Yukon Transportation.

THE SHIPMENT OF SUPPLIES

FOR THE MOUNTED POLICE.

WHY AMERICAN ROUTES WERE

PATRONIZED.

HILL to Amend the Post Office Act—

Sir Charles Tupper Upholds the

Canadian Trade-Labor Organ-

izations Press Marks Bill—

Senatorial Tribute to the Late

Dalton McCarthy.

(From Our Own Correspondent.)

OTTAWA, May 13.—The question of Yukon

transportation was brought up in the House

this afternoon, immediately after routine, by

Sir Charles Tupper, who read an extract

from a Seattle newspaper making capital

of the shipment by American routes of

supplies for the Mounted Police in the

Yukon district. He asked the Minister of

Militia for an explanation of the reasons why

this shipment had been made by American

routes.

Hon. Mr. Borden explained his reasons for

sending a small portion of the supplies neces-

sary for the force in the Yukon by American

routes. The bulk of the shipments had gone

by the coast route. His reason for ship-

ping by this route was because the Alaska

Commercial Company was the only company

which could take the goods into the country

by way of the Yukon River. Hon. Mr.

Borden promised to bring down all the papers

in reference to the matter.

The debate was continued by Hon. Mr.

Sifton, Dr. Montague and Mr. Morrison.

The first order taken up was Hon. Mr.

Mulock's bill to amend the Post Office Act.

Postmaster-General moved the second

reading in a speech that fully dealt with the

question, giving the House much informa-

tion respecting postal legislation at home and

abroad. The essential provision of the bill

is, that the postal service shall be free of

charge, but that a double charge shall be

collected upon their delivery. Moreover, this

part of the Act is not to come into effect un-

less the House of Commons and the Governor-

General-in-Council and announced by procla-

mation.

On and after the first day of January, 1899,

newspapers and periodicals, printed and pub-

lished in Canada, mailed by the publisher to

the Post Office at the place where they are

published, shall be transmitted by mail

if they do not require to be transmitted by

mail a distance greater than ten miles from

the place of publication, they shall be so

transmitted free of postage; if they require

to be transmitted a greater distance, they

shall be so transmitted at the rate of one cent

per pound weight or any fraction of a pound

weight, which shall be prepaid by postage

stamp or otherwise, as the Postmaster-General

may from time to time direct.

For the use of the blind and free of the bill and

for the decentralization of the dead-letter

office and the establishment of branch offices,

so that for instance, a dead letter in British

Columbia will not have to be forwarded to

Ottawa and then returned to British Col-

umbia. The bill also provides that the Province

will be free of the bill and for the decentral-

ization of the dead-letter office and the estab-

lishment of branch offices, so that for in-

stance, a dead letter in British Columbia

will not have to be forwarded to Ottawa

and then returned to British Columbia. The

bill also provides that the Province will be

free of the bill and for the decentralization

of the dead-letter office and the establish-

ment of branch offices, so that for in-

stance, a dead letter in British Columbia

will not have to be forwarded to Ottawa

and then returned to British Columbia. The

bill also provides that the Province will be

free of the bill and for the decentralization

of the dead-letter office and the establish-

ment of branch offices, so that for in-
