Red Mainland Gripped By Unrest — Nationalists

6 Mines Closed By Strike

GLACE BAY, N. S. (CP)—Union leaders were expected to meet today to discuss Wednesday night walkouts of 5,800 Cape Breton miners which shut down six Dominion Coal Company mines.

Steve Dolhanty, vice-president of United Mine Workers District 26 (Ind.) said he would try to get together today with the union local chiefs involved.

A chain of stoppages began when company officials reportedly refused suspended miner Joseph MacDonald admittance to No. 26 mine here. MacDonald was suspended last Thursday for turning down a job he said was not in his line.

TOUNED MINES

Informed sources say a 30-car motorcade of miners went to nearby No. 20 first, then to Caledonia Collieries and to three in the New Waterford area. Miners at all the pits walked off their jobs. A seventh, day-shift colliery was expected to follow suit today adding another 125 men to the idle rolls which include more than half the UMW's 10,000-miner membership in Nova Scotia.

It is the third walkout over suspensions this month for 900 miners of No. 26. The men's daily production target was boosted recently to 4,000 from 2,800 tons.

The source said an adjustment board set up by the company and UMW to deal with disputes had ordered two miners paid for 10 shifts lost during a suspension ordered by No. 26 manager William MacKenzie shortly before the Wednesday night walkout. MacDonald was not one of the miners affected.

UNITED NATIONS, N. Y. — (CP) — Nationalist China told the United Nations today the Red mainland is gripped by unrest that may flare into a revolt like the Hungarian uprising. The Communist regime was described as shaky.

In a speech prepared for the 82-nation General Assembly, China's chief delegate, Hu Shih, said events in Hungary touched off two major anti-Communist movements on the mainland in the last few months.

One movement led by student groups nearly resulted in paralyzing Peiping and Shanghai with a general strike, he said, but Red authorities were tipped off and checked it by arresting ringleaders.

"It is absolutely untrue that the Communist regime in China has won over the mind and the heart of the young," Hu said.

DOING OWN THINKING

Recent events, he added, prove that "after eight years of absolute rule and ideological molding, the students in China are almost unanimously in opposition to the Communist party and government."

Hu said the Hungarian uprising has had a profound effect.

"What was most exciting to the imagination of the Chinese people living under Communist tyranny," he added, "was the clear and indelible impression that the powerful and ruthless dictatorship in Hungary . . . suddenly found itself deserted by the people, by its own army and its own police force and was restored only by the intervention of Soviet forces."

SCHOOLS FOCAL POINT

He said an anti-Red movement erupted last June among 5,000,000 students in schools and universities throughout the mainland.

Within a week, the movement threatened to develop into a violent uprising and Red authorities took repressive steps in all the schools and colleges. Ringleaders were arrested and rallies banned.

Despite repressive measures, student rioting broke out in the central Chinese city of Hanyang, nearly 1,000 youths surged through the streets shouting anti-Communist slogans and waving banners. Students, teachers and school officials were rounded up and arrested.

Peiping authorities kept news of the Yanyang riots secret for nearly two months before news leaked out.

The other major movement was Mao Tse-tung's decision to let "a hundred flowers blossom and . . . a hundred schools of thought contend."

This freedom of expression lasted for about a month. Then the Red leaders became alarmed over the tide of criticism and clamped down again.

Jail For Vice Judge Warns

MONTREAL (CP) — Judge Henri Monty of municipal court warned Wednesday that future offences of gambling, bookmaking, lotteries and prostitution will be punished with jail sentences.

Judge Monty said "this is the end" as he imposed a \$1,000 fine, with the alternative of 30 days in jail, on Joseph Trotter, a taxi driver who pleaded guilty to illegal transportation of lottery tickets.

Cosmetics Sponsor For Queen

LONDON (AP) — The Daily Herald today takes a sad-eyed view of the announcement that a cosmetic firm will sponsor a telecast of Queen Elizabeth and Prince Philip at the royal Commonwealth ball on their visit to the United States.

The Herald's story goes like this: "Ambassadors, senators, congressmen bow deeply. America's top socialites curtsy. The Queen turns to them and smiles.

"Cut! Darken your eyebrows and deepen your mystery. X's eyebrow pencils make you an eye-ful."

"The Duke of Edinburgh raises a glass to return a toast. He opens his mouth to speak.

"Cut! Girls, get your man by fluttering your eyelashes. He lingers longer when you use X's mascara."

BLOTTED OUT

"That's the kind of thing that will happen during the coast-to-coast TV screening of the royal tour of America next month," the Herald declared. "Every few minutes the Queen will be blotted out by advertisement jingles persuading women to buy X's make-up."

The newspaper notes there have been no complaints from Buckingham Palace and quoted an unnamed court official as saying: "In foreign countries people can do what they like in matters like this."

An announcement in New York Wednesday night said the Maybelline Company will sponsor the telecast at the ball in New York Oct. 21. The firm, which sponsored television coverage of the wedding of Prince Rainier and Grace Kelly, has arranged with CBS-TV for a 45 minute program.

11 Killed By Typhoon

NAHA Okinawa (AP) — The 140-mile winds of typhoon Faye ripped across this American base 400 miles east of the Communist China coast today, killing at least 11 persons and injuring 17 severely.

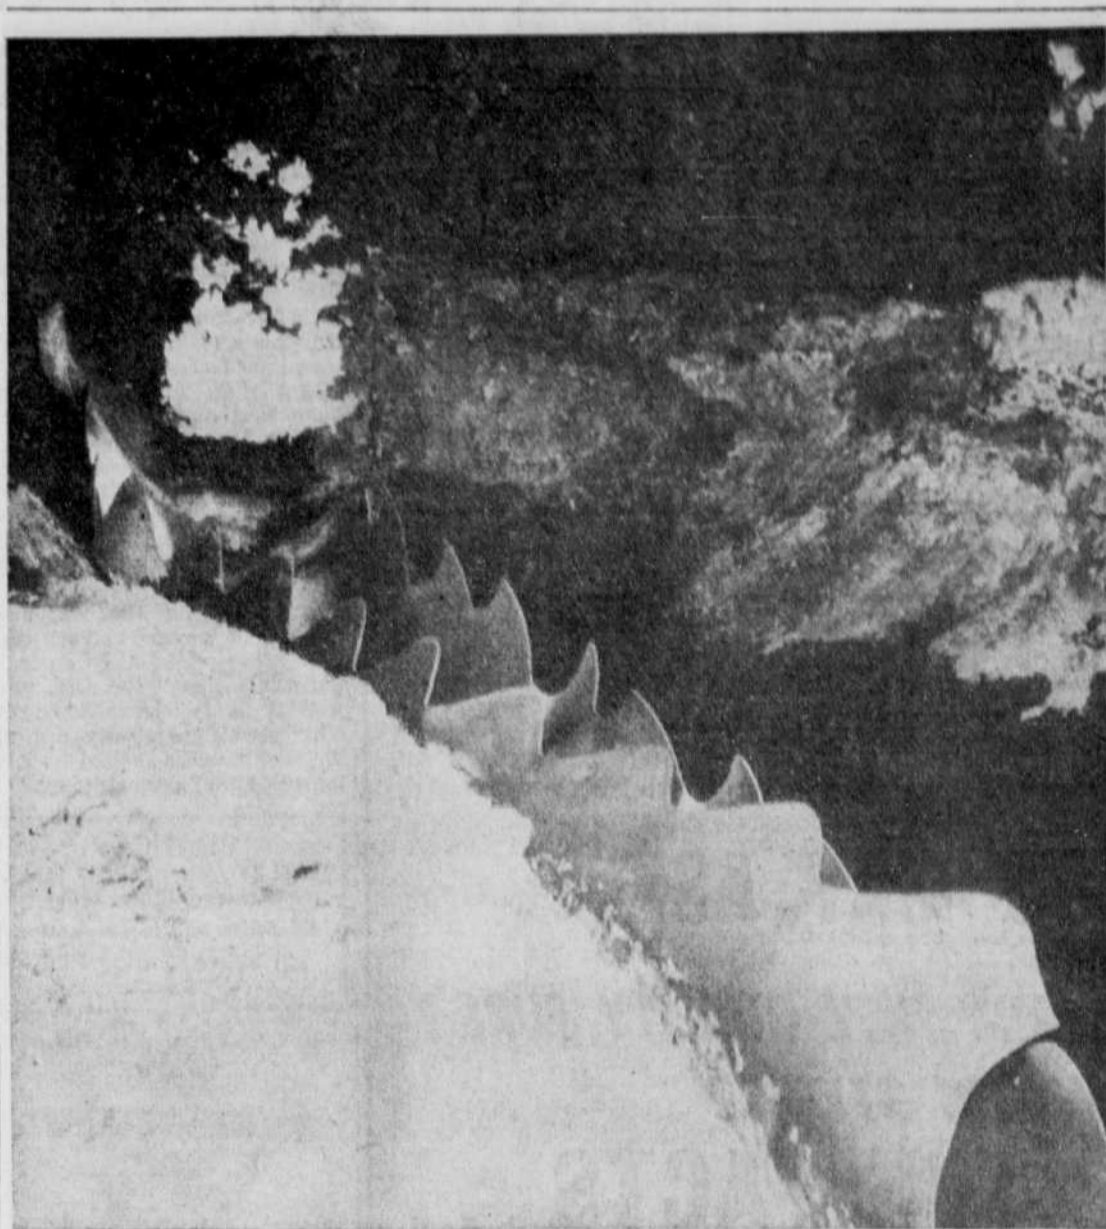

In addition, 111 persons are missing and 2,200 Okinawan homes were destroyed.

LABOR FACES MAJOR SPLIT OVER TEAMSTERS

Ripped Gas Pipe — Like a fire-breathing dragon, this section of the Trans-Canada natural gas pipeline lies exposed in a seared crater near Portage La Prairie, Man. The 34-inch pipe burst open while it was being tested under pressure. Burning gas still spouts from the open end of the pipe, which had exploded for the third time in a week during tests in Manitoba. 30-Day Cleanup Limit Set By Top Council Despite Warning

NEW YORK. — (AP) — Possibilities of the bitterest schism in the ranks of organized labor in more than 20 years shaped up today in the wake of a 30-day cleanup ultimatum issued to the giant International Brotherhood of Teamsters by the AFL-CIO high command.

The executive council of the AFL-CIO set the time limit for possible suspension of the largest union in North America at an extraordinary session Wednesday.

The council acted in the face of a warning that James R. Hoffa — a chief target of the AFL-CIO leadership — was "sure" of election as president of the teamsters at its convention in Miami Beach next week.

The warning came from John F. English, secretary-treasurer of the teamsters, in his capacity as an AFL-CIO vice-president and a member of the executive council.

English urged the executive council not to make a hasty decision that he said might cut the "heart" out of the merged labor movement.

RECALL CIO FORMATION

With the 1,400,000-member teamsters union put on notice to cleanse itself of corruption within 30 days or face possible stiff reprisal, the situation recalled that of 22 years ago when the founding unions of the CIO quit the old AFL.

The AFL-CIO executive council's order to the teamsters was to eliminate abuses and to remove from elective or appointive office "those who are responsible for these abuses."

Hoffa, vice-president of the Teamsters, is in Miami Beach waging his campaign for president as successor to the retiring Dave Beck. Both top men of the teamsters spurned invitations from the AFL-CIO leaders to answer corruption charges against them and some other officers of the union.

OTHERS GET WORD, TOO

An ultimatum the same as that issued to the teamsters was directed at the 138,000-member Bakery and Confectionery Workers International Union by the executive council Wednesday.

The teamsters and baker workers were ordered to report to the executive council at a special meeting here Oct. 24 on what steps have been taken to wipe out malpractices and bar corrupt influences.

A similar ultimatum was issued Tuesday to the 40,000-member United Textile Workers of America.

Plot Against Queen Denied

LONDON (AP)—Scotland Yard says it can find no evidence of a plot to assassinate Queen Elizabeth on her visit to New York next month.

Scotland Yard said in a statement Wednesday night that it checked the report carefully and is convinced "there was in fact no threat."

Lady Patricia Fairweather passed on to the Yard a report she said she received two weeks ago from a visiting American that Irish-Americans sympathetic with the outlawed Irish Republican Army are behind a plot.

Next Move Up To Faubus

LITTLE ROCK, Ark. — (AP) — With integration of Central High School finally accomplished under the watchful eyes of armed federal troops, Arkansas citizens today waited to see what Governor Orval Faubus might do about the use of what he termed "naked force."

The governor, whose Arkansas National Guard was taken into federal service by President Eisenhower Tuesday, will make a speech on radio and television from Little Rock tonight.

Faubus broke a day-long silence Wednesday night to say: ". . . I will make a report by radio and television on the situation in Little Rock and Arkansas to my people and the nation. I have no further comment at this time on the naked force being employed by the federal government against the people of my state."

Nine Negroes made history in this city's racial struggle when they attended classes Wednesday at the formerly all-white school. Never before had United States troops been used to enforce public school integration.

TROOPS CRACK DOWN

Long before school let out, about 450 troops of the 101st Airborne Division had quelled a number of outbreaks of minor violence in the school area.

One white civilian, C. E. Blake, was clubbed with a rifle butt. The army said he tried to take a rifle away from a paratrooper. Paul Downs suffered a bayonet stab in his right arm when he failed to move on the soldiers' orders. Both men bled profusely.

The soldiers cleared an area around the school.

ALBANY, N. Y. (AP)—Thrifty parents in suburban Voorheesville have this word from the school board—the adult education program this year will include a do-it-yourself course in barbering.

Intrigue In Cairo

By WILTON WYNN

CAIRO (AP)—This city of intrigue and mystery has a strange collection of exiles, each of them dreaming of that special assassination resolution or coup d'etat which will pave the way for their return home.

Emir Abdel Krim el Khattabi, 73-year-old Moroccan rebel leader, is willing away the two light years of his life in the gardens of a villa. He gained fame as a desert warrior a generation ago.

The French sent Abdel Krim into exile when the rebellion was crushed in the 1920s. He likes to pore over maps of North Africa and trace the fighting between Algerians and French.

But he has become a sort of toothless bulldog. He long ago broke with the North African Liberation Committee, the group which won independence for Tunisia and Morocco and now is directing the fight in Algeria.

Ike To See Southern Governors

NEWPORT, R. I. (AP)—President Eisenhower intends to confer, probably early next week, with a committee of southern governors seeking withdrawal of federal troops on school integration duty at Little Rock, Ark.

The president's vacation headquarters said late Wednesday he readily agreed when the governors requested a meeting. They did so in a 333 vote at the southern governors annual conference at Sea Island, Ga.

But while Eisenhower is ready to confer and hopeful that the session will contribute to solution of integration troubles, there is no indication whatever that he will agree to removal of troops from Little Rock until he is convinced the danger of mob violence has subsided.

REPORTED PLEASED

The president was pleased, press secretary James C. Hagerty reported, that there had been no fresh outbreak of violence of the kind that occurred

City Of Exiled Revolutionaries

The ex-mufti of Palestine, Haj Amin Hussein, lives in Helipolis, Egypt. He directs activities of the Palestine Arab Higher Committee.

The mufti wants all Palestine united as an Arab state, and nothing less.

He is a bitter enemy of Jordan's King Hussein and is barred from that Arab state. In 1951, one of the mufti's relatives was hanged for the murder of Hussein's grandfather King Abdullah.

His higher committee today is only one of many parties among Palestine Arab refugees.

Three young Jordanians from the old Arab Legion form another sector of the exile population in Cairo. Col. Abdullah Tel was convicted of complicity in the murder of King Abdullah in 1951 and was sentenced to death in absentia. Tel already was in exile in Cairo.

Where Your Pay Goes

TORONTO (CP) — A Toronto marketing expert said Wednesday the average Canadian woman buys from 40 to 60-percent more than is on her shopping list.

Wilfrid Sanders, director of market and media research for the J. Walter Thompson advertising agency, said Canadian women spend \$5.81 in 14 minutes, more than 40 cents a minute.

Mr. Sanders was guest speaker at the 10th anniversary dinner of the Canadian Association of Consumers.

Women should follow some obvious shopping rules, such as a set budget and stick to it to offset merchandizing wiles used by merchants, Mr. Sanders said.

Women should hold their time in a store to a definite limit. Retailers knew the longer a woman stayed the more she bought.

Mr. Sanders said women should be conscious of their emotional mood when they shop; they spend more during periods of stress, personal loneliness and at the end of a crisis.

Three Miners Die In Blast

RENFREW, Ont. (CP)—Three persons were reported killed and three were critically injured in an underground explosion Wednesday night at a magnesium mine 12 miles northwest of this Ottawa Valley town.

The mine telephone operator at Dominion Stagnation Mines at Haley Station said no details of the mishap were available. All available mine employees had gone down the mine in emergency operations.

Names of the dead and injured were not immediately released.

The critically injured men were brought here to hospital.

Money Traitors In The Home

LONDON (Reuters) — The Archbishop of Canterbury, Most Rev. Geoffrey Fisher, says a man who does not tell his wife what he earns is a "a traitor to his home."

A wife who cannot manage with the money when she gets it is a traitor as well, he said Wednesday.

World News In Brief

BUENOS AIRES (AP) — Members of 62 unions Wednesday night voted unanimously to stage a general 24-hour strike at midnight Friday to back demands that wages be increased to meet rising living costs.

Construction workers put on a 24-hour strike Wednesday and dock workers are on the second day of a 48-hour walkout. Troops were sent to unload ships.

MONTREAL (CP) — Provincial police said Wednesday a man hanged himself in a Mont Laurier, Que., hotel room after apparently failing to take his life with a razor.

CATANIA, Sicily (Reuters) — A stream of lava today was rolling down the slopes of Etna, Europe's biggest active volcano, towards the village of Linguaglossa. But for the moment the villagers are not threatened.

SEOUL (AP) — Explosives hidden in garbage were touched off at a Pusan primary school Wednesday, killing four children and injuring 12, police said.

AROUND NORTH AMERICA—Heavy black line on Newscamp indicates the 13,000-mile route followed by three U.S. Coast Guard vessels—the cutters Spar, Bramble and Storis—as they made history's first circumnavigation of North America. The Spar will be the first back to her home port, Bristol, R.I. The Bramble and Storis will put in at Boston and then continue on to their home ports, Miami, Fla., and Juneau, Alaska. The cutters were on a Navy mission to supply DEW line bases. A Canadian icebreaker, the Labrador, escorted them on a critical short cut through Bellot Strait (see Newscamp), a short, narrow channel between much larger waterways, seldom attempted by northwest passage explorers. Boxes on Newscamp give departure dates of the vessels.

Show Business

By BOB THOMAS
HOLLYWOOD (AP) — Hollywood's No. 1 romance of the moment concerns the 1957 version of flaming youth, Natalie Wood and young Robert Wagner. It's enough to make a fan magazine editor coo with delight. Here is Natalie, who is to the present generation what Joan Crawford and Lana Turner were to previous ones. Add Bob, long-time darling of the younger set, and you've got an ideal setup for reams of copy.

When Natalie had to go to the Adirondacks for locations of Marjorie Moringstar, Bob was there. He is present on the set every day.

Love? Natalie coyly declines comment. She does admit that she and Bob are going steady, but says they have made no plans for the future. As she learned with Elvis Presley, it is difficult to carry on a romance in public. "There never was anything between Elvis and me," she said. "How could there be? We never had enough time alone."

"My biggest mistake was going to visit him at his home in Memphis. I didn't realize people would make such a circus out of it. I'm not saying I wouldn't do it again. I probably would. But I wouldn't let anyone know about it."

SWAPS CYCLE FOR YACHT
Instead of riding Presley's motorcycle, she now is sailing on Wagner's yacht.

"Whenever I get time off, we go out on his motor cruiser," she said. "I'm getting pretty good as a crew member, too. We go out for a spin in the ocean and try fishing, but the only thing we've ever caught is a couple of mackerel."

She said they first met when both were under contract to 20th Century-Fox. But they didn't exactly have romance in mind then. She was a child actress of 9. He was a teenaged actor.

Now she's 19, he's 27. They have been dating since last December.

They have a lot of problems to consider, said Natalie, who sometimes impresses you as being wise beyond her years despite her reputation of flaming youth.

"It's hard for two people to get to know each other when nearly everything they do is in the public view," she said. "But I think it is easier when the other person has also been in the picture business and is accustomed to that sort of thing."

East Clifton W. I. Holds Sept. Meeting In The Women's Institute Meeting Hall

EAST CLIFTON — The Women's Institute held the September meeting in the W.I. Hall which was decorated with gladioli, marigolds and asters, with a good attendance of members and several members of the Angus Branch including the County president and secretary, Mrs. Joyce and Mrs. Coates.

The meeting was presided over by the president, Mrs. J. Bellam and was opened in the usual way.

Roll call was an exhibit of handicraft.

The president welcomed the visitors and asked Mrs. Hayes to introduce her members.

Minutes of the previous meeting were read by the secretary, Mrs. Parkinson and accepted as read.

The county W.I. gave \$2 to the school fair and Clifton W.I. gave \$1 to the Cookshire fair.

The ways and means committee was mentioned.

Agriculture: a report of the school fair was given.

Education: reported that a Clifton girl, Miss Lois Gilbert had won the Hon. C. D. French Scholarship.

Welfare and Health: old cotons were asked for the Cancer Clinic.

Home Economics: Mrs. Alice Waldron read a paper namely Survey on Sheets and Pillowcases prepared by Mrs. Fred Robinson, county convener of Sawyerville who was unable to attend.

Mrs. Towers extended thanks to Mrs. Robinson for such an interesting paper and was sorry she could not attend.

The Compton County Calendars were on display and several members purchased some.

The president called on Mrs. Joyce who asked if any member was planning to attend the National Convention in Ottawa, to get in touch with Mrs. George Parsons, Bury.

Mrs. Hayes thanked the Clifton W.I. for entertaining them at such an enjoyable meeting.

Canadian's Third Novel Wins Praise

LONDON (CP) — Mordecai Richler, 26-year-old Canadian author, has published his third novel, A Choice of Enemies (Deutsch).

It's a story of a colony of fugitives leading a shut-off life in London.

The Evening Standard critic says the book traces a "brilliantly contrived pattern of despair, failure, conflicting loyalties, suicide... a witty, heartless novel with an acid tang."

Richler, formerly of Montreal, caught the eye of the critics with his second novel, Son of a Smaller Hero. British reviewer Walter Allen wrote that Richler "is the first Canadian novelist who exists in his own right as a Canadian and a novelist."

A Montreal scrap dealer's son, Richler came to Europe seven years ago and has lived in London, Paris, Munich, Barcelona, Italy, southern France and the Balearic Islands. He was married in 1954 to Catherine Boudreau of St. Catharines, Ont.

INVERNESS — Mr. and Mrs. Stokoe, Rev. and Mrs. R. Adye, of Montreal, Rev. and Mrs. Simpson of Kinross's Mills were recent guests of Rev. and Mrs. G. E. Kendrick at the Rectory.

Mrs. Herbert Wright and Mrs. Arthur Mimaugh and Miss G. Mimaugh have taken up their duties on the teaching staffs at Danville, Theford Mines and Valleyfield.

Recent visitors of Mrs. A. J. Smyth were Mrs. William Porter, of Theford Mines, Mr. and Mrs. Ralph MacKenzie of Westport, Ont. and Mrs. Will Allan, of Lemesurier.

Rev. Adye of the British and Foreign Bible Society gave an interesting talk on the work of that organization at a service held in the United Church in and at an evening service in the Anglican Church he showed a film depicting their work in Korea.

BROMPTONVILLE DAM SOLD TO RICHMOND PULP FOR \$210,000

City Has Year Option To Repurchase

The City has unofficially accepted the offer of \$210,000 by the Richmond Pulp and Paper Company for the municipally owned dam at Bromptonville, Mayor Nadeau announced yesterday.

He said the contract must be passed in public Council meeting and then forwarded to the Quebec Legislature for ratification.

The City has a one year option to repurchase the dam at the selling price plus the cost of any repairs that may have been effected in the meantime, he said. The option also gives the City the opportunity to re-buy the dam before a one year lapse if the Council decides to develop the planned hydro-electric project at Bromptonville.

A delegation comprising the mayor, and Aldermen J. M. Jean-son and Everet Nicol concluded a verbal agreement with the officials of the Richmond Pulp and Paper in Montreal about two weeks ago.

The aldermen were told in June that the total value of the municipal property at Bromptonville was \$600,000. In 1951 the dam and annexed property was bought by the City for \$700,000.

In the summer of 1956, the Council appealed to the rate-payers for approval of loan by-law to borrow money to rebuild the dam and install a power house but this demand was rejected at a referendum.

Negotiations between the City and the company ensued to establish a satisfactory selling price. Talks broke down when the company offered a flat \$70,000 for the dam compared to the City's asking price of \$210,000.

An arbitration board of city and company representatives was

set-up but negotiations remained at a stalemate and were further aggravated by a wash-out of 150 feet of the dam cribwork in a storm last June.

Another question was introduced into the argument: Who would pay for the repairs? The City refused to accept any responsibility for the damages.

The Mayor remarked yesterday that the cost of repairs was defrayed by the company's insurance companies. But the insurance companies also notified the Richmond Pulp and Paper that they would no longer cover the dam after October 1st.

This apparently prompted the company to re-open negotiations to purchase the dam and to effect repairs that would make it insurable.

It is expected that it will cost the company from \$75,000 to \$100,000 in initial repairs.

The offering price of \$210,000 presents no loss to the City, the Mayor said.

Asian-Flu Probably Here

A Sherbrooke health official today told the Record that Asian flu is "probably prevalent in Sherbrooke," although no analysis is being made to confirm its existence here, nor will one be made.

Dr. Emilien Poisson, director of the Sherbrooke Health Unit said this morning "Asian flu must be responsible for the outbreak of the influenza-like disease in Sherbrooke, and across the whole Dominion. There is not usually this much sickness at this time of year."

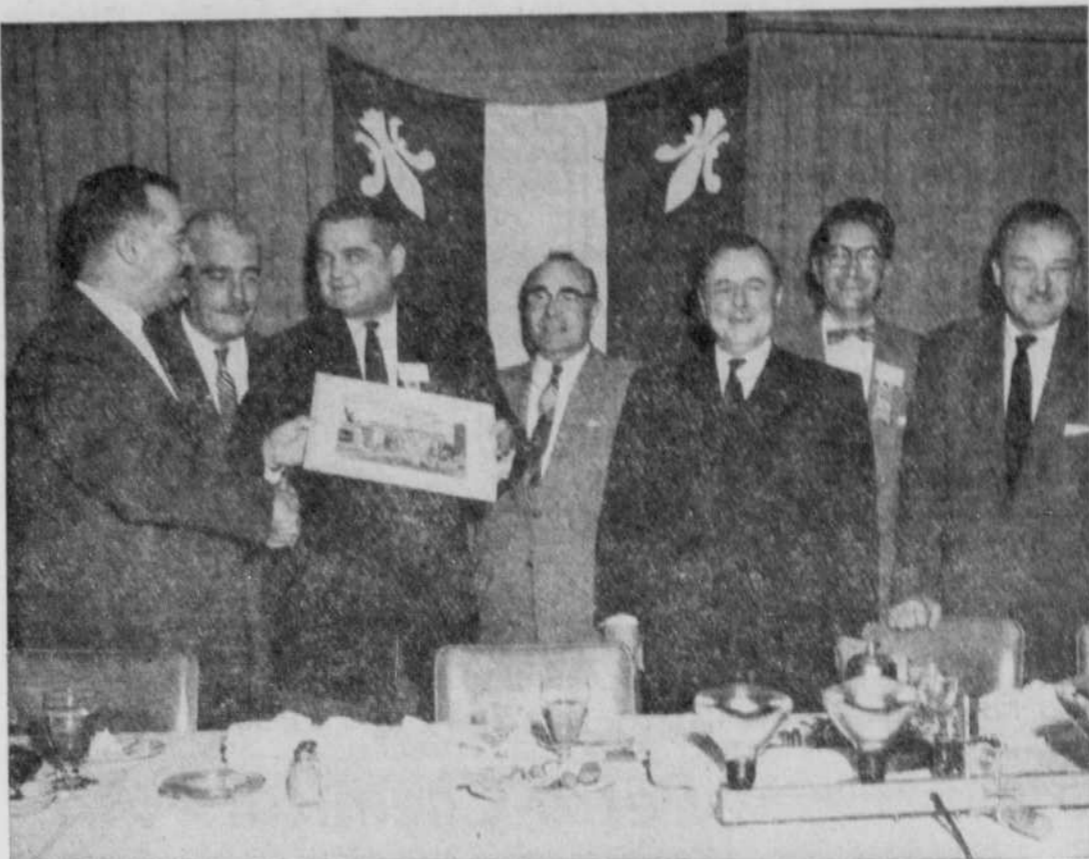

He cautioned, however, that there is no cause of alarm. "Asian flu," he said, "is really no worse than ordinary flu, and its effects on a person are about the same."

Dr. Poisson said that limited supplies of anti-Asian flu vaccine would be available at the Health Unit "in the very near future." He added that initial doses were to have been reserved for medical personnel, but since all three Sherbrooke hospitals are carrying out their own inoculation programs, using American-manufactured vaccine, the supply will probably be made available to the general public.

Dr. Poisson said that Sherbrooke doctors would soon have supplies of the vaccine for their patients.

"A letter from Ottawa is already in the hands of doctors across Canada informing them that American vaccine will be made available to doctors for their patients' use," he said.

The flu outbreak in Sherbrooke has already closed down some 40 Roman Catholic schools in Sherbrooke, and several others in the outlying districts. Some 1,500 school children in the system are affected by the disease.

Waterloo Que. To Exchange Visits With Its "Twin" In Belgium

WATERLOO, Belgium. — (Reuters) — The town council of Waterloo — scene of Napoleon's historic defeat in 1815 — today announced plans for official and other exchanges with Waterloo, Que.

The two towns will exchange visits of mayors and municipal officials. An exchange cultural and historical program also is planned.

Street Names, Civil Pay And Water Discussed By Coaticook Town Council

COATICOOK — The regular meeting of the Coaticook Town Council was held in the council chambers in the town hall and was presided over by Mayor Roland Frechette. Among the several items of business discussed was the question of the cost of water connections to private dwellings.

Several of the council members expressed the opinion that the present system of charging the proprietor was unfair. In many cases the home owner must pay the expense of laying water supply pipes, not only to the limit of his property but across the street as well, in order to reach the main supply pipe from the town reservoir. A further study is to be made of this matter and a decision will be reached at a later meeting.

Some discussion took place also on the question of remuneration for the services of the mayor and aldermen. It was pointed out that the responsibility of directing the affairs of a growing community such as this is one which few care to shoulder and it was becoming increasingly difficult to find those who were willing to give their time and energy to the task. The council plans to present a request to the next Provincial session to amend the charter of the Town regarding the remuneration

Little Leaguers Attend Supper Of St. Pat's Old Boys

The White Sox, the St. Pat's Old Boys sponsored team in the Little League, were guests of the Old Boys at a supper held in the Mayfair Room of the New Sherbrooke Hotel last evening.

President Solo Parker welcomed the players and their manager Charlie Clark Coach Gerry Daniels and assistant—Coach Stan Ferguson score-keeper Bill McGregor and complimented the team on their splendid achievement of winning the play-off championship for the second year in succession.

Manager Clark thanked the players also for their great work during the season, and expressed his thanks also to the Old Boys for their interest in the team. Manager Clark praised the work of Coach Daniels and his co-coach Ferguson for their fine effort with the team.

Coach Daniels presented the players on behalf of the Old Boys with fountain pens. He stated that for some of the players it was their last season in Little League but hoped that in some way the boys would have been taught something that would stand by them in future years. President C. Mullin also had a few kind words to say to the boys.

Camp chairman Henry Crochere gave a report on the Old Boys Camp at Stoke Lake. The camp held there this past summer was the most successful so far he said. He thanked the members of the Old Boys Association who had helped during the camp period and assisted in the many improvements that had been made for the campers comfort.

Players attending the supper were, Mike Wilcox, A. Marois, W. Gilbert, J. Maysenholder, G. Pelletier, B. Gauthier, P. Legendre, B. Lachance, M. Daniels, R. Wilson, G. Campeau, R. Bacon, G. Fabi, B. Desbiens, and J. McGuire.

Bolton Normal Again; Randall Sole Mayor

BOLTON CENTRE. — (Special) — Everything is back to normal here now following a special council meeting held Tuesday night when Joe Terrio withdrew as the town's second mayor.

This left to rightfully elected Carleton Randall to take over sole possession of the mayoralty office.

Following Terrio's announcement the council unanimously rescinded its motion of August 26, which appointed him Mayor, despite the fact Randall was elected by a one vote majority in the July 15 election.

The unique situation arose when town secretary, Mrs. Mildred True told the council on August 26 that she had only received Mayor Randall's oath of office that day whereas it should have been received in the 30 days following the election.

Acting on this four members of council appointed Terrio as Mayor and ever since then he has reigned in the town's business.

Last week the secretary treasurer said none of the Town's bills were being paid because the mayoralty question was not settled.

On the other hand Mayor Randall declared that Mrs. True had never presented any bills for payment nor cheques to be signed.

The Mayor said this morning that a letter had been received from the Department of Municipal Affairs in Quebec confirming him in his position and stating that if the population wanted to take the matter before the courts, they could.

Mayor Randall, of Bolton Centre

Tractor Crushes Man's Leg At Lower Windsor

On returning home on his tractor, Mr. Henri Aroldi lost control of the vehicle which overturned in a culvert, pinning him beneath it. A half-hour later, a neighbor, Mr. Albert Lalonde, passing by in his truck, saw the overturned tractor, and with his truck and chain lifted it enough to free Mr. Aroldi. After receiving first aid from Dr. Lambert, of Windsor, Mr. Aroldi was taken to St. Louis Hospital, Windsor. He sustained a crushed leg and bruises.

OTJ Funds Drive On October 3rd

Immigrant Tried Suicide Appears Before Court

Refusing to divulge anything, a Yugoslavian immigrant was remanded for one week, when he appeared before Judge Redmond Hayes yesterday on an attempted suicide charge.

The immigrant, a dish washer in an Asbestos Hotel was brought to Sherbrooke over the weekend after two unsuccessful attempts to end his life.

First, he was surprised in the act of eating ground glass in the hotel kitchen and then picked up a kitchen knife and drove it into his stomach.

Through a court interpreter, the immigrant refused to answer any questions put to him by the Judge and said he needed the help of no one.

Father Kills Three Children

NEW YORK (AP)—A Brooklyn father went berserk with a knife Wednesday night, killed his three infant children and slashed his common-law wife. The man was critically wounded as he fought arresting patrolmen.

Police said Isidro Toledo, 25, wielded the knife after a violent argument with Margaretta Ralat, 32. The three children were stabbed fatally but the mother was not injured seriously.

Judges May Be Kept Off Labor Boards

OTTAWA (CP)—The practice of appointing judges to federal and provincial conciliation boards may end.

Justice Minister Fulton said Wednesday he has indicated to provincial attorneys-general no further such appointments should be made.

He indicated, in an interview, the federal government also intends to end the practice. "Our feeling is that judges should not be engaged in extra judicial duties," he said. "Our view is that the Judges Act makes this quite clear."

He said no order has been issued but the government is looking into the situation "to see whether anything of a definite nature should be done about it."

Pending completion of an inquiry, he had indicated to the attorneys-general that persons other than judges should be named to labor conciliation boards or commissions.

Mr. Fulton said the side adversely affected in a labor dispute frequently was critical of the board's decision, which amounted to criticism of the judge's decision.

Little Rock Hurts America

The reaction around the world, from friends and foes alike, to the disgraceful Little Rock incidents is perhaps the most significant aspect to an outsider.

In a world where propaganda is a major weapon in the struggle for control over men's minds and destinies, Little Rock -- no matter what the outcome of the integration issue and no matter what arguments can be devised on either side -- has been an unexpected but welcome symbol for the Communists. A Moscow newspaper says, "Little Rock disclosed the true face of democracy in America." Another Red newspaper speaks of the "terrible deeds of white racists."

Even the press of Western Europe has flayed the people of Little Rock, Governor Faubus of Arkansas and

President Eisenhower himself. The prestige of the United States has dropped abroad to the level it reached in Joe McCarthy's heyday when his "gumshoe" boys, Cohn and Schine, were making a comic opera tour of American embassies and offices looking for Communists under every diplomat's bed.

In the United States, the issue is clear. It is the supremacy of the constitution as interpreted by the courts against mob rule. The decision to use federal troops to keep order will end the immediate threat of anarchy. But the memory of the hate-distorted faces of the Little Rock mob will be a reminder that a vast education job must be done before the South can ever be considered democratic in the American tradition.

A Good Companion

Residents of Sherbrooke, a city which is rapidly being stripped of its disease-ridden elms, can sympathize with the good housewives of a street in Winnipeg. The women linked arms the other day to protect a 95-year-old elm which city engineers had ordered cut down.

When workmen with saws approached the feminine cordon Mayor Juba arrived and told the cutters to go away. The mayor added he would take the tree's fate to the city council. If not supported he would resign.

One might rhapsodize about a thing of beauty, leafy branches, nesting

birds, grateful shade and the natural umbrella that such a giant provides against the rain. We prefer to think of the tree as a long-time resident and a good companion whom some people have grown to love.

It may be that the Winnipeg elm is interfering with traffic, the given reason for its narrowly averted death.

Still, we feel the mayor and the housewives have chosen the better part; that their spirit symbolizes in some ways greater progress than that of supersonic speed and nuclear bombs.

This And That

Those people who insist that Canadians can do anything better than foreigners may be pleased to learn that native-born Canadians topped foreign-born in crime statistics published by the immigration department.

Among the "essential" services receiving anti-flu vaccine were a number of lawyers. They are probably

being kept on their feet so that someone can argue about who is going to pay for the stuff.

The Russians claim to have invented a mining machine that can do the work of 15,000 men. This will enable the displaced miners to attend more Communist party lectures on the glories of working for the state.

Press Comment

ZEAL IN THE WRONG PLACE

(Toronto Globe and Mail)

Much curious argument deals with this country's program of populating itself. La Patrie, of Montreal, discusses the recent immigration slowdown and concludes that "we have without any doubt reached the saturation point."

In that case, La Patrie, like other similar voices, must have good ground for its decision. Is it population density? Canada has about four people per square mile (seven, if the Northwest Territories are excluded); Britain and the United States each have about fifty-three. Is it the total of natural resources to be developed? We have a variety and quantity of such resources undreamed-of in Britain, and envied even by the U. S. Is it the absorptive (and employ-

ing) capacity of existing population? In the four years 1910-1913 inclusive, we brought in just about as many immigrants as we have had in all the years since the Second World War; and then we had a population of only seven million compared with sixteen million now.

But the ground of La Patrie really is ethnic equilibrium. ("We count for nearly a third of the total population. We are against this being reduced by massive and ill-advised crowds of immigrants.") The whole country has, or should have, full sympathy with French Canada's anxiety to safeguard its identity, and its proportion. But the reasonable way to do the safeguarding is by keeping pace—with French immigrants. French Canada's publicists might well be devoting their

zeal abroad toward that end. They will gain vastly more prestige and support than by trying to hold the rest of the country back.

BE FAIR TO MOTORIST

(Vancouver Province)

Pedestrians should try to be fair to motorists. There is nothing more maddening than to see a long procession of cars held up at an intersection by a pedestrian who deliberately ambles across the street as slowly as possible.

And it should not impose too great a hardship on pedestrians to wait a few moments for a "thin" spot in traffic before they enter a crosswalk.

Too great an inclination to "stand up for our rights" is dangerous. A great many can get killed maintaining their "rights" in busy city traffic.

HOMAGE TO CARDINAL

(New York Herald Tribune)

Cardinal Spellman has a much to look back on in the last quarter century—his episcopal duties in Boston; his appointment as archbishop here in 1939 to succeed the late Cardinal Hayes; his selfless service in both World War II and the Korean War, when he brought cheer and comfort to the soldiers in the front lines; his valiant good works and conscientious civic activity in this community.

He is a national, and, indeed, an international figure now, yet he has retained the humility of a parish priest.

CARS MAKE THE MAN

(Washington Post)

It is getting so that the new lines of automobiles each year stir as much excitement as Dior's edicts on the bust line. ("Have you heard that the new Flashmobile will be five inches longer?") "Did you know the new Zoom will be absolutely without fins?" Many a motorist on the highway is apparently as eager to look up to the minute as is the woman who sails into the first cocktail party. The big motor companies are reported as betting strongly on style in their 1958 models and providing features at additional cost—that will definitely make 1957 cars look as dated as last year's hats.

15th Birthday

Petro-Chemicals Are Big Business

CALGARY (CP) — The petrochemical industry celebrated its 15th birthday in Canada this year by swinging into the field of big business.

This swing was felt no stronger anywhere than in Alberta, where until recently agriculture, oil and gas were generally recognized as the province's principal industries.

Since Canada's first petrochemical plant, the government-owned Polymer Corporation, was constructed at Sarnia, Ont., \$300,000,000 has been invested in the industry in Canada—about \$179,000,000 of this in Alberta.

The value of production from petrochemical plants rose to \$125,000,000 in 1955 from \$24,000,000 in 1947.

The industry invades Canadian life at almost every level. Newspapers, carpets, drapes, plastics, cosmetics and artificial food coloring all have a connection with petrochemicals.

Roy Kennedy, Calgary Herald oil editor, offers a broad definition of the word petrochemical, now generally accepted in the oil and gas industry:

"A chemical compound or element derived mainly from petroleum of natural gas, or their hydrocarbons, and having applications in the chemical process."

Generally, the oil and gas industry makes four divisions of petrochemical products; chemical, petrochemical, gas processing and sulphur extraction.

Cost savings and quality improvements on synthetic materials, fabrics and plastics developed by the industry have been considerable since the Second World War.

is perhaps the industry's outstanding feature.

Licensing of natural gas pipelines gave added impetus to its development.

The industry's first big step in Alberta was taken in 1952 by the Shell Oil Company. Shell opened a sulphur extraction plant at the Jumping Pound gas field south of Calgary.

Other sulphur extraction plants followed at the Turner Valley and Pincher Creek fields.

The Royalite Oil Company's Turner Valley plant also produces propane, gasoline and purified natural gas.

At Pincher Creek, British American Oil Company's \$4,000,000 plant taps Canada's largest reserves of "wet" gas. By 1961, it is expected to produce about 700 tons of sulphur, 43,000 gallons each of propane and butane and 6,500 barrels of condensate natural gas daily.

One of the larger sulphur extraction operations will start this year at Taylor in northeastern British Columbia. The plant, built by Jefferson Lake Sulphur Company, will tap a sulphur reserve estimated at 6,000,000 long tons.

Sulphur, used chiefly by pulp and paper plants, is produced at a rate of about 120,000 tons yearly in Alberta at present.

Uranium plants have opened up further markets, while other mining fields continue to use sulphur in its acid form in the separation of mineral from ore.

One of the major developments in Alberta came late last year

when Northwest Nitro-chemicals Limited opened its \$23,000,000 nitro-chemical plant in Medicine Hat.

It will produce 35,000 tons of ammonium nitrate, 65,000 tons of ammonium phosphate and 42,000 tons of ammonium phosphate-sulphate fertilizers annually.

These products have already market among ranchers and farmers in the Prairie provinces and in the western states.

Three chemical and petrochemical plants, involving an investment of \$100,000,000 in the Edmonton area, employ 1,500 persons.

From the plants of Canadian Industries Limited, Canadian Chemicals Limited and Sherritt Gordon Company come polythene, used in the manufacture of plastics, cellulose acetate, used in the textile industry, solvents and alcohols.

In a published review of the Alberta petrochemical industry Mr. Kennedy said the annual sulphur production in the province will likely soar to about 1,027,000 tons on the completion of all sulphur-extraction plants now under construction or proposed.

This would be more than three times the amount produced from gas in the United States in 1953. Prior to the 1952 opening of the Jumping Pound plant, Canada imported almost all of its sulphur.

Mr. Kennedy said petrochemicals accounted for one quarter of the chemicals produced in Canada to the end of 1956. He predicted it will rise to 50 per cent within 10 years.

Bygone Days

THIRTY YEARS AGO

From the Record of Monday, Sept. 26, 1927.

Numerous protests lodged against the municipal valuation roll were studied by the City Council last night, but as usual, very few changes were made.

A heavy death toll is feared from the floods which are now devastating Switzerland and Italy.

TEN YEARS AGO

From the Record of Friday, Sept. 26, 1917.

A municipal employees' pension plan which has been under discussion for some time by the council was explained last night by former Director of Services Honoré Parent.

A band of Hebrew-speaking gunmen last night gunned down four British constables in the streets of Tel-Aviv during a daring armed robbery which netted the bandits \$180,000.

IMMIGRANTS ALL

(The Printed Word)

Everyone in Canada came from or is descended from people who came from across one or other of the oceans. (The Indians may have walked from Siberia.)

By today's standards of immigration examination, it is highly probable that many of these people would have been rejected. Most of them came here with hope as their only asset.

Who are we today to deny admission to others who seek to come here with or without tangible assets, or promise of jobs, and despite the fear of seasonal unemployment?

JACOBY On Bridge

SIMPLE SQUEEZE NETS 13 TRICKS

Two of my old Navy friends, Wesley (Ham) Wright and Ted Leahy, picked up a nice top score at this summer's nationals when West was kind enough to put in an optimistic double against their well-bid slam in no-trump.

Ted Leahy in the North seat was just too strong for an opening no-trump and bid one heart. Ham's one spade response was normal and Ted chose a jump to three diamonds as his rebid.

The rest of the bidding was fairly normal. Ham Wright checked for aces and kings and abandoned the grand slam when he found that a king was missing.

Just to make sure that there would be no trouble with the contract West opened the four of clubs. This took care of any problems about the club queen. Ham won the trick with his jack and led and finessed the jack of hearts. Naturally, West did not cover.

A second heart finesse was taken and East showed out. This left declarer with only 12 top tricks but he had no trouble producing all 13 by means of a simple squeeze against West.

He simply ran all the clubs and diamonds, discarding one heart from dummy. This brought West down to four cards. He had to hang on to two hearts and therefore was forced to jettison a spade. Ham led a spade to the king, discarded one spade on the ace of hearts and made the last two tricks with his ace and jack of spades.

Roquefort, sometimes called the "king of cheese," was made as far back as 1070 A.D. at the monastery of Conques, France. By international copyright, the name cannot be used for similar types of cheese made elsewhere. The American product, "Blue Zoom" will be absolutely without fins? Many a motorist on the highway is apparently as eager to look up to the minute as is the woman who sails into the first cocktail party. The big motor companies are reported as betting strongly on style in their 1958 models and providing features at additional cost—that will definitely make 1957 cars look as dated as last year's hats.

and has now been renamed in memory of Martin Lefebvre, the first Coaticook boy to lose his life in the war, somewhere in Germany.

JASMIN — Situated east of Sleeper Street, formerly Hazel, and running parallel to it. Carrying at one time the name of King Street it was later changed to Elizabeth Street and now has been renamed in memory of the family of the late Joseph Jasmin, all of whom were active and enthusiastic supporters of community affairs.

LALLIER — Running from St. Jean Baptiste Street to the north of the river and westward, where it makes a right angle turn to join with St. Paul Street, this was formerly known as Grafton St., and at other times as Gendron and Moreau. It has been renamed to honor Joseph Lallier, a former alderman.

MAPLE — Situated west of it to this street begins at Dionne Street and turns eastward to three hundred feet beyond Sleeper St. This was also known as Neidner and Montreal streets and has now been renamed Maple.

MARTIN — Situated west of Child Street and running parallel to it this runs from Court Street, opposite the St. Jean Evangelist Church, northward toward the High School to join Chesley Street. This was changed from Durand and Elm Streets to honor Rev. Octave Martin the first priest over the St. Jean Evangelist parish in 1913.

MERRILL — Situated west of the railroad tracks this street begins at Main Street West, beyond the underpass, and runs southward to the town limits. Old timers will remember this best as Thomas and Stewart Ave. The name has been changed in memory of Charles Merrill, the first male schoolteacher in the early days of Coaticook.

MORGAN — Situated at the western town limits, running from Main St. West northward to Davis Street. Once known as Morgan Street it was renamed Jasmin and the present bylaw renames it Morgan.

OTTAWA — Situated south of Johnson Ave, running from Cutting Street westward to Bachand, (formerly Union), was changed from Ottawa to Neidner and now is renamed officially as Ottawa once again.

ROY — Situated north of Court Street and parallel to it. It begins at Durand and runs westward to Jeanne Mance Street. It has been called by Cumberland and later changed to Goupil. Now named Roy St. it honors Julien R. Roy, who with Dr. Eli Yves, was one of the pioneers in the bringing of electricity to the town back in 1888.

SLEEPER — This begins at St. Paul Street and runs northward to Bellevue Street, it used to be known as Hazel Street, was changed to Norton and again to Ottawa St. Now named Sleeper St. it keeps alive the name of Coaticook in 1850.

THOMAS — Situated west of

Hunt For Survivors Called Off

LONDON (Reuters) — Five survivors of the German windjammer Pamir said today that just as they felt doomed, an American freighter "framed by a rainbow" in the sunset rescued them.

The dramatic account of the four-masted ship's last hours in an Atlantic hurricane and the praying survivors' 54-hour sea ordeal was received at U.S. naval headquarters here. It came from the American transport Geiger due in Casablanca, Morocco, Saturday with the five survivors. A sixth survivor is aboard the coast guard cutter Absecon.

U.S. Navy ships today called off their hunt for further survivors of the 52-year-old Pamir which sank in a hurricane 600 miles off the Azores Saturday en route from Buenos Aires to Hamburg with a grain cargo. There were 86 men aboard including 52 young sea cadets.

Giving the first full account of the tragedy, the five survivors told how the majestic sailing ship rolled over slowly and sank with men still trapped in her twisted rigging. They said lifeboats were torn away by 35-foot waves. Men spilled into the sea swam to the buoyant but almost swamped boats.

Morrill Street and parallel to it, starts at Main West and runs southward to the property on which the Sheard factory is situated. Changed from Thomas to Buckland St. it has again been renamed to honor Neval W. Thomas, who gave the land and opened the street at his own expense.

THORNTON — Situated at North Coaticook, once named Park and later changed to Rivier, by the present bylaw is to be known as Thornton.

WELLINGTON — Runs from Main St. East northward, turning toward the west to meet Child St., was named Durocher by a former bylaw and now is renamed Wellington again.

The small Street at North Coaticook, formerly known as Kerrouc, has been lengthened and joined to Thornton and will be known by the latter name with the name Kerrouc being cancelled.

FISH AND GAME CLUB — The Lake Lyster Fish and Game Club is going right ahead with its plans to make this area one of the finest for the sport of fishing in the province. The club is sponsoring a fund raising campaign to support its plans for restocking etc. over the next five years. A 30-30 rifle is only one of the many fine prizes to be offered, the winner to be announced at a bean supper on Nov. 9th. A second contest is planned for the youngsters, a prize to be given for the naming of a young fawn, born to a pair of deer in captivity at the Lake Lyster hatchery.

Children who have a name for the baby fawn are asked to mail it to Box 67, Coaticook, and the Fish and Game Club will select

the most appropriate name for the prize.

The Club is making plans to make a certain area about Lyster club limits with restrictions on hunting except for members. They are also considering building a dam on Niger River and cleaning and restocking Mud Pond which lies between Stanslead and Lake Lyster. The pond will be poisoned to remove the present non-game fish and will be restocked with rainbow trout, a road to the lake will be built and a number of boats made available.

COOKING COURSE — The members of the organization known as the Daughters of Isabelle are planning a two-evening cooking course to be held in the hall of St. Jean Evangelist Church on Monday and Tuesday, Oct. 7 and 8, starting at 8.00 P. M. each night. The school will be held with the cooperation of representatives of the Purity flour company. Door prizes and other added attraction will be added to the enjoyment of the evenings.

General Notes — The bowling season has opened at the Knights of Columbus hall in Coaticook and it promises to be an interesting season for followers of this popular sport. Mr. Alphonse Cameron rolled the first winning game with a score of 162, followed by M. Massaron with a score of 160. Other winners in the first day's games were Raymond Archambault, Arthur LaHaie, Pierrette Boileau and Jeanette Cote.

Bears are reported to be numerous in the area this Fall and at least one was shot last week at the town dump situated at the southern limits of the town.

The boys and girls basketball teams of the High School will shortly begin training. Mr. Robert McAlpine, Mr. P. Lawrence and Mr. Perrott will coach the teams this season.

Considerable damage was done to the two stone gate posts, at the entrance to the driveway of Mr. Andre Durocher on Court St., when a group of teenagers driving a stolen car lost control of the steering wheel and rammed the gate posts, breaking them both off at the base.

Mr. Harvey Elford is sufficiently recovered from his recent illness and has been at the Beauharnois plant of the Kilgour firm doing maintenance work for several days.

ranging from a block to three blocks from the campus. A helicopter hovered overhead to spot any gatherings and inform the ground troops.

In a surprise move Wednesday night, federalized Arkansas national guardsmen relieved the professional soldiers around the school.

Col. W. A. Drake, an army spokesman, said this was to give the regulars a rest. He said the paratroopers would be back on duty by the time classes started today.

The regulars bivouacked behind the school, army spokesmen said. The guardsmen were ordered into federal service Tuesday at the same time that the army, on President Eisenhower's orders, flew 1,000 members of the veteran 101st Division into Little Rock.

BARRED BY FAUBUS — Faubus brought world-wide attention to Central High Sept. 2 when he stationed about 250 national guardsmen at the school with orders to bar Negroes. He said he put the troops on duty to prevent violence.

The governor removed the guardsmen last Friday after federal Judge Ronald N. Davies issued an injunction against interference with integration.

City police and state troopers took over guard duties at the school Monday and the nine Negro students entered, but were spirited out again after three hours when a mob of anti-integration white citizens gouted out of hand.

Next day, the federal troops arrived and the president federalized the 9,900 members of the state National Guard.

The nine Negroes reported they encountered no difficulties from white students yesterday.

About 750 students stayed away from the 2,000-pupil school and a number left after the Negroes came in.

County meeting held at Ayer's Cliff in August.

Mrs. L. Miller read a letter of thanks from the U.S.C. chairman for the uniforms sent to the Middle East refugees, mostly in Korea and Greece. Fifteen thousand garments from all over Canada were received by the refugees last year. A request was made for baby layettes and articles for the children's T.E. sanatorium. Wool for children's cardigans may be obtained from headquarters and all members are urged to help in this cause.

Mrs. Ezra Woodard gave an interesting report on the week spent the convention in Montreal which refreshments were served by the hostess, assisted by Mrs. Norman Somerville and Mrs. A. Halsall.

Braves' Bob Buhl And Yanks' Whitey Ford Having Trouble Winning

Both Spotted For Starting Jobs In World Series Hardly Look The Part In Warmups; Williams, Musial Rolling

Righthander Bob Buhl and southpaw Whitey Ford, both spotted for starting jobs in next week's world series, hardly looked the part in closing warmups for the championship playoff.

Buhl, who had won nine in a row, was rapped for six hits and four runs in the eighth inning as St. Louis Cardinals made second place with a 4-1 victory over the National League champion Milwaukee Braves Wednesday.

And Ford, picked to open the series Wednesday for the New York Yankees, was tagged for four singles and two runs in the nightcap ninth as the American League champs split a two-night pair with Baltimore, winning 5-1, then losing 4-2.

Ford's record is 11 victories and five losses while Buhl is 18-7. Meanwhile, Stan Musial and Ted Williams closed in on the major league batting crowns. Musial, whose pinch-single scored the tying run for the Cards, gained two points for a .351 average. Willie Mays of New York Giants, Musial's closest challenger in his bid for a seventh title, was idle and stayed at .333.

Williams was 2-for-3 in Boston's 7-6, 11-inning victory at Washington, and picked up two points for a .386 average. Yankee Mickey Mantle, next at .365, didn't play, resting his ailing legs for the series.

In the other NL game scheduled, Chicago Cubs blasted Cincinnati's hopes for a share of third with a 7-5 victory over the Redlegs.

In the AL, it was Detroit 5, Chicago 0, with Billy Hoefert blanking the White Sox on five hits; and Cleveland 9, Kansas City 7, with the two clubs cracking 10 home runs, one shy of the major league record.

St. Louis' bonus youngster Lindy McDaniel, with Lloyd Merritt's help, won his 15th, cracking Milwaukee's winning streak at eight games.

Chicago Cubs' bouncer Jay Hook, a \$85,000 bid making his first start for Cincinnati, in a six-run third. Rookie Moe Drabowsky won his 12th, but was chased by three homers in the eighth and ninth.

Cleveland hammered six home runs, with Vic Wertz tagging a pair of two-run shots in the eighth and ninth that nailed it for Hoyt Wilhelm. Woody Held homered twice for Kansas City.

Wild-Swinging Durrelle Decisions Willi Besmanoff; Loser Says He Won't Last Five Rounds With Moore

DETROIT. — (CP) — Yvon Durrelle, the wild-swinging British Empire light heavyweight champion from New Brunswick, used his looping lefts Wednesday night to wear down Willi Besmanoff of Germany for a unanimous 10-round decision.

Besmanoff, heavier by almost 12 pounds, had the better of the early fighting as he kept the 27-year-old Durrelle off balance with a troublesome left jab. But Durrelle, a native of Baie Ste. Anne, N.B., kept after the German, rocking him several times with his awkward lefts.

After the sixth round Besmanoff appeared to tire and Durrelle was able to score frequently. There were no knockdowns. Besmanoff, a native of Munich, weighed 189, Durrelle 177 1/2.

The victory in this nationally televised bout at Olympic Stadium was the seventh for Durrelle in his last eight matches. It was Besmanoff's fifth fight and third defeat since he came to the U.S. earlier this year.

After the battle, Besmanoff said he is sure of two things: That he must learn more about the way boxing matches are scored in this country and that Durrelle would not last five rounds with Archie Moore, the light heavyweight champion.

Durrelle—a former lobster fisherman who credits his eight-inch wrists to pulling in lobster traps—fought to a 10-round draw against Tony Anthony here last June. But he showed much better form in that battle than he did Wednesday night.

Moore, after knocking out Anthony in the seventh round last week, said he would like a match with Durrelle within the next six weeks. Durrelle says he's willing to meet Moore.

Judge Jack Aspery scored the fight 46-45 for Durrelle. Judge Ed Waggonlander had it 47-38 and referee Tom Triscoe scored it 47-44, both for Durrelle. The Associated Press card had it 46-45 for Durrelle.

The 25-year-old Besmanoff was content to box instead of punch until the last couple of rounds. "I made him act all night and I outboxed him," said Besmanoff, "but that is not enough in this country. I guess, in Europe, the better boxer gets the points."

Trainer Jimmy August said:

"Will kicked the fight away. He let the other fellow bull him around. Durrelle mauled, pushed and tugged but we couldn't get our boy to get rough."

Durrelle said he has been busy with his fleet of fishing boats.

"Besides that, I didn't have boxing gloves on for nine days prior to the fight," he said. "My eyes have been cut in my last two fights and I couldn't take a chance on cutting them again."

Durrelle said he is anxious to meet Moore if the champion is serious about his offer. But Besmanoff offered the crisp opinion that "such a bout would be ridiculous."

"I don't think Moore should be at all worried about a bout with Yvon," Besmanoff added. "Archie would knock him out within five rounds — just about whenever he decided to do it."

Durrelle is third in line of contention for the lightweight championship. First contender is Harold Johnson of Philadelphia and Anthony is second.

Durrelle carried the fight to Besmanoff and scored with looping lefts to the head. He landed the more telling punches although Besmanoff scored more frequently. There was nothing close to a knockdown in the bout witnessed by a slim gathering of 1,044. The gross gate was only \$1,762.30.

Low punches brought several warnings to both fighters from referee Briscoe.

PAY-OFF PERCH --- Wearing expressions suited to men getting ready to play in the World Series are these outfielders seated on the right field wall at Yankee Stadium. They are, left to right, Enos Slaughter, Mickey Mantle, Hank Bauer, Harry Simpson, Tony Kubek and Elston Howard. Simpson also plays first base, young Kubek three infield positions and Howard catches.

Denver Takes Two Game Lead In Buffalo Series

DENVER, Colo. (AP)—Denver Bears racked up a five-run first inning for the second time in as many games and went on to crush Buffalo Bisons, 9-1 for a two-game lead in the best-of-seven junior world series Wednesday night.

Fireballing Ryne Duren, sparkplug of Denver's stretch drive to finish second in the American Association, stopped Buffalo of the International League with four hits.

Denver knocked out Buffalo starter Walt Craddock in the fourth inning. The Bisons got their lone run in the eighth on a Dave Melton's double and a single by Mike Baxes, who accounted for all the losers' hits, each with two.

Duren, who won 13 and lost only three during the regular season, struck out 11 Buffalo batters.

Braves' Bruton Out For Season

MILWAUKEE (AP)—Milwaukee Braves learned Wednesday that outfielder Billy Bruton will not be able to play the remainder of the season, including the world series.

Bruton injured his right knee in a collision at Pittsburgh July 11 with Felix Mantilla as both went after a high fly ball.

General manager John Quinn and manager Fred Haney said they will seek permission from baseball commissioner Ford Frick to replace Bruton on the world series eligibility list with another outfielder.

They said they will try to get Ray Shearer, right-handed hitter recently called up from Wichita. But in New York, Yankee manager Casey Stengel said that if the Braves can use Shearer, he will ask permission to add recently-purchased Sal Maglie to the world series eligibility list.

Perron's Kirk Abbe Posts Best Time On Midweek Racing Card; Joe Eves Sets Top Payoff Figure On Program

A Corriveau's Joe Eves walked off with the big payoff for the evening last night when the Rimouski aged gelding came through with flying colors in the fourth race to reward his backers with \$23.70, \$18.10 and \$12.10 for their investment across the board.

Four of the eight horses broke which upset the results as a couple of them were the favorites in the class. The best time of the evening on the midweek card presented by the Sherbrooke Racing Club was registered by Kirk Abbe in the eighth when A. Perron teamed him home under the wire in 2.13 2/5.

The double of Gendron's Ebbie Boy and Morin's Miss Ruth Grattan B paid their lucky backers the sum of \$13.30. In the third races Milo Hanover and Lindsay Brooke formed the first quinella and paid \$22.70.

In the sixth Lucien Denault teamed Gordon W into first place while Morin's Buena Song, with Fern Desrochers in the sulky, formed the quinella and paid \$20.60. In the ninth the sum of \$14.00 was collected for Hucksin's Maryland Queen and Hebert's Bonny Smart.

Several changes were made on the program as quite a few of the drivers were suffering from the flu. Times registered during the evening were fair considering everything.

In the eighth the fight for the honors were close by Perron's Kirk Abbe came up with a fine stretch drive to nose out Gravel's Little Royal at the wire. In the seventh it was also close with Gamache's Jimmie Dean getting under first ahead of Waterloo Lady Direct.

In the fourth event, which was won by Joe Eves, posted the best time for the half when Fabi's Mariette Iba set a merry clip being clocked in 1.06. The track was in good condition considering all the rain during the past few days.

By WHITNEY MARTIN
NEW YORK (AP)—This may be the age of miracles as far as electronic development is concerned, but judging from the sports headlines recent days it also is the miracle of the gases.

How these doddering old codgers can defy the years is something beyond belief.

Take Archie Moore, 40, going on 43, defending his light heavyweight championship, and Ray Robinson, 37, defending the middleweight title.

And who are almost cinches to win the major league batting titles? Ted Williams, 39, and Stanley Frank Musial, 36.

The International Golf Association named two players to represent the U. S. in the international championship and Canada Cup matches in Tokyo next month. Who was chosen? Grandpa Jimmy Demaret, a jolly 47, and Samuel Jackson Snead, 45.

KRAMER TOO
In the recent national amateur golf championship Dr. Bud Taylor, 40, went to the finals. And Jack Kramer, about 38, hires Lew Hoad to add youth and bounce to the pro tennis tour, and then laces on his sneakers, dusts off his racket and goes out and beats him.

Two of the more remarkable specimens of this collection of antiques are Moore and Williams. Both are far beyond the age in their respective sports when they should be packed away in mothballs.

Moore not only whipped a man young enough to be his son, but he did it with class, using all the guile stored up during his years of campaigning. He combined a still stout punch with a crablike defence which baffled challenger Tony Anthony.

The fact he had to take off 30 pounds or so to make the 175-pound limit made it even more remarkable.

Williams is having a year comparable to the one he had 16 years ago, when he hit for a .406 average. And in fielding he's reaching fly balls better than he has in years, and running the bases with the verve of youth.

These guys are fabulous, that's all.

Flu Hits Camp Of Canadians
MONTREAL (CP)—A mild type of influenza has hit the training camp of Montreal Canadiens of the National Hockey League.

Maurice (Rocket) Richard, winger Don Marshall, Dickie Moore, defenceman Bob Turner and forward Stan Smrke are victims.

The growing sick list hampered practices of the Stanley Cup champions.

Boston Downs NY Rangers 6-1

PROVIDENCE, R. I. (AP)—Fleming Mackell and newcomer Bronco Horvath each scored a pair of goals as Boston Bruins belted New York Rangers 6-1 Wednesday night in a National Hockey League exhibition game.

Danny Lewicki scored New York's goal.

Leo Labine and Don McKenney were the other Boston scorers.

More Americans Join Argonauts

TORONTO (CP)—Two more American players Wednesday joined Toronto Argonauts of the Big Four Football Union.

Corky Tharp, second in Big Four ground gaining in 1955, returned to Argos from New York Giants of the National Football League.

Argos also picked up defensive linebacker Rex Shiver from the NFL's Washington Redskins.

Offers Kentucky As Scene Of Moore Defence

NEW YORK (AP)—Bill King, manager of Louisville's new Kentucky State Fairgrounds Coliseum put in a bid Wednesday to stage Archie Moore's next title defence in the 22,500 seat arena.

Moore is expected to defend his light heavyweight crown against Yvon Durrelle, British Empire light heavyweight champion from Baie St. Anne, N.B.

King estimated that such a bout would gross at least \$150,000 in Louisville. He suggested Dec. 13 as a possible date.

Charley Johnston, Moore's manager, said he considered this a good offer but that Toronto and Montreal also were being considered for a title fight.

Red Wings Down Edmonton 6-2

SAULT STE. MARIE, Mich. (CP)—Detroit Red Wings defeated Edmonton Flyers 6-2 in an exhibition game Wednesday.

Gordie Howe netted two goals for the National Hockey League Wings, with Guyle Fielder, Bill McCreary, Dutch Reibel and Lorne Ferguson getting one each. Norman Ullman and rookie Gerry Leonard scored for Flyers of the Western Hockey League.

Wings' general manager Jack Adams said the team leaves today for Detroit in the best shape it's been in for at least five years.

Sugar Ray Still Undecided About Return Bout

NEW YORK — (AP)—Ray Robinson dethroned middleweight champion, broke his post-fight silence Wednesday long enough to say he still is undecided whether or not he wants to fight again.

Reached by telephone, Robinson protested that it was unfair to try to pin him on his plans as he needs a few days to rest and relax before making up his mind.

Robinson said he has a contract for a return bout against his conqueror, Carmen Basilo, and if he decides to exercise it, the fight probably will take place in February. Basilo has said it is up to Robinson to say whether they'll meet again.

Robinson said he will appear at a New York state athletic commission hearing Tuesday to tell about reported bribes offered.

Insisting that he was just reminiscing about old times when he mentioned such offers, Robinson said: "This is a silly thing bringing up an old something."

Detroit Writers Speculate On Moore Durrelle Bout; Claims Canadian Would Make More Money Against Spieser

DETROIT (CP)—Before the bell sounded for the first round of the Yvon Durrelle-Willi Besmanoff fight here Wednesday night, Detroit sport columnists were speculating on the possibilities of a Durrelle-Archie Moore match.

Peter Waldmeir in the Detroit News said he feels people read "more into it (Moore's statement) than Moore actually said."

He says a Moore-Durrelle match "would mean nothing in the United States" while "after his shabby showing against James Parker in Toronto a year ago, Moore hardly could go back to Canada."

Waldmeir says the "ideal opponent" for Durrelle would be Chuck Spieser of Detroit who lost to Anthony here last spring. He says the fight would bring Durrelle more money than he would get "anywhere on the continent" and would give good promotion to a Durrelle-Moore match if Durrelle won.

George E. Van of the Detroit Times is already speculating on what would happen in the ring should the Maritimer meet Moore. He says in his column "whether Durrelle can last with his wild swings against Moore is something to kick around."

He says "Moore is certain to punch Durrelle through the openings," but feels Durrelle would finish strong adding that at the end of the Anthony-Moore match, "Archie's punches lacked authority."

Van says promoter Londe feels a Moore-Durrelle fight would be a good drawing card in Detroit.

Conn Smythe Accuses Ted Lindsay Of Throwing Threats Around Just Like He Swings His Stick On Ice

TORONTO (CP)—President Conn Smythe of Toronto's Maple Leaf Gardens Wednesday accused Ted Lindsay of "throwing threats and charges around just like he swings his stick on the ice."

Smythe was refuting claims made by Lindsay, president of the National Hockey League Players Association, that the league and club owners were violating the law requiring employers in the United States and Canada to bargain in good faith with employees' representatives.

Lindsay said at St. Catharines, Ont., Tuesday the organization's New York lawyer, J. Norman Lewis, would file charges on that basis, but denied that his group was planning immediate court action.

He said: "We are applying to the national labor relations board in New York for certification. When it comes through, we'll sit down and talk with the four U.S. clubs. We expect the two Canadian clubs, Toronto and Montreal, will have to follow suit, after all it's a league, and the discussions which affect the U.S. clubs must affect Toronto and Montreal."

Included in the players association demands were more say in the pension fund, more security, automatic pay raises and fringe benefits.

Smythe said: "We already have an excellent pension fund." "Perhaps this whole uproar over player demands is actually a smoke-screen planned by Lindsay to demoralize our team."

Smythe added: "He has always been a hard worker for his club on the ice. Now it looks like he's working just as hard off the ice."

Braves' Wes Covington Attributes Batting Spree To Schoendienst's And Waner's Advice Early In Season

MILWAUKEE (AP)—Wes Covington, who got a second chance in the big time when the Braves traded Bobby Thomson, looked at his 292 batting average Wednesday and recalled a casual conversation that helped him become a dangerous hitter.

One day, shortly after Covington's recall from the Wichita farm club, Red Schoendienst and Paul Waner, the Braves' batting coach, were talking about the importance of wrist action to hitters. As the two talked, Schoendienst demonstrated the points by gripping a bat.

Covington said "I just happened to overhear them... I realized that with my grip, my wrists were locked. I wasn't getting that little roll of the wrists that gives the bat that final flick and adds the power."

Afterwards Schoendienst spent more time with Covington, one
