VOL. XXXVII, No. 194 MONTREAL, WEDNESDAY, AUGUST 16, 1905. PRICE ONE CENT.

GERMANY AND FRANCE MAY YET DISAGREE OVER MOROCCO

Announcement of Loan Contract Again Revives a Feeling of Unrest.

NOT A PURELY PRIVATE UNDERTAKING.

If Kaiser's Purposes Are Pacific It Is Time to Cry a Halt.

Special Cable from a Montreal Star Correspondent.

London, August 16.—Germany's official announcement from Fez, that the contract for a loan negotiated with the the Sultan under the auspices of Count Tattenbach-Ashold, the head of the German mission to Fez, has been signed, revives the feeling in London that Germany and France may yet get into serious difficulty over Morocco.

It is noted that French opinion is becoming daily more restless, owing to rumors of German aggression. Englishmen think that the situation demands an official avowal of the Kaiser's policy. They fear that unless Germany shortly gives some proof of fidelity to the letter and spirit of the agreement of July 8, which contemplated an international solution of the Moroccan question within certain limits, France will lose confidence in the good faith of Berlin, as Japan finally lost confidence in the good faith of St. Petersburg, and then the French Government after the fashion of the Japanese Government, "will take independent action to safeguard its interests."

Englishmen do not admit the claim the proposed loan is purely a private matter. They contend that when German bankers lend money to the Sultan of Morocco, on the security of landed estates, the transaction inevitably carries German politics into Morocco, and gives the Fatherland a position in that Empire inconsistent with all Germany's official utterances on the subject.

Englishmen also refuse to accord validity to the German assertion that the negotiations began before the agreement of July 8 was concluded.

They take the ground that if the Kaiser's purposes are really pacific, as he has taken pains to assure Europe they are, he should call a halt in the proceedings in Morocco, which seem to suggest an attempt to confront the international conference, with accomplished facts favorable to Germany's case before the conferees.

TO VISIT WHEAT FIELDS.

Sir Michael Hicks-Beach Will Make Personal Investigation.

From the Special Correspondent of The Montreal Star Resident in London.

London, August 16.—Sir Michael Hicks-Beach, ex-Chancellor of the Exchequer, whose opposition to a preference for Canadian wheat has long been one of the greatest stumbling blocks in the way of Imperial reciprocity passes through the Canadian North-West from Niagara at the end of the present month. He leaves Liverpool by SS. Umbria, on Saturday. Sir Michael will then sail from Vancouver by SS. Empress of China on September 4, for Singapore, where he will be engaged in important arbitration matters.

Lord Robert Cecil, son of the late Marquis of Salisbury, who played an important part in the siege of Mafeking under Colonel Baden-Powell, sails on the SS. Victorian to-morrow, and accompanies Sir Michael Hicks-Beach to Singapore. Sir Edward Boyle will also be in the party.

WINDERMERE.

"NO ENGLISH NEED APPLY."

London Paper on Alleged Prejudice Against Immigrants.

From the Special Correspondent of the Montreal Star resident in London.

London, August 16.—The Daily Mail in an article headed "No English Need Apply," quotes from Canadian correspondents who emigrated from Britain, giving various reasons for the alleged unpopularity of Englishmen in Canada. It is stated that this unpopularity is due to the exaggerated insularity of the Englishman, and also to the United States leaven in the population.

One correspondent makes a great point of the fact that the Canadian Government values the British immigrant at seven shillings, but will pay one pound for a German immigrant.

MURDER MYSTERY STILL CONTINUES TO PUZZLE DETECTIVES

Now Thought That Lad Was Killed for Small Sum of Money He Carried.

NO TRACE OF CALL BOOK OR THE WATCH.

Young Audette Made a Stout Defence When Attacked by His Assailants.

Special Staff Correspondence.

Farnham, Que., August 16. The mystery surrounding the murder of young Wilfred Audette still continues. All kinds of rumors have been run down by Chief McCaskill, but not much information has been extracted from those who were supposed to have heard something connected with the tragedy.

Chief McCaskill and High Constable Boisvert left by automobile yesterday for Sweetsburg, where they were informed that some information could be obtained. The heavy rain forced them to return to Farnham, however, and they continued to investigate in this neighborhood. Inspector Lapointe also drove out into the country to follow up some information received by the chief.

Upon his arrival here on Sunday, one of the first things Chief McCaskill did was to clean the dead boy's nails thoroughly. This showed that the

Mr. W. C. Girard, who found the broken bottle and wrapper in the woodyard, and which are valuable clues.

young fellow had defended himself stoutly, for under the nails were found diminutive scraps of flesh, and some hair of a light color. The contents of the nails were sent into Montreal by Chief McCaskill for microscopic investigation.

KILLED FOR HIS MONEY.

The impression is gaining ground, as time goes on, that the boy was killed for the money he had upon his person. His watch has disappeared. It was said at first that the watch was at the jeweller's to be repaired, but this has been found to be untrue. The young fellow had a dollar or two in his pockets. This might have proved sufficient to induce some of the loafers, who infest the town to attack him with the intention of robbing him. When on his way to the woodyard, where they had intended to finish him more than they had intended and to cover their crime decided to finish him with the big stone which was used to crush in his head.

On the other hand, threats are said to have been made by people who were reported by young Audette to the railway authorities. Messrs. Williams and Boyle, superintendent and trainmaster of the Canadian Pacific Railway, say that nobody was dismissed on young Audette's report, but some men were disciplined some weeks ago, because they failed to come to the yards when called. The boy could not help himself, even if it was he who had been sent to call them.

NO TRACE OF CALL BOOK.

No trace has yet been found of the call book or watch, which disappeared from the boy's person at the time of the murder. The papers which Nicholas Daudelin handed to Chief McCaskill were found in the woodyard near the body by a couple of men who happened to be there at the same time as Daudelin. The latter took charge of them, and said: "These may serve later." It is not believed by those investigating the affair that Daudelin knows anything about the tragedy. They consider his rambling statements merely the ravings of a man under the influence of liquor.

INJURED BY DYNAMITE.

Italian Laborers Severely Hurt in An Explosion.

Special to the Montreal Star.

Toronto, Ont., August 16.—Dominic Belew, and Phillipe Scotfon, Italians, employed as laborers on the James Bay Railway, were brought to the General Hospital last evening suffering from terrible wounds received while working about 12 miles north of Gravenhurst. Scotfon is totally blind and may not recover from his injuries. The men were injured by a dynamite explosion. A stick of dynamite, which had been placed in a piece of stone, failed to explode with the others, and was struck by a crow bar in the hands of one of the men. Four companions carried the injured men 12 miles to Gravenhurst, the last eight in the terrible storm of yesterday morning.

Deviation of Grand Trunk Route.

Special to the Montreal Star.

Brantford, Ont., August 16. — The Grand Trunk authorities announce that the main line of their system will be deviated by way of Brantford, the second week in September. For this concession, they were some three years ago voted a bonus of $57,000. Hereafter all main line trains between Suspension Bridge and Detroit will come by way of and stop at Brantford. Harrisburg is thus cut off, the run from Hamilton to Brantford being made to Lynden and from there to this city by the new "cut off" branch.

WILL PAY JAPAN MILLIARD ROUBLES AS WAR EXPENSES

Czar Said to Have Instructed M. Witte to Go Thus Far.

THE PEACE OUTLOOK IS BRIGHTENING.

The Pessimism That Reigns in St. Petersburg Does Not Reign at Peterhof.

Special Cable From a Montreal Star Correspondent.

St. Petersburg, August 16.—The peace outlook is brightening. Opinion at Peterhof is not tinged with the prevailing pessimism of this city. It is understood that M. Witte will offer to pay a milliard of roubles ($510,000,000) as war expenses, and grant Japan a lease of Sakahlin Island. Count Lamsdorff is understood to believe that Baron Komura will accept these terms, as otherwise a portion of the powers would impose on the Japanese Government a less advantageous peace.

Portsmouth, N.H., August 16.—Mr. Alexandre Erlant-Ihaninoff, correspondent of the St. Petersburg Slovo, writing on the questions involved in the surrender of the Eastern Chinese Railway, which is being considered by the peace conference to-day, and also regarding the general question of the restoration of Chinese sovereignty in the province, says:

"Notwithstanding the secrecy so strictly observed regarding the discussion of the peace conference, it is now known that the second article discussed concerned the question of returning Manchuria to China and that the article has been agreed upon. So it is understood that Manchuria is going to be restored under the charming administration of China. For fear of Russia's enlargement she has been prevented from completing her work of civilization in that province, where she spent millions of Russian roubles, retaining in return only unpleasant memories, and now they say that it is better to give Manchuria to nobody than to Russia, for to return Manchuria to China means to return that province to the State of barbarism. It is, however, asked if even the railway which cuts this province in three portions and which should be an instrument of civilization and of development of her riches, will be abandoned to Chinese neglect.

With regard to the Harbin-Liao Tung Railway line the institution of a Chinese administration can be understood as this line has no strategic legitimate value except for China. But it is quite different with the line uniting Vladivostok to Russia, which it is impossible for the Muscovite empire, because of its strategic value, to make dependent upon a Chinese administration. Technical researches have shown the enormous difficulty of uniting Vladivostok and Port Arthur with Europe around the Amur. So the civilized world welcomed the decision of Russia to build a railway through Manchuria. Russia made this immense effort which, considering the policy of an open door, will be of great and equal advantage to the commerce of the whole world. It is therefore just that Russia should have the material guaranty that that railway line should not run the least risk of being destroyed or cut by the brigands or that it should suffer in case of a misunderstanding with China. The commerce of the world will gain very much if Japan should be entrusted with the guarding of the southern railway line and Russia with the protection of the north line, mutually pledging themselves to follow the policy of the open door in the whole province."

DOUKHOBORS COMING.

One Hundred and Eighty are Now on the Way.

From the Special Correspondent of the Montreal Star Resident in London.

London August 16.—180 more Doukhobors are now on their way to Canada from Libau, via London, to settle in the North West. There is great competition among agents for the business of their transport, owing to the pound bonus per head.

WINDERMERE.

The British Football Team.

Canadian Associated Press.

London, August 16.—The English Association Football Team will sail by the Bavarian on August 24. Together with Sir Charles Kirkpatrick, the team consists of Fred. Milnes, of Sheffield United; V. J. Woodward, Tottenham, Hotspurs; J. D. Barnsdale, Nott's Forest; A. E. Housefield, Derby County; C. W. Storey, Corinthians; H. Fletcher, Derby County; J. E. Raine, Copeland, Sheffield United; J. Brynning, F. Walmsley, W. H. Nuttal, Northern Nomads; E. A. Milton, Saltley College. After a practice at Montreal a game against players selected from all the clubs of the Canadian Eastern League will take place on September 9th.

Mr. J. M. R. Fairbairn has been appointed acting engineer of the Eastern Division of the Canadian Pacific Railway, to succeed Mr. D. MacPherson, who has resigned.

AMALGAMATION IN WHOLESALE DRUG TRADE DISCUSSED

Twelve Houses Are Said to Have Entered Into a Combination.

CORPORATION'S CAPITAL PLACED AT $6,000,000.

Montreal Houses Say They Have Not Been Approached of Late Regarding It.

The amalgamation of at least a portion of the wholesale drug interests of Canada is said to be on foot, though so far the large wholesalers of Montreal have not been approached on the subject.

From St. John, N. B., comes the information that a combination of twelve of the wholesale drug houses is in the course of formation, that the capital stock is to be $6,000,000, and that Montreal is to be the corporation's headquarters.

When canvassed to-day the various wholesale druggists of the city stated that, while some such move had been attempted in the past, nothing had come out of it, and as for the present proposal they knew nothing concerning it.

Mr. W. S. Kerry, of Kerry, Watson and Company, stated to-day that his firm had been approached many months ago on the subject, but nothing ever came of it, and since that time he had not been informed of any further developments.

Mr. Henry Miles, of Leeming, Miles and Company, also said that he had heard nothing of the alleged amalgamation.

A prominent wholesale druggist, in discussing the situation, stated that the present status of the wholesale drug trade in Canada was very unsatisfactory indeed, and he was of the opinion that the average wholesaler, great or small, was making very little money. The travellers of the various houses were covering the same territory, selling goods at large expense, and often cutting prices to secure trade.

An amalgamation would be an excellent thing, but he doubted very much if the various elements would assimilate. It had been tried before, and had failed.

Asked as to the number of wholesale drug houses in Canada, this gentleman stated that there were about 35, and of this number 22 could be called important. They were distributed as follows:

Maritime Provinces, four.
Montreal, four.
Quebec, two.
Toronto, three
Hamilton, two
Winnipeg, three
London, one
Kingston, one.
Victoria, one
Vancouver, one

In the present movement Mr. D. W. Bole, M. P., of Winipeg, president of the Wholesale Druggists' Association, is said to be prominently identified.

KILLED CARRIER PIGEON.

It Became Entangled in Net Work of Wires.

Two carrier pigeons visited the vicinity of No. 15 Fire Station, and one of them became entangled in the electric, telephone and telegraph wires across the street, and was electrocuted. The firemen tried to capture the other one, but failed.

The body of the dead bird, when removed was found to have the regular registered band of identification around its leg. This band bore the marks, "N. M. 05, 4." This means that the bird is of this year's birth. Its own registry number is four, and the name of the owner commences with the initials N. M.

A Warm Welcome Home.

Mr. and Mrs. J. Hirsch returned from an extensive European tour on the SS. Virginian on Friday last having been absent since the early part of the summer. On resuming business relations with the firm of J. Hirsch Sons & Co., of which Mr. Hirsch is the senior member, the employes marked the occasion in an appropriate manner by presenting him with a magnificent "Loving Cup" suitably ingraved, and an address of welcome expressing their esteem and thankfulness at his safe return. Mrs. Hirsch was also the recipient of a bouquet of roses, and a kind reference to her was included in the complimentary words of the address of welcome. The entire establishment was beautifully decorated with flowers and bunting. The occasion was made a half holiday for the employes of the firm.

CANADA WILL HAVE ENORMOUS CROP TO SHIP

Shipping Business Will Be the Greatest in the History of Dominion.

THE UNITED STATES ALSO HAS BIG CROP.

Many Millions of Bushels of Grain to Be Shipped Through Montreal.

With the cutting of the grain in the North-West only a week off, and with the prospect of the largest yield in the history of the Dominion, the Montreal grain brokers, shippers and others interested, are looking to one of the heaviest season's business they have ever experienced.

Naturally they will breathe easier when the next ten days have passed away and nothing detrimental has happened to the ripening crops. By that time the grain will be cut to a large extent and within four, or at the outside five weeks time, it should begin moving from the west eastward.

"Making a rough calculation, according to present information," said a prominent shipper on the floor of the Montreal Board of Trade to-day, "I can see nothing ahead but prosperity. Of course, there is the "IF," which stands in the way until the grain is housed, but eliminating this and making calculations accordingly, I think that we will have the greatest business the Dominion ever experienced.

ENORMOUS SHIPPING TRADE EXPECTED.

"If the United States crops materialize on anything like the scale anticipated, then we will do an enormous shipping trade from this port in American grown corn and wheat as well as native grain. The present United States estimate of corn is no less than 2,574,000,000, while the wheat crop is estimated at 715,000,000 bushels, as compared with 552,000,000 last year.

"This difference in the wheat crop of the two years can well be placed as the shipping surplus, while an enormous amount of corn can be spared for export.

"In Ontario the wheat crop will be between twenty and twenty-two million bushels, which gives a surplus of ten millions for export, for their powers of consumption up there are about ten million bushels per annum. Then we will have all the crop for the North-West Territories and Manitoba.

"If anything should happen to Russia, which is after all, the North American continent's great rival in the grain business, we would be able to ship at high prices. In any event this surplus must be disposed of."

MAY SUCCEED MR. SHAW.

Mr. G. B. Cortelyou Slated as Secretary of Treasury.

Special to the Montreal Star.

Washington, August 16.—Mr. George B. Cortelyou, postmaster general, will succeed Mr. Leslie M. Shaw as Secretary of the Treasury, when the latter voluntarily retires next February, if he will accept the position. Such is the

MR. GEORGE B. CORTELYOU,

opinion of those highest in official authority here. It is said to-day that the offer has already been informally made, and that Mr. Cortelyou has shown some hesitation about accepting, preferring the work of the Post Office Department. If Mr. Cortelyou goes to the head of the Treasury Department, the postmaster generalship may be offered to Mr. Harry S. New, Indianapolis.

POUNDED TO DEATH BY STEAM HAMMER

Joben Wass Had Nearly Every Bone in Body Broken, Yet Lived Two Hours.

Joben Wass, 50 years of age, whose home was at the corner of Ryde and Charlevoix street, met a violent death while he was at work in the Grand Trunk Railway shops to-day. The victim, by some means, got caught in a steam hammer, and, before the machinery could be stopped, nearly every bone in his body was fractured. The injured man was taken from the workshop to the Railroad Y. M. C. A. building, and a telephone message was sent to the General Hospital for an ambulance and a doctor. The ambulance made a quick run, and in a few minutes the dying man was on his way to the institution. Notwithstanding his terrible injuries he lived a couple of hours after being admitted and retained consciousness until the very last. There will be an inquest into the cause of his death to-morrow morning at 10 o'clock.

EASTERN PASSENGER AGENTS

The Quarterly Meeting Discusses Special Rates.

The Eastern Passenger Agents' Association held their quarterly meeting at the Windsor Hotel yesterday afternoon, at which special rates for conventions were under discussion, but no decisive step was taken in the matter. About twenty members were present at the meeting, and Mr. Thomas Henry, president, was in the chair. The Grand Trunk representatives were Messrs. G. T. Bell, H. G. Elliott, W. Johnson and J. D. McDonald. The Canadian Pacific Railway was represented by Messrs. C. E. E. Usher, Wells, Sturdie, Foster and Morrison; the Intercolonial Railway by Mr. J. H. Walsh; the Northern Navigation Company by Captain Nicholson, and the New York Central Railway Company by Mr. F. E. Barbour.

After this meeting a conference of the different comercial travellers' associations was held, but nothing definite was decided upon in regard to rates.

Alleged Pickpocket Arrested.

Detectives McLaughlin and Sloan were successful in arresting one Percy Brown yesterday, accused of being one of the cleverest pickpockets in the country. He is charged with having stolen $130 from a man named Joseph Dorion who comes from Lake Linden, Mich. He was on a Grand Trunk train last Saturday and as he was carrying his little girl off the train he says Brown stole his pocket book. Brown appeared before Judge Lafontaine and pleaded not guilty to the charge and on application of Mr. J.P. Cooke K. C., was admitted to bail pending the enquete which has been fixed for next Wednesday.

Joseph Levesque Under Arrest.

Joseph Levesque who is twenty-seven years of age and who has also been known under the name of Rouge Levesque was arrested last evening by Detective Leger on a charge of having stolen $15 from Albert Denzer of Wisconsin. The theft is supposed to have taken place in a saloon on Jacques Cartier Square. Denzer said that he had been treating Levesque and several others and when he was leaving the saloon he claims that Levesque put his hand in his pocket and took his money. A few hours later Levesque was arrested. The prisoner appeared before Judge Lafontaine to-day, and pleaded not guilty.

Hint to the Hygiene Department.

Opposite 444 Notre Dame there is the corpse of a dog which has been lying on the street since Monday morning. It looks as though it had been torn to pieces by a street car, and since the heavy rain yesterday it is in a malodorous condition. It seems strange that visitors to the city have to call attention to a matter of this kind. Why it is that the scavengers do not take the dog away, or if they are not responsible for the cleaning of the street, the proper authorities are not notified are subjects of discussion in the neighborhood.

BASEBALL MAGNATES TAKE SOME IMPORTANT STEPS IN GOVERNING CLUBS

Cincinnati, August 16.—The National baseball commission met here yesterday and among other matters disposed of the case of Howard C. Griffith, of Jersey City, who was summarily removed from membership in the National board of the National association. He was charged by President B. B. Johnson of the American League with having attempted to break the National agreement and endeavoring to array all of the minor leagues against the National associated leagues unless certain concessions were granted the minor leagues. Three weeks ago the commission met in Cleveland, prepared to try Mr. Griffith, but he secured a court injunction against such action.

In the case of pitcher "Doc" Hillebrand, it was decided that he belonged to the Washington American League club. He is now with the Pittsburg Nationals. It was shown that Hillebrand had accepted $1,000 from the Washington Club while he was yet at college, but that he afterwards returned the money, saying he would not play professional ball. Washington professed when he afterwards signed with the Pittsburgs.

As to the Griffith case, inasmuch as the complaint filed by President Johnson against Griffiths has been disposed of, the commission deemed it unnecessary to take any further action, and recommended that all of the papers in the case be filed.

Relative to the matter, the commission requested the National association to take up at its annual meeting certain statements and charges presented by Mr. Cavanagh, of the Southern League, involving the actions of certain members of the association at a meeting held at Columbus, Ohio last February.

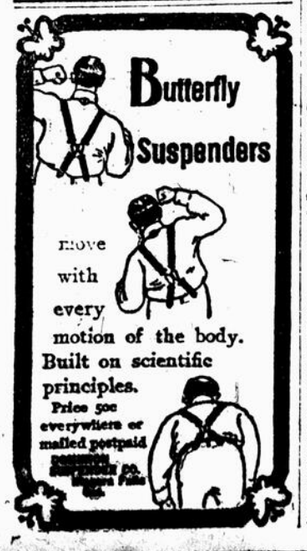
Boston	35	71	.324
Brooklyn	32	71	.311

SEYMOUR TOP NOTCHER IN NATIONAL LEAGUE.

Seymour, of Cincinnati, has a clear lead of 10 points over Wagner, of Pittsburg, his nearest opponent in batting. Fifteen National League players are hitting over .300. The averages follow:

	G.	A.B.	R.	B.H.	P.C.
Seymour, Cin.	97	381	62	142	.370
Wagner, Pitts.	93	347	70	125	.360
Donlin, New York	97	402	79	135	.336
Chance, Chicago	74	244	55	81	.332
Howard, Pitts	79	282	42	93	.327
Beaumont, Pitts.	89	351	50	114	.325
Bresnahan, N.Y.	58	196	28	63	.321
Clymer, Pitts	68	266	58	85	.320
Thomas, Phil.	96	375	79	118	.315
Strang, Phila.	46	182	28	41	.311
Magee, Phil.	101	393	67	121	.308
Smoot, Phila.	96	370	52	113	.306
Browne, New York	82	349	61	106	.303
Titus, Phil.	101	377	74	114	.302
Clarke, Pitts.	96	367	61	111	.302



The Zion Athletic Baseball Club will play one of their hardest games of the season on Park St. Denis (Old Exhibition grounds) corner of St. Urbain and Boulevard, on the 20th of August, at 2 o'clock sharp, with the strong Stars. The Zions will try hard to land another win to its list of victories, and request that all members and their friends will be up to cheer them along.

The Arcolas and St. Laurent met in a friendly game of baseball, played at St. Laurent, August 13th, the former winning by a sore of 13 to 5.

The Arcolas and the Royals met in a friendly game of baseball on Fletcher's field, August 12th, the former winning by a score of 25 to 10.

LACROSSE

MONTREALS PRACTICING HARD FOR THE MATCH WITH THE CAPS.

As the day approaches for the game Capital vs. Montreal excitement increases. The Montreal boys are working like beavers and look forward to a win. The Caps cannot afford to lose the game, therefore Pete Greene has ordered afternoon practices with a view of rounding the boys into the pink of condition. The Montreal boys' showing against the Shamrocks has been heralded as a great achievement, and the Caps realize that to top the Westmounters an extra effort will have to be made.

Bowery Robertson will be on hand to defend the nets.

Ralph, Shea and Marsh are playing stellar lacrosse on the defence.

The Caps' home is certainly all to the good. Allan, Eastwood, Murphy and Gaul are a great quartette.

Nolan and Starrs will do battle at centre, and it promises to be a great one.

Jim Muir will play goals Saturday, and with Neville, Cameron and Finlayson will carry the hopes of Montreal supporters.

Angus and Mackerrow will look after the defence field, and there is no fear but that it will be well looked after.

President Hamilton is confident of success, so is Bob Taylor. Bob will be on hand to fill any gap that may occur.

With fine weather, the crowd promises to be as large as the Shamrock game. Herb Brown says the tickets are being eagerly sought for.

The Montreal home certainly continues to improve, particularly in their shooting. Barney is giving this department his undivided attention.

SHAMROCKS AND FRIENDS TO VISIT CORNWALL.

The Shamrock team will go to Cornwall Saturday—on their regular excursion—when they will meet the Cornwal Colts. If the weather is fine, quite a large number of people will take advantage of the cheap rate, and go to Cornwall with the Champions. The Shamrock team will be considerably weakened in the loss of Smith and Robertson, but the occasion will give an opportunity to try out some of the promising young men of the intermediate team. A hard game is looked for.

UNITED STATES SECRETARY OF NAVY EXONERATES BOXER WHO KILLED.

Washington, August 16.—Secretary of the United States Navy Bonaparte, after a thorough examination of the records in the case of Raphael Cohen, the coal passer on the converted cruiser Yankee, whose death resulted from injuries received in a boxing contest held on an American warship in Dominican waters on July 9, said that from an investigation of the records, he saw nothing wrongful, although, of course, it was extremely deplorable that Cohen should have lost his life. He added that boxing and athletics generally are encouraged in the service, because of their beneficial influence on the health of the men, as well as to relieve the tedium of a sailor's life. The court found that neither Cohen's adversary nor any other person was in any way culpable, and recommended that no further action be taken.

Two Important Matches.

New York, August 16.—Two matches which are considered important by the followers of pugilism, have been arranged, says the Sun. The first one will be a 25-round bout between Jimmy Gardner, of Lowell, and Buddy Ryan, of Chicago. The pair are to meet at Colma, A. C., Colma, Calif., on August 23. They will fight at 142 pounds, the encounter is practically for the welterweight championship of the world in view of the fact that Ryan is regarded as the leader in this class.

The men are to weigh in at 7 o'clock on the night of the mill and will fight for a purse of $3,500.

The other bout will be between Eddie Hanlon, of San Francisco, and Willie Fitzgerald, of Brooklyn. They are booked for a 20-round go before the Century A. C., Los Angeles, on August 29. They are to weigh in at 133 pounds ringside.

Saturday's Big Association Game.

Followers of association football will have an opportunity of witnessing a first class exhibition of the game on Saturday next on the National lacrosse grounds when the C.P.R. and Westmount clubs come together in the league contest. There are two games to be played on this ground Saturday, the first being C. P. R. intermediates and Westmount intermediates called for 2.30 p.m., and C. P. R. seniors vs. Westmount seniors, called for 4 p.m.

C.P.R. and Westmount came together at the early part of the season, the game resulting in a draw of two goals each. These two clubs have the reputation of playing the cleanest football in Montreal and, given fine weather, a good gate is to be expected. The National ground is an ideal one for the game, both from a players' and spectators' point of view. Ontario cars going east go direct to the grounds.

SHRUBB MAY NOT COME HERE AFTER ALL.

Great disappointment was felt after the receipt last night of a despatch from London that the Southern Committee of the British Athletic Association had refused permission to Alfred Shrubb, the British champion runner, to go to America to compete in the championships at New York and Montreal.

In the absence of fuller details to account for the action of the British Association, the reasons for the refusal are left purely to conjecture. No reflection has ever been thrown on the standing of Shrubb as a Simon Pure amateur, and consequently the suggestion that some grounds for suspicion may have been found can readily be ignored. If there had been a taint of professionalism, the action of the committee would have gone further than merely to refuse Shrubb permission to compete in Montreal and New York.

Captain Gorman, president of the C. A. A. U., received the news with surprise, and was altogether at a loss to suggest a reason for the refusal to allow Shrubb to compete in Montreal. Evidently the committee was in possession of certain facts not known to outsiders, and until these were made public conjectures in the meantime would be useless and unsatisfactory.

"Some time ago," said Captain Gorman, "I was asked if the C. A. A. U. would pay part of Shrubb's expenses in the event of his coming to Canada. I replied, 'Certainly not; we have never done such a thing before, and we will not do it now.' We would be delighted to see Shrubb on a local track, but he must come under the same conditions as any other amateur.' Shortly afterwards I heard that Shrubb had decided not to come, and later a second report that he had entered for the Caledonian games.

While permission has been refused to Shrubb by the athletic organization at home, it is by no means certain that Shrubb will not come to America. Capt. Gorman stated that he had heard on good authority that Shrubb proposed making his home in Canada, and that on the proposed trip he would be able to look around and make a choice of the location that suited him best. If this should prove to be the case, Shrubb could compete in Montreal without his action in any way interfering with his status on the track, as the Canadian Union has no provision demanding that a visiting runner have the permission of his home organization before competing on a Canadian track. Such a regulation, however, has been in force in the past year in the United States. But if Shrubb made his home in Canada there would then be no reason for the Canadian Union to refuse its permission for Shrubb to go to New York.

THE OFFICIAL OPENING OF THE NEW M.A.A.A. CLUBHOUSE APPROACHES

Preparations are in progress for the formal opening of the handsome new club house of the M. A. A. A., which will likely take the shape of a complimentary "At Home" to the members and their friends, and be the largest affair of the kind so far given by that association.

Mr. W. E. Findlay, the chairman of entertainments, will submit plans for the approval of the board of directors at their next meeting, and it is likely that the date will be fixed for about the end of September. The formal opening will be the first of a series of entertainments of different kinds to be given during the winter months, and as the new building is particularly well adapted for that sort of thing, the members will appreciate the opportunity of occasionally attending a "smoker" or "stag euchre," and, of once in a while having the privilege of entertaining their lady friends.

Circuit Races Postponed.

Poughkeepsie, N.Y., August 16.—On account of rain yesterday's Grand Circuit races were postponed until to-day, and each day's programme will go over one day, making the meeting end on Saturday instead of Friday.

CREW OF TEMERAIRE.

Left to right—Herbert Parsons, Wilton Morse, "Casey" Baldwin, H. F. Darrell, Skipper E. K. M. Wedd, H. C. Griffith, Herbert Barber.

(By a Special Correspondent of the Montreal Star following the races off off Charlotte.)

Rochester, N. Y., August 16.—One more glorious victory for Temeraire yesterday, and just one more is required to carry the Canadian Cup back to Canada. In a smashing northeaster, tricky, varying in strength from twelve to eighteen miles, and piling Lake Ontario into huge surges, the Canadian challenger walked off with the race with two and a half minutes to spare.

The course was triangular, supposedly Iroquois' favorite, and there was two-thirds of it reaching, but that made little difference.

Temeraire could gain on every point of sailing. She did so in the first round. That her gain was confined to the windward work in the second round was due to her skipper's careful handling, for he realized the race was his, unless a breakdown happened, and he remembered that there was at least one more race to sail.

Temeraire was sailed easily on the last two legs of the triangle, the second time, and in spite of the gains of hard driven Iroquois, she had a handsome lead at the finish.

With two races safely away, Canadians are naturally jubilant. The cup seems safe for Canada with reasonable luck. In a drifting match Iroquois is a dreaded rival, but Wednesday's race is over the windward and leeward course, which is Temeraire's stronghold, and even if she loses that, there is a chance of good sailing weather for the final race Thursday.

There was a bigger sea on yesterday, and perhaps more wind throughout than there was on Monday, although at times it was lighter. It made up for this by blowing all the harder later on.

The day was a disagreeble one for any but sailors, the northeast wind being keen and cold, rain setting in during the last half hour, and the sea so high that the excursion steamers and steam yachts and even some sailing craft were forced to put back to land seasick passengers. The low-huiled steam kachts frequently disappeared completely from view in the trough and of the sailing craft, nothing could be seen but their canvas.

In point of seamanship the Canadian crew were away superior to the Americans, and Temeraire's sail-carrying ability was demonstrated in splendid style.

Iroquois sailed out of the Genesee River under single reefed mainsail, stay sail and small jib. Skipper Mabbett had been adversely criticized for carrying full head canvas with reefed mainsail the preceding day, although even his critics declared, in the same breath, that Iroquois carried a weather helm, which would be the result of too little canvas forward rather than too much.

Temeraire sailed out under whole plain canvas and as soon as they commenced dipping into the rollers, off the pier end, it was seen that the Canadian had made a better guess at the weight of the wind. It was only blowing twelve miles an hour, and Iroquois could have stood up to it with all sail on. Temeraire swung her whole sail area easily, although the mainsail, as explained before, set four inches higher than usual, and, consequently, the leverage on her centre of gravity was that much greater. They formed a pretty picture, dodging about for a start. Near gunfire both went for the line on the run. Wedd was a little early, and he put Temeraire dead before the wind with her sheets flat in. This allowed Mabbett to catch up. Then Wedd jibed and stayed, shooting up on Mabbett's weather quarter, and so they crossed the line, making an excellent start, Iroquois going over right on gunfire and Temeraire being several seconds back, two lengths astern of Iroquois, but two lengths to windward, so that she was quite on even terms. The time of the start:

Iroquois	11.00.00
Temeraire	11.00.15

Within two minutes Temeraire had caught up to the American boat and passed her away to windward. They were leaping like porpoises on the big sea, showing all of their forward overhangs and part of their black fins. They went over from the starboard tack. This only lasted seven minutes, but in it Temeraire worked a lead of a hundred yards. Iroquois, moving sluggishly under her reduced sail area, came about on the port tack at 11.06.30. It looked as though Temeraire was so sure of victory that she was going to let Iroquois split tacks and work out her own salvation, but Wedd was too careful a skipper for this, and at 11.07 he put Temeraire about and followed Iroquois on the port tack. Seven minutes of sailing convinced Skipper Mabbett that his boat was under-canvassed on either tack, and at 11.14 he shook out his reef, taking less than two minutes to do so, a fairly small job. If, as alleged, Iroquois carried a weather helm under reefed mainsail, staysail and working jib, she must have steered like a canal boat under, whole mainsail, staysail and No. 2 jib. This may account for her failure to do much better under the increased sail, although she stood up to it fairly well. She came about on the starboard tack at 11.18, and Teremaire immediately did the same, being able to head for the buoy. The time turning the first mark was:

Temeraire	11.31.46
Iroquois	11.34.45

Temeraire's lead in the three miles of windward work was three minutes, all but a second.

The next three miles was a broad reach to the westward, in the trough of the sea, and as was to be expected, the boats rolled horribly in the moderate amount of wind, and steering was no easy task. Temeraire was slow with her spinnaker, not breaking it out until just as Iroquois turned the buoy, and she did not carry it long. At 11.38 the wind hit in from the northward with renewed vigor, and she took in her spinnaker an set a working jib.

The hauling aft of the main sheet helped steady Temeraire, and she no longer rolled the wind out of her sails. Iroquois had not set a spinnaker, trying a balloon jib in its place, and so she did not need to change sails on account of the shift in the wind. But Skipper Mabbett experimented with all sort of head canvas, first balloon jib and the headsails he had been carrying, then balloon jib and working staysail, and the balloon jib, small working jib and reaching staysail. This latter appeared to be the most satisfactory canvas and he hung on to it until he reached the buoy. But in the three miles, Temaraire gained seventeen seconds. The time to the second buoy was:

Temeraire	11.54.41
Iroquois	11.57.57

Temeraire's lead was now three minutes and sixteen seconds, accounting for half a mile of distance.

It was a jib at the second buoy, a dangerous manoeuvre in such a breeze and the sea running, but the racers accomplished it without mishap. The last three miles of the triangle was a reach to the south-eastward, with the wind a point or so abaft the beam. Iroquois had trouble shifting her balloon canvas to the starboard side, when she gibed, and for a minute or so, she lost her balloon jib sheet. The wind had freshened up to some sixteen miles an hour, and Skipper Mabbett began to wonder whether he could carry his whole mainsail in the buck to windward that was to follow. Iroquois was staggering along all right with the wind free, but Mabbett, fearful of burying the boat in the thrash to come, decided to reef. The lifts were hauled up, the peak settled down and a man swarmed out on the main sheet, over the wavetops to hook in the reef earing. The lee lift seemed to interfere with the hauling out of the leach and in attempting to let it go the weather lift was thrown off. This let the mainsail drop into the water, man, mainboom and everything. Fortunately the man hung on to the reef earing, and in less than a minute the weather lift was pulled up and the main sheet hauled in, allowing the crew to work along the lee side. Reefing began at 12.02, and it was 12.06.30 when the mainsail was again swayed up. Temeraire meantime had been tearing homeward at a furious pace and was near the finishing buoy. She turned at 12.14.35, with half a mile to the good, and immediately started to beat back to the first mark, going off on the starboard tack. The time completing the first round was:

Temeraire	12.14.35
Iroquois	12.18.10

Temeraire's lead was three minutes and thirty-five seconds, due not so much perhaps to superior speed on the run, as to the loss of time in reefing Iroquois. Temeraire's gain on the last three miles was 19 seconds and the labor of reefing was thrown away.

The wind was a trifle lighter near the shore and the sea was very high, so that the boat with little driving power got decidedly the worst of it. Iroquois split tacks with Temeraire on turning, going off immediately on the port tack, when Temeraire swung to the starboard tack at 12.29.40. Iroquois immediately following her, but her skipper was already beginning to regret his rash haste in reefing and at 12.21 he threw his ship around on the port tack and began to shake out the tuck. This occupied two minutes and ten seconds. Temeraire sailed tack for tack with Iroquois. At 12.27.30, Iroquois went on the starboard tack and Temeraire followed. Iroquois stood up to her whole mainsail fairly well, being, of course, eased somewhat by the difference in area between the small working jib she was carrying and the regular one, although she was under the handicap of enough after-canvas to cause a weather heim.

At 12.34 both yachts were headed off nearly two points by a shift in the wind, and they tried the port tack, Iroquois being the first to stay. She only held it a few minutes, swinging back to starboard at 12.27.40, with Temeraire half a mile away, following her as though steered with the same tiller. At 12.30 Temeraire broke tacks, being far enough in the lead to be independent. Iroquois did not attempt the port tack until 12.42.

After a long stretch of nearly two miles, Temeraire swung around at 12.50.10, to make a short hitch for the buoy. She fetched it nicely on the starboard tack, turning with a lead of four minutes and 11 seconds, and starting her sheets for the rush to the second mark. The time of the turn was:

Temeraire	12.53.07
Iroquois	12.57.18

Temeraire had gained 36 second in that beat, and was three-quarters of a mile ahead. A gain of 36 seconds looks miserable compared with the gain of three minutes and fourteen seconds in the first, especially as Iroquois lost time first with her reef in, and then shaking it out, as she had also done on the first beat. But Skipper Charles Routh, of Seawanhaka cup fame, will bear out the statement that it is harder to make gains in the leading boat than it is make them in the following order, or when the fighing is hand to hand.

Temeraire set her balloon jib for the reach at 12:56, and just as Iroquois turned the mark the tack of the sail parted. It flew aloft like a parachute, the sheet being eased to relieve the strain on the crew and save the sail if possible. With excellent judgment the halyard of the working jib were manned at once and it was set and pulling, and the flying balloonser hauled down and stowed, in sixty seconds. Iroquois carried a balloon jib on the reach, with her small working jib, and working staysail set inside of it. At 1:12 she hauled the working staysail and set a reaching one, which pulled very well. It did not take long to negotiate the three miles to the second buoy. There was huge seas running and it was clearly risky to jibe around it. Skipper Wedd, with the race well in hand, decided to take no unnecessary chances, and stayed Temeraire, drawing her up into the wind from the starboard tack and letting her pay off broad on the starboard one, and so coming around.

Barely had Temeraire cleared the buoy, when she shot up into the wind, her sails shaking wildly. The port backstay, which was slacked off to leeward in the reach from the first buoy and was required for the run home had fouled the spreader. A heavy man was sent aloft to clear it, but he could not hang on to the slender wire halyards and shrouds in the seaway, and dropped to the deck, but without injury. Then a lighter man tried and succeeded and Temeraire paid away on her home run, just as Iroquois was roundjng the buoy. The time at the turn was:

Temeraire	1:14:09
Iroquois	1:17:30

The run home was without incident but for Iroquois a substantial gain. Temeraire could not carry her balloon jib, having parted the tack of it, and so she finished under plain sail. Iroquois carried her whole mainsail, reaching stays, and small jib. When she rose on a wave crest, she would show a smother a foam from her stemhead to her taffrail. She sailed magnificently, and gained a minute and three seconds in the three miles, Part of this was due to Temeraire's shaking up, while she cleared her backstay, and partly to the fact that the challenger was able to carry her balloon jib. It rained heavily during the last leg of the race, and the wind blew up to an eighteen mile strength. It looked for a while as if the Iroquois would make a garrison finish and cut down Temeraire's lead to the vanishing point. Temeraire's lead of 4 minutes and 11 seconds at the first buoy had dwindled to 3 minutes and 31 seconds at the second buoy, owing possibly to the loss of her balloon jib. On the run home she lost a minute and three seconds, possibly from causes mentioned, but she lashed across the line with a third of a mile to the good, her lead being two minutes and twenty-eight seconds. The time at the finish was

Temeraire	1.33.32
Iroquois	1.36.00

Such of the spectator fleet as had braved the wind and the rain to welcome the victor and vanquished, blew whistles loudly and burned up much powder in salutes.

The Americans took their beating in very good part. Designer Fife, Rear-Commodore Nichols and the whole Canadian contingent were, of course, immensely delighted at winning the second race of the series. The Temeraire crew almost made rainbows in the downpour with their sunny smiles, as the racer came alongside the pier. Mr. Charles Herreshoff, designer of Iroquois, when asked if he was satisfied with the handling Skipper Mabbett gave her, replied that he was perfectly. He considered that Mabbett made the most of his judgment. Some boats excelled in heavy weather and others in light, and the boat that came nearest the golden mean was the one likely to win.

Skipper Mabbett's friends, and they are many, and carry some fierce partizans among them will not listen to a word of criticism. There is a strong feeling outside, however, that Mabbett displayed bad judgment, amounting almost to vacillation, in reefing and shaking out reefs. Some men go so far as to hint at a new skipper, but this is not likely, as they would have to go outside of Rochester to get one better than Mabbett, or one in whom there is more confidence. That Mabbett's nerves were not shaken is proved by the fact that, despite the wind and sea and Wedd's example, he jibed at the outer buoy, for the home stretch, instead of staying, thereby saving some seconds, or perhaps minutes.

General regret is expressed that Iroquois had to lose 4 hundred lbs. of lead before the races came off. It is felt that with this ballast under her, she would be able to swing her whole sail area in any breeze, Temeraire could stand up in. It is late now to try experiments, but there is a disposition to put the subtracted ballast back and see what would happen.

Skipper Wedd's caution in the race, his careful staying at the second buoy instead of jibing, and his delay to get his weather backstay down are due to mistrust of his hollow spars. It is a case of once bitten, twice shy. Temeraire was dismasted in Toronto Bay in a fresh breeze, losing everything save the deck, and such an event in a Canada's cup race would be almost a tragedy. If the worst comes to the worst, Temercire has a spare mast waiting her in Charlotte, and with the assistance of Zoraza's outfit and her own spare sails, she could be rigged out again completely from truck to deck. But they don't want anything like that to happen. Temeraire's spar that was carried off was a hollow spruce one, built by the Fraser Hollow Spar and Boat Co., of Greenport, N. Y. So much disturbed were the challengers by the accident that they talked seriously of putting a solid spar in. However, Captain James Andrews, of Oakville, Temeraire's builder, advised against that, and he himself put together the hollow spar the challenger has been sailing with, and it has had some pretty severe tests and stood them well. There is a larger proportion of fir in the new mast, and this makes it stronger, although it increases the weight.

The judges again used Rear-Admiral Nicholl's steam yacht Tranquilo today. Mr. Nicholls going out in Mr. Norman Mauri's fine ex-cup defender Strathcona, so as to leave the judges perfectly clear.

The defenders had sufficient courage left to entertain the visitors to a smoker at the Rochester Yacht Club at night, and there were tall doings.

The official time of Tuesday's race follows:

Starting gun, 11 a.m.

START.

Iroquois	11.00.00
Temeraire	11.00.15

FIRST ROUND.

	1st buoy.	2d. buoy.	Finish.
Temeraire	11.31.46	11.54.41	12.14.35
Iroquois	11.34.45	11.57.57	12.18.10

SECOND ROUND.

Temeraire	12.53.07	1.14.09	1.33.32
Iroquois	12.57.18	1.17.40	1.36.00

Temeraire wins by 2 minutes 32 seconds.

ELAPSED TIME.

	Total.
Temeraire	2.33.32
Iroquois	2.36.00

FIRST ROUND.

	Beat.	1st reach.	2d. reach.
Temeraire	31.46	22.55	19.44
Iroquoi s	34.45	23.12	20.13

SECOND ROUND.

Temeraire	38.32	21.02	19.23
Iroquois	39.08	20.12	18.20

While the race was sailed in fast time, the yachts never quite reached the speed of 10 miles an hour, Iroquois, three miles in 18 minutes and 30 seconds, being the nearest approach to it and the fastest time on the course. This was on the last broad reach.

LAWN TENNIS

Champion Ward May Default.

Southhampton, N. Y., August 16.—Forty-three of the leading lawn tennis players of this country, besides three of the International Australasian team of four, are entered for play in the tournament that is the preliminary to the national championship meeting on the courts of the Casino at Newport next week. The only absentee of importance is Ward, the United States titleholder. Among the experts gathered here, it is believed that he will default his championship at the end of the Newport tournament.

W. A. Larned, the ex-champion, is the leading American in the upper section of the draw. W. J. Clothier is the leader in the lower section. With Larned is Dunlop and with Clothier are the two other Australian players, Brookes and Parker. The Meadow club last night communicated by wireless telegraphy with the steamer upon which the Australians are expected to arrive.

ODDS AND ENDS

Word was received here that the New Westminster, B.C., Fair authorities had declared all the professional rowing events off, owing to the impossibility of Stanbury and Towns attending.

Eddie Durnan worked at mile spurts against Lou Scholes, and Rice and Morice and Rice in doubles. Rice says he has improved wonderfully since he saw him last. Eddie Durnan held his opponents well.

Patrolmen E. and Z. Martineau, the weight throwers of the city police force, with Detective Descarbeau, who is fast on the track, will leave to-day to take part in the police games to be held in Toronto to-morrow. Captain Coleman, president of the Montreal Police Amateur Athletic Association, will accompany them.

THE TURF

The Horse Show Book of Awards.

Mr. W. Northey, the secretary of the Montreal Horse Show, has published a Book of Awards, which will prove a valuable and popular memento of the last exhibition.

It comprises sixty pages and a colored illustrated cover, and is illustrated with excellent half-tones of the judges and winners with the horses and carriages with which they won out.

The book is well worth keeping and among other things contains a review of the history of the Montreal Show, which proves that from a show with forty-three classes and three thousand four hundred dollars in prizes, it has increased to a show of sixty-six classes with over five thousand dollars in prizes.

A LETTER TO OUR READERS.

53 Cottage St., Melrose, Mass.
Jan. 11th, 1904

Dear Sir:—

"Ever since I was in the Army, I had more or less kidney trouble, and within the past year it became so severe and complicated that I suffered everything and was much alarmed—my strength and power was fast leaving me. I saw an advertisement of Swamp-Root and wrote asking for advice. I began the use of the medicine and noted a decided improvement after taking Swamp-Root only a short time.

"I continued its use and am thankful to say that I am entirely cured and strong. In order to be very sure about this, I had a doctor examine some of my water to-day and he pronounced it all right and in splendid condition.

"I know that your Swamp-Root is purely vegetable and does not contain any harmful drugs. Thanking you for my complete recovery and recommending Swamp-Root to all sufferers I am."

Very truly yours.
I. C. RICHARDSON.

You may have a sample bottle of this wonderful remedy, Dr. Kilmer's Swamp-Root, sent absolutely free by mail, also a book telling all about Swamp-Root. If you are already convinced that Swamp-Root is what you need, you can purchase the regular 75c and $1.25 size bottles at the drug stores in Canada. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N.Y., on every bottle.

Kangaroo Shoes For Comfort

Does shoe comfort mean more to you than anything else?

—More than the latest style and good looks?

Are your feet sensitive—so sensitive that the slightest pressure makes you wince with pain?

Some men are troubled this way.

And those who are will appreciate Kangaroo Leather INVICTUS Shoes.

Men, who have never been able to obtain relief, in any other way, find it in Kangaroo Leather Shoes.

The leather is thin and flexible but very close-grained.

This makes it soft and pliable but strong and durable.

Made in Lace Style, with medium soles and heels, with or without toe cap, $5.00.

Come in and try a pair on—never mind about buying.

Invictus Shoe Store,
249 St. James St.
(Opp. Ottawa Restaurant.)

CAN MUSIC BE LEGALLY FORBIDDEN

If Crowds Collect at Entrance of Places of Amusement

MUST "BAND" CEASE PLAYING

One of the Slot Machine Exhibition People Appears Before the Recorder's Court.

The American Arcade Company, 175 St. Lawrence street, appeared before Mr. Recorder Weir yesterday, on the charge of disturbing the neighborhood with their music, which is played till a late hour at night, and of drawing crowds to their establishment who block up the sidewalk and are a nuisance on the street. Several residents of the neighborhood gave their testimony as to this, and Chief of Police Campeau said he had received similar complaints from constables on that beat. Mr. F. Aulick, manager of the company, was also examined. Their license was produced, signed by Chief Campeau, allowing them to carry on their business of exhibiting gramaphones, bioscopes, pictorials, athletic machines and other penny-in-the-slot contrivances. The principal objections of the complainants seemed to be to the crowds who loitered on the sidewalks about the Arcade.

In answer to questions on this subject, Mr. Aulick declared that it was not merely the music that drew these crowds, as they had been greater before the music was introduced, which led His Honor to remark that it spoke very badly for the music. Mr. Aulick held that such crowds were inevitable from the very nature of their business which is a novelty in Montreal. He said they had had the same difficulty in other cities in which they had introduced this kind of place of amusement, and to avoid it as much as possible here had placed a special constable at the door of the Arcade.

The case is attracting some attention as being a test of the by-law prohibiting the use of such attractions in a business place as to cause crowds to collect on the thoroughfare. Among those present in the court were several who make use of gramophones and other musical contrivances to attract the public and advertise their wares.

After having heard the evidence His Honor took the case en delibere.

St. Louis Municipal Council.

The municipal council of St. Louis de Mile End met Monday, Mayor Plouffe presiding. Aldermen Martel, Jubinville, Daze, Gladstone and Beaudet were present. Aldermen Martin and Olivier were absent, being in the country with their families. There were but two items on the docket. Regulation No. 110, in amendment of No. 92, was read a first time. It concerns the rule to be observed in building on St. Lawrence street, above the Canadian Pacific tracks. According to this amendment proprietors on this part of the street may, if they wish build back from the street line, as the district is residential rather than commercial. The second item on the order paper was a transfer of license from Mr. L. Bourgeois to Mr. Reynaud. Consideration of this item was postponed till the next meeting on account of the absence of some of the aldermen. The next meeting will be called for the first Tuesday of September.

Meeting of Passenger Agents.

Mr. J. D. McDonald, district passenger agent of the Grand Trunk Railway at Toronto, and Mr. C. B. Foster, district passenger agent of the Canadian Pacific Railway, are in the city to-day. They are here to attend a meeting of the Canadian Passenger Association, which was held at the Windsor to-day, for the purpose of discussing rates. The meeting was also attended by the different passenger men of the city.

Sir Charles Tupper.

A cablegram received from London states that Sir Charles Tupper, Bart., G. C. M. G., will sail for Canada on August 21. His entire recovery from his recent illness is announced, coupled with the further statement that not in years has his health been so good. Sir Charles was eighty-three years of age on July 1 last. He will be accompanied to Canada by Lady Tupper.

No More Wires on St. Lambert's Hill.

At the last meeting of the road committee it was decided that all wires on St. Lambert Hill, between Notre Dame street and St. James street, must be placed underground. No more permissions for poles will be granted. All companies putting up the roads for any purpose are to be forced to repair them, or the repairs will be done by the city and charged for.

Knocked Into Hold of Vessel.

W. A. Warfield, 22 years of age, living at 107A Delorimier avenue, was struck on the head by a heavy piece of iron and knocked into the hold of a steamship, while he was at work at the London wharf, at the foot of St. Francois Xavier st., yesterday. He was hurried in the ambulance to the General Hospital. Hopes are entertained by the medical men for his recovery.

Sudden Death of Wm. Armour.

The news reached Montreal by cable Monday of the sudden death of Mr. Wm. Armour, Beaver Hall Hill. Mr. Armour sailed by the SS. Tretonia for Glasgow to revisit his birthplace, in apparently good health. He died on the 6th inst. The cause of his sudden demise is unknown by his family, as no particulars have yet been received.

Banks and Rates on Cheques.

The money order system, by which small amounts may be now transmitted through banks in the form of money orders, in no way affects the present tariff as regards the cashing of cheques. The fees for cashing cheques stand at same figures as formerly.

BANQUET TO MARYLEBONES.

A Pleasant Evening With Felicitous and Complimentary Speeches.

The patrons and leading spirits in Montreal's cricket circles invited their distinguished visitors to dinner at the Canada Club Monday evening. Among those present were Mr. Arthur Hodgson, in the chair, supported by Mr. Gilbert Ferrabee and Messrs. E. W. Mann, H. C. McDonnell, H. J. Wyld, V. A. Stow, R. O. Hunter, C. H. Eyre, M. W. Payne, F. A. Henley, Hon. G. Watson, F. J. Hopley, G. G. Napier, L. J. Moon, R. Godsell, T. C. Saunders, Rev. H. Plumptre, E. Hamsworth, E. L. Richards, H. C. Hill, H. Ackland, M. G. Bristowe, W. C. Baker, H. B. McGiverin, A. V. Clarke and C. B. Godwin.

There were only three toasts on the list—the King, from the chair; the Marylebone Cricket Club, by Mr. Baber, and Montreal Cricket Club, from the English captain.

Mr. Baber referred to the honor of receiving and playing against a team sent out from the great cricketing centre and authority, the M. C. C., and hoped these visits would in future not be so far apart, local cricket deriving great benefit from contact with players of expert ability.

Mr. E. W. Mann, in a happy speech, thanked the proposer for his remarks, and for the hearty way in which the toast was received. He said they all had enjoyed themselves immensely, and would carry back with them memories of a pleasant and all too short trip through the eastern part of the States and Canada.

He hoped that some of them at all events would be included in the next team, which he trusted would be invited again in the near future. They had met some grand cricketers—of course they were well acquainted with the prowess of several of the Philadelphia players, but it came somewhat of a surprise to find such excellent material in Canada. The bowling department is well served, as seen at Ottawa, and also that day on the M. A. A. A. ground. He thought that it was time a Canadian team was got together to visit the old country. He could assure those present that they would be recorded a very hearty reception, especially when visiting Oxford and Cambridge. If the programme should not be too ambitious cricket would receive a great impetus in this country after the return of the players.

Mr. Ferrabee ably responded to the toast of his club, proposed by the Marylebone captain.

Harvesting in the West.

Thirteen thousand men will be required in the harvesting of 100,000,000 bushels of grain now ripening in the provinces of Manitoba, Saskatchewan and Alberta. Excursions have been organized for those who wish to work on the harvest, and at the same time see the fertile Western prairies.

Tickets can be had from all points in the province of Quebec to Winnipeg, sold with a certificate extending the trip beyond September 15, without additional cost, to any station west, north-west and south-west of Manitoba and Assiniboia, but not west of Moosejaw, Yorkton and Estawan, provided the excursionist engages as a farm worker. Excursionists who shall have worked at harvesting not less than thirty days, and who will produce a certificate to that effect, will be returned to the original starting point in the East, until November 30, at a reduced rate. Mr. A. A. C. Lariviere, the Manitoba Immigration Commissioner, who has opened an office on St. James street, is taking a keen interest in the excursions. Mr. Lariviere having spent all his life in the West, is a perfect mine of information about the new centre of Canadian, and, indeed, of world-wide interest. Since his arrival in Montreal Mr. Lariviere has justified the choice of the Roblin Government in sending him here. His service in Parliament, too, has stood him in good stead in familiarizing him with many details which appertain to the office he now fills.

Fairmount School Examinations.

The following-named pupils of Fairmount Model School, have passed the Government examinations, held in June last. The names are arranged in order of merit:

Grade 1, Model.—Etta Young, Geoffrey Gulton, Robert Rhind, Kenneth Rogers, Nellie Grimes, Leonard Willing, Layton Townsend, James Donaghy, Violet Scott and Ethel Stainer (equal), Thornton Pickering, Pearl Smith, Frank Hunt, Aberdeen Corran, Helen Davis, Rose Dumaresq, Alice Blythe, Grace Robinson, Muriel Simpson, Marjory Smith, Mamie Woolner, Rebecca Cohen, John Reid, Albert Rutherford, Ernest Marshall, Edith Stuart, Ethel Grifith, Menteith Lauder, Gordon Nicholson.

Grade 2, Model.—Rose Stevenson, Evelyn Murphy, H. Wilson, Olive Fanning, Percy Salmon.

Grade 3.—Model.—William Corley, Charlie Scott, Herbert Turner, Isobel Stewart, Russell Graham, Florence Miller, Louis Taylor.

Sale of Real Estate.

There was a good audience at the Angus and Potter auction Monday. The property at 706 and 708 Lagauchetiere street was disposed of satisfactorily, Mr. M. Lesser, being the highest bidder. Other properties were offered for sale, but the bids were not accepted.

Mayor Laporte Still Laid Up.

Mayor Laporte is still confined to his home in Vaudreuil by illness. It is expected that he will be in town in a few days.

PUBLIC SALE.

AT COBALT, Ontario

The Temiscaming and Northern Ontario Railway Commission will offer for sale by public auction at Cobalt, in the District of Nipissing, Ontario, on Friday, August 18th, 1905, at one o'clock p.m. (on arrival of special train from North Bay), surface rights only on about two hundred of the lots contained in the town site of Cobalt.

The purchaser of the surface rights on each lot offered for sale will have the privilege at the time of sale of purchasing the surface rights on an adjacent lot at the same price, and he must within one year erect a house worth at least five hundred dollars on the single lot or on the two lots covered by his purchase.

Further terms and conditions of sale will be made known at the time and place of sale, and the form of agreement showing the rights the commission is willing to grant to the purchaser will then be produced.

Terms of payment: Twenty-five per cent. of the purchase price must be paid at the time and place of sale and the balance within thirty days thereafter.

The sales will be subject to reserve bids and the commission reserves the right to withdraw from sale all or any portion of the lots.

MISSED SEEING MISS SUTTON

Tennis Players Were Anxious to See the Champion Lady Player.

Montreal has missed the opportunity of seeing the work of the champion lady tennis player of the world by a combination of unfortunate circumstances.

Miss May Sutton, the lady in question, arrived here on the steamer Dominion, she spent the greater part of the day here Monday, and then, while all the prominent lawn tennis players in town, including Mr. Prevost, of the Cote St. Antoine Club, and others, were hunting for her, she quietly disappeared.

It was hoped that she might have been prevailed upon to give an exhibition of her wonderful command over racket and ball, and early yesterday, when it looked like rain, it was hoped that she might agree to stay over till to-day in the hope that it would be nice weather then.

Unfortunately it seems that she had trouble in getting the kind of hotel accommodation she desired.

She was traced to the Queen's Hotel, and from there to the Windsor. After that she vanished.

She told her acquaintances on the steamer that she was going West, and that she had to play in Cincinnati on the 28th, so she probably quietly took a train and left the city.

Y.M.C.A. Summer Training School.

The Summer Training School, under the direction of the Provincial Committee of the Young Men's Christian Association, of Ontario and Quebec, opened at Barnfield Point, Orillia, on the shores of Lake Couchiching, on Tuesday, August 1st, and so successful has the camp been both in attendance and high-class practical instruction, that there is a strong probability of the Summer School being permanently established and Orillia selected as the meeting-place. The mornings are devoted to instruction, afternoons to recreation, and evenings to lectures. At 8.15 Mr. C. M. Copeland, of Toronto, conducts a Bible class, 9 to 10.30 is a talk on some Association topic, 11 to 12.30 practical instruction in gymnasium work, all the necessary apparatus having been brought from Toronto. The instructors are acknowledged to be among the best on the continent. Among them are J. E. Merritt, physical director of the Montreal Association, who has charge of the physical work; J. Howard Crocker, Toronto, boys' work; W. J. Greene, Buffalo, social department; G. A. Gregg, New York, educational work; D. A. Budge, Montreal, religious work, and J. T. Wilkie, Toronto, district work. Dr. C. J. Copp, of Toronto, gives morning and evening lectures on "First Aid to the Injured." The camp will continue until Friday, the 18th. About sixty are located on the grounds, and a profitable time is being spent by everyone.

The Veteran Caledonians.

In connection with the Caledonian Society's Jubilee celebration on September 4th next, it is interesting to note that the following-named gentlemen, who were at the initial meeting on September 18, 1855, are still active and will, on the occasion referred to, be the society's guests of honor: Lt.-Col. A. A. Stevenson, Lt. Wm. McGibbon, Chas. Alexander, Wm. Robb (City Treasurer), Wm. Smith, Hugh Cameron, Wm. Cunningham, Hugh McIntosh, Robert Burry.

Wants Damages for Injuries.

Gershon Brodberg, represented by Messrs. Trihey, Bercovitch and Ogden, have taken out an action against the Chanteloupe Manufacturing Company. The plaintiff alleges that on August 1, while working upon a building at the corner of Craig and Cote streets he was compelled to cross on an impromptu scaffold, consisting of one board, and that he fell a distance of thirty feet in consequence, twisting his arm and injuring his sight.

Are You in the Rush and Bustle?
While we join in the rush and bustle of this busy world, overtaxing our energies and racking our systems, many of us are morally culpable of reckless disregard of bodily strength and fitness. Then perhaps the health breaks down, and we seem doomed to long periods of pain and depression. Our whole life is darkened.

YET THERE IS A REMEDY AT HAND
Hundreds and thousands of ailing men and women have found that

BEECHAM'S PILLS

verily "make life worth living."

INCINERATOR COMMITTEE.

Think Hochelaga Should Be Proud to Have Ash Screener.

The Incinerator Committee met yesterday and despatched considerable routine business. Ald. Bumbray presented a protest from the people of Hochelaga ward, against the establishment of an incinerator.

Ald. L. A. Lavallee, chairman of the committee said there was no ground for the protest, as an incinerator would cost $45,000, while the committee had but $2,000. He saw no possible objection to the establishment of an ash screener.

Ald. Bumbray, however, was as much opposed to the screener as to the incinerator. Ald. Lavallee spoke of the screener in the west end which did good work, saving a great deal of money. The ashes were in great demand as they were clean and used for private walks, and for filling ruts in the streets. He thought Hochelaga ward should be pleased to get such a screner.

The Sarsfield School Staff.

Mr. George Beckingham and Mr. William J. Byrne have passed with distinction the examination of the Central Board of Quebec as well as the preliminary examination before the principals of the Montreal schools. Both teachers will be attached to the staff of the Sarsfield School, under Principal P. Ahern.

Loyola College Re-opening.

The classes at Loyola College will be resumed on Thursday, Sept. 7th. The boarders are expected to arrive on Sept. 6th, and all students attending the classes will assemble on the morning of the 7th. Rev. Gregory O'Bryan, S.J., who has replaced Rev. Adrian Turgeon, S.J. as rector of the college, will meet the students

Queen's Grandson.

Small Gets Into Brockville.

Special to the Montreal Star.

Brockville, Ont., August 15.—A. J. Small, the Toronto theatrical manager, has secured possession of the discarded opera house from December of this year to May 18th in consideration of spending $500 on improvements. The building was closed several months ago by order of the Town Council, being considered both unsafe and unsanitary. Mr. Small has agreed to remodel the place subject to the approval of the Mayor, and when this is done a lease will be given him. Next year it is proposed to reconstruct the place on an extensive scale.

"SWISS FOOD."

NOTICE

To Garden Architects and Architects Generally

The Parks, Squares and Ferries Committee invite all the garden architects and all the architects of the City of Montreal generally to submit to them plans and specifications for the construction of a cafe and terrace in Mount Royal Park.

The cost of the execution of each plan must not exceed $15,000.

It is understood that the competitors shall not be paid any remuneration for their plans and specifications, with the exception of the architect whose plan is accepted, who will be entitled to the commission usually paid to architects.

The Parks, Squares and Ferries Committee reserve the right to call for tenders on several of the plans and specifications submitted and to finally accept a plan only after the opening of the tenders received.

The said plans must be transmitted to the office of the City Clerk, City Hall, not later than the 11th September next.

By order,
L. O. DAVID, City Clerk.
City Clerk's Office,
City Hall,
Montreal, August 15th, 1905.

CANADIANS ALL.

The inauguration of the new provinces of Saskatchewan and Alberta may well call forth the "give and take" qualities of both of the dominant political parties of Canada. The Liberals would commit a grave error if this milestone in the progress of the Dominion should be allowed to bear the spatter of partisan mud-slinging. The Conservatives should not stand aloof from the ceremonials or view askance the historic accomplishment. It is inevitable that some politicians of narrow ideas may be prone to exult unduly over a great event transpiring under the auspices of a Liberal regime, others may advance the view that they cannot countenance a consummation which has carried with it incidentals which they regard with disfavor. But above all these pros and cons, there towers the larger idea. Two more potential provinces will have arrived at man's estate. They have withstood their infantile ailments, ranging from neglect to armed rebellion; there is every reason to believe that, given even the future circumstance of a series of handicaps not at present anticipated, the fortunes of the new provinces will not belie the past record of the territories in any respect—political or commercial. In the former field the principle of absolute self-government, along constitutional lines, must ultimately prevail, in accordance with the spirit of the times and the development of the legislative genius of the British subject under Canada's perfect and unquestioned right of autonomy. From a business standpoint the progress of the West does not mean a lessening of her community of interests with the eastern portion of our country. Every stride of the pioneer will set another wheel revolving in the manufacturing centres east of the Great Lakes. Every furrow turned upward means a cheaper and surer supply of bread for the artisan. The equation is preserved in hundreds of other directions. And similarly has Canada been welded together, having regard to the older provinces. The union is real; it is vibrant with the sturdy strength that comes of pride in a great accomplishment.

In the face of these conditions—an index of future consummation—let the snarl of the partisan be silenced; let the dominant idea which shall animate the minds of the participants at the inaugural ceremonies be centred about this watchword: "CANADIANS ALL!"

LORD GREY AND THE FRENCH-CANADIANS.

Lord Grey's address at the unveiling of the South African monument at Quebec has this advantage—it presents truths regarding the position of our French Canadian fellow countrymen in a manner which will command the attention of the entire English-speaking community, not only in Canada but throughout the Empire. Nothing could be more consistent than the course pursued by the Canadians of French origin since their incorporation within that Empire; but it is not often that we have this fact pointed out to us so clearly. We are too apt to think only of their language and their ancestry and not of their devotion to the principle of liberty.

They had not been long within the circle of the Empire when they were offered an opportunity to join in a revolt against it; but a revolt to which they were attracted neither by race nor religion. It was one English community breaking away from another; and the common-sense question for them to decide was with which they were likely to enjoy the greatest freedom. They had had experience with the British Government, and they knew what measure of freedom it offered; and they, thus early in their experience, paid it the compliment of preferring its rule to an alliance with the New England Revolutionists.

Then came the Napoleonic wars. The appeal of race must have been strong; but when a chance for decision came, it was given by Lt.-Col. de Salaberry and his French Canadian militia at Chateauguay. As Lord Grey pointed out, there could be little real sympathy between lovers of liberty and the tremendous Napoleonic ambition, and we have the comment of the modern French democracy on the subject in the saluting of the Nelson Monument on Trafalgar Square by the chiefs of the French navy. This was probably meant merely for courtesy, but even courtesy may carry a suggestion to the mind of the thoughtful observer which does not lie on the surface.

The next appearance of the French Canadians was in company with the William Lyon Mackenzie "rebels" of Ontario, in a struggle for civil liberty; and the programme for which they agitated at that time has become the basis of our constitutional system. They were for popular rule against the domination of an oligarchy; and, as Lord Grey urged, that was precisely the issue in South Africa. The war there was fought to determine whether the people in South Africa, and all the people of South Africa, should enjoy the right of self-government; or whether they should be governed against their will by "a corrupt and exclusive oligarchy." Naturally, in such a cause, the men who had stood for personal freedom in 1776, in 1812, and in 1837 would be again to the fore.

Lord Grey did not close his address without a glance at the future. He saw in this monument to the Canadian volunteers the suggestion that we must "keep alive in our minds the thought that no Canadian, either French or English, has fulfilled his duty to the Empire until he has made himself capable of responding effectively to the call of the Crown, should the needs of the Empire ever have occasion for his services.

To the French Canadian as to the English Canadian, the liberty he enjoys in Canada under the British flag is secure only so long as he is able to defend it. In this world of rule by great armies and mighty fleets, there is no protection even for the highest ideals or the widest liberty save the strong arm. To-day Corea is being handed over from one great Power to another without a word from the people who merely live and work out their destinies within the Corean peninsula; and this is the possible fate of any people who are not prepared to enforce their righteous demand for self-government by the only means which the great nations understand. Who, for example, would attempt to deal with Switzerland as Russia and Japan are dealing with Corea? And yet Switzerland bears no oppressive burden of militarism. We must make it dangerous and costly to dispose of Canada without consulting the Canadian people; and then under no circumstances will so deep a humiliation be forced upon us.

The inadequacy of Montreal's hotel accommodation was never more in evidence than at the present moment. People are rushing to this city in unprecedented numbers from both the United States and Europe. The visitors are made up of sightseers and others who are spying out the land. They come because of no extraordinary event; they are here because Canada generally is a world-centre of interest, and Montreal is the heart of the Dominion. The stream of visitors will increase in the future. It should not be dammed because of the lack of houses of entertainment. Big hotels and good hotels in big cities are national assets. It is not too much to say that a hotel exercises influences that go towards making or marring the place of its location. Montreal has a number of good hotels. But Montreal is growing in every way, and at such a rate that there is room for more of them.

It is reported from the West that the Doukhobor fanatics who have been giving the country a bad bit of sensational advertising again, have been committed to gaol as lunatics. This is precisely what would be done with any men or women who similarly disported themselves in Montreal, and there is no reason why there should be two laws on the subject in the same Dominion. The Doukhobors have a prejudice against law, having become acquainted with it under unfavorable circumstances in Russia; but no ordered community can be managed without law of some sort, and if we are to have laws, we must compel all citizens to respect them without reference to "race, color or previous condition of servitude." We may make mistakes at the ports of entry in the matter of immigration, which cannot afterwards be rectified; but we can make no mistake in compelling obedience to the common law.

The insistence upon the fact that the envoys at Portsmouth have full powers to make peace or to refuse the terms offered is by no means as important as is pretended. No one imagines that every point is not submitted to the home governments by cable; and that the opinion of the home governments will be known on each of them before any treaty is signed. The only possible gain to be made by denying these envoys "full powers" would be that of obtaining a long delay in case either of the governments wished more time to made up its mind; but a fairly long delay can be secured now by diplomatic fencing. The negotiations at Portsmouth are in practice negotiations between the two capitals, though, undoubtedly, so influential a man as M. Witte or Baron Komura would have great weight in deciding the issue, were he at home or at the American watering place.

What is the significance of the conference at Portsmouth between M. Witte and the Jewish bankers? Are the influential American Hebrews merely utilizing their opportunity to lay the case of their fellow-Hebrews in Russia before the greatest of the Russian statesmen, or is M. Witte seeing if he can get their help to raise money for Russia in America? Obviously, in any event, it is a situation which may be expected to result in better treatment for the Czar's Hebrew subjects. This is hardly a time for Russia to continue its war upon the banking race of the world.

The sporting papers tell us that Miss Kellerman, the champion lady swimmer of Australia, is attracting much attention in England. She recently covered the distance between Dover and Ramsgate in what is described as record time. A glance at the map will show that this is an instance where one Miss is good for more than a mile.

Montreal is not the only place which has trouble over the progeny of moths. It is related that a few days before the prorogation of the British Parliament, a well-known M.P. was bitten below the gangway by a caterpillar. Without being exactly certain what part of the gentleman's anatomy was wounded, we may presume that he immediately adjourned the sitting.

A distinguished doctor who addressed the British Medical Association, announced the discovery that "Women go into employment because they are forced to do so." This is so different from men. They work from sheer love of industry, or to keep themselves in good health.

MAN BEING DRIVEN OUT.

Women, Children and Machinery Taking His Place.

Detroit, Mich., August 16.—At yesterday's session of the convention of the International Association of Factory Inspectors, the speech of W. L. Bodine, who is superintendent of compulsory education at Chicago, created a mild sensation. The speaker produced federal statistics covering the past twenty years, showing that the industrial competition of women, children and machine labor was driving the men out of the large cities to fields of heavy manual labor in mining and agriculture. He declared that woman was destined to be the ruling sex in industrialism, and continued:

"Man, like the Indian, is dying out and being driven out. In 1890 there were 3,914,571 women who were employed in gainful occupations in America. In 1900 the number had increased to 5,329,807. The birth rate of females is increasing, and the death rate decreasing. It is just the reverse among the males. We are rapidly drifting to the age of the 'eternal feminine,' when man will be a back number, forced to the soil and those fields of labor where only his physical endurance will save him in the struggle for survival."

In discussing the competitive life for the leadership in society, the speaker said:

"Society is dying, is dying out at the top. It is a crystal maze of glass houses, where no occupant dare cast the first stone, the dangerous example, the academy of divorce. Society has mothers who are slaves to the siren calls of fashion and frivolity, who look more often into their mirrors than into the faces of their children. With a fashionable mother gadding about at social functions and a fashionable father at his club, the result will be that within a decade the question of the neglected children of the rich will become as great a social problem as that of the neglected children of the poor."

THIS DATE 30 YEARS AGO.

Sir Hugh Allan and Dr. G. W. Campbell are the visiting governors of the Protestant House of Industry and Refuge this week.

BOTH the above governors have long since passed away. Sir Hugh Allan, founder of the well-known steamship line, died suddenly in Edinburgh, Scotland, on December 8th, 1882. Dr. Campbell was one of the foremost surgeons and physicians in the city. He held the chair of surgery in McGill University for over forty years, resigning in 1875 owing to failing health. After the death of Dr. Holmes in 1860 he was elected dean of the faculty. He died in 1882.

Certain pretenders to be interpreters of the law hold that by 32nd Victoria, Cap. 4, of the Ontario statutes, Hon. W. McDougall is debarred from taking his seat in the local Legislature, as Senators and Privy Councillors of the Dominion are excluded therefrom by the act referred to.

THE late Hon. Wm. McDougall, C.B., Q.C., was one of the "Fathers of Confederation," and a delegate to the Union Conference in Charlottetown, P.E.I., in 1864, and to the Colonial Conference in London, Eng., to complete the terms of union of the B. N. A. colonies. He represented North Lanark in the House of Commons from the union up to 1872, when at the general elections he was defeated. He was elected to the Ontario Legislature for South Simcoe on May 25th, 1875, and held the seat until he resigned, September, 1878. He was commissioned the first Lieutenant-Governor of Rupert's Land and North-West Territories in 1869. Riel and his rebels refusing him and his staff admission to Fort Garry. He was created a Q.C. in August, 1881, and a C.B. in 1887. He was a very able statesman and forcible debater, taking a front place in Parliament. His demise took place a few months ago.

Mr. N. S. Whitney, manufacturer, St. Helen street, was robbed of his pocket-book on the train coming from St. Armand yesterday. The book contained a cheque on the Bank of Montreal for $3,187, and about twenty-five dollars in greenbacks.

THE late Mr. Whitney was a prominent merchant and importer of dry goods, foreign leather, etc. He took a deep interest in the development and prosperity of the city and Dominion. He died many years ago.

Fine Gold Neck Chains and Pendants, R. Hemsley, 255 St. James street.

Special Notice.

The Lindsay Building.

The foundations for the Lindsay building on St. Catherine street, near Peel, are being sunk deeper and deeper, and the contractors expect to reach the bottom in about a week. The unusual depth and the peculiar nature of the work always attracts an interested throng of onlookers. The building will be finished about April 1st. It will be the loftiest on St. Catherine street, and will be occupied by C. W. Lindsay, Limited, piano dealers, who handle the famous Heintzman & Co. pianos, made by "Ye Olde Firm." 192 3

THE PASSING HOUR

Toronto has invited Witte and Komura to visit its fall fair. It's always been a puzzle to Toronto why the Japs and Russians failed to pull off the war on its exhibition grounds.

Some Doukhobors in Winnipeg have been adjudged insane, probably because they couldn't tell the size of the Manitoba wheat crop when asked.

If it gets all it asks, Japan certainly ought to hand the Czar a very superior article of peace.

New Orleans is studying various schemes to exterminate the mosquito. It is hoped that it will not have them copyrighted, as Lachine would like to use a few.

An Italian and his wife have made $7,000 in the organ-grinding industry. It is hoped that they will quit now and stop worrying the public.

If a married woman has nothing else to worry her, she worries for fear she may die first and her husband will marry again.

Rich Insurance Concern.

(Exchange.)

Nordy—"Insure in your company with your highest officials fighting the way they are?"

Butts—"Sure thing! You can see for yourself that we must have assets worth fighting over."

Bishop Fallows says that Rockefeller is morally color blind. At last accounts, however, he had a good eye for yellow metal.

Report from Ottawa golf links shows that many M.P.'s played the game during the session. And why not? Gigantic intellects must have recreation of some kind.

This deep silence from Ontario will probably be broken by the announcement that the new silver mines would be even richer than they are now if they only contained silver.

A Unique Position.

(McGill will soon be handing out the usual steady stream of LL.D's.)

A backwoods statesman—he was this
And only this and nothing more.
He never was known to make, I wis
A single speech upon the floor.
And yet he was as rare a man
As any you are apt to see,
Give ear and beat it, if you can—
He never had an LL.D.

A lot of men have speakers been.
There is in that no great renown;
A lot have served their country in
A premier's frock or judge's gown.
But where, oh, where in public life
Will such a man encountered be—
A man who went thro' all the strife
And never had an LL.D.?

Beyond the Styx.

Shade of Shakespeare—"My, but to-day is awfully hot."

Shade of Brutus—"Let's go, for here comes Methusaleh, and he'll tell us of the summer of the year 28."

A Canadian politician says a dishonest dollar never passed through his hands. Well, not if he could help it. He always hung on to it.

One man refers to Russell Sage as a philanthropist in disguise. All will admit the completeness of the disguise.

Quebec is very much excited over the Prince's visit, and can't tell at the moment just when it intends to settle down and stop cheering.

It is difficult to see why Sir William Mulock continues to lurk around Europe when Norway has distinctly stated that it doesn't want a King just now.

A college man who graduated this spring and started out to put John D. Rockefeller out of business, has just landed a job on the Toronto police force.

A Chamberlain Speech.

Joseph Chamberlain once told this good story against himself.

He was the guest of honor at a dinner in an important city.

The Mayor presided, and when coffee was being served, the Mayor leaned over and touched Mr. Chamberlain, saying:

"Shall we let the people enjoy themselves a little longer, or had we better have your speech now?"

Medical writer says that musk perfume will drive away mosquitoes. But what will drive away the musk perfume?

Mr. Unimpeachable Authority and Mr. High Authority, who figure in the Portsmouth despatches so successfully, are using that place for the summer holidays. Their headquarters are at Chefoo.

China is said to be going ahead, but the laundrymen must pine for the good old days when the Empress separated Li Hung Chang from his yellow jacket and three-eyed peacock feather every 27 minutes.

MAUD GETS EVEN.

Maud Muller on a summer's morn,
Heard the toot of an auto horn.

She saw the judge go whirling past,
"Goo!" said Maud, "He's going fast."

Then she thought of the sighs and tears
The judge had caused her all these years.

"He's breaking the law at that speed," said she;
"Ha! Ha! Ha! here's revenge for me."

She set her teeth and ne'er e'en flinched
As she took his number and had him pinched.

Russia needn't kick at $1,000,000,000. The pointers it got from Japan on how to fight were worth that much.

No Proxy For Him.

(N.Y. Tribune.)

An operative in the Pepperell mill in Biddeford, Maine, asked his overseer the other day for a few days' leave of absence.

Being short of help, the overseer asked him if it was anything very particular that he wanted to stay out for, and he replied:

"Yaasir, I'm goin' to git marrit un I'd lak be there, dat's all."

The September magazines are already out, and it is only by great restraint that the publishers have not begun to market the Christmas numbers.

Baron Komura wears a frock coat and silk hat to the Peace meetings, but it is suspected that he puts a sweater and boxing gloves on when the door shuts.

At a Summer Hotel.

"The hotel is so crowded, sir, that the best we can do is to put you in the same room with the proprietor."

"That will be all right; just put my valuables in the safe."

Isn't this about the period that the Hon. Mad Mullah is due to crop up and get killed a few more times.

Trouble in Colora.

The South is stricken by yellow fever and the brown-tail moth. Up here the green apple season of disaster is just beginning.

After reading Kipling's last poem we shall go and read "Mandalay" and the "Recessional"—lest we forget, lest we forget.

WANTED FOR FORGERY ARRESTED IN TRURO

James J. Ehereman Must Go Back to Philadelphia.

IDENTIFIED BY HIS WIFE

Charge of Bigamy May Also Be Preferred Against the Prisoner.

Special to The Montreal Star.

Halifax, N.S., August 16.—James J. Ehereman, aged thirty, a Russian Jew, wanted in Philadelphia on account of forgery and obtaining money under false pretences, was arrested in Truro yesterday by Detective Power, and is now a prisoner at the police station.

On June 24 last, J. J. Donehy, chief of the Detective Bureau of Philadelphia, sent the chief of police a description of Ehereman, and asked him to keep a lookout for him. Since then the police have been on the watch. Detective Power, who had the case in hand, located a man answering the man's description working in the hat factory at Truro, and he notified the Philadelphia police. Word was at once sent back to keep the suspect under surveillance and that Ehereman's wife would be sent here to identify him.

Mrs. Ehereman arrived here yesterday, and in company with Detective Power they set out for Truro. There they located him. When Mrs. Ehereman saw the man entering his house, she exclaimed, "That's my husband." But there was another woman in the house and she also made the same claim. She followed Ehereman into the room and also made the announcement that she was his wife.

The detective did not attempt to settle the claim there. He notified Ehereman to hastily pack his valise and soon after they were on their way to Halifax. The amount of the forgery is not known here. After it was committed about a year ago, the police say Ehereman crossed to London and later returned to Canada, and settled in Truro. Six weeks ago an English girl arrived, he having sent for her, and since then have made their home in Truro.

The necessary extradition papers are being prepared, and the man will be taken back to Philadelphia.

WILL ISSUE APPEAL TO RUSSIAN PEOPLE

Special Cable from a Montreal Star Correspondent.

St. Petersburg, August 16. — It is stated that the altered project of the national assembly, and the amnesty ukase which has been prepared, give satisfaction to the Zemstvosts. Their promulgation is awaiting definite news from the peace conference at Portsmouth. If Baron Komura does not modify his demands, the Czar will issue an appeal to the people of Russia, and will lay the case before the powers in a diplomatic note. The general feeling was thus expressed to-day by Count Mliutin: "The Portsmouth conference has already changed American opinion in our favor. When the national assembly meets to represent free Russia the world's sympathy will be on our side. The Japanese terms of peace have demonstrated that the yellow peril is real."

The Admiralty is showing considerable activity. It has lately despatched submarines to the Far East. The Amur River has been mined and the Baltic Coast defences are being reinforced. The granting of a national assembly is expected to unite and pacify the country.

On starting for Krasnoe Selo, the other day, to attend a military parade, the Czar said to his body guards: "I am certain that as soon as the reforms are granted, I could move around freely without body guards."

Will Visit the North-West.

Special to The Montreal Star.

Quebec, August 16.—His Excellency the Governor-General intends to be present both at Edmonton and Regina on the occasion of the official inauguration of the two new western provinces. After spending a few days in these two centres, His Excellency will probably have some shooting on the prairies, and will then spend a week or thereabouts in Winnipeg. This is likely to extend the whole of His Excellency's western trip to about a month's duration. Their Excellencies leave here for Ottawa on Monday next.

Boss Bakers Sign Agreement.

New York, August 16.—Twenty-nine of the 250 boss makers of Kosher bread, whose assistants have been on strike for several days, signed an agreement yesterday, granting $20 a week wages to striking foremen and a graded scale for other bakeshop hands, for a ten-hour day and recognition of the union. Their bakeries were immediately supplied with union men. The price of Kosher bread has been 18 cents a loaf during the strike, and the bosses signing the agreement to-day promised to reduce the price, if possible, to nine cents.

Japanese Were Beaten Back.

Godzyadani, Manchuria, August 16.—The Japanese torpedo boats yesterday bombarded Port Lazareff, Korea. An attempt was then made to land troops, but they were beaten by Russian chasseurs.

Peasants Want Universal Suffrage.

Moscow, August 16.—A congress of the union of peasants, attended by delegates from 22 governments now in session here, has passed resolutions demanding, among other things, that the national representatives in the projected assembly shall be elected by universal suffrage; that the constituent assembly shall be given power to initiate legislation and to control the national finances; that a system of peasant proprietorship shall be established by the handing over to the people of the state domains and the land belonging to the monasteries and other religious institutions; that free education shall be obligatory, and that the schools shall be secularized.

The Thin Man's Danger

He can't resist disease germs,—that's why he's such a mark for consumption. In this land of plenty, thinness is wickedness, especially when it's so easily overcome with Ferrozone. This remarkable tissue builder makes you fat quickly; it does so by forming blood that's rich, nourishing and health-giving. Ferrozone supplies the nutriment needed by worn-out nerves, rapidly constructs muscle and fatty tissue. The form fills out, the cheeks redden, proving that weight is being added. To be well and stay well, use Ferrozone. Fifty chocolate coated tablets in a box for fifty cents, or six for $2.50, at all dealers.

MAY FARM INDIVIDUALLY.

Government May Make Change in Doukhobor System.

Special to The Montreal Star.

Ottawa, Ont., August 16.—There is some reason to believe that the Government may allow individual Doukhobors to homestead on their own account. Individual Doukhobors have expressed a desire to make their own homestead entries. This desire for individual freedom has been checked by the Doukhobors community, but it is now believed that if the Government encourages them to make individual homestead entries, the Doukhobors would soon lose their identity and become Canadians more rapidly. Of course, for every homestead entry thus permitted, a reduction would have to be made in land granted to the Doukhobors as a whole.

Appeals Were Sustained.

Special to The Montreal Star.

Stratford, Ont., August 16.—A court composed of Judges Doyle, Barron and Finkle, gave judgment sustaining the appeal of the Grand Trunk Railway Company in regard to the latter's assessment by the town of Mitchell on ties, rails and superstructures.

Judge Barron also gave judgment upholding the appeals of C. P. R. and G. N. W. telegraph companies as to their business assessment tax, on the ground that these companies did not occupy land or other real property within the sense of the act.

On His Way to Peace Conference.

San Francisco, August 16.—A passenger on the steamer Mongolia, which arrived yesterday from the Orient, was Baron Staelme-Holstein, secretary of the Russian Embassy at Pekin, who is going to the peace conference.

The Late Mrs. Matthew Tyndale.

Eleanor Sievwright, of 12 Park avenue, Montreal, who passed away on July 28, 1905, was born in Perth, Scotland, on March 14, 1816. She was the eldest daughter of Eleanor Holmes and Archibald Sievwright. She came to Canada with her parents in 1822, and was married to Matthew Tyndale, of Yorkshire, England, in 1838, at New Paisley, Quebec, where they lived for many years. Thence they moved to Montreal, with their family, nearly thirty years ago. Her husband's death took place on June 4, 1891. Matthew Tyndale was himself descended from the famous William Tyndale, the translator of the Bible. He was a cousin of the late John Tyndale (Scientist) and of Rev. Matthew Tyndale, of Madras, India.

The family of Mr. and Mrs. Matthew Tyndale numbered eleven, five sons and six daughters; four out of the eleven are still living. Mrs. Tyndal belonged on both sides to good families. Her father, Archibald Sievwright, of Aberdeen, Scotland, belonged to His Majesty's 91st Argyleshire Highlanders, a regiment of foot soldiers. He fought under Sir John Moore in the battle of Corunna, but was invalided before the battle of Waterloo, and, although his health was ever afterwards delicate, he was nevertheless appointed Captain of the militia in New Paisley during the Canadian Rebellion of 1836-7. Her uncle, Thomas Holmes, was hospital sergeant in the above-mentioned 91st Regt., and was afterwards appointed clerk to Lord Hill, private secretary to the Duke of Wellington. Thomas Holmes died in the West Indies.

Her uncle, Isaac Holmes, was color sergeant in His Majesty's 56th Regiment. He died in the Isle of France. During the Canadian Rebellion of 1837 her brothers, Thomas, Samuel, Isaac and Archibald, together with her future husband, Matthew Tyndale, were enrolled as volunteers and took active part in the defence of their country. Her brother Archibald years afterwards was engaged in the Civil War of the United States. Out of a large family of brothers and sisters, Archibald, of Wisconsin, aged 84, and Elizabeth, of St. Canute, aged 78, are the only survivors.

Mrs. Tyndale was a woman of remarkable strength of character and largeness of heart. Protestant, Roman Catholic and Hebrew alike received welcome at her home. She was greatly loved by the young people attending the Milton classes, conducted by her daughter, and was affectionately regarded as the grandmother of the school. She was superintendent of the Milton class Sunday school for nearly three years, teaching members of all denominations. She died honored and reretted at the good old age of 89 years. The funeral services were conducted by Rev. D. Winter, of Winchester, Ont., and Rev. G. Osborne Troop, of St. Martin's Church, Montreal.

There is no more delightful place to use as a centre for fishing trips than the Hotel Bellevue. Speckled trout abound in the streams and small lakes in the vicinity, and, only eight miles away, reached easily by daily train, is Lake Kipawa, where the grey trout (the Namaycush of the Ojibways) is at home, and falls an easy prey to the fisherman. Address the Manager, at Timiskaming, Que., for rates and particulars.

STRUCK A SUNKEN WRECK.

Passenger Steamer Just Reached Dock When She Sank.

Block Island, R.I., August 16. — The steamer New Shoreham, while entering the harbor yesterday on her trip from Providence with one hundred passengers on board, struck a sunken wreck, and, after an exciting run for the dock, sank to the main deck just as she ranged alongside the pier. The passengers were able to land by the gang plank. The steamer was the only one to reach the island owing to the heavy weather, and several hundred persons who had finished their vacations here were waiting at the new harbor to return to the mainland. Owing to the accident they were forced to postpone their departure until to-day.

The steamer was about half-way across the harbor when she struck the wreck. The collision ripped open a hole several feet wide in her bottom, but notwithstanding the steady inrush of the water the fire room men and the engineer, headed by Chief Engineer Quinlan, of Providence, remained at their posts. When the steamer was within one hundred yards of the dock the water put out the fires, and by the time she reached the dock Engineer Quinlan was submerged to his waist. He was at his post, however, when the steamer's gang-plank was pushed ashore, and then came on deck.

THRILLING ESCAPE.

Captain and Crew of Capsized Schooner Reach Shore Safely.

Special to The Montreal Star.

Halifax, N.S., August 16.—The captain and crew of the capsized schooner Garland have arrived at Glace Bay after a thrilling escape from death.

While under full sail for Sydney a sudden squall threw the schooner on her beam ends. The crew were seen for a time clinging to the vessel, which soon drifted out of range at the mercy of the wind and waves. After some time the men succeeded in getting one of their boats clear, and, embarking, drifted rapidly. Night settled down before they drifted ashore at the southern head of Morien Bay, about twenty miles from the scene of the disaster. They made their way to Port Morien and thence to Glace Bay. The Dominion Coal Company's powerful tug C. M. Winch brought the wrecked vessel to Glace Bay yesterday. The vessel's foremast and considerable rigging were broken, but otherwise she was not much damaged. She was towed in over ten miles.

The rescued men, who were given up as lost, are Captain John H. Mosher, of Halifax; John Aylward, South Port, Edward Lanigan and Michael Hagan, Charlottetown.

UNQUESTIONABLY THERE ARE SOME GOOD POINTS in nearly all makes of clothes—there are but few that are bad in every sense. But in our different lines you will find embodied all the good points. We carry

PROGRESS BRAND

as our **Ideal Ready-made line of Fine Clothing,** and the merits of this famous line are being recognized in every garment we sell.

OUR TAILORING DEPARTMENT

calls for a generous share of your notice. We carry here the finest British fabric. Price, Fit and Fabric all blend to your advantage.

Join these two lines together and you will find few combinations of Clothing to equal them in America.

TELEPHONE TALKS.

TO TELEPHONE USERS AND THE GENERAL PUBLIC,—

Is The Bell Telephone Company of Canada over-capitalized?

In an attack upon the Company made by a witness before the Select Parliamentary Committee, the charge indicated by the above query was made, being expressed in the following terms:

"Another reason for the excessive charges is the fact that the development of the telephone has passed through several stages since the date of the original patents, and at each stage the apparatus in use became obsolete, rendering it necessary in the larger exchanges for the company to practically reconstruct their system and install improved plant. There being no adequate depreciation fund in existence to cover the cost of this reconstruction, the expenditure upon this work has been charged to capital account, thereby increasing the amount upon which dividends had to be earned, with the result that to-day the plant of the local system could be duplicated for about one-third of the total capitalization and bond issue."

From this statement, which applies to the "local systems" or exchanges as distinct from the long-distance service, it would appear that the Company has not been receiving for its service a sufficient revenue to provide an adequate depreciation fund. Yet the charge immediately preceding the above, and upon which the argument of over-capitalization is based is to the effect that the Company's rates in cities are too high!

There is the frank admission, as will be seen, that The Bell Telephone Company has been doing pioneer work in Canada, and in doing so has kept pace with the constant evolution in telephonic apparatus; but coupled with this admission is the charge that the cost of these continuous changes has been improperly charged to capital account, thereby increasing the burden of present and future subscribers. There is every indication that the changes of apparatus will continue to be necessary as improvements at the present time are constantly being made and require more expensive changes in equipment than ever before in order that the best service obtainable may be provided.

The only logical sequence to the argument then, is that to provide a revenue with which to meet the demands made by these ever-recurring changes in equipment, rates must be raised. And yet the witness says that rates are already too high!

The charge of over-capitalization thus refutes itself. It is not based upon fact. The President of this Company in his sworn evidence, backed by indisputable records, showed that these improvements have not been paid for out of capital, and that the capitalization of the local exchanges of this company on the 31st of December, 1904, was only $92.00 per subscriber.

After twenty-five years of operation, all the time keeping pace with the advancement in the art of telephony, the Bell Telephone Company of Canada, instead of being over-capitalized as claimed, has really the lowest capitalization per subscriber of any general system of which records have been produced. There is no evidence in support of the claim that a duplicate system could be put in for less than the amount for which the Bell Telephone Company is capitalized, or even for the same amount.

A dollar of substantial value for every dollar of capital is the foundation stone upon which this company has been reared, and it is to-day its strength.

THE BELL TELEPHONE COMPANY OF CANADA.

LABOR AGAINST PROTECTION.

Resolution of Australian Interstate Labor Conference.

Canadian Associated Press.

London, August 16.—At the Interstate Labor Conference at Melbourne, Australia, the conference refused to adopt protection as a labor plank, passing the following resolution: "That in the opinion of this conference, when the report of the Tariff Commission has been completed, a referendum of the electors of the commonwealth should be taken on the tariff question, and the members of the Federal Labor party should give legislative effect to the majority vote."

The Food of Our Forefathers

The World Progresses With Mighty Strides, but Intelligent People Cling to One Old Truth.

Modern progress, of which we hear so much nowadays, is not so great perhaps as we are sometimes made to think. True enough, it cannot be denied that the world is progressing along many lines. Wonderful accomplishments are recorded every year, almost every day. We telegraph to trains moving at high speed. We travel from New York to Chicago in eighteen hours, though only a few years ago, comparatively speaking, the journey required more than that number of days. We build great railroads under the earth, and soon we shall build one across the oceans. All these and many more marvellous things we are doing.

But in one particular the most intelligent and progressive people of to-day cling to the ideas of their forefathers.

One of the most nourishing dishes, and one of the most common perhaps, a century or so ago, was known as "Frumenty." It is seldom, if ever, seen now, but Hutchison, the eminent English food authority, says it was very nourishing and wholesome. It was prepared by soaking the kernel of wheat in water until it burst and then boiling it in milk with sugar and salt and was of high value in producing bone, blood, muscle and nerve force.

Malta-Vita is an extended and elaborated process of the old way of making "Frumenty." The whole wheat grain is thoroughly cleaned, then boiled in water, cooked in steam to gelatinize the starch, then allowed to stand in coolers (where it is carefully watched by an expert) just long enough to allow the gelatinized starch cells to break down. Then it is treated with barley malt instead of sugar, as the barley malt and the gelatinized starch make "maltose" or malt sugar—highly nutritious and most easily digested. After this it goes to the ovens, where it is baked under such intense heat that when the crisp brown flakes, delicious beyond description, come from the ovens they contain only one per cent. of moisture.

Malta-Vita is scientifically prepared to meet the requirements of the human body, and Malta-Vita is good to eat, especially appetizing when served with fruit or cream. All grocers, 10 cents.

CAUSED ANIMALS TO SUFFER.

Humane Society May Proceed Against Veterinary Association.

Special to the Montreal Star.

Ottawa, August 16. — The Ottawa Humane Society will probably take some action regarding the clinic recently held at Lansdowne Park by the Veterinary Association. The secretary of the society has received a large number of letters, some from out the city, protesting against the cruelty of having had the demonstrating operations performed without the use of anaesthetics. At present nearly all the officers of the Humane Society, with the exception of the secretary, are out of the city, but as soon as the holiday season is over, it is expected that the society will meet and will deal with the question. It is admitted that the clinic is over, and that it is now too late to alleviate the pain then caused, but it is thought that some action by the society may prevent a repetition of the complaint, may, in fact, cause a more humane proceeding by the use of anaesthetics in operations on dumb animals. Some of the letters received by the secretary of the society are most pronounced in their protest.

Gasoline Yacht Under Seizure.

Special to The Montreal Star.

Brockville, Ont., August 16. The Midget, a gasoline yacht, the property of Captain Wm. Wells of Morristown, N.Y., and operated as the night and Sunday ferry between here and Morristown, was seized by a local customs officer for an alleged violation of the steamboat inspection act. The seizure was made in consequence of Wells neglecting to have his yacht undergo the necessary inspection.

Old Man Died from Injuries.

Special to The Montreal Star.

Guelph, Ont., August 16.—On Friday last John Sole, sr., 92 years of age, was struck by a street car. The car was running slowly at the time, and the motorman repeatedly rang the bell. Being deaf, however, the old gentleman failed to hear the warning. He was picked up by the fender and carried a short distance. A scalp wound and several bruises were the only apparent injuries, but Monday he died at the hospital.

Miners Wound Proves Fatal.

Aylmer, Ont., August 16. — "Big Joe" Menier, who on Wednesday last attempted to murder Mrs. Guay, and then put a bullet in his own head, died yesterday. He had been unable to eat since he was made a prisoner, and appeared unconscious of what was going on. Menier's victim has quite recovered from her slight injuries. The man's real name is James Grenier, and he is said to have a wife and family in Quebec.

Heavy Rainstorm Strikes Toronto.

Toronto, August 16. — The heaviest rain storm since 1897 struck the city about 1 o'clock yesterday, and has been continuing steadily ever since. The rain is accompanied by a high east wind, which blows it in sheets along the streets. At noon 3.45 inches of rain had fallen. The record fall was on July 27, 1897, when 3.88 inches fell.

Death of Centenarian.

Syracuse, N.Y., August 16.—A special despatch to the Post-Standard from Ogdensburg says: Joseph Labonte, aged 107 years, probably the oldest resident of this state, died yesterday at the Old People's Home. He leaves one daughter, living in Malone, aged 77 years. He was in possession of all his faculties to the last.

ST. JOHNS MYSTERY STILL UNFATHOMED

Coroner's Enquiry Into Death of Finlander Has Not Yet Been Concluded.

COUNTRYMEN GIVE EVIDENCE

Statement Made That One of Them Struck Dead Man on Head With a Stone.

Special to The Montreal Star.

St. Johns, Que., August 16.—In the Court House yesterday, Coroner Chevalier continued the enquiry into the death of Henkahen, the Finlander, whose dead body was found on the canal bank. The three Finlanders held on suspicion are represented by Mr. Charles Belanger, lawyer, of this town. Mr. P. A. Chasse, K.C., is acting for the Crown. Kinos, the youngest of the trio, was called into the box. Mr. Belanger asked for a postponement of the enquiry in order that he might see his clients. The application was granted, only as to the testimony of Lahtinen.

Kinos, in the presence of the other two, swore positively that Lahtinen, when in gaol in Montreal declared to him that Celemus had struck Henkahen with a stone on the head on the previous Saturday and that this was the cause of their being in gaol.

A valise was brought into court by the high constable, Pierre Masse, and Kinos recognized it as being Henkahen's by an ink mark on one of the straps. In the valise were several effects belonging to the deceased. Lahtinen took this valise on the Sunday morning when they went to Montreal. Lahtinen had no valise before that date.

Celemus was called next. He said that he went alone to the canal bank on the night of the crime, and that he walked from the Jones' Bridge in the direction of the Langeller Mill. When he arrived at the locks he was afraid to go any further on account of the darkness. Then he crossed the canal and walked on the street waiting for Lahtinen and Henkahen, both of whom had gone to take a bath in the river. About half an hour after, Lahtinen returned and told him that Henkahen had taken the night express for Boston. They then returned to their boarding houses.

He said that he was very much surprised to hear the accusation made against him by Lahtinen to Kinos, and reported by the latter in court.

Henkahen had received $15.13 wages on the Saturday. He had only paid $1.50 out for his board. He used to keep his money in his pockets. The four Finlanders had the habit of going to bathe after supper in the vicinity of the place where the body was found. On the Friday Lahtinen, Henkahen and the witness had been there, but the latter had not been in the water on that night.

The witness then said that in his own valise there are things belonging to Lahtinen, because the latter having no valise of his own, he used to put his things in the valises of his companions.

Mr. Edouard Trudeau, carter, of St. Johns, says that on the night of the crime he drove two travellers to Chambly by the canal bank, and that he saw a man coming from a bush of trees in front of the residence of the Hon. Judge Chagnon. He did not know the man on account of the darkness. It was then between 8 and 9 p.m.

The enquiry was adjourned until to-night, when the verdict will probably be given. Lahtinen and the doctors will be heard at this sitting.

HORSE SHIPMENTS LARGE.

Many Fine Specimens of Scotch Breed Coming to Canada.

Canadian Associated Press.

London, August 16. — It is understood that the Scotch breed of draught horses for export was in great demand last year. A larger number of animals were shipped to Canada than had been similarly disposed of in any season since the early eighties, when the trans-Atlantic trade was at its height. This season Canada's requirements are still more extensive. Already the exports exceed the total of 1904. The shipments include some of the best show animals of the year.

Violated the Insurance Act.

Special to The Montreal Star.

Sault Ste. Marie, Ont., August 16.—Stipendiary Magistrate Quibell registered a conviction Monday against Marshall Fraser for violation of the insurance act. He was fined $200 and the costs or, an alternative of three months in gaol. Fraser has been out of town since the evidence was taken. He did business in this district for several years, styling himself President of the Brotherhood of Woodsmen of the World. He insured members without license.

Identification Was Wrong.

Buffalo, N.Y., August 16. — Harry Parker, under arrest in Detroit, on a charge of murdering Joseph Meyter is not Harry Soper, a Toronto man, formerly employed as a waiter at the Lennox hotel here, as stated in a despatch from Detroit. It was learned to-day that Soper is still in Buffalo, and has been employed here continuously for the last four years.

Drowned in St. Clair River.

Sarnia, Ont., August 16—Samuel Emberley, aged 30, of Cleveland, Ohio, employed at the Point Edward ore docks of the Hamilton Steel and Iron Company, fell into the river from a small boat while attempting to attach a line to the tug Argyle in the St. Clair River, opposite Port Huron yesterday and was drowned. The body was recovered.

Struck by Stray Bullet.

Belleville, Ont., August 16.—Mrs. Jas. E. Empey was struck on the back of the head by a stray bullet while walking in her garden. It is thought that the bullet came from a neighboring garden, where target practice was going on. Mrs. Reid received a scalp wound but was not seriously hurt.

Sailor Blouse Waist, 4970 — Nine Gored Skirt, 4971

—Design by May Manton.

FOR THE OUTDOOR GIRL.

The outdoor girl is always happy during the yachting season and revels in the races and all the fun that they mean. Illustrated is a suitable costume made in sailor style and of white serge banded with blue. The blouse is finished with a big characteristic collar which is always becoming and includes sleeves of the newest cut. The skirt is nine gored and is laid in box plaits that are stitched flat well below the hips. For a woman of medium size will be required, for the blouse 5 1-8 yards 21, 4 1-2 yards 27 or 3 yards 44 inches wide, for the skirt 11 1-2 yards 27 or 6 yards 44 inches wide if material has figure or nap, 8 yards 27 or 4 1-2 yards 44 inches wide if it has not. A May Manton pattern of the blouse, No. 4970, sizes 32 to 40, or of the skirt 4971, sizes 22 to 30, will be mailed to any address by the Fashion Department of this paper on receipt of ten cents for each.

DAILY STAR PATTERN COUPON

The price of each pattern is 10c. City readers must call at the Star Branch Office, corner Peel and St. Catherine streets, for patterns. Out-of-town readers will be served by mail, and will receive patterns promptly.

HOLBROOK'S

England's Most Famous Worcestershire SAUCE

168 11 law

THE absolute purity of the ROYAL BAKING POWDER makes it pre-eminently the most useful and wholesome leavening agent known. It contains no lime, alum, phosphate or ammonia, leaves no acid or alkaline residuum in the food, and its use always insures pure, light and sweet bread, biscuit and cake which are perfectly digestible and wholesome, whether hot or cold, fresh or stale.

Royal Baking Powder has been analyzed by the Chief Health Officers of Great Britain, Canada and the United States who recommend it for its wholesome and economic qualities.

ROYAL BAKING POWDER CO., NEW YORK.

THE ODDFELLOWS' GRAND LODGE

Twenty-Sixth Annual Meeting Was Held in Montreal Yesterday.

HAD A RECORD ATTENDANCE

The Officers Elected for the Coming Year—The Next Meeting in Quebec.

The twenty-sixth annual meeting of the Grand Lodge of the Province of Quebec, I. O. O. F., held yesterday, in Castle Hall, 1056 St. Catherine st., was reported a grand success.

The attendance was the largest in the history of the lodge, and the increase in membership is considered encouraging. At present the membership numbers 3,524, an increase of 207 over the previous year.

A sum of $100 was voted to the General Hospital and Grand Secretary Potter was elected a life governor to represent the Grand Lodge.

Messrs. J. J. Reed, Montreal; D. J. Dickson, Montreal, and Andrew Philips, Huntingdon, were elected an advisory committee.

THE FINANCES.

Reports presented show the receipts for the year to have been $18,059, and the expenditure $1,029 less. Assets were put down at $113,005 and the liabilities at $2,847, or a value of assets over liabilities of $110,158.

The following-named officers were elected for the ensuing year:

Grand master — Dr. D. S. Allen, Sherbrooke.

Deputy grand master—E. H. Walling, Quebec.

Grand warden—H.N. Chauvin, Montreal.

Grand secretary—T. J. Potter Montreal.

Grand treasurer — D. J. Dickson, Montreal.

Grand representative—C. J. Williams, Montreal.

Grand marshal — V. E. Morrell, Sherbrooke.

Grand conductor — A. P. Doddridge, Quebec.

Grand guardian—Robt. Scott, Scotstown.

Grand chaplain—L. Y. Verrill, Richmond.

Grand herald—Geo. A. Shepard.

The next session of the Grand Lodge will be held in Quebec.

Claims Now Amount to $13,000.

Another claim against the city was filed yesterday in connection with the upset of the outing sleigh on Park avenue during the past winter. The claimant is Dame Amelia Banner, who seeks to recover $900. Messrs. McLennan, Howard and Aylmer are acting for all the plaintiffs.

The total actions taken now amount to nearly $13,000. At first the parties offered to settle if the city paid the medical bills, but as the civic authorities did nothing in the matter the parties interested went on and took action.

Private Morrice Going to Ontario.

Private C. L. Morrice, 1st Prince of Wales Regiment Fusiliers, who did so well at Bisley this year, leaves for Toronto Saturday where he will shoot in the O. R. A. matches at Long Branch on Monday. After that he leaves for Ottawa to shoot in the D.R.A. matches in an endeavor to again secure a place on next year's Bisley team.

The Accused Were Discharged.

The two men, who were arrested last Thursday on a charge of robbery appeared in the enquete court yesterday afternoon, but nothing was done, as the man whom they were supposed to have robbed was not present to appear against them. Patrick Ryan and Patrick Corcoran are the accused, and Fisher, a Russian Pole, is the man who claimed to have been robbed. Judge Lafontaine discharged the accused as the case has been called twice, and Fisher has not put in an appearance. It is said that Fisher, in spite of his alleged loss of $108, has left for Sault Ste. Marie.

Back from Visit to France.

Mr. Ed. Fabre Surveyer, of the legal firm of McGibbon, Casgrain, Mitchell and Surveyer, has just returned from a pleasant trip through France. He first attended the Privy Council in connection with the Gaynor-Greene case, then went over to the St. Malo festival.

The most cordial reception was accorded by the organizers of the feast to the Canadian delegates, among whom were Mr. L. J. Ethier, K.C., city attorney, and Mr. Rene Bauset, assistant city clerk. The speech delivered by Hon. Adelard Turgeon proved one of the most remarkable heard at the convention, and was most favorably commented on by the people and the press.

Mr. Surveyer went on an automobile trip through France with Mr. Seigel, son of a former Minister of Trade and Commerce, who visited Canada some years ago.

For Sickly Children.

Made of petroleum, rendered tasteless and odorless, pure glycerine and hypophosphites, Angier's Emulsion agrees with the stomach, perfects nutrition and makes the little ones strong and healthy. Under its treatment they eat well, digest their food and enjoy good sound restful sleep.

THE BRITISH MEDICAL ACT.

What General Laurie's Amendment Would Accomplish.

The bill to amend the British Medical Act of Great Britain is being discussed by Canadians. It was introduced in the British House of Commons by General Laurie, M.P., formerly of Canada. It proposes that where any part of a British possession is under a central and also a local legislature His Majesty may, if he sees fit, by Order in Council, declare that the part which is under the local legislature shall be deemed a separate British possession.

Dean Roddick, of the medical faculty of McGill, says that while the provisions of the amendment are not so far reaching as the terms of his Dominion Registration Bill, it is undoubtedly a step in the right direction, and he hoped that all the provinces would take advantage of the reciprocal arrangements suggested. At present, before a graduate of McGill or any other medical school in Canada can practice in Great Britain, or enter the Imperial service, he must first pass an examining board of the General Council of Medical Education in both primary and secondary subjects. If now the provinces decide to avail themselves of the provisions of General Laurie's Bill, a reciprocal arrangement might be entered into by which the passing of the provincial examination would be sufficient to allow a Canadian graduate to enter the army or navy or to practice in Great Britain.

MUCH PLEASED WITH WEST.

Montreal Plumbers Return from Winnipeg Delighted With Country.

The Montreal delegates to the National Association of Master Plumbers and Steamfitters' convention, which was held in Winnipeg last week, returned to the city Yesterday evening, greatly impressed with the West and highly pleased with the hospitality extended to them while there.

Seen at the station, Mr. John Watson, one of the delegates, said to the Star that prosperity was visible on all sides. Business was brisk, and the record wheat crop which the West expected to harvest was an incentive for money being spent freely by one and all. The streets of Winnipeg, he said, were well lined with substantial brick and stone stores and office buildings, and the home-like residences in the suburbs were tasteful and attractive in their appearance. Taking all together, Winnipeg struck him as being a most enterprising and go-ahead city greatly in advance of what he expected to find.

AMERICAN WOMEN IN LONDON

Principal Petersons Views on London Womens Scholarship Scheme.

Principal Peterson, of McGill College is much interested in the scheme of the Society of American Women in London to found scholarships in English Colleges for the women of Canada and the United States. He says that there is no doubt of the benefit that would follow the bill, but he thinks that it will be difficult to get the required ten million dollars. He also thinks the object of American women attending an English women's college could not be to study life and character, but rather to pursue the studies which they had commenced in America. In the second place, they would in the social settlements in London see only one side of English life, and that the seamy one. As far as study went in that direction, the poorer districts of New York would offer much the same facilities as the poorer districts of London.

SENDING CATTLE TO JAPAN.

First Shipment of Cattle for Breeding Purposes.

The first shipment of Canadian animals from Canada to Japan will be made on September 18. The C. P. R. steamer Athenian, leaving Vancouver, will take on board forty head of cattle, including Ayrshires, Shorthorns, Devons and Holsteins, most of which were purchased in this province from Mr. Ness of Howick. The remainder were purchased in Stratford, Ont.

Mr. J. Nishimura, who is acting for the Japanese Government, and Mr. Y. Ishizaki, an expert of the Department of Commerce and Agriculture, Japan, made the purchases.

The cattle are intended to be distributed among the small farmers for breeding purposes. The Japanese cows are of an inferior character, and it is hoped the breed will be improved by the Canadian importations.

The Moroccan Conference.

Madrid, August 16. — In the course of a conversation yesterday Premier Rios gave it to be understood that the Moroccan conference will meet at Madrid.

OGILVY'S

ST. CATHERINE & MOUNTAIN STS.

A Rousing Curtain Sale

HAD EXCITING EXPERIENCE.

Steamer Strands With Five Hundred aPasengers on Board.

Special to the Montreal Star.

Chatham, Ont., August 16. With heavy seas running and nearly five hundred passengers on board, the steamer City of Chatham, Capt. Rourke, was stranded for nearly two hours on the bar at the mouth of the river last evening. The channel there is inclined to change in wind and heavy seas, and this caused the stranding. A great many passengers were women and children, but they maintained admirable order, and there was no panic. The boat was finally pulled off by the tug Aldrich.

In Gaol for Shelter and Food.

Seville, Spain, August 16.—Commissions of landed proprietors and farmers have laid before the authorities the conditions prevailing in and about Osuna in Andalusia. They estimate that there are 5,000 workmen armed with rifles roaming about the country. The municipal authorities disclaim responsibility for this condition of affairs. The gaols are crowded with persons who have committed no offence, but who have given themselves up to the police on the pretence of having committed a crime in order to procure shelter and food. The charitable societies have exhausted their resources and Government action is anxiously awaited.

"ROYAL" EGYPTIAN CIGARETTES, 15 cts. a box.

DISCUSSING THE PRINCE'S RECEPTION

A Conference Was Held at the City Hall To-day for That Purpose.

DATE OF PRINCE'S ARRIVAL

As Soon as it is Definitely Settled a Programme Will Be Decided Upon.

No definite arrangements have as yet been made by the City Hall authorities for the reception of Prince Louis of Battenberg. A conference was held at the Mayor's parlor to-day, at which Ald. Sadler, Clearihue, L. A. Lapointe and Valderes and Hon. L. O. David were in attendance.

Mayor Laporte expressed the opinion that the presidents of the Board of Trade and Chambre de Commerce, as well as the presidents of the National societies, such as St. Jean Baptiste, St. George's, St. Patrick's and St. Andrew's societies should be invited to take part in the preparation of the programme for the reception.

It was pointed out that it was difficult to provide for the entertainment of the Prince when it was not even known when he would reach the city. It is not known either, how long he will remain here, so that it is impossible to tell what style of entertainment will have to be provided. The only communication so far received is that from the Flag Captain stating that His Serene Highness accepts the invitation of the Mayor of Montreal and will communicate the date of his visit as soon as it is determined upon.

In view of the fact that no further communication has been received from the Prince, it is difficult for the reception committee to determine upon the manner of his reception, or the festivities which shall be held in his honor. As Mayor Laporte observed to-day, three quarters of the people who can generally be expected to take part in such a function are now absent from the city.

The Mayor is not at all well just now, and will not be in the city tomorrow. Ald. Clearihue, acting mayor, who was to leave the city this afternoon, has therefore decided to postpone his departure in order that he may aid in the preparation of a programme for the reception as soon as the date of His Serene Highness's arrival is fixed.

TURNED 58,000.

The statistical table at the head of the editorial columns shows the Daily Star circulation turned 58,000 a day last week. The increase in the city circulation particularly shows steady gains. The Weekly Star last week was 126,155, and the total for the week 474,353.

PERSONALS.

(See also Page Nine.)

Mr. W. B. Northup, M. P., left Montreal last evening to spend some days on Lake George.

Captain H. V. de Bury, accompanied by his wife and child, left St. John, N. B., on Monday for Kingston (Ont.).

Mr. and Mrs. P. J. Bine have returned to the city from West Sheford, where they have been guests at Maple Hurst.

Mr. and Mrs. H. A. Stewart and children have left Sixteen Island Lake for Lake Michigan, where they will spend the remainder of the summer.

Mr. Gerald Carlton, special correspondent of the New York Daily News and former U. S. Consul at St. Pierre-et-Miquelon, is visiting Montreal.

Miss Jean Walker, 223 Metcalfe ave., Westmount, left on Saturday for Sixteen Island Lake, where she is the guest of Mrs. Thomas McOuat, Bonnie View Cottage.

Mr. J. G. H. Bergeron, M. P., has returned to the city with Mrs. Bergeron, after spending some weeks in holidaying. He addresses his constituents at St. Timothee on Saturday.

Rev. Henry J. O'Leary, D.D., of Richibucto, N. B., after a four years' sojourn in Italy and France, has returned home and will go to Bathurst as assistant rector to Bishop Barry.

The engagement is announced of Miss May Evelyn McQuirk, youngest daughter of the late W. P. McQuirk, to Mr. Fred H. Mosley. The marriage will take place quietly on September 20th.

Where Canada Comes In.

The Canadian Pacific Railway have received a cable message from Hong Kong which shows where the Chinese boycott of United States produce may be a disguised blessing for Canada. There has been a large amount of United States flour shipped to China, and the cable says that in consequence of the boycott there is active enquiry being made about Canadian flour to take the place of that formerly used. It looks as though a large and profitable market had suddenly opened up for Canadian millers.

Return of Chief Benoit.

Chief Benoit, of the Fire Department, arrived to-day from Old Orchard Beach where he has spent a most enjoyable holiday. Never before, he declares, has he seen so many people from Montreal at the Maine resort.

While at Old Orchard, the chief ran up to Portland to inspect the new engine which the Portland fire department has recently added to its fire fighting apparatus. He also went to Boston and visited the fire fighters of that city.

Permit for Western Hospital.

A permit was issued at the City Hall to-day for the extension of the Western Hospital, at the corner of Tupper and Essex streets. The permit calls for the construction of a wing to cost $40,000. The building of this wing marks the commencement of the carrying out of the plan which the governors of the hospital have long had in mind for the extension of the work.

Return of Photographers.

Mr. A. Montigny, of Quebec, and Messrs. Chas. Rice, Notman, and J. N. Lapres, of Montreal, have returned from Boston, where they attended the Convention of Artists Association of the United States, to which they belong. On their way back they stopped off at Old Orchard Beach and the White Mountains.

Building Trades Representatives.

A special meeting of the Building Trades section of the Montreal Trades and Labor Council has been called for to-morrow evening, 7 to 8 o'clock, at St. Joseph Hall; afterwards the Trades and Labor Council will meet at the same place.

Single Stone Diamond Rings, $10 to $400. R. Hemsley, 255 St. James St.

ONE ARREST IN FARNHAM MURDER

Joseph Roy Placed Behind the Bars on a Charge of Perjury.

MOVEMENTS UNEXPLAINED

In Habit of Hanging Round the Woodyard Where the Crime Was Committed.

(See also Page One.)

Special to The Montreal Star.

Farnham, Que., August 16.—Joseph Pierre Roy, a young fellow, twenty-two years of age, was arrested to-day on a charge of perjury in connection with the evidence given by him at the inquest over the body of Wilfrid Auclair, who was murdered early Sunday morning.

Roy swore when examined that he had gone to bed on Saturday night shortly after half past ten after leaving the barber shop. Mr. Girard, the barber, contradicted him on this point, and further information has been secured to the effect that Roy was seen at a much later hour than he admits being out. He was in the habit of hanging around the wood yard, where the murder was committed, and while there does not seem to be any evidence to connect him directly with the tragedy, the fact that he is apparently trying to hide his whereabouts on the night of the murder made it seem advisable to Chief McGaskill to put him where he could easily be reached when he was wanted.

Roy is twenty-two years of age, the son of most respectable parents, but, according to his own admission at the inquest, does not work.

Roy was brought before Mr. G. A. Truax, J.P., and pleaded not guilty. He has been remanded for eight days, which will ensure his presence at the coroner's inquest. It now transpires that Roy was at the Union Hotel at the lower end of the town until a little after one a.m. Sunday. He is a short thick set fellow about 22 years and about a year ago worked for a short time as switchman in the Canadian Pacific yard.

William Howeth, a young Englishman, corroborated Fireman Woods' story of having seen three men in Comeau's lumber yard about one a.m. Sunday. Howeth came from Montreal Saturday evening and having no funds slept all evening on one of the baggage trucks at the Canadian Pacific station. About one o'clock he passed over the Central Vermont station platform on his way to the Canadian Pacific baggage room, and heard three fellows speaking in French. When they saw Howeth they ceased talking. Not understanding French he could not tell the subjects of their conversation, but his description of these men tallies with that of Woods. Exciting disclosures are looked forward to on Thursday at the coroner's inquest.

REDUCTION OF WHARFAGE.

Proposal Will Be Made to the Harbor Board.

At the weekly meeting of the Harbor Commissioners this afternoon it is expected that Mr. Andrew Allan, representative of the shipping interest on the Harbor Commissioners, will introduce the question of reducing wharfage dues on certain classes of goods.

The shipping men contend that at present the port of Montreal is unable to handle certain lines of freight, owing to the heavy wharfage charges; that in place of coming to Montreal this business is going to other ports.

The shipping men further claim that with a reduction of dues on these lines of goods, there would be an actual increase in harbor revenue, as it would induce business which is now altogether neglected.

YACHTSMEN WILL DECIDE.

Matter of Seawanhaka Cup Challenge to Be Considered To-morrow.

There will be a meeting of the executive and sailing committees of the Royal St. Lawrence Yacht Club tomorrow evening, to decide what will be done in regard to a challenge for the Seawanhaka Cup. The matter has been privately discussed at several meetings of the Sailing Committee.

Despatches from Manchester announce that although it was hoped to get the Seawanhaka Cup winner Manchester in all the races that were to take place off the Massachusetts coast, the boat was barred out of the Crowhurst Cup races, which started yesterday, as her build and sail area did not conform with the rules.

SHOWS GENERAL PROSPERITY

Not a Sale of Real Estate for Taxes This Year.

"One mark of the general prosperity existing in the city," remarked an official of the civic treasury department to-day, "is the lack of sheriff's sales for taxes.

"Some years ago," he continued, "there was hardly a week that we did not report some property so far in arrears of taxes that it had to be handed over to the sheriff to be sold at public auction. Nowadays those who are fortunate enough to own real estate are too careful of it to allow taxes to be increased to such an extent that they will see their property sold. We have not had a sheriff's sale for taxes in the city this year."

IN AND AROUND THE CITY.

ASSIGNED.—Miss Philomene Rochon, grocer, has assigned on demand of Mr. Wilfrid Bissette. Her liabilities amount to about $800.

LINOTYPE PICNIC.—The annual picnic of the Linotype department of the Toronto Type Foundry Company will take place at Highgate Springs, Vt., on Saturday, August 19. A good programme of sports has been arranged.

K. O. T. M. PICNIC.—A most successful picnic was held by the Knights of the Maccabees at Isle Gros Bois on Saturday, which was attended by about 600 people. The only regrettable incident was the storm, which occurred in the afternoon and which marred the pleasure of the day, which had been enjoyed by all present. A feature of the day's programme was the number of races for young children, twelve prizes being given in every event.

Lady Day at Loyola College.

Yesterday a touching ceremony was witnessed in Loyola College Chapel when Fathers Cox and Malone took their final vows as members of the Society of Jesus. Quite a number of their friends were present, and the music and singing under the direction of the Fathers was strictly rubrical. After the ceremony solemn benediction was given by the rector of the college, Father O'Bryan, and then breakfast was served to the guests.

Great credit is due Father Wafer-Doyle for the manner in which he acquitted himself of his function as minister of the college. The reverend gentleman has just returned from England, where he spent a year visiting the various universities and colleges.

Peace Envoys Now Considering Article Seven of the Terms and No Agreement Was Reached To-day

Portsmouth, N. H., August 16.—The morning session of the peace commissioners of Russia and Japan to-day ended at one o'clock. During the entire time the discussion was upon article seven of the peace terms, which refers to the cession of the Chinese Eastern Railway to China.

The following statement of the conference was made by M. Korostevetz at the close of the morning session:

"In the morning sitting of August 16 the conference has taken up the discussion of article seven. The discussion not having been finished, the conference has taken a recess at one o'clock. The session will be resumed at 3 o'clock."

The exchange of views this morning was of a very earnest character, and it is expected that the discussion of article seven will consume all of the afternoon session. Indeed, at the time the envoys adjourned for luncheon they were not at all certain that they would be able to complete the discussion to-day.

Article number seven, covering the question of the cession to China of the Chinese Eastern Railway, which runs south from Harbin to Port Arthur and Dalny, with a spur to New Chwang, where it connects with the Shanhaik Wan-Tien-Tsin road. It was conditionally accepted by the Russian reply, but agreement to it was bound up with considerations involving the fate of the whole negotiations, and it is certain to lead to long and earnest discussion. Russia will not admit the Japanese contention that the road is wholly a Government institution, as all the shares of the railway corporation are owned by the Russo-Chinese Bank.

The Government's interest in the road, however, will probably not be denied, but it will be urged that so far as it is private property it is not confiscable. The Russian contention will be backed up by evidence. Mr. Garg, the vice-director and attorney of the Russo-Chinese Bank, while here, attached to the mission, as one of M. Witte's secretaries is also here to protect the interests of the bank. Nevertheless, in the long run, Russia it can be regarded as certain, is prepared to give up the road, remunerating the Russo-Chinese Bank, if necessary, as with the loss of Port Arthur and Dalny, and the evacuation of Manchuria, its raison d'etre for strategic and military purposes ceases.

CRISIS AT HAND.

The article relating to the main line of the Siberian Railway through Northern Manchuria, which is believed to be number eight of the peace conditions, contemplates its retention by Russia, but it is believed provides for its policing entirely by Chinese police, on account of the Chinese brigand bands (Chunchuses) which infest Manchuria and Mongolia, the strength and number of which has been greatly increased by the war. Russia probably will object strenuously to this provision on the ground that Chinese protection will prove inefficient and the great highway will be in constant danger.

From the very nature of the articles yet remaining to be considered therefore, it is certain that the crisis in the negotiations is almost at hand.

DEMANDS THAT WERE OMITTED.

Tokio, August 16.—The Asahi, in discussing the proceedings of the peace conference at Portsmouth, suggests that Japan omitted to demand the open door in Siberia and the opening of Siberian rivers to the navigation of the world. Vladivostok, as a free port, it declares, would not benefit Japan much, but it would greatly assist the development of American commerce.

This city is not surprised that the Russians are doing much preliminary protesting. Well-informed circles remain optimistic in the belief that Russia must have peace. Japan has the fullest confidence in President Roosevelt, and hopes that America would be unwilling to be used as a cat's-paw by Russia. Nevertheless, it is known that unless Russia agrees to the Japanese demands of an indemnity and of territory peace will be impossible.

IN RETURN FOR YIELDING.

Portsmouth, N.H., Aug. 16.—If Japan as is generally believed, is ready to yield upon the question of limiting Russia's sea power in the Far East and the surrender of the interned warships it would only be in return for a satisfactory agreement upon the issues of Sakhalin and indemnity.

Yesterday the Japanese sent cablegrams costing thousands of dollars to Tokio. As a result of the conduct of the negotiations the Japanese have apparently changed their view about a formal armistice should the "bases" of agreement be obtained.

ALL IN HANDS OF JAPAN.

Special to The Montreal Star.

Portsmouth, N.H., August 16.—It seems almost certain some sort of a compromise will be reached on all but two of the questions at issue—Sakhalin and indemnity. If this be so, five-sixths of the disputed points are agreed upon. Russia says that national honor prevents her acceptance of the terms, and Japan says that they are essential to the maintenance of peace. Everything that Japan has required of Russia, she has in her military grasp, excepting the money to reimburse her for the cost of war. On the other hand, Russia has a great army in the field, between 400,000 and 500,000, and Russia cannot be too far humiliated.

ENQUETE IN GREEK STABBING CASE

The final sitting of the enquete proceedings in the Greek stabbing case was held this afternoon before Judge Lafontaine. The session was a short one, only one witness being examined, Israel Goldberg, who runs a shop within a very short distance of the restaurant where the affray took place. His evidence was strongly against the accused. He had been attracted by the crowd assembling about the door of the restaurant, and, learning that the row was taking place in the yard of the shop, he had gone around by St. Charles Boromme street. He testified to having seen the shopkeeper and his wife attacked by the four Italians, of whom the prisoner was one.

The two boys came to their defence, one wielding a baseball bat, with which he struck the assailants. He then saw the accused, Rocco Caporale, stab the other boy, whose body he afterwards recognized at the coroner's inquest. The counsel for the defense did not try to shake this testimony, merely asking the witness how often he had been arrested and whether he had not been in penitentiary in the United States.

There were still two more witnesses for the prosecution, but it was decided that enough evidence had been heard to warrent committal, which was then asked for.

There was no defence made and it was ordered by the court that Rocco Caporale be remanded for trial before the court of King's Bench, for the murder of Xifteris.

The Street Railway Picnic.

The rain of yesterday afternoon and last evening practically put the Montreal Street Railway Mutual Benefit Association's picnic at Riverside Park "out of business."

Owing to the wet it was found necessary to postpone the special attractions, and therefore the pyrotechnic display, "The taking of Port Arthur," will be given this evening. The races and games are on for this afternoon, while a balloon ascension will also take place this afternoon and every afternoon during the week, the elements permitting.

The association are furnishing some two thousand prizes for the grand tombola, these being mainly useful articles of exceptional value. So far the drawings have attracted a great deal of attention. The vaudeville performances given afternoon and evening are a drawing card.

Miss Hamilton's Plans.

Miss Mary Hamilton, daughter of the Bishop of Ottawa, who recently entered into an engagement with Mr. E. S. Willard, the English actor, to play parts in his dramatic company, is understood to have asked to be released from the engagement. Miss Hamilton is not prepared to make any announcement but she admits that her plans are unsettled.

Sudden Illness of Mr. Turgeon.

Mr. F. Turgeon, of the sheriff's office force, fell in an epileptic fit in the Court House this afternoon. He is liable to those seizures, and a year ago fell down a flight of stairs in one of them, seriously injuring himself. He is a brother of Rev. Father Turgeon, S.J., rector of St. Mary's College.

Eight Young Ladies Take the Veil.

Special to The Montreal Star.

Peterboro, Ont., August 16.—At Mount St. Joseph Chapel yesterday morning eight young ladies took the habit and the perpetual and final vows as sisters of the Order of St. Joseph. Bishop O'Connor performed the impressive rite. The sermon of retreat was preached by Rev. Father Devine, of Montreal. Among the eight ladies who took the habit with their names in religion are Miss Bridget Mousseau, Vintun, Que., Sister Mary Laurentia, and Miss Lucy O'Sullivan, St. Chrysostom, Que., Sister Mary Francisca.

SHOOTING IS TOO ARTIFICIAL.

Article by Walter Winans Brings Out Statement from Sergt. Comber.

Canadian Associated Press.

London, August 16. — Mr. Walter Winans, a chevalier of the Imperial Order of Stanislas of Russia, a native of Baltimore, Md., who was educated in Russia, and who resides at Surrender Park, Kent County, writing in the World, gives his views on rifle shooting at Bisley. He says that the system of shooting is all wrong, as it is absolutely contrary to the conditions of warfare and that the Bisley champion is almost more useless at the front that the man who has never before handled a rifle.

"Shooting at a big stationary target at a long range," he continues, "is the worst possible training. The Bisley man fires under the most artificial conditions. He lies down on his stomach and rests his elbow on the ground. A baby could do that."

Interviewed on Winan's article, Sgt. Comber, the King's Prize winner, was asked if he thought much of the shooting at Bisley.

"Too artificial," he replied. "Certainly some of it is. For instance, the wearing of orthoptic glasses in the last stage of the King's Prize. Ninety per cent. of the men wear them, but you could not use such a thing in war. I have suggested to the National Rifle Association that they be prohibited."

PHENOMENA.

Watch closely the small panel on the left side of the title on the first page of the Star and observe the type change from day to day.

UNIQUE GERMAN MANOEUVRES

To Take Form of Driving Out An Imaginary French Army.

Special Cable from a Montreal Star Correspondent.

Berlin, August 16.—The annual maneuvres of the German army, to be held next month, will take on the unique form of an attempt to drive out a French army which will be supposed to have succeeded in crossing the Rhine, and invading South Germany. One hundred and fifty thousand troops will be engaged in the campaign, which will centre around Coblenz. In order that the maneuvres may be as real as possible neither of the contending armies will have the slightest knowledge of the whereabouts and disposition of its imaginary enemy.

Heretofore in these maneuvres each commander has known daily in a general way what his antagonist would try to accomplish. Japanese offensive tactics will be employed, on a large scale, under the special direction of the Kaiser, who will participate in the maneuvres accompanied by a large staff and invited foreign royalties.

MARYLEBONES AT QUEBEC.

The Match Started Late as Boat Arrived Late.

Special to the Montreal Star.

Quebec, August 16.—The boat came in late and at 11 the team was breakfasting at the Garrison Club.

The Marylebone Cricketers started the match badly at twelve fortyfive. They sent Godsell and Payne to bat. In the very first over and before a single run was made Payne was clean bowled by Williams. Quebec is playing eighteen men.

The Waterways Commissioners.

Sault Ste. Marie, August 16.—Louis A. Coste, of Port Colbourne; J. P. Maybee, of Toronto, and George Clinton, of Buffalo, members of the International Deep Waterways Commission, are here for an investigation of the power canals on either side of the river to determine the effect of the use of water on the lake and river levels. The work will take several days.

ARRESTED ON CHARGE OF MURDER

Sequel to Finding Body in the Beauharnois Canal at Valleyfield.

INQUEST HELD LAST NIGHT

The Accused Man Protests His Innocence But is Now Confined in Gaol.

Special to the Montreal Star.

Valleyfield, Que., August 16.—Dominique Chatigny has been arrested on a charge of murdering Georges Archambault, of Faribault, Minn., the old man whose body was found in the Beauharnois canal on Sunday. The circumstances attending the finding of the body and of Archambault's arrival at Valleyfield have already been published in the Star. An inquest was held last night, and the jury held Chatigny criminally responsible, and ordered the issue of a warrant. Chatigny is confined in the gaol here, but protests his innocence of the crime, saying that when last he saw Archambault it was at the corner of a street near the prisoner's house, where they met two young men, one of whom held out his hand and greeted the old man saying, "How are you uncle. I just heard you were here and was going to meet you."

Berlin, August 16.—The plan, supported by Great Britain, for Prince Charles of Denmark to ascend the Norwegian throne, has failed, according to information received here from Copenhagen. The expectation is that Norway will establish a republic.

BURGLAR FIRED, THEN ESCAPED

But Victim Gave Chase Until He Dropped Through Weakness.

Special to the Montreal Star.

Vancouver, B.C., August 16.—Mr. H. J. K. Simonet, a young Englishman who was a guest in the house of Mr. H. C. H. Cannon, tackled an armed burglar early to-day in Mr. Cannon's house, and was shot through the body. Mr. Cannon was away, and Mr. Simonet, who was sleeping upstairs, heard some one moving in the drawing room. He took his revolver with him and went downstairs. Seeing no one he returned to his room. An hour after he heard the noise again and returned this time without his revolver. He saw the man near an open window and rushed at him. The burglar said: "Keep away, do you want to get killed, too." The men clinched and the burglar fired two shots, one going through the body of Mr. Simonet, but not touching a vital spot. The bullet entered the left breast and came out of the shoulder. Wounded as he was Simonet chased the burglar through the streets until he could go no further through weakness. It is thought by the police that it is the same burglar who shot at Mr. J. Adams, the contractor, a few days ago.

MANY SPEECHES DELIVERED.

Acadian Convention at Caraquet Now In Full Swing.

Special to the Montreal Star.

Caraquet, N. B., August 16.—There are over 4,000 people here from all parts of the Maritime Provinces, in connection with the Acadian Convention. The grounds around the village, where the convention is being held are beautifully decorated with flags and bunting. After Mass, Dr. Comeau, of Caraquet, who is president of the convention, introduced Mgr. Richard, of Rogersville, who made an excellent and powerful speech on the Acadian people, whose welfare was always the ambition of his life. The next speaker was Senator Poirier, of Shodiac, N. B., who was followed by his Honor Judge Landry. Hon. Rodolph Lemieux, who represents Sir Wilfrid Laurier, referred to the absence of the Prime Minister, caused by the presence of the Prince of Battenberg in Quebec. In the afternoon the Rev. Father Gauthier, of Prince Edward Island, made an excellent impression on his hearers, and delivered one of the best speeches so far. Mr. Joseph Poirier, M.L.A., Gloucester County, and Rev. A. D. Comier, of St. Joseph University, also spoke. Hon. C. H. Labillers gave an address on colonization and education, and insisted on the necessity of the Acadian people learning English as well as French, so they could become valuable citizens. All the speeches contained patriotic sentiments towards Canada and the British Empire. Mr. F. D. Monk, M. P., will speak at ten o'clock to-morrow.

Canadian Trapshot Tourney.

Special to the Montreal Star.

Ottawa, August 16.—The fifth annual tournament of the Dominion of Canada Trap Shooting and Game Protective Association opened this morning at Rockliffe with sixty expert shots in attendance. The weather is perfect and there is scarcely a breath of wind. There are ten events each day, of twenty birds each.

The St. Hubert Gun Club match was shot off this morning and the Sherbrooke Gun Club and Woodstock Gun Club matches are in progress. Several Montrealers are taking part. The scores in the St. Hubert are A. H. Westover, Sutton Junction, Quebec, 20; H. Marshall, ditto, 19; H. C. Marlatt, Simcoe, Ont., 18; R. Lewis, Montreal, 19; R. B. Hutchison, Montreal, 19; G. G. Thompson, Sherbrooke, 19; G. M. Dunk, Toronto, 19; J. Dods, Seaforth, 19; T. Upton, Hamilton, 19; J. A. R. Elliott, New York, 19; J. M. Deslaurier, Ottawa, 18; R. N. Burns, Hamilton, 18; Geo. Singer, Toronto, 18; A. D. Bate, Hamilton, 18; W. H. Ewing, Montreal, 18; G. M. Howard, Toronto, 18; T. H. Duff, Toronto, 18; D. McMackon, Highgate, 18; F. H. Conover, Leamington, 18; C. L. Panet, Ottawa, 18; W. J. Johnson, Ottawa, 18; Dr. Wilson, Hamilton, 18; R. O. Montizambert, Quebec, 17; W. A. Smith, Kingsville, 17; J. E. Jennings, Toronto, 17; D. J. Kearney, Montreal, 17; I. H. Rainville, Mabee, 17; T. M. Craig, Sherbrooke, 17; J. H. Thompson, Sherbrooke, 17; W. Slaney, Ottawa, 17; J. F. Higginson, Ottawa, 17; E. G. White, Ottawa, 17; Dr. Gleason, Boston, 17; A. W. Throop, Ottawa, 17; M. Fletcher, Hamilton, 17.

Mr. D. McNicol, vice-president of the Canadian Pacific Railway, left last night on a tour of inspection of the Ontario division.

FURTHER FESTIVITIES FOR VISITING FLEET

Fireworks Display Draws Thousands of Spectators to Dufferin Terrace

OFFICERS GIVE A BANQUET

His Excellency and Prince Louis Guests of Honor at Citadel Mess.

Special to The Montreal Star.

Quebec, August 16.—Dufferin Terrace was crowded last night with many thousands of people on the occasion of the fireworks display by the civic authorities.

At 10.30 Thursday morning, there is to be a naval and military march out, through the streets of the city. Some 3,000 to 4,000 men will march, including the men of the fleet and those of the R. C. R. and R. C. G. A., and there will be four or five bands in the procession.

Friday evening there is to be a big torchlight procession to the Drill Hall, for which an admission fee will be charged by the fleet, the proceeds to go to local charities.

On Saturday evening there will be an illumination of the fleet and a sham attack on one of the cruisers by the small boats.

On Monday afternoon there is to be an afternoon party on board the flagship by H.S.H. Prince Louis, who will leave on that day for Montreal, with some 300 men of the fleet. The viceregal party will also leave for Ottawa.

MONUMENT ADMIRED.

Now the monument has been unveiled, there is very general admiration expressed both for the life in the figure of the R. C. R. I. man, who is made to represent "Fidelity to duty," and also for the faithfulness of detail. His Excellency the Governor-General and H. S. H. Prince Louis both sent for the sculptor, Mr. Hamilton McCarthy, at the garden party, after the ceremony, to express their admiration of his work and their congratulations upon its success.

Pickpockets plyed a busy trade, and at the unveiling ceremony detectives arrested two men caught in the act. John Clarke, aged 68, who was with Lemon's circus, and Louis Reynolds, aged 21, said to be well known to the Montreal police, are the prisoners. The latter strongly resisted arrest.

The officers of the R. C. G. A. and R. C. R. gave a dinner last evening in honor of His Excellency the Governor-General and H. S. H. Prince Louis of Battenberg at the citadel officers' mess. Col. Wilson presided, having on his right His Excellency the Governor-General, and on his left H. S. H. Prince Louis of Battenberg, while Major Fages had on his right His Honor the Lieutenant Governor, and on his left Capt. Kerr.

Among the other guests were Major General Lake, Lord Bishop of Quebec, Hon. Louis Gouin, Col. Hanbury Williams and Col. Buchan.

LACK OF WIND STOPPED THE RACE

Canada's Cup Boats Becalmed Shortly After Twelve.

Charlotte, N.Y., August 16.—The fourth race for the Canada's Cup was called off for lack of wind. At 10.46 the get ready gun was fired. The judges' boat went out at the same time. Iroquois passed the Club House on her way out, followed by the Temeraire, both in tow.

The naval reserves launch with the stake boats in tow brought up the rear of the procession. Both of the racing yachts were under full canvas.

At this hour the wind and sea were subsiding. Cloudy and warm.

At 10:52:30, the Temeraire was dropped by its tug. Two minutes later her crew cast a line to another tug and she was again in tow. A few minutes later the tow line broke and the challenger narrowly escaped striking the east pier. Again a tow line was made fast and the yacht was pulled away. The bowsprit of the Temeraire dipped deep into the water as the yacht plunged heavily.

The wind had dropped at 11:20 and was not blowing more than five or six miles an hour. This is Iroquois' wind but the sea favored the Temeraire. The only sailing yacht to go out except the racers was the Strathcona, the former cup challenger. The conditions were such that the start had to be delayed. The wind was steadily dropping and ten minutes after the racers got near the line they appeared almost becalmed.

At 11.53 the yachts took up a position near the judges' boat, and it looked as if an attempt would be made to start. Jockeying began in a slight breeze. At the start: Iroquois crossed the line at 11.57.05; Temeraire at 11.57.10. They left the line on port tack, Iroquois drawing well and blanketing her rival. Temeraire fell to leeward. At 12.14 Mabbett turned about on starboard tack, while Wedd, with the challenger, still held to port.

12.45 p. m.—The yachts were lying becalmed a short distance beyond the starting line. Iroquois was lying up to windward, but is barely moving, as was Temeraire, and the race was called off for the day.

ADVICE TO MANUFACTURERS.

Canadian Associated Press.

London, August 16.—Mr. Edward Porritt, who recently toured Canada as a special correspondent of "Commercial Intelligence," in his first letter deals with the approaching sessions of the Dominion Tariff Commission. He suggests that without delay the Associated Chamber of Commerce and the numerous chambers of the manufacturing centres of Great Britain should organize a movement for the securing of hearings before the Tariff Commission when in session.

"I am aware," says Mr. Porritt, "that my suggestion may seem a bold one, that it savors of interference on the part of the manufacturers of Great Britain with the fiscal and commercial policy of Canada, but then Canada, herself, has quite recently set a precedent which at once puts this objection aside."

TRANSACTIONS IN TORONTO.

ENGLISHMEN ARE AT DISADVANTAGE

Special to The Montreal Star.

Paris, August 16.—A despatch to the Matin from Constantine, Algeria, says that General Toroy has refused to allow the British cruiser Venus to remain at Phillipeville, Algeria, for the observation of the total eclipse of the sun on August 30, on the ground that Phillipeville is a fortified port to which it is impossible to admit representatives of a foreign nation. The Venus is conveying Sir Norman Lockyer, director of the Solar Physics Observatory, and a party of astronomers, who will now be obliged to take quarters at Palma, Spain.

The Phillipeville newspapers are crying out against the General on account of the loss to business that will be entailed. They point out that the United States cruiser Dixie was allowed to anchor at Bona. A number of English scientists who were found near the fortifications at Phillipeville were placed under surveillance.

A BIG GRANBY DEAL.

A wire says: "The Granby Consolidated has concluded the purchase of the Gold Drop group of claims in Phoenix Camp, B.C., for $250,000. The property has been under bond for some months, and has been exhaustively tested. The property is owned by the Diamond Drill Company of Montreal, who spent $40,000 in developing and equipment."

FREE CATARRH CURE

No More Bad Breath

"My New Discovery Quickly Cures Catarrh."—C. E. Gauss.

Catarrh is not only dangerous in this way, but it causes bad breath, ulcerations, death and decay of bones, loss of thinking and reasoning power, kills ambition and energy, often causes loss of appetite, indigestion, dyspepsia, raw throat and reaches to general debility, idiocy and insanity. It needs attention at once. Cure it with Gauss' Catarrh Cure. It is a quick, radical, permanent cure, because it rids the system of the poison germs that cause catarrh.

In order to prove to all who are suffering from this dangerous and loathsome disease that Gauss' Catarrh Cure will actually cure any case of catarrh quickly, no matter how long standing or how bad, I will send a trial package by mail free of all cost. Send us your name and address to-day and the treatment will be sent you by return mail. Try it! It will positively cure so that you will be welcomed instead of shunned by your friends. C. E. GAUSS, 3641 Main st., Marshall, Mich. Fill out coupon below.

FREE

This coupon is good for one trial package of Gauss' Combined Catarrh Cure, mailed free in plain package. Simply fill in your name and address on dotted lines below and mail to C. E. GAUSS, 3643 Main Street, Marshall, Mich.

....

CLOSING PRICES.

STOCKS WERE FIRM HERE.

In Montreal this afternoon there was more trading in Steel common around 22¾. Nova Scotia Steel was better and there was also a fractional advance in Havana.

In Wall Street excited buying of Reading started it upward again with a rush and it reached 112¼, a rise of 2¼. There was very little inquiry for the other coalers aside from Ontario and Western, which rose a point.

Dealings contracted in Reading and other leaders, and expanded in Chesapeake and Ohio. That stock was the feature of the late dealings, large orders carrying it up 1¾ to 57¼. Lackawanna added five points to its earlier loss, making its total decline 10.

Afternoon Transactions.

Havana—100 at 24¾, 50 at 24⅞, 25 at 25, 25 at 25.

Spot Cotton Close.

New York, August 16.—Cotton spot closed quiet, 10 points lower. Middling uplands, 10.50, do. Gulf, 10.75. Sales, 25 bales.

READING SAW NEW HIGH LEVEL TO-DAY

But Apart From That There Were No Features to Speak Of

LOCAL STOCKS VERY TAME

Nova Scotia Steel Has Worked Lower But There is Little or No Trading.

The Wall Street market continues to travel at a moderately rapid gait, but Montreal keeps in the same uninteresting groove.

It is an off day when New York has no new high records to record, and Reading was the one to come to the front this morning. It sold up to 112¾, and was probably the most active stock on the list.

Wires stated that the movement has been engineered entirely by the professionals, and that the continued strength was undoubtedly due to covering by an extensive short interest.

Canadian Pacific was less active and moderately firm. "Soo" Railway was dull and lower.

Considerable interest has been aroused in the Duluth shares, sympathetic, no doubt, with the advance in "Soo" Railway.

The surplus after charges of the Canadian Pacific, $8,875,686, amounts to the full 4 per cent. on the preferred stock, and 8.5 per cent. on the stock as at last report, which was $84,500,000.

The stock was increased during the year by $16,900,000, and now stands at $101,400,000.

On this stock the surplus after preferred dividends shows at the rate of 7.4 per cent.

There have been a few scattered sales of Duluth common in the local market around 16½. This is not the highest it has been in recent times. During the September boom of 1903 the bulls put it up to 23½, after it had sold at 10 earlier in the year.

Duluth saw rock-bottom when it sold at 2 in 1895, just ten years ago. For six years following that it failed to go over 7.

The local market was extremely tame. The occasional buoyancy of the Wall Street list only seems to make a moderate impression here, failing entirely to arouse the public to do any trading. This, the local brokers claim, will come in time, but no optimistic predictions are made for the balance of this month.

Under good aggressive leadership it is felt that something might be made of the local list even now, but the leadership fails to materialize, some of the biggest traders being out of town.

The recent easiness in Dominion Steel is not especially significant, a few small holders probably marketing their stock on the steel rail bounty matter. People close to the company, however, again repeat that the bounty did not enter into their calculations at all, and that consequently nothing is lost by the Government's action.

Insiders are said to be accumulating Steel stock all the time. There was an effort made to get a big block yesterday afternoon, 22½ being bid for 1,000 shares.

The bonds do not move much, but are being picked up fairly well at these figures.

The little upward spurt in Toronto Railway appears to have originated in Montreal, where the stock seems to be in more favor than it is among the people of the west. It is, of course, still very largely held here, although it was stated at the time of the break that the control was transferred to Toronto. In any case, western purchases at the time were very heavy.

Nova Scotia Steel was easier again, and some people seem extremely anxious to see it lower.

Marked copies of Toronto papers containing the remarks of fake "insiders" reached Montreal to-day, but made no impression at all as local people are well aware of the fact that the reports were sent out by people who were evidently caught in the sudden and rather unexpected rise.

The trading was light at the lower level.

Havana Electric was less active and a little higher. The earnings for the second week of August were $38,930, against $34,210 for the same week last year, an increase of $4,720.

Canadian stocks in Wall Street were not as active. Sales of Pacific keep falling off while Duluth preferred showed a little more life. New York is still doing a good deal in the Havana issues. The showing made up to noon is as follows:

Sales.		High.	Low.
4,200	Canadian Pacific	159⅞	159½
200	Detroit	92¾	92¾
300	Duluth	16½	16⅜

	do pfd.	73½	74½
	Havana	24½	25
	do pfd.	73	73½

A wire stated to-day that it will probably require 20 per cent. more money to move the wheat crop in the States this year than was required for the record crop of 1901.

The Hill stocks were quiet. Northern Securities sold at 186 to 187¼. Northern Pacific 211¼ to 213, and Great Northern 316.

American stocks in London for most part were fractionally lower, although Penna. group was an exception. Consols opened easier, but strength ended later. Copper stocks strong.

The sales to noon in Wall Street today were 416,000 shares.

THE GOSSIPS ON RICHELIEU.

One Man Estimates That Dividend Will Be Made.

The stock market hears that Richelieu business has been exceptionally good all summer, as up to the present cool spell the weather has generally been on the hot side.

It is understood that when traffic has been at its best of late the earnings have shown daily increases running all the way from $1,000 to $3,000, and even the poorer days have all shown gains.

It is confidently expected by people close to the company that the gross earnings this year will run up to $1,100,000, one man's estimate being as follows:

	1905	1904
Gross	$1,100,000	$999,869
Expenses	875,000	886,410
Fixed charges	19,000	19,146
Net profit	$206,000	$94,313

The old 6 per cent. dividend if resumed would require $187,920.

In all probability the dividend will be made, but will it be paid?

GOSSIP ON DOMINION STEEL.

An Indication of What is Doing in Way of Pig Iron.

Said a gentleman close to the Dominion Steel Co.: "Things are going all right at Sydney and the mills are turning out lots of stuff. In fact, there is a big improvement in the iron industry all over Canada. Here is something interesting: The American Iron and Steel Association has received direct from the manufacturers the statistics of the production of pig iron in Canada in the first six months of 1905.

"The figures show a large increase compared with either of the two halves of 1904, as will be seen by the following table, which gives the production by fuels in gross tons, in half-yearly periods:

	First half 1904	Second half 1904	First half 1905
Coke	111,840	139,831	188,541
Charcoal	8,803	10,468	21,665
Total	120,643	150,299	210,206

CANADIAN PACIFIC FIFTH.

In the List of Gross Increases for the Month of July.

In the list of railroads on the continent showing increases in gross earnings for the month of July, Canadian Pacific stands fifth. Pacific was out of it altogether in June, after making a magnificent showing for the other eleven months of its fiscal year. In fact, upon two occasions Pacific led the entire procession, while it seldom stood worse than fourth.

Following is the list of roads showing July increases of over $100,000:

New York Central	$691,680
Louisville and Nashville	376,972
Missouri, Kansas and Texas	238,334
Southern	235,955
Canadian Pacific	232,000
Great Northern System	222,445
Denver and Rio Grande	181,500
Missouri Pacific, Central branch	178,464
Minneapolis St. Paul and Sault Ste. Marie	148,799
Central of Georgia	120,831
Mobile and Ohio	100,888
Buffalo, Rochester and Pittsburgh	100,734
Total	$2,828,602

The only large decreases reported are those of the Illinois Central and the Wabash—$97,036 and $81,084 respectively. The loss reported by the road first named is probably due to the yellow fever quarantine.

BANK AMALGAMATION TALK.

An old rumor revived again to-day, and some were talking of an amalgamation between the Bank of Commerce and the Merchants.

"Nothing doing," said a Commerce man.

"Absurd!" said a Merchants man.

Before the summer is over the "Street" will probably have an amalgamation between the Bank of Montreal and the Dominion Ice Company.

RUSSELL SAGE'S ANTICIPATIONS

Russell Sage is quoted as saying:

"I expect to live to be a hundred and to see Missouri Pacific sell at 200."

GRANBY CONSOLIDATED STEADY.

Sales of Granby in Boston were 150 shares. The range was 7¼ to 7½.

MR. JAMES ROSS ON "COAL."

Leaves for England After Summer's Work at Sydney.

Mr. James Ross, who has worked hard at Sydney all summer, leaves there for Quebec, where he will board the Allan line turbiner Virginian on Friday for a trip to England.

Mr. Ross has been making a detailed inspection of the collieries of the company during the past few weeks, having with him Mr. Walker, an English mining expert.

The abandonment of the south slope in the new Dominion No. 6 colliery and the decision to tap the emery seam at the Reserve colliery are the latest results of Mr. Ross' inquiries into the operations of the company.

The new mine at Reserve will be worked on the long wall system, which may be very largely adopted in the future conduct of the mines. President Ross is highly pleased with the condition of things about the mines.

He says they are in better shape for work than ever, and he fully anticipates a very encouraging output for the present year.

He also says that the quality of the coal now being produced is much better than it used to be.

WINNIPEG ELECTRIC HIGH.

Winnipeg Electric sold on the Toronto exchange this morning at 192. This is a jump of 9 points from the previous sales a few days ago at 185, which were themselves about 10 points higher than their predecessors. This stock is extremely hard to pick up, hence the rapid way in which it jumps.

MONEY AND EXCHANGE.

Montreal exchange rates are steady. New York funds, 1-32 dis. to 1-64 dis. between banks; sterling, 60 days, 9 1-32 to 9 1-16; demand, 9 15-32 to 9½; do. cables, 9 17-32 to 9 1-16; Paris, francs, long, 5 16⅞ to 3-32.

Call money in Montreal is steady at 4 to 4½ per cent.

Call money in New York 1¾ to 2 per cent.

MR. H. G. STRATHY ON MONTREAL STOCKS

Holds Very Optimistic Views on Future of Many Local Issues.

THINKS ALL WILL DO WELL

Montreal's Leading Market Issues are Sized Up from a Speculative and Investment Standpoint.

What is the outlook for Montreal stocks?

The question is asked so often that the views of one of the oldest members of the Montreal Stock Exchange, and one of the most conservative and keenest of observers, will be read with no little interest.

Mr. H. Gordon Strathy has given the Star his views, which many will be pleased to see are, on the whole, very optimistic.

Says Mr. Strathy:

"The average price of stocks on the New York market is now said to be as high, if not higher, than in the boom days of 1902.

"While the general run of Canadian securities on the Montreal market have not participated in the rise, as they did in 1902, according to all former experience, they are bound to follow and seem only delayed by the want of a leader. As the foundation of prosperity is a good crop, and we are now nearly assured of a most bountiful one, this means another year of great advancement in all the industries of this country.

"The effect must be to create greater confidence in our securities, which must largely benefit by the increased wealth to Canadians, as this year's magnificent crop is gradually turned into cash.

"Our coal and iron industries are beginning to promise great prosperity, our railroads are showing large increases every month, and the money which will be expended during the coming five years in building the Grand Trunk Pacific Ry. must help to boom business in this country.

"For these reasons I feel justified in believing that good stocks bought at present prices will pay the investor or speculator handsomely before this time next year.

"Canadian Pacific Railway has a great future, and many think it will go higher, especially buyers in New York, but at 160 it only pays the investor 3 3-4 per cent., and for that reason I would leave it alone.

"Montreal Street Railway pays 10 per cent., selling at 226. In boom days it sold over 330 on the same dividend, but was much too high. It pays nearly 4½ per cent. at this figure, and with chances of a bonus with new stock at par it may easily go to 250 again.

"Toronto Railway, at 106, paying 5 per cent., looks cheap, and sold in 1902 up to 125, but its own citizens seem to be against any rise.

"Twin City sold up to 129 when only paying 4 per cent. in 1902. It now pays 5 per cent., and the price is 118 and looks like going higher; but why buy it when you can buy Detroit Railway, paying 5 per cent. dividend, and the price only 93, and its net earnings for the coming year not likely to be less than 8 per cent? Comparing it with other traction stocks, it ought to be selling at not less than 105.

"Halifax Street Railway pays 5 per cent., and is selling about 102. It is very little traded in on this market, although the dividend will likely be increased to 6 per cent. within 12 months.

"Toledo Railway pays 2 per cent., is selling at 35. A small movement would put it up to 40, at which figure it pays 5 per cent.

"Havana Railway both common and preferred, seem to be in demand, the common having risen from 15 to 25 within 30 days.

"Mackay preferred pays 4 per cent., and is selling at 75. I think it a safe investment at any figure under 80 at which price it returns 5 per cent. The common sells at 41 and pays 5 per cent. at 40. It has possibilities in the future, but the preferred can never pay more than 4 per cent. on par value.

"Richelieu and Ontario Company prospects for this season are good, but the company for the last two years seems to be in bad luck. The price of R. and O. is 74, with no dividend, and not much chance of one before next year.

"Montreal Light, Heat and Power Company pays 4 per cent., and the price is 91. This company has a great future, I think, for those who stay with it. Its net profits last year were about 6⅞ per cent., and the coming year likely to be over 7½ per cent., as Montreal is growing rapidly and the company's business with it. One new contract with the street railway for power, which began on July 1st last, means an increase in their income for this year of $108,000. Many looked for an increase in the dividend to 5 per cent. for this August, but it did not come, and I doubt if they will increase the dividend before next August; but I think the increase is bound to come within twelve months, and it will pay well to buy at 91 and not part with it under par.

"Dominion Iron and Steel is rather dull. The common is selling about 23. I consider it a good gamble at these figures, as it costs very little to carry, and the risk of a 5 per cent. fall in the stock is slight. The Iron bonds pay 5 per cent., and are selling at 84 to 86. I consider them safe and likely to move higher.

"Dominion Coal is firm from 78 to 80. It is closely held, and insiders speak well of it. I consider it high for a non-dividend payer, but a dividend is looked for in January next.

"Nova Scotia Steel Company stock is an example of how stocks can get a move on here. One month ago it was stagnant and almost dead at 53½ to 54. No one would look at it. But some buyers in Toronto took hold and began to move it, and in two weeks it rose from 54 to 68, a 14 per cent. rise, without any special cause that I can hear of.

"As the abundant harvest is marketed, I expect to see people who have speculated heretofore begin to regain their confidence, and more than likely pick up the cheapest of our stocks, which pay a fair return and have good prospects.

"A little general buying will start the ball rolling, and when stocks are 10 per cent. higher there will be ten buyers in the market for one buyer now. It is strange, but true, that the public will never buy any commodity at the most advantageous time, but are almost sure to come in if the market begins to get excited after a rise.

"So far we cannot feel sure whether there is to be peace declared or the war carried on. If the latter, we may look for a sharp reaction from present prices, but after that I expect stocks to sell up again, war or no war."

An old-timer, who has made his mark in the local financial world, said to-day:

"The thought often strikes me that there isn't the big trading around Montreal now that there was in the old days.

"Of course we have a few local millionaires at present who swing 2000, 3000 and 5000 share lots without losing any sleep; but 30 years ago there was a regular body of traders who did big things.

"I needn't mention them all, but men like Thomas Caverhill, Henry Judah, Jesse Joseph, James O'Brien, of the Grand Trunk; J. H. Joseph, and the then called 'Metropolitan Bank crowd' (Henry Stearns was president of the bank), plunged heavily in the market, and thought nothing of carrying lines of New York stocks away up in the thousands of shares.

"They were all fine traders, too, shrewd, far-seeing, and had plenty of grit.

"For a long time the Vanderbilt group of stocks were their favorites and their operations were a decided factor in the old Wall Street market."

"It must have been an awful effort for Toronto Railway to move all the way to 105¼," said a trader.

"It is one of the best things on the list to my mind, but the way it has acted has been too tame for words."

Said a broker:

"This wonderful advance in the high-priced New York stocks has been accomplished without the assistance of the public. And it must make the public a little weary to scan over the list and pick out the good things that have been missed."

"All this talk of annexation of outlying municipalities with Montreal," said an observer to-day, "seems to have been going on without the stock market getting its full significance.

"To me it looks like a bad thing for Montreal Street Railway.

"Suppose these little outside places join the city. They will have the Street Railway by the throat and can demand new tracks and a 5 minute service. Naturally, the Street Railway will lose money if they are compelled to increase the service and for years to come, too.

"I believe that the property holders in these places have this game in mind. Street Railway tracks are going to help them along, there's no doubt of that."

Canadian investors in South American enterprises will be interested in the Winnipeg Commercial's appeal to them to reform and spend their money here. Says that paper:

"We find in Eastern Canadian daily papers advertisements of speculating chances in Cuba, Mexico, and other God-forsaken places; and, as a matter of fact, many Canadians see fit to invest in these outside propositions; whether profitably or otherwise, it is not for us at present to say. We believe, however, that in most cases it is only the influence portrayed by the old adage 'distance lends enchantment to the view,' that leads them, Canadians, particularly in the eastern provinces, do not appreciate the great chances that present themselves in the development of the prairie provinces and British Columbia."

Shades of other days! There has been a strike in the Payne mine.

"What is frenzied finance?"

"Frenzied finance," replied the Wall Street man, "is a condition of affairs in which small investors lose their heads, while we remain perfectly self-possessed and take the money."

SAD FINANCIAL CALAMITY.

Standard Oil Dividend Only $6. Against $9. Last Year.

The Standard Oil Co. has declared a dividend of $6 per share, payable Sept. 15.

The quarterly dividend of $6 declared by Standard Oil directors compares with $9 for the previous quarter and $5 for the corresponding quarter last year.

The company has paid dividends as follows for the past fourteen years: 1891 to 1895, 12 per cent. per year; 1896, 31 per cent.; 1897, 32 per cent.; 1898, 30 per cent.; 1899, 33 per cent.; 1900, 48 per cent.; 1901, 48 per cent.; 1902, 45 per cent.; 1903, 44 per cent.; 1904, 36 per cent., and $30 so far in 1905.

Based on the present market valuation of the stock of the Standard Oil Co., the income to the investors on dividends declared so far this year is about 4.8 per cent. If 37 per cent. is declared this year, the income will be in the neighborhood of 6 per cent.

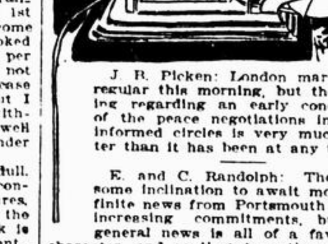
TWIN CITY BRANCHING OUT.

Montreal Holders Hear That Road Has New Scheme.

Montreal holders of Twin City were informed to-day of the purchase of the property known as Big Island, in Lake Minnetonka, twenty miles from Minneapolis, by the Twin City Rapid Transit Company.

The property will probably be re-christened "Coney Island," and the company will construct on a smaller scale an amusement centre on the plan of the big New York resort.

Steamers will be operated on the lake in connection with the new suburban line of the company now nearing completion.



J. B. Picken: London market irregular this morning, but the feeling regarding an early conclusion of the peace negotiations in well-informed circles is very much better than it has been at any time.

E. and C. Randolph: There is some inclination to await more definite news from Portsmouth before increasing commitments, but the general news is all of a favorable character and sentiment continues bullish. The money market remains unchanged.

J. S. Bache: London has traded in about 10,000 shares each way. Look for further improvement, and would again call attention to low price of leading copper shares compared with other leading industrials.

Burnett and Co.: There is a strong tip out that either Can. Pacific or the Soo are after Wisconsin Central.

Charles Head: Western banks have commenced drawing on New York for money, and $1,000,000 has been sent to Chicago already this week. An advance in rates for call loans should be expected in the near future. Amalgamated Copper has been active and strong, and is said to be going higher.

Town Topics: Very bullish opinions are expressed on New York Central, but the trading in it this morning was somewhat irregular. There was good buying by Bache and Co. Rumor of an alliance with the Union Pacific still receives consideration.

Laidlaw and Co.: The news bearing upon values as a whole is favorable, sentiment is bullish, and it would appear that the middle-priced grangers and the better class of the industrials are a purchase on every moderate recession.

WHEAT MARKETS GENERALLY HIGHER

Chicago Experienced Considerable Strength To-day.

ARMOUR WAS BUYING

Crowe Estimates Canadian North-West Wheat Crop at 80,000,000 Bushels.

From the Special Correspondent of the Montreal Star on the Chicago Board of Trade.

Chicago, Ill., August 16. — September wheat sold between 81⅝ and 82⅛, and December between 82¾ and 83¼, compared with closings yesterday of 81½ and 82¾ respectively.

There was considerable September wheat taken both by Armour and Rankin. The latter was covering short contracts, while the former was adding to the line transferred from Watson, the Minneapolis bull. It was the consensus of opinion in wheat circles that, while Armour was a buyer here, he was a seller at Minneapolis and St. Louis.

Crop reports were of the best, G. R. Crowe, of Winnipeg, estimating the yield of that section at 80,000,000 bushels. South-West receipts, 266,000 bushels; North-West, 132 cars, compared with 446,000 bushels, and 78 cars respectively a year ago.

Winnipeg, August 16.—The inspection of wheat was as follows yesterday:

	Cars.
No. 1 hard	..
No. 1 northern	..
No. 2 northern	3
No. 3 northern	3
Other grades	..
No grades	..
Total	6
Last year	21

Overcast in England; forecast, unsettled. Cloudy and threatening in France—forecast, partly cloudy.

Chicago—Weather map generally clearing, with lower range of temperature. Rains in Can. and N.W., Minn. and Dak.

The Liverpool spot wheat market was firm this morning, closing at 6s 9d to 6s 10d for No. 2 nor. Man., and 6s 6½d to 6s 7½d for No. 3.

Options closed ½d up from last night on Sept., at 6s 7⅜d, and ⅜c up on Dec., at 6s 6½d.

Antwerp was steady, at 15¾ for Bahia Blanca.

Paris closed at 22.95 for Aug., and 23.05 for Nov. and Feb., after several days holiday.

Chicago was ⅝c up on Sept. at noon, at 82⅛, and ⅝c up on Dec., at 83⅜. Sept. corn was ¾c up at noon, at 53¼, and ¾c up on Dec., at 44⅛. Sept. oats were steady at 25⅞, and ⅛c down on Dec., at 26⅞.

Duluth was ½c up at noon, at 84⅜ for Sept.

Minneapolis was ⅞c up on Sept., at 84¾, and 1c up on Dec., at 83½.

Winnipeg was steady on August at 1.01, and ⅝c up on Oct., at 80⅝.

LOCAL MARKET. — The market was dull to-day, and prices of oats are gradually easing off. No. 3 old oats selling at 44 to 44½c store, and No. 2 at 45 to 45½c. New stock is now arriving, and spot goods are firmly held. Purchases are being made in the country on a basis of 37 to 38c track for No. 3, and 38 to 39c for No. 2.

MILLFEED.—Stocks continue light and prices of bran are steady. Some quote Ontario bran at $14.50 to $15, in bulk, laid down here, while local millers of Manitobas quote $16 to $17 per ton for Manitoba bran in bags, and $19 to $20 for shorts.

HAY.—Prices are firmer at $8.50 to $9 for No. 1, $7.50 to $8 for No. 2, $6 to $7 for clover and mixed clover. The advance is due to light deliveries.

HANDLING OF WHEAT CROP.

Canadian Pacific Officials to Meet and Discuss the Question.

Winnipeg, Man., August 16. — Supt. J. G. Bury, of the Canadian Pacific Railway, has completed arrangements for a meeting of officers of the central division of that road at Fort William on Thursday, for the purpose of perfecting arrangements for the handling of the western wheat crop this year. All phases and details of the work will be carefully considered, and arrangements will be made for the distribution of cars and locomotives to the various districts. The officials will receive the opportunity to inspect terminals and elevators at Fort William and to become acquainted with the conditions at the lake port. Those who will attend the conference will be Messrs. J. Brownlee, superintendent of Moose Jaw division; J. J. Scully, superintendent at Brandon; J. Tarundel, superintendent at Winnipeg; G. Graham, superintendent of terminals, Winnipeg; O. O. Winter, superintendent at Fort William; G. H. Temple, master mechanic, Winnipeg; J. A. McGregor, assistant superintendent car service, Winnipeg; A. Price, superintendent of transportation, Winnipeg; W. B. Lanigan, general freight agent, Winnipeg, and J. G. Bury, general superintendent.

BIG NEW FLOUR PLANTS.

Six New Steel Mills Being Built in Pittsburg for Montreal.

The Western Canada Milling Company of this city and Toronto has contracted with James Stewart and Company, of Pittsburg, for six large buildings of a flouring plant, that will cost between $550,000 and $600,000. The flouring mill proper will have a capacity for the manufacture of 5,000 barrels of flour a day, and the grain elevator will have a capacity of 1,000,000 bushels. All of the buildings will be of concrete and steel, and will be fireproof. About 3,000 tons of steel will be required for the buildings, which will be made at Pittsburg, and hurried to Canada as rapidly as possible, as the contract calls for the speedy completion of the building.

The Western Canada Milling Company is a comparatively new corporation, being an amalgamation of the Lake Huron and Manitoba Milling Companies and Andrew Currie and Company. Messrs. Mackenzie and Mann are also interested.

CHEESE BOARDS HOLD STEADY.

Prices Paid Yesterday Show a Considerable Range But are Firm.

Roxton Falls, August 16.—The offerings of cheese were 530 boxes white; all sold at 10¼ to 10⅝c.

Stirling, Ont., August 16.—At the meeting of the cheese board there were 740 boxes offered; 415 sold at 10 13-16c, and 35 at 10⅝c; balance refused at 10⅝c.

Three Rivers, August 16.—At the butter and cheese board 336 boxes of butter and 274 boxes of cheese were offered. All sold as follows: 190 boxes of salted butter at 21¾c; 146 boxes of sweet cream butter at 22c, and all cheese at 10⅜c.

New York, August 16.—Butter firm, receipts 20,235; western factory, 15 to 17½c; cheese weak, receipts 13,813; state, full cream, small, colored and white, fancy, 10¼c; do. fair to choice, 9¼ to 10¼c; do. large colored and white, fancy, 10¼c; skims, full to light, 1½ to 8½c.

Cotton Market Opened Quiet.

New York, August 16. — Cotton futures opened quiet. August, 10.20 bid; September, 10.25 to 10.27; October, 10.43; November, 10.46; December, 10.54; January, 10.62; March, 10.67; April, 10.69; May, 10.72.

Gold, Silver and Gunmetal Watches, R. Hemsley, 255 St. James street.

DEMAND FOR QUEBEC CHEESE

Stocks are Light—An Improved Demand for Butter.

CHEESE.—The market is firm and there is a fair demand, more especially for easterns, which continue quite scarce. The tone is firm throughout the country, though there is a considerable range between the different markets. Ontarios might be quoted at 11 to 11⅛c for finest, 10⅞c for Townships, and 10¾c for Quebecs.

Receipts reported on the Board of Trade this morning amounted to 17,414 boxes.

BUTTER.—The market is firm, but dull. The general feeling seems to be that prices have now got down to as low as is necessary, and that a demand may be expected from the other side at somewhere around present prices. These are 21½ to 22c for good to fine, 22 to 22¼c for choice, and 22½ to 22¾c for fancy Townships creameries. Orders were in the market to-day from the other side at a fraction over 22c.

Receipts reported on the Board of Trade this morning amounted to 6801 packages.

EGGS. — The market has showed increased strength during the past few days, and this morning holders were receiving somewhat higher prices. Demand from local sources is not very active, but it is sufficiently so to absorb everything which arrives. Receipts continue light, and there is no likelihood of them increasing sufficiently to cause any easiness in the market.

Select eggs are now selling at 22c, and it would be difficult to get any really good stock at less. Cracked eggs sell at around 14c, and No. 2 stock at 15½ to 16½c, while straight gathered are selling at 17½ to 18c. Candled eggs, with the bad and cracked only out, sell at 19 to 20c, while with the No. 2 and select stock out as well, they bring about the same as straight gathered. Dealers are now paying all the way from 16 to 17c in the country for straight gathered eggs, purchases in isolated sections having recently been made at as low as 15½c.

POTATOES. — The market holds firm but steady. Farmers know that they are receiving a low price for potatoes, as compared with other products of the farm, and besides this they are busy with their harvests, so that they do not bother to make very large deliveries. It is claimed, however, by dealers that they are paying farmers 10c more per bag than they were a year ago at this time. Yet the stock is only costing 40 to 45c per bag of 80 lbs., on the farmers' market, dealers re-selling them at about 55c per bag.

The latest arrivals of stock from certain sections are showing evidences of deterioration, whether from too much rain or not is unknown. The rot does not seem to be widespread as yet, and may not extend further.

CANADIAN BUTTER IN FAVOR.

English Importers Say it Is Equal to Choicest Danish.

Messrs. Dowdall Bros., Manchester, write as follows, under date of Aug. 5, of the butter market:

Copenhagen writes: "This market continues firm, but is less animated this week. Arrivals continue to be small; there is a marked falling off in the production of milk in this country. It looks to-day as if the official quotation should be unchanged to-morrow, though some are talking of an advance. From the Baltic the shipments are smaller but the demand for Siberian goods is nevertheless rather slower here to-day." The official quotation is since wired two kroner higher. London market is excited with the news of a strike at Riga, which may stop shipments of Siberian butter. Coupled with the recent droughts has made buyers more speculative, and markets all round are brisk. The quality of butter has been inferior to that of former seasons, whether caused by the dry weather or damaged in transit, it is difficult to say. Many lots, however, show unmistakable signs of being cold stored in countries of origin. Consequently, quality of high grade has been limited in supply. Manchester has continued quietly steady without excitement.

Imports of Canadians, principally London way, continue heavy. During July this year they were 65,000 cwts., against 43,000 in 1904, and 25,000 in 1903. Irish creameries with Canadians are much in favor and are equal in quality to the bulk of choicest Danish, always excepting fancy dairies which still maintain the prestige of the Danish name. A good enquiry exists for fine and medium goods, and an active trade in high class margarines begins now to fill the gap of a lessened butter supply. Heavy rains have fallen over the Kingdom which must be of the utmost benefit to grass lands. Danish and Swedish crossing for next week, 23,583 casks, or 112 less than last.

ACTIVE DEMAND FOR HIDES.

Prices Firm at Recent Advance—Leather Goods in Request.

The market for hides is firm at the recent advance. The stock is in good condition, being practically free from grubs. Receipts continue light, and there is a good demand, due to the large consumption of leather of all kinds, some say partly as a result of the war.

It is reported that prices have been given a firmer tone partly by tanners sending their own men out on the road to buy, instead of looking to the wholesaler to supply their needs. In some sections quite a competition was created, not calculated to very materially help the tanner out at this juncture. Some evidently fear that a corner is being attempted, but as long as hides can be purchased cheaper from the regular dealer than the tanner can buy them for at first hand, it does not look much like a corner.

A visit to the wholesale shoe warehouses finds great activity in getting out fall shipments. The orders placed were above the average, and a good fall trade is looked for. Sorting orders keep up right along, and some are fairly busy in supplying the immediate needs of their customers. The sorting order end of the business has grown to such an extent that some houses are keeping travellers on the road to look after this department alone. A most hopeful spirit pervades business circles. The prospects of an unusually large harvest is having a strengthening effect and dealers are not as loath to buy as they were a short time ago.

Sheepskins are now struck off the list of quotations, lambskins taking their place. The latter have largely increased in price owing to the increased quantity of wool to be taken off them, and to the high price which this wool brings.

The remainder of the market continues steady, horsehides being extremely dull, and tallow being quiet.

The market throughout continues firm. Following are the quotations for fresh city stock:

No. 1 hides, ½c to tanners, 11c.
No. 2 hides, ½c to tanners, 10c.
No. 3 hides, ½c to tanners, 9c.
No. 1 calfskins, per lb., 15c.
No. 2 calfskins, per lb., 13c.
Lambskins, each, 60c.
No. 1 horsehides, each, $2.
No. 2 horsehides, each, $1.50.
Tallow, rendered, per lb., 4 3-4c.
Tallow, rough, per lb., 1½ to 2½c.

Firms Registered and Incorporated.

The following companies, etc., have been registered:

Humphrey & Company, at their head office, 160 St. James street, Montreal, and their branch offices, at 40 Sparks street, Ottawa, and 28 St. Louis street, Quebec, or from their duly appointed agent for the West, Messrs. Sharpe & Company, 383 Main street, Winnipeg, Manitoba.

NOTE.

DE FOREST WIRELESS SHARES ADVERTISED FOR SALE BY OTHER FIRMS ARE NOT THE SHARES OF THIS COMPANY.

The Dominion De Forest Wireless Telegraph Company, Limited, with its small capitalization, is the best investment ever offered to the Canadian public.

The market value of its shase to many times their par value. but in the near future will incrzares has never decreased one cent,

Try and buy shares in this Company for less than $5.00 per share, and you will soon ascertain the strength of their market value.

WHY is it you cannot buy shares in this Company at a large discount, as in other companies?

BECAUSE no shares have been sold for less than their par value of $5.00, and those who hold shares

WILL NOT SELL—WHY?

BECAUSE they know they are holding shares in a progressive, revenue-earning company, that during its five months of existence has made extraordinary rapid commercial progress, and is being conducted in an honest business-like manner.

We shall be pleased to give every information respecting this Company, which is open to every investigation, and also give orders to view the Company's Wireless Telegraph Stations and Manufacturing Laboratory.

AMUSEMENTS.

Irish Guards' Band.
Following are the views, in brief, of British papers on the playing of the Irish Guards Band, which will be heard in the "Arena" on Saturday and Monday, August 26th and 28th.
"An ideal military band."—Brighton Times.
"Remarkable for delicacy and beauty of tone."—Sheffield Telegraph.
"Unsurpassed in tone and precision."—Pall Mall Gazette.
"The Irish Guards Band have at once climbed to the top."—Daily News.
"One of the best in the British army."—The Times.
"A decidedly superior band."—Daily Telegraph.
"It is doubtful if the band has its equal in the British service."—Morning Post.
"Those who heard the band last evening had no cause to wonder at the enthusiasm displayed."—Morning Chronicle.
"Bandmaster Hassell tunes his band splendidly, and is a musician to the finger tips."—Birmingham Gazette.
"Play with a precision that is exquisite."—Huddersfield Examiner.
"A feature of the Irish Guards Band concerts is the taste displayed in choosing the programme, the classic and the popular being most happily combined."—Orchestral Times.

Juveniles at the Academy.
On next Monday night the Pollard Australian Juvenile Opera Company will enter on its second week and will present Augustin Daly's musical success, "A Runaway Girl." This is considered one of the best things in the repertoire of the Pollards, and gives all the little ones a chance.
As this will be the first time that it has ever been given by children, there is much curiosity as to how the company will delineate the parts, but it is a safe guess, judging from their performances to date, that they will give the adults some points in presenting this charming musical comedy.
There will be a matinee performance of "The Belle of New York" this afternoon (Wednesday) and on Saturday.

Theatre Royal.
The drama "A Dangerous Life," will be at the Theatre Royal the week of Aug. 21st. "A Dangerous Life" is said to have a strong cast, star feature specialties, is elaborately staged and original in detail.

The Musical Johnstons.
The musical Johnstons (two Montreal boys) have returned here after an absence of nearly two years, having completed a tour of the world, travelling over 35,000 miles. They played in the Hawaiian Islands, Samoa Islands, the chief cities of New Zealand (Auckland, Wellington, Christchurch and Dunedin, two weeks in each). In Australia they played in Sydney, N. S. W., for nine weeks; in Melbourne, three weeks, Adelaide, one month, in Perth, Western Australia; then they visited Ceylon, Egypt, Gibraltar, returning to England in January of this year and played the British Isles. They are playing this week at Riverside Park.

MONEY TO LOAN

$10 to $1000

To Workingmen, Clerks, Retail Merchants and Manufacturers.

—ON—

Furniture, Pianos, Horses, Wagons, Store Fixtures, Etc.

All Goods to Remain in Your Possession.

This Company is a class by itself, without a competitor in legitimate financiering and banking. We publish the rates on loans. No other company ever does, because their rates are double as much as ours, which accounts for our great success and reputation for fair, honest dealings, being the only money lending concern endorsed by the French and English daily papers of Montreal.

This table gives the rates. Compare it with all others, and when you need money you will borrow here.

If you owe a high-priced Loan Company, or have debts pressing—don't owe everybody—combine your debts. Make one payment pay them all. Call on us. We have been engaged in this business 58 years, and by dealing with us you will establish a credit that may be useful in the future.

Loan of	Weekly or Monthly Payments
$10	$0.75
15	1.00
20	1.10
25	1.25
30	1.35
40	1.40
50	1.50
60	1.75
75	2.00
100	2.50

Absolute privacy is our watchword.
Our service is the quickest possible.
No advance charges of any kind.
A full rebate allowed if paid before maturity. We have 156 offices throughout the world, necessarily employing many millions of dollars, the combined capital of which is much larger than any 5 banks in the world.

We make the payments so reasonable that the smallest wage-earner can pay with greatest ease. Such an offer from a house of the STANDING of the Canadian Finance Co. means much to you.

The large amount of business we do, the THOUSANDS OF CUSTOMERS we serve, the large territory we cover, is the best guarantee that our TERMS AND METHODS ARE RIGHT.

If not convenient to call, telephone or write. We will send our representative to you to give you full information.

The Canadian Finance Co.,

103 St. Francois Xavier St.

Telephone Main 433. Corner Notre Dame street.

We have large private offices occupying the entire first floor, in which we close all transactions. Every man in our employ must be a gentleman. 158 312

OUR REFERENCES, OUR CUSTOMERS.

It is easy enough to promise anything in an advertisement, but customers come back to us, and you know they wouldn't if we didn't treat them right.

Mrs. Alonzo Ryan and her little daughter Marjory, are visiting Mr. and Mrs. John A. Cockburn, at Chrysler, Ont.

Mrs. W. Foster and children have returned to Westmount from Riviere du Loup, where they have spent the past few weeks.

Mr. and Mrs. A. Crombie have gone to Quebec for the festivities in connection with the visit of Prince Louis of Battenberg.

Col. Joshua Wright and family propose to move shortly from Hull, Que., to take up their future residence in Calgary, N. W. T.

Miss Pearl Elliot of No. 6 Drummond St. and Mrs. Chas. Tomkins and Miss Margaret McGlenn have gone to Ste. Agathe for three weeks.

The Misses Gormully, of Park avenue, have returned to the city, after spending some weeks at Summerstown and Stanley Island.

Mrs. Robertson, wife of Dr. E. A. Robertson, of Hubbardston, Mich., is visiting her parents, Captain and Mrs. Weir Johnson, at East Sherbrooke.

Lieut. Colonel Weatherbe, of Ottawa, left on Saturday for the camp at St. Joseph de Levis. Mrs. Weatherbe will go down and remain with her husband during his stay in camp.

The Hon. Byron Truell, accompanied by his daughter, Mrs. Gertrude Butler, Miss Butler, Miss Marion Butler, and Mr. Byron Butler, are spending a weeks in the Townships.

Miss Eglauch and her niece, Miss Payette, who have been the guests of Mrs. H. W. Stroud at Philipsburg, and of Mrs. F. Belque at Vaudreuil, are now at Ste. Claire for the remainder of the month.

Mr. Frank Maynard, of India, sailed from England on the 11th and will arrive at his old home in Ottawa in a few days. Mr. Maynard graduated at the Royal Military college three or four year ago, and holds a commission in the imperial army.

Mr. and Mrs. J. C. Walsh, Mr. and Mrs. Isidore Crepeau, Mr. and Mrs. Geo. Belanger, Mr. Theo. Valiquette, of Montreal, and Mr. L. A. Whitaker, of Brantford, Ont., have been spending a pleasant holiday at Hotel du Lac Tremblant, Mount Tremblant.

The marriage of Miss Christina (Tina) Lucas, eldest daughter of William Lucas, Esq., of this city, to Mr. Travice A. Tod, formerly of Melbourne, Australia, will take place quietly in Knox Church on Friday, September 1st, at 6.0 p.m. The Rev. Dr. Fleck will officiate.

The engagement is announced of Miss Frances Eleanor Brooks, eldest daughter of Rev. Chas. H. Brooks, rector of Grafton, Ont., to Walter Vose Gulick, M. D., of St. Mary's Hospital, Rochester, Minn., U. S. A. The marriage is appointed for Sept. 19, at St. George's Church, Grafton.

Hon. L. P. Farris, Mrs. Corey Hay, of Bellingham, Wash., and Dr. Hay, of Chipman, will go to Wolfville to-day to attend the wedding of Wallace B. Farris, barrister, of Vancouver, son of Hon. L. P. Farris, who will be married on Wednesday to Miss Evelyn Keirstead, daughter of Prof. Keirstead, now of Macmaster University. Col. and Mrs. H. H. McLean will also be present at the wedding.

A pretty wedding took place on Monday at the home of Mr. Frank Cassidy, Toronto, when Rev. Father Canning united Miss Katherine Lorraine Rutsey, of Aurora, and Mr. Jas. Cashman, of Toronto. Mr. James Rutsey, of Aurora, gave away his daughter. Miss Cassidy acted as a flower girl and Master Frank King as altar boy. At the conclusion of the wedding breakfast, Mr. and Mrs. Cashman left to spend the honeymoon at the Thousand Islands.

A pretty house wedding took place at the residence of Dr. and Mrs. Wilkinson, Midland, Ont., when their daughter, Annie Douglas, was united in marriage to Mr. H. Arthur Leak, of Toronto, formerly of Midland, eldest son of Mr. William Leak, of Toronto. The bride, who was given away by her father, was becomingly gowned in a dress of white silk, trimmed with Duchess lace, and carried a shower bouquet of roses and lilies of the valley, her only ornament being a handsome brooch of amethyst and pearls, the gift of the groom. Little Miss Madelle Leak, sister of the groom, made a pretty flower girl, while Master Douglas Simonds acted as page. The ceremony was performed by Rev. Dr. Campbell.

Miss Sweeny is the guest of Mrs. Doutre, of Ottawa.

Dr. L. A. Demers has returned to the city from his holidays.

Mr. Robert M. Shaw, of Montreal, is on a visit to Quebec.

Mr. A. C. Phee, of Toronto, is spending some time in Montreal.

Miss Ethel Rowland is visiting friends in London and Toronto.

Mr. Gus Cochenthaler, of New York, is visiting relations in Montreal.

Mr. F. W. Molson was a guest of Col. Campbell last week, at St. Hilaire.

Mrs. J. L. Gurl, is visiting her sister, Mrs. J. S. Smith, of Kingston.

Mr. L. H. Tache, Quebec, registered at the Chateau, Quebec, yesterday.

Miss Alice L'Eveille is visiting in Toronto, the guest of Miss Juliette Morin.

Mr. J. H. Whittingham has just returned from an extended tour through the West.

Mrs. J. Garth, of Montreal, is in Quebec, the guest of her sister, Mrs. Shehyn.

Miss Liebich, of Overdale avenue, has returned to town after a short visit to Berthier.

Mr. J. Armitage Ewing is visiting his aunt, Mrs. E. F. Tomkins, at Elmwood Park.

Mrs. Wm. Quinn, Berrie street Montreal, left for Quebec this morning to visit relatives.

Hon. H. B. Rainville, Mrs. Rainville and Miss Rainville are spending some days in Quebec.

Mrs. Nelson Gray, accompanied by Miss Beatrice Gray are visiting relatives at Chrysler.

Major George R. Hooper is in Quebec, where he will attend the ball given to His Serene Highness.

Miss Trench, who has been in Magog visiting Miss Mole for the past week, has returned to the city.

Mr. W. H. Leach returned yesterday from Lac des Isles and will remain in town for a few days.

Miss Lizzie Haggart, of Richmond, Que., who has been visiting friends in the city, has returned home.

Mr. and Mrs. William Dignam of New York are the guests of Mr. and Mrs. J. S. Dignam of Toronto.

Mr. and Mrs. George Overton, of London, Eng., are the guests of Dr. and Mrs. John West, of Magog.

Mr. M. P. Fennell, jr., of the Harbor Commissioners' staff, has left to spend two weeks at Cacouna, Que.

Mrs. T. Alder Bliss, of Ottawa, is summering at Kingsmere, accompanied by her mother, Mrs. Dumoulin.

The many friends of Mr. John Lewis will be pleased to learn of his recovery from a severe attack of pneumonia.

Dr. and Mrs. Jacques, of Worcester, Mass., are spending the summer at Ste. Madeleine, County of St. Hyacinthe.

Mrs. Henry C. Rodemann and her daughter Bernice, of Newark, N. J., are visiting Mrs. H. A. Loeb, Sherbrooke street.

Mrs. Charles Morse, of Ottawa, is visiting Mrs. Francke, wife of Prof. Kuno Francke, of Harvard, at Gilbertsville, N. Y.

Miss R. Staveley is spending two weeks at Mountain View Cottage, Belisle's Mill, Que., the guest of Mrs. Hampshire.

Hon. Rodolphe Lemieux has left for Caraquet, N.B., where he will represent Sir Wilfrid Laurier at the Acadian convention.

Mr. Wm. Hansen, Miss Hansen and Miss Laura Hansen, arrived in Quebec on Monday on their return trip from the Saguenay.

Miss Evelyn Earl and Miss Mary Johnstone have just returned home from Willard, Me., where they spent the last two weeks.

Hon. R. W. Scott and Miss Scott, Mr. and Mrs. D'Arcy Scott and their family, are spending some weeks at Blue Sea Lake, on the Gatineau.

Mr. Henry Draper and party, arrived in Kingston on Sunday from a canoe trip on the Ottawa river. They have been guests of Judge Hamilton.

The Misses Maida and Ethel Carlisle, of Atchison, Kansas, are visiting their cousins, Miss Winifred and Mr. Fred Nunns, at Elmwood Park.

The marriage of Miss Margaret Taylor, youngest daughter of Sir Thomas and Lady Taylor, and Major Thompson is announced for Saturday, August 19.

Miss C. Mingeaud, secretary of the dispensary at Notre Dame Hospital, who has been spending several weeks at Old Orchard, has returned to the city, much improved in health.

The engagement is announced of Miss May Quinn, second daughter of Mr. and Mrs. J. F. Quinn, to Mr. Hector Tessier, both of Montreal. The marriage will take place in September.

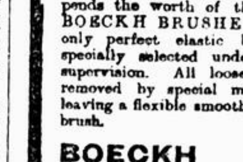
Sir Richard Musgrave, Bart., of Tourin, County Waterford, Ireland, and Lady Musgrave are spending the summer at Craigdarrock, Victoria, B.C., the residence of Lady Musgrave's mother, Mrs. Dunsmuir.

Mrs. T. J. Basker and her little daughter, of Ottawa, and Miss Eva Rexford, of Knowlton, are at present visiting Ste. Rose, where they are the guests of Lt.-Col. and Mrs. Carson, on Gortmore Island.

Among others in Quebec this week for the festivities in connection with the visit of Prince Louis of Battenberg, are Mr. Armand Lavergne, M.P., and Mrs. Lavergne, Mr. Justice and Miss Mathieu, Mr. Justice and Madame Charbonneau and Mr. Justice and Mrs. Carroll.

$180 Found in Dead Man's Sock.

At yesterday afternoon's inquest into the cause of the death of C. A. Johnson, of Hancock, Mich., whose dead body was found lying beside the Grand Trunk Railway tracks, at Pointe Claire, on Saturday, the jury after hearing the evidence, returned a verdict of accidental death. The evidence of the medical men seemed to strengthen the supposition that the man met his death by falling from the train. After the inquest when the body was undressed $180 in United States bills was found inside the sock on the right foot of the deceased.



Brush Bristles
"Aye, there's the rub." On the quality of the bristles depends the worth of the brush. BOECKH BRUSHES contain only perfect elastic bristles, specially selected under expert supervision. All loose bristles removed by special machinery, leaving a flexible smooth-working brush.

Unveiling of Monument to Dead Soldiers and Garden Party in Grounds of Garrison Club Were Features of Yesterday's Celebrations in Quebec

His Excellency the Governor-General Made a Stirring Reply to the Address of Welcome—Prince Louis of Battenberg an Interested Spectator of Notable Function.

Special Staff Correspondence.

Quebec, August 16.

The unveiling yesterday of the monument to the Quebec soldiers who fell in South Africa was one of the most dramatic and impressive ceremonies ever witnessed in the province.

Quebec, which, thanks to the Civic holiday, was out in full force, made the Esplanade, where the ceremony took place, the central point of interest of the day. Everywhere there was a seething mass of humanity. To the ramparts they clung as thick as flies. The roofs were fringed with them, and the streets were almost impassable owing to the crush, and even the trees held a burden of human beings. In the officers' quarters opposite every window was filled, and the same was true not only of the Garrison, but of the houses surrounding the Esplanade. The heat was extreme, and for a time made things rather unpleasant for the waiting crowds. During the ceremony one soldier in the guard surrounding the monument succumbed to the heat and had to be carried away.

It was two o'clock when the flag-draped stand began to fill with the guests invited to be present at the unveiling. Shortly before three o'clock Lieut.-Governor Sir Louis Jette arrived, closely followed by a private carriage occupied by H. R. H. Prince Louis of Battenberg, his aide, and by Lady Mary Parker and Lord Grey. It was three to the minute when their Excellencies arrived, accompanied by Lady Evelyn Grey, and proceeded to the small flag-draped stand reserved for them at the foot of the monument. The speeches by pro-Mayor Turgeon and Maj. Wood followed in quick succession. In his reply Lord Grey's impassioned appeal on behalf of the glorious dead rang forth in a voice that could be heard all over the stand, and even by the crowd beyond. At a given signal, His Excellency pulled the red cord which kept in place the flag concealing the monument, and in another moment it fell in graceful draperies half suspended across the base of the statue. A party of one hundred men then fired three volleys, the State band playing the Dead March between each volley. The Last Post was sounded, after which "Onward, Christian Soldiers" was played, to be followed immediately by the National Anthem.

EVERY TONGUE STILLED.

In the impressiveness of the actual unveiling every tongue was stilled. In a moment the hardships of the South African campaign were recalled, the perils of those who went to fight for the Empire, the sorrow and long anxiety of those who remained behind. In many eyes there were tears, and a sob was stratgled in many a throat. In a moment, from a gay and welcome holiday, the people were recalled to the stern realities of life. Silently they did honor to the noble dead, every soldier at attention, in the crowd many heads bared and bowed. The silent wave of sympathy that went through the gathering was electrical. Proud of her dead, Quebec yet gave thanks for those returned to her living. The flag drooping across the monument in the centre of the great hollow square was the emblem for which the dead had given their lives, for which the living were ready when occasion offered to defend it to the death. The bond of Empire and of brotherhood, it never stood for more in the hearts of Canadians than it did yesterday as it lay trailing from the banner in the hands of the figure which crowned the monument. A gentle little breeze stirred its folds until it seemed alive. For a minute there was a breathless pause, then fortunately the tension relaxed, and the crowd was just a crowd again, though somewhat subdued.

LADY GREY PLACES WREATH.

Lady Grey, on behalf of the Quebec branch of the Daughters of the Empire, placed a wreath on the base of the monument, and also one from the president of the society. His Excellency, the Governor-General, and Prince Louis of Battenberg, accompanied by their aides, then inspected the troops. On their return the party grouped themselves on the steps of the manument and were photographed. A large number of people seized the opportunity to snap shot the group, cameras being levelled on them from every side. Before the departure of Their Excellencies and party for the Garrison Club garden party, to which they walked from the Esplanade, three hearty cheers were given for both His Excellency and His Serene Highness Prince Louis.

ADDRESS TO LORD GREY PRESENTED BY MAJOR WOOD.

Major Wood, president of the Monument Committee, in inviting His Excellency to unveil it, spoke as follows:

"May it please Your Excellency,

"The Rt. Hon. Lord Grey, Governor-General of Canada.

"In asking the direct representative of His Majesty King Edward VII., to unveil this monument, erected to the memory of those gallant sons of Quebec, who fell fighting for their Queen and country in South Africa, we, the committee of citizens, beg to thank you, Sir, and the Admiral and members of the second cruiser squadron, the commander of the fortress, and the officers of our local troops, and all others who have assisted us, for your presence here to-day. It was on this very spot, that those chivalrous young soldiers paraded on the memorable day that they left Quebec to take part in a long and arduous campaign, knowing well what duties were expected of them, and resolving in their hearts to reflect glory on the city of their birth. How well they performed that duty, the sad records of the great war abundantly reveal. Those of their companions-in-arms who accompanied them to the Transvaal here, on their return home, convincing testimony of the many brilliant deeds of patriotism they effected, often in the thickest of the fight and enduring all the hardships and privations inseparable from a severe and trying campaign, and this uncomplainingly, and with a single eye to the faithful carrying out of all orders given to them. They acted more like the seasoned veterans of a great army than as young recruits who had been called away from the anxieties of home and the danger far away. Far away from home and those who cared for them, their hearts never faltered. With unflinching and undaunted courage they upheld the honor of their country and all so dear to them, losing nothing of the manly characteristics which have been read, and the patriotic reflections they suggest, all combine to make this occasion one of the most important and distinguished in the history of even this famous city of Quebec.

"Our proximity to the monument which raises equal honor to the immortal fame of Wolfe and of Montcalm, reminds us that it is the pride and distinction of Canadian Nationality that it combines the virtue and the valor of the two great races of which it is composed.

"The presence of the Cruiser Squadron of the Atlantic Fleet further reminds us of the great and beneficent power which, in the shape of his Majesty's Navy, enables every Canadian to enjoy the high privileges and advantages attached to British citizenship in every portion of the world.

GREATNESS OF THE EMPIRE.

"The monument which it will be my privilege in a few moments to unveil will remind the citizens of Quebec that the greatness of the British Empire which we have inherited from our fathers has been won by the voluntary effort and sacrifice of her sons, and will remain for us and our successors a source of continual and patriotic inspiration.

"In acknowledging the eloquent address which has been signed by his Worship the Mayor, whose privilege it has been to render inestimable services to this beautiful city, and whose official connection with Quebec, unfortunately for its inhabitants, the important performents of State affairs are about to sever, I cannot refrain from giving expression to our regret at the sad bereavement which he has sustained and for which we beg respectfully to tender him our profound sympathy, should have deprived us of his presence on this occasion.

"It shall be my happy privilege in accordance with the wish expressed in this address, to convey to his Majesty the King, an expression of the unanimous sentiment which unites the whole of Quebec in a common devoted loyalty to the King, the Queen, and the members of the Royal Family, so well represented here to-day in the distinguished person of H.S.H. the Admiral."

In this address emphasis has been rightly laid on the happy fact that the antagonism which at one time separated the peoples of England and of France, has now disappeared under the amalgamating influence of a common interest.

It is true that the differences which separated the French and English in times past were the result of opposing and antagonistic principles. The struggle associated with the memory of Nelson, the centenary of whose death will be celebrated this year in every part of the Empire, was not a race conflict. No! the reason why the distinguished chiefs of the French Navy saluted, last week, the Nelson monument in Trafalgar Square; the reason why the "Victory," Nelson's old ship, played the "Marseillaise" and flew the Tricolor in honor of the French fleet at Portsmouth, is because it is recognized that the struggle which shook the foundation of continents 100 years ago, was a death struggle not between French and English, but between the principles of liberty, of freedom and of self-government, as opposed to those of despotism, militarism and centralized tyranny, and it is because French-Canadians recognize that the spirit of freedom is sheltered in the folds of our British flag, which has become to them the symbol of their liberties, and the assurance of their rights, that they have on repeated occasions shown their readiness to die for it, and to prove themselves, together with the English Canadians the most loyal and devoted sons of an Empire which stands for freedom, justice, and equal rights all over the world.

FOUGHT FOR PRINCIPLE.

"Ladies and gentlemen it would have been surprising if the object for which the British Crown fought in South Africa had not appealed to the enthusiasm of French not less than that of English Canadians, for the struggle in South Africa was not between Boer and Briton. Again we fought for principles, we fought to secure equal rights between the Briton and the Boer; we fought to rescue British South Africa from the insupportable domination of a corrupt and exclusive oligarchy; we fought for the principles of Papineau as opposed to those of the family compact; we fought in order that our fellow subjects in South Africa should obtain the same rights that you English and French Canadians enjoy in the province of Quebec, and in every other province of this vast Dominion.

"Ladies and gentleman, I hope that the moment I am now about to unveil will be a perpetual incentive to our successors to emulate the example of those to whom they will owe the great privilege they enjoy.

"Just as in the early days of British history no man was considered to be worthy of the name of Englishman until he had trained himself to be an efficient bowman, so to-day this monument of the Canadian Volunteer will serve to keep alive in our minds the thought that no Canadian either French or English, has fulfilled his duty to the Empire until he has made himself capable of responding effectively to the call of the Crown should the needs of the Empire ever have occasion for his services.

"Then let us stand up and uncovered as I name

And bow to the dead and the cause they've endeared.

May the spirit they left like a circle of flame,

Guard for ever our homes and the standard they reared."

HIS EXCELLENCY LORD GREY, WHO UNVEILED THE MONUMENT TO THE SOLDIERS OF QUEBEC YESTERDAY.

HIS EXCELLENCY DELIVERS ADDRESS AT THE CEREMONY.

His Excellency, after a civic address had been presented by Pro-Mayor Turgeon, in the absence of Mayor Parent, said:

"Before I proceed to the further duty which you have asked me to perform, I desire to express to Major Wood, to Captain Watson and their fellow subscribers my sense of the public service they have rendered to Quebec.

"Thanks to their munificence, the valor of those gallant sons of Quebec who died while striking for the British cause in South Africa, has been appropriately commemorated on the very spot on which the 1st Canadian Contingent paraded before they sailed on their glorious mission to join their brethren in arms across the seas.

"Ladies and gentlemen, this scene is one which none of us will easily forget. The distinction conferred on this ceremony by the presence of Prince Louis of Battenberg who deservedly enjoys the reputation of being one of the ablest, even among the many able men whose privilege it is to serve his Majesty the King, the commander of the gallant officers and men under his command, who have honored so by their presence, the welcome an addition to the pomp and splendor of the scene, the military display, the brilliant and distinguished assemblage, the cause and object of our presence here to-day, the lofty and noble sentiments which have found eloquent expression in the addresses which have been read, and the patriotic reflections they suggest, all combine to make this occasion one of the most important and distinguished in the history of even this famous city of Quebec.

"Our proximity to the monument which raises equal honor to the immortal fame of Wolfe and of Montcalm, reminds us that it is the pride and distinction of Canadian Nationality that it combines the virtue and the valor of the two great races of which it is composed.

"The presence of the Cruiser Squadron of the Atlantic Fleet further reminds us of the great and beneficent power which, in the shape of his Majesty's Navy, enables every Canadian to enjoy the high privileges and advantages attached to British citizenship in every portion of the world.

GREATNESS OF THE EMPIRE.

"The monument which it will be my privilege in a few moments to unveil will remind the citizens of Quebec that the greatness of the British Empire which we have inherited from our fathers has been won by the voluntary effort and sacrifice of her sons, and will remain for us and our successors a source of continual and patriotic inspiration.

"In acknowledging the eloquent address which has been signed by his Worship the Mayor, whose privilege it has been to render inestimable services to this beautiful city, and whose official connection with Quebec, unfortunately for its inhabitants, the important performents of State affairs are about to sever, I cannot refrain from giving expression to our regret at the sad bereavement which he has sustained and for which we beg respectfully to tender him our profound sympathy, should have deprived us of his presence on this occasion.

"It shall be my happy privilege in accordance with the wish expressed in this address, to convey to his Majesty the King, an expression of the unanimous sentiment which unites the whole of Quebec in a common devoted loyalty to the King, the Queen, and the members of the Royal Family, so well represented here to-day in the distinguished person of H.S.H. the Admiral."

In this address emphasis has been rightly laid on the happy fact that the antagonism which at one time separated the peoples of England and of France, has now disappeared under the amalgamating influence of a common interest.

It is true that the differences which separated the French and English in times past were the result of opposing and antagonistic principles. The struggle associated with the memory of Nelson, the centenary of whose death will be celebrated this year in every part of the Empire, was not a race conflict. No! the reason why the distinguished chiefs of the French Navy saluted, last week, the Nelson monument in Trafalgar Square; the reason why the "Victory," Nelson's old ship, played the "Marseillaise" and flew the Tricolor in honor of the French fleet at Portsmouth, is because it is recognized that the struggle which shook the foundation of continents 100 years ago, was a death struggle not between French and English, but between the principles of liberty, of freedom and of self-government, as opposed to those of despotism, militarism and centralized tyranny, and it is because French-Canadians recognize that the spirit of freedom is sheltered in the folds of our British flag, which has become to them the symbol of their liberties, and the assurance of their rights, that they have on repeated occasions shown their readiness to die for it, and to prove themselves, together with the English Canadians the most loyal and devoted sons of an Empire which stands for freedom, justice, and equal rights all over the world.

FOUGHT FOR PRINCIPLE.

"Ladies and gentlemen it would have been surprising if the object for which the British Crown fought in South Africa had not appealed to the enthusiasm of French not less than that of English Canadians, for the struggle in South Africa was not between Boer and Briton. Again we fought for principles, we fought to secure equal rights between the Briton and the Boer; we fought to rescue British South Africa from the insupportable domination of a corrupt and exclusive oligarchy; we fought for the principles of Papineau as opposed to those of the family compact; we fought in order that our fellow subjects in South Africa should obtain the same rights that you English and French Canadians enjoy in the province of Quebec, and in every other province of this vast Dominion.

"Ladies and gentleman, I hope that the moment I am now about to unveil will be a perpetual incentive to our successors to emulate the example of those to whom they will owe the great privilege they enjoy.

"Just as in the early days of British history no man was considered to be worthy of the name of Englishman until he had trained himself to be an efficient bowman, so to-day this monument of the Canadian Volunteer will serve to keep alive in our minds the thought that no Canadian either French or English, has fulfilled his duty to the Empire until he has made himself capable of responding effectively to the call of the Crown should the needs of the Empire ever have occasion for his services.

"Then let us stand up and uncovered as I name

And bow to the dead and the cause they've endeared.

May the spirit they left like a circle of flame,

Guard for ever our homes and the standard they reared."

H. S. H. PRINCE LOUIS OF BATTENBERG, WHO WITNESSED THE UNVEILING OF THE SOLDIER MONUMENT YESTERDAY AT QUEBEC.

GARDEN PARTY AT THE GARRISON CLUB FOLLOWS UNVEILING

The garden party at the Garrison Club, which followed the unveiling of the soldiers' monument on the Esplanade, was a wonderful contrast to the impressive scene which preceded it.

To reach the Garrison Club was extremely difficult, for although the stand on the Esplanade was situated directly opposite the officers' quarters adjoining the club, it was almost impossible to cross the street, so thick was the traffic. Gradually, however, the crowd thinned sufficiently to allow the more venturesome to cross from one point to another, but it was quite half an hour before it had been negotiated by everyone.

Within the club gates the hot and tired witnesses of the unveiling found a delightful scene awaiting them. The grounds, which are most picturesquely laid out, presenting a most attractive and refreshing appearance. The club house, which bore the word "Welcome" over the door, was much decorated with flags. A large marquee facing the club house was fitted out as a sitting-out place, and throughout the grounds small tables and plenty of chairs were placed. On the club house veranda refreshments were dispensed from a prettily decorated buffet. During the afternoon the state band was stationed at the end of the lawn.

Their Excellencies and Prince Louis of Battenberg mingled freely with the guests, His Excellency greeting friends in every direction. There seemed to be a happy relief from the tension called up by the unveiling and the memories it had evoked. Everyone seemed anxious to assume a holiday spirit. On the rampart to the right of the club crowds of sightseers had found a resting place from which they could overlook the garden party. The slope of the glacis opposite was also well filled with people, for those who were not of the garden party seemed content in large number to view it from afar off. The white uniforms of the naval officers, the bright red of military uniforms, the quantities of gold lace, blended beautifully with the extremely smart summer gowns that were much in evidence.

Her Excellency, the Countess Grey, was gowned in a cream chiffon silk trimmed with lace. Her hat was of cerise velvet with long shaded plume in tones of the same color.

Lady Evelyn Grey wore a pink and white silk in a tiny check, trimmed with cream lace; and a large white hat with pink roses and long pink plume.

Lady Mary Parker, was in black voile, with black plumed hat.

Mrs. Hanbury-Williams wore a Dresden silk gown of pale greyish green with a pink figure, and a white hat trimmed with a plume and a touch of black.

Lady Kirkpatrick (Toronto) wore a black organdie gown with a design of red roses over white silk, and a large black hat trimmed with red flowers.

Miss Alice Sutherland (Montreal) was in a pink and white flowered muslin gown and a white chiffon hat with pink roses.

Miss Phyllis Porteous (Montreal), pink and white Dresden gown and white hat trimmed with roses and touches of black.

Miss M. Silkeman (Montreal), in cream voile over pale green, and a light hat.

Mrs. Porteous (Montreal), wore a white gown with a small black dot, and hat to match.

Miss Drury (Montreal) was in white voile with mauve hat.

Miss Hilda Marler (Montreal) wore pink mousseline, and white chiffon hat with pink roses.

Mrs. J. F. Wilson was in a grey silk gown with touches of mauve, and a mauve hat.

Miss D. White, wore a pink and white flowered muslin gown, and a pink hat with white flowers.

Mrs. Hunter Dunn, in green and black brocade with white lace, and a black and white hat.

Mrs. Ernest Turner, in white, with a mauve toque.

Mrs. Ogilvie wearing grey silk trimmed with black and touches of pale blue, and a black hat with white feather.

His Excellency the Governor General and H.S.H. Prince Louis of Battenberg, who will be his guest at the Citadel during the rest of his stay in Quebec, will on Wednesday visit the cricket match on the Q. A. A. A. grounds, between the Marylebone C. C., and the Quebec C. C. On Wednesday evening the ball at the Citadel for which a very large number of invitations have been issued, will take place. One of the features for Thursday will be the parade of the Naval Brigade through the city.

According to present arrangements the cruisers will not be open to inspection by the public until Thursday.

LADIES WHO LIKE SMALL SHOES.

Those who take pleasure in wearing small shoes can have the pleasure without the pain and discomfort if they will use Foot Elm. It prevents the chafing, allays the inflammation, cools, soothes and relieves tender feet. 18 powders 25c. of druggists, or by mail with particulars of our $100 prize offer.

177 26

WYKEHAM HOUSE SCHOOL.

347 CLARKE AVENUE, WESTMOUNT.

A select private school for boys, conducted by T. Holmes-Orr and W. J. Larmine, B. A., Trin. College, Dublin.

Boys prepared for Royal Military College, the Universities or Business. Special class for science matriculation, McGill. The school will re-open on Tuesday, Sept. 12th. The headmaster will be in residence after Sept. 5th, before that date apply for prospectus and all information to W. J. Larmine, 8 Springfield avenue, Westmount. 192 26

Loyola College

Montreal.

An English Classical College conducted by the Jesuit Fathers.

SCHOOLS RE-OPEN ON SEPTEMBER 6TH.

For terms and other information, apply to

REV. G. O'BRYAN, S.J.

192 26 68 Drummond st.

EDGEHILL, Church School for Girls.

WINDSOR, NOVA SCOTIA.

Incorporated 1891. The Bishop of Nova Scotia, Chairman Board of Trustees. The Bishop of Fredericton, member of Board of Trustees, ex officio. Lady Principal, Miss Gena Smith (late Lady Principal of King's Hall, Compton, P. Q.) formerly Headmistress of St. Stephen's High School, Windsor, England, assisted by Eleven Resident Experienced Governesses from England. Housekeeper, Matron and Nurse. Extensive buildings with capacity for 100 Residents. Heated by Hot water. Lighted by Electricity. Grounds covering eight acres, with Lawns for Tennis, Croquet, Basket Ball, Hockey, etc., School and Baths. Laundry. Preparation for the University 173 52. For Calendar apply to Dr. Hind.

ST. MARGARET'S COLLEGE,

TORONTO,

A High-Class Residential and Day School for Girls, in Exceptionally Fine Surroundings. Specialists of European training and of the highest Academic and Professional standing in every department. Full Academic course. Music, Elocution and Art. Write for booklet. Mrs. George Dickson, Lady Principal, George Dickson, M. A., Director (Late Principal Upper Canada College.) 168 32 3aw

EDUCATIONAL.

Residence for a year at a BOARDING SCHOOL has a splendid effect upon a boy's character, health and studies.

The following course is suggested two or three years at

ST. ALBAN'S SCHOOL, BROCKVILLE,

with special training in Mathematics, followed by residence at the Royal Military College, Kingston. Such a course (with moderate ability and with steady conduct) practically ensures future success in business, in engineering or in military life. Write to

REV. C. J. BOULDEN, M. A., "St. Alban's," Brockville, Ont.

181 35

BERTHIER GRAMMAR SCHOOL,

BERTHIER, P.Q.

A first class Boarding School at moderate terms. Individual attention. RE-OPENS SEPTEMBER 11th. Prospectus on application.

MAX LIEBICH, Principal.

193 26

Mount Royal Business College

Y.M.C.A. Building, Dominion Square, Montreal.

BUSINESS COURSE includes instruction in the LOOSE LEAF SYSTEM OF ACCOUNTS. Those taking our STENOGRAPHIC COURSE have extensive practice in ACTUAL BUSINESS CORRESPONDENCE. Our teachers are specialists. The instruction is individual. Courses are thorough and practical. Term opens Sept. 5th. Get our prospectus if interested in a Business Education.

184 36 A. W. YOUNG, Principal.

Catholic High School.

55 Durocher Street.

Re-opening of classes TUESDAY, SEPTEMBER 5th. Classical, commercial and preparatory courses. Boys prepared for McGill, Queen's, R. M. C. and other examinations. A scholarship, donated by Hon. J. J. Curran, B.C.L., is offered to the boy passing the best entrance examination in September.

For particulars apply for the present to A. J. HALES-SANDERS, M.A., Principal, "Bilukbounie," 724 Sherbrooke st. 181 39

UPPER CANADA COLLEGE

Founded in 1829.

Toronto, Ont.

Principal, HENRY W. AUDEN, M.A., Cambridge. Late Sixth Form Master at Fettes College, Edinburgh.

The College will reopen for the Autumn terms on Wednesday, September 13th, 1905, at 10 a.m. Separate Preparatory Department for boys between the ages of 9 and 13 with separate staff and equipment. 50 acres of grounds. Separate infirmary with physician and trained nurse. Courses for university, Royal Military College and Business. Every facility for cultivation of sports and athletics. Examinations for entrance scholarships Saturday, September 16th, 1905. Special scholarships for sons of old pupils. For calendar and all particulars address The Bursar, Upper Canada College, Toronto, Ont. 164 20 2aw

Bishop's College School

LENNOXVILLE, P. Q.

HEADMASTER:

The Rev. E. J. Bidwell, M. A., Wadham College, Oxford.

A Boarding School for Boys on the lines of the great English Schools. First rate Buildings and Equipment. Preparation for the Universities, R.M.C., Kingston, and Business life.

Staff of Graduates of Oxford, Cambridge, Toronto, etc. The most beautiful and healthy site in Eastern Canada, easily accessible from all parts by rail. Excellent Gymnasium, Covered Rink, Chapel, extensive Playing Grounds.

SHORTHAND IN 30 DAYS

BOYD'S

Saves Time and Saves MONEY

Every student that studies BOYD'S SYLLABIC SHORTHAND in preference to the half-yearly systems, is banking for himself, or herself, at least $250. We place all our students in first-class positions in the average time of 30 Days. This means to you 5 months' board saved, and 5 months' salary received, which surely exceeds $250. Register at once and save your money. We have 'phone calls every day for BOYD writers.

MOON'S SYLLABIC SHORTHAND and BUSINESS COLLEGE, 2362 St. Catherine street, Montreal. 'Phone Up 3005. W. T. MOON, Prin.

DON'T MISS

the examination of our fine new catalogue, if you have any idea of a college course. It explains all about our modern methods, fine equipment and strong staff. A postal will bring it. Address

Central Business College

Yonge and Gerrard Sts., Toronto.

W. H. SHAW, Principal.

Fall Term from Sept. 5th.

193 45

Glen Mawr

651 Spadina Avenue, Toronto.

CHARGES OF GRAFTING MADE

Winnipeg Road Foreman Said to Have Levied Tax on Foreigners.

Special to The Montreal Star.

Winnipeg, August 16.—A charge has been made by letter to the Winnipeg municipal Board of Works that the graft system on an elaborate scale has been in operation for several years in the administration of civic works. The letter asserts that the foreman on the street gang has levied a tax on all applicants who received a job under him, and that in some cases the fee to be paid was as high as $5. The board refuses to make a statement, except that the letter has been handed to the city solicitor for consideration. The charges are to be investigated and a report made at the next meeting of the board. The graft game, it is stated, has been facilitated by the fact that the majority of the laborers are foreigners who cannot speak English.

Crater in Hawaii Smoking.

San Francisco, August 16. — Reports have been received from the Island of Hawaii that smoke is issuing from the crater named Mokuaweewee, one of the outlets on the slope of Mauna Loa, from which the last lava flow of that mountain came about two years ago.

New Manhattan Bridge.

New York, August 16. — The contract for building the new Manhattan bridge, which will parallel Brooklyn bridge, was to-day awarded to the lowest bidder, the Pennsylvania Steel Company, whose bid was $7,284,000.

Diamond, Ruby, Emerald, Sapphire and Pearl Rings. R. Hemsley, 255 St. James.

Special Notice.

There are several good reasons why pianos are cheaper at Leachs, 2440 St. Catherine street, than elsewhere in Montreal. 193 3

SAKHALIN AND INDEMNITY CLAUSES

Not the Slightest Sign of Yielding on Either Side at Present.

ARTICLES FOUR AND SIX

These Were Disposed of at Yesterday's Sessions and Deadlock Appears to Be Coming.

Portsmouth, N.H., August 16.—The crisis in the peace negotiations upon which the eyes of the world are fastened is approaching rapidly and the end of this week, or the first of next, at least, should witness the deadlock and the end, if the conference is to go to pieces.

Two more of the twelve articles, Nos. 4 and 6, were disposed of yesterday. Article 4 consists of mutual pledges to observe the integrity of China and the policy of the "open door" for the commerce of all nations; and article 6 covers the surrender of the Russian leases to the Liao Tung peninsula, Port Arthur, Dalny and the Blonde and Elliott Islands. To article 4 both parties gave ready assent, and the official statement of the adoption of that article took care to state that it was agreed to "unanimously." Article 5, the consideration of which will be postponed until later, provides for the cession of Sakhalin. Discussion appearing useless at this stage on account of the firm negative given in the Russian reply, it was decided, upon the motion of the Japanese, to defer its discussion, thus revealing the Japanese intention of postponing to the end the life and death struggle. This is the usual procedure followed in diplomatic negotiations to enable the negotiators to come to an accord on all possible points before tackling the crucial issues, and the fact that the Russians acquiesced in proposition shows that they are as careful and anxious as the Japanese that the world should not accuse nor hold them responsible for causing the break, if there is to be a break, and wrecking a conference. This in itself is a hope. Besides, by postponing the burning questions to the end, the psychological moment for bargain and compromise arrives. Then hurriedly the last trump cards and the game is done. And there is growing hope of compromise. To the closest observers the final solution begins to crystallize quite naturally—the Russians yielding the cession of Sakhalin, Japan foregoing "the cost of the war," but taking compensation in the money to be refunded to Japan by China on account of the transfer to her of the Chinese eastern railroad, which Russia contends belongs to a private corporation, therefore unconfiscable by Japan, the Russian Government property in Port Arthur and Dalny, and remuneration for the maintenance of the hundred thousand Russian prisoners of war in Japan. According to the Russian view, Japan has already secured all and more than she dreamed of claiming before the war.

SOME CONFUSION

All questions relating to Corea and Manchuria, except the cession of the Chinese Eastern Railway and the main Siberian line, running through northern Manchuria from the station "Manchuria," on the Amur, via Harbin to Vladivostok, are settled in the five articles already adopted. Some confusion has arisen about those articles, and the following resume can be accepted as accurate:

1. Recognition of Japan's "preponderating influence in Korea," etc.
2. Mutual obligation to evacuate Manchuria. Russia to retrocede to China all special privileges, etc.
3. Japanese obligations to restore the sovereignty and administration of China in Manchuria.
4. Mutual obligations to respect the territorial and administrative integrity of China and the principle of the "open door."
5. The surrender of Russian leases to the Liao Tung Peninsula, including Port Arthur, Dalny and Blonde and Elliott Islands.

Remaining seven articles are (they are not in numerical order).

The cession of Sakhalin; reimbursement for the cost of the war; the cession to China of the Chinese Eastern Railroad; the article relating to that portion of the main line of the Siberian Railroad running through northern Manchuria, which includes provision for policing of the road by China and not by Russia; fishing rights on the Siberian coast north of Vladivostok to the Behring Sea; the article affecting Russia's naval power in the Far East, and that providing for the surrender of Russian warships interned in far eastern waters. To all these Russia has more or less objection. Besides the indemnity and the cession of Sakhalin, M. Witte will strenuously oppose the surrender of the interned warships, the limitation upon Russia's naval power and the cession of the Chinese Eastern Railway to China.

PREPARED WITH EVIDENCE.

The article relating to the Chinese Eastern Railway is number seven, and comes up at the session to-day. The Russians are prepared with documentary evidence, if the article is not passed over, to show that the railway is a private corporation named by the Chinese-Russo Bank.

The discussion on Sakhalin went far enough to demonstrate the determined opposition of Russia to its cession, and there had been not the slightest signs of yielding when the agreement was reached to reserve its decision until later. Competent Japanese authorities, however, still insist that Japan will never abandon this point. They declare, however, that Baron Komura and Mr. Takahira will go to the extreme limit to secure the basis of the "Treaty of Washington." They do not pretend to say that they are assured the treaty will be signed. They did not even say last night that they are hopeful. Their position may thus be unofficially stated:

Japan's plenipotentiaries will continue the negotiations as far as posible without yielding on those points which Japan has long ago decided are essential demands. If after this earnest effort it is impossible to reach an agreement with M. Witte and Baron Rosen, Japan will announce that further negotiations are useless and her plenipotentiaries will regretfully take leave of the President, and the Japanese Government will immediately turn its attention to the campaign in Manchuria.

Rioting in Russian Poland.

St. Petersburg, August 16. — Anti-Semitic rioting is reported at Bielestok, Russian Poland. The authorities there are inactive.

Special Notice.

THE LEADING PIANOS.

Chickering pianos and Heintzman & Co. pianos need no introduction to artists and connoisseurs. We simply wish to let you know where they can be found. C. W. Lindsay, Limited, 2366 St. Catherine street; East End branch, 1622 St. Catherine street. 192 3

FACTORIES: PETERBORO, TORONTO.

CANADIAN GENERAL ELECTRIC CO. LIMITED

HEAD OFFICE, TORONTO.

DISTRICT OFFICES: Montreal, Halifax, Ottawa, Winnipeg, Calgary, Vancouver, Rossland.

GENERATORS

Alternating Current Generators from 30 K.W. to 10,000 K.W., designed for one, two, three or multi phase; wound for any pressure up to 12,000 volts, operating at speeds from 90 to 1,500 R.P.M.

Direct Current Generators from 1 K. W. to 500 K. W., compound or shunt wound, for any pressure up to 600 volts, designed for any service.

Railway Generators from 100 K.W. to 2,000 K.W., operating at speeds from 90 to 600 R.P.M. Rotary Transformers to suit all conditions of railway and electrolytic work.

MOTORS

Alternating Current Motors from 1-8 H.P. to 1,000 H.P. designed for one, two or three phase, 25 or 60 cycles, from 110 to 4,400 volts. Powerful when starting and of high efficiency.

Direct Current Motors from 1-4 H.P. to 800 H.P.; shunt, series or compound wound, slow and moderate speed, designed for any service. Hoist Motors, etc.

Railway and Crane Motors of all speeds and capacity.

Series-parallel Controllers, and Sprague Multiple Control System for Interurban roads.

LAMPS

Enclosed Arc Lamps for Series Street Lighting.

Enclosed Arc Lamps for Interior Lighting.

Meridian Lamps for Office and Factory Lighting.

Searchlights for Steamers and Yachts.

Incandescent Lamps of all candle powers and voltages for interior lighting, sign and decorative work.

TURBINES

Curtis Steam Turbines are built in conjunction with Direct Current Generators in sizes from 15 K. W. to 500 K. W. Alternating Current from 500 K. W. to 5000 K. W. They possess high steam and electrical economy under all conditions of load, and occupy very little floor space per K. W. capacity, reducing to a minimum the cost of real estate and buildings.

STORAGE BATTERIES

Some of the results which may be achieved by using Storage Batteries are:—

Shorter hours of operation, Relief of peak loads, Regulation of extreme fluctuations of load. Also Lighting Country Houses, Railroad Trains, Yachts, Carriages. Operating Electric Vehicles, Launches, Phonographs, Dental Machinery, etc. Railroad Switch and Signal Apparatus, Telephone, Telegraph, Fire Alarm Service, etc.

A 2,400 Horse Power Battery is now in use by the Toronto Railway Company.

WIRE

Insulated wire of every description.

Rubber covered wire and cable for house wiring and installation of generators and switchboards.

Weatherproof wire for outside construction.

Aerial and Underground Cables.

Silk and cotton covered Flexible Cord for drop lights and fixtures.

Fixture Cord, Annunciator Wire, Bell Wire, Cotton Covered Magnet Wire, Silk Covered Magnet Wire, etc.

SWITCHBOARDS

High Potential Switchboards, with specially designed switches and instruments to suit modern requirements.

Switchboards for all services, Exciters, Direct and Alternating Current Generators, Transformers, Lightning Arresters, Railway Generator and Feeder Panels, Storage Batteries, Motor-Generator Sets, Rotary Converters.

TRANSFORMERS

Lighting Transformers from ½ K.W. to 50 K. W., 60 and 125 cycles, oil insulated.

Transmission Transformers from 50 K.W. to 5,000 K.W., 25 and 60 cycles, for any pressure up to 60,000 volts, oil insulated, water cooled or air cooled.

Step-up and Step-down Transformers designed and installed complete, including Switchboards, Air Cooling Apparatus, Water Circulating Devices, Lightning Protection, etc., etc.

Self-regulating Transformers for series street lighting circuits.

SUPPLIES

Meters and Measuring Instruments, Railway Line Material, Rail Bonds, Track Cleaning Devices, Heating and Cooking Apparatus, Fan Motors, Panel Boards, Enclosed Fuses, Cutouts, Rosettes, Knife Switches, Snap Switches.

Sockets and Receptacles, Brackets and Fixtures, Street Fixtures, Shades and Reflectors, Cleats, Porcelain Knobs, Tubes, Glass Insulators.

Annunciators, Bells, Batteries, Push Buttons and general Electric Wiring and Bell Supplies.

FACTORIES: DAVENPORT, KING ST. SUBWAY, BERKELEY ST.

CANADA FOUNDRY CO. LIMITED

HEAD OFFICE, TORONTO.

DISTRICT OFFICES: MONTREAL, HALIFAX, OTTAWA, WINNIPEG, CALGARY, VANCOUVER, ROSSLAND.

BOILERS

Horizontal return tubular boilers, vertical boilers, locomotive boilers, marine boilers. Riveted steel plate work of every description. Smokestacks, stand pipes, elevated tanks. Flanged heads, domes, manholes, etc., formed in hydraulic presses of special construction and large capacity.

PUMPS

Direct Acting, Single or Duplex Steam Pumps.

Power Pumps, single, duplex or triplex, belt or motor driven.

Single or Multiple Stage Turbine Power Pumps for any pressure. Centrifugal Pumps. Compound, direct acting steam pumps. High duty pumps, crank and fly wheel type, horizontal or vertical. Condensing apparatus for stationary or marine work. Combined air pumps and jet condensers. Surface Condensers.

Edward's Patent Air Pumps for high vacuum.

Pumps for all duties—waterworks, mines, tanneries, fire protection, paper mills, boiler feeding, distilleries, etc.

STRUCTURAL STEEL

Steel work constructed of any size or design for:

Office buildings, warehouses, factories, stores, public halls, railway stations and sheds, roundhouses, skating rinks, exhibition buildings, etc.

Standard shapes, such as beams, plates, tees, angles, channels, always in stock.

LOCOMOTIVES

Steam locomotives for express, freight, yard or contractor's use.

Steam shovels, wrecking cranes and railway pile drivers.

Trucks for electric passenger or freight cars.

Marine engines, simple, compound or triple expansion to suit any condition.

COMPRESSORS

Air compressors for all duties, straight line and duplex types.

Self-contained, self-oiling, simple, cross compound, steam and air, or tandem compound, belted or motor driven.

Christensen air brake equipments for electric and steam railroad service.

BRIDGES

RAILROAD AND HIGHWAY BRIDGES.

Plate and lattice girders, cantilevers, viaducts, swing spans.

Roof trusses, tank trestles, traveling cranes and gantries,

Steel towers for electric transmission lines.

WATER WORKS SUPPLIES

Cast iron pipe for water and gas.

Elbows, tees and other special castings.

Gate valves, check valves, foot valves, hydrants, indicator posts and valves, flexible joints, valve boxes, drinking fountains, water troughs and ornamental fountains.

Riveted steel pipe for water supply under heavy pressure, steel flumes, penstocks, etc.

SCREWS AND NUTS

Milled screws and bolts of every kind.

Set screws, cap screws, coupling bolts, boiler patch bolts, planer bolts.

Special milled work of every description made to sample or drawing.

Square or hexagon cold pressed nuts, rough, semi-finished, finished or case-hardened.

ORNAMENTAL IRON WORK

Wrought iron fences of all kinds.

Entrance gates, bank railing, office, window and door grille and railing, elevator cars and enclosures, iron stairs, spiral stairways, fire escapes.

Hand-hammered leaf work. Fire dogs, screens, fenders. Cresting.

Architectural details of all designs executed in any metal.

BEST TIME TO BUY DRESS GOODS

WE'RE ahead of the season with new fall Dress Goods. Sensible people will make it a point to do their shopping before the rush, and before many of the choicest styles are picked up.

The new goods all speak a common language. You can read and you can understand. The latest novelties have been brought together with agreeable surroundings, for the inspection and interest of all who care to see them. It's early, but none too early. The second floor is an exposition of all that is newest and best in dress materials.

Visit the store to-morrow and among other things you will notice:—

A magnificent range of all the latest colorings in ALL WOOL FRENCH VOILE fine weave, shades include dark navy, gray, reseda, myrtle, bisque, champagne, dove, pearl, cream, chartreuse, etc. A most correct fabric for Fall and Winter, and an ideal fabric for evening wear, 47-48 inch width. Thursday, special value ..... .50

An exceedingly charming new weave in PANAMA ARMURE, a fabric destined to be a great favorite, nice medium unrunnable make, good weight, made from pure wool yarns in the newest Fall colorings including cardinal, cream, myrtle, tabac, reseda, great two shades of navy, etc. Colors guaranteed fast to light. 44 inches in width. Thursday, special value ..... .65

Our Black Dress Goods.

"Distinctive Character" is a phrase that in some measure expresses the beauty of texture, the multiplicity of designs, the charming effects of our Black Dress Goods Department. Only stocking goods of the highest class, we are in a position to guarantee the wear of every length cut, and in addition to that we go one step further — WE WARRANT SHADE OF BLACK ABSOLUTELY PERMANENT. We enumerate a few of the new designs and effects to hand :—

Black Silk Embroidered Crepe de Chine $1.00, $1.25, $2.25.
Black Silk Jacquard Batiste..... $1.00.
Black Embroidered Armures..... $1.00.
Black Embroidered Voiles ..... $1.25, $1.50, $2.25, $2.50.
Etc., Etc.

Embroidered effects of Spots, Polka Dots, Seed Spot, Rings, Geometrical Designs, etc., etc.

These are absolutely the latest creations of the French manufacturers.

$10, $15, $18 Linen Suits, $6.50.

We shall close out the Season's Linen Suits at $6.50 each on Thursday.

That means Suits that have been selling as high as $18 —White Linen, Blue Linen, the new Rajah Green Linen, Ecru Linen, etc. A fair representation of values are being shown in the windows to-day and this evening. Kindly see them.

THE SALE OF PERRIN'S GLOVES CONTINUES.

As announced yesterday, 89c will buy a pair of Perrin's regular $1.00, $1.25 and $1.50 Kid Gloves (Ladies' only) to-day and to-morrow.

Remember they are Perrin's values.

Regarding that Sale of Notions.

It's a success. It is appreciated. It gives one an opportunity to see just what 5, 10 and 15c can do in a store like ours.

Small change for bits of things may be, but one can't get along without either.

Millward's Needles, regular 5c. Thursday 3

PEASANTS TALKED OVER OPPRESSION

Piteous Tales Which Writer Says Would Justify Revolution.

DELEGATES PLACED IN GAOL

Intercepted by Police They Could Not Give Satisfactory Accounts of Their Doings.

London, August 16. — The correspondent of the Standard at Moscow, who attended the Congress of Peasants, describes the extraordinary precautions taken to prevent discovery. The peasants met in a country house near Moscow. Much business was transacted at night in an unlighted room, lest the light attract the military patrols. It was a curious experience listening to speeches in the pitch darkness. Delegates were present from all parts of Russia. Many of the gathering were illiterate, and several came afoot long distances. Many were intercepted by the police and asked to explain their business. They could not give satisfactory answers and were arrested and placed in gaol.

The first day of the congress was mostly occupied in listening to verbal accounts of the representatives of the proceedings of the authorities. It was a piteous tale and if only a quarter true would almost justify the excesses of another French revolution. Hour after hour the recital proceeded. Everywhere injustice and oppression prevailed without a possibility of redress. The judges and priests of rural districts form an impassable barrier against the complaints of the downtrodden peasants, upon whom all prey with impunity. Great indignation was expressed at the suppression by local officials of the Czar's ukase and the rescript in some cases was not read to them until months after it had been issued. In some cases it was completely withheld. The correspondent noted that many declared indignantly against the methods of the revolutionary agitators in attacking the Czar. They said: "We are quite willing to limit his power, but we have our Czar. We want laws of our own making, but with the Czar to watch the execution of them." One speaker said: "The priests are our worst enemies. The holy synod is nothing more than a branch of the police to which the priests are compelled to denounce their parishioners whenever they suspect them of being interested in political questions."

On the second day the Congress met in a house within the city boundaries. The discussion principally turned to land. The general view was that God made the land for all, and it ought to be as free as air or sunlight. One speaker pointed out that land was worthless without capital, but few, if any, believed in a resolution based on the theory that nobody is entitled to land unless he works for it. They declared that the State and Church lands ought to be handed over to the peasants without redemption, and a private owner compensated with only as much land as he could himself work.

Special to the Montreal Star.

Quebec, August 16.—The Consul-General of France paid an official visit yesterday at 11 a.m. on board H. M. S. "Drake" to H. S. H. Rear-Admiral Prince Louis of Battenberg. When leaving the ship the Consul-General was saluted, as is the custom, with nine guns.

THE HARVESTING OPERATIONS

Indications That Average Crop Will Be Twenty Bushels to Acre.

Special to The Montreal Star.

Winnipeg, Man., August 16.—With the hum of the binder heard throughout Manitoba to-day, it is almost possible to say that successful harvesting of the great crop is assured. Cutting, however, is only general on high lands, and the stand on low lands, is in places, alarmingly backward. Reports from all parts, however, go to show that actual cutting results fully bear out the estimates and indicate that the general Manitoba average will be quite 20 bushels to the acre, while a considerably higher figure may be looked for in the Territories. Hot sunshine is required to ripen the grain rapidly so that harvesting operations may be rushed through before the coming of the early frosts.

Two Laborers Drowned.

Special to the Montreal Star.

Ottawa, August 16.—News has reached the Trans-continental Railway office of the drowning of Joseph Legault of Russell Company and Fred Cook, in Kinozevis river, south of Lake Abitibbi. The fatalities occurred on August 10 when the men were out for recreation after a day's work. The bodies were at once recovered. Cook had no relatives and was buried in New Liskeard and Legault's remains were sent home. Both were laborers.

Death of a Forty-Niner.

Middletown, N. Y., August 16.—Stephen Caldwell, of Phillipsport, is dead from being struck by a train near his home. He was 86 years old. Caldwell was in the rush to the California gold fields in 1849. He made a fortune. While returning by sea route the vessel was burned, and though many were lost he was picked up after floating a long time. Later he returned to California and was badly injured in a mine disaster.

Apple Men Call on Whitney.

Toronto, August 16.—R. Lloyd Smith and J. Idleus, of London, England, who are travelling through the province looking into the prospects of the apple crop, called on Premier Whitney yesterday. They desire to extend the apple trade between Canada and Great Britain, and incidentally to do away with the commission man as a factor in the trade. They also desire to bring about a better classification of apples.

German Loan to Morocco.

London, August 16.—The Times' correspondent at Tangier says that the German legation has officially announced that the contract has been signed for a loan arranged by Count von Tattenbach-Ashold, the special commissioner of Germany to Morocco.

Lea & Perrins' Sauce

The original and genuine Worcestershire

By Royal Warrant to His Majesty the King.

Of course, there are cheaper sauces than LEA & PERRINS'—just as there are cheaper meats than porterhouse steaks. But the best is worth more.

See that YOUR grocer sends you the genuine Worcestershire—Lea & Perrins.'

J. M. DOUGLAS & CO., Canadian Agents, Montreal.

EIGHT HOUR FIGHT ON.

So Says Mr. Ellis President of United Typothetae of America.

Toronto, Ont., August 16.—If the warning of Mr. Geo. H. Ellis, president of the United Typothae of America, is fulfilled, January 1, 1906, may see a great strike in the printing trades.

At the convention of the International Typographical Union yesterday Mr. Ellis addressed the members, and said emphatically that the adoption of the eight hours day by the union would result in a fight between the employing printers and the employed. There was no alternative, said Mr. Ellis. The employing printers were fighting with their all at stake, and they would fight to win. The convention refused to change the name of the union by leaving out the words "North America." The president was authorized to appoint a committee of three to investigate and report at the next convention upon a plan for the inauguration of a system of pensions and relief for aged and sick members.

Fear Disease or Yellow Fever.

Laporte, Ind., August 16. — Though she is not ill, the condition of Mrs. Frank Shreve, of Waterford, this county, is being closely watched by physicians. Mrs. Shreve returned a few days ago from Morrilton, Mo., where her two sisters died of a disease pronounced by the attending physicians to be swamp fever. Since her return, Mrs. Shreve has received word that her mother has died at Morrilton of the same disease. Physicians here fear the disease may be yellow fever, and Mrs. Shreve may be infected. Her house has been quarantined.

Men Out on Strike.

Cleveland, O., August 16.—Advices received here yesterday at the headquarters of the International Association of Structural Iron and Bridge Workers indicate that all the men employed by the American Bridge Company belonging to the four unions in New York struck yesterday in accordance with the orders issued last Thursday by the executive committee of the association.

King Cheered by Crowds.

Ischl, August 16. — King Edward and Emperor Frances Joseph were heartily cheered by crowds of visitors when they arrived here. It is asserted that the meeting of the monarchs is purely one of courtesy and absolutely without political significance. The King and Emperor spent most of the day together. They had a select dinner last evening. King Edward goes to Marienbad to-day.

Twenty Places are Heard From.

Special to the Montreal Star.

Ottawa, Ont., August 16. — Applications from over twenty places in Nova Scotia where it is desired that Mr. Cowie, the Scottish fish curing expert, should give addresses have been received at the Marine and Fisheries Department. An effort will be made to have Mr. Cowie visit as many centres as possible.

Catholic Sailors' Club.

Division No. 1, Ancient Order of Hibernians, has prepared an elaborate programme of Irish music, song and dance for the concert this evening given under their auspices at the Catholic Sailors' Club, President John O'Neill presiding.

HERCA

How does Your Silk Wear?

Examine a taffeta silk waist you have worn a month or so.

See where it is cutting and wearing into holes. That is because of the adulterations and loading mixtures used in its manufacture. If it had been pure silk it would have lasted for years.

Every thread of "Herca" taffeta is pure silk. Tests prove that it will wear and keep its color, lustre and stiffness for years.

Ask your dealer to show you "Herca" taffeta, and see the name perforated in the selvage of every yard.

Herca is a medium-priced silk.

HERCA

Presentation to Auditor-General.

Special to The Montreal Star.

Ottawa, August 16.—A pleasing event took place in the Finance Department recently, being the presentation of a handsome silver salver to Mr. John Fraser, who for thirty years has been identified with the department, and who recently left to assume the responsible position of auditor-general. The presentation was made by Captain Boville, acting deputy minister, on behalf and in the presence of the staff of the department. Mr. Fraser was taken by surprise, but responded in happy and most appropriate terms.

Weather: Rain and Cooler.

W. H. Scroggie Limited

THE STORE OF SATISFACTION

St. Catherine, University and Victoria Streets.

Where to Spend 35c To The Best Possible Advantage on Thursday (To-morrow.)

What, another one-price sale? Yes, another; making the second of the week. 'Tis said that "nothing succeeds like success." Certain it is that no series of sales that The Store of Satisfaction has yet arranged, have been quite so successful as these one-price events of the past three weeks.

Green Color Tickets are Becoming a Familiar and Welcome Sight

We employ this color ticket, pertinently worded, to guide you to the location of every bargain indicated in the undernoted list—to many, too, that are not accorded newspaper publicity, though equally as worthy.

In previous one-price sales we've invested the price with a purchasing power not previously known. The same vigorous censorship has been observed over the lists handed in for to-morrow's event—all values are a substantial advance upon the price you are asked to pay.

Everything is Fresh—Lots are Bigger—Assortments Better at 8 a.m.

CANADIAN MEDICAL ASSOCIATION

The Doctors Will All Gather at Halifax, N. S., Next Week

MONTREAL REPRESENTATION

The Interesting Papers Our Medicos Will Read Before Their Confreres.

A large portion of the medical profession of this city are contemplating attending the medical conference to be held in Halifax. This is the thirty-eighth annual meeting of the Canadian Medical Association. The sessions begin on August 22 and will continue till Friday, 25. It is expected that this gathering will equal that held in Montreal in 1897. The meeting was held in 1904 in Vancouver and as the central portion as well as the western portion of Canada have each been the places where it has been held, this year it was decided to hold the meeting in the extreme East and Halifax was chosen.

It is interesting to note that Montrealers are to take a prominent part in the programme as well as being well represented in numbers. The following-named will be among those who are to read papers: Dr. Geo. E. Armstrong, "Surgery of the stomach in benign conditions;" Dr. W. W. Chipman, "Some clinical considerations in respect to chronic inflammation of uterine appendages;" Drs. Chas. F. Martin and J. R. Meakin, "Early diagnosis of perforation in typhoid fever;" Dr. Lapthorne Smith, "Possibility of stamping out cancer, especially of the uterus;" Drs. F. A. L. Lochart and B. D. Gillies, "Case report of chorion-epithelioma;" Dr. E. Archibald, "Experimental work on intestinal adhesions;" Sir William Hingston, "Stricture of the male urethra;" Dr. Rodolphe Boulet, "Injection of sodium choride under conjunctivae in diseases of the eye;" Dr. W. F. Hamilton, "Study of the series of cases of lead poisoning"; Dr. Reddy "Report of 9 cases of cesarean section"; Dr. Stirling, "Opthalmology."

Papers will also be contributed by Dr. Elder, Dr. James Bell, Dr. E. Gordon Byers, Dr. H. D. Hamilton, Dr. D. A. Shirres and others. In the case of the latter physicians the names of the papers to be read have not yet been handed in. Dr. Maud Abbott, who had accepted an invitation to read a paper, will not be able to attend the meeting.

MARINE NEWS.

Eureka Got Off.

The Government steamer Eureka, which was reported aground off Longue Pointe yesterday, was taken off without damage. She is continuing her operations as before.

Rough Weather on Ontario.

Toronto, August 16. — The roughest weather on the lake this season was experienced yesterday. Several steamers did not think it advisable to start on their usual trips. The Niagara line boats did not sail, recognizing that few tourists would want to make the trip. The Argyle remained in her berth. The Turbinia missed one trip. The Hamilton Navigation Company's boats went out as usual. The R. and O. boats were not, being the Goliaths of the lake, affected by the storm.

Port of Montreal.

Fame Point—In, at 4.20 a.m., Restigouche; at 5 a.m., Harald.

Low Point—In, at 8 a.m., Bangor; out at 7.30 a.m., Bonavista; out yesterday, at 7.30 p.m., Mystic.

The Weekly Sailors' Concert.

The concert last night at the Sailors' Institute was given by the choir of Point St. Charles Congregational Church, under the leadership of Mr. M. E. Pritchard. Among those taking part were Mrs. Davies, Miss Sargeant, Miss Ion, Miss Munslow, Messrs. Preston, J. H. Pritchard, G. Foster, S. Hopes and G. Purkins.

The sailors furnished a large part of the programme. From the R.M.S. Virginian were Messrs. Leslie Bolton, Walter Scanes and Thomas Scott. Songs were also given by Messrs. J. Sugden, SS. Iona; Harry Jones, SS. Manxman; H. Crauch, SS. Pomeranian, and George Chrimes, "Billie" Robertson, of the SS. Athenia, gave some humorous Scotch recitations. Rev. W. S. Main presided.

Thomson liner Devona passed Martin River yesterday noon.

The steamship Restigouche is on her way up the river from lower ports, and will sail from here again on August 21.

The Canadian Pacific Atlantic line steamship Lake Michigan sailed from Antwerp for Montreal, at 2 p.m. Tuesday, 15th August, with 125 third-class passengers.

GEO. S. CAMERON, Hon. Sec., M.L.C.

Tried on Charge of Perjury.

St. Catharines, Ont., August 16.—James Reece, horse dealer, of this city, was tried to-day before Judge Carman on a charge of perjury. Reece is alleged to have on June 9th last brought a horse, waggon and harness into Canada over the Queenston bridge, and escaped the duty, on the pretence that he was a settler coming into Canada, whereas he had for years been a resident. Reece went on the stand and positively denied that the officer at Queenston had read the settlers' oath to him or that anything had been said about this ownership of the property six months prior to June 9.

"You positively swear that the oaths were not read over to you?" asked Reece's lawyer.

"I do," replied Reece, directly contradicting the Customs officer's evidence. The judge reserved judgment.

Reports on Chinese Boycott.

Washington, August 16.—Despatches received at the State Department yesterday from China show that Shanghai is the only place where the boycott against American goods has assumed anything like a serious aspect. At Canton the movement has been making some headway, but at other points it has not been successful. This information was supplied in response to instructions sent some days ago to Minister Rockhill and the consular officers in China to keep the State Department advised as to the progress of the boycott. One despatch on this subject received was not made public at the State Department, but sent to the President at Oyster Bay.

Rich Cut Glass, finest crystal. R. Hemsley, 255 St. James street.

WHEN YOU BUY MUSTARD

You expect to have mustard, and not a mixture in which there is a certain proportion of mustard and several other ingredients. However, every day you are buying, under the term of mustard, mixed products that are not PURE mustard.

If you actually want a product strictly free from all mixture, buy the

THE WEATHER

We have indeed run across a fine line of weather and everyone seems happy. After the rain, the sun is really shining, but not with the rays that people seek shelter from, instead it is comfortable to walk on the sunny side of the street.

This morning it was indeed cool. In fact it was too cool for the early morning worker, but it did not take long for it resolve itself into a day such as is not often met in the middle of August. The atmosphere is as clear as a bell, the sunshine is enjoyable and from the weather standpoint everyone is happy.

The maximum to-day was only 68, but what a comparison with the days of last week when the temperature loitered around 85 and the air was so muggy that a lungful of fresh air was hard indeed to obtain.

The props promise us a continuance of this for to-day and to-morrow, so now rain-coats and umbrellas may be left at home.

Maximum and Minimum Temperature.

Edmonton, 66-48; Calgary, 62-32; Qu'Appelle, 74-44; Winnipeg, 76-64; Port Arthur, 68-48; Parry Sound, 64-50; Toronto, 64-54; Montreal, 58-56; Quebec, 70-52; Halifax, 76-54; St. John, 64-52.

Montreal Weather Statistics.

Readings by the Optical and Engineers' Supply Standard Barometer at noon yesterday, 29.85; temperature to-day, maximum, 68, minimum 56; yesterday, maximum, 65, minimum 49. Sun rose this morning at 5.01 o'clock. Will set this evening at 7.06 o'clock.

The Next Twenty-Four Hours.

Probs.—Fresh northeasterly to northerly winds, fine and comparatively cool to-day and on Thursday.

Special to The Montreal Star.

Cacouna, August 16. Weather is fine and cool.

Special to The Montreal Star.

St. Andrews, N. B., August 16.—South-east wind, cloudy. Thermometer 59.

Chicago, August 16. Temperature 71.

Special Cablegram to the Montreal Star.

London, August 16. Maximum temperature 73.

Paris, August 16. Maximum temperature 84.

The New McGill Lecturer.

Mr. Kenneth Cameron, M.Sc., who has just been appointed lecturer in the subjects of surveying and descriptive geometry at McGill University, is a son of Sheriff Cameron, of London, Ont., and is only 24 years of age. Mr. Cameron is a graduate of the Royal Military College, Kingston, where he captured the silver medal in the final examination. He afterwards took a course in McGill University, from which he was graduated in 1902, obtaining the degree of Master of Arts. At present Cameron is an engineer in the employ of the Canadian Niagara Power Company.

Pilgrimage to Pointe aux Trembles.

The annual pilgrimage from Montreal to the Shrine of the Reparation at Pointe aux Trembles, will take place next Friday, August 18, under the conduct of the Fathers of the Blessed Sacrament. Rev. Thomas Hefferman, of St. Anthony's Church, who, last year, preached the story of "The Crucifixion," while the pilgrims made the "Way of the Cross," has consented to preach again this year.

Late Sister Marie de L'Eucharist.

The late Sister Marie de l'Eucharist, was buried yesterday from the Convent of the Precious Blood, Notre Dame de Grace. The late sister was a cousin of His Lordship Bishop Laroque, of Sherbrooke, and foundress of the Convent at Notre Dame de Grace.

For Royal Military College.

Captain H. R. Visart de Bury, R.G.A., late Garrison Adjutant at the Windward Islands, was in Montreal yesterday on his way to Kingston to assume his duties as professor of artillery at the Royal Military College.

Has Retired from the World.

Mr. Thomas Cinq-Mars retired from the world yesterday and entered the novitiate of the Jesuit Fathers at Sault au Recollet. The young aspirant to the ranks of the Company of Jesus had just finished a brilliant classical course at St. Mary's College, where he won his B. A.

Military Hop at St. Johns.

The hop given by Lt.-Col. Chinic and officers of No. 3 Degimental Depot, R.C.R., in their barracks at St. Johns last night, was, notwithstanding the heavy downpour, a most successful function. The attendance was large, the decorations were military, and the costumes of the ladies, together with those of the officers and the yachtsmen of St. Johns' Yacht Club, made a decidedly pretty picture as they whirled around in the graceful waltz or sat out in the many cosey corners with which the barracks abounds. Most of these retreats were gracefully screened by flags. The guests, many of whom were from Montreal, Iberville, Chambly and other surrounding places, were received by Mrs. Chinic, assisted by Mrs. F. Fox. It was not long before sunrise when the last of the many yachts, skiffs, canoes and other modes of conveyance left the hospitable barracks, their occupants singing the praises of Colonel Chinic and the officers and ladies who aided them in making the event one of the most enjoyable ever held in the old historic barracks of St. Johns.

NO CRIMINAL RESPONSIBILITY

Verdict on Old Man Crushed to Death Between Street Cars.

Deputy-Coroner Biron held an inquest to-day into the cause of the death of James Thomas, who was crushed between two electric cars, on the Wellington street "Y," near the Tail Race Bridge, at 6.30 o'clock, Saturday morning, and died in hospital yesterday. The evidence of the acting medical superintendent of the General Hospital showed that nearly every rib in the man's body had been fractured. His lungs were also ruptured. The jury, after hearing the evidence, returned a verdict to the effect that Thomas, who was 65 years of age, met death as a result of being crushed between cars. At first one of the jurymen refused to sign the verdict, but finally agreed that no person was to be held criminally responsible.

GREAT AND GROWING WEST.

Mr. A. Price Says Great Wheat Crop is in Splendid Condition.

Mr. A. Price, superintendent of transportation of the Canadian Pacific Railway, with headquarters in Winnipeg, was in the city yesterday.

In Mr. Price's opinion a 100,000,000 bushel wheat crop was assured. He ridiculed the report that had originated in Toronto to the effect that the grain had been damaged by rust. "Take my word for it," he said, "there's not a particle of truth in that story."

Speaking of Winnipeg, he said that it was growing at a remarkable rate. Numerous buildings were in course of erection, the number of building permits issued up to the end of July being considerably in excess of the corresponding period last year.

Mr. Price's visit to the city was for the purpose of consulting with the officers here regarding the fall and winter time tables. He left for home last night on the Imperial Limited.

Women's Needlework Competition.

The Ladies of the Montreal Needlework Association have returned from Quebec, where they took part in a competition, and have brought back with them a championship cup won by Mrs. W. S. Allen. The prize winners were: Darning in silk, Mrs. W. S. Allen, Mrs. J. H. Willson, and Mrs. E. S. Goodwin; in wool, Mrs. W. S. Allen and Mrs. E. A. Andrews; in cotton, Mrs. W. S. Allen, Mrs. R. S. Roberts and Mrs. J. D. Senterel.

A Visiting Chicago Clergyman.

Rev. J. A. Morrison, Ph.D., of the First Presbyterian Church, Chicago, will be in this city over Sunday, and in addition to preaching in the American Presbyterian Church, he has consented to give an address at the Men's Meeting at three o'clock in the afternoon in the Young Men's Christian Association. His subject will be "My Own Religion—a critical study in Religion for Young Men."

HOTEL ARRIVALS.

TO-DAY'S ARRIVALS

At the Queen's—Dr. Carrie Richeson, Bellfortaine, O.; James Reid, Halifax; E. W. Dawson, Toronto; J. O. Roannie, Windsor; H. P. Baird, Woodstock; J. D. Whyte, Sherbrooke; J. E. Cameron, Boston; Frank McBride, Boston.

Round House Was Burned.

Ogdensburg, N.Y., August 16. — The Rome, Watertown and Ogdensburg round house at Massena Springs has been destroyed by fire. Three locomotives which were in the round house were gotten out. The loss of the building is five thousand dollars.

INSPECTION OF GOVERNMENT ROADS

Prospects for Good Business on Island Bright on Account of Crops.

THE TRANSCONTINENTAL LINE

Hon. Mr. Emmerson Says Government Policy Will Not Be Changed Regarding East.

Special to the Montreal Star.

Halifax, N. S., August 16.—Hon. H. R. Emmerson, Minister of Railways and Canals, arrived here yesterday by special train, accompanied by Mr. Butler, the new Deputy Minister and several of the Intercolonial staff. The Minister and his deputy are making a tour of inspection and the object of their visit to Halifax is to look over present and prospective terminal facilities at this port.

Hon. W. S. Fielding, who spent the afternoon at Rockinghill with his brother, Stipendiary Fielding, came into the city with his colleague.

Mr. Emmerson said that in company with the Deputy Minister, Mr. Butler, and the officials of the Intercolonial, they were making a tour of the Government railways both on Prince Edward Island and on the mainland.

The trip to the Island was very pleasing as everything is so promising in regard to the crops. The prospects of the earnings of the railway are bright, as there will be larger freight traffic on account of the bountiful crops.

Speaking of the surveys on the National Transcontinental line, Mr. Emmerson said that since he had left Ottawa the final preliminary surveys had been completed and they will probably be considered next week. The location of the line will depend entirely on the report of the engineers, though every feature will be carefully considered with regard to the grades, distances, etc., so as to bring the road up to the high standard of a through trunk line.

"It is hoped," he said, "to ask for tenders for the construction by the end of the present year, so as to give the contractors an opportunity to start work early in the spring."

"Will there be any change in the policy of the Government with regard to building the eastern section of the line?"

"No," said the Minister, "the Government will stand by its policy on that question."

CANADA AND DEFENCES.

General French States His Ideas While in Winnipeg.

Winnipeg, Man. August 16— Major General Sir George Arthur French, in an interview here, said that the changes in the military situation in Canada should foster to a large extent a home spirit of militarism that is necessary to every nation, and that will make toward a strong national sentiment. The question had come to this, that either the colonies must contribute to the maintenance of the Imperial Navy or build up one of their own. The taking over of the yards at Halifax and Esquimault was the first step in Canada's choice of the latter alternative. The step in so far as it tends to foster the spirit of national self-reliance, is good, but there is the danger of the Canadian Government making too small allowance for an adequate system of self defence. Under such conditions the taking over of these fortifications would be a vast mistake."

MR. JEROME'S RE-ELECTION.

Republicans and Tammany May Refuse to Support Him.

Special to The Montreal Star.

New York, August 16—Mr Jerome will probably fail to obtain the indorsement of either the Republican organization or of Tammany Hall, in his candidacy for re-election as District Attorney. While he has many admirers in both organizations, the leaders are averse to making him their candidate, and he will therefore probably be forced to run as independent candidate, with the indorsement of the Citizens' Union, and such minor organizations as may fall into line.

Both ex-Governor B. B. Odell, Jr., chairman of the Republican State committee, and Charles F. Murphy, the Tammany leader, are strongly opposed to the nomination of Mr. Jerome for any office.

WIDOW GETS BIG PENSION.

Strange Case is Just Discovered by Washington Authorities.

Special to the Montreal Star.

Washington, August 16.—Four members of the Pension Board of Review have been called upon to explain why they allowed a widow eleven years' pension when she was entitled to a pension for only one year. The claimant was left a widow in 1892, and a year later married and went to Canada to live. She asked for a pension for the year of her widowhood, filing her claim this year. In making out the papers the clerk made the claim apply to the interval from 1892 to date. This made a difference of $1,600 in the amount. The case went through all official channels, was reviewed and re-reviewed and finally approved, until Commissioner Warner discovered the discrepancy. It is expected four members of the board and the clerk will be dismissed.

Mr. Reid Secures Country Seat.

London, August 16.—Mr. Whitelaw Reid, the American Ambassador, has taken a lease of the late Earl Cowper's country seat, Wrest Park, near Amptihll, Bedfordshire, and Mr. Reid and his family will take up their residence there for the winter within a couple of months. The Ambassador has secured the property for the term of his stay in England, and proposes to spend the winter months there, as he is satisfied that the fogs and other discomforts of the London winter would seriously affect his health.

Drowned at Ogdensburg.

Ogdensburg, N.Y., August 16.—John O'Shea, of Deseronto, Ont., wheelsman of the steamer America, was drowned here last night. O'Shea walked off the deck into the water. Three others followed but were rescued.

Died from Fractured Skull.

Redwood, Cal., August 16.—Walter Sanger Pullman, son of the late Geo. A. Pullman, who was injured in a runaway accident, last Sunday, died yesterday at his home at Belmont. His skull was fractured.

Meeting of the Royal Clan.

Special to The Montreal Star.

New York, August 16.—The twenty-second meeting of the Royal Clan of the Order of Scottish Clans, was begun yesterday in the Chapter room at Carnegie Hall. The Royal Clan, which is the governing body of the order, now meets biannually. Delegates were present from nearly all parts of the United States and Canada. There were twice as many delegates from Massachusetts as from any other State. New York was second. Delegates were present from California, Manitoba, Nova Scotia, Ontario, Quebec, and Washington. About two hundred delegates were present.

Acting Mayor Charles V. Fornes delivered a formal address of welcome.

SHERBROOKE'S ANNUAL FAIR.

It Will Be Held the First Week in September.

Special to The Montreal Star.

Sherbrooke, August 16.—Preparations are well advanced for the annual exhibition at Sherbrooke, which will be held during the first week in September. Prospects were never brighter and there is every indication that the Sherbrooke Fair will celebrate its coming of age with a record-breaking exhibition.

The general plan of the coming fair is largely the same as those of its predecessors. There have been some increases in prizes. The bench show, which has met with only partial success in the past will be done away with. The race programme has no important changes. It will, as usual, draw the best horses in Quebec and New England. The committee on platform attractions claim that they will offer a programme which has never been equalled. This entertainment feature dragged a bit last year. The occupants of the grand stand are promised a programme of continuous interest this year. Three night performances will be given this year, namely, Tuesday, Wednesday and Thursday.

Entries are coming in rapidly. Space in the Industrial Hall is rapidly being taken up. Fine weather, a requisite for financial success, is, of course, not a certainty. Sherbrooke, however, for many years has been highly favored in this respect, and, therefore, the directors look forward with confidence to the 21st annual.

LAW MUST TAKE COURSE.

Charles King Must Hang for Murder of Hayward.

Special to the Montreal Star.

Ottawa, Ont., August 16.—The Government has considered the case of Charles King, an American, who was convicted of murdering an English prospector named Hayward, at Lesser Slave Lake, N. W. T., in the fall of 1904, and has decided to let the law take its course.

King consequently will be hanged on August 31.

The case was a singularly atrocious one. Hayward had a little money, and started out on a prospecting trip, accompanied by King. The two reached Lesser Slave Lake, and camped near an Indian reservation. Soon afterwards the Indians noticed that of the couple who had been camping in the neighborhood only one man was left. They communicated their suspicions to the North-West Mounted Police, who searched an adjacent pond, and found some human remains and part of Hayward's camp outfit.

There was little doubt that King killed Hayward for his money, and had then cut up and burned the body, and endeavored to obliterate every trace of the crime. Through the vigilance of the Indians, however, his efforts came to naught. King was arrested and tried for murder, but the first trial proved abortive, owing to a technicality. A second trial then took place and resulted in the man being found guilty and condemned to death.

RUSSIAN TROOP DISPERSED.

Attacked by Japs In the Tartary Straits.

Tokio, August 16.—Admiral Kakoka reports that a detachment of his squadron attacked the Russians guarding Lazadieba point, in the Tartary straits, August 13. Marines were landed and they were exposed to a sudden attack from the Russians who were hidden in a forest. The Japanese loss was only one killed and four wounded, but the Russians were finally dispersed.

A Japanese torpedo boat destroyer operating in the east coast of Sakhalin Island, attacked the Russians holding the telegraph office at Raioro, on the morning of August 13, and captured eighteen men and the telegraph apparatus.

SAILOR TEAM MAY SHOOT.

British Marines Will Probably Shoot In D. R. A. Matches.

Special to The Montreal Star.

Ottawa, Ont., August 16.—The entry list for the D. R. A., judging by present indication, will be very large. It is probable that a team from No. 2 cruiser squadron, under Prince Louis of Battenberg, now at Quebec, will be entered for the matches; and the crews of the ships in the fleet contain many expert riflemen. An invitation to these was issued by Major C. F. Winter, secretary of the D. R. A., and a favorable reply has been received.

WESTERN CRICKETERS HAVE TO DO WITHOUT EASTERNS IN BIG MATCH

Toronto, Ont., August 16.—Secretary John E. Hall, of the Canadian Cricket Association, received a communication from Montreal to the effect that Hill, Baber, and Saunders would not be available for the international team, which plays the Americans here on August 28th, 29th, and 30th. Baber is to accompany the Marylebone team and will not be able to get here. Hill is now taking his holidays and cannot get away later, and Saunders will be out of town. The three are McGill men, and were assured of places on the team, but they will now have to be filled by others at to-day's meeting of the association.

Rev. Father Villeneuve Dead.

Special to The Montreal Star.

Windsor, Ont., August 16.—Rev. Father Villeneuve, for the past nineteen years parish priest at Tecumseh, about eight miles east of Windsor, died at the Hotel Dieu here, after a lingering illness. He was born in St. Henri de Mascouche, Quebec, seventy years ago, and was ordained to the priesthood at Sandwich in 1886.

British Association at Capetown.

Cape Town, August 16.—The members of the British Association arrived here yesterday and at their first session, President George Howard Darwin delivered an address.

Valuation of Field's Property.

Chicago, August 16.—The valuation of the property of Marshall Field, in Chicago, was fixed at forty million dollars yesterday by the board of review. Of the sum named thirty million dollars is in real estate, and the balance in personal property. The personal holdings in his residence on Prairie avenue are valued at two million dollars.

Italians Blown to Atoms.

Elkins, W. Va., August 16. — Nine Italians were blown to shreds and their hut reduced to atoms by a dynamite explosion at the construction camp of Dunlevy brothers, about six miles from Durbin yesterday. This is thought to be only another chapter in a feud between a gang of desperadoes and Italians. The crime was not discovered until daybreak, when members of the camp found parts of the bodies of the foreigners hanging to the trees.

If you want the best of everything come to the Old Reliable Italian Warehouse.

FRASER, VIGER & CO., ITALIAN WAREHOUSE, Established 1856.

The Nordheimer Building, 207, 209 & 211 St. James St., MONTREAL.

8% GUARANTEED 25% PROBABILITY

The ideal Canadian investment combines absolute safety and liberal returns.

We are not offering a speculation.
We are offering an investment.
A limited number of Preferred Shares at par.
The Par Value of each share is $10.00.
Every $10.00 invested in our shares to-day will be worth at least $50.00 in 5 years.

Have you money in bank bearing only 3 or 4 per cent? Then withdraw it and place it where it will earn at least 8 per cent. guaranteed, and probably 25 per cent.

Invest it in the J. T. Lyons Co. (Inc.)

The Directors of this Company, the largest and most profitable drug business in Canada, are offering for sale 2,000 shares of the capital stock at $10.00 per share.

There is nothing experimental about the business, nothing sensational about our offer of 8 per cent. guaranteed. It is merely a matter of safely investing your money in a going concern, that last year earned sufficient to pay 25 per cent. on the capital invested.

The Essential Feature

—OF—

THE J. T. LYONS COMPANY (Incorporated)

is that the money received for shares is invested exclusively in the business. The business of the J. T. Lyons Co. (Incorporated) was founded 20 years ago by J. T. Lyons, the General Manager of the Company, and is now the largest and best paying drug business in Canada. The shares are preferred and not assessable, guaranteeing 8 per cent., which, in these times of low interest rates, is not readily obtainable. The drug business offers to-day the most profitable field for safe investment. Our business is constantly increasing, thereby rendering an investment in our company absolutely safe.

If you cannot call personally, write for prospectus giving full particulars,

The J. T. LYONS COMPANY (Incorporated)
6 and 8 Bleury Street, Montreal.

AT EXPENSE OF GERMANY.

Britain's Imports Increased Since Surtax Was Imposed.

Special to the Montreal Star.

Ottawa, August 16. — The latest report of the Imperial Statistical Office of Berlin on Germany's trade with Canada affords a clear indication of how much Great Britain's imports to Canada have increased at the expense of German trade since the new customs regulations have come into force.

Since April 16th, 1903, a supplementary tax of one-third of the regular customs tariffs has been levied on German imports. This brought about the result that the value of the imports fell from $12,200,000 in 1903 to $8,200,000 in 1904, whilst the British imports at the same time rose from $58,900,000 to $61,800,000. The fact is all the more notable in Germany's trade with the Dominion had been steadily increasing since 1898, when it amounted to only $5,600,000. The compilation contained in the official report shows which goods have been most affected. The figures represent marks: The mark is 24 cents.

	1904.	1903.
Iron	3,700,000	5,800,000
Foodstuffs	300,000	2,300,000
Woollen goods	2,400,000	1,000,000
Chemical products	1,900,000	3,600,000
Dresses and millinery	2,400,000	600,000
Silk Goods	800,000	800,000
Machinery	1,400,000	500,000

Above all, the German sugar industry has suffered by the change; whereas, up to 1903, Germany supplied nearly half of the Canadian sugar requirements, no raw sugar exports took place in 1904. Excluding a few sundry articles in which the German exports to Canada slightly improved during the past year, British trade has almost everywhere supplanted German trade.

BIG OTTAWA LEGAL FIGHT.

Many Large Business Interests are Involved.

Special to The Montreal Star.

Ottawa, August 16.—The first step in a legal action, which involves nearly all the great industrial companies of the Chaudiere, was taken in the High Court on Tuesday. In it the E. B. Eddy Company and the Hull Power and Manufacturing Company are arrayed against J. R. Booth, the Ottawa Electric Railway Company, and the Ottawa Electric Light Company, and some other large interests. A writ asking for a perpetual injunction to restrain J. R. Booth, the Ottawa Electric Company, the Ottawa Electric Railway Company, the Ottawa Investment Company, Limited, the Ottawa Power Company, Limited, and the Bronson Company, from carrying out or completing works or alterations in the bed and shores of the Ottawa River near the Chaudiere Falls was taken out by the E. B. Eddy Company and the Hull Power and Manufactory Company, Limited.

The document includes, as well as the Ottawa River bed and shores, the channels among the islands on the southern side of the river as contemplated by an agreement dated November 19th, 1899, between the crown and the defendants. The defendants are forbidden to divert or alter the national plan of waters which go through the properties of the plaintiffs.

The plaintiffs ask for damages caused by the operation of the defendants at the place. The writ was taken out by Ewart & Osler.

Ayer's Sarsaparilla. The doctors' Sarsaparilla. The tested and tried Sarsaparilla. The Sarsaparilla that makes rich, red blood; strengthens the nerves; builds up the whole system. J. C. Ayer Co., Lowell, Mass.

The Red Rose Flavor and Strength

NO Ceylon tea nor Indian tea alone can have the "rich fruity flavor" of Red Rose Tea, because neither variety in itself possesses all the qualities of strength, richness, delicacy, and fragrance.

Each has its own peculiar qualities, but each has its weaknesses.

By combining the two in the Red Rose proportions, I produce a tea with the "rich fruity flavor" and strength of Red Rose Tea, a flavor and strength found in no brand of Ceylon alone.

Red Rose Tea is good Tea

HOME FURNISHING EMPORIUM 1547-55 St. Catherine

Strikers Turn Down An Offer.

Special to the Montreal Star.

London, Ont., August 16.—A committee of the striking moulders at the McClary establishment waited on Col. Gartshore, the company's manager, yesterday, and stated that the men had decided that they could not accept the company's offer that they return to work for a month, during which time their grievances would be investigated. The chief trouble was the refusal of the company to agree that a price committee selected from the moulders receive recognition in the pricing of work. One of the strikers said: "We want to unionize that shop."

Twenty of the ninety striking moulders are said to have already left the city.

Asks for Capital Punishment.

Odessa, August 16.—The military procurator has appealed against the decision of a court-martial which sentenced two boys each to twenty years and a girl to thirteen years' penal servitude for being in possession of explosives. The procurator asks for capital punishment.

Complicated Watches accurately adjusted. R. Hemsley, 356 St. James St.

Buffalo Regiment to Visit Toronto.

Special to the Montreal Star.

Ottawa, Ont., August 16. — The Government has granted the 75th Regiment National Guards, Buffalo, permission to visit Toronto, fully equipped and armed, from September 1 to 4. Application was made for the privilege by the United States authorities at Washington through the British embassy.

Chinese Trade Commissioner Arrives.

San Francisco, Cal., August 16.—Among the passengers on the steamer Mongolia, which has arrived here from the Orient, is Wong Kai Yah, Chinese imperial trade commissioner, accompanied by his secretary. He is going to Washington. It is said that the object of his trip is to discuss the boycott and the proposed new exclusion treaty.

The Montreal Daily Star is printed and published at 163, 165, 167 and 169 St. James st., Montreal, by The Montreal Star Publishing Company, Limited. Brenton A. Macnab, Managing Director.
