SCHOOL BURNED TO GROUND

A. W. Lang

Prominent Educationist and Speaker Addresses Teacher-Board Banquet

"Kids in the sticks are just as entitled to a good education as those in Montreal", said Mr. A. W. Lang, Executive Secretary of the Quebec Association of School Boards, in Shawville Friday evening.

Mr. Lang was expressing his own personal opinion based upon many years of experience in both the teaching profession and from the school board's point of view and also as a conscientious parent and responsible tax payer.

Mr. Lang didn't stop at that, though, he went on to discuss a means of providing this "good education". The key to the problem to Mr. Lang, is in engaging the best teachers available no matter what the cost.

Mr. Lang mentioned one school board, harassed by mounting expenses and a small budget, which decided, nevertheless, to increase the principal's salary by \$1300 one year. This was done because he was being offered a \$1200 raise to move to a city school. The small school board made the big decision that their children also deserved what this man had to offer and paid him the higher wage to keep him.

Of course this left them embarrassed for funds so they went to the bank for a loan and for collateral they put up the school!

This story drew laughs from the gathered School Board Members and teachers who had assembled for the annual Teacher-Board Banquet held in the cafeteria of the Shawville High School.

A fine turkey meal was provided by the St. Paul's Anglican Church Women's Auxiliary. The blessing was asked by Rev. Robert Elliott rector of the St. Paul's, and the Queen was toasted by Wynman MacKechnie who is Pontiac representative on the Quebec Association of Protestant School Boards.

Greetings were sent to the banquet from Hugh Proudfoot MP, in Ottawa, from Mr. E. S. Giles, director of Protestant Education in Quebec and from the Inspector of Schools for Pontiac County Mr. P. N. Hartwick whose additional duties as Chief of Examinations for Quebec kept him too busy to attend.

At the head table with guest speaker, Mr. Lang, were Mr. Redpath, Secretary Treasurer of the Papineau School Board, His Honor Mayor Lee Hodgins of Shawville and Mrs. Hodgins, Chairman Arthur Dagg of the Pontiac County Protestant Central School Board and Mrs. Dagg, Dr. S. E. McDowell, Shawville's member of the Protestant Committee on Education and Mrs. McDowell, and Mr. K. W. Musgrove, Secretary Treasurer of the Pontiac County Protestant Central School Board and convener of this year's very successful banquet.

Mr. Arthur Dagg spoke words of welcome to the guests, noting good representation from all over the County. Mr. Dagg was generous with his praise for the work which is being done for the school this year by Ken Musgrove. "Today", said Mr. Dagg, "our office and this unit is on a par with the best it has ever been and we have all found

Mr. Musgrove very efficient and pleasant to work with".

In an aside to the teachers, Mr. Dagg spoke for the entire Board in saying "we are with you 100% and wish to help you in any way which we can".

Mr. Musgrove spoke briefly, mainly to introduce the various groups which had come a long way over winter roads to attend this banquet. Among these we noticed Miss V. Graham from Ladysmith, Mr. M. Letts from Calumet Island, Miss Garbo John from Waltham, Mrs. A. Lambert from Otter Lake. After the meal the members retired to the auditorium where Mr. Lang addressed them and two films were shown by Mr. Vivian.

Mr. Musgrove said that though

Pontiac Telephone Co. Hilton Mines On 50-50 Basis

The regular monthly meeting of the Pontiac Rural Telephone Co. was held in the Secretary's office at 8:30 p.m.

Present were President Chas. Russell, Vice-President Ira Hanna, Directors Veral Smiley, Wm. Howard, Garrett Walsh and assistant manager Heman Elliott.

Minutes of the last regular meeting were read and on motions of Ira Hanna and Garrett Walsh were adopted as read.

(Carried)
Mary Wallace and Gertie Armstrong met the board re-the shortage of cords on switchboard.

Mr. Gerber and Lennis Barr entered.

Mr. Gerber of the Hilton Mines gave the board of directors an outline of the telephone service required at the mines.

Henry McCord entered.
On motions of Veral Smiley and Wm. Howard that we install the telephone equipment at the Hilton Mines on a 50-50 basis, the mine portion not to exceed \$4,000.00 and this to be rebatable over a period of 10 years.

(Carried)
On motions of Ira Hanna and Henry McCord that we order the equipment for the mines.

(Carried)
Bills for the month of December were read and on motions of Veral Smiley and Lennis Barr were approved for payment.

(Carried)
On motions of Lennis Barr and Garrett Walsh that 2 blocks of shares be approved for transfer 6 shares from Gerald Sparling to Thomas Ervine Hodgins, (private Sale) 6 shares from the Estate of John Emerson Cotie to Mrs. Winifred Cotie, (By Rowat).

On motions of Veral Smiley and Wm. Howard that we order a few necessary supplies.

Moved by Lennis Barr we adjourn.

A special meeting of the Pontiac Rural Telephone Co. was held in the Secretary's office at 7:00 p.m.

Present were President Chas. Russell, Vice-President Ira Hanna, directors Veral Smiley, Wilmer

Judge Roland Millar

Hull Rotarian Guest Of Shawville Rotary

Shawville Rotary Club was honored on Monday night, in celebrating its tenth anniversary, by a visit from Judge Millar, who is, amongst many things, a Rotarian from the Hull Club and a prime mover in the establishment of the Shawville Club.

Judge Millar, who first came to Pontiac County in 1955 as a young lawyer, practised law first in Bryson, and later in Campbell's Bay. Some ten years later he was appointed a Judge, which position he held until his retirement in 1954. The Judge is widely and affectionately known throughout Pontiac County, and has a rich fund of stories and anecdotes relating to Pontiac and its people over the last 50 years.

Judge Millar regaled his audience with a few of his recollections, before settling down to the more serious topic of his address—the Rotary magazine.

This magazine, the Judge stated, was founded in 1911 at Chicago, just 6 years after the start of Rotary, and at a time when there were some 15 Rotary Clubs in the world. Initial circulation ran to 3,000 copies. The magazine has grown with the Rotary organization, so that the circulation is now in excess of 400,000, and finds its way into virtually every country in the world.

The Rotary magazine is so highly regarded in the magazine world the speaker continued that writers make every effort to have their work published in its pages. The result is that the magazine receives an average of 400 unsolicited articles each month, of which it uses an average of 4.

Judge Millar went on to discuss in some detail the type of material contained in the Rotarian, and pointed out the value of sending the magazine to local institutions such as schools and hospitals. In Shawville, it was learned, the Rotarian is sent by the Shawville Club to both the School and the Hospital.

Judge Millar closed his address with a few more anecdotes taken from the local scene.

Amongst other things, he told his listeners that one of his first actions in Shawville in 1905 was to go around to see Jack Cowan, publisher of The Equity, and take out a subscription. He has subscribed every year since, which

(Carried)
Hodgins, McCord, Lennis Barr, Gaffett Walsh, Wm. Howard assistant manager Heman Elliott and the auditors Don McLean and Ronnie Desjardin.

Mr. McLean read the financial report for 1956 and the comparative statement for 1955, which was discussed and accepted as read on motions of Veral Smiley and Lennis Barr.

(Carried)
On motions of Henry McCord and Wm. Howard that we send the document of revised rates to the Commission for approval.

(Carried)
On motions of Lennis Barr and Wm. Howard that the Secretary be given permission to obtain a few days extra help in the office when needed.

Moved by Lennis Barr we adjourn.

M. Rabitaille Sec.

makes Judge Millar one of our oldest subscribers.

The speaker was introduced by Rotarian Harland Rowat and was thanked by Rotarian Neil Drummond.

10th Anniversary Noted

Charter members of the Shawville Club, who are still members of the Club, marked its 10th anniversary on Monday night, by standing for a roll call. Eight men in all, they are: Orval Smart, Asa Smart, Harland Rowat, Dr. A. F. Fokes, Neil Drummond, Clare Jacques, Dr. C. F. C. Powles, John Tolhurst (not present at this meeting).

Saturday Afternoon Skating

Rotarian Ossie Turner spoke briefly on the success of the skating at the Shawville Arena each Saturday afternoon. Supervised free skating for the children will be available every Saturday afternoon for the remainder of the season, he said. Sponsored by Shawville Rotary, members of the Club will supervise the skating each week. The hope was expressed that as many children as possible will take advantage of the facilities thus provided.

Dr. S. E. McDowell was present at the meeting, the guest of Rotarian Hosmer Turner.

Rev. J. L. Dean To Spend Month In Florida

Rev. J. Leslie Dean, of Chalmers United Church, Richmond, Quebec, should be leaving for a unique sort of holiday in Florida right now with his wife, all provided for by a grateful congregation.

All his many friends in Shawville and district were saddened to hear of Rev. Dean's recent illness which confined him to hospital since before Christmas. When he returned to his church, the parishioners decided he deserved another month to recuperate and it couldn't be done properly in the midst of his work. So they pooled resources and paid for a round trip for Rev. and Mrs. Dean to St. Petersburg, Florida and all expenses paid while there so that the couple wouldn't have to do any housekeeping at all. Everything, including meals, was provided for and the congregation at home even made arrangements for the Dean's high school aged son, Morley, to board out with friends in Richmond. The Dean's two older children are able to look after themselves as they both work.

Leslie Dean has, obviously, become very much beloved by his people during the five years since his call to Richmond. Thirteen years ago he worked at the mission in Bristol and then went to get his Theology degree at Queen's University in Kingston. After college, two years at Valcartier preceded his call to Richmond. Rev. Dean is married to the former Ethel Jewel of Montreal.

While they are providing this unusual vacation for their own minister, Rev. Dean's congregation has also made their own arrangements for a supply minister in his absence.

Calumet Island Separate School Total Loss In Wednesday Night Fire

\$95,000 insurance won't solve the headaches which today bother the Calumet Catholic School Board. Last night their ten room school house burned down completely leaving almost three hundred children without classrooms and the town with one of the gravest problems it has faced in many years.

The ten room school consisted of an old section and a new addition built about five years ago. The newer section cost \$76,000 of which \$57,000 was provided by government grant. Plans had been drawn up and contracts let for a further six room addition to the school.

The Calumet school consisted of all grades from one to ten with rooms for both English and French speaking students in every class. Five teaching sisters and six married women provided the staff in the school.

The fire apparently started last night about ten o'clock just as

caretaker Omer Dumouchel was leaving after having filled the automatic coal stoker. As he stepped out the door he noticed brightness in a window above. Dumouchel didn't return to investigate the blaze but went instead to the house of Gerald Gauthier next door and the two men then went to Alphonse Cahill's where the New Calumet Mine and the Campbell's Bay Fire Department were called. The church bell was tolled as a means of notifying the village.

Crowds soon gathered but could not come too close as the fire was completely out of hand with "balls of fire" darting out of doors and windows and rolling along the snow.

Dumouchel and Gauthier attempted to enter the room where the fire had started but as the door was locked they had to break it down and the heat and flames gushing out prevented further advance.

This locked room had been used for the storage of old text books and teaching supplies.

The fire trucks from Campbell's Bay and the Mine drove along the 14" thick ice on the river's edge

Pontiac Appointments Announced By M.P.P.

Campbell's Bay—It was announced by Raymond T. Johnston, M.P.P. for the County of Pontiac, that Mr. Kenneth John Robinson, Power Plant Assistant-operator, of the Village of Waltham, was appointed by the Quebec Government, a Justice of the Peace in and for the County of Pontiac, for the purpose of receiving affidavits only. (eff. Jan. 15, 1957)

Henry James Mador, Game Warden of Rapides des Joachims, P.Q. was appointed Bailiff of the Superior Court, in and for the district of Pontiac, by the Hon. Paul Ste. Marie, J.S.C., at Campbell's Bay, on the 15th of January 1957.

"Hamlet" To Be Shown In Shawville

There will be a showing of the film of Shakespeare's "Hamlet", starring Sir Lawrence Olivier, at The High School, Friday, February 8 at 8 p.m. The film will be shown to the senior students during the day; and the evening showing is being held so that the people of the area may also have the opportunity to see it. There will be no admission charge.

First In Ontario

Renfrew County Organizes Development And Tourist Ass'n.

Last night a distinguished audience watched the world premiere of Renfrew County's promotional film, "This is Renfrew County", in the Renfrew Recreation Hall. This showing came as a climax to a full day's organizational meeting of the new Renfrew County Development and Tourist Association.

The film, excellently photographed by Rook and Montaign Productions Limited and with running commentary by John Fisher was an outstanding success. Five printings of the film have been made in 16 mm, colour, for distribution through Reeve Kenneth McGregor of Cobden. These will be used everywhere including television for the promotion of Renfrew County as a tourist playground as well as a choice industrial area.

The all-day sessions culminated in the solid establishment of a broad organization to work on the development of Renfrew County for the benefit of tourists and incoming industries. A formidable list of honorary directors includes all the local mem-

bers of both federal and provincial parliaments, the warden Crandall and the Chairman of Zone 1 Tourist Committee an industrial representative, Lloyd Crandall and the chairman of the publicity committee, Reeve Kenneth McGregor, as well as the chairman of the county resorts committee and the hotel association.

T. F. Barnett Jr., is president of the new organization with directors Courcy, Devine and Rushau. Committees have been set up for Advertising, Tourist Establishments, Hotels, Retail Merchants, Restaurants, Municipal Government, Fishing and Hunting, Special Attractions, History, Tourist Education, Finance, Sports, Agriculture and Forestry, Membership.

The first association of its kind in Ontario, the new Renfrew County Development and Tourist Association may well be watched closely by any other areas wishing to promote their own interests. This could well be a pattern worth following.

QUEBEC MARKETING BOARD

The letter to the editor headed Quebec Marketing Board requests an editorial in justification of the setting up of this Board. We are not in possession of the full facts ourselves at the moment, so must delay a reply until a later date.

Other material contained in our correspondent's letter is sufficiently challenging that we feel some comment is called for straight off the bat.

Mr. Brown apparently assumes that the Board and its facilities have been set up to do a job that the co-operatives have done, or could have done or should have done if they had done their job properly. He believes it seems, that the co-operatives have failed to perform their marketing function properly.

This view is directly opposed to the available evidence. Our most recent information relates to the year 1952. According to the Canada Year Book, total business conducted by the co-operatives in 1952 amounted to over 1 billion dollars. This was an increase, steadily through the years, from 1944 when total business conducted by Co-operatives amounted to 500 millions. Of themselves these figures are not significant, but related to gross national product, they take on meaning. In 1944, 4.39% of the value of the gross national product was marketed by co-ops. In 1952, 5.15% was so marked. These figures reflect a growing confidence by Canadian farmers in the ability of the Co-ops to best serve their needs.

Farmers Co-operatives are, we believe very firmly established as a significant part of the agricultural marketing institutions of Canada.

Like any other business, some lack financing difficulties, some lack proper management, while others suffer from those other ailments of which all businessmen are acutely aware, which when taken together, do sometimes cause failure. It is doubtful that the rate of failure is any higher than in any other type of enterprise.

We recognize that the present state of affairs has not always existed. In the earlier days of co-ops in Canada, before the days of supervision by the huge central co-operatives, co-ops had a rough time of it. The members were inexperienced in the operation of a business of this type, and largely through their failure to recognize the importance of an expert manager, many of them collapsed.

It is possible that Mr. Brown's thoughts, expressed in his letter, stem from the unhappy experience of many of the cheese co-operatives. Difficulties encountered by the cheese producers arose from circumstances largely beyond their control, so that the experience of the cheese co-operatives is not typical of the general experience.

A successful business is one which pays dividends, Mr. Brown continues. That, of course, may be true. It is truer, however, to say that a successful business is one which earns a profit from its operations. We do not have figures at hand on patronage dividends paid by co-operatives, but in general, feel that they do pay them. In this connection, it is not the usual practice to defer payment for members' products shipped by the co-operative. Members are paid as soon as the co-op is paid for the products. Payment is usually deferred on patronage dividends, which are typically retained by the Co-op as a loan for a period of time of five or more years.

There are incentives besides the drive to earn profits which keep people giving their best in non-profit endeavours. The satisfaction derived from an honest day's work is not a thing of the past, as Mr. Brown knows as well as, if not better than, most. None knows better than he that Government Civil Servants at the management level are one of the most dedicated and

hard working groups of people to be found in the country.

Finally, the Quebec Marketing Board is not an industry, but is a service organization which has been established to assist an industry. Its object — like that of the Civil Service, is to administer legislation, which, like the Civil Service, it will undoubtedly do to the very best of the collective ability of those men appointed as its officials.

FALL-OUT FOR ALL

After an atomic blast radioactive particles become distributed throughout the whole atmosphere of the world, and fall-out is world wide over a period of months or even years. The intensity of radiation from such fall-out may present no immediate danger, but in the event of an atomic war there would be a real danger of food contamination endangering health of survivors, according to Professors F. Oliver and R. Brawn of the Departments of Physics and Agronomy of Macdonald College.

In a bulletin released this week, Macdonald College Information Service warns that though active particles can be washed from the surface of foods, some of the material falling on the ground will be taken up by plants. Animals feeding on the ground will be taken up by plants. Animals feeding on these plants or drinking contaminated water will acquire active molecules which become built into their tissues, bones especially.

Humans will eventually acquire these active particles in their bodies. The radiations from these materials may cause anything from slight nausea to anaemia, leukemia, sterility and death. Such precautions as the deboning of all meat and special treatment of milk can be used to reduce the hazard. Most of the activity in eggs, according to this bulletin, would be in the shell.

Discussing the hazards of atomic warfare in relation to agriculture, the professors stated that an H-bomb blast might well result in sufficient settling of radioactive particles from the air to present real danger of immediate injury to man and other animal life for a distance of 200 to 300 miles downwind. With some preparation in advance and given one to several hours warning, humans and animals could find adequate shelter for a day or two while removal to uncontaminated areas was being effected.

GREATEST OF ALL CRIMES

One of the most serious problems arising from radiation is the possible effect on future generations. Radiation at all levels produces changes in the genes inside living cells. It is on these genes that heredity depends. The changes produced in them are called mutations and most are harmful. Genes occur in pairs and mutations practically never occur in both members of a pair at the same time. The effects of the mutant gene on its possessor are usually overridden by its mate so we call the mutation recessive. The real danger arises from the fact that each individual gets only one gene of a pair from each parent. If each parent contributes a mutant gene the offspring has two "bad" genes and the result is bad.

Even though radioactivity may cause a very large number of mutations, the same mutation is not likely to occur in many individuals. It will, therefore require many generations before a new mutation is sufficiently widespread throughout a population that mating is likely to occur between two individuals each of whom carry it. Thus low levels of radiation received now, even though apparently harmless to the individuals receiving them, may be expected to cause harmful effects in future generations.

Those responsible at present for spreading radioactivity by H-bomb tests and demonstrations will not be around to answer for the human monsters they will have caused to be born. It is quite possible though that they will be confronted, within their lifetime, with the effect of their experiments upon the maintenance of pure bred lines of plants and animals with their shorter life cycles.

It is not likely that the class of men who deem atom-smashing essential to human welfare will be much acquainted with cows or corn, though, so we might excuse this greatest of all crimes against humanity on the grounds of ignorance, if indeed we are prepared to excuse it at all.

My Window on The World

by The Rev. E. Rex Taylor

I have been reading of the difficulties the astronomers encountered when they commenced their investigations of the radio waves coming to this planet from outer

LETTERS TO THE EDITOR

Quebec Marketing Board

184 Irving Ave., Ottawa,
January 16, 1957.

Editor, The Equity,
Shawville, Que.

Dear Mr. Dickson:-

The editorial entitled 'The Quebec Marketing Board' appearing in the January 10 issue of The Equity is a bit misifying. Would you care to follow it up with an other editorial outlining the occasion, the justification for the setting up of such a Board. Such justification, it would appear, must have been included in the recommendations of the investigating commission which evidently preceded the formation of the Board. The Province of Quebec, over the years, has been strong on the formation of rural cooperatives. There have been a lot of cooperatives organized in the County of Pontiac at one time or another. Where are they now and what can Boards, such as that outlined in your editorial do that they have not done? This condition is not peculiar to the County of Pontiac or the Province of Quebec.

Too often, in other places, it would appear that the ordinary purpose of such Boards is to acquire a monopoly in the marketing of some particular product or products. Monopolies in other lines of business are not considered proper or democratic. There is anti-trust legislation against them. Why should agriculture be different or have a special dispensation in that regard?

Before going all out in the endorsement of a project of this kind, would it not be well to examine the situation? Just what is it that has caused the failure of so many cooperatives and the lack of progressiveness on the part of so many others? Is the failure of the cooperative to better the condition of the individual member, or help him obtain more for his product than he could have done otherwise. It is the old story of lack of efficiency in management and salesmanship and failure to control costs.

The success of any business is measured by the dividends which it pays. Dividends are the yardsticks that determine the worth of any business. How many Farmers' Cooperatives pay or have paid patronage dividends? The capital ordinarily subscribed is not sufficient in itself to finance a cooperative. It is the value of the product supplied and the deferred payment for same that largely finances a cooperative, and for that value, the capital thus provided, the producer is entitled to a dividend, a patronage dividend that will encourage him to stay in and improve his production.

As a glaring instance of the above take the case of the much publicized Central Ontario Cheese Board, which, notwithstanding its recently installed expensive boarding equipment, regularly continues to accept bids for the paltry sum of one-sixteenth of a cent at a time when the purchasing power of Five Dollars is no more than that of One Dollar a few years ago, and when the profits taken on the cheese so purchased gross as high as 125% before it reaches the consumer, at the same time accepting a premium for First Grade over Second Grade so infinitesimally small as to be rarely quoted.

In private enterprise any management that failed to grasp the significance of this incentive would be dispensed with forthwith but in the management of many cooperatives, like in the Government Civil Service, where there is no incentive nor occasion to earn dividends, the directors and management, having obtained a job too often seem content just to sit down and enjoy the equivalent of retirement long before they reach the age of 65.

Without an incentive any industry soon dies. What is the incentive behind the Quebec Marketing Board and how does it propose to make it work.

Yours sincerely,
W. A. Brown.

Rev. E. Rex Taylor

space. In most locations random noise from the trivia of this world—the electrical appliances—prevented the radio telescopes from functioning correctly

And so a search was made for a suitable location. They were looking for a valley surrounded by mountains which would serve as a shield against interference.

They wanted to find a quiet spot. They had a very hard job finding one. But unless they were successful they would never be able to receive the sounds from beyond this world. They were there all right. But man had to do his part in providing the right conditions for their reception.

And God is there all right. Make no mistake about that. But further He wants to get in touch with every single member of His creation. We hear a lot today about messages from outer space but they are getting a great deal of undeserved publicity. Such things are as old as creation itself. There's a message for you. If you haven't received it, it is without doubt due to the fact that you haven't taken the trouble to provide those conditions which are essential to its reception.

The noises of this world and of your own heart destroy any possibility. You must be still if you would know Almighty God. Quiet!

What a difficult thing to find within ourselves or without in our world. The modern world seems afraid to be quiet. Machines make a morning cup of coffee, switch the radio on and then wake us up. Radio and television programs are in the air the live-long day and out into the night. Juice boxes crowd the places wherever men and women congregate. It seems determined not to let God get a word in edge ways.

God can only get His message across in silence. A silence which speaks of individual guilt, inadequacy and need. If you will provide that silence by a nakedly honest personal stocktaking God will speak. Here is what He will say:

The blood of Jesus Christ God's Son cleanseth from all sin.

God commendeth His love toward us in that while we were yet sinners Christ died for us.

If we confess our sins He is faithful and just to forgive us our sins and to cleanse us.

Seek ye first the kingdom of God and His righteousness and all these things will be added unto you.

Messages from outer space? Journey into space? The Christian has always known about such things. For every Christian, that is every person who has believed in Jesus Christ and has committed himself to the Saviour for time and eternity, will one day take a one-way journey into space.

Out beyond the planets, the suns and moons and stars of the stellar universe out into the heart of the Creator of all these things—God Almighty Himself.

The stars look over the earth, The stars look over the sea, The stars look up to Almighty God,

The stars look down on me. The stars will last for a million years.

A million years and a day. But Christ and I will live and love When the stars have passed away. Will you? Sure? Check now!

Wyman Still Winning Farmers League Hockey

Farmers League Hockey is about half way through the preliminary schedule and it looks very much as though Wyman has the top berth with Radford, Dairy Kings and Beechgrove following in that order.

Last week's game between Wyman and Dairy Kings was one of the best yet being very close all the way and anybody's game to the last minute of play. Quick skating Dairy Kings were hard to beat. Dairy King's Corrigal turned in two neat goals while Gilpin and Young made one each but Wyman's Dan Smith netted two and Phil Long, Trudeau and Jimmy Marks each counted for another to wind up the score 5 to 4 for Wyman.

Farmer's League Players

Radford
Barry Draper, George Pirie, Denzil Brownlee, Bill Horner, Elson Smiley, Cliff Robitaille, Sterling Bean, L. Bean, E. Russell, Bruce Smart, Frank Pirie, R. McDougal, C. Tubman, Joe Hobbs, Douglas Thomas, Hubert Horner, Jerry Thomas, Bill Orr, Royce Richardson, coach.

Wyman
Gerald Desabrais, Allan Bohan, Darwin Smith, James Marks, Philip Long, Wilfred O'Donnell, Bob Keon, Garry Young, Brent Young, Joey Keon, Alside Trudeau, Oakey Gordon, Jerome Trudeau, Douglas Graham, Ken Kerfoot, Claude Cardinal, John Stanton, Laurie McKechrie, coach.

Three penalties went to Dairy Kings Teddy Lance and Wyman's Marks and Cardinal each drew one.

In the second game last Thursday Radford had it all over a somewhat former Beechgrove team. With no coach and a number of fairly small boys on their team, Beechgrove nevertheless made a good showing with Don Trudeau and Don Fraser each scoring one through the strong Radford lines. Radford scored a total of nine with Joe Hobbs 3, Billy Horner 2, Stirling Bean, Elson Smiley, Cliff Robitaille, Bruce Smart one each. Final tally was 9-2. Radford's Pirie and Beechgrove's Benoit and Brady drew penalties.

Dairy Kings
Elgin Murray, Bud McCord, Bill McCord, Sterling Knox, Neil McCagg, Bruce McCagg, Neil Sly, Teddy Lance, Merle Lance, Barry Smith, Douglas Young, Bob Young, Lorne Wilson, Gilbert Gilpin, Hilis Connelly Brian Corrigal, Erwin Armstrong, Lawrence Smith, Cecil McTiernan, coach.

Beechgrove
Ritchie Brady, Lorne Brady, Bud Lusk, D. Trudeau, Denzil Alexander, Arnold Garrison, Tom Fraser, Bill Barnes, Keith Mohr, Len Meredith, Ken McConnell, B. Allen, Lee Benoit, G. Reanud, S. Findlay, S. Robinsca, B. Murray, N. Coyle.

Monday night Radford met the Dairy Kings in a fine fast game which saw some snappy playing on the part of both these teams. Billy Horner scored 4 of a Radford total of 7 which beat Dairy King's 4. The second game, a clean, no fighting game typical of this series, was another win for Wyman champs against Beechgrove 5-2. Time keeper and secretary of the league Clive Smart reported improvement in the game and in the gates as every Monday and Thursday provides another excellent evening's hockey for the fans.

McTiernan, O'Donnell, Powell Lead In Two More Victories

The Shawville Intermediate Hockey team will try to keep its undefeated record as it goes against Cobden in Shawville Arena tomorrow, Friday, night. So far this season they have steam-rolled through game after game without one loss and their last two games were no exception.

Last week they went to Admaston to blank that team 11-0 and early this week they have already taken Pembroke Intermediates to the score of 10-4.

In the Admaston game the points were made by Powell 4, Richardson 2, Fraser 2, Thomas 1, Keon 1 and Murray 1.

At home last night the game

against Pembroke looked as though it might be a closer match as the visiting team made a bold start with all the confidence in the world but Shawville's defence — Bill Pire, Dougie Thomas and Earl Powell with Bill Hodgins in the nets — proved hard to get through and Shawville's three strong lines kept up the attack until the last whistle.

Cecil McTiernan, Royce Richardson and Frank Finnigan accounted for 5, Paddy O'Donnell, Des Keon and Gil Fraser racked up the next 3, Earl Powell and Bill Pirie netted 1, each. The third line was Philip Hodgins, Bob Findlay and Laird Murray.

St. John's Juniors Edge Waltham

Campbell's Bay—a hockey match played Tuesday night at Waltham St. John's High School Juniors of Campbell's Bay defeated Waltham by a score of 4 to 3. Charlie O'Reilly was the big scorer for the Bay team having two goals and two assists. Delacey Sloan and Allie Hearty notched the others. Edgar Harkins had two goals for Waltham with Bert Bechamp scoring the other.

Waltham—N. Shufelt, Ed. Harkins, B. Bechamp, B. Harkins, D. Deault, R. Belanger, C. Landry, L. Landry, R. Gagnon, D. Gagnon, K. Barry, A. Belanger, H. Belanger, C. Bay—M. Ranger, A. Hearty, D. Sloan, C. O'Reilly, C. Ferrigan, R. Shea, P. Sloan, J. Shea, W. Devlin, R. Morin, P. Moorhead and L. Belland.

John Tolhurst Speaker At Clarendon W. I.

The January meeting of the Clarendon W. I. met at the High School on Saturday evening, with Mrs. Gerald Hodgins and Mrs. Irvin Woods as hostesses.

The meeting opened with the ode and collect. Minutes of the last meeting were read and adopted. Correspondence was read, which included Greeting Cards from the various branches.

Quilt blocks are to be assembled and quilted at the next meeting.

Each member was asked to bring in a suggestion re next year's program.

Sewing for Pontiac Community Hospital was distributed among the members.

The meeting was in charge of the Publicity Convenor Mrs. Arthur Dagg. Mr. J. Tolhurst gave a most interesting discourse on "Canada's Foreign Policy".

A contest, unscrambling names of public names and places, was held, the winners being Mrs. Arthur Kilgour and Mrs. Walter Kilgour.

Refreshments were served by the above hostesses and a social hour followed.

C. Bay Curling Club Holds Annual Bonspiel

Rinks from Pembroke, Renfrew, Shawville and Fort Coulonge Curling Clubs, were in action in the many games played on the 23rd of January, at the Campbell's Bay Curling Club Inc. which was holding its' annual mixed bonspiel.

A rink skipped by Wm. Benson of the Campbell's Bay Club, won the prizes for the two games high winner, an a rink skipped by Martin Black of the Shawville Club, won the prizes for the one game high winner.

Following are the names of all participants in the Bonspiel and results of the different rinks' scores:

Campbell's Bay Curling Club Inc.
 1-Skip: Wm. Benson, 3rd Mrs. Elmer Sturgeon, 2nd. H. Stevenson, Lead Miss Cora Lawn.
 2-Skip: J. Ls. Muir, 3rd. Mrs. Percy Smith, 2nd. Ernie Lunam, Lead Mrs. Cora Ringrose.
 Shawville Curling Club.
 1-Skip: Martin Black, Mrs. Martin Black, Iverson Harris & Mrs Iverson Harris.
 2-Skip: Keith Horner, Mrs. Bertha Carswell, Weldon Hobbs & Miss Norma Finnigan.
 Fort Coulonge Curling Club.
 1-Skip: Mervin Pearson, Miss Leona Boisvert, Thomas Jewell and Mrs. M. Dempsey.
 2-Skip: Dr. H. E. Laycock, Mrs. R. Labine, R. Labine & Mrs. H. Proudfoot.
 Pembroke Curling Club:
 1-Skip: J. A. Cockburn, Mrs.

Calumet Island Separate

(Continued from Page One)
 to a water hole where they pumped water up towards the enlarged school building. A steady stream of water was sprayed on the school itself and other hoses were trailed on buildings on either side.

Wind from the east blew cinders from the fire all over the village but no other buildings were burned. All the documents and equipment were removed from the Post Office next door in preparation for the possibility of danger but the building was not injured.

Mrs. Presseau, in the next house to the Post Office, had all her household belongings packed into a dump truck to be removed to safety but before the truck had drawn away from the front of her house flying cinders from the school caught fire to some upholstered furniture in the truck. The dump was lifted and all the furnishings were tumbled out with certain damage to a number of articles. Fortunately Mrs. Presseau had insurance to cover the value of her belongings and the insurance adjuster was on hand this morning.

Other damage outside the school was mainly to hydro poles which were charred dangerously. The Gatineau Power men were on the job this morning to estimate and plan repairs. Wooden swing and see-saw seats in the school yard were charred black from the heat as the school burned.

Standing today in a smouldering, smoky, sodden mess are a few crumbling brick outer walls festooned with twisted girders. In the ruins can be seen some of the iron stands upon which desks once rested and a few pipes which once carried steam to warm the school.

Children are not rejoicing at the prospect of no school today because their own tragedy is too great to allow for joy. All their skates, as well as some valuable hockey equipment, goalie pads and so on, were in the basement of the school and not so much as a blade is to be found in the ruins. Calumet's beautiful new outdoor skating rink will see few children for the remainder of this season unless Santa Claus makes a second visit this year.

Children at the scene of the fire this morning told stories of window panes being blown out as far as the river as the heat within the school exploded them, and also of the forlorn proposition of everyone in the whole school failing the year because there couldn't be any more school!

Hormidas Larose, chairman of the school board, will see that this doesn't happen. His board, Gerald Griffin, Hector Hamel, Rominis LaSalle, Eddie Wrinn and secretary Alexandre Tremblay, will be meeting immediately to sort out all the possible answers to the dilemma.

The McConnell Story At Bryson Theatre

Shawville United Report Prosperous Year

The annual meeting of the Shawville United church held in the Sunday school room revealed to a large number present that the past year had been a very prosperous one financially for the congregation. The minister Rev. H. G. Lester was in the chair and was assisted by the Recording Steward Walter Kilgour.

The treasurer's report given by Glenn Hodgins showed the total receipts from all the congregation and its organizations, reached the record figure of \$12,825 Shawville and Zion of which \$2747 went to Missions. The church had carried on a large renovation scheme inside the church, and in landscaping the grounds around the church; yet had finished the year with a large balance on hand. The Women's Association had raised a total of \$2550; and the W.M.S. had sent off their allocation of \$400 in full. The Y.P.U. the Mission Band, and Explorers, the Young People's and the Sunday School all had similar reports of progress to make. The girls of the C.G.I.T. also gave good reports in Junior work.

In giving circuit statistics the minister reported additions to the membership of 8 on profession and 8 by letter; making a total of 459 members, made up of 311 families and a church total of over 1000 souls. During the year there had been 11 burials, 33 births and baptisms, and 15 marriages and at the four Communion services held there had been

a total of 643 Communicants. Dr. S. E. McDowell moved a vote of appreciation, heartily seconded by the congregation to the minister and his wife for their fine service and leadership during the past year.

In the election of officers for next year, some changes were made. C. F. Jacques and Dr. S. E. McDowell were placed as elders at the session. Permanent members of the session appointed were Moses McCord, Dr. A.F. Fokes, D. T. Hodgins, J. B. Kilgour, Harold Hodgins and Clifford Wilson.

Elected for two years: James Gordon, Clarence Hayes, Dwight McDowell, Dr. D. J. Campbell, Edgar Hodgins, Raeburn McTierman, Robert Russell, George Palmer.

Board of Stewards elected for two years are John Belsher and Irwin Hayes. Everett McDowell, Miss Katie Elliott, Harold Dagg, Melvin Armstrong, Mrs. J. R. McDowell, Alex H. Hauer, Wilmer Hodgins, Robinson Hodgins, Garrett Walsh, Clarence Dean, W. Arthur Hodgins, Lloyd Stevens.

Other officers elected are: the Treasurers, Miss Katie Elliott, Glenn Hodgins and Arthur Dagg; Ushers, C. N. Woodley (chairman) Neil McDowell (assistant) Donald Dods, Clarence Knox, Robert Russell, John Belsher, George Stones; Recording Steward and S. S. Superintendent, Walter Kilgour; Auditors, H. I. Smith and Clarence Dean.

A report from the organ committee was given telling of their work to date and they were instructed, by the congregation to complete their work.

Fort Coulonge United Reports Progress

Fort Coulonge—Reports of a successful year, were heard by those attending the annual meeting of Fort Coulonge United Church recently.

Officers re-elected at the meeting, held at the home of Mrs. Anne Fumerton are: members of session—Mrs. John Smith, Mrs. Howard Smith, Edward Pitt, Gerald Smith and Douglas Campbell; members of the board of stewards and trustees—Mrs. J. W. Hennessey, Mrs. Ira Whelan, Mrs. M. Thomson, Mrs. Anne Fumerton, Mrs. J. Sharpe and G. E. Colton.

Secretary-treasurer for missionary and maintenance and for the church is Mrs. Ira Whelan. Organist is Mrs. Fumerton.

Reports were given by the following: Mrs. Whelan, Mrs. Colton, Mrs. Fumerton, Mrs. Smith, and Rev. W. H. Higham, minister. Mrs. Howard Smith extended a vote of thanks to the minister, organist and church secretary-treasurer.

Radford Hosp. Auxiliary

The January meeting of Radford Hospital Auxiliary was held in the Penthouse on January 23 with eight ladies present.

The meeting was opened by the president reading Psalm 97. All joined in The Lord's Prayer.

The minutes of the previous meeting were read and adopted. The treasurer's report showed a balance of \$93.16.

It was decided to buy dishes for the nurses dining room. Miss Finegan agreed to see as to design and color and order dishes.

Twenty-six articles were mended during the afternoon. Collection amounted to \$1.15.

A delicious lunch was served by the hostesses Mrs. H. Eades and Mrs. A. Caldwell. Next meeting will be February 27.

St. Matthews Anglican Guild

St. Matthew's Anglican Guild met at the home of Mrs. F. Ladouceur, January 24, for their monthly meeting. Chairman Mr. Lawrence opened the meeting with the scripture reading.

The minutes and the financial report were given by the Secretary and the Treasurer and were approved on.

A report on goods sold was given by Mrs. Nathan Dagg and was accepted as given.

A display of material was given out to the ladies to be made up.

Messages of sympathy were extended to a member, Mrs. Elgin Howard in respect to her dear father who recently passed away. Meeting adjourned with prayer.

Refreshments were served by the hostesses, Mrs. F. Ladouceur and Miss Phillis Lang.

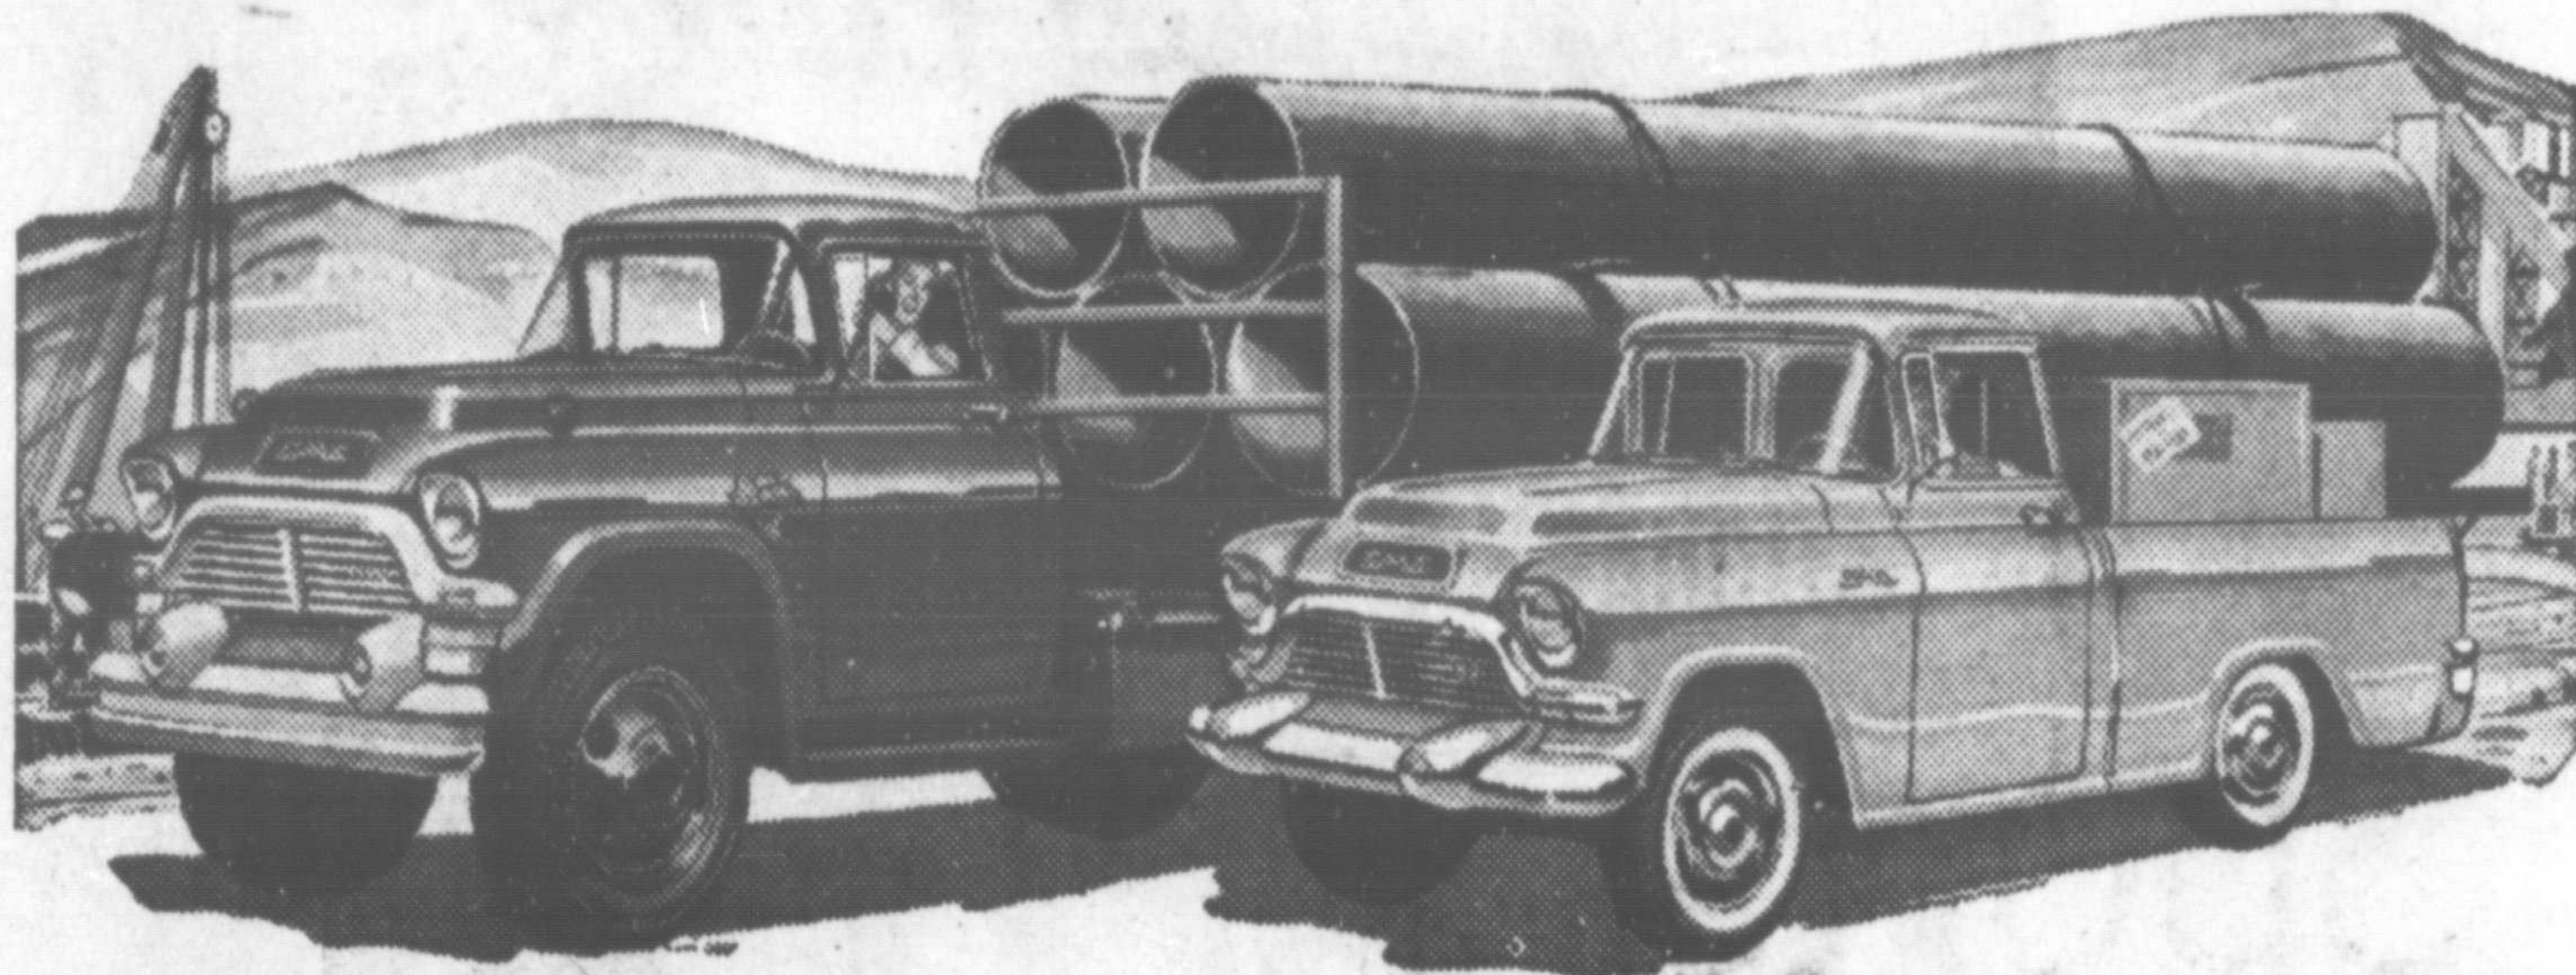

The February meeting is to be held at the home of Mrs. Lawrence.

Court Report

Frank Madore of Rapides des Joachims, P.Q. pleaded guilty on Wednesday before district Judge Alexandre Tache of having caused a disturbance at the parish hall in Rapides des Joachims, and was sentenced to 10 days in jail, and was ordered to pay the Court costs or spend 7 additional days in jail.

Tom Curley of Quyon, P.Q. also pleaded guilty on a charge of having caused a disturbance at the Steve McCann restaurant in Quyon and was fined \$15.00 and ordered to pay the court costs, or spend one month in jail.

Here's the long and the short of it...

A GENERAL MOTORS VALUE

Whether you want a lot of truck in any size . . . whether you need the power and pull of a big tandem or the speedy efficiency of a 1/2-ton pick-up, you'll find that GMC, as usual, is your wisest choice. Yes, large or small, or anywhere in between, GMC offers you the world's largest choice of carrying capacities,

power, axles, transmissions. You name it . . . GMC has it. Naturally, you'll want to get your new GMC Money-Maker soon. Right now, in fact, is the best and most economical time to do it. So what's our advice to anyone who wants to save on trucking costs? See your GMC dealer—now!

**Up to 148 h.p. in 6's
... 210 h.p. in V8's**
Hill climbing's a snap. Passing is quicker—and with a bigger safety margin. Road time is better—without increasing road speed. You'll do more—and do it a lot sooner.

**... Styling That's
Way Out in Front**
No other truck today comes close to the strikingly distinctive styling of these Blue Chip beauties. Light, medium, or heavy duty . . . they all have the looks as well as the lugging power.

**... Repair Costs
Go Down!**
No reasonable use can push these Blue-Chip GMC's too far! Plenty of reserve strength and stamina means unstrained engine and drive line—far fewer repair and replacement needs.

**... Years More Use—
Plenty Left To Trade**
Work capacity doesn't drop off—it's good for years. Then, your GMC is still a high-ticket trade-in to take the big bite out of replacement cost.

**... Fuel Costs,
Cut Way Down**
New refinements on GMC's line-up of V8 and 6 engines, the extra economies of Hydramatic and Powermatic transmissions, plus higher axle ratios for cruising, bring you startling savings on running costs.

YOU DON'T HAVE TO SHOP FOR ELECTRICITY

Aren't you glad you didn't have to carry home a bag of Electricity, too? Yes, Ma'm, Electricity is one commodity you don't have to shop for.

I deliver it right past your front door, into your home to any room in the house. Wherever you are, and place it right at your fingertips.

When you need Electricity (and you need it for scores of chores about the house) do you have to make out a shopping list, stop your housework to dress up, park the baby with your neighbor, get out the old crate and drive to town? INDEED YOU DON'T! You simply walk—not run, to the nearest outlet and just PLUG IN—I'M REDDY! Then you sit back and let ME do the work—and OH BOY! Ain't it a Grand and Glorious feeling!

Roddy Kilowatt
Your Electric Servant

GATINEAU POWER COMPANY

OTTAWA Report:

by Anthony J. Wright

Ottawa—Scholarly H. W. Herridge, (C.C.F. Kootenay West, BC) the man with the most melodious voice in the Commons, says of John Diefenbaker's publicity machine "if the Leader of the Opposition were to burp tomorrow in the outer recesses of Afghanistan it would be known around the world in 24 hours". Mr. Herridge believes that will not elect a party that finds it "impossible to produce an alternative program to that of the Liberal party at this time". . . .

The main obstacles, I understand to the admission of Christian George Hanna, the ship-tossed man without a country, to Canada have been the fact that he is illiterate and coloured. . . there has also been some talk of his not having papers, of there being no record of his past life. Oddly, the forebears of many Canadians, including our minister of Citizenship and Immigration and our Prime Minister came here without papers. 50 years ago people came and went—humanity was less suspicious of humanity. There are those who think that a man about whom nothing bad is known might make a good Canadian. . . .

One of the Opposition's main fears on wheat markets is that the United States by bargain sales for local currencies with generous credit is "appropriating markets. . . for three, four or even more years ahead". This from Mr. Diefenbaker. He says we have almost lost the market in Brazil and 12 other countries because of U.S. surplus disposal practices. . . .

The Gordon Commission report expects Canadian wheat farmers

will sell between 400 and 474 million bushels of wheat a year for the next quarter century at home and abroad. For the seven years between 1950 to 56 the crop was, on an average, 525 million bushels, considerably more than the 393 million bushels average in the forties and the 330 millions in the thirties. In the more prosperous twenties our wheat fields grew an average of 385 million bushels a year. . . .

Averages are fine but they don't sell wheat. Mr. Howe appears to think we are going to have to do to market normal crops. The Gorty quite a selling job over the years don Commission says "it does not seem that Canada should plan any permanent reduction from the present acreage sown to wheat. . . if our estimates of foreign and domestic demand are reasonable ones." . . .

Reports received at External Affairs from officers abroad make it plain that in the Middle East the Americans will woo Saudi Arabia, already oil-rich and influential, while keeping President Nasser waiting for economic help. This pleases Ottawa more than if Eisenhower wooed Nasser too eagerly. . . Nasser wanted to visit Washington soon. King Saud of Arabia, the foreign minister of the Lebanon and the crown prince of Iraq have all been welcomed in the U.S. recently but Nasser is still on the Nile. . . .

The brewers want taxes on beer cut. If they are not, say the brewers, prices of beer will go up. This, they believe, will "switch the Canadian drinking pattern even further toward hard liquor, a strong trend in post-war years." Say the brewers, beer is the drink of moderation. They quote Dr. E. M. Jellinek of the World Health Organization who says that "beer is a beverage selected not by inebriates but mainly by moderate users of alcohol". Mr. Harris, to whom the brewers appealed here, does not drink alcohol.

Charteris Native A. L. Kennedy Laid To Rest In Hamilton

Word has been received of the sudden death of Allan Lloyd Kennedy of Hamilton, formerly of Charteris. Mr. Kennedy was a son of the late James Kennedy and his wife the late Margaret Glenn and was in his 57th year.

For a number of years he was employed by the Schwenger Construction Company. His wife the former Mabel Mary Taylor survives him along with a son David, and one sister (Jessie) Mrs. Robert Havelin of Shawville.

Funeral service was held from the Robinson Funeral Home Chapel on Tuesday afternoon at 3.30. to Woodlawn cemetery, Hamilton.

pallbearers were David Taylor, brother-in-law; Sydney Tubman, Frank Tubman, Jack Woodlidge, Joe Gernerer and John Jones.

Attending the funeral from a distance were Mr. Robert Havelin, Shawville and Mrs. John E. Havelin, Charteris, Que.

P.C. Renfrew Convention Slated For Feb. 23

Final arrangements are being made these days for the Progressive Conservative South Renfrew Convention which is being held in the Separate School Auditorium in Renfrew on Saturday, February 23rd. Indications are that it will be a most enthusiastic Convention and many of the delegates from the various polling sub-divisions are looking forward eagerly to meeting the new National Party Chieftain, Mr. John G. Diefenbaker. Mrs. Charles Logan, of Renfrew, Chairman of the Credentials Committee, is receiving the utmost co-operation from members of the Association throughout the riding, and it appears that there will be a record turnout of delegates. The total delegates allowed for the Convention is 407.

The entire Convention program will be carried over Radio Station CHOV to the many riding constituents who are unable to attend the Convention. The CBC have also arranged to have their Television cameras and will cover all the Convention highlights.

McGill Normal School To Hold Centenary Celebrations in March

March 3rd, 1957, will be the 100th anniversary of the founding of the McGill Normal School, instituted to train teachers for the Protestant schools of the Province of Quebec.

Appropriate celebrations are now being planned to mark the centenary of the inauguration of this important institution which has since grown to become the Institute of Education of McGill University, with its headquarters at Macdonald College.

The celebrations extend from Friday evening, March 1st, through Saturday, March 2nd, to completion on Sunday afternoon, March 3rd.

Program To Emphasize Role Of Teacher

Appropriately, the program's accent is educational, with emphasis on the role of the teacher, and it is expected that Dr. James' memorial address on Friday evening and the symposium by three outstanding educationists on Saturday morning and afternoon will have a wide appeal. It is fitting that the final ceremony should be at Macdonald College and of a religious nature.

Social Gatherings Planned

At the same time, the program provides for social gatherings, particularly at the Reception and Buffet Supper on Friday evening and the Reception and Tea at Macdonald College on Sunday afternoon. Graduates of the School of Teachers (Macdonald College) have a special—indeed, a unique—opportunity to meet with old friends and classmates on these

occasions, and it is hoped that Class Re-Unions will be organized through these particular events.

All Who Are Interested In Education May Attend

Teachers, former teachers, members of school boards, of home and school associations, and indeed all who are interested in education should find attendance at one or more of the memorial sessions rewarding.

The McGill Normal School Centenary celebrations will do honour to the founding of an important community institution. It is expected that its record of continu-

Hosp. Aux. Reports On Superfluity Shop

The regular meeting of the Shawville hospital auxiliary met Tuesday with Mrs. Harry Sturgeon, the President in the chair. After devotions, Mrs. Russell Elliott, the treasurer, gave an encouraging financial report on the work of the Superfluity Shop that

had cleared in the past six months the sum of \$940. It was decided to set up a memorial to Mrs. Bob Glenn recently deceased, who had made many large donations to the hospital through the auxiliary. A layette was presented to the hospital to be used in case of special need by any mother; to be replenished by the auxiliary as needed.

It was announced that the Superfluity shop will be opened again for sales in the near future and it was decided to make soon a spring appeal for goods for the shop.

ous and vigorous growth through the past century will find appreciation by the community's support of and participation in the memorial program.

Local Churches Report Annual Vestry Meetings

St. Luke's, Caldwell
The Annual Vestry meeting of Saint Luke's Anglican Church, Caldwell was held on the 22nd of January at the home of Mr. and Mrs. J. Tracy. The meeting opened by observing a moments silence in memory of those who died during the past year.

David Fraser, Rector's warden presented the Financial report which included a donation to the

Montreal Diocesan College along with meeting current obligations.

Mrs. J. Tracy gave the report for the Women's Guild, which had a busy and successful year contributing to the work of the church, contributions to rectory maintenance, Diocese of Caledonia Restoration Fund, Pontiac Community Hospital and equipment for Bristol No. 10 school.

The rector the Rev. R. G. Elliott who presided, paid tribute to the work and loyalty of the wardens. To Mrs. Tracy as organist, and members of the Tracy family for

seeing that the church is well heated. He spoke feelingly of those members who had gone from us during the year and the tragic manner in which two of them met death. The rector particularly mentioned the late John Caldwell who had been warden of St. Luke's on several occasions and for many years represented the congregation at the Diocesan Synod.

The rector re-appointed David Fraser as his warden. Gordon Angus was re-elected People's Warden, Miss Gertrude Fraser, Vestry Clerk. Gordon Angus, Delegate to Diocesan Synod.

Following the meeting Mrs. Tracy served refreshments to all. Holy Trinity, Radford

Mr. and Mrs. Harry McCleary were host and hostess to the members of Holy Trinity Church, Radford, for their Annual Meeting. The Rector was in the chair and the following reports were heard.

The wardens report by Ervine Beck, People's Warden. This report showed that considerable money had been spent by the congregation, the biggest amount on redecoration of the Church capably carried out by McGrath and Cameron of Starks Corners, giving the church building a pleasant appearance, of which the congregation is justly proud.

The Guild by Mrs. W. J. Hanna, treasurer, which indicated that the women of the congregation had been extremely busy and their work had been profitable. A large amount of decoration costs was supplied by the Guild, as well as contributions to the Diocese of

Paul Joseph Pare Dies In Hospital

Paul Joseph Pare of 47 Front street, Aylmer, died in Pontiac Community Hospital Sunday from injuries received in a car-bus crash on the Aylmer highway, 18 miles east of Shawville January 22.

Mr Pare, 69, was driver of a car which was in a head-on collision with a busload of pupils returning home from St. Mary's Separate School in Quyon. His car was demolished. Mr. Pare was taken to Pontiac Community Hospital but never regained consciousness. He died of extensive head injuries.

A native of Fort Coulonge,

Caledonia Restoration Fund, and the rectory maintenance. Mrs. Hanna also reported for the Sunday School showing an increase in numbers for the year and she also spoke of the pleasure of having children from Radford United together with some of their mothers as teachers.

The Rector thanked the congregation for their loyalty and support, saying he was particularly grateful for their devoted attendance at Public Worship which is the Church's chief function. "When people cease to worship God, they automatically worship other objects of much lower nature and of far less importance".

The congregation expressed appreciation to the Clarendon Council for widening the road to the church so it might be easily snow-ploughed and also decided to request Council to complete widening to the full length of the church grounds. The wardens were directed to see about obtaining someone who would clean the church weekly, thus maintaining its pleasant appearance. It was decided to make a contribution to the Montreal Diocesan College.

Lloyd Atkinson was re-appointed Rector's Warden and Ervine Beck re-elected People's Warden. Lawrence Lang Vestry Clerk. Ira Hanna and Hubert Horner delegates to Synod, with Kenneth Smiley and Harry Eades as substitutes to Synod. The following sidesmen were elected: Harry Eades, Grant Eades, Benson Eades, Karl Gartner, Cyril Smiley, Lawrence Lang, Harry Brownlee, Irvine Brownlee, Hubert Horner and Jimmy Horner.

A resolution of thanks was extended to the rector for his work and leadership during another year. After business was completed refreshments were served by ladies of the congregation.

St. Matthew's, Chartiers

The Annual Vestry meeting of Saint Matthew's Church, Chartiers, was held on January 22nd with the Rural Dean in the chair.

Mrs. F. Ladouceur, treasurer gave the financial report which showed that there had been considerable outlay during the year, due to extensive renovation to the church building, moving the entrance which opened on a rather busy thoroughfare, to the side of the church, rebuilding the tower and installing a hot air furnace. The rectory also had been re-decorated and a new Vampacker chimney erected, with the assistance of the other three congregations in the parish.

The chairman congratulated the wardens and congregation on their achievements and also thanked them for hospitality shown to himself and any others who came to take Sunday Services. Mr. E. A. Lawrence, Lay Reader reiterated the Rural Dean's remarks and appealed to those present to maintain their standard of Church attendance and to be Christ's missionaries in bringing in others.

The wardens were directed to take whatever steps were necessary to complete unfinished work around the church building and look into the possibility of renovating the recently acquired school house nearby.

Mrs. Ladouceur was elected Vestry Clerk and Treasurer. Frank Ladouceur re-appointed Rector's Warden, Wilbert Kimber was elected People's Warden. Fred Hodgins and Herman Emmerson delegates to Synod with Wilbert Kimber and Frank Ladouceur substitutes. Fred Hodgins, Ivan Dagg and Elgin Howard to be sidesmen.

Notes of thanks were extended to Mrs. Ladouceur organist for her faithful services, and to Elgin Howard outgoing People's Warden for devotion to the church during his two year term of office.

Mr. and Mrs. Lawrence invited all to the rectory where they served tea, sandwiches and cake.

Mr Pare was a son of the late Joseph Pare and the late Rosealie Lariviere. He farmed in Calumet Island most of his life, coming to Aylmer upon his retirement five years ago.

He was married in Calumet Island 47 years ago to the former Alexina Ladouceur, who survives.

Also surviving are six sons, Reginald of Fort Coulonge, Gerard of Emdonton, Robert of Windsor, Edgar of Detroit, Claude of Aylmer, Cyril; six daughters, Mrs. Clarence Heaphy (Gertrude) of Aylmer, Mrs. L. A. Howard (Augustine) of Noranada, Mrs. Rene Bastien (Nrgel) of Aylmer, Mrs.

Raoul Morin Zita of Ville la Salle, Bernadette of Ottawa; three sisters, Mrs Gregory Lemay of Fort Coulonge, Mrs. Rudolph Dumouchel of Calumet Island, Mrs Joseph Romain of Ansonville; three brothers, Fred of Campbell's Bay, Joseph of Davidson, Frank of Fort Coulonge; and 14 grandchildren.

The body was at the Emond funeral home, Aylmer, until 2 p.m. Tuesday, thence to the Ringrose Brothers funeral home, Campbell's Bay. Funeral was held Wednesday to St. Anne's Church, Calumet Island, for requiem high mass at 10 a.m. Interment was in the parish cemetery.

Meet the Diltrops...

UP-TO-DATE FAMILY...
with a Good Old-Fashioned Recipe!

The Diltrops are a modern-day family who have rediscovered a recipe for better living. It's not a new recipe by any means—it has been tried and tested for years. Here are the ingredients:

- a B of M Savings Account
- a Definite Goal to Save for
- a Dash of Determination

There's nothing more — just add deposits regularly.

Mom and Dad can point to the results... that suit she's wearing... that easy chair... the sense of thrift and self-reliance in Jimmy and Carol gained by operating their own accounts at the B of M. There's fun, they say, in saving together and in sharing the thrills of realizing their savings goals.

Why don't you open accounts for members of your family today? You'll find a warm welcome awaits you at the B of M.

Eight room brick house in Shawville, oil furnace, central, inquire at The Pontiac Printshop, Shawville.

(Continued from Page One)

A. W. Lang

he was new at the game of education, he was enjoying it and believed that everyone was trying to do a good job. He said the only way he knew to get the best work out of the teachers was to let them alone and not to interfere with them. He pledged implicit faith in every teacher and promised that they would be left entirely on their own.

Mrs. Alan Poole, the Chairman of the Protestant Teachers' Local Association, spoke on the subject of cooperation between the Board, the teachers and the parents and the importance of these three groups realizing that after all they are all working for the same goals.

Mr. Lang, a Queens Graduate, with forty years of teaching, mostly as principal in both Montreal and small town schools, is now acting as full-time "up-lifter of the standards of School Boards" in the capacity of secretary-treasurer and editor of the trade paper for Quebec School Boards. Also Mr. Lang is one of the best, if not the best, public speaker to be heard in these parts.

His talk was punctuated with stories which kept the audience laughing so hard they may have missed some of the gems of wisdom which followed each story. One of his interesting statements was that it is far better to have people mad about what the school board is doing than merely disinterested. Apathy, said Mr. Lang, is the worst state of mind possible in connection with the schools.

Another big factor in the successful running of school boards, according to Mr. Lang, is public relations. That is to say the general terms of understanding which exist between the various people who work for and benefit from the educational institution in any community.

Over the years, Mr. Lang has found that members of school boards have improved. He also noted that in his dealings with boards of all sizes and conditions, they all have reported the same headaches and therefore can all benefit from an interchange of ideas. He found school boards becoming more and more dedicated which means, according to Mr. Lang, they do not count the costs.

Mr. Lang's message about "deficit budgeting" should come as a shot in the arm for our local

CARD OF THANKS

We wish to express our most sincere thanks to all our friends for their help and kindness at the time of our bereavement.
—The Prendegast Family

We wish to extend our heartfelt thanks and appreciation for the acts of neighborly kindness, sympathy and floral offerings received in our recent bereavement of the loss of a dear husband and father, Newton Lewis.
—The Lewis Family

We wish to extend our heartfelt thanks to all who so kindly assisted and for the words of sympathy and beautiful floral offerings extended at the death of our dear father, W. E. Wall.
—Mrs. Harold Hobbs

Bryson Notes

Tom Donnelly spent last weekend in Ottawa, returning with Mr. and Mrs. John Burroughs.

Miss Helen White, Miss Bernice Gardner and Miss Marie Poisson, Ottawa were at their respective homes for the weekend.

Master Philip Hamel, son of Mr. and Mrs. Joe, Hamel entered Shawville Hospital Saturday for observation.

Mr. Alphonse Renaud was taken to a Montreal Hospital due to serious illness.

Clarence Wall underwent a serious operation in the Shawville Hospital last Saturday and is making rapid recovery now convalescing at his home here.

Mining Engineer Forbes is presently engaged surveying certain mining properties on Calumet Island.

Mrs. Mervin Pearson, Fort Coulonge, visited friends here over the weekend.

Mine Mill and Smelters Union 880 have signed a new labor contract with New Calumet Mines acquiring a slight increase in pay and minor adjustments.

school boards who see the needs in our schools so much better than anyone else and only want to know that the people will approve of necessary expenditures. Mr. Lang did not elaborate upon the subject of deficit budgeting but the subject can easily be studied by interested boards.

In thanking Mr. Lang for his wonderfully instructive and amusing talk, Dr. McDowell commented that in the Province of Quebec all the organizations dealing with education were working together in a united effort. With regard to Mr. Lang's long and useful teaching career, Dr. McDowell suggested a likeness to "Mr. Chips". By the appreciative applause given Mr. Lang it was evident that nobody wished to say "Good Bye" but merely a tentative "So long, and see you again real soon, Mr. Chips".

IN MEMORIAM

Ebert—In loving memory of our darling daughter and sister, Ann who went to heaven January 29th, 1955. She was too pure for this cold earth. Too beautiful to stay. And so God's holy angel bore Our darling Karen away.
—Daddy, Mommy, Boyd and Don

Ebert—In loving memory of our little sister, Karen Ann, who went to be an angel, January 29th, 1955. "Sweet little flower of heavenly birth, She was too fair to bloom on earth."
—Gwen, June and Shirley

Glenn — In loving memory of James C. Glenn, who passed away, January 28, 1952. Love's greatest gift—remembrance
—The Family

Smith—In fond and loving memory of a dear husband who passed away January 31st, 1952. No one knows the heartaches Only those that have lost can tell, Of the grief we bear in silence For the one we loved so well.
—Wife Esther and family

Judd—In loving memory of our dear sister Mary (Mrs. George Judd) who departed this life on January 29th, 1955. Somewhere back of the sunset Where loneliness never dies, She lives in the land of glory, Midst the blue and gold of the skies:
And we who are left here to mourn her Whose passing has brought many tears Will cherish your memory forever; To help through the lonely years.
—Sadly missed by your brothers and sisters (The Knoxs).

Judd—In loving memory of our dear mother, Mrs. George Judd who passed away January 29th, 1955. You were always true and patient Through the years you struggled on And those hands that rest forever Made the home that now is gone. Sadly missed,
—The Family

Judd—In loving memory of our dear grandmother, Mrs. George Judd, who passed away January 29th, 1955. Love's greatest gift—remembrance
—The Grandchildren

Judd—In loving memory of our dear sister Mary (Mrs. George Judd) who departed this life on January 29th, 1955. Somewhere back of the sunset Where loneliness never dies, She lives in the land of glory, Midst the blue and gold of the skies:
And we who are left here to mourn her Whose passing has brought many tears Will cherish your memory forever; To help through the lonely years.
—Sadly missed by your brothers and sisters (The Knoxs).

PUBLIC NOTICE

I have taken over the general insurance business previously conducted by the late Clarence H. MacLean, and shall endeavour to give you satisfactory service. I request your continued patronage. For the present I can be contacted in Shawville Box 144, or phone 611-r-12. In Ottawa at Room 300, 56 Sparks Street, or phone CE 2-3621.
W. E. Nellis Hodgins
