New Port of Blackpool Near Hemmingford Officially Opened on Thursday

The Largest of Its Kind in Eastern Canada — Modern in Every Respect

An event of great importance took place on Thursday, October 6th, at Blackpool, St. Bernard de Lacolle, southeast of Hemmingford, on Highway No. 9. The event was the opening of a new port of entry on the borders of the countries, Canada and the United States, by the Department of National Revenue of the Federal Government of Canada. The port on the States side of the border is Champlain, while the one on the Canadian side will be known as Blackpool.

The new port is on a direct route from Montreal via the Mercier Bridge to Champlain and New York and known as No. 9 Highway, a new super highway that makes a wonderful approach. The route has been in use for some time, but until the opening involved a detour via Henrysburg to Champlain, N.Y. The port is a really magnificent and imposing construction of cement and stone and cost $780,000 to build. On the incoming side there are ten laneways for the traffic and on the outgoing there are four. The immigration offices are at the end facing the United States while the customs officers are at the end facing Canada. Between the two sets of offices is a long cement canopy covered stretch where cars may be brought alongside a causeway and luggage and other articles can be examined.

An entirely new and modern method of handling travellers through the port is used at this point and only a very few other ports are using the system. The Immigration officers are the first to interview the travellers or tourists and that is why their office is at the incoming end. After being passed by the immigration officers, the customs inspection follows and if necessary to go to the office for payment of duty or other reasons, this is found at the opposite end as one leaves the port to enter Canada. This method facilitates the passing of the inspections and gets travellers on their way faster and without undue delays or overlapping.

The Highway after passing through the port to the American side connects with what was known as the Mohawk Trail and the American government has built a new building on their side of the line, although not such an imposing one as the Canadian port. Both are in sight of one another and the International Boundary Line passing between the two by just a very few hundred feet on each side. The line is marked by stone posts marked international boundary.

On this day of opening a special platform had been erected and it was placed in such position that is divided in the centre right on the boundary line. On the one half was the bunting of Canada and on the other half that of the United States. It in turn was set in the centre of the International line posts. When the speakers were arranged on the platform Canadians were on their side and Americans on their side, but the speakers spoke from a central rostrum. Such a setting showed that much attention had been paid to detail.

The construction of the port was in the hands of J. J. Shae & Co. Ltd., contractors. Mr. George Simpson was supervisor of works for the Dept. of Public Works, Ottawa.

The customs office is the larger of the two buildings and consists of a main office occupying most of the ground floor, with a private office for the superintendent. A counter is arranged in a semi-circle for the convenience of travellers doing business and the usual office fittings comprise the balance. The floors are covered with green linoleum and the fittings are painted in harmonizing shades with metal trim. On the upper floor is the men's search room and the women's search room; the staff dining room and kitchen; toilet and lavatory facilities, cupboards, etc. Mr. A. U. Paré, superintendent Grade 3, will be in charge of the customs at the port and Mr Robert Lamour will be his deputy. It is not certain at this time, but it is expected that the staff will number 45 during the summer months and 19 during the winter months.

At the old port as many as 4,000 cars were handled on Sundays and up to 7,000 on Labour Day.

The immigration offices are along similar lines to that of the customs but on a smaller scale. The main office occupies about half of ground floor and is equipped with a counter and other fittings similar to those in the other building. There is the supervisor's office on one side and the Secondary Examination room on the other side. The latter is used when necessary to examine persons applying for entry to Canada through this point. On the upper floor is the detention room which contains two bunks equipped with mattresses and blankets and toilet and wash bowl. Staff washrooms, staff dining room equipped with cupboards, etc., general records and storage room. Green linoleum covers all the floors and metal trim is used on the counters and fittings.

The staff of the immigration office during the summer will be nine inspectors from 8 a.m. until 5 p.m. and eight inspectors until midnight. From midnight until 8 a.m. at least two inspectors will be on duty. At the week-ends more will be added if required. The supervisor will be on duty from 9 a.m. until 5 p.m. both winter and summer. During the winter months the staff will likely be cut about fifty percent. Mr. Q. J. Delaney will be the inspector in charge and W. L. Dawson will be the administrative officer.

The new port is the largest one in Eastern Canada and ranks well for first place in all Canada. Besides the buildings already constructed, there is another one under construction which when completed will be the warehouse for truck inspections and a bus terminal. $300,000 has been voted for the cost of this construction, but no definite decision has been reached as to when this will be completed.

Some idea of the business transacted through ports in the area can be gained by a look at the following figures: In 1948, 194,000 cars passed through the Henrysburg port of entry. Between the three ports of Cantic, Lacolle and Henrysburg, $9,000,000 were collected in duties in 1948 and this figure has already been surpassed in 1949. Immigration officers presently employed at the three ports number 48 and the Customs 141, including 11 women.

Blackpool is not a new name, for the Gleaner was informed that this name appears in the railway guides, but it is new to many people here and will certainly become more familiar as time goes on and more and more people use this way of entering the States or vice-versa.

W.C.T.U. Autumn Rally Held At Ormstown on Thursday

Prizes Again to be Awarded in Education Campaign — Several Interesting Speakers Heard

The Autumn Rally of Chateauguay-Huntingdon County Women's Christian Temperance Union was held in MacDougall Hall, Ormstown, on Thursday, Oct. 6th. There was a good representation from the various Unions throughout the County.

Mrs. Marion Reese, County President, presided. The opening worship service was conducted by Mrs. T. A Wilson of Ormstown Union.

The President welcomed the delegates and visitors. The acting Secretary read the minutes of last Convention. Mrs. R. Stencil, Provincial President of Lachine who was the guest of the day, was introduced and being made a member of Convention added greatly to the help of the various matters under discussion. The Treasurer, Miss Elsie Elder, gave the financial statement, showing a substantial balance of $72.45. A letter of sincere appreciation was read at this point, for gift parcel which had been forwarded to England by the County and the Treasurer was authorized to purchase and prepare another one to be sent to the same source before Christmas.

The Unions decided to again contribute to the Love Gifts for Tidings, the sum of $5.00 to go towards this from each Union. The county also voted the same amount toward this worthy project. Mrs. Robert Beattie, Tidings Supt., urged that more subscriptions be secured, as this was an excellent source of first hand information.

It was again decided to appropriate $25.00 as usual for prizes in the annual Educational Campaign.

Verbal reports were given by the Superintendants of various departments who were present and interesting discussion followed.

Mrs. Alfred Greig, (Anti-Gambling and Moral Education) referred to the proposed Lottery in our Province. It was decided that letters be sent our local member and Premier Duplessis, protesting the adoption of this policy and that a letter be sent the Gleaner expressing the attitude of this gathering on the question of lotteries.

Miss Bazin urged the members to subscribe to the World's Bulletin in order to keep in closer touch with the World's Missionary Work. It was suggested that Little White Ribbonners be given pins when they become members. Miss Welch gave interesting facts in connection with her department of International Relations. The noon tide hour of prayer followed in which several participated. The meeting adjourned for lunch. The Ormstown Union served delicious hot soup and tea, which added much to the picnic lunches brought by the ladies attending. All were indebted for the hospitality shown by the entertaining Union. A short devotional period was conducted immediately after lunch by Rev. C. L. Taylor, who was to have had charge of the opening afternoon worship service, but being called to the city, a change in the programme had to be made. Convention re-assembled at 2 p.m.

Mrs. Stencil addressed the meeting, touching on various phases of Temperance work, among which were; Young People's Work, Medal Contests; Essay Writing. In regard to the latter, she spoke of the Isabelle Scott Essay Contest work being carried on among the students of Sir George Williams College, Montreal, Stanstead College and Bishop's at Lennoxville. She also referred to the informative article which appeared in the October issue of Readers' Digest, entitled Social Drinking. Several suggestions for carrying out our work were given by Mrs. Stencil and a cordial invitation was extended to all present to attend the Canadian W.C.T.U. Convention which convenes in Montreal in 1950.

A vocal duet was most acceptably rendered by Mesdames Anderson and McNeil.

Mrs. Gordon McWhinnie spoke briefly on the recent Franklin County Convention which she, together with some of the other members of Executive, had attended recently at Chateaugay, N.Y., giving the Highlights of the two sessions.

A special gift of $25.00 was voted to be sent to Miss Edna Grant, former National Field Secretary throughout the Dominion, who is at present confined to Hospital in Toronto, as a tangible expression of love and appreciation of the excellent work done by her before being thus so sorely afflicted. This was to be forwarded to ner as a "Thanksgiving Gift".

A short synopsis of the book, by Robert V. Seliger, M. D. entitled "It's Smarter Not to Drink" was given by the President. The scope and purpose of this book by this Doctor is one in which he discusses alcoholism as a national health problem and briefly discusses the alcoholic as a sick person. There is no guesswork in the statements made and the conclusions reached in these pages. Dr. Seliger, has had years of first hand experience with people suffering from drink-caused and drink-abetted ill health or instability. Moreover, he is constantly trying to do something about the alcoholism problem, not only as a practicing physician, but also by writing, by lecturing and by continued and constant research. This booklet is soundly informative and intelligently educating to the public in general in regard to known medical facts and possible dangers concerning the use and abuse of beverage alcohol "in an insecure, gadget-like atomic age."

A Visit to Missions In 1849

The following clipping was sent to us by an interested reader and has to do with a letter written by Bishop G. J. Mountain, on October 13th, 1849, and appeared in a recent edition of the Church Messenger. It is possible that many of our readers may be interested in this extract.

Riviere du Loup en haut. Rt. Rev. G. J. Mountain to Rev. Ernest Hawkins, Quebec, 13 Oct., 1849. After parting from you at Bytown, I prosecuted my journey up the Ottawa River and upon the downward route made a sweep through the missions lying north and N. east of Montreal and thence came to the Little Church and Little Flock at the Riv. du Loup with which my visit through the portion of Diocese was closed. I reached Quebec 5 Oct. having held my first confirmation at **Ormstown** on the Chateauguay River 5 Sept., 1849. There were 30 confirmations upon the journey, 4 churches and 3 burial grounds were consecrated. The tract of country which I was engaged in traversing comprehends some of the rudest mountain settlements of Canada. This has been my 4th journey.

Fire Loss Over $6,000

Farm Buildings Total Loss in Tuesday Fire

Fire broke out on the farm of Mr. Clifford Cameron, Lost Nation Road, Huntingdon, on Tuesday morning between 10.15 and 10.30 and resulted in great loss. The owner was busy threshing near the barn and a spark from the tractor must have started the blaze that caused the loss of the cow stable, two barns, hen house, pig house, new milk house and equipment, all machinery, 30 tons of hay, two calves and a flock of hens, making a total loss of well over $6,000. A small amount of insurance was carried, but not near enough to cover replacement of the loss at present day prices.

A call was sent to the Huntingdon Fire Department and the booster pump and small truck were quickly sent out, but were of no use on arrival. What water was available was in the barn and it was already burning and the power lines cut. There was no other water nearby so the firemen had to stand helplessly by while the fire demon did its work. A few small extinguishers were used on the house which was in danger of being lost, but fortunately the wind changed direction and this saved the house.

Mr. Cameron bought the farm in May from Romeo Robideau and it was formerly known as the Bill Anderson farm. He had just built the milk house prior to receiving permission to ship milk to Montreal. The inspector was to have come out this week to make the inspection and give the permit. Fortunately most of the animals were out in the pasture, or the loss may have been greater.

Fortin Frere Tender Accepted

Work to Start Within Next Week Or So

An adjourned meeting of the Huntingdon Town Council was held on Tuesday evening when all members were present except Aldermen Tinker and Foisy. Some bills were read and passed for payment.

Milk reports for September 19th were read as follows: Belle Vallee 28,000 cc. and 3.1 butterfat; Elmhurst Dairies Ltd. 37,000 cc. and 3.7 butterfat; Monique 15,000 cc. and 3.4 butterfat; Pringle Bros. 4,300,000 cc. and 3.5 butterfat; Goodfellow 12,000 cc. and 3.6 butterfat.

The tenders for the King Street Sewer and the Chalmers and Cemetery Streets job were again discussed and while the Berona Construction tender was figured as the likely one, it was found that an error had been made in the amount and the company revised the price. Under these circumstances the Council decided that it would be better to award the contract to another firm and after some discussion and explanation it was decided to award the contract for both jobs to Fortin and Frere of Hemmingford, at the price they tendered. Contracts are to be made up and signed and it is expected that the work will be commenced within the next week or so.

The quotations on the sewer pipe were discussed and considered and it was decided to purchase these from Romeo Brunet Tile Works at Ormstown.

The quotation on the work to be done at the Filter Plant was opened and there were three separate prices given on the different jobs to be done there. $4,700, $3,550 and between $3,600, and $4,000, making a total for all the work of approximately $12,250. The most pressing work was for the job of rehabilitating the filters and was quoted at $4,700. It was decided on the advice of the engineer to go ahead with this latter job now and leave the other jobs for the time being. A meeting is to be arranged between the engineer, the members of the council and the firm doing the job to decide when and how the other jobs should be done. The matter of the devaluation of the dollar and other things entered the latter two jobs and it was felt by the engineer it might be better to wait awhile until these matters have adjusted themselves. The other two prices involve machinery that has to be installed in the filter plant and it was felt that a better price may be secured by waiting a while. The main and most important part of the work from a health standpoint, has to do with the filters and it is this that the Council has decided to go ahead with first.

The meeting adjourned until Oct.

Poultry Farm Hemmingford Unique in District

1,700 Turkeys Now Kept — Will Be Increased To 5,000 Shortly

Perhaps we can class the farm of Mr. Roland Myre, Hemmingford, Que., as rare in these parts of Quebec, for he is operating a strictly poultry farm and making a good living therefrom.

Mr. Myre was a member of the Black Watch from 1940 to 1945 and spent four years in overseas service. During the invasion of France he was one of those who was wounded and as a result lost his left arm. Before joining the army, he was a truck driver at Hemmingford and he originally came to Hemmingford with his family to learn English. In 1945 he received his discharge from the services and having lost his arm could not return to his old type of work, so started looking around for something he could do. He had his eye upon the piece of land where his farm is now located, about three miles outside of Hemmingford in the direction of Lacolle, on Highway No. 52. This land had not been worked for many years and was quite run down and had some old barns on it. In April, 1945, Mr. Myre decided to buy the land with the little capital he had at his disposal and after buying it he had very little cash to do anything else. He tried to get a rehabilitation grant from the government which was due him in recognition of his war service, but when an inspector saw the property he said he would starve and no grant was forthcoming. Not to be discouraged, Mr. Myre went to work and tore down the barns and started making them into poultry sheds and runs. He had first thought of getting beef cattle and feeding them for market, but put this aside for laying hens. He obtained about 1,000 pullets and also about 400 turkey poults.

He soon found this was too much work for him and although he carried it through that year, his mind was working on another idea and the next year it was put into effect. He decided he would go into poultry for meat only, as gathering the eggs every day proved too great a chore for the returns. So the next year saw him with a greater number of turkeys and the sheds fitted all on wire, to house the birds and keep them in real good condition. He was now beginning to make the venture a paying one, so applied again for a grant and did receive some assistance.

When a Gleaner reporter visited the farm the past week, he found hundreds of turkeys and hundreds of chickens and decided that here was a story that would be of great interest. In February of this year, Mr. Myre raised 2,000 broilers for the market; at the time of our visit he had 1,700 turkeys and 1,000 capons. The capons were about ready for market and the turkeys were ready for Canadian Thanksgiving and also American Thanksgiving. Last year 600 were sold to a buyer in the States for American Thanksgiving and it is expected that this number will be exceeded this year.

The birds are procured from the Co-operative Hatchery in Ste. Martine, and housed first in a brooder house which is kept heated until all danger is past. One brooder house is situated under the bachelor quarters of Mr. Myre, so that it is easy to reach in case of trouble developing with the heating equipment. All the heating equipment is thermostatically controlled and if the heat goes down below a certain temperature, a bell rings and calls attention to the fact. This is specially necessary at night. Mr. Myre said he remembers when there was a batch of about 400 poults in a brooder house and some time during the night a strong wind was blowing and blew open the door. When morning arrived there were only 18 birds left alive; the others had perished with the cold. He says turkeys cannot stand the cold weather.

The combination brooder house is 60 x 20 and has feeding troughs all around and also water troughs. The water is fed automatically to these troughs somewhat on the same principle as the old type gravity water tank. A float controls the flow of water and keeps the water at the same level. A well has been dug and an electric motor pumps the water into barrels which are piped to the poultry sheds. The large poultry shed is 72 x 80 and has 5,000 square feet of wire. The wire in the cages forms the floor of the cage and is made in sections so that they can be raised for cleaning purposes. This method keeps the birds clean and healthy. In the house, bars are placed across the wire in order to provide roosts for the birds at night. The large house is divided into two parts, one for the male birds and one for the female birds. The reason for this is that some

The Club will begin as usual at 7.30 p.m. when a film will be shown. Mr. E. King, M.A., Principal of Ormstown High School will address the group on "The Emerging Role of the School in Community Life", and this will be followed by a Fashion Show presented by Mrs. Blondin, Mademoiselle Shoppe, Huntingdon, and sponsored by the Club. Marchand Frères, of Valleyfield and Huntingdon will be responsible for the settings. This meeting is open to the public and a small fee of 25c will be charged non-members of the Study Club.

Ormstown Study Club

The Study Club held its regular weekly session on Wednesday evening. The ladies' section was in charge of Dr. Marion Kelen and Mrs. James Winter. Dr. Marion Kelen spoke most instructively on innoculations and "Home Care of a Sick Child". She gave to her audience useful information and many helpful hints. Mrs. J. Winter spoke on Children's Parties. She described various types of parties, ways of planning them, favors, refreshments, games, etc., and left her audience feeling well informed to begin entertaining at a Junior level. Dr. George Fisher introduced the speakers and they were thanked by Mrs. Adam McNeil.

The Men's Section was in charge of Mr. Wm. McLean of Dominion Rubber, who gave an illustrated talk on Weed Sprays and Control. The film on various garden pests being shown the entire group.

Mrs. Farquharson, of Howick, addressed the combined section on Music Appreciation, speaking very instructively on various types of musical instruments and illustrating her talk with several recordings. The sincere thanks of the Club was extended Mrs. Farquharson for her interesting and informative talk.

Home and School Meeting Hears Fine Address on Future

VALLEYFIELD — The Valleyfield and School Association opened its Fall activities with a very interesting and successful meeting on Monday evening, Oct. 3rd, in the Gault School. The speaker on this occasion was Harold E. Grant, Doctor of Education (Columbia), principal of Verdun High School.

Dr. Grant's subject was "The Future of the High School in the 20th Century". His preview of what he felt would be the ideal High School would permit students to take up subjects in which they had a deep personal interest, rather than adhere to a time-worn curriculum which has been in use for five hundred years; and which in modern life becomes outmoded. He feels that it is more important for a student to find expression for his personality rather than dogmatically to follow a course of study in much of which he has no interest and by which he is completely bored.

In thanking Dr. Grant, Dr. C. L. Roman expressed agreement with the views given and recalled with deep affection several of his teachers who had guided him in subjects which he particularly liked and had been tolerant of his dislike of other subjects.

A pleasant social hour was spent following the meeting during which time refreshments were served by some of the members of the Association.

Premier Duplessis Objects To Federal Proposal to Amend British North America Act

Wants Discussion Between Federal and Provincial Representatives Before Changes Made

QUEBEC (CP) — A disagreement has arisen between federal and Quebec government authorities over a federal proposal to seek amendment to the British North America Act.

The dispute between Ottawa and Quebec is being carried on through correspondence exchanged between Prime Minister St. Laurent and Premier Duplessis of Quebec.

Its origin was a letter from Mr. St Laurent to all provincial premiers outlining the federal government's plan for the present session of Parliament to transfer from Britain to Canada the final decision over proposed constitutional amendments affecting federal rights.

That was the first step proposed by Mr. St. Laurent who suggested that the second, to make Canada finally self-determining, be a conference between federal and provincial authorities to work out a satisfactory system for constitutional amendments as the need arises.

Premier Duplessis in a letter to Prime Minister St. Laurent, Sept. 21, suggested that federal authorities hold up any plans for any constitutional change until after discussions between federal and provincial government representatives.

Prime Minister St. Laurent replied that the federal authorities proposed to go ahead with their plan for transfer of final authority over the constitution from Britain to Canada and then confer with the provinces on constitutional questions generally.

Last week, Prime Minister St. Laurent issued for publication a copy of a reply to Premier Duplessis' letter.

The Prime Minister welcomed Premier Duplessis' assurance that the Quebec government would be willing to take part in a federal-provincial conference on that constitution.

On the point of suspension of current federal plans for constitutional amendment until a federal-provincial conference was held, Mr. St. Laurent said his government's action was backed up by precedent.

"..... The federal authorities have always proceeded, where there was a question of making amendments to this Act which touched exclusively on something within federal jurisdiction, by taking it for granted that at least those sections of the act do not have the character of a contract but are

Premier Duplessis writing Oct. 5 again urged that no constitutional amendment precede a federal-provincial conference.

Premier Duplessis said that the basis on which the pact of Confederation was signed was that it was a contract unalterable except with the consent of the contracting parties rather than a law subject to amendment by any one of the parties.

rather statutory provisions capable of being amended by the legislative authority which enacted them."

Activities at St. Joseph's

The pupils of St. Joseph's School had their election recently. Each pupil voted privately for a Mayor, his assistant and Secretary. Cost of Living Index Drops Half A Point

To many Canadians trying to eke out a balanced budget, there was a ray of hope last week, although some must have found it hard to believe that the cost-of-living dropped during the month of August.

The eagerly awaited cost-of-living index for the month of August, released last week, showed a half-point drop from the all-time high of 162.8 registered the previous month.

The big news to most average Canadians was probably not the half-point drop, but that the index had at long last halted its steady upward climb. It had been climbing steadily since last March when it stood at 159.3.

Of Note in Our County

THIS part of Quebec has many outstanding achievements to its credit and in the County of Huntingdon in particular and the Chateauguay Valley in general, the people are proud of their accomplishments over the years. On Thursday, October 6th, a further source of pride was brought about in the opening of the new Customs and Immigration Port at Blackpool, just south-east of Hemmingford. It is the largest port of its kind in Eastern Canada and it might almost merit the largest one in Canada, in any event it is the most modern.

Mr. Donald Black, M.P. for Chateauguay-Huntingdon-Laprairie constituency, gave the address of the day at the opening ceremony and in his remarks mentioned that he was proud that the Department of National Revenue had named the port after his family name. We, the electors and citizens of this constituency also feel proud that the port carries in part the name of our popular Federal Member of Parliament. We deem it an honour to this constituency that it was so named and that this magnificent port has been erected in this constituency. The imposing structure and the approach to it add to the beauty of the surroundings and of which the people are so proud. Approach is gained to it through some of the most scenic parts of Quebec and no matter from what direction the traveller comes. At this time of year, the scenic beauty is greatly enhanced by the many colours of the foliage of the trees which abound in such plenty in these parts. The new, wide and straight road which goes straight to the port and is known as No. 9 Highway is a thrill to drive and ride upon. The facilities at the port will be of great help to travellers wishing to enter the States and to those wishing to enter Canada and no doubt will attract many visitors who will just wish to see this new port. It will facilitate the business of those trading between the two nations as methods of handling goods will be of the most modern type.

Already the ports along this part of the border are of great importance and this new addition will increase it so much more. An efficient staff will handle matters of immigration and customs and travellers will be able to line up under a cement canopy about 350 feet long while their baggage and papers are being checked before being passed through.

We wish to congratulate Mr. Donald Black on this addition to our contituency, and to congratulate Mrs. Black who had the honour of cutting the ribbon which opened the port for official business. To Mr. and Mrs. Black and the family connection we wish to offer congratulations on the fact that the port bears their family name and will go down in history as an everlasting memorial to their memory.

This Week — Fire Prevention Week

PERHAPS the observation of Fire Prevention Week is one of the most important observances held during the year. We should attach much thought to the prevention of fire and to practices involving preventative measures. It gives one a horrible feeling when the fire alarm is sounded and the cry of fire goes up. Thoughts go through the mind of those away from their homes as to whether it may be their place and if their families are safe. We have been fortunate in this particular part that fires have been very few of late years and of a minor nature. But in the immediate district surrounding us this is not so true — there have been some bad fires and some loss of life. Loss by fire has totalled into the thousands of dollars even during the past year. Nevertheless, we have been fortunate compared to some other districts throughout the country.

It only goes to show that although we may be very fire conscious, we still need to exercise caution and look to preventative measures. Chimney fires are still quite numerous and more check should be made of chimneys at this time of year when fires are just starting. Before more permanent fires are put on pipes, furnaces, stoves and chimneys need to be cleaned thoroughly. Not only as a preventative to fires, but also to help in the proper heating of the home during the winter. Clean chimneys are a precaution against fire and also part of the efficiency of the heating system. Accumulation of rubbish and litter in basements and attics should be checked upon and removed. Take proper precautions and see to it that pipes going through rooms or near ceilings and walls are well insulated against overheating.

Smokers in particular are cautioned at this time to see that cigarettes, pipes, matches, etc., are extinguished when finished with. The habit of smoking in bedrooms and in bed has been the cause of great loss of life in many homes. It is something that could be avoided. Laying cigarettes on furniture, window ledges and so forth is an extremely bad habit and even if fire is not caused, these articles are oftentimes permanently marred.

While fires started while cleaning clothes with inflamable liquids, and by starting fires in stoves, etc., with gasoline and coal oil, have diminished somewhat, there are still the odd occurrences. Fires started along the lines mentioned here are preventable and when so started can be dubbed carelessness. Ordinary precautions taken will prevent such fires ever being started. Anyone seeing persons persisting in such practices should make it their business to severely reprimand them for their actions and point out the danger involved. One cannot afford to take chances with fire.

This week let us remember to check over the possible fire hazards in our homes and business premises and do all in our power to remove them. In this way we shall be making practical use of the observance of Fire Prevention Week.

The Matter of Radio Licenses

THE present controversy over the suggested increase in the license fee to operate a radio has reached vast proportions and many protests have been raised against the suggested increase. It will be up to Parliament to say whether the fee shall be increased or not and from the rumblings in the House, it does not seem likely that it will be carried through.

In all fairness we would like to say that the fee for radios is really not a great expense when the amount of enjoyment obtained is considered. Some of the finest of entertainment is obtained by means of radio and right in the home. While the actresses and actors are not at present seen as they are on the movies and on the live stage, much enjoyment is still brought to the many thousands of listeners. If one were to try and go to as many shows as one can listen to throughout the year on the radio, it would cost considerably more than the license fee and the cost of upkeep of the radio itself. Nevertheless, we all baulk at paying the fee because our neighbors to the south can enjoy their radios without any fee whatsoever. Furthermore, a great many of the programs listened to eminate from the United States networks and do not even have to be tuned in from a Canadian station. Thus if one were to look at it that there was no Canadian Broadcasting Corporation, no one would be deprived of listening to the radio. Many times the radio here is contrasted to that of Great Britain, but this is actually remote and really has no bearing on what is done here. We follow the methods of the United States so closely here, that their set-up is what should be modelled upon. We do not say we should follow it entirely, but it is so closely allied to this country that we can hardly avoid it. We can listen to practically all of their stations on the ordinary broadcast band, whereas shortwave must be resorted to to listen to any other part of the world unless a programme is relayed or rebroadcast.

There are many points which may be argued with respect to the C.B.C. networks, it still does not remedy the situation that money is required to pay for operation. But when the C.B.C. decided to add advertising revenue to its receipts, it was felt by the many that license fees should be abolished or at least reduced. If the C.B.C. cannot keep within the bounds of the money it obtains from its revenues, it should curtail its expenditures to conform with such. If Canada wishes a shortwave station for purely propaganda purposes, such expense should be borne by the government and should not be taken from the revenue of the broadcasting company. The people of Canada do not obtain any direct benefit from such a station as they can get all they want from the domestic programs. It is expenses such as this which cause the operating costs of the C.B.C. to increase and forces them to resort to looking for other avenues.

This time John Q. Public is being asked to consider digging down into his pocket for further money to keep the C.B.C. operating. He will receive no better reception, no better programs, no increased pleasure in return for the additional expenditure. Therefore he cannot see why he should be asked to pay the extra. Not only that, the increases asked is not just a few cents, but double the amount now being paid. It is quite natural then that a hue and cry against such proposed increase is being raised. The C.B.C. also exercises so much control [illegible] private stations, that many of these are prevented from developing and increasing their facilities so as to improve their distribution of programs. We believe that there should be some controlling regulations, but the control should not be vested in one interested in the same business. The control could be administered by an independent body which would be impartial to all concerned. Under this type of control it would be decided whether the C.B.C. is entitled to receive radio license fees any more than the private station. Or if radio license fees are collected, why the private station should not be entitled to a share with which to help operate its station. A slight increase in fees might be justifiable, but to double them is asking too much.

A Home For Our Prime Minister

SINCE Canada has taken on a married man to be its prime minister there has been much talk as to whether a house should be provided for such a person. It has practically been decided that such a course is within reason and called for. We stand wholeheartedly behind this proposition because we feel it is the duty of the citizens of the country to provide such facilities for the head of its state.

As the head of the country, the Prime Minister is called upon to entertain dignitaries of all walks of life during their visits to this country and in the interests of the citizens of the country. It behooves us to see that suitable accommodation is provided so that these important duties may be carried out. It cannot be expected that the Prime Minister should maintain a large house and the necessary servants to go with it at his own expense. The high executives of other countries are not expected to do this. In supporting this idea we do not do so particularly for Prime Minister St. Laurent, but for all Prime Ministers of the future no matter their political party. Having a First Lady also demands that appropriate accommodation be provided out of the treasury and that sufficient expense money be available over and above the amount accorded the Prime Minister. Such income should be solely for his private use, and the upkeep of the home and entertaining of officials be a public charge. The only other solution would be to increase the indemnity to such proportions that it would be sufficient to take care of the added calls of the office held.

We believe that all thinking persons will agree that the action proposed is sound and needed and that no delay need be entertained in getting the plan underway.

Rural Medicine

By Huntley McKay

WHAT kind of medicine is presently available to Canada's rural population?

To treat the subject of rural medicine adequately it will be necessary to go back and trace the general pattern which the growth of medicine has followed. And in particular trace its development in the city as opposed to what has occurred in the rural areas.

Medicine like all other sciences and arts in general has enjoyed a remarkable development since the turn of the century. Outstanding success has been achieved in the control of contagious diseases, powerful drugs such as penicillin and sulfa have been developed and made available to the man on the street, and amazing surgical techniques have been established and perfected.

It is generally recognized that most of these discoveries and their early development occurred in the urban rather than in the rural areas.

Thus, in effect, the rural areas have been almost entirely dependent upon the larger cities for the discovery of new drugs and new medical techniques. And in addition, it has been dependent upon the cities for the training of its general practitioners.

As long as doctors were able to put most of their equipment in their little black bag, and as long as rural practice was about as remunerative as urban practice, the system whereby the Metropolitan areas provided leadership and resources worked fine. But fifty years has made tremendous change. With the daily advance of medicine, the doctors work what only a few years ago would have been regarded as miracles. To work these miracles, however, the modern doctor requires equipment. Equipment which involves thousands of dollars. He also requires a long period of training in some University of good standing. And to keep abreast of new developments the alert doctor must be in regular contact with the large medical centres in the urban areas. The result has been a gradual shift in the public's attitude towards the general-practitioner as compared with the specialist. The latter has come to be regarded as some super-doctor. But the fact that about 80 to 90 per cent of all medical care can be adequately administered by the general practitioner means that the general practitioner is an important type of doctor, too.

With the above facts in mind it is no wonder that the students graduating today are tempted to remain in urban areas rather than to go into rural areas to establish a practice. By remaining in a large city, he has more chance of becoming a specialist and improving thereby his earning power. And most important of all he can attach himself to some city hospital where he has available the most modern of equipment.

Statistics bear out this tendency on the part of graduating doctors to remain in urban areas rather than to go into rural areas. On a doctor patient ratio basis, the city has more doctors than the urban areas.

Poultry Farm ...

(Continued from page 1)

people like small birds and some people like larger birds. The male bird is always heavier, while the female bird is lighter. The female will develop a bird of about ten pounds weight while the male will be from 14 to 16 pounds. The birds are fed Purina pellets, a prepared preparation and when they reach maturity they are sold on the Montreal market, or to other buyers as may be. It takes about 13 100-lb. bags of feed each day at present. The birds are known as Broad Breasted Bronze Turkeys. Mr. Myre believes these to be the best for his purpose. Sick birds have a hospital which consists of a house and cage set apart from the other birds. All sick birds are taken into the hospital and if they can be cured they are returned to the regular houses, but if not they are destroyed. Poultry are all susceptible to disease and quickly become contaminated if not checked upon every day.

The chickens occupy an area two acres square and there are seven shelters on it, with a population of 1,000 capons. These are Plymouth Rocks and are large birds. These birds were about ready for market and will leave for Montreal and elsewhere in the next week or so. The birds are shipped alive wherever possible, as at present there are no facilities for killing and dressing. It is Mr. Myre's intention, however, to instal equipment for the killing and dressing some time in the near future. About five acres of the farm are at present occupied with the poultry, but the whole comprises 160 acres.

Besides the poultry, Mr. Myre is developing the other parts of the farm and has one acre of raspberries and one of strawberries. He has planted 300 apple trees of different varieties and it will be about three or four years before these start bearing fruit. In preparing the land for this orchard he used 2,000 feet of land tile for drainage; the soil is a muck soil and tends to be a good producer in time. All the plowing is done by Mr. Myre with a new tractor bought this year. He admits that this is the first time he has ever done any plowing, but appears to have made a very good job.

This fall, Mr. Myre intends to build another poultry house to accommodate another 1200 or so turkeys next year, which will bring the total number up to 3,000 birds. The new house will be 100 x 24 and will have 5,000 square feet wire, with porches outside. Laths will also be used in conjunction with the wire. Later he intendes to build another house which will bring the total number of birds up to 5,000. A great deal of labor is saved by keeping the turkeys on wire. Mr. Myre and another helper are able to look after the farm at present.

Bulls are not the only animals to have rings through the nose. Turkeys also need this to prevent them from pecking the feathers off each other's necks. On the day of the visit Mr. Myre was about to put rings through the beaks of one pen of the turkeys; most of the others had already been so treated. Previous to this he had burned off the upper tip of the beak, but this was not efficient as the beak grew again. He has also rigged up an old garden implement engine to pump water when he is cleaning out the cages. This can be moved along all about the cages and makes a very good job.

Mr. Myre has two-room bachelor quarters on the farm and these are quite nicely fitted up with flame type gas stove, refrigerator, storage cupboards, etc., and nicely painted. No birds are kept during the winter months and a fresh start is made every spring. Later the owner expects to try out his idea of feeding beef cattle on the rest of the land and feels that this will be a profitable venture.

SERVING CANADIANS — CANADIAN INDUSTRIES C-I-L LIMITED — THROUGH CHEMISTRY

"Chemistry?

..SURE. I STARTED IT THIS YEAR!"

YES, SON, you're now meeting up with formulae and test tubes, but chemistry has been with you all your life. In one form or another it has guarded your health, helped to feed and clothe you and provided many of the things that have made your young career so zestful.

Now you are learning how this great service works. Your first simple experiments are the roots from which sprang such basic products as chlorine to purify water, fertilizers to stimulate food growth, insecticides to kill pests and guard crops, and paint to protect and beautify. You know about nylon hosiery, for example. The same plastic is made as a monofilament, so strong that it is used for fishing line leaders and tennis racket strings.

Chemistry never stands still. It is constantly searching for and finding new and better products. For this is a chemical world and the C-I-L Oval is the symbol of an organization devoted to *serving Canadians through chemistry.*

For Instance:

PLASTIC WOOD

HERE IS another product of Chemistry for home, and industrial use, to heal holes and cracks in wood. It handles like putty, hardens into wood, with which it makes perfect union. Canadian Industries Limited, Head Office, P.O. Box 10, Montreal.

Is Your Back Aching Today?

When you feel short, sharp twinges with every sudden move—you simply don't feel like working. Ask any housewife how painful it is to iron, sweep, or wash dishes—when her back *aches* so she can scarcely straighten up. Many women have found that Dr. Chase's Kidney-Liver Pills bring quick relief from backache because this time-proven Dr. Chase remedy acts on both the kidneys and liver.

For over 50 years, Canadians have used Dr. Chase's Kidney-Liver Pills—for backache and painful joints, kidney and liver disorders and a sluggish system. Try Dr. Chase's Kidney-Liver Pills tonight. At all drug counters. 17

Evangelistic Technique

"The word of God has more power than any atomic bomb made by man", declared Louis Paul Goldstein, in his address in the United Church, Huntingdon, Sunday evening. His simple and sincere attitude together with the testimony of his conversion as a boy in Roumania was witness to the truth of his statement. Working in a hardware store he met a Greek Christian who loaned him his Bible, an issue of British Bible Society. "Of course I read the New Testament which was then unknown to me. I felt a ball of fire burning in me — I was aflame. That is the reason, after many years, we are here tonight. I am devoting my life to spreading that Gospel". The Goldsteins have received great encouragement and help from Dr. A. E. Cliffe, who has just returned to Montreal after an extraordinary demonstration in Toronto The Good.

Mr. Goldstein gave a most interesting demonstration of the use of the "Phylacteries" in the Jewish rituals for young males of thirteen years of age.

Margaret Scripture's soprano solos filled the church with delightful song — The Lord is My Light - - Homing - - There is a Beautiful Land on High - - The Lord's Prayer.

At the after meeting with the Young Married group Margaret sang "I Love Life", "Joy Joy" and other numbers.

Mr. Goldstein showed pictures in technicolor on Prophetic History in a classroom manner of instruction and they were exceptionally good and interesting.

Sunrise In Glory

"Beyond the Sunset O blissful morning,
When with Our Saviour heaven is begun
Earth's toiling ended .....
O glorious dawning when day is done .....
Sunrise tomorrow, Sunrise tomorrow
Sunrise in glory is waiting for me
Sunrise tomorrow, Sunrise with Jesus
Is waiting for me".

This theme song by Margaret Scripture and Louis Goldstein was illustrated in pastels by Margaret — a combination of artistic achievement that held the audience, filling the church, spellbound. She presented the picture to Rev. Thos. Knowles along with two Scripture Tone Records of songs.

"I never heard you sing better than tonight Margaret. I know it was the perfect accompaniment by Mrs. Sparrow" — I heard Louis tell his wife. Owing to a delayed start and getting on the road to Valleyfield, the Scripture Foundation artists only arrived fifteen minutes before the opening. Mrs. Sparrow had no chance to rehearse with the singer. So it was a combination of experts that produced an outstanding programme.

The Good-Will Tour

Margaret showed me a couple of the letters of introduction they are carrying from Canada to the United States. One from the City of Montreal, signed by Councillor W. R. Bulloch, and from Henrietta Lewis, Lecturer and Teacher for Institute of Religion, Science and Philosophy.

A Special Delivery letter received Saturday from Edith Adams, former organist for Dr. Cliffe, who had been at a meeting with Margaret and received a corsage of three roses from her. Margaret had a donation of 5,000 roses from Dale Estate to be distributed on her visits to hospitals, etc. Miss Adams had enclosed an American $5. bill folded to show the head of Lincoln to illistrate a quotation — An original verse by herself:

"Three dying roses lie upon a pillow —
Three pairs of hands clasped in parting prayer;
Three hearts living for a Master, a Creator,
Who made hearts to live —
Hearts to sing of a Beautiful Land on High —
Hands to pray
Hands to play —
Music that cannot die —
Like dying roses upon my pillow."

"I cannot cease to pray for those I love. Love embraces all things — dying roses, music, praying friends — God." "Edith Adams."

On returning to Huntingdon, Mr. Goldstein had the honor of making the first cash donation to the Huntingdon Park Committee. Mr. and Mrs. Goldstein were the guests of Mr. and Mrs. W. L. Carr and Mrs. J. T. Ewart and left on Monday for Burlington, Vt.

I have reason to believe that in the "Design for Living" section of Montreal Star for October 15th, there will be further details of recent activities of Scripture Foundation.

The Scripture Foundation hopes to send a newsletter to their friends as they travel from the East Coast to West Coast. In fact, I've been invited to join the tour West to assist with public relations.

Those Far Away Places

Mr. Fred Cunningham of New York just came in to call. He is full of a recent trip to California. Mainly excited about the discovery of a former Huntingdon cousin, the long lost William Cunningham, brother of Ernie, absent these forty years. When arriving in San Francisco Fred consulted the telephone book and discovered a William Cunningham, Contractor. Sure enough it was his long lost cousin. He spent two weeks at his home, 1415 Yew St., San Mateo, where he resides with a charming young wife on a beautiful $50,000. estate. William is a very busy man, specializes in construction of theatres and at present has a million dollars worth of building on hand. He learned his trade with the late Walter Thompson. As a result of Fred's visit, William Cunningham and wife are purchasing a new car and planning a visit to relatives and friends in Huntingdon next spring.

In the same town Fred Cunningham made contact with another native of Huntingdon, Mr. N. S. McCartney, son of the Late James McCartney of the Connaught Road. Mr. McCartney is a prosperous Plastering Contractor who learned his trade in Ormstown.

Mr. Cunningham is planning to spend a couple of weeks at Riverview Terrace, where his cousin, Mr. Herbert Cunningham, is also a guest.

Aubrey - Riverfield

AUBREY-RIVERFIELD — The Aubrey-Riverfield W.I. met on Friday afternoon, Oct. 7th, at the home of Mrs. Andrew Allen. Sixteen members and nine visitors were present. The roll call was responded to by naming a vitamin, why we need to take it, and in what food it is found. The minutes were read and approved. A prize of $2.00 is to be donated to Howick High School for the ensuing year and a donation of jam and jellies is being sent to the Barrie Memorial Hospital. A report was given by Mrs. J. Gruer, of the semi-annual meeting at Brysonville Community Hall. A discussion was held regarding the Christmas parcel for overseas and a committee, namely Mrs. Gordon Easton, Mrs. J. Gruer and Mrs. Math. McKell, was appointed to attend to this. Current Events included Citizenship —New Customs House "Blackpool" opened on Highway No. 9, the ribbon being cut by Mrs. Donald Black; atomic power has been developed by Russia; notes from A.C.W.W. Convention. Home Economics—Use beeswax for top of stove, as it gives a lasting shine and prevents rust; use shellac for mending glass; when stitching plastic never double the material. An interesting paper on "What will you leave your children in a pattern for living," was read by Mrs. Everett Orr. Mrs. Arnold McKell gave a resumé of their trip to British Columbia, which was extremely interesting and well told. A poem entitled "The Country Doctor" was given by Mrs. Everett Orr, and the meeting was closed with the National Anthem. A plant sale was held later which helped swell the W.I. funds and delicious refreshments were served by the hostesses.

Mr. and Mrs. Wesley Orr and Mr. Elmer Orr left on Friday to spend a few days in Montreal, before starting on their return trip to the west. Mr. and Mrs. Chester Orr were their guests on Monday, in Montreal, for their Thanksgiving dinner.

Miss Myrtle Cullen of Waterloo, spent the week-end vacation at the home of her cousins, Mr. and Mrs. Wallace Craig.

Miss Esther Craig of Toronto, is spending a ten-days' vacation with her parents, Mr. and Mrs. J. J. Craig.

Mr. Norman Easton and daughter Barbara, of Montreal were week-end guests at the home of Mr. and Mrs. Gordon Easton.

Miss M. Slater was a guest of Mr. and Mrs. Chester Orr over the week-end.

Mr. and Mrs. Calvin Orr and Wendy, of Montreal, were the week-end guests of Mr. and Mrs. Everett Orr and attended the Craig-Anderson wedding on Saturday.

Mr. A. Craig has been spending some time at the home of his daughter, Mrs. Chester Orr.

Betsy and Nancy Bennett of Lachine, spent the week-end vacation at the home of their aunt, Mrs. Wm. Turner.

Several from this community attended the funeral of the late Dugald McCaig, at Ormstown, on Sunday afternoon.

Mr. and Mrs. D. E. Black, Mr. and Mrs. Wesley Orr and Mr. Elmer Orr attended the opening of the new Customs, "Blackpool", on No. 9 Highway, when Mrs. Black had the honor of cutting the ribbon which opened it for use.

The annual chicken pie supper of Riverfield Church was held on Thursday evening, Oct. 6th, and was a good success. The weather was ideal and people came from far and near to attend this annual event. The miscellaneous sale did well, as did also the candy, cards and plant sale by the Y.W.A. The Fish Pond attracted the children and did a rousing business for most of the evening. Proceeds amounted to $378.00.

Mrs. M. Johnston of Montreal, was a guest at the home of Mr. and Mrs. Andrew Bennie, for the Thanksgiving holidays.

Mr. and Mrs. Arnold McIntyre, of Beauharnois, were Sunday guests of Mr. and Mrs. Wallace Craig.

Mr. and Mrs. Stanley Keir and daughter Sheila of Montreal, spent the week-end holidays at the home of their brother, Mr. Robt. McGregor.

Mr. and Mrs. Clarence Thompson, of Massena, N.Y., were guests on Friday, Sept. 30, of Mr. and Mrs. Harold Robertson.

Mr. and Mrs. Roy Angell and Mr. and Mrs. Harold Robertson attended a reception on Friday evening, Sept. 30, at Franklin Centre, in honor of Mr. and Mrs. Keith Dunn.

Mr. and Mrs. Adam McNeil, of Ormstown, were Sunday, Sept. 2nd guests at the home of Mr. and Mrs. Harold Robertson.

Mr. and Mrs. Dan Ryan and daughter May, of Hemmingford, were Sunday Sept. 2nd guests at the home of Mr. John Farmer and sister, Mrs. Keogh.

St-Chrysostome

ST. CHRYSOSTOME—On Saturday, Oct. 8th, at St. Chrysostome R.C. Church, Rev. Father Gosselin blessed the union of Marie Marthe Payant, daughter of Armand Payant and Bella Décosse to Leo Tremblay, son of Romeo Tremblay and Ida Métras of St. Antoine.

The bride (accompanied by her father) wore a floor length gown of bridal satin with floor length veil, held by a diadem of tiny pearls and carried an arm bouquet of tea roses.

After the religious ceremony a reception was given at Bourdeau's Hotel and Hall, the happy couple leaving later for Quebec and Ste. Anne de Beaupré.

For travelling the bride wore a navy blue suit with grey accessories. On their return a reception was given in their honor in the Franklin Hall with music furnished by the Cartier Orchestra.

On Sunday, Oct. 9th, Mr. and Mrs. Jos. Barsalou celebrated their 50th wedding anniversary. Friends gathered to celebrate with them at the Havelock Hall. Congratulations.

Mr. and Mrs. Ernest Crête, Miss Jeanne Crête, Mr. Antonio Crête attended the Leclerc-Crête wedding in Ville Emard, Saturday.

Miss Jocelyn Murray spent the Thanksgiving holiday with her parents, Mr. and Mrs. T. O. Murray at Sherrington, Que.

Robson

ROBSON — Rev. Dr. Carson, of Hawkesbury, Ont., had charge of the service in Knox Church on Sunday, Oct. 2nd. Mrs. Carson accompanied him and was present at the service.

Rev. Schmidth, of Montreal, occupied the pulpit in Knox Church on Sunday, Oct. 9th. Mr. Schmidth spoke on Thanksgiving. A number of the congregation brought in donations of fruits and vegetables.

Mr. Alcide Dauphenais, of Massena, N.Y., spent the long week-end with his brother, Mr. John Dauphenais. While working in his orchard he found several bunches of blossoms on his apple trees.

The weather has been unusually mild so far this autumn. Some of the tender plants are dead, but little damage has been done as yet.

Misses Audrey Clark and Evelyn Davis, of Montreal, spent the week-end at the Willis Clark home.

Mr. and Mrs. Robert Jackson of Plattsburg and Mr. and Mrs. Geo. Beattie, Huntingdon, made short calls here Wednesday evening. They were returning home from a pleasant motor trip through part of Vermont and New Hampshire States. They visited Mr. and Mrs. Herbert Barr and Mr. and Mrs. Edward Bird of Randolph, Vt., and Mr. and Mrs. Harold Orr, Mr. and Mrs. Kearns Gilbert and Mrs. Eliza Orr, of Claremont, N.H.

Mr. and Mrs. Fernie Beattie and family spent Sunday with Mrs. Herbert Gilmore and family, also Mrs. Pettes at Russeltown.

Mr. and Mrs. Frank Deery, Ronald and Susan, and Miss Helena Barr, of Montreal, spent the Thanksgiving holiday at the W. W. Barr home.

Mr. Eugene Ritchie passed away at his home on Sunday, after a few days illness of pneumonia. His service and burial took place at Knox United Church, on Tuesday afternoon. His wife has been seriously ill for the past three weeks and was moved to her daughters, Mrs. Ernest Vaillancourt's home in Hemmingford, Sunday afternoon.

Roxham

On Tuesday evening about 150 people gathered at the Roxham Community Hall, where a reception was held for Mr. and Mrs. Bill Fewster. The evening was spent by dancing to the Fisher orchestra. Refreshments were served at midnight by Mrs. Chas. Fewster assisted by Mrs. Warren Sweet.

After refreshments, Bill and Shirley were called forward by Mr. Ralph Smith to accept a purse of money and best wishes for many years of happy married life to come.

The bride and groom both replied, thanking the people for the enjoyable evening and inviting them to come and visit them in their new home.

Mr. and Mrs. Clifford Elvidge, Odeltown, were recent visitors of Mr. and Mrs. Albert Akester.

Miss Shirley Wallace, Macdonald College, spent the week-end with her parents, Mr. and Mrs. Harold Wallace.

Week-end visitors at the home of Mr. and Mrs. Chas. Fewster were Miss Hazel Willington, Miss Ruby Hammond, Miss Hazel Kenwood and Mr. Ernest Fewster.

Sunday visitors of Mr. and Mrs. Robert Akester were Mr. and Mrs. Gilbert Fewster, Mrs. Mary Trepanier, Montreal, Mr. and Mrs. Kenneth Akester. Luena and Kenna Joy, of Verdun.

Rockburn

Mr. Lewis' sister, Mrs. W. Kline, and Mr. and Mrs. H. Smith, all of Oneida, New York, were week-end guests at the Lewis home. Miss Marilyn Lewis, who is attending school in Oneida, accompanied them on the trip.

Aubrey - Riverfield

AUBREY - RIVERFIELD—Mr. and Mrs. Math McKell, Wayne and Margaret, spent part of the past week attending Shawville Fair. Mr. Wilbert Gruer also attended the Fair, accompanied by Mr. Archie Roy, of Howick, who acted as a judge there.

Mr. and Mrs. Howard Cullen, who have now moved to Montreal for the Winter months, were week-end guests of friends in this district. Their son Raymond accompanied them.

Miss Caroline Wylie spent the week-end at Massena, N.Y., the guest of her aunt and uncle.

Mr. and Mrs. Irwin Orr, of Town of Mount Royal, spent the week-end at their cottage.

Mr. and Mrs. Morris Robb, and Patsy, of St. Johns, were week-end guests of their friends at Aubrey.

Mr. and Mrs. Bert Hudson have gone to Lachine to spend the Winter months with their son and daughter-in-law.

Mr. and Mrs. Chester Orr were pleasantly surprised recently when they received word that Mr. Orr's two brothers Mr. Elmer Orr, and Mr. and Mrs. Wesley Orr, were coming from the West to visit them. They arrived a few days ago and are spending a happy time together. Sunday morning found the four Orr brothers occupying the family pew in church, the first time they have all been there together for many years.

Miss Phyllis Black of Montreal, spent the week-end with her parents, Mr. and Mrs. Angus Black.

Mr. and Mrs. Everett Orr, and Berta, were Sunday guests of their daughter, Mr. and Mrs. Roy Moore, of Huntingdon.

The Hannah Sever Mission Band met on Sunday after the Sunday School with a good attendance. Eva McFarlane presided, and the meeting opened with a hymn, roll call, and minutes. Plans were made to carry on the Fish Pond at the forthcoming Church Supper. Mrs. T. E. Robertson had charge of the story period, and read of a little Chinese boy who had many difficulties finding the Bible-man so that he could get a Bible, but he finally succeeded which made him very happy. The members were asked to make scrap books for the supply work for the Christmas bale. The meeting closed with the Lord's Prayer in unison.

The W.M.S. met on Tuesday afternoon, Sept. 27th in the Church Hall. The meeting was opened with the Call to Prayer and hymn 505, "I Do Not Ask, O Lord". A donation of a quilt top, and quilt blocks, was gratefully received from Mrs. H. Boyd, and will be used for the Fall supply work. Arrangements were made for the annual Chicken Pie Supper to be held on October 6th. The Glad Tidings item "Life in an Indian Village", was read by Mrs. M. Turner, who also led in prayer. An interesting report of the Sectional meeting at Huntingdon was given by Mrs. Wallace Craig. An article on "Laying the Cornerstone of the Chinese Church in Montreal, was read by Mrs. Gordon Easton. The meeting closed with the Auxiliary prayer.

Dundee

DUNDEE — On Wednesday, October 5, the Dundee W.I. held their meeting in the Community Hall, and had as guest speaker, Mrs. Alex Robb, of Huntingdon, County Secretary-treasurer. She reviewed the most important business done at the June Board meeting held at Macdonald College. Then she gave several excellent hints about the making of sandwiches such as —soften, not melt butter for spreading, use day-old bread as it is firmer than fresh bread and is not dry, wrap in wax paper lettuce or tomato, rather than put them between bread when they will soften and not be appetizing, vary the kinds of bread used.

The president, Mrs. N. D. McPhee, told of the business done at the recent county executive meeting. Each Institute member is asked to have potted plants or bulbs ready for the annual county convention next May. These are to be sold and the money to go into the county fund. The county is sponsoring another public speaking contest.

Another interesting item on the program was the demonstration on chair caning given by Miss Bessie Chapman of Fort Covington, N. Y., assisted by Mrs. Ed. Farquhar. After having wet the cane to make it more pliable and easy to weave she began her work starting at the middle of the chair seat. The chair was crossed 4 times with the cane, twice lengthwise and twice crosswise and then the more difficult task began, that of weaving diagonally twice over. After seeing this able demonstration many members decided it might be worth trying to recane some of their old chairs themselves.

The convenors gave their reports. Mrs. Hewson reported that strawberry plants transplanted in the fall will be stronger than those set out in the spring. Mrs. H. A. Cameron reported on a poster contest concerning the logging industry and also showed a folder depicting "The Train of Tomorrow" which has recently been on display at the Central Station in Montreal. Mrs. MacPherson reported about the different types of slow children. Mrs. Fleming sent an article on common carriers boats and trains. Mrs. Fraser read a letter by Maud Kerr concerning rural women.

Mrs. Farquhar from the Fort was the winner of the monthly household hint — use salt in the pan when frying fish and the grease will not splatter.

The roll call for November will be "A River and where it is located". A jam and jelly shower for the Huntingdon Hospital will be at the next meeting. This month's roll call was a laundry hint.

Supper, served to 14 members and 4 guests by the hostesses, Mrs. D. Smellie and Mrs. N. D. McPhee, brought an interesting meeting to a close.

Ste. Agnes

W. A. Meeting

STE. AGNES — The regular monthly meeting of the Women's Association of Zion United Church was held on Wednesday afternoon, Sept. 26th, at the home of Mrs. Wm. McPherson.

Mrs. Lyle Currie had charge of the Devotional period. Mrs. Wm. Fleming, vice-president, conducted the meeting in the absence of the president.

Subscriptions to the "United Church Observer" are again to be solicited. Mrs. John Fleming is still in charge of this work. Mrs. Geo. Sutton was appointed to send for Christmas cards to be sold by the Society. Mrs. Wm. McPherson reported for the committee in charge of the Variety Concert, the proceeds of which were voted to be reserved for the Organ Fund.

Following the business meeting, Mrs. A. E. Hagar gave a very interesting talk on the comparison of two books written by Lloyd C. Douglas, namely "The Big Fisherman" and "The Robe". Mrs. Hagar felt that Mr. Douglas had excelled himself in "The Robe", but she felt very strongly that he had fallen short in "The Big Fisherman". Mrs. Hagar read, and had others read passages from "The Robe", telling of Christ's influence felt through the Robe to those who were in possession of it. "The Big Fisherman", Mrs. Hagar stated, in comparison with facts given in the New Testament was not accurate. She also read a criticism of "The Big Fisherman" written by Robert Gederich in which he stated that Mr. Douglas wrote this latest book under pressure from his publishers who demanded that he, even though he was ill, write another book as had been agreed upon in a former contract.

Mrs. Wm. Fleming thanked Mrs. Hagar for her informative talk. Mrs. McPherson, assisted by Margie, served a most delicious supper to all present.

Misses Barbara and Carole Roach spent the week-end in Montreal with their mother, and attended their aunt's wedding at which Barbara acted as junior bridesmaid.

Mr. G. H. Sutton, accompanied by his brother Mr. Allan Sutton of Covey Hill, is enjoying a week's hunting in the Maniwaki District.

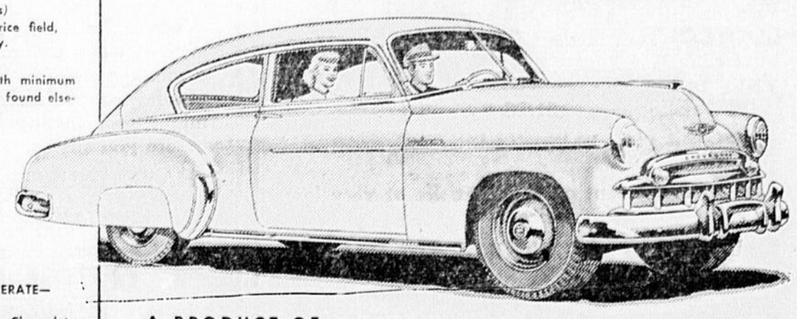

Mr. J. B. Myre in company with other friends is also spending this week hunting in Maniwaki.

Mr. Gordon McGibbon of Fitch Bay, Que., spent the week-end at his home here. Gordon motored back on Sunday afternoon driving his new "Mercury" which had been delivered on Saturday.

Visits Grandchildren

Bandmaster Robert T. Moore, Aurora, Ont., is visiting his three great grandchildren at the home of his grandson, Bandmaster Don. Moore and Mrs. Moore. Mr. Moore is now an elderly gentleman who loves to visit as well as direct bands. When a lad of 17, says the Aurora Banner, Aurora, Ont., he joined a band in South Shields, Durham, England, and in two years time was a bandmaster. He decided that his career was to be that of a chorister and was in the Yorkminster choir. Mr. Moore was a bandmaster for many bands in Scotland and England before coming to Canada. Mr. Moore also taught piano at Trinity College, London. During World War 1 he was bandmaster of the 20th Battalion, C.E.F. and was made senior bandmaster in France, Belgium and in Germany. Returning to Canada in 1919 he was appointed musical director of the Royal Grenadiers, Toronto. Shortly after his return to Canada Mr. Moore left military circles and headed bands in Ontario towns giving over much of his time to the creating and giving leadership to bands for young people.

Ladies' Auxiliary Meeting

The October meeting of the Ladies' Auxiliary was held in the Legion Hall, on Thursday evening, October 7th. The meeting was conducted by the president, Mrs. Hazel Patterson. The minutes of the last meeting were read and approved. The treasurer's report showed bills on hand amounted to $6.26. It was moved by Mrs. Perkins and seconded by Mrs. Elliott that these bills be paid. It was moved by Mrs. Perkins, seconded by Mrs. Dawson that we give $50. to the Polio Fund. Plans were made for a card party and sale of work to be held in the Legion Hall. All old members will be asked to contribute to this sale of work. Sorry to note that so many of our old members feel that now the war is over there is nothing to do but there are lots of boys in the military hospitals who need help so the Ladies' Auxiliary try to do their share. Letters of thanks were read from a number of Veterans who had recently received parcels. Mrs. Heald read an item of interest which appeared in the Legion Monthly and is as follows — On the 11th of September, 65 Vets from Huntingdon branch led by President Jack Heald with Sgt.-at-Arms Peterson in charge of the parade held a Decoration Day parade and service. Beginning at the Legion Hall on Fairview Road, the contingent marched to the cemetery where Father Pigeon and Cde. Hatcher, Branch Padre, held Roman Catholic and Protestant services respectively. The Branch has bought two plots in the cemetery for the use of Veterans, one each for Roman Catholics and Protestants. To add both colour and dignity to the occasion, a Pipe Band from Montreal's Black Watch Reg't. led the March Past. And we also hear from Cde. Johnnie Wright who reported all this that the entertainment provided by the Ladies' Auxiliary under Mrs. Patterson was very good indeed.

Dutch Club Gift

Mrs. Agnes Dancause, who has been ill for the past seven months, is slowly on the gain but as yet unable to work, her side being paralyzed. She was surprised one night last week when Miss Alice Vine called and presented her with $10.00, a gift from members of the Dutch Club. She is most thankful to have so many friends who have been so kind and who have helped her in so many ways all through her long sickness. Her many friends wish her a complete and speedy recovery to health.

Quantity of Gas Tank Caps on Hand

The above may look like a piece of advertising, but Police Chief L'Heureux has not gone into business, but he has gathered up 15 caps for the gasoline tanks of various cars. These caps were evidently taken off of cars and then cached away as they were all found together. If you have lost a cap lately, call at the Police Station and see if it is there. There was one arrest for drunkeness over the weekend.

Ormstown

Ormstown Women's Institute

ORMSTOWN—The October meeting of the Ormstown Women's Institute was held at the home of Mrs. Frank Martin on Tuesday, Oct. 4th. The president, Miss Kate Murphy, was in the chair, and 17 members and several visitors were present. The proposed scholarship in memory of the late Mrs. Alfred Watt was discussed, and it was decided that this branch would contribute to the fund. Miss Murphy gave a complete and interesting report of the proceedings of the county executive meeting held on Saturday, Oct. 1st.

Blue Cross—Anyone now wishing to join the Blue Cross must have been an active member of the Institute for at least a year.

Conveners' reports: Home Economics—Uses for tea packages and rubber rings. Welfare and Health—Suggestions for healthful living.

Following the business session, Mrs. C. Moe, the program convener, introduced the guest speaker, Miss L. Howe of Montreal. Miss Howe, who is the director for the province of the Junior Red Cross, told about her work with the children and described her recent trip to visit schools on the Labrador coast. "The Junior Red Cross has an activity program", she stated. "The children learn what they can do to be healthy." The school cafeterias are sponsored by the Junior Red Cross, and they are operating now in nine different centres in this province. The speaker was thanked by Miss Murphy. Tea was served at the close of the meeting, the hostesses on this occasion being Mrs. F. Martin, Mrs. G. Kilgour and Mrs. J. Murphy.

The monthly meeting of the Ormtsown Ladies' Auxiliary of the Canadian Legion came to order at 8.15, on Tuesday, Oct. 5th. After the usual opening, the roll call of officers and members was recorded by the Sgt.-at-Arms, followed by the minutes of the last meeting. Comrade Betty Ayerst was installed as secretary.

The president then declared the meeting open for the transaction of business. Final arrangements were completed for Card Party and Raffle to be held on Oct. 14th in aid of the Polio Fund.

Other discussion of business took place, after which the meeting came to a close.

Sandwiches and coffee were served and a social evening was enjoyed by all.

Donations to Barrie Memorial Hospital

The following donations are acknowledged by the Barrie Memorial Hospital: Fruit and vegetables from the following: Georgetown Church, Fred Towns, Franklin Centre, Roosson Street United Church, Zion United Church, Franklin Centre United Church, St. Andrew's United Church, Hemmingford and Covey Hill. Apples from Walter Rember, Ormstown; carrots from Mrs. Clarence Ovans.

Franklin Centre

FRANKLIN CENTRE—On Saturday evening, Oct. 9th, Mrs. Stanley McNeil acted as hostess at a miscellaneous shower, given at her home, in honour of Miss Irene Barr. The house was tastefully decorated with beautiful autumn foliage and the "Gift Wagon", as well as the chair of honour, were decorated in turquoise blue and yellow streamers. When Miss Barr arrived she was escorted to this chair and little Miss Betty Ann Lindsay drew in the gaily decorated wagon loaded with many useful gifts. After the usual inspection of gifts Miss Barr thanked all for their generosity and invited them to her future home at Valleyfield, "but not all at once." The remainder of the evening was spent in games and piano selections by Mrs. Murray Blair and Mrs. W. A. Dunn. Mrs. Walter Currie sang a solo and all joined heartily in singing "Happy Birthday to You" in honour of the birthday of two ladies present, Mrs. Charles Waller and Miss Joyce Lamb. Delicious refreshments were served by the hostess, assisted by her many friends and a very pleasant evening was ended by best wishes to the bride-to-be.

Mr. and Mrs. Howard Farley of St. Lambert spent the week-end with her brother-in-law and sister, Mr. and Mrs. Willard Dunn.

Mr. and Mrs. George Lindsey and family of Dundee spent the holiday with Mrs. Lindsey's parents, Mr. and Mrs. Stanley McNeil.

W. I. News

The October meeting of the W. I. was held at the home of Mrs. F. Sherrington, on Friday afternoon.

The overseas parcel committee reported that eight boxes and parcels of food and clothing had been sent.

A suggestion was made that anyone wishing to donate bulbs or gloxinia leaves that have been started, for a sale at the Convention next spring, would make plans to do so.

A report on the semi-annual meeting was given by Mrs. George Goldie.

Mrs. Partinton, who is visiting here from England, spoke and in her talk told of her daughter's approaching marriage, and the county expressed a wish to send a box of fruit, cake, etc., to her in view of this event.

Plans were made for each member to make and donate one article for the booth at Ormstown Exhibition next year. These articles are to be for sale.

The concert that was held at Rockburn was very successful and the proceeds amounted to $57.

Mrs. Hope, convener for Education, read an article on "The first Indian girl to enter B.C. University."

Mrs. R. J. Blair for Agriculture had an article with pictures on the Tomato Worm and its different stages to the Hawk Moth. She also had a living moth to exhibit.

A ten minute discussion on how the W.I. could improve the community showed different opinions but they mostly dealt with the school.

The November meeting will be a social evening at the home of Mrs. Geo. Goldie. Drawing for a pair of pillow cases, donated by Mrs. Arthur Renaud will take place at this meeting. There is still time to send any old cards or the quilt blocks to Mrs. Geo. Goldie.

Mrs. Wm. Hope was the winner in the practical idea contest, her idea being to add hot water and soda to a scorched pan to make cleaning easier.

At the close of the meeting, refreshments were served by the hostess, assisted by the members.

Letters to The Editor

Huntingdon, P.Q.,
Oct. 10, 1949

The Editor,
"The Gleaner",

Dear Sir:—

Will you kindly publish the following letter clipped from the October Fifth issue of the Montreal Daily Star; let us hope that those guilty will make sure that such an incident never occurs again.

I might add, that as a great admirer of the S.P.C.A., I shall waste no time sending the name and license number of any truck to Mr. Dunlop of the S.P.C.A., Montreal, should I ever witness such a shameful happening.

Signed: *"I Speak For Those Who Cannot Speak For Themselves".*

STILL MUCH BRUTALITY IN SHIPPING ANIMALS

Sir,—May I congratulate you on the publicity your paper gave the S.P.C.A. tag day. It is such a worthy cause, and as "Lover of Animals" stated in Saturday's Star, cruelty seems practiced so much in the country. While travelling through Huntingdon this summer I heard the cries of an unfortunate pig being gored to death by cows in the same compartment. The same drover the previous week had a small calf trampled under the hoofs of crowded cows and its moans were pitiful to hear.

When reprimanded they merely laugh at one. Two weeks ago in Montreal a drover had a load of cows tightly crowded with calves; the head of one of the cows was bleeding profusely with horn torn off and hanging down. Last Monday while driving along Sherbrooke St., E., we passed another drover with a load of cows, calves, sheep and pigs. The latter were still alive, but trampled, not having room to stand; one little calf's side was completely raw from rubbing against the truck's side. We spoke to the driver and also notified the S.P.C.A. Police should be instructed to intervene on behalf of these unfortunate, defenceless animals. The callous farmers or drovers should be punished severely.

To the Editor,
The Huntingdon Gleaner Inc.,

Sir:—

At the Annual Rally of the Woman's Christian Temperance Union of the Counties of Chateauguay and Huntingdon, held in McDougall Hall, Ormstown, on October 6th, a strong protest was made regarding the drastic steps which Premier Duplessis proposes to make at the next session of the Legislature — that of legalizing lotteries in our Province as a means of raising funds for education and public health.

Surely, there are other ways of securing funds for those purposes than by so lowering our morals as to allow the establishing of lotteries and, we ask parents and citizens to take a decided stand against all forms of gambling so that our Youth may be given a true pattern of moral living.

A resolution was adopted at the Provincial Convention in May asking the Government to stand firm against any effort to amend the Criminal Code in ways which would legalize further opportunities for gambling.

Gambling is out of harmony with the spirit of Christianity.

G. I. Holiday,
Corresponding Secretary,
W.C.T.U. of Chateauguay-Huntingdon Counties.

Howick

Howick W. I.

The Howick W. I. held their meeting on Tuesday evening, Oct. 4th, in Howick High School with thirty members and a few visitors present. Mrs. Hamilton gave a report of the semi-annual meeting at Brysonville. She said it was a privilege to have Mrs. Partinton, of Salford, Somerset Institute, Bristol, England present. At the meeting, she spoke on Institute work in England, also told of the food situation. They have not the variety or quantity of certain foods to make meals appetizing. She assured the meeting that anything that could be done would be appreciated very much.

Mrs. John Holmes welcomed the new teachers to Howick and Mr. Farquharson replied. Mrs. Hamilton then called on him to address the meeting. He spoke on "What happens to our children." In the course of his remarks he mentioned Mr. T. Saunders, principal of Aberdeen, School, speaking with a sense of humor and an understanding heart as he unrolled the problems facing a teacher and pupil in obtaining a three-fold development of a child. Mr. Farquharson, assisted by Mrs. Farquharson, then showed the film, "Your Children and You", which was very enjoyable.

Mrs. J. D. Lang introduced Miss Shaver, Dept. of Agriculture, from Uxbridge, Ont., who brought greetings from their W.I. and Junior farmers.

The meeting adjourned to the auditorium where Home and School and Howick W.I.'s served refreshments to Ontario guests and W.I. members.

The November meeting will be held at Mrs. Chas. Macdonald's.

Wedding

WEDDING
Harrington-Osmond

At a double ring ceremony on Saturday afternoon, October 8, at St. Paul's United Church, Ormstown, Que., the marriage was solemnized of Margaret Elaine, daughter of Mr. and Mrs. T. Stuart Osmond, to Mr. Frederick A. C. Harrington, son of the late A. C. Harrington and Mrs. David Chisnall of Somerset, Bermuda, Rev. C. Leslie Taylor officiating. Mrs. G. P. Osmond, aunt of the bride, played the wedding music and Mr. G. P. Osmond, uncle of the bride, was soloist. White gladioli, ferns and white candles were used to decorate.

The bride was given away by her father. She wore a period gown of white faille. Her fitted bodice was buttoned down the front and had a small Peter Pan collar, the long sleeves ending in points over the hands. A Pollannaise drape from the front of the skirt formed a bustle at the back and the skirt swept into a long train. Her fingertip veil of tulle illusion was held by a coronet of ostrich tips. She carried a small cascade bouquet of orchids and stephanotis.

Mrs. Hugh Ward of Lachine, Que., was matron of honor. She wore a floor-length gown of Peacock blue faille, the short jacket having a Pollannaise drape to match the bride's dress. Her headdress was of matching blue feathers. She carried a cascade bouquet of bronze shaded 'mums. Miss Barbara Jean Walker of Plattsburg, N.Y., was flower girl. She wore a floor length gown of turquoise faille. Her bodice was buttoned down the front and had a small Peter Pan collar and short puff sleeves. A toning sash formed a bustle at the back. Her headdress was a bandeau of bronze shaded 'mums matching her miniature cascade bouquet.

Mr. Hugh Ward acted as best man and the ushers were Mr. Hollis Gray, cousin of the bride and Mr. David Chisnall, step-brother of the groom.

Mrs. Osmond, the bride's mother, was gowned in a street length dress of steel blue crepe, the fitted bodice forming a V neckline with rhinestones trimming on one side and the plain fitted skirt having a floating side panel with black accessories and a corsage of Goldielock roses. Mrs. Chisnall, mother of the groom was gowned in a street length dress of powder blue novelty crepe with navy accessories and a corsage of Finch roses.

The reception was held in the church hall where chrysanthemums, Finch roses and candles were used as decorations. Mr. and Mrs. Harrington left for a wedding trip to Quebec City, the latter travelling in an original gown of taupe crepe and satin under a black Gabardine coat and wedding wine accessories, and a corsage of orchids.

They will reside in "Sheppey Villa", Somerset, Bermuda.

The bride is a graduate of the Royal Victoria Hospital and has been employed at King Edward VII Memorial Hospital, Pagat, Bermuda, for the past two years.

Out-of-town guests were from New York, Bermuda, Montreal and Plattsburg, N.Y.

In Memoriam

SAMPLE — In loving remembrance of our dear son and brother, Melbourne Sample, who passed away Oct. 14th, 1941 —

Just eight years ago you left us
Stunned with sorrow and regret
Our sense of loss still lingers,
Our tears oft' falling yet.
Time may change many things
But this it changes never —
The memory of those happy days
When we were all together.
Sadly missed by
Father, Mother, Sisters and brother Will.

HELM — In loving memory of John Helm who passed away October 11, 1947 —

Two years have passed since he has gone from us.

Ceremonies at Opening of New Blackpool Port

Mrs. Donald E. Black, wife of Donald E. Black, M.P. for Chateauguay-Huntingdon-Laprairie Federal Constituency, cuts the ribbon that officially opens the new immigration and customs inspection port of Blackpool, St. Bernard de Lacolle, near Hemmingford, Que.

Mrs. D. E. Black Cuts Ribbon Officially Opening New Port

Mr. D. E. Black, M.P., Gives Main Address at Opening Ceremonies

It was a great occasion at St. Bernard de Lacolle, near Hemmingford, Que., on Thursday afternoon, October 6th, when the new immigration and customs inspection port of Blackpool was officially opened with full ceremony. The port was fully dedicated by prayer by both Protestant and Roman Catholic clergy, the Protestant minister giving the opening prayer and the Roman Catholic Father giving the closing prayer.

The opening was under the direction of co-chairmen, one Mr. E. D. Racicot, collector of customs for Lacolle, and Mr. Prevost, officer of U.S.A. Port of Champlain. Mr. Prevost opened the proceedings by announcing that the National Anthems of both countries would be played and this would be followed by prayer. Following this he handed the programme over to Mr. Racicot, who recalled some of the history of the district and referred to the importance of the occasion. He spoke of the fine buildings that had been erected and which represented the great amount of travel and trade between the two great countries — Canada on the one side and the United States of America on the other. He saw great development over the years and said it was only a short time ago that this was all bush country and now it has a splendid highway leading right to this new port. He referred to Mr. D. E. Black, M.P., and said great help was extended by him on numerous occasions.

Mayor E. Gamache, St. Bernard de Lacolle, said he was proud that the new port had been erected in his district and gave words of welcome to all the guests and visitors assembled that day.

Mr. Donald E. Black, M.P., for the constituency of Chateauguay-Huntingdon-Laprairie, gave the address of the day and was as follows:

We feel this will be one of the largest ports in Canada in the next few years. I wish to take this opportunity to congratulate my American friends for the excellent type of building they have also established. I would like to congratulate our architect, Mr. Ogilvie, on his effort, also the contractor who constructed this building, Mr. Shae. I can assure the people who travel through this port that they will be met by very courteous men and women who are in charge here as Customs examiners and Immigration inspectors.

We Canadians deeply appreciate the American tourists that visit our country year after year. We also derive a great income for our National Revenue through our Trade agreements.

In 1948 the ports of Cantic, Lacolle and Henrysburg collected 9 million dollars, and this year will exceed that by a considerably greater amount.

Lacolle was an outport of St. Johns, P.Q., until 1938, when Lacolle became a Port in its own right

Staff in 1938 comprised 53 officers; staff in 1949 is 141 officers.

Importance of International Travel to Canada can be seen by the fact that Canada earned a credit balance of 158 millions in 1948, arising from U.S. visitors travelling in Canada.

Last year (1948) the Port of Lacolle's traffic statement showed that almost 200,000 vehicles entered through this Port.

As a commercial inland Port, Lacolle now ranks with the four largest in Canada.

In the first year of its being a Port, 1938, the commercial Revenue collected at Lacolle amounted to $379,630.55. In 1948, ten years later, the Revenue collected at Lacolle was $3,793,646.25, an increase of nearly 3½ million dollars.

Already, for the first six months of this year, revenue amounting to nearly 3 million dollars has been collected at this Port, so there is every indication that last year's figures will be far exceeded.

I feel honoured and wish to most heartily thank the Department of National Revenue for calling this port after my family name, not so much for myself, as for my family. My Grandfather, who was one of the early settlers in this Province, was one of the first Justices of the Peace in the Parish, and also the first man to levy taxes in that community.

In the name of the Honourable Minister of National Revenue and his worthy Deputy, David Sim, who are today in Newfoundland, I wish to thank all the people who in any way helped to organize this opening.

I also want to pay a tribute to our Chairman, Mr. Ed. Racicot, for his untiring services. May I also thank the American Customs Collector, Mr. Tremblay, for his spirit of cooperation during the years I have had the honour to represent this constituency.

Mr. Racicot thanked Mr. Black and praised him for his broadmindedness in all his dealings.

Senator Dupuis—Our countries are working in a democratic way and the tendency of the future is to abolish the boundary between the nations and reduce the tariffs. England has already set an example in the reduction of tariffs between certain nations of the world and he hoped that there would be less tariffs in the future and greater free trade. There was great friendship between these two countries and he was of the opinion that freer trade would help in the continuance of that friendship. It was a great occasion for the people on both sides of this border to meet together on a day like this and discuss in a democratic way the facilities that were being provided for freedom of crossing from one country to the other.

Mr. Horace Boivin, Mayor of Granby, Que., and President of the Union of Municipalities, said that during his recent trip to Geneva as representative of the Canadian Federation of Mayors and Municipalities, many Europeans wondered how Canada and the United States could do without boundaries and protection of borders such as usually abound in Europe. There is a great feeling of peace and security existing here. There are no real difficulties in crossing the border and he hoped that other ports such as this will come about. The whole was an example from the new world to the old world in the way of living at peace with one's neighbors.

Among other speakers for the Canadian side were several government officials including Mr. L. J. McGinnis, Chief, Inspection and Training Division of the Immigration Branch, Ottawa. He extended greetings to all the staff and officials and said that friendly service was the watchword of all officers.

Among the speakers for the American side were: Mayor Arsene Tremblay, of Champlain, N.Y.; Louis Tremblay, collector of Customs, Ogdensburg, N.Y.; Harry Keogh, of Plattsburgh, N.Y.; L. Antonio Bouazzi, U.S. immigration service, Charles C. Castle and others. All paid high tribute to the friendliness existing between the two countries and the officials of the ports on each side of the line. They also congratulated Canada on the opening of the new port, "Blackpool."

Immediately following the addresses, the official opening of the port for traffic was conducted by Mrs. D. E. Black, wife of the Member of Parliament, cutting the ribbon and declaring the port to be open. Following the cutting of the ribbon, Mrs. Black was presented with a beautiful bouquet of red roses. A U.S. trooper on a motorcycle preceded an official car carrying U.S. officials across the border as the first American car to enter Canada through the Port of Blackpool.

Part of the gathering around the speakers' stand on the occasion of the opening of the new port of Blackpool. Mr. Donald Black is addressing the gathering from the speakers' rostrum. The Union Jack is on one side and the Stars and Stripes on the other. Lower view shows the United States immigration and customs building and the lanes leading from the Canadian side.

Canadian Mountie Sgt. Henri Daoust, of St. Johns, Que., shakes hands with Trooper W. J. MacDonald, of the New York State Police, Troop B, in a hands across the border scene. The post marks the boundary line between Canada and the United States at the Blackpool port.

Lacolle

LACOLLE — The Knitting Club met at the home of Mrs. G. McClenaghan on Wednesday evening, with seven members present. Refreshments were served by the hostess.

Mrs. Elizabeth Cockburn and daughter Edith, Ottawa, motored to Lacolle and spent Thanksgiving week-end visiting Mrs. Cockburn's sister, Mrs. George Braithwaite and her cousin, Miss Martha Moore, who is now living in Lacolle Inn. They also called on a number of old friends.

Mr. and Mrs. Allan Van Vliet and Beverly, Montreal, spent the holiday with his parents, Mr. and Mrs. Lawrence Van Vliet. Jack and Joyce Van Vliet spent their holidays at the same home.

Capt. Rodney Davenport and Mrs. Davenport and Lynn, Keith and Mildred Van Vliet spent the week-end with Mr. and Mrs. David Van-Vliet.

Mr. Grant Van Vliet, Grande Ligne, spent the Thanksgiving holidays with his parents, Mr. and Mrs. Tom Van Vliet.

Miss Lois Lusk, R.N., of Cookshire, now in New York, and Ruth Ann McDonald, Montreal, spent the week-end with Miss Zann Hewson.

Those who spent Thanksgiving at their respective homes were: Misses Margaret and Louise Masten, Betty Derick, Jean Grant, Pat Hewson and Lois Van Vliet; Messrs. Gerald and Bob Derick and Doug. Grant.

Mr. and Mrs. Francis McCracken, Brooklet, spent Sunday with Mr. and Mrs. T. Brooks.

Mr. and Mrs. G. McClenaghan spent the week-end with Mrs. H. R. Wilson, Glenelm; Kenneth returned home with them after spending the holidays with his grandmother.

DONALD E. BLACK, M.P., GIVES MAIN ADDRESS AT OPENING OF NEW PORT AT BLACKPOOL

In the top photograph Mr. Donald E. Black, M.P. is seen as he gave his address at the opening and dedication ceremonies of the new port of entry at Blackpool, St. Bernard de Lacolle, Que. On the left of the speaker are the Canadian guests and on the right are the American guests. The ceremony was broadcast over the various radio stations as shown in the above. Below is a view of the new port as one approaches it from the Canadian side and the offices are those of the Canadian customs. As will be seen it is a very imposing building.

The top shows the men who were interested in the work of building the new port and took part in the various parts of its construction. Reading from left to right they are: Mr. Jack Shae, General Contractor; George Simpson, Supervisor of building work for Dept. of Public Works; C. H. Simpkin, Electrical Contractor; J. G. St. Laurent, Plumbing and Heating Contractor; E. Chaput, Supt. of Building operations for J. J. Shae & Co. Ltd. The lower picture gives another view of the new port on the incoming side and still from the United States end. The rough looking foreground is part of the grounds where the bus terminal and truck warehouse will be built in the near future. The canopy in between the two buildings of the port is 350 feet long. The roof is constructed of cement. Some idea of the size of the port can be gained from this picture.

Chateaugay, N.Y., Man Wins State Recognition

CHATEAUGAY, N.Y.—Mr. Lawrence Bush, employee of the Chateaugay Cooperative Marketing Association, won outstanding recognition at the New York State Fair in September. Mr. Bush is the man in charge of cheese production at the local plant.

The Independent Producers' Guide, September 1949, gives him this headline: "Chateaugay Cheesemaker Captures First Prizes at New York State Fair." It goes on to say: "Lawrence Bush of Chateaugay carried off the top prize for having the highest average score in four classes." The record shows that he ranked first in Home trade among a group of 60 candidates; first in Wash Curd in a group of 46 candidates; third in Sage among a group of 19 candidates and placed well among the candidates in the Young American class.

LOCAL DELEGATES ATTEND ESSPA CONVENTION

The Empire State School Press Association held its 12th annual convention in Syracuse on Oct. 7 and 8. This convention brings together many persons interested in promoting better newspapers in the schools. The meetings were held on the Syracuse University campus and in Hotel Syracuse and the Onondaga Hotel. 800 delegates were present from various parts of the state.

Addresses were given by M. Lyle Spencer, Dean of Syracuse University School of Journalism, Dr. Harold W. Thompson of Cornell University and other well known journalists. The delegates met in smaller groups to discuss problems arising in the fields of feature writing, sports news, headlines, cartooning, ad. writing, etc.

A special feature of the convention was the discussion of various problems connected with the production of various problems connected with the production of the school yearbook. Chateaugay delegates were quite thrilled to see their yearbook on display.

Delegates from Chateaugay included: Joan Quinlin and James Dwyer, co-editors of the Maroon Highlights; Janet LePage, feature editor; Robert Ashline, sports editor; and the faculty advisors for the Maroon Highlights staff, Miss Florence Dwyer and Miss Florence Ryan. Mr. John Hotchkiss, faculty advisor for the yearbook, The Maroon and White, also attended.

BUSINESS BLOCKS UNDERGOING REPAIRS

The Seymour Roofing Company is making extensive repairs to two business blocks on Main St., Chateaugay. In both cases brick work is being removed and new bricks replaced. A crew of 10 men has been at work on the Masonic Block. This building stands on the corner of Main St. and River St. It was one of the first buildings erected following the disastrous fire of 1892, which practically wiped out the north side of Main St. The building was erected by Nathaniel Beman and still bears the name of the Beman Block. It is now owned by the Masonic Lodge of Chateaugay which uses the top floor for lodge rooms and dining room and a portion of the second floor for club rooms. The second floor also has an apartment, Elmer Thompson's insurance offices and the dental offices of Dr. J. J. Mahoney. The first floor has three business sections: the E. D. Cook Drug Store, the Gabriel Lopardo Shoe Repair Shop and Arthur Hammond's Clothing Store. J. L. Trombley has a barber shop in the basement section on the west side.

This impressive three-story building has long been a landmark in town. The wooden cornice has been removed and the walls are now bricked to the top giving the building a more modern appearance. A new roof will be added also. At present the 40 ft. scaffolding is attracting much attention.

The Anderson block on the south side of Main St. is also being repaired. This structure was built about the same time as the Beman Block. It is now occupied by Silas Gazalley.

KNIGHTS OF COLUMBUS MEET AT ELLENBURG

Knights of Columbus from Chateaugay and Dannemora Councils together with visiting Knights from Plattsburg and nearby towns met for Communion at the 8.30 mass on Sunday, Oct. 9, at St. Edmund's Church, Ellenburg. Following Mass, breakfast was served by the ladies of Court Little Rose, Ellenburg. About 120 Knights were served. Charles Nolan of Chateaugay acted as toastmaster. Attorney Patrick J. Brennan of Malone was guest speaker. He chose as his topic the story of the menace of Communism and how members of the Knights of Columbus could unite against this menace. Rev. Lawrence Mallette, pastor of St. Edmund's Church also addressed the Knights.

NEWS OF A RELIGIOUS NATURE

The Methodist men of the North Country held a rally at the Canton Methodist Church on Sunday, Oct. 9, at 8.00 p.m. A large audience met to hear an address by Dean Charles Noble of Hendrick's Chapel, Syracuse University. His theme was: "Holding to the Truth of the Ten Commandments in Modern Times." He described the confusion resultant upon the upheaval in many lives due to the strain of World War II and its apparent outlawing of the Ten Commandments. He illustrated his remarks by citing examples of such distress in the lives of former GLs. The address called upon one and all to recognize the unchanging validity of these laws, and to make ceaseless effort to teach and act in such a way as to influence others to return to these basic truths. The rally was well attended with delegates from Chateaugay, Malone and nearby towns. Rev. Vernon C. Nichols, pastor of the Methodist Church, Chateaugay, was among those present.

The Presbyterian Church, under direction of Rev. Benjamin Ashton of Chateaugay met in union service at Burke Center Sunday evening, Oct. 9, to see the motion picture, "And Now I See." This picture is considered to be of such value that it is to be shown to all Presbyterian groups in the United States some time during the year. The picture is a dramatization of the theme: "Stewardship: the Layman's Role in Christian Living and the Layman's Duty in Christian Leadership." The union meeting at Burke Center was for members of the Presbyterian Churches in Chateaugay and Burke Center. A later meeting took place at North Burke.

Young people were especially impressed by this picture. The operation of the movie projector was performed by Mr. John Hotchkiss, who volunteered his services for both exhibitions.

On Sunday, October 1 a group of Chateaugay residents took a trip through the Lake Champlain country. In addition to enjoying the glory of the autumn foliage, they were able to participate in services being conducted at the Shrine of Mother Cabrini in West Peru.

This shrine was erected through the efforts of Rev. McCabe. It stands close to the R.C. Church in West Peru. The natural setting is beautiful and from this eminence one may view the country for some distance round about. At the shrine are three figures. The central one is the life size figure of Ste. Frances Xavier Cabrini. The statue to the right represents the Blessed Virgin, while the one to the left represents the Sacred Heart of Jesus. It is through the latter power that Mother Cabrini seeks help for those who ask her help.

Mother Cabrini was born in Italy but came to this country at an early age. She labored for 29 years doing good for "the least of His brethren" in hospitals, orphanages and the like. She was the founder of the Missionary Sisters of the Sacred Heart. She is the first United States citizen to become a canonized saint of the Roman Catholic Church, receiving this distinction in 1938.

Following the novena services that were being conducted, Benediction was held in the church. The Chateaugay visitors included Miss Beatrice Greemore, Mrs. Margaret Greemore, Mr. and Mrs. Ross Clark.

Mr. and Mrs. Morris Pearl and family, Mr. and Mrs. Eric Silberman and Mr. and Mrs. Norman Godfrey and family attended services at the Temple in Malone, on Oct. 3, when the Jewish New Year was celebrated.

PERSONALS

Mrs. Roy Patnode, Chateaugay, recently underwent a major operation at Alice Hyde Hospital, Malone.

Mr. Pat Bradshaw and Mrs. Ella Welsh, both patients in Champlain Valley Hospital, Plattsburg, are improved in health and may return home shortly.

Mrs. Wm. Dechambeau, Burke, is seriously ill at Alice Hyde Hospital, where she was taken after being suddenly stricken ill while attending the theater on Saturday evening, Oct. 8.

James Campbell, for several weeks a patient at the Royal Victoria Hospital in Montreal, returned home on Saturday, Oct. 8. He is making slow but steady progress toward recovery.

Mr. and Mrs. H. P. Harrica, Chateaugay, are enjoying a trip through the New England States. They expect to spend some time in Belcherton, Mass., as guests of Mrs. Harrica's sister, Mrs. Jane Peets.

WEDDING

AUBIN-BAYLAKE

The marriage of Miss Pauline L. Baylake and Ernest J. Aubin took place at St. Patrick's Church, Chateaugay, N.Y., at 8.00 o'clock on Saturday, Oct. 8, 1949. The double ring ceremony was followed by a nuptial mass. Rev. J. R. McClure was the officiating clergyman.

The bride is the daughter of Mr. and Mrs. Frederick Baylake of Chateaugay and the groom is the son of Mr. and Mrs. Richard Aubin of Ausable Forks. The bride attended Chateaugay High School and until recently has been employed at the Shaw Store in Chateaugay. Mr. Aubin is a graduate of Ausable Forks High School and is a veteran of World War II, having served in the Army Air Corps.

The bride wore a white satin gown with train, the gown being embroidered with a design of seed pearls. A veil of net fell from a halo of pearls and she carried a bouquet of white roses. Her twin sister, Miss Andrée Baylake, was bridesmaid. Her gown was of old rose taffeta, and with this she wore a halo hat of feathers with a feathered pompon. Her hat and other accessories were shell pink and her bouquet was of yellow roses. The bride's mother wore orchid with black accessories and a corsage of gardenias. The groom's mother was dressed in black with gray accessories and had a corsage of lilies.

Shirly B. Snow was best man. Leo Baylake, brother of the bride, and Luc Seguin, of Montreal, cousin of the bride, were ushers. Miss Margaret McDonald sang and Miss Catherine Doige was organist.

Following the church services, the wedding party and relatives met at the Baylake home for wine and a round of toasts to the bridal couple. Breakfast for the bridal party and immediate family was served at Hotel Chateaugay. At 3.00 o'clock the Baylake home was the scene of a reception and buffet luncheon for relatives and friends, after which the bride and groom left for a wedding trip. They will reside at Ausable Forks.

EVERYBODY'S BUSINESS

by Don Graham

Keep small things small!

A man who returned from Europe described the trip as a dismal experience. The coffee in London was terrible. The telephone operators in Paris were exasperating. Everywhere he went he was plagued by poor service, antiquated plumbing or some other trouble.

Not a word did he say about magnificent cathedrals, famous art galleries, quaint customs or historic landmarks. All the priceless benefits of such a trip were wasted on him, *because he couldn't keep trivial things in their place!*

Other people with this fault may show it in different ways. On the job, obsession with petty grievances blinds them to important opportunities. Magnifying people's faults blights their relationships with friends —and even with other members of their own families.

So it pays to ask ourselves from time to time: "Am I making more of this matter than it really deserves?"

If it's small, *keep it small!*

• • •

Large things, on the other hand, should be kept large. Nothing is more important to the security of the family than owning life insurance. So wise fathers make sure that their life insurance policies are adequate for today's needs.

Council Meeting

HINCHINBROOKE COUNCIL

A regular meeting of the Municipal Council of the Township of Hinchinbrooke was held in Herdman Town Hall on Monday, Oct. 3, 1949, at 8 p.m. D.S.T., with a full Board in attendance. The minutes of the last meeting were read and approved. A petition was presented from a number of ratepayers in Dewittville requesting the installation of 3 street lights in Dewittville. Moved and seconded that the secretary notify the S. W. and P. Co. to install two lights between McArthur's Corner and Dewittville Bridge. Carried.

Warren Thompson requested a portion of road ditch cleaned on the north side of the Dewittville sideroad from Smellie's Creek south. Lucien Crete requested a portion of ditch cleaned on the west side of the Dewittville sideroad, extending from his gateway to the Outarde River. Moved and seconded that Wm. McCartney be notified to have said ditches cleaned, providing the Interested Parties responsible for the dirt taken from these ditches. Carried.

A grant was received from the Provincial Government through the efforts of Mr. J. G. Rennie, M.L.A., towards the maintenance of winter roads. Moved and seconded that Mr. Rennie be extended a vote of thanks. Carried.

Letter was read and filed from the St. Johns Ambulance resquesting financial assistance. No action taken.

Carl Anderson requested a portion of road ditch cleaned on the north side of the Gore Road from E. A. Mason's property east to the culvert crossing the main road in front of Carl Anderson's. Moved and seconded that Frank Mason be notified to have said ditch cleaned. Carried.

Mervyn Forrester requested the installation of a street light in front of his property and Dr. Marc Lefebvre's, in Garden City. Moved and seconded that the S. W. and P. Co. be notified to install said light. Carried.

Moved and seconded that the secretary write the Dept. of Roads at Quebec requesting that the following culverts be repaired — Culvert on Range 4 between E. Daigneault and F. C. Moore. Culvert on Range 4 between M. M. McNaughton and Fred Cowan. Culvert on Range 4 between Fred Cowan and Walter Donnelly. Culvert on Range 8 (Gowan Road) opposite the property of A. Schnider; also to request that the brush be cut along Route 52, and that a copy of this resolution be sent to J. G. Rennie, M.L.A. Carried.

Moved and seconded that Kerr Neely be requested to have his west line ditch cleaned as the road ditch has been cleaned and the road culvert repaired. Carried.

Moved and seconded that the secretary insert a notice in The Huntingdon Gleaner that anyone found dumping rubbish along the roadside in this Municipality shall be prosecuted. Carried.

Aime St. Onge requested a few loads of gravel on the Gowan road from his gateway to the Rennie sideroad. Moved and seconded that Alton Farquhar be notified to spread five loads of gravel on this portion of road. Carried.

A. H. Crutchfield reported on the road ditch drainage project along those properties adjacent to the west of the Town of Huntingdon on Range 4. Moved and seconded that Joseph Brethour be notified to have a 12-inch tile placed in his driveway at the road entrance to connect with Ivan Heath's tile, and that A. H. Crutchfield be appointed Special Officer to see that the work is carried out. Carried.

Moved and seconded that Wallace Barr be engaged to operate the snow plow for the winter of 1949-50 at 55 cents per hour. Carried.

Moved and seconded that the secretary notify the president of the Hinchinbrooke Seed Cleaners to have the Seed Cleaner removed from the Town Sheds by Oct. 15, 1949, as the shed is required to provide storage for the snow truck and plow. Carried.

Moved and seconded that a committee composed of Wm. Graham, Rod Arthur, L. M. Kelly and Henry Wallace be appointed to see to the preparing of a garage for the snow plow. Carried.

Moved and seconded that the Council meet at 1 p.m. instead of 8 p.m. Carried.

Moved and seconded that the resolution as prepared by the Inspector of Amusement Tax at Quebec, be accepted, and that a copy of the resolution be inserted in The Huntingdon Gleaner. Carried.

Moved and seconded that the following bills be paid:

Tim Allen $152.02; M. Farquhar $11.60; M. Rosevear $6.40; H. Farquhar $5.60; L. Farquhar $18.; A. Laberge $60.; E. Flynn $35.; Geo. Boyce $15.; F. Mason $14.; A. Farquhar $21.20; Olando Allen $35.; W. Ricard $39.20; V. Middlemiss $17.60; T. Vaincourt $12.80; G. Henderson $7.20; Minister of Health $186.80; Lyell Graham $9.; W. D. Armstrong Co. $16.60; Jas. On Thursday afternoon, Oct. 6, the Women's Association of the United Church held their meeting and miscellaneous shower and tea in the Church Hall. The meeting was opened by the president, Mrs. C. L. Roman, and the minutes were read by Mrs. D. N. Montgomery. Reports were given on the information received on the stoves which are to be bought for the kitchen. No decision was reached on this matter and it was decided to wait until more companies were heard from. Plans were made for the bazaar. The shower gifts which were brought in by members of the congregation were then opened and placed on display. These gifts will be sold at the bazaar. Tea was then served by the Women's Association to about thirty five guests.
