## Reign Of Terror In Tenn. Sparked Again By Outside People

CLINTON, Tenn. — (P) — An unruly mob, fired up Friday night by a second outside advocate of segregation, unleashed the worst reign of terror yet on Clinton since its high school was ordered by a court Monday to admit Negro pupils.

Some 1,000 persons milled along Clinton's main street until early this morning, stopping cars, opening car doors, rocking cars up and down on their springs, yelling and chanting.

Mayor W. E. Lewallen asked assistance of the state highway patrol or the National Guard. State officials declined to send in help, but said they would watch the situation closely.

The frenzied crowd ripped ornaments and accessories off cars indiscriminately, and the town's nine police officers were powerless to stop them. Clinton has a population of 4,000, including only a handful of Negroes. No arrests were made.

"We need either the state highway patrol or the National Guard and we need them badly," said Buford Lewallen, lawyer son of the mayor.

"At one time about 200 of them started up to my dad's house," he said. "Police in cars blocked the street and they turned back. They even have threatened to dynamite my father's house."

Two cars bearing obviously frightened Negroes passing through from Ohio and Michigan were stopped, but sped away, doors opened, before the mob forced its way inside.

Despite the tumult, nobody was reported injured. About 1 A.M., after an appeal from a new sheriff who stepped officially into the melee at midnight, the crowd began to disperse.

Glad Woodward, former policeman at the nearby Oak Ridge atomic plant, was sworn in as sheriff to succeed Joe K. Owen at midnight, and he went immediately onto the street and shouted.

"I appeal to you to stop this rocking of cars and go home." The crowd began thinning out soon afterwards.

The mob had been fired to fever pitch earlier in the evening after Asa Carter, head of the North Alabama White Citizens' Council, arrived and loosed a tirade against integration, the United States Supreme Court and the National Association for the Advancement of Colored People.

But nobody moved to stop him, immediately, as they had against John Kasper, 26-year-old segregation exponent from Washington. Kasper, head of the Seaboard White Citizens' Council, was held in contempt of federal court Friday and sentenced to one year in jail.

Federal Judge Robert L. Taylor, who had ordered the high school to integrate, found Kasper guilty of fanning racial tension here this week in violation of a restraining order the

court issued Wednesday. Clinton High is the first state-supported Tennessee high school to mix the races, and twice this week there were incidents of minor violence involving whites and Negroes.

## Report New Clashes In Mid-East

JERUSALEM (P) — Three of the most serious clashes with Israel in months have been reported by Egypt to United Nations truce observers, but the Egyptians appear to be minimizing the outbreak in the news to their own people.

Cairo announcements have played down the Egyptian-Israeli clashes, apparently in an effort to avoid further outbursts on this front while Egypt is preoccupied with the Suez Canal crisis.

Egypt complained to UN truce headquarters here Friday that Israeli raiders have killed 13 Egyptians.

Later the UN truce men found the bodies of two Egyptians killed in the first of the three clashes and reported that footprints to the scene led to and from the Israeli border.

Truce teams are still investigating the other incidents. Egyptian army headquarters in Cairo did not say anything about the border clashes until several hours later. Then its announcement said nothing of Egyptian casualties, but claimed that the Israelis suffered losses and were forced to withdraw. The Cairo communique told vaguely of only two incidents.

The Egyptian complaint to the truce referees followed by a day Israel's charge that two Israeli soldiers were killed and three wounded by a land mine in the Negev desert near the Israeli-Egyptian border.

Canadian National Railways was expecting the heaviest volume of passengers for any Labor Day weekend.

Extra trains and equipment would be put in service on the most popular routes.

The Canadian Pacific Railway also will have extra equipment in service, particularly on the Montreal and Detroit runs.

Air line bookings, too, are heavy and TCA says it will have eight extra flights to New York, Cleveland, Montreal, Winnipeg

**Ready For Bermuda Holiday** — Opposition Leader George Drew cleans and packs his golf clubs before leaving on a three-week holiday in Bermuda with his wife. The vacation was ordered by his doctor as a rest. Mr. Drew said he had been given "a clean bill of health" and felt sure he would lead the Progressive Conservatives in the next federal election.

## Expect Traffic Laden Labor Day Weekend Will Set Travel Record

TORONTO — (P) — Despite rain and generally poor weather during the last few days, travel bookings for the three-day Labor Day holiday weekend are heavy, perhaps the heaviest ever, transport officials said Friday.

All major transportation companies say they will draw on extra equipment to cope with the expected volume.

Canadian National Railways was expecting the heaviest volume of passengers for any Labor Day weekend.

Extra trains and equipment would be put in service on the most popular routes.

The Canadian Pacific Railway also will have extra equipment in service, particularly on the Montreal and Detroit runs.

Air line bookings, too, are heavy and TCA says it will have eight extra flights to New York, Cleveland, Montreal, Winnipeg

## France Boosting Forces As Egyptian Talks Near

CAIRO — (P) — Thousands of French troops today boarded ships for duty in the Mediterranean area while preparations were pushed here for the opening of talks between President Nasser and a five-power committee on the Suez Canal dispute.

The 30,447-ton French troopship Pasteur sailed from Marseille Friday night with 4,300 men bound for Algeria. Twenty-six other ships took on men and equipment at the French port.

There was no official announcement on the troop movement, but it was widely reported in Paris that a number of ships soon will sail for Cyprus.

Britain agreed this week to permit French forces to use Cyprus as a base. An advance French military party already has reached that British Mediterranean island, 250 miles from the Suez Canal.

Other ships at Marseille were known to be under orders for ports in Algeria, where nationalistic rebels have been waging a campaign against French rule.

Both France and Britain have been building up their military forces in the Mediterranean since July 26 when Nasser seized the canal.

The five-power committee headed by Prime Minister Menzies of Australia is to arrive here Sunday to open talks Monday with the Egyptian president. The committee is bringing a Western-sponsored plan backed by 18 of the 22 countries which attended the recent London conference on the canal issue. The plan calls for an international board to operate the canal. The board would be linked to the United Nations and would have Egypt as a member.

The woman, Mrs. Marjorie Carle, 25, was arrested later in the day. Police said she tried to slash her wrists while waiting to be questioned.

She told police that she broadcast the phony distress call while driving with two policemen in their patrol car. She said that several cans of beer were obtained during the ride.

## Governor-General Starts Month Stay At Que. Citadel

QUEBEC (P) — Governor-General Massey arrives here today to begin a month's residence at the Citadel after completing a 500-mile tour of Quebec's Gaspé peninsula.

The five-day tour ended Friday at the Quebec-New Brunswick town of Matapedia, Que. He left there by train Friday night.

While in Gaspé, Mr. Massey visited 13 communities along the coastline.

## Mayor Intervenes In Strike

With Labor Day weekend here, news that there are new developments in the Sheer Silk strike, will come as a welcome relief for those involved.

It was announced this morning that the President of the Sheer Silk Hosiery, Louis A. Gaudreau, has agreed to open negotiations with his employees. However, this sudden change was due to the intervention of Mayor Armand Nadeau, who said yesterday that he interviewed the company president for nearly two hours before any decision was taken.

The Sheer Silk president agreed to open the doors of the plant next Tuesday morning and rehire all employees without discrimination pending the negotiation of a bona fide collective agreement.

Union representatives yesterday accepted the proposal with one condition, that Mayor Nadeau attend the meetings as conciliator. Yesterday marked the 29th day of the strike at the Abenakis st. plant.

## Will This Be You?

GRAND FORKS, N. D. (P) — Christmas music was broadcast Friday by radio station KILQ.

Explained program director John Doyle: It's for the people who'll go out driving this Labor Day weekend and may not be around to hear it at Christmas time."

## This Week's News In Review

**By THE CANADIAN PRESS**  
From the long, narrow Alaska Peninsula, a necklace of islands strings out across the Bering Sea almost all the way to Siberia. There, on one of the chief routes to the Orient, military and commercial aircraft encounter some of the world's dirtiest flying weather.

But atmospheric conditions do not seem to have been the major factor in disaster which overtook a Canadian Pacific Airliner Wednesday night. Bound from Vancouver for Hong Kong, the big ship apparently caught fire and, as the pilot headed for an emergency landing, crashed on tidal flats on bleak Unimak Island off the Alaskan tip.

The passengers aboard included Orientals on long-planned visits to their homelands, clergy bound for the mission field, children returning from Canadian vacations, a Japanese woman diplomat. Fifteen of the 22 persons aboard died. It was CPA's fourth major accident in the last 14 years.

**SUEZ TENSION**  
When the Suez crisis showed signs of simmering down this week, the Egyptians abruptly brought it back to life with one of totalitarianism's time-tested devices, the spy plot. Seven Britons were accused of plotting Dictator Nasser's overthrow. There were the usual "confessions" and promises of "sensational disclosures."

Two of the accused Britons were diplomats and had to leave Egypt. The other five were jailed, Britain retaliated by handing walking papers to two Egyptian officials stationed in London.

On the main issue—who will run the canal—Nasser agreed to hear the case for international control. Robert G. Menzies, Prime Minister of Australia, will head a committee of five in talks with the Egyptian leader in Cairo next week. Washington and Ottawa gave strong backing to Menzies' mission.

One other headline-catching development: the French are sending troops to Cyprus to be near the canal zone in the event military intervention should be necessary.

**CUPID PREVAILS**

In Sheffield, England, 18-year-old Jill West, an attractive, fair-haired girl, was about to marry a 31-year-old Egyptian. All the headlines about arrests of Britons on Egypt seemed to give Jill's parents a golden opportunity to put an end to the match.

They went before the magistrates. But the justice of the peace refused to intervene. Presiding Magistrate G. Pitty wished the couple every happiness when they set up house in Alexandria next month.

**MOSCOW BECKONS HOWE**  
"C. D." may have a chance to match wits with B. and K. in Moscow. An invitation to Trade Minister Howe to visit Russia was extended Wednesday at St. Andrews, N.B., by the visiting Soviet fisheries minister, A. A. Ishkov. Howe said he'd like to go, but wouldn't be able to make it until after the federal election (expected next June).

Ishkov, representative of a country claiming a good share of the "world's largest" meanwhile saw a couple of Canadian world-beaters — the world's largest lobster plant at Deer Island and the world's largest sardine-packing factory at Black's Harbor, N.B.

**CYPRUS REVOLT**  
British authorities in Cyprus produced documents they said proved that Archbishop Makarios, before his exile, personally directed the campaign of terror against British rule. Some British newspapers demanded he be brought to trial.

## Texas School Wants 1 Year Postponement Of Segregation Rule

MANSFIELD, Tex. — (P) — The Mansfield school board voted to try every legal method to postpone the end of segregation for one year after an angry mob Friday barred Negroes from enrolling in its high school.

The mob of more than 300, which broke out of control roughed up photographers and threatened an assistant district attorney, dispersed after the school was closed at noon Friday until Tuesday, when registration will be resumed and classes started.

Two Texas Rangers were sent to Mansfield Friday by Governor Allan Shivers to aid other law-enforcement officers in maintaining order. At the same time Shivers requested that the school board and officials transfer out of the district "any scholastics, white or colored, whose attendance or attempts to attend Mansfield high school would reasonably be calculated to incite violence."

Earlier Friday the full membership of the federal Court of Appeals at Houston, Tex., denied an application from the Mansfield school board for a stay of the integration order.

After Friday's school board meeting, its lawyer, J. A. Gooch said that two possibilities remain:

1. To petition any member of the United States Supreme Court for postponement of the integration order.  
2. To file a petition with the U.S. Supreme Court for a writ of certiorari or review of the rulings handed down in the case by the district and courts.

Shivers said the transfers "should be for the general welfare, to preserve peace and orderly conduct, and not for any other reason."

The Mansfield mob action was the first violence in Texas in connection with public school desegregation. Approximately 70 school districts in the state previously had voluntarily integrated their schools without incident.

Two Negro effigies, one from the school flagpole and another from a street lightpole, hung at the high school of this north Texas town of 1,450 Friday morning as the angry mob assembled. Violence broke out when Assistant District Attorney Grady Hight appeared at the school.

The cursing mob swirled around him before two deputy sheriffs rescued him. A member of the mob grabbed a photographer's

camera, and reporters and other photographers were threatened. No Negro students appeared at the school to register.

## Scholar Dies At Cornish

CORNISH, N. H. — (AP) — Percy MacKaye, poet, Shakespearean scholar and prolific dramatist, died Friday at his summer home. He was 81.

MacKaye continued to write poetry nightly through the final weeks of his life. He suffered from a heart ailment for several years.

MacKaye, son of Shakespearean actor Steele MacKaye, wrote 25 plays that were produced on Broadway, and more than 100 books of poetry, essays and biography.

## World News In Brief

**DETROIT.** — (AP) — Two-year-old Bobby Japonga was strangled Friday when he was pulled partly through the rollers of a washing machine wringer. The boy had been left in the care of his 13-year-old sister, Veronica, who was operating the washing machine. His arms got caught in the wringer when she left the house for a few minutes, and were drawn through the rollers up to his shoulders, pressing his neck against the mangle.

screen and his mail checked, but there will be no interference with his religious duties.

**ARCTIC TOWER**  
100-foot aluminum tower will be built in the Arctic as part of Canada's contribution to the International Geophysical Year which begins next June. The tower, loaded with scientific instruments, will be used in studies of the layer of atmosphere between 10 and 20 miles above the earth's surface. Ordinarily, only the first 10 miles is studied.

Meteorologists say this upper layer has an important effect on the weather we get.

**MONTREAL BLAST**  
A bulldozer's accidental severance of two gas pipes cost the lives of seven persons in the Montreal suburb of Ville La Salle. The earth-moving was digging foundations for a sidewalk. The dead were four members of one family and three of another.

**EDINBURGH FESTIVAL**  
The Stratford, Ont., production of Shakespeare's Henry V was played at the Edinburgh Festival. It drew consistently good reviews from the British critics, who can be terribly tough when something doesn't measure up. The Stratford group was the first Commonwealth company from outside Britain to perform at Edinburgh's annual fete.

Said festival artistic director Robert Ponsonby: "Our invitation to Stratford to come to Edinburgh has been justified 1,000 times."

**CRIME DETECTION**  
Two major crimes were all or partly solved in the New York area. A man was arrested and charged with the kidnapping and murder of month-old Peter Weinberger early in July. The baby's body was found. In the acid blinding of labor writer Victor Riesel, four racketeers were seized as the underworld masterminds of the attempt to silence Riesel.

## Slipped Discus Case Draws Top Attraction Billing In U.K. Press

LONDON. — (AP) — A diplomatic storm over a Soviet discus thrower named Nina and five frilly hats blew the Suez crisis right into the background today.

The affair even obscured the normal Kremlin line of the Communist newspaper Daily Worker, which found itself agreeing with some arch-Conservative papers in ticking off the Russians.

The story, which the press has dubbed the "Case of the Slipped Discus," began Wednesday with the arrest on a shoplifting charge of Russia's red-haired Nina Ponomarova, 168-pound winner of an Olympic gold medal in 1952.

Five feathery little hats in salmon, emerald, royal blue, lilac and rose pink—worth a total of about £2—were involved.

It resulted in the Russians yelling "blackmail" and "dirty provocation" and pulling their entire team of 60 from a Soviet-British track meet scheduled for White City Stadium Friday night.

Nina, who jumped the £5 bail posted by a Soviet embassy official, disappeared. Police kept watch for her at seaports and airfields.

"She is in London of course."

## Today's Chuckle

"A thankful country this is," said Pat, "naming a state after an Irishman."  
Mike looked puzzled.  
"Goodness, man," said Pat, "haven't you heard of that great western state, O'Regon?"

**All About Stamps**

Many Countries will issue special stamps honoring the Olympic Games which will be held in Australia this November. The collecting of these topical stamps can form a most interesting collection. Among the many topics the writer has collected, the most fascinating have been Sports and Children. A real good collection could be made with the stamps, clippings about the games, illustrations and write ups on the various events. And by the way, the first Australian Olympic stamp is not easy to get.

Among the many problems facing the average collector is the identification of stamps. Many times it is extremely difficult to find out whether or not the stamps are common or scarce. First of all, one must possess a good catalog. In Canada we use Scott's generally, although the collector of British Colonials will naturally want Gibbons, and other specialists the catalogs issued in the countries collected. The more one specializes, the better catalogs and hand books he will need. A puzzler to many is the Harding Memorial Issue of the United States, Scott Catalog Numbers, 610, 611, 612 and 613. Printing was done either on the flat bed press, or on the rotary press, the latter consisting of a series of revolving cylinders. In the Scott Catalog we find these stamps listed by the types only. However, if you possess Scott United States Specialized Catalog you will note that the sizes of the stamps are given. The reason for this is given in the Information for Collectors found in both of the Catalogs, rotary press stamps are longer or wider than stamps printed on flat bed presses due to the stretching of the plates in the curving process. The flat bed stamps are 18 1/2 mm. wide, by 22 mm. high; the rotary press stamps are 19 mm. wide, by 22 1/2 mm. high. In the Minkus catalog of the United States we also find that small specks of black color are usually seen on the back of the flat press printings, whereas on the others these specks are almost always absent. I hope that with the above information the readers will find some Harding Memorial Stamps, Perforation 11, of the rotary press printing.

On September 15, Belgium, France, the Federated Republic of Germany, Italy, the Netherlands and Luxembourg, will issue the Europe Stamp. The design will be the same for the countries, except for the country name and currency denomination. The design will feature a building under construction with the stones of the facade forming a large block of letters which spells Europe. Behind the building floats the European flag. This stamp is illustrated.

Ascension is one of the dependencies of St. Helena, the others being Tristan da Cunha, Nightingale, Inaccessible and Gough Islands, the last three are uninhabited. It lies in the South Atlantic Ocean and owes its name to the Portuguese mariner who discovered it, early in the 16th century, on Ascension Day. The area of the island is only 34 square miles, and its population was 168 in 1953, including a total of 120 from St. Helena. There is only one post office, this being located at Georgetown. Stamps may be purchased at the General Post Office in St. Helena. The first stamps were issued in 1922 and were St. Helena stamps overprinted "Ascension".

The writer will always try to answer any questions you may have about the Hobby of Kings and the Kings of Hobbies, so send them along to the Editor.

**Travel Talk Enjoyed By Boundary Rotary**

BEEBE—Dr. L. P. Patterson, of the Montreal Crippled Children's School and the Lake Massawippi Camp for Crippled Children, told the members of the Rotary Club of the Boundary about his recent visit to the East, at the noon meeting of the club, held at the Del Monty Hotel. Vice-president John Poaps presided.

The school system in the Philippines and other islands differs considerably from ours, according to the speaker. A great deal of emphasis is placed on the development of the community where the school is located, and part of the education is teaching the young people about raising fruit, vegetables, and animals as a means of raising the level of living standards.

"Men may differ in the color of their skins, in their political and religious ideas, but they are fundamentally alike," said Dr. Patterson. "It is an enlightening experience to meet with teachers from other lands. You will soon discover that the white race has no monopoly on brains or ability."

"Meeting, talking and coming to an understanding about mutual problems is one of the ways of carrying out Rotary's ideal of increasing understanding and good will among all peoples as a means of working toward world peace."

The speaker was introduced by E. J. Struthers, and thanked for his interesting and inspiring talk by John Poaps.

Visiting Rotarians at the meeting including the speaker, who is a member of the Montreal Club; and Justin Curtis and Forrest Rice, of the Newport Club.

It was announced that there would be no meeting next Monday, Labor Day, the next meeting would be held the following Monday evening, Sept. 10th.

**FULFORD—**

To The Workers Of Quebec, From

**THE HONOURABLE JOHN S. BOURQUE**

MINISTER OF LANDS AND FORESTS AND HYDRAULIC RESOURCES

On this occasion, when tribute is paid to labour, it gives me great pleasure to express my best wishes to all the workers of Sherbrooke County, as well as to those in the Eastern Townships and throughout the province. It is the basis of our life today, the building of our life tomorrow. Complete co-operation results in satisfaction to all concerned.

May each of you receive your full share of the benefits of this happy life in order that there may be throughout the province and the country an era of prosperity and progress for still greater development of the strength of Canada, a proud and important power in the world affairs of today.

These are my greetings and wishes addressed to the workers of this proud Province of Quebec on the occasion of Labour Day, 1956.

# MESSAGE...

Labour Day, 1956, marks another year of Canadian progress. It marks too, the time when we pay tribute to Canada's workers in factories, forests, mines, fields and offices . . . men and women who work with ever-better equipment and techniques to keep our production machine and transportation systems rolling.

It is the Canadian way to give credit where credit is due. Working together, Canadian workers make our country tick. In their productivity lies our country's strength. Our factories, mines and farms...our railroads and airlines...the country-wide activity...constitute the greatest tribute to Labour.

## Seven 'Nevers' Help Fashion Not Only Driver Happy In-Law Relationship

By RUTH MILLETT  
Prime rules for being a first-class mother-in-law:  
Never criticize the person your child married, either to the married child, to your own friends or to other members of the family. When you run down the girl your son married or the man your daughter chose you are also demeaning your own child's choice of a marriage partner.  
Never offer unsolicited advice. It may not be easy to quietly stand by and watch a young couple make what you consider to be mistakes. But you can never be sure that they really are mistakes. Besides, they have a right to make their own errors.  
Never feel that your child's first loyalty should be to you. First loyalty of a husband and wife must be to each other if the marriage is to succeed.  
Never try to force your mar-

ried child to have the same living pattern that worked for you. Each married couple has to decide for themselves what is important to them and how they want to live and do things.  
Never hang around to take sides in a husband-and-wife argument. You can always find business somewhere else if you really want to be a non-interfering mother-in-law.  
Never forget that your own child isn't perfect or expect his marriage partner to suit you in every respect.  
Never compare your sons-in-law or daughters-in-law if you have more than one. Accept the fact that each child probably married the person he or she needed.  
Those are rules that are easier to agree with than to follow. But they will pay off for any woman who has the determination to follow them, no matter what self-restraint it calls for.

## Responsible For Highway Safety

DOLLARTON, B.C. — "Every family looks forward with pleasure to a vacation of motoring together. Let it be a good memory through the team work for safety," says Mrs. Rex Eaton, O.B.E., president of the National Council of Women of Canada, representing more than half a million Canadian women.  
"The men will do more driving than women on long trips but the one who is not driving has a large part to play in safety," she adds.  
In a statement on highway safety, Mrs. Eaton recommends that the rules set out by the National Safety Council, which are based on studies of factors causing accidents and which make sense, be followed:  
"Make sure doors are locked. . . particularly to protect the children, and do keep the children from playing with the door handles or push buttons;  
"Children get tired and are apt to disturb the driver by their noise or even by leaning against him. Try to distract them with games for the car or stories related to the trip;  
"Sometimes a cold, sweet drink from a thermos will help the situation;  
"Keep the front and back windows free of dangling ornaments and parcels interfering with rear vision mirrors;  
"Insist on coffee breaks every two hours at least, and walk around for a little while;  
"Psychologists tell us that an angry person is accident prone. For safety's sake keep the conversation agreeable while en route.  
"Accidents frequently spoil a holiday so remove some of the dangers of driving in heavy traffic."

## Mariages

#### DUMOULIN-LIBBY

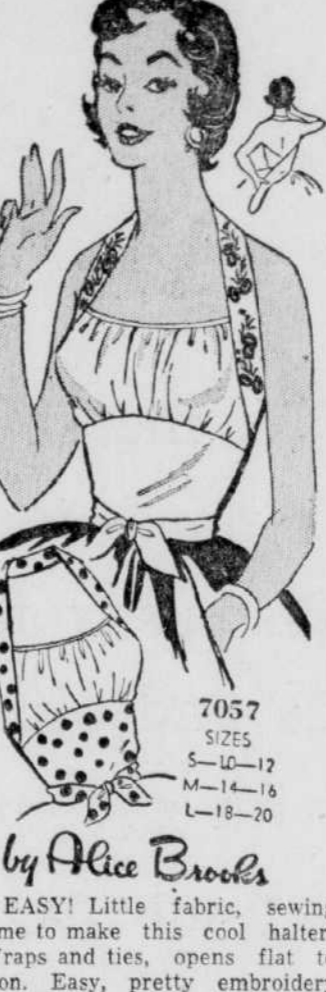

ST. CATHARINES, Ont. — The First United Church was the scene of a pretty wedding recently when Miss Neta Libby, daughter of Mr. and Mrs. Clair Libby, of Ayer's Cliff, Que., was united in marriage to Mr. Andre Dumoulin, son of Mr. Fred Dumoulin, of St. Catharines, Ont., the Rev. Graham Barr, formerly of Ayer's Cliff, officiating.  
The bride, given in marriage by her father, wore a slipper length dress of white net and lace with a fingertip length veil of tulle illusion. Her bouquet was of American Beauty roses and white lilies.  
Miss Mary Scatoo and Miss Cidella Addain, as bridesmaids, were dressed alike in mauve lace gowns and carried bouquets of yellow baby 'mums.  
The best man was a brother-in-law of the groom and the ushers were Messrs. Dumoulin brothers.  
The bride's mother, Mrs. Libby, wore a navy blue bengaline frock with pink hat and accessories, and a corsage of pink carnations.  
Mrs. Dumoulin, mother of the bridegroom, was wearing a gown of Elizabeth blue nylon with a white hat and accessories and a corsage of red roses.  
The reception was held in the Esquire Hotel, after which Mr. and Mrs. Dumoulin left for a wedding trip to Buffalo, N.Y., the bride travelling in a navy blue suit with pink hat and accessories and a corsage of pink roses.  
Out of town guests were from Ayer's Cliff, Lennoxville, Bailieboro and Hamilton, Ont.  
Mr. and Mrs. Dumoulin will reside at 9 Valley Road, St. Catharines, Ont.

veil was held in place by a nylon crown and she wore a corsage of white baby 'mums.  
Mrs. L. Stalker, twin sister of the bride, as matron of honor, also wore a dress of yellow lace over nylon net with matching bolero. She wore a crown of daisies on her head and a corsage of white baby 'mums.  
Mr. Carl Corey acted as best man for his brother.  
The bride's mother wore an aqua dress with white accessories and a corsage of white 'mums.  
The mother of the bridegroom wore a pale blue dress with navy accessories and a corsage of white 'mums.  
The reception was held at the home of the bride's parents, in Waterville.  
Out of town guests were from North Hatley, Milby, Way's Mills, Hatley and Kingscroft.

## Homemaking

Brush loaves of bread with soft butter after baking to give a tender crust.  
One-dish meals, oven meals, meals from canned foods, company meals from an emergency shelf or meals from the freezer are some of the ways homemakers save time in cooking over 1,000 meals a year.  
Infants who receive meat in their diet get only half as many colds as those who do not.  
Prune surprise: shape pieces of rolled-out biscuit dough around pitted, cooked prunes; roll in melted butter and cinnamon sugar and bake in hot oven.  
Refreshing beverage: combine a brown flecked banana with a chilled 12-ounce can of apricot whole fruit nectar in the electric blender.  
Salad greens may be dressed up with chunks of ripe olives and unpeeled red apple. The dressing for this is half mayonnaise and half french dressing.

FIRST SHOWING OF THE PRODUCTS OF KIDDIES' FURNITURE BY COLUMBIA REG'D  
The first showing of the "kiddy size" furniture manufactured by one of Sherbrooke's newest industries, took place at the New Sherbrooke Hotel on Friday. Leo Cadorette, Centre Ward alderman, addressed those present, congratulating the two young Sherbrooke men, Ned Massina and Denis Moreau, who own this business. He continued to say that their enterprise has probably given Sherbrooke a manufacturing concern that will become quite important in the future, and certainly fills a need, as a demand for their products is developing, not only in the Eastern Townships, but all over the province. This is the only business of its kind in Quebec.  
Alderman Cadorette concluded by saying that this furniture would certainly gain wide acceptance in our district because of the fine workmanship and the fact that local materials were being used. Local tradesmen, of course, are being employed.  
M. Robichaud, assistant industrial commissioner in the Quebec ministry of Trade and Commerce, attended the showing.  
The first showing of the products of Kiddies' Furniture by Columbia Reg'd has taken place, and we feel sure that this is but the beginning of a successful Eastern Townships venture.

# Over 10,000 Local Children Resume Classes Next Week

## Increased Parent Interest In Education Seen Recently

School opens next week for over 10,000 children in Sherbrooke and Lennoxville. French-speaking children will flock back to 35 schools in the city on Tuesday while the following day five protestant schools will open their doors for another school year.

With children back in school it also means that administrators and teachers will have their share of work cut out for them. But perhaps the most important fact which can be pointed out concerns the parents. Never before have parents shown more concern about school conditions or the subjects which their children learn in school. All in all, never has there been so much attention focused on child, educator and school.

School problems have been growing steadily for the past decade and at last interest in the schools is beginning to catch up. During the past year that interest reached an all-time high and indications are that citizen concern over the schools will continue to be an active force in school improvement for years to come.

### ULVERTON—

Mrs. Frederick Smith and Miss Vivian Harriman have returned home, after spending five days at Camp McCally, Ont. A car and truck collision on the Proulx road sent Mrs. Marjory Dobb, of South Durham, formerly of this place, to Ste. Croix Hospital, Drummondville. Mr. and Mrs. A. Mace, Sr., accompanied Mr. and Mrs. Percy Mace to Granby, where they were guests of relatives.

In less than a week thousands of new pupils will pour into classrooms as beginners. If the present trend is maintained schools will become more crowded every year. Along with this, fewer than ever before will be dropping from school at an early age, stimulated by the universal need for trained adults and by the encouragement of their parents to seek continuance of their education in college and universities.

An apple for the teacher and a new school jumper that is the apple of a little girl's eye as well as pretty and practical. A washable, hard-wearing blend of acetate and viscose, the fabric, is in gay plaid design. Narrow washable velvet ribbon is used to trim the full skirt and the neckline of the prim bodice.

Administrators of the school systems throughout Canada have been working miracles in advance of the term opening. In some instances classrooms and teaching staffs have been extended, with new courses being added, in order to take care of the educational requirements which have been rapidly expanding.

While school administrators point to the immediate problem created by the opening of the fall term, they declare that because of such factors as classroom shortages and the lack of sufficient number of teachers, it is important that parents undertake very early the task of preparing their children mentally and physically for their return to school.

In the opinion of many authorities, more can be done to help children advance along the road of learning during the weeks preceding the opening of school than can usually be accomplished on a hit-and-miss basis later.

Parents have to prepare their children emotionally and physically for school. The modern methods of teaching have made school much more interesting for children today. The opportunity of making new friends or renewing old friendships, should be encouraged so that the child will

### UPPER MELBOURNE—

Mr. and Mrs. G. Dupont and family, of Ste. Therese de Blainville, spent the week-end with their mother and sister, Mrs. Dupont and Mrs. L. Lucas, and Mr. Lucas.

Mr. and Mrs. J. Chapman and son David, were guests of Mr. and Mrs. L. P. Murphy and family. Mrs. Murphy and Miss Lorraine Murphy attended the Lebeau-Bertrand wedding in Richmond.

Miss Shirley Armstrong has returned home after spending two months at the home of Mr. and Mrs. Leslie Lynch and family.

Mr. and Mrs. George Dalton, Mrs. H. Armstrong and Mrs. L. P. Murphy attended the shower for Miss Muriel Lyster at the home of Mr. and Mrs. Guy Frank

look forward eagerly to the coming school year.

The most important phase of the plan is to get the child off to the right start. And this year, significant advances and trends have been developed to make the task easier for parents.

Undiscovered physical defects or illness can make school a chore for the child and result in a lack of interest in studies. It is important therefore, that the child have a complete check-up before starting school.

Especially welcome during an era when overcrowding of schools is inevitable is the progress that has been made toward conquering polio. Most dread of all diseases to which school children are susceptible, polio is no longer such a fear since the advent of Salk vaccine.

A great eagerness on the part of children to return to school has been growing apace to help parents stimulate the proper

mental approach. In grade schools, the trend in part is to the newer teaching methods used to make classes more interesting, while among high school and college children, the trend credited to the awareness of the mounting need for better educated personnel in all walks of life upon completion of schooling.

Today, as always, there is widespread criticism of the manner in which schools are operated, but before anyone joins in this criticism he must be sure of his facts. Only the well informed parent can be the wise one. And wise parents further encourage their children once they are in school by participating in adult school conferences, by belonging to the Home and School Associations, by attending parent's nights and special occasions of open house in the classrooms and by taking definite and active interest in school sports.

By and large school people form a devoted group, anxious to see that every child get the most out of his school life and that he develops into the best kind of person he can. But only with every parent's help is this possible.

### SUTTON—

Mrs. L. A. Royea, who came

to Canada when a girl from England and spent the most of her life in Sutton, passed away at the B. M. P. Hospital in her 65th year. Rev. Brett conducted the funeral service in Grace Anglican Church, and the interment was in the family lot of the Sweet Cemetery at Sutton Junction.

er read the bible lesson. Mrs. Gilchrist reported a box weighing 65 pounds had been sent to Toronto for United Church overseas relief. Three bills on hand were voted paid. Mrs. L. Driver and Mrs. Gilchrist gave a report of the manse meeting held at Ulverton. Plans were discussed for the chicken pie supper to be held on Wednesday, September 19. A supper committee was chosen and three ladies volunteered to take charge of tables.

Mrs. G. Beers, W.M.S. president, conducted the meeting when the community friendship secretary reported 17 cards sent to sick and shut-ins, four hospital calls and eight local made since last meeting. Moving pictures are to be shown in the United Church Hall on Tuesday evening, August 28, when a silver collection will be taken for the benefit of the W.M.S.

Mrs. Minnie Solomon, of Richmond, has offered her home for the September meeting. Articles donated by Mrs. L. Driver were auctioned by Mrs. W. Adamson and netted \$2.36. Mrs. C. Taber's name was drawn for next month's donation. Mrs. Cecil Johnston presided at the piano for both meetings.

Dear L'il Abner Readers: Do you like the Republican and Democratic candidates? Of course you do! You don't want them to be humiliated by being licked by Bullmoose in the election. Here's how to spare them this shame:

- If you are subnormal, have criminal tendencies, or are against progress, write me a letter saying you don't want me for President, on the deep freeze.
- I will count these few miserable letters, and deduct the paltry total from the mass of fine, thinking Americans who I am sure, will express their preference for President in the usual way... by not doing anything.
- I will then show the other two candidates the results. They can then withdraw, and avoid bitter humiliation on election morning.

**ATHLETICS HOME TO TROIS RIVIERES MONDAY**

The Sherbrooke Athletics will make a bid for their second victory in the Q.R.F.U. here Monday afternoon when they will be hosts to Trois Rivieres in a scheduled fixture at the Park Avenue Stadium. The kickoff is booked for 2:00.

Coach Berwick has been working hard this week in an attempt to get his squad in top form. Two newcomers have joined the team in Pete Baird and Jim Fearnley and their addition will give the Athletics added strength in the backfield.

They both have experience and will no doubt prove a big asset to the team. Jean-Paul Chicoine, one of the regular line-men, will be out of action for at least two weeks with pulled muscles. The absence of the 265-pound tackle will leave a big hole to fill on the front wall.

The Athletics are holding a workout this afternoon at 2:00 and Coach Berwick will brush up the final details before they square off against the strong squad from Trois Rivieres. All players are asked to be on hand for this final practice.

The visitors pack plenty of punch and experience. They have added some very outstanding players from Montreal. Jim Chambers, who performed in the league before moving out West is back and is one who will bear watching.

It seems that when the schedule was drawn up a "gentlemen's agreement" was reached in that each club would use only six imports but it seems that the Trois Rivieres management has forgotten all about it. It looks as though they are following the footsteps of their baseball team a few years back which eventually resulted in the folding of the Provincial Baseball League.

The Athletics surprised everybody with their opening win over the highly favored Quebec Bulldogs and we think that Monday they may give the visitors a tough battle before the contest is over. A bunch of stars, on paper, always look good but on the field they must work as a well-oiled team or their efforts are wasted.

Coach Berwick's crew certainly has plenty of team spirit and that played a big factor in their win over the Bulldogs. The club is comprised of local players and even though they lack the experience of their new opponents we figure they will give a good account of themselves. So don't forget Monday afternoon at 2:00. Come up and give our boys a helping hand.

The National League race is certainly turning into a stretch drive with Milwaukee, Brooklyn and Cincinnati holding the spotlight. This weekend will play a big part in the pennant battle.

A few wins, or losses, could be very disastrous to any of the leaders. The Braves are holding a slim two-game advantage over the Dodgers with the Redlegs trailing in third, three of the pace.

In the American it looks like the Yankees the whole way. They are enjoying an eight-game advantage over the second-place Indians with the White Sox in third and the faltering Red Sox down in fourth. Swinging into the final stretch it looks as though the Yankees will repeat with Mickey Mantle slugging away at Babe Ruth's home-run mark.

Manager Casey Stengel thinks his star outfielder won't make it as he figures things will be tough from now on in. With his present number of 46 he is five games up on the Bambino's record-60 pace back in 1927. No doubt everybody will sit back and watch things roll down the stretch wondering if the famous switch-hitter will make it or not.

St. Pat's Old Boys sponsored White Sox wrapped up the Little League championship this week and are the new titlists in the Ted Anderson loop. Coaches Gerry Daniels and Charlie Clark did a wonderful job with the youngsters and deserve a lot of credit for their untiring efforts.

This afternoon two games are on tap at the Parade Grounds and this will bring the 1956 season to a close. It was a very successful one all around and the various service clubs who sponsored teams in the five-club circuit should be very proud of the accomplishments obtained.

President Ted Anderson and his executive put in a lot of work but on the other hand the success obtained really pays for it all. It is quite a problem keeping the ball rolling and it takes people interested in it to give all the required time. Everyone did their share and on behalf of the kids who played we wish to pass on a hearty vote of thanks to the Rotary, Lions, Kiwanis, Sherbrooke and Lennoxville Optimist Clubs and St. Pat's Old Boys for making it possible for them to play.

Another angle seems to have developed on the Sugar Ray Robinson and International Boxing Club debate. Marv Jensen, Gene Fullmer's manager, has stepped into the picture. He claims the champ and the IBC are stalling and unless something is done soon they can forget all about a Robinson-Fullmer bout.

Sugar Ray is demanding a bigger cut and President Norris is holding off. So maybe the bout will not take place after all. One thing certain if it does it will be where the champ wants it and not Norris.

See where Lt. Ed Warner of the Sherbrooke Regiment came up with an outstanding feat in a .303 rifle match at Mansonville last week. He put every one of his seven shots in the bull at 200, 500 and 600 yards. In shooting circles this compares to a hole-in-one or a no-hit-no-run game. It has only been accomplished once by a Quebec marksman since before the war.

Ed had a little tough luck in the DRA shoot at Ottawa when he was ruled out because he took too much time after posting the top score. But even with this Ed has proven to be one of the better shots in Canada and at Bilsley he held his own with the best of them. We understand he has missed out on the Olympic team as only two are going and he is third which is a shame.

It seems to us that Canada has missed the boat by not including one of the better shots in the world. He has proven himself in tough competition abroad and would stand a good chance of winning a gold medal for the country. After reading the results of the track and field contestants, where only a few met the standards set, we think it would be better to include one who could win a gold medal than someone who will finish out of the running. Just a little thought for our Olympic selection committee.

Anyway Ed, no matter what happens they can't take away your records. They are there for others to pot away at. Congratulations for your wonderful shooting and all the credit which you have brought to the Sherbrooke Regiment.

**Roger Becker, England's No. One Tennis Player, Is Ordered Home To Face Charges Of Insubordination**

FOREST HILLS, N.Y. (AP) — England's No. 1 tennis player, Roger Becker, was ordered home by the British Lawn Tennis Association Friday for a series of incidents said to constitute "insubordination."

The 22-year-old Davis Cup star said he planned to return to England after the U. S. national tennis championships, now in progress, and "face my medicine." "I am not bitter about the matter—just disappointed," Becker said.

The English ace plays Canada's Lorne Main in one of the feature matches in the tournament, opening today after a rainout Friday.

Becker said his troubles with the BLTA stemmed from an incident at the intercountry matches last month at Surrey, England. "I was supposed to represent my county, Surrey, in the

**Semi-Finals In Richmond Loop Tomorrow At 1.30**

RICHMOND — The semi-finals of the Richmond Softball League will continue tomorrow afternoon with the first game slated for 1:30.

Coach 'Tuff' Gregory's Legionnaires will meet Bert Boucher's Brown Shoe squad in the third game of their best-of-three series. Each has won a game and tomorrow's tilt will be a sudden-death as far as either team is concerned, winner meets Flory Maguire's Molson men next Sunday.

The second tilt of the twin-bill has Dow meeting Bell Telephone in the third game of a best-of-five series. Dow leads the telephone crew two games to none. The Spence crew, now under Bob Pariseau, will have to win Sunday to keep in the running for the finals. Coach Romeo Carrier says he is confident in ending the series this Sunday.

**American Hockey Team To Play In Moscow Next Feb.**

FITCHBURG, Mass. — (AP) — A schedule of American and European exhibition games for the United States entry in the 1957 world hockey championships at Moscow was announced Friday by team manager Jack Mately.

He said the team will leave for Europe after a 28-day tour of American cities starting Jan. 1. On the continent, the team will play exhibition games in the Netherlands, Switzerland and Germany.

Mately said the team will play two exhibition games in Moscow with the Russian world title-holders before the start of the championships Feb. 21.

After a tour of Scandinavian countries, the Americans are scheduled to play exhibition games in Paris and London before returning to the U. S.

The team manager said practice sessions for prospective players will start at Boston Oct. 1. The team will be cut to 17 players before moving to a Lewiston, Me., training camp.

**Hungary Not To Defend Soccer Titles At Games**

ZURICH, Switzerland. — (AP) — Hungary gave notice Friday it will not defend its Olympic soccer title at the Melbourne games.

The Hungarian withdrawal was announced on the eve of the draw for the 16-nation final at Melbourne. There was no explanation for the move. International soccer officials said it was believed to be due to internal dissension in the Hungarian Soccer Association.

The Olympic committee of the International Soccer Federation is expected to pick another nation today to replace Hungary before beginning the draw.

**Rough Riders Cut Four From Club Roster**

OTTAWA — Ottawa Rough Riders of the Big Four Friday cut four players, two of them imports.

Americans released were guard Pat Cannamela, a graduate of University of Southern California, and halfback Tirrel Burton from Miami University of Ohio.

The Canadians let go were halfbacks Gary Williams, purchased from Hamilton Panthers, and Mike Maruska from the 1955 edition of the Riders.

**Dutch Olympic Squad Arrives At Melbourne**

MELBOURNE — (AP) — The advance guard of the Dutch Olympic team arrives in Victoria today after setting the first record of the 1956 Games — no other athletes will have walked further to get to the scene of the action.

Swimmer Win de Vries and bananaweight boxer Rick Teters docked in Fremantle six weeks ago after working their sea passage to Australia. They then set out to hitch hike the remaining 2,000 miles to Melbourne, crossing some of the most desolate desert country in the world.

Six days ago they tramped into Adelaide, the capital of South Australia, some 466 miles from the Olympic city. Today, they're due in Victoria with their chances of reaching Melbourne the same day depending on the luck of the road.

Both men will work here prior to the Games and will join the Dutch team as soon as it arrives. De Vries is to swim in the 100 metres, the 400 metres and the relays. Teters is reckoned to have a good chance in boxing.

**Sam Echeverry Pitches Montreal Alouettes To 42-10 Victory Over Ottawa Rough Riders; Coulter Stars**

OTTAWA — The clear eye and powerful passing of Sam "the Rifle" Echeverry shooed Montreal Alouettes to a 42-10 triumph over Ottawa, humiliating the Rough Riders in their first Big Four home game Friday night at Lansdowne Park before a record 17,870 fans.

The brilliant Montreal quarterback, who got his lumps occasionally from a fired-up but spotty Ottawa line, had pass catchers running through the Riders in all directions, although only two of six Alouette touchdowns came on his throws. He carried the ball across for one himself. For the night Echeverry completed 24 of 29 pass attempts for 393 yards.

Bruce Coulter, who came in to give Sam a rest, completed four more boosting Montreal's total to 435 yards through the air.

The game drew the biggest crowd since an Ottawa meeting with Toronto Argonauts here in 1950 attracted 16,590.

Avatus Stone kicked a single over the deadline to open the first quarter. Several times Rider linemen broke through to smear Sam for losses. But they couldn't keep him down.

Halway through the first quarter he pitched the Als to the Riders' goal line and then sailed an easy eight-yard pass to half-back George Brancato to get Montreal moving toward its huge victory.

Halfback Bob Pascal plunged over from close out for two Montreal touchdowns, one after Marty Martinello blocked Stone's kick at Ottawa's three-yard line. Sam tossed a long one to Joey Pal lurking unprotected on the right side for another. The play went 56 yards. Bill Tomesusso scored the other.

Kicker Bud Korchak converted four of the six touchdowns and booted a single for five points. Tex Coulter also kicked a single.

The Rough Riders, whose season-opening victory over Hamilton Tiger-Cats had excited new interest in capital football fans, scored their only touchdown in the first quarter.

Halfback Don Pinney took a pass from Hal Leyard in the end zone. Stone kicked the convert and added two more singles later in the game to add to his early-game boot to the Montreal deadline.

**Ed Mathews Leads Milwaukee Braves To Doubleheader Sweep Over Cards; Dodgers, Redlegs Wins; Mantle's 47th**

Ed Mathews, Milwaukee's slumbering thumper, finally is laying the wood to the ball, and the Braves have picked up the heat to gain a fast start in what may prove a suicide week-end for National League pennant contenders.

Mathews, a 24-year-old left-hander slugger who had only 20 home runs at the start of August, snapped his wrists for power and base hits Friday night, socking his 34th home run — 14th for the month — and driving in five runs as the Braves swept a twilight doubleheader from St. Louis, 6-5 and 5-3.

The Braves, carried to 11 innings before putting the opener away, gained a 2½-game lead with the sweep while second place Brooklyn was defeating the New York Giants 7-3. Cincinnati's persistent Redlegs came from behind with two ninth-inning runs to defeat the Chicago Cubs 4-3, and still slipped 3½ games off the lead.

Pittsburgh defeated Philadelphia 6-3.

In the American League, Washington's Jim Lemon out-homered Mickey Mantle 3-to-1, but the Mick's shot was his 47th and broke up a tie game as New York Yankees defeated the Senators 6-4. Second place Cleveland slipped 8½ games behind the Yanks, as the Chicago White Sox, held to one hit for nine innings by Early Wynn, defeated the Injuns 1-0 in a 10-inning nightcap after losing the twilight opener 3-2.

Al Kaline's five runs batted in and the three-single pitching of Paul Foytack gave Detroit a 6-1 decision over Kansas City. Four Baltimore home runs smashed Boston 13-6.

Mathews' unloaded his homer with two on for a 5-4 Milwaukee

lead in the seventh inning of the opener. Stan Musial's 23rd homer tied it in the ninth, but the Braves finally grabbed it as Andy Pafko doubled in the 11th and scored on Jack Dittmer's single.

The Braves, who open a four-game set with Cincinnati in a Labor Day doubleheader, pounded 13 hits in the nightcap. Mathews had four in a row.

Mantle's home run, a solo shot, came in the seventh and left him four games up on Babe Ruth's record 60 pace. By then Lemon had driven in all the Washington runs, tagging lefty Whitey Ford for his 24th, 25th and 26th home runs — the first three-in-one game job ever by a Senator in Griffith Stadium and the first there since Yankee Joe DiMaggio did it in 1930. Tom Morgan, nailing Ford's 15th victory, fanned Lemon in the eighth.

**Lumsdon - Park Swim Cancelled**

TORONTO. — (CP) — Plans for a race between Cliff Lumsdon, 25, of Toronto and Tom Park, 32, of Marineland, Calif., were cancelled Friday when a doctor frowned on the subject.

Both men were defeated Monday in an attempt to swim across 32-mile Lake Ontario in a race for \$27,500. Park lasted 10 hours and finished 10 miles from success; Lumsdon folded after 5½ hours, having covered 10 miles. Park got \$5,000, Lumsdon \$500.

Dr. Richard L. Hughes said Friday Lumsdon is not in shape for such a race, sponsored by the Toronto Star with a \$1,500 prize.

**Indian File To Be Used In Main Events; Seven Starters In "CC" Pace Tomorrow; Post Time 8.00**

The Sherbrooke Racing Club will return to their usual policy this weekend following a week of racing during the Sherbrooke Fair. Tonight and tomorrow evening nine races are slated on the agenda. Post time is 8:00.

Seven starters are listed in the "C" Pace tonight with Dave Adam, The Grey Goose, Captain Brook G and Herbie Direct are the horses to beat in the class. The other three are Mabel E. Brooke, Brooke C and the age Colonel Wilkins.

Tomorrow the entries in the main event, the "CC" Pace, will start in Indian File while tonight's "C" Pace will get away from the gate in the same manner. Sturdy Allie has number one position with Maryland Lady in second and Coombs' Truzy Volo following in third. The top favorite Amedee Beaudoin's Direct Harvester will start in number six while Lucky G has drawn five and Coombs' other entry Clever Volo, will start at the end of the field.

Laporte's Sturdy Allie copped one heat on Thursday while Direct Harvester took the other. Lucky G. finished in second spot twice to win the Hiram Walker trophy and therefore should command plenty of attention during the race.

Fabi's General Gallon just couldn't do anything in the mud on Thursday but it is expected that he will give plenty of trouble to the field if the oval dries out. He will pull away from the fourth slot in the seven-horse field.

The first two races, for the double, will see seven horses getting away in each class and the pickers may have a little trouble in making their selections. Both are "D" Paces and are pretty well balanced.

**CARS ARE MY LINE!**  
by T. H. FOX

I was showing a lady a new car the other day and after we had run it around town a bit I asked if she'd like to see how easily it swung in for parking. She did, and parked it very nicely too (I never have believed most of those women drivers' stories).

But I noticed that after she had crammed it into a tiny little space she pulled the wheels around to straight ahead again. Just one of those little habits of neatness that women usually have, I guess, but I've noticed that's the way a lot of people park, and I've often wondered why.

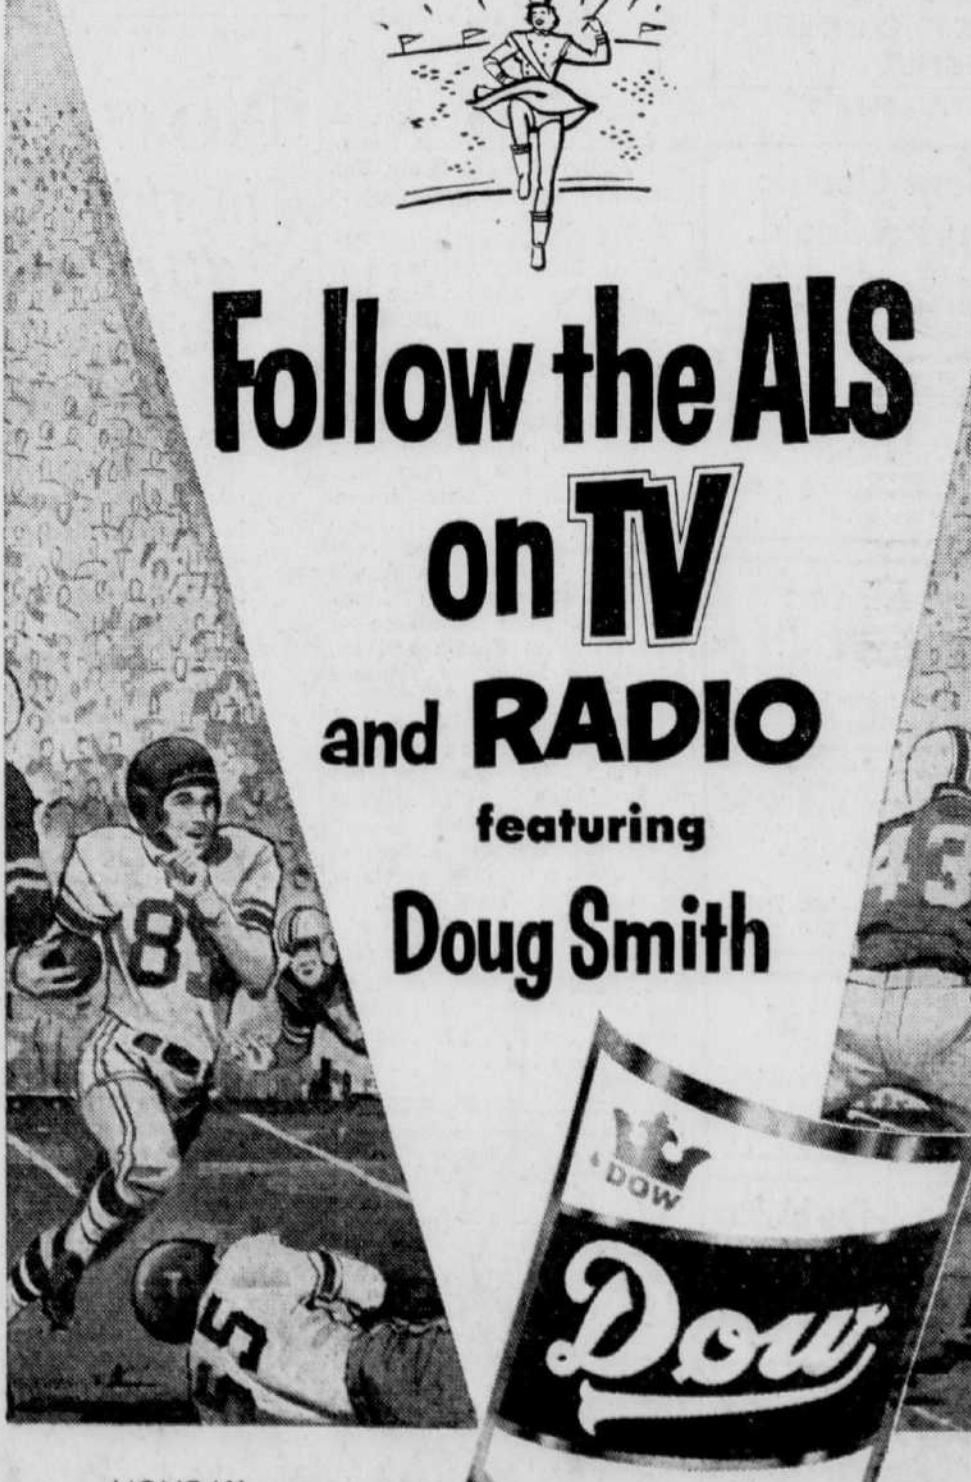

It's much easier to leave the wheels the way they were when you came in, then the car is sure to pull out easily along the same route when you leave.

This wouldn't apply to hills of course. But another place it would apply would be in the garage at home. I've seen lots of friends struggle into a tight garage that needs a tricky turn to get into, then they straighten out the wheels. If they'd leave them the way they were the car would practically back itself out in the morning.

If you've got power steering you can ignore all this, or remember it to remind your less fortunate friends. And, surprisingly enough, power steering is not for the lazy rich. Lazy poor people can have it too, as an option on new cars that's not as much as you'd think, or on many of the newer used cars we've got on the lot.

This point illustrates one of the great advantages of used car buying at a place like ours. We, at Foxbrooke Motors, handle a large number of cars from recent years with many of the luxury features that you might find too expensive to add to a new car. So, in a sense, when you buy a high-class used car you CAN have your cake and eat it too.
