ALL DAY FIGHT.

Kritzinger Attacks 300 Men.

A TRAIN IS HELD UP AND BURNED.

London, July 23.—The British War Office has received the following despatch from Lord Kitchener, dated Pretoria, July 23:

"A train from Cape Town with 113 details and stores was held up, captured and burned at Scheepers, eight miles north of Beaufort West, on the morning of July 21. Our casualties were three killed and eighteen wounded. An enquiry is proceeding."

"French reports that Crabbe, with 300 men, was attacked in the mountains near Cradock by Kritzinger at dawn, July 21. The horses stampeded. An all day fight followed. Crabbe fell back on Mortimer. Our loss was slight."

Cabling the War Office under yesterday's date, Lord Kitchener reports:—"Since my last report of July 15th, the various columns report that 43 Boers have been killed, 25 wounded, 123 surrendered and 190 were taken prisoners. Three thousand one hundred and sixty rounds of ammunition, 120 wagons, 5,600 horses and much stock have been captured."

"Blood's column re-visited Rossendale, Transvaal, and cleared the country north of the railway line."

"In Cape Colony French is gradually pressing the Boers northward."

London, July 24.—"We hear rumors," say the Daily News, "that negotiations with a view to peace in South Africa are proceeding in London."

MUST FIGHT IT OUT ALONE.

Cape Town, July 23.—It is reported that General Delarey has informed the Klerksdorp commando that there is no longer any chance of European intervention, and that they must fight the war out to the bitter end, entirely on their own account.

WAR NEARING THE END.

Government Will Not Ask Any Further Provision.

Toronto, July 23.—The *Globe's* London correspondent says:—"Mr. Balfour stated last night that there would be no supplementary estimates and from this it is inferred that the Government do not intend to ask Parliament to make any further provision for the war. The military authorities it is understood, are satisfied that the war is nearing its end, and that the sum already voted by Parliament will be sufficient to meet the military expenditure."

NOTES FROM COATICOOK.

July 23rd.—Mr. and Mrs. Otis Shurtleff and Miss Shurtleff left this morning for Old Orchard.

Miss Elizabeth Munns and Misses Annie and Bella Wadleigh went to Sherbrooke on Monday to hear the famous "Kitties."

Mr. Rns Bullock, who has been spending his vacation on board the "Lady of the Lake" with his uncle Capt. Bullock, returned home last evening.

Miss Linda Harding of Derby Line, is visiting Mrs. Dudley Davis.

Miss Hazel Thomas of Joliet, Ill., is the guest of her grand parents, Mr. and Mrs. N. W. Thomas.

Mrs. C. P. Carr met with quite a serious accident on Monday afternoon while driving to North Coaticook. The horse became unmanageable and Mrs. Carr was thrown out and in the fall received some severe injuries to her head and back. She is at present doing well under Dr. Robinson's skillful treatment.

Mr. and Mrs. E. F. Tomkins and family and Mr. and Mrs. C. A. Fox and family are camping at Bacon's Bay.

Mrs. C. A. Martin (nee Miss Minnie Hall) and little daughter of Granville, N. Y. and Miss Martin are visiting Mr. A. A. Hall at "Hillside."

The Wolfe Street Bridge.

A PROTEST IS SERVED

On the Street Railway Co. by the City.

COMPANY WILL BE HELD RESPONSIBLE FOR ACCIDENTS.

In conformity with the advice given by the City Attorney, in answer to the letters submitted to the Council by the Sherbrooke Street Railway Company re. the Wolfe street bridge, the City served the following protest on the company:

"On this the 23rd day of July, in the year of our Lord, 1901, at the request and instance of the municipal council of the city of Sherbrooke, I, Ernest Sylvestre, notary for the Province of Quebec, residing and practising in the city of Sherbrooke, district of St. Francis, do hereby certify that I did proceed to the Wolfe street bridge, in the city of Sherbrooke, in the said city, on the Street Railway Company, where, being and speaking to Henry T. Moore, superintendent of said Company, I declare as follows:

Whereas, by a certain by-law of the city of Sherbrooke, bearing the number 104, among the by-laws of the City Council, the Company are granted the use of certain streets without any remuneration or compensation, but subject to certain conditions, which conditions are mentioned in paragraphs 16 and 19 of said by-law, (a copy of which appeared in Monday's issue of THE EXAMINER.)

Whereas these clauses are repeated verbatim in the contract between the city and the Street Railway Company;

Whereas in the act incorporating the Sherbrooke Street Railway Company, there is a paragraph which reads as follows:—

"But any arrangements by which the use of the municipal roads, highways, streets, lanes or bridges is granted for the purpose of the railway, shall be subject to the condition that all damage arising from the building and operating of the railway, or which shall be caused by the agents, servants, or workmen of the company, in constructing, carrying out, or maintaining any of the company's works, shall be payable by the company, its successors and assigns."

Whereas, according to a report made in an official relation to the Wolfe street bridge, it appears that said bridge is not in a safe condition for the Sherbrooke Street Railway Company to run their cars over the said bridge, and, whereas, the Street Railway Company have in their letter to the City Council recognized the danger of running their cars over said bridge;

Whereas that unsafe condition has been brought about by the running of the street cars over it; and, whereas, I have, at the said request, notified the said company that the city of Sherbrooke is not in any way responsible for any accidents which may arise from running the company's cars over said bridge, but the whole and direct responsibility is on the company.

To which I received for answer:—"As soon as we will be officially notified that the bridge is unsafe, we will stop running cars over it, until I have received instructions from the company."

And the said Henry T. Moore being requested by me to sign, has refused to do so, and which answer being unsatisfactory, I, the said notary, at the request aforesaid, did solemnly protest against the said Sherbrooke Street Railway Company for all costs, losses, damages, injuries, and hurt heretofore had and sustained of which may hereafter be suffered or sustained by the city of Sherbrooke in consequence of the premises to be hereafter recovered in time and place convenient, and to the end that the said company may not plead ignorance hereof, I have served the said company with a duly certified copy of these presents, and delivered the same to the said Henry T. Moore.

Mr. H. T. Moore, superintendent of the road, immediately gave orders to stop the cars running over the bridge, and passengers now have to walk across the bridge from one car to another. Mr. Moore gave these orders pending further word from the directors of the company.

It is expected that Mr. J. W. Burke, president of the company, will be here in a few days, when the whole question will, no doubt, be gone into, and some arrangement come to so that passengers will be inconvenienced as little as possible.

Manitoba's Crop.

Winnipeg, Man., July 22.—The weekly crop report of the Canadian Northern Railway was issued yesterday, and like its predecessors, was of a most favorable nature. The grain, especially wheat, is developing rapidly and harvesting will be commenced within a few weeks.

Startles Medical World.

Dr. Koch Says Bovine and Human Tuberculosis Are Different Diseases.

London, July 23.—A feature of to-day's session of the British Congress on Tuberculosis was Dr. Robert Koch's paper, which was listened to with deepest interest by a big gathering in St. James Hall. Lord Lister (professor of surgery in the Glasgow and Edinburgh Universities and one of the British vice-presidents of the congress), introduced the noted German professor to the assembly.

During his address to the congress, Dr. Koch said his experiments had satisfied him that human tuberculosis and bovine tuberculosis were radically different diseases and that he had amply demonstrated that cattle could not be infected with human tuberculosis. The counter proposition, that human beings were not liable to infection from bovine tuberculosis, was harder to prove, the doctor said, owing to the difficulty of experimenting upon human subjects, but that personally, he was satisfied such was the case. He then entered into a lengthy analysis of the best methods of preventing tuberculosis.

A Sad Drowning Accident.

Miss Duford of Compton, and Dr. Armand Rioux of Sherbrooke, were Drowned at Matane, Que., this Forenoon.

Just as we go to press we learn of the sad death by drowning, of Miss Duford of Compton, and Dr. Armand Rioux of Sherbrooke, who were drowned this afternoon at Matane, Que. Both are well known in this locality. Full particulars are not yet to hand.

TROTTING CIRCUIT.

Meeting of Racing Men Monday.

A meeting of the racing men representing the leading fairs of Vermont State, as well as Stantstead Fair and Canada's Great Eastern Exhibition, Sherbrooke, was held at the office of the E.T.A. on Monday afternoon at four o'clock for the purpose of completing a trotting circuit to be known as the International Circuit of Northern Vermont and Eastern Canada. Representatives of Newport, Stanstead, Barton, St. Johnsbury, as well as the Executive Committee of our fair were in attendance. The different fairs operating in this circuit are offering unusually attractive purses in all classes, and our own committee have decided to increase their appropriation for this season's race money to the sum of about \$3,000. The circuit will open at Newport on August 16, 17, 18, after which will follow Stanstead races August 22 and 23; Sherbrooke August 31 to September 7; Barton September 10, 11, 12, 13; St. Johnsbury 17, 18, 19.

It is expected that the result of the formation of the circuit and the increasing in the amount of prize money by the fairs concerned will be the attraction of a larger and faster field of horses than has ever been in attendance at these different race meetings. The track at the exhibition grounds here is receiving its annual overhauling, and promises to be this year smoother and faster than ever.

THE DRINK HABIT!

Is a disease, and can be cured at home without pain, publicity or detention from business, by the use of the

Dixon Vegetable Remedy

It is the greatest specific on earth for the cure of Alcoholism. In two or three days the craving for liquor is gone and in three weeks the cure permanent. Dr. Mackay of Quebec a specialist, in the treatment of inebriates, admits that it is far superior to all the "Gold Cure" or other treatments, and that it is practically infallible. Those interested, will do well to call and see our long list of testimonials, or write for our pamphlet giving full particulars.—Address:

Many New Williams Sewing Machines

are being sold, despite the fact that there are so many cheap machines in the market. It is evident that the people want the best, and investigation tends to convince that in the New Williams the desideratum is found.

It proves its bestness at every point. The quantity, quality, and variety of work it will turn out in a given space of time;—no other Machine approaches it.

The cost of keeping it in repair is infinitesimal. Years after the cheaper Machines have been disposed of to a junk dealer, the New Williams is stitching away, showing no signs of wear, nor indicating through the quality of its work that its goodness is played out.

An abundant crop of hay is being harvested here this season. The beautiful weather of the past two weeks has been just what the farmers delight to see in haying time.

Miss Gertie Bishop has gone to Quebec on a visit. We hope the change will do her good and that she will come back much improved in health. The damage done to our public roads by the cloud burst of June 27th has been variously estimated all the way from \$1,200 to \$2,500. A great deal of work has already been done to make the roads passable, and a great deal more is laid out to be done after the busy season of haying is over, but it is probable that it will be many years before the havoc made by the flood will be wholly obliterated. The damage done by the storm in this part of the town to private property was not great.

Mr. James Hooker escaped what might have been a serious accident last week by the horses starting unexpectedly. He was thrown from a load of hay, striking on his head and shoulders and was unconscious for some time after the fall, but upon coming to it was found that there was nothing more serious than a few sprains, from which he is fast recovering. Deer appear to be quite plentiful about here. They have been seen on different occasions roaming about the fields. A catarrhoid cure every time, and absolutely prevents the disease from returning. Hay Fever Germs Are Now Floating About

They are in the air everywhere, too minute to see, but just waiting for a chance to get into your lungs. Then they will play havoc with your breathing apparatus, and you'll wonder what to do. The doctor will say you had better inhale Catarrhoid for it kills Hay Fever germs, and moreover is dead certain to reach them. Catarrhoid cures every time, and absolutely prevents the disease from returning. You inhale Catarrhoid with the air breathed; it goes directly to the source of the trouble and cures it by removing the cause. At druggists, or sent with guarantee of cure, to any address for \$1.00, forwarded to Polson & Co., Kingston, Ont.

A Child's Fatal Fall.

Montreal, July 22.—While watching for a letter from her father, little Mona Turton fell from a fourth-story window of the residence, 517 St. Antoine street, this morning, and half an hour later died in the General Hospital. She was the eldest daughter of Mr. John Turton, the well-known young actor and singer.

Old Lady Injured.

On Friday night Mrs. D. Bonner, Richmond, an old lady eighty years of age, missed her footing in the dark and fell downstairs. She was picked up unconscious and remained in that state for several hours. Her age and the terrible bruising she received make it doubtful if she will recover. Mrs. Bonner lived in the county in the early thirties. Her father was one of the pioneers of the county and her husband was for many years stage driver between Three Rivers and Richmond.

HER FATHER WAS A DRUNKARD

A Plucky Young Lady Takes on Herself to Cure Her Father of the Liquor Habit. STORY OF HER SUCCESS.

A portion of her letter reads as follows: "My father had often promised mother to stop drinking, and would do so for a time, but then returned to it stronger than ever. One day, after a terrible spree, he said to us: 'It's no use. I can't stop drinking.' Our hearts seemed to turn to stone, and we decided to try the Tasteless Samaria Prescription, which we had read about in the papers. We gave him the remedy, entirely without his knowledge, in his tea, coffee, or food regularly, according to directions, and he never knew he was taking it. One package removed all his desire for liquor, and he says it is now distasteful to him. His health and appetite are also wonderfully improved, and no one would know him for the same man. It is now fifteen months since we gave it to him and we feel sure that the change is for good. Please send me one of your little books, as I want to give it to a friend."

FREE SAMPLE and pamphlet giving full directions for its use, sent in plain, sealed envelope. Correspondence strictly confidential. Address THE SAMARIA REMEDY CO., 25 Jordan Street, Toronto, Canada. For Sale by all Druggists.

Will Teach No Dutch.

Bloemfontein, July 22.—When teachers from all parts of Orange Colony are at present assembled here on a vacation course, the Deputy-Administrator, Col. Good-Adams addressing them at a reception at Government House, emphasized the necessity for a uniform system of education, and condemned the old Free State system of two standards—Dutch and English.

He announced that in future there would be only one standard, and that the standard best fitted to equip the children for the future battle of life—the English standard. Colonel Good-Adams stated definitively that though Dutch would be the medium for the spiritual education of Dutch children, ordinary education would be conducted solely in the English language. He appealed to teachers and all concerned in the upbringing of the future generation to make them God-fearing, loyal, and noble citizens of the great Empire.

The address was received with hearty applause by the large gathering, in which the Dutch element predominated. (One of the conditions of submission offered by Lord Kitchener to Louis Botha last March, and now presumably revoked, was the following: Both the English and the Dutch languages will be used and taught in public schools when the parents of the children desire it.)

THE CORONATION OATH.

R. C. Peers Object to New Form.

London, July 22.—There is still no lack of interest in next year's coronation festivities. What is creating most concern in official circles and most interests the public is the objection raised by the Roman Catholic peers against the proposed new form of the coronation oath. It looks as if it would be a storm over it. These peers object to the use of the word "adoration" in the oath as applied to their sentiment toward the Virgin Mary. Lord Salisbury has expressed the opinion that no doubt the word "worship" could be substituted for "adoration," when the bill comes on for discussion, but it seems doubtful whether "worship" will prove any more acceptable to Lord Landaff and his friends. "Veneration of the Virgin," will probably be the term proposed by a Roman Catholic peer against the proposed new form of the coronation oath. It looks as if it would be a storm over it.

Six Men Frozen to Death.

Nome, July 10, via Seattle, Wash. July 22.—A tragic story comes from St. Michael. A party of men, en route to Nome, recently found the bodies of six men at a point near Cape Romanoff. It is presumed they all froze to death during some one of the terrible blizzards that prevailed last winter. The bodies were scattered at intervals, five of them about a quarter of a mile apart. Each had some camp equipment about him, but no food. One of the dead men had evidently been either injured or sick, as he lay on a litter constructed of a pair of oars and a sheet. It would seem that the storm must have overcome those carrying him. Evidently they had become exhausted and had abandoned him, and wandered off, each for himself, to perish where found.

A NOVELTY IN STRIKES.

Toronto Insurance Canvassers Strike.

Toronto, July 22.—A novelty among strikes was that inaugurated today by the insurance canvassers in the city of the prominent branch of the North American Life. Because one of their number was forced to pay some arrears on a premium in default, owing the management held, to his failure to collect, fifteen of the staff, including the superintendent, put on their coats and walked out. As the work they did was largely among people with whom they had become acquainted as a result of many visits, the strike is likely to prove embarrassing.

The most extensive forest fires on record were those which raged this month in the Kippewa district. An Ottawa gentleman familiar with the situation stated Monday that the loss would be at least total \$500,000. Many, if not all, of the limits in which the forest destruction took place are situated in Quebec Province.

RANDBORO.

The heavy storm that passed over this part of the county recently, did considerable damage in this place. Mr. Moses Cairns saw mill was carried away and completely demolished. He has suffered a great loss as there was also several hundred dollars worth of lumber stored away in the mill. Two large bridges were carried away, one that spans the river on the road to Parker Hill, and Mr. R. Becher's bridge.

The young people met at the home of Mr. and Mrs. C. E. Speck, and spent a very pleasant evening recently, with games, vocal and instrumental music, after which ice cream, cake and lemonade was served.

We welcome our minister, Rev. Mr. Boyd, who has recently arrived among us. Mrs. E. J. Smith of Vergennes, Vt., is visiting her sisters, Mrs. C. E. Speck and Mrs. G. Middlemas.

Mr. J. Parker of New York, and Mrs. Stenson of Boston Mass., are visiting relatives and friends here.

Mr. Albert Swail is home from Boston, visiting his parents and friends. The young people gave him a surprise party, when about 30 met him. They report having a very good time. Miss Eva Planch is home from the States. Mr. William Planch, who has been a sufferer for the last two years, passed peacefully away on Sunday, the 7th. He was buried by the Order of Foresters of which he was a member. A large number of relatives and friends gathered to pay their last respects. His casket was completely covered with flowers. The Rev. Mr. Moore of Sawyerville, and Rev. Mr. Robinson of Cookshire, officiated. He leaves a wife, two daughters and one son to mourn his loss.

WINSLLOW.

We were pleased to hear that our pastor, Rev. J. M. MacLennan arrived safely in "bonnie" Edinburgh, Scotland. Our C. E. meetings are well attended. Some of the earnest, active Christian Endeavorers of Milan, helped Rev. A. K. MacLennan in our last meeting. Please come again, friends.

The Ladies' Aid social on the 12th, was a success. Proceeds about \$31. The "Box social, July 16th, "capped the climax" for good cheer and generosity. Over eighty dollars were collected for Mr. Matheson, who recently passed through heavy afflictions, in the death of his father, Mr. John A. Macdonald, the chairman, opened the meeting with appropriate remarks. Rev. John Buchanan was an excellent auctioneer. Addresses were given by Revs. A. K. MacLennan, John Buchanan and Mr. D. L. McLeod of Milan, which were highly enjoyed. Mr. J. M. MacLennan presided at the organ and Mrs. (Rev.) J. M. MacLennan led the singing of the Hymn, "Blest be the tie that binds our hearts in Christian love." All went home apparently happy.

PRODUCE MARKET.

CHEESE. Montreal, July 23.—Receipts of cheese were 24,320 boxes. The market is steady to firm in tone and the fact that the supply of really high grade stocks is very light owing to the effects of the hot weather, tends to stiffen holders' views on finest. For Ontario there are orders at 9c to 9 1/2c, while Townships command 9 1/2c, and Quebecs 9 1/2c. At the wharf this morning 14,000 boxes were offered and they sold at a ruling of 9 1/2c, subject to adjustment in the warehouse. The price, considering the quality of the goods, which was very poor, was considered an extreme one.

BUTTER. Receipts of butter were 1,782 packages. The market is steady with the same wide range to values owing to the difference in quality. For strictly finest creamery, 19 1/2c to 20c was paid to day, seventy pound tubs being wanted, but in the majority of cases all that shippers' limits will allow is 19 1/2c. Seconds and undergrades range from 18 1/2c to 19c. At the wharf this morning 600 packages sold at 19c.

English mail advices of the 13th says:—Butter.—The butter market generally seems to be in a depressed state, and the tendency of prices all round is in buyers' favour. The principal feature of this week is the large quantity of Russian which is coming forward with a result that not only is the market for Russian butter overweighed, but all other descriptions suffer in sympathy. French has not experienced a very encouraging demand, and prices have been reduced 6d on rolls. Danish is some more unchanged. Russian, as mentioned above, is in heavy supply, and 88s is now about top price. Canadian is in poor request. There is not much underpriced about. Finest sells at 98s. American creameries fetch from 94s to 96s, with a slow demand. There is some quantity offering of grades about 78s for both boxes and tubs.

Cheese—This week their has been a very fair demand for Canadian, if anything rather more business has been put through than a week ago. Consequently prices are well maintained. There is some cool goods command full rates. Finest white and colored, 46s to 47s. There is a very useful selection offering at 44s to 45s, but supplies of these grades are not very large. Finest old cheese is naturally exceedingly scarce by this time, and buyers have to pay extreme rates for their requirements. Supplies of Swiss cheese are now increasing to some extent, and there is a fair trade passing at prices is under Canadian.

LIVE STOCK MARKET.

London, July 22.—The trade in cattle was fair, and owing to short supplies the tone of the market was firm, with no change in prices to note. Choice American cattle sold at 13c, choice Canadian cattle at 12c. The market for sheep was weak, and prices show a decline of 1c per lb., with Canadians selling at 10c. A private cable from Liverpool quoted Canadian cattle at 12c, and sheep at 10c. A private cable from London quoted Canadian cattle at 12c to 12 1/2c, and sheep at 11c. A cable from Liverpool quoted Canadian cattle at 12c, and sheep at 10c. A cable from London quoted Canadian cattle at 12c, and sheep at 10c.

Advice to Mothers.

If your little boy or girl comes home with a sore throat, the first thing to do is to rub the throat and chest with Peppermint. Don't be afraid to use Peppermint freely—a whole bottle full wouldn't burn or blister the tenderest skin. Rub in until all taken up by the pores, and just before the child goes to sleep give him a glass of hot water into which 30 drops of Peppermint has previously been added. This is a sure, pleasant and speedy cure. Large bottles 25c.

Criticise Governor-General.

St. John, N.B., July 22.—The Methodist preachers at their weekly meeting this morning entered a strong protest against the Governor-General travelling on Sunday. The official programme provides for his departure from St. John over the Intercolonial Railway next Sunday week, August 4th. The ministers passed this resolution:—"Resolved, That we view with extreme regret the open disregard of the Lord's Day as evinced by the official tour of His Excellency the Governor-General Lord Minto, as arranged, so that he will leave the city on Sabbath afternoon, thus causing a great deal of unnecessary work on that day and greatly destroying its sanctity. We specially deplore this in view of the efforts being made throughout the Dominion to preserve the day intact for rest and worship."

SCOTCHMAN WINS CANADA'S TROPHY.

London, July 22.—In the rifle shooting competitions at Bisley, held under the auspices of the National Rifle Association, Sergeant Proctor, of the 3rd volunteer Battalion Seaforth Highlanders, Morayshire, Scotland, won the Dominion of Canada Grand Aggregate Challenge Trophy, with a score of 354. In the same competition Canadians divided the Corporation of the City of London Aggregate prize as follows:—Private C. S. McDougall, 425; Bodley, 415; Graham and Gilchrist, 410; Richardson and Fleming, 410; Swaine, Murphy, Bayles, Mason, C. V. Spencer and Wilson, 405. The scores ranged from McDougall with 330 to Wilson with 320.

Blames the Masons.

New York, July 23.—The New York Daily News prints the following despatch from Queenstown: A non-commissioned officer of the Munsters Fusiliers, just invalided home from South Africa, declares that the soldiers in the field believe it utterly impossible to catch Generals Botha and DeWet. The fact that the leading British officers are Free Masons. "Several times," he said, "I have been among DeWet's pursuers when, just as we thought we had him, a halt was ordered, permitting him to escape. "Boers may surrender, but the leaders will never be caught while Kitchener and other Masons lead the British."

EXPLOSION ON OIL STEAMER

Sixteen Lives Lost

Stockholm, Sweden, July 23.—An explosion to-day of petroleum on board the American Schooner Louise Adelaide, Captain Orr, which left Philadelphia April 24, and Portland June 4, for Stockholm, in the harbor here, resulted in the death of Captain Orr, ten members of the schooner's crew, four Swedish customs officials and the Brazilian consul. Two of the Louise Adelaide's crew were saved. The explosion set the schooner on fire and the blazing petroleum enveloped the vessel and those on board.

Convicts Tired of Life.

Montreal, July 23.—Two prisoners in St. Vincent de Paul penitentiary tried to commit suicide yesterday by drinking methylated spirits and one of them is dead while the second is still alive. Gideon DeGuise was the man who succeeded in putting an end to his life. He was in for seven years. Both men were unconscious when found. The men were supplied with the spirits for cleaning purposes.

Sunday School Work In Compton and Wolfe Counties.

A series of township Sunday-school institutes is being conducted in Compton and Wolfe counties by the Rev. E. W. Halpenny, general secretary of the Sunday-school Union of the Province of Quebec. These two counties are united in one branch organization. The territory is large, extending from Compton village to Lake Megantic. Meetings are being held at Compton, Bulwer, Cookshire, Island Brook, East Angus, Marbleton, Robinson, Gould, Milan, Spring Hill, Marsboro, Lake Megantic, the dates being July 7 and 8 and from July 16 to 24. The meetings are good, considering the busy time in which they are held. The rush in laying and the efforts to rebuild roads, bridges and mill-dams, which have been destroyed by the cloudburst of three weeks ago, render the community unusually busy. A gratifying advance has been made in this branch of the Union work by a house to house canvass of several townships with a view to establishing home departments in the Sunday-school. About six home departments have been organized, numbering some hundred and fifty members. In one place eleven, in another place a smaller number of scholars have been added to the schools as a further result. This experiment was authorized by the county convention last year. The county convention this year will be held in Sawyerville about Oct. 1. The county president is the Rev. H. C. Newcombe of Sawyerville, and the county secretary is Miss P. E. A. Bailey of Cookshire.

STARVED Slow growth of hair comes from lack of hair food. The hair has no life. It is starved. It keeps coming out, gets thinner and thinner, bald spots appear, then actual baldness. The only good hair food you can buy is—AYER'S Hair Vigor. It feeds the roots, stops starvation, and the hair grows thick and long. It cures dandruff also. Keep a bottle of it on your dressing table. It always restores color to faded or gray hair. Mind, we say "always." \$1.00 a bottle. All druggists. "I have found your Hair Vigor to be the best remedy I have ever tried for the hair. My hair was falling out very fast, so I thought I would try a bottle of it. I had used only one bottle, and my hair stopped falling out, and it is now real thick and long." NANCY J. MOUNTCASTLE, July 23, 1898. Yonkers, N. Y. Write the Doctor. He will send you his book on the Hair and Scalp. Ask him any question you wish about your hair. You will receive a prompt answer free. Address, Dr. J. C. Ayer & Co., Lowell, Mass.

67,000 Garment Makers On Strike. DEMAND A 59 HOUR WEEK AND INCREASE IN PAY.

New York, July 22.—It was announced to-day at the strikers' headquarters of the garment makers that 67,000 men and women were now on strike in New York, Brooklyn, Brownsville, and Newark. The demand of the strikers is that they work no longer than 59 hours a week, receive a 50 per cent. increase in wages and that the contractors or middlemen be required to give a bond assuring the pay of the workers. It is possible that Joseph Baroness, who led the strike of seven years ago, may be asked to lead this strike.
