BISHOP'S CROSSING.

AFTER SPRING STYLES IN HATS.

On Saturday evening Charles Epps, who was on the lookout for the latest in men's headgear, walked into the basement of the Methodist church while the choir was at practice, and, after making a selection, left his well-known and somewhat out of date hat.

The matter was reported to Chief Davidson, and after surveying the hat, he at once recognized it as belonging to Charles Epps. An officer proceeded to Charlie's home, with an invitation to come up and interview the chief. Epps was told to return the hat which he had exchanged for his own. He denied any connection with the missing hat, and after some persuasion he left and returned shortly afterwards with two hats. As neither of them was the one wanted, he was given a last chance, and told to get "that hat." Charlie, with the cold damp cells looming before him, started out again in search of the hat, and returned with it neatly done up in paper. The hat was returned to its owner, and Charlie will have to explain the matter before the District Magistrate.

SPORTING MAN AT CHURCH.

The religious editor of a certain paper published in New York State, took a vacation last Sunday, and, as had no one to leave in his place, he asked the sporting editor to attend church and report the sermon. Here is what he wrote, unblemished by the editorial pencil:

"The weather was perfect, and the grandstand and bleachers were packed. The Rev. Dr. — was in the box for the Christians, and he certainly had everything in the book.

"When he tackled New Jerusalem he used the slow ball artistically but when he warmed up in hades he had speed to burn and whipped them over like a shot.

"He had swell control and never lost sight of the plate for a minute, especially after it had been passed around.

"The choir did a good deal of rooting from the player's bench, and occasionally a voice from the bleachers yelled 'Amen!' Although it was an extra-inning game he never let up and had the visitors properly backed up throughout, putting some of them to sleep.

"If he can only keep up the pace the big league for 'his' next season." —Buffalo Times.

JAPANESE FORGES

PRESSING FORWARD IN MANCHURIA

Have Driven the Russians From Strong Positions in Dalny and Feng Wang Chang.

London, May 9.—A despatch to the Morning Post, from Shanghai, says the Japanese captured Dalny Saturday. Dalny is Russia's commercial seaport on the Yellow Sea, lying on the east coast of the Liao-Tung peninsula, in Victoria Bay, where it is reported the Japanese have landed in force. It is about twenty-five miles northeast of Port Arthur, and at last accounts was garrisoned by a small number of troops. Its capture must add to Port Arthur's danger. Dalny was built almost in a year, to be the eastern terminus of the great Trans-Siberian Railway, to be a port, where would assemble the commercial navies of the world.

The Tokio correspondent of the Daily Telegraph, cabling under date of Sunday says, "Dalny was investigated yesterday."

TAKE PULAN-TIEN.
Tokio, May 8.—A detachment of the Japanese army operating on the Liao-Tung peninsula, dispersed small bands of Russian troops on Friday and captured Pulan-Tien, a railroad station. The Japanese destroyed the railway and telegraph, thus severing the Russian communication with Port Arthur.

Scoul, May 8. Telegrams received here from Antung declare that the second Japanese army corps, besides having disembarked on the Liao Tung Peninsula, has effected a landing at Takushan, on the Manchurian coast, about forty miles west of the mouth of the Yalu.

NEWS FROM TOKIO.
Tokio, May 8.—Last Friday, after sharp cavalry skirmishes at Erbitaisu, Santaisu and other places, a detachment of infantry belonging to General Kuroki's army took Feng-Wang-Cheng.

The Russians, before retiring, exploded the magazine, but left large quantities of hospital stores, which are being used by the Japanese hospitals. Refugees from the woods and small villages are surrendering constantly.

The Russians buried many of their dead.

Discoverer of Klondyke.

LOOKING FOR REWARD FROM THE GOVERNMENT.

Bob Henderson, famous as the discoverer of the Klondyke, is in Ottawa, and has arranged to interview the Government with the view to receiving compensation for his valuable discovery, from which, through no fault of his own, he reaped practically no benefit. A Nova Scotian by birth, and a prospector by inclination, Mr. Henderson went to the Klondyke in the early nineties. He discovered bear, Gold Bottom and Hunter and invited Geo Cormack and his Indians to go up to the Klondyke and stake out claims for themselves. Cormack followed this advice, but on his way back to the mouth of the Klondyke discovered Bonanza. Cormack neglected to notify Henderson of his discovery, and the subsequent influx of gold seekers completely disarranged Henderson's well-laid plans. Henderson was not allowed to work claims that he had discovered, and that were worth a million dollars, and Capt. Constantine permitted him to record one claim and that on Hunter Creek. Even this claim was lost, as Henderson fell ill and he had to sacrifice it for a trifle or see it jumped. Henderson thinks he is justly entitled as the discoverer to claims on Bear, Gold Bottom and Hunter Creeks.

Henderson, on account of his integrity and merit, is a great favorite in the Yukon, and the people of that territory are as one in their hope that he will receive a suitable reward for the discovery which has so enriched Canada.

SUDDEN DEATH.

On Friday morning Mr. Wm. Barton, who resided on the Belvidere Road, died very suddenly. He complained on Thursday evening of not feeling well, but it was not thought that his condition was serious. He did not get up at his usual time, and shortly after six was found dead in bed. The deceased was 75 years of age, and leaves several sons and daughters.

COMPTON.

Our community is saddened and strangely moved by the very sudden death of one of our young men in the person of Mr. Henry LeClair, eldest son of Mr. Andrew LeClair. The deceased, who was a member of the R.C. choir, was in his usual place on Sunday last. Not until Thursday morning was he ill and the following day death ensued. Drs. Brodeur and King were in attendance but the acute form of disease baffled skill and early manhood was thereby sacrificed. The last rites of the church were administered by the Rev. Father Lavellee. His premature death is deeply regretted by a large circle of friends and warmest sympathy is expressed for the bereaved relatives.

Miss Elsie Pomeroy, of Montreal, is visiting old friends in town.

Mr. William Bartlett, of Boston, Mass., is here the guest of his sister, Mrs. Paige.

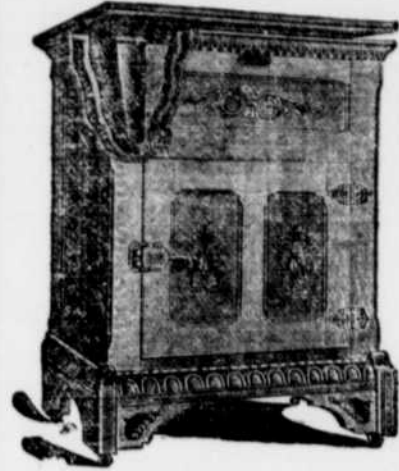

Emelia, only child of Mr. and Mrs. Couture, is recovering from a severe attack of diphtheria. We are glad to report there are no new cases.

Young Men's Spring Suits

Many tailors appear to cling to the old-fashioned idea that a suit for a young man is simply a man's suit cut down to fit him. You will not find the product of such a tailor in this store. The young man requires a distinctive product of his own, and there is where we lead. We are just proud of our spring selection. Will you take a look?

His Head Broke a Steam Gauge

Horrible Way a Man was Scalded to Death at Carleton Place.

Mr. Wm. Hall, of Addison, Leeds county, Ont., travelling agent for the George White & Sons Engine Company, of London, Ont., was accidentally killed at Carleton Place, Ont., on Friday. A traction engine belonging to Mr. Andrew Cram was being used to haul a heavy load, and Mr. Hall was assisting in running the engine. A sudden movement over a slight obstruction seems to have thrown Mr. Hall against the end of the machine where he was severely crushed between it and the heavy truck, or the steam launch that was loaded upon it. His body struck against the glass water gauge at the end of the engine boiler and the steam and water rushing out of the broken tube scalded the unfortunate man's body in a frightful manner.

Col. Cooke's Case.

ATTORNEY-GENERAL OF QUEBEC DENIES THAT AFFAIR IS TO BE COMPROMISED. Hon. Horace Archambault, Attorney-General, in an interview denied that the Government ever had any intention to effect a compromise in the case of Mr. J. P. Cooke, crown prosecutor for the district of Montreal. Though he did not care to speak for publication he intimated that the case will in no wise be compromised with a view to whitewash the Crown prosecutor. Further more the idea of naming him as a member of the commission for the revision of the statutes was never even thought of nor will he receive any statement from the Attorney-General that the evidence taken before the late Judge Wurtelle entirely cleared his character. The fact of the matter is: It was intimated to Mr. Cooke by the Government that he should resign as Crown prosecutor when he in turn requested that a commission be appointed to investigate the charges alleged against him by Mr. Blackley. This request the Government has under consideration and will probably do.

CHEESE AND BUTTER PRICES LOW.

It must be confessed that the butter and cheese trade is making a poor start. The opening prices have not so low for many years. It is to be hoped that a bad beginning may mean a good ending. That has been the case before. The last two or three seasons were exceptionally profitable to Canadian dairymen. A lean year may or may not be on the cards. The English market seems to be glutted with an over supply of butter. Australian shipments have been ten fold larger than they were a year ago, and Danish supplies are keeping up. There are two factors that should eventually improve the situation. The low prices should greatly stimulate consumption and the war is likely to cut off the competition from Siberia. The cheese trade is no better than that of butter. Heavy stocks of old cheese clog the market. Fortunately the make of fodder goods has been very small and the factories are opening a good deal later than last year. Prices are starting low, but they cannot be maintained at their present level for long. In fact both butter and cheese are bound to go up as the season advances, and the wind up may be fairly satisfactory after all.—Waterloo Advertiser.

MAY CANADIAN MAGAZINE.

Slowly but surely Canadian periodicals are forging to the front—a feature of our national development which is as natural as it is evident. The May "Canadian Magazine" is an attractive number, with several important features. Pursuing its policy of explaining and chronicling and progress in art, there is an article on "The Art of Paul Wickson," the first Canadian to devote his talents to the study of the horse. "My Misconceptions Regarding the Mormons," by James L. Hughes, is a timely article, since there has been so much discussion recently concerning these people, and since there are several Mormon settlements in the Northwest. This is profusely illustrated. The most ponderous article is "Independence and the Treaty-Making Power," by Professor de Sumichrast, of Harvard, who mildly protests against any radical change in our present relations with the Colonial Office. The character sketches of the month include "Hon. J. I. Tarte," by the inimitable H. Franklin Gadsby; "George Meredith," by Haldane MacFall, an English literary writer; and "Edith Wynne Matthison," the star in "Everyman," by Marjorie R. Johnson. Each of these sketches is embellished with portraits. The short stories are strong in this issue, the authors represented being Theodore Roberts, Captain J. W. Fuller, Winnifred Boggs and Guy de Maupassant. Miss Helliwell, in her excellent department, "Woman's Sphere," has something to say about the class of houses found in Quebec and Montreal as compared with the bungalow cottages which are so popular in Victoria and Vancouver. John A. Cooper writes of the St. Louis Exhibition and reviews the history of the territorial expansion of the United States under the heading "The St. Louis Idea." The book department contains a sketch and portrait of Norman Duncan, the latest Canadian writer to come to the front in New York.

Hotel Pumps Tied Up.

LIQUOR DEALERS OF BLENHHEIM RESENT LOCAL OPTION VOTE.

The temperance people of Blenheim, Ont., carried a local option by-law, and now the hotel men are getting even. Their license expired on Sunday, and they at once closed their hotels and refused to give either board or lodging to the travelling public. They have even boarded up the pumps in front of their hotels, and farmers coming to town are forced to go to private houses to secure water for themselves and horses. The temperance people say they will open houses of entertainment in the town.

Rich Red Blood, Basis of Health

Strong Blood Fortifies the Nerves, Strengthens the Heart, Keeps You in the Swim. How to Nourish the Blood.

To keep abreast of the unceasing race that confronts us, both energy and reserve strength are essential. Strength is power. Power is money—that's the way we resolve it today; yet even when evidence of falling strength and dwindling power becomes manifest, very few of us face the actual condition and deal with it as we would with something involving monetary value. Thousands of people are falling behind in the race of life simply because they are failing in strength. Instead of using Ferrozine, which revitalizes all the functions of the body, forms rich, red blood, improves digestion, thereby renewing vitality and endurance, they simply drift along until the doctor or undertaker confronts them. If Ferrozine was unpleasant to take, or if its action were not immediate and permanent, if physical improvement were not of the highest value to the individual, there might be some excuse for deterring the use of this remarkable tonic. If your health is inconsequential, then Ferrozine may be dispensed with. But if health and vigor give you more power and comfort, can't you see the foolishness of denying yourself the many advantages of using such a grand medicine? Do the fair thing by yourself, get right to your druggist and get Ferrozine. You will then know what perfect health, good spirits, and strong nerves really mean. Ferrozine, like other good things, is grossly substituted, so insist on getting Ferrozine, which is prepared in tablet form and sold only 50c box, six boxes for \$2.50, at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

A Peculiar Action.

FIRST WIFE WOULD RESTRAIN SECOND WIFE FROM USING HUSBAND'S NAME.

Who is the wife of James M. Irwin, of Toronto, and entitled to his name, is a question which the courts in Toronto will be asked to decide. Mrs. James M. Irwin, who was the first wife, issued a writ against her husband and Sheriff Sheldrake, who claims to be the present Mrs. Irwin. The writ asks for damages and for an injunction to restrain Sheriff Sheldrake from calling herself Mrs. James M. Irwin, and from representing herself to be the plaintiff, who claims to be the lawful wife of James M. Irwin. It appears that Mr. Irwin some time ago went to the United States, and subsequently returned to Toronto with the second Mrs. Irwin. The former wife is instituting the action upon the assumption that there were no divorce proceedings in the United States.

A Good Complexion

Is a joy to every woman's heart and man is vain enough not to despise it. Beautiful complexion means pure blood, or in other words, a healthy body. Tens of thousands of women take Ferrozine, because it's a splendid blood builder, keeps the system in perfect order and helps the complexion wonderfully. "I consider Ferrozine the best remedy to give you a clear ruddy complexion I know of," writes Miss Ada E. Brandon, of Pembroke. "My skin used to be sallow, but after taking a few boxes of Ferrozine a rosy tint was noticeable on my cheeks. I can recommend Ferrozine as a tonic also." For good health and beauty use only Ferrozine. Price 50c at druggists.

The bill entitled an act to amend the act incorporating the St. Francis Water Power Co., was considered on Friday before the Private Bills Committee of the Quebec Legislature. Townships Notes.

Mr. John McHenry, of Cookshire, died in the Protestant Hospital on Tuesday after an illness of several months.

At the Beebe Plain council meeting on Monday a tax of two and a half mills on the dollar was levied for road purposes.

Melbourne and Brompton Gore are advertising for a number of elementary teachers at the munificent salary of \$16 a month.

The tolls of the St. Francis bridge at Richmond have been sold for the coming year to Mr. Seth Taylor by tender for \$3,030.

At a meeting of the municipal council of Sawyerville on Monday two bye-laws were passed levying four mills for road purposes and four and a half for municipal purposes.

Mr. Charles Miller, Flodden's oldest citizen, is dead at the age of 96. The deceased sixty years ago abandoned a home of wealth and refinement in Scotland to take up a pioneer life in the Brompton woods.

Mr. F. W. West, one of Granby's zealous temperance workers, writes to the Leader-Mail, advocating the formation of anti-treating leagues. He considers the treating habit one of the worst evils in connection with the liquor traffic.

The Chateaugay Record warns the public against a woman swindler who is going about the country pretending to be a canvasser for a monthly paper which is giving a set of dishes with every \$1.00 subscription. A number of persons have found that they were surely "done again."

It is said that the firm who had the contract to build the new E. T. Bank at Rock Island has declined to carry it out and the matter is now open. Bank men are now confident that the building will be erected this season.

Mansville is indulging in boom talk in anticipation of the extension of the Orford Mountain Railway to that place. Several parties are considering the advantages that place has to offer for the manufacture of hard wood products.

The largest and best equipped sugar house in the Province is said to be that of the Rev. W. S. Bullock, at Roxton Pond. The surrounding bush contains about ten thousand trees, and pipe lines bring the sap from the more remote sections to the sugar house. Most of the product is marketed in the Canadian Northwest.

Wright Davis died last week at his farm, near Coaticook, upon which he had spent over seventy years of his life. He was 83 years of age, and was married 60 years ago last Christmas day, to Lydia J. Walker, of Stanstead Plain, who is still living. He is also survived by six children.

The township of Stanstead, having decided to levy money road tax this summer, at the regular meeting of the council on Monday two commissioners were appointed to repair and maintain the roads and bridges in this municipality. A tax of four mills on the dollar was levied on the taxable real estate of the municipality to meet this expense.

Since the Free Masons have been unfortunate enough to lose their lodge room and paraphernalia by the fire of Friday morning last, an agitation has been set a-going to build a hall for themselves. We learn that a considerable sum of money has been subscribed towards such a scheme, and that other generous offers are forthcoming.—Magog Enterprise.

The Windsor Mills Council has granted four hotel licenses. Three Protestant clergymen vigorously opposed the council and advised the council to take over the liquor business and reap the profits rather than license the hotels. Whatever other value the suggestion may have it is impracticable because the law falls to authorize Municipal Councils to embark in the liquor trade in any way or shape.

The drive of pulpwood and logs is nearly all in now. The Eaton River is filled as it never was before. On Sunday the river was filled to Mr. Lefebvre's and there is still a good quantity to come down. There is every prospect of the drive being down completely this spring. There is 8000 cords of peeled pulpwood to be taken out, besides some seven million feet of logs to be cut and shipped. Two carries are being erected to run the peeled wood from the river into the cars which will be operated by steam. Work will have to be rushed night and day to cut all this lumber and take this large quantity out of the river. There will be plenty of work this summer in Cookshire.—Cookshire Chronicle.

Acting under orders from district headquarters, says the Stanstead Journal, Customs Officer Brainard, of Derby Line, on Tuesday notified the local ice, milk and bread men that they would not be permitted to deliver goods in Vermont with Canadian teams. This action is understood to have resulted from the recent visit of special officers to the place. The embargo applies only to delivery teams. There is no foundation whatever for the wild statements which have been circulated to the effect that all Canadian teams are to be held up at the boundary. As far as ordinary travel is concerned there has been no interruption of existing friendly relations between the two countries nor is there likely to be. Canadian proprietors of the affected industries are arranging for the delivery of their goods on the American side with American teams. The residents of Derby Line are not in sympathy with the order and will make an effort to have it rescinded.

Hardware Taken From Stomach of Human Ostrich. KNIVES, CHAINS, KEYS, NAILS, BUTTON HOOKS, PINS AND A VARIETY OF OTHER ARTICLES. The New York Herald says: For more than three hours doctors in the German Hospital, Williamsburg, assisted in the delicate operation of removing from the stomach of John Fassel, who has called himself "human chain swallower," a variety of metal articles which the man had swallowed during the last two months. The following is a correct list of the junk that was taken from Fassel's stomach:— Six knives of different varieties. One gold watch chain. One key-ring chain. One brass hall door key. One roll top desk key. Four Yale lock keys. One button hook. Fourteen wire nails, each three inches in length. Two iron nails. Four horseshoe nails. Two pins. The operation left the man in such a weakened condition that it was said last night at the hospital that he might not recover. Maurus Jokai, the famous Hungarian novelist, died at Budapest, aged 79.

Gorillas in Battle.

"The prevailing belief that gorillas use clubs when they attack each other or their enemies is an entirely erroneous one," writes a traveler. "They do nothing of the sort, and how such an impression ever came to exist or how old time African explorers ever came to formulate such a theory is beyond my comprehension. During a long sojourn in that country I had ample opportunities to learn the truth about them, and what I discovered there was subsequently confirmed during a protracted hunting trip in Borneo."

"The fact is that in fighting each other or in attacking or defending themselves from other enemies they depend entirely upon their teeth, which are abnormally strong and sharp and cut like a razor. They are clumsy on their feet, but the enormous strength of their powerful arms more than makes up for this deficiency. In fighting they almost invariably attack the faces or the limbs of their adversaries."

"In the case of human beings or members of the monkey tribe the gorilla's favorite point of attack is the hand and especially the finger."

A Unanimous Election.

There was a character out in what was then known as the toughest part of creation who went by the name of Big John. I doubt if he ever had any other name. We had a little settlement we were going to make a town out of and concluded that the first thing to do was to choose a marshal, which we proceeded to do. There were several candidates. Big John among them, and when the pieces of paper dropped into a wide brimmed hat Big John walked up, coolly took the votes and put them into his pocket and said: "This is the quickest way. All them as votes for me come to this side." Not a man hesitated. It was the most unanimous election ever held. He made a good officer, though, and we kept him in till we pulled up the town and moved on to the next terminus of the railroad.

Juvenile Gems.

Here are some instances of curious mistakes made by school children in examinations:

Oxygen is a thing that has eight sides. The cuckoo never lays its own eggs. A mosquito is a child of black and white parents. A lizard is the inside of a hen. A meridian is the name of the place where they keep time. "Parasite" is the slang name given to an inhabitant of Paris; it ought to be written "Parisian." The following has an odd ring about it and ought to be true: "Isaac Walton was such a good fisher that men called him 'Judicious Hooker.'" In this next instance phonetics is certainly to blame: "The equator is a menagerie lion running round the earth through Africa." Liverpool Post.

A Modest Colonel.

According to the Canadian Military Gazette, the new adjutant of a volunteer regiment was asking the colonel a few things about the corps and eventually got on to the subject of marksmanship. "Is the battalion a fairly good shooting one?" he asked. "Oh, yes; it is quite," answered the colonel grandiloquently. "You'll find a large percentage of good shots in my regiment. And some very fine shots, too—very fine shots, I myself—here he dropped his voice to a lower and more oily pitch—"am the best shot. Lieutenant Pullthrough, who is the next best shot to myself, is a magnificent shot."

Insect Temperatures.

The temperature of the human body is essentially the same in the tropics and in the polar zones. Insects at rest have a temperature practically the same as that of the surrounding air in ordinary conditions of heat and of humidity. Under usual conditions the temperature of an insect rises with that of the surrounding air, only more slowly. When the air is very moist the insect's temperature may rise more rapidly than that of the air. When the insect begins to move, its temperature rises and continues to rise until the motion ceases.

Ten Ways to Say "Ough."

A correspondent of the London Chronicle points out nine ways of pronouncing the letters "ough." These are, written phonetically, as in coffee, cauf (each is allowable), enuff, tkaut, tho, throo, hiccup, the Irish lough and the Scot's pronunciation of sough, "sauh," the two final consonants in the last two words representing the corresponding gutturals in German. The editor in comment adds, "There is one other—"bough."

Keeping Up Appearances.

Mrs. Catterson—Mrs. Witter is a woman with a great deal of pride, isn't she? Mrs. Hatterson—Intense. She told me she had ordered as many clothes this season as she would if her husband hadn't been in debt.

The Better Plan.

Sabrina—Do you quote Shakespeare and Dante when that college professor calls? Sabrina—Not much. I whirl in and make him a rousing old Welsh rabbit.

A Standing Invitation.

"Pa, what is a standing invitation?" "The look in a woman's eyes when she gets into a crowded car, my son, and gazes at the men who have seats."

To the energetic man who has a purpose in life failures are but stepping stones to real success.—Maxwell's Talisman.

The famous Black Watch Band, which is coming to Canada for the Canadian National Exposition in Toronto next August, will go on a tour for four weeks visiting the principal cities of Canada from Winnipeg Sydney. Y. M. C. A. Conference

WILL BE HELD IN SHERBROOKE MAY 19-22.

The Association conference will be held at the Sherbrooke Young Men's Christian Association, May 19-22. Mr. C. K. Ober, of New York city, Field Secretary of the International Committee of Young Men's Associations, will be the principal speaker. He is so strong a man along all lines that the local officers feel that they have been most fortunate in securing him. He will be ably assisted by Mr. C. M. Copeland, of Toronto, who is too well known here to need more than mention to assure a strong conference. It is expected that delegates will come in from many of the various towns throughout the Township.

A strong programme has been arranged and all men interested in the Association are expected so far as possible to be present.

On Thursday night, May 19, the annual meeting will be held. Some very encouraging reports will be presented at this meeting and officers for the year will be elected. A social hour will be spent after the meeting. The past year has been a record-breaker in every department of the work and everyone will be interested in hearing the reports that night. The new building project is slowly taking form, and doubtless some developments will result from the annual meeting. On Friday night, Messrs. Copeland and Ober will meet in conference with the new board of directors. On Saturday they will meet the various committees, and discuss the general work, outlining the objects, history, methods and results of each department.

Saturday evening will be given up to a popular discussion of religious work, its object, methods and principles. Every person interested in religious work, whether connected with the Association or not, should be at this meeting. The session will begin at 7.30 with devotional exercises and song service. Then Mr. Ober will take up the theme "Reaching men for Christ."

On Sunday morning, May 22, Mr. Copeland will conduct a conference session on Bible Study and Personal Work. Every young man will find this morning hour, both interesting and profitable.

The Men's Meeting on Sunday afternoon will be addressed by Mr. C. K. Ober, of New York City. It would be impossible to exaggerate Mr. Ober as a speaker, who by his earnest and sympathetic way wins the admiration of his hearers, and influences them for a higher life. It is expected that 200 men will turn out to hear him. Special efforts will be put forth for the music.

This will be an excellent opportunity for all men to learn the inner workings of this great organization, which is becoming the most popular and best club in the world. True to its ideals, the all-round development of men, and the elevating of noble Christian character, it is rapidly extending its scope. In North America there are now 1,750 Associations, with 375,000 members; 460 Associations own buildings valued at \$25,500,000. Work is done for every class of people grouped together.

The animals will be shipped from Seattle, to the seat of war. Mr. Anderson leaves for the Dalles, Oregon, where he will commence his new duties.

An adjourned meeting of the Ladies' Protestant Hospital Committee was held on Saturday in the rooms of the Woman's Exchange. Out of the proceeds of the rummage sale recently held by the ladies, it was decided by the Committee to hand over to the Governors of the Hospital the sum of \$200 to pay off a pressing debt, and \$330.00 was given towards the ladies' endowment fund, which will bring the amount for that fund up to the amount of \$700. Mrs. W. A. Morehouse asked to be relieved from the office of treasurer, and Mrs. E. C. Fraser was appointed in her place. It was also decided to appoint two vice-presidents on the Ladies Hospital Committee, and Mrs. J. Jas. Davidson and Mrs. J. C. Price were elected first and second vice-presidents respectively. Mrs. G. E. Hyndman was elected as a member of the Committee.

Mr. Alex. Whyte, of Messrs. Buntton, Reid & Co., Toronto, is in town.

Mr. and Mrs. F. Loomis, of Montreal, is visiting her parents, Mr. and Mrs. Mundell, London street.

Miss Florence Dresser returned home Saturday evening from Montreal, where she has been for the past three months.

Mrs. L. W. Dowlin and Mrs. A. W. Hyndman returned home Saturday evening from their trip of four months to the Pacific Coast, having had a most enjoyable trip.

Mr. William Jarrett, Beckett Road, an old resident of this city, died yesterday morning, after a somewhat lengthy illness. He was eighty years of age and leaves a widow and eight children, two sons and six daughters.

Word has been received in the city of the death at Bedford, Mass., of the Rev. B. B. Sherman, who, twenty years ago, was associated with Rev. Mr. Duff in the pastorate of the Congregational church. Mr. Sherman had just returned from an extended trip through Europe and China and Japan. The end was somewhat sudden. He leaves a widow and one unmarried daughter.

A week ago Saturday a Lennoxville car collided with a horse near Lennoxville, belonging to Mr. Chas. Ramsdell, North Hatley. The horse was seriously cut and Dr. Tracey had to take no less than nineteen stitches in the wound. Mr. Ramsdell called on the Railway Company to settle the matter as he claimed he was not to blame. It is understood that the Company made a tender of \$75 which was accepted.

BARNES BURNED AT BARNSTON.

The farm buildings belonging to Mrs. Henry Buckland, Barnston, were destroyed by fire on Friday morning. Last Tuesday they caught fire, but the flames were extinguished before much damage was done. This time, however, the three barns were burned, with most of the contents.

FARWELL ET AL. VS. CITY OF SHERBROOKE ET AL.

We understand that the case of Farwell et al. vs. the City of Sherbrooke et al. which is an action to restrain the city of Sherbrooke from building a dam at Westbury and which was to have come up in the Superior Court tomorrow, has been postponed until the next term owing to the unavoidable absence of two of the attorneys in the case.

Presbyterians to Meet.

SYNOD OF MONTREAL AND OTTAWA WILL MEET IN QUEBEC.

The Synod of Montreal and Ottawa will meet in Chalmers church, Quebec, next Tuesday evening at eight o'clock. The opening sermon will be preached by the retiring Moderator, Rev. Dr. Bayne, of Pembroke. The Synod will be in session for about three days. All the meetings will be open to the public, but the evening meetings will be of most general interest. On Wednesday evening a conference will be held and the subject for discussion will be introduced by Rev. John Mackey, B.A., of Crescent Street Church, Montreal, and Rev. W. D. Reid, B.D., of Taylor church, Montreal. The Presbyterial families of Quebec will provide the entertainment of the members of the Synod while they are in the city.

The Synod of Montreal and Ottawa embraces the Presbyteries of Quebec, Montreal, Ottawa, Gengarry, Brockville, Lanark and Renfrew, and is composed of the pastor and representative elder from each congregation in the different presbyteries.

The Presbytery of Quebec will also hold its regular meeting next Tuesday afternoon in Chalmers church previous to the meeting of the Synod in the evening.

AUTHORIZED TO CARRY ON BUSINESS IN THIS PROVINCE.

The Quebec Official Gazette says:—The Eastern Townships Mining and Smelting Company, incorporated in the state of Maine, one of the United States of America, has been authorized to carry on business in this Province. Its chief place of business in the Province, is the city of Sherbrooke. Its chief agent for the purpose of receiving summonses in suits or proceedings instituted against it is Mr. Frederick T. Enright, of the city of Sherbrooke.

THE CALL TO KINNEAR'S MILLS CONGREGATION.

In our footnote to the letter from Rev. J. M. Whitelaw, published a few days ago, we were not technically correct. The Presbytery granted the congregation at Kinnear's Mills "leave to moderate in a call to a minister. That is allowed the congregation to proceed to choose a minister, no name whatever being mentioned. Then a little later when the question was raised, "Could the congregation call any minister it pleased?" The Presbytery answered that it could choose anyone with the single exception of the late pastor. A call to him, it was pointed out, could not be "sustained" in view of the Synod's decision.

METHODIST CHURCH.

Young Men's Brotherhood and Young Ladies' Association meet this evening in the lecture hall of the church at 8 o'clock.

East Sherbrooke Ladies' Aid meets with Mrs. C. T. Wearne Tuesday afternoon at 3 o'clock.

The Young Ladies' Aid meets with Miss Rowell Tuesday evening at 8 o'clock.

Regular mid-week service on Wednesday evening at 7.30 o'clock in the lecture hall of the church.

The annual business meeting of the Official Board was held Friday evening last, at which reports from the treasurer were submitted, also of the Sunday school, membership and connexional funds. All the above reports showed a gratifying improvement every fund being in advance of last year, and an increase in membership. The Board passed a resolution increasing the salary of Mr. Richardson, who has done faithful and successful work since coming to Sherbrooke. A cordial invitation was passed at the February meeting of the Board to Rev. Mr. Richardson to return to Sherbrooke the coming year which he assented to, subject to the will of conference.

At the communion service yesterday twenty-five persons united with the church on profession of faith.

CHURCH PARADE OF THE 53rd REGIMENT.

The 53rd Regiment, with Brass Band and Bugle Corps, and headed by the Pioneers, paraded to divine service at Plymouth church yesterday, and listened to an eloquent sermon preached by the pastor, Rev. Frank J. Day.

The Regiment, with every man neat and clean and wearing the regulation white gloves, presented a fine appearance on the streets.

The Roman Catholic members paraded to St. Michael's cathedral at 10 a.m. headed by the Bugle Corps, and fell in with their comrades on the march back to the parade ground.

NOTES.

Sergt.-Major MacAllister's hard work is showing good results early in the drill season.

The Bugle Band showed considerable improvement over last year.

The Brass Band, under the able leadership of Bandmaster Hubbard, is up to its usual high standard.

Cold Settles in the Back.

It hits people in a tender spot and makes it mighty hard to brace up. Nervine will take that kink out of your spinal column in short order; it soothes, that's why relief comes so soon. Nervine penetrates, that's why it cures. Five times stronger than ordinary remedies. Nervine can't fail to cure lame back, lumbago, sciatica and neuralgia. Nervine is king over all muscular pain, has no equal and costs 25c per bottle.

REVISION OF THE TARIFF.

It is rumored that the Government have under consideration a revision of the tariff, and the question prevails, judging from the views expressed by the Liberals in the House that there will be some tariff changes when the budget is brought down, but they will not be of a sweeping character. One prominent politician declared that he would not be surprised if the duties were raised upon iron and steel, cottons and woolsens.

The Ottawa Citizen Company, Ltd., has just completed a new six-story fire-proof building, which is one of the finest newspaper buildings in Canada. The building is very handsome and imposing, and is a credit to the Canadian Capital. The Citizen Company has also installed a new three-deck Hoe press with a capacity of 21,000 papers per hour.

Signor Nasi, former Italian minister of Education, was found guilty of continuous speculation while in office.
