

TURKS HAVE RETIRED FROM NEUTRAL ZONE Clash Between Greeks And Kemalists--Conference Opens

Military Matters Will Be Considered First Today At Mudania Conference

Stated that the Political Aspects of the Situation Will Be Discussed at a Later Meeting—Two Most Important Questions to Be Considered at Conference Today Are the Demarcation of a New Neutral Zone on the Asiatic Side of the Dardanelles and at Ismid, and the Evacuation of Thrace—French Official Confident that Agreement Will Be Reached—Stated that the Turkish Soldiers Are Making Friendly Overtures to the British at Chanak.

(Associated Press Despatch)

CONSTANTINOPLE, October 3.—Only military matters will be taken up at the conference of Allied and Turkish Nationalist commanders at Mudania, today, the political aspects of the situation being discussed at a later meeting, according to M. Franklin Bouillon, whose recent trip to Smyrna, where he conversed with Mustapha Kemal Pasha, was responsible for the summoning of today's conference.

The two most important questions to be discussed today, he said, are the demarcation of a new neutral zone on the Asiatic side of the Dardanelles and at Ismid, and the evacuation of Thrace. He was confident that an agreement would be reached.

Steps had been taken to have only responsible representatives at this and the subsequent conferences, in order to prevent a recurrence of the repudiation of the agreement made last year with Bekir Samy Bey, then Nationalist Foreign Minister.

"The fact that there is common sense on both sides is the best augury for the success of the meeting," he added. "Naturally, many difficult points will arise, but there is no reason why we cannot solve them amicably, as the Allies already have pledged to the Nationalists all their legitimate aims. The whole question is one of form rather than of fact."

M. Franklin Bouillon referred to Kemal as "Mustapha Kemal the victorious," and said that if he, Franklin Bouillon, was appointed to represent France at the negotiations it was because he was Kemal's best friend. He declared that with certain modifications, the Turkish leader was pleased with the Allied proposal.

Reports from the Chanak area yesterday afternoon showed that on the verge of the Armistice Conference, the close juxtaposition of the Turkish and British troops continues. The Turkish officers are making friendly overtures to the British, offering them cups of coffee and attempting similar small courtesies. The horses of both sides are drinking from the same troughs.

The British, French and Italian Chambers of Commerce, yesterday, sent a memorial to their Governments urging continuation of the so-called capitulations, at least with reference to the following important points:

First, no discriminatory taxation of Allied subjects. Second, no preferential tariff. Third, all disputes arising between Allied and Turkish subjects to be adjudicated by mixed courts.

KEMALISTS HAVE EVACUATED NEUTRAL ZONE ALONG STRAITS
(Associated Press Despatch)
PARIS, Oct. 3.—A Havas despatch from Smyrna, the Turkish Nationalist headquarters, says it is announced the Kemalists have evacuated the neutral zone along the Straits of the Dardanelles.

No mention of any evacuation movement by the Turks in the Chanak or other neutral zones has been made in direct despatches from Constantinople, comparatively near the scene. The situation at Chanak was unchanged as late as yesterday afternoon, a Constantinople message received early today reported. A despatch to the Times of London, from Constantinople last night, however, said the Turks had evacuated Karabiga, on the edge of the Sea of Marmora, close to the zones of the Straits, to which they had pushed two days ago, but that on the other hand, Turkish infantry forces had appeared within the neutral zone at points both northeast and south of Chanak.

STATE THAT KEMALIST PROPOSALS ARE NOT ACCEPTABLE
(Associated Press Despatch)
CONSTANTINOPLE, Oct. 3.—The Kemal proposals, which will be laid formally before the Mudania Conference today, are "discussable but not acceptable." This was the decision of the extraordinary council which met at the British Embassy yesterday.

ACTIVITIES OF FORMER PREMIER VENIZELOS VIEWED IN ANTI-GREEK QUARTERS WITH GREATEST SUSPICION
(Associated Press Despatch)
LONDON, Oct. 3.—If the amount of space given by the press can be regarded as an index of popular concern, this country is on the tip-toe of expectancy and curiosity concerning the result of the meeting between representatives of the Allies and the Turkish Nationalists at Mudania today.

It is not yet definitely known how many delegates will attend the conference, but it is stated from some sources that, in addition to the Allied and Turkish generals, the conference will include M. Franklin Bouillon and two Greek military representatives.

In anti-Greek quarters the activities of former premier Venizelos are viewed with the greatest suspicion. The Daily Express says M. Venizelos has advised the revolutionary government in Athens to agree in principle to the evacuation of Eastern Thrace, but to tell the Allies that Greece will not evacuate the territory until the powers have decided she shall do so as part of the final peace terms.

The newspaper says the effect of this plan, if adopted, would be that the Greek army would remain in Thrace for many weeks longer, and that the conditions arising from this inevitably would bring war between the British and Turks. It calls upon the British Government and public to put a stop to "this dangerous intrigue."

FIRST DEMAND OF KEMALISTS, TO BE ALLOWED TO ENTER THRACE, WILL BE REFUSED BY ALLIES' REPRESENTATIVES
(Associated Press Despatch)

REBELS LAUNCH AN ATTACK ON REPUBLICANS

Sharp Fight Reported at Omeath, County Louth—Ten Republicans Killed.

(Associated Press Despatch)
BELFAST, Oct. 3.—Republicans made a surprise attack on the Nationalist garrison at Omeath, County Louth, early today, and a sharp three hour fight ensued.

It is reported, but not confirmed, that ten of the Republicans were killed and many wounded.

Telephone communication with Dundalk has been cut.

Reports that the conference was in danger of being wrecked would not surprise London officials.

Such reports are considered likely to appear when the Allies refuse, as it is felt here they will, what is expected to be the first demand of the Kemalists, namely, that the latter be allowed to enter Thrace. It is believed here, however, that if the Allied representatives stand firm on the Paris programme, two or three days will see the successful termination of the Mudania meeting and a favorable answer to the joint Allied note from Mustapha Kemal Pasha.

SOVIET RUSSIA'S AIMS ARE ALL TOWARD PEACE
(Associated Press Despatch)
MOSCOW, Oct. 3.—Soviet Russia's aims are all toward peace, General Daniloff, chief commissar of the Red Army General Staff, told the correspondent today in denying reports that Soviet artillery was being sent to aid the Turks.

"Because of the belligerent attitude of various countries regarding Russia," he said, "we must always stand ready and prepared against an attack, but so far as the Greece-Turkish war is concerned, we made absolutely no preparations. Why should we?"

LONDON, Oct. 3.—The fleet under Admiral Brooks, now under orders in the Near East, comprises nine battleships, ten light cruisers, five flotilla leaders, about forty-five destroyers, six submarines and three aircraft carriers.

Many cheers were raised by the crowds as the marines passed.

(Associated Press Despatch)

CANADIAN SHIP ARRIVES BACK FROM ARCTIC

Captain Bernier States that Trip Was an Unqualified Success.

(Associated Press Despatch)
QUEBEC, Oct. 3.—The Canadian Government steamer Arctic, which was fitted up last spring and sailed from Quebec on the fifteenth of July in command of Captain J. E. Bernier, the veteran navigator of Arctic fame, arrived back at Quebec yesterday afternoon.

The arrival of the Arctic put an end to all sorts of rumors which have been afloat in Quebec for a week past. Both Captain Bernier and the chief surveyor of the expedition, Mr. G. D. Craig, and the entire personnel of officers and scientists looked the picture of health as they were seen on board the staunch little oak built craft on her arrival.

"The trip was an unqualified success and we accomplished our mission two months earlier than expected," were the words expressed by both Captain Bernier and Mr. Craig. The former said he had no statement to give for publication until the details and result of the expedition were made known officially to the Minister of the Department of Interior.

STAND TAKEN BY UNITED STATES IS EXPLAINED
Secretary Hughes Declares U. S. Government Has Not Failed to Make Sentiment of U. S. People Understood.

(Associated Press Despatch)
WASHINGTON, Oct. 3.—Secretary Hughes declared last night in a cable message to Dr. James Cannon, Jr., Bishop of the Methodist Episcopal Church, South, who is in Paris, that the United States Government, in reference to the Near Eastern situation, "has not failed in any way to make the sentiment of the United States people understood" as to every appropriate action.

"The executive," Mr. Hughes added, "has no authority to go beyond this, and there has been no action by Congress which would justify this Government in an attempt by armed forces to pacify the Near East or to engage in acts of war in order to accomplish the results you desire with respect to the inhabitants of that territory, and to determine the problems which have vexed Europe for generations."

The message was in reply to one from Bishop Cannon, under date of September 30, in which he declared his personal belief that Christian America will insist that the Government of the United States co-operate actively to protect Christians in Asia Minor, not only diplomatically, but, if necessary, with arms and navy to secure this result.

MARRIAGES

SUITOR—RUDMAN.

A very pretty wedding was solemnized on Wednesday evening, September 27th, when Miss Mary Gertrude Rudman, daughter of Mr. and Mrs. William Rudman, was married to Mr. Allan S. Suitor, youngest son of the late David Suitor and Mrs. Suitor. The ceremony was performed in St. Peter's Church by the Rev. H. R. Bigg.

The bride, who entered the church on the arm of her father, was becomingly gowned in white crepe de chene with sleeve and panels of silk lace. Her veil was of orange blossoms, and she carried a shower bouquet of bridal roses and ferns.

The bridesmaid, Miss Elizabeth Rudman, sister of the bride, was gowned in pink crepe de chene with large hat to match, and her bouquet was pink sweet peas. The matron of honor was her sister, Mrs. Donahue, of London, Ont., who wore a becoming dress of blue and large hat to match, carrying a bouquet of carnations.

Little Dorothy Donahue, niece of the bride, acted as flower girl, and looked very pretty in peach-colored organdy, carrying a basket of flowers. The groom was supported by Mr. Irvin Suitor. Mr. Edwin Sims acted as usher.

A reception was held at the home of the bride where a delicious luncheon was served, the table of honor being decorated in pink and white, and the wedding cake occupying the centre. There were many beautiful gifts.

Going away the bride wore a navy blue suit with stone marten fur neck piece, the gift of the groom.

The young couple left by auto for North Hatley, Haverhill, Boston, Montreal, and other points.

The out-of-town guests were from London, Ont., Danville, Me., and Montreal.

WOODARD—BELL

EAST ANGUS, Oct. 3.—The home of Mr. and Mrs. Frank Bell was the scene of a very pretty wedding on Monday, September 25, at 7 p.m., when their third daughter, Marjorie Grace, was united in marriage to Wellington H. Woodard, of White River, Vt. The ceremony was performed by the Rev. Alfred Bright, of Sherbrooke, in the presence of only the relatives and intimate friends. The bride, who was unattended, was becomingly gowned in sapphire blue canton crepe, with black picture hat, and carried a bouquet of Sweetheart roses and a string of pearls, the gift of the groom. The bride entered the room leaning on the arm of her father, to the strains of the bridal chorus from Lohengrin, played by her sister, Miss Muriel Bell, and took her place beside the groom under an arch of autumn leaves, from which was suspended a wedding bell. The bride's gift to the organist was an opal ring. After the ceremony a bounteous supper was served, the dining room decorations being yellow and white. The bride received many pretty and useful gifts.

The young couple left by auto for a trip through the White Mountains and to Boston, the bride travelling in a brown satin dress, brown coat

with devotional exercises after which Miss M. Miltimore and Rev. Alfred Bright welcomed the guests to which Rev. A. E. Teale, of Waterville, replied on behalf of the visitors.

The early part of the evening was spent in games of competition between the two societies and this part of the programme was under the direction of Miss N. Moy and Mr. Keith Johnson. During the evening, Gladys Swanson, of Waterville, contributed a vocal solo. At the close of the evening, substantial refreshments were served by the young ladies of St. Andrew's and the happy gathering dispersed after singing Auld Lang Syne and the National Anthem.

LENNOXVILLE

COUNCIL HOLDS BUSY SESSION

Several matters of importance came up for consideration at the regular monthly meeting of the Town Council last night. Mayor Clarke presided, and Aldermen Arguin, Bennett, Downs, Harrison and Winder were present.

Mr. James Mallory requested that a culvert be laid across the Huntingville road, and this was referred to the Road Committee. This committee reported that the abutment to the Long Bridge had been completed, and with a little grading up would be better than it had been in the past. The Council gave instructions to the Road Committee to straighten out the bend on Park Avenue.

Mr. James Pearson reported that good progress had been made in the matter of collection of taxes. In the levying of the taxes the rates were reduced from 15 1/2 mills to 14 mills, and the rental tax reduced from 4 per cent to 2 per cent.

Despite the heavy expense caused to the town by the recent washout, the Council has by the careful management of the various committees, and by judicious employment of labor, been able to make these substantial reductions. The fact that the water revenue is larger than formerly has also been of assistance in this matter.

The electoral voters lists were also gone over during the meeting. The Water Committee was instructed to go over the system to examine the springs, which are the source of supply, and to look into the matter of discontinuing the pump. The system installed about a year ago has given splendid service, and the Council feels that it may be justified in discontinuing the pump, which would be a considerable reduction in expense to the town.

WHAT AILS GERMANY.

The German nation is sick, and the rest of the world is properly alarmed, for not only may this malady be contagious, but the patient is apt to fall into a dangerous delirium. That this danger is imminent is the opinion expressed by Charles Edward Russell, who has recently returned from Europe.

"In my opinion," says Mr. Russell, "Europe is suffering more from the state of mind of the common people than she is from financial conditions, although that is critical."

Much alarm has been felt over Germany's financial state. It is growing steadily worse, and threatens the economic stability of Europe, perhaps the world. But as has so often been the case, cause and effect have been confused. The financial situation is a symptom, not the cause itself. The real trouble goes deeper, into the very minds of the German people.

"Everyone there seems overwhelmed in a flood of pessimism," says Mr. Russell. When a patient loses hope and thinks he cannot possibly recover, the doctor is practically helpless. When the mind is sick, it is futile to try to heal the body. But when the mind is invincible, miracles can be accomplished.

What Germany needs is such a miracle. No external treatment can be successful. Some great personality must effect a faith cure in Germany. Or she must be subjected to some influence that will have the same effect.

NO EXAMINATIONS!

Out of old Egypt comes a new cry. The students of Cairo, active in politics, are agitating that examinations in universities and high schools be eliminated.

They are strong enough to have made a real issue out of so seemingly ridiculous a stand. "Vote for Mah-mond Bey and no examinations," is their slogan.

Alas! Schoolboys in Egypt and in Canada are much the same. Alike they find the yoke of the educational system irksome. But alike, also, they will find in later life that there is truly no royal road to learning. Examinations, in fact, may go. But it is not the tests themselves, but what they represent, that counts.

No lowering of educational standard should be permitted anywhere in the world in such times as these. We live in a transition period. The hope of the world lies with the students of our schools, right here at home, in the elementary and high schools, in the universities and other colleges, and in similar institutions all over the world.

No less strict, but more strict. Not pandering to the mental laziness of boy politicians, but insisting on the highest attainment possible—that is the method of making school work count. Goodness knows, exams are dreadful things. But an uneducated generation would be a worse one.

WOMEN SPIES JOKES.

Long before women had any thought of trying to compete with men in all occupations, the woman spy was a famous character of fiction, and spying was considered quite a womanly calling and one for which women were specially suited both by nature and training. The woman spy was taken as matter of course, like the woman teacher and nurse, only she was a much more romantic figure. But all this is now shown to have been a delusion by Sir Basil Thomson, chief of the criminal investigation bureau of Scotland Yard, who says women do not make good spies, being lacking in technical knowledge, a thing which he seems to rate far above the much-extolled intuition of woman.

In telling his experiences with a number of women spies—or women who considered themselves spies—Sir Basil describes them as of ordinary intelligence, and in some cases very stupid, and their work transparent. And he has known most of the women spies who have gained any reputation as such. Nor does he describe any of them as possessing the deadly beauty and charm which was supposed to make men putty in their hands. Not a single one impressed him as being good looking.

TODAY'S A HOLIDAY.

October 3, 1922.

The Veiled Prophet.

Approximating the date of Missouri Day, officially a holiday throughout the State, the second Tuesday in October is set aside in the city of St. Louis for the annual pageant of the veiled prophet.

A great evening procession is held through the streets, and the merriest approaches that of the famous Mardi Gras of New Orleans. Elaborate floats and costumes add to the spectacle, and the cynosure is Mokanna, the veiled prophet himself.

A long beard, a winged crown, an elaborate satin Turkish garb and a sceptre tipped by an electric bulb make Mokanna an impressive figure. Fairies, pages, high priests and maids of honor surround him. The selection of Mokanna's queen from among the revelers marks the high moment of the festive event.

Mokanna, the original of the annual celebration, was an Arabian who flourished in the eighth century. Through magic means, he possessed himself of most of the country, but was overcome by the caliph Almahdi. Reference to his story is made in "Lalla Rookh," that beautiful but now little read narrative poem of Moore's.

HATLEY

The members of the Methodist Ladies' Aid motored to Newport, Vt., on Wednesday, where they were entertained at dinner at the home of Mrs. Gage, who since coming to Hatley some fifteen years ago, has been an active member and with her removal to the Green Mountain State still continues an interest in the welfare of the Society. Cars were furnished for the occasion by Rev. A. E. Hoyer, Luther C. Leavitt, of Framingham, Mass., who has been a visitor here, F. C. Ayer, C. W. Moulton and L. H. McClary. A special meeting of the Board of

Trustees of the Methodist Church was held in the vestry on Wednesday evening. Mr. O. W. Perry has returned to his home at Libbytown, after a few days at "Brooklawn," with his sister, Mrs. Howe. After the summer months with relatives in this vicinity, Mr. C. D. Leavitt has left to spend some time in Newport Centre, Vt. Mr. H. B. Whitcomb and a party of friends motored to Newport, Vt., on Thursday afternoon. Mr. G. F. Dresser and Mr. E. Realy, of Cleveland, were visitors here on Thursday and Friday. Mr. and Mrs. H. W. Perry, of New-

port, Vt., were recent visitors at the home of Mrs. M. W. LeBaron, who is leaving in the near future to take up residence in Montreal during the winter months. The opening in connection with the Hatley Intermediate school will take place early in October. It is desirable that all those who have offered prizes should have them in readiness for the occasion. Mrs. H. P. Bowen and young son, Master Rhodes, of "Beaumont," were in Coaticook recently. Mr. and Mrs. J. B. Ledoux and family have been paying a visit to relatives at Victoriaville for the past few days.

PRESS COMMENT

A THOUGHT FOR THE DAY

(Kansas City Star) Too many of us are generous with our brickbats and stingy with our bouquets.

WHY STRIKES ARE PROLONGED

(Washington Star) The human tendency to claim a victory and gloat over it is a hindrance to the settlement of disputes, great or small.

TIMELY STATISTICS

(Syracuse Post-Standard) What interests the consumer is not the number of square miles that contain coal, but the number of square people who sell coal.

WILL CORN BECOME FUEL?

(Cleveland Plain Dealer) A corn crop of three billion bushels is expected this year. And that will produce a gratifying amount of prosperity, if the railroads will move it—otherwise, maybe it can be used in place of coal.

HEARST SET-BACK

(Hamilton Herald) Canadians have cause to be well satisfied with this set-back for the arch-demagogue. It is the ambition of his life to be President of the United States, and he wanted the New York Governorship as a stepping stone to the supreme office. He is the leader of and the chief spokesman for the anti-British element in the United States, and if he were to attain to high office the friendly relations between the States and the British Empire would be in perpetual danger.

THE WORLD'S HOPE

(Galt Reporter) The world's hope is in the youngsters who are marching through school days to take up where we leave off. They are going to inherit big problems. And they are going to solve them, for they will get on the job with fresh energy and a new viewpoint. Naturally it would be foolish for us to lie down and quit cold, letting problems grow worse until youngsters grow up. But the hope of civilization is unquestionably in the boys and girls returning to school after vacation. The best way to solve our problems is to make those boys and girls as efficient, sensible and straight-thinking as lies within our power.

DUTCH IMMIGRANTS

(Owen Sound Sun-Times) Happily, just when Canada is exploring the world for desirable immigrants, Holland is looking for desirable locations overseas for her surplus agricultural populations. Holland—little Holland, as it is often called—is one of the most densely populated countries in the world. The Dutch make successful farmers, and assimilate easily with other nationalities, without, however, losing their racial and national characteristics. The Government of Holland is willing to bonus immigration. It should not be hard for the Governments of both countries to co-operate to their mutual advantage and benefit.

PRAYERS FOR THE PRESS

(St. Thomas Times-Journal) Once in a while it is refreshing for editors, who are as human as other men, to hear themselves included in pulpit prayers or petitions elsewhere. It too seldom happens. Last Sunday evening, in a west end church in this city an officiating minister prayed for the conductors of the Press that they might not pander to the tastes of the ungodly, but always use their great power on side of virtue and truth. Ministers, Sunday school workers, etc., are prayed for not a little, but it is very infrequent to have editors so remembered. That the public Press generally should be mentioned in that way deserves a word of grateful recognition.

The late Mrs. Learned was, prior to her marriage, Miss Eliza M. Bothwell), and educated at Cookshire Academy. Her paternal grandfather was Colonel John Pope, who was the son of an United Empire Loyalist, and removed from the vicinity of Boston, Mass., in the year 1800. The deceased's father being the late Mr. Rufus Pope, who was a brother of the late Hon. John Henry Pope, and who married Miss Hannah Garvin, of Sharon, Vt. On April 20th, 1868, by the Rev. Mr. Stewart, at Cookshire, her marriage to Mr. Alden Learned was solemnized, and they took up their residence at "The Cookshire House (afterwards being known as "Learned's Hotel," which Mr. Learned purchased at the time of his marriage, where they resided for forty-two years until the time of Mr. Learned's demise on July 21st, 1912, when Mrs. Learned built a new residence on Pope street, where she has since lived, and during that period had been in ill-health. This summer Mrs. Learned motored to Sherbrooke to spend a few weeks with her daughter, Mrs. W. R. Moore, 27 Magog street, where she was taken ill and passed away there Friday morning, September 22nd, the remains being conveyed here on Saturday morning.

In the death of Mrs. Learned another of Cookshire's pioneers, has been removed, and the sympathy of the entire community is extended to the family in their bereavement.

MR. MANUS C. BURBANK, MISSOURI VALLEY

DANVILLE, Que., Oct. 3.—A report of the death of Manus C. Burbank has been received by Mrs. Ed. Leet and is reproduced as it appeared in the "Harrison County News", of Missouri Valley, Iowa. Mr. Burbank was a native of this place and is remembered by many friends and relatives here. Manus C. Burbank was born in the Province of Quebec, Canada, on January 5th, 1847, and passed away in Missouri Valley, Iowa, on September 15th, 1922, aged seventy-five years and eight months. The deceased was the son of Luke Burbank and wife. He was one of a remarkable

family of seven sons and five daughters, of whom two brothers, George and Moses, and two sisters, Mrs. R. McLeod, of Kansas, and Mrs. James W. Willey, of St. Johnsbury, Vt., remain. Manus C. Burbank came down from Canada to New England in 1862 during the civil war. There he had learned the trade of machinist, which he followed many years. In 1868 he chose for his wife, Nellie Davis, of Old Town, Maine. They then located in Ellis, Kansas, where he found employment with the Union Pacific. There, because of his many sterling qualities of head and heart, he early became leader among his fellow laborers, and on many occasions proved his loyalty in the exciting days of that wild western land during the reconstruction period following the civil war.

There in 1880 he engaged with his brother-in-law, Mr. R. McLeod, in merchandising until 1887. His wife died there that year, leaving him two sons and one daughter. Of these, Manus, the elder, graduated with great promise from our public schools in 1906, but died soon after at Clinton en route to Chicago. In 1890 he chose for his second wife Katie Courts, a teacher in the Ellis public school. Soon after they came to Missouri Valley, where, with his brother, George, a foreman in the railway shops here, he opened a grocery store with his usual success. In 1898 he built the block that still bears his name at Fourth and Erie Streets. On the death of his son, Manus, he retired from active business.

A few years later he was stricken with a serious rheumatic ailment, from which he suffered untold agonies till death relieved him ten years later, in spite of all that medical skill in the best hospitals of the country, aided by the loving ministrations of a saintly and devoted wife could do. Mr. Burbank was a man of unusual qualities. Few men took a keener interest in the affairs of his home, his country, or of the world. His business career of fifty years covered the most strenuous period of our own history. Few performed the duties devolving on him as a citizen, as a director of school, as a member of the city council, with less selfishness, or greater patriotism. He was a member of Valley Lodge A.F. & A.M., of the Royal Arch, and of the Eastern Star. These had general charge of the funeral services, which were held in the Presbyterian Church on September 17th, with interment in Rose Hill Cemetery.

Few others of our old time citizens were more uniformly respected by all, who knew them, than he, as a man, as a citizen, and as a merchant.

TWELVE FORMER PREMIERS ARE HELD IN JAIL

People to Vote Whether They Were Guilty or Not of Embroidering Bulgaria in War.

(Associated Press Despatch) SOFIA, Oct. 3.—Twelve former premiers and government ministers are now in jail, where they are being held in expectation of the adoption of a referendum in which the people will vote whether they were guilty or not guilty of embroidering Bulgaria in war.

In the round up, which took place last Tuesday, the police were aided by peasants, who guarded every exit of escape from the city while the arrests were made.

PRICES CONTINUE UPWARD ON WALL STREET 'CHANGE

(Associated Press Despatch) NEW YORK, Oct. 3.—(Wall Street Noon.) Prices continued their upward trend during the morning. The bidding up of several specialties to new high records indicated active resumption of pool operations, which apparently was influenced by the better tone of foreign and domestic money rates. Uncovering of a few weak spots, such as Crucible, Republic and Midvale Steels and United Retail Stores, failed to halt the advance elsewhere. The extent of covering operations indicated that there had been a substantial increase in the short interests during the past two weeks. Kresge and American Radiator were among the stocks to break through for new high records, the former gaining 8 1/2 points and the latter four. National Biscuits extended its gain to 8 points and Lackawanna Railroad touched 139, up four points.

HIGHER PRICES RECORDED IN THE WHEAT MARKET

(Associated Press Despatch) CHICAGO, Oct. 3.—Uneasiness regarding a possible unfavorable outcome of peace conferences between the Turks and the Allies led to higher prices in the wheat market today, during the early dealing. The fact that the Canadian visible supply showed a decrease, notwithstanding big receipts, was a further bullish influence. It was also a subject of comment that Liverpool quotations were showing more firmness than had been looked for.

The opening here, which varied from 1/4 to 3/4 cent higher, with December at \$1.24 1/4 to \$1.05 1/2 and May \$1.05 1/4 to \$1.08 1/2 was followed by slight additional gains. Corn and oats displayed independent strength, offerings being small and demand good. After opening 1/4 to 1/2 cent higher, with December at 60 1/2 to 60 3/4 cents, the corn market scored a little further advance.

PRICES SAGGED A LITTLE ON WALL STREET 'CHANGE

(Associated Press Despatch) NEW YORK, Oct. 2.—The higher prices were not maintained after the first batch of buying orders had been executed. The immediate requirements of the shorts having been met, prices sagged steadily, the recessions in the popular shares ranging from 1 to 2 1/2 points. There were indications that comparatively little outside buying has been attracted into the market. Bear operators furnished the principal source of supply on the down grade with sales well below recent averages. A renewal rate of 4 1/2 per cent for call money also acted as a check on extensive buying operations. The list advanced again around noon in response to a brisk rally in Consolidated Gas, which was pushed up more than three points and an active enquiry for equipments which extended their early gains.

BRITISH NEAR EAST POLICY IS ATTACKED. Arthur Henderson, Labor Leader, Discusses the Situation in the Near East.

CANADIANS TO BE PRESENT AT THE CONGRESS. (Associated Press Despatch) TORONTO, Oct. 3.—Canadian workers will be represented at the congress of the Third Internationale to be held in Moscow during November. This was made known yesterday in an announcement from the headquarters of the workers party of Canada that John MacDonald and Morris Spector, members of the executive committee of the party, were en route to Russia.

WIMBLEDON, ENGLAND, Oct. 3.—The policy of the British Government in the Near East was severely scored yesterday by Arthur Henderson, the British Labor leader, speaking at the opening of a new labor hall here. He declared that the latest steps taken by the Government demanding that the Turkish Nationalists withdraw from the neutral zone, was not calculated to lessen the tension.

MacDonald and Spector attended the recent convention of the Trades and Labor Congress of Canada in Montreal.

MacDonald has been an active proponent of Socialism for some years. His fellow delegate, Spector, attracted considerable attention to himself when, as an editor of the Varsity, a student publication of the University of Toronto, he sought to do something for Socialism during the early stages of the war by articles on the war from a socialistic viewpoint. He is said to be a student at law.

BUSH AND NEHF WILL TWIRL IN OPENING GAME

All Reserved Seats for World's Series Sold—Teams Primed for Big Series.

(Associated Press Despatch) NEW YORK, Oct. 3.—The New York Giants and Yankees, standard bearers of the National and American Leagues, were tuned to concert pitch today in final work outs in preparation for the opening tomorrow of their second successive struggle for premier baseball honors. The Giants were winners last year in a series that lasted eight games. The laurel this year will go to the team winning four out of seven.

With a shorter series, attendance records were not expected to exceed last year's high mark of 269,977 paid admission for eight games, but indications pointed to capacity demands. Club officials today announced a sell-out in reserved seats for the first six games, with thousands of unfilled applications. This is exclusive, however, of 22,000 unreserved seats in the bleachers and upper tier of the grand stand, which will go on sale each day at ten o'clock.

Even "Babe" Ruth was unable to satisfy a last minute desire for tickets. The Yankees slugger appeared at the Giants' offices in his quest.

"Sorry, Babe, but there is not a hope even left," he was told. He was but one of many.

Advance guards of delegations from all parts of the United States and Canada were on hand early today. The influx was expected to reach its height tonight.

The promise of fair weather, with ideal temperatures, not only for the opening game, but probably for the rest of the week, checked any untoward moves by rain.

All New York this morning appears to be converted into a big debating society, and the subject of the debate is "who will win the big battle?"

There are those who assert vehemently that the predominating pitching strength of the Yankees would be the decisive factor. They are emphatically answered by those who believe that the hard hitting, quick thinking and aggressive attack of the Giants would overcome any disadvantage on the mound.

Neither manager had committed himself to a definite prediction of victory.

"I look for a higher grade of baseball this year than we had a year ago," McGraw declared. "A year ago both teams were a bit keyed up, and it took some time for the tension to lessen. This year both have gone through another pennant winning campaign and this, added to the experience they got in the series of 1921, should result in an absence of nerves." Both should play at their best.

Huggins was perhaps a little more outspoken.

"We have a great lot of pitchers," he said. "We have a game, hard hitting, fighting ball club, a far better team than the one the Giants beat last year. All the men are physically fit, mentally primed. We have just come out of the toughest fight ever waged for a pennant. On paper we look stronger than the Giants, but the series is not won on paper."

Bush, whom Huggins has picked to open the series, has been handicapped for a while by a stone bruise on his left foot, but the Yankee manager asserted during the team's work-out yesterday that his star twirler has practically recovered. He predicted "Bullet Joe" would be in prime condition for the first game.

Southpaw Nehf is expected to draw McGraw's opening assignment with experts inclined to regard Scott, who has done especially well in his last few games, as second choice.

EVERETT SCOTT'S RECORD (Associated Press Despatch) NEW YORK, Oct. 3.—Everett Scott, brilliant shortstop, who will take the field with the Yankees tomorrow in the first game of the

world's series, finished the 1922 American League season within fourteen games of his goal—playing in 1,000 consecutive major league contests. His streak of 986 straight games, far beyond all previous records—was started June 20, 1916, with Boston. He was with the Red Sox until traded to New York last winter. The record nearest to Scott's is 577 games, made from 1885 to 1890 in the old American Association and National League by George B. Pinckney, of the Brooklyn team.

"MATTY" TO WITNESS BIG SERIES (Associated Press Despatch) NEW YORK, Oct. 3.—"Big Six" victorious in the battle for life, is coming back to the scene of his greatest diamond triumphs. Idol of New York fandom for more than a decade, and hero of one of the greatest world's series triumphs in history, Christy Mathewson will return to witness the battles between the Yankees and Giants. It will be the first real game "Matty" has seen in three years, since he began and won the fight for health shattered by war experience.

Out of more than a decade of brilliant pitching achievement, "Matty's" record of three shut-outs in the 1905 series, when the Giants defeated the Athletics, stands by itself in a niche of the Hall of Fame. He also was with the Giants in the series of 1911, 1912 and 1913.

BASEBALL UMPIRES ARE ANNOUNCED (Associated Press Despatch) NEW YORK, Oct. 3.—W. J. Klem and W. McCormick, for the National League; and C. B. Owens and Geo. Hildegrath, for the American League, were announced yesterday as the umpires for the world's series by Commissioner Landis.

AGENT CLAIMED COMMISSION FOR PROPERTY SALE

Interesting Cases Decided Before Judge White.

The advisability of real estate agents insisting upon written agreements was emphasized in the Superior Court when the case of H. H. Morency vs. H. H. Archambault was argued before His Lordship Mr. Justice White.

Plaintiff, who is a real estate agent in Sherbrooke, was suing defendant for the sum of \$500, alleging that in the month of January, 1921, defendant gave him his property situated on Bowen avenue, for sale; that by verbal understanding between the parties it was agreed that if plaintiff found a purchaser for \$3,900 for the said property the surplus would belong to plaintiff as commission; that plaintiff found a purchaser for the said property who was willing to give the sum of \$4,500; that plaintiff at once notified defendant of the said prospective buyer and that defendant did, then and there, sell the said property for \$4,500.

Therefore plaintiff claimed the difference between the specified price and the purchased price, to wit, \$500, with costs against defendant. Defendant denied plaintiff's allegations.

As the contract was verbal, plaintiff had to rely on defendant's evidence to make his case, and defendant, examined under oath, denied having given his property for sale to plaintiff, but admitted that there were pourparlers, but no agreement, either verbal or written.

The learned judge, after reviewing the evidence of the defendant, dismissed plaintiff's case with costs.

Mr. L. T. Morin was acting for plaintiff and Col. Emile Rioux, K.C., was acting for the defendant.

HORSE FELL THROUGH ICE

The following interesting case was also decided by His Lordship Justice White:

Celestin Rouillard, of Windsor Mills, sued Wilfrid Boulanger, of the same place, for the sum of \$300, alleging that in the month of January, 1922, defendant had undertaken to cut ice on a small river near Windsor Mills; that plaintiff was hired by defendant to haul some of the ice to Windsor Mills; that on or about the 13th of January plaintiff came with his team to the place in question, and while driving his horses on the said river, so as to load pieces of ice which had been cut previously, one of plaintiff's horses was drowned; that the accident was due to the fault and negligence of the defendant in not placing posts of indication at different places where the ice had been cut; that the value of the horse was \$240; that plaintiff lost a further sum of \$60 as damages.

The defendant pleaded that the accident was due to plaintiff's own fault and negligence in driving his horses in a dangerous place, known as such to the plaintiff; that the place where the accident took place was surrounded by a snow embankment if nearly two feet high; that plaintiff was not working for defendant, but, on the contrary, was working on his own account and risk.

After some discussion between the parties the learned judge gave judgment for \$200, including debt and costs.

Col. Emile Rioux, K.C., was acting for plaintiff and M.M. O'Bready, Panneton & Boisvert were acting for the defendant.

BIG WORK THAT IS CARRIED OUT BY POST OFFICE

Postage Stamp Sales in Course of Year Reach a Total of \$28,350,000.

In addition, 50,000,000 parcels and 250,000,000 circulars etc., are handled. The statement, giving approximate figures for a year's business showed, in the course of twelve months, 10,000,000 money orders and 6,000,000 postal notes are issued. There are 12,000 post offices operated and 12,400 mail routes.

The summary of a year's business was given to the postal officials as indicative of the place of the post office in the business life of the Dominion. Translated into dollars, the mail service expenditure for a year was stated to be \$15,000,000.

MOLIERE'S PLAY WELL DONE BY FRENCH ACTORS

Crowded House Witnessed Production of "L'Avare" by the Comedie Francaise.

A large audience filled His Majesty's Theatre last evening to witness Moliere's celebrated comedy, L'Avare, which was played last night by a company of artists from the Comedie Francaise and other famous theatres in Paris. The company of artists is under the direction of Maurice de Feraudy, of the Comedie Francaise, and is under the distinguished patronage of the Minister of Fine Arts of France and of Lord and Lady Byng.

The outstanding character in the play was that of Harpagon the miser, which was played by M. de Feraudy, who satisfied all the high expectations that had been entertained regarding him. Every phase of character and expression was brought out by Mr. de Feraudy in his interpretation of the character. His remarkable articulation and wealth of mimicry made it possible for those whose knowledge of the French language was somewhat limited to follow the play with remarkable ease. Probably his finest scene was that famous one in which he delivers his monologue of despair upon the discovery of the loss of his treasure. In this scene Mr. de Feraudy's interpretations of the miser's anguished condition of mind upon the realization of his loss was truly great.

The role of Valere, superintendent to L'Avare, was admirably filled by Mr. Georges Sellier, of the Theatre National de l'Odéon, of Paris. Mr. Sellier gave an excellent interpretation of the part of Valere, who remains in the service of the miser only to be near his pretty daughter, Elise.

Mr. Charlie Gerval, of the Sarah Bernhard theatre in Paris, acted the role of Cleante, son of Harpagon, and delighted the audience with his work. Especially in the scene in which he and the miser disagree with regard to the girl, Marianne, whom they both wish to marry, was his work very well done.

The role of Elise, daughter of Harpagon, was excellently portrayed by Mademoiselle Laurence Duluc, of the Comedie Francaise. Miss Duluc gave an exceptionally artistic performance.

Madame Marsans, of the Theatre National de l'Odéon, was very pleasing on the character of Frosine, and her scene with Harpagon, in which she so extravagantly compliments him upon the choice of Marianne as his wife, was very entertaining.

The role of Marianne was played by Mademoiselle Rachel Berendt, of the Theatre de l'Odéon, and the roles of La Fieche, valet to Cleante, and of Maitre Jacques, the comical coachman cook, were well filled by Messrs. Rene Stern and Fernand Charpin.

Anselme, played by Louis Ravet, of the Comedie Francaise, was a role which was well portrayed. Although his name was heard in the early scenes of the play as the old dowry, who was willing to take Elise in marriage without the additional inducement of a dowry from the old miser, he did not appear until the final scene when he came in time to save Valere from the clutches of the commissaire de police for the theft of Harpagon's treasure, discovering at the same time that Valere and Marianne are his children, who had been taken from him when they were very young.

The remaining characters of Dame Claude, a servant, Maitre Simon, a Jew, La Merluche and Brin d'Avoines, footmen, and the commissaire, were filled by Madame Lielsel and Messrs D'Apoiny, Candese, Rutyne and Bert.

The whole play was most pleasing throughout and went off rapidly and smoothly. A pleasing feature was the absence of delay between acts, only about a minute being allowed in each case, so that the whole play, which was in five acts, was concluded at ten o'clock, leaving the enthusiastic audience with a keen appreciation of the merits of the play, unmarred by being dragged out to great length as is so often the case with other companies.

It is to be hoped that the encouragement which this excellent production has received will result in an increase in the number of first class performances to be given to Sherbrooke audiences.

CLAIM MINERS ARE HOLDING UP PRODUCTION

Operators in Southern Fields of New South Wales Threaten to Close Down Mines.

(Associated Press Despatch) VANCOUVER, B. C., Oct. 3.—Attempts are being made by miners in the southern fields of New South Wales to hold up the production of coal and the men are threatening to strike, says a Province despatch from Sydney, N. S. W.

Miners in the northern fields are so far holding aloof. The employers have now taken a hand and declare they will close down the southern field because the miners have failed to guarantee that they will work full time.

Speeches made at the annual labor rally predicted a great industrial upheaval in the commonwealth, greater than any that has yet taken place, to retain the forty-four hour week, which is losing popularity among employers, the despatch continues, but it was generally recognized at the meeting that there was a lack of cohesion in the labor ranks.

President McMahon, of the Employers' Federation, says that when organized labor faces the employers with unjust demands, the employers should be organized to resist. He foreshadowed a big employer's union, say despatches.

OPERATORS AND COAL MINERS IN CONFERENCE

Operators Reject Proposal that Was Submitted by Herbert Hoover.

CLEVELAND, O., Oct. 3.—A telegram from Herbert Hoover, Secretary of Commerce, and James L. Davis, Secretary of Labor, requesting submission of a panel of twenty names of persons disassociated with coal mining, for use in the creation of a fact-finding committee of the coal industry, provided under the Borah-Winslow Bill, was in the hands of T. X. Maher, of Cleveland, temporary chairman, at the second joint session of the bituminous miners-operators conference here today.

The request for the naming of such a panel was rejected by the operators at a caucus yesterday, the operators explaining their action by saying they believed they were required under the Cleveland agreement, which settled the soft coal strike last August, to appoint a committee of men connected with the coal mining industry, and that compliance with the request of the Federal Government would abrogate the Cleveland agreement.

John L. Lewis, president of the United Mine Workers of America, in a statement declared that "the miners were standing pat on the Cleveland agreement and all of its provisions," which includes the appointment of an investigation committee.
