortunate in winning the toss, giving them the advantage of a strong wind in the first half, and though they did not utilize this help to any extent, it minimized the punting efforts of the grand rear guard of the Argonauts. In the second half the breeze deteriorated greatly in volume, what little there was not being of much assistance to the home team. A lucky, but brilliant, dash of Powers for fully 60 yards, undoubtedly saved the day for the Rough Riders as they managed by good line bucking, to subsequently score a try which was converted, adding six points to their score, and utterly disheartening their opponents. When this run came off the Argos were having all the better of the play and the prospects of the Rough Riders looked very blue indeed. In short order the plucky oarsmen had scored seven points on long punts of Gleeson and Hardisty, some of which would undoubtedly have been tries had Darcy McGee made the slightest mistake, as on each occasion the fast wings of the Argos were on top of him when the ball fell. There was not the disparity between the two teams that the score might possibly indicate. The Argonauts held their own on the wing line, and in the scrimmage were, if anything, superior to Ottawa. Kennedy was allowed to get away with almost anything by the referee, and it was to this fact that the Rough Riders were enabled to keep possession of the ball for a greater part of the time. Good tackling by the Argonauts, especially Hardisty, Gleeson and Darling, prevented the half backs of the Ottawa team from getting in the long runs that were features of the game the Saturday previous. In fact, Power's long dash and a fine dodging sprint by Pat Murphy, were the only runs of any account during the struggle. Ottawa made their big gains by steady line bucking, scoring all their tries by work of this description when close to the line. At no stage of the contest did the Rough Riders have a safe lead, the Argonauts battling bitterly all the time. There was a notable absence of snap and ginger about the playing of the local fifteen, doubtless owing to the fact that they had no opportunity for practice last week. The officials had only occasion to rule three men off during the game. J. McGee rested on the lines twice, once for a deliberate trip and the other time for scrapping with Parmenter, who was also given a chance to recuperate.

Individually the Argonauts were superior to their opponents, but in team work the difference was the other way. Gleeson played in his usual superb form, and he made the most of the opportunity afforded him. His punting was beautifully accurate and timely. Hardisty never kicked better or tackled as well as he did on Saturday. Once he drove the leather fully 70 yards into touch in goal. He never missed a tackle, and his sprint after Powers when the latter broke through from scrimmage and chased away with clear field, was a great performance. Hardisty set sail after him and over-hauled his man handily. Darling also showed up strongly, making a number of nice catches. Ardagh had very little to do except in the last half when he played up close to the line. On the wing Parmenter, Langton and Hill were conspicuous. The former handled J. McGee, and the latter, though a star player, was completely eclipsed. Lieutenant W. K. Marshall who was pressed into service, was in the game all the time, evidencing that his long absence in South Africa had not affected his ability as a football player. He scored the Argonauts only try by fast following up. The Argonauts scrimmage worked well together. Joe Wright, despite his bad leg, easily more than holding his own with Kennedy.

Few mistakes were made by the half back line of the Ottawas. Powers, Ed. Murphy and Boyd, the ex-'Varsity cracks, showing up brilliantly. Pat Murphy at quarter was as elusive as ever, while Lafleur at outside and Pulford and Rayside performed yeoman service.

The day was raw and cold, and not more than 2,500 spectators were on the grounds, including contingents from Ottawa and Hamilton.

The teams: Ottawa—Back, McGee; halves, Boyd, Powers, Murphy; quarter, P. Murphy; scrimmage, Cameron, Kennedy, Buchanan; wings, Rayside, Pulford, Jones, Austin, Lefleur, Telford and J. McGee. Argonauts—Back, Ardagh; halves, Hardisty, Darling, Gleeson; quarter, Morrison; scrimmage, Russell, Wright, Boyd; wings, Langton, Crawford, Marshall, Hill, Chadwick, Love and Parmenter. Referee, Dr. Bowles; umpire, T. Martin; goal judges, W. Warden, W. E. Karmon; touch judges, Curly McKay, Dr. Hooper; timer, S. P. Grant.

LONDON WON AGAIN.

And Now Holds the O.R.F.U. Intermediate Championship—Was a Poor Game.

London, Ont., Nov. 11.—Fully twelve hundred people shivered in the cold raw weather of Saturday for nearly two hours, and saw London defeat Peterboro' decisively for the second time in the final game for the O.R.F.U. intermediate championship by 14 points to 1. The game was not as good an exhibition as the last one between these teams, neither showing their best form. London had two new faces on the team when they lined up, "Chip" Reid and Lucas, a local policeman. The former played a good game, but was not in his best form. Lucas had never been in the game before, but was a surprise to everybody and was a tower of strength in the scrimmage. Neither Peel (goal), nor Redd (wing), who played in the last game, were present, but Labatt, who played full back, put up a fine game. London kicked off the ball, being quickly returned to their vicinity, where it remained some time. Finally, after being slowly worked to Peterboro's end, Hennessy went over for a try, which Gilmour failed to convert. 8 to 0.

No further scoring was done till within a few minutes before half time call, when Taylor secured the ball and made a fortunate drop goal kick from the 25 line. Score, 0 to 0.

In the second half Peterboro' braced up, and rapidly broke through London's wings preventing Hobbs from duplicating his star work of the last game. After 15 minutes' play Labatt was compelled to rouge. Score, 9 to 1.

The play from this out was in Peterboro's vicinity, and by hard scrimmage work the ball was passed to Hobbs for a touch. Gilmour again failed to convert. Shortly after this Macpherson, of the visitors, made the prettiest run of the game, nearly the full length of the field, but was cleverly stopped by Labatt. Shortly before time London got a touch-in-goal. Score, 14 to 1. When time was called the ball was in centre. During the game Dr. McWilliams' brother had his shoulder badly wrenched and had to retire.

QUEEN'S DEFEAT VARSITY.

This Leaves the Honors Between McGill and Queen's—Score Was 15 to 2.

Kingston, Nov. 12.—The game on Saturday between Queen's I and 'Varsity I was fast from start to finish. The home team proved the stronger, although at times 'Varsity got in some brilliant runs. However, when it came to mass play or scrimmage Queen's were decidedly superior.

The game was called at 3 p.m. Captain Weatherhead won the toss and chose to kick with the wind. Queen's rushed things at first, and on a long punt which Beal misjudged, Young scored a try. Weatherhead failed to convert. Score, Queen's 4, 'Varsity 0. A few minutes later a touch in goal made the score Queen's 5, 'Varsity 0. From a mass play near 'Varsity line Richardson went over for a try, which Simpson converted. Score Queen's 11, 'Varsity 0. Soon afterwards, Britton forced his way through a number of his opponents, and crossed for a try which Simpson failed to connect. Score, Queen's 15, 'Varsity 0. The home team gradually worked the ball down to centre, and half time was called. During the second half Queen's endeavored to keep possession of the ball as they had a wind against them. The ball went close to 'Varsity's line by a series of runs by Weatherhead and Clarke, 'Varsity got possession, and gained on the punting, gradually worked the ball to Queen's 25 yard line. On a high punt Simpson rouged. Score, Queen's 15, 'Varsity 1. Soon again Queen's rouged, and it looked as if 'Varsity would make a heroic finish. A long run by Clark, and a pass to Weatherhead who placed the ball behind the goal, was called back on account of William's interference. Just before time Simpson was forced to rouge, making the score at the finish of the game Queen's 15, 'Varsity 3. The following composed the teams: Queen's—Back, Simpson; halves, Walkem, Weatherhead, Clark; quarter, Richardson; scrimmage, Carr-Harris, Paul Sheriff; wings, Young, McDonald, Hill, Devitt, Etherington, Britton, Williams. 'Varsity—Full back, Beale; halves, Browne, Aylesworth, Hendry; quarter, Biggs; scrimmage, Burnham, Douglas, Rutter; wings, Armstrong, McCallum, Gibson, Hunt, McLennan, Meredith, Patterson.

Referee—Todd, McGill; umpire, Cowan, McGill.

QUEEN'S II. CHAMPIONS.

They Defeated 'Varsity II. 8 to 0, Thus Winning Out in the Intercollegiate Series.

Kingston, Nov. 12.—(Special.)—Queen's II. defeated 'Varsity II. on Saturday on Queen's campus by a score of 8 to 0, thus winning the intermediate intercollegiate championship.

The following represented the two teams:—

Queen's II.—Back, Strachan; halves, Nimmo, Crothers, Tett; quarter, Pannell; scrimmage, Grant, Malock, Connell; wings, Malone, Ferguson, Reid, Ferguson, J., McGreer, Ellis, Powell.

'Varsity—Full back, Little; halves, Lang, Wallace, Madden; quarter, Ballard; scrimmage, Callan, Dickson, Harvey; wings, Bonnell, Snively, Martin, Magee, Bryce, Thom, Hoyles.

Referee—McDowell, of the Granites.

Yale Defeats Carlisle.

New Haven, Conn., Nov. 10.—To the surprise of even the most ardent of her admirers Yale this afternoon rolled up a score of 35 points against the Carlisle Indians in the annual football contest between teams of the two institutions, while the Indians failed to get nearer Yale goal than the 20-yard line. The Yale men had looked forward to this last practice game of the season with something akin to dread and when they found themselves surpassing the score made by the crack Harvard team against the same Indians Yale stock rose in the contemplation of Yale-Harvard probabilities. The experts, however, lost no time in proclaiming that, while Yale's work to-day was fully equal to that of Harvard against the same team, the Indians lacked the vigor and finish of play that characterized their five to seventeen effort against the Cambridge boys.

Overland Hockey Club.

The Overland Hockey Club held a meeting in their room, 2155, Notre Dame Street, last night, and elected the following officers:—

Hon. president—Ald. D. Tansey.
President—J. Carrick.
First vice-president—J. McLaughlin.
Second vice-president—D. Fagan.
Secretary — W. Dwyer, 181 Canning Street.
Treasurer—D. Donovan.
Manager—J. Cherry.
Captain—J. Roe.

The next meeting will be held Monday, Nov. 12, at the above address. All members and those wishing to join are requested to attend.

Ontario Hockey Association.

Toronto, Nov. 10.—The executive committee of the Ontario Hockey Association met here last night to consider suggested changes in the constitution and rules to put them in shape for the annual convention on December 1st. The suggested amendments were thoroughly gone over. In the playing rules no radical changes were made but the use of goal nets was made compulsory and a player will be allowed to stop the puck with his hand if the annual meeting approves of the rules as presented.

The Stirlings Elect Officers.

The annual meeting of the Stirling Hockey Club was held on Friday evening, the 9th inst. The secretary's report was very satisfactory, the team having won the championship of the Metropolitan League. The treasurer's report also showed the club to be in a healthy financial condition. The election of officers for the ensuing year resulted as follows:—

President—H. W. Foley (re-elected).
Vice-president—C. Crawford.
Secretary—H. C. DeWitt.
Treasurer—A. E. McCuaig.
Committee—Messrs. H. A. Watson, H. Kyle, D. McGavin.

It was decided to make application for a place in the Junior League, and judging from the enthusiasm exhibited, the Stirlings are "off" to a good start for the season of 1900-01.

CHANGE CANADIAN BOWLING RULES

The Association Decides to Discard the Point System.

THE OFFICERS ELECTED.

The Schedule for This Season Was Not Completely Arranged—Hemsley Trophy.

The twelfth annual meeting of the Canadian Amateur Bowling Association was held in the Windsor Hotel on Saturday evening, and a change was made in the method of scoring for the championship, which is now by a majority of matches, according to the new rule, which reads as follows:—

"To decide the championship, each club shall play home and home matches, with every other club in the association, said matches to be played alternately on each club's alleys, and the club winning the greatest number of matches in the scheduled series shall be declared the winners of the championship. Should the matches played for the championship result in a tie between the clubs, the total scores made by the clubs on other alleys than on the alleys of the clubs so tieing to decide."

Those present at the meeting were:—Victoria Rifles—Capt. Gorman, chairman; M.A.A.A., David J. Watson, hon. secretary; and the following members of the executive:—Surgeon-Major J. D. Courtenay, and Major R. E. Helmer, 43rd Rifles; Raymond Binmore and W. J. Baillie, M.A.A.A.

The delegates present were:—Geo. C. Hiam and Sergt.-Major L. McRobie, Victoria Rifles; R. Gamble, Ottawa A.A.A.; W. G. Ayling, and W. G. LeGallais, M.A.A.A.; Capt. Hiam also represented Quebec B.B.C.

The following officers were elected for the coming year:

President—Surg.-Major J. D. Courtenay, 43rd Ottawa and Carleton Rifles B. Association.

Vice-president—Gen. Van Felson, Quebec Bowling and Billiard Club.

Hon secretary-treasurer—David J. Watson, Montreal A.A. Association.

Committee—Capt. P. Gorman, Capt. Geo. C. Hiam, Sergt.-Major Lewis McRobie, 3rd Victora Rifles B. Club; M. Murphy, W. G. Aylng, Montreal A. A. Association; D. E. Johnson, Harry Morrison, R. Gamble, Ottawa A.A.C.; Major R. E. Helmer, Lieut. R. W. Paterson, 43rd Ottawa and Carleton Rifles B. Association. Quebec B. and B. Club representatives to be named later.

The question of smaller pins and balls was left over, as some of the alleys would not allow of change.

It was announced that Mr. Hemsley had offered a handsome trophy and D. J. Watson and Capt. Gorman were appointed to look after the matter.

The aggregate medal of the association was presented to Mr. LeGarrais, M.A.A.A.

The schedule dates have not been completed, those already not arranged for to be settled by the secretary.

December 19.—Vics vs. M.A.A.A., on Vics alley.

December 19.—43rd vs. Ottawa, on O.A.A.A. alley.

The next annual meeting will be held in Ottawa.

Following is the secretary's report:—

"In presenting the report of the association for the past year—the eleventh since our organization—we have the pleasure of recording another very successful season. The interest in bowling not only continues, but is steadily gaining, especially among the younger men, who are taking up the game. In this connection it is a great pleasure to recognize the good work being carried on at various points by the Inter-Club Leagues, and to note the high general average rolled up at these competitions.

"At the beginning of the season we had the gratification of electing the 43rd Ottawa and Carleton Rifles' Bowling Association to membership, and this feeling has been fully justified, as the matches with them have been keenly contested and among the most enjoyable in the championship series.

"This year's championship was won by the Montreal A.A. Association, and instead of being decided by the number of pins was determined by the greater number of points scored on a series of home-and-home matches, the greatest aggregate score in the two matches counting two points. At the close of the season the results were:—

"Montreal A. A. Association scored 8 points.

"Ottawa A. A. Club scored 6 points.

"Third Victoria Rifles Bowling Club scored 2 points.

"Quebec B. and B. Club scored 2 points.

"Forty-third Ottawa and Carleton Rifles scored 2 points.

"The special prizes were won as follows:—Individual grand aggregate, 'The C.A.B.A. medal,' W. J. Le Gallais, M.A.A.A., 4255 pins; average 5.31 7-8. Highest three strings, 'The President's Prize,' Captain P. Gorman, 3rd V.R.B.C., 679 pins; average, 2.23 1-3.

"Our cordial thanks are due to the president, Captain P. Gorman, for his donation of the prize for the 'highest three strings' made in the championship series. Mr. Gorman evidently desired to see a keen competition for this prize, and started in to make the pace, with the result that the mark he placed was never overtaken, although it was kept steadily in view and the average scoring throughout the series was high.

"Two notices of motion to amend the rules of the game will come up for consideration at this meeting, the first being to return to the former method of deciding the championship by the number of matches won, and the second to adopt smaller pins and balls. This latter is an important proposal, and has many arguments in its favor.

"In common with many other organizations in Canada we have our share of representatives doing 'their country's work' in South Africa. Mr. R. M. Courtenay, of this year's executive, is now an officer in Strathcona's Horse, Past President W. B. Parr and Mr. D. Turnbull are also on active service, as well as numbers of others that we have met at various times in competition on the alleys. We can proudly count on them all doing their best to 'play a winning game,' and, as in their bowling, trying to 'roll up a high score.'

"The past season has presented many features of encouragement to us who are officially interested in the promotion of bowling, and with the enthusiastic support of our affiliated clubs, we can confidently look forward to the coming season as being fully as successful as the many it is our pleasure to recall."

Tuff Wants to Fight.

New York, Nov. 10.—James J. Jeffries, the heavyweight pugilist, is anxious to meet Bob Fitzsimmons, Gus Ruhlin or Tom Sharkey, in a glove contest in order to show that he is prepared to defend his title. He issued a defi to-day to all three, Fitzsimmons preferred, and posted a forfeit of $2,500 with Al. Smith to bind the match. He asks these three men or their managers to meet him next Wednesday at the Grand Opera House, and, in case all three accept, he will fight them in the order named, providing that sufficient time for training is allowed him between the bouts.

R.C.Y.C. Challenge for Canada Cup.

Toronto, Nov. 11.—Local yachtsmen are discussing with much interest the decision arrived at last night by the Royal Canadian Yacht Club to challenge the Chicago Yacht Club for the Canada Cup. This cup, which was won by the yacht Canada at Toledo several years ago, was won by the Chicago Club last year, when the Rochester boat beat the Beaver, of Toronto. The formal challenge will go forward to Chicago in a day or two and proposals will be made for holding a conference between representatives of the two clubs, as was done for the race in 1898, to arrange the preliminaries for the race. George Gooderham, the millionaire distiller and commodore of the Royal Canadian Yacht Club, has announced his intention of providing funds for building a challenger. Other Toronto people will probably build yachts for the competition, and Hamilton may offer a yacht for the preliminaries. No locality for the race has yet been seriously discussed, but one or two people have expressed the opinion that Buffalo would be a likely place for such a race, owing to the attention that city will attract by the Pan-American Exposition next year.

"Bad Bill" Eagan Dead.

Syracuse, N.Y., Nov. 10.—"Billy" Eagan, the well-known baseball player hailing from Camden, N.J., died in Syracuse, N. Y., on Friday night last. Last season Eagan played second base for Youngstown, in the Ohio League, but was disabled by being struck in the side with a ball, the injury finally resulting in his death.

Ontario Junior Championship.

Toronto, Nov. 10.—Toronto II. to-day won the junior O.R.F.U. championship. They defeated the Kingston Limestones in a hard-fought game on 'Varsity field. Score, 6 to 0. It was a first class exhibition; clean, fast Rugby, and Toronto won mainly because they used their brains as well as their muscle. Close scrimmaging and a number of free kicks marked the early part of the game, and fast following up and tackling secured for Toronto a rouge and touch-in-goal. Toronto's half backs kicked well, but the Limestones were equally good in that respect. Their wings, however, were slow in following up. Score at half time, 2 to 0 in favor of the Torontos. Teams: Limestones—Murphy, Tweed, Laird, Irwin, Hiscock, Selby, Wheeler, Hamilton, Hebart, Woodrow, Matthewson, Murray, Coyle, Bearance, Birch; spare, Moxley. Toronto—Tandy, Grant, McIntyre, Constantine, Hagu, Love, Perrin, Love, Brent, Findlay, Murray, Tremble, Iler, Flawes. In the annual match between Upper Canada College and Trinity School, Port Hope, the Toronto students won by 14 to 1. The score at half time was 10 to 0, the Upper Canada boys taking the lead at the start, and had an easy time of it.

Rein and Bridle.

Captain James B. Ferguson, a noted race horse starter, is dying in a hospital at Lexington, as the result of an operation performed several days ago to remove a bullet from near the spine, which had been shot into his back twenty years ago.

At the third day's racing of the Liverpool autumn meeting, the Liverpool autumn cup of 1,200 sovereigns was won by Mr. J. D. Wardell's Fabullist.

Mr. Croker's horse, The Scotchman II., with Lester Reiff up, having defeated Lord Durham's Gerestein at Liverpool, after having been badly beaten by Gerostein at Doncaster, the local stewards to-day summoned Wishard, the trainer, and Reiff for an explanation of the Doncaster running. They afterwards decided to refer the matter to the stewards of the Jockey Club.

The Dominion Coal Company are now booking only sailing vessels already under contract. By the tenth of next month the St. Lawrence trade will be finished for the season, and the company will be able to handle all the sailing vessels that require cargo.

3 TRYING TIMES

In a Woman's Life.

There are three periods in a woman's life when she is especially in need of the heart strengthening, nerve toning, blood enriching action of Milburn's Heart and Nerve Pills.

The first of these is *when the young girl is entering the portals of womanhood*. Very often at this time she is pale, weak and nervous, and unless her health is built up and her system strengthened she may fall a prey to consumption, or be a weak woman for life.

The next period a woman needs Milburn's Heart and Nerve Pills is *motherhood*. The drain on the system is great and the exhausted nerve force and depleted blood, require replenishing. These pills supply the system with the very elements needed to make rich red blood and create new nerve tissue.

The Change of Life is the third period in a woman's life when she is most liable to heart and nerve troubles. Often there is nervousness, hysteria and melancholia; palpitation, dizziness, feeling of "pins and needles," hot flushes and general weakness. Every woman approaching this eventful period should fortify her system by the use of Milburn's Heart and Nerve Pills and thus safely tide over an epoch in her life fraught with so much danger to her health.

STOCK MARKETS BULLISH

New York and London Lead the Way With Montrea Rather Lagging Behind.

Bullish markets were the rule to-day, although, in point of strength, Montreal seems to be lagging considerably behind New York and London.

Wall Street was particularly strong, and gains were noticeable throughout the entire list. The market was broad, and although there was apparently a lot of profit-taking, a dispatch tells us that the public were eager buyers at every turn. In London the scramble for American stocks seems to be something out of the ordinary. One authority, in fact, places the short interest there at fully 600,000 shares, which if anyway true should mean pretty tall hustling on the part of shorts for some time to come.

The local market, although having a naturally firm undertone, in sympathy with the markets outside, has not, as yet, attracted any great amount of public attention. There was a good deal of trading this morning, however, and Gas was one of the features, selling up from 199 1-2 to 202, receding a fraction towards the close. Pacific was firm at 88 1-4 to 88 1-2, and Street Railway sold from 279 to 280 1-4. Electric was also firm, but the cotton stocks are on the weak side.

Republic did a little better to-day, starting at 60 and selling later at 63 1-2 and 64.

THE GOLD MINES

Rossland, B.C., Nov. 10.—The output for the week ending to-night is 6,780 tons, and the total for the year is better than that for all of 1899 by 309 tons. This leaves seven weeks and two days to the end of the year, which should show an output of between 40,000 and 50,000 tons over that of 1899.

The Le Roi is not shipping to anything like its capacity, as the smelter at Northport is not yet ready to handle an increased quantity, nor will it till about January 1.

Appended is a list of the shipments of the past week and year to date:

	Week.	Year.
Le Roi	4,370	139,448
Centre Star	2,276	27,386
War Eagle	....	10,663
Le Roi, No. 2	....	2,267
Iron Mask	60	1,935
I. X. L.	25	539
Giant	....	414
Evening Star	....	351
Monte Cristo	....	273
Iron Colt	....	80
Spitzee	....	20
Total	6,731	183,367

The development of the Spitzee is being pushed with vigor, and the showing of ore is satisfactory in the bottom of the shaft. A vein, a second vein, five feet in width, has just been found, 15 feet south of the one in which the work is being done. It is thought that when depth is reached the two ledges will merge into one.

The assays of the Spitzee ore run from $4.10 to $41. The force is to be increased, and a cartload of ore will be sent to the smelter on Monday, which will be followed by other shipments.

BIG DAY IN STOCKS

Trading on the New York Stock Exchange Friday was enormous. It was the "second biggest day" that Wall Street has ever known. The total of transactions was much heavier than on Wednesday, and came within thirty-one thousand shares of the record day—January 23, 1899. Yesterday's total compares with other active days in this way:

	Shares.
Friday	1,548,882
Nov. 7, 1900	1,424,798
Record day, Jan. 23, 1899	1,579,899
Panic day, Dec. 18, 1899	1,530,000

It must be remembered that in times of great activity the facilities for reporting Stock Exchange transactions and for printing them on the tickers are altogether inadequate, and that on this account thousands of shares dealt in go unrecorded. It is safe to estimate that fully two hundred and fifty thousand shares were overlooked in this way on each of the four days mentioned. In addition to this, the Consolidated Stock Exchange furnishes heavy transactions, which considerably swell the totals for the days.

GRAIN UP WEST

Toronto, Nov. 12.—Wheat—The market is quiet with sales to-day of white and mixed at 63c and red at 64c, middle freights. Some holders are asking more. Goose wheat is weaker and exporters say it is only worth 62c west; spring wheat is quoted at 65c to 66c east; Manitoba wheat is firmer at 91c for No. 1 hard Toronto and west, 93c for No. 1 hard and 90c for No. 2 hard, grinding in transit; 83c for No. 1 hard afloat Fort William, and 86c Goderich. Flour—There is a good demand for export owing to the excellence and the low price of our winter wheat product and some large sales have been made this week, including some ordinary grade for London, the first that has been shipped there from this market for several years. There were purchases of 90 per cent. patents to-day at equal to $2.95 in barrels west; choice brands are quoted 10c to 15c higher; Manitoba flour is steady at $4.60 for cars of Hungarian and $4.30 for strong bakers, bags included, Toronto. Millfeed is quiet at $12.50 to $13 for shorts and $11 to $11.50 for bran Toronto. Barley is quiet; No. 1 is quoted at 43c east, No. 2 at 39c middle freights, and No. 3 extra at 37c west. Buckwheat—The market is quiet at 47c east and 46c west. Rye is firmer at 47c to 48c east and 46c to 47c west. Corn—The market is easier at 38c for old Canada yellow and 32c for new west; American No. 3 yellow is quoted at 46c for old and 44c for new. Oats are steady at 25c for No. 1 white east, 24c for No. 2 white middle freights and 23½c west. Oatmeal—The market is steady at $3.20 for cars of barrels and $3.10 for bags Toronto, and 20c more for small lots. Peas are steady at 58½c east, 58c middle freights, and 57c west.

WHEAT PRICES ABOUT STEADY

Not Much Character to the Wheat Market in Chicago This A.M.

December wheat in Chicago this morning held just about steady. It opened at 74, went up to 74¼, back to 74, and then to 73⅞. At 12.30 the price was 74. December corn was quoted at 36 and December oats at 22⅛, while January pork was quoted at 11.67.

Further unfavorable crop reports come from Argentina, much damage having been done by hailstorms. The Australian crops promise well. Beerbohm says that in the failure to receive, in the forthcoming crop season, 8,000,000 quarters of wheat from Argentina, it will devolve on America to further largely reduce her reserve stocks.

MONTREAL MARKETS

CHEESE IS NOW COMMANDING SLIGHTLY BETTER PRICES.

A Fair Demand for Grain—Eggs Are Quiet but Firm—Butter Is Steady.

The local grain market is without any material change. There is only a moderate demand. No. 1 spring wheat, 74c to 74½c afloat; peas, 66½c to 67c; rye, 55½c; No. 2 barley, 46½c to 47c; oats, 29c; buckwheat, 59c.

The flour market was rather quiet to-day, but the tone is steady. Manitoba best spring patents, $4.70; second do., $4.40; winter wheat patents, $3.65 to $3.85; straight rollers, $3.15 to $3.40; in bags, $1.60 to $1.70; and Manitoba strong bakers, $4.10 to $4.30.

Business in rolled oats was quiet and prices unchanged at $3.25 to $3.30 per barrel and at $1.57½ to $1.60 per bag.

There was no change in feed and the market continues fairly active. Manitoba bran, in bags, $15; shorts, $17; moullie, $20 to $24; Ontario bran in bulk, $15.50 to $16; shorts, $17 to $18 per ton.

The demand for baled hay is steady and prices are unchanged. No. 1, $9.25 to $9.75; No. 2, $8 to $8.50; clover, $7.25 to $7.75 per ton, in car lots on track.

DAIRY PRODUCE.

Cheese is a little firmer and better prices were paid on Saturday in the country. Dealers, it is said, have been looking around pretty keenly trying to fill short sales. Finest western September, 11c to 11¼c; finest western October, 10½c to 10¾c; finest eastern September, 10⅞c to 11c; finest eastern October, 9¼c to 9⅝c.

The butter market shows no change. Prices rule steady under a moderate enquiry. Finest creamery, 20¼c to 20½c; seconds, 19½c to 19¾c.

COUNTRY PRODUCE.

Eggs are in fair demand. No. 1 candled stock, 19c to 20c; No. 2, 15c to 16c; culls, 12c to 14c per dozen.

There was nothing new in maple product to note. Syrup, 70c to 75c per large tin, 50c to 60c per small tin, and 6½c to 7c per lb. in wood; sugar, 9c to 10c.

The market for honey was quiet and steady. White clover comb, 13c to 14½c; white extracted, 8½c to 10c; buckwheat, in comb, 10c to 12c, and extracted, 7c to 8c.

In beans trade was slow at unchanged prices.

CHEESE IS UP

Cornwall, Ont., Nov. 10.—At the cheese board here to-day, 2,265 boxes were boarded, of which 1,380 were white, 813 colored, and 72 American. All sold on the board, white and colored bringing 10 1-16c, and American 9¾c. J. F. McGregor got 971 for Lovell @ Christmas; S. Wotherspoon, 426 for A. A. Ayer & Co.; J. A. McRae, 242 for Hodgson Bros.; J. Welsh, 242 for Grant; W. O. Wert, 246 for James Alexander; and H. R. D. Brown, 130 for Jackson & Hallett. Cheese making in this section is practically over, many of the factories being closed. The next board, which will be held two weeks hence, will be the last of the season.

Belleville, Ont., Nov. 10.—A few salesmen met to-day, and adjourned market to first Saturday in May, 1901. Most of the cheese was disposed of through the week around 10c. Two factories boarded 450 boxes September and October make. Hodgson got 350 boxes at 10⅛c; balance unsold.

London, Ont., Nov. 10.—At to-day's cheese market six factories boarded 1,108 boxes October cheese, colored; sales, 250 at 10¼c.

Watertown, Nov. 10.—Sales of cheese to-day, 830 boxes at 10c for large colored, and 10¼c for large white, all for home trade. About 25,000 boxes unsold in Jefferson County.

Cowansville, Nov. 10.—Owing to the storm there was no session of the cheese board here to-day.

Ogdensburg, Nov. 10.—Offerings, 280 boxes, 10c bid and all sold. Board adjourned until first Saturday of next May.

Canton, N.Y., Nov. 11.—Cheese—No bids or sales; butter, same; holding for 23½c and 24c.

St. Hyacinthe, Que., Nov. 10.—At the cheese board to-day about 5,500 cheese were offered. All sold at 9⅝c. Byers present: Hodge, Pickett, Wilson, Ryan, Murray, Dorion, Monette, Gareau, Dufresne, Taylor, Skelcher.

It doesn't matter where the Cold is or how long it has botherd you, Griffiths' Menthol Liniment will reach it and cure it. Just Try it and see Sold by B. E. McGale, Montreal.

PRODUCE IN ENGLAND

London, Nov. 10.—The cheese market has exhibited a somewhat heavier tendency during the week, the demand being of an indifferent character. As a result, the inside price was 6d lower, the range this week being 52s 6d to 57s, as to quality. Stocks here are fair, but holders profess great confidence in the outlook for the future. The butter market has been steady in its disposition, and with a fair demand, the prospect for this product is fairly cheerful. Prices were steady at 86s to 90s for ordinary and 104s to 108s for creameries.

COLD STORAGE CASES OFF TILL TO-MORROW

This morning the Court of Queen's Bench met for the November term, after a ten days' adjournment. Justice Hall presided.

Application was made by F. S. MacLennan, Q.C., on behalf of Alexander McCullough, for postponement of McCullough's arraignment on three charges in connection with the failure of the Montreal Cold Storage and Freezing Company, owing to his chief legal representative, Donald Macmaster, Q.C., having been suddenly called to England. It had not been decided until this morning that he should make the journey. Justice Hall postponed the hearing until to-morrow morning, remarking that although inconvenience might be caused by delay, injustice might be the effect of haste. A similar application by counsel for Donald J. McGillis was granted.

The hearing of a charge of theft, as an agent, against John McCallum, was postponed until next Monday, so that P. Smith, an important witness, may attend the court to give evidence.

The court then adjourned until a quarter past two this afternoon.

DETECTIVE TO WED.—Detective G. Boissonnault, of the Provincial Secret Service, and Mlle. Blanche Martineau, of Ste. Eustache, will be united in marriage to-morrow.

The Torture of ECZEMA Prevented Sleep.

Mr. Paul Lariviere, Meadowville Station, Picton Co., N.S., writes as follows: "I shall always praise Burdock Blood Bitters as the best remedy for skin diseases. I had been suffering from Salt Rheum or Eczema for the past five years and could not get any rest from the terrible burning and itching, which was worse at night and prevented me sleeping.

"Hearing of B.B.B. I thought I would try it, and after using one bottle I was so much relieved that I continued using it, taking six bottles in all, and am now completely cured."

It is a blessing that there is such a reliable remedy as B.B.B. for those tortured day and night with terrible skin diseases and who can get no relief from their misery.

Apply it externally and it takes out the fire and itch and aids in the healing process.

Take it internally and it purifies the blood of all those poisons which are the source of skin eruptions.

B.B.B. Cures Eczema and all Burning, Itching Skin Diseases.

To the Electors of the County of Maisonneuve

Gentlemen,—After the mark of confidence which you gave me in the recent election, I would have liked to call upon each of you in person, and thank you for your loyal and devoted support. Unfortunately, this cannot be, owing to the vast extent of your county. Allow, me, however, through the press, to give you the assurance of my heartfelt thanks, and express to you all my gratitude for our great triumph, and for the generous and cordial support which you gave me.

Believe me, gentlemen, your most devoted and obedient servant.

CANADIANS AGAIN FOUGHT GALLANTLY

Artillery and Mounted Rifles at Bothaville,

IT WAS A STUBBORN FIGHT.

Lord Roberts Praises the Troops, and Mentions Lt.-Col. Lessard and Evans Especially.

London, Nov. 10.—The War Office has received the following despatch from Lord Roberts, under date of Johannesburg, November 8:—

"Col. Legallais surprised the Boers on the night of November 5 three miles south of Bothaville, and was heavily engaged for five hours. The enemy's strength was 1,000.

"General Charles Knox followed with DeLisle's mounted infantry, and completely defeated the enemy. We captured one 12-pounder, taken at Sanna's Post; one 15-pounder, taken at Colenso; four Krupp guns, one pom-pom, and one Maxim, with all the ammunition and waggons.

"We took 100 prisoners. Twenty-five dead and 30 wounded Boers were found on the field.

"Steyn and De Wet were with the force, and left in great haste. We pursued the enemy for some miles to the south-east, when they broke up into small parties.

"Our casualties were Col. Legallais, Capt. Englebath, Lieut. Williams and eight men killed, and seven officers and twenty-six men wounded.

"I deeply regret the loss of these three officers, as all were most promising. The loss of Legallais is a very serious one, as he was a most gallant and capable cavalry leader.

"The fighting was mostly at close quarters, U Battery of the Royal Horse Artillery being in action at a distance of 400 yards.

"Among the wounded prisoners is De Villatos, who was Steyn's secretary. Among the dead on the field was a Boer doctor with a red cross on his arm and a rifle in his hand, wearing a half-emptied bandolier."

CANADIANS WERE IN IT.

A further despatch from Lord Roberts gives details of the above combat. It says:—

"General Knox states that he takes no credit for the very successful engagement of November 6, which was due, in the first instance, to the determination of Lagallais never to lose touch with the enemy, and, secondly, to the able way in which De Lisle handled the firing line after Lagallais and Ross were wounded.

"Smith-Dorrien reports that the two days' fighting mentioned was very hard. His force consisted of 250 mounted troops from the Fifth Lancers, the Royal Canadian Dragoons and Mounted Rifles, two Royal Canadian Artillery guns of the Eighty-fourth Battery and 900 infantry of the Suffolks and Shropshires.

"Our casualties the first day were six killed and twenty wounded, chiefly of the Shropshires, who fought splendidly.

"The next day the Boers tried to seize the strong position on the bank of the Komati, from which they were beaten out November 6, but were prevented by Colonel Evans, the Canadian mounted troops and two of the Eighty-fourth guns galloping two miles and seizin it in the nick of time. The rear on the return march was defended by Colonel Lessard, with the Canadian Dragoons and two Royal Canadian guns under Lieutenant Morrison.

"Smith-Dorrien says no praise can be too high for the devoted gallantry these troops showed in keeping off the enemy from the infantry convoys.

A BOER CHARGE.

"In the afternoon an event unprecedented in this war occurred, when some 200 mounted Boers suddenly charged the rear guard within seventy yards, when they were stopped by the Canadian Dragoons. During the fight sixteen of the Canadians fell into the hands of the enemy, who treated them kindly and released them after removing their own dead and wounded, during which operation the Canadians were compelled to lie on their faces in order that they might not see how heavily the Boers had suffered.

"Our casualties were two killed and twelve wounded."

THE BOERS DESPERATE.

New York, November 11.—In a despatch dated London, Mr. Isaac N. Ford, cabling the New York Tribune, in regard to the war in South Africa, says:—

"Fresh details of the engagements in the Transvaal show that the Boers are fighting with remarkable courage and energy. DeWet's battle with Legallais and De Lisle was most stubbornly contested and the guns were abandoned only after a display of desperate valor. Smith-Dorrien's fighting with the Boers near Belfast lasted forty-eight hours and his rear guard was only saved by a brilliant defence, conducted by the Canadian Dragoons, whose gallantry vied with the valor displayed by the Canadian contingent at Paardeberg. The Boers were heavily reinforced in these operations and not only hung persistently upon the rear and flank of the British column but even charged on their horses in front at close quarters. This may be the courage of despair but it commands respect.

"The Boers are losing men day by day, but now that they are broken up into small bands without artillery or transport they have marked facilities for carrying on guerilla warfare and are persistent in keeping up a hopeless struggle. While they carry little food, every farm is a storehouse for them, where they can obtain supplies and fresh horses. Their stubbornness in refusing to yield cannot be explained by the illusions of Mr. Kruger's mission in France or ill-founded hopes that Bryan's triumph might have been helpful to them. They are fighting like men who have nothing left to live for and are resolved to die game. While this final exhibition of genuine Dutch courage commands British respect, there is no turning back from the relentless pursuit of the scattered bands.

"Sir Alfred Milner has sounded a fresh warning against sedition in Cape Colony and the military critics at home are crying aloud for Kitchener and scientific measures of dealing with the guerillas. As the Boers cannot continue the struggle without obtaining food, horses, arms and recruits, rigorous policies are advocated by which they may be virtually isolated, starved out and run to earth. One of the military journals suggests that every fresh recruit from Natal and Cape Colony caught with arms in his hands should be tried by court-martial and shot. Other suggestions are that every enemy found in a British uniform or making foul use of the white flag or red cross should be hanged. It is also urged that the districts must be swept of any cattle, horses and sheep; that farm houses must be burned and the seditious population employed, so that raiders will be unable to carry on their war. General Kitchener is expected to do all these things, since mild measures have been tried without avail.

BULLER'S WELCOME.

Southampton, Nov. 10.—This city was in gala attire to-day, and thousands of visitors from London and elsewhere participated in the ceremony of conferring the freedom of the city upon General Buller's carriage was deluged with flowers. Replying to the address of welcome, the General exhibited great emotion, and answered his critics vigorously. He declared that when the history of the war was fairly written it would be found that the British army in South Africa had confronted difficulties far greater than any army operating against an equally civilized enemy had ever previously experienced. He cited the Boers' superior range of vision and familiarity with the Kaffir language and country as points in their advantage.

TWO BOER LEADERS DEAD.

Cape Town, Nov. 11.—Among the Boers who were killed in the recent fighting near Belfast were General Fourie and Commandant Prinzlee.

COME HOME NEXT MONTH.

Ottawa, Nov. 10.—His Excellency the Governor-General yesterday received a cablegram from Colonel Drury stating that all the Canadian forces now in South Africa will return home next month. The cable reads:—"Artillery, dragoons, rifles, sail Halifax about December 1." This means that the Royal Canadian Regiment will be the only Canadian force privileged to visit England. The Royal Canadian Dragoons comprise what was formerly known as No. 1 Battalion of the Canadian Mounted Rifles while No. 2 Battalion retains the original name of mounted rifles.

CANADIANS WOUNDED.

Toronto, Nov. 10.—Evening Telegram's special cable:—London, Nov. 10.—It has been reported to the War Office that in the fighting with the Boers at Koomati River on the 7th, Lieutenant J. H. Elmsley, of A Squadron, Canadian Mounted Rifles, formerly of Toronto, was dangerously wounded. Lieutenant R. E. W. Turner, of B Squadron, formerly a captain in the Queen's Own Hussars, was severely wounded, while Lieutenant H. Z. C. Cockburn, of A Squadron, and late captain in the Governor-General's Body Guards, received slight wounds.

TO SUE THE PORTUGUESE.

Paris, Nov. 10.—Dr. H. L. McAuley, of Chicago, who has arrived in this city from the Transvaal, tells the representative of the Associated Press that he intends to present a claim for $100,000 damages against the Portuguese Government for imprisonment, at Lorenzo Marquez, as soon as he can lay his case before the State Department at Washington.

He says he is one of the few Chicago members of the Red Cross Society who refused to tear off the badge of the organization and shoulder a rifle in behalf of the Boers. Throughout the war Dr. McAuley alleges he stuck to the ambulance and tended both the Boer and British wounded.

Dr. McAuley is very incensed at the treatment which he declares Americans received at Lorenzo Marquez, being singled out for arrest among all the refugees. He himself, he adds, was thrown into prison for six days, finally being shipped to Europe via Trieste without a charge being made against him or being placed on trial. All his surgical instruments and personal effects, to the value of $700 disappeared during his incarceration. The authorities, Dr. McAuley further asserts, refused to permit him to communicate with the United States Minister at Lisbon.

A HOTEL DESTROYED.

Merrickville, Ont., Nov. 11.—The Windsor Hotel, a three-storey building, was seriously damaged by fire yesterday morning and most of the contents were consumed. A commercial traveller named Nagel lost all his boot and shoe samples, and many of the boarders lost their belongings. John Wright, lessee of the premises, is a heavy loser. Value, $8,000; insurance, $4,000.

NO ANARCHIST PLAYS.

New York, Nov. 12.—The police refused Saturday to allow the Italian anarchists of this city to give a play entitled "A man without a country," in the Germanic Assembly rooms on the Bowery because the Italians had neglected to get a theatre license. A number of policemen and detectives stood at the door of the assembly rooms and turned away all comers who had come to witness the performance. The play was to be in commemoration of the thirteenth anniversary of the Chicago "Martyrs" who were hanged for their connection with the Haymarket riots, and the proceeds from the 35 cents admission, was to have been charged was to be given to Mrs. Bresci, of Paterson, N.J., wife of Getano Bresci, the assassin of King Humbert of Italy. Mrs. Bresci and her two children were among those turned away from the hall.

KRUGER A HERO

THE FRENCH PEOPLE ARE PREPARING AN ELABORATE WELCOME,

But the Sober-minded in the Nation Advise Against Causing Offence to England.

New York, Nov. 12.—The reception to be tendered President Kruger on his arrival in France is referred to by the special correspondent of the New York Tribune yesterday, as follows:—

Manifestations in preparation for the expected arrival at Marseilles next Saturday of ex-President Kruger are regarded as a misfortune by sober-minded Frenchmen, who wish to maintain friendly relations with England. The Government is fully alive to the danger, and has made strenuous, but vain, efforts to bring it about that the Gelderland drop her undesirable passenger at Brindisi. M. Cornely, in the Figaro, H. Hebrard, in the Temps, M. Yves Guyot, in the Siecle, and other champions of common sense in this country, have long contended that there are many political and economic reasons why France and England should live together in peace and harmony. The Figaro has had the courage to point out that the English boycott at the exposition, provoked by ribald caricatures of the Queen, cost France several hundred millions of francs. To-day, not only calm, thoughtful politicians, but even Nationalist leaders, such as M. Jules Lemaitre and M. Quesnay de Beaurepaire, guided perhaps by prudence rather than conviction, advise their followers to abstain from celebrating Kruger's arrival in such a way as to provoke counter expressions of hostility from England. The Figaro, Desbats, Soleil, Temps, all try to explain away the prevailing exuberance of pro-Boer enthusiasm as a Nationalist manoeuvre directed against the Waldeck-Rousseau Cabinet, but it must be remembered that the welcome which was to be accorded to Kruger at Paris at the Hotel de Ville was voted by the Socialist minority as well as by the Nationalist majority. It is impossible for anyone with his eyes open to blink at the fact that Kruger is regarded by the masses of the people as a hero and martyr. This is the real danger. And although Senator Paulat, the president of the French committee for the independence of the Boers, in conversation with the Tribune correspondent, expresses his absolute conviction that the proposed welcome to Kruger will not be accompanied by any violent explosions of feeling offensive to England, he, nevertheless, in common accord with Dr. Leyds, is organizing a sort of triumphal journey for the ex-president from Marseilles to Paris, with halts and demonstrations at Avignon, Aix en Province, Lyons, Dijon and other towns—singularly enough following the historical itinerary adopted by Napoleon on his return from Elba.

There is no denying the fact that Mr. Kruger has become the popular hero of the hour. Extenuating circumstances that can be urged in behalf of the French public are that from the very outset of the Transvaal war they have heard but one side of the question. With rare exceptions, like M. Yves Guyot, in the Siecle, no newspaper, no writer, no speaker, has had the pluck to analyze the facts impartially. The result is that France has each morning been served at the breakfast table with systematic travesties of truth in all that concerns the war in South Africa. Nevertheless, in spite of this fresh outbreak of the hero worship, which periodically takes possession of the French nation, it is gratifying to record that the keenest observers are unanimous in the belief that the cloud gathering at Marseilles will vanish without being followed by a storm.

FILIPINOS DETERMINED.

They Intend to Fight Against United States Aggression to the Bitter End.

Hong Kong, November 12.—Private trustworthy advices from Manila report much indignation amongst all classes of Filipinos, owing to the publication of a statement to the effect that Omaha despatches allege that Filipino officers have held a conference showing an inclination to accept an amnesty and to cease hostilities, but that this had been prevented owing to Mr. Bryan's promise that if he were elected to the presidency of the United States the Filipinos should have their independence declared. This statement is absolutely false. No such conference has been held, nor is any such conference likely to be held. The Filipinos attribute the statements as coming from President McKinley's supporters, possibly Consul Wildman, who has just returned from Manila. The Filipinos were never more determined than now to fight to the bitter end for independence, owing to the brutality of the United States soldiery and the abuses and misgovernment of the Philippine Islands under American rule.

PURCHASED THE FLEET.

Duluth, Minn., November 10—The American Steel & Wire Co. has just bought the fleet of the American Steamship Company of Duluth, payang $5,250,000. There are twelve ships, including the four largest vessels on the lakes, six others of from 5,000 to 7,000 tons capacity and two St. Lawrence canal ships of 3,000 tons each. Two years ago these vessels cost the American Steamship Company about $3,350,000.

KILLED BY THE TRAIN.

Arthur, Ont., Nov. 12. — Saturday, while the 11.45 a.m. west bound C.P.R. train was passing the crossing about two miles east of the station here, a young man named John Dingman, thirty-five years of age, who was hauling a tank of water for threshing purposes, with a team of horses, was struck by the train, throwing him about seventy feet and killing him instantly. The horses escaped uninjured while the wagogn was smashed to atoms. The body was brought to the C.P.R. station here where an inquest will be held Monday night.

NAVY UNDERMANNED.

The United States Finds Itself with Barely One-fourth Enough Sailors.

Washington, November 12.—The startling statement is made in the report of Admiral Crowninshields, chief of the Navigation Bureau, that the present personnel of the navy would form barely one-fourth of the total establishment necessary to fight a first-class European power.

The admiral regards the need of the navy for officers and men as most urgent. He says that the bureau can point to many cases where the service is being harmed by lack of officers.

The Naval Academy is suffering for want of instructors, and the present high standard of training cannot be maintained. Every bureau in the department is short of officers, and the service, the report predicts, soon will fall behind in the struggle, first for leadership and then for equality with the other services. The disability of the sea-going corps officers has greatly increased since the Sapnish war, and many of the best officers are being lost, as a result of breaking down from overwork.

The admiral severely criticises the ineffective effort of Congress at the last session to meet immediate needs for officers by authorizing the employment of retired officers, and he demands the immediate repeal of that act.

THE ARMY REFORMS

A SWEEPING CHANGE WILL BE MADE NEXT YEAR.

The Men Will Put in Ten Months a Year at Scientific Drilling.

London, Nov. 12.—According to the Daily Mail, a scheme of army reform of a very sweeping character will come into operation early next year.

"The scheme," says the Daily Mail, "will make the British private a trained soldier. Instead of a system giving the recruit merely a housemaid's work and allowing no more than six weeks of military training, he will, in future, get ten months of scientific drilling, all fatigue and orderly duties being performed by a special corps of time-expired men.

"The first four months will be devoted to company training, including scouting, entrenching, bridging and taking cover. The second four months will be used in battalion manoeuvres, attacking and defending positions, and field firing. Two months will be given to grand manoeuvres on a war scale. The remaining two months of the first year will be occupied by furloughs.

"The greatest attention will be devoted to marksmanship, and the allowance of ammunition will be greatly increased. Artillery training will also be improved. The War Office is now acquiring control of large tracts of land in various parts of the country for training grounds."

WILL IT BECOME POPULAR?

How Do You Like This New Fad?

Vegetarians, anti-coffee drinkers and food cranks of every description, must now take a back seat, for a new fad has the floor.

A society has recently been formed, the members of which pledge themselves to eat no food whatever that has been cooked. They claim that uncooked food is the only rational healthful diet; that our remote ancestors ate no cooked food and therefore if we do the same, vigor and health will be our reward.

Raw meat, raw potatoes, raw wheat, raw eggs, raw everything, is the enticing bill of fare held out to the enthusiastic food crank of the future, and the society proposes to establish restaurants in the larger cities where this delightful menu may be served daily.

Modern cooking is often a dyspepsia producer, because we fry so many foods which should be baked, roasted, broiled or boiled; fried food is indigestible because each particle of food is encased in hot grease which the digestive juices of the stomach can not easily penetrate; but properly cooked food is more easily digested than the same food uncooked, and we predict for the new fad a very limited following.

The real cause of indigestion is the lack of Hydrochloric acid and peptones in the stomach so that no matter how well cooked the food, it cannot be well digested unless the gastric juice is abundant and contains the necessary amount of peptones to dissolve the food.

Therefore the most sensible cure for poor digestion is to take after each meal some safe and reliable digestive like Stuart's Dyspepsia Tablets, which supply peptones to digest the meat and eggs and diastase to digest the bread, potatoes and similar starchy foods.

Laxative medicines never cure indigestion because they have no digestive effect whatever upon the food; on the other hand, if the food is properly digested there will be no need of laxatives; good digestion does away with constipation.

Stuart's Dyspepsia Tablets contain pure aseptic pepsin (government test), diastase and the digestive elements which weak stomachs lack, and they cure indigestion by assisting the over-worked, run-down stomach in its hard work, until it is restored to its normal condition, when the tablets are no longer needed, but there are thousands of robust men and women who never eat a meal without taking one or two of Stuart's Tablets, because by so doing they can eat what they please and when they please and be free from any bad after effects.

Stuart's Dyspepsia Tablets are sold by druggists everywhere in the United States, Canada and Great Britain.

OUTLOOK IN CHINA IS VERY GLOOMY

Spread of Insurrection Causes Increased Alarm.

A PROFOUND IMPRESSION

Was Produced on Chinese at Pao-Ting-Fu by the Execution of Officials There.

London, Nov. 12.—Dr. Morrison, wiring to the Times from Pekin Saturday, says: —"Li Hung Chang has not yet replied to Admiral Alexoff's invitation to resume the government of Manchuria, under Russian protection. Russia will require the names of all officials to be submitted to her for approval. Her proposals are tantamount to military occupation, and every Chinaman realizes that Manchuria is lost to China.

"Increasing alarm is felt here at the spread of the insurrection in the southern provinces. No surprise would be caused if Japan intervenes. The trade and financial outlook is very gloomy."

A profound impression was produced upon the natives at Pao Ting Fu by the execution there of three officials—Tien Yang, provincial treasurer; General Wei Shun Kong and Colonel Kiu, who were condemned by the international court-martial as among those responsible for the massacre there.

They were beheaded and their heads were exposed on poles for a day before burial.

It is probable, despite discrepancies, that the foregoing officials are indentical with those referred to in a dispatch to the Associated Press from Tien Tsin, dated November 6, which said:—

"Ting Yueng, acting viceroy of Chi Li, the Tartar General Qwei Heng, and Colonel Wang Chau Me were shot at Pao Ting Fu by order of the court-martial."

THE PEACE NEGOTIATIONS.

Berlin, Nov. 11.—The following is the full text of the statement, evidently inspired, in the Cologne Gazette of Saturday as to the understanding reached by the representatives of the Powers in Pekin regarding the Chinese settlement:—

"Pour parles between the envoys in Pekin for the purpose of agreeing upon the fundamentals for peace negotiations with the Chinese plenipotentiaries proceed favorably in the whole series of important points.

"An agreement has been reached between the Powers particularly regarding the punishment of the main culprits, the mandarins and princes, also regarding the witnessing of the execution of such punishments by representatives of the Powers; also regarding the principle of paying damages to the several governments for the cost of the China expeditions and for damages sustained by private persons and missions; also regarding the permanent stationing of sufficient guards for the Pekin legations; also regarding the maintenance of secure and regular communications between Pekin and the seashore.

"About a number of other demands, put forth by separate Powers, negotiations are still pending."

TOO HUMILIATING.

Rome, Nov. 12.—The Tribuna publishes the following from its Pekin correspondent:—"Li Hung Chang and Prince Ching have informed me that the demands of the Powers for the punishment of Prince Tuan and the withdrawal from power of the Empress are too humiliating to be accepted by the Chinese."
