Hunter Occupies Krugersdorp.

Dewett Routed by Methuen.

Canadian Mounted Rifles Capture Two Guns.

Communication Again Fully Restored.

LIST OF CASUALTIES AMONG CANADIAN MOUNTED RIFLES.

London, June 20.—(Special)—The War Office has received the following despatch from Lord Roberts, dated at Pretoria, to-day:—

"Hunter's advance column occupied Krugersdorp June 18.

"Methuen yesterday routed force under Dewett while escorting a convoy to Heilbron. British casualties, three.

"Baden-Powell left this city to-day on return to Rustenburg. The country in that direction is quieting down. This satisfactory state of affairs will be materially assisted by the capture of two guns by Hutton's Canadian Mounted Infantry from Commandant Duplessis.

"Railway and telegraph communication with Cape Town completely restored. All quiet here and at Johannesburg."

Ottawa, June 20.—(Special)—The following cablegrams have been received by Lord Minto from Sir Alfred Milner:—

"Cape Town, June 18.—Regret to report that Lieut. H. G. Blanchard, Second Mounted Infantry, wounded Rooodeval, June 7.

"Cape Town, June 19.—Regret following casualties.—Cap. A. C. McDonnell, Second Mounted Rifles, dangerously wounded in abdomen.

Private W. Frost, Second Mounted Rifles, dangerously wounded, since dead.

Corp. H. H. Baines, Second Mounted Rifles, slightly wounded.

Private F. Green, Second Mounted Rifles, slightly wounded."

"Pretoria, June 12.—Lieut. H. A. Blanchard died of wounds on June 15.

Private G. W. Leonard, wounded at Sand River, May 10, died of wounds.

Private J. McElkiney, missing since May 29."

London, June 20.—(morning)—The Bloemfontein correspondent of the Daily Mail, telegraphing June 16, says that Lord Roberts is getting huts for 30,000 men and is arranging transport for a part of his army, although his plans are not to take effect immediately.

The Daily Mail points out that it is quite possible the wires have again been cut in Lord Roberts' rear as no despatch later than June 16 has been received.

The Boers are gathering in force in front of General Rundle, near Ficksburg. His forces stretch forty miles.

The town guard of Walkerstrom has surrendered to the British, and several rifles of American manufacture have been handed in.

Lord Roberts reports that over 2,000 stands of arms have been given up at Pretoria since the occupation of the capital. These will be utilized by the released British prisoners, of whom there are 143 officers and 3,039 men.

Of the former, twelve, and of the latter 248 are in the hospital.

BOTHA WILL NOT ACCEPT TERMS

London, June 10.—Lord Roberts according to a Boer despatch from Machadodorp, sent a message to Commandant-General Botha June 13, suggesting disarmament and complimenting the bravery of the burghers. It was pointed out that the surrender would be without dishonor to the burghers, would prevent much suffering. General Botha asked for a six days' armistice in order to confer and consider. Lord Roberts consented to five days. Finally, General Botha declined the proposition and hostilities were renewed.

The Boer commandoes are retiring on Middleberg, followed by the British cavalry and artillery, occasional shells reaching the rear guards. The Boers are destroying the bridges and burning the veldt behind them, carrying off provisions and cattle and leaving the country barren.

Advices from Machadodorp say that the Boers have an abundance of arms and ammunition with dynamite and oxen, and that they are preparing heavy wagon trains for a retreat to Lydenberg district where chiefs, notwithstanding rumours to the contrary, are determined to make a stand.

The Boers continue to work the Barberton mines, says a despatch from Lorenzo Marques, and there are eight carloads of bar-gold, valued at 5,000,000 sterling with President Kruger.

ONE CHANCE FOR KRUGER.

The Lorenzo Marques correspondent of the Times, under yesterday's date, says:—

"Judge Van Leuven, who left Pretoria with a permit from the Military Government, is understood to have been the bearer of a verbal message from the British authorities to President Kruger to the effect that, if he would surrender now, he would not be sent out of the country. Van Leuven was unable to see Mr. Kruger, but when passing through Machadodorp he told State Secretary Reitz the latter scouted the idea of surrender."

"Mr. R. J. H. Fortuin, head of the Transvaal Secret Service, is taking to Europe very important secret documents."

A belated despatch from Lord Roberts sent from Pretoria, under date of June 16, gives an official version of an attack on a British post at Sand River, June 14, by 800 Boers with three guns. It says that General Knox, with a mixed force, drove off the Boers, who left four dead and four prisoners on the field. The British loss was Major Seymour and two men killed and nine wounded.

BADEN-POWELL AT PRETORIA.

In a despatch to the War Office from Pretoria, dated yesterday, Lord Roberts says that General Baden-Powell has just arrived there.

Mr. Steyn, in his proclamation declaring the Free State still free and independent, says the fact that the army is yet in the field renders Lord Roberts' annexation contrary to international law.

Mrs. Reitz, wife of the Transvaal state secretary, sailed for Europe yesterday, accompanied by her family.

The Daily Telegraph correspondent describes the relief of Mafeking, in the course of which he says:—"The Canadians and the infantry on the left had a tougher job and a more protracted, but not an inch did they budge, except to move forward."

Mr. Charles Williams, the military expert of the Morning Leader, accuses the Marquis of Lansdown, secretary of state for war, of having cut out of Sir Redvers Buller's despatches on the Spion Kop disaster, the criticisms of General Buller upon himself and of having left in Lord Roberts' despatch remarks almost identical with General Buller's. He also asserts that the reasons for not removing Sir Charles Warren were cut out, together with much other matter, the mutilating of the despatches showing personal animus.

Lieut.-Gov. British Columbia.

SIR HENRY JOLY TO BE APPOINTED TO-DAY.

Ottawa, June 20.—(Special)—It is authoritatively announced that Sir Henry Joly de Lotbiniere is to be the next Lieut. Governor of British Columbia. His appointment has not yet been made because arrangements for the retirement of Lieut. Governor McInnis is not yet completed. This will probably be done to-day.

MARKET STREET SCHOOL.

Kindergarten and Primary Schools on Market Street closed this forenoon. Commissioner Jas. W. Eadie presided, and there were quite a number of the parents and friends present to see the little folks go through their exercises, songs and recitations which were all very well done. Mr. Eadie congratulated the teachers—Misses MacLagan, McKenzie and Dupuy (and Miss Baird ought to be included) on the evidences of patient, careful teaching during the past year, and hoped teachers and scholars would enjoy the holiday, and come back with renewed vigor for study and a determination that their School shall stand at the head.

After singing the national anthem the audience dispersed.

VISIT OF MGR. FALCONIO

Apostolic Delegate Receives a Great Reception.

THOUSANDS WITNESS HIS ARRIVAL.

The arrival of Mgr. Falconio, Apostolic Delegate, in Sherbrooke on Monday evening, was the scene of great rejoicing. His Excellency was met at Richmond by Bishop Larocque and several of the representatives of the various Catholic societies of Sherbrooke. Long before the arrival of the eight o'clock Grand Trunk express thousands of people of all creeds and nationalities had gathered around the station and along King Street.

There was also a large number of the clergy from Sherbrooke and outside points at the station to welcome His Excellency. It was a most cordial reception that was accorded him. A detachment from the 53rd Regiment with the bugle corps and the College Cadets were drawn up in line on the platform and formed a guard of honor as His Eminence stepped from his car. He was escorted to a carriage drawn by four boys, under the guidance of Mr. John Maguire.

The procession was then formed and a start was made for the Cathedral. The Harmonic band took up a position in the centre of the parade and discoursed lively music. The pupils from the College and Catholic schools led the way followed by the various Catholic orders, who were out in full strength.

As the parade proceeded up King Street the scene was indeed a beautiful one. Colored lights were burned at intervals and many Roman candles and rockets were fired which with the music, the ringing of the cathedral bell, the illuminated buildings made the scene one that will long be remembered.

The route of the procession was along King, Belvedere, and Market Streets to the Cathedral and banners and streamers with Chinese lanterns were displayed in great profusion. On reaching the Cathedral more rockets and fireworks were set off before the distinguished prelate entered the building.

His Lordship, Bishop Larocque, addressed the Apostolic Delegate in both French and English, and welcomed him in the name of the Catholics of the diocese of Sherbrooke. His Lordship concluded his remarks by expressing the hope that the efforts of His Excellency for the good of the Church in Canada would be crowned with success.

His Excellency replied in both French and English. He said that he was very glad to see such a large number of the citizens of Sherbrooke present, among whom there were many non-Catholics, which indicated that they lived in harmony together and as one family. He made special allusion to the presence of the 53rd Regiment, which regiment was made up of non-Catholics. He was pleased to visit Sherbrooke as the representative of the Holy Father.

Bishop Gauthier, of Kingston, sang the benediction of the blessed sacrament.

After the service in the Cathedral the clergy were introduced.

Yesterday morning Mgr. Falconio partook of breakfast in the College and also celebrated mass in the chapel. In company with the Bishop and others he visited the Sacred Heart Hospital and the Brother's Schools.

He was entertained to dinner along with the clergy at the Palace at one o'clock, and at two o'clock attended a concert given by the pupils of the Convent Notre Dame.

From four until six o'clock he held a reception in the Palace for citizens. A great many of the citizens of Sherbrooke of all denominations paid their respects at seven o'clock to the officers attended in uniform.

This afternoon after the banquet in the Opera House His Excellency will visit the nuns of the Precious Blood.

To-morrow Mgr. Falconio will leave for Halifax.

SUR-MAJOR WORTHINGTON EXPECTED A BRUSH.

WAS CHIEF MEDICAL OFFICER OF COLUMN.

The following is the contents of a card received yesterday, by Lieut. Col. Worthington, from his brother Surgeon-Major Worthington, in South Africa:

Belmont, May 16, '00. We leave here at 1 p. m., and will probably have a brush with the rebels this week in the vicinity of Douglas. I am on Sir Charles Warren's staff and chief medical officer of the column. On our return I expect to be transferred to the Canadian Mounted Rifles or the field hospital at the front with Lord Roberts."

Note: The anticipated "brush with the rebels" evidently did occur, being doubtless that already referred to in despatches in which Gunner Latimer, of Shefford, was killed.

FAREWELL TO REV. F. A. READ, LENNOXVILLE.

A large number of members and friends of the Methodist Church, Lennoxville, gathered in the lecture hall, of the church last evening to say farewell to the Rev. Mr. and Mrs. Read, who has been pastor of the church for the past four years and is now removing to Clarenceville. A pleasant hour was spent in social conversation, after which the chairman, Mr. J. B. O'R., called the meeting to order and called for the first item on a short programme, which was an anthem by the choir, selections upon the phonograph, by Mr. John Brown, song by Miss McCadden, reading by Mrs. G. B. Cleveland, and short addresses by the Revs. Mr. Lett and Miss. The chairman then read the following address:

Dear Mr. Read,

"We, the members and friends of the Methodist Church in this place, desire to express our warmest appreciation of the efforts put forth by you for our spiritual good during your past year amongst us. Your able pulpit efforts, your genial pastoral visits, will be by us held in grateful remembrance when you are toiling in other fields. Your care for the sick, and sympathy with the afflicted, the words of comfort you have uttered for the bereaved, have endeared you to our hearts.

While we bow with submission to the inexorable law of the Church of our choice that removes you from the parastate of this charge, be assured, dear Sir, that yourself and estimable wife, the sharer of your toils and co-worker in the cause of Christ, shall ever have a foremost place in our affections. We shall not cease to remember you at the throne of grace. Our earnest wish and prayer is that our Heavenly Father may be with you in your new sphere of labor and make you as great a blessing as you have been to us. Our hearts would be rejoiced to see you return in the near future for another term of service on this circuit. But if we are never permitted to enjoy the relations to each other we have enjoyed during the past four years, we pray God to enable each one of us to so live that we may be prepared to spend the day of eternity together, in that holier and better land where parting is unknown.

DOMINION DAY.

The Sherbrooke Lacrosse Club has arranged for a match on Dominion Day with the Point St. Charles team, this strong international aggregation of the western league. This will be the opening game in Sherbrooke. Sports and games will also be held, for which suitable prizes will be offered, a list of which will be published later. The Club should receive the hearty support of the citizens by attending the games on July 2nd.

The Club plays the Young Shamrocks on June 30th, and the executive will send the strongest team that can be got together to Montreal. A victory on that day means considerable towards being in the race, therefore, the players will be out each evening and Saturday afternoon so that they may be in the best of condition. A number of last year's players have turned out and will likely figure on the team in the next match. With the team strengthened by several of last year's players they should have no trouble in defeating the Shamrocks and Point St. Charles teams.

And as a small token or proof of our appreciation, gratitude and friendship, we hereby present you and Mrs. Read with this purse of money, the acceptance of which will confer upon the donors very much pleasure."

Mr. Read replied on behalf of himself and Mrs. Read and thanked the friends most heartily for the kind words expressed in the address. He referred to the very pleasant relations which had existed between the pastor and people during his pastorate, and he trusted that the same unanimity would continue and that the Lennoxville Church and its connections would go on and prosper even more in the future than it had in the past.

The friends on the Spring Road also presented Mr. Read with an address and a purse of money.

At the close of the programme tea cream and cake was served by the young people.

There was a very large attendance at the station to witness their arrival. On arrival at the seminary the Old Boys were presented with addresses in French and English by Mr. John Reilly, who has just graduated with B.A. honours. The address was as follows: To the old pupils of the seminary, St. Charles Borromeo, of Sherbrooke.

GENTLEMEN - With almost impatient eagerness have we looked forward to the day when it would be given us to greet with brotherly love and affection the seniors of our Borromeo family.

Here, as pupils, you may have left a record of punctuality, obedience, and studiousness which we will endeavor to emulate. In the pursuit of your different callings in life you may have acquired an enviable reputation to which we will aspire; but, in the midst of the unrestrained festivity of this, the 25th anniversary of our Alma Mater, it is more congenial to recall to memory the old tradition which has handed all of you down to us as "Jolly Good Fellows."

Mr. F. Campbell, advocate, president of the Old Boys Association, replied to both the addresses. Old acquaintances were renewed many of the old boys not having seen each other since they left the college at the conclusion of their course.

Forts Open Fire on Fleet of Powers

EMPRESS DOWAGER ISSUES ORDER FOR ATTACK

London, June 19. - China declared war against the world when the Taku forts opened fire upon the international fleet. The accounts of what took place are still unsatisfactory, the best semi-official information being the despatch received at Berlin from Che-Foo as follows: -

"Berlin, June 18. - Later a semi-official despatch from Che-Foo announced that the Taku forts had been captured after a combined attack by the foreign warships. Three men on the German warship Itis were killed and seven were wounded."

The despatch added that the foreign settlements at Tien Tsin were being fired into by the Chinese.

When the despatch left nothing had been heard from the German detachment sent to Pekin or from the German legation there. The unofficial narratives coming by way of Shanghai vary widely and bear internal evidence of supplementing the main facts with guesswork. One despatch says that the Yorktown participated in the bombardment. Another asserts that American marines formed part of the storming force of two thousand.

THE DEAD AND WOUNDED. An Associated Press despatch from Che-Foo, dated yesterday afternoon says: -

"The forts on both sides of the Taku are now occupied. The Chinese opened fire unexpectedly. The casualties to the mixed forces were as follows: -

"Killed - British, 1; German, 3; Russian, 16, and French 1. Wounded - British, 4; German, 7; Russian, 45, and French 1. The Chinese torpedo boats were seized."

The Shanghai correspondent of the Daily Mail, telegraphing yesterday, says: -

"The forts began firing in obedience to orders from Pekin, conveyed in a personal edict of the Empress Dowager, by advice of Kang Yi (president of the ministry of war.) Several warships were struck by shells from the twelve inch guns of the forts."

"The heavy Russian losses were due to the blowing up of the magazine at Naudshur. Four hundred Chinese are reported to have been killed. The Chinese, when retreating, fell into the hands of the Russian land force."

TWO FORTS ARE BLOWN UP. The Daily News has the following from Che-Foo: -

"Two of the forts were blown up. The thirty-two warships at Taku aggregated 230,000 tons and carried more than 300 guns."

"The failure of Admiral Seymour's column and its retreat to Tien Tsin, increases, it is presumed the peril of the legation in Pekin, which is still isolated, although Shanghai forwards Chinese rumors that the legations were attacked by mobs who were moved down by machine guns and also that the members of the legations were massacred."

The situation at Niu-Cwang is reported critical. The British consul at Kiu-Kiang has ordered all foreigners to leave Ku Ling and Niu-King-Chang. Four thousand German troops have been ordered to China, 10,000 French troops are waiting to embark at Saigon, and from 3,000 to 5,000 more Russians have been ordered from Port Arthur to Taku. The government pointing out that Russia is sending so many troops solely for the sake of peace and humanity."

RUSSIAN TROOPS MASS. The Brussels correspondent of the Standard, in a despatch dated yesterday, says: -

"Russia has massed 40,000 men, with seven batteries, at Kiaichta, with orders to proceed to Maimatchin, a Chinese town contiguous to Kiaichta and thence to advance along the telegraph route to the Mongol town of Orga, 200 miles south of Kiaichta and seven hundred and fifty miles northwest of Pekin."

The Shanghai correspondent of the Times under yesterday's date gives the following description, said to be taken from official sources, of the action at Taku: -

"On the afternoon of June 16, in view of the large bodies of Chinese troops assembling at the forts and the facts that torpedoed had been laid in the river and that all communications were interrupted, the naval commanders held a council and decided to send an ultimatum, calling for the disbandment of the troops and announcing that, if this demand were not complied with before 2 a. m. of the following day, the united squadron would destroy the forts."

"Shortly after midnight the forts opened fire. The British, French, German, Russian and Japanese warships replied. Two of the forts blown up and the rest were carried by assault."

"Two British, one American and five Chinese warships are in Che-Foo harbor."

STATE OF WAR EXISTS. The morning papers consider that a state of war practically exists and that the issue is between Western and Eastern civilization. The Times says that the latest news indefinitely increases a situation already sufficiently serious.

Russian Force Attacks Pekin.

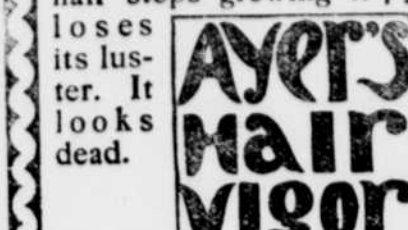

CAPITAL BOMBARDED BY ARTILLERY

London, June 20. - 3 a. m. - The Russian relieving force arrived outside the walls of Pekin this morning, says the Shanghai correspondent of the Daily Express, "and immediately began to attack the city on both sides, employing numerous artillery."

HAIR

So many persons have hair that is stubborn and dull. It won't grow. What's the reason? Hair needs help just as anything else does at times. The roots require feeding. When hair stops growing it loses its luster. It looks dead.

HELP

AYER'S HAIR VIGOR

acts almost instantly on such hair. It awakens new life in the hair bulbs. The effect is astonishing. Your hair grows, becomes thicker, and all dandruff is removed. And the original color of early life is restored to faded or gray hair. This is always the case.

\$1.00 a bottle. All druggists. "I have used Ayer's Hair Vigor, and am really satisfied that the good it has done in keeping my hair from coming out, is the best tonic I have ever tried, and I shall continue to recommend it to my friends."

MATTIE HOLY, Burlington, N. C. Sept. 24, 1898.

If you do not obtain all the benefits you expected from the use of the Hair Vigor, write the Doctor about it. DR. J. C. AYER, Lowell, Mass.

"The force apparently arrived in the nick of time, for the Chinese assert that the attack upon the legations had been successfully renewed."

On the night of June 16, the Chinese troops under Gen. Tung Fuh Siang and Tung Ching attacked the legation and set on fire five European buildings. Nothing definite is known as to the result except that the Chinese were disappointed, although other reports, utterly discredited by foreigners here, are that the Chinese, infuriated by the destruction of Taku, have since massacred all the foreigners in Pekin."

A modified version of these rumors received at Berlin is that the French as well as the German minister has been killed. The English at Shanghai think that the Chinese had foreign advice in organizing the defence at Taku, because of the precision with which their attack was delivered.

A BRIDE AND WIDOW

DR. DENIS DIED ON HIS WEDDING TRIP.

A touching but beautiful romance closed yesterday morning at Cote des Neiges Cemetery, Montreal, when the remains of Dr. Denis, V. S., graduate of Laval University, and a well known medical practitioner at Richmond, were interred, in the presence of a large circle of Montreal friends and a large delegation representing the Catholic Order of Foresters.

The doctor, who was thirty-five years of age, had been steadily building up a large practice in and around Richmond, and at last he had reached a position of sufficient influence to justify him in offering his hand to Miss Margaret A. Burnside, the lady upon whom he had set his affection.

He was accepted and his marriage took place on Monday morning of last week. While in Montreal he on Wednesday with his bride on his wedding trip, he became suddenly ill. The disease developed pneumonia, and on Sunday afternoon he passed away. Deep sympathy is felt for the young wife, who has been thus suddenly changed from a bride to a widow.

Diseased Scalps & Baldness

Medical science teaches that "alopecia, or baldness, is commonly a scaly change and irremediable," or on the other hand may be premature, occurring either hereditary or in connection with some previous constitutional or morbid state, in which latter case it may be only, although not always, temporary. The invasion of the follicle by a small parasite called "Acrois follicularum" is cited as a condition derogatory to the healthy condition of the scalp and growth of the hair. Facts About Carpets.

Carpets nowhere more winning. Prices nowhere more business like. The plain business that stands by the store applies to Carpets as to Dry Goods. Why shouldn't the store that does the best by you in dress stuffs do equally well in Carpets? The fact that it does is enough. You can save money without a question here and now in:

Special line of new Brussels Carpets, choice styles and first-class quality, now on sale at \$1.00

Extra quality all wool Ingrain Carpets, 22 ounces to the yd. and worth 95c odd pieces to clear at 75c.

and floor coverings of every sort. Unless your well posted in carpet qualities, you may be most woefully deceived by buying at random. We protect our customers with a guarantee that Carpets - and other things for that matter - are true to representation. The surest way to measure this stock is to judge by the Carpets you know. Ingrains and Brussels are universal favorites, and second rate qualities never enter our doors.

Buy your Carpets where you can get them cheapest. That's good, safe, sensible advice, isn't it? If we didn't know for a certainty that we could discount the market we'd hardly tell you this.

Fall of Hotel Verandah

SEVERAL PERSONS SERIOUSLY INJURED. WERE WATCHING PARADE WHEN ACCIDENT OCCURRED.

A rather serious accident occurred on Monday evening at the Sherbrooke House. The verandas at the Sherbrooke House were crowded with people, majority of whom were ladies, to witness the procession as it passed the hotel. When the parade had turned on to King street those on the east veranda rushed to that portion of the first veranda facing King Street. The extra weight of moving humanity was too much for the wooden structure, and it was at once felt that the flooring was giving way. The people felt it going, but owing to the dense throng it was impossible to get clear, and with a loud crashing noise of breaking timber which was heard a considerable distance away, the floor caved in. Immediately the greatest confusion prevailed, for it was thought surely that several lives would be lost as about seventy-five people went down together and for a few minutes created a panic among those who were on the street.

The floor giving way at the end next the hotel saved those on the upper veranda for had it given out towards the street it also would have been run asunder. Willing hands were soon at work, and within five minutes of the collapse all the people were rescued. It was fortunate that all were saved with their lives. The fall was not much, about eight feet, but there was a danger of the people trampling each other under foot in an endeavour to get out. A few cool heads among those who fell kept the remainder quiet.

When the first veranda fell the greatest confusion prevailed on the upper veranda for it was feared that it also would go seeing that the supports had been broken.

The presence of mind of Mr. Smith, superintendent of the Street Railway, saved any further accident. Immediately he realized the danger he ran into the house and opened the bedroom windows facing the veranda on the front of the house and the large majority of the people got into the house in this way without going over the wrecked piazza.

A detachment of the 53rd Regiment formed a cordon around the wreckage until the work of rescue was completed. Many parents had got separated from their children and men from their wives and until all were accounted for considerable excitement prevailed.

It was found that only a few were in any way seriously injured. Mr. Clark Gordon had one of his ribs cracked while Mrs. Gordon had her hip cut somewhat. A Mrs. Gosselin and Mrs. Caron were found to be suffering severely. On examination by Dr. Rioux it was found that the former had a fractured leg and the latter severe injuries to the chest. They were conveyed to their home in East Sherbrooke in the ambulance. Many others received bruises of a minor nature, but forgot about them in their endeavour to assist the more unfortunate ones from the pit. Others got off with not more than what the dressmaker or tailor could remedy.
